

Chapter 344: You didn't sleep the whole night?

Qin Siyu instinctively wanted to scold him for being a lunatic, but when she met his eyes, which were as angry as if they had caught his wife cheating, she swallowed the words at the tip of her tongue and smiled coldly.

“Do you still need to ask? Of course, it's him ...”

Before she could finish, Bo Qi kissed her lips again.

Rather than a kiss, it was more like a bite.

It was a terrible thing for a man to lose his mind. He was like an unconscious beast, acting only on his intuition and instinct.

The situation was gradually getting out of control. It was impossible for Qin Siyu to say that she was not afraid. She was flustered and afraid.

Especially when the man's hot breath sprayed on her neck, her skin felt like it was being pricked by needles. She was angry and ashamed.

“Pa!”

Qin Siyu used all her strength to break free from his restraints. She raised her arm and gave him a tight slap.

Bo Qi's face was smacked to the side, and his entire body seemed to have been pressed on by someone, unable to move.

She had been watching a movie, so the chandeliers in the living room were not turned on. The floor lamp next to the sofa was left on. The orange light was very dim, and it could barely reflect the furnishings in the room. It also elongated his slender figure and described him with a bit of loneliness and sadness.

Qin Siyu was sweating from her struggle. Her breathing was rapid, and her red lips were pursed. Bo Qi, if you're in heat, just shout in blue Charm. There are many women who want to sleep with you. You don't have to force yourself on me.

Bo Qi's neck turned over mechanically, his deep eyes hiding something. His Adam's apple bobbed, and he said in a low voice, “can you not be with him?”

She did not know if it was an illusion or if the atmosphere made Qin Siyu feel that way, but she could actually hear a sense of inferiority in his voice.

An illusion, it must be his own illusion.

Qin Siyu took a deep breath and calmed herself down. She said calmly, “Bo Qi, we're both adults. We were both willing parties when we were together in the past. I've never blamed you! Now that we've separated, we'll part on good terms and live our own lives.”

Part on good terms?

Good for each other?

Bo Qi's thin lips, which were bleeding from the bite, were still dripping with blood, making his skin look even paler. The corners of his lips curled up into a mocking smile. I've never thought of parting on good terms. How can we live our own lives? "

Qin Siyu's eyes darkened, and helplessness flashed across them. She raised a hand to rub the space between her brows. then what exactly do you want? "

Bo Qi looked up and said word by word in a low voice, " "Leave him and return to my side."

Qin Siyu seemed to have known that he would make such a request. After all, she was no fool. Bo Qi had come looking for her time and time again. If he did not want to cut ties with her, he must have had a problem with his brain.

"And then?"

"And then?" Bo Qi was stunned, clearly not thinking about the future.

Qin Siyu's Red lips curled into a sneer. you want me to follow you, but you don't give me any guarantee. When you're tired of playing with me, you can leave at any time to find a younger girl. However, my lost youth will never come back. Do you want me to hug a pile of cold paper notes and die alone? "

Unfortunately, she did not care about money at all.

Bo Qi was silent.

Qin Siyu was not like other women who only coveted her money and status. What she wanted was a sincere relationship, a marriage that was bound by law.

This was the last thing he could give to Qin Siyu.

His reaction was within Qin Siyu's expectations. After all, her years of following him had not been in vain.

"Bo Qi, our paths are different, so we can't work together! Don't come looking for me in the future!"

She pushed his shoulder with her fair hand, trying to push him out of the door.

Bo Qi, who was pushed to the door, suddenly grabbed her wrist and looked up, asking, " "What if I'm willing to maintain that kind of relationship?"

"What?" Qin Siyu was taken aback, unable to understand the meaning of his words.

"If you maintain that kind of relationship, you can stop at any time." Bo Qi clasped her hand tightly, so hard that it seemed like he was going to crush her bones.

If it was in the past, he would never have said such fawning words. However, when he saw the men's slippers in her house tonight, all his pride, self-esteem, and rationality were shattered.

She really didn't love him anymore, and she really wanted to leave with someone else.

This realization gave Bo Qi a strong sense of danger. Subconsciously, he did not want Qin Siyu to be with another man, so he blurted it out without even thinking.

Wasn't it just a matter of being in a relationship? he could do it. He didn't believe that that man could really satisfy her better than he could.

Qin Siyu's expression was dazed. She had not expected him to say something like that.

This was not the Bo Qi She knew.

However, Bo Qi had made up his mind to first establish a physical relationship with her, then slowly snatch her back from that man.

"This time, you don't have to pretend that I like it. You can do whatever you want." He pursed his lips, and the blood spread in his mouth. It was sweet with a hint of bitterness.

Qin Siyu's muddled thoughts slowly sobered up. Her long eyelashes covered the loneliness that flashed in her eyes, and she said with a nonchalant tone, "but I don't like you living a bad life.

Bo Qi was stunned. He probably never thought that he would be despised by others for not living well in this life.

Before he could react, Qin Siyu pushed him out and closed the door with a bang.

She turned around and leaned against the door, her heart beating fast and her breathing slightly rapid.

F*ck, she almost couldn't resist being seduced by him.

Bo Qi faced the cold anti-theft door. After a long time, he came back to his senses and could not help but knock on the door.

Qin Siyu! he cursed angrily. get the hell out here and explain yourself.

Who can't live well? Who the f*ck said that it was so comfortable in the past ..."

Qin Siyu, who was inside the house, was speechless.

Bo Qi was banging on the door outside, waking up the neighbors.

He did not say anything even when he opened the door, only looking at Bo Qi with eyes full of sympathy.

How could it be a normal relationship when she was kicked out in the middle of the night?

This job wasn't good, yet he came out to take it. Why didn't this young man know his own place at all?

Bo Qi felt their gazes and glared at them. What are you looking at? I've never seen a couple quarrel before!"

The onlookers were suddenly enlightened,"so it's a girlfriend who realized that her boyfriend can't do it ..."

Bo Qi was speechless.

Why did it feel like their gazes were getting stranger and stranger?

Someone walked over and patted him on the shoulder with a look that said, " brother, I understand you. Then, she stuffed a business card into his chest pocket and went back to her room to sleep.

Bo Qi took out his business card and looked at it. Andrologist Sage!

[specialty: raised but not firm.]

Bo Qi was speechless.

Qin Siyu, who was in the house, saw the scene outside through the peephole. Her face was filled with despair.

Forget it, I'll move tomorrow!

The next day, Xu Youyou woke up and felt that her back was not as painful as before. She moved her body a little and wanted to get up.

"Slow down."

The man's hoarse voice rang in her ear. She turned her head and met Mo Shenbai's deep eyes. There was fatigue between her brows and a green beard on her chin.

He looked a little haggard.

Mo Shenbai carefully helped her sit up and stuffed a pillow behind her back. He asked in a hoarse voice, "Does it still hurt?"

Xu Youyou shook her head slowly. Looking at his tired face, she couldn't help but ask, "You didn't sleep the whole night?"

She had just woken up, and her voice was still a little lazy and hoarse.
