

## Overbearing 301

Chapter 301: She was Wild and Furious IV

The snow wolf had released its fury. It rushed forward and bit the Spirit Warrior's neck.

The Spirit Warrior in front of Feng Ruqing had also fallen into a pool of blood and died.

Shen Yue was stunned and speechless.

All of the ministers were shocked.

No one had thought of this outcome.

Long Ao Kingdom only had six Spirit Warriors excluding the ruler.

Now, half of them had died.

Shen Yue's body trembled now. He started to feel anxiety and great fear.

He had regretted now. He regretted that he had attacked Liu Yun Kingdom without any reason. He also regretted hurting Feng Tianyu.

He could not help but take a few steps back when he saw that Feng Ruqing was advancing toward him. "What do you want? I'm the prince of Long Ao Kingdom. If you kill me, Long Ao Kingdom will never let you go!"

Feng Ruqing laughed softly.

"Long Ao Kingdom will never let me go? It seems that they'll let me go even if I don't kill you."

Shen Yue nodded immediately. "That's right. If you let me go, Long Ao Kingdom will surely forgive you."

Feng Ruqing laughed out loud.

She took a sword from a nearby imperial guard. Soon, Shen Yue's chest was filled with blood after a slash of a sword.

"Are you crazy or do you think that I'm crazy?" Feng Ruqing stroked the cold sword with her finger. Her expression was cold and merciless. "Cousin, go ahead and hit him like how he had hit you just now. I want him to see for himself how Long Ao Kingdom is destroyed because of him."

'How dare you hurt who I care about when I'm not around!

'If the ruler of Long Ao Kingdom did not give his order, how would Shen Yue be this daring here?

'He even brought along three Spirit Warriors!

'This is clearly a plot to destroy Liu Yun Kingdom.

'So, what's the harm of killing those Spirit Warriors? What I want is for Long Ao Kingdom to be no more!'

When Feng Ruqing was speaking, she pressed her finger softly on Shen Yue's chest.

A spiritual force was released from her finger and it hit upon Shen Yue's dantian. All of a sudden, Shen Yue's dantian was scattered all over the place under the force of the spiritual force. He was in great pain and he vomited a mouthful of blood again. He seemed quite pale now.

"Aren't you afraid of Fengyun Manor?" Shen Yue gritted his teeth and asked Feng Ruqing.

Feng Ruqing was still talking about the same thing. "You're talking as if Fengyun Manor would let me go if I let you go."

'Fengyun Manor will come and attack us no matter what happens. So, I'll kill Shen Yue first and destroy Long Ao Kingdom.'

"Feng Ruqing, you're just like your mother! A vicious woman!"

Feng Ruqing laughed again.

Feng Ruqing seemed merciless as she stepped onto Shen Yue's chest. Her voice was frightening.

"I beg your pardon. What did you say just now?"

Shen Yue kept his mouth shut quickly.

'This woman is more vicious than Nalan Yan. At least Nalan Yan would kill that person fast and swift without prolonging the pain.'

Feng Ruqing kicked Shen Yue and let go of him when he stopped talking.

"Cousin, I'll let you have him. Don't kill him yet. I want him to see how I destroy Long Ao Kingdom."

Nalan Jing looked at Feng Ruqing in great shock.

He was filled with complicated thoughts. He did not know that the situation would be reversed up until that state.

The arrogant Shen Yue had become their prisoner now.

"Qing'er..."

A weak voice came to her from the back.

Feng Ruqing did not bother about anyone else when she heard that voice. She turned quickly and rushed toward Feng Tianyu. She held her father's hand tightly. "Father, I'm here..."

Feng Tianyu looked at the girl in front of him. It seemed that the girl who had smiled at him beautifully sixteen years ago had come back to him now.

Chapter 302: They Were Quite Fierce I

"You look so much like your mother..." Feng Tianyu coughed a few times.

Feng Tianyu could only speak for a while before coughing again. There were some bloodstains on his mouth. His eyes seemed tired and they were sinking deep into a mist of weakness.

“Father!”

Feng Ruqing’s expression changed drastically.

‘Father can live for another six months depending on his body condition. But, he has used his spiritual power now and the poison has spread in his body uncontrollably.

‘It seems that he can only live for another month.’

“Uncle, go on and take Father to rest now.” Feng Ruqing stood up slowly. She was determined now. “I’ll take care of everything from here on.”

Nalan Zhangqian opened his mouth. He still asked what he dared not asked just now.

“Is there any chance for His Majesty?”

‘The injuries could be healed easily but the poison which has spread...’

“I won’t let anything happen to him!” Feng Ruqing’s eyes were dark.

‘A month... I’ll heal him no matter what.’

\*\*\*

The snow wolf was swift. Feng Ruqing rode on the snow wolf’s back and rushed to the palace. She reached the palace first.

The members of the Iron-Blooded army came afterward.

When the Iron-Blooded army reached the palace, everyone present was shocked. They could not believe what they had just seen.

The second prince of Long Ao Kingdom Shen Yue was shocked too.

He felt that every member of the Iron-Blooded army was much more powerful than him.

There were even two people who had made a breakthrough to Spirit Warrior tier.

“Tang Zi.” Feng Ruqing’s voice was cold and firm. “Go and bring all the people to capture the ruler of Long Ao Kingdom! Kill anyone who resists!”

“Yes, Princess.”

Tang Zi replied obediently.

‘Long Ao Kingdom has infuriated the princess. Its future is ruined.’

“Just capture those of the royal family of Long Ao Kingdom. Leave the civilians behind. Don’t hurt them unless they attack first.”

She was not a villain who would do anything evil and wicked.

She was also not a villain who looked down on the value of life.

She just wanted to kill those who had hurt Liu Yun Kingdom. She did not want Long Ao Kingdom to fall into a pit of massacring blood just because of a war.

"I understand." There was a coldness in Tang Zi's eyes.

Tang Zi had invaded Long Ao Kingdom with the late empress some ten years ago. Now, Long Ao Kingdom was destined to be destroyed in the princess's hands.

Shen Yue looked at Feng Ruqing unbelievably. "Do you really think that you can beat Long Ao Kingdom with your power?"

'Where does her confidence come from?'

"Let him shut up!" Feng Ruqing scolded fiercely.

Nalan Jing took off his one of his shoes and put it into Shen Yue's mouth harshly.

Shen Yue could only make muffled noises and he could speak no more.

Feng Ruqing stepped on Shen Yue's chest and smiled wickedly. "You don't have to wait for long. Soon, the ruler of Long Ao Kingdom will come and accompany you."

After that, she removed her foot.

"Snow Wolf, let's go."

\*\*\*

The entrance of the princess's manor.

Qin Chen stopped walking. He looked at the loli next to him who seemed like a beggar. His face was expressionless. "I promised Qing Qing that I'll send you home first. Go home now."

Tang Yin stroked her clothes reluctantly. Her eyes were fixed on the entrance of the princess's manor. She wanted to speak out as she wanted to stay but the cold look of the youth made her speechless.

'The princess's younger brother is really fierce.

'He does not have even a hint of the princess's gentleness.'

"That..." Tang Yin bit her lip. "The manor I lived in before is not mine and I've only rented it. The rental time is up and I have nowhere else to go now."

Chapter 303: They Were Quite Fierce II

Qian Ning looked at Tang Yin in surprise.

'The manor next to the princess's manor was bought because they wanted to stay there for a long time. When did it become a place for renting?'

'Why didn't she know about it?'

"Alright." Qin Chen's voice sounded cold.

It seemed that Qin Chen was only gentle toward Feng Ruqing.

“And...” Tang Yin was rather shy now. She lowered her head. “What kind of woman does the princess like?”

Qin Chen bit his lip. His aura seemed cold. The cold wind at night became chilly.

“She doesn’t like women.”

‘She doesn’t like women.

‘Doesn’t she like women?’

Tang Yin felt like it was a blow to her head. She almost fainted there and then. She could not even stand properly. Then, she sat on the floor weakly.

Qin Chen was only responsible for escorting Tang Yin back to her place. Thus, he turned and walked away. He wanted to go to the palace and look for Feng Ruqing.

But, he saw a girl riding on the snow wolf’s back in the moonlight just as he turned around.

She was beautiful and mesmerizing.

She seemed like the only color in the dark night.

Tang Yin cried.

She did not realize that Feng Ruqing was back. Her eyes were filled with tears. Her face became rather ugly with tear stains and dirt. It was a pitiful sight.

Feng Ruqing saw what happened and she gave a signal to Qin Chen. “Go back to the manor. I’ll handle this.”

“Alright.”

Qin Chen nodded slightly. He looked at Feng Ruqing before returning to the princess’s manor.

Tang Yin did not stop crying. She only raised her head and looked at Feng Ruqing.

“What are you doing here?” Feng Ruqing frowned and asked Tang Yin.

Tang Yin’s eyes were swollen. “I’m sleepy and hungry. I don’t even have a place to go.”

She had suffered for two months before she finally found Feng Ruqing. Now, Feng Ruqing wanted to leave her behind after she had saved her.

“Aren’t you living next to me?”

‘This young girl lives beside me intentionally to climb over the wall to my place. Why does she have nowhere else to go now?’

Tang Yin used her dirty hands to wipe the tears away. “I’ve left the place for several months and they no longer want to rent it to me. Moreover, there are too many villains outside. The neighbour who lives just next to the house next to mine is very fierce. Qian Ning had accidentally cut down the tree in front of

their house the other day and he went after us with a knife. Those villains bullied us because we have no one to rely on.”

‘Who is the neighbour who is staying next to the house next to Tang Yin’s manor?’

‘That’s right! Isn’t it the Qin family?’

‘Is she talking about Master Qin’s son?’

Feng Ruqing remembered that the tree in front of the Qin family’s manor. It was a tree which over a few hundred years old. It was a tree planted to bring fortune. It was cut down by Qian Ning.

‘How come Master Qin’s son did not kill them?’

“Furthermore, the man who lives at 301 Eastern Street is quite fierce too. Qian Ning had accidentally broken their door when she was chasing a thief. Consequently, that man had brought along an army to look for us. It frightened us so much so that we hid in the pigpen of somebody else’s house.”

“However, the woman of that house was rather fierce too. I had accidentally killed one of her pigs while I was hiding. She scolded me for four hours.”

‘301 Eastern Street?’

‘Isn’t that General Manor?’

‘How much trouble have these two little fellows caused while I was cultivating these past few days?’

‘Moreover, I want to know how have you broken a door when you were chasing the thief and how you managed to kill a pig just by hiding in the pigpen.’

“Xiao Qing, you’re the best. You aren’t fierce at all.” Tang Yin hugged Feng Ruqing’s leg and looked up at her with teary eyes. “Can you just keep me in your manor? If not, I would have to face those fierce people and I have nowhere else to go.”

Chapter 304: They Were Quite Fierce III

Feng Ruqing’s eyes narrowed. She scanned the loli in front of her. A sudden realization hit her.

“Have you heard of Five-Spirit Grass?”

Five Spirit Grass was a herb for treating poison and it was a Grade-5 spirit herb.

Feng Ruqing had made the breakthrough to Spirit Warrior tier now. She could grow Grade-4 spirit herbs. But, she still needed a Grade-5 spirit herb to cure her father’s illness.

Tang Yin was shocked as she lowered her eyes. “I have a few Grade-5 spirit herbs at home. But, I don’t know whether there is any Five-Spirit Grass. I’ll ask for you. If there is, I’ll bring it for you.”

“Little Lady?”

Qian Ning was shocked. The Tang family now only had a few Grade-5 spirit herbs. Even the elders did not dare to use them.

'If Little Lady wants the Grade-5 spirit herb, she needs to sacrifice something.'

"Qian Ning, you go back to the Tang family now. I have a chance to choose a Grade-5 spirit herb in the Tang family. If there is Five Spirit Grass, I want that."

Her status in the Tang family was special and she only had one chance to choose a Grade-5 spirit herb.

But, her strength was not high and Grade-5 spirit herbs were useless to her. Therefore, she had never used that chance.

'But, now... I'll give her whatever she wants.'

'I'll give her whatever she wants!'

"Thank you." Feng Ruqing's throat was rather dry.

'I don't care what kind of purpose Tang Yin has in befriending me, as long as she can help me out now. I'll accept her kindness.'

In fact, Feng Ruqing could plant the Grade-5 spirit herb if she was given ample time. But, she did not have enough time now.

She could not make a breakthrough to Dark Warrior tier in a month's time.

At first, she had thought of the state preceptor but she had not seen him in the Southern Bamboo Grove. Hence, she had no choice but to seek help from Tang Yin.

Moreover, the state preceptor had absorbed a lot of power for Feng Ruqing's sake. He must be hurt badly and so he had not returned to the Southern Bamboo Grove so that Feng Ruqing would not be worried about him.

"Tang Yin, I'll compensate you with a hundred Grade-5 spirit herbs in the future if you could help me find the Five Spirit Grass."

She never had a shortage of spirit herbs. What she was lacking was time.

Tang Yin smiled slightly. Her face was still dirty. But, both her dimples were cute.

"I don't want spirit herbs. I just want to live in the princess's manor."

Qian Ning did not focus on what Feng Ruqing had said. It was because nobody could ever provide a hundred spirit herbs. Even Paramount could never do that.

"Alright."

This young girl was so determined to stay in the princess's manor. She would not give up if she did not achieve her goal.

"Qian Ning..." Tang Yin was serious now. "Go back to Tang Residence now. If they don't have Five Spirit Grass, ask them to go and look for it."

"Alright, Little Lady."

Qian Ning bit her lip. 'It's her decision. I'll support her no matter what.'

Feng Ruqing was relieved. She turned around. "Just come in."

The princess's manor was peaceful and quiet in the dark night.

But, this serene atmosphere was disrupted once Feng Ruqing stepped into the princess's manor.

"Princess, are you back?"

Roar!

Squeak squeak!

Both Qing Ling and Liu Li's excitement was mixed with those sounds made by the spirit beasts. The spirit beasts made excited roars. They quickly rushed toward Feng Ruqing.

The earth bear did not dare to give Feng Ruqing a hug because of its previous punishment. It stopped three meters away from her and looked at her with its excited eyes.

Chapter 305: They Were Quite Fierce IV

Feng Ruqing held out her hand and stopped Qing Ling and Liu Li, who were coming toward her.

"Qing Ling, go to the herbs shop and give them the names of these herbs." Feng Ruqing took out a piece of paper and gave it to Qing Ling. Then, she looked at Liu Li. "You go to Paramount now and ask them to look for Five Spirit Grass for me."

She would not put all her hope on Tang Yin only.

Paramount's influence covered the whole of the mainland. Maybe they could locate some Five Spirit Grass.

Although Paramount might have stock of Grade-5 spirit herbs but there were many types of Grade-5 spirit herbs. Moreover, Grade-5 spirit herbs were quite rare too. So, Paramount might not even have Five Spirit Grass.

She should not put too much hope on that.

"Princess, it is late now. The herbs shop might be closed by now." Qing Ling took the paper and looked at Feng Ruqing hesitantly.

"Just bring Four-Armed Ape with you and knock on the shop's door. The ape's hand is long. If the shop does not have the herbs, they could give me the seeds."

She wanted to use the herbs to cultivate spirit herbs. There was no difference if she used either seeds or herbs.

"Alright, Princess."

Both Qing Ling and Liu Li did not know what had happened. But, they could guess the importance of those herbs to the princess just by looking at her anxious face.

They did not ask anymore questions. They just fulfilled the responsibilities of a maid.

“Beary, I’ve gathered some spirit beasts as servants in Forest of Spirit Beasts. Go and guide them.”

Beary roared excitedly.

It was proven that it could be a king in the Forest of Spirit Beasts if the princess had asked it to go and lead the spirit beasts.

It could no longer be suppressed and bullied by Butler Snow Wolf in the princess’s manor.

It just could not let go of the Divine-Spirit Fruit.

“That’s right. I’ll give you some Divine-Spirit Fruits. Remember to bring them with you.”

There was a vast difference between the Divine-Spirit Fruit cultivated by her and those cultivated by the spirit beasts.

The Divine-Spirit Fruits cultivated by the spirit beasts were ordinary. But, those cultivated by Feng Ruqing were much more delicious. It was because of her extraordinary spiritual power.

Hence, the spirit beasts give up on Feng Ruqing’s Divine-Spirit Fruits even though they had learnt how to cultivate them by themselves.

Surely, Beary had never thought of giving those Divine-Spirit Fruits given by Feng Ruqing to the spirit beasts. They could not even differentiate them so it would just give them the regular ones.

“Spirit Rabbits, both of you go and clean up a room for the guest.” Feng Ruqing patted their heads. Then, she turned and looked at Qian Ning. “Qian Ning, I only have a month. You need to depart tonight.”

Tang Yin was quiet for a while. Then, she asked, “Can you tell me why are you so nervous about getting the Five Spirit Grass?”

‘Five Spirit Grass is used for treating poison. Is Xiao Qing poisoned?’

Feng Ruqing’s eyes darkened. “It will be used to save my father. He has only one month left to live.”

Tang Yin was anxious now. “Qian Ning, quickly depart now. Go and tell the elders in the family that they need to search for the Five Spirit Grass even if there is none of it in the family. Ask everybody to go and look for it. They must find it no matter what.”

Qian Ning was not shocked this time.

‘The young mistress has a special identity in the family. She was not born without any talent. But, she could not train in a fast manner because the elders wanted to protect her.

‘But, she can no longer refuse any request from the Tang family if she chooses to ask for help from them.

‘Her whole life will belong to the Tang family!’

“Little Lady, I understand,” Qian Ning replied with a sigh.

Chapter 306: The Wolf from the Princess’s Manor Has Gone Mad I

Qian Ning wanted to tell Feng Ruqing that Tang Yin really liked her.

But, she could not bring herself to say it.

So, she looked at Tang Yin before she turned and left.

'It is much safer for Little Lady to stay by Feng Ruqing's side!'

Qian Ning disappeared in the dark of the night. The spirit rabbit escorted Tang Yin to the guest room.

The dark night was quiet and serene. The moon shone brightly on every corner of the princess's manor.

\*\*\*

The next morning.

While every living thing was still asleep.

A desperate and angry howl was heard in the princess's manor. It spread to the street outside of the princess's manor.

\*\*\*

The snow wolf had not tasted the Divine-Spirit Fruits for quite a long time since it came back to the princess's manor. Those Divine-Spirit Fruits, which were hidden by it, were eaten by someone else when it was still at the Forest of Spirit Beasts.

Luckily, the snow wolf had hidden the Divine-Spirit Fruits in several places so that the stingy master would not notice it.

But, the snow wolf was shocked when it had dug at its hiding place.

Those Divine-Spirit Fruits which it had hidden in a box had disappeared. The box in the hole was opened too. What was left was only an empty box.

The snow wolf was infuriated and nearly choked on his own blood. It immediately rushed to another hiding spot. But, all it found was an empty box after much digging.

The snow wolf howled in anger.

Its tears ran down endlessly. 'My Divine-Spirit Fruits are stolen... They are stolen. All of them.

'Those were my Divine-Spirit Fruits which I have hidden and saved for a few months!

'All of them are gone!'

The snow wolf howled sadly.

Then it barked endlessly.

Qing Ling heard the snow wolf's angry howls when she had just woken up. Then, those howling sounds became barking sounds. Qing Ling was rather shocked by that.

"Has Snow Wolf... gone mad?"

Everyone who lived near the princess's manor or was passing by the princess's manor at that moment heard the sound of the wolf's howling. It was an endless desperate howling.

Everybody was in fear.

'What has happened to the snow wolf in the princess's manor? It must have gone mad!

'He has even forgotten that it is a wolf and has started to bark.'

They had heard of the incidents of dogs howling like wolves. But, they had never heard of wolves barking like dogs.

Therefore, those people who were walking past the princess's manor could not help but make a detour. Those timid cowards who lived near the princess's manor chose to move to other places.

'A mad wolf is even more frightening than a sane wolf!'

\*\*\*

Feng Ruqing rushed to the mountain and saw that the snow wolf was crying pitifully. The snow wolf seemed sad and desperate.

It was the first time that Feng Ruqing had seen it in that state.

"Snow Wolf!" Feng Ruqing rushed forward and her facial expression was serious. "What's wrong with you?"

The snow wolf howled sadly.

It jumped up and came to stand in front of Feng Ruqing and continued crying.

Feng Ruqing's facial expression turned even more sour. "What's wrong?"

The snow wolf howled again.

'My Divine-Spirit Fruits are all stolen. All of them are stolen!'

"Can you be a normal wolf?"

The snow wolf howled and barked.

"You're not a dog. You're a wolf!"

The snow wolf barked.

Then it hugged Feng Ruqing's thigh tightly. It could not even stand straight because of its crying.

'My Divine-Spirit Fruits are stolen. Even if my master hugs me and kisses me, I'll never feel good again.'

The snow wolf's heart was broken into a thousand little pieces and it would never heal again. 1

Feng Ruqing's facial expression had turned for the worst.

**Chapter 307: The Wolf from the Princess's Manor Has Gone Mad II**

'This wolf has gone completely mad!'

Now, the imperial city knew that the wolf in the princess's manor had become a dog. Feng Ruqing was rather ashamed about this.

"Never mind. You don't even want to tell me what has happened. I am not going to bother about you first. Later, my grandfather wants to go to the Liu family to take care of the issue with them. You cannot go with him now. I'll ask Chen'er to go with him."

'The Liu family?'

The snow wolf jumped up with excitement.

'That's right! It must be that fellow from the Liu family! He has always wanted my Divine-Spirit Fruits. It must be him who stole my Divine-Spirit Fruits!'

The snow wolf barked a few times and it nudged Feng Ruqing with its paws.

Feng Ruqing looked at the snow wolf suspiciously. "Do you want to go with him?"

The snow wolf nodded anxiously and barked in reply.

'I want to go and kill that man! How dare he steal my Divine-Spirit Fruits!'

"Can you speak properly?" Feng Ruqing touched her forehead with her palm.

'Why do I feel that it's embarrassing to let Snow Wolf out?'

The snow wolf barked again.

Feng Ruqing did not know what to say.

'That's the end of it! This wolf has forgotten how to howl like a wolf. I wonder what has happened to it.'

Feng Ruqing subconsciously took out a Divine-Spirit Fruit. Suddenly, she saw that the snow wolf was staring intensely at the Divine-Spirit Fruit just as she wanted to take a bite.

'It looked so angry and sad. There is even hunger in his eyes.'

'Is it possible that...'

"Have all of your hidden Divine-Spirit Fruits been stolen?"

The snow wolf seemed so sad and sorrowful. Its eyes were teary. It was a pitiful sight.

'I see.'

Feng Ruqing finally understood the reason for its madness. She could not help but touch her forehead with her palm.

'The only thing that can make Snow Wolf this mad in the world is Divine-Spirit Fruit.'

"If you can capture all of the people in the Liu family, I'll reward you with ten Divine-Spirit Fruits."

'Ten Divine-Spirit Fruits? They are nothing compared to the number that has been stolen.'

The snow wolf was still feeling sad.

'That old man from the Liu family is really bad! How could he steal my Divine-Spirit Fruits?'

"Also, be nice outside and talk properly. Don't embarrass me."

The snow wolf howled and barked in reply.

Then he quickly replied. 'Everything is just fine if I have the Divine-Spirit Fruit.'

Feng Ruqing raised her eyebrows.

It scared the snow wolf so he quickly howled in reply.

"Faster go to Liu Manor and capture all of them."

'Liu Yunxiao dared to disobey the emperor's order in that dangerous state. Surely, he must be punished.'

Moreover, Feng Ruqing believed that Liu Yunxiao would definitely hurt her father if she had not come to the rescue or if her grandpa and father were not as powerful as the enemies.

'Those kind of people cannot be left to live.'

'But, Liu Yunxiao ran away that night when grandpa wanted to locate him. Moreover, the palace was in chaos and I wanted to come back to cultivate spirit herbs. Thus, I had overlooked this matter.'

'It might be too late if we go now.'

'But, Liu Yunxiao would be the only one who can run away at night. It's impossible that the whole Liu family could make the escape so soon.'

Feng Ruqing still asked the snow wolf to accompany her grandfather even if Liu Yunxiao was no longer at Liu Manor just for safety purpose.

It was just like what Feng Ruqing had expected. Liu Yunxiao did not even return to Liu Manor the night he saw what happened. He ran away there and then. The people of General Manor were unable to capture him.

Liu Yunxiao was the only one in the Liu family who had disobeyed the emperor's order. So, the emperor could not punish the Liu family because Liu Yun Kingdom had its laws.

So, General Manor could only put people from the Liu family under house arrest. They made Liu Manor a prison. Those of the Liu family were locked up in there.

### **Chapter 308: The Wolf from the Princess's Manor Has Gone Mad III**

The snow wolf could not take revenge on Liu Yunxiao which made it so angry that it had destroyed Liu Manor.

The snow wolf did not only destroy the food in the kitchen but also dirtied the water in the well with its urine and faeces.

The Liu family could not leave Liu Manor. But, they still needed to eat and drink. So, they had no choice but to eat the food which was destroyed and drink the water which was tainted by the snow wolf.

The snow wolf was quite satisfied with what it had done. Then, it left happily.

The people who followed the snow wolf there could not understand the reason for the snow wolf's action. They wondered what kind of relation the snow wolf had with the Liu family.

Feng Ruqing explained the story at last and the others soon understood the situation. They did not realize that Liu Yunxiao would be so crazy as to annoy a wolf.

Now, they understood why the snow wolf was mad since the night before. The snow wolf had met Liu Yunxiao at the banquet hall and it caused it to have nightmares that night. That was the reason why it was crazy.

'That's all Liu Yunxiao's fault!'

Liu Yunxiao was hiding in the depths of the mountain at that moment. He did not dare to make an appearance. So, he did not know that he was quite famous in the whole land.

He was famous but not in a good way.

\*\*\*

"Liu Li."

The princess's manor was quite serene and quiet compared to the noise outside the manor.

Feng Ruqing took out the spirit soup she had just brewed and poured them into a few bowls. Then, she said, "Take these bowls of soup to those ministers. They were hurt last night to protect Liu Yun Kingdom. You can take it to them later."

Some ministers healed after they ate herbal fruits. But, some ministers had more serious injuries. They could only heal faster with the aid of spirit soup.

But, where did the spirit herbs come from?

Although the spirit herbs in the medium were scarce because they had been eaten, there were quite a number of spirit herbs in the mountain. The spirit beasts had helped to cultivate Grade-3 spirit herbs. She could make use of them quite easily.

"Moreover, there are people from General Manor and others who are loyal to my father and mother." Feng Ruqing was silent for a while. "Qing Ling, you go with Liu Li. Give five Grade-3 spirit herbs, ten Grade-2 spirit herbs and a hundred Grade-1 spirit herbs to every manor."

Qing Ling was stunned. "I cannot take so many spirit herbs with me. They are heavy."

Feng Ruqing touched her chin. Then, she saw Tang Yin who was just walking toward them. Suddenly, a smile appeared on Feng Ruqing's face.

“Tang Yin, lend me your storage bag. I’ll return it to you later.”

Tang Yin was very generous. She took out her storage bag and put it in Feng Ruqing’s hands.

“I’ll give it to you. It’s yours now. I don’t want it anymore.”

‘Somebody once mentioned in a book that I have read that one must be generous toward women. Women do not favor stingy people.

‘Now, only generosity can help me capture her heart!

‘I’m quite generous now. Will Xiao Qing like me?

‘I’m happy just thinking about it!’

“Then, I’ll take it as your rent. You can live here as long as you want.” Feng Ruqing took the storage bag with a smile. She transferred the things in the storage bag to the medium. Then, she gave it to Qing Ling. “You can put all the spirit herbs in the storage bag at one go. You don’t have to go to and fro just to distribute the spirit herbs.”

Qing Ling was excited. ‘That’s a storage bag! I’ve never seen one before.

‘This girl who likes to climb over the wall is so generous!

‘It’s much more convenient with the use of a storage bag.’

She took the storage bag happily and smiled. “Princess, I’ll go and do it now.”

### **Chapter 309: The Wolf from the Princess’s Manor Has Gone Mad IV**

“Go ahead.”

Feng Ruqing gave her order.

She was never stingy toward the loyal ministers.

‘Furthermore, they can help protect Liu Yun Kingdom in a much better way if their strength is improved.’

“Send a pot of wine to General Manor, the Qin family, Wei family, and also the Jiang family respectively. I want to go and visit my father in the palace. You’ll help me to send the wine.”

‘The Qin family, Wei family, and Jiang family are three famous and powerful families in Liu Yun Kingdom. Grandfather trusts them.

‘I trust my grandfather and so I trust those three families too.’

Master Qin had made a breakthrough to Spirit Warrior tier and there were only two families left now. There would be a Spirit Warrior in each family soon with the assistance of the spirit wine.

‘I’ll go and avenge my mother when Liu Yun Kingdom’s power is strong and stable.’

“Yes, Princess.”

Liu Li looked at Feng Ruqing with mixed emotions. "Princess is very outstanding now. If the empress is still alive, she would be very satisfied and happy."

But, Empress Nalan's death had become a pain in everybody's heart. It was also a great loss to Liu Yun Kingdom.

\*\*\*

The chancellor's manor.

The chancellor listened to his subordinate's report. His breathing was quick and heavy and he clenched his fists tightly. "Are you saying that the princess has given some rewards to a few ministers? Are there three Grade-3 spirit herbs in the reward?"

'Five Grade-5 spirit herbs, ten Grade-2 spirit herbs, and a hundred Grade-1 spirit herbs!'

The chancellor's heartbeat increased when he heard of this news.

He could not help but stand up. There was happiness and anxiety on his face. "Do you know why the princess is giving such rewards?"

The imperial guard replied obediently, "I learnt that from the maid who works in the princess's manor. Those rewards are given to the ministers who took the initiative to fight Long Ao Kingdom yesterday night during the feast."

Boom!

The chancellor's body became weak and he fell down on his chair. His face was pale and he could not help but clench his fist as he slammed it on the table.

'What did I do... that night?

'A lot of ministers did not bother about how strong the enemies were. They just rushed forward to protect Liu Yun Kingdom.'

'But I... I just hid in the corner and I dared not move. I was afraid that the people of Long Ao Kingdom would notice me.'

The chancellor did not think that his actions were wrong. 'It's reasonable if one wants to protect one's own life.'

A clear sound was heard from outside.

The chancellor raised his head and saw Lady Liu standing at the door. There was a broken bowl on the ground in front of her.

The soup was all over the place but she seemed not to care about it. She walked toward the chancellor and she seemed quite shocked.

"Husband, did I hear wrongly? Five Grade-3 spirit herbs, ten Grade-2 spirit herbs, and a hundred Grade-1 spirit herbs! They are given to not only one minister. Where has Feng Ruqing obtained all these spirit herbs from? Are they given to her by His Majesty?"

But, it was a totally different concept with having all those spirit herbs and giving them away.

If they were given to Feng Ruqing by His Majesty, it meant that she had more spirit herbs because she could be so generous to give some of it away.

The chancellor frowned. "Lady, you've forgotten your place again. She's a princess and you cannot address her by her name. Moreover, all the spirit herbs of Liu Yun Kingdom are stored in the national treasury. I know very well how many spirit herbs there are. Those spirit herbs are not given by His Majesty. They belong to her."

Lady Liu was shocked. Her voice was trembling. "But, isn't Feng Ruqing a useless person? Where has she obtained so many spirit herbs from? Did she go to the spirit shop to buy those spirit herbs? That would surely have cost a lot of money."

'If... If Feng Ruqing were still my daughter-in-law, then those spirit herbs would be mine.'

"A useless person?" The chancellor looked at Lady Liu. There was sarcasm in his smile. "You said that she's a useless person but how was she able to break the Spirit Warrior's neck in so short a time. She even possesses a Tier-4 wolf. There are even two members of the Iron-Blooded Troops who have made a breakthrough to Spirit Warrior tier. Do you still consider her a useless person with her strength and talent?"

Lady Liu was stunned. 'Break the neck of a Spirit Warrior in an instant?'

"Besides, I don't care how she has obtained those spirit herbs but the fact is, she possesses many spirit herbs." The chancellor laughed coldly. "All of you were against the idea of Yuchen marrying her before. I was the only one who agreed to that. But, what did you do after that? All of you had treated her badly and she had no choice but to leave. Now, we have to suffer the great loss."

'I don't care what status Feng Ruqing has. The number of spirit herbs in her hand could help me make a breakthrough to not only one tier higher.'

Lady Liu was silent for a while. She felt awkward. "How am I supposed to know that she has many spirit herbs?"

'If I knew this, I'd never allow Yuchen to divorce her.'

"That's enough. Go and tell Yuchen to capture Feng Ruqing's heart again. If he is unable to do that, he can never return to our family." The chancellor could not help but say what he had to. There was a flash of coldness in his eyes. "For Tan Shuangshuang, I can allow her to stay in the Liu family but I'll never let her enter Yuchen's room, not even as a concubine."

At first, Feng Ruqing did not allow Yuchen to get a concubine and that was the reason why there were many conflicts between Feng Ruqing and Yuchen. If Tan Shuangshuang was allowed to enter Yuchen's room, there would never be any chance of anything happening between Feng Ruqing and Liu Yuchen left.

Lady Liu was quite angry when the chancellor talked about Tan Shuangshuang.

'I favored Tan Shuangshuang before because she is the daughter of the grand tutor and her status is almost similar to Yuchen's. Moreover, she is kind and gentle.

'But, Tan Shuangshuang clearly wanted Yuchen to leave me behind that day at Paramount. She had intentionally wanted Yuchen to sacrifice his mother and choose her instead.

'Yuchen is my son and I didn't know where Tan Shuangshuang's confidence came from. Why would she think that Yuchen would choose her instead?

'Tan Shuangshuang even said that she would endure those beatings willingly.

'If she was really willing, why did she not mention that before? Why did she wait until Yuchen had made the decision before crying anxiously? I just don't know why she had acted like that.'

"Husband, I was wrong. I did not realize it. Later, I'll ask Yuchen to go and look for the princess and that he must capture her heart again."

Lady Liu's eyes brightened at this.

'The Spirit Warrior was nothing to the princess. So, she must be a Spirit Warrior too.

'Moreover, she has a lot of spirit herbs.

'As for Tan Shuangshuang, the grand tutor has been dismissed. She's no longer a suitable match for Yuchen. Therefore, Feng Ruqing is clearly a better candidate as Yuchen's wife.'

Lady Liu did not linger there for long when she thought of this. She turned and left the living room. Then, she walked toward the backyard.

She could hear some commotion from afar. It seemed that somebody had pushed aside all the ceramic tea sets, which were placed on the table, onto the floor. All of them were broken.

She stopped walking and frowned. She seemed impatient. Then, she pushed open the door of the room and walked in.

Tan Shuangshuang lied on the table and cried pitifully in the room. The maid beside her consoled her but Tan Shuangshuang seemed to not care.

Tan Shuangshuang cried desperately—there was anger and hatred in her crying.

"Just leave." Lady Liu frowned and scolded them.
