Chapter 15 – Sister didn't do it on purpose.

“Grandpa Shen, i don't know what my grandfather had said to you, but the relationship between QingLan and I isn't like what you think. At least not know. As for in the future, no matter what happen between us, i always think that she is my sister, so i will definitely protect her.” Fu HengYi looked earnestly.

Grandpa Shen couldn't say anything else, he really didn't know what to say. In fact apart of his age, Fu Hengyi was indeed the best younger generation that he had known of.

And in Grandpa Shen's live up until now there was nothing he regret about. Even if there was, it was just he hoped that his granddaughter could be with someone who truly loved her and protected for her.

“Fine, fine, you young people will do all right on your own. I'm already old, i shouldn't intervene with it.” Grandpa Shen waved his hand and let out a sigh.

“That's right old Shen, you think about it. These two people both had excellent appearance and mind. If the two of them together, imagine how adorable and smart the children that might born from them.” Grandpa Fu stepped forward to Grandpa Shen, and whispered to his ear.

Looking at the two people who were already became best friend again, Fu HengYi shook his head and went out of the study room. Since he couldn't immediately return to the army, he had to send the training plan first to the Vice Captain Mu LianCheng. Mu LianCheng had to watch over the those fellow so they couldn't dare to be lazy.

Soon, the rumour that had spread in the capital was suppressed, and when Shen XiTong visited her friend, her friend told her that Fu Family's choice of granddaughter-in-law was Shen QingLan, it wasn't her, Shen XiTong.

Recalling when her friend said it to her, and looked at her friend's joy over her miserable. Shen XiTong couldn't help but to bite her lip and her eyes was burning with rage.

There was nothing good about Shen QingLan. Apart from her face, she was nothing. And all day long she always looked dead, as stiff as a board, seeing her made XiTong felt disheartened. But if this kind of person who was in her eyes was the same as a waste, becoming Fu Family's granddaughter-in-law, Shen XiTong couldn't be willing to let it go.

From the moment she first saw Fu HengYi, she knew that this man was the one who would be her husband in her life. She had worked so hard to become as she was now, so she could stand beside him side by side.

However, Shen QingLan robbed it from her so easily. She hated it! If Shen QingLan hadn't come back, all of it would be hers.

Shen XiTong looked at the figure who came to the stairs, wanting to come down of it. Her eyes flashed, she had an idea inside her mind.

Shen QingLan looked at the person who came up to her, and looked at her condescendingly. Her face remained emotionless. "Is there something wrong?"

Shen XiTong looked at her and smiled. "Sister, I heard that Grandpa Fu has chosen you as their granddaughter-in-law. And i haven't congratulate you yet."

Shen QingLan frowned her brows, but didn't pay any attention towards her.

When Shen XiTong saw a figure in the hallway behind them, the corner of her lips were slightly raised up, she came closer towards Shen QingLan, and softly said. "Do you think that the Fu Family would really choose a snake-hearted woman like you as their granddaughter-in-law?" She threw her body backwards, but her hands didn't forget to grab to Shen QingLan's cloth tightly, she made her face to looked panicked and she screamed.

As Shen QingLan was pulled down with Shen XiTong's, her eyes flashed with coldness, and her hand automatically grabbed the railing and stabilized her body. While Shen XiTong kept rolling down the stairs. When she reached the ground she was lying there without moving.

"Tong Tong."

Shen QingLan pushed aside hardly, and a person was running down from her side, ran to Shen XiTong's side.

“Tong Tong, are you okay? Are you hurt anywhere?” Chu YunRong was kneeling beside Shen XiTong, she wanted to reach out to her but afraid she would aggravate her injury more, she didn't know what to do.

Shen XiTon felt pain from head to toe, the pain made her forehead filled with cold sweats. But through the corner of her eyes, she still could see the one who was standing on the stairs, and the corner of her lips twitched slightly.

When she looked up again, she already had tears in her eyes, but she was laughing inside, even though her face was pale because of the pain. “Mom, sister... she didn't mean to do it, you... can't blame her.”

Then she looked at Shen QingLan again, and said with a weak voice. “Sister, i know that because mother loves me more, you didn't like me very much. But i didn't mean to rob it from you. If only you said it to me i would give anything to redeem it to you. I just hope to always stays in this home, so I could always have a home. I also didn't know that you like Fu HengYi, if so i wouldn't rob him from you.”

Chu YunRong looked at QingLan with horror on her face. To think that she pushed her sister down the stairs because of jealousy. She felt her blood rushing to her head. She stood up and rushed towards Shen QingLan.

Then she slap her on her face.

Shen QingLan only looked at Chu YunRong. There was no sadness nor anything in her eyes. It seemed that she didn't even aware of the pain on her face. On the contrary, Chu YunRong looked at her hand in disbelieve. She... hit her own biological daughter.

“YunRong, what do you think you're doing?” Grandpa Shen's voice was roaring from the hallway across them. And everyone turned into the source of the sound, only to see the old man's face was full of anger. Screaming towards Chu YunRong while he stood besides Fu HengYi.

Shen XiTong's pupil shrunk, her eyes were flustered. Why was Fu HengYi here?

“Dad... I...” Chu YunRong stuttered.

“What was happening here?” Grandpa Shen was feeling angered and asked her. He was playing chess with Fu HengYi in the study when they heard Shen XiTong's

scream and came out to see what had happened. As soon as he went out, he saw Chu YunRong was slapping QingLan.

Chu YunRong recovered from her shocked after slapping Shen QingLan, she looked at Shen QingLan's face that was red and swollen. Then glanced at Shen XiTong who was still lying down on the ground, and she finally said. "Dad, QingLan, she because of her jealousy she pushed her sister down the stairs."

"Have you seen it with your own eyes?" Grandpa Shen still felt angered, stared at Chu YunRong.

"No." Chu YunRong said.

"Grandpa." Shen XiTong said, and because of pain her face was sweaty and her brows were frowned. "Grandpa, please don't blame mother or sister. I'm the one who's wrong, i didn't stand firmly, so i fell down." Her expression was like she was bearing the pain silently. Although she said this, but in her eyes there was a hidden smugness.

Grandpa Shen's eyes were fell on Shen XiTong's body, his eyes flashed slightly, no one couldn't see what he was thinking. Shen XiTong's heart was tightening. "Don't just stand here, call the ambulance" his words was said towards Song Sao. (Song Sao is Shen Family's house helper)

Song Sao quickly went away to make a call.

"This is the end of this matter. I don't want to hear anything else about the sisters of this family didn't get along well." Grandpa Shen said it to Chu YunRong, but his eyes looked at Shen XiTong.

Shen XiTong was shocked and lowered her eyes. She didn't dare to look at Grandpa Shen.

The ambulance arrived soon. The doctor examined Shen XiTong roughly, that in addition to the fracture of the right lower leg and slight bruise on her body, he didn't find any other injuries on Shen XiTong.

Chu YunRong followed in the ambulance.

From the beginning until the end, Shen QingLan didn't say any word. The look on her face didn't even change, although her cheeks had swollen big now.

Grandpa Shen looked at Shen QingLan's face and his eyes filled with pain. “Child, when your mother beat you, why you didn't even dodge it.”

Shen QingLan's eyes were warmed up a little, she shook her head slightly.  
“Grandpa, I'm alright.”

Chapter 16 – Does it hurt?

Grandpa Shen looked at his granddaughter's red and swollen cheek, although she didn't care about it but he did and he could only sigh a long breath.

“Song Sao, bring some ice.” Fu HengYi finally said.

Song Sao was no stranger towards Fu HengYi, and knowing the relationship between the two she immediately went to the kitchen to get some ice.

“I'm really alright grandpa. You go accompany grandma, she should have heard the commotion. So you should go back and explain it to her. I will not meet her looking like this, so she don't have to worry about me.”

Thinking of his wife, Grandpa Shen was also a little bit worried. He carefully looked at his granddaughter's face. "About today's Grandpa believes that it has nothing to do with you. I know clearly what kind of child you are. So grandpa truly believes in you."

Shen QingLan's heart was warming.

"Grandpa Shen, you should look after Grandma Shen first. Let me help look after QingLan."

Grandpa Shen didn't know what to say, because he actually didn't oppose to what Fu HengYi had said. Shen QingLan, on the other hand, slightly raised her brows.

"Come on, I'll help you out." Seeing Grandpa Shen had gone away, Fu HengYi started to talk.

"I only injured my face, not my feet." Shen QingLan's face remained expressionless.

"Are you sure you still can go?" Fu HengYi took a serious look at her feet.

Shen QingLan blinked her beautiful eyes, she didn't expect him to notice that she had injured her foot. Because she hadn't raised her guard against Shen XiTong, that she would pull her down along with her. Although she had steadied herself hurriedly so she wouldn't go down with her, but she was really caught off guard and so her foot was got twisted. As she didn't want to show her weakness in front of Fu HengYi, she lifted her foot and tried to walk downstairs by herself. Just when she stepped out her foot, she wrinkled her brows slightly. But she smoothed it out in an instant, and started to walk down the stairs again.

Fu HengYi who was standing next to her, as he watched her expression changing then she still act nonchalantly, it made him somewhat angry.

He picked up and carried Shen QingLan then walked towards the living room in big strides. Shen QingLan unconsciously wrapped her hands around his neck. Making the two people was so close together that made Shen QingLan could even faintly smell the scent on his body, which was like white jasmine smell that was in one of the exclusive shower gel.

Fu HengYi could feel QingLan's breath on his neck, tickling him, and somehow he couldn't help but to tighten his hold on her a little more.

Fu HengYi then put Shen QingLan down on a sofa, his movement somewhat a bit crude. He didn't know what was wrong with him, there was just a hint of indescribable anger inside his eyes when he saw the girl didn't treat her body seriously.

Fu HengYi crouched down in front of Shen QingLan, regardless of her prevention he still grabbed her right foot and lifted her trousers up. He immediately exposed her swollen ankle that was as big as a steam bun.

Fu HengYi wrinkled his brows deeply, his eyes was staring straight at Shen QingLan. "Does it hurt?"

Shen QingLan couldn't help but rolled her eyes inside her mind, she wasn't a robot how could it not hurt her. But this pain compared to what she had experienced in her life before, it seemed so insignificant, because she... for a long time had used to feel such a pain.

Looking at Shen QingLan's pale and indifferent face, Fu HengYi's face couldn't help but to become darken. He pressed his finger slightly in the place where her ankle was red and swollen. Shen QingLan's face finally changed and showed a painful expression.

Fu HengYi retracted his hand with satisfaction, there was a hint of a smile on his eyes. Shen QingLan clenched her teeth. He was absurd ahh, he actually like to bully a wounded person.

Fortunately Song Sao finally came over. Fu HengYi took over the ice bag that she had brought, he gave one to Shen QingLan and kept one on him then placed them on Shen QingLan's swollen ankle.

The sudden coldness made Shen QingLan's body shivering and her long shapely brows slightly wrinkled.

Song Sao looked at Fu HengYi's movement and there was a smile inside her eyes. Among the three children in the Shen Family it can be said that her favorite was Shen QingLan.

Although Shen QingLan had always been cold, but towards a certain person she treated them warmly. It gave off others a feeling of coldness if they didn't know her clearly. But Song Sao had served the Shen Family for a long time, she had

been working here since Shen QingLan's father generation, so what kind of characteristic that the three children had, she knew it clearly.

You should not only look at Shen QingLan cold appearance outside, in fact her heart was the softest one.

“You're just a girl, there is no need to act so strong.” Fu HengYi gently said.

Shen QingLan raised her brows when looking at him. In fact today's accident was happened because of him. In the past few days there was a rumour that had spread over the capital. Of course she knew what it was, after all there was a small chatter-box beside her, Yu XiaoXuan.

If Yu XiaoXuan knew the rumour, of course she would know it too as well.

Shen QingLan didn't really care about the Fu Family's choice of their granddaughter-in-law that everyone had talked about. It was only because of grandpa had mentioned unintentionally last night, making her had a bit more interest towards the main hero of the rumour.

Fu HengYi's appearance was far more superior than any other beautiful man Shen QingLan had ever seen before. In her memory there was only a handful of people who could compare equally to Fu HengYi. Han Yi, who she had met the other day, counted as one, her brother also counted as one. Once there was also another person... but it was a pity that the person was already...

Thinking of that person, Shen QingLan somehow became lost in her thought. How long ago since those things had happened. It seemed that she hadn't been recalling those people in such a long time. Those years seemed to be buried by the river of time.

Shen QingLan lost in her thought for only a moment. She quickly returned back and composed herself again. Her gaze fell on the man who seemed very serious in applying some ice on her ankle.

Fu HengYi was crouching down on the ground, he bowed his head slightly. Shen QingLan looked down to see him, from her point-of-view she could only saw his hair.

Probably because he was a soldier he had short crew cut hairstyle. This kind of hairstyle was actually very hard to maintain, if one didn't carefully take care of it, it

would make them look unsophisticated. But it still didn't affect his appearance, one could see his hair root clearly. Its looked very strong. It was said that a person who had a strong hair, his temperament would also very strong.

Although when he took off his military uniform it seemed that he also unloaded his fierceness air around his body. Right away made the person's eyes to look even more gentle. Who would think that such a gentle and warm looking person would be the army youngest major-general.

As Shen QingLan was still thinking wildly about the man, she didn't even notice that the man had lifted his head.

Their eyes made a contact towards each other, Fu HengYi's eyes looked serene and very deep, as deep as a sea, one couldn't see the end of it. Yet it emitted a mysterious vibe that attracted people to explore it more.

Shen QingLan unconsciously blinked her eyes, couldn't help to curse silently inside her heart. This man was bad for her heart.

“I didn't have any relationship with Shen XiTong, her words was totally untrue.”Fu HengYi suddenly spoke up.

Shen QingLan looked at him, feeling a bit indescribable. Why did he have to explain his relationship with Shen XiTong to her?

Then she recalled what Shen XiTong had said to her before. “I also didn't know that you like Fu HengYi, if so i wouldn't rob him from you.”

“Shen XiTong had said that i was the one who had pushed her down the stairs, even my mother believed her. Do you also think like that?” Shen QingLan said softly, her voice was clear and melodious.

Although Shen XiTong never really said that she was pushed down by her, but what she had said clearly implicating that she did.

“I believe that you didn't do it.” Fu HengYi firmly said.

Shen QingLan raised her brows. “Why?”

“Because you won't bother with her.”

Chapter 17 – I'm not going to apologize to her

“Because you won't bother.” The man's voice was powerful and resonating.

Shen QingLan was shocked.

That besides her blood relatives, there was another man in this world who truly believed in her without question. Even if they just knew each other close for a short time.

Fu HengYi looked at Shen QingLan, his eyes were gentle. “You're a prideful person, it's not worth for you to do something like this. But sometimes you still need to explain yourself better because not everyone will believe in you as easily like i do.”

Shen QingLan looked dazedly at the other person's eyes, and for the first time her calm heart was rippling because of a man.

\*\*\*\*\*

The swelling of Shen QingLan's cheek didn't lessened after the application of ice.

But in order not to make Grandma Shen worried, Grandpa Shen chose not to tell her that Shen QingLan was beaten. He only said that the two sisters had some arguments, and Shen XiTong accidentally slipped and injured her foot. When Grandma Shen knew that QingLan was alright she really felt relieved. After all the

commotion outside wasn't small at all, and she was lying down on the bed and also didn't have any strength to get up. So she couldn't see what had happened in person, and could only worried in her heart.

Chu YunRong didn't come back until evening, and her face was exhausted.

“How is XiTong?” Grandpa Shen asked.

“The doctor said that she only fractured her right calf bone, and her other injuries aren't big problem. But her performance is coming soon, so she become somewhat depressed about it.”

After all it was a chance that was very hard to come by. Even if Shen XiTong was famous in the industry, such an opportunity was still very precious for her.

After Chu YunRong finished talking, she looked at Shen QingLan who was silently sitting on the side. “QingLan, you're the one who is wrong in today's matter. I don't care what kind of argument or misunderstanding between the two of you. But she is still your elder sister. It is wrong to push her down. And now because of you she had lost a very rare opportunity. Although TongTong said not to blame you, but you still have to act a little sensible. So tomorrow you come with mother to the hospital and apologize to her.”

Shen QingLan only looked up slightly and gazed at her mother. Her eyes were cold and there was no emotion in them. “I will not apologize to her.”

“You.. you're the one who made a mistake towards TongTong, but you still don't want to repent yourself and also talk back to your elders. Did I teach you to act this way?”

Shen QingLan's mouth was slightly raised, her thought was unknown. “I only knew that I'm an orphan. That i have no parents, so no one had taught me about manners. Many people even called me that I'm some illegitimate child that no one wants.”

Shen QingLan's voice was very soft, but it made the living room to become very quite because of it. But her words still landed in the ears of Grandpa Shen and Chu YunRong, and their face instantly became ugly.

Shen QingLan knew that her words were a mistake that shouldn't have come out when she saw her grandpa's ugly complexion. So she was somewhat regret saying it. Her original intention wasn't to hurt her grandpa's heart.

“Well, YunRong, i already said it before to stop this matter right here. Since XiTong can't participate in the performance, let her take a good rest at home for a while. Lan'er aren't you going to have an exam tomorrow, just go to bed early tonight.”

Grandpa Shen said it as the final decision, he stood up and went upstairs.

Shen QingLan also stood up, planning to go upstairs with him.

“QingLan, i know in your heart you always blame your mother. If not because of mother's fault, you wouldn't have been taken away by those traffickers. You wouldn't have faced so much hardships, and you'll be loved dearly as you grow up. You can blame it all to your mother for the sake of the Shen Family. But i know that you's innocent. You may not know that when i lost you, your mother had gone insane. If not because of TongTong, I'm afraid that the mother you see now may still be a madman. I know since you came back, mother has been biased towards TongTong, but mother also couldn't help it. That if you come back mother will be right away biased towards you, how would others judge your mother, and also your Shen Family?”

Chu YunRong said with red eyes.

In this matter she had grievance towards Shen QingLan but also to herself. She had lost her own biological daughter, the one she had carried in her stomach for 10 months. Is there anyone who could also understand her pain?

Shen QingLan's footsteps was stopped, she blinked her beautiful eyes slightly.  
“You think too much. I have never hate you.”

“No, you hate me, you hate me for losing you. You hate me for not trying to search for you. You hate me for treating TongTong better than you. And you hate TongTong for snatching everything that belongs to you.” Chu YunRong voiced her accusation.

Shen QingLan's eyes flashed with a strange emotion, but she still didn't turn around. “If you believe it that way then so be it. As long as it makes you happy.”

Shen QingLan didn't want to argue more with Chu YunRong.

Chu YunRong suddenly became more irritated because of it. She rushed to the front of Shen QingLan, she looked at her with eyes filled with resentment. "You always act this way, Shen QingLan, you always have faced me with this kind of expression. You always think that it is your mother fault isn't it? So even when i want to make it up to you, you always reject it to thousands miles away."

Shen QingLan looked at Chu YunRong, whose emotion was already out of control. She slightly wrinkled her brows. "I never think it was like that."

"No, you have."

"QingLan, it was all mother's mistake. You shouldn't take your angers out on TongTong. If you have any dissatisfaction you can tell it to your mother, and mother will try to compensate it to you. But it was not TongTong's mistake, so tomorrow with mother you'll apologize to her, ok?"

Shen QingLan's beautiful eyes was mixed with coldness. "I said, i will not apologize to her."

Chu YunRong suddenly raised her hand again.

"What, you want to beat me again?" Shen QingLan looked straight at Chu YunRong's eyes, with her back straightened up.

Chu YunRong took two steps back. She looked at Shen QingLan's left face dazedly. One still could clearly see there were 5 fingerprint on it. Compare to this evening it not even lessening one bit.

"QingLan, mother... mother didn't do it on purpose." Chu YunRong's eyes started to flush, she reached out her hand try to touch Shen QingLan's injured face.

Shen QingLan moved her face to the side, tried to avoid her. Chu YunRong's hand was fell behind.

She quickly passed on Chu YunRong and went upstairs.

Chu YunRong still stood in the same place, looking at her right hand. Today she used it to beat her own daughter who she owed a lot.

She seemed to have suffered a major blow, she took a few steps back and directly fell on the sofa behind her.

In her room, Shen QingLan buried herself under the blanket and looked dejected.

Sure enough she had lived a comfortable life for a very long time, even her expression hadn't been well-managed.

Shen QingLan laughed at herself, she couldn't understand where was that sharp feeling was coming from. But she didn't care about it anymore.

If those people knew what happened to her, they would immediately laugh at her. How could she couldn't handle such a trivial matter, today she had been squandered by dirty water and she even got beaten by her mother.

Thinking this way, she suddenly thought of Fu HengYi, who had firmly said to her "I believe in you." When she only met him for several times.

Shen QingLan rubbed her face, tried to drive away the heat on her face. But she kind of forgot that she had hurt her face, it hurt so bad ahh.

Chapter 18 – Goodbye

The next day when she woke up, the redness and swelling on Shen QingLan's face had faded a lot. But there was still a faint red mark on it. She looked at herself in the mirror and applied some make up on it. She covered the trace until no one couldn't even see there was some redness or even the makeup itself.

If there was anyone here they certainly would be amazed how adept she was when applying make up, as well as how high her skill was. She obviously very used to do it.

It was just that sprain on her for that still wasn't heal much. Before he left last night, Fu HengYi found a bottle of medicated oil and helped her to massage it on her injured foot for a while. So it wasn't hurt that bad.

But the little pain was completely negligible for Shen QingLan. So when she went to school no one didn't even notice the injuries on her.

“QingLan, the exam is finally over, let's go to the bar i told you last time okay?” Holding her arm, Yu XiaoXuan cutely blinked her eyes.

Yu XiaoXuan's eyes were in the shape of crescent moon so it looked very cartoony and shone brightly, her face also still retained her baby fat. It made her looked very adorable especially when she try to act cute. Anyone would had a hard time trying to refuse her.

Today was their last exam in this semester. After the test they would be free to go to have their holiday. Shen QingLan thought for a moment then she nodded.

“Yes, you're the best QingLan, muah.” Yu XiaoXuan cheered loudly.

Wu Qian, what about you, do you want to come with us?” Yu XiaoXuan asked Wu Qian who still engrossed in reviewing.

Wu Qian glanced at Yu XiaoXuan slightly. “No.”

She was very indifferent towards them.

Yu XiaoXuan's mouth was twitching, although she knew this would happen. She had been knowing Wu Qian as roommate for the last three years, but Wu Qian still wasn't able to blend well with the rest of them. Everyday if she didn't have a class she would always had a part-time job, or if she didn't have something to do she always stays in their room. Especially when exam was approaching.

When they invite her to go out with the she would always refuse it. Even if the one who invited her was Yu XiaoXuan she would also refuse it.

Yu XiaoXuan's character was very lively, she also could communicate well with many people. Even Shen QingLan who had a cold temper, and didn't have many friend couldn't help but became very fond of Yu XiaoXuan. So Wu Qian was the only exception.

“Fang Tong, what about you, do you want to come with us?”

Fang Tong who was still applying some makeup when she heard Yu XiaoXuan's question her movement didn't even stop. “Tonight i will go with my boyfriend to watch a movie. So i will not join you bunch of single dogs.”

“Ah you keep accompanying your boyfriend Fang Tong. Can you be more a little independent?” Yu XiaoXuan call out at her.

“Why would i need to be more independent, you would just want to bite me off.” Fang Tong sneered and glanced sideways at Yu XiaoXuan.

The two of them were just like a quarrelsome but loving couple, if they didn't throw some shade towards another they probably would fall ill.

Shen QingLan still quietly looked at the both of them. Her eyes filled with a slight smile. She actually very fond of this kind of livelihood.

In the end at night, Shen QingLan and Yu XiaoXuan's adventure to the bar didn't even have a start.

Shen QingLan looked at the block of a man in front of her, her gaze was full of confusion.

Yu XiaoXuan also looked at him with her eyes opened wide. Wasn't this... wasn't this man...

Fu HengYi didn't explain why would he appear at her school gate. But he looked at Yu XiaoXuan and said. “I need to talk to QingLan for a moment. Can i borrow her for a second.”

His low and deep voice was sounded very beautifully. When XiaoXuan heard this voice, it was like a divine voice. She immediately nodded her head hard like pecking chick. While she walk out of the school, she didn't forget to wave her hand towards Shen QingLan. “Umm QingLan, I'll go back first, you enjoy hangout with the handsome man.”

She recognize this handsome guy was the one who help them on the restaurant accident few days ago. But still QingLan said she didn't know this man, why would someone she didn't know coming to the school. Humph... QingLan you're liar ahh.

Yu XiaoXuan thought angrily, she looked back at the traitor behind.

Ahh, these two people's appearance together were indeed extremely compatible ahh.

As the unrelated person already left, Fu HengYi's warm and gentle expression faded a little. He frowned his brows and looked at Shen QingLan's foot. "You're foot was injured you should have rested, what are you doing running around outside?"

His voice was stern, like an older brother who nagged at his rebel younger sister.

"I'm fine." Shen QingLan was immersed at Fu HengYi's gaze, she couldn't fully adapt in it.

Fu HengYi was looking at Shen QingLan in her campus because he want to personally look at her injured foot. And knowing the state of her injury even iron man wouldn't be able to heal so quickly. But looking at her walking manner just now, he wouldn't even know that she had injured her foot last night.

"Why do you have to be so stubborn on yourself?" Fu HengYi sighed softly, and talked in relax voice.

Hearing Shen QingLan's words made him somewhat uneasy. Actually she was too habitually to say it like that, not because she was forced or try to act strong. Compared to what she used to feel before, this kind of pain wouldn't able to hinder her.

Looking at Shen QingLan's silent appearance, Fu HengYi's heart became more helpless. He couldn't help but to become more curious about what kind of experience this little girl had experienced in the past years before. The reasons why her character had changed into this cold and tenacious.

"I'm going back to the army, so today i come here to tell you that." Fu HengYi was to the reason why he was here.

So, he was here to say goodbye to her? Shen QingLan realized what he meant. But were they that close to each other? If he was going to return to the army why would he need to go to her campus just to tell her that?

Shen QingLan's eyes showed slightly her moods, but Fu HengYi could still easily see her bafflement. Actually he was also somewhat baffled by his own action. When he returned yesterday from the Shen's house he somewhat still wasn't relieved by her condition. So he eventually came here to see her.

Fu HengYi rubbed his forehead to smoothen down his frown. "There is something i want to say but don't want to say it on the phone. Furthermore i want to request something to you."

So there was something he needed her help.

"What is it?"

"My grandpa is always alone at the Fu's house, i couldn't always come back for him. I could see that he is very fond of you, so i hope that you can sometimes accompany him."

Fu HengYi's voice was very serious, Shen QingLan could easily hear his concern for Grandpa Fu.

"Ok." Shen QingLan answered without a bit difficulty. She also like the stubborn old man very much.

"Thank you so much."

After Fu HengYi finished speaking, he quickly turned and walked away. He unexpectedly didn't send off Shen QingLan back to her dorm. Rather it was because he truly didn't have time right now. Originally he didn't have to go back to the army so quickly, but today he just received some notice. One that required him to attend some urgent mission. His meeting with QingLan now happened because he squeezed hard his time.

He actually had called her before coming here, but Shen QingLan had an exam today so she turned off her phone. After she came out of the exam room she still forgot to turn it back on again. So Fu HengYi couldn't help but to come and search for the person himself.

After walking for a few steps, Fu HengYi actually turned back again to her. He stuffed something in her hand. “Don't neglect your body just because you're still young. You should carefully take care of your injured foot. This kind of massage oil will help your blood circulation and will help your swelling. Remember to apply it on your injury.”

This time, Fu HengYi was really gone.

Shen QingLan watched Fu HengYi approaching the military of-road vehicle that parked at the corner of the street. She watched him to get on the car, and the car started to disappear into the corner. Then she raised her hand to hail a taxi.

## Chapter 19 – Trust and estrangement

After Fu HengYi left, Shen QingLan's life was back to normal. As the final exam had already finished, it meant that summer vacation had started. Shen QingLan already moved back from the school dorm. As no one knew how much left Grandma Shen's day was. Shen QingLan wanted to spent more of her time accompanying the elderly who had given her so much love and care.

It was only two days after Shen XiTong's accident. Shen JunYu was already back from his business trip abroad. He just left the family for a week but such a thing still could happen.

“LanLan, are you hurt anywhere?” Shen JunYu carefully looked at her up and down.

Shen QingLan shook her head. "I'm fine." The person who did hurt herself was now living in the hospital.

"It's good if you're alright." After he finished speaking he rubbed Shen QingLan's head. "Brother believes that you're not the one who pushed Shen XiTong."

Shen QingLan looked at his expression, she let Shen JunYu's hand to rub on her head. "You will just believe that it is not my fault? If by any chance i did something so vicious like that, that i really hated Shen XiTong. Therefore in the heat of moment i pushed her down, what if it was really happened?"

Didn't her mother also think so? Shen QingLan asked in a sarcasm way inside her mind.

"LanLan, brother knows you won't." Shen JunYu's expression was gentle and soft, he always loved and wanted to pamper this little sister of his. "Although you didn't live with us since your childhood, but brother always know that our LanLan is a good girl. You wouldn't do something like this."

Shen QingLan gazed at Shen JunYu's gentle eyes. From the moment she returned to this family, her older brother was awfully fond of her. She thought that they only did this kind of stuff just because they owed her, and this was just some kind of compensation for her. Now she felt that she was a little bit shallow at that time.

"I'm not that good as a person." Shen QingLan's voice was soft and clear, but a trace of emotion. But Shen JunYu couldn't even notice the deep meaning of it.

If one day, you knew what kind of things i had done, will you still believe so easily that I'm a good person?

"Stupid, even if you're not such a good person, you'll always be my little sister, the Shen Family's daughter." Shen JunYu noticed a slight estrangement feeling coming from Shen QingLan. Then he smiled.

From the very first day when Shen QingLan returned to the family, Shen JunYu knew that she remained wary of everyone in the family, she even might wary of himself. He didn't know what happened to this younger sister of his when she was a child that made her to be this conscious about others.

She was accepted that she was part of this family, but she still couldn't completely blend in, except for the grandpa and grandma.

But she would always put her heart in a distance on anyone else, it felt like she was a stranger who lived in this house.

All of this making Shen JunYu felt sorry and helpless.

And because all of this reasons, Shen JunYu knew better that Shen QingLan wouldn't push Shen XiTong just because she felt jealous of the love his mother gave for Shen XiTong.

But that Shen XiTong...

Something dark flashed into Shen JunYu's eyes.

“QingLan, this wine is pretty good, you try it.” Yu XiaoXuan pushed a cup of liquid in front of Shen QingLan.

Shen QingLan took a sip, there was a faint wine taste mixed with fruity aroma, a hint of sweetness, to sum it up the was pretty good.

At this time, the two of them were sitting on a bar the one Yu XiaoXuan had been talking about for weeks.

“This wine was a bit strong, you should drink less.” Shen QingLan looked at Yu XiaoXuan who had already finished a cup but already got another one, but Shen QingLan grabbed it first.

Yu XiaoXuan smiled happily and waved her hand back and forth. “Not happening, i'm a good drinker. You forgot that the last time i had a drink with the group next to our room, i'm the last man standing.”

Yu XiaoXuan said triumphantly. Shen QingLan gazed at her, she didn't have a heart to tell her that someone got drunk in the end and sang a song in the middle of the night even attracted the attention of Dorm Caretaker. And after the event they still remember that accident.

“QingLan, I promise that I will not get drunk tonight. So let me have another drink, just a cup.” Yu XiaoXuan raised her index finger and looked at Shen QingLan pitifully.

Shen QingLan reluctantly let go of her hand from the glass, Yu XiaoXuan quickly took the glass and took a sip of it, revealing a satisfied expression.

The two of them were both adorable and beautiful. Naturally the both attracted many attention of the people in the bar since they step inside. But Shen QingLan's indifferent expression made them stayed far away from the two. All of them kind of had the wait-and-see attitude.

At this time, after seeing one of them already had two drink, someone finally unable to hold back. A man with oily face came forward to them with a glass of wine, then he sat down besides Shen QingLan. There was a flirty smile on his face.

“You girls look like a student, do you come here for the first time?”

Shen QingLan knew that someone was approaching her, but because this was a public space so she couldn't stop him from sitting besides her.

She just took a sip of her drink, ignoring the oily man besides her.

The oily man didn't mind her attitude, as a beauty it was her privilege.

“It's the first time i saw you girls here. I feel like that we're fated to meet with each other. So today, everything you girls want you can order it, it'll be on older brother.” The oily man waved his hand.

This kind of thing was very common to happen in bar, everyone smiled with mutual understanding.

“Oh? Anything i want?” Shen QingLan finally lifted her eyelids and glanced at the oily man. The glance didn't have the usual coldness and indifferent feeling in it, it was actually filled with amorous gaze, and it looked straight into the oily man who nodded. “Well... of course.”

After receiving a positive answer, Shen QingLan raised her hand at the bartender and said, “Give me two bottles of 82 years of Lafite.”

When Shen QingLan finished speaking, the bartender awkwardly looked at the oily man. The oily man was a frequent visitor here. He came here regularly since he opened the bar. About whether or not he had so much money, the bartender didn't know it completely. But he still understood that he didn't have that much money, not to mention two bottles of the 82 years old of Lafite Wine, even a cup of it this man couldn't possibly afford it.

“You see this handsome guy here. Didn't you hear what he was saying? He had said that today he will for everything that i want to order.” Shen QingLan's voice was clear and soft, but it suddenly awaken the oily man's consciousness.

His face was blue, he still didn't understand that he was being played. When he saw the bartender turned around to het the wine, he quickly raised his voice. “Wait.” If the wine was ordered he absolutely would be skin alive by his mother at home. He liked to invite beautiful women to have a drink with him, in order to get good impression from them. Whatever the beauty wanted he didn't care as long as they didn't mind having a deep interaction with him.

“What's wrong, are you unwilling to do it now? So man's word truly couldn't be trusted now.” Shen QingLan said while glance slightly at the oily man, her eyes filled with disdain.

The oily man's face became more ugly, but he couldn't easily admitting that he was really regretting his words. He tried his best not to get angry. But he was stunned by the cold gaze Shen QingLan gave. It looked like he was in front of a tall snowy mountain, cold and killing.

In an instant he felt like being poured down with a basin of cold water. His head couldn't help but to looked away from her, his legs were trembling and stumbled himself to stand up then left the bar.

Chapter 20 – A man covered in blood

Yu XiaoXuan didn't even notice the accident at all. She held close her wine, taking advantage of Shen QingLan's unawareness, and got wine one after another.

After Shen QingLan finished handling the oily man, there were already 4 empty-glasses in front of Yu XiaoXuan.

Shen QingLan's emotion, that always remained indifferent, couldn't help but to turn darken. She already imagined the horror of this kid's situation.

Seeing that Yu XiaoXuan was still trying to get her fifth glass, Shen QingLan quickly took away the glass that the bartender gave to her. The surrounding males were already restless, wanting to hit on them. They rarely saw such a beauty like them.

Seeing XiaoXuan's unfocused eyes, QingLan immediately knew that this girl was already drunk. She took out a few money and put them at the countertop. QingLan then pulled XiaoXuan out of the bar.

As they went out, no one actually stopped them and they went out of the bar smoothly. Just as QingLan wanted to hail a taxi, she saw Yu XiaoXuan covering her mouth. She took her to the nearest tree, XiaoXuan bend down and started vomiting.

Shen QingLan slowly patted her back.

“Hey! How come there are two, no no, three of you QingLan?” After vomiting she looked at QingLan wobbly.

Seeing that XiaoXuan was going to fall down, QingLan quickly stepped forward and helped supporting her. Yu XiaoXuan shook her head. “Aiya, QingLan. Don't shake me, you're making me dizzy.”

“Ok ok, I'm not going to shake you. So stand still.” Shen QingLan supported her to prevent her from falling.

“Ok.” Yu XiaoXuan cutely stood straightly.

Fortunately here was a street full of bar, so there were so many taxi. Shen QingLan successfully hailed one, she then helped XiaoXuan to get in and told XiaoXuan's home address to the driver.

“QingLan, i'm so happy today. I'll sing a song for you.” She smiled and started to open her mouth again.

“Big river flows to the east ahh, the heavenly Big Dipper in the sky ahh.....” A tone-deaf voice tore apart the quiet night. Now Shen QingLan believed if there was a bird right here right now, that bird would surely dropped hearing Yu XiaoXuan's singing voice. Not to mention the driver was also gripping the steering wheel harder, afraid to slip because of her.

(The song YXX was singing is the song of Liu Huan (刘欢) – Hao Han Ge (好汉歌), it is ending theme song of Water Margin (1998))

They finally arrived at their destination after so much difficulty. When they were just got off the taxi the Uncle Driver hurriedly stepped on the accelerator to escape from them. Afraid of being called back by them.

The girl's voice was truly terrible. He was afraid that he would get a nightmare when he sleep at night.

The gate was opened and Mother Yu was standing there. When Yu XiaoXuan saw her mother, her eyes shone brightly. She immediately threw her self at her mother. “Mom...”

Mother Yu flusteredly caught her daughter. “Hey, how much wine you had drunk ahh?”

“Aunty, I'm sorry i didn't look after XiaoXuan better.” Shen QingLan deeply apologized.

Mother Yu waved her hand, knowing that this wasn't QingLan's fault. She knew her daughter better. She was a small drunkard. When she saw alcohol her eyes would immediately shine up, but she didn't know well her tolerance. Even if it wasn't because her tolerance, the alcohol level must be pretty high. And once she was drunk, she loved to torment the person she was with. Looking at thin sweat that was covering Shen QingLan's forehead, Mother Yu was afraid what her daughter had done must be not small.

“It wasn't your fault, QingLan. And thank you for sending this girl back. This girl must be caused you so much trouble.”

“How, how can I be a trouble, right QingLan?” Yu XiaXuan leaned against her mother's chest.

“Ok, ok, you're not a trouble. But i'm mad ok...” Mother Yu said helplessly.

“Aunty, let me help you to send her back to her room for you.”

The Yu's house was a two-leveled house, and Yu XiaoXuan's room was in the second floor. Seeing how drunk she was, it could be said that it would be pretty hard to send her back to her room.

Mother Yu certainly didn't refuse it.

“I'm sorry for troubling you QingLan.”

“Don't be so polite Aunty.”

“Mom, i'm so happy today. I love you so much.” Yu XiaoXuan said sweetly while rubbing her head on her mother's neck, acting spoiled.

“Mom also loves you, so be obedient and stand still.” Mother Yu's voice sounded soft and gentle, spoiling her more.

Yu XiaoXuan obediently stood still.

It was a really hard task to send XiaoXuan back to her room. Shen QingLan and Mother Yu was covered in sweats, Yu XiaoXuan the drunkard just simply passed out.

“QingLan, it's already late. It's dangerous for you to go back alone. Just stay the night here.” Mother Yu offered.

Shen QingLan shook her head gently. “No, it's okay Aunty. My friend is already waiting for me outside. He will send me back home.”

When Mother Yu heard someone would send QingLan back home, she no longer prevented her. “Well, just be more careful on your way home. Come here again next time to eat, Aunty will make the honey ribs that you like so much.”

“Ok then.”

Shen QingLan didn't let Mother Yu to send her out. She walked out of the house alone.

No one was waiting outside of the house for QingLan. She just said it to reassure Mother Yu so she could return back home.

Yu's house was located in a high-end residential area in Beijing. There were only many private car in the vicinity, so it was hard to hail a taxi.

Tonight's weather was pretty good. It erased the heat from the day time, and permeated the night with coldness.

Shen QingLan decided to go for a walk first.

She walked slowly, her expression looked very relax. She had returned to this city for 6 years. Her memory before leaving this city before was very poor, the memory of this city had been forgotten since long ago.

A lot of new memory of the people in her live now were flashing in her eyes. Grandpa, grandma, father, brother, mother, Shen XiTong, Grandpa Fu, Yu XiaoXuan and Fu HengYi.

Although it was a summer night, the air was still chilling. On the cold and quiet street, there was only Shen QingLan's lonely figure. The streetlight made her shadow to look very long.

Suddenly she heard a sound of someone fighting. It seemed to be coming from the back of the small alley.

Shen QingLan stopped walking and stood at near the mouth of the alley while trying to avoid the light of the streetlight on her. She could see clearly the some people who was fighting a man, or it could be said as a group of people was beating a man.

The man was already injured so badly, he was bleeding everywhere. Because his face was full of blood, QingLan couldn't see his appearance clearly. But although this man was injured, he could still defend himself. Everytime he threw a punch, it always beat down one person of the group. Eventhough, he also added new injuries to his body.

Shen QingLan stood quietly, staring at everything that happened in front of her. Still neither walking away nor helping the man.

“Police are coming, run quickly.” Suddenly police's siren rang loudly in the dark night. It sounded a bit far but still approaching them. Immediate awaken the group of people who were fighting.

“The police are coming, let's run quickly.” One of them shouted in panic and fled with all of his group.

Soon, there was only the man left in the alley who was covered in blood. He sat while leaning on the wall, and gasping for air.

The group of people who fled didn't notice that they only heard the sound of the police car. They didn't actually saw the police. Even after they escaped, there was no police car approaching them.

After a while, QingLan finally walked into the alley. She stood in front of the man and looked down at him.

He was badly injured, gasping for air, and his wounds were still bleeding. He noticed that someone was approaching. He opened his eyes slightly and looked at Shen QingLan. His gaze was ruthless.

But seeing QingLan's figure, he suddenly loosened up. He reached out his hand towards her, trying to pull her. Yet it only hanged down pitifully, because he had no strength left. And he finally fainted.

Shen QingLan could clearly see the words he was trying to say at the end – save me.

## Chapter 21 - My Name is Shi Feng

When Shi Feng woke up, he found himself in a strange room. His eyes were full of confusion, but its instantly cleared up.

He remembered. Yesterday, he encountered assassination from his arch-enemy The Tiger Gang. He used whatever he could, but still couldn't finish up all of the men. When he thought that he was going to die this time, a police siren suddenly sounded out. Now he thought that he was able to slip from his arch-enemy, but instead fell into the hands of the police. But now he unexpectedly faced with a little girl.

I, your father, unexpectedly didn't die? Hahaha, since I didn't die I would certainly pay you back. Just wait, I would wash your neck cleanly.

(T/n: the words 'your father' here wasn't mean literally, it's an arrogant way of talking in Chinese. And the words 'wash your neck' mean 'prepare to die'.)

Shi Feng's eyes were very fierce, and there was a sly smile on his lips. He looked at his own injuries, it already had been dealt with. He wore nothing except shorts, but with his bandage it made him to look like a mummy. So it didn't matter if he didn't have a shirt on.

The person who saved him yesterday was a little girl?

He stood up with a huge effort and walked out of the room. This was a three-bedroom apartment. The decor was very simple, but it was very clean.

There was also an easel on the balcony of the living room, and which was an unfinished painting.

Just when Shi Feng thought that there was no one in this house, a voice was coming from the front door. Shi Feng immediately became tense and made a defensive posture.

The door opened, and looked the person who was coming in. Shi Feng's body instantly relaxed.

Shen QingLan looked at the person standing in the living room, unexpected emotion flashed by her face. "You still haven't gone yet?"

As Shi Feng heard this, his expression immediately went awkward. He barely just woke up when she came back.

Shen QingLan didn't pay any attention to him. She walked straight into the kitchen. Shi Feng realized that she had several bags on her hands. As it appeared to be morning, she went out to buy several items for breakfast. She had several portion of: porridge, steamed stuff buns, fried dumpling, jellied tofu, it was unexpectedly a feast.

Shen QingLan sat down to eat and sensed someone gaze at herself, looking at Shi Feng. "Do you want to eat together?" She actually prepared his meal.

"I'm not going to be polite then." Shi Feng answered straightforwardly. Shen QingLan didn't say anything else, she just kept eating.

He moved to the table with so much difficulty and sat down across Shen QingLan. He took the porridge QingLan hadn't touched and started to eat it. His right hand was injured, he couldn't grab chopsticks so he just had a spoon. He lowered his head and ate it.

He hadn't eaten for a day and he also had been fighting with that group for a long time. So he had been famished. A bowl of porridge wasn't enough, he then ate another two or three steamed bun cleanly.

Shen QingLan just calmly ate her own jellied tofu.

After finished eating, his body finally had a hint of strength. He leisurely sized up Shen QingLan.

She was actually younger than he thought before. It looked like she was around twenty years old. Her looks was very stunning, but at such a young age her expression was already cold and indifferent.

"My name is Shi Feng." Shi Feng suddenly said.

“Oh.”

Her reply was just this? Shi Feng thought that he was still a little famous in the capital. Average person would definitely react when hearing his name. Whereas this girl who was sitting across of him, she didn't even react in the slightest.

She didn't recognize him? Shi Feng suddenly remember, that's right, he was only popular among the man on the street, it wasn't wrong if average people didn't even know him. Looking at this girl appearance, she must be a young lady from rich family. If not, how could she live in such a good building?

“Thank you for saving me yesterday. I don't know how to return your favor. If you have any problem in the future, don't hesitate to contact me. I'll surely help you. So may i know your name?” Shi Feng said seriously.

Shen QingLan finished eating the last jellied tofu and leisurely wiped her mouth with a paper towel. “You don't need to. We won't see each other again in the near future.”

Shi Feng's situation last night was obviously the results of his enemy's work. It was clearly a huge problem between them, and QingLan didn't like problem.

Shi Feng was really embarrassed this time, to be dismiss so easily by someone. In 30 years he had lived, this was the first time he encounter something like this.

But QingLan truly saved him this time. And he, Shi Feng, although his way sometimes not really straight, he had done something unspeakable on daily basis, but he was a man who always kept what he had said. He wouldn't take back whatever promise he said.

“Well, girl, Thank you so much anyway.”

“You're injured badly, it is best to find someone to look after it. I'm going to leave a moment later. Remember to lock the door when you left.” Shen QingLan stood up and cleaned up their dishes, she didn't like mess at her home.

Shi Feng stood to follow behind her, this little girl, doesn't she know what kind of a person he is? Granted if she really didn't know, but after what happened yesterday no average person wanted to help him. They already very brave if at least they were able to call 120\*. And this girl, not only helped him but also brought her back

home to attend him. Why didn't she afraid that he would bite the hands that helped him when he woken up?

Thinking it inside his mind, he then truly asked her this question.

Shen QingLan wiped the waters on her hands and answered him without looking. "You wouldn't able to hurt me."

Shi Feng. "....."

What Shen QingLan said was true; after all the Shen Family was a military family. At this family aside from Shen XiTong who had a weak body and didn't even had a slightest talent in martial arts, both Shen QingLan and Shen JunYu had been trained by Grandpa Shen.

Moreover Shi Feng was seriously injured now. If he wanted to hurt Shen QingLan, she could handle him in two moves— hehe.

After Shen QingLan left. Leaving Shi Feng alone in the apartment. He then picked up his phone from the table and dialed a number.

Soon there was a knock on the front door. Shi Feng difficultly moved towards the door, and peeked from the peephole before opening the door.

When the person came inside and saw Shi Feng's appearance he said. "Boss, what happened with you to become like this?"

"Come here." Shi Feng moved aside to let the person came inside, he then walked to the sofa to sit down.

The person also knew the seriousness of the matter. "Boss, where did you end up yesterday? After all of the brothers got the news that black tiger, this bastard, had sent someone to assassinate you, we rushed to send some reinforcements, but we didn't find anyone."

Mentioning The Black Tiger's name blackened Shi Feng's face. "If it wasn't because I, your father, good lucks. I would surely die in the hands of The Black Tiger last night. A Nan, there was a traitor in our gang. I wouldn't step in our gang for the time being, so you need to investigate it quickly, but don't alert our enemy you need to do it secretly. Moreover, help me to investigate who is the owner of this house."

The man called A Nan nodded in agreement. Not many people knew on Shi Feng's situation. So it would be impossible for Black Tiger to hear the news about him. As for the assassination matter and who the traitor in their own ranks is, A Nan couldn't think of an explanation for these problems.

"Boss, after finding who the owner of this house is, do you want me to ..." A Nan made a movement to slit his own neck.

Shi Feng was sending dagger from his gaze, if not because he was injured, he would certainly kick this idiot.

"She is my savior, don't you dare to touch her..." Shi Feng roared in rage.

Translator's Note:

Yeah, as you guys can see in the first 50 chapters the story will be very slow progressing, and we wouldn't get any steamy scene from both FL and ML, just some very little tingling. i personally really like the story after 70-ish chapter, especially when it's in 100-ish one, it's get both steamy and exciting at the same time. and you'll see how SQL would be growing as a character and you'll slowly get a full story of her life when she's abducted there, and how she turn into an ice block.

Chapter 22 - Talk between grandpa and his granddaughter

Shi Feng lived in Shen QingLan's apartment for half a month, thinking that she would come back. But until the end, she didn't appear again. When A Nan finished investigating who the owner of this house is, it turned out it listed under a man's name, but he couldn't actually find who it was.

In desperation, Shi Feng had to give up the search and returned to his gang.

What did QingLan do during this past half month? Well, besides hanging out with Yu XiaoXuan, she spent most of her days staying at home to be with her grandmother.

Her grandma's condition was worsening these days. Her face became thinner than ever, and she was sleeping most days. QingLan realized her grandmother's days was getting nearer.

She sat beside her grandma's bed, as her grandma just fell asleep. She was holding her grandma's small and scrawny hand, while watching her sleeping face, she looked very serene.

Grandpa Shen came into the room and patted QingLan's shoulder gently. Shen QingLan stood up and walked out from the room together with Grandpa Shen.

The pair of this grandpa and his granddaughter went to the garden.

It was Summer, the gardenia in the garden was blooming beautifully. It made the air-filled with gardenia's smell.

This is the favorite flower of Grandma Shen, her Grandpa planted it in every corner of the garden for her.

"Lan'er you're already twenty-one years old. You're a big girl now." Grandpa Shen looked at his granddaughter and sighed.

Shen QingLan's eyes flickered with emotion. "Grandpa, what's wrong?"

"You've always been a smart girl and you keep hidden your entire feelings well. You've always kept it deep inside your heart without say anything to us. I know you love your grandma so much and it's what your grandma and I worried the most. As the saying goes, love always hurts people."

He was aware that this granddaughter of his was a smart and loving child. He already knew it since her childhood. But after growing up, especially after Shen QingLan returned to the Shen Family, it was kind of changed. Grandpa Shen had seen countless people in his lifetime, he seen many people who wasn't showing their feeling outright. Fu HengYi was one of the people, but now he could also say that his granddaughter was one of them too.

Shen QingLan seemed to be a very cold person from the outside, who always didn't show her feelings. But she was actually a very soft-hearted and kind person. Sometimes she was really indifferent towards many things. Her kind of indifference was towards people she didn't really bother to care in life.

Grandpa Shen sent people to check Shen QingLan's life after been abducted by the traffickers. Besides knowing that she was adopted by a couple, then after the couple had their own children, they finally sent her to a welfare home. She grew up the rest of her childhood in the welfare home, aside from this, he couldn't find any other information.

Grandpa Shen never doubted that Shen QingLan wasn't the child of Shen's family. Today's technology was very developed, it was very simple to verify it, and The Shen Family was already tested it.

"Grandpa, I know I'm too attached to grandma. But I just want to stay right by her side in her last days. So I won't regret it in the later days."

"I know you know what the best for yourself. But looking at what you've done this days, you always stay at home all day. Your grandma is worried about it too. You know that we both are already old. Sooner or later, we both will leave you first. I already prepare when the time comes, so we hope you can also start preparing." This was Grandpa Shen's sincere and honest wishes, although sometimes he couldn't see through this granddaughter of his but he knew that she truly loved and cared for her elderly.

His wife's days weren't much left, he was afraid this child wouldn't be able to withstand the blow when the time came.

"Your grandma often tells me, 'our LanLan is so beautiful, I wonder what kind of man is worthy to be her husband in the future'."

"Grandma really loves me so much, therefore she really thinks that I'm such a talented girl. But I'm afraid in other people's eyes I'm just an average girl." Shen QingLan's eyes filled with so much warmth, she often heard her grandma telling her this words.

Grandpa Shen scowled. "Nonsense, how could anyone said my granddaughter's look is average. They must be blind."

Shen QingLan laughed lightly, her face filled with a rare seen smile. "Grandpa, others might say that you and grandma are selling melons\*."

(\*means bluffing, CMIW)

"Well, I'm not lying. You just don't acknowledge it. You know that Grandpa Fu have been longing for you to be their granddaughter-in-law from a long time right. Every time he saw you, his eyes always become green."

Shen QingLan really laughed out loud this time. "Grandpa, if Grandpa Fu hears what you said earlier, I'm afraid he would come find you."

"Well, I'm not afraid of him!" Grandpa Shen snorted lightly, but looking at his granddaughter's laughing face his mood became much better.

These days his wife's condition was deteriorating. Shen XiTong was still hospitalized because of her fracture. Chu YunRong went to the hospital all day because of it. When she returned home, she would look at Shen QingLan with a grievance expression, especially on the day of XiTong's orchestra performance. It was said as XiTong was still hospitalized at that time, she drank many sleeping pill trying to commit suicide. When Chu YunRong came back home that day, she made a big fuss of it. In the end Grandpa Shen came out and dealt with her.

Because of it the atmosphere in the house was also worsening. Since that day, Shen QingLan always stayed in her room if she wasn't in her grandma's room, it was rare for her to come to the living room.

"Grandpa, what are you guys talking about here?" Shen JunYu who just came back from work heard from Aunty Song that Shen QingLan and his grandpa was in the garden, so he came out to find them.

"I was just talking with your sister, and what are you doing here?" Grandpa Shen was a bit impatient now when his grandson interrupted his talk with Lan'er. This smelly boy only busy with his business all the time, he didn't even have time to accompany his sister.

As he was given a dirty look for no reason, Shen JunYu scratched his nose, feeling innocence.

In a military camp, Fu HengYi jumped from a helicopter to his long-awaited basecamp. His mission this time was harder than he originally thought, so he spent so much more time to finished it. At first he thought it would be completed in half a month, but in reality it was dragged on for a full month.

"Captain, we just received new instruction from the superiors. There will be a military exercise in our platoon next month. Major asked us to send a small team to participate it." The Vice Captain, Mu LianCheng said.

"Is the list of the personnel already drafted?" Fu HengYi asked calmly.

"Not yet, I know you're coming back today, so I wait for you to decide it."

"Well, you decide it yourself. And how's the result of the new recruit selection?"

"The preliminary result has come out, there are 300 new recruits has been selected. They will receive half-year training after that. After they passed this final assessment the recruit can finally join our troops."

"Well, it's better than nothing. Keep it up."

"Understood."

Fu HengYi walked into the dormitory. As he was the captain, he got a separate dormitory for himself. His place was very simple, there wasn't any extra personal things except a table, a bed, a wardrobe, and a bathroom.

He knitted his brows slightly, and rushed into the dormitory. Instead went to the bathroom to take a bath, he immediately opened his drawer and took out his mobile phone that had been turned off for a month.

As the mobile phone didn't have any battery left, he charged it first before went to the bathroom to take a shower.

Five minutes later, Fu HengYi came out of the bathroom with a refreshing look. He then picked up the phone and checked if he had a missed calls or messages, but he got nothing.

His eyes were stormed with emotion, but it's unidentified what kind of emotion is that.

I personally think this scene is very heart-warming, you can see she's not really a block of an ice in front of the one she really love and care for.

Shen Xitong returned from the hospital, the bones from her legs were not operated on. After she returned, the house was again full of joy.

“Qinglan, your sister has returned from the hospital. Because she missed the performance, her mood is very bad. I hope you can ease-off on your sister, don't make her angry again.” Chu Yunrong pulled Qinglan aside and said this.

Shen Qinglan looked at Chu Yunrong with her calm eyes, Yunrong looked awkward. Yunrong turned her head, reluctant to look at her own child.

“If other people don't provoke me, I won't offend others.” After saying that Shen Qinglan didn't look at Chu Yunrong again, and left.

“Grandma, I was at the hospital this month, there was no way to see Grandma. I'm sorry.” In her grandmother's room, Shen Xitong was sitting in a wheelchair.

Grandma Shen looked at Xitong's feet, her foot covered with plaster. She could not see the injury because of that. “How is your foot?”

Shen Xitong smiled. “The doctor said the healing was going well. The plaster can be opened in a month. After that, I just have to take care of it. If it doesn't hurt, there won't be any other problems.”

“That is good. Let Aunt Song give you some Bone Soup later tonight. You have to drink it more.” Her grandmother looked full of love, she was always very kind to the juniors.

(Bone Soup = soup made from bone stews; it is said to be good nutrition for new bone growth.)

“Thank you, Grandma. But ...” Shen Xitong looked at her grandmother, and she stopped talking.

“What is wrong?”

“Grandma, I know because of this issue, Mother has blamed Qinglan. I explained it to Mother. Sister was accidental on that day. I'm was not careful, I didn't stand firmly. I advised Mother many times not to blame sister. After all, I have taken mother's care from sister. Sister must have blamed me. Grandma, please explain to her about this, don't blame Qinglan again.”

Xitong's words were filled with sad feelings and shallow expressions, but he did not realize the smile on Grandma Shen's face gradually disappeared.

“Come to think of it, it seems like you have been in our house since the age of nine?” Grandma didn't seem to pay attention to Xitong's words and asked indifferently.

Xitong's heart was tense, and she was very embarrassed. She raised her eyes helplessly seeing the love in his grandmother's eyes diminishing. “Yes, I remember the first time I came to this house. Grandma bought me lots of new clothes ...”

“At that time, your mother lost Lan Lan, she went mad. For your mother, your father adopted you from the orphanage. And, in fact, your grandfather and I did not agree to do that. But your father insisted. Then, We saw you behaving well, and we accept you.”

Shen Xitong bit her lower lip, “Grandma, I ...”

Grandma Shen waved her hand, gesturing for Xitong not to speak. “During that time, your father and mother; They raised you like a biological daughter, and even told you that you are the daughter of the Shen Family. Did we ever, not want you?”

Shen Xitong lowered her eyes, she nodded. “Yes, everyone in the family is very nice to me, I also like this family.”

“Not a biological granddaughter, but your father treats you both the same. Not to mention your mother, she sided with you, ignoring Lan Lan. Everybody who has eyes can see that. ”

“I also suggested to Mom to be a little better to Qinglan, it's just Mother ...”  
Xitong said with a hint of complaining in her tone.

“That's your mother's problem, don't discuss it now. In this room, there are only the two of us. Tell the truth, did she really push you down the stairs?”

Shen Xitong raised her face, she met eyes with Grandma Shen who could see everything clearly. “No, was the one who was not careful ...”

“Don't try to fool Grandma with your reasons. Grandma has lived for more than 80 years. What kind of wind and waves has Grandma not seen? Can't see your little mind? I had already asked Aunt Song and, in the last few days, there had been rumors that the Fu's wanted her to be a daughter-in-law in their family. And, you like that Hengyi boy? ”

Xitong didn't think that the feeling she was hiding was seen by Grandma Shen. Hearing that he couldn't help but feel a little embarrassed. “Grandma, I don't!”

“Do or don't. Grandma is here to tell you today, don't think about things you shouldn't. You like Hengyi, you can compete fairly and openly. Grandma won't comment. But if you intend to be cunning, I'm afraid our family has no place for you.”

Xitong was shocked, she looked at Grandma in disbelief. “Grandma, I really don't.”

“Xitong, Grandma knows you are smart but don't consider other people stupid. Your mother loves you if you say something, she will believe you, but we are different. How is Qinglan's temper, we understand better than you. If she is really jealous because your mother prefers you, then Grandma would be happy.” At least, then she considered herself truly a member of the Shen Family.

“What happened that day, Grandma doesn't care if you accidentally fell, or you're not careful. Grandma can treat it as if you're not careful, but if Grandma hears you say she's jealous in the future, then that sin won't be easy to forget. Yes, your mother will help you, but in this family, your mother is not the head. Even if Grandma dies, there is still your grandfather.”

If this was the young Grandma Shen, she would not do this. But now she doesn't have much time. Her days in protecting Qinglan are numbered, she was forced to do this.

Even though she is merciful in his daily life, she and Grandpa Shen have spent years together through the wind and rain. Her experiences are deep, and her young soul had subsided. How could someone with Xitong's weight rival her? With just a few sentences, Xitong's heart was hurt.

Shen Xitong was very embarrassed. Since she came to Shen family, no one has ever scolded her, this made her forget that she was only the adopted daughter of the Shen Family. He doesn't have blood relations with this family. They can take care of her, of course, they can trample her too. This was the first time she realized she had no position in this family, and she only relied on the affections of Chu Yunrong. But, after all, Chu Yunrong was not her biological mother. How long can this love continue? Who can measure it?

She left Grandma Shen's room desperately and collided with Shen Qinglan, who planned to see Grandma Shen, and she looked at Shen Qinglan's nonchalant face. Shen Xitong bit her lip that left a trace on her lower lip.

Since then, Shen Xitong is quite honest. Even though she still visits Grandma Shen every day, she won't stay long. She basically says one or two words and leaves, without care.

Shen Qinglan still accompanied Grandma Shen every day, talking and chatting for a while. Sometimes she just takes a book she liked and sat beside Grandma Shen, reading it for her.

However, Shen Qinglan discovered that Grandma Shen often looks at her anxiously, with sad eyes.

“Lan Lan, Grandma is worried that Grandma can't see the day you marry and have children.” Today, Shen Qinglan only read for Grandma Shen, who is now holding her hand and spoke.

Shen Qinglan smiled lightly. “Grandma, what is Grandma talking about? We went to the temple at Shangxiang to look for predictions. The Monk said that Grandma must have lived 100 years before death.”

Grandma Shen laughed. “You can't trust the old monk's tricks.”

“It seems like the old monk didn't cheat me this time, Grandma must live a long life.”

Grandma Shen laughed and patted the back of Qinglan's hand. “You always make Grandma happy. But Lan Lan, Grandma's body can't last up to 100 years. Grandma doesn't want anything else in life, Grandma just wants Lan Lan to meet a man who will love and look after you all your life. This way grandma can go peacefully.”

Hearing Grandma Shen's words again, Shen Qinglan felt pain in her heart and a sting in her eyes. “Grandmother...”

Grandma Shen sighed and gently patted Shen Qinglan's back, just like when she pampered Shen Qinglan when she was a child.

At night, Fu Hengyi returned to his dorm from the base. Today is the first day of training new recruits. He always appears as Captain and Chief Instructor.

Seeing the cellphone still lying still in the drawer, Fu Hengyi's eyebrows showed a hint of helplessness.

Thinking that he hadn't contacted Grandfather for a long time, he called home.

“Grandfather.”

“Hengyi.” Grandpa Fu's voice was heard from the other end of the phone.

Fu Hengyi looked at the cellphone and saw the number on it. It was really his home number.

“Are you trying to contact Qinglan girl?” Asked Grandpa Fu.

Fu Hengyi's heart sank. By the sound his tone, something was wrong. There's a bad feeling in his heart.

“No, what happened at home?”

“What can happen in our family? There is a problem in Grandpa Shen's family. Grandma Shen was unconscious this morning and was sent to the hospital. Even though she was saved, this time the situation is very bad. I'm afraid she wouldn't last long. Your uncle Shen has hurried back from headquarters today. Contact Qinglan when you are free. She has the best relationship with her grandmother. I'm afraid this time she will be very devastated.”

Fu Hengyi's heart slumped directly into the valley floor, and his mind couldn't help but think of Shen Qinglan's cold and proud figure.

Closing the phone with Grandpa Fu, Hengyi looked for Shen Qinglan's name on his cellphone and contacted her.

The phone is connected very quickly. Qinglan's tired voice came from the other end of the telephone. Fu Hengyi's heart was pained.

“Hello.”

“It's me. Fu Hengyi.”

“I know.”

Except for silence, the air was quiet, they could only hear each other's breath.

“What is it?” Finally, Qinglan opened her mouth first. She stayed in the hospital all day and left only to go home and get a change of clothes, then come back.

“Are you okay?” Hengyi asked.

Shen Qinglan: “I'm fine, thank you.”

“If something happens, contact me at any time.”

“Okay.”

Again, there are no words.

When Qinglan wanted to hang up, she suddenly remembered the loving face of Grandma Shen and said.

“Will you marry me?”

After that, Qinglan realized what she was saying, but she had already spoken, waiting for the other party's response. But she could not wait for the other's response for long. She returned from her stupor and her voice was indifferent. “Sorry, it's so sudden.”

Fu Hengyi could only ask back, “Were you serious just now?”

Qinglan held her cellphone tight, staring deep into the darkness of the night. “Yes.”

“You should know that I'm in the military. Marrying me, as long as I don't approve of divorce; then you won't be able to divorce me later. Do you still want to marry me?” Fu Hengyi asked seriously.

“Yes.”

“Have you thought carefully?”

“Yes.”

“Okay, I will report to my superior tonight. I will return at the latest tomorrow afternoon. Prepare your ID and residency book. We'll meet up at the door of the civil registry office at 12 noon tomorrow.”

“Okay.”

After cutting the line, Qinglan's hand fell helplessly. She didn't know whether making this decision was a mistake. Seeing her grandmother who was on the verge of leaving, she could not bear to see her grandmother going without peace.

Shen Qinglan was very grateful that Hengyi was willing to cooperate. Hengyi didn't even ask why.

Qinglan went to Grandma and Grandpa Shen's room. Grandpa Shen also spent time in hospital today. Even though it was late, and he was very tired, he did not feel sleepy.

“Grandpa, have you slept?” The door opened and Qinglan's face appeared from outside.

Grandpa Shen waved, “Come in.”

Qinglan sat near the bed. “Grandpa, why haven't you slept?”

“When people get old, they rarely make sense.” Grandpa Shen's face looked tired, and his eyes were filled with sadness.

“Grandpa, Qinglan wants to ask for something. I hope you can agree.” Shen Qinglan thought about talking about it, but she was not sure whether Grandpa Shen would approve.

“What is wrong? Just say it.”

“I want to marry Fu Hengyi tomorrow.”

“Nonsense!” Immediately after the words fell, Grandpa Shen could not help but cry out. This is the first time in years that Grandpa Shen had scolded his granddaughter.

Shen Qinglan knelt on the floor in front of Grandpa Shen. With a stubborn look, she said, “Please approve Grandpa.”

Grandpa Shen glared at his granddaughter. Anger was clearly visible in his eyes, he was very upset.

Qinglan silently knelt on the floor. No one who spoke, the whole room became silent.

“Do you know what you are doing?” Grandpa Shen said firmly, he could not cover his anger.

Qinglan knew that this was not a decision she did carelessly, but the result of thinking many times over.

“Forget it!” Grandpa Shen emphasized. “You only met Fu Hengyi several times. Do you want to marry him? Do you know what kind of person he is? Do you really know him?”

“I believe Grandpa's words. The person who Grandpa praised highly, can't be bad.”

“Qinglan, this is crazy! Do you know Fu Hengyi's age?! At his age, you can call him uncle.” Grandpa Shen gasped at his granddaughter.

“Grandpa, please approve.”

Qinglan paused again, knelt on the floor with a stubborn expression.

“Shen Qinglan, Grandpa will tell you, you have hurt your grandfather's heart; absolutely no blessing from me.”

Regardless of what Grandpa Shen said, Shen Qinglan just knelt silently, and her eyes were firm and motionless.

Grandpa Shen looked at his stubborn granddaughter, his heart was in pain and angry. He could guess the reason why she did so. It was because he knew, he couldn't promise.

He couldn't let Shen Qinglan sacrifice her whole life's happiness in order to make her grandmother go peacefully. Fu Hengyi is really a good man. If Shen Qinglan and Fu Hengyi married because they loved each other, then he would never oppose it or even support it with both hands, but now it's absolutely impossible.

When Shen Junyu came in, he saw this scene: Grandpa Shen was sitting on his bed, angry. His sister knelt on the ground and remained motionless.

“Grandpa, what happened?” Shen Junyu was shocked. He thought that Shen Qinglan had done something wrong, that made Grandpa angry.

Neither of them spoke.

“Grandpa, Lanlan is young. If she did something that makes you unhappy, don't argue with her. The floor is so hard, her knees would hurt after kneeling for so long. Would you let her get up first?”

Shen Junyu didn't know what had happened, but he was sure that Shen Qinglan had done something. Otherwise, Grandpa Shen wouldn't have treated Shen Qinglan like this.

“Is it I who won't let her up? She is the one who doesn't want to get up.” Master Shen finally opened his mouth, but his tone was a little sour.

“Lan Lan, apologize to Grandpa.”

Shen Qinglan did not move. No one could change what she had decided.

“Shen Qinglan, you've made up your mind, haven't you?” Grandpa Shen hated his own tone and stared at Shen Qinglan. He wanted to shake her a few times and wake her up, but he couldn't do that.

“Yes.” Shen Qinglan did not hesitate to answer.

“Well, then you kneel as long as you like.”

“Grandpa.” Shen Junyu opened his voice.

“You go out for me.” Master Shen stared at his grandson and pointed to the door.

Shen Junyu looked at Shen Qinglan, who was kneeling on the ground. “Grandpa, no matter what my sister did wrong, she is a girl after all. Now Grandma is in the hospital again, you...”

“Get out of here!” Master Shen roared.

Shen Junyu had no choice but to leave the room. His family members are all at the hospital now, he couldn't find any help. Most importantly, he didn't know what happened before he came in.

Shen Qinglan knelt down all night. Shen patriarch also stayed up all night. His favorite granddaughter knelt down and begged him to allow her to marry a man she didn't love, so how could he sleep well.

At dawn, the sun rose higher and higher, and it was getting closer and closer to 12 noon. She and Fu Hengyi had an appointment to meet at the gate of the Civil Affairs Office at 12 o'clock.

Shen Qinglan heart unavoidably worried, she just didn't show it on the surface. She knelt all night, her knees were already numb.

“You have considered the matter thoroughly, haven't you?” Grandpa Shen had a hard time calming his anger.

“Please approve Grandpa.”

Grandpa Shen put his hands on his waist and walked around the room, panting. After a long time, he threw a dark red book in front of Shen Qinglan. “Take it.”

(Red book = family registry/Family ID, usually shaped like a passport. A must-have to officially get married if you're a citizen there.)

Shen Qinglan picked up the book on the ground and kowtowed to Grandpa Shen. Shen Qinglan was proud of her age. She had never knelt or kowtowed to anyone before. This was the first time, but she was willing because she had hurt the heart of the old man who really loved her.

“Shen Qinglan, this is your own decision. Even if you regret it later, you can't come to me to complain.”

“Thank you, Grandpa.”

Grandpa Shen closed his eyes, refused to look at the person on the ground again, and waved powerlessly.

Shen Qinglan stood up. As soon as she moved, a sharp pain came from her knee. She fell and sat on the ground feebly.

Grandpa Shen clearly could see and wanted to come forward to help her, but he just turned his back.

Shen Qinglan waited for the pain to pass, then slowly stood up and moved towards the door. She walked very slowly, gently moving, but her back was straight.

Grandpa Shen looked at his granddaughter's back and sighed deeply.

At the entrance of the Civil Affairs Office, Fu Hengyi was there when Qinglan arrived.

“It's too late to regret now.” Fu Hengyi opened his mouth lightly, and his eyes were fixed on Shen Qinglan's face.

“Let's go.”

Shen Qinglan took the lead going in.

Fu Hengyi raised his heel.

When they came out again, they had two more red books on their hands.

Shen Qinglan followed Fu Hengyi, and neither of them spoke.

“Get in the car.” Fu Hengyi opened the door.

Shen Qinglan went in and didn't ask him where he was going to take her.

The car stopped at the city hospital and Fu Hengyi got off. Shen Qinglan still followed him.

The elevator opened on the seventh floor, Fu Hengyi came forward and took Shen Qinglan's hand.

Shen Qinglan struggled a bit.

“If you don't want your family to worry, cooperate.” Fu Hengyi leaned over and whispered in Shen Qinglan's ear.

Shen Qinglan remained motionless, allowing Fu Hengyi to lead her by hand to Grandma Shen's ward.

In the ward, besides the Shen family, Grandpa Fu was also there, looking at the two people who came hand in hand. Everyone was surprised.

The most shocked was Shen Xitong, who was still sitting in a wheelchair. She looked palely at their hands holding each other. The joints of her own were white, gripping the armrest of the wheelchair.

Fu Hengyi led Shen Qinglan to Grandma Shen's bed. “Grandma, I'm sorry, I'm late.”

Grandma Shen looked at them and realized that they were together. She turned her head to Grandpa Shen, who nodded with a smile.

Grandma Shen relaxed her look and waved to Fu Hengyi. Hengyi stepped forward. “Are you with Lan Lan?”

Fu Hengyi nodded. “Yes, Grandma, to be exact, I married Qinglan. We just got the certificate in the morning.” Fu Hengyi with a mild tone.

Grandma Shen was shocked even though she was prepared. She looked at Fu Hengyi with severity in her eyes and turned to the others. “You go out first and Hengyi stays.”

“Grandma.” Shen Qinglan made a sound.

Granny Shen laughed. “I'll talk to Hengyi a little bit. I won't bully him. Go out first.”

Everyone went out one after another.

Only Grandma Shen and Fu Hengyi were left in the ward.

In the corridor, Shen Qian looked at Shen Qinglan's eyes and asked, “Qinglan, what is going on? When did you get together with Hengyi? ”

“We have been together for some time. I met Hengyi when he came back from his last vacation, and then I contacted him several times. I have good feelings toward him. We went everywhere together and spent some time together. We both felt very good, and Hengyi isn't young. So, we got married.” Shen Qinglan downplayed it.

Grandpa Fu and Grandpa Shen, who knew the truth, unconsciously drew their lips.

“You're talking nonsense!” Shen Xitong interrupted loudly, “You are simply deceiving people. You have known Hengyi for no more than three months. The number of times you have met is very few. Where did these feelings come from?” Her lips trembled slightly, apparently not believing that the two were married.

Shen Qian's face sank. “Qinglan, is what Xitong said true?”

Shen Qinglan looked steadily at Shen Xitong. “There's a word called 'love at first sight'. You haven't felt it. It doesn't mean nobody else has.”

Shen Xitong shook her hands and pointed to Shen Qinglan. She wanted to say something more, but she was interrupted by Grandpa Shen. “Well, this is what I agreed to, and I gave her the household registration. If you have any opinions, direct them at me.”

Grandpa Shen looked stern and his eyes swept over everyone, especially Chu Yunrong and Shen Xitong.

Shen Junyu finally understood why Shen Qinglan knelt on the ground last night. His dark eyes fell on Shen Qinglan.

When Grandpa Shen opened his mouth, everyone who wanted to open their mouth had to shut up.

Chu Yunrong looked at Shen Xitong, who seemed pale and dull; she was obviously hit hard. Yunrong was very distressed. She also complained when he looked at Shen Qinglan.

Chu Yunrong, of course, knows that Xitong likes Fu Hengyi, and she is happy to see her achieve success in this regard. But now, Shen Qinglan cut in and stole Fu Hengyi, but Shen Qinglan is her own daughter. She can't ask her to divorce, Chu Yunrong feels Shen Qinglan has given her another difficult problem.

Fu Hengyi came out of the ward soon. His face was calm and nobody could see what Grandma Shen had said to him from his expression.

Then Shen Qian was called in, but he came out very quickly. When he came out, he took a deep look at Shen Qinglan. His eyes were red and sad.

“Mother said she wanted to see Dad and Qinglan.”

Grandpa Shen and Shen Qinglan entered the ward. Shen Xitong looked at Fu Hengyi. Her eyes were filled with sad tears. She looked sad and pitiful. It was obvious that Fu Hengyi's eyes did not fall on her at all. He only looked at the door of the closed ward, as if through that door he saw the cold girl inside.

There was silence in the corridor of the ward. Shen Qian and Chu Yunrong's had a very sad expression. There was a 99% chance, Grandma Shen would not survive this time.

In the ward, Grandma Shen held her granddaughter's hand and looked at her kindly. “Lan Lan, you have found a good husband. Grandma can really rest assured this time.”

Shen Qinglan lifted her lips slightly. “Qinglan believed in Grandma's eyes. Grandma approves, then he must be good.”

“It's just a pity that Grandma can't wait for our wedding. You must be the most beautiful and happy bride in the world.”

“Grandma, don't talk nonsense, you will get better and then watch me walk into the wedding hall.”

Grandma Shen raised her hand and wanted to touch Shen Qinglan's face, but she reached halfway and was unable to go further, her hand hanging down. Shen Qinglan grabbed Grandma Shen's hand and put it on her cheek. The rough and warm touch pierced Shen Qinglan's deepest heart. Her eyes were red, and tears that have never flowed since she was five; burst out in an instant.

Feeling the water on her hand, Grandma Shen's eyes also turned red. She could not bear to leave her granddaughter. She turned her eyes to Grandpa Shen and pleaded.

Grandpa Shen looked at his old wife and nodded solemnly.

“Lan Lan, you must be happy in life, okay? Don't hold back what you have in your heart and say it out. Hengyi will be your dearest person in the future and you will live happily with him for the rest of your life ...” Grandma Shen earnestly advised.

Shen Qinglan nodded with a smile.

“Old man.” Granny Shen extended her hand to Grandpa Shen, who held his wife's hand.

“I'm here.”

“Sorry, old man, I said I would accompany you all my life and go with you, but I still broke my promise.”

Grandpa Shen's voice trembled. “Now that you know, how about punishing you; compensate me for the rest of your life?”

Granny Shen laughed, “You old man, you are really greedy. It's not enough to bully me in this lifetime, but also in the next life.”

“Then, just say no.”

Grandma Shen's eyes were gentle. “Okay, I promise you, then you must remember to find me early in your next life. Don't let me wait too long.”

Old Master Shen's face was gentle, looking at his wife and smiling at him. “Okay, let's just say that...”

“Old man, I'm going to take a step first. At first, we agreed to go out for a walk together, but that never happened. Now I can't even walk. You have to remember to look for me and tell me if I'm beautiful.”

“Okay.” Grandpa Shen clasped his wife's hand.

Grandma Shen's eyes fell on the tearful Shen Qinglan. “Lan Lan, don't cry, Grandma is just tired. I want to have a good sleep.”

Shen Qinglan nodded haphazardly. For the first time, she felt what heartache is like.

Grandma Shen reluctantly kept her eyes on Grandpa Shen and Shen Qinglan, and eventually closed them gradually.

Turbid tears slipped from the corner of Grandpa Shen's eyes. He looked at his wife's serene face. His straight back was bent instantly, and suddenly he looked ten years older.

Shen Qinglan lip move slightly, tears have blurred her eyes.

Before long, there was a cry in the ward, Chu Yunrong, Shen Xitong, Shen Qian ...

Grandma Shen's hospital bed was crowded with people. Shen Qinglan was squeezed into a corner. She sat on the ground with a blank expression and felt nothing about everything around her.

Fu Hengyi felt pain in his heart and pulled Shen Qinglan up from the ground. He circled her in his arms.

Shen Qinglan shut herself in her room after she came back from the hospital. No matter who knocked at the door, there was no response.

Three days and three nights passed. While the family was busy with Grandma Shen's aftermath, Shen Qinglan's refusal to eat or drink also blistered the anxious lips of Shen Qian and Shen Junyu; father and son.

(TLnote: I think this means they bit there lip until blisters formed because they were worried.)

“Qinglan, open the door, it's Dad.” Shen Qian knocked at the door again. He had a tray with a bowl of porridge on it. At Shen Qinglan's room door, there were still unmoved meals. She had not eaten or drunk anything for three days and nights.

The whole family did not expect that the biggest blow from Grandma Shen's death was not to Grandpa Shen, but to Shen Qinglan.

Grandpa Shen came up from downstairs, followed by Fu Hengyi. Fu Hengyi has been busy these days. Although there is no wedding ceremony, he and Shen

Qinglan have received certificates. He is the Shen family's well-known grandson-in-law. No one said anything when he appeared here.

Grandpa Shen looked at Shen Qian and the closed door and sighed deeply.

“Dad.”

Grandpa Shen waved his hand and looked at Fu Hengyi.

Fu Hengyi nodded, holding the key in his hand, forced the door open. But he did not wait for the people outside to see clearly; the door was closed again.

In the room, there was darkness. Fu Hengyi did not turn on the lights. After his eyes fully adapted to the darkness, he found Shen Qinglan sitting on the floor with her knees in her arms.

Her face was dull, her eyes were empty, and her cold breath was harsh.

Fu Hengyi went forward and gently held her in his arms.

“You'll still have me.”
