

Overbearing 52

Chapter 52: Furious Feng Tianyu I

At the back hill, the young gentleman looked refined and well-mannered. But his eyes reflected suppressed anger. Both his fists were clenched tightly.

“I want to see the princess.”

Liu Li frowned and knitted her eyebrows. “Young Master Liu, this is a forbidden area in the princess’ manor. Her Royal Highness has strictly ordered that nobody is allowed to enter here. Young Master is advised to leave now.”

“You just need to inform the princess. She will definitely agree to see me. I have something to tell her.”

Liu Yuchen frowned while in deep thought. He had decided to divorce Feng Ruqing but this woman had actually put up a notice saying that she was divorcing him instead. Where was he to put his face when it came to this matter? As well as the reputation of the chancellor’s manor?

On top of that, he believed that Feng Ruqing would not stop bothering him. Maybe this was just one of her tactics to attract his attention.

Suddenly, a growling noise could be heard from the hill. A whirl of strong wind nearly knocked away Liu Li who just wanted to reply.

After Liu Li managed to calm down and looked up at the source, she saw a giant snow wolf pressing down Liu Yuchen’s body with a menacing grin of teeth and brutal glare.

Liu Yuchen was shocked and horrified. His handsome face turned pale as he looked at the beast that was pressing him down.

“Tier-3 snow wolf?”

There was a Tier-3 snow wolf in this princess’s manor?

A Tier-3 snow wolf was equal to a human’s True Warrior tier. Although Liu Yuchen was a talented person, as of the moment, he had just managed to reach upper Earth Warrior tier which was only one more step to True Warrior tier.

However, this step was already a big difference.

The snow wolf squinted and scanned Liu Yuchen fiercely. It snorted.

“Liu Li!” Liu Yuchen shouted with clenched teeth as he could not move under the snow wolf. “Tell this snow wolf to get off of me now.”

Liu Li was stunned at first, but she was silent after looking at Liu Yuchen who was held under the snow wolf. Then, she moved backward a few steps and turned away, pretending as if nothing had happened.

“Growl!”

The snow wolf growled angrily. How dare this weak human try to steal its Divine-Spirit Fruit in its own territory and even ask the maid to order it around?

It was the almighty snow wolf from the Heavenly Mountain. Was it a common spirit beast who listened to other people's demand?

Nevertheless, the growling managed to scare Liu Yuchen into silence. His eyes flared with anger but he did not dare to provoke this snow wolf anymore.

However ...

He was unsure whether it was just his imagination. It seemed like the snow wolf saw him as someone who's protecting its food which made him terrified.

Suddenly, Liu Yuchen saw the snow wolf opening its mouth, revealing its sharp teeth and took a bite. He quickly closed his eyes but he did not feel the pain that he expected was coming. Instead of the pain, he felt a sudden cold creeping over his body like a blowing breeze.

He opened his eyes slowly and found that the snow wolf held a piece of torn cloth in its mouth.

Liu Yuchen was stunned. He looked down to find there was a big hole in his clothes over his chest. His clothes were in tatters like a beggar.

The snow wolf spat out the torn cloth and made some noise. Then it continued to bite off another big part of his clothes, leaving half of a fair butt exposed.

"You!"

Liu Yuchen was fuming in rage. The spirit beast in the Princess Manor behaved like Feng Ruqing, shameless and perverted!

The snow wolf grinned with satisfaction after seeing Liu Yuchen in such a humiliating state.
