### Chapter 561: Tian Shen Manor's Mu Family I

In the courtyard of the Mu family.

Just as Mu Ling entered the courtyard, he heard the sound of something crashing from the front.

He frowned slightly and could not help but quicken his pace and hurried to the lobby.

Though he was far away from the lobby, he could already hear an old fellow cursing someone and a female servant was sobbing too.

Just as he reached the lobby, he saw the old fellow smashing the cup in his hand on a woman's body.

The girl kept her head down without saying any word and took that old fellow's rage silently.

That was what Mu Ling just as he entered the door.

His heart ached as he felt like his heart was being pricked by needles,

Just as the old fellow wanted to smash the cup again, Mu Ling rushed forward and caught the cup that almost fell onto the woman's body. His eyes were burning with rage. "Father, what are you doing?"

"I want this bad woman to get out of my Mu family!"

The old fellow was so angry that he took another porcelain cup and smashed it again.

Mu Ling did not catch the cup nor evade this time but allow the cup to be smashed on his head. Fresh blood ran down from his head. He grew colder.

"Father, have you had enough?" He clenched his fists tightly. "All these years, you torture Qingyan every time you get sick, and has she ever grumbled? She has been putting up with you for a long time, and is it not enough to make up for your resentment? Also, it was Qingyan's mother's fault, she's innocent!"

He could not understand, he really could not understand.

Why did everyone want to blame Qingyan?

"Brother Ling," Chen Qingyan panicked and tugged at Mu Ling's sleeves. She seemed very pitiful as her eyes were filled with tears. "Father is not in good condition recently, I think it's better if you talk less. Besides, it's not a big deal if he smashes some cups on me a few times. Brother Ling should be more tolerant of our old father, that is better."

Mu Ling knew that his old father's condition was getting worse too. He would hit someone when he got sick, but when he was sober... he did not even have the strength to hit a person.

Therefore, all he could do was to put up with him while facing him.

"Get lost, everybody, get lost. I don't want to see anyone!"

The old father got so enraged and kicked the table, flipping it over.

He turned his head and looked at the old butler who was quietly standing beside. "I'm hungry, I want to drink the turkey soup prepared by Suyi. Why has Suyi left for so long, and hasn't prepared my turkey soup for me?"

The old butler's lips twitched and he sighed. "Master, have you forgotten again? The young lady has already left our Mu family and hasn't returned yet."

"Where has she gone?" The old father did not lose his temper but simply frowned. As he turned to look at Mu Ling, his eyes were filled with rage. "Your wife has left, why didn't you accompany her? Who has allowed you to stay with this woman? Bring my daughter-in-law back to me, I want to drink turkey soup."

Chen Qingyan looked stunned as she clenched her small fist tightly. Even her breaths were filled with immense grief.

It was obvious that... she had been by the old man's side for so many years. However, the daughter-in-law that the old man acknowledged would forever be only Suyi!

Suyi only came into their lives later. How could she occupy the status that originally belonged to her? Even when Suyi was gone, Suyi did not return the position back to her.

"Father." Mu Ling's expressions were unreadable. "I have not been with Suyi, but I have already found her. She will return soon."

"Really?" The old man was so happy as his face blossomed into a smile, just like an excited kid. "Suyi is coming back, this wicked woman can finally go away. You must treat Suyi well. Back then, just to save you, her strength was..."

## **Chapter 562: Tian Shen Manor's Mu Family II**

Before the old man could finish his words, suddenly, Chen Qingyan felt dizzy as her body fell toward Mu Ling.

Mu Ling felt confused as he heard the old man's words.

Suyi had saved him before. When did that happen? Why did not he know?

Chen Qingyan fell unconscious and fell toward him before he could wonder further. He panicked, paled, and immediately caught Chen Qingyan's body,

"Qingyan, what happened? Are you okay?"

Chen Qingyan rubbed her temples with her fingers. She sounded weak but gently smiled, "I'm fine, maybe I lost too much blood just now so I feel dizzy now. I'll recover after I rest for a while, later."

Mu Ling was shocked. He looked at the wound on Chen Qingyan's head as his heart ached. "Qingyan, I'm sorry, I've arrived a little too late..."

Chen Qingyan gently held Mu Ling's hand, "I'm fine. Don't blame Father. Father's angry because I do not do well. It's true that I'm not as good as Sister Suyi in every way. It's normal if Father likes Sister Suyi more. As long as I can be by your side, that's enough for me. I have nothing more to ask for."

She had lost her mother when she was young. Mu Ling was her only warmth until now.

He was the one who had kept her when she was penniless and had nowhere else to go.

Perhaps that was why she could not help but had decided to love him for the rest of her life.

"Let's go, I'll bring you to rest."

Mu Ling secretly kept the old man's words in his mind. He held Chen Qingyan's weak body and walked outside, to the lobby.

\*\*\*

The old butler slightly shook his head as he saw Mu Ling carrying Chen Qingyan out in his arms. "As the saying goes, 'If the mother kills, her child is not guilty. Therefore, the Mu family did not go after Chen Qingyan. However, it was Chen Qingyan's mother who had killed his mother! Why did the young master...'"

Why did the young master fall in love with the enemy's daughter?

"Master." The old butler seemed to have thought of something and asked, "You mentioned that the young lady had saved the young master before, this..."

"Gee, have I said it just now?" The old man was shocked as he put his finger on his lips and shushed himself. "Shh, we should never spill the beans since I've promised Suyi that. If Mu Ling knows it, Suyi will leave home and never return again."

The old butler's lips twitched. He felt like telling the master that Lady Suyi, might never come back to their house again...

"Butler." The old man suddenly had a pathetic look on his face. "I want to drink the turkey soup that Suyi prepares, how long until she returns? The medicine soup that the wicked woman serves is bitter and tastes terrible. When Suyi was here, she would always serve me with some rock candies and sweet plums. I don't want to drink bitter medicine."

The old butler sighed helplessly.

The old master was still capable of being in charge of the Mu family when he was fit.

Now, the old master was not capable of being in charge of the Mu family anymore.

His condition was getting worse, and so was his mental health too. Now... he could not control the young manor master anymore too.

Luckily the young manor master was quite filial to the master. Also, he was being kind to his brother. Or else this Mu family would be a different Mu family now...

"Master, good medicine tastes bitter..."

“I don’t want to drink it, ever!”

“Master, I’ve already prepared for you the sweet plums. Perhaps if you drink the medicine now, Lady Suyi will happily bring the turkey soup for you.”

The old man seemed shocked... He felt that the old butler had a point. So, he grabbed the medicine soup from the female servant’s hand and swallowed it right away.

“Butler, I felt a little dizzy. Help me up to get some rest.”

He had already stood up from the chair, but he felt dizzy. He needed the old butler to hold him as he walked.

### **Chapter 563: Tian Shen Manor’s Mu Family III**

“Yes, Master.”

Initially, the master would feel a bit dizzy and sleepy after he drank the medicine. The Mu family had asked the physician from Tian Shen Manor to investigate the medicine’s ingredients.

And they found out that this spirit herb was really capable of curing of the old man’s body.

Whenever Chen Qingyan served the old man herbal soup, he would check if the herbal soup was poisonous before he handed it to the old man.

However, the old man would still think that Chen Qingyan had put poison in the herbal soup and he would smash it, causing his body to grow weaker as he was not taking any of the herbal soup at all.

Today, he had hidden the herbal soup at first. Otherwise, the old man would not be able to hold on any longer...

“Butler, can we stop the wicked woman from brewing the herbal soup? My wife was poisoned to death by her mother, what shall we do if she wants to poison me too?” The old man walked to the door and paused. He pursed his lips and said, “I haven’t lived enough yet, I don’t really want to die.”

The old butler looked a little helpless and said, “I have tried to stop her from brewing the herbal soup before. But then, Lady Qingyan kneeled in front of the door for three days and three nights to show her filial piety toward the Mu family and had even passed out. The young manor master was enraged and had ordered to send the spirit herbs to Lady Qingyan directly. Therefore... she’s the only one who’s able to brew spirit herbs as they are all in her hands. We can’t do anything.”

Back then, those people would never dare to serve the master with only one portion of spirit herb, neither would they hand the only portion of spirit herb to Lady Qingyan.

But now... the person in charge of the Mu family was not the master anymore.

“But I would sleep for days and nights every time after I drink the herbal soups. What if I missed the turkey soup prepared by Suyi? Also, I still prefer the herbal soups prepared by Suyi, which did not make me sleep for so long.” The old man’s eyes were flooded with sadness.

The old butler smiled bitterly. "But the physician from Tian Shen Manor had told us before that the prescription that Lady Suyi had given you is not as good as the one that Chen Qingyan serves you..."

Tian Shen Manor's physician had the ultimate power inside the manor. Everybody would listen to his words.

And this physician had always been lofty. He never told a lie.

Therefore, since he had mentioned that, it was natural for the young manor master to believe in his words without any hesitation...

\*\*\*

As Mu Ling was holding Chen Qingyan in his arms and entering the backyard, a familiar figure stood in front of him, blocking his path.

The man in front of him looked skinny as his handsome face seemed morbidly pale. He lifted his eyes and glanced at Chen Qingyan, who was in Mu Ling's arms and frowned slightly. "Elder Brother, you have made Father angry again?"

Mu Ling's face grew tight. "Second Brother, Qingyan is still your sister-in-law after all. Her name is already written in our family's genealogy book, and that was consented by all our uncles and relatives. How could you just sit aside and look on without saying anything as she is tortured by our father? Father's out of his mind, are you too?"

The sick and weak man frowned even tighter. "She is only your concubine, my sister-in-law should be your first wife."

"I know that you hate Qingyan, but..."

"Elder Brother..." Mu Qingyin sighed. "I do not hate her. It's just that you know well that Father doesn't like her, but why do you still allow her to show up in front of Father? That will not only irritate Father but also make his condition worse. She suffers too, why don't..."

"Second Brother..." Chen Qingyan struggled to free herself from Mu Ling's arms. A firm and gentle smile dawned on her face. "I just want to be filial. If I couldn't serve the old man on my own, I would feel guilty. It's nothing to do with Brother Ling, it's me who wants to take care of Father. No matter how the old man is treating me, after all, he's still the elder, and I'll bear whatever that happens."

Mu Qingyin was speechless.

'No wonder Father dislikes her so much.'

#### **Chapter 564: Tian Shen Manor's Mu Family IV**

This woman, she really could not understand the human language...

"Well, whatever, as long as you guys don't make Father angry again. I don't really care about anything else, ahem."

Mu Qingyin coughed twice as he seemed to look weak. Then, he turned to look at Chen Qingyan. "Lady Chen, my brother's wife is gone, and you have been occupying her position since. When she's back, you will have to... ahem, return her position to her, eventually..."

Chen Qingyan's face turned pale as she clenched her fists tightly.

Why? She contributed so much, but the Mu family's father and son would only miss Suyi and speak of Suyi's name!

Just because her mother... had poisoned the Mu family's lady to death, so she should be the one to be blamed?

She had just fallen in love with Mu Ling. Was it wrong... to love someone?

"Qingyan."

Mu Ling noticed Qingyan's pale face. He wanted to say something, but he did not know what to say.

Indeed... Suyi would come back one day.

Chen Qingyan's lips twitched and grew into a bitter smile. "I'm fine, Brother Ling. I just feel a little sad. Just leave me alone for a while, I'll be okay later."

Mu Ling stared at Chen Qingyan's bitter face, he eventually nodded.

Before he came back, he had already wanted to arrange for Chen Qingyan to stay at the Mu family's second courtyard, just in case Suyi would quarrel with her again. But seeing Chen Qingyan's sad expression now, he could not bear to inform her of that yet...

\*\*\*

Within the Yue City.

Since the city's master, Yue Buxiong, had listened to Tang Yu's order and brought along all of Yue City's people to besiege Feng Ruqing and her father, his heart had been beating hard as anxiety overcame him.

His heart felt heavy, especially when he heard that Feng Ruqing and Nalan Yan had destroyed the four kingdoms.

He had always felt that after Feng Ruqing had gotten even with the four kingdoms, he would be the next one...

"Lord Mayor, this is terrible, this is really terrible!"

A guard anxiously hurried in as his eyes were wild with terror.

"The scout we sent to Liu Yun Kingdom has reported that a few days before, Feng Ruqing has brought along a troop of people and is headed toward us overwhelmingly. By now, they should have almost reached Yue City. Lord Mayor, it does seem like she's starting to find someone to get even with..."

It was apparent that Yue City could never run away from that; they were doomed.

Before that, Nalan Zhangqian was in trouble, so Feng Ruqing could not care much for them and had already left them in a hurry.

But now, since everything had settled down, it was time for Feng Ruqing to get even with them...

Yue Buxiong was so frightened that his legs were trembling. His eyes were filled with terror.

Another voice hurried in before he could speak. That voice was so frightening that he almost fell to the ground.

“Lord Mayor, big trouble, Feng Ruqing’s here! She has reached the city gate and is headed toward Yue City!”

Yue Buxiong trembled as he gently closed his eyes.

What was imminent would come in the end, anyway.

No matter what, he would never be able to run away from this disaster.

“A report!!!”

Another voice came from outside the door. A guard rushed in, out of breath. “A report to Lord Mayor. Feng Ruqing has gone to the Chang family.”

The Chang... the Chang family?

Yue Buxiong was too shocked to say anything.

This Chang family was too insignificant to be noticed. However, back then, the Chang family’s Chang Li was married to the Tang family’s Tang Qianqian.

Although this Tang Qianqian was not one of the main members of the direct bloodline of the Tang family, she still had something to do with the Tang family. The Tang family had latched onto the Tang family’s power and reached the top.

“Could it be that she wants to kill all the Tang family members before she comes to us?”

Yue Buxiong thought and figured out that this was the only plausible reason.

After all, the Chang family was too insignificant to get Feng Ruqing’s attention, but then, Feng Ruqing went to deal with them first...

## **Chapter 565: Bide Time for Revenge I**

In the Tang family.

At that moment, Chang Yuan was considered as the head of the Chang family. Everybody was standing in the courtyard and staring at the young girl who was sitting in front of them, apprehensively.

“Feng... Lady Feng, is there a reason why you have dropped by our Chang family?” Chang Yuan’s voice was trembling.

Back then, their Chang family had followed the Yue City's master and brought along soldiers to Liu Yun Kingdom. However, nobody knew Feng Ruqing's mother was Fengyun Manor's master at that time. Thus, it should be Yue Buxiong that Feng Ruqing should first settle scores with. Was that anything to do with their little Chang family?

"Yes, I'm here to find Tang Qianqian and Chang Li." Feng Ruqing sat on the wooden chair lazily and smiled. The smile on her face was chilly enough to send a chill down anyone's spine.

Chang Yuan was shocked and asked carefully, "Lady Feng, my son Chang Li, has he done anything wrong to you?"

This time, Lei Yun glared at Chang Yuan before Feng Ruqing started to speak. "Our manor lady wants you to call them both out. You just shout at them to get here immediately. Why are you spewing so much nonsense?"

Since the manor master had reunited with their manor lady, Lei Yun never returned to Fengyun Manor anymore.

He could only send someone to keep an eye on their manor lady. When he knew that the manor lady had come to Yue City, he immediately came forward too. However, all these people were so ignorant; they should just follow what the manor lady had ordered. Why do they spew so much nonsense!

Chang Yuan was trembling in horror. This great elder of Fengyun Manor was mighty, he was not someone that Chang Yuan could ever provoke.

Therefore, he could only stand up shivering and order someone to bring Chang Li and Tang Qingqing out.

Soon, the confused Chang Li and Tang Qianqian, who did not know of the situation, came in from the door.

They did not know what had happened, but as soon as they saw Feng Ruqing, their expression changed as their eyes were filled with terror.

Previously, they were in the same place as Feng Ruqing too, so they could immediately recognize who that person in front of them was.

"Father..." Chang Li's face was pale as he stuttered. "I..."

As Chang Li started to talk, suddenly, he noticed a familiar figure standing behind Feng Ruqing.

His eyes widened in terror and his whole body went stiff. He was dumbstruck for quite a while.

Tang Zi...

Why would this woman show up here?

Back then, all the families had gone to look for Feng Ruqing and her father, but Tang Zi was instructed to run some errands, so she was not around with Feng Ruqing.

Therefore, nobody knew of her relation with Feng Ruqing.

“It seems that you still recognize me.”

Tang Zi sneered and slowly walked toward Chang Li and Tang Qianqian.

Tang Qianqian was so scared that her legs went limp and she almost collapsed. Her eyes widened as if she had bumped into a ghost.

‘Tang Zi!

‘Didn’t they say that she was dead?

‘Why would this badass woman still return?’

“Tang Zi.” Feng Ruqing smiled as she leaned on the back of the chair. “Today, these people are all at your disposal, kill the ones that should be killed, and do whatever you wish to.”

Something strange flashed in Tang Zi’s eyes.

Before that, she had already imagined the scene of meeting these two people again for so many times. Now, it had really come true.

She could finally take her big revenge!

“Chang Li, back then, you were trying so hard to approach me but only because you want to put me in a devastating situation. However, you did not expect that I would come back someday.” The corners of Tang Zi’s lips lifted into a sneer and said, “Whenever you tried to approach me, I was still young, and I really thought you treated me as your friend...”

Back then, Tang Qianqian had come out and framed her by saying that she was colluding with Chang Li to steal the Tang family’s secret documents and betray the Tang family!

### **Chapter 566: Bide Time for Revenge II**

It was initially Tang Qianqian’s one-sided words, but no one had ever expected Chang Li to come out and allege that Tang Zi intended to betray the Tang family since the beginning. He did not want to gang up with her, and so he revealed everything she did, in anguish.

All the Tang family members knew she got along well with Chang Li.

And everyone knew that Tang Qianqian did not get along well with Chang Li since a long time ago.

Therefore, it was impossible for these two people to team up and frame Tang Zi!

Even later on, Tang Qianqian and Chang Li had married in a well-reasoned way. They had made an excuse saying that Tang Qianqian admired Chang Li’s courage to stand out and point out her deeds, she was attracted to him and started to fall in love with him.

Nobody would think that Tang Qianqian and Chang Li had conspired together since the very beginning.

Nobody had believed Tang Zi!

Her master wished to protect her. However, it was Tang Luo who was in charge of the Tang family!

Therefore, she was expelled from the Tang family for betraying them. Tang Luo even sent someone to beat her nearly to death and left her to die!

If the empress was not passing by the area then, perhaps she would have been dead by now...

The Tang family members should be responsible for all of the things that had happened. However, the real culprits were these two people in front of her!

Tang Zi clenched her fists tightly as her eyes were filled with overwhelming hatred.

That hatred was mixed with a harrowing feeling, but cold enough to arouse fear in Chang Li's heart.

"Bastard!" Chang Yuan slapped and shouted in rage. "Chang Li, how dare you do such a thing. Do you really want to destroy the Chang family?"

There was a trace of blood on the corners of Chang Li's lips. Some strands of his hair fell loose from his head as he looked so pale to the extent that he could barely say a word.

Tang Zi looked at Chang Yuan and sneered. "You're no better than him. Didn't you know well of Chang Li's deed back then?"

Chang Yuan's body went stiff as cold sweats broke out on his forehead. He laughed twice, mockingly.

"Lady Tang Zi, there must be some misunderstanding here..."

Tang Zi had changed quite a lot compared to ten years ago. He was not that familiar with her as Chang Li was, so he could not recognize her at first.

Or else, he would have sent someone to inform Li'er and asked him to come with a plan...

"Tang Zi, I've already brought you here, and you can deal with the Chang family first. Oh, by the way, Yue City's people had hurt my father too, I must get even with them on this matter, too." Feng Ruqing caressed her chin, thoughtfully. "Hmm... we will break the hands of those people who started all these! And then we will render them powerless!"

"Yes, Your Highness."

The corners of Tang Zi's lips lifted into a smile as she replied.

Chang Yuan seemed more panicked as she said, "Lady Feng, do you mind if I ask how is Tang Zi related to you?"

Feng Ruqing heard Chang Yuan's words as she stood up. Her eyes were cold, and she looked overbearing when she looked down at the crowd in front.

"Tang Zi is my woman. Whoever bullies her will pay it back in a hundredfold. Even a thousandfold would still not be too much!"

Lei Yun who was standing next to her was speechless.

"Manor Lady..." He remained silent for a while. He felt that he should remind the manor lady of her gender when she said those words.

Feng Ruqing glanced at Lei Yun coldly. "I've heard that you wanted to hurt my father back then?"

Lei Yun could say nothing as his face turned red. "Manor Lady, I think you've heard it wrongly. I did not want to hurt His Majesty, I just wanted... I just wanted to break the door."

"Well, so you are saying that you could be rude to my father?" Feng Ruqing continued to ask.

Lei Yun kept quiet.

He could not respond to that sentence...

"Manor Lady, I... I wasn't aware of His Majesty and the Manor Master's relationship, I..."

### **Chapter 567: Bide Time for Revenge III**

"Do you know that I have said that the people of Fengyun clan and I are sworn enemies?" Feng Ruqing fixed her eyes on Lei Yun.

'What has Fengyun clan done to the manor lady?' The corner of Lei Yun's lips twitched slightly.

"Previously, Wen Feng had commanded the guards of Fengyun Clan to blow themselves up. If I had not diverted the impact of the destruction, do you know what would happen? Both Tang Yin and I would have died!"

Each and every word that Feng Ruqing had said made Lei Yun's heart sank deeper and deeper. He knew that this was the reason why Feng Ruqing did not want to go to Fengyun Manor.

"If my mother was not awake, do you know what would happen after that?" Feng Ruqing stared coldly at Lei Yun, her face was indifferent.

"I am not sure," Lei Yun said, obediently.

"I know you would think that those things were done by the subordinates of Fengyun clan and has nothing to do with you. However, the elders are to be blamed when they fail to handle their subordinates!" Feng Ruqing's lips curve into a faint smile.

"That's why we need the manor lady to helm Fengyun Clan," Startled, Lei Yun said after a while.

"Why does the clan need you all? You can't even handle your subordinates, what else you all can do?" Feng Ruqing squinted disdainfully at Lei Yun.

In fact, Lei Yun knew that what Feng Ruqing said was true. When the Lady of Fengyun Clan was at the wheel, everyone in the clan strictly observed the rules. Fengyun Clan was not the same as it was, now. Naturally, no one would act like the bastard—Wen Feng.

However, when the lady of Fengyun clan went missing, everyone in the clan was too busy with cultivation and looking out for the lady. Hence, Fengyun clan had gone a little off track.

Moreover, Fifth Elder was to be blamed as he knew of Tang Yu's true identity. If not for Fifth Elder, Tang Yu would not be so daring as to mess around with Fengyun clan.

Now that Fifth Elder knew what had actually happened, he sank into deep regret. However, it was too late.

“Manor Lady, everyone in Fengyun clan wanted to meet you. Do you have time to go to Fengyun Manor?” Lei Yun asked fearfully.

“I have forgiven Fengyun clan because of my mother, but it doesn’t mean that I would sacrifice the time I could use for my cultivation to helm Fengyun clan.” Feng Ruqing shrugged.

Watching Feng Ruqing from behind, she looked utterly resolute. Lei Yun could not help but sigh softly.

“Since the manor lady doesn’t want to go to Fengyun Manor, perhaps, I could arrange some servants for you. The servants in the princess manor are rather meager.”

Servants...

Feng Ruqing stopped walking. As she had spirit beasts to handle the work in the princess manor, she did not need more servants. However, it was not a bad idea to have more beautiful servants to feast her eyes on.

“Are the servants pretty?” Feng Ruqing hesitated before asking.

Even if they were not pretty, it was not a big deal as Feng Ruqing had beauty enhancing herbal dishes.

“They are all dazzling beauties.” A glimmer of light flashed in Lei Yun’s eyes as if he had realized something.

“Ah, send them over.”

“Cough! Cough! Manor Lady, Fengyun Manor is a great place and all the ladies in the manor are enchantingly gorgeous. Do you have time...” Lei Yun coughed as he said.

“I don’t have to helm Fengyun clan?” Feng Ruqing asked with a low voice.

“There is no need to, if you don’t wish to.”

“Alright, I will be there when I have the time.”

“Manor Lady, what should we do to the Tang family?” Lei Yun asked.

Naturally, Tang Luo and Tang Yu would meet a bad end.

### **Chapter 568: Bide Time for Revenge**

In these few days, the people of Fengyun Clan had nearly skinned both Tang Luo and Tang Yu alive.

However, Lei Yun did not know what he should do to both of them.

“Let go of Tang Yi and Tang Er. No matter what they do next—whether they want to rebuild the Tang family or just disappear from the realm—it has nothing to do with me.”

Feng Ruqing paused for a while and continued, “As for the rest of the elders, banish them to the northern savage world and they are not allowed to set foot in this city again.”

“Manor Lady, you spare their lives... because of the lady—Tang Yin?” Lei Yun’s eyes narrowed.

Feng Ruqing lowered her eyes and laughed without making a sound.

“Previously, Tang Yin had chosen me over the Tang family without batting an eye.”

Feng Ruqing wanted everyone in the world to know that Tang Yin had made the right choice.

Tang Yi and Tang Er had always taken Feng Ruqing side. Hence, they were not wrong. No matter how Feng Ruqing hated the Tang family, she would not vent her anger on both of them. However, for the rest of the elders...

“Lei Yun, go and tell the old coots that I have repaid their kindness for raising Tang Yin on her behalf. Now, she owes them nothing. If they do anything wrong in the future, I will not let them off so easily. It is fortunate that they did not work together with Tang Luo to harm my mother...”

Otherwise, Feng Ruqing would never care about Tang Yin’s feelings and would have made them pay for the things that they had done.

“At your command, Manor Lady.”

\*\*\*

Feng Ruqing did not talk further and walked toward the door.

Lying on the ground, Tang Qianqian’s eyes flickered with hope after hearing the conversation between Feng Ruqing and Lei Yun.

‘The manor lady of Fengyun Clan likes beauty?’

Although Tang Qianqian was over thirty, she still retained her gracefulness. Without hesitation, Tang Qianqian dashed toward Feng Ruqing.

“Lady Feng, please have mercy on me. You can make me your servant as long as you let go of me.”

Feng Ruqing turned her head only to see Tang Qianqian pouncing on her with her eyes filled with affection.

Appalled in disgust, Feng Ruqing kicked Tang Qianqian’s chest and sent her flying out.

Bang!

“Back off! I like men!” 1

Feng Ruqing felt that her shoe was stained and quickly took her shoe off and threw it on the floor.

“This Tang family is extremely disgusting!”

Lei Yun was rendered speechless.

'Manor Lady, as you like pretty servants and you have just said that Tang Zi belongs to you. It is natural that others would get you wrong.' Lei Yun too had misunderstood her. He only found out that Feng Ruqing actually liked men because of Tang Qianqian.

"Lei Yun, don't forget about my servants. Send them to my manor in these few days. Otherwise..." Feng Ruqing patted Lei Yun's shoulder as she smiled.

"Manor Lady, I will send them over on time." Lei Yun was slightly startled.

"Hmm." Feng Ruqing turned to leave.

Simply no one noticed that there was a snake sticking its head out from the bush not far away. Hearing this, it quickly drew its head into the bush fearfully.

The snake's master was truly smart to task it to watch Feng Ruqing. Otherwise, the snake would never have known that Fengyun Clan wanted to send her some ladies over to the princess manor and that the vicious lady had even thrown herself at Feng Ruqing.

It was fortunate that the vicious lady was extremely ugly so Feng Ruqing did not fall for her.

'I must tell Master immediately!'

Qing Zhu looked in the direction where Feng Ruqing had left before sliding through the bushes. In a flash, the snake vanished without a trace.

#### **Chapter 569: Bide Time for Revenge V**

On this day, various powerful masters gathered at Yue City, creating a stir in the city.

Naturally, the ending was devastating.

The leader of the powerful masters was crippled after being brutally beaten up. Yue City was no longer part of the reclusive world and would never exist in this realm after this.

Feng Ruqing did not stay long at Yue City and went to meet the spirit beasts together with the Iron-Blooded Troop.

Howl!

Overwhelmed by excitement, the snow wolf did not learn from his previous mistakes and pounced on Feng Ruqing, wanting to give her a hug.

Before he could reach her, Feng Ruqing gave him a good kick and sent him flying in the air. A cry of pain could be heard.

"This vicious wolf wants to hurt me again."

Last time, Feng Ruqing had nearly suffocated to death, being trapped under the snow wolf. That was not all. Just before the last time, the snow wolf had pinned her down had nearly broken all her bones.

This time, the snow wolf actually wanted to hurt her again to climb up the ladder?

Howl!

Groaning in pain, the snow wolf looked extremely pitiful. His eyes were flooded with tears. He was upset as his master did not want to hug him. Now, only the Divine-Spirit Fruit could cheer him up.

At this time, the Beary and Beary II walked toward Feng Ruqing. The three-striped tiger and its cub walked after them.

“Beary, you have found your brother! Congratulations!” Feng Ruqing broke into a bright smile. Then, she turned to look at the three-striped tiger and its cub.

“It must be hard for you all. Three-Striped Tiger, have you completed all the things that you needed to do? When will you go to the princess manor?”

The three-striped tiger growled. This time, it had purposely left the Forest of Spirit Beasts to help its master—Feng Ruqing. It should have returned to Forest of Spirit Beasts as it had completed the task Feng Ruqing had assigned to it.

However, as Feng Ruqing also tasked the spirit beasts to look after Yue City, the three-striped tiger feared that the spirit beasts would go out of control. Hence, it stayed at the city to keep an eye on the spirit beasts and wait for Feng Ruqing.

“It’s fine if you don’t have the time now. Don’t worry, Little Wolfie will take care of your cubs. After all, he is also the father of the three-striped cub.”

‘Although the snow wolf is just the cub’s godfather...’

Hearing this, Beary turned to look at the snow wolf. The snow wolf too turned to look at Beary.

‘Brother Bear, I am innocent, do you trust me?’

Beary’s eyes were filled with adoration and respect.

‘Brother Wolf, don’t mention it. You have actually subdued the tiger. I truly want to take my hat off to you.’

The snow wolf was rendered speechless. He felt that his master had truly ruined his reputation.

Once again, the three-striped tiger entrusted its cub to Feng Ruqing reluctantly, turned to walk down the street, and vanished from sight.

“I truly don’t know what the tiger mama is busy with. It’s so worrying. Snow Wolf, get some spirit beasts to keep an eye on it and let me know immediately if there is something wrong.’ Feng Ruqing held the cub in her arms as she frowned.

Howl!

‘Alright, Master.’

“Let’s go home,” Feng Ruqing said with a faint smile.

In Liu Yun Kingdom.

Not far from the imperial city, a phoenix could be seen descending from the sky.

There was a devastatingly gorgeous lady standing on its back.

The lady looked extremely graceful and elegant. Her calm and tranquil eyes were fixed on the guards standing at the city's gate.

"After asking so many people, we have finally reached."

"Suyi, actually, you don't need to worry..." The white phoenix looked at Suyi after hesitating for a while.

"I am not worried." Suyi's brows were knitted together.

"I am serious. Xiao Qingqing is your daughter-in-law. You are her mother-in-law. You don't have to worry."

"I am literally not worrying."

"Then can you take your hand off my feathers? You have almost pulled out all my feathers..."

Slightly startled, Suyi lowered her eyes. She suddenly noticed that the white phoenix had a bald spot on its body and she was still holding a few white feathers in her hand.

Embarrassed, Suyi said, "I'm sorry. I didn't do this on purpose. This is the first time I am becoming a mother-in-law. I don't know what to do..."

The feeling was as if she was getting married for the first time.

"White phoenix." Suyi paused for a while.

"Yes, Suyi."

"She's met you before, am I right?"

Stunned, the white phoenix looked at Suyi. It did not know why Suyi's words sounded so worrying.

"Yes."

"Ah..."

Suyi nodded calmly. A gust of wind swept over her. Suddenly, the white phoenix turned into a glimmer of light. With a sharp yelp, the white phoenix vanished without a trace.

"White phoenix, I'm not ready yet... I will make up to you when I return home."

Moreover, the white phoenix had made itself so conspicuous.

It was not an issue if they were at other places. However, they were now at Liu Yun Kingdom. She must keep a low profile

Suyi turned to walk toward the imperial city. The corners of her lips lifted.

Recently, misfortunes had repeatedly fallen on the Liu family, one after another. As the saying goes, misery loves company.

Firstly, Liu Yuchen had moved to the second manor of the Liu family and had not returned since. Then, the chancellor was dismissed from his post. The chancellor's manor that had always been swarming with visitors had now fallen into a dead silence.

A few days after the chancellor was dismissed, the chancellor's manor was set on fire. The chancellor and Lady Liu could not help but move to the second manor that Liu Yuchen was staying. Hence, Liu Yuchen had left the second manor once again and did not return for a few days.

In the second manor of the Liu family.

Burning with anger, Lady Liu gave a hard slap across Tan Shuangshuang's face.

"Tan Shuangshuang, you are truly good for nothing. You can't even win Yuchen's heart. You might as well move out of here and let someone else stay here."

"Lady Liu, you want me to leave Yuchen so your daughter-in-law could move in here, am I right? Unfortunately, Feng Ruqing is in her pomp now. The Liu family is nothing in her eyes." Tan Shuangshuang stroked her face as she sneered.

"You slut! Shut up! You are the one who had dug us into this big hole. If not for you, Her Highness would not have left the Liu family." Lady Liu gave Tan Shuangshuang a kick.

Lady Liu was right. Ever since Feng Ruqing had left the chancellor's manor, she had changed.

Previously, Feng Ruqing was not like she was now. It was all of Tan Shuangshuang's fault.

"Pfft! That's what you wish all this while, haven't you? You said that Feng Ruqing is a notorious lady and would ruin the Liu family's reputation. You also said that Yuchen doesn't want to sleep with Feng Ruqing and Feng Ruqing doesn't allow him to take a concubine. She could not carry on the Liu family's line. Hence, you want me to chase her out of the manor. I am just fulfilling your dream." Tan Shuangshuang smirked.

As Liu Yuchen was no longer in love with Tan Shuangshuang, she had started to show her true colors.

It was a pity that even if Tan Shuangshuang had exhausted all her tricks, she had lost to Feng Ruqing.

Although Tan Shuangshuang could not reconcile herself to the situation, she simply could not do anything to Feng Ruqing as she could not even step into the princess manor.

"You slut! Shut up!" Lady Liu grabbed Tan Shuangshuang's hair forcefully and hit her head on the table. Her loud piercing voice was full of anger.

At this time, the chancellor—Liu Fuyong entered the manor and saw Lady Liu hitting Tan Shuangshuang's head on the table.

Tan Shuangshuang did not retaliate. She had lost everything—family background, lover, honorable status, and an extravagant life...
