

Pampering

221 Chapter 221 Tracking (Second)

In the trafficker's car, a lean man was sitting in the back row, and a child was lying on his lap. It was the beanie who was missing today at the amusement park.

"Hadron, there is a roadblock in front, it seems that we are checking drunk driving, let's go another way." The lean man said, this route they had stepped on in advance, basically did not check drunk driving on weekdays, but suddenly wanted to check today, This makes the lean man very uneasy.

The man called Hadron glanced at the long team before and after and said anxiously, "Now, how do you get out?"

"What should we do, in case we are caught, we are going to go to jail." The lean man was anxious.

Hadron glanced at the traffic policeman in front of the car and looked at the traffic policeman. His eyes were ruthless. "We have chips in hand. Wait a minute, don't worry. If we can't get through, let's talk." Take a deep look at the child on the leg of the lean man.

After being given sleeping pills, the child slept soundly. The lean man supported the child to prevent him from rolling down. "He can't wake up temporarily. This dose is enough for him to sleep until tomorrow."

Although the team was long, it was quick to check it. After a while, it was their turn and Hadron lowered the window. "Comrade Police, we don't have drunk driving."

The sign there is to check drunk driving.

The policeman said with a cold face, "If you check it, you will know. Take out your driver's license."

The hadron took out his driver's license, and the police looked at it again, and then gave him his driver's license. "You get out of the car."

Hadron's eyes dimmed, but there was no other action, get off the bus, the traffic police handed him an instrument, "Blow."

The hadron breathed out in coordination, with all indicators normal, and the hadron smiled, "Look at the police comrades, I said I don't have drunk driving, but I am a good citizen."

The traffic policeman glanced into the back seat, "Who are they?"

The strong son smiled, "This is my younger brother. I brought my child to Beijing today to play. No, the child fell asleep when he was tired. We are about to take the child home."

"Where do you live?" the traffic policeman asked involuntarily. He actually knew that the car was the car he was looking for. The child in the car was the missing boy, but they received an order to let them go. At the same time try to delay time.

Hadron said an address.

"That's really far enough, so how far away to run to Beijing to play."

The hadron smiled helplessly, "Isn't the kid going to make trouble yet? It's been a few days. I took him to play on this weekend and it was dark when I got home."

The traffic police expressed their understanding, "It is indeed not easy to be a parent. I also have children in my family, and I often go to the car to go there."

Seeing that the traffic policeman wanted to follow their homely gesture, the lean man's eyes were all anxious, but he lowered his head and the traffic police did not see it.

Hadron agreed, "Is that right, comrade police, can we go now?"

The traffic police waved, "Let's go, drive slowly, don't upset your child."

"Hey, thank you, Comrade Police." Hadron got in the car, drove away, and drove out for a while. After seeing that there were no abnormalities behind, Hadron and the lean man's heart was completely put down. Unexpected drunk driving inspections are now strict, and such incidents often happen.

Shen Qinglan followed behind, not too far away, neither aroused their suspicion nor lost.

"Qinglan, where have you been?" Fu Hengyi's voice came from the headset. Shen Qinglan looked at the signpost and reported the location. This is already a province.

"You pay attention to safety yourself." Fu Hengyi urged.

"rest assured."

Fu Hengyi hung up the phone and called the director of the Public Security Bureau of Lin Province. According to the direction that the traffickers are heading to, he roughly estimated the destination. Later, it turned out that Fu Hengyi's estimate was inseparable.

Shen Qinglan merged with Fu Hengyi who rushed from the other direction halfway, which inevitably caused the suspicion of the person in the car. Shen Qinglan got on Fu Hengyi's car directly.

"They drove there." Shen Qinglan pointed in a direction. Fu Hengyi followed. The distance between Fu Hengyi and Shen Qinglan was farther. Only the approximate location can be judged. This is already a relatively remote area. Appearing here is very dazzling, so Fu Hengyi did not dare to be too close.

Far away, Shen Qinglan saw that the car stopped, the man in the driver's seat got out of the car, and stared at them for a long time. Fu Hengyi pretended to pass by and passed them directly, heading towards the front.

"Hadron, I said that you are too sensitive. I think they are here to travel." The lean man looked at Fu Hengyi and said that they had driven far away. There was a small attraction nearby. Although the popularity was not high, they came. There are also many people, just not many, and more are those little lovers who like quiet.

Hadron withdrew his gaze from the far away car, "Carefully drive the ship for thousands of years. It is best not to be followed."

The lean man nodded. "Let's go, we should go back too. This ticket is really too thrilling. We can't be as adventurous as we are today. It is better to start with less people."

The strong man glanced at him, "How can your courage become so small now, what we are doing is this kind of business, if you are not courageous, you will have starved to death."

The two said, re-enter the car, and the car drove in the opposite direction to Fu Hengyi.

"Are you sure this thing on your hand works?" Fu Hengyi looked up at Shen Qinglan's mobile phone, and a red dot on the screen was moving.

"I'm not sure, this is just a test product, not a finished product. I also tried it for the first time." Shen Qinglan replied, this is something that Jin Enxi was studying two days ago. She looked at it interestingly and took it to see the result. Put it in the bag and forget it. Just now I suddenly remembered that when the car passed the trafficker's car, Shen Qinglan threw out the positioning device.

The positioning device is very small, it is estimated that a person's fingernail is so large, thin, and has a strong suction force, it can be firmly sucked on the body, Shen Qinglan is not afraid of being discovered by them, and it turns out that they did not find it. The positioning device is connected to Shen Qinglan's mobile phone, and she can track it as long as she turns on the mobile phone.

"Qinglan, where did you get this thing?" Fu Hengyi asked casually while driving.

Shen Qinglan gave a slight pause and said, "A friend studied."

Fu Hengyi didn't continue to ask, and smiled, "This thing has good practicability. If the test proves that the performance is good, it can be put into production."

Seeing Fu Hengyi apparently shifted the subject, Shen Qinglan's beautiful eyes flickered, did not speak, and the car suddenly fell silent.

"They are here." The red dot on the screen has stopped, proving that they have arrived at their destination. Shen Qinglan and Fu Hengyi parked the car a little further away and walked around from the other side.

The place where the traffickers are located is a compound. There is only one building around them. In the distance is a large area of farmland, a green area.

"This place has a wide field of vision, and it is not easy to hide." Fu Shengyi said after observation.

Shen Qinglan nodded silently, "And they seem to have a lot of people. I don't know how many people are in there, whether they still have weapons and equipment."

"Qing Lan, you are waiting for me here. I will go in and look after dark." After thinking about it, Fu Hengyi said.

"No, it's too dangerous." Shen Qinglan disagreed.

"Qinglan, you have to believe me." Fu Hengyi held Shen Qinglan's hand and said softly. They are now on a large tree not far from the compound, with lush foliage, and hiding them is not afraid of them being discovered. .

Shen Qinglan was silent, believing Fu Hengyi's suggestion. Fu Hengyi called the police and explained the specific location and plan.

It was getting dark and the lights were lit in the courtyard.

"I'll go over and check first. Don't move while you're here." Fu Hengyi urged, and saw Shen Qinglan agree before jumping off the branch.

Shen Qinglan saw Fu Hengyi traveling through the fields. Fortunately, he was wearing dark clothes today, which was not so obvious in the dark.

Fu Hengyi stopped 50 meters away from the yard and bent down to hide his body perfectly in the crops

before slowly approaching the yard.

In the courtyard, in the south-facing room, hadron and today's lean man were eating.

"Hadron, this is good today. He's a very big-headed guy. He's still a boy. It's estimated that he can sell a good price." A strong man came in from the door and said to the hadron who was eating.

"That's because, if it's not because of good growth, am I taking such a big risk?" But he came back from the amusement park in Beijing, Hadron secretly thought.

"This time the price can not be the same as last time." Hadron took a bite of noodles and said.

The strong man smiled, "You can rest assured that we have been cooperating for so many years. When did I treat you badly in terms of price?"

Hadron smiled, what he said to the man was the default. The lean man had never spoken, and the one who was outside was always the hadron. He was responsible for cooperation.

"This is already the fifth of this month. When will the money call me?" Qiangzi drank his last noodle soup and began.

"Together to call you tomorrow, do you want to call separately, or do you call all in one account?"

"Let's go, it's too dazzling together. Next month I will rest for the time being and go out with the skinny to avoid the limelight for a few days." Qiangzi said, he has done five cases this month, and if you are not careful, you may be found out. For the sake of insurance, let's leave Beijing first. The most important thing is that the car I met on the road today always gave him a feeling of uneasiness.

"OK, then you go out and play for a while."

"If it's okay, I'll go with the skinny guy first." Qiangzi stood up and waved at the lean man. "I and the skinny guy left overnight. You will get the money tomorrow."

"Wait." The strong man suddenly called off the strong son. "Why are you going so anxious this time? Wouldn't it have caused something?" The strong man was suspicious.

"It's a matter of urgency. The thin man's mother is ill and is hospitalized. The thin man wants to go back to see his mother. I just want to be with him." Qiangzi didn't say anything unusual about what he encountered today.

The strong man was relieved, "Well, you go first, these children will be taken away in two days, and I will leave here too."

Hadron nodded and walked with the lean man. Shen Qinglan was on the tree. Seeing that the red dot on

the phone screen started to move again, she immediately knew that someone must leave. She didn't call Fu Hengyi, but gave Jin Enxi sent a message. Just now, she had contacted Jin Enxi, and Jin Enxi would follow the car from time to time.

Waiting was the most painful. Shen Qinglan sat on the tree, not knowing the situation in the yard or Fu Hengyi, and anxious emotions appeared in the eyes.

After another ten minutes, she slid down the trunk and moved in the direction of the yard. Her figure was much smaller than Fu Hengyi, and it was naturally easier to hide. She came to the courtyard and Shen Qinglan looked around. No camera was found, and after a few meters back, a run-up jumped onto the wall and easily fell into the wall.

The yard was very empty, and Shen Qinglan chose a dead corner where there was no one. After entering, there was no one. Her hand lightly pressed a small button on the watch, and the watch vibrated a little. The surface immediately turned into a map-like appearance, and Shen Qinglan dropped his hand, and the layout of the previously observed courtyard was automatically reflected in his mind.

Fu Hengyi was lying on the window of a room. Suddenly a slight shock came from his wrist. He glanced down, his eyes fell on the wrist watch, and there was a trace of inexplicable emotion in his eyes.

The watch on Shen Qinglan's hand is usually a women's electronic watch, but as soon as she turns on the tracking device, the surface automatically switches to a small electronic screen with a red dot on the screen, which is Fu Hengyi Location.

She went in the opposite direction to Fu Hengyi, and stopped when she passed a room. A small cry came from the room. She approached the window, glanced inside, and then saw seven or eight children, Curled up in the corner of the room.

The room is fairly large, with a kang in it, and several children are lying on the kang.

"Don't cry, you will be beaten if you cry."

"This steamed bun is for you, so you can run away with strength."

"Don't be afraid, I will protect you."

Whose voice whispered softly in her ears, Shen Qinglan shook his head and shook the sound from his ears out of his mind.

Seeing that these children did not say anything for the time being, Shen Qinglan moved closer to where Fu Hengyi was. The frequency of the flickering of the watch on Fu Hengyi's wrist was increasing. He glanced at the watch and went in the other direction. Shen Qinglan converged.

"Aren't you waiting for me outside?" Fu Hengyi saw Shen Qinglan and sullen her face for the first time.

Shen Qinglan gave a slight pause and spoke softly, "I can protect myself, but now it's not time to say that, what is the situation inside?"

Fu Hengyi also knew that it was not time to say this, but gave her a helpless glance and briefly explained, "There are not many people and six men are now gathered in that room, and no lethal weapons have been found yet." He pointed out Pointing to the lighted room.

"But the child didn't see it."

"Children I have found, a total of eight children." Shen Qinglan said.

Figured out the situation, Fu Hengyi sent a message to the outside, then looked at Shen Qinglan and walked toward the room where the trafficker was.

The police had already set up the Tian Luo Di net outside, and the hadrons and skinny had just been controlled by the police just after leaving the large yard. The moment when the hadron was caught, he suddenly remembered that he was on the road this afternoon The car encountered. And the lean man had only one idea in his mind at this time, that is-finished.

When Shen Qinglan and Fu Hengyi were close to someone's room, Fu Hengyi guarded Shen Qinglan behind him, and kicked the door of the room with one foot. The door was immediately noticed by a man and a woman who appeared at the door when several people were playing cards. No, fucking guys rushed towards Shen Qinglan and Fu Hengyi.

Although these people have some skills, but in front of Fu Hengyi and Shen Qinglan is not enough to see, and even Shen Qinglan has no chance to shoot, these few people were lying on the ground by Fu Hengyi.

Looking at the few people who had lost their fighting power, Fu Hengyi took out his mobile phone and made a call to the police waiting outside. Soon, the police surrounded the large courtyard.

Shen Qinglan didn't care about them, and went straight into the room where the children were locked. It was probably that there was too much movement outside. The children were already awake, and they were looking at them with horror.

Shen Qinglan eased his expression and gently raised the corner of his mouth. "Don't be afraid, we are here to save you." He pointed to Fu Hengyi around him. "This uncle is a soldier and he will protect you."

Seven children, look at me, I look at you, and finally a boy spoke boldly, "Are you really here to save us?"

Shen Qinglan nodded, "Yes, there are many police uncles outside, and they will send you home."

Digression

Call for essays, essays, one for each person every day, don't forget to vote, why love you

222 Chapter 222

"Wow, I want to go home, I want my mother, I want to go home." A girl cried, and the other children cried.

Shen Qinglan looked at the crying children, faceless and helpless, standing on the spot, helplessly looking at Fu Hengyi, Fu Hengyi took Shen Qinglan out, followed the police in, and took the children out one by one, the last one Doudou was hugged out, still sleeping.

"Master Fu, we don't know the situation of these children for the time being, we need to take them back first, and then find a way to contact their families." The director of the provincial public security bureau said to Fu Hengyi.

"We know who the child's parents are, can we hand him over to us?" Shen Qinglan pointed to Doudou and said.

The public security bureau already knew that the young girl in front of him had cooperated with them in cracking this big case of trafficking in children. He was very kind to Shen Qinglan, "Of course, but we need to register first."

"This child should have been fed some medicine, and he hasn't been awakened yet, so take him to the hospital for a check first." Shen Qinglan suggested.

The Director of the Public Security Bureau nodded and agreed.

Fu Hengyi and Shen Qinglan followed in the end. Before leaving, Shen Qinglan's eyes stayed in the room where the child was held for a while, and then he left with Fu Hengyi.

The following things had little to do with them. After the child was sent to the hospital for examination, he was found to have been fed some sleeping pills. Tomorrow will be fine. Shen Qinglan was relieved and asked the police to call the child's parents.

Shen Qinglan and Fu Hengyi did not leave. After the child's parents arrived, Shen Qinglan found that the young mother had slap marks on her face and some bruises on her eyes. Her eyes stayed on the child's father for a second, and her eyes were cold. .

"Thank you, thank you so much today." The young mother held her lost child tightly and bowed continuously to the police.

The policeman pointed in the direction of Fu Hengyi and Shen Qinglan, and said something, only to see the young mother came over, it was a 90-degree deep bow to them, "Thank you for helping me get my son back, thank you."

Shen Qinglan stepped forward and lifted her up, "I accept your gratitude, and now it's too late, hurry and take the child back."

The young mother had recognized Shen Qinglan as the girl who helped herself in the playground, and the gratitude on her face was even greater.

"When you go out, remember to be optimistic about your children, don't play with your mobile phone. Some grievances can be tolerated, but some grievances can't be tolerated. If you don't love yourself anymore, why do others love you?" Shen Qinglan was in the woman's ear before leaving Bian whispered, the voice was limited to the woman alone.

As soon as the woman was startled, her tears fell, her face pressed tightly to the child's body, and she cried silently.

On the way back, Fu Hengyi drove a car. Shen Qinglan had not spoken. Fu Hengyi glanced at her sideways. "What's wrong, did you see those children in a bad mood today?"

Shen Qinglan nodded, "Do you know Fu Hengyi? I was also taken away by other people when I was a kid. The man covered my mouth with a veil and I fell asleep. When I woke up, I was in a room in the little black room, there are many children, they were all caught by traffickers. I woke up very scared, I would cry, I want my parents to save me, but until the end, they did not come ..."

Shen Qinglan is talking about the abducted past, her tone is very calm, like telling the story of others, but the sadness is hidden in her eyes, the car does not know when to stop at the side of the road, Fu Hengyi unfastened the seat belt and took her Embrace in your arms, "Those are all past, don't think about it."

Shen Qinglan buried his head in Fu Hengyi's arms, his voice muffled, "Fu Hengyi, I'm not a good person, I

used to..." was a killer. The last four words were drowned in Fu Hengyi's sudden kiss.

His kiss was very gentle, with a soothing taste, Shen Qinglan's irritable heart gradually calmed down tonight, Fu Hengyi let go of her and looked at her eyes, "I don't care what you have experienced in the past, and who you are, I only know that you are my wife now and will be my only wife in the future."

Shen Qinglan looked at him calmly, his eyes trembling slightly, "Fu Hengyi, what if my past was opposed to your military duties?"

Fu Hengyi's heart quivered gently, sighing silently in the bottom of her heart, looking at the fear hidden in her eyes, "Qinglan, that's just your past, a life you can't choose. I always knew that your heart was so kind and soft, Qinglan, trust me and believe in yourself."

Tears fell silently, Fu Hengyi's eyes flashed distressed, and he gently wiped the tears from her face. This was the second time he saw her crying, the first time in the rain forest, he could vaguely guess Shen Qinglan's past identity, but what he didn't tell her was that, as a soldier in a special army, his hands were never as clean as she thought.

He has his own beliefs and his own responsibilities, but this belief and responsibility is never opposed to his love for her and the protection of her heart. Some people may say that he is selfish, but a man can't even protect his beloved woman. Then, how did he talk about protecting others and defending the country?

"Qinglan, don't cry, I will feel distressed when you see your tears." Fu Hengyi said softly, and her rough fingertips rubbed her cheeks, bringing a slight itch.

Shen Qinglan stared at Fu Hengyi, "Fu Hengyi, thank you." Thank you God for letting me meet you.

Fu Hengyi chuckled, "Fool, I am your husband, someone who wants to spend a lifetime with you, you never have to say thank you to me."

Shen Qinglan's mouth was light, and he smiled at Fu Hengyi.

"Is there anything special about this watch on my hand?" Fu Hengyi raised his wrist and exposed the watch in front of Shen Qinglan.

"A small tracker in your watch is compatible with the watch on my hand. As long as I turn on the button switch, we can sense each other within a certain range." Shen Qinglan explained, without any meaning of concealment. .

"How far does a certain range mean?"

"It can be accurately positioned within two hundred meters, and can only be roughly judged within one thousand meters, and basically loses its effect if it exceeds one thousand meters. Its biggest function is

to avoid detection by the detector, and the safety is very high, so the range is not Big." Actually speaking, the range of two hundred meters is a little tasteless.

"How did you get this thing? Did your friend do the same thing as the positioning device?"

Shen Qinglan nodded, "She likes to study these, and often do some weird things. I don't want to follow you, just..."

Fu Hengyi chuckled, "I know, I will always carry it."

Shen Qinglan gave him a deep look, and he didn't speak, but his eyes were full of smiles.

The next day, there was no report of this child trafficking in the newspaper, and the incident was not reported until a week later. According to the clues provided by the few people, the police successfully found this group of people's nest after pulling the cocoon. More than 100 criminal suspects were arrested, more than 50 children who were trafficked were rescued, and many of them have even been sold. Now they are looking for them based on the confession provided by the criminal suspects.

As soon as the news came out, the country was immediately shocked. The news also praised Shen Qinglan and Fu Hengyi for saving people, but they did not mention their names and appearances.

When Mr. Shen saw this news, he did not associate it with his granddaughter. The director of the Public Security Department personally called to thank Mr. Shen before he knew it.

So when Shen Qinglan returned to Shen's house for dinner, he was called to the study by Grandpa Shen. "Grandpa, what's wrong with you?" Seeing the old man just looked at her, but didn't speak, Shen Qinglan asked softly.

"Have you been injured?" Mr. Shen asked gently.

Shen Qinglan didn't respond. Old Master Shen said the news, and Shen Qinglan immediately understood and shook his head, "Grandpa, I'm fine, I am responsible for tracking them."

"You, always go forward when you are in danger, and forget your own safety." Mr. Shen said reproach, but the tone did not bring the slightest reproach.

"Grandpa, you taught me your skills. Are you still worried about me?" Shen Qinglan said softly.

Mr. Shen smiled helplessly and told him, "Don't you know how to be so impulsive next time?"

"What, Shen Qinglan, are you taking another risk?" Shen Junyu, who came to order them to eat, exploded in an instant.

"What is it?" Shen Shen shouted, "Careful to be heard by your mother."

Seeing the effect of psychotherapy slowly coming out, Chu Yunrong is now unacceptable, who knows what will happen to this stimulation.

Shen Junyu closed his voice, but his eyes caught fire while watching Shen Qinglan, "Shen Qinglan, do you know who these things are, those are traffickers, people who don't want to die, and you have a hard time with others, have you ever thought about it? My own safety, how did I tell you the last time, did you take my words as wind in your ears?"

"Brother, Fu Hengyi is with me, I haven't touched them at all." Shen Qinglan explained.

Shen Junyu looked at her fox, "Really?"

"Really." Shen Qinglan definitely said that he didn't say that he was racing on the street. This thing was because of the cause. The traffic police did not say anything. Although some videos on the Internet came out, but because even if he came out, he had been Pressed down.

Shen Junyu was relieved that he could trust Fu Hengyi's skill and dealt with a few traffickers. It was a piece of cake.

"That's good, remember, you will give Fu Hengyi such dangerous things in the future, he is a man." Shen Junyu said of course, completely forgot that Fu Hengyi was a brother who grew up with him.

"Grandpa, the day after tomorrow is grandma's birth sacrifice. I want to see grandma." Shen Qinglan whispered.

The expressions on the faces of Grandpa Shen and Shen Junyu slightly changed. Grandpa Shen nodded, "Well, go, Grandpa will go with you."

Because Li Xitong left the orchestra, Chu Yunrong, who had planned to rest at home, began to be busy again. He flew abroad early the next morning. Therefore, only Shen Junyu, Shen Qinglan, and Shen Shen went to Sheng Shen's birth sacrifice.

Grandma Shen's cemetery is located in a cemetery south of the capital city. It is surrounded by mountains and water. Feng Shui is very good. Grandma Shen's tombstone is halfway up the hill, and you can see a small field of flowers at the foot of the mountain. The scenery is beautiful. Her tombstone is often cleaned, so it is very clean.

Shen Qinglan held a bunch of gardenias in her hands, which she bought from a flower shop in Beijing. She placed the flowers in front of Grandma Shen's tomb and looked at the smiling old man on the tombstone. Shen Qinglan's There was an instant trance in front of my eyes.

"Grandma, I came to see you." Shen Qinglan spoke softly, with a slight smile on the corner of her mouth.

Shen Junyu and Grandpa Shen stood beside her and never spoke. Shen Qinglan kept silent after saying this.

"Go ahead, I will talk to your grandmother here." Mr. Shen looked at his wife's tombstone and began.

Shen Junyu and Shen Qinglan looked at each other silently and went down the mountain silently.

Grandpa Shen sat down in front of Grandma Shen's tombstone and carefully wiped the tombstone with her sleeve. "My wife, I came to see you. Are you okay there? Something happened recently at home. Li Xitong has gone. Has nothing to do with our Shen family..."

Grandpa Shen whispered what happened recently, and his eyes were filled with deep memory, "Old lady, Lan Lan is very good now, very happy, you don't need to worry about her anymore, her relationship with Yun Rong is also good. Many, now Yun Rong is more and more like a mother..."

The wind blew a leaf, which just fell on Grandma Shen's tombstone. Grandpa Shen took the leaf away.

"My wife, after you leave, I have no one to speak."

**

Shen Qinglan and Shen Junyu were waiting for the old man Shen at the foot of the mountain. The old man was healthy and there was no problem walking down the mountain. The brothers and sisters had nothing to worry about.

"Brother, how are you doing with Sister Yao?" Shen Qinglan asked.

Shen Junyu looked at her with a smile, "When did you start to take care of me?"

"Can't ask?" Shen Qinglan raised an eyebrow?

"I am very good with her." Shen Junyu smiled, thinking of Wen Xiyao, a smile flashed in her eyes, "She is a nice woman."

"Do you like it?" Shen Qinglan looked at Shen Junyu with a trace of inquiry. Shen Junyu reached out and patted her head and couldn't help laughing, "If I don't like her being able to associate with her?"

"I thought you would like Fang Tong." After all, Shen Junyu was really a little different from Fang Tong.

Shen Junyu looked at her speechlessly, "She is your friend, I have always been her sister, to say that there is a little difference, probably love the house and Wuwu."

Shen Qinglan nodded recklessly, what you are is.

"By the way, has Fang Tong been in the company recently?"

"It's not bad, I'm very serious about my work. Some time ago, there were some rumors that she and I had circulated in the company, which caused some bad influence on her. She didn't give up, but let me see some advantages in her body. Yes, it just needs to be polished."

Shen Junyu didn't want to hide Shen Qinglan's meaning, and said Fang Tong's performance in the company. "It's just that the treatment is not decisive enough. It is said that her boyfriend is cheating?"

"You still pay attention to such gossip?" Shen Qinglan teased him.

Shen Junyu glanced at her angrily, "I am because of who cares so much about her."

"Fang Tong is just like what he does at work, you don't need to take care of me." Shen Qinglan said lightly, whether it is for Xiao Xuan or the other party, she does not advocate excessive help, life is their own, how to go should be caused by They choose for themselves.

Shen Junyu nodded and said, "Anyway, you are also the majority shareholder of the company. For the company, do you really intend to let go?"

"I can give you all the shares in my hand, or when you marry Xi Yao, give her the shares as my new wedding gift." Shen Qinglan spoke slowly.

Shen Junyu was helpless, others could not hold the power, this sister was good, shook his head, "Got it, you are a lazy."

It just happened that Mr. Shen came down from the mountain, and the two did not say anything, and at this time, an unexpected visitor also came at the door of Shen's house.

"Who is this car?" Shen Junyu asked, looking at the strange vehicle parked outside his house in doubt.

"There is a guest at home." Shen Qinglan said, opened the car door, and entered the room with Mr. Shen.

It was Songsao who opened the door. "Songsong, is there a guest at home?"

"Yes..." Sister Song glanced at the old man, and then stopped, "The old man went in and looked at it."

Shen Qinglan glanced suspiciously at Sister Song. She had never been so ink-stained. She talked so much today and followed Grandpa Shen into the house. When she saw the man in the living room, the smile on Grandpa Shen's face disappeared suddenly.

"What are you doing here?" Mr. Shen snorted. He was always a gentle old man. When there was little such anger, Shen Qinglan couldn't help looking at the people in the living room.

There were two men and a woman sitting in the living room. They looked like a family of three. The middle-aged man's face was a little similar to her father's. Reminiscent of the Shen family's situation, Shen Qinglan had a guess in his heart.

"Dad." The middle-aged man spoke, proving Shen Qinglan's guess.

"Don't call my dad, I'm not your dad, you get out of me." Grandpa Shen pointed to the door, his chest undulating violently, Shen Qinglan quickly stepped forward, "Grandpa, don't be excited, the doctor said you can't be angry."

A few days ago, Mr. Shen discovered that he had a bit of high blood pressure. The doctor said that his emotions should not be too excited. Shen Junyu heard the anger of the old man and speeded up his steps. When he saw the people in the living room, he was still a little confused. Until the man exited and called the old man, Shen Junyu immediately remembered that this man was actually his second uncle, Shen Rong, who had been away from home for many years.

When Shen Rang left Shen's house, Shen Qinglan was not born, even Shen Junyu was very young, and his memory was very vague.

"Dad, I just want to come back to see you and my mother. Are you in good health?" Shen Rang said in awe. After so many years away from home, I feel that my parents are the most ashamed.

Grandpa Shen's breathing just calmed down because of this sentence by Shen Rang, "Your mother died long ago, what are you going to see, ashes?"

Shen Rang looked at Mr. Shen incredulously. The woman sitting on the sofa was uneasy from when Mr. Shen entered the door. At that time, Shen Rong was just for her to leave the Shen family. When she spoke, her expression was shocked.

"Dad, what do you say, you say my mother is dead?" Shen let his voice tremble.

Father Shen looked at him coldly.

"Dad, you tell me, what's wrong with my mother?" Shen Rang didn't believe that his mother's body was always healthy. How could he say that it would disappear.

But he has forgotten that he has been away from the Shen family for more than 20 years, and how can the vicissitudes of life for more than 20 years be judged by the initial impression.

Mr. Shen pointed to the door, "Shen Rang, you have not been a member of the Shen family for a long time. Our Shen family's affairs have nothing to do with you. You are now taking your wife and children out of me."

"Dad, even if I'm not Shen's family, I'm still my mom's son. Tell me, where is my mom, can I go and see

her?" Shen Rang prayed.

Old Man Shen looked at him coldly, but he had a very obvious meaning.

"Second Uncle." Shen Junyu said, "Grandpa's recent health is very bad, you go first."

"Who told you to call his second uncle, he is not your second uncle." Shen Shen interrupted Shen Junyu's words.

"I said what happened to you old man. My dad took us back to see you. You just accept it. What are you doing right now?" The teenager who hadn't spoken opened his mouth, but just opened his mouth, and the face of the person present just changed.

The woman on the sofa was embarrassed, and Mr. Shen's face was blue, "Well, Shen Rang, the son you taught is good, and it's really a good tutor."

The woman pulled a boy, "Apologize to your grandpa."

The stubborn boy said, "He just said, my dad is not his son, then he is naturally not my grandfather, and I am not wrong, why should I apologize."

"Shen Junze, apologize." Shen Rang sank his face and drank.

Seeing that his father was angry, Shen Junze reluctantly said to Mr. Shen that he was sorry, the tone was perfunctory, and Shen Qinglan's eyes were slightly cool.

"Dad, don't be angry. Junze's child has been spoiled by us since we were young, and we don't know how to speak seriously. Don't worry about him." The woman's face flattered.

"The upper beam is not right, the lower beam is crooked," said Mr. Shen, without looking at her. If it hadn't been for this woman, his best son wouldn't come back from running away from home for so many years, not even his own mother. The death did not catch up with the last side.

"Dad." Shen Rang shouted, but didn't say anything else. He had expected such a scene when he decided to return. The only thing he didn't expect was the death of his mother.

"Lan Lan, Grandpa is tired, help Grandpa go to rest." Grandpa Shen said.

Shen Qinglan stepped forward to help the old man upstairs, and before leaving, glanced at Shen Rang's family of three.

Before returning to the Shen family, she checked the information of the Shen family and naturally knew that she had a second uncle, but the information showed that the second uncle had left the Shen family more than 20 years ago and left. Shen family, since then no news.

"Grandpa, are you okay?" Shen Qinglan asked worriedly, looking at Mr. Shen's uncomfortable complexion.

Grandpa Shen waved his hand, "You brought grandpa over there."

Shen Qinglan walked over, picked up the medicine and glanced at it. It was the blood pressure lowering medicine that the old man was taking recently. He poured out two pills, "Grandpa, give it."

Grandpa Shen took the medicine and sat there for a while before his face eased. "Okay, Grandpa is okay, don't worry, I was just too excited."

Seeing Shen Qinglan looking at himself worriedly, Mr. Shen smiled gently.

"Grandpa, take a good rest first, let me take a look."

Mr. Shen nodded and lay down on the bed.

Downstairs, Shen Rang's family of three hadn't left yet. Shen Junyu was accompanying them. "You are Jun Yu. You have been so old for so many years." Shen Rang looked at Shen Junyu in front of her with a lot of emotion.

Shen Junyu smiled slightly, "The second uncle has not changed much."

Shen Rang shook his head, "What's not big, I'm old too, even white hair grows out." Looking at Shen Junyu, he stopped talking.

"The second uncle wanted to ask grandma?" Shen Junyu said voluntarily.

Shen Rang nodded, "Your grandma..."

Shen Junyu said, "Grandma had gone last August, and her stomach cancer is advanced."

Shen Rangxin shocked, "How come, why did I not receive any news?"

"Have you ever cared about the news of Shen's family?" Shen Qinglan's voice came from the direction of the stairs. After a while, the thin figure appeared in the living room, and her eyes swept over Shen's family of three.

Shen Rang's face was pale, her eyes were hollow, she didn't hear Shen Qinglan's words at all, but Shen Junze looked at Shen Qinglan's eyes uncomfortably. What a mouth!" He thought Shen Qinglan was Shen Junyu's girlfriend or wife.

Shen Qinglan smiled, and the smile was very good-looking, but the smile was cold, "I am Shen Qian's

daughter, who is the outsider in the end?"

"Oh, it turns out that you are the youngest daughter of the uncle's family. My dad is your second uncle. That's how you talk to your elders? Do you know how to respect people?"

Shen Junyu blacked her face, but before she could speak, the woman grabbed him and gave him a wink, not allowing him to speak, "Well, Jun Ze didn't mean that. He just came back from abroad, and he didn't care much about the national conditions here. Adapt, don't worry about him."

One more offering, Ali started to work today, crying

223 Chapter 223: Old Man Shen Hospitalized

"Mom, why are you apologizing to them? We didn't do anything wrong. If the old man was too stubborn, you wouldn't be allowed to be with my dad. You didn't have to travel far away with my dad. I haven't even dared to return to the capital for many years. You have forgotten that your grandfather and grandmother didn't see you on the last side. These were all caused by the old man." Shen Junze was very dissatisfied. He had heard about his mother since he was a child. , Very resentful of the Shen family's disapproval of their parents' behavior.

"Shen Junze, you shut up for me." Shen Rang shouted. Shen Junze looked at his father's angry eyes and shut his mouth.

Shen Rang looked at Shen Qinglan, "When I left, you were still in your mother's stomach. I didn't expect to be so old. Jun Ze was young and ignorant. Don't worry about him."

Shen Qinglan's cold eyes swept around Shen Junze's body, "The son does not teach, the father passes."

Shen Rang was embarrassed by Shen Qinglan. Shen Junze was very upset to hear this, but his mother kept pulling him to keep him from speaking.

"Grandpa found out that he had high blood pressure. The doctor said that he should try not to let him have too much emotional ups and downs. You should go if you are okay." Shen Qinglan started to chase people. She was not an aggressive person on weekdays, but she just went to the cemetery today. After

Grandma Shen, the mood was not high. Just now I saw the look of the old man angry, especially when she saw Shen Junze colliding with the old man. Shen Qinglan was in a bad mood now.

Shen Junyu looked at Shen Rang, "Second Uncle, Grandpa's recent health is really not very good. Would you like to leave first? Have you found a place to live? If not, I will help you book a hotel."

"No, we have already found a place to live. Since your grandfather is not in good health, let's go first and visit him another day."

Shen Junyu stood up to drop off guests.

"Jun Yu, where is your grandma where she is buried, I want to see her."

Shen Junyu thought about it and reported an address. Shen Rong left with a grateful look. Before leaving, the woman walked at the end and said sorry to Shen Junyu, but Shen Junze didn't even look at Shen Junyu and snorted. Get in the car.

Shen Junyu turned around and saw Shen Qinglan standing indifferently at the door, smiling helplessly, "Are you still angry?"

"No." Shen Qinglan pulled the hand paw down, not angry, but dissatisfied with their attitude towards grandpa.

"Okay, it's not that I have to eat with Grandpa Fu at noon, go back first, Grandpa has me here."

After thinking for a while, Shen Qinglan nodded and walked towards the Fu family. Aunt Zhao was ready for lunch and waited for Shen Qinglan to return.

"Girl Qinglan is back, then let's have dinner." Master Fu saw Shen Qinglan and said with a smirk, his body recovered very well. Except that his right hand was temporarily unavailable, his head injury did not leave any sequelae. This can also be said to be a blessing in unbelief.

"Grandpa, don't wait for me to eat in the future." Shen Qinglan was embarrassed to have the elderly wait for her to eat.

Master Fu didn't care at all, and greeted Shen Qinglan to sit down, pushed a bowl of soup in front of Shen Qinglan, and smiled, "Qinglan girl, this is the soup I asked Xiao Zhao to stew for you. It's very tonic. You are in good health. You have been drinking traditional Chinese medicine recently, and you have lost

weight. You can rest assured that I asked the doctor to make this soup, and it does not conflict with the Chinese medicine you take."

"Thank you Grandpa and Aunt Zhao." Shen Qinglan thanked. The old man was hospitalized some time ago. Shen Qinglan did not take Chinese medicine on time. Finally, Fu Hengyi gave the medicine to Aunt Zhao. The family knew that Shen Qinglan was taking the medicine, but Fu Hengyi said This is a medicine for conditioning the body, but it is not specific.

The soup is very clear, and the oil on it has been skimmed off. Shen Qinglan tasted it and it tasted very good.

"Grandpa, what about aunt?" Shen Qinglan asked for a soup without seeing Fu Jingting.

Since the old man was discharged from the hospital, Fu Jingting has applied to be transferred back to the country. Now he works in the Ministry of Foreign Affairs and will go home to eat with the old man every day.

"Say it's noon and I won't be back." Mr. Shen's right hand is inconvenient now, so he uses the left hand. Fortunately, Mr. Fu was called a double gunner when he was young. Both hands are very flexible, otherwise he will even eat now. Everyone needs to feed.

After dinner, Shen Qinglan accompanied Master Fu to take a walk in the yard and waited for the old man to go upstairs to take a nap before leaving the compound.

Back at Jiangxin Yayuan, Shen Qinglan was cleaning, and she heard the phone ringing, a string of strange numbers. She picked up her face, and her face suddenly changed. After hanging up, she rushed downstairs.

**

"What's going on, why was Grandpa sent to the hospital?" Shen Qinglan hurried to the hospital, and she saw the Shen Rong family of three and Shen Junyu waiting outside at the door of the rescue room.

Shen Junyu's face was very cold. When she saw Shen Qinglan, there was no gentle smile on her face. "Grandpa suddenly vomited blood and was unconscious, and he is still rescuing."

Shen Qinglan's cold eyes swept across the three of Shen Rang, Shen Rang and his wife's faces were pale, and Shen Junze's face was also fearful in addition to being pale.

Facing Shen Qinglan's line of sight, he immediately yelled, "No matter what I do, I just said a few words. Whoever knows he vomited blood really has nothing to do with me."

Shen Qinglan's expression changed slightly, and he stepped forward, grabbed his collar, and picked him up easily, "What did you tell my grandpa?"

The woman, Lu Yaqin, stood up. "That, Qinglan, you let go first, and you have something to say." She didn't dare to go to pull Shen Qinglan, she could only stand aside and said dryly.

Shen Qinglan gave her a cold look and let go, but her eyes looked straight at Shen Junze, opening her mouth and saying, "Say, what did you say to Grandpa?"

Shen Junze shrunk his neck and shouted, "I went to see my grandma with my parents. Who knows that I will meet this old... Grandpa, he let my dad go on the spot, I was so angry that I said a few words to him, and then he vomited blood."

"What did you say?" Shen Qinglan spoke, his tone cold.

"I didn't say anything." Shen Junze whispered softly, "I mean if he didn't allow my parents to be together, my father wouldn't leave Shen's house, my grandma wouldn't get sick, she wouldn't die so early, she couldn't. The hospice is all due to his stubbornness, and he caused it..." After saying that, Shen Junze's voice was already humming like a mosquito, it was really terrifying Shen Qinglan's eyes.

Lu Yaqin looked at Shen Qinglan like this, his face also changed, and Nene said, "Qing Lan, Jun Ze's talk was too much, but he was in a hurry, he didn't talk too much, you..."

Just a word before speaking, there was a loud slap in the corridor. Shen Junze's face turned to one side, and blood was hung on the corner of his mouth, and soon his entire face swelled up.

Shen Junze was furious in his heart. He grew so big that he was beaten for the first time, but he dared not say anything to Shen Qinglan's sight. He had a guilty conscience about Mr. Shen's affairs.

Lu Yaqin was very distressed to see his son beaten, but Mr. Shen is still in rescue. It is unclear what happened, and where dare to say anything.

"You better protect Grandpa, otherwise..." Shen Qinglan's eyes swept around several of them, and finally looked at Shen Rong.

Shen Rang was sitting in a chair and said nothing since he came to the hospital. He was indifferent even when his son was beaten. He did not respond to Shen Qinglan's words.

"Lan Lan, come here." Shen Junyu took her shoulders and took her aside. Shen Qinglan didn't speak in silence, but occasionally she looked at the operating room with worry.

The door of the operation was opened, the doctor came out, and Shen Qinglan walked past quickly. Shen Rang, who moved faster than her, "Doctor, what happened to my dad?"

"The old man is no longer in danger, but after all, he is greatly stimulated. He will be in a coma for a few days, and there is a sign of a small stroke. You should take care of your family members on weekdays."

Shen Rang nodded again and again, watching Old Man Shen pushed out of the operating room, and then pushed into the ward, and followed him step by step.

Grandpa Shen was still plugged with a ventilator and his eyes were tightly closed. Shen Qinglan was sitting by Grandpa Shen's bed, holding Grandpa Shen's hand without dripping, Grandpa Shen's hands were all wrinkled, and there were still many Obvious age spots, but Shen Qinglan felt the temperature above, but he was very relieved.

She looked at the old man with warmth in her eyes, "Grandpa, fortunately you are still there." This is the last thing Shen Qinglan wanted to say after looking at Old Man Shen from the operating room. She didn't want to lose her grandmother, even The grandfather who loved her most also left.

She looked at Grandpa Shen quietly. This time it felt completely different from the last time Chu Yunrong was hospitalized. She couldn't imagine what would happen if Grandpa didn't come out of the rescue room this time.

There was only Shen Qinglan in the ward, and Shen Rang had been invited outside by Shen Junyu.

"Second Uncle, go back first and let me know when Grandpa wakes up." Shen Junyu said very politely, but she was also very alienated. This time, it was Shen Junze who came up with it. Shen Junyu could not forget it.

Digression

Li Xitong is coming out again, the last time, hey

224 Chapter 224 Li Xitong, You Are Looking for Death

Shen Rang looked tired, and he was not young anymore. After some tossing, he also felt a little exhausted.

"Yaqin, please take Junze back first." He wiped his face and said.

Lu Yaqin didn't want to leave, but she also knew that everyone present was not welcome, and she was a little sad in her eyes. She looked at Shen Junyu, who said nothing, and nodded. "Well, I'll go back with Junze first. If the old man wakes up, , Call me again."

Shen Rang waved his hand and did not speak.

Lu Yaqin pulled Shen Junze who wanted to speak and left the hospital.

"Jun Yu, this time it was Jun Ze's fault, and it was also my fault. I didn't teach him well." Shen Rang said tiredly. He couldn't imagine what would happen if the old man couldn't make it this time.

Shen Junyu's expression was faint, but his eyes were full of coldness, "Second Uncle, you should also leave. If Grandpa wakes up, he will be unhappy to see you here."

Shen let his expression stiffen, "I'm not going in, I'm waiting outside, and I will leave when your grandfather wakes up."

Shen Junyu stopped looking at him, walked into the ward, and looked at Shen Qinglan. Shen Junyu said in a warm voice, "Lan Lan, you go to rest for a while. Here is me. When Grandpa wakes up, I will call you the first time."

Shen Qinglan shook his head and said nothing.

Shen Junyu knew this, and no longer forced her to sit down next to her and looked at the old man. For the person outside, Shen Junyu didn't pay any attention to it, he had already called Shen Qian.

Shen Qian hurried to the hospital without going to see the old man first. Instead, he went to the doctor's office to understand the old man's condition before going to the ward. Seeing the familiar figures at the door of the ward, Shen Qian's first reaction was not Rejoice but anger.

A pair of military boots stopped in front of him. Shen Rong looked up and saw Shen Qian, "Brother."

"Shen Rang, you come with me." Shen Qian said with a deep voice, Shen Rong got up and followed Shen Qian.

In the secluded corner of the hospital garden, Shen Qian looked at the younger brother who hadn't seen him in more than two decades.

"Big Brother." Shen Rong said with a dull voice.

"Shen Rang, you are finally back!" Shen Qian said, his tone calm, but this calm but shocked Shen Rang's mind. He would rather Shen Qian scold him.

"Brother, I'm sorry." Shen Rang whispered.

"The person you are sorry is not me."

Shen Rang was silent, yes, his most sorry person was actually the deceased mother. He was the youngest son of the Shen family. From an early age, Grandma Shen loved this youngest son very much. He pinned great hopes on the second elder, but how did he return their second elder?

He never regretted being with Lu Yaqin. The only thing he regretted was not being able to take good care of his parents. Even the last side of his mother was not seen. Anyone who paid close attention to the news of the Shen family would not leave such a thing. regret.

"Brother, I was wrong, I was too selfish and disappointed you." Shen Rang couldn't explain, and it wasn't his character.

Shen Qian looked at his younger brother for more than 20 years, but his heart was not as indifferent as it appeared on the surface. Their brother's feelings were good from an early age. Even if his younger brother is better than himself, Shen Qian has never been jealous.

This younger brother is the pride of his parents and Shen Qian, but one day, this younger brother brought back a woman and said that she would marry her. At that time, Shen Rang had a marriage contract.

Grandpa Shen and Grandma Shen disagreed, especially since she later knew that the woman she loved had once served as a housewife, and although she had no relationship with other men, even if the second elder Shen did not have a concept, follow the Shen family. His family is absolutely unable to accept such a daughter-in-law.

The opposition was taken for granted, but Shen Rang seemed to have eaten the scales, and was determined to be with this woman. He even ran to his fiancée's house to ask for a divorce, which caused the parents of the other party to anger and threatened to break off with the Shen family. Shen The old man has been a face-saver all his life, but that time he licked his face and apologized for the matter of this little son. The dogs scolded by others were bloody.

What did Shen Rang do?He left the Shen family and ran with a lady who accompanied the wine, making the Shen family completely a joke in Beijing.Grandpa Shen even became seriously ill.

Recalling from the memory, Shen Qian looked at Shen Rang's eyes very cold, "Since he left, why should he come back?"

"Brother, I just want to come back to see my dad and mom." Shen Rang dryly explained that although he was in a foreign land for so many years, he was thinking about his loved ones in the country every day, if he knew it early, if he knew it early , He will definitely come back earlier...

Shen Rang's face was full of sadness.

"What's the point of saying this now, Dad is still lying in the hospital, you go back first." Shen Qian spoke, his tone cold.

Shen Rong looked at Shen Qian's profile and opened his mouth, but after all he said nothing, turned around and left, his back slightly bent, looking very Xiao Suo.

Shen Qian took a deep look at Shen Rang and turned to go to Mr. Shen's attorney's office. He needed to discuss the follow-up treatment plan with the doctor.

The next day, the family of Shen Rang came back again. I don't know what Shen Rang and Lu Yaqin said to Shen Junze after returning home. Shen Junze was very good this time. When he saw Shen Qinglan, he even called a "cousin".

Shen Qinglan glanced at him, and he did not agree. Shen Junze kept his head down, and seemed to be in a bad mood, even Shen Qinglan's attitude was ignored.

Shen Junyu hasn't come yet, he went home to get the changed clothes.

"Qing Lan, is your grandpa okay?" Shen Rang asked gently.

"The situation is very stable." Shen Qinglan spit out a few words, and the tone was aloof and indifferent. Shen Rang didn't care at all. His eyes fell on Master Shen's body, and his eyes were sadness that other people could not understand.

Lu Yaqin's face was also very bad, his eyes were red, and his expression was haggard. Shen Qinglan was curious about what he had experienced after the three of them went back. Why did he look like this today?

Not long after Shen Rang's three arrived, Shen Junyu came, and Wen Xiyao came with him.

"Xi Yao sister, why are you here?" Shen Qinglan saw Wen Xiyao, a little surprised.

Wen Xiyao glanced at Shen Junyu, "Call Junyu today, only to know that your grandfather is in hospital, so came over together, is your grandpa okay?"

"Fortunately, the doctor said that although he saw no signs of improvement, it did not deteriorate, and the situation was very stable." Shen Qinglan said.

"Second Uncle." Shen Junyu opened his mouth, but ignored Lu Yaqin and Shen Junze.

Shen Rang nodded and smiled at Shen Junyu, but he looked at Wen Xiyao.

"This is my girlfriend, Wen Xiyao, and this is my second uncle." Shen Junyu said that she didn't even mention Lu Yaqin's mother and son. Wen Xiyao said hello to Shen Rang. Seeing that Shen Junyu didn't introduce her to the other two, the meaning was clear, but he nodded in good faith to Lu Yaqin and Shen Junze, and then stopped talking.

"By Qinglan, this is the clothes and toiletries you brought. You go to wash first." Wen Xiyao remembered the bag in his hand and handed it to Shen Qinglan.

Shen Qinglan took it, thanked him, and walked into the independent bathroom of the ward.

"Grandpa needs rest, second uncle, if you are okay, leave first." Shen Junyu said.

Lu Yaqin glanced at her husband with a sad expression, and after thinking about it, he said, "Jun Yu, your second uncle is very worried about your grandfather. You didn't sleep last night, so you let him stay with your grandfather for a while, if you don't want to see When I reach Junze, we will leave immediately."

Shen Junze dissatisfiedly called "Mo", but the rest was silenced in one of Lu Yaqin's eyes. He glanced at his father and shook his hand. "Dad, I and Mom are waiting for you in the car."

Shen Rong glanced at his wife, with apology in his eyes. Lu Yaqin smiled comfortably at him, indicating that he was fine and took Shen Junze out of the ward.

"Mom, Dad is like that, why do we have to give in, this is not a unilateral fault between you and my dad." Walking out of the ward, Shen Junze complained with dissatisfaction.

Lu Yaqin reddened his eyes and whispered, "You also know the situation of your father. Don't say that again. The death of your grandmother has already been a big blow to your father. Your grandfather is like this now. You say a few words."

"Mom, if I knew it would be the result, I would definitely not say that yesterday." Shen Junyu also lowered his head, remembering his dad sitting in the living room and smoking tears in the living room, Shen Junze's heart There is infinite regret for yesterday's recklessness.

Shen Rang has always been excellent in his mind, Wei An, he propped up the home with his shoulders. For Shen Junze, Shen Rang is the mountain, the main backbone of the family, and is synonymous with strength, but was as fragile as last night. 'S father made his heart hurt.

He saw his father weeping in the living room, while his mother leaned against me, watching his father crying silently, his eyes full of sadness and despair.

Shen Junze was used to Lu Yaqin's temper, willfulness, and impulsiveness, but the essence was not bad. In fact, he was afraid when he saw Mr. Shen falling down, and he knew that he was wrong, but he stubbornly refused to admit his mistakes, and he still spoke hard.

"Mom, do you say Grandpa will be okay? If Grandpa really had something wrong, would Dad never forgive himself for a lifetime?" Shen Junze whispered to Lu Yaqin.

Lu Yaqin looked at his son and wanted to laugh, but couldn't laugh. He twitched his lips and comforted his son. "No, your grandfather will be fine. Your grandfather is the famous Shen General. He once went to the battlefield to protect his family. How could the heroes of Weiguó fall down easily."

She prayed silently in her heart that Mr. Shen was okay, otherwise she didn't know how long her husband's body could last. She also learned yesterday that the original Shen Rang's body had a big problem when he was abroad. Hepatic cancer was detected six months ago. Mid-term.

Although the discovery was timely, the effect of the treatment was not great. The doctor recommended surgery, but Shen Ran didn't want them to worry. He rejected the doctor's suggestion. Three months ago, the cancer cells metastasized and even spread very quickly. Even the doctor was helpless, judging at most half a year. So this time, Shen Rang insisted on going back to the country to look at the second elder of the Shen family, but did not expect such a thing to happen.

"Mom, if I knew that, I would definitely not say those words." Shen Junze emphasized.

"Mum knows, but Junze, you are already 18, and you are an adult. You can't do such willful behavior in the future. In fact, it's also my mother's fault. It's because she didn't teach you well."

Shen Junze, who was saying this, was even more sad and more self-blaming, "Mom, you can rest assured that I will apologize to Grandpa when Grandpa wakes up, and I will never be angry with Grandpa again."

Lu Yaqin smiled happily. She lowered her eyes. Shen Junze didn't see the deep grief in her eyes.

But Lu Ya and her son did not find out that their conversation was heard by a man in a black skirt. When the mother and son went away, Li Xitong looked in the direction when the mother and son came. He happened to see Shen Junyu coming out and walked towards this side. Li Xitong quickly looked around and flashed into a ward.

It wasn't until Shen Junyu walked away that she came out of the ward. Thinking of Shen Junyu's appearance, combined with the conversation she just heard, Li Xitong had a guess in her heart.

She took the sunglasses out of her bag and put it on, covering most of her face, and walked towards the nurse station. "Hello, I am Shen Yuanyi. Which ward does Mr. Shen live in?" Shen Yuanyi is the name of Mr. Shen.

The nurse at the nurse's station glanced at her, suspiciously, "Are you?"

Li Xitong smiled slightly, "I am the granddaughter of Mr. Shen's friend. My grandfather heard that Mr.

Shen was sick and specially asked me to come and see him." He also raised the fruit basket in his hand so that the nurse could stand. The nurse saw clearly. She came to the hospital today to visit a friend. By the way, she bought a fruit basket at the door of the hospital. Li Xitong couldn't help but sigh her luck.

The nurse smiled and flipped through the record, "Senior Shen lives in B102, but it is not a visiting time now, you cannot go in for the time being."

"Can I ask what kind of illness the old man has?" Li Xitong asked, "My grandfather just received the news that old man Shen is sick, but he doesn't know what the sickness is. I came in a hurry, so..."

The nurse smiled understandingly, "I'm sorry this lady, this is the patient's privacy. We can't disclose it. If you want to visit the old man, you can register here now, and you can go in after the visit time."

Li Xitong shook his head, "Thank you, then I will come back later, and by the way, stay and buy a bunch of flowers, otherwise it would be too rude to just look at a fruit basket."

The nurse didn't care either. There are many rules for the rich, she understands.

"Qinglan, you didn't sleep last night, rest for a while, here is me." Wen Xiyao said warmly, Shen Qinglan shook his head, "I'm not tired, Xi Yao sister, if you have anything to do, go busy, hospital I can do it alone."

"What can I do, the company will not close down one day after leaving me, I will accompany you here." Wen Xiyao smiled.

Shen Qinglan did not force her, glanced at the silent Shen Yang who was sitting by the bed of Grandpa Shen. After thinking for a while, she took Wen Xiyao and sat down on the sofa outside.

Shen Junyu went down to buy lunch and came up carrying lunch. Shen Junyu greeted Wen Xiyao for a few meals.

"Second Uncle, let's eat first." Shen Junyu said, although he was very dissatisfied with the fact that the second uncle's family was hospitalized for his grandfather's illness, but this second uncle hurt him very much when he was a child. When I was young, I was very close to this second uncle.

Shen Rang shook his head, his eyes had a thick black and black, "I have no appetite, you eat." Where can he eat now.

Shen Junyu was not reluctant, she took out the part of Shen Rang alone and set aside to let Shen Qinglan and Wen Xiyao eat

Shen Qinglan had no appetite, and she put down her chopsticks after barely eating two.

Shen Junyu looked at most of the food left in her bowl, frowned, "Lan Lan, eat a little more, you didn't

eat last night." Shen Qinglan shook his head, "I'm full."

"Forget it, don't force Qinglan to eat it." Wen Xiyao interrupted Shen Junyu. She understood Shen Qinglan's mood at the moment. After all, she had experienced such things.

In the afternoon, Shen Junyu was called away by a phone call. After Shen Qian visited the old man, he called Shen Rong away. I don't know what they said. Shen Rang left. Shen Qian returned to the ward, wiped the body of the old man before leaving. .

In the evening, Shen Junyu originally wanted to replace Shen Qinglan, but something happened temporarily, and it was really impossible to walk away. Wen Xiyao stayed with her.

"Sister Xi Yao, please go back first, Grandpa, I can do it alone." It was only a night, and it was nothing to Shen Qinglan.

Wen Xiyao didn't leave until 9 o'clock in the evening, leaving only one family member to accompany him. Wen Xiyao's enemy but Shen Qinglan's stubbornness had to leave.

Shen Qinglan stayed to take care of the old man. At about 9:30, she received a call from Fu Hengyi. She didn't tell Fu Hengyi about the hospitalization of Old Man Shen.

Recently, there are many things at home, either Chu Yunrong was hospitalized or Mr. Fu was hospitalized. Now, Mr. Shen is hospitalized again, and it is very much following the hospital.

Although Mr. Shen is still in a comatose state, he can't be bothered even if he calls, but Shen Qinglan still doesn't want to disturb the cleanliness of the old man.

Li Xitong left the nurse station, went to visit a friend, sat in a friend's ward for a while, and then left the hospital, but after a few hours she came back to the hospital again, changed her outfit, and wore a dress. A wig, wearing a hat, and a big pair of sunglasses on his face.

She took the elevator to the floor where the old man's ward was. Now the elevator door stayed for a while. The nurse at the nurse's station was not seen. The eyes were overjoyed and accelerated her pace. She came to the door of the old man's ward and glanced inside. Seeing people, he boldly opened the door.

There was no one inside, Li Xitong couldn't help but smile.

The high heels stepped on the floor of the ward and made a crisp noise. Li Xitong stood in front of the hospital bed, watching the old man Shen unconscious, her mouth raised high, and she took the sunglasses off her face.

"I didn't expect you to have such a day." She said softly, and then sat down, "I will be happy to see you lying here now, Grandpa, are you happy to see me?"

No one answered her, and she didn't need anyone to answer, and she said something.

"Grandpa, I am grateful that you adopted me and gave me a home that made me feel warm and free from bullying by others. I used to be so happy that I could be a member of this family. But soon I realized that you actually don't like me, you and your grandma didn't like me from the beginning.

Although you behaved very kindly, I just know that your eyes are not looking at a granddaughter at all, you just treat me as an outsider, you say that I am the daughter of the Shen family, your granddaughter, but I can't even enter Shen Qinglan's room.

I don't know if you remember, when I first came to this house, one day I was curious and secretly entered Shen Qinglan's room. Before that, I always thought that my room was beautiful, but after reading her room I discovered that it was the room of the granddaughter of the Shen family.

I really like that room, especially the doll on the table, but my hand just touched the doll, you appear, just look at me coldly, tell me not to enter this room in the future, there is not Where I should go, the things inside are not something I can move.

You must not know how sad I was at that time. I knew whose room it was, and I knew that the owner of the room was no longer there, but it was such an unowned room that I didn't even have the qualification to take a look.

Grandma is very good to me on the surface, but this kind of good is more like the kindness to the juniors, rather than the love for the granddaughter. I often see grandma enter that room and stay for a long time. Do you know how jealous I am, Shen Qinglan, even if she is not in this house, the people in her family are thinking about her and have never forgotten. Such jealousy used to drive me crazy.

My girlhood was spent in such jealousy. When I grew up, I realized that Shen Qinglan would never come back when she came back. You look at her like a pearl, and love her so much. Don't cover up, but never consider my feelings.

When Shen Qinglan came back, he didn't need to do anything, and easily got everything I dreamed of, that room, your love, and the man I love."

Li Xitong red his eyes and clenched his fists with his hands. "That's the man I loved for more than ten years, but she just snatched him so easily. I can tolerate your preference for her and her disregard for me. But I can't tolerate her slashing love. That's the only person I have loved in this life. It's the starlight that I can't reach.

I am designing Shen Qinglan, but can this blame me, if it is not for her to steal my most precious thing, even if I am jealous of her again, I will not really treat her, but she should never take it away Fu Hengyi."

Li Xitong's expression was fierce, and his eyes were full of hate.

"Grandpa, others say that you change your heart, but I give you all my heart, why can't you love me like you love Shen Qinglan, is it because I'm not your granddaughter? Why can't you be fair to me One thing? Even my mother, the mother who loved me for so many years, first saved Shen Qinglan when she was in danger. What you said about me was false, everything was fake, your favorite person has never been It's Shen Qinglan, and what am I? I'm just a substitute for her Shen Qinglan." Li Xitong's tone was full of resentment, and tears fell down on the sheets.

"I just longed for that little bit of love. As a result, you were stingy even to me. Grandpa, do you know what kind of life I am now? I am notorious because of Shen Qinglan, and I almost became a mouse crossing the street. My biological parents are vampires, and in their eyes I am like a cash machine.

And you pushed me to them, even when I needed your help the most, they abandoned me and let me die. I can only talk to a playboy and treat the snake, these are all thanks to you. As long as you have such a little pity for me, I will not fall to the point where it is today. In this case, why should I miss that little friendship."

Ruthlessness emerged in Li Xitong's eyes, looking at the oxygen mask worn by Master Shen's face and extending his hand.

Her hand stayed in the air, trembling slightly, and there was a struggle in her eyes, and she didn't know what she thought of. With a ruthless expression, she reached out and quickly took the oxygen mask off of Shen Shen's face, and then pulled off his hand. Looking at the blood dripping from the back of Master Shen's hand, Li Xitong laughed madly.

"Li Xitong, you are looking for death." A violent voice came from behind, and Li Xitong turned around subconsciously. Before she could see who was coming, she was kicked to the ground with a kick that just happened to kick on her abdomen. Light, she was kicked to the ground, and the pain did not even make her cough.

Digression

Li Xitong died for the last time

225 Chapter 225 Imprisonment, Encouragement

Shen Qinglan didn't look at the people on the ground, and immediately rang the bell on the bedside of Old Man Shen. The doctor quickly entered, and Shen Qinglan pushed aside to make room for the medical staff.

"Quick, send to the emergency room." The attending doctor rolled the eyes of Grandpa Shen, and Shen Sheng said.

Seeing that Mr. Shen was pushed to rescue, Li Xitong laughed at the pain in his body: "Haha, deserved, damn old man, he should have gone down to accompany the old lady, ha ha ha ha ha."

Shen Qinglan's face can no longer be described as cold. If you are not worried about Mr. Shen, you are afraid that this is a hospital. I am afraid that Li Xitong is not a problem at this moment.

Glancing at Li Xitong coldly, Shen Qinglan's eyes flashed intently.

Fortunately, Mr. Shen was not in danger of life, and because of Li Xitong's stimulation, Mr. Shen recovered some consciousness. This can only be said to be blessed by misfortune. Shen Qinglan heard a doctor's words and took a long sigh of relief, but Li Xitong The account that hurt Mr. Shen was compulsory.

**

When Li Xitong opened his eyes, he found that he was in a strange room. No, the room was still conservative. At most, it was a garage.

Her hands and feet are tied and her mouth is covered with a seal. Where is this? Why did she appear here?

Li Xitong thought and thought, oh, yes, she remembered it. Last night, she went to the bar after she left the hospital. She was in a good mood and drank a lot of wine. She came out of the bar and felt her back neck. I don't know anything when I hurt, and I'm here when I wake up.

The more Li Xitong looked at the environment in front of her, the deeper the fear in her heart was, there was nothing here, only herself. The light shining through the gap in the garage door could be judged. Kidnapped her here.

Her first reaction was Shen Qinglan, but she was quickly denied by herself. Shen Yuanyi's dead old man is still unknown. According to Shen Qinglan's concern about the old man, there is no time to ignore her.

Since it is not Shen Qinglan, who is it, is it Shen Junyu?

No, it's impossible, Shen Junyu won't do anything illegal.

An individual was remembered by Li Xitong and denied by her, and at the end of the day, she only felt a headache.

What Li Xitong didn't know was that just above her, an invisible camera was aimed at her. In the room, Jin Enxi and Eden sat facing each other, looking at the surveillance screen, and looked bored.

"You said that Ann asked us to bring her back but didn't do anything. So what did she do with her? I wanted to say how good it was to throw it directly into the sea to feed the fish." Jin Enxi held his chin and yawned, and the woman fell asleep. It was almost a day before she woke up, and she wanted to carry a bucket of water on her.

Eden glanced at Jin Enxi, his eyes gentle, "If you are tired, go to sleep, here I look."

Jin Enxi shook his head, "No, sleeping is more boring, it might as well look at this woman here, but this woman is dead this time, how dare to be... What did that sentence say?" Jin Enxi scratched his head.

"The ground is too old for Tai Sui." Eden added.

Jin Enxi's eyes lit up, "Yes, that's it." He reached out and patted Eden's shoulder. "Eden, it's still your best Chinese attainment. This Chinese is so hard to learn, I can't remember it."

Eden smiled. He used to study Chinese, but he put a lot of effort in order to be closer to An. It's a pity that in the end, the person went further and further, and he could only watch from a distance. She is happy.

Seeing Li Xitong just sitting on the ground, not even shouting, Jin Enxi was a little strange, "How is this woman so quiet today?" According to Li Xitong's temperament, shouldn't he be noisy the first time he woke up?

"Maybe it hasn't responded yet." Eden said casually, whoever knew the truth.

Li Xitong drank too much wine last night, and now she is still confused, and when she is fully awake, she really starts to yell.

"Is there anyone, come out to me, who are you, why should you catch me?"

"Do you want money? I have money to give you. You let me go back and give as much money as you want."

Looking at Li Xitong's appearance, Jin Enxi pouted, "This woman is really boring, even the noisy lines are not new."

"I thought she was growing up so she was so quiet, and it turned out... I still overestimated her, Eden, what would she do next?"

Eden is not at all interested in what Li Xitong will do next, "Since you don't want to go back to rest, then here is yours."

"What are you doing?"

"My new research has not yet been completed."

Kim Eun Hee knew it, waved his hand, and Eden left.

"Is it Shen Qinglan? Shen Qinglan, you come out to me." Li Xitong is still yelling, but she is the only one in the garage, and this is Eden's villa in Beijing suburbs, because of the high price, between each villa here The distance is very far, even if Li Xitong broke his throat, no one heard.

Li Xitong was tired of shouting, and wanted to move her hands and feet, but her hands and feet were tied, and she couldn't move at all. She was very hungry and thirsty now, but she shouted for a long time and no one took care of her, or even no one appeared, all around The quiet can only hear his own breath.

Jin Enxi touched his chin with his hand and admired the expression on Li Xitong's face. Well, it's right to be afraid. When An comes, you will be even more afraid. In fact, she admired Li Xitong's courage, and she dared to touch Ann's bottom line in this way. She was courageous and courageous.

Li Xitong stayed in the garage for two days. During these two days, no one gave her food, nor did she give her water. When Li Xitong thought that the group wanted to starve her to death, the garage door finally opened. , Jin Enxi brought a bowl of porridge and came in.

Li Xitong stared at her closely, "Who are you?" She had never seen this woman.

Jin Enxi's cute baby's face raised a smile, "Who am I doesn't matter, am I hungry, do you want to eat?"

Li Xitong looked at the porridge in her hand and swallowed her saliva involuntarily. She had not dripped the water for two days. She was so hungry that she had no energy.

But the woman in front of her made her feel very uneasy, "You are sent by Shen Qinglan?" The voice was weak.

Jin Enxi smiled cutely, "Guess what."

"Is it Shen Junyu?"

Jin Enxi continued to laugh, "Continue to guess." Staring at this woman for two days, Jin Enxi was bored.

Without guessing right, Li Xitong was too lazy to guess, and asked directly, "What the hell do you want to do to catch me? If you want money, I can give you as much money as you want." His eyes kept staring at Jin Enxi. Porridge.

Jin Enxi touched his chin and asked with great interest, "How much can you give me, if the price is satisfactory to me, I can't let you go."

The expression on Li Xitong's face was so good, it would be easier to ask for money. The expression on his face was relaxed. "I can give you one million. As long as you let me go, the money can be given to you immediately."

"Wow, a million." Jin Enxi seemed surprised, and a trace of pride flashed in Li Xitong's eyes. She knew that no one could resist the temptation of money.

It was just the next second that Jin Enxi's face sank sharply, "You sent me Hanako."

The smile on Li Xitong's face stiffened and slowed down. "Being a man can't be too incisive, one million is already a lot." This is already half of all her property. Although she now follows Lin Hao Lin Hao is also generous to her, but Lin Hao is not the principal of the Lin family after all, his money is also given by the family, and the amount of money he can give to Li Xitong is limited, plus the money that Li Xitong owed to the advertiser before can be saved The money is already her skill.

Jin Enxi sneered, but there was no hint of coldness on her face, "This sentence will be returned to you. Since you can't get the money, then you should stay here." go away.

"Wait." Li Xitong stopped her, "I can give you five million, you let me go."

Jin Enxi made a cut, don't think she didn't know Li Xitong's net worth, if she could take out 5 million, she would follow her surname.

This is the white wolf who wants empty gloves, right?Jin Enxi thought secretly.

"Five million is really my limit. Since you tied me, you should know that I am no longer the Shen family. If you want to get a lot of money from the Shen family, you would be wrong. Shen Qinglan is Shen. Family's baby, if you can tie her up, let alone five million, it is one hundred million, the Shen family will also give you." Li Xitong follows the temptation.

Jin Enxi looked at Li Xitong's eyes and finally had a little fun. Li Xitong was happy and continued to lobby, "I am not the Shen daughter of the Shen family. , My biological parents didn't have a job at all and needed me to support them. You didn't get a penny from them. But Shen Qinglan was different. She was Shen Yuanyi's favorite granddaughter and the chairman and chairman of Junlan Group. The sister of the general manager Shen Junyu, there are also shares of Shen Qinglan in the Junlan Group. Think about

whether she is more valuable than me."

Jin Enxi nodded and nodded, "Well, it sounds good to listen like this, but as far as I know, Shen Qinglan's skill is very good, we don't want to start it so easily."

Digression

Say, how do you think Li Xitong died

226 Chapter 226: Punishment (One More)

Seeing Jin Enxi was really interested, especially when she heard the word "we" in her words, Li Xitong was suddenly excited, and they were better when there were more people. As long as Shen Qinglan was tied, then wait for her to go out, you can go to the outside world. It was revealed that Shen Qinglan was kidnapped. As for what happened after the kidnapping, how could other people know, and...

When her eyes rolled, Shen Qinglan looked so beautiful. There must be a man in the kidnappers. If something happened then, it would be a matter of course. The more he thinks, the more Li Xitong feels smart, and he can come up with such a double-edged trick.

"Shen Qinglan's skill is indeed good, but after all, she is a woman, or a Miss Qianjin, her point is at most used for self-defense, I believe you must be more than one person, as long as you go to a few more people, catch her is not. It's a matter of grabbing." Li Xitong said slowly, hesitant to see the emotion on Jin Enxi's face, and continued to speak.

"I can lead her to a place where no one is there to facilitate your hands-on, to ensure that no one will be found, my request is also very simple, as long as you let me go."

Jin Enxi seemed to be persuaded, looking at Li Xitong, "Are you hostile to Shen Qinglan?"

Li Xitong's expression stiffened and hatred flashed in his eyes. It was more than a hatred. It was a deep hatred. If it were not Shen Qinglan, would she be kidnapped now?

"I hate her. If it weren't for her, I would still be the eldest lady of the Shen family, instead of being driven out of the Shen family like a funeral dog."

Yo, the resentment is quite big. Jin Enxi thought, looking at Li Xitong's eyes with curiosity, "Since you have hatred against Shen Qinglan, will she come out with you?"

"Of course." Li Xitong said quickly, afraid that Jin Enxi would not believe it, and explained, "Although I have a bad relationship with Shen Qinglan, it is not difficult to deceive her. If you don't believe it, you can follow me in secret. Since you can kidnap me for the first time, then the second time is definitely not difficult. If I didn't deceive Shen Qinglan, you would just catch me back, right?"

Jin Enxi heard it and nodded. "That's right. It won't take you at all to catch you. Your advice is good. We will consider it carefully."

Li Xitong's eyes lit up and looked at Jin Enxi expectantly, "Then can you let me go first, I promise not to run away."

Jin Enxi smiled disdainfully, "Are you escaping?" Don't look at this as an ordinary garage, but with Li Xitong's ability, it is not that she looks down on her, but that she can't even open the garage door.

The lock here is her latest change. On the surface, it is an ordinary luxury villa, but the inside is heavy and the outsiders cannot easily enter. This is a base that she has spent nearly two months of painstakingly building.

Li Xitong hated in his heart, but he didn't dare to say much. After all, his life is still in the hands of others. Although the woman in front of him looks like a baby face, Li Xitong intuitively feels that this woman is ruthless, and she is still obedient. Better.

"It doesn't matter if I don't let it go, but can you give me something to eat first? I've been hungry for two days." Li Xitong's eyes looked at the bowl in Jin Enxi's hand, and he didn't know why the porridge in the bowl was so fragrant.

Jin Enxi smiled and nodded, saying, "Of course, this is for you." She squatted down, Li Xitong thought Jin Enxi was about to feed her, and opened her mouth in a hurry.

Haha, I think it's pretty. I want the old lady to serve you for dinner.

Then, Li Xitong watched Jin Enxi put the bowl of porridge three meters away from her, if she wanted to eat porridge, unless she lay on the ground and moved it.

"You put it too far, I can't eat it." Li Xitong said embarrassedly.

Jin Enxi's face changed, "I won't find a way to eat it myself." Lengheng snorted and walked out of the

garage.

Li Xitong's face was blue, because Jin Enxi's face turned suddenly, and they just had a good conversation just now.

"This woman's drama is so much. I still don't forget Laan going into the water." Back in the room, Jin Enxi complained to Eden, looking dissatisfied.

"You know she has been talking nonsense with her for so long, I thought you had a good time talking." Eden was reading a medical report without even looking up.

"I'm not curious, but the woman is still so uninnovative. I want to say that it's the result of her. It's an eye-catcher."

"Ann won't agree, just shut her for a few days, don't care about her, don't die." Eden returned.

"Eden, what are you looking at?" Jin Enxi said to him for a long time, he didn't even lift his head, looked at the words above curiously, but didn't understand.

"The case of Grandpa Ann, Grandpa has not been awake, I want to see what could be the problem."

Jin Enxi understood that it turned out to be Ann's business, no wonder Eden would be so kind.

Jin Enxi glanced at the monitoring screen and saw that Li Xitong kept the posture she left when she lipped her lips, and now she doesn't eat but she is not hungry to the extreme. She sees how long she can last.

And Li Xitong was indeed unable to support it. She looked at the bowl of porridge, estimated the distance between herself and it, and found that there was no second way to go except to move on the ground. She glanced at the ground. Although it looks clean, there will still be dust. This posture is too ugly. Li Xitong looked away and tried not to see the bowl of porridge.

But the tip of her nose was haunting the aroma of the bowl of porridge. Her stomach growled and her eyes went black for a while. She endured and endured. She glanced at the bowl of porridge full of fragrance again and couldn't help moving. butt.

"I thought you had more guts." Jin Enxi looked at Li Xitong, who moved his butt, and smiled disdainfully.

Li Xitong finally moved to the bowl of porridge, but couldn't eat it. She tried to bend down and couldn't reach it at all. She wanted to break the rope in her hand, but the more she struggled, the tighter the rope was.

Frowning frowns, after another rumbling of the stomach, Li Xitong sat down on his knees, then sat down on his knees, licking the porridge in the bowl like a dog.

The porridge has been boiled for a long time, and it is well controlled by the fire. The soft and glutinous ones are better than Li Xitong thought. The porridge does not know what ingredients are put in it.

She soon finished a bowl of porridge, even licking it cleanly. Some porridge was on the corner of her mouth. Li Xitong stuck out her tongue and tried to eat the porridge into her mouth. She glanced dissatisfiedly at the floor. That empty bowl, this bowl is too small, so little porridge can not eat it.

"Hahahaha." Jin Enxi looked at Li Xitong as he was eating, and smiled cheerfully. "Eden, look at the way she just ate. It's so funny." She rubbed her belly. "I'm going to post this video Let me take a look, hahahaha."

Eden glanced at her speechlessly and couldn't understand how the person's laugh was so strange.

Jin Enxi smiled enough, and then looked at Eden, "Eden, is the thing you said really useful? Is that a small amount effective for her?"

Eden nodded, "It is absolutely impossible to quit. At the point you just released, addictiveness can be higher than the most addictive DP. Unless her self-control is amazing, it is impossible to quit. "

Jin Enxi suddenly felt relieved, because of Li Xitong's self-control, hehe, she could only be a junkie in her life.

Li Xitong never thought that the bowl of porridge just contained such a deadly thing.

Shen Qinglan's cell phone rang, and she picked it up and glanced at it, which was sent by Jin Enxi. It was the video of Li Xitong's meal just now. Looking at the wasted Li Xitong, there was no expression on Shen Qinglan's face. After reading it, she would Deleted the video.

"Qinglan, you take a break first." Wen Xiyao looked at the blue and black under Shen Qinglan's eyes, and was very distressed. She had not closed her eyes for three consecutive days. She knew that Shen Qinglan was blaming herself, thinking she was not taking care of her. Good old man Shen will give Li Xitong a chance.

Shen Qinglan shook his head, "No, I'm not tired."

"You are not tired, do you want to see what you are doing now, Shen Qinglan, you will immediately go back to bed for me, otherwise I will call Fu Hengyi immediately, after all, if you were not him, you would not walk out of the ward." Shen Junyu just went to the office of the attending doctor, and when he heard this, he instantly became angry.

Shen Qinglan looked at the angry brother and didn't speak.

Shen Junyu met her cold eyebrows and immediately lost her temper, softening her temper, "Lan Lan,

you go back to sleep first, okay? Grandpa has a brother here, I promise to keep my grandfather intact, not let grandpa out any Something unexpected."

"Qinglan, your brother is right. You go back and rest for a while. You will survive like this. You won't wait until the old man wakes up. You're about to collapse. When the old man wakes up and sees you like this, how distressed it should be. "Wen Xiyao also persuaded that she glanced at Shen Junyu. She took Shen Qinglan's shoulder and led her up. "Go, I will send you back to rest."

This time, Shen Qinglan did not object, stood up obediently, and followed Wen Xiyao out of the hospital. Shen Junyu was relieved. If Shen Qinglan persisted in this way, he would not be able to hold it anymore.

He had to take care of Mr. Shen's condition, while taking care of Shen Qinglan's emotions, while hiding from Mr. Fu and his mother. On the other side, he was still looking for the trail of Li Xitong, who stabbed him with such a big basket , This time Shen Junyu will not let go of Li Xitong.

Wen Xiyao sent Shen Qinglan back to Jiangxin Yayuan. After Shen Qinglan fell asleep, she drove back to the company. In recent days, she has accumulated a lot of work because of the affairs of Shen's family. Shen Junyu had been responsible for the cooperation project before, but now Shen Junyu has no way to take care of it. She can only take over and watch it.

Shen Qinglan got up after sleeping for less than three hours, called Eden and asked about the old man's condition.

"Ann, take me to the hospital to see the old man at night, I want to confirm it with my own eyes." Eden said.

"Okay." Shen Qinglan responded, hung up the phone, and got up directly to the hospital, but just arrived at the door of the hospital and happened to see Fu Hengyi coming off the car.

Shen Qinglan stared at each other, she did not expect to see Fu Hengyi here.

Fu Hengyi took the initiative to come over, "Why, see me stupid?"

"Why are you here?" Shen Qinglan asked.

"If it wasn't for Jun Yu to call me, would he be prepared to hide from me like this, and carry it alone?" Yesterday the two of them were still calling, but the man had no intention of telling him at all.

"I can take care of myself." Shen Qinglan explained that the most important thing is that she didn't want Fu Hengyi to feel guilty.

"Qinglan, I am your husband. I can carry it for you no matter what. So you can not be so strong." Fu Hengyu said softly.

Shen Qinglan lowered his head slightly, a smile flashed in his eyes, "It's because I want to be bad, but I won't."

Fu Hengyi saw that her eyes were black and dark, and obviously did not take a good rest. It was very distressing.

"No." Shen Qinglan shook his head. "I just came out from my house. I've slept enough. Now I can't sleep when I go back. Go upstairs and see Grandpa first."

Fu Hengyi felt distressed, but did not want to force her, and went to the Shen ward with her. Shen Junyu was the only one in the ward. When she saw Shen Junyu, Shen Qinglan gave her brother a hard look.

Shen Junyu touched her nose and didn't look at her sister's eyes. It was really Shen Qinglan's state of the past few days that made him feel very worried. He didn't want to see grandpa wake up, but his sister fell down, and Shen Junyu clearly remembered her grandmother. At the time of his death, Shen Qinglan was shocked.

After glancing at Fu Hengyi, Shen Junyu said, "Then, Lanlan, I have something to wait. Go out for a while, and I will leave it to you and Hengyi."

Shen Qinglan didn't look at him. He walked straight to Senior Man Shen, looked at his still closed eyes, and sat down, holding Senior Man's hand.

Fu Hengyi stood behind her, holding her shoulders by hand, "Relax, Grandpa will be fine."

"Fu Hengyi, if you said that if I had a long eye, would Grandpa not be like this." Shen Qinglan whispered, if she did not walk out of the ward that day, Li Xitong did not have this opportunity.

"Qinglan, this is not your fault." Fu Hengyi said softly.

Shen Qinglan was silent.

In the evening, because Fu Hengyi insisted, Shen Qinglan followed Fu Hengyi home and rested. Old Master Shen handed it over to Shen Junyu and Shen Qian.

Chu Yunrong did not return from abroad, and the family did not tell her.

Because Master Fu didn't know the news that Master Shen was sick, Fu Hengyi did not return to the compound, but took Shen Qinglan back to their own home.

"Qinglan, take a good sleep first, maybe Grandpa will wake up tomorrow." Fu Hengyi held Shen Qinglan in his arms and said softly. Shen Qinglan nestled in his familiar arms and gradually closed his eyes.

Looking at the sleeping Shen Qinglan, Fu Hengyi touched her somewhat thin face distressedly, covered

the quilt, and then got up quietly and went to the study.

Early the next morning, when Shen Qinglan got up, Fu Hengyi was no longer there, thinking that he had returned to the army, so Shen Qinglan did not mind, and went to the hospital after breakfast.

"Thank you Dr. Mu, my grandfather asked you." As soon as she walked to the door of the ward, Shen Qinglan heard Shen Junyu's grateful voice, walked in, and found that there were more strangers in the ward, and Fu Hengyi was also there.

Fu Hengyi didn't greet her, but sent the strangers out first.

"Brother, who are those?" Shen Qinglan asked.

Shen Junyu had a faint smile on his face, "That was Mu Xi, a well-known brain expert. I came to see my grandfather today. I asked him a few times before, but unfortunately, he happened to be doing academic exchanges abroad. I just returned to China today and I was picked up by Heng Yi."

Shen Qinglan was slightly startled, and Fu Hengyi picked it up?

Fu Hengyi returned after seeing Shen Qinglan in a daze, and smiled slightly, "Have you eaten breakfast?"

Shen Qinglan looked back, watching Fu Hengyi nodded, "You have already eaten, Dr. Mu, are you please come back?" Where there is such a coincidence, when he came back, Dr. Mu returned home.

Fu Hengyi smiled slightly and did not deny that he contacted Dr. Mu after receiving a call from Shen Junyu yesterday. Dr. Mu once owed him a favor. Since he spoke this time, Dr. Mu will rush back anyway.

"Dr. Mu has already said that Grandpa's health is not bad, and he will wake up in two days. Now you can rest assured?" Fu Hengyi said.

"Thank you, Fu Hengyi."

Fu Hengyi reached out and tapped on Shen Qinglan's head, his strength was very light, "Tell me thank you, eh?"

Shen Qinglan said, "Well, I really don't need it."

Fu Hengyi returned to the army that afternoon, and he was able to return for a day.

And the next night, Mr. Shen really woke up. Although he could not speak, at least he opened his eyes. Shen Qinglan took the man's hand and watched him not speaking.

Grandpa Shen looked at Shen Qinglan like this, and used his hands to comfort his granddaughter.

Shen Rang knew that the old man was awake and hurried over, but did not go in. Standing at the door of the ward, he glanced inside from time to time.

"Second Uncle, Grandpa just woke up, and now he can't even speak, you go back first." Shen Junyu said.

Shen Rang waved his hand, "You don't have to control us, I will stand here and I won't go in."

When Shen Junyu saw him say this, he no longer reluctantly turned back to the ward.

**

Jin Enxi would give Li Xitong a bowl of porridge every day so she would not starve to death.

"You have tied me up for so many days, what on earth do you want to do?" Li Xitong asked. This was already the fifth day she was tied. The rope on Li Xitong had been untied. She tried to escape, but it was like Jin Enxi said that she could not open the door at all. She wanted to call out for help out loud, but she shouted her voice dumbly and no one should answer her.

Except for the time she eats every day, she can't see other people's figures at all. In this way, she is really going crazy.

Jin Enxi put the porridge down, smiled, did not speak, turned around and left, Li Xitong took her by the hand, and Zi An Jin Enxi hurriedly released her hand when she looked over. When she was just released two days ago, she once Attacked Jin Enxi, but just waited until she hit Jin Enxi, she was beaten by Jin Enxi instead.

"Well, what did you suggest that day? How can you think about it? I can help you make an appointment with Shen Qinglan. It's definitely more valuable for you to kidnap her than to kidnap me." Li Xitong still didn't give up.

Jin Enxi smiled and was very kind. "You still drink porridge."

"Wait, if you want money, I can give it to you. Really, five million yuan, one point will not be less for you. As long as you let me go, even I can help you get Shen Qinglan out like this. You can make a profit again, is this a good deal, isn't it?"

Jin Enxi stopped and shrugged, "Your suggestion is really good, but what kind of family is the Shen family, and we have investigated, the husband of Shen Qinglan is the grandson of the Fu family, the Fu family is with the Shen family, where can we still There is the courage to provoke. So you should stay here obediently. Oh, yes, we called your family yesterday and asked for one million. Do you know what they say?"

"What?" Li Xitong asked subconsciously.

"A person who claimed to be your father said that they had no money. Let us think about it, even if we tore the ticket." Jin Enxi said, smiling at Li Xitong's successful change of face.

Li Xitong rubbed his lips, "My relationship with my parents has always been bad. You have found the wrong person. I can give you money. My family's money is in my hands. As long as you can let me go, I will be fooled when I go out. This has never happened, and I will never expose you."

Jin Enxi tweeted, "Do you think you have seen my face already, will I still let you go back alive?"

Li Xitong's face changed, "What do you mean, murder is illegal."

"Haha, you're so funny, who told you that I'm going to kill you." Jin Enxi laughed holding her belly, as if hearing something funny.

Enough laughter, Jin Enxi stopped and looked at Li Xitong, "You can rest assured, and soon you will know what will happen to you." After that, he turned and walked, halfway away, and stopped, "Oh, yes, do you know, Men in Africa like Asian beauty, especially you."

The blood on Li Xitong's face faded instantly, and she looked at Jin Enxi in horror, especially when she looked at the smile on the corner of her mouth.

Jin Enxi was happy and turned out of the garage.

It took a long time for Li Xitong to recover from the shock given by Jin Enxi. She sat on the ground all at once, as if she could not accept the result. The porridge on the ground was still smelling, but Li Xitong did not drink it, but Standing up and smashing towards the corner, the hot porridge was scattered all over the place, and the rich fragrance spread throughout the garage.

Jin Enxi looked at Li Xitong's move, and the smile on his face grew stronger, "Just test the medicinal properties."

In the garage, Li Xitong's expression was restless and he kept walking around, looking at the porridge on the ground from time to time.

The porridge was already cool, but the air was still filled with a touch of porridge fragrance. She shook her nose and smelled the remaining smell in the air, but her belly cried more cheerfully.

She seemed to be feeling the cold, holding her arms, sitting directly on the ground, burying her head between her knees, and trembling gently.

"Huh, this medicine is good, and the reaction is so violent at this moment. Eden, I now understand why KING they do everything they can to get this kind of thing. This effect is so strong. If it flows into the market, many people will have this life. Don't even think about quitting it."

Jin Enxi looked at Li Xitong's reaction and suddenly felt a little lucky that this thing hadn't been picked up by BK's people.

It was also the first time that Eden saw it acting on people. When Jin Enxi suggested that the plant extract should be given to Li Xitong to try, Eden only gave a small amount. If this amount was changed to ordinary DP It is not enough to addiction in such a short period of time, but looking at Li Xitong's current performance, it is clearly a drug addict who has been consuming for a long time.

"This is just the beginning, and her reaction should be more obvious later." Eden said.

"Eden, this thing is ruined. If it is accidentally taken by someone with ulterior motives, the consequences will be disastrous." Jin Enxi said with a deep voice, the face of the baby was solemn.

Eden nodded, the addictiveness of this plant extract was much higher than he had originally expected.

"I'm going to destroy it now." Then he turned and left.

"Wait." Jin Enxi stopped him. "Leave me a little, as long as I can control the amount of Li Xitong."

Eden nodded, "OK."

Jin Enxi turned his head and continued to watch Li Xitong's performance.

Li Xitong wiped her tears and yawned, but her eyes looked at the porridge scattered all over the place. Even if she was stupid, she also noticed the abnormality of her body. Things, except that bowl of porridge.

Her eyes were full of resentment. Although her mind was chaotic at the moment, she also clearly realized that this group of people kidnapped her not for money, but for revenge.

"Yo, how does it taste?" Jin Enxi came in again with a bowl of porridge. The moment he saw Jin Enxi, Li Xitong could not help but rush to kill her, but she was now powerless, hungry, and tortured by drug addiction. I can only look at Jin Enxi in death, if my eyes can kill, I am afraid that Jin Enxi has already been slashed.

Jin Enxi squatted down to look at her, smiling, friendly, "The good things I prepared for you are not enough, I tell you, this is a unique good thing in the world, many people don't want it, you should be very It's an honor to be the first to taste it."

"How much did Shen Qinglan give you?" Li Xitong's voice squeezed through the teeth.

Jin Enxi raised her eyebrows, but did not expect a drug addiction attack, this woman is smart, but can this thing make people enlighten?She did not answer Li Xitong's words, but put the porridge on the ground, "This is what I prepared for you."

Seeing what Li Xitong wanted to kick it, Jin Enxi spoke slowly, "You can kick it again, but this time if you get it on the ground again, you lick and clean it like a dog."

Li Xitong's foot swelled, but still kicked the porridge in front of him.

Jin Enxi smiled indifferently and stood up, "Oh, since you like to be a dog, then let you follow."

"Let me go, you bastards." Li Xitong roared behind Jin Enxi, and Jin Enxi's footsteps did not stop at all, and left directly.

Digression

Well, continue to punish Li Xitong

227 Chapter 227: Punishment 2 (Second)

The unbearable itching spread on Li Xitong's body, as if there were tens of thousands of ants crawling. She wanted to catch it, but she couldn't catch it. Her forehead was cold and sweaty. That kind of pain and nurturing grow out of the bones.

There was an infinite longing in her heart, her eyes had begun to blur, looking at the porridge on the ground, finally still unable to withstand the torture of her body, she fell down and stuck out her tongue.

"Huh, this woman is really guilty. She doesn't eat when she gives it. She likes to eat like this. What would you say if I posted this video online now?" Jin Enxi touched his chin and looked at the monitor and the screen. Said with great interest.

Eden just glanced away and regained his gaze. The evil taste in Jin Enxi's bones broke out, which could only be regarded as bad luck for Li Xitong.

Among the few of them, he and Andrew did not talk about it. Shen Qinglan was simply and decisive. He didn't like to torture people. Generally, he was fatal with a single blow. Sisley was a violent person. Jin Enxi liked to torture people the most, and the methods were endless. At first, the woman luckily escaped fast. Otherwise, when Jin Enxi was serious, she could not bear Jin Enxi's means.

Li Xitong was lying on the ground, panting heavily, the porridge on the ground was gone, the pain and

itching on his body were gone, but the humiliation just now was deeply engraved in Li Xitong's bones, she swore, wait for her Going out from here, I will definitely not miss Shen Qinglan, and these gangsters.

"Shen Qinglan, Shen Qinglan..." Li Xitong said Shen Qinglan's name in his mouth, each word carrying the hatred of crying blood.

It's been a week since Shen Qinglan appeared here. Grandpa Shen has completely recovered his consciousness and can speak. The doctor said that fortunately, Grandpa's health is good. A small stroke has little effect on him and he can recover, but in the end It's an old age. After entering the hospital, my bones are much worse and I need to be more careful in my care.

The garage door opened again, and Li Xitong thought it was Jin Enxi. He didn't raise his head at all. He sat on the ground, buried his head between his knees, and ignored it.

The footsteps approached until she stopped in front of her, "Li Xitong." Shen Qinglan spoke lightly.

Li Xitong suddenly looked up, and saw the unexpected face, "Shen Qinglan." Clenched his teeth, full of bitter hatred.

She looked very embarrassed at the moment, her clothes were already filthy and broken in many places, it was torn by herself, her hair was like straw, and there was a strange smell all over her body.

Shen Qinglan looked at her, her eyes were clear. This expression fell in Li Xitong's eyes like a fuse, and instantly detonated her. She stood up and flew towards Shen Qinglan, "Shen Qinglan, I want to follow you Fight."

Shen Qinglan turned sideways and escaped Li Xitong's thump. Li Xitong threw it again. Shen Qinglan raised his foot and kicked on Li Xitong's abdomen.

Li Xitong screamed loudly, hit the wall, and lay still on the ground.

Shen Qinglan slowly walked over and looked at her condescendingly, and Li Xitong was also looking at her, "Shen Qinglan, you really are with them. I should have thought of it." Ridiculously she even encouraged them to kidnap Shen Qinglan .

"Li Xitong, the Shen family has raised you for so many years, and has given you an excellent life. How dare you do something with grandpa." Shen Qinglan said.

Li Xitong heard the words and suddenly laughed, as if she heard one of the most laughable jokes in the world. She coughed as she laughed, and she burst into tears, "Is that Shen Yuanyi's old immortal dead?"

Shen Qinglan's eyes were cold, and Li Xitong's eyes showed a bitter coldness, "Li Xitong, you are looking for death."

Li Xitong coughed again and again, his pale face was a bit bloody because of the severe cough, "I can only wish to kill the old man earlier. If it weren't for him, would I now fall to this point?"

She looked at Shen Qinglan and rubbed her lips, "Shen Qinglan, you deserved to be that old man's granddaughter, ruthless enough, that is what you let them give me to eat, you think I am addicted to drugs, I will take you The Shen family has no choice, right?"

Shen Qinglan did not say that the DP was due to Kim Eun Hee's bad taste.

When Li Xitong saw Shen Qinglan not speaking, she just thought she was the default. "Shen Qinglan, you have always looked down on me, but how good you are, don't think I don't know, the couple with the surname Li was from you, All this is what you have arranged. Those who hate the Shen family are blind. They can't see your true face."

"Which hand do you use?" Shen Qinglan said.

Li Xitong was shocked.

Shen Qinglan looked at her hands, "Which hand did you hurt Grandpa?"

Li Xitong looked at her defensively, "What do you want to do?"

Shen Qinglan said nothing, Li Xitong sat up from the ground and hid her hands behind her. Shen Qinglan like this made her feel scared.

Shen Qinglan took a step forward, approaching Li Xitong, "Say, which hand to use."

Li Xitong bathed in her eyes as if looking at the dead, her hatred on her face had been replaced by fear, she had guessed Shen Qinglan's intention, "Shen Qinglan, I'm already addicted to drugs, you can't be so right Me." These hands are her last resort, and Shen Qinglan must not be destroyed.

Shen Qinglan was indifferent.

Li Xitong desperately backed away. She wanted to escape from this place, but it was so big that there was no place for her to hide.

Shen Qinglan approached Li Xitong step by step. When Li Xitong was forced to the corner, she stopped and squatted down, holding Li Xitong's chin with one hand, forcing her to look up at her.

"Li Xitong, I warned me not to provoke me long ago. The consequences are not something you can afford. Why would you not listen?"

Li Xitong's eyes were full of fear, she didn't dare to meet Shen Qinglan's eyes, "Shen Qinglan, I know it's wrong, you let me go, I will never do anything against you in the future, let alone find you Trouble. I can go to my grandpa and apologize. I kneel down and ask for forgiveness. I beg you, please let me go?"

Shen Qinglan let go of her chin and stood up. Li Xitong was delighted in his eyes, thinking that Shen Qinglan agreed to let her go, "Shen Qinglan, I promise to be far away from you in the future and will never appear in your sight."

Li Xitong stood up and wanted to stay away from Shen Qinglan. Shen Qinglan's fist fell on her without any warning. She bent down in pain, but Shen Qinglan didn't stop there, pulling her. With another punch in her lower abdomen, Li Xitong couldn't get up directly on the ground.

Shen Qinglan went further, stepped on Li Xitong's right hand, and pressed hard.

"Ah!" Li Xitong screamed. Shen Qinglan didn't stop and continued to work hard. Li Xitong could even hear the sound of broken bones.

Her painful face was covered with sweat. Shen Qinglan let go of her hand. Li Xitong couldn't even say what he was hurting, but she was panting heavily, without Shen Qinglan saying, Li Xitong knew his right hand was Obsolete.

"Li Xitong, you owe my grandpa." Shen Qinglan said lightly.

"Shen Qinglan, you'd better kill you today. If you can't kill me and wait for me to go out, I will make you regret it." Li Xitong looked at Shen Qinglan with hate, and his eyes were very bitter.

Shen Qinglan didn't pay any attention to her words. Later, Li Xitong realized that Shen Qinglan didn't give her this opportunity at all.

Shen Qinglan turned and left the garage. Outside the garage, Jin Enxi was waiting for her.

"Ann, what about this woman, isn't it..." Her hand scratched her neck, the meaning was obvious.

Shen Qinglan shook her head, it was too cheap for her, Jin Enxi immediately understood, smiling, "Then leave it to me, I promise to make her desperate, haha."

"Don't kill people." Shen Qinglan urged, here is country Z after all, she doesn't want Jin Enxi to cause unnecessary trouble.

"Relax." Jin Enxi didn't care, she was never afraid of trouble.

After Shen Qinglan left, Jin Enxi went into the garage, looked at Li Xitong's desperate expression, and touched his chin, so desperate?The bearing capacity in this heart is also too weak. Jin Enxi deeply feels that she needs to help Li Xitong to improve her psychological bearing capacity.

Li Xitong has lost his strength even to take a look at Jin Enxi, lying on the ground, not moving, "Hey, look at you like this, but there is really no challenge."

"How much money does Shen Qinglan give you before you can help her do this? I can give you double the price, as long as you help me destroy Shen Qinglan."

Jin Enxi shook her head. She was really curious about Li Xitong's brain circuit. Was it really different from the average person, so she could be so clear?Would she suggest that Eden open her mind to look at it and study it?The more she thought about it, the better the idea was.

Li Xitong naturally does not know her thoughts, "I can not call the police, I can also give you a sum of money, as long as you destroy Shen Qinglan."

Jin Enxi did not answer this, but took out a bag of white powdery things from his pocket, "Give you something good."

Li Xitong naturally knows what this is, but she has not refused. She has been fed up with the pain of drug addiction. She has also tried to quit, and she has endured her inner craving not to eat what Jin Enxi gave, but Wan Chong The feeling of biting was too much torment, she could not hold it for less than five minutes.

"It's enough for you to use it for a week. Now you can go." Jin Enxi pointed at the garage door and Li Xitong's eyes lit up, struggling to get up.

"If I were you, I would find a place to hide after I went out, instead of calling the police. I dare to let you go when you saw my face. Do you think the alarm is useful? I advise you not to think about going to Shen Qing Lan's trouble, since I can catch the first time, I can naturally catch you the second time." Jin Enxi smiled, his tone was very gentle, but the words he spoke were not gentle at all.

Digression

Do you think this is the end?There is even worse waiting for her late

228 Chapter 228: Li Xitong's End (One More)

Being seen by Jin Enxi, Li Xitong was neither away nor staying. But the thoughts in her heart have not changed. She has suffered such a big loss, and she will certainly not be so good.

"If you don't believe it, you can try it. I believe you will be satisfied with the result." Jin Enxi added, but let Li Xitong shudder.

"Can I go now?" Li Xitong made a face.

Jin Enxi smiled, "Of course."

Just when Li Xitong walked to the door, Jin Enxi was chopped on the back of her neck with a palm and fainted. She clapped her hands and said, "I want you to send you back in person, you are so lucky."

With a sigh, Jin Enxi lifted Li Xitong from the ground, threw it into the trunk of a car that had been waiting outside, and then sat in the cab. The car whistled and left the villa.

When Li Xitong woke up and found that she was lying on the side of the road, she got up from the ground and looked around. It was very remote, there was no people at all, and I didn't know what the ghost place was.

She walked slowly, her feet bare, her shoes missing, and the clothes on her body changed, making her look better and less embarrassed.

She touched her pocket, and there was only a packet of white powder in her pocket, except for one coin. She hugged herself with both hands, feeling the sharp pain from her right hand, her eyes cold.

Finally, seeing a car, Li Xitong crossed his heart and stood in the middle of the road. The car braked urgently. After a while, a man came out of the car angrily, "You are looking for death, just give me a point of death if you want to die. Don't pull me."

The expression on Li Xitong's face changed, and the driver became pitiful immediately after seeing the driver, "This elder brother, I didn't mean it. I'm lost. Can you please take me for a while? Just put me in a place where it's easy to get a taxi ,please."

In the middle of the night, a single beauty said this, the anger in the driver's heart was instantly extinguished by half. This is the outskirts of Beijing. At least an hour's drive from the city. I don't know how long to walk on my legs. The driver glanced at Li Xitong and saw that she looked good, and she was alone, her eyes rolled, "You can take it, but are you rich? It's very far away from the city, if there is no money, I don't Dry."

Li Xitong's face stiffened, and she didn't even have a coin on her body. Where did the money come from, "Brother, I don't have any money on my body now, but if you send me home, I will definitely give it to you immediately. Is five hundred enough?"

The shot is quite generous. The driver seems to be considering the feasibility of this matter. "One thousand, you will send me home. I will ask my family to give you a thousand. This is enough."

"Come on, get in the car."

Li Xitong was overjoyed and opened the back seat, only to find that there was still a man in the back seat. The driver saw Li Xitong standing there impatiently and said impatiently, "If you don't get in the car, we have to hurry home. , I don't have time to spend with you on the road in the middle of the night."

Li Xitong thought for a while and got in the car, no matter what, it was serious to go home first.

The driver glanced at the man in the back seat, not expressing his heart.

"Why are you a girl's family here in the middle of the night?" The driver drove the car, glanced at Li Xitong, and asked.

Li Xitong's expression was stiff, and he seemed embarrassed, "I came out to play with my boyfriend and quarreled along the way, and I got out of the car, only to find that the bag fell on his car." She said casually Excuse.

The driver glanced at her and shook her head. "Your boyfriend is not good. Being a man is an atmosphere. If you can quarrel with your girlfriend, just throw your girlfriend halfway. He is not afraid of your beautiful girl." An accident."

Li Xitong smiled dryly and didn't answer. The driver saw that she didn't speak and stopped talking. The car was quiet. Li Xitong looked at the driver's driving direction and found that it was indeed driving towards the city. Closed his eyes to recuperate.

Li Xitong felt a hand groping on his body and immediately opened his eyes and met a man's face, the man sitting next to her, and the car didn't know when it had stopped by the road, The driver opened the door on the other side and drilled in.

Li Xitong even felt stupid even when she was stupid. She looked at the two men with a pretentious look, "What do you want to do?"

The driver smiled wretchedly, "Sister, brother and I have something to discuss with you. We will send you home and don't need your money. As long as you have fun with your brothers, let's have a good time, how? "

Li Xitong's face changed, holding his clothes with his left hand, trying to negotiate with them, "I can add money to you, if one thousand is not enough, I can give you two thousand."

The man chuckled, "Sister, brothers don't need money, they want people." The man's eyes swept unscrupulously on Li Xitong's body, especially when she paused at her key points. Although the dress on her body was newly changed Yes, but she is similar to her original style, they are all taking the sexy route, and the attractive career line is shaking in front of the two men.

Perceiving the man's gaze, Li Xitong's hand holding his clothes was tightened, "Five thousand, as long as you take me home."

The driver and the man glanced at each other with some intention. When the man's eyes turned, he suddenly had an idea. After glancing at the driver, the driver instantly understood that they were not the first time to do such a thing.

The driver returned to the driver's seat, thinking that they had accepted their suggestion, Li Xitong gave a light breath, but just waited for her heart to completely fall on the ground, and heard the sound of the door locked, the man hugged Li Xitong, "Good sister, play with your brothers."

"You go away." Li Xitong struggled, but her right hand couldn't move. Just a left hand was a man's opponent. The driver climbed from the driver's seat, and three adults in the narrow back seat instantly became crowded.

Li Xitong was pressed down by the man, and the clothes on the upper body were gone. "Good sister, as long as you cooperate with us obediently and wait for us to have fun, I will send you home." The man coaxed Li Xitong.

Li Xitong was still struggling violently. When the driver saw it, he took off his belt and tied Li Xitong's hands above his head.

"You are rape, I will sue you, I want to call the police." Li Xitong shouted at the two, unable to earn his hands.

The driver laughed, "How can you say compulsion about what you want?"

"That's it, just playing together." The man excuses, thinking of Li Xitong's struggling cry in the carriage, and the sound of clothes breaking.

When everything quieted down, Li Xitong was lying in the back seat and could not move at all. His clothes were thrown aside without expression.

The two men sat at the front with satisfaction, and the driver glanced at Li Xitong, "Sister, don't say that your brothers bullied you, you were just cool." He also took out a mobile phone, and there was an ambiguous voice from the phone immediately. Moaning.

Li Xitong knew that it was his voice even if he didn't have to watch it.

She sat up without saying a word, not even looking at the two of them, and forced herself to put on her clothes with the pain, "Can you send me back now?"

The two men glanced at each other. The woman was really interesting. The driver couldn't help but feel it again, but after thinking about it, it was a little conscience, and he started the car without any further action.

About ten minutes away from the city, the driver put Li Xitong down and walked away. Li Xitong barefooted and looked at the empty street at night, and finally couldn't help but shouted, "Ah! Shen Qinglan, I don't Will let you go."

Li Xitong walked home all the way. It was already dawn when he got home. Tian Cuifang had already got up. When he saw Li Xitong, he was very surprised. "Xi Tong, how did you come back?"

Li Yong just came out of the room and saw Li Xitong's embarrassed appearance, "Are you going to be kicked out by Lin Hao? Li Xitong, it's not that I said you, you're too useless, even a man can't see live."

Li Xitong ignored Li Yong's cold words and went straight into her room. She and Lin Hao rarely returned to the house, so her original room was occupied by Li Yong and Xiao Li, and she moved into Li Yong The original small room.

Opening the closet and looking at the mess of clothes turned over, Li Xitong didn't even wrinkle his brows, took a piece of clothing directly, entered the bathroom, and went out after the shower. She went to the hospital first.

The doctor examined her right hand and took another film. The final conclusion was that the comminuted fracture had no hope of recovery. As expected, her right hand was abandoned.

She went to the Public Security Bureau with a doctor's order, and she wanted to report the case.

"What are you saying? Do you want to call the police?" The police looked at Li Xitong suspiciously.

Li Xitong's expression was blank, "Yes, I was kidnapped, imprisoned, and my body and mind were severely injured. I want to call the police." She didn't say anything about the strong woman, she was bitten by the dog last night .

The police glanced at Li Xitong's right hand bandaged and the hospital's medical certificate, "Who has

kidnapped you?"

"Shen Qinglan." Li Xitong spit out a name, "Shen's money is Shen Qinglan."

The expression on the policeman's face was faint, put down the diagnosis in his hand, looked at Li Xitong, and said seriously, "Miss Li, this kind of joke can't be messed up, our work is very busy on weekdays, you are wasting police power Resources."

Li Xitong knew the result. "I'm not kidding. I was kidnapped and imprisoned for more than a week." She said the time and place of the kidnapping. "You can check the surveillance. There should be surveillance on that road. , You will know that I have not lied."

"We will seriously investigate this matter, but after all, the investigation and forensics are not so fast. Miss Li will go back first, and we will notify you when the investigation result comes out."

Li Xitong had no objection and left the police station after registering.

In keeping with the principle of public affairs, although the police did not believe what Li Xitong said, they still filed a case for her, and then sent someone to the place where she said to investigate and monitor.

The results came that day, but just looking at the investigation results, the police who participated in the investigation were speechless. "Would this person have persecuted delusions?" said one policeman.

Another policeman smiled and said, "Who knows, she was not kicked out by the Shen family. The things on the Internet were so big before. It is estimated that she did something to get rid of the Shen family. Now her hand is injured again. It's estimated that I won't be able to play the piano in the future.

"Forget it, these tyrants and grievances of these people are not something that we small people can manage, but it is a pity that General Shen Lao has brought up such a granddaughter throughout his life."

"She's not a pro, it's adopted. General Shen's granddaughter is Shen Qinglan." A police officer interjected, then lowered his voice and said mysteriously, "You don't know, the huge child kidnapped before The case was first discovered by Shen Qinglan. If it was not for her that she immediately followed the trafficker to find the first stronghold and arrested a group of suspects. This case has not been resolved so quickly."

The other policemen suddenly became interested, and all looked at him curiously. "What the hell is going on, let me talk about it."

The young policeman was proud, but this was internal information. If he had a relative who was a senior member of the police station, he personally participated in the arrest. I am afraid he did not know. Miss Shen said that it is the citizen's responsibility to help the police solve the case. Do your best not to mention her name. Look at how high this consciousness is. This is General Shen's granddaughter.

"Then I will tell you well, but you can't talk about this matter." The young policeman sold the pass.

"Xing Xing Xing, we promise not to speak out, but you will say so quickly." Others urged.

"This is what happened, that day..."

**

When Li Xitong came home, when he saw that the Li family was sitting in the living room and saw her, all of them looked very ugly. Li Xitong looked at them and walked towards the room.

"Stop." Li said, "What have you done these days?"

"It's your business." Li Xitong sneered and didn't plan to take Li's head at all.

Li slaps his head on the table with a snap, and scares Xiaoli. She pats her chest. "Dad, speak when you talk, and your grandson is terrified at any table."

Li Datou just wanted to be angry. Hearing the word "Sun Tzu", he sighed and waved his hand. "There's nothing about you here, go ahead."

Cut, Xiaoli rolled her eyes. She didn't want to take care of Li's affairs. The family named Li is a liar. The house has not been given to her until now. For your information, she has long left this house.

Seeing that her daughter-in-law was not happy, Li Yong quickly followed up to coax her daughter-in-law. In the living room, there are only three people left, Li Xitong and the Li family.

Big head Li stared at Li Xitong, "You tell me, what the hell are you doing, why the Shen family wants to sue you."

When Li Xitong's casual face suddenly stiffened when he heard this, he looked at Big Li, "What did you just say?"

"The Shen family wants to sue you and sue you for intentional injury. The lawyer's letters are all sent home." Li Datou threw an envelope-like thing at Li Xitong's feet. Li Xitong picked it up and looked at it, and couldn't help laughing. Shen family, a good Shen family, even dared to rake.

"Xidong, go talk to the people of the Shen family and tell them not to sue." Tian Cuifang said that the house they live in is still the Shen family. If the people of the Shen family want to sue Li Xitong, their house can still be them. Is it?

"You go to Shen's house now, kneel down and apologize to me until they ask for their forgiveness," Li Datou said. They finally had such a life, how could they easily lose it. All of his relatives and friends

boasted. He now lives in a big house. His daughter is still a big pianist. Relatives also said that he would come to Beijing to find him recently. If he is thrown out now, where does his face go?

Li Xitong sneered, "They hurt me, I haven't sue them yet, but they will rake, if they want to sue, let them sue, do they think they will come here?"

After seeing it, she didn't look at the ugly faces of the Li family and husband. She entered the room and lay on the bed. She stared at her right hand, and finally couldn't help crying.

But after a while, she started to feel chilly, and her left hand shivered unconsciously. She got up from the bed, took out the white powder from Jin Enxi, poured out some of it, and began to smoke.

She took a deep breath, and the whole person was relaxed. Her eyes were blurred, looking at the air in front of her, "Heng Yi..." called softly.

"Heng Yi, I know you love me. If it is not Shen Qinglan, you will marry me, right? If Shen Qinglan died, would you marry me?"

The next day, when Li Xitong received a call from the police station and came to the police station, he looked at the results of the police investigation with incredible disbelief, "This is impossible, this is not true, did you take advantage of Shen Qinglan, That's why she gave her false testimony."

The police who were talking to her in a good voice and angrily heard this, and could not help but black face, "Miss Li, please speak carefully, we are investigating according to the information you provided, you said you are ten He was kidnapped at about 9 o'clock in the evening on the second, but we checked the nearby surveillance area. It was already 12 o'clock when you walked out of the bar. How do you explain this?"

"It's impossible. I was kidnapped at twelve o'clock. How could it still be in the bar? It must have been fabricated by you." Li Xitong didn't believe it.

The police directly took out the surveillance video of the night and played it directly to Li Xitong. Li Xitong looked at the surveillance above. At 12 o'clock that night, a woman dressed exactly like her walked out of the bar.

"This is not me, this must be someone posing." Li Xitong said loudly.

"We have already asked the staff of the bar, they said that you did leave at that time that night. Miss Li, we can not pursue the matter of reporting a false alarm. Now we have another thing that needs your cooperation. , Just now Mr. Shen Junyu has come to report the crime and said you tried to murder Mr. Shen Yuanyi."

Li Xitong absolutely did not expect such a change in things. In a blink of an eye, he changed from a victim to a criminal suspect.

Sitting in the inquiry room, Li Xitong didn't say a word, no matter what the police asked, she just didn't speak.

"Li Xitong, I hope you can cooperate." The police knocked on the table with an impatient tone. She had asked Li Xitong for several hours, but Li Xitong did not cooperate at all. Li Xitong seemed to not hear the police, and her body shivered gently. Then, yawning one by one, tears in the corners of the eyes, the police looked at her in a wrong situation, this way, it looks like...

Standing up and going out, two policemen soon came in and glanced at Li Xitong, "It is indeed a drug addiction."

The police in charge of the inquiry shook his head, but did not expect that the piano rookie Li Xitong turned out to be an addict.

"what should I do now?"

"Contact the detox center immediately."

That night, the news that Li Xitong was arrested because of drug abuse was gone. Less than five minutes later, an anonymous post appeared on the forum, elaborating on Li Xitong's attempt to harm Mr. Shen. The content was only detailed and specific. Seemed on the spot.

As soon as the post came out, it immediately caused an uproar, and there was a lot of scolding on the Internet, and they all accused Li Xitong of being a poisonous woman.

It was only then that Li Xitong had been sent to a detoxification center for compulsory detoxification and did not know anything about the outside world.

"Okay, I know, thank you," Shen Junyu hung up the phone with a cold smile on his lips.

This time he said he would not let go of Li Xitong.

Chu Yunrong had just returned from abroad today and learned that the old man was hospitalized, and he almost died in the hands of Li Xitong, and he fainted on the spot in shock.

Li Xitong was prosecuted by Shen Junyu for homicide, and finally sentenced to 10 years in prison for attempted homicide.

"I drove Li's family out of Beijing and sold the house to me." After solving Li Xitong, Shen Junyu made a phone call, and now he saw the family with the surname Li feeling sick.

"I beg you not to drive us away, it is Li Xitong who did the wrong thing, not us, it has nothing to do with us." Tian Cuifang was reluctant to leave this house, begging for someone.

However, what Shen Junyu asked was definitely not a good person. They just used people's money to do things for others. Shen Junyu was generous, and they naturally wanted to do things beautifully.

He dragged Tian Cuifang away, and finally dragged the Li family out, forcing the keys out of them. The group worried that the Li family would go to the Shen family to make trouble, and they sent them to the train station very caringly. , Directly sent them to the fastest train.

"I kindly remind you that if you leave obediently now, Li Xitong's affairs have nothing to do with you. If you dare to make trouble, it's not just Li Xitong who went in." In a word, the Li family was pale and gray. He walked away from the capital.

After the Li family left Beijing, they went to other cities. In order to live, Li Datou and Tian Cuifang had no choice but to continue to work, but they followed Li Xitong in the past few months. They used to live a prosperous life. Where can they eat? Such crying, Li Datou's temper is getting worse and worse, punching and kicking Tian Cuifang from time to time, the home is sullen.

Xiaoli couldn't stand such a day. When the child was six months old, he went to induce labor and then fled with all the money from the Li family.

Of course, these are words.

**

At a manor abroad, Allen listened to the promised report and smiled, "It is worthy of the most proud apprentice I have taught. This hand is beautiful. Xiaoqi, fortunately, you have not been polished by the boring life, otherwise I'm afraid I can't help but want to punish you."

Allen said to himself, promised to stand in silence, but his low eyes were full of loss, and his master's eyes had never stayed on her.

"Why are you still here?" Allen recovered, seeing the promise with a cold tone.

"I'm going out immediately." Promise whispered, and turned to leave.

"Wait." Allen stopped her. "You warn the woman, don't act rashly, and don't try to hurt Shen Qinglan, otherwise I will let her know the consequences of angering me."

The promise was made, he withdrew from Allen's room and happened to meet Peter who was treating Allen. Peter glanced at the promise and withdrew his gaze.

"Alan, how are you feeling today..." Promise listened to the conversation in the room and turned downstairs.

She has never left here since the last failure. Apart from paying attention to Shen Qinglan's news and reporting the news to Allen in time, she has nothing else to do. She didn't know what Alan's plan was, but she just watched him endure great pain every day and stood up as soon as possible. She promised to admit that her heart was tingling. For Shen Qinglan, who took away all of Alan's attention Increasing hatred.

Push Youwen "Agent Rebirth: Army Young Drowning His Wife" / Bing Ning Weiwei

In a word: He picked up an agent and raised it as a child. He was reared and carelessly accidentally kicked back.

Short introduction: She, the top agent in the world, is code-named: Snow Leopard, Snow White, Leopard's Claw. The animal nature is hidden in the gentleness, which is best for her.

She, a frail, lifeless urban girl, was once reported to have depression.

Once reborn, the same name, the same face, has been replaced inside.

229 Chapter 229 Sea of Flowers

Wencheng of Haicheng.

As soon as Wen Sihan returned to the office, he saw the man waiting inside. His eyes flashed lightly and he smiled and said, "Du Nan, why are you here?"

Du Nan saw Wen Sihan and stood up, "Brother, I'm here for you."

Wen Sihan raised his eyebrows, looking for him? My heart was instantly clear, I am afraid it was for Xi Yao.

"Go out for a drink?"

Du Nan nodded, "Okay."

The two did not go to drink, but went to a nearby coffee shop. In the afternoon, Wen Sihan also had a very important meeting, which must be absolutely sober.

Du Nan looked at the coffee in front of him and kept silent. Wen Sihan didn't speak.

In the end, Du Nan couldn't keep it up and said first, "Brother, aunt told my mother yesterday that Xi Yao already has a boyfriend. Is this true?"

Wen Sihan knew this was the case. Mother Du came to the Wen family as a guest yesterday, and once again mentioned the marriage of Wen Xiyao and Du Nan with his mother. There are many words in his words that he wanted to get engaged to them as soon as possible. Wen mother took advantage of this opportunity Just tell Wen Xiyao that he has a boyfriend.

Probably because the process of the conversation was not pleasant, Du Mu finally left with a black face.

"Yes."

Du Nan's eyes dimmed instantly, "Is it Shen Junyu?"

Wen Sihan was not surprised that Du Nan knew Shen Junyu's name and nodded, "It's indeed him, and I didn't expect Xi Yao to like Shen Junyu. Du Nan, I know your thoughts on Xi Yao, how many years have you been with Xi Yao We do everything in your eyes, but you should also understand that after so many years, Xi Yao has not fallen in love with you, it is impossible between you."

Du Nan suddenly looked up and looked at Wen Sihan, "Brother, what is impossible? For so many years, Xi Yao didn't like me, but she didn't like others either? Now, Shen Junyu, who knows if they are acting or really? I don't believe that Xi Yao will like others in such a short time. Does she know this man?"

After returning from the capital, Du Nan deliberately learned about Shen Junyu. A person who can make the company's scale so large in four or five years without relying on his family relationship is naturally needless to say.

But such a man must also be a ruthless character. If Xi Yao marries such a man, will he really treat her?

"Du Nan, it doesn't matter if you like to know someone. I believe you really love Xi Yao and I hope she can be happy. Now that the person who made her happy appears, I hope that even if you can't bless you, Don't destroy it."

Wen Sihan said in a deep voice, he knew Du Nan's temperament, in other things, this person is a humble gentleman, but once encountering Xi Yao, this person is extremely paranoid.

Such a temperament is a blessing and a curse for Xi Yao. If Xi Yao and Du Nan are together, then this life must be cared for by Du Nan, but once Xi Yao loves others, then Du Nan's existence is one. Time bomb.

Wen Sihan thought like this, he couldn't help but have some headaches, he shouldn't let Du Nan stay beside Xi Yao.

"But the person who gave her happiness is not me." Du Nan said with a tone of sorrow. "Brother, I have waited for Xi Yao for so many years. I am willing to stay with her. I will go wherever she goes. As a result, Shen Junyu will do nothing." I took Xi Yao away without doing it. How do you make me reconciled? Will you let it go if you change it to you?"

Naturally not. Wen Sihan thought of it, but he couldn't say it like this, "Du Nan, Shen Junyu is now a man loved by Xi Yao. If you hurt him, it would hurt Xi Yao. Xi Yao will be sad. Do you bear it?"

Du Nan's expression stiffened. He was indeed reluctant to make Wen Xiyao sad, but he really couldn't do it if he let him go.

"Brother, is it really impossible for me and Xi Yao?"

Wen Sihan nodded affirmatively, "Yes." The Shen family had already communicated with them. If it was not the case with the Shen family recently, I am afraid the two have already begun to discuss the engagement.

"Okay. I know." Du Nan stood up and was about to leave.

"Du Nan." Wen Sihan called him, "If you dare to hurt Xi Yao, the Du family and Wen family will never have any friendship to talk about."

Du Nan's eyes darkened, his hands clenched, "I will never hurt Xi Yao."

Looking at Du Nan's back, Wen Sihan frowned, and after thinking about it, he called Wen Xiyao. After hearing Wen Sihan's words, Wen Xiyao just said "know" and hung up.

"What's wrong?" Shen Junyu asked, looking at her frowning.

Wen Xiyao shook his head, "It's okay, it's work. Are you going to the hospital this afternoon?"

"Well, Grandpa has a check in the afternoon."

"I will go with you."

"Isn't there anything else in your company?"

Wen Xiyao smiled slightly, "It's not a big deal, and if they can't handle it, I have to consider whether to replace them."

Shen Junyu did not speak with a smile. Although they are male and female friends, they are also partners. They do not interfere in other aspects of the work except for the cooperation projects.

After eating, Shen Junyu and Wen Xiyao went to the hospital together.

**

Country F.

Yu Xiaoxuan was surprised when he saw Han Yi here.

"Why are you here?" Yu Xiaoxuan asked curiously.

Han Yitao's eyes slightly picked up, confusing arcs, "Travel, listen to the younger sister-in-law said you are here, so come and have a look." He made an excuse casually, business travel is false, flying to see Yu Xiaoxuan is true. Yes, for more than half a month, Yu Xiaoxuan has been filming in Country F. From time to time, he posted some pictures of playing around in the circle of friends. Han Yi couldn't help being angry every time she saw her lookless and heartless. Yesterday I saw her photo of having dinner with Andre at night, and finally couldn't help but flew over.

"Oh." Yu Xiaoxuan responded, not knowing what to say.

Han Yi gritted his teeth secretly. Every time this dead girl didn't say anything to others, but to him, she didn't have a word.

"It's about noon, don't you mind having a lunch together?" Han Yi glanced at the watch and said, "I know there is a F country restaurant near here, it tastes very good, I need to make an appointment two or three days in advance, I have made an appointment before, if you don't go, it's not necessarily if you have the opportunity to eat in the future."

Upon hearing this, Yu Xiaoxuan's hesitant complexion instantly became firm, "Okay, I just finished filming the scene during the day." For food, she will never refuse to learn.

Han Yi greeted Linda in the past. Linda glanced at the anticipating Yu Xiaoxuan and nodded. "You must rush back before five in the afternoon and can't delay the shooting at night."

"But here seems to be a private manor, can you let me in casually?" Yu Xiaoxuan asked.

Han Yi smiled slightly, and said casually, "I know the owner here, you can do it at any time if you want to come."

Han Yi took Yu Xiaoxuan to walk in the sea of flowers. From time to time, Yu Xiaoxuan bowed his head to sniff the flowers around him, took out his mobile phone and took a photo with them.

"Han Yi, do you know how big this sea of flowers is?" Yu Xiaoxuan picked a rose and played it in his palm.

"About 100 acres." Han Yi reported a number. This is actually a private manor he bought. When a perfume factory closed down and he wanted to sell the manor, he bought it just because he was very interested in the perfume. But later, because he had to return to China to accept the Han Group, he eventually failed to start the perfume industry.

There are many varieties of flowers in the garden, and there are many in number. In order not to waste resources, Han Yi sold them to the local perfume manufacturer. There are still many women in the flower field picking flowers.

Along the way, someone had been saying hello to Han Yi. Yu Xiaoxuan was even dull. Now that he was aware of something wrong, he looked at him suspiciously, "Han Yi, will this manor be yours?"

"It's mine." Han Yi said affirmatively, in exchange for Yu Xiaoxuan's eyes.

"All evil capitalists." Yu Xiaoxuan whispered.

230 Chapter 230 Accidental Death (One More)

It was almost time to get out of the manor. Han Yi will send Xiao Xuan back to the studio directly. When Xiao Xuan began to film, Han Yi did not leave but found a place to sit down.

Yu Xiaoxuan's scene is a play, and she is acting with an actor. One of the scenes is that Yu Xiaoxuan bends his feet and puts on the actor's lower body.

Although it was just a performance, but looking at Yu Xiaoxuan's expression, Han Yi felt the one between his legs, and he secretly decided that he must be careful of the girl's legs in the future.

"Han Yi, help me check the line." Just after finishing the scene, Yu Xiaoxuan ran over, still holding the script in his hand.

Han Yi looked back, "OK."

Directly facing the line, suddenly heard someone exclaiming caution in his ear, Han Yi looked up and saw that the several boxes piled up for props fell down in their direction.

Han Yi only had time to hold Xiao Xuan in his arms, and then was pressed to the ground by the box. Yu Xiaoxuan hid in Han Yi's arms and heard a mumble clearly.

The scene was in a hurry. When the staff moved the box away, Han Yi was sweating with pain. Yu Xiaoxuan hadn't recovered from the shock. When he saw Han Yi, he panicked. "Han Yi, are you okay?"

Han Yi didn't answer him. His painful body was deflated now, and Yu Xiaoxuan was crying. "Han Yi, what's wrong with you, you're saying something."

Han Yi opened his eyes and glanced at the tearful Yu Xiaoxuan. He wanted to give Yu Xiaoxuan a smile, but he couldn't laugh, and he twitched his lips. "I'm fine, don't cry."

Yu Xiaoxuan didn't want to cry, but a warm blood slowly dropped from Han Yi's hair, dripping on her face, Yu Xiaoxuan reached out and wiped it, looking at the scarlet wound, the tears were like that There is no sign yet.

"Han Yi, don't die."

The medical staff arrived soon, Yu Xiaoxuan followed the ambulance, Han Yi had good luck, the box hit his back, but because it was a prop box, the inside was empty, so the internal organs were not injured at all, he The head was hit by a box in the head, and a hole was broken. The result of the examination was a slight concussion.

When Han Yi woke up, Yu Xiaoxuan was lying on Han Yi's bedside, holding his hand, his eyes swollen like a walnut.

Han Yi smiled helplessly and wanted to draw back her hand, but she was afraid to wake her up, so she didn't move and looked quietly at Yu Xiaoxuan's profile. Han Yi's eyes were full of tenderness.

"Han Yi, you are awake." Yu Xiaoxuan opened his eyes and met Han Yi's gaze, said in surprise.

Han Yi nodded, but felt dizzy for a while and couldn't help closing his eyes. Yu Xiaoxuan panicked, "Han

Yi, what's wrong with you, where is it uncomfortable?"

Han Yi closed his eyes and waited for the dizziness to pass before opening his eyes. "I'm fine, don't worry."

"Who's worried about you." Yu Xiaoxuan said hard.

Han Yi smiled, "You don't worry, your eyes are swollen like walnuts."

"My eyes were swollen because I didn't sleep well. How do you say you were admitted to the hospital to save me? I can't ignore you." Yu Xiaoxuan explained.

Han Yi woke up and the doctor came to check it and found that there was no rough idea. After a few days, he could be discharged from the hospital. Yu Xiaoxuan wanted to buy Han Yi a bowl of porridge, but here is country F, there is no porridge nearby to buy. Congee Yu Xiaoxuan deliberately took a taxi to Chinatown.

It is equal to one hour after Xiao Xuan came back, "Where did you go, didn't you say you bought food?"

When Han Yi saw Yu Xiaoxuan, he couldn't help but ask, this is a foreign country, Yu Xiaoxuan is not familiar with his life here, what if he loses it?

There was a thin layer of sweat on Yu Xiaoxuan's forehead, and he raised the porridge in his hand. "It's not to buy you something to eat."

Han Yi had already asked about the familiar porridge incense and closed his mouth, but his eyes were soft and warm.

"I have no energy right now, you feed me." Han Yi looked at the porridge in front of him and didn't move.

Yu Xiaoxuan glanced at Han Yi's intact arm, "You hurt your head but not your hand."

Han Yi didn't care, watching Yu Xiaoxuan didn't move, Yu Xiaoxuan looked at the bandage wrapped around Han Yi's head, and finally sat down beside Han Yi's bed, and began to feed, "Now, eat."

Han Yi took a sip of porridge, "It tastes good."

"That's of course, but I bought it after running several stores." Yu Xiaoxuan was proud.

Han Yi ate the bowl of porridge clean, Yu Xiaoxuan did not leave, sitting and looking at the mobile phone, the phone is today Han Yi took her to the manor to take pictures, many of them are by herself, One of them is a photo of Han Yi with her.

Han Yi hugged her shoulders, she leaned in Han Yi's arms, smiled sweetly at the camera, Yu Xiaoxuan's eyes suddenly flashed the scene of Han Yi holding her in her arms, blocking the box for her .

"Han Yi, why did you save me then?" Yu Xiaoxuan suddenly looked at Han Yi and asked seriously.

Han Yi smiled slightly, a prickly light flashed in Peach Blossom's eyes, and laughed at himself like, "I don't feel hurt to see you hurt, but I hurt myself, at least my heart is still intact."

Yu Xiaoxuan suddenly couldn't speak, looking at Han Yi's self-deprecating smile, somehow his heart suddenly jumped, "Han Yi, do you like me?" The words blurted out, but the voice just fell. Yu Xiaoxuan realized what he had said, and his face suddenly turned red.

"I was just talking nonsense, don't take it seriously." Yu Xiaoxuan stood up hurriedly and wanted to run away.

Han Yi got up from the hospital bed, took her hand and let her go, "Yu Xiaoxuan, I like you, even I don't know when I fell in love with you Happy, I will be sad when I see you, I will be angry when I see you talking and laughing with other men, Yu Xiaoxuan, I just like you, do you like me?"

Yu Xiaoxuan, do you like me?

Yu Xiaoxuan's ear only echoed this sentence. She turned her back to Han Yi. Han Yi couldn't see her expression clearly. Han Yi would come over from Xiao Xuan's body and Yu Xiaoxuan lowered her head.

"Yu Xiaoxuan, you look up at me." Han Yi coaxed softly.

Yu Xiaoxuan didn't look up, her face was panic burning, even the tip of her ears were red. She never thought Han Yi would say that she liked her.

Nothing happened when Xiaoyu Xuan was seen. Han Yi's heart cooled down little by little, and gradually became cooler. He grabbed Yu Xiaoxuan's hand and loosened it, and finally fell down. What I said just now is a joke."

Yu Xiaoxuan kept his head down, heard the words, turned around and left, Han Yi's eyes were cold, and he was self-conscious.

"Han Yi, I don't know if I like you now. You give me a moment to think about it." When I walked to the door of the ward, Yu Xiaoxuan suddenly said something. He heard Han Yi's ear, but it seemed like Teana, he looked in the direction of the door of the ward and saw only the corner of Yu Xiaoxuan's clothes.

Han Yi's mouth raised high, smiling like a child.

In the next few days, Yu Xiaoxuan did not appear in the ward until Han Yi was discharged from the

hospital. Han Yi couldn't help but guess whether the girl thought she didn't like herself, so she fled?

Thinking of this, Han Yi became more anxious, and was discharged from the hospital one day in advance, but rushed to the studio directly, but did not see Yu Xiaoxuan. After a question, she realized that something happened to Yu Xiaoxuan's house two days ago. Too.

Han Yi called Yu Xiaoxuan, but the phone kept shutting down and called Shen Qinglan again, "Sister-in-law, do you know where Xiaoxuan is?"

Shen Qinglan over there didn't know what to say, Han Yi's face changed instantly, hung up the phone, drove directly to the airport, bought the latest flight and returned to China.

When Han Yi hurried to Yu's house, it was Shen Qinglan who opened the door, "Sister-in-law, Xiaoxuan?"

Shen Qinglan pointed to Yu Xiaoxuan's room, Han Yi walked over, knocked on the door, "Yu Xiaoxuan, it's me, I'm Han Yi, you open the door."

There was no movement in it.

"She shut herself in when she returned from the hospital yesterday." Shen Qinglan stood behind him, looking at Yu Xiaoxuan's closed door, looking sad.

Han Yi only felt that his throat was very dry. "How come Yu Xiaoxuan's parents suddenly..." He just received news that Yu Xiaoxuan's parents died two days ago and died in a traffic accident. Yu Xiao Xuan didn't even see the last side of his parents.

"Unexpected car accident, truck driver drunk driving."

Two days ago, Yu Xiaoxuan's father, Yu Wei, took his wife to the airport and wanted to go to country F to see her daughter. As a result, the car drove halfway. When passing a traffic light, a large truck suddenly drove head-on, straight Hitting Yu Wei's car, the car was crushed by the big truck, and Yu Wei and his wife died on the spot.

It was later learned that the driver of the big truck was a drunk driver.

Han Yi always knew that Yu Xiaoxuan had a very happy family. Her parents and husband loved her very much, and she was very affectionate to this only daughter. The sudden death of her parents was an unbearable blow to Xiao Xuan.

Shen Qinglan handed a key to Han Yi, "You go in to see her."

Han Yi took the key, opened the door and went in.

Room ceremony, Yu Xiaoxuan sat on the ground, expressionless, holding his parents' pictures in his arms.

"Xiao Xuan." Han Yi squatted down and yelled softly that Yu Xiaoxuan did not react. Han Yi sat down beside him and leaned his back against the wall.

"Xiao Xuan, I understand your mood. I have also lost my favorite person. You probably don't know. My mother left when I was twenty, and my father's Xiaosan lived to death. .

I was studying abroad at the time, and when I came back from abroad, I didn't even see my mother's last face. I asked my father that my mother's junior was angry with me less than three months after my mother died. Registered for marriage, and took the woman into the room. My grandfather drove my father out of the company to appease my grandfathers and gave me the company directly before his death. My father wanted to get the company. The shareholders and senior executives in the joint company wanted to get me out of the company. Twenty-five."

Han Yi whispered his story, he did not know how much Yu Xiaoxuan could listen to.

"Actually, my parents' relationship was very good at first, but after I was born, I was born with congenital deficiencies and my body was very poor. In order to take care of me, my mother transferred most of her energy to me, neglecting my father, even me My father didn't know that I was cheating. I lived in an unfortunate family since I was a child, and you are more fortunate than me. At least your parents have a good relationship and love you, and I, those who love me are gone, only The next tiger stares at me, ready to kick me out of the company and replace me with my biological father."

Yu Xiaoxuan's eyes moved.

"When I was twenty-five years old, because my father united company executives wanted to remove me, I directly expelled many people who didn't agree with me. That time, Han's group was so badly injured that I could hardly sustain it. I often did not sleep for several nights in a row, just to find a good way to save the company, but my father wanted to use me to get married, he secretly carried me a marriage for me, on the condition that the other company's percentage Ten shares, oh, my father's eyes, my role is to change money, and at that time, my father did not lack money, my grandfather gave me my company, but he left a big one The amount of money is enough for him to spend the rest of his life dashing, but that's how he still feels it's not enough."

Han Yi paused, did not speak again, and remembered this past, even if he had no feelings for that father, but the heart would still hurt painfully.

"Then?" Yu Xiaoxuan said, his voice hoarse.

In Han Yi's eyes, "I then gave my so-called fiancée a good show, let her see me kiss me with other women on the spot, and even got on the entertainment headlines of newspapers and magazines. The marriage of the family was naturally in touch, and my name of the flower came from that time."

"Do you know what happened to my father? I designed his true love to be addicted to gambling, and lost all the property my grandfather left him, so that they could only look at my face and live their lives."

"Yu Xiaoxuan, I am a cold-hearted and ruthless person. Since the death of my grandfather and mother, there is no such kind of affection in my heart. I hate this world and think about ruining it all the time. , Until you appear."

"I don't know when I fell in love with you. At first sight, you and the younger sister-in-law went on a blind date. At that time, I and Hengyi were sitting not far from you. At that time, our attention was on the younger sister-in-law. I didn't pay much attention to your existence. I didn't even remember what you looked like. Then my sister-in-law called me and asked me to reserve a sea-selected entry. I was watching you from that time."

"Seriously, you are not the type I like. You are not beautiful enough. You are not hot enough or even have a bad temper. The whole is a small wild cat with paws, and it is a bit stupid. do not know."

"I pay attention to you from time to time. I don't even know when I lost my heart. When I found out, you already lived here." Han Yi said here, took Yu Xiaoxuan's hand, posted In his chest, Yu Xiaoxuan felt the heart beat.

"Yu Xiaoxuan, I don't have any loved ones in this world anymore, so do you want to be my loved ones? I know my past is not clean enough. If I knew I would fall in love with you someday, then I would definitely You are like a jade, I cannot change in the past, I will only have you as a woman in the future, I will not let the tragedy of my mother be staged on you, redeem it instead of your parents, cry with you, laugh together, give you all you want Happiness until the last moment of life, so, Yu Xiaoxuan, would you like me to be your loved one and stay with you all your life?"

Han Yi's voice was soft, deep, but serious.

"Are you really going to stay with me for life?" Yu Xiaoxuan said for a long time.

"Yes." Han Yi said definitely.

"Han Yi, my father and mother are gone, I have nothing now." Yu Xiaoxuan cried out. This was her first time in so many days. After returning from the hospital, she had no strength to cry Too.

Han Yi will hold Xiao Xuan in her arms and gently pat her back, "No, you still have you, I will be with you in the future, I will never leave you, I will give you a home, we I will have a child and I will make your life perfect again."

Yu Xiaoxuan grabbed the clothes on Han Yi's chest and howled, Shen Qinglan stood at the door, watching the two people hugging each other to keep warm, and turned away.

Yu Xiaoxuan's parents' funeral was arranged three days later. During these three days, Han Yi has been with Yu Xiaoxuan, staying in step, Yu Xiaoxuan still rarely talks, often sitting alone in the room, but at least eat a little thing.

The funeral was carried out by Shen Qinglan, Fang Tong and Han Yi. There were not many people who came on the day of the funeral. Apart from Shen Qinglan, they were relatives of Yu's family. Han Yi accompanied him throughout Xiao Xuan's side, even his son-in-law To drop off customers.

After the funeral was over, it was already evening. Han Yi just wanted to send a group of relatives at home to the hotel. When he came back, he saw a few familiar people sitting in Yu's living room. Han Yi remembered that he seemed to have appeared at the funeral today. People.

A woman in her forties was sitting next to Yu Xiaoxuan, with a sad look on her face, "Xiao Xuan, we didn't expect such a thing to happen. You are the only bloodline of your elder brother and sister-in-law, but you must take good care of yourself. "

There was no expression on Yu Xiaoxuan's face, and her emotions had been in the doldrums for a few days. Her relatives passed away suddenly. Yu Xiaoxuan was able to cheer up and attend their funeral.

The woman is Yu Xiaoxuan's second aunt. When Yu Xiaoxuan didn't respond, she looked at each other with Yu Xiaoxuan's second uncle. "Xiao Xuan, I know that the death of your elder brother and sister-in-law has hit you hard, but you are still young , The future is still a long way, even if you don't do it for yourself, you need to cheer up for your parents."

Yu Xiaoxuan finally lifted his eyes and looked at the woman. "Thanks for the second trial's concern, I'm fine."

The second uncle gave his aunt a look, and the second aunt said, "Xiao Xuan, you will be my second uncle's child in the future, we will treat you as your own child, and then you will move to live with us. All are ready for you, just next to your cousin, you two sisters can be a companion."

After hearing this, Yu Xiaoxuan didn't even have any fluctuations in his eyes, just watched the second aunt didn't speak, and the second uncle glared at his wife. "Xiao Xuan, your second aunt is right. Your second aunt's child. Come home with us tomorrow, and you and your dad's company's second uncle will take care of you in the future. When you find your mother-in-law, the company will be your dowry."

Yu Xiaoxuan finally responded, and she looked up at her second uncle, "Second Uncle, my dad just died, you can't wait to want his company, is this your appearance too ugly?"

Uncle Er's face turned green, "What do I want your dad's company, I take care of you, you are now a big star, where do you have time to take care of the company, this company is your dad's effort, can not just watch it ruin Okay."

The second aunt nodded deeply, "Xiao Xuan, you misunderstood. We didn't want your company. This

company was left to you by your dad. We won't want it. Your second uncle also said just now. You manage for a few years, and after a few years you find your dowry. This is your dowry. Our woman gets married. If you don't have a dowry, you will be bullied when you get to your dowry. You are the only bloodline of your elder brother and sister-in-law. How to have the heart to let you be bullied by others."

"Oh, help manage?" Yu Xiaoxuan sneered, looking at his second uncle and second aunt coldly, "Can I still get it back after handing over the company to you?"

What is the virtue of his second uncle and second aunt Yu Xiaoxuan? However, when his father was still alive, he always remembered their company, and from time to time he came to the house to let his second uncle enter the company to help, if it wasn't for her mother's insistence, I'm afraid the second uncle would have entered the company long ago.

Because of this, the second uncle's family hated her mother, thinking that if it was not for her mother to block, they would have gotten the company.

"Xiao Xuan, what are you talking about? We are your second uncle and second aunt, and are your only relatives in this world. Isn't that what you said in the heart of Uncle Han?" shape.

Aunt Er's face was also very ugly, as if she was hurt by Yu Xiaoxuan.

"Who said that Xiao Xuan has no relatives in this world, am I not a person?" Han Yihan's cold voice came from the door. Looking at the second uncle and second aunt, he saw the young man he saw at the funeral today.

Today, Han Yi has always been with Xiao Xuan, and the two of them knew each other.

"Who are you?" Second Uncle looked at Han Yi and asked,

Han Yi sat down next to Xiao Xuan, "I am Yu Xiaoxuan's boyfriend, and will be Yu Xiaoxuan's husband in the future, her family and me."

"Xiao Xuan has no boyfriend at all, young man, be honest." The second uncle pushed the eyes on his face and said seriously.

Han Yi, a person like Uncle, saw more and smiled, but he didn't have a smile on his eyes, "Second Uncle, Xiao Xuan is now in a career ascent, so no romance has been announced. I am Xiao Xuan's male friend, Xiao Xuan's parents also know about it. You don't know, you can only show that you have a bad relationship with Xiao Xuan's family."

The uncle's face was blue, but he didn't wait for him to speak, and Han Yi continued, "You just said that you want to take Xiao Xuan to live at home. I don't think it's necessary. I'm Xiao Xuan's boyfriend. I will take care of her in the future. If Xiao Xuan does not have time to manage the company, we will find professional managers to manage. They are professional and better than those of you laymen."

These words are not polite at all. The faces of Uncles and Aunts are ugly, but they can't say anything to Han Yihan's cold eyes. They can only look at Yu Xiaoxuan, "Xiaoxuan, look at you What man are you looking for? Are you talking about human beings? I'm afraid that your second uncle is kind enough. As a result, he said, what kind of person are we? If we pass it on, will we still be human?"

"Since the second uncle and second aunt are not that kind of people, it is natural that they will not miss our company when my dad died. Since that is the case, the second uncle and second aunt will go back and the company's affairs will not be troublesome. You bothered, I will find a professional manager to take care of it, will not let my hard work go."

Aunt Er's face stiffened, and she smiled dryly, "Xiao Xuan, professional managers are outsiders after all. They have a lot of attention to where the company comes from. Your second uncle has nothing to do on weekdays to help you manage. The company doesn't need your money, so you can save money and rest assured."

Yu Xiaoxuan raised his eyes and looked straight at Auntie, "Speaking of it, do Uncle and Auntie still want my company? I might as well tell you directly, even if I sell the company, I'm not going to hand over the company to you either, you will die this heart. By the way, forget to tell you, my dad made the will two years earlier, after they died, all the property is mine, you are There is no chance of winning if I want to fight me."

The second uncle directly blacked his face and looked at Yu Xiaoxuan's angry face. "Yu Xiaoxuan, I'm your second uncle anyway. How did you talk to your elders?"

Yu Xiaoxuan did not want to be weak, "You also know that you are an elder, do you remember that my dad is your relative brother? My dad just passed away, so you can't wait to take my dad's company away, don't forget By the way, this company was founded by my dad. You didn't pay a penny, and now you want to eat ready-made. Did you treat me like a fool?"

"Well, Yu Xiaoxuan, since you are so shameless, we'll just wait and see." The second uncle swept away, and the second aunt stared hard at Han Yi. Hurry up and catch up.

Yu Xiaoxuan's whole body of energy withdrew instantly, slumped on the sofa, his eyes empty.

Han Yi looked at her worriedly, "Xiao Xuan, how are you?"

Yu Xiaoxuan's focus was on Han Yi's face, and he gently opened, "Han Yi, you hug me. I'm cold."

Han Yi's heart twitched fiercely, and Xiao Xuan held her arms tightly, feeling her trembling gently, "Yu Xiaoxuan, don't be afraid, you were brave just now, and you will be so brave and strong in the future , It doesn't matter if you're not brave, you still have me, you don't have nothing, you remember, no matter what you lose in the end, you still have me, I will guard your father's efforts."

Yu Xiaoxuan nodded fiercely, buried in Han Yi's arms, did not speak, she was so tired, really tired.

"Han Yi, I only have you now. You must never betray me." Yu Xiaoxuan spoke softly, his voice trembling.

Han Yi chuckled, "Fool, I will never betray you."

During her lifetime, she was the young master of the dark night, and after her death, she became the eldest lady of the Stuart family who was driven out of the house.

A will told her to return to the city of Z. As a result, the teacher died before she died, and the family hanged before entering.

So?that's it?

"Hey, others have memories when they are born again. I don't have Mao for me? Even if they don't have memories, let's get a guide!"

She was poor and indifferent and had no memory strategy, and she returned to Situ's house with a small tow oil bottle that everyone spurned. She knew that she was not enough to describe her current situation.

In one life, two people live, she wants to see who is bigger than her life.
