

Out of Prison 361

Chapter 361 Green Sect

“Your hotel?”

Hearing this, Leones stopped.

Then Leones reminded him, “You probably have forgotten that I am now the head of the Bloom family, and you have been expelled from the family by me!

“No matter how much power you had in the family in the past, you have nothing now!”

After saying this, Timothy laughed out loud,

“Are you the head of the family? No kidding!

“No one supports you. Do the subordinates listen to me or you?”

Then Timothy called the lobby manager,

“Add Leones to the blacklist of my hotel. He will not be allowed in or out in the future!”

Hearing this, Kelvin, the fat manager, looked embarrassed, but he had no choice but to agree.

“Now, get these people out!” Timothy ordered as the hotel’s boss.

Kelvin had no choice but to humbly say to Leones, “Mr. Leones Bloom...”

“I am the head of the Bloom family!” Leones said slowly.

“Yeah...” Kelvin naturally knew about the changes within the Bloom family, but the specific details had not yet been implemented.

For example, related industries such as hotels were still controlled by Ashley and Timothy, and Leones had not yet completely seized the power.

“Mr. Leones Bloom, sorry...” Kelvin got into trouble. “How about eating somewhere else?”

Leones was speechless.

If the head of the Bloom family was kicked out of his hotel for dining, Leones would be a joke in Sherland.

“Please step aside first.” Leones said to Kelvin, “Today, I want to show you who is the head of the Bloom family!”

Seeing that Leones refused to leave, Timothy immediately called for security.

The security leader here was trusted by Timothy as he was promoted by Timothy personally.

“Hmph! Even though you succeed in temporarily seizing power, it is useless after you get the Bloom family!”

Behind Timothy, hundreds of security guards immediately appeared.

“No subordinates will listen to you!”

Seeing this, Leones frowned slightly.

Although Leones tried to control these industries, the progress was slow.

Within the Bloom family, Leones also lacked confidants and cronies.

To put it bluntly, the elders in the family supported Leones under pressure, but in fact, they were just insincere and scheming.

People like Timothy had been developing in the family for many years, so it needed time to eradicate them.

Especially now, the Bloom family and Chamber of Commerce jointly suppressed him, which would make more people dislike Leones.

But at this moment, another group of people rushed in and surrounded the security guards. It was Blackdrake and others who were guarding outside. Sensing the danger, Blackdrake immediately led the others to support Leones.

“Your Majesty, what should we do with these people?” Kicking the security captain away, Blackdrake waited for Leones’ order.

Seeing this, Timothy immediately panicked. “What do you want to do? Who asked you to break in? This is an internal matter of our hotel. You have no right to interfere!”

“Sorry, we have the right!” Blackdrake sneered, “This is my territory!”

“Blackdrake!” At this time, Ted also asked angrily, “You are useless! Why do you follow Leones’ orders? Are you still a boss?”

“Mr. Olsen, it’s not your business!”

Blackdrake retorted coldly, "You should be careful. This is our Dragon King!"

"Underground Dragon King?" At this time, a middle-aged man in green standing next to Ted suddenly said, "Isn't your world-famous Underground Dragon King missing for many years?"

"Why is he the Dragon King? He is too young!"

"How dare you be disrespectful to the His Majesty!" Blackdrake frowned and immediately wanted to scare others by attacking the middle-aged man.

But, just when the Blackdrake was about to approach the man, the body of the man suddenly erupted with unparalleled force.

"Blackdrake, be careful!" Leones reminded him immediately.

Before he finished speaking, Blackdrake was knocked back as if he had hit a wall. His fists were trembling.

"What an amazing momentum! Who... Who are you?" Blackdrake asked in shock as a cold sweat broke out.

Fortunately, his strength had improved a lot with the help of Leones.

In the past, that blow would seriously hurt him, and maybe his hand would become useless.

Seeing this, the man flicked his clothes and said, "Guided by the former Dragon King, you are quite capable!"

Blackdrake's ability to withstand the blow was somewhat beyond the expectations of the man.

"Blackdrake, you are too ignorant to recognize Mr. Whitman!"

At this time, Ted proudly introduced, "This is Mr. Yves Whitman of the overseas Green Sect!"

The overseas Green Sect!

These words shocked everyone at the scene.

Especially Alice, who was beside Leones, had just recommended Leones to ask Green Sect for help.

Unexpectedly, they met a master from Green Sect!

"Green Sect? Mr. Whitman?" Blackdrake realized later why he was defeated immediately while the opponent didn't even move.

His opponent was from the famous overseas Green Sect! Blackdrake admitted his failure.

Where there were people, there were groups.

Throughout the ages, numerous Vericano people had immigrated overseas. They united and helped each other when they arrived in a foreign country.

The Green Sect was the largest group formed by overseas Vericano people.

Many desperadoes of Vericano who were exiled overseas were taken in and used by the Green Sect.

After hundreds of years of development, the group was influential.

Even the former Dragon King, who unified the underground force of Vericano and the Nine Continents, could not rival the world famous Green Sect.

After all, the Green Sect's power extended to everywhere except Vericano. Wherever there were overseas Vericano people, there was the Green Sect.

"OMG!" Gloria felt bad when she saw this.

Unexpectedly, the Olsen family was supported by the famous overseas Green Sect.

In Gloria's opinion, even though Leones was strong, it was still difficult to win.

At this time. Ted said proudly, "Leones, were you curious about how my injury healed so quickly?"

"Of course, it was Green Sect's Divine Doctor who cured me!"

"Now, the Olsen family has allied with the Green Sect! We have been protected by Green Sect! "Aren't you powerful? This time, I specially invited Mr. Whitman to teach you a lesson!"
