301 Chapter 301 The Relationship between Qin Yan and Mrs. Jin (23)

"Enxi, check with me this woman Qin Yan, the more detailed the appointment." Shen Qinglan said to Jin Enxi.

Jin Enxi was stunned. "How come I suddenly remembered to check her?"

"I always think this woman is very strange." Shen Qinglan said, think carefully, in fact, all the storms started from the appearance of this woman, but will it be this woman?

Qin Yan, who are you?

"Ann, don't you doubt that Qin Yan is Mrs. Jin?" Jin Enxi said suddenly, his eyes horrified.

Shen Qinglan gave her a light look, "It's not impossible."

At the beginning, Yan Xi was taken away by King's people because of a phone call. If this phone call was made by Qin Yan, then everything was explained.

Will it just be like this? Is it possible that Qin Yan is the one who planned all this?

If Qin Yan is Mrs. Jin... Shen Qinglan's eyes are cold.

Qin Yan returned to her country after seeing Yan Xi.

"Madam, someone is investigating your information." On the phone, the man's voice was hoarse and old.

Qin Yan looked the same, lying on the sofa, lazy, "Who?"

"I don't know for now. They seem to want to know your relationship with Mrs. Jin."

"I know this, I don't want them to find out, you should know how to do it?"

"Yes, Madam."

Hanging up the phone, a smile flashed in Qin Yan's eyes. It was worthy of Alan's personal training. The most satisfied person, this brain is really easy to use, he hasn't done anything yet, this person thought of himself On the head, this game is getting more and more fun.

Shen Qinglan, you must not let me down.

Three days later, Jin Enxi put a piece of information in front of Shen Qinglan, "Ann, Mrs. Jin did appear recently. She appeared in MD just yesterday. At that time, Qin Yan was in Nancheng. Are we guessing wrong? "

When Shen Qinglan heard the words, her eyes changed slightly, and she took a look at the information on the table. There was a picture in it. It was a woman with her back to them, wearing a black coat, and could not see clearly.

"It is said that the person in this picture is Mrs. Jin," said Jin Enxi, but it took her a lot of effort to get this picture.

Shen Qinglan frowned at the woman in the photo, "Aren't you surprised, Enxi? We have investigated this lady Mrs. Jin for so long, and we haven't had any news about Mrs. Jin. Now we are investigating Qin Yan, this lady. Appeared."

That being said, it really is. Jin Enxi's eyes were a little cold, "Ann, do you mean that the woman in this picture is not Mrs. Jin at all, but someone deliberately confuses us?"

"This possibility is not ruled out, but maybe this is just a coincidence."

"I know, I will continue to pay attention to Mrs. Jin and Qin Yan. If Mrs. Jin is really Qin Yan, huh..." Jin Enxi said calmly, but it sounded like he had a bit of a bite.

Beijing, Fang family.

"Do you want to get married?" Fu Fanghua looked at her daughter and Li Boming very strangely.

Fang Tong nodded, "Mom, we are planning to get married."

Fu Fanghua held his forehead, "This news is a little sudden, you let me digest it." After a while, she looked at Li Boming, "Bo Ming, you just said that you are serious?"

Li Boming smiled, "Auntie, why are we joking with you about this kind of thing? Both Tongtong and I are serious."

Fang Tong also echoed, "Mom, haven't you always wanted me and Bo Ming together? Are you not willing now?"

"I'm not reluctant, it's just this news is too sudden, did you tell your father?"

"I called him last night and said that he will come over today to discuss with you and your uncle." Li Boming said.

Fang Chengzhi has not returned yet. Although Fu Fanghua is happy about this matter, but now they really want to get married, she instead hesitated.

Li Boming felt anxious in his heart, but now he still has to give Fanghua time to digest.

"Tongtong, you come in with your mother. My mother wants to ask you something." Fu Fanghua said, and got up and walked into his room.

Fang Tong glanced at Li Boming, gave him a reassuring look, and followed in.

"mom."

"Tongtong, are you pregnant, so..." Fu Fanghua looked at Fang Tong's belly and hesitated.

Wen Yan said, Fang Tong was stunned for a while, and then she couldn't help crying, "Mom. What do you want, nothing?" Although she and Li Boming had been together for a while, they did not cross the last step.

"Then why did you suddenly marry Bo Ming?"

"It's not sudden. I have been with him for three months. We have known each other since childhood and we know each other's tempers very well. I think he is a man who makes me feel at ease. Is it not good?"

Fang Tong said, the most important thing is that she wants to have a home, someone who loves her and loves her, someone who is ill and someone who is cold asks, instead of facing a cold house by herself.

During this period of studying abroad, Fang Tong understood the importance of home to a person. She was never a strong woman. The first thing she wanted was always a warm home, and a place where she could feel at ease to be a child. Woman man.

"If you really like Bo Ming to marry him, then Mom and Dad are naturally happy.

Fu Fanghua said that Li Boming is the young man they have always optimistic about, and they also see the affection of the other party.

"Mom, I knew you wouldn't object." Fang Tong smiled.

"I'll tell him when your dad comes back. Bo Ming said just now that Uncle Li has come?"

"Well, Uncle Li is on the way inside. Calculating the time, it should be coming soon."

Shen Qinglan and Yu Xiaoxuan learned about her marriage from Fang Tong's Weibo, and Yu Xiaoxuan called Fang Tong immediately.

"I just want you to say, your phone will come in. It happens that I am fine in the afternoon, let's get together." Yu Xiaoxuan has no opinion. Today she rests at home and calls Shen Qinglan. The three are in a family. Meet at the cafe.

"Fang Tong, when did this happen, why did you suddenly get married?" As soon as he saw Fang Tong, Yu Xiaoxuan could not wait to ask.

Fang Tong was speechless, "What is suddenly, you don't know when I talked to Li Boming, now it's about time to get married, isn't this a matter of course?"

"I thought you would get married only after talking about three to five years. I didn't expect to get married in only three months."

Fang Tong couldn't help but rolled his eyes. "In three to five years, you think I am you. It doesn't matter how long you have been married and in love."

Shen Qinglan agreed with this, she looked at Fang Tong, "It's okay to think about it. It's not bad to get married early, but you are still studying abroad. I remember that after the study, you also want to be in a branch abroad. For two years, have you discussed with Li Boming?"

"It has been discussed, and I will remain the same after marriage. I study and work abroad. If I have time, I will come back. Otherwise, he will look at me in the past, and the two years will soon pass." Fang Tong said, originally According to what she meant, she directly resigned, but Li Boming said that she had won this opportunity, and she had worked hard for so long that she should not give up easily.

"If not, I can tell my brother to let you come back early." Shen Qinglan said.

Fang Tong waved his hand, "No, I can't always rely on you, but if I can't carry it, I won't be polite with you. If your thighs are so thick, I will still hold you."

"Hey, you are one by one, married, married, and mother, and I am the only one left." Yu Xiaoxuan lay on the table and sighed.

"If you want to get married, it's not a matter of minutes, your family Han Yi has been looking at you with contempt." Fang Tong teased her.

Yu Xiaoxuan's face is now thickened, and in the face of Fang Tong's ridicule, it is the same color, "Let him wait."

Fang Tong and Shen Qinglan glanced at each other. The tone was not right. They listened to how they felt so murderous.

"Han Yi made you angry?" Fang Tong asked her.

Yu Xiaoxuan was surprised, "How do you know?"

"Your grievances are about to overflow, not only I know, you ask Qing Lan, she also sees it."

Yu Xiaoxuan snorted, and said in a casual way, "Women are too clever, not stupid, but cute."

Fang Tong sneered, "You are talking about yourself, what the hell happened, why are you so angry with Han Yi again?"

"What's that again?" Yu Xiaoxuan was dissatisfied. "I don't seem to be reasoning. I really don't blame me this time. It's the fault of Han Yi's bastard. I got drunk in the middle of the night, but I dare Do not return home at night."

"Han Yi didn't come back last night?"

"Well, at the hotel, you definitely didn't read the entertainment headlines today." Yu Xiaoxuan said. Early in the morning, Han Yiye didn't return home, and the news that his relationship with Yu Xiaoxuan broke up appeared. With Han Yi's clothes, Yu Xiaoxuan went on a hot search again after a while.

Fang Tong and Shen Qinglan haven't really watched. Shen Qinglan was not a person who paid attention to these gossip news. With the pregnancy, she now rarely touches electronic products unless necessary.

Fang Tong just came back the day before yesterday, or came back for the marriage, there are so many things, naturally I don't know.

"Drinking socially?" Fang Tong asked.

Yu Xiaoxuan rolled his eyes, "Who knows, he didn't answer so many calls for him last night, he didn't say a word when he came back in the morning, and he didn't even have an explanation, can you say I can't be angry?"

Having experienced the last thing, Yu Xiaoxuan did not doubt what Han Yi did to sorry her. What really made her angry was Han Yi's attitude. No matter what happened, you were with me when you were nothing. Say where do I go?

"Is it something you have done recently that I'm sorry Han Yi, so your family Han Yi is angry and ignores you?" Fang Tong guessed.

Yu Xiaoxuan stared, "What can I do to be sorry for him... Uh..."

Fang Tong paused and looked at her, "Really?"

302 Chapter 302 Han Yi is jealous (24 more)

Yu Xiaoxuan was embarrassed, "I'm not sorry for him. Just a few days ago, wasn't I shooting a new ad with someone? My partner was my male god Ye Xiangyu, really Ye Xiangyu. Then After the filming, I asked Ye Xiangyu to have a meal, and anyone who knew it was photographed by the paparazzi."

Fang Tong immediately understood, "It turned out that your family Han Yi was jealous."

"This man is really stingy. I just ate a meal with my male god. He was angry and ignored me for two days. He dared not to stay at night last night." Yu Xiaoxuan mumbled, "If he didn't do it today Take care of me, don't talk to me, then I will run away from home, let him be angry alone, it is best to be angry with him."

Shen Qinglan was funny, "If you heard Han Yi, he was really mad, Xiao Xuan, in fact, don't blame Han Yi, you think about it, if he eats with a female star, say this person It's his goddess, and he was caught on the news, how do you feel in your heart."

Yu Xiaoxuan gritted his teeth, "He dare." After that, he suddenly understood Shen Qinglan's meaning, his expression stiffened, and he was thoughtful.

Seeing her understand, Shen Qinglan crossed her eyes with a smile. In fact, Yu Xiaoxuan was a little bit nervous about things like emotions. If she didn't, she wouldn't realize where the problem was, and she was suffering Han Yi, I was so sullen for so long that people didn't even know why he was angry.

Fang Tong shook his head helplessly, "Poor Han Yi, even blindly saw our strange woman with a nerve thicker than noodles."

Yu Xiaoxuan rolled his eyes, "Fang Tong, you are the rough nerve."

Knowing the problem, Yu Xiaoxuan finally felt a little guilty about the life that was thrown at home. "That, Qinglan and Fang Tong, I will go back first. Han Yi is at home and I am not at ease. "

"Well, go." Fang Tong said, which means that after Xiao Xuan left, he looked at Shen Qinglan and smiled.

Yu Xiaoxuan hurried home, Han Yi was still sleeping at home, bare naked, lying on the bed, seemed to sleep uncomfortably, frowning tightly.

Yu Xiaoxuan stood by the bed and glanced inwardly, and secretly sighed in his heart that this man looks good and has the advantage, even frowning is so pretty.

She sat by the bed and gently pushed Han Yi, "Han Yi, wake up."

Han Yi did not wake up, Yu Xiaoxuan called again, and increased the volume, but Han Yi still did not wake up. She patted Han Yi's face only to find that the temperature on his face was not right, and put her hand on his forehead , Sure enough, the forehead is hot.

"Han Yi, wake up." Yu Xiaoxuan shook Han Yi's body hard, and Han Yi finally opened his eyes and glanced at Yu Xiaoxuan.

"Xiao Xuan." His voice was hoarse, and even his voice was weak.

"Han Yi, you have a fever. Hurry up and we will go to the hospital."

Han Yi shook his head, "I'm fine, just sleep a bit."

Yu Xiaoxuan secretly blamed her big heart. If you said that if you talked to Han Yi well in the morning, you would find that Han Yi was not right. As a result, you were better, Han Yi was angry, and you really did not talk to others. If it were not Shen Qinglan Remind that she may really be able to ignore Han Yi for several days. If you burn for several days, Han Yi should be stupid.

"Han Yi, you hurry up and let me go to the hospital." Yu Xiaoxuan wanted to pull him up, but Han Yi was too heavy to pull at all.

"Xiao Xuan, I'm really okay. You just let me sleep." Han Yi said in a dumb voice, his throat was like a fire, and he struggled to speak.

Yu Xiaoxuan couldn't move Han Yi, but couldn't watch Han Yi continue to have a fever. He walked out of the room and took a bottle of liquor on Han Yi's wine cabinet to cool him down physically.

Just an hour later, Han Yi's body temperature did not drop at all, and Yu Xiaoxuan was anxious, and quickly called 120.

Han Yi was taken to the hospital. It was already the next morning when he was fully awake. When he opened his eyes, he saw Yu Xiaoxuan lying beside the bed, sleeping soundly and holding his hands tightly. his hand.

Han Yi's eyes were gentle. He remembered yesterday's things faintly. He seemed to be terrified this time by Xiao Xuan. He started, and Yu Xiaoxuan woke up immediately. It was a pleasure to see that Han Yi was already awake. , "Han Yi, you woke up, you really scared me."

"Sorry, you are worried." Han Yi said, after so long a fever, his throat was burnt, and he spoke like a knife.

Yu Xiaoxuan quickly poured a glass of water to Han Yi and helped him up. "Drink some water first."

After drinking a whole glass of water, Han Yi felt more comfortable. "Worried, is it broken?"

Yu Xiaoxuan hummed, "Who is worried about you, aren't you still mad at me, even if I talk to you without reason?"

Han Yixiao, holding Yu Xiaoxuan's hand, Yu Xiaoxuan did not hide, "Well, it's my fault, I shouldn't be angry with you, I shouldn't ignore me, I'm wrong, do you forgive me? "

Yu Xiaoxuan has not been angry for a long time, and now Han Yi is soft with her again, but instead feels guilty, "Han Yi, I am wrong, I am too stupid, even said Ye Xiangyu is my male god, in fact, you are my real God, you are the most important person in my heart, my sky, my land, the most important sunshine in my life."

The sudden confession made Han Yi's heart sweet, but the more it sounded, the more wrong it felt. He narrowed his eyes and looked at Yu Xiaoxuan, "Yu Xiaoxuan, what is the line in this TV series? "

"Youth is an accident." Yu Xiaoxuan said subconsciously.

Haha, sure enough!

Yu Xiaoxuan felt something wrong after he finished speaking, glanced at Han Yi's complexion, and secretly sighed that it was stupid enough. An apology can make people angry.

Lala Han Yi's sleeve, "Han Yi, don't be angry. Although it is a line, but the apology is true. I really know that I was wrong. I will stay away from those so-called male gods in the future. Yes, my male god will be one in the future, that is you."

Han Yi's eyes are full of smiles, but the expression on his face is faint, "What you said is true? Will you not eat with those male stars in the future?"

Yu Xiaoxuan nodded, "Yes."

"In the future, you will not be holding a mobile phone at home to watch TV, while watching the beauty of the nympho star?"

Yu Xiaoxuan hesitated, but nodded in the expression of "I knew you were coaxing me, you flowery woman" in Han Yi's face, "Yes, I will only commit nymphos to you, If another man wants to invite me to dinner, I will definitely bring you and tell others that this is my man, is he more handsome than you. Is that all right?"

Han Yi is satisfied, but not enough. "In the future, you can't make bed scenes, kiss scenes, undress, or any physical contact with other male stars..." Han Yi listed one by one.

Yu Xiaoxuan's face was very dark and he gritted his teeth. "Han Yi, you're enough, don't have to be intimidated." She now seriously doubts that Han Yi was deliberately ill, the purpose is to let her cut the land to pay money.

Han Yi saw Yu Xiaoxuan's eyes and secretly acted, and immediately stopped, "That's all."

Yu Xiaoxuan huh, "I can promise you the first three, but don't think about the latter ones." Without any physical contact with any male star, then she can just leave the entertainment circle.

Han Yi accosted, "OK."

"Han Yi, you really deserve to be a businessman." Yu Xiaoxuan gritted her teeth, she just ate a meal with others, and the result was that she would be cut off and paid so much.

Han Yi smiled, "Thank you for the compliment."

Looking at this man's super thick skin, Yu Xiaoxuan decided not to care about a patient, lest he be mad at him, "I want to eat, I will buy it for you."

Han Yi hasn't eaten all day and night, he is already hungry, "congee is good."

"Okay, you wait first, I'll buy it now,"

Yu Xiaoxuan said he took the wallet and went out, but his face was very stinky when he returned.

"What's wrong?" Han Yi asked, wasn't it okay when he just went out?

"This group of reporters is so annoying, a little thing can enlarge them to the point of world war."

Han Yi heard that and raised her eyebrows to look at her, Yu Xiaoxuan threw the phone to Han Yi, "You see it yourself."

Han Yi took the phone, and just opened it, and saw the news on the page, very speechless, "I committed suicide?"

Yu Xiaoxuan chuckled, "Yeah, now you are famous. President Han's fiancée cheated on a male star. Mr. Han was heartbroken and drunk late at night. He couldn't even think of taking drugs and committing suicide. He was sent to the hospital for rescue. Han Yi, You are famous now."

Who wrote the news like Han Yi's black face, you committed suicide, and your family committed suicide.

Han Yi wanted to call his assistant, only to find that his mobile phone was not around, and his face was uglier than Yu Xiaoxuan's.

"Leave this to me." Han Yi said.

Han Yi's assistant has already seen the news, and the company's public relations department has started public relations. He can't contact Han Yi, but he still knows the hospital where Han Yi lived in the news, and he came nonstop.

"Mr. Han."

Han Yi saw his assistant and asked, "How is the matter going?"

The assistant reported, "It has been clarified that a young reporter of an entertainment gossip magazine wanted to be famous, so he wrote such a report, but nobody behind him instructed him."

"Are you sure?"

The assistant nodded, "No."

Han Yi sneered, "It's much easier to handle. Give me the reporter and say I want to talk to him about my heart and talk about my sad past."

The assistant looked embarrassed, "Yes, President Han." He was about to leave, but was stopped by Han Yi. "Wait.

The assistant looked at him.

"Begging the rumor first, I don't want to see any black Xiaoxuan posts on the Internet." Han Yi just looked at them at random, and found that black Yu Xiaoxuan's posts have appeared in the post bar, and Yu Xiaoxuan's Weibo is also a curse. It's hard to listen to curse words.

Yu Xiaoxuan had heard Han Yi's words. After the assistant left, he said, "Isn't it just some black powder? I'm not hacked for the first time. I'm not angry. You're angry first."

303 Chapter 303: The Almighty Wen Xiyao (25)

Can Han Yi not be angry, seeing Yu Xiaoxuan being hacked is more uncomfortable than his own hacking?

Yu Xiaoxuan chuckled lightly, Han Yi stared at her, "Are you stupid. What are you looking like when you are black?"

"I can't laugh, wait for us to post a photo, Xiu Xiu Ai, those blacks are not slaps, it's more interesting, and I also rub the heat for free, and Sister Linda doesn't have to advertise me to increase her popularity. We have saved a lot of money for the company."

Hearing this, Han Yi's face couldn't go dark anymore, and Taohua's eyes were full of smiles, "You're optimistic."

Yu Xiaoxuan shrugged, "If you mix in this circle, if I have a glass heart, then I don't have to live."

This is the truth, the entertainment circle is a big dye tank, there are everyone in it, what is rumors, if you are serious you will lose.

Although Yu Xiaoxuan said so, Han Yi wouldn't just forget about it. Soon, Sheng Xuan's official blog issued a statement. First, Han Yi was only admitted to the hospital because of a fever, not because of anything. Suicide, accompanied by a doctor's certificate; second, Yu Xiaoxuan and Han Yi have a good relationship, does not exist in Xiao Xuan's derailment, Han Yi sad to buy drunk; third, the law will be investigated responsibility.

Yu Xiaoxuan's Weibo also posted a post afterwards-

"We are fine, thank you for your concern." The picture is a photo of Han Yi and Yu Xiaoxuan, in an intimate posture, the background should be taken in the hospital, Han Yi's face is also a little bit pale.

The rumors are not self-defeating. Just as Yu Xiaoxuan thought, the people who did not know the truth on the Internet the day before were still talking under her Weibo, and now they have changed their attitudes 180 degrees, and they all apologized to her. By the way, I accused the entertainment reporter who made a rumor.

"Look, I said that this man will slap him." Yu Xiaoxuan slumped on the couch in the ward, nibbling an apple in his hand.

Han Yi is dripping, holding a document in his empty hand and reading it. Hearing Yu Xiaoxuan's words, he glanced at her, "Human beings are still a little silly and more joyful."

Yu Xiaoxuan stared, "Han Yi, who are you stupid?"

"I'm talking about myself."

Yu Xiaoxuan rewarded him with big white eyes, too lazy to care about him.

Han Yi smiled, lowered his head, and continued to read the documents. Just one day yesterday, the company piled up a lot of things, even if he was sick, he had no rest.

The assistant's phone came in, Han Yi answered, and the smile on the corner of his mouth faded. "If you don't accept the settlement, you can tell him that I have settled this magazine."

Hanging up the phone, Yu Xiaoxuan turned to look at him, "Which magazine do you want to buy?"

"Huh." Han Yi didn't hide her, "Some people don't learn to be clever without tapping."

After hearing this, Yu Xiaoxuan understood that Han Yi wanted to kill the monkey. As the leader of the media industry in Beijing, Han's group was splashed with dirty water, and this matter also involved Yu Xiaoxuan. Han Yi will naturally not give up, and the acquisition is light.

Yu Xiaoxuan did not understand the business affairs of the shopping mall, and he would not interfere.

"By Han Yi, when I'm discharged from the hospital, I'm going to film in the field. The time is about three months."

Han Yi looked up from the file and frowned, "Three months, so long?"

"Soon, this is a TV series. Three months is already short."

"Then you don't have to come back until the New Year?"

"If the shooting went smoothly."

Han Yi was a bit reluctant, but also knew that this was Yu Xiaoxuan's job, "Where to shoot."

"Jinning Film and Television City." That was where she filmed for the first time, and where her dream started.

Han Yi thought for a while, and it didn't seem to be very far. She couldn't come back and see her, just a train ticket.

Wen Xiyao and Shen Junyu were eating, looking at the people who appeared in front of them, Wen Xiyao looked at Shen Junyu with a smile, and then began to speak warmly, "Miss Chen, I didn't expect to meet you here, you are Come out to eat with someone?"

Chen Su smiled, "Well, I happened to be eating out with friends. I didn't expect to meet you here. It's a coincidence. It's just that we came out a little late. There is no place here. I don't know if I can fight with you. Tables?"

Shen Junyu is about to refuse, but Wen Xiyao has already spoken first, "Naturally it is possible, we have just started to eat, if Miss Chen doesn't mind, let's go together."

"Thank you so much." The smile on Chen Su's face was sincere, and he wanted to sit down next to Shen Junyu. Who knew Wen Xiyao stood up and sat directly beside Shen Junyu.

Chen Su's expression stiffened slightly, but he quickly returned to nature. He sat down opposite Shen Junyu and smiled at Shen Junyu. "Mr. Shen is really getting more and more busy lately. I want to make an appointment with you to discuss the issue of the cooperation case. time."

Shen Junyu smiled, "These managers have always been responsible for the managers. If anything, I have to ask, then I pay such a high salary to support what they do."

Chen Su's company and Junlan Group had a cooperation case. Chen Su had used this excuse to ask Shen Junyu several times. Shen Junyu found various reasons to push it, and even threw the matter directly to

assistant Yu Bin.

Such obvious refusal should be understood by another normal person, but Chen Su pretended not to understand, and would still come to Junlan from time to time to find Shen Junyu, but he hadn't met him once.

Chen Su's friends graduated from a school with them, and naturally knew Shen Junyu, "Isn't this the famous Shen Gongzi in our school? I haven't seen you for so many years, but it hasn't changed at all."

Shen Junyu looked at the speaker and found that she did not know.

The person who came was not embarrassed, just said with a smile, "I am Chen Su's friend Cao Shiyu, don't remember? I used to follow Chen Su to find you before."

In this way, Shen Junyu has some vague impressions.

Seeing him remembering it, Cao Shiyu said with emotion, "It's been years since we graduated. We've all been running for three years. We're getting old. These old classmates can't recognize each other when we meet. In our class, we're the best. It's Shen Gongzi and Chen Su. You look at you two. The maintenance is really good. Compared with those years, there is really no change at all. It is worthy of being known as the golden boy and the girl. Very. At first, we thought that the two of you would be together, who knows that things are impermanent."

After Cao Shiyu finished speaking, it seemed that he realized Wen Xiyao's existence. Shen Junyu and Wen Xiyao's engagement was announced to the outside world. As long as you pay a little attention, you can know that Cao Shiyu, as Chen Su's friend, naturally cannot be unaware.

"Well, I was just kidding, this lady should never mind."

Wen Xiyao smiled slightly, it was called a decent, "I did not misunderstand, the old classmates met a few words."

Cao Shiyu looked embarrassed, and Chen Su said, "Shi Yu is a person who speaks straight and doesn't mean anything else, and I also believe that gentle and generous people like Miss Wen won't care."

Wen Xiyao smiled, "This is nature."

At the dinner table, the most natural person would be Wen Xiyao after a meal. Although she didn't say a word of shame, in the end, even Cao Shiyu, who deliberately found her uncomfortable, shut up.

Shen Junyu hasn't said much, but just occasionally made a fuss, but didn't stop in hand. Either picking vegetables for Wen Xiyao or picking fish thorns for her. Watching his very skilled movements and Wen Xiyao's natural expression, they all know This is definitely not the first time.

Chen Su was seeing pain in her eyes and heart. Her stomach swelled after a meal.

Walking out of the restaurant, Wen Xiyao smiled and said, "Where are you going, shall we send you?"

Chen Su opened her mouth, her smile was a little stiff, and after eating a noon dog food, she could still laugh and it was her skill, "No, I'm driving, then we will go first, Jun Yu, We have time to meet again."

Shen Junyu nodded and looked at his expression to know that his attitude was perfunctory.

Chen Su sighed in his heart, said to Wen Xiyao, and left.

In the car, Wen Xiyao looked at Shen Junyu funny, "Your peach blossom's attachment to you is beyond my imagination."

Shen Junyu heard the words, and his expression remained the same. "Peach Blossom is no longer attached to this pair of scissors beside me.

Wen Xiyao nodded his head in a serious way, "That is, I am all-powerful. I went to the hall, got the kitchen, negotiated the contract, beat Xiaosan, Shen Junyu, you married me and you made it."

Shen Junyu looked sideways and looked at her with a smile, "Well, I made a lot of money. This is definitely the biggest business I have earned, enough for me to enjoy my whole life."

Wen Xiyao turned his head over, "Drive well, my life is still in your hands."

"Yes, my queen."

304 304 Misunderstanding (26 more)

Shen Junyu first sent Wen Xiyao to the company. When she got out of the car, she caught her. "Is your plane the day after tomorrow?"

"No, it will be changed early in the morning. There is something wrong with the branch in Country F. I have to deal with it in the past." Wen Xiyao said that she will go to Country F on a business trip these days and inspect the representative there on behalf of the chairman. Branch. But something happened to the branch over there yesterday, which required her to handle it herself.

"Then I will pick you up tomorrow morning."

"OK." Wen Xiyao leaned over and kissed Shen Junyu's face. "Thank you dear. Drive carefully on the road."

Shen Junyu reached out and touched the kissed place on his face, and spoiled him with a smile.

**

"You have to take care of your own body abroad, and don't work so hard for work."

At the airport, Shen Junyu told Wen Xiyao.

Wen Xiyao's face was speechless. "Shen Junyu, I was just on a business trip. I will be back in at most three days." If it wasn't for this branch, but just a simple inspection, she might be back in two days.

Shen Junyu also knew that she was too worried, smiled and did not speak.

Wen Xiyao took his suitcase from Shen Junyu's hand, "Okay, I'm going to board the plane soon, you go back first."

"You go in and I will go."

Wen Xiyao turned around and walked away without looking back. He reached out and waved his hand behind him. Shen Junyu shook his head and smiled and turned away.

Back home, she saw Shen Qinglan sitting on the sofa eating grapes. Now that Shen Qinglan lives in the compound, he has returned a lot more times. Master Shen and Chu Yunrong are naturally very happy.

"Jun Yu is back." Chu Yunrong saw her son and yelled, continuing to be busy with the things she was doing. She planned to knit sweaters for her unborn grandchildren. She would be holding sweater needles and yarn there as soon as possible. In practice, even the friend's invitation was gone, saying that she wanted to weave a dress that satisfied her.

Grandpa Shen is wearing a pair of reading glasses and holding a dictionary in his hands. He and Grandpa Fu are currently studying the names of his grandchildren, but he just turned the dictionary back and forth and never thought of a suitable one. The name must be simple in strokes and profound in meaning.

Shen Junyu saw that she had been neglected completely, and the depressed in her heart walked to Shen Qinglan to sit down and took a few grapes from her bowl.

"Sister Xi Yao has left?"

Shen Junyu nodded, "Well, I will not go to the company in the afternoon. I will take a day off at home.

Lan Lan, do you want to go to the movie with my brother? I invite you to watch it."

Shen Qinglan glanced at him, his eyes disgusted, "With you?"

"What happened with me? You haven't grown up and haven't watched a movie with your brother."

Shen Qinglan thought for a while and really said, "Well, go after dinner in the afternoon."

In the afternoon, Shen Qinglan and Shen Junyu set off to the cinema, but they just met Chen Su and Cao Shiyu again at the gate of the cinema.

"Jun Yu, this is really a coincidence. I didn't expect to meet at dinner, even if we watched a movie." Chen Su saw Shen Junyu, which was quite a surprise. This time was an accident.

Shen Junyu's expression was faint, "Well, it's indeed a coincidence." It's just that there are more coincidences, and it's no longer a coincidence. A cold light flashed through his eyes.

Cao Shiyu's eyes fell on Shen Qinglan. She didn't know Shen Qinglan. Wen Xiyao was with Shen Junyu when she was eating a few days ago. When she came out to watch the movie today, the people around her changed. Nor was he as dedicated as he showed.

Thinking this way, Cao Shiyu looked at Shen Qinglan with some disdain. Since Wen Xiyao was Shen Junyu's fiancée, then this in front of him was naturally Shen Junyu's mistress.

A woman is a good mistress, so don't blame others for looking down on her.

Cao Shiyu thought that his emotions were well hidden, but Kung Fu still didn't practice home, and people saw it at a glance. Shen Qinglan raised his eyebrows slightly, looked at the woman with interest, and stretched his arms to take Shen Junyu's arm, Shen Junyu Glancing at her sideways, her expression was tender.

Cao Shiyu's eyes suddenly changed, and the eyes that looked at Shen Qinglan all read "You fox spirit".

Chen Su noticed Shen Qinglan and said with a smile, "This is probably the youngest sister of Jun Yu, Miss Shen, oh, no, I should call you Mrs. Fu now."

After hearing this, Cao Shiyu's eyes widened, and Shen Qinglan's eyes fell, his face was embarrassed, what, just now, Miss Shen seemed to see what she had just thought, thinking of what she had just

thought, Cao Shiyu now only want to find a ground seam to drill in and never come out again.

Shen Qinglan's mouth slightly tickled, his expression cold, "Hello."

Her attitude was very cold, so Chen Su did not know what to say, but she had already spoken before she thought about it, "Brother, the movie is about to open, let's go in."

"Two, let's go first, goodbye."

Shen Junyu nodded toward them, and walked in with Shen Qinglan.

"Brother, should you thank me for blocking the peach blossoms for you today?"

Shen Junyu looked at her side and said very cooperatively, "Thank you, Miss Shen, for helping me. Xiaosheng is very grateful. I want to express my gratitude. Please wait for Miss Shen to have dinner."

"Sloppy."

Shen Junyu petted a smile.

"Chen Su, this attitude of Shen Junyu is really too cold. When we were in college, we were considered acquaintances." After Shen Junyu and Shen Qinglan left, Cao Shiyu said dissatisfiedly.

Chen Su's expression was faint. From the attitude of Shen Junyu just now, she could feel Shen Junyu's alienation from her. I'm afraid he thought he was deliberately meeting him. So thinking, Chen Su suddenly lost the mood to watch the movie.

"Shi Yu, I suddenly remembered that there is still something in my company that I haven't dealt with. I'm afraid I can't accompany you to the movies. I'm very sorry."

Cao Shiyu waved his hand, "The company's business matters, you go now, we can watch the movie anytime."

"Then let me take you home first."

"No, let's go. It's a good taxi ride. I'll just take a taxi back."

Chen Su didn't say anything anymore, turned around and left.

On the way back, she thought of Shen Junyu in her mind, and when she had dinner that day, Shen Junyu's tender words and thoughtful care for Wen Xiyao were all things she could not see.

**

Shen Junyu and Shen Qinglan just walked into the cinema and sat down. Less than five minutes after the movie opened, Shen Junyu's cell phone rang, which was called by the hospital, saying that his friend Chen Su had a car accident, so he hurried to the hospital go with.

Shen Junyu's eyes changed slightly, and Shen Qinglan looked at him and asked in a low voice, "What's wrong?"

"Chen Su had a car accident and is now in the hospital."

Shen Qinglan's eyes flickered, they were involved in a car accident within half an hour of separation, and the hospital was also interesting. She didn't call her family but called Shen Junyu.

"Since everyone's phone calls are coming, we always have to check it out." Shen Qinglan said lightly.

This is also the meaning of Shen Junyu.

The two came out of the cinema, and Shen Junyu originally wanted to send Shen Qinglan home first, but was rejected. "Let's go check it out first, and wait until we go home together."

Shen Junyu thought for a while, that's fine, and said nothing, and rushed to the hospital with Shen Qinglan.

When he arrived at the hospital, Shen Junyu asked Shen Qinglan to wait in the car and went to see Chen Su himself. He asked the person at the desk and found Chen Su's ward.

There was only Chen Su in the ward, with gauze wrapped around his legs.

"Jun Yu, you are here." Chen Su saw Shen Junyu, his eyes lit up.

Shen Junyu yelled, "How come there will be a car accident?"

Chen Su looked a little embarrassed, she couldn't always tell Shen Junyu, because she was thinking about his things while driving, accidentally ran through a red light, and hit someone's car, but they were trucks, she was a little girl The car, people are fine, but she came to the hospital.

Seeing her refused to say, Shen Junyu did not want to ask, "What does the doctor say?"

"The doctor said his left leg was slightly cracked."

"Have you notified your family?"

Chen Su shook his head, "Not yet. My parents have recently traveled abroad. I don't want to disturb them. I'm sorry, I didn't expect the doctor to call you. I originally wanted Shiyu, but Shiyu's mobile phone Shut down."

Shen Junyu's expression is faint, "We are classmates, you are in trouble now, I can't be bothered to take care of you, so, let me ask you a nurse first, the nurse professional is better than me."

He was about to go out to find a nurse, "Jun Yu." Chen Su called him.

Shen Junyu stepped in and looked at her, "How?"

Chen Su hesitated, "Can you stay here with me for a while."

Shen Junyu smiled apologetically, "I'm very sorry, my sister is still waiting for me underneath. She is pregnant now, and I am not at ease with her alone."

Chen Su's eyes dimmed, "Can't it take a while?"

Shen Junyu did not answer her words, but said, "I will find you a nurse."

"Jun Yu, do I really make you so annoying? You are not willing to stay with me for a while."

"Chen Su, you think too much. I don't hate you, but I don't like you either. I understand your thoughts, but we are not suitable." Shen Junyu simply explained to her.

"You haven't tried it. How do you know that we are inappropriate?"

"Chen Su, I already have a fiancée, and I love her very much."

Chen Su's eyes crossed a bit of sorrow, "I liked you when I first saw you from college. I don't believe you won't feel for so many years, and Wen Xiyao, how long have you known her, how do you treat her? understood?"

Shen Junyu sighed softly in his heart, "Chen Su, emotional matters never come first."

Chen Su chuckled, "Shen Junyu, you are so cruel, you don't even give me a little hope."

"Everyone already knows the result, so why give unnecessary hope." Shen Junyu said lightly.

Perhaps some men will find it a very gratifying thing to attract women. Even if they do not like this woman, he will not categorically refuse, keeping a close distance with the woman, so that his sense of superiority can be maintained.

But Shen Junyu is not. At this point, he is very similar to Shen Qinglan's temperament. He doesn't like to drag mud and water.

"Shen Junyu, I know, let's go." Chen Su said coldly, if Shen Junyu was willing to look at her, she would find her face full of tears.

"You have a good rest. Goodbye." Shen Junyu said without looking back.

Seeing Shen Junyu leave without hesitation, Chen Su cried out in disguise.

When Shen Junyu walked out of the ward, he saw Shen Qinglan leaning against the wall at the door, looking at him with a smile, apparently hearing the conversation just now.

With a helpless smile, he walked away with Shen Qinglan before saying, "Aren't you waiting in the car, how did you get up?"

"If you don't come up, how can I see my brother's so pity and fragrant jade." Shen Qinglan teased him.

Being teased by her, Shen Junyu smiled helplessly, "Is it fun to watch my brother's jokes?"

Shen Qinglan nodded, "Well, not bad."

Shen Junyu rubbed her hair and messed up her hair before she stopped, "You just eat it and I can't take you. Go, take you to eat, but don't starve your stomach. This little baby, or grandpa must be with me."

Shen Qinglan smiled slightly and threw Chen Su's things behind her.

**

Shen Junyu was working in the study room, and Shen Qinglan walked in. Shen Junyu looked up and saw her, and smiled slightly, "Isn't it going to go out with Aunt Fu today, how come back so quickly?"

Shen Qinglan's expression was dignified, watching him not speaking, Shen Junyu realized that her face

was wrong, and immediately stood up and walked to her side, "Lan Lan, what's wrong?"

Shen Qinglan looked at him calmly, "Brother, what's Xi Yao's flight?"

Shen Junyu reported the flight number, "Do you want to pick her up? It's still there, and we had dinner at noon before we set off."

Shen Qinglan's heart sank directly to the bottom of the valley. She held a mobile phone tightly in her hand and looked at Shen Junyu. Shen Sheng said, "Brother, I will tell you something now, you..."

Shen Junyu smiled, "Say whatever you want, and tell my brother what I do."

Shen Qinglan handed him the mobile phone in his hand, "Sister Xi Yao's plane had an accident."

Wen Yan, the phone in Shen Junyu's hand fell to the ground, he stared at Shen Qinglan, "What do you mean?"

A bit of pain flashed in Shen Qinglan's eyes, "Sister Xi Yao's plane encountered a cold snap after taking off, and the plane fell into the Atlantic Ocean. Now everyone's whereabouts are unknown and life and death are unknown."

The blood on Shen Junyu's face faded away, "What did you say is true?" The voice was dry and trembling.

Shen Qinglan wanted to say no, but this couldn't be said.

Shen Junyu will run out of the door, Shen Qinglan grabbed him, "Brother, I will go with you." Shen Junyu's current state, if he is allowed to go by himself, there will be an accident.

Shen Qinglan and Shen Junyu hurriedly left Shen's home and rushed to the airport. Shen Junyu kept calling Wen Xiyao along the way, but the phone kept showing shutdown, and the news had already begun to broadcast the list of the accident victims. Wen Xi Yao Yaoran was listed.

Shen Junyu's hand hung down weakly, he lowered his head, not knowing what he was thinking.

Shen Qinglan has never seen Shen Junyu like this. Her brother has always been warm and calm. For the first time, she is as lost as she is now. It can be seen that Wen Xiyao really walked into his heart.

When he arrived at the airport, Shen Qinglan found that the family members of the plane crash had arrived. The scene was very chaotic, and there were many cries. The person in charge of the airport was holding a big horn to comfort everyone.

Shen Qinglan found the person in charge of the airport. Only then did she know that the wrecked plane had not yet been found. Country F was already looking for it. There were 236 passengers on the plane,

of which more than 150 people were from Country Z.

The plane fell directly into the sea from a high altitude. Although it was not said, everyone knew that the life on the plane was almost equal to no life.

Shen Junyu tried to calm herself down and took Shen Qinglan's hand to prevent people around her from accidentally pushing her down. One accident had happened, and he couldn't let another have an accident.

"Mr. Shen, we have contacted the airport in Country F. They have launched a rescue. Now there is no news. Everyone is waiting for the news. I am sorry for your fiancé." The airport manager said well to Shen Junyu.

Shen Junyu's eyes were cold, but in front of natural disasters and man-made disasters, he now had no choice but to wait.

The Wen family has also received news of Wen Xiyao's accident. Wen mother fainted, and she is still in the hospital. Wen Sihan is on the plane from Haicheng to Beijing.

When Wen Sihan arrived at the airport, Shen Junyu was still there, and Shen Qinglan accompanied him.

Shen Junyu was sitting on the bench, looking dumbfounded, not knowing what he was thinking. He had maintained this posture for a long time.

"Is there no news yet?" Wen Sihan asked Shen Junyu, Shen Sheng asked.

Shen Junyu shook his head and looked tired. Five or six hours had passed. There was no news at all.

Shen Qinglan said, "There is no news from the airport for now. Country F is still searching and rescue, but there is no trace of the aircraft."

If the plane completely fell into the ocean, then even if it was found, there would be no survival. The best ending is that the plane has actually found an uninhabited island and landed, but it is temporarily unreachable because of signal problems.

But the latter can be said to be minimal.

"Sorry." Shen Junyu said.

Wen Sihan shook his head. This matter had nothing to do with Shen Junyu. No one expected that it was just a business trip and encountered such a thing. And this incident is not only sad to Wen's family, I am afraid that Shen Junyu is no less sad than them.

"Just got the news, country F has found the debris of the plane..." The manager at the airport suddenly

thought of the manager's voice, but the bad news he brought was nothing but a few debris from the plane.

"Qinglan, you go back first." Wen Sihan said, Shen Qinglan is now a pregnant woman and can't be tired for a long time.

Shen Qinglan didn't move. She looked at her sorrowful brother, "I'm fine, you don't need to control me. I'm going home now, and my heart can't calm down. I might as well wait here."

After hearing this, Wen Sihan said nothing more.

Five hours have passed, and 13 hours have passed since the plane crash. News from Country F has finally arrived.

The manager looked at Shen Junyu, hesitated, and gritted his teeth, said, "Mr. Shen, the wrecked plane has been found over country F, but no one on the plane survived, and your fiancée... I am very sorry, Mr. Shen."

Shen Junyu's original pale face instantly turned into a grayish-gray color, and Wen Sihan's expression was ugly, clutching the manager's shoulder, "What does it mean without a lifetime, are you talking nonsense, my sister is still on it, you tell me without a lifetime also!"

Wen Sihan's hand is very strong, and the manager's face was white when he was caught. Shen Qinglan quickly stepped forward and broke Wen Sihan's hand away, "You calm down."

The manager detached from Wen Sihan's devil's claws and glanced at Shen Qinglan gratefully. "This gentleman, we are also very sorry for this kind of thing. Please also mourn and change."

After that, Wen Sihan seemed to be killing his eyes.

"Brother." Shen Qinglan walked to Shen Junyu's side and yelled softly.

Shen Junyu looked up at her, "Isn't that what I just said is true? Xi Yao is still on a business trip in country F, hasn't anything happened, right?"

Shen Qinglan couldn't bear it, watching Shen Junyu didn't know what to say.

Shen Junyu lowered his head again, "Lan Lan, you go back first, I am waiting for her here, she will come back, she was still calling me yesterday morning and said that she will go with me to the back of my university after coming back That snack street, eating with me from the street to the end of the street, she is a person who keeps her promise and will not be able to speak."

Shen Qinglan's nose was sour, she blinked and pressed the wetness in her eyes, "Brother, go home first, Sister Xi Yao, she has..."

"Don't say it, Lanlan, don't say it." Shen Junyu whispered, with a prayer.

Shen Qinglan couldn't say anything.

Wen Sihan was very sad in his heart, but looking at Shen Junyu like this, he cheered up and patted Shen Qinglan's shoulder, "You go back first, Jun Yu and I are waiting here, even if Xi Yao has already... we also have to Take her home."

Shen Qinglan's eyes dimmed, knowing that he couldn't help much here, and left.

Back at the Shen family, Grandpa Shen and Chu Yunrong had been waiting for news at home. They learned about the news from the news last night. Combining the reactions of the brothers and sisters, there was nothing to understand.

306 Chapter 306 A False Alarm (28 more)

Seeing Shen Qinglan coming back, Chu Yunrong quickly greeted him, "Qinglan, Xi Yao she..."

When Shen Qinglan's face darkened, Chu Yunrong immediately understood, and tears flowed down, "How could this happen, why is a child like Xi Yao so good, what happened?"

Mr. Shen's face was dull and his heart was also a pity. He looked at Shen Qinglan's pale face and said with a deep voice, "Lan Lan, you should haven't eaten for a long time, go to dinner first, no matter what, you too Take care of the children in your stomach."

When Shen Qinglan wanted to refuse, she swallowed back suddenly.

Knowing that the family cares about her, and knowing that it's not her waywardness now, "OK."

Songsao gave Shen Qinglan a bowl of noodles. Shen Qinglan tried to finish eating all the noodles before taking a rest. She believed that Mr. Shen would say that.

Shen Junyu and Wen Sihan are still waiting at the airport. The wrecked plane has been found and the identities of the victims have been confirmed. Many families of the victims are now staring at the bodies of their loved ones and returning home.

Shen Junyu and Wen Sihan are no exception.

"Brother, Jun Yu, why are you here?" Wen Xiyao's voice suddenly appeared in the ears of the two. Shen Junyu was surprised for a while, thinking that he had heard, but Wen Sihan had stood up and embraced Wen Xiyao in his arms. Here, "Xiyao, you're okay, that's great."

Shen Junyu recovered, and looked at the bright woman who smiled at him incredulously.

"Shen Junyu, don't you hug me?" Wen Xiyao opened his hands and said with a smile, but there were tears in his eyes. At the moment, Shen Junyu, a man who always pays attention to his own image, is now serving the sloppy look of a wandering big man.

Shen Junyu hugged Wen Xiyao tightly and felt the real temperature in his arms. Only then did he believe that it was really not an illusion, and Wen Xiyao was really fine.

His strength is a bit strong, and Wen Xiyao is hugged a little, but she said nothing. She knew that her original flight had an accident. It must be Shen Junyu who thought she was on the plane and thought that she was also on it, so it would be in this way.

"Jun Yu, I'm fine, I didn't get on the plane." Wen Xiyao reached out and hugged Shen Junyu, explaining softly.

"Why don't you answer my phone, why shut down." Shen Junyu shouted at her, her eyes red.

Wen Xiyao was not angry at all. "My phone is broken. I can't turn it on. I haven't remembered your phone. I can't reach you if I want to contact."

Shen Junyu stared at her deadily and suddenly lowered her head to kiss her lips.

It took a long time before Shen Junyu let her go.

"Xiyao, what the hell is going on?" Wen Sihan asked.

Wen Xiyao thought for a while and explained: "After I got on the plane that day, I found that I had forgotten an important document, and then I got off the plane. Who knows that something happened later." Wen Xiyao said here Now I think about it, but I'm also afraid. If she didn't want to read the document on the plane at that time, I'm afraid she wouldn't find that she forgot to bring it, so she wouldn't get off the plane. Too.

Shen Junyu hugged her tightly, "Fortunately, Wen Xiyao, fortunately I did not lose you."

Wen Xiyao was also thankful in her heart.

"Let's leave here first." Wen Sihan said.

After the three of them left the airport, Shen Junyu hadn't closed his eyes for two days, and he didn't drip. This situation was naturally impossible to drive. The three of them took a taxi back to Wen Xiyao's residence, and Wen Xiyao called for takeaway.

"You go to take a shower first." Wen Xiyao pushed Shen Junyu into the bathroom. When he finished, he found that there was no clothes that Shen Junyu could wear in his home. He looked at his brother embarrassedly.

Wen Sihan spread his hand, "I got the news of your accident and I rushed directly from the company. I brought nothing."

Wen Xiyao had no choice but to call her secretary and ask her to send her two sets of clothes.

"Brother, go in for a bath."

Wen Sihan nodded and just experienced a false alarm. He really needs a good rest.

Taking advantage of the effort of the two men to take a bath, Wen Xiyao hurriedly called home. Wen mother is still living in the hospital until she received a call from Wen Xiyao and heard her voice before she believed her daughter was fine.

"Xiyao, you really terrified your mother. You said if you had an accident, how would you let your mother live." Wen mother cried on the phone.

Wen Xiyao comforted her softly, "Mom, I'm sorry to worry you, I should call you earlier."

This flight did not catch up. Wen Xiyao originally bought the next flight. Who knew that the plane crashed, the next flight was cancelled. She bought a plane to country Y. From The return of country Y's flight was delayed in the middle.

"It's fine if you're fine. You can rest assured if you're fine. Other things are not important." Wen said, she now feels that she is still alive.

After Shen Junyu and Wen Sihan took a shower, Wen Xiyao's secretary had already delivered the clothes, and the takeaway had arrived.

Shen Junyu has not dripped for two days, and now she sees food without any appetite. She has been

looking at Wen Xiyao while eating, fearing that she won't be able to see her in the blink of an eye.

"Brother, Jun Yu, let's go to sleep first." Seeing the two people with a haggard expression, Wen Xiyao was very distressed.

"Now I see you are okay, I am relieved, I will go to rest first, don't forget to call your parents, and Jun Yu's house, there is also Qinglan, she is holding a big belly at the airport. After waiting for you for more than ten hours, I didn't even eat. I still persuaded her to go back."

Wen Xiyao was moved and nodded, "I know."

Shen Junyu looked at her deeply.

"I'm at home and I don't go anywhere. When you wake up, you can see me at first sight." Wen Xiyao said softly, knowing that she really frightened Shen Junyu this time.

Shen Junyu had always been tense in spirit, but now she is relaxed and really tired.

After the two of them fell asleep, Wen Xiyao made a phone call to Shen's house. It was Chu Yunrong who answered the phone. Knowing that Wen Xiyao was okay, he was just a false alarm and felt relieved.

"Xiyao, do you know you come to dinner at night?"

Knowing that Chu Yunrong couldn't see her uneasy, Wen Xiyao naturally agreed, "Okay, aunt, I know, I will definitely come over at night."

Shen Qinglan knew Wen Xiyao was okay, but also took a long breath. If Wen Xiyao really had an accident, I'm afraid his brother was half his life.

"Sister Xi Yao, you're fine."

"Worried you, I heard my elder brother say you waited more than ten hours at the airport, is your body okay?"

"I'm fine, now you're fine, my brother's fortune is saved." Shen Qinglan still remembers Shen Junyu's pale face when he heard the news that no one on the plane had survived.

When Wen Xiyao listened to Shen Qinglan, he felt more distressed and secretly blamed why he did not write down Shen Junyu's mobile phone number. If he contacted Shen Junyu in time, he would not be so worried, and everyone would not be so anxious. .

When Shen Junyu woke up, he didn't see Wen Xiyao, and he jumped up from the bed in shock, until he saw Wen Xiyao sitting in the living room.

Wen Xiyao saw that he didn't even wear his shoes, sour and astringent.

"Why do you get up now, don't sleep much?" Wen Xiyao asked with a smile, pretending not to see him barefoot.

Shen Junyu smiled slightly, "I can't sleep until I get up." In fact, I just dreamed that Wen Xiyao had an accident, lying on the floor covered in blood and scared to wake up.

"I'm going to change clothes first." Shen Junyu said.

Wen Xiyao nodded.

In the evening, Shen Junyu took Wen Xiyao home for dinner, along with Wen Sihan.

"Xiyao, you're really okay. I'm really relieved this time." Chu Yunrong saw Wen Xiyao okay with his own eyes, and this heart was really down.

Grandpa Shen smiled comfortably, "It's fine if nothing is fine, just fine if nothing is wrong, there will be a blessing after death."

Shen Qinglan just came from the Fu family and saw Wen Xiyao, took the initiative to hug her, Wen Xiyao said softly, "Thank you Qinglan."

Wen Xiyao is okay. This is definitely a matter of great joy. Sister Song has done a lot of good dishes to entertain everyone at night.

**

In the evening, Shen Qinglan and Fu Hengyi talked about this when they called, and asked, "Can you sleep now?"

"Well, before I saw my brother like that, I was really worried. If something happened to Sister Xi Yao, I'm afraid my brother would also..." Shen Qinglan said here, and suddenly remembered the ancients saying "love is not good for life" , Maybe it means that.

"Fu Hengyi, let's make an appointment." Shen Qinglan said, "No matter who happens to us afterwards, the other must live well."

"No bullshit is allowed." Fu Hengyi murmured softly, "We will be good, old-fashioned."

"I mean if."

"If there is no such thing, Shen Qinglan, you remember it for me, Shangqiangbi falls Huangquan, where do you go, where do I go, you don't want to leave me in this life, so if you want me to live for a long

time, then You must take good care of yourself." Fu Hengyi said it was overbearing.

Shen Qinglan's eyebrows were soft, "Well, for your long life, I must be alive."

307 308 Qin Yan's plan (29 more)

Yancheng of Nancheng.

When Yan Anbang arrived at the door, he saw Yan Shengyu, his eyes lit up, "Sheng Yu is back, why don't you go in?"

Yan Shengyu's eyes were faint, "No need, I just brought you something, let go and let go." He said, handing him the things in his hand.

Yan Anbang took it, "I still have something to do when I go home, my dad has everything." He said so, but Yan Anbang was very happy. Since the last time he had trouble with Yan Shengyu because of the matter with Qin Yan. After the dispersal, Yan Shengyu never contacted him again, that is, he called Yan Shengyu, and Yan Shengyu never took it.

"This is not what I gave you, it was Xiao Xi who asked me to bring it to you." Yan Shengyu said coldly. After that, he turned and left.

"Shengyu, can't you really forgive Dad?"

Yan Shengyu turned his back to Yan Anbang, "Whoever you marry is your freedom, I have no right to interfere, regardless of who is my freedom, I have no right to interfere, I just hope you don't tell these things to Xiao Xi, her illness Well, finally, I don't want her to think of anything about the past."

Yan Anbang looked at the back of his son's departure, and did not speak for a long time. When he could no longer see, he turned and entered the house this time.

"What's wrong?" Qin Yan noticed his face and asked with concern,

Yan Anbang shook his head, unwilling to say.

Qin Yan asked no more, "Come and eat first."

Yan Anbang sat down on the table and the two were eating. Qin Yan suddenly asked him, "You haven't returned for more than half a month. Are you busy with work?"

"Well, recently our military region is going to engage in a joint military exercise with the Beijing Military Region. There are many things, and I will leave tomorrow morning."

"Are you in such a hurry?"

"Well, the leaders on this military exercise take it very seriously, and I have to make no mistakes. I need to stare at myself. Don't wait for me during this night, go to bed early."

Qin Yan nodded, "Well, I know, you have to take care of yourself in the army."

After eating, Yan Anbang got into the study. Qin Yan looked at the closed door of the study and thought about it. After thinking about it, she turned back to the bedroom.

An hour later, Qin Yan came out after taking a bath and still didn't see Yan Anbang. She went downstairs and made a cup of tea.

"Anbang, can I come in?" Qin Yan asked softly when he knocked on the door of the study.

"come in."

Qin Yan opened the door and saw that Yan Anbang was sitting at the table, lowering his head and not knowing what he was writing. Qin Yan put a cup of tea on the table. "Work is important, and your body is very important. Don't try too hard."

Yan Anbang raised his head and smiled, "There is one more thing to finish, you go to sleep first, I will sleep after finishing."

"I can't sleep alone, you just let me stay here, I promise I won't talk."

Yan Anbang also knew that he had left her out of her work because of work at this time, and she did not say no. Qin Yan saw him acquiesce, and happily took the general book from the bookshelf and sat on the side chair to read.

Yan Anbang wrote for a while, raised his head against the back of the chair and rubbed his forehead. Qin Yan saw it, got up and walked behind him, put his hand on his forehead and helped him gently rub it.

"You said you were all this age, and when you were young, your body didn't know how to cherish it."
Qin Yan complained while rubbing.

Yan Anbang smiled, "It is during this time, when the military exercise is over, it will be much easier. After this incident, I will also have a few days of vacation. When the time comes, I will accompany you well. If you like it, we just take a vacation closer."

After hearing the words, Qin Yan smiled, "It doesn't matter whether I play or not, I just worry about your body."

Yan Anbang clapped her hands and pulled her to her arms, "Yan Yan, my body is very good."

Qin Yan smiled enchantingly, wrapped around Yan Anbang's neck, "I naturally know."

Her eyes were ambiguous, because she had just finished taking a bath, she was wearing a nightgown, and the straps were not fastened, loose and loose, her white skin was glowing, and she exuded a faint smell of shower gel. His invitation gradually deepened.

He bowed his head and kissed Qin Yan's neck. Qin Yan's eyes flashed a burst of color, and he responded enthusiastically to Yan Anbang.

When Ganhai met with fire, the two quickly rolled together, and a blushing voice rang out in the study.

Qin Yan was very enthusiastic tonight, from the study to the bedroom and the bathroom, and it was already two hours after Yan Anbang fell asleep.

Qin Yan confirmed that Yan Anbang was really asleep, and then got up and came to the study. The window in the study was closed, and the whole room exuded a strong hormonal smell.

Qin Yan walked directly to the desk, picked up the document on the table, looked at it carefully, ticked off the corner of his mouth, put the document back in place, and walked out of the study.

Ambiguous marks were everywhere on her body, and she looked quietly at the sleeping man on the bed, her eyes full of hate.

Early the next morning, when Yan Anbang got up, Qin Yan had already prepared her breakfast. When she saw Yan Anbang, she suddenly smiled, "Get up, hurry up and have breakfast."

"Why don't you sleep more?" Yan Anbang said distressedly when she saw a little fatigue between her eyebrows.

Qin Yan smiled softly, "You are leaving in the morning, I want to make breakfast for you, you won't be hungry after eating, anyway, I stay at home every day and there is nothing to do, waiting for you to go

It's the same when I go back to make up for it. You sit down and eat quickly, or you won't be able to wait for a while."

Yan Anbang looked at the rich breakfast on the table, and felt even more distressed about Qin Yan's. This woman was a man owed by him.

When going out, Yan Anbang handed Qin Yan a card, "If you are bored at home, go out and find friends to drink tea and go shopping, or travel with friends."

Qin Yan pushed the card back, "I have money on me, I haven't used the money you gave me last time."

Yan Anbang put the card into her arms, "Go and buy something you like, don't wrong yourself."

Qin Yan took the card over, "Okay, I'll keep it first. I'll talk about it later when I want to buy it. But I did want to go abroad recently. There is a fashion show in Country F. I want to check it out. "

These Yan Anbang have never been able to control, "Go if you want to go, remember to bring good things."

Qin Yan nodded, watching Yan Anbang leave before returning home.

**

Shen Qinglan was shopping with Jin Enxi today, and she received a call from Daniel asking her to go to the studio. Since the gallery was burned last time, Daniel has changed places. Now the gallery and the studio are not together, but they are not far apart. The gallery is still in the stage of renovation and the studio has started to operate normally.

When Shen Qinglan and Jin Enxi arrived, Daniel was calling someone. He didn't know what was said. With a smile on his face, he saw them coming and hung up the phone. "Qinglan, tell you good news."

Shen Qinglan raised her eyebrows, "What?"

Looking at her unmoved look, Daniel said, "Qing Lan, this is really a very happy thing, can you be a little more excited?"

"If you have anything to say, hurry up and ask for it," Jin Enxi said impatiently.

Daniel's expression became serious in an instant, and said, "Qinglan, I just received the news. Half a month later, at the F State Farm International Oil Painter Salon, you also received an invitation. How are you excited?"

Shen Qinglan looked at him with a faint expression, "What are you happy about?"

Daniel choked, "This is a salon where only world-famous painters can participate. There are no more than fifty people in the world who can participate, and you have received an invitation. This is an affirmation of your strength. Shouldn't you? are you happy?"

Shen Qinglan uttered a faint expression, "I must participate?"

"You have received the invitation. If you do not participate, it will not be good for your future development. After all, you are still young. This time, you can also participate in the invitation. Multiple painters recommended you together." Daniel said internally.

After thinking for a while, Shen Qinglan asked, "How long will it take?"

"No more than a week."

Shen Qinglan finally nodded, "Then participate."

"I'm going with you, and Andre is over there recently. Let's take a look at Sisley. The woman must be with Andre." Jin Enxi said.

For this, Daniel is naturally sought after.

"And I remember that there was a fashion show there in Country F recently. Just look at it. Recently, I wasn't in the mood to buy things because of these broken things."

Shen Qinglan glanced at her speechlessly, not knowing who it was, but she was still shopping in the mall.

After Shen Qinglan agreed, Daniel gave the other party a definite answer, and the rest was not something they had to worry about.

"Qinglan, I recently heard an interesting news. Do you want to know?" After finishing the business, Daniel said mysteriously.

Jin Enxi glanced at him disgustingly, "Hurry up and say anything, don't talk."

"It's about Catherine's woman. Frank has announced that he will cut off contact with Catherine. Catherine will no longer be his student."

After hearing this, Shen Qinglan was interested, "What happened."

"You remember the last time we went to Sydney Art Festival. On the way back from Jixin Island, our cruise ship had an accident. Originally, we all thought that the other party was going to Frank, and the outside was just implicated by innocent people. The police did not find any useful clues. Frank recently found out that the woman Catherine instructed people to do, in order to kill you. Probably your last show at the festival was too big, and it arouses the woman's jealousy."

After listening to this, Jin Enxi immediately gritted his teeth, "This damn woman, it was really cheap to just expose her idea of the scandal last time. Such a woman should send her to see God and let her confess before God. "

308 Chapter 309 Second Aunt's Request (30 more)

Daniel felt the cold sweat on his forehead. This temper in his family was so hot. He just sent people to see God. When he called, he originally wanted to call you directly, but he was really embarrassed to face you, so he called me."

I don't think this Frank is a good person. I can't even control my own students. I don't believe that his students did so many things."Jin Enxi sneered.

Shen Qinglan didn't think so. Although the number of contacts was small, it can be seen that Frank was a normal person with three views. He wouldn't protect his students from doing such things.

"So now Frank and Catherine are on opposite sides?"

Daniel shook his head. "The opposite is impossible. After all, Frank and Catherine's father have a good relationship. If Catherine did these things this time, I'm afraid that Frank would not be so disrespectful of the Boyle family."

"I said that the last violent incident that happened at the entrance of the museum, shouldn't this Catherine instruct?" Catherine said suddenly.

Daniel nodded affirmatively, "You're right, Frank told me this, but because there is no evidence of this, I can't take what Catherine does."

Jin Enxi snorted, "There is no evidence, it is because they are too stupid to find it." Her eyes rolled, and she was thinking of a bad idea at first glance.

"Qinglan, Frank asked me to convey his apology to you." Daniel said.

Shen Qinglan did not blame Frank, after all, these things were done by Catherine, Frank did not know.

Jin Enxi's eyes were spinning there, and suddenly he said, "Qinglan, how do I think this thing is a bit wrong? It has been several months since this happened. How can Frank think of it now, and just check it? I found Catherine." She was suspicious.

Daniel didn't think about this problem at first. After reminded by Jin Enxi, he suddenly felt wrong and couldn't help but give Frank a conspiracy theory. "Yeah, Enxi doesn't say I haven't found out yet. The festival is all in July. , It's November now,"

Shen Qinglan looked at the expression on the face of the two of them, "Would this Frank be singing a white face", and there was a smile flashing in his eyes, "In fact, don't be so nervous, if I guess well, someone should have reminded Frank Or what Frank discovered by himself."

At that time, only the direction of the investigation was wrong, so I could not find out clearly. Now that I have a clear goal, it is naturally easier to check.

Seeing Shen Qinglan had no doubt about Frank, Jin Enxi shrugged.

After everything was finished, Shen Qinglan naturally left Danielle. It was not early, and Jin Enxi was not interested in shopping. After seeing her and Daniel, Shen Qinglan left directly by herself.

Shen Qinglan went back to the Shen family first, but actually saw a person in the Shen family who had not seen for a long time.

"Two aunts." Shen Qinglan greeted Lu Yaqin, but his expression was very cold.

Lu Yaqin smiled, but there was a trace of melancholy in his eyebrows.

Grandpa Shen sat there, his face sullen, without saying a word, "Lan Lan, since you come back, come here first."

Shen Qinglan raised her eyebrows slightly and sat down next to the old man. Old Man Shen saw this and looked at Lu Yaqin. "Lan Lan is back now. Tell me if you have anything."

Lu Yaqin looked a little hesitant, but after looking at Shen Qinglan, he still gritted his teeth and said, "Qinglan, I want to ask you to help Junze."

Shen Qinglan raised her eyebrows and looked at her, "Why did the second aunt say this?"

"I hope you can help Junze manage the company."

"Second aunt, if I remember correctly, someone in Shen Junze's company will naturally help him. I love it."

Lu Yaqin heard Shen Qinglan's words, her eyes were full of bitterness, she came for this matter, "Qinglan, we were wrong, did not see my brother's true face, now the company has fallen into my brother's In his hand, Junze has no power to speak in the company at all. I really have no choice now, Qinglan, you can help Junze, just because he is the only bloodline of your second uncle."

Shen Qinglan didn't think that, just over a month later, the company fell into the hands of Lu Jincai. She should say that Lu Jincai was too capable, or Shen Junze was too useless.

"Second aunt, forgive me for this matter. You should know what Shen Junze is doing. If I don't care about him, I'm already looking at the face of the second uncle. When the second uncle was alive, I already rejected it. Now that the second uncle is gone, I won't agree. Since Shen Junze didn't have the ability to keep his things, then now he can't blame anyone." Shen Qinglan said, his expression indifferent.

The sad face of Lu Yaqin, she looked at Father Shen, "Dad."

Mr. Shen waved his hand, "Lan Lan means what I mean, and now that Lan Lan is pregnant, the most important thing is to have a good baby."

"Dad, Junze, he is also your grandson. Is it the only bloodline that Arang stays in this world, do you have the heart to stand by and watch? I know you don't like me, but Junze is innocent, I don't ask you Looking at my face, do you see the sad face going up in the dead Agen?"

"If Shen Junze is in danger of life, then I will definitely look after him, but is Shen Junze now?" Mr. Shen asked back.

"But that was the company left by Agen to Junze."

"Then you should beg your brother, instead of embarrassing an old man half stepped into the coffin and a pregnant woman in Liujia." Grandpa Shen said calmly, coldly.

Seeing that Mr. Shen didn't work here, Lu Yaqin turned to Shen Qinglan, said nothing, and knelt down directly. Shen Qinglan was startled and quickly stood up and took a refuge.

"Second aunt, what are you doing?" Shen Qinglan's tone was slightly cold.

"Qinglan, second aunt asked you, I also know that Junze did something wrong before, you should blame him too. Second aunt, no matter what kind of method, you won't come to open this mouth with you."

When Mr. Shen saw her like this, he was immediately angry, "Lu Yaqin, what are you doing, you get up

to me, an elder elder kneels down to the junior, if you don't think it's embarrassing, I will embarrass you for you."

Lu Yaqin couldn't get up. Today she must ask Shen Qinglan to help, as long as she can achieve her goal.

"Second aunt, no matter what you say today, I won't agree, you should go back."

"Qinglan, second aunt please you."

Shen Qinglan glanced at Old Man Shen, and Old Man Shen waved, "Lan Lan, you go home first."

Shen Qinglan didn't even look at Lu Yaqin on the ground, and left. Lu Yaqin wanted to stop, but the old man was still there. Where could he stop it? Watching Shen Qinglan leave.

She sat down on the ground with a somber expression.

"It's really upright and downright crooked, and a good boy is kneeling with someone who is raised by you." Mr. Shen looked coldly at Lu Yaqin, his face black and white.

Lu Yaqin didn't seem to hear the old man's words, "Dad, you're really so cold-blooded, don't take care of your bloodline family at all?"

Mr. Shen looked at Lu Yaqin with a fixed voice. "If you want me to help Shen Junze, you can send him to the Shen family. I will teach him personally. You will not be allowed to meet him in the future. Can you do it?"

Lu Yaqin's expression changed, "Dad, Junze, he is my dear son, my only son, you can't be so cruel."

"Since this is the case, then you can go, and don't come again in the future, I will be the son of Shen Rang, and there is no grandson like Shen Junze."

"dad."

"Don't call my dad."

When Lu Yaqin saw the old man, he didn't talk about it at all. He knew that it would be useless to talk about it. He could only get up and leave the Shen family.

Back home, she saw Shen Junze waiting in the living room and saw her immediately came over, "Mom, what did they say, did Shen Qinglan agree?"

Lu Yaqin shook his head, and Shen Junze's eyes were extinguished when the light hit. "I knew, I knew it would happen. The people of the Shen family are all cold-hearted and ruthless people. I should have thought of it. They just want to see my joke. Such a result is exactly what they want, how can they help

me."

"Don't worry, I will go to Qinglan again today, maybe she is soft-hearted."

"That woman's heart is harder than stone, will she be soft?" Shen Junze's face was full of suspicion, "Mom, why don't you go and talk to your uncle, I believe that uncle is just confused, he has no children, just take it away Who will he leave after the company is over?"

The bitterness in Lu Yaqin's eyes was even stronger. The person she was looking for before she went to Shen's house was Lu Jincan, but Lu Jincan didn't even want to see her even when she saw it. The meaning was quite obvious.

"Junze, you listen to your mother and go to Qinglan with your mother tomorrow. You apologize to her."

Shen Junze was reluctant, "Mom, why did you make me apologize again, I didn't say humility last time, and now Shen Qinglan's children have also kept her, and when she saw me, she was cold, as if I owed her money but I didn't pay it back. ,I dont go."

"Junze, now you have to go, and you have to apologize to your grandpa if you still want to take the company back."

"Mom, I won't go. Last time, people drove me out. Do you think I'm going to be useful?"

To put it bluntly, Shen Junze just didn't want to go, and he hadn't forgotten what happened in the hospital last time.

Shen Junze is unwilling to apologize, Lu Yaqin is a little Long Yaqing, there is no way.

The next day, Shen Junze ran to the Lu family to find Lu Jincan while Lu Yaqin went to the Shen family to find Shen Qinglan.

The door of the Lu family was closed. No one answered when he knocked on the door for a long time. He could only wait outside the door. It was not that he didn't want to call Lu Jin, but that people didn't answer at all and even shut down.

He waited for a long time outside the door, and he didn't come back from outside until he became impatient.

309 Chapter 310 The True Face (31)

Lu Jin only saw him, and he laughed, "Why are you here, Junze?"

Shen Junze has long been impatient, but he also knows what he is doing today. He pressed his patience and said, "Uncle is not willing to answer my call, you can only come over in person."

Lu Jincal continued to chuckle, "What nonsense are you kid, you are your uncle's only nephew, can your uncle not answer your phone?"

Say, take out the mobile phone, "Look, turn off, the recent things are really too much, I am too busy to eat even meals, and the mobile phone is turned off do not know."

He had given reasons, and it was considered to give Shen Junze a step down, and Shen Junze's face was better.

Entering the house, Shen Junze went directly to the theme, "Uncle, you are really working hard to help me manage the company now. Seeing that you are so old and still working for me, I really can't bear it. I have been thinking about it for a long time. I still think that since it's my business, I can't throw the blame on my uncle, so uncle, starting tomorrow, I'll go back to work at the company and you can enjoy the blessing at home."

The smile on Lu Jincal's face faded, "Jun Ze is not satisfied with my management company?"

It's strange to be satisfied. Shen Junze hated, since Lu Jincal was sent to the position of general manager of the company by stealing beams and replacing columns, the directors of the company were bought by Lu Jincal for just over a month. Everyone was looking for him. People who do not put him in their eyes now regard him as air. No, it is better than air. Everyone needs air. Without air, they cannot live, but what is he now?

Think about your situation, it is really the word-lead the wolf into the room.

"Uncle gave me the management company what dissatisfaction I have, I am not considering your uncle, your body, for your health?" Shen Junze smiled, this is the last night he thought of the words he came up with all night, if Lu Jin was willing If he leaves the company, he will still be his uncle, and he will provide for him in the future, but if he is unwilling, he must tear his face.

Lu Jincal sighed, "Junze, what would you do if your uncle had a break? You haven't even graduated from university now, and you have to manage your company while finishing your studies. You have never managed the company. Those directors do not Listen to you. Uncle can't just watch your father's efforts so in vain."

If he had heard these words before, Shen Junze would have moved, but now listening to these, he only felt that this uncle was hypocritical. How did he fall in love with him and treat him as the closest person?

"Uncle, I am young now, but it is because of my youth that I have more time to exercise and experience.

I believe I can go to school while managing the company. Although I may not be as good as uncle, but I can't Rely on your uncle all your life, right?"

Lu Jincal heard the words, and suddenly felt that his nephew was not that stupid, but what about that, and wanted him to spit out the people who ate it, is it possible?

"Jun Ze, your task now is to study hard and feel at ease to study, and you don't have to worry about the company's affairs." Lu Jincal said.

Shen Junze could no longer maintain the smile on his face, and his face was completely gloomy. "Let's just say, Uncle is hardened and wants to dominate my dad's company? Are you worthy of my dad? If it's not my dad, Uncle, you can have today, you are nothing more than a domineer."

Lu Jincal's face also sank, and he looked at Shen Junze coldly, "I just couldn't give this company to you as a prodigal son because I knew that this company was your father's hard work. What do you do about everything except eating and drinking all day long? Play, skip school, leave the exam, just like you, give the company to you, and you will be finished within three months."

Shen Junze's face was angry, and Lu Jincal's words were really heart-warming. It turned out that in the eyes of people who thought he was close, he was a prodigal prodigy, "Lu Jincal."

"I didn't even call my uncle. It seems that you are very dissatisfied with my uncle." Lu Jincal sneered and said.

Dissatisfaction, not only dissatisfaction, Shen Junzesheng teared Lu Jincal's heart, "Don't forget that the original equity agency agreement was fake, and it's really still in Shen Qinglan's hands, as long as she stands out Say, take out the real agreement, I want to see how long your general manager can do."

Lu Jincal's eyes changed slightly, but he quickly returned to nature. "This incident has been exposed. Do you think you can wash it clean?"

Shen Junze's eyes are changing.

Lu Jin patted him on the shoulder, "My good nephew, don't be stupid, the company will let me grow and grow, and you don't have to worry about your future life, your mother is my only sister, and your father taught me so Many, I will not always watch your days not going through, you will continue to be your swinger in the future, and I am still your good uncle."

"No, you have to return the company to me. This is left by my dad. If you don't return it, I will go to Shen Qinglan now. When you get kicked out of the company, you won't be able to leave by yourself. ."

Lu Jin laughed, "Okay, as long as you and you let Shen Qinglan come up with that equity agency agreement, I will get out of the company myself, and I said to do well."

Shen Junze glared at him fiercely. "You wait for me." After leaving, he left Lu's house. When he went out, he threw the door loudly.

Lu Jincan smiled disdainfully. He didn't worry about what Shen Junze said. At the time, Shen Junze almost got rid of the children. Now he still wants to ask others to do things. Unless Shen Qinglan is a Holy Mother, Shen Junze doesn't think about it.

Shen Junze went out of the Lu family's door and drove directly to the compound. Without seeing Shen Qinglan at the Shen family, he wanted to go to the Fu family.

"Stop." Master Shen said quietly, "What do you want to do?"

"Grandpa, I'm here to find Shen... Qinglan's sister." Shen Junze said softly and said with a smile.

"If it's for your company's business, then you don't need to go. This matter will not be controlled, which is what I mean."

Shen Junze looked at the old man in disbelief, "Grandpa, I am your grandson anyway, how can you do this!"

Mr. Shen sneered, it was Lu Yaqin's birth, and he even said exactly the same.

"If you weren't my grandson, you wouldn't even be able to enter this door today."

"Grandpa, I just want her to give me the equity agency agreement that my dad gave her. Doesn't that work?"

"That agreement is not with me, you should go to lawyer Xiao," Shen Qinglan's voice came from the door.

Shen Junze turned around and saw that Shen Qinglan was coming in, followed by Lu Yaqin with a look of prayer. She went to Fu Jiamen's gate early this morning to wait for Shen Qinglan. This waited for several hours.

Of course, Shen Junze knew that the agreement was now in the hands of Lawyer Xiao, and he called Lawyer Xiao as soon as possible, but Lawyer Xiao said that unless Shen Qinglan was willing to sign it, he

would not come up with this agreement. of.

"Sister Qinglan, I really have no choice. I beg you to help me. As long as you are willing to help me, I will still listen to you, and I will never have a relationship with Lu Jin again."

Shen Qinglan looked at him, his expression did not change at all, it was still cold, "I don't care about any of your things. At first, I didn't let my brother buy Shen. It doesn't mean that I forgot. Shen Junze, The blame for your own bed is on your own, and others have no obligation to wipe your ass."

"At that time, I knew I was wrong. How can you forgive me and ask me to kneel down and beg you? Okay, I kneel." Shen Junze would kneel when he gritted his teeth, but was stopped by Master Shen, looking disappointed To Shen Junze.

Shen Junze really did not inherit the bloody nature of Shen Rang's body at all. Instead, he learned about his mother's malaise from ten to ten, and knelt down without moving. He didn't know what "man has gold under his knees".

Seeing the disappointment and heartache in Grandpa's eyes, Shen Qinglan's eyes were slightly cold, and he glanced at Lu Yaqin, "Second Aunt, did you forget my words just now?"

Lu Yaqin nodded. Shen Qinglan said just now, no matter what, even if she or Shen Junze knelt in front of her, she would not care about this matter. Lu Yaqin herself is a mother and asked herself if someone dared to hurt her child. She also asked her to help the person who hurt her child. She could not do it for her.

"Junze, let's go."

Shen Junze is definitely not willing to leave like this, and now Shen Qinglan is his last life-saving straw. If he doesn't catch it, his company will really become someone else's.

"Sister Qinglan, I beg you to help me."

Shen Qinglan said nothing in silence, and the attitude of refusal was obvious. Father Shen looked at Lu Yaqin lightly. "It seems that you did not tell him what I told you yesterday."

Shen Junze was stunned, "What's the matter?"

Lu Yaqin's face was stiff, and his eyes were down, and he didn't dare to meet the old man's sharp eyes.

"Mom, what did Grandpa say?"

Lu Yaqin did not speak. She would rather have the company gone than her son.

"Since you don't want to say it, then let me speak." Shen Shen said, "If you want to get the company back, you can live in Shen's house, and I will take care of you in the future. You must listen to me and not see you." Mother, at least until I am not satisfied with you, you are not allowed to see your mother."

Shen Junze's eyes widened. "Why? I'm an adult. Why do you want me to control me, and I'm not allowed to see my mother? What's the reason?"

Old Master Shen looked at him coldly, "I'll tell you why, because you are my grandson of Shen's family, I can't just watch you grow crooked, just rely on your mother to raise a good child Now!"

Lu Yaqin was pale, listening to the accusations of Mr. Shen in her ears, she was speechless, her husband was so good, but his only son is now, Lu Yaqin could not deny that there is no relationship.

310 Chapter 311: Old Master Shen's Request (32)

"Why do you say my mother so much? I think my mother is very good. If my mother is not good, why did my dad choose my mother instead of the so-called famous ladies."

Seeing Master Shen's complexion changed, Lu Yaqin quickly pulled Shen Junze, "Junze, don't say anything."

Shen Junze also wanted to say, but he didn't dare to squeak at the ice-like eyes of Master Shen.

Grandpa Shen continued, "You can choose one between the company and your mother, but if you choose to see your mother, the Shen family will be without your grandson in the future. Even if you die in front of me, I will not look at you more. At a glance."

Shen Junze and Lu Yaqin's faces can no longer be described as ugly. Shen Junze is going to be angry. Lu Yaqin grabbed him and stopped him from speaking. "Dad, I didn't teach him well. Don't be angry. I will persuade him." , Today we will go first."

With that said, Lu Yaqin forced Shen Junze away.

After the two left, Shen Qinglan sat down next to the old man and said softly, "Grandpa, why are you this? I know your heartache is the only child of Uncle Er, and you want to bring Shen Junze back , But in fact we can change this way. You are like this now, don't you let him remember you?"

Grandpa Shen sighed deeply and patted Shen Qinglan's hand. "As long as you can understand Grandpa, Grandpa can't help. Junze's age is too old, and his character has been shaped. It can't be broken without heavy hands. , I can't really watch him go farther and farther."

Shen Qinglan was silent, afraid that in the end, Shen Junze still could not appreciate the good intentions of the old man.

"Grandpa knows what you are worried about, except that Grandpa is a half-footed man in the coffin. Does he still care about this? He knows it, he doesn't know, as long as he can do well in the future, Grandpa is also worthy of it. Your second uncle asked before he died."

Shen Qinglan gently leaned on the shoulder of the old man, "Grandpa, you are hard-mouthed and soft-hearted, let me do this." She couldn't bear to watch the old man still get popular because of his age.

Grandpa Shen smiled happily, "Grandpa is not yet so vulnerable. This thing is still affordable. Your biggest task now is to give birth to a good-grandson, so that grandpa will die later. , Can also give your grandma an account."

"Grandpa, don't say that, you will watch my children grow up and get married in the future."

Grandpa Shen laughed, "That feeling is good, if Grandpa can really live to that time, Grandpa is worth it in his next life without reincarnation."

"Look, you talk nonsense again."

Father Shen's feelings of annoyance because of Shen Junze's things disappeared in a few words of Shen Qinglan.

Sister Song, who witnessed the whole process, smiled when she saw this scene. It is no wonder that the old man and the old lady were most distressed. The child looked deserted, but the heart was really soft. An old man felt sorry for her.

When Li Xitong was still at Shen's house, she always said that the two old people were partial to Shen Qinglan, but she never wanted to think about it. Shen Qinglan wanted to really take the two old people's hearts in mind, was she Li Xitong?

Shen Qinglan knew that the old man Shen was in a bad mood today. He accompanied the old man to have lunch at noon, and then accompanied the old man to trim the flowers and plants in the flower room until the old man went upstairs to rest before leaving.

In the next few days, Shen Junze and Lu Yaqin did not come to Shen's house again. Shen Qinglan fell quietly, either painting in the studio or playing chess with two old men. His life was very comfortable.

Her tummy had begun to show signs of pregnancy, just because she was thin, and the tummy did not look particularly obvious.

In the evening, Fu Hengyi and Shen Qinglan watched her slightly convex stomach and said, "The next time I wait for my return, the little guy should grow up."

Shen Qinglan's hands were on his stomach, stroking gently, and his brows were soft, "Well, the doctor said that he will feel fetal movement after four months. Although the child hasn't moved yet, but when you come back, it is estimated that he will move."

Fei Dong Fu Hengyi knows, after all, since Shen Qinglan became pregnant, he deliberately went to understand these things in detail.

"Going to the second obstetric test next Monday, did you tell mom?" Fu Hengyi remembered the business call today and said.

Shen Qinglan nodded, "Well, Mom has contacted the doctor. The doctor said that he will do a Down's screening this time."

Shen Qinglan had a fetal malformation examination during the first parturition, because she had been taking Chinese medicine for a few months, and had another injury in the middle. She was worried about the impact on the fetus. Although Dr. Zhong said it would not affect it, but Not checking Shen Qinglan's heart is always hanging.

"Let Aunt Zhao go with you at that time, remember to bring breakfast, and eat it after the inspection, don't skip it because you are not hungry." Fu Hengyi told him carefully, afraid that he wouldn't notice Shen Qinglan, Grieved myself.

Shen Qinglan listened to Fu Hengyi's advice seriously, without any trace of impatience.

It was not until Shen Qinglan became sleepy that Fu Hengyi hung up the phone reluctantly.

**

On Monday, Chu Yunrong got up early in the morning and went to Fu's house with Shen Qinglan ready. Shen Qinglan hadn't gotten up yet, and Chu Yunrong didn't urge her, so he waited in the living room and accompanied Master Fu to talk. .

She had completely let go of the orchestra, and even refused to invite her occasionally. All her thoughts were now on Shen Qinglan, and she turned around Shen Qinglan all day and night, following the original

Chu Yun Rong simply judged two people.
