

Chapter 347: Livestream disclosing_1

Seeing that the air was filled with the smell of gunpowder, the principal coughed lightly. this ...

As soon as he said that, mo shenbai's fingers that were holding the documents loosened.

"Then I'll have to trouble teacher Kang." Mo shenbai stood up with his hands behind his back, his face cold without a trace of warmth.

The principal was speechless.

Just like this?

Don't fight?

Kang Mingcheng didn't back down or compromise in the face of the man's powerful pressure. He said softly, "You're welcome. This is what I should do."

There was no need for mo shenbai to stay after he handed in the materials. He said goodbye to the principal and was about to leave.

The principal wanted to send him out enthusiastically, but mo shenbai refused.

The principal accompanied him to the elevator with Kang Mingcheng by his side.

It was not until mo shenbai walked into the elevator and the elevator door closed that the principal heaved a long sigh of relief.

teacher Kang, how could you speak to President mo like that? "

The principal wiped the sweat from his forehead and turned his head unhappily. President mo clearly doesn't want his wife to leave the country. Aren't you going against him?!

Kang Mingcheng's expression was calm, and he said neither haughtily nor humbly, I didn't go against him. I'm a teacher. It's my responsibility to plan for my students' future.

The principal sighed helplessly, " even if Xu Youyou doesn't leave the country, with President mo around, are you afraid that she won't make a name for herself? "

Kang Mingcheng's brows were tightly furrowed, and his voice carried a hint of pride. we don't study art to be famous.

Without waiting for the principal to speak, he looked away with slight disdain. forget it, you won't understand even if I tell you!

"Eh?" The principal's mouth twitched as he watched him walk into the elevator. He said angrily, " "Am I the principal or are you the principal?"

.....

Xu Youyou stayed at home for a week, and Mo shenbai also took care of her at home for a week.

Although Mo Shenbai had helped her hand in the information, he did not agree to let her go abroad. There was a low pressure between the two of them.

Xu Youyou didn't give up on her own idea just because of his opposition and unhappiness.

After she recovered from her injuries, she went back to school to attend classes as usual. Kang Mingcheng had also talked to her once.

She had already handed in her documents. If everything went well, they would be able to pass by the end of the year, so she had to prepare in advance.

The so-called preparation in advance was nothing more than the language and the consideration of whether to apply for a dormitory or to rent a house.

Xu Youyou had been bullied in the past when she lived on campus, so she was a little afraid of living in the dormitory. She thought that she would rent a house to live in by herself. If she couldn't, she could go out and work to earn her living expenses. She had hands and feet anyway, so she could survive as long as she wasn't lazy.

The afternoon sun was like a stove hanging in the sky, baking the entire earth. The students in the campus were in a hurry, not wanting to be exposed to the heat and sweat.

Xu Youyou and her classmates had made an appointment to go to the barbecue restaurant outside the school for dinner. Her classmates went over first, so she finished drawing and packed her things before rushing downstairs. The wind that blew in her face was like the heat from a steamer, making her face red.

When they passed by the man-made lake in the school, a figure suddenly jumped out from behind a big tree and said in a gloomy voice, "Xu Yu."

Xu Youyou stopped in her tracks. She raised her head and saw Bai Ying standing in front of her. She frowned. "What are you doing in our school?"

Bai Ying had long lost her usual exquisiteness and nobility. She looked exhausted, her skin was yellow and withered, and her dark eyes contained venom. She was yelping at Xu Ke on the phone in her hand, talking to herself as if she had gone mad.

"Everyone, come and take! Look! That's Mo Shenbai's wife, the murderer's woman! He killed my daughter, and he still has the face to get married and have children!"

A trace of doubt flashed through Xu Youyou's eyes. Before she could react to what she wanted to do, she heard her speak again.

a murderer, a little monster who has been abnormal since young. The two of them are in cahoots. They are a match made in heaven.

Xu Youyou finally realized that she was not talking to herself, but to her phone.

She was ... Streaming?

Her delicate little face suddenly darkened and her voice was mixed with a bit of coldness, " Bai Ying, don't you talk nonsense here!

"I'm talking nonsense?" Bai Ying sneered and shifted her gaze from the phone screen to her. then, do you dare to tell me how you saved mo Zhiyun? Even the doctor couldn't do anything, how did you wake her up?"

A trace of guilt flashed across Xu Youyou's clear eyes. She pursed her lips and did not say anything.

Seeing this, Bai Ying revealed a smug expression. you're a monster, mo shenbai is a pervert, both of you are bad people!

It's fine if you scold me, but don't scold da Bai! Xu Youyou was used to being called a monster since she was young, but she couldn't help but feel angry when she heard her call da Bai a monster.

He was even angrier than when he was scolded.

"He was also a child at the time. It was just an accident." Xu Youyou argued, " you can't vent all your negative emotions on your son just because you're heartbroken over the loss of your daughter!

"Hehe." Bai Ying sneered, her eyes dark. who told you that I was angry at mo shenbai because I was too sad to lose qianyue? Mo qinghuan, that b * tch, must have told you!"

If mo qinghuan was in Mo City at this moment, she would not have dared to say such words. However, mo qinghuan was not here, and there was no one to suppress her, so she could speak without any qualms.

Bai Ying, stop acting crazy here. Turn off the live broadcast! Xu Youyou didn't want people on the internet to laugh at her, and she didn't want anyone to point fingers at da Bai.

Bai Ying did not listen to her at all. Instead, she pointed the phone at her face. are you feeling guilty? You don't dare to be patted by me? Not only do I want to film it, but I also want to reveal all your disgusting things ..."

Xu Youyou was angered by her and reached out to grab her phone.

Bai Ying was already prepared and stepped back to avoid her hand. She shouted to the surroundings, " everyone, come and take a look ... Exclusive news that the mo corporation's Chairman, mo shenbai, is a murderer! Abnormal!"

The road that was originally empty was now gradually surrounded by people. Their eyes were filled with curiosity and confusion as they looked at Xu Youyou and Bai Ying.

At this moment, the number of people in Bai Ying's live broadcast room soared from hundreds to tens of thousands.

The comments flew by.

is this mo shenbai's wife? she's so young ...

"Is what she said true? The chairman of the mo Corporation is actually a murderer. As expected, capitalists have blood on their hands."

“I don’t believe it, I don’t believe it! Important things must be repeated three times!”

there are many perverts among the rich. It’s just that ordinary people don’t know about it!

“I really want to know what mo shenbai’s wife tastes like!”

“Is this woman an adult? Is this the joy of being rich?”

Xu Youyou didn’t know how unsightly the comments were, but she was worried that her nonsense would affect da Bai.

“Enough!”
