

Chapter 335: The person who crawled back from hell (1)

Mo qinghuan wore a black suit dress and walked in quickly and steadily in high heels. She was beautiful and elegant, as if she was Walking with the Wind.

The moment Bai Ying saw mo qinghuan, she instinctively felt apprehensive because mo qinghuan did not play by the rules.

Xu Youyou was happy to see her, but she was also curious. Didn't they say that the mo family couldn't come to the moon House?

Mo qinghuan walked in front of Bai Ying, his exquisite face frosty as he stared at her coldly. His red lips parted slightly. his surname is mo and he's a child of the mo family. Mrs. Fu, if you want to control your son, get lost and go back to your Fu family! Don't act like a tyrant in the mo family's territory."

Bai Ying's fingers that were pinching the sofa retracted to her side. No matter how angry and unwilling she was, she could only suppress it in front of mo qinghuan.

She could act arrogantly in front of mo shenbai and insult him as she wished, but she did not dare to do so in front of mo qinghuan.

Before the divorce, mo qinghuan had beaten her into the hospital, leaving a psychological shadow in her heart. Every time she saw mo qinghuan, she would instinctively be afraid, retreat, and even run away.

Mo qinghuan crossed her arms in front of her and raised her delicate chin. why aren't you getting lost? are you waiting for me to treat you to a meal? "

Bai Ying's Scarlet eyes glared at moshen Bai fiercely before she turned and left.

"Auntie, why are you here?" Xu Youyou stood up and stepped forward, her little face full of smiles.

Mo qinghuan's cold eyes looked at her with a hint of gentleness. I heard that he has a private garden, so I came to take a look and say goodbye.

This was also her first time coming to the canvass lunar restaurant.

Xu Youyou was startled. Auntie, you're leaving? "

"I've stayed in this broken place for decades, I'm already sick of it." Mo qinghuan's cold features were indifferent. She paused for a moment before she continued, " Bai Ying is an idiot who fears the strong and eats the weak. As long as you're a little stronger and beat her up, she'll naturally be obedient.

Xu Youyou was speechless.

Thinking of the scene of mo qinghuan beating up Bai Ying, Xu Youyou felt that she would never be able to do it in her life.

Mo qinghuan glanced at the silent mo shenbai, who had stood up, and said in a cold tone, " I'll have lunch here this afternoon. Get the kitchen to prepare. Youyou, accompany me to walk around.

After she finished speaking, she went upstairs without waiting for mo shenbai's permission.

Xu Youyou glanced at mo shenbai, pursed her lips, and ran to the stairs to keep up with mo qinghuan's pace.

Mo qinghuan said she wanted to shop, but after going upstairs, she only walked to the balcony and sat down, casually looking at the scenery outside.

Xu Youyou walked over and sat down. She asked obediently, "Auntie, what do you want to drink?"

"No need to trouble yourself. I'm not here to have a meal with you." Mo qinghuan went straight to the point.

"So, little aunt is here for me?" Xu Youyou asked in an unconvinced tone.

If she wanted to look for Great White, she wouldn't have asked him to walk around with her.

Mo qinghuan turned her head, the coldness in her eyes seemed to have been melted by the sun, and she smiled. you're not as stupid as I thought.

Xu Youyou pouted. I'm not stupid to begin with. Only you and da Bai think I'm stupid.

Mo qinghuan turned her head with a smile and looked at the scenery outside. She said unhurriedly, "I know you're curious. The moon Pavilion clearly has a rule that the mo family is not allowed to enter, so why can I come in?"

Xu Youyou nodded. before this, Zhiyun had to get Great White's permission to come in.

"Strictly speaking, I'm no longer a member of the mo family." Mo qinghuan said indifferently.

Xu Youyou's eyes flickered with surprise, but she didn't rush to speak. Instead, she quietly listened to her.

I had a marriage many years ago, and according to the mo family's rules, a married daughter is not a member of the mo family. Mo qinghuan no longer had the grief and indignation she had when she was young when she talked about those old things. Instead, the corners of her mouth revealed a disdainful sneer.

at that time, I had a boyfriend who was in love with me. However, the mo family was on the decline at that time, and my father forced me to marry him. The other party was a good-for-nothing who relied on his family. Not long after marriage, he hooked up with another woman outside and insulted me wantonly. He even punched and kicked me. In their eyes, I'm just an animal that the mo family sold to them."

Xu Youyou's bright eyes were filled with surprise. She could not imagine such a cool little aunt living a life of domestic violence when she was young.

"In the beginning, I hoped that my father could save me. However, at that time, the mo family was in need of help, and he constantly advised me to be patient. Even when he saw my bruised face, he only said that it would be fine after I gave birth to a son or a daughter for his family. At that time, I knew that I couldn't rely on anyone in this world, except myself."

how could that kind of scumbag be worthy of me giving birth to his child? so, I've been secretly taking birth control pills and started boxing in secret to strengthen my body. When that man wanted to abuse me again, I directly crippled him and made his family have no descendants.

Mo qinghuan said it casually, but Xu Youyou's blood was boiling. what happened after that? "

Mo qinghuan turned to look at her. the beasts in the house naturally wouldn't let me go. At that time, I was also prepared to go to jail, but mo shenbai's father, who is my elder brother, protected me. On the surface, he expelled me from the mo family, but he has been helping me in secret. Thanks to him, I've been living quite well these years."

This was also why she had chosen to beat Bai Ying up after finding out about the disgusting things she had done. She had barged in even though she knew that the mo family was not allowed to enter the moon embracing house.

She used to be a joke among the upper class of Mo City. Everyone who mentioned her would have a disdainful look on their face. Even now, no matter how disdainful they were, they would still have to welcome her with a smile and be respectful when they saw her. They would not dare to offend her.

Other than the fact that she was a daughter of the mo family, no one wanted to get into trouble with her because of her crazy actions in the past!

Mo qinghuan was someone who had crawled back from hell, and the rules of the mortal world were practically useless.

She didn't look forward to love or marriage, nor did she want children. She didn't lack money, and she had a lot of time to do whatever she wanted. When she was bored, she would find a man to play with.

In the eyes of the world, she was rebellious and debauched, but only she knew how precious a free soul was.

Because mo shenbai's father was the only one who had protected her at that time, she would still protect mo shenbai all these years even if she had no feelings for the mo family.

Xu Youyou's admiration was written all over her face after she heard about her experiences. Auntie, you're so amazing.

Mo qinghuan smiled faintly, " I'm not telling you this to look up to me, but I hope you understand that whether it's the mo family or this society, they're all monsters with their bloody mouths open. If your will isn't strong enough, you'll be gnawed to the point where not even your bones will be left.

Xu Youyou's thick eyelashes trembled slightly as she nodded slowly. Auntie, I've remembered everything you said.

Mo qinghuan nodded, and after a moment of silence, she spoke.
