

Chapter 322: Love yourself before your lover (1)

Xu Youyou's eyes widened. so, he agreed to it too? "

Wasn't this pushing her daughter into the fire pit?

A trace of disdain flashed in mo shenbai's Black eyes. He played with the tip of her hair with his fingertips and said in a light voice, "There's no such thing as an unbreakable relationship in this world! To people who are self-centered, they won't even care about their own mother, let alone their daughter."

Xu Youyou disagreed with his words. I think there's a problem with Fu Anbang's education, so Fu ning and he are essentially the same kind of people, but not everyone is like them. If it were my father, he definitely wouldn't do this, and neither would my brother! I feel that as long as they are willing to work hard, there will definitely be an unbreakable relationship, such as us ..."

Mo shenbai was touched by the confidence and warmth in her eyes. He caressed her face with his fingers. yes, Mrs. Mo is right, but ... I think I won the bet just now.

Xu Youyou blinked her eyes quickly, got up, and wanted to run away.

In the end, he was caught by the arm before he could run two steps. The next second, his feet left the ground and he was lifted into the air.

ah ... Xu Youyou cried out in surprise and looked up to meet the deep and burning eyes of the man who had picked her up.

Her heart trembled violently, and her face flushed red. She punched his chest with her pink fists. put me down!

Mo shenbai carried her and turned around to go upstairs. His thin lips opened slightly as he slowly said, " Mrs. Mo, you must be willing to accept your loss ...

Xu Youyou was speechless.

I ... I don't think I agreed to bet with you either.

Fu Anbang walked out of the canvass lunar restaurant and heaved a long sigh of relief.

Fu ning's face was gloomier than the bad weather, and her voice was forced out of her throat. I won't marry that old man!

Fu Anbang's expression, which had just eased up, suddenly sank. if you don't marry President Luo, who else do you want to marry? Mo shenbai?"

Without waiting for Fu ning to speak, he sneered. mo shenbai didn't even bother to look at you just now. Don't you think it's embarrassing enough? "

If mo shenbai was a little interested in her, it would have been fine, but he was not interested in her at all. All his attention was on Mrs. Mo!

Fu ning's delusion of being with mo shenbai was simply a fool's dream!

Fu ning thought of how mo shenbai had taken care of Xu Youyou just now, and her eyes turned even gloomier, her heart filled with hatred.

I've spoiled you too much in the past, making you look down on everyone. I was almost killed by you this time! Fu Anbang took a deep breath and rebuked in a solemn tone, " you'd better know your place and marry President Luo. After a few years, when mo shenbai forgets about this, I'll think of a way to get you to divorce President Luo and find you a suitable one ...

Before she could finish, Fu ning interrupted her angrily, " I'll never marry that old man. If you want to marry him, you can do it yourself!

After she finished speaking, she left without waiting for Fu Anbang to speak, not even getting into the car.

Fu Anbang was so angry that his veins were popping. He gritted his teeth and said, " you have to marry me even if you don't want to. Without the fu family, Who Do You Think You Are ...

Fu ning left without looking back.

.....

It didn't take long for the news of the fu family's daughter marrying a rotten old man to spread in the circle. Lu He Yun left his team in city H and returned to Mo City on his own. There were still many things waiting for him to deal with in the company, and he also needed to take care of mo Zhiyun.

Compared to Lu Heyun, who was so busy that he slept less than six hours a day, mo shenbai, the chairman, was much more relaxed. He even personally sent Xu Youyou to school.

If Xu Youyou had not insisted that he did not accompany him to class, mo shenbai would have wanted to experience the fun of accompanying his wife to class.

After class, Kang Mingcheng called Xu Youyou to his office for the matter of going overseas.

"Teacher Kang, thank you and the chairman for giving me this opportunity. However, after careful consideration, I still want to stay in Mo City."

"Why?" Kang Mingcheng asked, stunned. You have to know that this opportunity is very rare, and it's something that many art students dream of. Why would you give it up?"

Xu Youyou bit her lip and said nothing.

She had wanted to go abroad and study at the Paris art Academy, but after hearing about Great White, she didn't want to go anymore.

She did not want to leave da Bai alone in Mo City. She did not want him to be all alone.

Kang Mingcheng saw that she was silent and pondered for a moment before asking, "Is it because of mo shenbai?"

"Teacher, I think it's better to stay here. I can learn a lot from you." Xu Youyou did not admit it and changed the topic.

Kang Mingcheng took a deep breath. I know that at your age, relationships are very important, but you must know that life is very long. Love is not the only thing that matters. Many other things are also very important.

"Teacher, have you ever liked someone?" Xu Youyou asked in a soft voice, " I like him so much that I feel heartache when I see him frowning. I can't bear to leave him again when I think of his past experiences.

After knowing what mo shenbai had gone through, she really could not bear to leave him.

Kang Mingcheng didn't answer her question. Instead, he said earnestly, "Love yourself before you love someone. If you haven't even seen the whole world, what confidence do you have to say who you love the most? Oh, you're still young. You should go out and take a look ..."

Xu Youyou lowered her eyes and did not answer.

how about this, you go back and think about it again. If you still decide not to go after half a month, I will respect your decision.

"Thank you, teacher. I'll go out first."

Xu Youyou saw a Bentley parked by the roadside when she walked to the school gate. The rear window was half-rolled down, revealing the man's handsome features.

Her eyes brightened, and she almost jogged over.

"What are you doing here?"

As soon as she got into the car, mo shenbai leaned over and kissed her on the forehead. to pick Mrs. Mo up from school, of course.

Xu Youyou's face heated up. She glanced at the driver from the corner of her eye. Fortunately, the driver did not look over.

"Just let cangming pick me up. You don't have to come specially to pick me up."

Mo shenbai held her hand tightly and looked at her with warm eyes. I want to see you as soon as possible.

Xu Youyou hid her face in his arms. Her heart was numb and the corners of her mouth were so wide that they almost reached the back of her ears.

On the way back, they experienced peak traffic. Xu Youyou sat in the car for a long time and couldn't help but yawn.

Mo shenbai touched her head and asked the driver, "What's going on?"

The driver rolled down the window and looked ahead. He replied, "I think there's a car accident up ahead."

They were swept away by the traffic and could only wait for the traffic to clear up.

Mo shenbai saw that Xu Youyou kept yawning. are you sleepy?"

Xu Youyou nodded. so sleepy ...

Speaking of which, it was his fault. He knew that she started school today, but he still pestered her endlessly last night.

"Then sleep for a while. I'll wake you up when we get home." Mo shenbai lowered his head and kissed her on the forehead.

Xu Youyou's eyelids were too heavy, and she couldn't help but droop. After saying "okay," she closed her eyes and fell asleep not long after.
