

**Chapter 308: Having that kind of dream (1)**

Mo shenbai felt a sharp pain in his arm. When he raised his head to look at Bai Ying, his eyes were sharp.

Bai Ying's heart skipped a beat. She did not dare to hesitate and immediately pushed the medicine.

He reacted and pushed Bai Ying away.

Bai Ying was wearing a pair of boots and she fell to the ground. The syringe was still stuck in his muscles.

Mo shenbai pulled out the syringe and pushed half of the medicine in. His cold facial features were like ice cracking.

"What did you inject me with?" His thin lips parted slightly, and a cold voice that seemed to come from hell sounded.

Bai Ying raised her head and looked at him. Her red lips curled into a smile as she slowly stood up and patted the dust off her body.

"What do you think?"

Mo shenbai's sword-like brows furrowed and he did not say anything. However, he soon felt the world spinning, and the scene in front of him was constantly blurring.

He shook his head and tried to stay awake.

His strong willpower couldn't resist the drug's control, and he fell to the ground with a loud "bang".

Bai Ying kicked him, but he did not respond.

Fu ning said that the medicine was strong and effective quickly, and it was true.

Dark clouds filled the sky, and dense raindrops began to fall. When they fell on his black coat, countless crystal clear raindrops floated.

Bai Ying's expression was dark and cold. She looked at the man in the photo and her red lips curled into a cold smile.

don't blame me. If you hadn't been soft-hearted back then, qianyue wouldn't have died, and I wouldn't have suffered for so many years.

The drizzling rain gradually turned into a heavy rain, and soon mo shenbai's clothes were wet.

The blood on his face was washed away by the rain, and his face was as pale as paper, weak and sad.

In his life, he had been through many choices, and he was never the one chosen.

"Da Bai ..."

Xu Youyou woke up from her nightmare. Her pale face was covered in sweat and her breathing was rapid. She sat up and wanted to run out.

The world spun, and the scene in front of him gradually turned black. He felt a strong sense of disgust and wanted to vomit.

With a " bang ", he fell to the ground.

His knee hit the floor hard, and it hurt.

She had that dream again.

She dreamed that da Bai was locked up in a room with his hands and feet cuffed.

Bai Ying and a few other unfamiliar women were standing outside, and they were all wondering what they were going to do to da Bai.

When she tried to listen to what they were saying, she couldn't hear anything and couldn't wake Great White up no matter what.

She woke up immediately, her heart burning with anxiety.

Xu Youyou sat on the ground for a while. Her chaotic and anxious mind gradually calmed down.

This kind of dream might not be happening right now. It might only happen a few days later, so he could just tell da Bai in advance and tell him to be careful.

She stood up and walked to the head of the bed to pick up her phone and call mo shenbai.

The call went through, but no one picked up.

She called again, but no one picked up.

She had a bad feeling about this and dialed PEI Chuan's number.

"Is Great White at the office?" As soon as the call was connected, she asked impatiently.

President mo? " PEI Chuan was confused. he hasn't returned to work today. President mo doesn't have any plans.

The uneasiness in Xu Youyou's heart was like a huge tsunami. can you contact him? Or do you know where he is now?"

That dream made her extremely uneasy, so she had to find out da Bai's location immediately.

PEI Chuan was silent for a moment. today is the fifth day of the Lunar New Year. According to the usual practice, President mo should be visiting his father on the fifth day of the Lunar New Year.

"Da Bai's father?"

yes, the fifth day of the new year is the anniversary of President Mo's father's death.

Xu Youyou had never known that the fifth day of the Lunar New Year was da Bai's father's death anniversary, just like how she didn't know he had an aunt.

"Will he not pick up the phone?"

“That’s not for sure.” PEI Chuan was confused. by right, President mo might not pick up other people’s calls, but he has to reply to Madam’s messages during meetings. It’s impossible for him to not pick up your calls.

The more he said this, the more uneasy Xu Youyou felt.

PEI Chuan, I have something important to talk to him about, but I can’t reach him.

She could not tell PEI Chuan what she saw in her dream, so she could only find an excuse to lie to him.

Madam, don’t worry. I’ll contact President Mo’s chauffeur immediately. I’ll contact you as soon as I hear anything. PEI Chuan was not upset that she had interrupted his holiday. Instead, he patiently comforted her.

“Thank you,” he said.

Xu Youyou hung up the phone, but she was still worried, so she called Xu Jialu.

Xu Jialu was playing pool with Bo Qi and Xie tingxi in the afternoon. When he received her call, he said in a flippant tone, “Why are you looking for your brother instead of calling your husband? Big brother is very busy ...”

brother ... Xu Youyou interrupted him. Her soft voice was filled with grievance. I can’t contact Great White.

The corner of Xu Jialu’s mouth twitched. Xu Youyou, you can’t be like this! Chasing after your brother to feed him dog food during the new year. You’ve only been apart for half a day and you’re already looking for someone, and you’re even looking for your brother!”

Are you sure you’re not here to make things difficult for me?

No... Xu Youyou said helplessly, “I called him, but he didn’t pick up. I called PEI Chuan, but he didn’t know where he was either! It’s impossible that he doesn’t answer my calls normally.”

No one but da Bai would believe that he could see the future in his dreams.

Especially her brother, who was a 100% atheist. He would never believe that.

the fifth day of the new year. Mo shenbai will usually be in the cemetery. The signal might not be good.

Xu Jialu had put it on speaker, so both Bo Qi and Xie tingxi heard it.

Xie tingxi knew about mo shenbai’s father’s death anniversary and comforted her.

“Don’t worry, nothing will happen to mo shenbai.”

It was normal for a young girl to overthink things.

No... Xu Youyou bit her lip. In the face of their indifference, she was helpless and anxious. She did not even know who to ask for help from.

sis-in-law, don’t worry. Shen Bai has bodyguards with her. No one can hurt her. Bo Qi added.

The sound of billiard balls hitting each other could be heard from time to time.

Xu You hung up the phone helplessly.

Coincidentally, PEI Chuan called.

Madam, I've already contacted the chauffeur. He said that President mo went to the cemetery alone. I'm heading there now!

Xu Youyou's heart suddenly sank. The uneasiness grew stronger and stronger. She even lost her patience to wait for him to go to the cemetery.

Since she couldn't find da Bai, it would be the same if she went to find Bai Ying!

She didn't know where the white cherry blossom was, but there was one person who would definitely know.

Xu Youyou changed her clothes, took out her bag and phone, and was about to go out.

When she reached the stairs, she suddenly thought of something and turned around to go to Xu Jialu's room.

Xu Jialu was short-tempered and liked to fight, so he had collected a lot of things that he needed to use when fighting.

Xu Youyou opened his drawer but found nothing. She then opened the bottom cabinet and saw a black stick.

She held it in her hand to measure its weight, and then tried to shake it off.

Xu Jialu had taught her how to swing a stick before, so she was not unfamiliar with it.

She put the stick away and put it in her bag. This time, she really went downstairs.

When he walked to the door, he met Cheng Ying and Xu jiusheng, who had just come back.
