

Out of Prison 201

Chapter 201 Anger

The Bloom family would have surrendered to the Kingsley family.

But at the end, someone interrupted.

The person who spoke was naturally Leones.

“Don’t kneel!”

Just when everyone was shocked, Leones continued.

“You are still young and are the backbone of the family! You represent the future of the Bloom family! Don’t be as humble as those old people!”

“Stand still! Keep your chest up and your head up!”

“As long as I am here, from now on, the Bloom family will not have to bow to anyone, let alone kneel!”

Leones pulled his father, Jason, up from the

ground

Hearing this, everyone present was shocked again.

Vincent had given Leones a face-saving way, but Leones would dare to continue to be tough and speak arrogantly.

Leones did not surrender, and he even tricked young people into not surrendering.

This was simply beyond everyone's expectations.

Under Leones' advocacy, those young people did not kneel again.

Even those who had been forced to kneel stood up again and held their chests and heads high and proudly.

"Leones!"

"You bastard!"

"Are you really going to kill our entire Bloom family?"

Seeing this, Benjamin was so frightened that his face turned pale. While kneeling on the ground, he turned around and scolded Leones.

Benjamin knew very well that ancient families couldn't be insulted!

Leones had a death wish, but he even deceived the younger generations into killing themselves. This was a catastrophe for their family!

"You guys, do you really want to follow him?"

"And you, Jason! You're a loser. You can't even take care of your own son. How dare you stand up? Kneel down!"

Leones pulled Jason up. Jason was a little confused and didn't know what to do when his father scolded him.

At this moment, even Vincent changed his expression as if he had lost patience with Leones and the entire Bloom family.

They came here not just to help the Pope family. If so, how could the Pope family possibly invite the Kingsley family?

The Kingsley family just wanted to take this opportunity to expand their power in the secular world privately and needed a group of loyal servants for their use.

16:11

Although the ancient families and ordinary families were totally different, they were still inextricably linked and influenced each other.

The two of the Kingsley family saw Leones' great strength and wanted to recruit all of them under their command.

It was a pity that it was difficult to tame Leones for a while.

"Leones, are you really looking for death?"

"You have to think carefully about the consequences of going against the Kingsley family!"

"The Bloom family will die to pay for your ignorance!"

Hearing this, Benjamin quickly lowered his head and begged. "Mr. Benjamin Bloom, please let us

go! I will immediately expel these people from our family. They have nothing to do with the Bloom family. Please forgive us..."

However, Vincent didn't even want to look at them!

Instead, he waited for Leones' statement.

Leones said, "I'll also drive anyone who bows and kneels to outsiders out of the house!"

"The Pope family dares to come here to trouble me again and again. They want to end up dead. Then, I will take action to get rid of them before they decline!"

"As for the Kingsley family, I don't know where your house is now. I don't want to waste my time, either. But as long as you dare to come here again, I will kill you all!"

After Leones finished speaking, the room fell into dead silence again.

"Crazy! I think Leones is completely crazy!"

"How dare Leones say in front of the ancient warriors that he will kill them all?"

"Ancient families should not be humiliated! Does Leones really think he can kill an ancient warrior as randomly as killing chickens? A poor person must have something to hate!" The guests at the scene all shook their heads and thought Leones must be dead this time. "Hey, Mr. Bloom. Why?"

Everyone in the Five Major Families also felt worried about Leones.

At the same time, they couldn't figure out why Leones had the courage to challenge ancient families.

But after hearing Leones' words, Benjamin was too frightened to know what to do. So, he could only kowtow and sincerely apologize.

“Leones?” At this moment, perhaps only Susan on the side was willing to die with Leones. Because she chose this path, and she had no regrets.

“Are you scared?” Leones asked softly.

“Yes!” Susan said but shook her head again, “But I won’t be afraid anymore as long as I’m by your side!”

“Haha!” Leones smiled again. “Don’t worry. As long as you are by my side, I will keep you safe!” Just then, Samuel, who had always been taciturn, suddenly shouted, “How dare you!” Even the huge sword on his back was buzzing.

The sword seemed to be summoned by the master and erupted a powerful force, shocking the whole audience.

“What?”

Seeing this, Leones suddenly felt the Endless Sword also reacted.

“Could it be...”

Leones looked at the huge sword on the back of Samuel and thought, “Could it be that the sword belonged to the Endless Sword?”

“Uncle!”

Samuel was so angry that he seemed to move.

Vincent, on the side, quickly stopped him.

“To deal with these ants, why do you need to take action?”

“Leave it to me!”

Seeing this, Samuel regained his composure and seemed to agree with Vincent.

After all, Samuel’s status was high, and he realized he didn’t need to fight with such an arrogant junior like Leones after he calmed down.

Even Vincent was a bit overqualified for fighting with Leones.

Vincent turned to Leones again and said coldly, “Since you are looking for death, then I will fulfill your wish today!”

Although Vincent wanted to do it himself, Leones ignored Vincent and fixed his eyes on the giant sword behind Samuel.

The battle was imminent, but Leones didn’t even look at him, which completely angered Vincent., “You bastard. I’ll kill you!”

Vincent was about to make a move.

“Stop!”

Suddenly, there was a soft shout from a graceful figure, who was like a fairy descending from

heaven.

“The Kingsley family, please don’t kill him!”

Chapter 202 Alice Newman

The woman dressed in white clothes and looked like a fairy.

With a beautiful face and a peerless demeanor, she was like a fairy descending from the earth and stunned everyone.

All men looked obsessed, and women were mostly jealous because it was hard to imagine that there was such beauty in the world!

“A fairy. Is she a fairy?”

“She is so beautiful! Is she really a fairy from heaven?”

“Innocent and hot. She is simply the embodiment of a perfect woman! She is as elegant as a fairy!” The surrounding guests were stunned with salivation.

Even Vincent from the Kingsley family, who was born into an ancient family, was a little stunned. when he saw the extraordinary beauty in front of him and even forgot to attack Leones again. “What?”

Only Samuel recognized the identity of the woman at a glance.

Samuel wondered why she was there.

“This beauty looks so familiar...”

After Vincent took a few more glances, he was suddenly startled and felt as if he had seen her somewhere.

Moreover, the woman with such extraordinary beauty and temperament was more like from ancient families, not from the ordinary family.

Vincent felt surprised and happy. "Could it be that she is also an ancient warrior?"

"Right!" Samuel said coldly from the side, "She is also from the Seven Families, just like us!"

Although that beauty captivated all men once she appeared, Samuel was old and kept calm. All beauty was nothing for him.

"Really?" Vincent was even more ecstatic. "Which family is she from? No wonder I think she looks so familiar. It turns out she is from an ancient family!"

Everyone around them was also shocked when they heard their words.

"No wonder she is like a fairy. She is also an ancient warrior!"

"What happened? Another ancient warrior is here

"It's a great honor for the Bloom family! Three ancient warriors have already arrived!"

At this time, Benjamin was confused and felt his brain couldn't work after listening to the discussion.

Another ancient warrior?

What was she here for?

Was it a blessing or a curse?

Between the ancient families, everyone in the Bloom family felt as nervous as they had ants in their pants.

“Which of the seven families are you from?”

At this time, Vincent behaved like a modest gentleman and stepped forward to greet the beauty.

He even forgot about the battle with Leones.

The beauty smiled faintly and said, “I’m Alice Newman, from the Newman family!”

Alice Newman?

The Newman family in Ronette?

After hearing this, Vincent suddenly realized. “I see!”

“I wonder why you look so familiar!”

“It’s you! You have been known as the most beautiful woman in the Newman family since were a child!”

you

Vincent remembered that he seemed to have seen lice once as a child, and she was already a famous beauty then..

Unexpectedly, so many years later, Alice, known as the most beautiful woman in the Newman family, was like a fairy after she grew up.

Vincent wanted to run home immediately and ask his father to propose to the Newman family. The perfect thing was to marry such a beauty!

The surrounding guests were shocked again when they heard this beauty was from the Newman family.

“The Kingsley family came first. Now, is there the Newman family?”

“Did the members of the ancient families agree to come here for a gathering today?”

“Why does this beauty from an ancient family come here? Isn’t she coming for Leones again?”

Everyone looked at Leones suspiciously and felt only Leones could attract so many members of the ancient families.

Seeing this, Leones smiled helplessly.

He said to himself, “Right!”

She also came for Leones!

However, this woman probably came here with the same purpose as the Kingsley family. She wanted to kill Leones!

The Newman family?

Previously, Leones had killed a member of the Newman family and even confiscated a sword. Leones expected another member of the Newman family to come here again.

But he didn’t expect that the Kingsley family and the Newman family would come on the same day.

“Alice.” At this time, Vincent said politely, “Just now, you asked me to stop. What do you mean?”
Vincent thought, “Did Alice know this guy?”

–“Literally!” Alice said bluntly after glancing at Leones, “Is your Kingsley family going to kill this person?”

“Right!” Vincent said, “This brat is speaking outrageously! I’m about to teach him a lesson!”

“No need!” Alice said, “Leones has some connections with the Newman family. Please stop for the sake of the Newman family!”

Chapter 203 Leave the Sword

What?

As soon as Alice said, the two from the Kingsley family and Leones were surprised.

What happened?

Why didn’t this person from the Newman family come to take revenge on Leones?

She even said Leones had some connection with the Newman family.

What origin?

Why didn’t Leones know it?

Or... Leones thought the Newman family wanted to kill him personally and didn’t want other people to intervene.

After all, Leones killed a son from the Newman family.

How could the Newman family not avenge the loss of a son?

“Origin?”

Everyone in the Bloom family was also surprised after hearing this.

How could the Bloom family be related to the Newman family?

It was impossible.

Vincent widened his eyes with a look of surprise.

“What do you mean?”

“Does he have anything to do with the Newman family?”

Alice nodded and said, “Yes!”

“What’s the relationship?” Vincent asked suspiciously.

“You don’t need to know it.” Alice said proudly, “In short, the Newman family will protect this person. I also hope that your Kingsley family can let him go for the sake of my family!”

Hearing this, the two of the Kingsley family looked at each other and hesitated.

With Samuel’s identity and status, it was difficult for the younger generation of the Newman family to ask Samuel for a face-saving way.

However, Alice's identity was not simple.

She was the most beautiful woman in the Newman family, but she was also extremely talented and had high hopes from the family.

At the same time, her father was also a strong contender to be the next head of the Newman family.

Even as an elder of the Kingsley family, Samuel had to consider Alice's suggestion.

There was no need to offend the daughter of the future head of the Newman family for a bastard in the secular world.

The Newman family would also repay it.

So, Samuel winked at Vincent and asked him to negotiate.

Samuel thought highly of his identity and would never easily compromise.

Vincent immediately understood what Samuel meant, so he coughed lightly.

16:11

"Alice, since you said so, our Kingsley family will help you!"

"Well, today, I will make the decision without authorization and let the man go."

"Leones," After saying that, Vincent glared at Leones coldly, "You are lucky to have escaped today."

As Vincent spoke, he expressed his agreement with the Newman family and let Leones go.

Suddenly, all the people were full of shock.

Everyone didn't expect that Leones was so lucky that he could escape from death at such a time. Did Leones dare to speak arrogantly because he had the Newman family as his backer? Thinking about it this way, it seemed that all the abnormal words and deeds of Leones just now

made sense.

"Hmph! This guy is really lucky!" Timothy was resentful and furious after seeing Leones manage to escape from death.

"Hey, this bastard is really lucky!" Even Benjamin admired Leones' luck.

They almost killed Leones.

Benjamin and the others felt pitiful.

Now that the Newman family supported Leones, it would be even more difficult to beat Leones in the future.

"Huh..." Everyone in the Five Major Families also felt relieved and a little lucky for Leones.

But they never expected that Leones would have such a trump card.

Mr. Bloom was indeed incredible!!

For a time, the members of the Five Major Families admired Leones more.

“Ancient families?”

Looking at Alice, who was far superior to her in appearance and temperament, Susan felt a little ashamed of herself.

Besides, Alice could help Leones out of trouble with just a few words, which made Susan feel even more ashamed.

Suddenly, Susan felt that she could only be a burden to Leones. A woman like Alice was more suitable for Leones, right?

Susan was very envious and hoped she could help ones like Alice someday. Even if she could only help Leones a little, it would be better than just standing aside now.

“Hmph! Brat, who asked you to make decisions?” Samuel scolded and said, “But the members of the Kingsley family never broke our promise. Since you made your own decision and promised her, then we will give the Newman family some face today!”

“Girl, go back and say hello to your grandfather!” Samuel said to Alice, turned around, and prepared to leave.

“Yes. Thank you, Samuel!” Alice apologized.

“Alice, we’ll go first.” Vincent reluctantly said goodbye to Alice and intended to fawn over her.

“Well, see you.” Alice clasped her fists again and respectfully saw them off.

The two were about to turn around and leave.

“Stop!”

An inappropriate voice came from behind.

“Who asked you to leave?”

“Is this a place where you can come and leave whenever you want?”

What?

Hearing this, the two Kingsley family members suddenly changed their expressions and stopped

“Your brat, what else do you want?”

Samuel turned around suddenly and asked sharply.

“Even if you have the support of the Newman family, you should respect me!”

“You still want to force me to stay?”

Although Samuel’s voice was not loud, it had a terrifying deterrent effect when others heard wha

he said.

Everyone else was stunned by Samuel’s few words.

Even Alice was frightened after hearing this.

At the same time, Alice looked at Leones in surprise and wondered what he wanted to do.

Leones was as calm as ever and replied calmly, "You can leave."

"But you must give me that sword on your back! Then, I can let you go!"

Chapter 204 Do It Personally

Leones had no interest in these ancient families, including the Newman family and the Kingsley

family.

However, the moment Samuel was about to move his sword, Leones sensed the reaction of the Endless Sword.

Therefore, Leones was more interested in the giant sword Samuel was carrying.

If Alice hadn't suddenly appeared, Leones might have got it by now.

But no matter what, Leones was determined to get that sword.

Samuel could leave.

But, the sword must stay here!

What?

The whole room fell into silence!

Everyone widened their eyes as if they saw a ghost and couldn't believe Leones said such words.

Others thought Leones was insane and wanted to kill himself!

“Is Leones really crazy? How dare he continue shouting at the Kingsley family?”

“Yes! The Kingsley family has already agreed with the Newman family to give in. How dare he still -do it?”

“If he dares to say such words, even the Newman family won’t protect him!”

Ancient families must not be insulted!

Additionally, Leones repeatedly collided with the Kingsley family in public.

If the Kingsley family chooses to give in today, how could they keep their dignity to others in the future?

People in the ancient warrior world would ridicule them.

“Alice.” Samuel said coldly, “I want to give your family my respect. But you saw this brat doesn’t take me or the Kingsley family seriously!”

“If I don’t kill him today, how can I go back to the Kingsley family?”

“If I don’t kill him, I swear I won’t be a human being!”

While Samuel spoke, his whole body was filled with murderous aura and aggressiveness.

Samuel became serious and really wanted to kill Leones.

Now, even Alice didn’t dare to say anything.

After all, it was indeed Leones who provoked him again and again.

If it were Vincent who provoked Leones, it would be okay.

-Leones shouldn't take the initiative to provoke Samuel, the elder of the Kingsley family. Leones

even wanted to take his weapon away?

It was even more unforgivable!

"Haha..."

At this moment, only Benjamin, Timothy, and someone else in the Bloom family, who opposed Leones, were in a good mood.

For them, Leones' act of killing himself was simply an unexpected gain.

They thought Leones was lucky to escape this catastrophe by relying on the Newman family.

But now, he took the initiative to provoke the Kingsley family. How could the Kingsley family bear

it?

Benjamin had a gloating expression after seeing Samuel's anger.

"Now he is completely dead!"

Timothy looked at Leones as if he saw a dead person.

“Hey, Leones! I can’t save you now!”

Seeing this, Alice shook her head helplessly.

She might have a glimmer of hope to save Leones if she could bring out her grandfather or father to persuade Samuel.

However, Alice didn’t intend to do this because she wanted to see if Leones was bluffing. Was he really confident?

Alice’s grandpa asked her to approach Leones to understand him and investigate him.

The current battle was the way to explore his strength and background.

Why did Leones from the ordinary family make her grandpa want to understand him at all costs? Was he capable?

The answer seemed to be revealed.

Alice stared at Leones closely, and her beautiful eyes were full of curiosity.

“Uncle, let me go!”

Vincent took the lead and wanted to do it for Samuel.

Vincent finally could show off his skills, which he didn’t show just now.

“No!”

But this time, Samuel refused.

Things changed at this time.

Just now, Samuel agreed to let Vincent fight because they didn't pay much attention to this young man. They thought any of them could fight with Leones. Anyway, the result was the same. But things were different now.

Leones dared to speak arrogantly and took the initiative to provoke Samuel. Leones even wanted to snatch the giant sword behind Samuel.

How could Samuel bear it any longer?

Samuel decided to take action personally to kill Leones.

"Yes!"

Seeing this, Vincent obediently stepped aside and looked at Leones again as coldly as looking at a dead person.

"If Samuel takes action, I'm afraid you won't be able to withstand even one move."

Samuel was a Second-rank Grandmaster! Apart from the First-rank Grandmaster, Samuel was terrifyingly invincible!

Not to mention the secular world, even in the entire ancient warrior world, only a handful of

people could fight against a Second-rank Grandmaster like Samuel.

How dare Leones provoke a Second-rank Grandmaster? He mustn't know how he died!

While speaking, Samuel took a step forward and pulled out the giant sword from behind.

The sword was huge and as tall as half a person! When Samuel waved it gently, it made a roaring sound. It must be heavy!

Ordinary people might struggle to hold it, but Samuel waved the giant sword as freely as waving paper.

“Boy, do you covet my sword?”

“It’s up to whether you have the ability to fetch it!”

“If you can withstand my three swords, I am willing to give this sword to you!”

Chapter 205 Giant Sharp Sword

Three strokes!

Samuel thought Leones might not withstand a single move from him.

He casually mentioned three moves.

After hearing this, everyone around them didn’t take it seriously and wouldn’t believe that Leones could really snatch the sword from Samuel.

If Leones could save his life within three moves, it was probably a huge victory, not to mention. grabbing the sword.

However, Leones nodded silently after hearing this.

“Good!”

Leones answered.

“Since you said SO, I will use three moves to take your sword!”

“If I can’t snatch the sword in your hand within three moves, you can deal with me at your will!”

What?

As soon as Leones said, everyone was shocked again.

They really didn’t know whether to cry for Leones or laugh for the Kingsley family.

Leones was about to die, but he still dared to speak arrogantly.

Who gave him the courage?

The Newman family had become bystanders. Why should Leones fantasize about taking the sword

with three moves?

Leones must be insane! Idiot!

“Haha. This guy is good at jokes...”

Vincent also laughed uproariously as if he had heard the funniest joke in the world.

Not to mention Leones, in the Kingsley family and the ancient warrior world, no one dared to guarantee that they could snatch the sword from a grandmaster of Samuel's level in three moves. "Alice, what is the connection between him and the Newman family?"

"Why do I feel he is an idiot?"

"Are you sure the Newman family knows this guy?"

Seeing this, Alice froze and did not know how to reply.

However, Leones' arrogant words also puzzled Alice

Three moves to seize the sword?

How could this be possible?

Samuel snorted coldly and didn't react much, probably because he seemed to become immune to Leones' nonsense.

"You want to take my sword?"

"You'd better think about how to resist my sword first!"

As he spoke, the sword in Samuel's hand had already moved! Boom!

In an instant, the surrounding ground shook!

It was like an earthquake.

On the one hand, a Second-rank Grandmaster had terrifying power, and his every move had at far-reaching impact.

On the other hand, the giant sword in Samuel's hand was as heavy as a mountain. With a single swing, it could stir the air and shake the world!

"This sword is called the Gaint Sharp Sword!"

"Today, you will become the thirty-eighth man to be killed by my Gaint Sharp Sword!"

"You will also be the first dead one in the secular world!"

In other words, Samuel used the Gaint Sharp Sword to kill thirty-seven people, who were all ancient warriors and peerless masters.

Leones would become the thirty-eighth deceased and the only one from the secular world.

Others thought using this sword to kill an unknown secular boy might be worthless.

But Leones' repeated provocations also touched Samuel's bottom line.

A sword was a weapon used to kill people.

The identity of the deceased did not matter.

Samuel was willing to make an exception to kill an unknown man.

"Go die!"

The Gaint Sharp Sword swept out.

It looked like a scythe of death.

The terrifying aura alone made everyone around hold their breath and retreat as if they felt the coming of death and felt numb.

“Good sword!”

Leones closed his eyes and felt the wind coming from the Gaint Sharp Sword.

The sword must cut Leones’ body in half.

Immediately, Leones gently moved his hand and pressed in mid-air.

A huge sword box appeared under his palm.

With a heavy beat, the sword box unfolded like a peacock, revealing a radiant sword.

“Endless Sword?”

Seeing this, Alice widened her eyes.

Was this the empty sword box that everyone in the Newman family was concerned about?

But at this time, the sword box that was originally empty now contained a sword that Alice was so familiar with.

It was the Phantom Sword that the Newman family once owned!

Unfortunately, her prodigal cousin lost it, and Leones got it.

In an instant, the Phantom Sword shot out suddenly as if it had been summoned.

It fell into Leones' hands.

"What?"

On the opposite side, Samuel was surprised when he saw the sword.

"Phantom Sword?"

Samuel glanced at Alice again and became puzzled.

How could Leones get the Newman family's Phantom Sword?

What the hell was the Newman family doing? Did they give such a peerless sword to a secular person?

However, what Samuel was more concerned about was also the sword box.

"This is?"

Samuel was a little unbelievable.

In the entire ancient warrior world, no one could control the Endless Sword, which appeared in Leones' hands.

It was as if Leones was its master.

“Impossible!”

“I must have seen it wrong!”

Samuel felt that it just happened to be similar to the Endless Sword.

“Don’t try to fool me with a fake sword case!”

Samuel said angrily in a deep voice.

Although the sword case might be fake, the Phantom Sword was genuine!

a

At the same time, Samuel waved the Gaint Sharp Sword toward Leones with a sweeping force.

The Phantom Sword in Leones’ hand shot out like a shooting star.

Two extremely rare swords came into contact with each other.

They were like the tip of a needle against a wheat awn, no difference between them.

Boom!

But in the next second, the Gaint Sharp Sword burst open the Phantom Sword with overwhelming force.

It was like a giant beast that knocked away all the obstacles in front of it.

Then, it continued to crush Leones with a destructive attack.

“Haha!”

Seeing this, Vincent was overjoyed again.

“Even if you have the Newman family’s sword, so what?”

“With your strength, you can’t display the true power of the sword at all!”

“The gap between you

and my uncle is too great! With the same level of magic weapon, you can’t

even think about taking advantage!”

The Gaint Sharp Sword and the Phantom Sword were head-to-head.

It immediately flew out.

Leones was not surprised by all this.

The Gaint Sharp Sword was good at attacking.

But the Phantom Sword was good at a feint attacking from the side rather than a head-on attack.

The oncoming Gaint Sharp Sword was about to cut Leones’ head.

Anyone who looked at it could tell that Leones was already on the verge of death.

However, Leones did not rush and opened Endless Sword again.

In an instant, three Firefly Swords shot out like hidden weapons.

At such a close distance, the three swords were already approaching Samuel's wrist in the blink of an eye.

One was stronger with one more foot, and one was more dangerous with a shorter foot!

Samuel took advantage of the giant sword to crush Leones.

Leones used the dagger again and slanted the sword. Then, he won the victory in danger!

Leones cut the vital part of Samuel's wrist!

Chapter 206 Sheath the Sword

"Hiss!"

Samuel was surprised when he saw this.

Unexpectedly, Leones had another plan.

The sudden attack of cold arrows was hard to guard against.

Those three Firefly Swords were not simple at first glance.

Samuel, a dignified Second-rank Grandmaster, dared not underestimate these three small swords.

Besides, these swords were shot from the Endless Sword, so it should not be underestimated.

However, the Gaint Sharp Sword shot out.

With one move, it was very difficult to maneuver it

If Samuel forcefully turned it around, he would become passive and be led by the

On the other hand, he had to bear the backlash from the Gaint Sharp Sword. Immediately, Samuel gritted his teeth and attacked without hesitation. "Hmph!"

Samuel might get a small injury on his wrist if he waved this sword down. But he would cut the opponent's head!

At the same time, the Gaint Sharp Sword was about to hit Leones' throat. The three Firefly Swords also stabbed Samuel's wrist.

opponent.

Immediately, Samuel felt his wrist as extremely numb as being bitten by a mosquito.

In the next second, he unconsciously let go of the Gaint Sharp Sword in his hand.

The sword was completely out of control and escaped.

Samuel was surprised when he saw this.

At that moment just now, he couldn't feel his right hand and couldn't even hold the sword in his hand steadily.

But fortunately, the sword was still unstoppable and continued to stab forward.

Samuel thought the giant sword would pierce Leones' throat and cut his head to fall to the ground

in the next second.

Leones stepped back slightly and held the Endless Sword in front of him.

"What?" Seeing this, Samuel was shocked again.

Unexpectedly, did Leones use the sword box as a weapon to resist his Gaint Sharp Sword? "Hmph! Nice try!"

Samuel sneered again and didn't take it seriously.

Samuel thought the Endless Sword would be blown out in an instant like the Phantom Sword just

now.

But the next moment, an incredible scene appeared.

The unfolded sword box seemed to have a strong suction force. The moment the sword touched the sword box, the giant sword was forced to change its moving track.

"Take it!" Leones shouted.

The sword box accurately aimed at the Gaint Sharp Sword in one of the

gaps.

Like a bird returning to its nest, the Gaint Sharp Sword landed steadily in that vacant gap. It was as normal as a sword was sheathed!

Crack!

In the next second, the three Firefly Swords flew back into the sword box like a boomerang. Leones opened his hand again and also retracted the Phantom Sword to the ground.

Finally, Leones gently closed the Endless Sword.

Then, Leones got the Gaint Sharp Sword.

“You can go now!”

After a long silence, Leones said to Samuel, who had lost his sword.

Leones only wanted to get the sword.

He didn't care whether the two from the Kingsley family stayed or left.

At the same time, with the return of the Gaint Sharp Sword, the sword box once again underwent great changes inside.

Leones gently pressed his hand on the sword box.

Another endless sword force surged out and merged into his body by following his palm.

This time, it was easier to accept it, unlike the first time, where there was a backlash. Leones pressed the sword box with his hand and quietly felt the new sword force. The room once again fell into dead silence.

Silence!

Deathly silence.

Needle drop could be heard!

Everyone widened their eyes and their mouths.

They couldn't believe what just happened.

"My God! What's going on? I can't believe my eyes!"

"Leones disarmed the ancient warrior! The sword is gone?"

"What is that long box in Leones' hand? Why did it suddenly swallow the giant sword in the hand- of the ancient warrior?"

Originally, everyone thought Leones was doomed to die. After all, his opponent was a powerful and terrifying ancient warrior.

Unexpectedly, in the confrontation, Leones safely escaped death and even took away the weapon from the ancient warrior!

It was unbelievable!

Who would believe it if he hadn't seen it with his own eyes?

“How can it be possible?”

Everyone in the Bloom family was also stunned.

They were just ordinary people and never thought someone in their family could fight with the

16:12

ancient warrior or even dominate the ancient warrior.

Was he still the Leones they knew?

Why did he change after he stayed in prison for five years?

Even Jason, Leones' father, thought his son in front of him became so strange.

Jason almost dared not recognize his son.

“So strong...”

On the other side, Alice was shocked when she saw Leones snatch the Gaint Sharp Sword from Samuel with one move.

After the shock, she finally understood why her grandpa valued Leones so much that he even sent herself to approach Leones and investigate him.

No wonder Leones killed her cousin and even robbed the Phantom Sword.

Leones even defeated the elder of the Kingsley family, let alone an ignorant son in the Newman family.

Alice successfully saw Leones' strength and became more and more respectful toward Leones as his strength changed.

Alice ignored this young man in the secular world when she came here at first.

But now, she had to pay attention to him.

"Uncle!"

Vincent was also taken aback.

He didn't expect Samuel, who was powerful, to fail to kill Leones in one move.

Impossible!

What made Vincent even more unacceptable was that Leones took away the Gaint Sharp Sword of the Kingsley family.

They lost fame and the battle. It was a great shame!

What the hell was Samuel doing?

Vincent couldn't figure it out and thought he wouldn't be such a shameful loser if he fought with

Leones.

At this moment, the throbbing pain from his wrist pulled Samuel back to reality from the shock. and anger just now.

Taking away the sword, Leones closed his eyes and said nothing with a look of contempt, which enraged Samuel even more.

“Brat!”

“Don’t be arrogant! I was just careless...”

Samuel also didn’t expect Leones to have the Endless Sword, which exerted such great power and instantly confiscated his sword.

If Samuel knew how powerful it was, how could he let go of his sword so easily just now? “Forget it!”

Samuel took a deep breath and looked at the Endless Sword.

“Then, I’ll just take the sword box back together!”

16:12

Samuel learned from the painful failure and decided to take action to take back everything and avenge his previous shame!

“Watch out!”

Before he finished speaking, Samuel shot out both fists and attacked Leones again.

Chapter 207 Swinging the Sword

In the blink of an eye, Samuel attacked Leones again.

It seemed he was pretending to attack Leones, but his target was the sword box in Leones’ hand.

It was because he realized that the sword box was not ordinary.

The sword box made Leones even more powerful.

Therefore, Samuel planned to take the sword box first and kill Leones.

But unfortunately, his plan was good, but the reality was cruel.

The reason the sword box was extraordinary was because it was in Leones' hand.

The true uniqueness of the sword box lay not in the sword box itself but in the person holding the sword!

When Samuel approached Leones, he pretended to attack Leones' cheek with one hand and went straight for the sword box directly with the other hand.

Meanwhile, Leones had already comprehended the intent of the second sword after it entered the sword box.

Suddenly, he opened his eyes wide, and two cold rays of light shot out!

Samuel looked at Leones and took a breath of cold air. He felt as if his eyes were being pricked by needles, making him unable to look directly.

"You still dared to come even after I let you go?"

With that, Leones struck once more and patted the sword box.

Instantly, the sword box unfolded loudly, and the Gaint Sharp Sword suddenly flew out like a missile and hung in the air.

Leones stretched out his hand to grab it and swung it.

The sword blade opened and closed, creating a gust of wind on the spot.

“Do you want it? Then take it back!!”

Boom!!

The Gaint Sharp Sword unexpectedly attacked Samuel.

“Oh no!”

When Samuel saw this, he couldn't help but be shocked.

Even with his strength, he couldn't resist the impact of this sword using his body.

Samuel used all his tricks to avoid the fierce attack of the Gaint Sharp Sword.

Leones struck out with his sword but failed to hit the target.

In his heart, he thought, “He is indeed a Second-rank Grandmaster, surpassing any opponent I've encountered in my life.”

Below the first grade, he was invincible.

With the Gaint Sharp Sword, Leones firmly held the upper hand.

“Vincent!”

After narrowly avoiding the attack, Samuel’s back was soaked in cold sweat.

If he hadn’t been careful, he might have been cut in half by the Gaint Sharp Sword.

16-17

Samuel dared not confront the Gaint Sharp Sword head–on with his flesh and blood.

He quickly called for Vincent and borrowed his sword.

“Uncle, catch this!”

Vincent hurriedly took off his sword and threw it to Samuel.

While his sword might not compare to the Gaint Sharp Sword, it was also made of mysterious iron and could cut through iron like mud.

But the next second, as Samuel received the sword and stabbed it at Leones, Leones blocked with his sword.

The two swords clashed.

The sword in Samuel’s hand was instantly shattered into countless pieces.

In front of Leones’ sword, the sword in Samuel’s hand seemed as fragile as glass, shattering upon impact.

“Ah, my sword!?”

Seeing this, Vincent was both heartbroken and shocked.

He never expected his sword to be so vulnerable under a genuine legendary sword.

“Hiss! How is this possible!”

Samuel’s attack failed, and he ended up breaking the sword in his hand. At the same time, he was shaken to the point that his hand went numb, and his entire arm was powerless.

Seeing this, Samuel was greatly shocked.

He was a Second–rank Grandmaster, and he could easily overcome his opponents even with a wooden sword.

But he never expected to be left with a numb arm and nearly lose his ability to fight due to a sword strike from the other side.

single

Even if his opponent was holding his Gaint Sharp Sword, it was impossible for him to unleash such power!

What kind of cultivation had this young man reached?

Could it be that this young man was more powerful than him?

The more Samuel thought about it, the more frightened he became.

He intended to retreat at this moment, but it seemed too late.

It was because Leones' third strike had already been unleashed.

In an instant, the Gaint Sharp Sword seemed like a flood that burst the dam, descending from the sky.

In the blink of an eye, it surrounded Samuel.

Even with his strength as a Second-rank Grandmaster, he had never seen such a surging intent of the sword.

It felt like he was in the midst of a river, unable to resist the torrent, just letting the waves wash over him, with no room for a counterattack.

"My life... is over!"

Samuel finally realized the terrifying nature of this strike and suddenly felt his scalp numb. His

Chapter 208 Death

“That is unbelievable. That is truly unbelievable!”

“Did that young man called Leones... defeat Samuel!?”

The onlookers were in an uproar.

They couldn't believe what had just happened.

Earlier, when Leones had managed to take the sword from Samuel's hand, it had already seemed miraculous.

At that time, everyone could still find a reasonable excuse, which was that Samuel had underestimated his opponent.

But now, the two had fought again.

However, Leones slain Samuel from ancient families in their second fight with just three strikes.

This was entirely beyond logical explanation.

Was it the imposing aura of Leones' Gaint Sharp Sword?

Or did Samuel once again underestimate his opponent?

But no matter what, Samuel did die at the hands of Leones.

At the same time, everyone also realized a terrifying consensus.

Could it be that Leones' true strength had surpassed that of ancient families?

If that was not the reason, how could they explain the bizarre fact that he had defeated a Samuel?

For a moment, everyone looked at Leones again, their eyes filled with shock and awe.

“This... this...”

The members of the Bloom family were also dumbfounded.

If time could be turned back to just a moment ago, even if the Bloom family members had witnessed everything that had just occurred with their own eyes, they still wouldn't believe that it was Samuel of the Kingsley family who had ultimately been slain by a single sword strike.

At this moment, Benjamin couldn't help but take a deep breath, realizing that the Bloom family was now facing two significant problems.

The first was that Leones had returned to power and dominated everything again.

The Bloom family was under his control once more.

The second problem was that Leones had killed Samuel of the Kingsley family. How could the Kingsley family simply let it go without seeking revenge?

The Bloom family was likely to face a catastrophic situation!

Even if Leones was powerful, he was now facing the entire Kingsley family!

“I'll fight you to the end!”

At this moment, Vincent snapped out of his grief.

After some rescue efforts just now, he had no choice but to accept the cruel reality that his uncle had been killed.

Vincent instinctively reached for his sword but then realized it was gone.

Then, he suddenly remembered that the sword had been given to his uncle just now and had been shattered.

Following this realization, Vincent, driven by anger and despair, rushed towards Leones with his bare hands.

Facing such a desperate opponent, Leones didn't bother to look at him.

If he entered his sword's range, he would meet a bloody end instantly.

"Be careful!"

Alice sensed a powerful sword formation rising from Leones, with him at the center.

He didn't need to take action, as this sword formation alone would kill Vincent instantly, with no chance of survival.

Just as Vincent was about to reach Leones, Alice moved as fast as lightning and grabbed him.

"Let go of me!"

"I want to kill him!"

Vincent had lost his previous composure and rationality. He was now like a madman, yelling and shouting desperately. He clawed desperately at Leones and stared at him with wide-open eyes.

"With what will you kill him?"

Alice delivered a heavy palm strike on Vincent to force him back.

“Your sword is broken!”

“Your uncle has also been defeated!”

“Do you want to die as well!?”

Vincent slammed heavily into a nearby pillar.

The intense pain in his back made him regain some of his composure.

He also realized that the situation was dire.

The young man named Leones before them was far more powerful than they imagined.

Moreover, his uncle had lost his life due to underestimating the opponent, and Leones had taken away his weapon.

“Even if you want to die, you should bring your uncle’s body back to the Kingsley family first.”

“If you also die here, who will collect your body? Won’t you and your uncle’s bodies be left in this wilderness?”

Alice’s sharp words were like a bucket of cold water, completely waking Vincent up.

“You’re right... I can’t die yet...”

“I need to take my uncle’s body back...”

“I need to inform the Kingsley family of everything that happened here...”

Vincent glared at Leones with hatred and said, “I will come back!”

In his heart, Vincent swore that when the Kingsley family returned with overwhelming anger, they would make the entire Bloom family pay for his uncle’s death.

Immediately afterward, under the watchful eyes of onlookers, Vincent carried his uncle’s body on his back and left, bearing the heavy burden of shame.

Seeing this, Alice shook her head secretly, never expecting the Kingsley family to end up in such a miserable situation.

At the same time, she was worried that Leones would kill them all, so she spoke to Leones, “Mr.

back.” Bloom, please be merciful and let him go

“Um...” Leones nodded lightly and didn’t care about him anymore.

What mattered was the sword.

If Samuel hadn’t counterattacked just now, Leones wouldn’t have used such ruthless means.

After dealing with the Kingsley family’s affairs, Leones regained his composure and cast his questioning gaze on Alice again.

Both of their families were ancient families, and both had experienced the loss of a member, with Leones taking a life and a sword from each family.

“I may not understand why you chose to protect me when I’m up against the Kingsley family,” said Leones calmly.

“However, the Kingsley family is gone now. Now, it is your turn to take action, right?”

Chapter 209 The Bloom Family Members Were Expelled

“Well...”

After hearing Leones’ words, Alice felt somewhat helpless.

She had already shown enough sincerity by coming here, but now it seemed she was being treated as looking for trouble.

“Mr. Bloom, I think you have misunderstood.”

Alice smiled and said, “Mr. Bloom, the Newman family has no intention of being enemies with the Bloom family. My grandfather sent me here to resolve our conflicts.”

“I’m sorry I might not have helped much just now.”

Upon hearing Alice’s words, everyone at the scene was startled in secret again.

They looked at Leones with incredulous eyes.

They wondered who this young man was.

He had managed to kill Samuel of the Kingsley family. Even the Newman family’s first beauty was trying to please him?

Could it be that he was a First–rank Grandmaster?

Such a bold guess sent shivers down their spines.

A First–rank Grandmaster was an invincible existence!

Had Leones reached such a terrifying level of power?

However, upon second thought, the fact that Leones had just slain the Second–rank Grandmaster from the Kingsley family made it seem not entirely impossible.

Benjamin swallowed his saliva instinctively, feeling remorseful in his heart.

He couldn't believe he had such a remarkable grandson. Did Leones still want the grandson of the Kingsley family?

Unfortunately, things had escalated to this point, and he might not even have the chance to be Leones' grandfather anymore.

What a mess!

“Mr. Bloom is awesome!”

Everyone in the Five Major Families marveled at Leones' unfathomable and terrifying strength. At the same time, they were relieved that they hadn't sided with the Kingsley family just now. Otherwise, the consequences would be disastrous.

After hearing Alice's words, Leones became even more puzzled.

“So, I killed someone from the Newman family, and that's it?”

Alice paused and said, "That was his fault. He was simply outmatched."

"What about me taking the Newman family's Phantom Sword?" Leones then asked, "Don't you get it back?"

Alice said, "Mr. Bloom, the Endless Sword is now in your hand, and the Phantom Sword is inherently connected to the Endless Sword. Now, the Phantom Sword is back in the Endless Sword. It is similar to a thing returning to its original owner. The Newman family will no longer contend for it."

"This..." Upon hearing this, Leones not only found his initial questions unanswered but also

16:12

became even more putaled.

He was unsure of what was happening.

He wondered if the Newman family had lost their minds.

Could he just kill their people and take their swords without anything happening to him? Moreover, they didn't even want to pursue this mater and seek revenge.

What had happened to defending ancient families dignity

He had expected the Newman family to go all out

fight with him.

Unexpectedly, they had sent a beautiful woman to negotiate peacefully with him.

What kind of trick was this

Or were they trying to make him drop his guard with kindness before delivering a fatal blow?

However, this conversation between them was so surprising and filled with shocking information. that it left the onlookers dumbfounded.

“Damn it! Did I hear that correctly? Leones even killed people from the Newman family, and now the Newman family isn’t going to pursue it? What on earth is going on?”

“Could it be that... ancient families are only tough when facing the weak? If you’re stronger, you can just kill their people without anything happening to you, but if you’re weaker, you’ll only end up in a miserable situation!”

“Today’s events have overturned my understanding of these mysterious ancient families!”

Everyone was amazed, with disbelief written on their faces.

“All right.”

Since Alice had made her stance clear, there was no need for Leones to dwell on it any longer.

After all, he had a lot of other matters to deal with at the moment, and he couldn’t afford to waste time on the Newman family.

“Then I would like to thank the Newman family for their kindness. 1, Leones, accept it with all my heart. From now on, let’s turn swords into plowshares and settle our grievances.”

“I still have to deal with my people and won’t see you off. Goodbye!”

Hearing this, Alice was startled again.

Was she being dismissed just like that? After all, she was also a beauty.

As for the members of the Bloom family, when they heard what Leones had just said, their faces turned even paler, filled with fear.

“Then I won’t disturb you any longer,” Alice smiled wryly and bid farewell. “Since Mr. Bloom isn’t free today, I’ll visit you next time. Goodbye!”

After saying this, Alice turned and left.

Although she didn’t get any helpful information from Leones during this visit, she had discovered that Leones’ strength was formidable, as his three sword strikes had slain the Second–rank Grandmaster of the Kingsley family.

She would inform the Newman family about this to help them make decisions.

Once the Kingsley and Newman family members had left, the scene fell into a deathly silence

once again.

The Bloom family members hung their heads in despair as if they were about to be led to their execution. They felt that they were about to meet their ends.

“I said it before,” Leones spoke up suddenly

“Under my leadership, the Bloom family won’t have to submit to anyone, not even ancient families. We’ll become a force they don’t dare to offend!”

“Now, do you believe me!?”

His words once again shocked the crowd.

If it were the others who spoke these words, they would definitely be considered as bragging. Could a small family like the Bloom family become prominent and remarkable?

However, just moments ago, they had witnessed Leones kill the Second–rank Grandmaster of the Kingsley family, and even the Newman family was willing to reconcile with him.

With such strength, Leones might be able to lead the Bloom family to new heights and transform the Bloom family completely.

“We believe!”

“I believe!”

“Mr. Bloom, what you said is true!”

The surrounding guests echoed one after another and were genuinely convinced by Leones’ words.

“Mr. Bloom!”

“Please lead our family to new heights! We’ll always support you!”

The younger members of the Bloom family had long grown tired of the elders’ conservative mindset and lack of ambition.

Leones' return had brought unprecedented changes and opportunities to the family, igniting their passion and drive.

He was the leader they had envisioned.

"Very good!"

Leones continued loudly, "As the head of the Bloom family, I issue the second order!"

"Just now, those who knelt to the Kingsley family will be expelled from the family and will lose everything they have within the Bloom family!"

What!?

As soon as these words came out, the elder members of the Bloom family, led by Benjamin, were all shocked.

They had never expected Leones to be so decisive and give such an order!

The first command was to expel Timothy from the family.

But his was a relatively minor matter since it only involved Timothy.

However, the second order aimed to expel everyone who had knelt just now!

It would also have far-reaching consequences.

After all, under the pressure from the Kingsley family, most of the family members had knelt in

16:12

3/4

submission just moments ago.

“Leones, don’t

go

too far!” Benjamin couldn’t help but scold him, “Are you even going to expel me, your grandpa, from the family as well?”

“Grandpa, just now, you led the whole family to kneel before outsiders. You even openly stated. that you would follow their orders. Hahaha...”

Leones smiled bitterly, “You’ve brought shame to the Bloom family!”

“You are the true disgrace to the family!”

“Are you still qualified to stay in the family?”

“Just because you are my grandpa, I don’t want to make things hard for you! Leave on your own!”

Chapter 210 Leones’ Era

“What?”

With this order, Leones expelled almost two-thirds of the people in the Bloom family and deprived them of everything they had in the Bloom family.

Seeing this, Benjamin was furious but helpless.

“Mr. Bloom, we realize our mistake. Please give us another chance!”

“Yes, we are willing to regard you as the head of the family from now on and will never dare to betray you again.”

“In consideration of our many years of hard work and dedication within the family, please don’t expel us from this family and take everything away from us...”

Most of the Bloom family members were unwilling to give up everything they had. So, they knelt before Leones again, begging him to reconsider his decision.

Seeing this, Leones frowned and shook his head helplessly.

He might have provided them with retirement funds if they had been more resolute.

However, those who were spineless and always knelt before others were not respectable in his eyes.

“Get out!”

Leones warned coldly, “Don’t force me to take action against you!”

“Those who know what is good for them, get out now!”

Upon seeing that Leones had made up his mind with no room for negotiation, the people couldn’t help but curse him for his heartlessness.

Even Leones' grandfather couldn't help cursing, "Your brat, won't you show any mercy?"

"Fine! Today, the Bloom family is all yours! I want to see how far the Bloom family can go in hands!"

your

"You make enemies everywhere outside, and the family will eventually crumble because of you! Those who choose to stay and support him will regret it!"

"Let's wait and see!"

Benjamin angrily led the crowd away.

He could only console himself with the idea of leaving early to avoid being implicated.

From now on, the Bloom family in Sherland was completely under Leones' control.

Those who opposed him were expelled from the family, including his biological grandfather.

In this way, the Bloom family had undergone a new transformation and officially entered the era

of Leones.

"Congratulations, Mr. Bloom!"

"The rightful head of the Bloom family!"

"The Five Major Families will also follow Mr. Bloom's lead to create glory!"

Immediately afterward, the guests at the scene and the members of the Five Major Families congratulated Leones again for becoming the head of the Bloom family.

In this short period, Leones had returned to the Bloom family twice and taken complete control.

At this moment, Leones' gaze turned to the members of the Five Major Familien,

They were so frightened that their bodies tremble and their smiles froze on the faces. With a sly smile, Leones said, "Don't think I don't know what you were thinking just now." "I've placed a curse on you. I can sense your thoughts"

"Next time, if you dare to have rebellious thoughts don't blame me for not being ruthless" With these words, the Five Major Families members were scared and repeatedly apologized, begging for forgiveness

"Mr. Bloom... please have mercy on us We won't differ anymore!"

"We were just afraid of being suppressed by ancient families, say we had those thoughts."

"Now Mr. Bloom can be on an equal footing with the ancient families, and we won't have such thoughts again!"

Leones glanced around at them, and since the situation was resolved, he dismissed them.

The next step was for him to take over the entire family, and there were many matters to handle.

"If so, then we won't disturb you any longer, Mr. Bloom."

"Mr. Bloom, goodbye!"

Everyone bid farewell and gradually dispersed.

Soon, only Leones and a few younger family members were left in the Bloom family

“All of you, work hard with me, and I promise you’ll have a brighter future than now!” Leones again encouraged the young family members to motivate them to work even harder. Everyone was incredibly inspired, and their spirits were at an all-time high.

“Leones!”

At this moment, Jason reminded him again, “Although you’ve become the head of the family, the Bloom family is vast and has a lot of business. It may not be easy to regain control all at once fully.”

For example, the shares of companies under the Bijom family, positions in companies, family funds, and even the overseas reserve funds were still in Benjamin’s hands.

Although Leones was now the head of the family and held most of the family’s shares, there was still a significant amount of power he hadn’t reclaimed yet. It was similar to a commander without

an army.

Even if Benjamin had left the family, he had taken most of the elders and younger family members with him, and they all held great power. Once they were back in the family’s companies, they could easily command the support and loyalty of many.

“Yeah!” Leones had considered this issue as well.

He understood that taking back control of the family wouldn’t happen overnight. If done too hastily, it would cause turmoil inside and outside the family.

The purpose of Leones gaining complete control of the family was to lead it to greater heights, not to push it into a crisis.

“Dad, I’ll let you handle this matter!”

Leones instructed, “I’ll give you one week to work on persuading Grandpa to hand over their power.”

“If they are willing to cooperate and hand over the power to the younger family member smoothly, I can be generous and provide them with retirement funds.”

“If not, I’ll personally talk with them. As you know I’m not easy to talk to!”
