

Chapter 314: Do it personally (1)

alright, let's go back first. I'll come back to pick you up from the hospital tomorrow. Mo Zhiyun looked up at Xu Youyou. it's been hard on you, sister-in-law. Please take good care of big brother.

Xu Youyou nodded and vowed, " "Don't worry, I'll take good care of him."

Lu He Yun brought mo Zhi Yun back first.

In the car, mo Zhiyun was looking out of the window. His delicate face seemed to be covered with a layer of fog, and he was silent.

"Big brother is fine. Don't worry." Lu Heyun knew that she was worried about mo shenbai, so he held her little hand and comforted her softly.

Bai Ying is still big brother's biological mother. No matter what she did, big brother can't do anything about it.

Mo Zhiyun's curled eyelashes trembled slightly as a trace of unwillingness flashed through her eyes.

Lu Heyun's eyes darkened slightly, and he said lightly, " family ties are the deepest fetters in the world. No one can truly cut them off. They are destined to be a burden for a lifetime.

His words seemed to have reminded mo Zhiyun of something, and her eyes suddenly lit up. big brother can't do anything to her, but someone else can!

Lu He Yun's eyes were filled with confusion.

Mo Zhiyun took out his phone with a smile and dialed a number.

In the ward.

Xu Youyou wanted to hang up mo shenbai's clothes, but just as she picked up the heavy coat, she frowned slightly and rubbed her arms.

Mo shenbai saw that her expression was not right and immediately asked, " "What's wrong?"

"It's nothing," Xu Youyou shook her head and hung her clothes up while enduring the pain in her arm. However, her arm was trembling so badly that she could not fool mo shenbai at all.

"You, come over."

I'm really fine ... Xu Youyou wanted to pretend to be fine and take the towel to the bathroom.

Mo shenbai's face instantly darkened, and his thin lips parted slightly. triplets.

She called him intimately, but her voice was cold.

Xu Youyou hesitated for a moment before she walked to the bedside with small steps. Her face was full of smiles. I'm really fine ...

She still wanted to get through it with her cuteness, but when she met his sharp and cold voice, her voice gradually disappeared, and she lowered her head guiltily.

Mo shenbai reached out and held her wrist with a little force. Xu Youyou frowned instantly, and her forehead was covered in cold sweat from the pain.

“You’re in so much pain and you still say you’re fine?” His face was tense, and his quiet voice was mixed with anger.

Xu Youyou raised her head and glanced at him, then quickly lowered her eyes and said guiltily, “It didn’t hurt this much before ... I don’t know why it suddenly started hurting.”

Mo shenbai’s brows furrowed tighter and tighter, and he said in a deep voice, “How did you do it?”

Xu Youyou didn’t want to lie to him, but she didn’t want to make him feel bad by saying it.

Mo shenbai was smart. He knew it after thinking about it. you were the one who kept knocking on the door? ”

At that time, he had just woken up. Those ugly people wanted to take off his clothes, and he kept resisting. He heard some sounds outside, but he couldn’t hear them clearly through the door.

It turned out that she was the one who had been banging on the door.

“Don’t you know how precious your hands are?” He frowned. if you break it, you won’t be able to draw again for the rest of your life. What about your dream? ”

“I couldn’t care less at that time.” Xu Youyou looked up at him and said in a soft voice, “if anything happens to you, I won’t be happy even if I become the best artist in the future. Besides, my right hand is dying, but I still have my left hand. Without you, Wanwan, ”

She paused. Thinking that something might have happened to him, her eyes turned red.

“So, in your heart, I’m as important as your dream?” Mo shenbai raised his eyebrows slightly.

“Of course.” Xu Youyou answered without thinking.

Mo Shen’s long eyelashes fluttered as he raised his hand to wipe her cheek. where else are you hurt? ”

“There’s nothing else,”

Mo shenbai’s gaze fell on her legs. roll up your pants and let me see.

A trace of panic flashed in Xu Youyou’s eyes, and she quickly said, “I really don’t have any more.”

Mo shenbai did not believe her words. He could only be at ease after seeing it with his own eyes. triplets, be obedient.

Xu Youyou bit her pink lips and hesitated for a moment. Then, she bent down and rolled up her right trouser leg above her knee ...

“See, I told you I’m fine.”

The skin on her slender legs was white and tender, without a single scar.

Mo shenbai glanced at her and said, "The other leg."

Xu Youyou was speechless.

"Must you do this?" She was still struggling.

"You want me to do it myself?" He raised his wrist that was wrapped in bandages.

Xu Youyou sighed softly and bent down to roll up her left trouser leg. When she rolled it up to her knee, she saw an obvious bruise that hurt just by looking at it.

Mo shenbai's dark eyes were filled with heartache. how did you get this? "

Xu Youyou quickly rolled down her pants. I fell asleep at home and dreamed of you. I was so anxious that I fell to the ground.

"Does it hurt?" Mo shenbai thought of how much pain she must have been in when she was afraid of injections, injured her arms, and injured her knees.

Xu Youyou shook her head. it doesn't hurt that much, really. At that time, my mind was filled with you and I couldn't feel any pain at all. It's just that little bit of pain now."

Mo shenbai knew that she didn't want him to worry. let the doctor come and take a look.

no need, I'll be fine in a few days, ran ran. she met his sharp eyes and immediately changed her words. okay, I'll go see the doctor now.

Although she could have called the doctor over, she didn't want him to look at her. She was afraid that he would feel bad and insist on going to the Orthopedic Clinic by himself.

Xu Youyou had an appointment with a specialist from the orthopedics department. There were not many patients at the entrance, so she went in after a short while.

The doctor was an old man in a white coat and a pair of presbyopic glasses. He carefully examined her arm and asked casually, "how did you get this arm? "

"He hit the door." Xu Youyou answered.

The old doctor laughed. what's the Feng Shui today? why are all of them knocking against the door ...

"Ah?"

Xu Youyou looked up at him, not understanding what he meant.

The door of the consultation room was suddenly pushed open. Fu jianchen, who was sitting in a wheelchair with a CT scan in his hand, was about to speak when he saw Xu Youyou and was stunned.

Xu Youyou was also stunned when she saw him. Her gaze fell on his legs. your legs ...

Fu jianchen recalled that she didn't even look at him when she left in the morning. He felt angry and said in an unhappy tone, "It's none of your business,"

The old doctor looked at them strangely. you two know each other? ”

“Yes, I do.”

“I don’t.”

The two of them spoke at the same time, but their answers were completely different.

Xu Youyou turned her head to look at him, but he turned his head to look elsewhere. His expression was cold, and there was a faint anger between his eyebrows. He looked like a child who was angry.

The old doctor was amused. then you two are really fated. One arm hit the door and one leg hit the door. Could you have hit the same door? ”

Xu Youyou was speechless.

They were really from the same door.

“Alright, it should be nothing serious.” The old doctor washed his hands with hand wash and sat on the chair to write a list. you should go and take an X-ray.

Xu Youyou let out an ” Oh ” and glanced at Fu jianchen, who was on the wheel. She couldn’t help but ask, ” doctor, is his condition serious? ”
