Chapter 1541: Sneaking Out III

"If he's bullying you again, you come to me, and I'll beat him!" The little fatty swore and patted his chest in assurance.

The little girl was slightly stunned.

The sun was shining brightly today as if it had also warmed her heart.

"Alright..."

"But..." A cold light flashed on the little fatty's eyes. "You must help me first..."

Pretty Sister was very gentle with girls, and the way she treated Helian Yue and him was different.

And she even treated a female beast much better than a male.

"Alright..." The little girl smiled.

Her eyebrows were curved, and she looked so beautiful.

Even without even asking him, she had directly agreed to the little fatty's request.

"Hehe..." The little fatty laughed. "Can you find a way to get me out of here? I can't stay here for three months. Pretty Sister will run away."

The little girl blinked. "Is she really pretty?"

"Of course!"

"So who's prettier, her or Mother?" The little girl tilted her head. The best-looking person she had ever seen was her mother. Was there anyone prettier than her mother?

"Well..." The little fatty held his triple chin. "Honestly... She's prettier. But in front of Mother... I'll say both of them are pretty."

The little girl was speechless.

'So, that young lady is prettier than Mother...'

Hearing the little fatty's words, Qi Qin'er was really excited to see her.

"I... Know of a place..." The little girl pursed her lips. "It's a hole in the ground that I discovered by chance in Feng Luan Palace back then. It leads outside the palace."

The little girl's eyes were bright and shining like the stars.

"That was back when Mother had just entered the palace. Father forbade her to leave the palace. So she had secretly dug it, and only later did Mother tell me about it after I discovered it." Qi Qin'er moved closer to the little fatty and whispered, "But don't tell anyone. This is our secret."

The little fatty was silent for a moment. "Why didn't Mother tell me?"

“Because you’ll tell everyone about it...” The little girl smiled. “But this time, you want to sneak out of the palace, and if those old courtiers find out, they’ll definitely stop you. So now you definitely won’t tell this secret to others.”

The little fatty was stunned.

He suddenly felt like he had become an outsider in his house...

He really needed the warm embrace of his pretty sister right now!

“Promise me one thing.” The little fatty pouted.

“What?”

“Don’t hide anything from me again, or... I won’t take you to meet Pretty Sister.”

Qi Qin’er looked at the little fatty blankly, but she still nodded obediently. “Alright, I promise I won’t hide anything from you anymore.”

Only then did the little fatty smile and hold Qi Qin’er’s hand. “Let’s go! Let’s go out of the palace. We must sneak out and not let other people in the palace know about it. Do you understand?”

“Alright, I understand. Other than you and me, no one else will know that you have snuck out of the palace.”

Qi Qin’er smiled adorably.

The eunuchs and the servants were all speechless.

They had heard everything and could only watch these two kids sneak out of the palace...

Chapter 1542: She Looked Exactly Like Dai’er I

“Should we tell the emperor about that...?”

The palace servant was a bit confused and dumbfounded.

Another palace servant shook her head. “No, if the little prince gets angry, we’ll be in trouble!”

No one in the palace dared to mess the little prince.

He was someone who would seek revenge for the smallest grievances. If one offended him, that person would not have a good ending.

This was why, after considering carefully, these eunuchs and servants decided not to report to Qi Fang.

Moreover, they were all Feng Luan Palace’s servants, so they would not betray their own master.

Inside the courtyard.

A young girl in a red dress sat lazily at the pavilion. She caressed her abdomen and smiled happily.

Just at this moment, she looked up and saw a figure as round as a meatball, followed by a ten-year-old beautiful young girl, heading toward her.

The young girl's face was so adorable, and her eyes were bright. She seemed like a sweet little girl.

But she looked a little timid... Like Nalan Dai'er...

Somehow, Feng Ruqing was actually missing General Manor and her family in Liu Yun Kingdom.

"Lady Nan..."

Qi Yu let go of Qi Qin'er's hand and ran toward Feng Ruqing happily.

Qi Qin'er was a little dumbfounded as her gaze fell on Feng Ruqing. She was unable to tear her eyes away from that stunningly beautiful face.

Her mother was the most beautiful woman in Wu Shang City. Otherwise, her father would not have been so obsessed with her and chosen her as his empress.

But now, there was someone more beautiful than her mother...

She was stunningly beautiful...

However, Qin'er was still a little timid, not daring to step forward, staying at the side, and nervously gripping the hem of her dress...

Feng Ruqing raised her eyebrows and turned to the little fatty. "It's not enough for you to come to me yourself, but you're also bringing someone over? Tell me, whose girl is this that you have abducted."

The little fatty chuckled. "She's my sister."

Feng Ruqing was shocked.

She looked at Qi Qin'er and turned to the little fatty who was as fat as a ball, but she still could not see any similarities between them.

Moreover, Qi Qin'er's was a little timid, and she did not look like a princess at all.

"Sister..." Qi Qin'er spoke timidly.

The little fatty stared at Qi Qin'er and said, "Lady Nan doesn't like people calling her 'Sister'. You have to address her as Lady Nan."

"Oh..."

Qi Qin'er pursed her lips and lowered her eyes.

The little fatty turned his head proudly and was about to ask for a compliment from Feng Ruqing, but Feng Ruqing's fist had first landed on his head.

"Ouch!"

The little fatty was in pain. He looked at Feng Ruqing pitifully and was about to cry. "Lady Nan, I didn't say anything wrong. Why did you hit me this time?"

“Well, I just want you to shut up.”

Feng Ruqing smiled faintly and turned to Qi Qin'er.

This little girl had obviously suffered countless bullying that made her so timid.

She was also a princess, so why was she raised like this?

Dai'er was much better than her. After all, General loved Dai'er so much, and many people wanted to help her.

“Are you really Little Fatty's sister?” Feng Ruqing frowned as her eyes were fixed upon Qi Qin'er. “Does the empress love boys more than girls? Does she bully you?”

Chapter 1543: She Looked Exactly Like Dai'er II

Qi Qin'er was stunned and hurriedly shook her head. “No. Mother treats me nicely and gives me what she gives Yu'er.”

“So, why are you like this?”

“It's...” Qi Qin'er lowered her head. “It's my fault... Not my mother's. Father and Mother have more things to settle. I don't want to bother them with my own problem.”

What a sensible and well-behaved girl...

But Feng Ruqing did not like such a girl.

She liked someone as bold as Tang Yin, cute and arrogant like Gu Yiyi, and... Simple like Helian Yue.

A sensible girl like Qi Qin'er was not her type.

She had paid more attention to her because some parts of her were too similar to Dai'er.

Her heart clenched at the thought of the hardships that Dai'er had suffered. Even now that Dai'er had become a normal child, it was hard to erase the hardships that she had suffered back then.

The only difference was that Dai'er wanted to protest, but she could not express it. While Qi Qin'er, who was a princess, was too sensible.

Everyone could bully her!

“Don't bow your head!” Feng Ruqing frowned as she saw Qi Qin'er lowered her head. She stood up and sauntered toward Qi Qin'er. “A girl should always be proud of herself. It's alright to have a little temper. You can't bow your head to anyone. You must hold your head high at all times.”

Qi Qin'er was stunned, but this time she obeyed and raised her head. Her clear, watery gaze looked directly at Feng Ruqing.

“And...” Feng Ruqing paused, “If Little Fatty bullies you, hit him back. You are his sister. You have a right to teach your disobedient brother a lesson!”

Qi Qin'er pursed her lips. "Yu'er didn't bully..."

Feng Ruqing glanced at Qi Qin'er coldly.

Qi Qin'er hurriedly changed her words. "Yu'er often beat me. I didn't want to make Mother worry about me, so I didn't dare to tell her about this."

As soon as she said these words, Feng Ruqing frowned and stared at the little fatty coldly.

This little fatty... Was like the previous chief manor, and it made her think of poor Dai'er.

The little fatty was so scared that he trembled in fear. He had brought Qi Qin'er to meet Feng Ruqing, but he did not expect Qi Qin'er to report him to Feng Ruqing.

"Lady Nan, I know I was wrong..." The little fatty cried, "Ever since I've been by your side, I've been cultivating, and I've never gone out to cause trouble again, nor have I bullied the weak. I've changed..."

Indeed. If the little fatty had not corrected himself, he would not have brought Qi Qin'er here.

Feng Ruqing's face remained cold.

The little fatty cried harder. "I know I was wrong. I won't dare to do it again. Don't be angry with me."

"Hmm..."

Feng Ruqing came out of her thoughts. Her face was no longer as cold as before. "Sorry, I was just thinking about something."

The little fatty was stiff, not daring to move.

'Is Pretty Sister thinking of how to drive me away from here?'

"Since you are Little Fatty's sister..." Feng Ruqing ignored the little fatty and turned to Qi Qin'er. "Why aren't you as arrogant as him? When you come to me in the future, I don't want you to be so timid. You must act like a princess, and don't be too proud but foolish like Feng Lianyi."

Chapter 1544: Little Fatty Caused Trouble I

Qi Qin'er was confused. No one had ever told her these things...

'This sister... Seems like a good person.'

"Little Fatty..." Feng Ruqing raised her eyebrows and turned to the little fatty. "Since you've brought an extra person, hurry up and get to work. I'm a little tired, don't bother me if there is nothing important."

"Oh, alright!"

The little fatty chuckled and grabbed Qi Qin'er, taking a shovel out of his storage bag and placing it in Qi Qin'er's hand.

Before Qi Qin'er could react, he had already dragged her to the herbs garden.

From that day on, the little fatty would always bring Qi Qin'er to the herbs garden to cultivate, and he had even secretly saved some of his 'payments' to give to Qi Qin'er.

After all, Feng Ruqing would not exploit her labors. She would still give some 'payments' to anyone who came to work with her.

Initially, Qi Qin'er didn't know what these 'payments' were, but after hearing the little fatty say that they were all spirit herbs, she was a bit dumbfounded.

Wu Shang City did have spirit herbs, but these were all very precious.

Even Father would not just give away spirit herbs to anyone but would reserve them for those with stronger talents.

Qi Yu was an exception. Because of his physique, he needed to take the spirit herbs often, but for Qi Qin'er, these spirit herbs were something she had never come across before.

The innocent Qi Qin'er lowered her eyes to hide her feelings. Her voice was choked with sobs. "Sister Feng... Is actually a good person."

She wanted to give the spirit herbs to Qi Qin'er, but she could not find any excuse to give her a gift. Therefore, she had deliberately asked her to work in her garden and give her the spirit herbs as payment.

She had never met such a nice person in this world...

"This is for you."

The little fatty slipped the spirit herbs to Qi Qin'er. "Pretty Sister said that you're a bit slow, so you need these spirit herbs to sharpen your brain."

"I... Don't need them..."

Qi Qin'er pursed her lips and tried to reject it.

But the little fatty was a little angry. "I ask you to take it, so just take it. I'm smart. I don't need these spirit herbs. You're too stupid, so you must eat more. If you keep making excuses, I won't play with you again."

Qi Qin'er panicked. It was hard for her to get so close to Yu'er, so she did not want to be hated by him again.

"I'll take it... I'll just take it. Don't be angry." Qi Qin'er panicked and took the spirit herbs from the little fatty's hand.

The little fatty did not notice Qi Qin'er's panic. His heart was quietly relieved and said, "Let's go back to the palace. If we're late, Father will notice us."

"Alright..."

Qi Qin'er nodded and quickly followed the little fatty. She was still a bit timid, but she at least dared to look up at people now compared to before.

Wu Shang City.

Because it was nearly dusk, there were quite a few people left on the streets. Qi Qin'er seemed afraid and followed the little fatty closely, afraid that this crowd would squeeze her to death.

The little fatty was in a hurry to get back to the palace and did not notice the fear in Qi Qin'er's eyes.

He did not know why there were more people than usual. The crowd next to him came over, and suddenly someone had pushed Qi Qin'er hard, causing her to fall backward.

"Ahh!"

She was so frightened that her face turned pale, and her heart trembled harder. She quickly tried to reach out to tug at something, but she accidentally pulled at the little fatty's pants, tearing his pants.

The little fatty shivered as he felt a sudden cold. He looked down and realized that he was already naked...

Chapter 1545: Little Fatty Caused Trouble II

The little fatty quickly pulled up his pants and turned his head to see which bastard was trying to harm him.

The moment he turned back, he saw Qi Qin'er had already fallen to the ground. Her face was pale, and her eyes were filled with terror.

The little fatty panicked. But with his short little hands, he could not grab Qi Qin'er in time, so he could only watch Qi Qin'er hit her head on the ground.

"I'm fine..."

Qi Qin'er was clearly in pain and wanted to cry, but she was afraid that the little fatty would be worried, so she hurriedly got up from the ground, holding back her tears.

The little fatty pursed his lips. He looked at Qi Qin'er and said, "Stupid Sister, I'm not worried about you. You're so stupid. You fall when you walk and have even pulled my pants off."

Qi Qin'er lowered her head. "I didn't... Just now..."

Before she could finish her words, a man ran into her, his shoulder hitting Qi Qin'er's body.

Qi Qin'er was already a bit weak, and now her body once again fell backward.

Fortunately, the little fatty grabbed Qi Qin'er in time, and only after she had stood firm did he shout angrily.

"Hey, bastard! Stop right there!"

The one who had just run into Qi Qin'er was a young man, around twenty years old. He was slightly stunned when he heard Qi Yu's words and looked back at Qi Yu. "Did you just call me?"

“Exactly!” The little fatty was furious and walked toward the young man. “You kneel and apologize to my sister!”

The young man turned around and saw that everyone was now looking at them because of the little fatty’s voice.

The young man sneered. “This girl just bumped into me, is it still my fault? You want me to apologize to her? Ridiculous!”

Qi Qin’er turned pale. “I didn’t...”

It was this person who had run into her twice. She did not bump into him at all.

“Heh!” The young man sneered again. “Little girl, you bumped into me, and your brother is forcing me to apologize. I see that you’re dressed like a nobleman, so you want to bully a commoner like me?”

Qi Qin’er panicked. She turned to the little fatty and said, “Yu’er, I didn’t run into him. It was he who ran into me first.”

“Shut up!” The little fatty snapped. “Don’t you say anything more. I’ve got eyes, do you think I couldn’t see who had run into whom?”

A large crowd was drawn to them now.

The little fatty was arrogant and overbearing, and his notoriety was known to everyone.

Of course, some people in the crowd knew him.

“Hey, isn’t this His Highness the little prince? If this was someone else, perhaps I would still consider who is correct. But if the little prince is here, there is no need to think. It’s the little prince who is bullying again.”

“Shh... Don’t talk too much. You will lose your life if you dare to say such words in front of the little prince!”

The crowd became quieter. They froze, and everyone took a few steps back, fearing that they would offend Qi Yu.

Qi Yu’s face darkened. He did not even care about the surrounding voices. He stared firmly at the young man. “Kneel down and apologize to my sister immediately! Otherwise, I will send someone to beat you a hundred times.”

Chapter 1546: Little Fatty Caused Trouble III

“Yue’er...” Qin’er was a little nervous. They had secretly snuck out of the palace. If her imperial father were to find out, he would definitely not forgive them.

Before Qi Yue managed to say a word, a young man’s arrogant laughter suddenly sounded from the side.

“So, it turns out that the people from the imperial family bully ordinary citizens like this! I, Fang Nan, have never been afraid of the imperial authority. Since I have not done anything wrong, then I would rather die than yield! Even if you beat me to death, I will not apologize!”

The young man put his hand behind his back. He was tall and elegant like a bamboo.

“Good!”

A single word ‘good’ came from the crowd.

Everyone turned around to look at the speaker and saw a brave face.

The girl was dressed in white and riding atop a tiger. In her hand was a sword, and what looked like a slight smile hung at the corner of her lips.

“It is Maiden Feng, the General Manor’s Maiden Feng!”

“Maiden Feng’s medical skills are top-notch. Today, she is diagnosing people for free. That’s why many people from Wu Shang City are flowing into General Manor. I never thought that Maiden Feng would appear here.”

“Maiden Feng has never been fearful of strong authorities. She is incomparably valiant. Now that she is here, she can speak out and stand up for us ordinary citizens!”

“Hearsay, Maiden Feng has been beaten up by the young prince. It was because Maiden Feng could not tolerate the young prince acting like such a bully and therefore rebuked him, provoking the ire and hatred of the young prince. However, Maiden Feng is someone who is protected by the heavens. Otherwise, the civil and military officials would not have stood on Maiden Feng’s side.”

“We, people of Wu Shang City, could not be clearer on how General Tian Ya is as a person. Maiden Feng is one of his people, so how could she be bad? Furthermore, General Tian Ya is very powerful. Now with Maiden Feng around, this Master Fang is safe.”

Those discussions made the hint of a smile in Feng Lianyi’s eyes deepen. However, her expression did not change as she got off the tiger’s back, and calmly walked toward the young prince.

“Greetings, Your Highness, the Prince.”

The young prince frowned as his fat face scrunched up. “It’s you again, this despicable servant!”

Feng Lianyi’s expression froze, and even her smile seemed forced. There was a surge of hatred in her eyes, but it very quickly disappeared.

“Young Prince, I heard that you and the princess are bullying the ordinary citizens just now and have; thus, purposely came over to take a look.”

Feng Lianyi stood straight as a smile slowly appeared on her face. “The prince used to being arrogant. If I had not come over, wouldn’t I be leaving these innocent people to your mercy?”

The little fatty was so angry his face turned red. He angrily pointed at Feng Lianyi. "Bullsh*t. It was him who had bullied Elder Imperial Sister first and intentionally wanted to push Elder Imperial Sister down!"

Feng Lianyi lowered her head as her gaze swept past that young man.

The young man felt his heart fluster and immediately knelt before Feng Lianyi as he put on a pitiful face. "Maiden Feng, I beg you to save me. Just now, the princess has pushed me a couple of times because I was blocking her path. Now the young prince, His Highness, is afraid that I will say things that are not beneficial to the princess's reputation and want to beat me to death. I beg Maiden Feng to save me."

The young prince stared at the young man for a while before raising his head to look at Feng Lianyi as he said through gritted teeth. "Feng Lianyi, you despicable servant. All these must be your doing!"

Although he was unable to cultivate, it did not mean that he was an idiot.

Feng Lianyi, this despicable servant, definitely knew about the news of him sneaking out and had purposely used the 'free diagnosis' offer to create the crowd flow. Then, she had probably sent this young man to deliberately push his elder imperial sister by using the crowd as an excuse. She had even purposely provoked him!

Chapter 1547: Little Fatty Caused Trouble IV

However, no matter how well Feng Lianyi planned it, it didn't matter. He, Qi Yue, had always been arrogant and domineering. Who was afraid of whom now?

"Your Highness..." Feng Lianyi sneered. "The people of this world may be afraid of you, but I, Feng Lianyi, am not. Even if I am not someone from General Manor and did not receive the protection of the general, as long as I see injustice, I will definitely not sit aside and ignore it!"

The young prince mocked. "Back then, who was it that had acted lowly and humble in front of me?"

"Your Highness has used the life of the general to threaten me and I naturally had no way to ignore it. To not create conflict between His Majesty and General Manor, it doesn't matter if I, Feng Lianyi, have to swallow my anger. However, now I know that no matter how much I tolerate you, Your Highness would not let go of General Manor and every living being under the sky! Therefore, I am no longer willing to continue tolerating."

She literally means that the reason she was acting humble and lowly before the young prince back then was for the sake of General Tian Ya and not because she was afraid of him.

Feng Lianyi held a sword as she walked toward the little fatty.

"Today, even if Your Highness would like to beat me, Feng Lianyi to death, I, Feng Lianyi am not willing to allow the young prince to continue to listen to the words of a witch and cause harm to the world!" she raised her head, giving off a dignified feeling.

The eyes of the little fatty were bloodshot. "Who did you say was a witch?"

"Naturally, it is the person who has bewitched the young prince."

“Presumptuous!”

The young prince was greatly angered as he immediately took out a baton from his storage bag.

Yes, there was a baton in his storage bag.

He swung the baton fiercely, conjuring a gust of wind as it struck Feng Lianyi.

With Feng Lianyi’s cultivation, avoiding the young prince’s attack was practically something that needed merely a lift of her finger. However, not knowing why, she did not avoid it and had allowed the baton to land on her body with a painful muffled whack.

“Even if Your Highness were to beat me to death here, I must use my life to protect the citizens of this world!”

There were many people in Wu Shang City and these people simply looked on as Feng Lianyi used her life to protect the whole of Wu Shang City. They felt great gratitude toward her.

In comparison, His Highness, the young prince... was too arrogant and domineering.

This princess was no good either. She had similarly bullied the weak.

The pitiful Maiden Feng had fallen into the hands of these two people. She would definitely not have any good days to come...

“Yue’er.” Qi Qin’er looked at Qi Yue worriedly. She pursed her lips. She fell into deep thoughts.

When another smack landed on Feng Lianyi, she spat out a mouthful of blood, and her body swayed as she almost fell to the ground.

The young prince was so angered that he lost all sense of rationale. “You useless, despicable servant. Even someone like me without cultivation could hit you until you vomit blood, yet, you are still in General Manor. Tian Ya that old thing must be dim-eyed due to his old age to keep you around.”

The gaze Qi Qin’er used to look at Feng Lianyi turned into a daze.

Logically speaking, with Yue’er’s cultivation, it was impossible to beat Feng Lianyi to such an extent. Why did she...

“Qi Yue!!!” Feng Lianyi’s sword was stuck to the ground as she forcefully raised her head. Her gaze was bloodshot as it carried a rage within it. “I am willing to tolerate you time and again. Even if you beat me, I had not put up any resistance. However, I will not allow you to insult the general!”

The young prince sneered. “You speak as if you care about Tian Ya a lot. From what I see, Tian Ya does not seem to care much about you. Otherwise, why did he take Feng Lianqing as his disciple but not you?”

Though the young prince was still quiet young, there were many things that he was actually able to tell clearly.

Tian Ya had accepted Feng Lianqing but not Feng Lianyi as his disciple. This itself had clearly shown that there was something problematic.

Chapter 1548: Little Fatty Caused Trouble V

Feng Lianyi wiped the blood from the corner of her lips. "I don't care what you say, no matter what, it cannot affect the relationship similar to that of a grandfather and granddaughter that I have with the general. I am the only female relative in General Manor. This is sufficient to explain the problem you raised just now."

The crowd was in an uproar.

There were all soldiers in the general's mansion, and there was not even a single maid. Feng Lianyi as the only female family member, indeed showed how much importance the general attached to her.

Perhaps...

Tian Ya did not take her in as a disciple because he wanted to raise her as his own granddaughter?

"Furthermore..." Feng Lianyi continued to approach the young prince as her tone was a little forceful. "The young prince should stop looking for that woman. The princess was originally a kind-hearted person, but now, she is doing such evil things. It is definitely because of the influence of that woman!"

Qi Qin'er had always been timid and fearful. Her character was somewhat weak, as well. However, hearing Feng Lianyi's words, her small face turned red from anger as she stuttered and stammered. "You... you are talking nonsense. Feng... Elder Sister Feng is very kind. She is a good person, a very good person!"

Feng Lianyi sneered. "This is where this woman is amazing! She was able to bewitch both of you, siblings, to such an extent. Even all the men under the sky are within her control. I never proactively provoked her, but she, again and again, refused to let me off! She is such a vengeful person, yet you say that she is a very good person?"

Thud!

The little fatty once again launched an attack and directly struck Feng Lianyi on her head.

A trail of blood flowed from Feng Lianyi's head. She directly looked at the little fatty, and the corner of her lips curled upward into a smug smile. Her body rumbled and crashed to the ground as she lay in a pool of blood.

The young man who was kneeling by Feng Lianyi's side reacted as he immediately crawled back up and said urgently. "Quick, quick go, and report to General Manor. Maiden Feng has been beaten to death! His Highness bullied the citizens and beat Maiden Feng to death! Quickly report it to General Manor!"

Qi Qin'er's face turned white as she stood trembling by the little fatty's side. "Yue'er, what are we to do? Feng Lianyi is someone from General Manor. Imperial Father trusts General Manor a lot. If he finds out about this matter, he will definitely not let us off."

Little fatty wiped the cold sweat off his forehead as he bit the bullet, saying, "I hit her. It is not related to you. Who would have thought that Feng Lianyi is so weak? Just a small beating and she is dead. However, she has brought it upon herself. She insulted Goddess Sister," the young prince said.

"But..."

"Don't worry. I am still our imperial father's son. No matter what, he will not beat me to death. At most, I will be grounded for half a year. Within this half a year, you go to the herb farm and work on my behalf. Don't let Helian Yue do everything. Otherwise, I will no longer have a place in Goddess Sister's heart anymore."

Qi Qin'er was silent for some time before she responded, "Yue'er, I feel that Imperial Father might be extremely angry this time around. Last time, he did not allow you to leave Feng Luan Palace because you had attacked people from General Manor. But now..."

She bit her lip as she continued to speak, "Just say that it was me who has beaten her up. It is my first offense. Imperial Father would not punish me too badly."

Qi Yue scanned Qi Qin'er from top to bottom, and he rubbed his chin lightly. "Unless Imperial Father's brain is damaged, there is no way he would believe that it was you who had made a move."

"Yue'er!"

"Speak less nonsense. Imperial Father will not punish me. I have made so many mistakes since I was young. Imperial Father had never beaten me. What more now that I had only injured a mere Feng Lianyi?" The little fatty snorted and did not appear to be too worried. "The next time she insults Goddess Sister, I am still going to beat her since she does not dare to retaliate anyway!"

Chapter 1549: Little Fatty Getting a Beating I

At General Manor.

A few old couriers stood in front of General Manor with smiles on their faces. "Housekeeper, I previously heard that Maiden Feng has learned some medical skills and that today she is providing free diagnosis for the citizens. So, we have specially come over to show our support. Not too sure if Maiden Feng is around?"

The old housekeeper's smile turned awkward. Maiden Lianyi had indeed learned medical skills, but it was not as exaggerated as it was known amongst the masses. It wasn't clear why Maiden Lianyi had insisted on providing people free diagnosis today and this was made known to everyone. He was really worried that something would go wrong and affect General Manor's reputation.

Now that he was hearing the words of these few old courtiers, he wiped the cold sweat off his forehead, feeling a little guilty as he smiled awkwardly. "This... Maiden Lianyi has indeed learned medical skills. The general is not in the manor lately, and Master Lianqing has received orders from the general to go and see him. Therefore... Maiden Lianyi is feeling a little bored and has thus, planned to find some things to do. That's all."

Last night, Feng Lianqing received Tian Ya's orders and left during the night.

If it were not for his departure, Feng Lianyi would not have caused such problems.

The old housekeeper coughed lightly and just as he was about to speak, he suddenly saw two people carrying in a lady covered in blood toward General Manor.

The two people were rushing forward and there was a sense of anxiety in their footsteps.

Especially after the old housekeeper saw the maiden being carried in by the two guards, his face turned pale, and a hint of nervousness flashed deep in his eyes.

“How did Maiden Lianyi get hurt to such an extent? Quick, get a doctor over to treat her!”

After the people heard his words, they immediately went to seek a doctor.

The old housekeeper quickly walked to Feng Lianyi shakily.

No matter what, this child was still someone that he had watched growing up. Although in the general’s heart, Feng Lianyi could never compare with Master Lianqing, and she was not even comparable to Maiden Helian, she was still someone from General Manor. How could she be hurt to such an extent by someone else?

Those few courtiers were also shocked silly. In the whole of Wu Shang City, who did not know of the mighty General Manor to have hurt someone from General Manor?

“What happened to Maiden Lianyi...”

One of the old courtier’s voice was full of shock and anger. “Exactly who is so courageous to have hurt her!”

The old housekeeper’s gaze was full of rage as his entire old body was trembling slightly.

Good thing that soon after, Feng Lianyi slowly awakened. The blood trace on her forehead remained, and she was somewhat dazed. “House... housekeeper...”

“Maiden Lianyi, what exactly happened?”

Before the housekeeper could even speak, that old courtier had already asked.

Feng Lianyi never thought that there were even courtiers from the imperial court who were here. She lowered her gaze and after a while, she raised her gaze and carefully arose from the stretcher. Her eyes were full of tears; her footsteps were unsteady.

“I’m fine. Don’t ask anymore.”

She had just taken two steps forward when she almost lost consciousness again. It was a good thing that the old housekeeper had managed to catch her in time.

At this moment, Feng Lianyi was so weak that she could fall at any moment. She was able to awaken so quickly probably because she was a strong person. However, in Wu Shang City, few could have hurt Feng Lianyi.

Those with such courage probably didn’t exist.

“Maiden Feng, who exactly has hurt you to such an extent? Quickly, tell us!”

Feng Lianyi bit her lip lightly and shook her head. She released the old housekeeper's arm. She seemed weak, however, she still determinedly walked into the general manor alone.

Chapter 1550: Little Fatty Getting a Beating II

The guards who were behind her could not bear to watch any longer. They knelt with a foot on the ground with their fists clenched tight. "Grand Tutor Zhang, Chancellor Bo, please make a stand for our family's maiden. Just now, the young prince bullied the weak in front of everyone, and our lady could not bear to continue watching and, thus, went forward to stop it. Who knew that the young prince would get angry from being embarrassed and start beating our lady and threatening her."

"Shut up!"

The guard was already finished speaking when Feng Lianyi slowly regained her senses. Her face was deathly pale as she shouted harshly. "Nobody is allowed to say another word!"

"Maiden Feng, that matter just now was witnessed by so many people. Even if you do not talk about it, it will still reach the ears of the General Manor. Why is there a need to cover up for the young prince?" the guard was furious. The moment he mentioned the young prince, there was disgust in his eyes.

There was no one in Wu Shang City who did not hate him.

No, it should be said that the whole of Tianling Kingdom was utterly disgusted by the young prince.

The young prince was domineering and only did evil. He was full of evil. The only thing he did not do was taking advantage of men and kidnapping women.

Why did Maiden Lianyi still speak on behalf of a person like him?

Grand Tutor Zhang was momentarily stunned. After that, he was so angry that his old face was trembling. "The young prince was already grounded by His Majesty. Who would have thought that he had actually snuck out? The first thing he did after sneaking out was to continue causing unnecessary troubles. Really too insolent! Chancellor, inform the rest of the military and civil officials. We will immediately enter the palace to see His Majesty! This time, if His Majesty does not punish the young prince severely, we will kneel until he does so!"

He flapped his sleeve angrily as he turned around in anger.

Feng Lianyi kept her head down from the beginning to the end. So, nobody noticed the subtle smile at the corner of her lips.

Originally... she wasn't such a cunning person. She used to be... very simple.

It was a pity...

With Feng Ruqing's existence, it was destined that she would lose her naivety!

However, it did not matter. As long as Feng Ruqing disappeared, she... would return to being the person she once was...

Feng Lianyi raised her head. Inexplicably, she actually felt that the sunset today was very bright, just like her current mood.

The Imperial Palace.

In Feng Luan Palace.

Since little fatty and Qi Qin'er secretly snuck back in, they felt that the atmosphere was not quite normal. He felt his heart suddenly clench and actually had an inexplicable sense of terror and panic.

Imperial Father... should not have found out, right?

Would he really punish him then? If he were to run to the pretty sister's manor now, would he make it in time...?

As predicted, the moment the two of them snuck through the hole, a figure dressed in bright yellow appeared in their sight.

All the palace maids and eunuchs knelt in a single file, and none of them dared to even raise their heads.

The young prince's body stiffened slightly as he raised his head to look at the middle-aged man before him. He laughed drily. "Imperial Father, are you waiting for my return?"

Qi Fang's face was green with anger. Previously, he had withstood all the civil and military officials' pressure and managed to let off Yue'er lightly.

He never thought that the little prince would turn out to be worse. Not only did he sneak out and get caught, he even bullied the ordinary citizens and wounded Feng Lianyi!

Usually, he was able to simply give in to him. However, this time, the trouble Yue'er had caused was just too big. Hearsay, Feng Lianyi was beaten to the point where she was unable to even walk stably, and people had already sent news to Tian Ya.

When Tian Ya returned, who knew if he would come and cause trouble for him?

Just thinking about it made his head ache...

"Imperial Father."

Seeing that Qi Fang did not speak, the young prince felt uneasy. "Good morning."

Qi Fang looked at Qi Yue coldly. "The sun has already set. You have finally returned?"

"I just..."

"Guards!" Qi Fang did not even give Qi Yue the chance to speak. His expression was cold, dark. "Bring him away... and give him twenty strokes of cane!"

Nobody knew that when Qi Fang said those words, his heart was throbbing slightly. All these years, he had loved Yue'er and had never been willing to injure him even a little. However, this time... he needed to take action to show Tian Ya that he was worthy of his service!
