

Chapter 302: Pampering his wife as much as his life (1)

Bo Qi's breathing stopped and he immediately shook off the hand holding her. He took a step back, his eyes filled with complicated emotions.

"You're so silly!"

Qin Siyu raised her pretty face and said with a coquettish look, "Little President Bo, are you shy?"

Shy your sister! Bo Qi was roaring in his heart, but when faced with the woman's flirtatious look, his emotions were complicated.

On the one hand, he hated that she was no longer the person he liked. On the other hand, he could not help but be aroused by her.

This woman was really poisonous.

Qin Siyu maintained a charming smile on her face, but she was cursing in her heart.

Dogs don't want to get lost?

Did he really change his taste?

Bo Qi wanted to turn around and leave, but his rationality had lost to his emotions. He took a step forward, cupped her face, and lowered his head to kiss her.

Qin Siyu was stunned (ω Ω)

Damn, his taste has really changed!

She reacted and wanted to push him away.

Bo Qi held her hands above her head and deepened the kiss.

He was not as gentle as before, straightforward and rough.

Anyway, she was no longer the silly and sweet girl she used to be. There was no need to be gentle!

Qin Siyu was almost out of breath from his kiss.

Compared to the previous kisses, this kind of defensive and aggressive kiss could stimulate the desire in the depths of the heart more.

Bo Qi was no better than her, his breathing low and hurried as he hugged her.

Qin Siyu took a few deep breaths to calm herself down. Her red lips parted slightly. "if President Bo likes to play this kind of game, you should have said so earlier!"

Bo Qi froze and looked up at her. "you're Hanhan."

Qin Siyu said nonchalantly, "I'm pretty satisfied with your body anyway. It doesn't matter if I have another man under my skirt."

The meaning of his words was that he didn't mind if she thought he was being nice to her.

The veins on Bo Qi's forehead throbbed. He heard his own voice and said through gritted teeth, "Qin Siyu, you're so dirty."

He turned around, pulled the door open, and strode out.

Qin Siyu leaned weakly against the wall. There was no heating in the corridor, so it was so cold that she kept shivering.

Her long, drooping eyelashes covered the darkness in her eyes, and the curve at the corner of her lips faded. "Bo Qi, you're the fucking dirty one."

Although she had hooked up with many men and had a few boyfriends, she had only had one man from the beginning!

Mo shenbai was called away. Xu Qianqian was tired of standing, so she went out to find a place to rest.

When she lowered her head and rubbed her sore legs, a touch of red came into view.

She raised her head and saw a familiar yet unfamiliar face.

"We meet again," Fu ning took the initiative.

Xu Youyou blinked her eyes. "I sat here first."

She thought that the other party was here to steal her seat again.

Fu ning's expression froze for a moment, but she quickly returned to normal. "you've misunderstood. I just came to say hello to you."

"Oh," Xu Youyou replied. It was good that she was not here to snatch things.

"I didn't expect you to be Mrs. Mo. I've heard so much about you!" Fu ning smiled and complimented him.

"I'm not famous." Xu Youyou explained seriously.

The smile on Fu ning's face was almost gone.

Was this idiot really stupid or was he just pretending?

He was simply the topic Terminator.

"everyone in Mo City says that President mo Pampers his wife as much as his life. Is there a name in Mo City that is more famous than Mrs. Mo?"

"That's nonsense. We're just a good couple." Xu Youyou looked at her with her clear eyes and said in an especially serious tone, "And I'm very good to him."

Fu ning was speechless.

She must have known something and was deliberately showing off their love in front of her!

She didn't seem to be a pure silly girl.

" President mo and Mrs. Mo are deeply in love. I'm so envious! "

"You're still single!" Xu Youyou asked.

Fu ning smiled and nodded.

"No wonder you envy others. It's useless to be envious! It's not as interesting as watching others fall in love. You should go and find a boyfriend!"

Xu Youyou suggested sincerely.

Fu ning's heart was about to stop, but she still had to force a smile and pretend nothing happened."Why don't you introduce one to me?"

Xu Youyou shook her head. " I can't. My classmates are all younger than you. They don't seem to like older sisters. "

Fu ning was speechless.

This is an insult to my age!

Bitch!

" but my da Bai has a friend who's single but has a son. Are you willing to do that? " Xu Youyou blinked. Seeing that the smile on Fu ning's face was about to disappear, she added, " "His son is very well-behaved."

"Pfft!" Bo Qi, who had been driven mad by Qin Siyu, could not help but laugh when he heard this.

Xie tingxi, who was standing beside him, had a calm expression and didn't react.

"She said that your son is very well-behaved!" Bo Qi held his arm and laughed so hard that he was trembling.

Xie tingxi brushed away the weight on his shoulder and said,"Mumu is indeed very obedient."

She would occasionally catch a few bugs and put them on his bed, or put a fake toy snake in his desk drawer, or "accidentally" break the porcelain that the old man had bought at a high price.

Bo Qi was speechless.

If she didn't know what Xie Yumu was like, she would have believed his nonsense.

Xu Youyou saw them and pointed at Xie tingxi. " there, that's him. He's very handsome, right? "

Fu ning glanced at Xie tingxi, who was walking over, and a fake smile appeared on her face. " thank you for your kind intentions. I have something to do, so I'll be leaving first. "

With that, he turned around and left, not staying a second longer.

It was only when Fu ning walked into the elevator that Bo Qi gave her a thumbs up. " sister-in-law, you're so amazing! If you say a few more words, her face will be crooked from anger."

Xu Youyou shrugged her shoulders innocently. "It's her fault for picking on me all the time! Even a rabbit bites when it's anxious!"

He had been so against her before, and now he suddenly came to express his goodwill. He definitely had bad intentions.

Bo Qi caught a glimpse of something and suddenly asked, "Sister-in-law, you said that Tingxi is handsome. Is he more handsome or is your husband more handsome?"

"Of course, it's handsome white!" Xu Youyou answered without hesitation, "I said that to spite her."

Bo Qi came up with another plan. "Then who's more handsome, your brother or Shenbai?"

He was very self-aware and didn't compare himself to her!

Xu Youyou hesitated this time. "Oh, he's different!"

"You must choose the most handsome one." Bo Qi asked, unwilling to give up.

Xie Tingxi glanced at him. He knew that he didn't have good intentions, but he didn't expose him.

After all, the nature of humans was to watch a show.

"I think he's different! However, from a personal point of view, with the addition of emotional filters, Da Bai is slightly better."

Bo Qi sighed in disappointment. "Alright."

He didn't succeed.

Mo Shenbai walked over with a smile on his face. "Thank you for your praise, Mrs. Mo!"

Xu Youyou's eyes lit up when she saw him. "Da Bai, can we go back now? My foot hurts!"

She wore high heels to look good.

Mo Shenbai walked to her, squatted down, put her feet on his knees, and took off her high heels.

Xu Youyou wanted to retract her hand, but he stopped her. "Don't move."

"Someone's watching." Xu Youyou reminded him in a low voice.

Mo Shenbai checked her feet. Fortunately, there were no scratches, but her heels were red. He did not look up. "Where is she?"
