

PAMPERING 340

Chapter 340: He drank until he vomited blood (1)

His voice suddenly stopped, and he did not continue.

Mo shenbai and Bo Qi were both slightly stunned. They looked at each other as if they had exchanged some information, but they did not say anything.

They knew what happened between Xie tingxi and Yun Youwei. Yun Youwei did not forgive Xie tingxi even when she died. She was not even willing to see him.

Xie tingxi looked calm on the surface as if Yun Youwei's death had nothing to do with him, but who could be sure that every time he saw Xie Yumu, he would be moved by the woman who had sacrificed her youth and love for him!

"I won't let her leave me." Mo Shen's Bai knot rolled, and a cold glint flashed in his slightly tipsy eyes.

He could give Xu Youyou anything, but he could not accept her leaving him.

Not to mention three years, not even a day, not even a minute, not a second.

Bo Qi watched as he drank glass after glass, sighing and shaking his head. who would have thought that the most heartless person among us would be the one who is the most troubled by love!

Xie tingxi put down his cup, got up, and picked up his coat hanging on the hanger. He said, "I should go."

"I'll go!" Bo Qi really could not take it anymore and looked down on him. "You're a 24-hour dad now. Your son won't die if you go back later."

Xie tingxi nodded in agreement. he won't die, but the fish I just imported from abroad will die.

Bo Qi was speechless.

How was this raising a son? he was practically raising an ancestor.

Xie tingxi opened the door of the private room. Before he left, he worriedly reminded him, "remember to send her back safely."

Bo Qi had an innocent look on his face. I was drinking, how could you ...

Before he could finish, the door closed.

"I'm scared." Bo Qi cursed in a low voice, turning to look at the man beside the sofa who had finished more than half a bottle of vodka.

He sighed helplessly. are you planning to finish all the wine in my wine cabinet tonight? "

Mo shenbai did not answer and continued to drink his wine.

She couldn't remember how many cups and bottles she had drunk. She only felt that there were countless ants gnawing at her heart, and it was as if she was being put in a pot of oil to be tormented.

He was unwilling and could not accept it. Why couldn't she stay by his side obediently?

Was he not good enough to her?

He had already used all his means and methods, but he still couldn't make her stay by his side?

He didn't know how much he had drunk, but his white and clear pupils gradually became turbid, lost focus, and collapsed on the sofa.

Bo Qi kicked him. eh? Are you still alive?"

Mo shenbai lowered his head, deep in thought, and didn't respond.

Seeing this, Bo Qi pondered for a moment and picked up his phone to look for a number. I'll help you to the end and help you to the end ... Don't say that I'm not a good brother!

The call was picked up not long after. Bo Qi's low and hoarse voice was tense and serious as he said, "Little loli, mo shenbai drank a lot of wine and even vomited blood ... We couldn't persuade him! Hurry up and come!"

Without waiting for Xu Youyou to speak, he hung up the phone and turned it off.

She turned her head to look at the man who was meditating, stood up, and said, "I won't be a third wheel when your wife comes to pick you up."

Mo shenbai's head was still lowered, his eyes deep and calm, and he didn't react at all.

Bo Qi went downstairs. All the seats were taken. Business seemed to be good tonight, but it didn't affect him much.

LAN Huo was originally a bar in the capital, but because it was sold, he took it over and opened a branch in Mo City. It was purely for his brothers to have another place to hang out. Profit or not was not within his consideration.

Walking through the bustling crowd and out of the bar, the cool breeze was blowing outside, the moon was bright, and the cars on the road were like a flowing river of Stars.

For some reason, Bo Qi's heart felt empty, as if there was a hole that could not be filled.

The boundless loneliness and loneliness made people feel despair.

Every time this happened, the images of Qin Siyu would appear in his mind more clearly, and the details of their time together would be magnified infinitely.

He was really happy when he was with Qin Siyu. She was like a woman that God had made for him, and she was just right for his taste.

However, he did not expect that this "custom made" was actually a long-planned plan by Qin Siyu.

The last time he had seen Qin Siyu was at the hotel's emergency exit. She had wanted him to engage in some networking, and the two had parted on bad terms.

A few months wasn't a long time, but it wasn't a short time either. At least Bo Qi thought of her more and more often, to the point that he felt like he hadn't seen her for a century.

He took out his phone and hesitated. In the end, he couldn't control himself and dialed her number.

toot, the moment the phone was connected, a cold voice came through, " [sorry, the number you have dialed is currently busy ...]

Who was she talking to this late at night?

Could it be that old man?

At the thought that she might be having an affair with another man, Bo Qi felt an inexplicable anger surge in his heart. He called her again.

He was still on the phone.

He opened WeChat again, and at the top was [the ideal of the world, missing rain]. This was a note Qin Siyu had made when they had been together.

Because the name she had given herself was "Xing He hot Bo Qi Yan."

He angrily clicked on the voice call button, but the system prompted that he was no longer a friend of the other party!

Bo Qi then realized that she had blocked him!

"Qin. Si. Yu!" Bo Qi gritted his teeth, pausing after each word.

The emotions that she had been suppressing for the past few months had completely erupted on this night, and her eyes were so red that they could eat people.

He made another call. I want Qin Siyu's location in five minutes.

Xu Youyou rushed to LAN Huo and pushed open the door, but she did not see mo shenbai. She thought he had gone to the bathroom, so she went to knock on the door.

There was no response for a long time. She pushed the door open and saw that the bathroom was empty.

Xu Youyou was worried that something had happened to him and immediately called Bo Qi, but no one picked up.

She quickly went out to look for the waiter.

There were many guests tonight, and the waiter didn't notice where mo shenbai had gone.

He could only inform the manager to check the surveillance cameras.

Xu Youyou went downstairs and was about to ask the bartender when there was a commotion in the crowd.

The crowd was so crowded that Xu Youyou could not see the situation inside clearly. She stood on her tiptoes with difficulty.

He could vaguely see a familiar and cold face.

“Da Bai!” She exclaimed and squeezed through the crowd. please make way, please make way ...

Xu Youyou squeezed to the front with difficulty and saw that the person fighting with mo shenbai was none other than the sister-in-law, Fu jianchen.

The two of them fought until their eyes were red. They punched each other until they were covered in sweat and panted heavily.

From the bruises that could be seen on the two people’s bodies, it seemed that mo shenbai had the upper hand.

Fu jianchen seemed to have been completely driven into a corner by mo shenbai. He grabbed the stool next to him and hit mo shenbai.

Mo shenbai could have dodged, but he stepped on the can that had fallen to the ground and staggered ...

“Da Bai ...”

Xu Youyou’s heart was in her throat, and she rushed over without hesitation.
