### Chapter 381: When the Kingdom Is Under Attack, Stand up and Fight Back II

Otherwise, the troops from the four kingdoms would not be so daring.

Tang Zi had tasked someone to inform the three-striped tiger. It was a pity that the three-striped tiger was still at the Forest of Spirit Beasts, far away from the city. She needed more time....

“Tang Zi, if you are willing to surrender, you could be the general of Tian Xuan Kingdom.” An old man with an iron bomb lowered his eyes and glanced at Tang Zi.

“I follow no one but Her Highness. I will always stand guard over Her Highness and never betray her for the rest of my life.” Tang Zi sneered.

“Don’t cross the line! Otherwise, don’t blame me for being merciless.”

A glimpse of viciousness flashed through the old man’s eyes. In a flash, an overwhelming aura rushed toward Tang Zi.

Originally, Tang Zi could barely handle a Spirit Warrior. With this old man joining the attack, they were far beyond her. Nevertheless, she did not take a step back. She stood rooted to the spot as she wanted to protect the Liu Yun kingdom that was behind her.

As Tang Zi could not handle them, the sword of the old man pierced through her left shoulder. In an instant, blood oozed from the wound, stained her robe red.

Roar!

A loud roar sounded from behind.

Tang Zi turned around only to see that all the spirit beasts from the princess manor were rushing up to her. Qing Ling and Liu Li were rushing after the spirit beasts.

That was not all, all the nobles and officials in the imperial city who knew about the raid, young and old, were rushing her way together with the troops.

“Why you all are here? Stay away!” Stunned, Tang Zi knitted her brows together.

It was fine for the snow wolf to be here as he was a Tier-4 spirit beast. The rest of them, without attaining Spirit Warrior tier, was no doubt seeking their own demise.

“Squad leader Tang Zi, because of Her Highness, we have been taking plenty of herbal dishes. Moreover, the spirit beasts have always been helping us in the cultivation. Even though our strength is still weak... but...” Liu Li pursed her lips together. “This is something to do with our kingdom. No matter how weak we are, we will not sit back and do nothing,” Liu paused for a while and continued.

This was the matter of the rise and fall of the kingdom. All the civilians of Liu Yun Kingdom must stand up to defend their kingdom. Even if their strength was no match for the opponent, they must fight!

The same went for the rest. Even though they could feel the overwhelming aura of the Spirit Warriors, they would never step back.

At this very moment, a strange feeling seized Tang Zi's heart and she could not say a word.

Besides the officials and nobles, she could see the civilians, who had not attained any warrior tier, from the tender age of ten to sixty years of age.

Howl!

The snow wolf howled furiously before pouncing on the old man who attacked Tang Zi.

The snow wolf was taking a nap on the mountain behind the manor. He had never thought that the imperial city would sink into chaos when he woke up.

'You bastard! Don't you dare to hurt my master's subordinate! If I could let this slide, I don't deserve the Divine-Spirit Fruit from my master!'

The old man's face slightly darkened. He took a few steps backward to catch his balance, his sword blocked the snow wolf's sharp fangs.

Clang!

The snow wolf bit into the sword and broke it into pieces in a flash. The sword was crispy but tasteless.

Tang Zi quickly regained her focus. She knew that all of them would not leave even if she forced them.

In the chancellor's manor.

"Yu Chen, you must not go! Stay back!" Lady Liu clung onto Liu Yuchen's thigh as she cried out loud.

Chapter 382: When the Kingdom Is Under Attack, Stand up and Fight Back III

"Mother, Liu Yun Kingdom... is falling apart." Liu Yuchen's body stiffened. He paused as he talked to the lady behind his back. His eyes were filled with sorrow.

This time was different from the incident in the palace. Back then, the people of Long Ao Kingdom only wanted to challenge the Nalan family. Even if they usurped the throne, they would never devastate Liu Yun Kingdom.

This time, the four kingdoms were working together in an attempt to wipe out Liu Yun Kingdom. Could the eggs remain unbroken when the nest was completely overturned?

Rumor had it that the people of the four kingdoms had massacred and slaughtered civilians of Liu Yun Kingdom. Even if Liu Yuchen was such a coward, like Chancellor Liu, he knew it well that if the four kingdoms took over Liu Yun Kingdom, simply no one could survive.

Everyone had rushed to Tang Zi's rescue to defend their homeland. Even the lady of the Mu family—Mu Qing'er had rushed to the city's gate. Should Liu Yuchen even call himself a man to hide at his own manor now?

"No! Yuchen, you must not go! Let them fight for us! If they all die, you can't turn the whole situation around with your own strength! I can't live without you. Let's pack up and leave here." Lady Liu cried her heart out and held onto Liu Yuchen's thigh tightly.

"These people from the four kingdoms have surrounded the whole imperial city. Do you still think we could escape from the city? When they have successfully attacked the city, we would all die. They are truly ruthless and they will not let go of any of us." Liu Yuchen smiled wryly.

"You must not go! Let them fight for us! As the members of the Liu family are civil officials, naturally, we are not meant for battling. Let them make the frontal attack. You must not go!" Lady Liu screamed sharply, her face was contorted in anxiety.

"Mother..." Liu Yuchen's body stiffened even more.

"I have said. You are not allowed to go! If you dare to step out of this manor, I will take my own life." Lady Liu loosened her grip on Liu Yuchen's thigh, took out a dagger, and placed it near her neck.

"Mother, I know you are afraid of death." Startled, Liu Yuchen stared at Lady Liu for a long while before he said.

One would never dare take her own life if she was afraid of dying.

Liu Yuchen had always been filial and obedient. But this time, he wanted to follow his heart.

Liu Yuchen turned to leave the manor. However, before he stepped out of the manor, an aura rushed up to him and hit him on his back. He fell forward, hitting his head on the ground. He could vaguely see a solemn face before he lost his consciousness.

"Yuchen, even if you want to die, don't put the whole Liu family in trouble. If the four kingdoms wiped out Liu Yun Kingdom, we can still surrender. With the strong foothold of the Liu family in this realm, the four kingdoms would naturally accept us. On the contrary, if you get into the battle and offended the four kingdoms, we are finished!"

He must never let Liu Yuchen put the Liu family into trouble. What was so wrong remaining alive? Why must Liu Yuchen seek his own demise? Everyone must learn to protect themselves in times of trouble. Fighting for the kingdom was total nonsense! If Liu Yun Kingdom fell apart, the Liu family could go to another kingdom for shelter.

Chancellor Liu's words echoed in Liu Yuchen's ears before his vision turned dark. His eyes were filled with disbelief and shock.

"Lady, take him away to get some rest. He is such an idiot. He does not even know what he should and shouldn't do. He is digging his own grave," Chancellor Liu said as he frowned.

There were too many idiots in this world...

Chapter 383: When the Kingdom Is Under Attack, Stand up and Fight Back IV

At the same time, everyone gathered at Paramount. The atmosphere was full of sorrow.

“You haven’t reached the young master yet?”

Half a month ago, something had happened in the clan and the ninth young master had gone back to the clan together with some masters. No one had ever seen him since.

However, they could hardly reach the young master on normal days. They had gotten used to it.

This time, the four kingdoms had worked together to attack Liu Yun Kingdom. They wanted to know what was on the young master’s mind and were waiting for his command.

“Should we help them? Paramount does not belong to Liu Yun Kingdom. By right, we need not help. However, the young master truly cares for Her Highness Feng Ruqing. If we sit back and do nothing, we might offend the young master...” A young man furrowed his brows with a nagging feeling in his heart.

As the headquarters of Paramount was not located in Liu Yun Kingdom, there were not many masters here. The only Dark Warrior had left with the young master and there were only two to three Spirit Warriors left in Paramount of Liu Yun Kingdom. They truly had no idea if they were capable of helping Liu Yun Kingdom. Most importantly, they wanted to know the young master’s decision. If the young master decided to help, these Spirit Warriors would not hesitate to risk their lives for the kingdom.

His brows knitted together, and one of them was raised.

“The young master seems to like Her Highness Feng Ruqing very much. If he knows that we didn’t help her, he would explode with rage. Feng Lan, why don’t you get into the palace? I heard that someone has sneaked into the palace. Zhao Xi and I will rush to the city’s gate.”

Feng Lan was the only lady out of the three persons.

“Alright.” She nodded slightly.

The young master had always been keeping a close eye on Feng Ruqing. He must have fallen for her. Hence, the people in Paramount must not turn a blind eye to Liu Yun Kingdom.

In the Yang Xin Hall.

Half sitting on the bed, Feng Tianyu coughed softly, his face was ghastly pale. He moved backward and let his head rested against the wall.

“Eunuch Ling, how long have you been serving me?”

“This old servant had started serving Your Majesty ever since you were still a crown prince.” Slightly startled, Eunuch Ling who was still waiting beside Feng Tianyu smiled wryly.

Feng Tianyu smiled wryly and took out a jade ring under the pillow. The jade ring was so beautiful. It was translucent and glistening like a crystal.

“Eunuch Ling, please leave the palace for Feng Ruqing. Give her this ring...”

“Isn’t this... the previous emperor’s...” A look of disbelief and shock crept into Eunuch Ling’s eyes.

“Eunuch Ling, my father gave this to me before he left the palace. Take this ring as a pledge of our relationship so my father knows that she is his granddaughter. Qing’er is very talented. One day later, she would go into that place and meet him. With my poor health, I am afraid that I would never get into that place.” Feng Tianyu closed his eyes slowly as he said in a weak voice.

The whole realm only knew that the former emperor was the emperor of Liu Yun Kingdom and commanded the greatest respect. Simply no one knew the former emperor’s other identity. However, the former emperor had entered that place and could never return for the rest of his life.

As for Feng Tianyu, not only did he had poor health, he had devoted himself entirely to the kingdom and state affairs. Hence, he did not have much time for cultivation.

Moreover, Feng Ruqing was not capable of handling the kingdom affairs previously. Hence, he could not leave the palace for cultivation. Perhaps, he could never meet his father for the rest of his life.

It was fortunate that Feng Ruqing had changed. She was extremely talented. Perhaps, there was still a chance...

Chapter 384: He Does Not Want Her to Feel Lonely and Helpless I

“Your Majesty, doesn’t the former emperor...” Eunuch Lin bit back his words in shock.

‘His Majesty said that the former emperor is still alive? If that was true, His Majesty and Empress Nalan would not have to suffer the hardships and no one would have dared to mistreat them.’

“He is still alive, but he had a contract with those people that he would leave the city and never return to this place for the rest of his life.” Feng Tianyu smiled wryly as he shook his head.

By doing this, the whole realm would regain its peace and tranquillity.

“Eunuch Lin, my father had exchanged his lifetime freedom for the peace of this realm. Otherwise, simply no one knows if the five kingdoms would still exist. If he knew that the people of the four kingdoms are attacking us. Would he regret it?” Feng Tianyu heaved a sigh melancholically.

When Feng Tianyu was still young, he was reading the memorial when his father had rushed up to him with his body covered in blood to bid him farewell. Only then he realized his father’s actual strength. His father had battled with a group of people for three days and came in neck and neck.

The former emperor could not help but draw a contract with those people to stop them from massacring the people of Liu Yun Kingdom or hurting anyone around him.

He had gone to a place without any way to turn back. In return, three influencers from the reclusive world were selected to stop anyone in the reclusive world from laying his hands on the civilians in the secular world. Whoever broke the promise would suffer the vessels of wrath.

“Your Majesty, the former emperor truly cares for the kingdom. Moreover, he never knew that there were actually other people who would harm Your Majesty and Empress Nalan besides the people from the reclusive world...” Eunuch Lin sighed softly.

“I did not understand his decision back then. If I were him, I would not give up my freedom for the kingdom’s well-being. Nothing is more important than my own family.” Feng Tianyu smiled wryly.

“However, later on, I begin to understand. My father is the real emperor who reigns over the kingdom. He had concealed his own strength as he had long planned to get into the reclusive world. He was worried that those people would take revenge on him and hurt me. Hence, he had tasked me to handle all the kingdom affairs to train me.

“He was a father and the emperor of Liu Yun Kingdom. He wanted to protect me and, at the same time, keep an eye on the whole kingdom. Even though I am no match for him, I had always admired him.”

Ever since Feng Tianyu fell sick, he could hardly talk. Now, he was explaining so much as if he was afraid that Feng Ruqing would not know about this. Hence, he told Eunuch Lin everything.

“Your Majesty, you are a wise emperor too.” Eunuch Lin’s voice was trembling.

“No, I am just a father.” Feng Tianyu shook his head with a smile on his face. He would never leave his daughter behind for his life.

“Eunuch Lin, Qing’er went to the Tang family. Take this jade ring and look for her. Tell her not to come back to Liu Yun Kingdom again. She is my only daughter. She must not die. Tell her not to avenge me without being sure that she will succeed.” Feng Tianyu smiled faintly.

Liu Yun Kingdom’s enemies were not only the four kingdoms. Since the Liu family was part of this attack, that influencer had taken part too. Feng Tianyu did not want Feng Ruqing to deal with such great trouble before she was fully grown up.

Chapter 385: He Does Not Want Her to Feel Lonely and Helpless II

“Your Majesty! I don’t want to leave you. Please let this old servant stay with you.” Eunuch Lin nearly burst into tears.

“Eunuch Lin, Liu Yun Kingdom’s number is up. Since you are quite close to Qing’er, Stay with her. I am worried that there is no one close to her by her side in the future. How can I leave her alone and helpless?” Feng Tianyu’s eyes were filled with pain.

Eunuch Lin’s body trembled slightly.

Feng Tianyu was right. Everyone that Feng Ruqing loved—the Nalan family, the Iron-Blooded army, the spirit beasts, and the two little maidens were all in the Liu Yun Kingdom. If the kingdom had truly fallen, Feng Ruqing would be all alone. Thinking of his, Eunuch Lin’s heart was broken.

“Your Majesty, don’t worry, I will take good care of Her Highness.” Eunuch Lin’s eyes were flooded with tears as he was reluctant to leave.

Ever since Eunuch Lin was little, he had entered the crown prince manor and served the emperor for his whole life. How could he leave the emperor now? However, he could never leave the princess all alone, helpless.

Feng Tianyu broke into a smile.

An exquisitely gorgeous face flashed before his eyes. She was still as stunning as she was when they first met. Her dazzling smile was like a cupid's arrow, piercing his heart and he could never let go of her for the rest of his life.

"Yan'er, I can finally see you..."

"I would be so proud to tell you that our daughter has turned out to be such an amazing lady when I meet you in the underworld."

Nalan Yan told Feng Tianyu that if she departed this life before him, she would wait for him under the Bridge of Helplessness and drink Meng Po Soup together with him so they could be a couple again in their next lives.

Now that Feng Tianyu had brought up their daughter, he could finally meet his late wife. She was no longer waiting for him alone, glancing at the people coming and going in the underworld.

A drop of tear fell from the corner of Feng Tianyu's eyes. He began to cough violently and blood gushed out from his mouth. Collapsing to the bed, his face was drained of color. His dignified demeanour vanished in an instant.

"Your Majesty!" Eunuch Lin kneeled down beside the bed, his words were choked by sobbing.

"Cough! Cough! Go now. If you don't leave now, you may not be able to leave later," Feng Tian coughed as he said.

As soon as Feng Tianyu finished his words, the door of the Yang Xin Hall creaked open.

Stunned, Feng Tianyu turned his head sideways only to see a lady in a violet robe standing at the door.

Ding! Ding!

With a cold smile on her face, Liu Rong stepped into the hall, the golden dangling ornaments on her hair jingled as she walked. The sound was extremely awkward in a hall that was dead silent.

"Your Majesty, your consort is here to serve you. Currently, I am the only one who can serve you in the palace." A faint smile hung on Liu Rong's lips.

"Why are you here?" Seeing Liu Rong, Feng Tianyu's face darkened.

"Your Majesty, you don't want to see me? Back then at the flowers feast, I have fallen for you at first sight. However, you only had eyes for Nalan Yan. I was such a fool to give you my heart." Liu Rong paused and let out a boisterous laugh.

"My heart is so tiny that it can only keep Yan'er. Even the whole realm is no match for her. As for you, you are no match for the whole realm. How can you compare yourself with her?" Feng Tianyu smirked.

Hearing this, Nalan Yan's face contorted with rage.

"What is so good about Nalan Yan? You were so in love with her when she was alive. Now that she is dead, you still love her. I have drugged you and had almost slept with you. But she was still on your mind even when you lost consciousness."

Chapter 386: He Does Not Want Her to Feel Lonely and Helpless III

Back then, as Liu Rong was extremely lonely in the cold palace 1, she could not resist the temptation and got pregnant with Feng Rushuang. However, if this was made known to others, she would definitely lose her life.

Moreover, Liu Rong was so in love with Feng Tianyu. She could not resign herself to the fact that Feng Tianyu did not love her back. Hence, she listened to him and drugged Feng Tianyu.

The drug was no ordinary philter. It was so extremely strong that it could make Feng Tianyun mistake Liu Rong for the lady that he loved the most. Liu Rong thought that she could get close to his heart by doing this. However, Feng Tianyu could actually tell the difference, at first sight. He knew that Liu Rong was not Nalan Yan and had nearly hurt her.

It was fortunate that Feng Tianyu had lost his senses being drugged. When he woke up, he had forgotten everything that he did.

Liu Rong wanted Feng Tianyu to think that he had slept with her and that Feng Ruhuang was his biological daughter.

'Haha! Even if Feng Tianyu is smart, he has actually been deceived for years'.

"Feng Tianyu, Liu Yun Kingdom's number is up. The whole Nalan family is gone. You will never know that you did not sleep with me even when you die. Shuang'er, who has always been calling you her father, is not your biological daughter." Liu Rong sneered.

Hearing this, Feng Tianyu was still calm and composed as if he knew it long ago.

"You...Aren't you angry? I have hurt your dignity. You are the emperor of Liu Yun Kingdom but have actually been cheated for so long." Seeing Feng Tian's reaction, Liu Rong's face darkened a few shades.

"Liu Rong, you don't know me. You have no idea about the relationship between Yan'er and I." Feng Tianyu smiled faintly.

Dumbfounded, Liu Rong stared at Feng Tianyu in bewilderment.

"I have never mistaken you for Yan'er even when I was drunk or drugged. Her spirit had been deeply engraved in my bone. Even if I mistook your face for hers, I would never mistake you for her."

"Feng Tianyu, how could you know..." Liu Rong's body stiffened.

Liu Rong only told Feng Tianyu that he did not sleep with her. How did he know that he was drugged and mistook her for Nalan Yan?

“Liu Rong, I knew very well that Feng Rushuang is not my daughter a long time ago.”

Feng Tianyu had been showing Feng Ruqing so much of love and affection but Feng Rushuang did not get the slightest bit of it as Feng Tianyu knew that Feng Rushuang was not his biological daughter.

“In fact, I knew that you had an affair with someone in the reclusive world. Feng Rushuang is associated with him too. Otherwise, you would have died long ago. I still spared your life even if you have done so many wrongdoings. Do you truly think that I am so patient? I just want to know who that person is.” Feng Tianyu sighed.

That person had taken Nalan Yan’s life and Feng Tianyu had been searching for him for a long time, but all his efforts had gone down the drain. Who could he be?

“However, I regret that I had devoted myself entirely to taking revenge and never thought that you would lay your hand on Qing’er. Originally, I thought that the person in the reclusive world wanted to kill me through you. Little did I know that you would actually target Feng Ruqing.” Feng Tianyu sighed.

Later on, Feng Tianyu regretted the things that he did but it was too late.

He spared Liu Rong’s life back then as he knew that Liu Rong was associated with the person in the reclusive world. If he had killed Liu Rong, he was no doubt beating the grass to startle the snake. He feared that he would never know who the mastermind was.

Chapter 387: He Does Not Want Her to Feel Lonely and Helpless IV

If only Feng Tianyu knew that Feng Ruqing would be so close to Liu Rong, he would not hesitate to alert the mastermind behind this and penalize Liu Rong with any excuse.

Hearing Feng Tianyu, Liu Rong’s eyes darkened.

In fact, approaching Feng Ruqing was her own plan. As she had hated Nalan Yan, she wanted to ruin her daughter. She wanted Feng Ruqing to be separated from her kin and live in Feng Rushuang’s shadow for the rest of her life.

“Liu Rong, that person from the Divine Herbs Sect... Feng Rushuang’s biological father is here. Am I right?” Feng Tianyu smirked.

‘The Divine Herbs Sect!’

That person had always been hiding and did not dare to lay his hand on Feng Tianyu for years as he did not want Feng Tianyu to know his true identity or get penalized for breaking the rules.

Feng Tianyu only knew this two days ago through Liu Rong.

However, it was too late. Feng Tianyu could never avenge Nalan Yan. He only wished that he could bring this message to Feng Ruqing so she knew who her true enemy was.

“Feng Tianyu, no matter what, you have lost.” Liu Rong walked up to Feng Tianyu as she stared at him affectionately. The wrath in her eyes vanished without a trace.

Liu Rong was truly in love with this man. As she knew that she could never see him again, she wanted to look at him as long as she could.

Feng Tianyu smiled faintly, his stunning face was still calm and nonchalant.

“No, I haven’t lost. My love for Yan’er is never lost.”

Even if Feng Tianyu had lost the whole realm, he did not lose Yan’er. The whole realm was no match for her. The only thing that Feng Tianyu wanted was Nalan Yan. Hence, Feng Tianyu truly admired his father as his father could give up everything for the peace of this realm.

“Feng Tianyu! Nalan Yan is nothing but a jinx. She caused the fall of Liu Yun Kingdom.” Seeing Feng Tianyu’s affectionate gaze, Liu Rong was burning with jealousy.

A beauty had always been a scourge. This was especially true for Nalan Yan, whose beauty could overthrow the kingdom. She was the root of all troubles.

“Feng Tianyu, let me tell you this. It’s all because of Nalan Yan. It is her beauty that had attracted the young master of Divine Herbs Sect—Zhen Yang. She seduced him but did not want to be his wife. Hence, everything that happened to Liu Yun Kingdom is all because of her.” Liu Rong sneered as she suppressed the anger.

Not only was Nalan Yan still in Feng Tianyu’s mind, but even Young Master Zhen Yang also kept murmuring her name when he slept with Liu Rong. She did not know why all the men had changed once they met Nalan Yan.

The Young Master Zhen Yang did not even get married all these years because of Nalan Yan. Even though he had plenty of beautiful concubines, none of them were made the principal wife.

Apparently, Liu Rong did not fall for Young Master Zhen Yang. She was just taking what she needed from him. However, she could not resign herself to the fact that there were plenty of decent men who fell for Nalan Yan.

“What is the purpose of telling me this? Even if someone had taken her away, as long as she is alive, I would still have the chance to win back her heart. However, once she is dead, there is nothing I can do.” Feng Tianyu smiled wryly.

Chapter 388: Qin Chen I

How Feng Tianyu wished that Nalan Yan was still alive and stayed at a place in Cang Yue Mainland.

Even if Nalan Yan was taken away by the people who drooled over her beauty, so long as she was still alive, Feng Tianyu did not care if she was all alone or she already had someone by her side.

He did not even care if she had given her heart away and did not want to come back to him. He only wished her to be still alive.

“Nalan Yan is beautiful, but it is not her fault. The people of Divine Herbs Sect had taken my wife away. She was the most innocent person.” Feng Tianyu’s eyes were fixed on Liu Rong.

It was not Nalan Yan’s fault. She was innocent and she had lost her life because of her beauty. It was those people who drooled over her beauty to be blamed. Feng Tianyu did not allow anyone to point her finger at Nalan Yan.

Burning with jealousy, Liu Rong quickly unsheathed her sword and pointed it at Feng Tianyu.

“Feng Tianyu, I want you to call Nalan Yan a slut! Say it!”

Feng Tianyu merely closed his eyes with a smile on his face.

“My Yan’er is the best lady that I have ever met. She is unparalleled in the whole realm.”

“Feng Tianyu, are you still the emperor who stood aloof from the masses and the top of Liu Yun Kingdom? Now, you are just as weak as a chicken. Do you truly think that I won’t kill you because I love you? If you don’t do as what I said, I will kill you!” With the sword in her grip, Liu Rong’s hand was trembling. Her eyes were blazing with rage.

Originally, Eunuch Ling only stared at both of them and did not utter a word as he wanted to know more details. However, seeing Liu Rong who was so daring and pointed the sword at Feng Tianyu, he could not resist the anger and rushed forward to take the sword away from Liu Rong.

Even though Liu Rong was lack of talent, at this time, she was as if attained a great strength. She kicked Eunuch Ling at his pants and had sent him flying in the air.

“You swine! You truly think that I don’t know you always go against me all these years? I will deal with you later.”

Eunuch Ling spat out a mouthful of blood. His eyes were burning with rage as he stared at Liu Rong.

Advanced True Warrior tier! It was just one step away from Spirit Warrior tier.

“You are doping, aren’t you?” Feng Tianyu had no idea since when Liu Rong had gone this far.

Some of spirit herbs had been forbidden as these spirit herbs could enhance the cultivator’s strength and made a breakthrough in a snap of finger. However, the side effect was inexhaustible. Hence, they were forbidden in the reclusive world, let alone the secular world.

Liu Rong must have attained the advanced True Warrior tier because of doping. Otherwise, she could hardly do that for her whole life.

“Feng Tianyu, both you and Nalan Yan had failed me so many times. Don’t you ever feel bad for me?” Liu Rong’s bloodshot eyes turned extremely ferocious.

“Both of us have a clear conscience.” Feng Tianyu merely sneered.

Haha! Clear conscience? Firstly, ever since I stepped into the palace, you have never come into my manor. Secondly, you have never slept with me. Thirdly, Nalan Yan is so overbearing that she is the only person who enjoyed all your love and affection. Don't you dare to say that you never fail me?" Liu Rong let out a boisterous laugh.

### **Chapter 389: Qin Chen II**

A woman's most beautiful and wonderful years were spent at the palace.

She was willing to enter the palace because of love. But, all she got was a lifetime of pain and grief.

'This is all Nalan Yan's fault! It was she who was so selfish and overbearing. She prohibited His Majesty from entering our bedrooms. If not, there wouldn't have been so much trouble.'

"Yan'er and I want to tell you that you'll be living a lonely life here if you enter the palace. I'll never be with any of you! If you're unwilling, we'll let you go even if we're under great pressure.

"But still, you'll have to face the consequences if you make this decision."

The emperor chose to leave when he was young and weak. Liu Yunxiao brought along a group of people and forced him to marry the concubine and he was under great pressure. At last, Yan'er made that decision because she could not endure the sight of him under great pressure.

But, they gave the women the opportunity to choose for themselves. The emperor and Yan'er were never selfish people. They would not want to ruin those women's lives because of the pressure given by the ministers.

If they wanted to leave, the Emperor would surely let them go even if the pressure was high.

But, those women were greedy and they desired the wealth in the palace so they chose not to leave. So, they must endure the consequences.

The emperor was not a kind person either. He would not betray Yan'er for the sake of those women.

"No! It's your fault!" Liu Rong was mad now. "It was you who have destroyed me! You're the emperor. You should have a lot of women with you. Why did you have to be loyal to only one? She had ruined my happiness. She deserved to die!"

'So what if my father pressured him into marrying the concubines? He should have a lot of women. He should never be loyal to only one!'

Feng Tianyu raised his hand shakily. A slap came with the wind and he slapped Liu Rong on the face.

He used a lot of force in this slap and Liu Rong's body was flung away. She fell to the ground.

Feng Tianyu coughed.

He vomited a mouthful of blood after he slapped Liu Rong. His handsome face turned pale and his body was weak.

"You..." Liu Rong stared at him unbelievably.

Feng Tianyu was poisoned and he could not use spiritual force. If he chose to use it, the poison would spread in his body deeply. 'This bastard just hit me because I criticized Nalan Yan! He is not afraid to die.

'Why?

'Is it because he loves her so much that even I cannot bad-mouth her?'

Liu Rong almost exploded with anger. She shouted maniacally. She held a sword in her hand and rushed toward Feng Tianyu. "Feng Tianyu! I'll send you to be with her today!"

'Since you love her so much and you won't even give me some of your love, then you better go and be with her.'

Liu Rong's steps became heavy after walking a few steps. She lowered her eyes and saw that Eunuch Lin was holding onto her legs tightly. Eunuch Lin did not want her to move forward.

"Get lost!" Liu Rong did not want to kill Eunuch Lin just yet.

She wanted him alive so that she could harm him in various ways in the future.

So, she kicked at Eunuch Lin harshly. She wanted him to leave.

Eunuch Lin endured the kick completely but he still did not let go of his hand. He hugged Liu Rong's legs tightly.

"Come! Come quickly! Come and protect His Highness! Faster come and protect His Highness!"

Liu Rong kicked Eunuch Lin's body angrily. "Don't shout anymore! Those people aren't there. Nobody would come and save him! I'll kill you first if you won't let go."

There was blood on Eunuch Lin's mouth. He had lost some of his teeth too.

She put her leg on Eunuch Lin's head heavily. She even kicked his head hard, twice.

'This eunuch deserves it! You can't blame me since you were seeking death yourself!'

Liu Rong's eyes seemed cold. She drew out her sword and stabbed his head.

Eunuch Lin felt a deep chill down his spine but still did not let go of his hands.

### **Chapter 390: Qin Chen III**

He did not believe that all the people in the palace had died.

'There will be somebody coming to the rescue if I could earn some extra time for His Majesty. Even if it's only a minute or a second.'

The cold wind blew. Eunuch Lin closed his eyes slowly. There was great pain on his face.

'Your Majesty, I still have not gone and look for the princess in the end.

'It seems that the princess will finally be left all alone.'

Suddenly, a long sword slashed through the air and cut Liu Rong's palm into half. Liu Rong's voice was filled with pain and it was heard at that moment.

"Argh!"

Eunuch Lin thought that he was going to die but he realized that the pain did not come. Soon, he heard Liu Rong's cry of pain.

He was stunned. He turned and saw a woman in green who had brought along a group of people. They came through the door.

Feng Lan soon breathed a sigh of relief when she found that Feng Tianyu was safe. She walked forward slowly and held up her fist. She said, "Your Majesty, I'm Feng Lan from Paramount. We have come to save you under the order of the ninth young master."

The young master had feelings for the princess. So, she needed to leave a good impression here for the young master as she was his subordinate.

The young master would surely be happy when he was back.

Liu Rong's hand was bleeding ceaselessly. She almost fainted with pain.

Liu Rong regretted now. She regretted that she had talked so much with Feng Tianyu. 'I should've killed the eunuch first before killing Feng Tianyu!'

She never thought that the people from Paramount would have come and helped them.

"Thank you..." Feng Tianyu gave a bitter smile. "But, it's better if you leave. It's the Divine Herbs Sect who wants to destroy Liu Yun Kingdom."

'The Divine Herbs Sect?'

Feng Lan was frightened when she heard those three words.

'Isn't it a conspiracy among the four kingdoms? Why is the Divine Herbs Sect a part of it?'

But, it was too late now that she had come. If the Divine Herbs Sect had intervened in that matter, they would surely know of her role there.

It was no use crying over spilled milk. She had no choice but to complete what she had started.

"Your Majesty, we might as well stay and help you now that we have come, given that we have offended them. I'll be unable to explain to my young master if I cannot save you."

Feng Tianyu's mouth moved just a bit. "I'm unable to leave now that my body has become like this. Lady Feng, can I ask for a favor from you?"

"What kind of favor, Your Majesty?"

"Take him out of here."

Feng Tianyu's eyes fell on Eunuch Lin. "Take him out of here. I don't want Qing'er to be alone in this world without anybody here to take care of her. If it's possible, please bring me to General Manor. Then, you can bring Dai'er and the general's wife with you."

Feng Tianyu knew that Master Nalan would never leave the kingdom when there was a crisis.

But, he wanted to leave some hope for the Nalan family.

If he guessed it right, the Divine Herbs Sect had secretly interfered with the war happening at the border of the kingdom. Then, there would be Spirit Warriors at the battlefield. 'Jing'er and Zhangqian might not be able to come back too..."

Feng Tianyu's heart was in great pain when he thought of this.

All of them were Yan'er relatives but he could not even protect them.

"Then, you..." Feng Lan looked at Feng Tianyu in shock.

Feng Tianyu smiled. "I cannot get up and move. It's difficult for you to leave if you bring me along. Why don't you bring Dai'er and the general's wife here so that I'll be able to explain to Yan'er later when I meet her in the afterlife."

Feng Tianyu was seriously ill. If he left with them, he would be a burden to them. 'It's better to put the hope to live on General Manor.

If not, Yan'er would surely blame him for not protecting the Nalan family.
