

Our Billion 1581

Chapter 1581-It was exactly at lunchtime, and numerous people were waiting for meals.

When Sonia was about to secretly send a message to Edwin...

"Honey, Tail, what a coincidence! You also come to this restaurant for lunch! We are really a family and have the same taste,' Edwin uttered in a playful and languid voice.

As Joanne and Tail heard someone calling them, they turned their heads together and saw Edwin walking toward them straight in a suit. Due to his handsome face and matchless vibe, he attracted many people's attention.

"My God, that man is soooooo sexy! I'm deeply allured by him..."

"I seem to have seen the brand of the suit he wears in a magazine. It's particularly difficult to buy the brand's clothes because not any rich people can become its members. Only those who are invited are eligible..."

"Wow! He's both wealthy and handsome. Is he a big star?"

"I really want to give him a baby!"

Joanne heard people's praise for Edwin. She picked up Tail with one hand and subconsciously cast a glance at Sonia.

Sonia raised her hands high, explaining, "Mrs. Atherton, I didn't tell your whereabouts to Mr. Atherton. Really!"

"Well, it's useless for you to leak them now. There are so many people, and we've only ordered a small table for three people. No space can be spared for someone." Joanne looked up at Edwin.

Edwin looked around the crowded restaurant and reached out to caress Joanne's hair lightly. He said, "I'll find a big table. Wait for me for a while."

Hearing his words, Tail became confused. "There are no empty tables. How can you find a big one?"

Edwin replied confidently and domineeringly, "Believe your dad. I'm omnipotent.

I can give you and your mama anything that you like."

Then Edwin entered the restaurant. His back looked extremely broad, as if it could bear the weight of the whole world.

After Edwin left, Tail climbed onto Joanne's lap and sat. Curiously biting her little fair and chubby finger, she queried, "Mama, how can I give birth to a baby?"

"Er..." Joanne got stunned, staring at Tail in a daze.

"Why do you want to give birth to a baby, little princess?" When Sonia heard it, she smiled and bent over to ask her jokingly.

"Because girls grow up after giving birth to babies. I'm just curious." Tail gazed at her, craving an answer.

After thinking for a while, Joanne replied very seriously, "When a boy and a girl kiss each other and sleep together, they can have a baby."

Tail nodded thoughtfully. 'It turns out that kissing and sleep can give birth to a baby. I want to give Miles a baby! And I want to grow up quickly!' Edwin walked into the restaurant and met the manager to ask if the manager could provide a large private dining room for him.

"Sorry, sir, all the private dining rooms have been booked today. Our boss is not here, and I don't have the right to provide one for you..." the manager said apologetically.

"I don't care how much it costs as long as you can provide a room for me."

Edwin raised his eyebrows. Since he made a promise to Joanne and Tail, he must get a room anyway.

When the manager saw Edwin's brand-new suit, he knew that he must be powerful. But there were no empty rooms, and the manager couldn't agree with him, so he shook his head. "I'm really sorry."

"Take me to your biggest private dining room," Edwin said suddenly.

The manager thought that Edwin was going to make trouble, and he frowned.

When he was about to stop him, he heard Edwin add, "Don't worry. I'll negotiate with them."

When Edwin reached the biggest private dining room, he asked, "Hello, guys, I want this room. How much do you want?"

Edwin got straight to the point. He looked around at a dozen people in the private dining room with his narrow and daunting eyes.

Chapter 1582-The people in the private dining room originally thought that Edwin had entered the wrong room. "Are you crazy? We waited in line for over half an hour before getting the best private dining room. Why should we give it to you just because you offer money? We don't lack money."

"You look like an elite. But how can you ask such a brainless question?"

"Go away. If you don't leave, I'll ask a waiter to drive you away! You do put us in a bad mood..."

It took one more than ten thousand dollars to have a meal in the private dining room, and the people here were not poor.

They wouldn't give up such a good room for a small amount of money.

Noticing the people's sarcastic tones and expressions, Edwin narrowed his eyes with annoyance. "If you are willing to spare me the room, I'll arrange for a room for you at the five-star hotel opposite, and I'll give each of you ten thousand dollars in cash. What do you think of it?"

Since Edwin offered rich rewards, some people were tempted. But their leader, Zain, was probably wealthy, so he refused flatly. "No way! I've said that no matter how much money you give us, we won't quit the room. Waiter, what are you doing? We're having a private party today. If you let him make trouble again, aren't you afraid that I'll make a complaint?"

When the waiter heard Zain's words, his face turned bloodless. He kept apologizing to the people in the private dining room and then tried to persuade Edwin to leave.

Curling his lip, Edwin took out his phone and snapped a photo of Zain.

"Why do you take a photo of me?" Zain slapped the table, stood up and then pointed at Edwin angrily.

Shutting his ears to Zain's question, Edwin calmly sent the photo to Lucas, put on a Bluetooth earbud, and ordered, "Find out this person's identity. If he has a company, buy his company. If he has no company, let him go bankrupt."

After Edwin gave the order, a dead silence descended on the room.

Then the people burst out laughing...

"Hahaha, buy my company? You're really a lunatic," Zain said ironically.

People were in convulsions. Even the waiter and the manager began to regret having taken Edwin here.

Ding, ding, ding.

Zain's phone on the table vibrated.

Hearing it, a person joked, "Zain, your phone is ringing.

Answer it quickly. Maybe someone will tell you that your company is going to be acquired! Hahaha..." The person was scoffing at Edwin. Zain answered the phone at once, showing an ironic grin. However, after the man on the other end of the phone said something, Zain's grin froze and his face was contorted with shock. With his pupils dilated, he looked at Edwin in outright disbelief. "Mr....

Mr...."

Zach staggered and fell onto the ground with a thud. The next second, he kept kowtowing to Edwin.

"I'm sorry. I'm sorry. Mr. Atherton, I'm sorry that I didn't recognize you...

"We'll give up this private dining room immediately. Please don't buy my company..."

While speaking, Zain slapped himself repeatedly.

Satisfied with Zain's apology, Edwin said to the manager, "Watch them leave the room. I'll take my wife and daughter here."

Others didn't know what had happened and prevented Zain from slapping himself. Meanwhile, they scolded Edwin with deep displeasure.

But Zain hit the person nearest to him and uttered, "Shut up. Do you know who he is?"

Seven or so minutes later.

When Edwin returned to the waiting area, Joanne and Tail got impatient from waiting, and they were playing a puzzle game.

“Miss, please go this way,” A waiter walked over, bent down and said to Joanne and Tail respectfully.

Joanne got startled and asked in confusion, “Where will we go? Do we need to wait somewhere else?”

The waiter answered in an excited and quivering voice, “Your husband has just booked a large private dining room, so you don’t have to wait. You can have lunch right away.”

Chapter 1583-“Really?” Tail sat up straight in surprise at once and looked at Edwin in disbelief.

Edwin showed her a mysterious smile, wanting to squeeze her soft cheeks. “Of course. I won’t lie to you, Tail.”

Joanne was surprised, too. “Didn’t the waiter say there were no more private dining rooms? How did you get one?”

She lined up for a small table for three people, and there were at least fifteen numbers before her number was called.

Edwin led them into the restaurant while answering casually, “I asked the manager. He said that there happened to be a vacant private dining room, and he gave it to us.”

“So simple?” Joanne looked unbelievable.

Edwin brushed the short hair on his forehead with his index finger and uttered calmly, “Yes.”

As they walked through the hall to the private room on the top floor, they came across the dozen people who were in the private dining room earlier.

The dozen people ridiculed Edwin at the beginning. But now, when they saw him, they held their breath completely and stared at Edwin and his family members enter the elevator in awe.

Under their stares, Joanne felt somewhat strange. “Why are they staring at us?”

Edwin took the opportunity to encircle her waist and breathed on her neck fondly. “Probably they’re envious of our attractive appearances and our cutest daughter in the world.”

‘Edwin must be talking nonsense,’ Joanne thought.

“They look at you in awe!” Dissatisfied with his answer, she asked again, “Do you know them?”

Edwin raised his eyebrows. “No. I don’t.”

But the next second, Zain outside the elevator said in a respectful voice, “Mr.

Atherton, Mrs. Atherton, good noon. Have a good lunch.”

Joanne fell speechless.

If Zain hadn’t known Edwin, why would he greet him?

Edwin continued to prevaricate, who put one hand in his pocket and raised his eyebrows lazily. “Maybe he saw me in previous newspapers and knew about me. But I don’t know him.”

The pot with the mushroom soup was nutritious, not spicy.

Edwin picked up much food for Joanne and Tail, both of whom were eating happily.

Joanne used to love spicy food. But since Tail couldn’t eat spicy food due to her physical condition, Joanne gradually changed her taste.

“Tail, try this. It’s delicious.

“Tail, have some soup. It’s very nutritious.

“Tail, come here and sit on Daddy’s lap. Let your mama eat freely...” Edwin uttered.

In the past, the noisiest person at table was Joanne, who could talk a lot. But now the person seemed to be Edwin.

Sonia swallowed the mushroom, feeling that Edwin had changed dramatically.

After lunch, Edwin was suddenly notified that there was an important meeting that he had to chair in the afternoon, and even Lucas couldn’t be on his behalf.

“Go back to the company quickly to deal with your work,” Joanne said.

At her words, Edwin pressed his lips in displeasure with a dark face. “Don’t you really want me to go shopping with you in the afternoon?”

‘Joanne gets jealous so easily. It’s just a photo,’ Edwin thought.

Edwin really misunderstood Joanne. When he came to the restaurant, Joanne’s anger at him dissipated. After all, that photo was taken a long time ago. And now, Joanne truly worried that accompanying her would affect Edwin’s work adversely.

“We have many opportunities to go shopping together later. But if something in your work goes wrong, it will be difficult to handle it. Hurry to go to your company.” Joanne rushed him.

When Edwin saw her cherry lips, he narrowed his eyes.

Chapter 1584-When Joanne was about to take Tail into the car, she was pulled into Edwin’s arms. Before she could utter a word, Edwin kissed her passionately.

“Um...” Joanne’s eyes widened because she became awkward when being kissed in front of many people.

But Edwin turned a blind eye to others. He didn’t let go of her until she almost got out of breath. He caressed her hair fondly and said in a hoarse voice, as if to suppress some desire. “When you ask me to leave in the future, you must take the initiative to give me a goodbye kiss.”

When Joanne got into the car, her legs were still slightly limp.

Covering her scarlet cheeks, she was both embarrassed and annoyed.

Sonia covered Tail’s eyes just now, so she didn’t know what had happened and could only see Joanne’s red cheeks.

Thinking that Joanne might feel hot, Tail reached out and said, “Mama, are you feeling hot? Let me fan you, and you’ll get cool.”

Edwin watched the three of them leave the restaurant and then took out a spare phone from the drawer in the car.

After checking the time, he started the car and drove to the company.

As soon as he arrived at the company, he said to Lucas, “I left my personal phone in Joanne’s car. Call her to send it to me in the afternoon. Remember to ask her to come in person.”

At his words, Lucas became confused. “Mr. Atherton, aren’t you holding a phone?”

Edwin had two phones, one for business and one for personal use.

Edwin took a squint at Lucas, who lowered his head at once and realized his mistake. 'This is Mr. Atherton's trick. He just wants Mrs. Atherton to stay with him.' When Joanne meant to take Tail to the landmark park in Sapphire City, she answered a call from Lucas.

"His personal phone? I don't see it. Wait a minute, I'll look for it in the car," she said.

Lucas uttered in a very anxious voice, "Okay, thank you, Mrs. Atherton. The phone is very important to Mr. Atherton. He needs it urgently because he has to use it in the meeting."

Joanne searched for the phone in the car for a while. In the end, she found a black phone in the crack between the back seats. She tapped the phone, and the screen lit up. The screen saver was a picture of her holding Tail.

They smiled sweetly in the picture. It was unknown when Edwin had taken it.

"I've found it. I'll let Sonia send it to Edwin."

Upon hearing Joanne's plan, Lucas stopped her right away." No. You can't ask Sonia to deliver it!"

"Why?" Joanne was puzzled.

"Because... Sonia should protect Miss Tail. What if someone dares to kidnap her like before?"

Joanne considered his words reasonable. Looking around, she thought about the city express.

But Lucas refused flatly again and explained, "There are many business secrets in the phone. If the phone is lost or the information is leaked to our rivals, it will be a heavy blow to our company! Mrs. Atherton, are you free? Could you please send it to Mr. Atherton personally? Mr. Atherton needs it urgently. Otherwise, I'll come to take it..."

Since Lucas said these words, Joanne had to take a taxi to the Atherton Group.

When she arrived at the company, she carried a gift box in her hand.

The box contained cakes, which she bought for Tail, because when Tail knew that she was going to the company, she pleaded with her to buy them.

When seeing Joanne, Lucas greeted her. "Hello, Mrs.

Atherton. You even bring cakes for Mr. Atherton. You love each other dearly."

Chapter 1585-Joanne hesitated whether she should explain to Lucas, but in the end, she decided to forget it.

She handed Lucas the phone and then was about to leave, but Lucas didn't take the phone.

"Ms. Atherton, Mr. Atherton is in a bad mood because there's something wrong with a project. Can you give the phone to Mr. Atherton yourself? Mr. Atherton loves you so much. He must be very happy when he sees you."

Joanne gave a faint smile. "You're so loyal. Shouldn't Edwin give you a raise?"

"Mr. Atherton already pays me a lot more than my peers!" Lucas said modestly.

Then he continued in a joking tone, "Ms. Atherton, I would appreciate it if you would say something nice about me to Mr. Atherton."

Joanne was speechless.

Lucas led Joanne in Edwin's private elevator. They went up to Edwin's office on the top floor.

The receptionist recognized Joanne. She was scolded by Lucas for keeping Joanne out last time.

When Joanne showed up at the Atherton Group, the chat group that the receptionist was in started gossiping.

[Who is Ms. Walters? Mr. Cooper came to meet her in person. Sometimes when the public companies' bosses come to visit, Mr. Cooper may not come to receive them in person.] [Exactly! Last time Mr. Cooper said that anytime Ms. Walters came to see Mr.

Atherton, she could take the president's elevator.] [Have you seen the gossip on the Internet? It's said Mr.

Atherton was spotted with Miss Sinclair together in an icecream store. Mr.

Atherton then clarified that he and Sharon were not in a relationship. Did he do that for Ms. Walters or Miss Sinclair?] [Whatever, Miss Sinclair is now also in Mr. Atherton's office. Let's see what happens!] The elevator reached the top floor.

When Jimmy saw Lucas and Joanne, he had an awkward smile on his face. He hurriedly greeted, "Ms. Walters, Mr.

Cooper."

"Jimmy, what's the matter?"

Jimmy, the secretary, looked awkwardly at Lucas.

Lucas realized something was wrong. Joanne also saw the look in Jimmy's eyes, so she said, "Be straightforward."

"Mr. Cooper, just now when you went downstairs to meet Ms. Walters, Miss Sinclair suddenly came. She insisted on seeing Mr. Atherton, and we couldn't stop her, so she's now in Mr. Atherton's office."

“What?” Lucas’s face darkened. He asked, “Why didn’t you tell me earlier?”

“I had sent you a message, but you went to meet Ms.

Walters, and I guess you didn’t notice the message.” Jimmy explained.

Lucas turned to Joanne and said in an awkward tone, “Mrs. Atherton...”

“Noah is here?” Joanne glanced toward the closed door of Edwin’s office. She then had a smile. “Good. I’d like to talk to her.”

Seeing that Joanne didn’t seem angry, Lucas relaxed. He reprimanded Jimmy, “Don’t bring just anyone into the office again. If you can’t stop them, call security.

What do you think security is for?”

Jimmy hung her head in frustration.

Joanne curled up her lips and said, “It’s alright. Noah is Edwin’s ex-girlfriend and she’s now the director of Eclipse Worldwide Entertainment Co. It’s possible Jimmy couldn’t stop her. Jimmy, get me a cup of tea. Thank you.”

“Yes, Ms. Walters,” Jimmy was finally relieved. She then hurried to the pantry.

After she made the tea, she sent a message to the company’s staff chatting group, [Ms. Walters is really nice. She interceded with Mr. Cooper for me. Mr.

Atherton definitely made the clarification about Sharon for Ms. Walter, rr Joanne kept wondering if Harry hadn’t kidnapped Tail, who would it be. Finally, Noah’s name came into her mind.

Four years ago, Patrick and she had been set up, and Noah had been the first to show up at the scene, and she called Edwin to come to spot the scene.

Chapter 1586-Joanne pushed open the door to Edwin's office. There was a faint smell of rose perfume in the office.

Noah thought it was Edwin, so she deliberately tugged her collar down and gave a seductive smile. But when she turned her head and saw that it was Joanne, she froze.

"What are you doing here?" Noah glanced behind Joanne. Not seeing Edwin, she frowned in disappointment.

"This is my husband's office. Why can't it be me?" Joanne gracefully walked over to Edwin's desk, pulled out his chair, and sat down. "What do you want with Edwin?"

Seeing Joanne sitting in Edwin's chair, Noah looked slightly belligerent. "That's Edwin's chair. Don't you know he hates people touching his stuff?"

'Why is she emphasizing that Edwin is her husband? Is she showing off to me?' Noah sneered inwardly.

"Really?" Joanne looked at Noah's exasperated look with a teasing smile and said, "But Edwin told me that as long as I like it, everything he has is mine. Even if I want a star, he'll get me one."

Noah felt so jealous when Joanne said "everything he has is mine".

She bit her lower lip and gave a sneer. "Don't fool me. I know you're Joanne.

Edwin felt guilty and you have a daughter, so he married you. Don't be so proud!

Edwin's father would never allow you to marry into their family!

“Four years ago, Uncle Harry kicked you out of the family. It won’t change after four years. Do you think Uncle Harry will accept you after you change your name? You’re daydreaming. Things won’t change!”

Joanne wasn’t annoyed at all. She listened quietly to Noah’s taunts.

She guessed that Noah could only use these useless taunts to try to anger her.

“So what? At least I’m married to Edwin and we have a daughter. You can’t marry Edwin, so you can only post some old pictures, which were not even real.

“I don’t care the title, Ms. Atherton, but he kept pleading with me and insisted on taking me and Tail back to his house. Otherwise, I don’t even bother to look at him.

‘By the way, I’ve been wondering how it was such a coincidence that you spotted me and Patrick at the hotel four years ago. Actually, you set the whole thing up. I guess you were also part of it when I was hunted by killers, right?’”

Joanne fixed her eyes on Noah’s face to see her reaction.

Noah was not intimidated. “What proof do you have?”

“I don’t need proof.” Joanne took a sip of water from Edwin’s glass and then continued, “You were Edwin’s exgirlfriend, so I hate you. I don’t want to see you in Sapphire City, and Edwin will get you out of the city for me because he’s crazy about me.

He can’t live without me...”

Noah’s eyes burned with jealousy and anger when she saw Joanne drinking from Edwin’s glass.

“Stop lying. Edwin doesn’t...”

Before Noah could finish her sentence, she suddenly saw a man come to the door in the mirror on the desk, and she immediately shut up.

Then, the door was pushed open.

It was Edwin, dressed in a smart suit. When Joanne saw Edwin, an embarrassed look appeared on her face. 'Wasn't he in a meeting? Why did he end the meeting so quickly?

'Did he hear my bragging? It's so embarrassing!' Edwin had one hand in his pants pocket. He seemed unaware of the tension between the two women at all. He raised his eyebrows and dropped his eyes to Joanne, who was sitting in his chair.

Chapter 1587-Joanne was dressed in white today. Her black dress and the black leather chair created a strong visual compact.

'What if I hold her down in the chair and then...' An evil thought came to Edwin's mind.

himself to turn his gaze to the cake on the desk.

Joanne forced a smile and pushed the cake towards Edwin, "Yes. Lucas said you were in a meeting. I thought you must be tired, so I brought you a cake."

"I like it." Edwin reached over and opened the cake box, and a piece of cake in the shape of a bunny appeared.

Joanne felt embarrassed inside. Actually, the cake was for Tail.

She added, "It looks cute and it tastes really good."

Edwin had a tender look in his eyes. He took the knife and fork out of the box and handed it to Joanne. "Feed me." Noah had never seen Edwin act like this before.

In front of Noah, Edwin was always aloof. Even when they were in a relationship abroad years ago, Edwin then was still a big boy. He wasn't as charming or seductive as he was now.

Noah's eyes were burning with jealousy.

Joanne then cut the cake with a knife, forked a small piece, and handed it to Edwin's mouth. She said as if she was coaxing a kid, "Open your mouth. Ah..."

Joanne was determined to put on a show for Noah.

Edwin smiled and opened his mouth.

When the spoon was put into Edwin's mouth, he held the spoon in his mouth.

Joanne could not get it back. She stared into his eyes. His eyes were so deep.

She saw herself in his eyes.

Joanne's heart raced. She was lost in a trance...

Edwin was also looking into her eyes. The attentive gaze was charming.

Joanne blushed unconsciously.

"It's so sweet. How can I enjoy it alone?" Edwin said as he was still biting on the tip of the spoon.

He sounded seductive.

As Joanne's cheeks blushed more, Edwin suddenly held Joanne's head and leaned over to kiss her on the lips. He put the tip of his tongue in her mouth with the cake. Both of their mouths were filled with the sweetness of the cake...

"Uh..." It was too sweet for Joanne.

'Why do kids like things so sweet?' "Edwin, you guys..." Suddenly, Noah interrupted them.

Joanne looked up and saw Noah propping one of her arms on the desk, her body shaking, tears in her eyes. Noah looked pitiful. When she glanced at Joanne, her eyes were so fierce. But when she looked at Edwin, she put on that pathetic look.

Chapter 1588-Noah was reluctant to give up. She choked out, "Are you pretending to be intimate with Joanne in front of me? In the past four years, you avoided me and said that Sharon was Mrs. Atherton.

"But it turns out that Sharon is just your excuse.

"I know that you won't treat me as well as before and that I have lost your love, but can't we be friends? You know that I still love you. How can you kiss Joanne in front of me?

You're stabbing me in my heart!"

Edwin noticed that Joanne had been abstracted. She glanced at Noah from time to time.

He felt annoyed.

He bit Joanne's lower lip and sucked it so hard that even her cerise lipstick was eaten by him. Then he pressed his forehead against hers and said, "It seems that I'm not much of a good kisser. How dare you be abstracted when I'm kissing you?"

The scene was a big blow to Noah. She almost collapsed.

“Excuse me, what did you say?” Edwin acted as if he just noticed Noah. He said coldly, “My wife was so sweet that I didn’t pay any attention to what you had said.”

“You...” Noah was boiling with rage.

Just now, Noah bore the humiliation to demean herself by asking for forgiveness from Edwin in front of Joanne.

Noah wasn’t the kind of woman who liked to play the victim to fish for sympathy.

To repeat what she said would be tantamount to trampling on her dignity.

But Joanne didn’t mind rubbing salt in Noah’s wounds.

“Miss Sinclair said that she knew you just pretended to be intimate with me in front of her because you didn’t have the heart to hurt her.”

Noah collapsed and shouted, “Shut up!”

“You’re in my company. How dare you ask my wife to shut up?” Edwin’s face clouded over finally, which contrasted sharply with his gentle expression when he faced Joanne. “I said that I had no time to see you. My daughter was kidnaped before. You’d better not be related to it. Otherwise, I will not spare you no matter who you’re.”

Noah knew that Edwin had no feelings for her anymore, but she still felt heartbroken when Edwin warned her again and again.

“Have you forgotten that you promised that you would take care of me forever?”

Edwin’s gaze became cold. He said angrily, “Are you having a bone to pick with me? OK! You poisoned me, sowed discord between Joanne and me, and colluded with my father to make things difficult for Joanne behind my back.

Even so, do you still think that I owe you? I have forgiven you again and again because your mother took care of me once. Now that you think that I'm ungrateful, I will make a clean break with you."

Noah realized that what she had said was inappropriate. She explained anxiously, "I didn't mean that. I was just too angry..."

Edwin ignored Noah and made a call.

"Make a notification that Noah isn't the Celebrity Director of Eclipse Worldwide Entertainment Co. anymore. Make a statement that I have no relationship with Noah and that the photo has been edited and is fake. If anyone shares the photo or gossips, I will sue them for defamation!"

When Noah heard that, she panicked and apologized to Edwin immediately.

Edwin wasn't swayed. "You'd better leave now. Otherwise, I will arrange for someone to throw you out."

For many things, Edwin had found that Noah was suspicious, but he chose to let her off because he didn't have exact evidence.

Chapter 1589-Now that Noah sows disorder between Joanne and me again and again, there is no need for me to let her work in my company anymore.' Noah was anxious and breathed heavily.

"No. I won't leave here. I haven't finished speaking yet. Do you think that Joanne loves you? She says that you badger her all the time and that she doesn't love you at all. It's meaningless for you to keep her by your side. I'm the one who loves you the most..."

Edwin's attitude was clear and firm, but Noah was reluctant to accept it and struggled desperately. Seeing the scene, Joanne had mixed feelings. She interrupted Noah, "You're right. I no longer love Edwin."

As soon as Joanne finished speaking, the atmosphere in the office crackled with tension. Although it was summer, it made them feel cold all over.

Noah fell into a trance and didn't expect Joanne to have the guts to admit it!

Joanne was too arrogant!

It was hard for any man to hear his wife say that.

In the next second, Joanne added, "After I was pushed off the cliff and almost died four years ago, I realized that one must love themselves, especially women. Also, when one chooses marriage partners, they must choose the marriage partners who love them.

"As a mother, there is no need for me to care if I love Edwin or not. It's enough as long as he loves me and our daughter." Noah didn't feel the change in Joanne's thoughts. On the contrary, Noah only felt that Joanne was showing off!

'Joanne's showing off that Edwin only loves her...' Edwin knew that Joanne was serious and that she didn't love him anymore. She had been with him just for Tail. He felt bitter and became more determined to treat Joanne and Tail well. He believed that he would move Joanne one day.

Edwin's gaze became gentle again. Noah knew that he wasn't angry with Joanne. Noah said through gritted teeth, "Edwin, you have heard her words, right? She knows that you love her, so she uses your love for her to manipulate you.

Four years ago, Patrick and she..."

"Shut up!" Finally, Edwin ran out of patience with Noah. Edwin ordered the security guards without mercy, "Take Noah out! If she shows up in the Atherton Group or any subsidiary company again, the security department will be dissolved!"

Noah's face turned ashen in fright. It meant that Edwin would shut her out of the showbiz.

She couldn't show up in the Atherton Group or any subsidiary company...

It was telling the whole world that Edwin had abandoned Noah!

Lucas took the security guards to Edwin's office. When Lucas pushed open the office door and saw Edwin losing his temper and Noah shedding tears, Lucas wasn't surprised at all. He had guessed it already.

Lucas said to Noah coldly, "Miss Sinclair, this way, please."

Edwin arranged for Lucas to investigate what had happened four years ago and the incident that Tail had been kidnapped.

Although Noah looked miserable, Lucas knew how cruel she was. She was even more cruel than normal men!

Lucas was right. When Noah walked out of Edwin's office, she wiped her tears and straightened her back tenaciously.

'Edwin, now that you have made a clean break with me, I will pay you injustice for your heartless.'

Chapter 1590-In the quiet and large office, Edwin pulled Joanne up from the chair and hugged her tightly.

Edwin apologized to her seriously, "I'm sorry. I didn't expect Noah to come here suddenly. I promise that you won't see her in the Atherton Group again."

After Joanne spoke her mind, she felt uneasy. She didn't calm down until she found that Edwin's attitude became gentler.

"I heard it, but it seems that she is reluctant to give up.¹ Edwin promised seriously, "I only love Tail and you. Even if she is reluctant to give up, it won't make any difference." Edwin grabbed Joanne's hand and

put it on his heart. "Can you feel it? My heart has belonged to you already. Except for you, it won't beat for any other woman."

When Edwin looked at Joanne in a firm and gentle gaze, she felt that she had gotten the whole world.

Her heart beat faster involuntarily...

'If his heart stops beating, he will die.

'Does he mean that he can't live without me?' "Noah said that Patrick and I..."

Edwin pressed his slender finger against her lips and said, "Baby, I don't have the right to mind your past. I only hate that I didn't earlier find out the truth about why you divorced me and didn't save you when you were hunted down. Don't worry. I have found the killers who fled abroad. After they are captured back, I will prove your innocence, face to face."

Joanne bit her lower lip. Of course, she wanted the truth to come out, but she was clear that Harry was Edwin's father.

'Is it useful? After all, Edwin can't let Harry pay with his life.' Edwin knew Joanne's thoughts. He cupped her chin and lifted it. His shining eyes were filled with affection. "I will let him live no better than die. No matter who hurt you, I will let them pay a heavy price and suffer more than you, including myself."

Joanne compressed her lips and kept silent.

Edwin felt frustrated.

But he didn't have any extravagant hope that she would give him a response.

After Noah left the Atherton Group, she rushed to the hotel where she had an appointment with Harry.

Noah's phone was ringing off the hook. Most of the phone calls were from entertainers and her partners. They were curious if Edwin's notification was true or not.

She ignored all the phone calls.

However, she still learned some news inevitably.

For example, Eclipse Worldwide Entertainment Co. had prepared the cancellation contract and asked her to go to sign it.

The new Celebrity Director had taken office, so Noah was expected to pack up her things to make room.

When one of Noah's enemies learned that Noah was kicked out of Eclipse Worldwide Entertainment Co., she especially texted Noah to laugh at her.

Noah held her phone tightly and almost crumbled it in anger.
