Chapter 310: Biological mother (1)

Xu Youyou walked quickly into the room.

stop her! Fu ning shouted. stop her!

Bai Ying endured the pain and tried to grab Xu Youyou, but Xu Youyou turned around and swung her stick at Bai Ying.

“Get lost!” She rebuked coldly, her eyes filled with anger and disgust. I dare you to try and stop me? Let’s see if I’ll fight you to the death!”

“Risk your life?” Fu ning’s Red lips curled into a sarcastic smile, and she asked slowly, “do you know who she is?”

Xu Youyou’s gaze shifted from her face to Bai Ying. I don’t care who she is! Even if she’s Fu jianchen’s mother, I’ll fight her to the death if she wants to harm da Bai!”

No one was allowed to hurt da Bai!

“Ha.” Fu ning sneered. she’s not only Fu jianchen’s mother, but also mo shenbai’s biological mother!

Xu Youyou was taken aback. Her clear pupils dilated as she stared at Bai Ying in disbelief. She shook her head instinctively. impossible!

How could she be Great White’s mother?!

“If you don’t believe me, you can ask her yourself.” Fu ning’s eyes were dark and contemptuous.

Xu Youyou looked at Bai Ying, hoping to get the denial from her eyes.

Bai Ying’s face was pale and her eyes were filled with coldness and disgust. She said coldly, “If I could, I’d rather not have given birth to him.”

Xu Youyou’s heart felt as if it had been ruthlessly crushed by something. It was heavy and painful, but she did not put down the arm that was holding the stick.

I don’t care if you’re Great White’s mother or not, I’m looking for Great White! She bit her lip, her voice as stubborn as an unreasonable child. I won’t be polite to anyone who tries to stop me!

Fu ning’s brows slowly furrowed, and a hint of impatience flashed through his eyes. I’m giving you face, but you don’t want it. Xu Youyou, I’ll give you 10 seconds to get out!”

“I will get out!” Xu Youyou replied as she retreated to the bedroom door. I’m leaving with Great White!

“You won’t be able to take him away today!” Fu ning said coldly.

“I’m definitely going to take him away!” Xu Youyou held the cold doorknob with one hand, but she couldn’t open the door no matter what.

Fu ningfei’s lips curled into a cold smile. I told you, you can’t take him.

What are you guys going to do to da Bai? ” Xu Youyou’s expression instantly became anxious. She tried to open the door with all her might, but she couldn’t.

Fu ning didn’t answer.

Bai Ying rubbed her arm and replied in a cold voice, ” you shouldn’t have married him.

“What does it have to do with you whether I marry him or not?” Xu Youyou’s heart burned with anxiety at the thought of da Bai being locked up in there and not knowing what was going to happen. the key! she exclaimed excitedly. Give me the key!”

Fu ning turned around and sat down on a chair at the side. “When it’s over, I’ll naturally give you the key!”

Xu Youyou didn’t know what she meant by ” when it’s over, ” but she was sure it wasn’t anything good.

“Give me the key, or else don’t blame me for being impolite!” She pointed the stick at Fu ning.

Fu ning sat there without moving. With a calm expression, he raised his chin and said, ” “Do you dare to attack me? If you had dared to do it, how could you have been bullied back then? Xu Youyou, stop scaring people.”

She didn’t believe that the coward Xu Youyou would really dare to hit her!

Xu Youyou’s grip on the rod tightened involuntarily. Her thick and long eyelashes trembled slightly. I dare to because the person inside is Great White, my husband!

I’ll do anything for my husband!

A hint of contempt flashed past Fu ning’s eyes.

Xu Youyou took a step forward and swung the stick at her shoulder.

Fu ning dodged to the side in a hurry, and the stick hit the chair, which fell to the floor with a bang.

“You actually dared to attack me?” Her eyes turned cold, so dark that she looked like she wanted to eat someone.

“The key!” Xu Youyou gritted her teeth and repeated herself.

Fu ning stood up, grabbed the ashtray on the table, and was about to throw it at Xu Youyou’s head.

Xu Youyou’s pupils expanded, but before she could react and Dodge, Fu ning’s raised arm was suddenly grabbed by someone!

“Ah Chen!”

Bai Ying was the first to react. why are you here? ”

Fu ning wanted to shake off his hand, but Fu jianchen held it so tightly that she couldn’t shake it off.

“Let go!” She scolded coldly.

Fu jianchen broke the ashtray from her hand and shook her hand off.

Fu ning lost his balance and fell to the side.

Bai Ying caught her in time to prevent herself from being knocked down by her.

Fu jianchen's eagle-like eyes were filled with ruthlessness. He glared at them and said, "Who dares to touch a single hair on her head?!"

He raised his long arm, and the ashtray hit the wall cabinet behind them.

With a "bang", the glass shattered all over the ground.

Bai Ying and Fu ning were so frightened that they trembled violently, and there was an obvious panic and fear in their eyes.

Xu Youyou looked up at the figure in front of her. Her eyes were slightly red. She had not expected him to come.

She did not expect him to be standing in front of her, in front of his mother.

"Ah Chen, are you crazy?" Bai Ying snapped back to her senses and chided him with a dark expression. "You want to go against me for this bitch?"

"I don't want to be your enemy!" Fu Jian replied coldly, his voice cold and determined. "But I won't allow you to touch her!"

Not even his biological mother!

Fu ning didn't expect Fu jianchen to suddenly appear. A trace of ruthlessness flashed in her eyes, and before they could react, she rushed to the window.

He opened the window and threw the key in his hand out!

"The key!" Xu Youyou reacted, but it was too late to stop him.

Fu ning turned to look at her, a victorious look on her face. Xu Youyou, you only have two choices now.

"One, go down and find the key, but it will probably be useless by the time you find it. Two, go back and sign the divorce papers, then obediently give up the position of Mrs. Mo. If you don't want to see Mrs. Mo's reputation ruined!"

Fu jianchen turned to look at Xu Youyou, his long and narrow eyes filled with confusion. "What did she mean by that?"

The light in Xu Youyou's eyes was completely extinguished, leaving only darkness, which made her face even paler. Great White, Great White is in the room.

Her eyes started to mist up.

Fu jianchen's gaze shifted from his pale face to the tightly shut door. He realized what they were doing and his face turned dark.

"Are you guys crazy?" The voice seemed to be squeezed out from his throat.

Fu ning said sarcastically, "Chen, why are you pretending to be a good person?" Isn't this what you wanted to see?"

A trace of guilt and panic flashed in Fu jianchen's eyes. He turned to Xu Youyou and wanted to explain. Youyou, listen to me. I ...

Before he could finish his sentence, Xu Youyou turned around and slammed into the door.

Oh ... Fu jianchen was shocked.

Xu Youyou did not seem to hear him. She banged against the door again and again with her weak body.

It was as if he didn't know pain.

Fu jianchen grabbed her arm, his voice tense and in disbelief. are you crazy? You don't want your arm anymore?"
