Chapter 8 You Came Here To Stay With Me

Madelyn woke up again.

She found herself leaning on Benjamin's shoulder, with a big hand grasping her waist. Taking a deep breath, Madelyn felt as if she was bewildered by the woody scent combined with the smell of men's aftershave.

Benjamin was on the phone.

He was speaking in a low but stern voice.

It was not allowed to answer the phone in the Transfusion Room, but he was so eye-catching that the girls and women around him were staring at him with an eager look.

Benjamin hung up and found Madelyn woke up.

Her pale face was tinged with a blush. Since Madelyn just woke up, the look in her eyes was sort of innocent, which was quite attractive for men.

Benjamin asked indifferently, "How long do you want to lean on me?"

Madelyn blushed and got up quickly.

Benjamin picked up the coat and put away his phone. Then he said while staring at her, "I'll drive you home."

Madelyn was unwilling to bother him, but Benjamin insisted.

On the way, he answered the phone, and after a while, he said to Madelyn, "I need to go back to the apartment to pick up a fax, and I'll drive you home after I get it."

Madelyn hesitated.

She knew what it meant for a woman to go to a single man's apartment, but she thought to herself, "There are plenty of women around Benjamin, so he won't play tricks on her!"

Madelyn didn't reply, which meant she agreed.

...

Benjamin's apartment was located in the best part of Gredax, which was about 200 square meters, and decorated luxuriously like a show room.

Benjamin asked Madelyn to sit in the living room for a moment, and he went to the study by himself.

Someone was sending a fax to him. Benjamin received the document, then he called and spoke something to the assistant.

After finishing the official business, Benjamin was about to send Madelyn back when the phone in his pocket rang.

The unique ringtone was for a special person.

Benjamin's complexion changed slightly, and he took out his mobile phone tensely... Sure enough, it was from that person.

After a while, he hung up.

The person did not call back again.

Benjamin's mood turned to be extremely bad, and he took out a bottle of spirits from the wine cabinet.

After drinking two half-filled glasses of wine, he stood in front

of the French windows, watching the night outside with the glass in his hand...

Madelyn waited outside for a long time.

At the beginning, she heard the sound of the fax machine inside, but after Benjamin's cell phone rang, she could hear nothing. Madelyn was worried, so she gently opened the door of the study.

Benjamin turned his back to her.

Madelyn couldn't see his face, but she could feel the loneliness while watching his back.

She could tell out of her intuition that Benjamin had someone in his heart, and he was thinking of that person right now.

She didn't want to disturb him and was about to leave quietly.

"Stop!"

Benjamin's hoarse voice came from behind.

Madelyn's body froze, and then someone gently held her in the arms.

Benjamin gnawed at her delicate neck while blowing scorching hot air into her ears, "Didn't you come here to do something intimate with me?"

Madelyn couldn't deny that.

A voice in her heart told her that Benjamin's mood was unstable now, and even if he slept with her, he might not admit it.

But her hands and feet were weak now and she couldn't resist him at all.

It was a seductive night.

In front of the French windows of a luxury apartment on the 24th floor in the city center, Madelyn's slender wrists were pinched and held up by someone, and firmly pressed to the glass.

Benjamin was very good at torturing her, and the trivial actions almost made Madelyn go crazy.

It was Benjamin who was drunk, but now he managed to look at Madelyn soberly while she was lost and erotogenic.

...

However, he did not proceed with what he did just now.

Her eyes became hazy and her red lips were slightly open. She said in a hoarse voice, "Benjamin... What's the matter?"

The desire in Benjamin's eyes was held back completely.

He took a step back and said coldly, "Ms. Green, sorry for what I have done, since I'm drunk."

Madelyn was so embarrassed that her face turned pale.
