

Pampered By My Mr. Lawyer (Benjamin and Madelyn)

Chapter 18 Two Women, How to Choose

Chapter 18 Two Women, How to Choose?

Madelyn took a deep breath to calm herself down.

She said to Eloise, "Don't come looking for me again. Not everyone wants to add to your love story."

Eloise was used to being pampered and had never been rejected before.

She still bothered Madelyn, insisting on understanding why Madelyn didn't like her.

They walked into an alley.

Madelyn felt like Eloise wouldn't give up. She turned around to try to get rid of Eloise, but the next second she widened her eyes.

Eloise was knocked down from behind.

"It's her, Daniel's fiance."

"Take her. I'm sure that Daniel will pay!"

"There's another girl here, take her too. She might be valuable as well."

Before Madelyn could even shout, everything went black. She was dragged into a sack and loaded onto a vehicle.

...

Madelyn woke up.

She was in an abandoned warehouse, tied to a broken chair.

Eloise was also tied up next to her, crying and cursing.

"Do you know who I am?"

"My brother will make you pay for this!"

"Let me go!"

...

A man who looked like a thin monkey slapped Eloise for being too noisy.

"Shut up! Or I'll tear your clothes off."

Eloise cried even louder.

The thin monkey didn't dare to really do anything to her because the Clark family was not easy to mess with, especially the lawyer named Benjamin.

He threw a phone to Eloise, saying, "Call your man and tell him to prepare 20 million, not even a penny less! And tell him to come alone and not try to fool us, otherwise don't blame us for being ruthless!"

Eloise was frightened.

She took the phone and cried as she dialed Daniel's number...

At the Clarks' mansion.

The atmosphere was tense. Eloise was kidnapped, and the beautiful Brianna was crying with worry.

Benjamin and Alexander, along with Daniel, were waiting for the phone call.

Alexander was not happy...

Those bastards were for Daniel, and he had to deal this.

After about two hours of waiting, they finally received Eloise's call.

She was gasping and crying on the phone, but finally managed to tell the Monkey's demands clearly.

Daniel comforted her gently.

Eloise finally stopped crying and felt sweet in her heart. She knew that Daniel loved her deeply and couldn't bear to see her hurt.

As they were talking, a trembling voice of a woman suddenly came from. "Don't touch me... Don't touch me!" Daniel's hand holding the phone trembled. He knew that voice all too well.

It was Madelyn!

How could she be with Eloise?

Daniel thought of those dirty hands possibly wandering on her body, and he felt the urge to kill them!

But when he looked up and met Benjamin's deep gaze, he suddenly became clear-headed!

Benjamin was so shrewd. If he exposed himself, he would have wasted all the effort he had put into getting involved with the Clark family for such a long time!

Daniel was ruthless, and he knew that himself.

He pretended not to know Madelyn and spoke directly to the thugs, "I will bring 20 million over, and you must not touch my fiance."

After speaking, he even felt a little dazed.

After hanging up the phone, Daniel said to Eloise's parents, "This was my negligence. Trust me, I will bring Eloise back safely."

Alexander nodded. He still liked Daniel.

Daniel drove away, leaving only the Clark family in the villa.

Brianna was slightly relieved, wiping away her tears and hesitating for a moment before saying, "I think I heard Ms. Green's voice just now. Did you hear it, Benjamin?"

Benjamin had already taken the car keys and said indifferently, "I'll go check it out."
