

Chapter 328: The hell I'm sending you (1)

"Xu, yo, yo!" Fu ning was completely enraged by her. Her gloomy eyes were filled with twisted hatred, and she raised the Switchblade in her hand, which was shining with a cold light.

There was only one voice in his head, kill her!

When Xu Youyou met her fierce gaze, she suddenly felt less nervous and afraid.

It was as if a heavy burden had been lifted.

Fu ning, your life is completely over. She smiled and said clearly, " I hope you like the hell I'm sending you.

Fu ning was completely immersed in her own hatred and didn't hear what she said at all.

Xu Youyou turned around and ran toward the door when she saw her running toward her.

Fu ning thought she was going to run away. His eyes were filled with hatred, and he pounced on her.

Xu Youyou did not open the door and run out as she had expected. Instead, she opened the door and squatted down when the knife in her hand was about to stab into her back ...

When the police outside the door saw that Fu ning had committed a murder with a knife, they pulled out their guns and shot without any hesitation at the critical moment!

"Bang Bang Bang!"

The bullet accurately pierced through Fu ning's wrist, and blood splattered everywhere. Fu ning screamed in pain, and the knife in his hand fell to the ground with a clang.

The police quickly rushed into the house, and two of them subdued Fu ning. Two female police officers went up to help Xu Youyou up and asked with concern, " "Are you alright?"

Xu Youyou shook her head with a pale face. The situation just now was too dangerous. Even though she knew that the police were there and that they would shoot Fu ning, her heart was still beating wildly and she had lingering fears.

"Aiyo."

The man's tense and low voice came from outside.

Xu Youyou looked up and saw the man who had squeezed past the police and was walking towards her. The setting sun's light fell on him.

He was like a god, stepping on light.

Mo shenbai strode in front of her. Without saying a word, he wrapped his long arms around her slender shoulders and held her tightly in his arms, leaving no gap.

It was as if he was hugging a lost treasure that he had regained!

Xu Youyou had been on tenterhooks for the entire afternoon and had just experienced such a dangerous thing. When she felt his body temperature and smelled the familiar wooden fragrance, her eyes could not help but tear up.

Her small hands that were tightly gripping his clothes were covered in sweat.

Mo shenbai hugged her and heaved a long sigh of relief. He lowered his head and kissed her forehead without saying a word.

The police wanted to take Fu ning back to the hospital for treatment. Xu Youyou also had a bruise on her wrist and needed to go with them.

Xu Youyou nodded and looked at Fu ning. Her hand was injured and had been wrapped in cloth by the police, and her wrists were handcuffed with cold handcuffs.

Fu ning glared at her with a dark look, full of unwillingness.

Just a little more.

He had almost killed her.

Xu Youyou walked forward. Fu ning couldn't do anything to her now, so she wasn't afraid at all.

She leaned closer to Fu ning's ear and lowered her voice so that only the two of them could hear.

I knew you would kidnap me, so I learned how to tie ropes and untie them. I even put on a tracker and made up a text message to call the police at a fixed time every day. Just now, I deliberately said those words to provoke you so that the police could witness the process of you trying to kill me ...

If it was just a kidnapping, even if she was found guilty, Fu ning wouldn't be able to stay in prison for more than a few years.

However, murder was different. Even if it was an attempted murder, the circumstances were serious and the sentence would be very heavy.

Fu ning's pupils trembled violently. They had known about it long ago, and they had deliberately played along to send her into the trap!

She had always thought that her plan was flawless and that she was the Hunter. She didn't expect that she was the hunted.

"Xu Youyou! I'm going to kill you!"

Fu ning was so angry that she couldn't care less about the police next to her. I'm going to kill you!!!

Xu Youyou pretended to be frightened. She looked at her with a pair of watery eyes full of fear and stepped back.

The police officer grabbed her shoulder and warned her sternly, "Be honest!"

He said he was going to kill them in front of them. Did he think they were dead?

Fu ning was forcefully shoved into the car and taken away.

Mo shenbai took off his coat and draped it over Xu Youyou. His dark eyes were dark and cold when he saw her red and swollen cheeks.

He raised his hand and wanted to caress her, but he stopped in mid-air and did not put it down for a long time, afraid of hurting her.

Xu Youyou seemed to know what he was thinking. She held his big palm, which was not as warm as usual, but cold and stiff like an icicle.

“Two slaps in exchange for ten years of prison food, I’m not losing anything.”

Compared to the tragic situation in the dream, the price of these two slaps was really negligible.

Moshen Bai frowned and grabbed her little hand. His voice was calm. go to the hospital first.

At the hospital.

The nurse brought some ice for her to apply on her face to reduce the swelling, and then opened an ointment to apply on her wrist.

“I’ll do it.” Mo shenbai took the ointment from the nurse and sat down by the bed.

The nurse tactfully left with the tray.

Mo shenbai squeezed out a white ointment on his fingertips and gently massaged her wrist.

Xu Youyou looked at his cold face, which looked a little cold and indifferent under the incandescent light of the hospital.

She bit her lip uneasily and asked carefully, “You’re angry?”

Mo shenbai paused and looked up at her with his dark eyes. He pursed his lips and asked, “what did you dream of?”

Xu Youyou’s heart trembled. She pursed her lips and did not answer.

Even if she didn’t say it, mo shenbai could guess it.

“It’s related to me!”

Xu Youyou knew that she could not hide it from him, so she said softly, “in the dream, Fu ning kidnapped me to threaten you. You were injured in order to save me and lost a lot of blood.

“So you planned all of this behind my back.” Mo shenbai’s thin lips opened slightly, and his voice was mixed with coldness.

Xu Youyou looked at him and nodded slowly.

“Have you ever thought about what would have happened to you if the police hadn’t arrived in time and if the shot didn’t hit you?”

Mo shenbai didn't want to lose his temper at her after she had survived the disaster, but when he thought of Fu ning stabbing her with a knife, his irritable and violent emotions broke out like a beast out of control.

She clearly had a better choice, such as telling him, relying on him, and letting him solve it.

However, she chose the most dangerous way, to face Fu ning alone.

Xu Youyou was frightened by his tense expression and said awkwardly, "I, I learned a few moves from cangming. I can protect myself ..."

Before she could finish, moshen Bai suddenly got up and looked down at her with sharp eyes.

"You can protect yourself? What do you have to protect yourself? Just by learning a few moves from cangming?"

The cold voice paused for a moment and said with a hint of mockery, "Xu Youyou, how can you be so childish and naive?"

The atmosphere instantly froze.

The blood in Xu Youyou's body froze and she felt an unprecedented coldness.

She looked up at him with a dazed expression, and tears the size of beans fell without warning.

Mo shenbai instantly reacted. He had gone too far, but he was in a fit of anger and couldn't lower his face to apologize.

Xu Youyou raised her hand to wipe away the tears on her face. Her voice was low and as light as a Willow catkin.
