

**Chapter 351: You're a noob now (1)**

Bai Ying had completely lost her mind. Her eyes were red and she kept roaring and struggling with all her might. However, she was firmly held down by two strong men and her head was pressed to the ground.

Her tears, snot, and saliva were all over the ground. She was in a sorry state.

Mo shenbai did not look at her again and got into the car.

This "mother" was revenge, but it was also a form of separation. From now on, he would have nothing to do with this woman.

In his memory, the woman who would gently call him 'Xiao Bai' and smile as she said, 'Xiao Bai, come to mommy' had finally passed away.

He was dead.

Xu Youyou felt like she had slept for a very long time. When she opened her eyes, she found herself standing in a very long corridor.

The corridor was quiet and the lights were dim. The floor was covered with a thick carpet, and it felt like stepping on cotton.

What was this place?

Why am I here?

Am I dead?

Filled with curiosity, Xu Youyou took a few steps forward and saw a room door open. A voice came from inside.

Didn't I tell you that this dress is made of silk and can only be hand-washed? look at what you've done to it.

"I'm sorry, Madam. I'm really sorry."

"What's the use of saying sorry? do you know how expensive this dress is? You can't even afford it with a month's salary!"

Madam, I really didn't do it on purpose. Please give me another chance. I promise there won't be a next time.

Xu Youyou walked to the door and stuck half of her head out to look into the room. She saw a woman wearing a floral halter dress and a beige cardigan. She had delicate features and her gentle eyes were filled with anger and impatience.

"White Sakura." Xu Youyou gasped. She did not expect it to be Bai Ying.

Could this be ... The mo family's old residence?

Xu Youyou looked back and glanced around. The more she looked at him, the more familiar he looked.

Eh, that's not right!

Why was Bai Ying so young?

Xu Youyou scratched her head in confusion. What on earth was going on?

Bai Ying's face was filled with frustration and anger. When she looked at the servant, her eyes became more and more disdainful. forget it, forget it. I'll deduct one month of your salary as compensation. It'll also make you remember.

The servant's body stiffened, and she begged bitterly, "Madam, please don't. I know I was wrong ... I really know I was wrong. Please don't deduct my salary! I really won't do it again."

"If we compensate you at the original price, you'll lose three months of your salary." Bai Ying raised her head to look at her and said impatiently, " I'll only deduct one month of your salary now. It's a small punishment, but a big one. What else are you not satisfied with? "

Madam, my child is sick and in the hospital. I need money now. I can't live without a salary. The servant begged her with tears in her eyes.

Bai Ying was unmoved. what does your child's illness and hospitalization have to do with me? Who knows if you're just trying to avoid responsibility by lying to me?"

"I won't take ..."

Before she could finish her sentence, Bai Ying interrupted her, " that's enough. I still have to go out. If you're not convinced, you can resign.

The helper could only swallow her bitterness and helplessly face her indifference and indifference.

It turned out that Bai Ying was so unreasonable when she was young. No wonder she became so annoying later on.

Bai Ying left the house. Xu Youyou did not want to follow her, but she did not know where to go, so she followed the servant downstairs.

She wiped her tears and went downstairs. The others came forward to comfort her and gave her the money they had gathered for her child's treatment.

The tears that she had just stopped flowed out again.

Xu Youyou was happy for her. At least she had a friend to help her at this time.

She turned her head to look at the other side, and her gaze was suddenly attracted by the little boy sitting on the wicker chair and reading a book.

She had thick eyebrows, big eyes, and pink lips. She was wearing a white t-shirt and black trousers. She was sitting upright and still, holding a picture book in her hand and reading it seriously.

Xu Youyou walked over and waved her hand in front of him.

The little boy didn't respond.

Xu Youyou realized that they couldn't see or hear her.

Did I transmigrate, or am I in a dream?

If he transmigrated, they should be able to see him, so he was in a dream, and what he saw was many years ago.

The young Bai Ying, the mo family, then wouldn't this child in front of her be ...

"Da Bai!" Xu Youyou's eyes lit up and she looked at him with joy. you're Great White? The little da Bai!"

After saying that, she shook her head and denied it. no, you're little white now!

Mo shenbai could not see her, nor could he hear her. He had no reaction.

Xu Youyou sat on the chair next to him. Looking at his immature facial features and his childish appearance, her heart melted.

Boohoo, da Bai was so cute when he was young, I really miss Rua!

The feeling of being able to see the person you liked when they were young was really wonderful!

young master, you've been reading for an hour. It's time for you to take a break. The maid brought him a glass of fruit juice and reminded him to rest.

Mo shenbai raised his head and glanced at the servant. mm. he put down his book and drank his juice.

Xu Youyou pursed her lips. you've been so mature since you were young. No wonder you always have a long face when you grow up.

Mo shenbai finished his juice and went upstairs with his book.

Xu Youyou followed beside him. He couldn't see or hear her anyway, so she said casually, " little Bai, don't be so shameless at such a young age. You should smile, and ...

Before he could finish, he saw mo shenbai, who had closed the door, quickly run to the bed and take out a bag of snacks from under the mattress.

Xu Youyou was speechless.

I'm sorry for disturbing you.

Mo shenbai leaned against the bed, eating snacks and playing with toys. His face was no longer cold, but more relaxed and natural.

It turned out that he had been pretending when he was downstairs.

Xu Youyou walked to the bed and sat down. She tilted her head to look at his unbridled appearance and chuckled."Little white, I like it when you're like this."

There weren't so many rules, no restrictions, and he didn't suppress his happiness, anger, sorrow, and joy. He was his true self.

It was a child's nature to love to play.

Suddenly, footsteps came from the door. Mo shenbai quickly hid his snacks and sat down obediently.

The person who pushed open the door was a girl in a princess dress. She was fair and delicate, slightly shorter than mo shenbai, but her eyebrows and eyes were exactly the same as mo shenbai's.

When mo shenbai saw her, he heaved a sigh of relief, and his straight back drooped down.

"Mo shenbai, are you secretly eating snacks again?" The girl closed the door and asked in a crisp voice.

"How many times do I have to tell you, I'm older than you! You should call me big brother!"

Xu Youyou finally reacted. This was da Bai's sister, mo qianyue!

"You were just born a minute earlier than me." Mo qianyue pouted.

even a minute is big. I'm the Big Brother! Mo shenbai argued.

Mo qianyue changed the topic, " what are you eating? I also want to eat!"

Mo shenbai laughed. call me brother and I'll give you some.
