

Chapter 358: Aren't we a family?

Mo shenbai did not take mo qianyue's words to heart. Other than going to and from school, he locked himself in his room and did not even eat dinner with them.

In the blink of an eye, it was already late winter. When he woke up, the scenery outside the window seemed to be even more withered and yellow, as if it had been added with a layer of dusk filter.

On the weekend, mo shenbai could stay in his room for a day.

Bai Ying and Mo Teng would quarrel from time to time, and sometimes she could be heard scolding mo qianyue.

It was just that mo qianyue didn't want to practice the zither and dance.

Mo shenbai didn't care about the noise outside and locked himself in this small room.

It was as if this way, he would no longer feel sad because of Bai Ying's indifference, their argument, and other people's strange looks.

In the afternoon, the sound of Bai Ying and Mo qianyue quarreling could be heard from outside the door.

Mo qianyue had a Ballet Competition today, but she had deliberately broken her dancing shoes and didn't want to perform on stage.

How could Bai Ying not see through her little tricks? she tried her best to persuade her, but to no avail. She couldn't help but get angry.

Mo qianyue mustered up her courage and said that she hated ballet and piano, and she didn't want to be a dancer. She wanted to be a police officer and catch bad people.

Bai Ying slapped her in exasperation.

Mo qianyue cried and ran back to her room. Bai Ying knocked on the door but to no avail, so she had to ask the servant to bring her some fruit and water.

Not long after, someone knocked on mo shenbai's window.

Mo shenbai raised his head and saw a hand reaching out from the window. He was stunned for a moment, then quickly opened the window. He saw mo qianyue stepping on the gap on the edge of the wall, her whole body suspended outside.

"Mo qianyue, what are you doing? Are you crazy?"

Mo qianyue's eyes were red like a rabbit's, and she sobbed, " "Brother, let's go. I don't want to stay here anymore ... I'm really uncomfortable ... I'm really uncomfortable every day."

Mo shenbai reached out to her anxiously. don't say anymore. Come here!

Mo qianyue's hands clutched the cracks in the wall tightly, crying as she said, "I don't want them to fight, I don't want them to get a divorce, and I don't want to not see you every day.

You always shut yourself in your room, and mom doesn't let me see you or talk to you, but you're clearly my brother! Why did we become like this? Aren't we a family?"

Mo shenbai was so anxious that his forehead was covered in sweat, and his face was red. He tried his best to stretch out his arm to pull her. qianyue, quickly hold my hand. Come in first.

Mo qianyue looked at him with tears in her eyes and said, "Brother, can't we always be together as a family?"

"Sure!" Mo shenbai replied without thinking, "come over quickly. I don't want to lock myself in the room! I'll tell mom that I'll treat her well and get her to agree to let us play together! Can you come over quickly?"

"Really?"

"When have I ever lied to you?"

Mo qianyue sniffled and believed him. She reached out her hand to grab his hand ...

However, she had been in this position for too long, and her arms were already sore. One of her hands could not support her weight, and the other hand was almost able to hold mo shenbai's!

His entire body fell.

"Moonlight sharkless"

Mo shenbai couldn't help but scream. He wanted to grab her hand, but her nails scratched the back of his hand and fell in an instant.

He did not give mo shenbai any chance to react, nor did he give anyone a chance to react ...

He fell hard on the cement road below.

Mo shenbai's entire body was frozen on the window. His pupils were dilated, and he looked at this scene in disbelief. His eyes were red.

The hand that was stretched out of the window was trembling.

It trembled violently.

The mo family quickly descended into chaos. Bai Ying was slapping mo shenbai non-stop as if she had gone crazy. Her fair face quickly swelled up, and there was an obvious handprint on it.

Mo Teng stopped Bai Ying, and the others did the same, but their eyes on mo shenbai still had a deeper meaning.

Mo shenbai stood still, not crying or making a fuss, but the hands hanging by his sides trembled uncontrollably. No one noticed it.

Xu Youyou curled up in the corner, letting her tears flow without stopping. She was powerless to stop what Mo Shenbai was going through.

Other than seeing the servant who had framed Mo Shenbai standing in the corner with an undetectable smile, no one else could see it.

That smugness was the smile of victory.

.....

Mo Qianyue was dead, and the Mo family had completely become an ice-cold cage.

Mo Teng was very busy with work and was often not at home. Bai Ying, on the other hand, was in great grief after losing her daughter and was like a walking corpse.

But every time she saw Mo Shenbai, she would turn into a crazy woman, crying and screaming, punching and kicking Mo Shenbai, calling him "murderer" and "murderer."

Mo Shenbai never resisted or defended himself. He silently accepted all her actions.

Including abuse.

Bai Ying seemed to have found the motivation to live, and she used all means to humiliate Mo Shenbai.

She locked him in the dark and cold cellar for a day and a night. When the Butler carried him out, he had a high fever and was unconscious.

It was snowing, and he had to stand in the fountain as punishment. He had to kneel and repent at the place where Mo Qianyue had fallen to her death.

The light in Mo Shenbai's eyes was completely extinguished. His eyes were empty and numb, as if he had lost his soul.

He always had all kinds of injuries on his body. Some were from beatings, some were from cigarette burns, and some were from ashtrays ...

He couldn't eat his fill every day. Bai Ying didn't allow anyone to give him anything to eat, and he visibly slimmed down. It was as if he was just skin and bones, and he could be blown away by the wind.

In the end, it was the teachers at the school who discovered the injuries on his body and informed Mo Teng.

Mo Teng brought Mo Shenbai home and flew into a rage, demanding a divorce.

However, Bai Ying changed her attitude and begged him not to divorce her. She promised that she would never do it again.

Mo Teng knew that she was too heartbroken from losing her daughter, so his heart softened and he agreed.

He took Mo Shenbai to the doctor, touched his head, and asked, " why didn't you tell dad? "

Mo shenbai's thick, fan-like eyelashes trembled slightly. He raised his head and said, "Send me away. I'll give it to Grandpa, an orphanage, anywhere."

Mo Teng shook his head and said, "you are my child. I will not send you away."

Mo shenbai licked his lips and said in a hoarse voice, "I caused my sister's death,"

"It's not your fault." Mo Teng said in a firm tone, "the police already said that it was an accident! Qianyue climbed out of the window herself and fell down by accident."

"But I have an antisocial personality." Mo shenbai said again.

Mo Teng sat down beside him and wrapped his long arms around his slender body. He said in a deep voice, "what you will become depends on yourself, not what others say you will become!"

Her warm palm rubbed the top of his head. I think that you will become a very responsible man in the future.

"Don't hate mom, she's just ... Too sad," he added after a pause.
