

Chapter 345: I believe in big white (1)

"I'm not sleepy." Mo shenbai poured a glass of warm water and handed it to her, his gaze falling on her back. does it still hurt? " Do you want a doctor to take a look?"

Xu Youyou shook her head and slowly drank half of the water in the cup. Her throat felt much better and she said softly, " "It doesn't hurt that much anymore."

the Butler will bring you breakfast later. I'll carry you to wash up first.

Xu Youyou was about to say that she could walk, but mo shenbai had already lifted the quilt, bent down, and picked her up horizontally. His movements were gentle and careful as he turned and walked to the bathroom.

The bathroom in the ward was naturally not as good as the moon House. Mo shenbai put her down carefully and said worriedly, " "Can I?"

"Yes." Xu Youyou nodded.

Mo shenbai squeezed some toothpaste onto her toothbrush and handed it to her, then went to get a clean towel.

Xu Youyou stood in front of the sink, brushing her teeth while looking at the busy figure in the mirror. She had mixed feelings.

Da Bai was truly very good to her, and the two of them were very happy together, but how long could this happiness last?

Would he get tired of it in the future? and what would she do then?

Xu Youyou was lost in her thoughts until she heard a man's deep voice. what are you thinking about? "

She came back to her senses and spat out a mouthful of foam. She looked up at him. I'm thinking what I should do if you don't love me one day? "

Mo shenbai's brows moved slightly. I'll never stop loving you in this life, unless I die.

"You don't believe in my feelings for you, so you want to go abroad?"

In his opinion, Xu Youyou wanted to pursue her dream and career because she didn't believe in their relationship.

Xu Youyou shook her head. it's not that I don't believe in your love for me, but the future is too long. No one can predict what will happen in the future. I don't want to be mentioned as Mrs. Mo in the future!"

She was an independent individual. Her name was Xu Youyou. She loved painting and wanted to be an artist.

"But you can still continue to learn how to draw if you stay in Mo City."

if I stay in Mo City, you can hire the best teachers for me. You can even help me organize an art exhibition and find a marketing company to make me famous.

Xu Youyou pursed her lips and smiled. Her smile seemed lonely and helpless. but I didn't get all of this by myself. It's not what I want.

Mo shenbai lowered his eyes and remained silent.

On this topic, they were unable to reach a consensus, and continuing the discussion would only be a meaningless argument.

There was no result.

The Butler brought her breakfast, which was a simple and nutritious porridge. Afraid that she would be bored, he even brought an iPad so that she could watch dramas online.

Mo shenbai didn't rest all night. After Xu Youyou finished her breakfast, he went back to the moon House to take a shower and change his clothes.

Xu Youyou had been watching videos and TV shows in the morning. Mo Zhiyun came over at noon.

Lu Heyun was at the company, and it was the servants at home who sent her over.

Mo Zhiyun looked at Xu Youyou and asked with concern, " "Why was he hospitalized?"

Her almond-shaped eyes were filled with complicated emotions. She asked in a tone of disbelief, " did my brother abuse you? "

The corner of Xu Youyou's mouth twitched. Zhiyun, what nonsense are you talking about? Da Bai isn't that kind of person!"

Mo Zhiyun heaved a sigh of relief. that's good. I was really afraid that big brother would ...

She stopped talking and bit her lip.

Xu Youyou seemed to have realized something. She stared at her and asked, Are you going to talk about little sister da Bai? "

Mo Zhiyun's almond-shaped eyes widened in surprise. "You ... You know everything?"

"Little aunt told me that it was an accident."

"Even so, at that time only big brother was upstairs. Not only Bai Ying, even the old people in the mo family also said Wanwan."

Mo Zhiyun's words came to a halt, and he didn't continue.

Xu Youyou knew what she meant. Although her face was pale, she looked determined and said, " No matter what others say, I believe that da Bai isn't that kind of person!

Mo Zhiyun couldn't help but laugh when he saw her determination. no wonder big brother couldn't bear to let go. You're really too good.

what? " Xu Youyou blinked and asked, " you don't believe da Bai? "

She could sense that Zhi Yun's attitude toward Great White was very mysterious.

They were close yet distant, respectful yet fearful.

Mo Zhiyun's expression froze for a moment. After a moment of silence, he shook his head. I don't know if I can believe him or not!

She had grown up in the mo family since she was a child, and her biological parents did not care about her life or death. If it were not for the mo family, she would have been dead long ago.

She was grateful to mo shenbai in her heart, but when she saw the scheming in the mo family since she was young, she couldn't help but doubt the true feelings between people.

I believe in da Bai, and I hope you can believe in him too.

Xu Youyou hesitated for a moment before saying in a low voice, " I don't know what happened between the two of you in the past, but at least I saw how well da Bai treated you with my own eyes. There's nothing fake about it.

Mo Zhiyun was silent for a moment. Then, she raised her head and smiled. yup, you're right. I'll also believe in big brother in the future.

Xu Youyou smiled and nodded. we all have to believe in him.

There was one more thing that she didn't say.

She wanted to say, this way, he won't feel insecure.

Mo shenbai and Lu Heyun walked into the ward together.

Mo Zhiyun couldn't hide the joy in her eyes when she saw him. what are you doing here? "

you didn't answer my call, so I called the housekeeper. She said you came to visit Youyou. Lu He Yun was carrying a flower basket and fruits for visiting. I'm here to visit Youyou too. I'll take you home too.

Mo Zhiyun revealed an innocent smile. I forgot to charge my phone before I left the house. My phone ran out of battery and shut down.

"Little muddlehead." Lu Heyun pinched the tip of her nose, took out a palm-sized power bank and a data cable from his pocket, and helped her charge her phone. remember to bring the power bank with you the next time you go out.

Mo Zhiyun obediently nodded. I understand.

Only then did Lu He Yun look up at Xu Youyou. are you alright? "

Xu Youyou shook her head and smiled. you guys should go back for lunch. I'll be discharged in the afternoon. I'll be fine.

Lu He Yun nodded. have a good rest then. I'll bring Zhizhi to the canvass lunar restaurant to see you another day.

Xu Youyou agreed.

After Lu He Yun and Mo shenbai greeted each other, Lu He Yun pushed mo Zhiyun's wheelchair and left.

Mo shenbai came out of the kitchen with a plate of three dishes and a soup. The chef had started cooking the bone soup before dawn, sprinkled with green onions, and the aroma instantly filled the entire Ward.

have you eaten?" Xu Youyou asked.

"Yes." yes, " mo shenbai replied indifferently. In fact, he didn't eat, and he didn't have the appetite to eat.

"Eat first, I'll go get your examination report."

Xu Youyou nodded. alright.

Mo shenbai stood by the bed for a moment, then turned around and went out.

The attending doctor was already waiting for him in the office. As soon as he saw him come in, he immediately got up and said, " President mo.

Mo shenbai nodded slightly. I'm here to get my wife's examination report.

The doctor's expression changed slightly, " President mo, Mrs Mo's medical report is out. All the other indicators are normal, but she's not healthy.
