

Chapter 362: You're finally awake _1

The man sitting in the car had sharp eyebrows and bright eyes. Although his facial features were cold, in Xu Youyou's eyes, they were warm and hot.

it's not Lin Yin, it's not anyone else ... It's always been you!

Xu Youyou laughed as she cried. She choked and said, " the first man I fell in love with, the last one I truly loved was you. It was you who saved me ... I'm only alive because of you.

Fate was so wonderful. It always gave you a glimmer of hope when you were at your most desperate and helpless. That faint light was enough to make people fly like moths to a flame.

At the hospital.

Xu Youyou still showed no signs of waking up. The doctor had done several rounds of full-body examinations on her and showed that there was no problem with her body. But no one could tell why she still did not wake up.

The glimmer of hope that mo shenbai had just obtained was extinguished again, and a trace of despair appeared in his eyes that were as dark as the abyss.

His slender fingers caressed her pale face as he murmured, " "Why? Why do you refuse to wake up?"

"Are you angry with me?"

He held Xu Youyou's hand and pecked it on his lips. His hoarse voice was almost humble as he begged, " Youyou, don't be angry. I'll let you go to Paris for as long as you want. I'll be good and wait for your return."

"As long as you're willing to wake up, I'll let you go wherever you want to go, as long as you're willing to wake up."

His lips were kissing her hand, and his posture had long been so humble that it was buried in the dust.

Thump thump.

There was a knock on the door, and Lu He Yun pushed mo Zhi Yun in.

Seeing that Xu Youyou had not woken up, his heart sank heavily and he felt bad.

"Big brother," Mo Zhiyun called out to him.

Mo shenbai was silent for a moment. His Adam's apple rolled as he restrained his emotions. When he opened his eyes, his eyes were cold and he looked at her without any wind or waves.

Mo Zhiyun licked her lips and hesitantly replied, " I was unconscious for a long time as well. I asked you how I woke up, but you didn't tell me.

Mo shenbai seemed to have thought of something, and his eyes flickered.

I asked PEI Chuan again yesterday. He couldn't resist my questioning and told me that it was Youyou who woke me up.

Mo Zhiyun tried his luck and asked, "big brother, do you know how Youyou managed to wake me up? Maybe we can try her method!"

Mo shenbai held Xu Youyou's hand tightly and did not say anything, but there seemed to be a glimmer of hope in his dark eyes. He turned to look at the unconscious girl.

They had seen Xu Youyou Pierce mo Zhiyun's fingertip with a needle in the surveillance video. They couldn't see clearly what she had done after that because she had covered it with her body ...

Or perhaps she didn't do anything.

However, it was a little awkward.

Mo shenbai knew better than anyone how heart-piercing the pain of having his fingertips pierced was.

It was really difficult for him to do such a thing to Youyou!

Mo Zhiyun had only provided her with an idea. As for how Youyou had woken her up, she didn't know. The rest was up to mo shenbai's choice.

Mo Zhiyun stayed in the ward for a while longer before Lu He Yun sent her back.

Mo shenbai called PEI Chuan over. do you still remember how you woke Zhiyun up? "

PEI Chuan thought that he was going to get even with him and immediately lowered his head and admitted his mistake. I'm sorry, President mo. Miss mo is the one who keeps pestering me and forcing me to tell you. I really ...

Before she could finish, mo shenbai interrupted her. do you think we can wake Youyou up the same way? "

PEI Chuan was stunned.'He's not looking for me to settle scores!'

PEI Chuan's heart trembled when he met mo shenbai's hopeful eyes. He swallowed the uncertain words that were on the tip of his tongue.

She didn't want to break his fantasy. What if he succeeded?

"I can try!" He answered conservatively, " even if she doesn't wake up, her condition won't be any worse than now.

Mo shenbai might have made up his mind long ago, but he just wanted someone to confirm his decision.

A man who was decisive in the business world had now become timid and overcautious.

"Go and get a needle." Mo shenbai's thin lips parted slightly. After he finished speaking, he added, " the finer, the better.

The hospital's syringe was too thick, and he was afraid of hurting her.

PEI Chuan was very efficient and brought back a set of acupuncture tools in no time.

The needles used for acupuncture were extremely thin and much better than those used for sewing clothes.

Mo shenbai chose the thinnest silver needle. After disinfecting it, he held Xu Youyou's hand. His dark eyes were filled with heartache. triplets, bear with it ... It won't hurt very soon.

As soon as he finished speaking, he gritted his teeth and ruthlessly inserted the silver needle into the finger of her middle finger. When he pulled it out, a drop of blood quickly appeared.

He looked up at Xu Youyou's face. His eyes were full of hope, but they gradually turned dark ...

Could it be that this method was useless?

Then how did she wake up Zhiyun?

Mo shenbai lowered his head and sucked her finger, sucking the blood off his fingertip. The fishy and sweet taste filled the empty space, mixed with a strong bitterness.

PEI Chuan hesitated, "is it not deep enough?" Why don't you use another finger to stab deeper?"

Mo shenbai's eyes were filled with ruthlessness. He waved away the acupuncture tools and said in a cold voice, " get lost!

It's useless!

None of this would wake Youyou up!

PEI Chuan was so frightened that he took two steps back. He did not even dare to breathe or say another word.

Mo shenbai leaned over and hugged Xu Youyou. He turned his head to kiss her forehead and apologized guiltily, " I'm sorry. I hurt you ... It's my fault. I shouldn't have listened to their bad idea. I'm sorry, triplets ..."

I didn't protect you well, it's all my fault!

PEI Chuan squatted on the ground and picked up the silver needles that had fallen on the ground to avoid hurting anyone. When he got up and wanted to go out, he accidentally saw Xu Youyou on the bed. His eyes widened and he began to stutter ...

mo, mo, President mo ...

Mo shenbai hugged Xu Youyou tightly. He felt as if his heart was being cut by a knife. He didn't want to say another word at all. He scolded coldly, " get lost.

PEI Chuan pointed at Xu Youyou agitatedly, " President mo, you're a-awaked...Wife... You're awake!!

Mo shenbai's body obviously stiffened. For a moment, he hugged Xu Youyou without any reaction, suspecting that he had heard wrong.

What was PEI Chuan doing?

Oh ... He's awake?

Xu Youyou opened her eyes slowly and felt something heavy pressing on her body. Her fingertips were in excruciating pain. Her voice was hoarse and weak as she said each word.

“My hand ... Hurts ...”

Mo shenbai finally raised his head and met her dazed eyes. His eyes suddenly turned red and misty ...

“You’re awake ... You’re finally awake ...” He said.

Her voice was choked with emotion, and she couldn’t control her emotions. Tears fell on her face and slowly slid down her cheeks, as if she was crying ...

“You’re finally awake.” Mo shenbai hugged her again, so tight that there was no gap.
