

**Chapter 363: I really, really love you (1)**

Xu Youyou's mind was in a mess, but the warmth of mo shenbai's embrace made her feel that it was real.

He ... Had returned to reality?

She lifted her weak hands extremely slowly. She was careful and afraid. As she slowly hugged him, tears suddenly flowed out of her eyes.

I'm not dreaming, I'm really not dreaming. I'm carrying da Bai in my arms.

She could finally hold him tightly.

Tears gushed out like a fountain and couldn't be stopped. His hoarse voice was as light as a Willow catkin ...

"Da Bai, da Bai ..."

"I'm here," Mo shenbai replied to her with a choked voice, " I'm always here. Don't be afraid! It's alright now, no one can hurt you anymore."

Xu Youyou cried not because she was afraid or hurt, but because she saw the heartache he had suffered in her dream.

How did he survive all these years?

All the grievances and hurt he had suffered, all these years of loneliness and inner suffering, he had endured all of it alone. How could he endure it?

Xu Youyou cried so hard that she couldn't breathe and the scene in front of her began to make her dizzy.

Mo shenbai noticed that something was wrong with her and immediately said, " PEI Chuan, call the doctor."

PEI Chuan, who was immersed in his joy, finally reacted. Oh, yes! I'll go now ..."

The doctor was happy to know that Xu Youyou had woken up and went forward to do a physical examination. The nurse comforted her and told her not to be so agitated.

Xu Youyou's eyes were as red as a rabbit's as she looked at mo shenbai with tears in her eyes.

Originally, the doctor wanted to ask the others to leave, but seeing her like this, he could only ask Mo shenbai to stay and the others to leave.

Half an hour later, the doctor put away his stethoscope and said to mo shenbai, " congratulations, Mr. Mo. Mrs. Mo has woken up. It seems like there's no major problem at the moment.

Mo shenbai was worried and asked with a straight face, ""Then she won't fall into a coma again, right?"

The doctor shook his head. I don't think so. Don't worry.

With the doctor's answer, Mo Shenbai's suspended heart could finally rest on the ground. He sat by the bed and held her cold little hand tightly. The doctor said that you're fine. Don't worry.

He thought that Xu Youyou was worried about fainting again.

Xu Youyou pursed her lips and did not say anything. She took the initiative to put her slender arms around his neck and asked for a hug.

The doctor and nurse looked at each other and had the same thought. There's no need for an extra meal for lunch today. I'm full of this dog food. Burp ~

Mo Shenbai and Xu Youyou hugged each other tightly. They only had each other in their eyes and could not see anyone else.

The doctor and nurse left silently.

Mo Shenbai turned his head and kissed her forehead. It's okay. It's good that you're awake.

He coaxed her gently and didn't mention the suffering and heartache he had felt while guarding her these days.

He had been waiting for her to wake up every day, but he had been worried that she would never wake up again every second.

Xu Youyou wrapped her arms around his neck tightly, tears still flowing from her eyes. Da Bai, I love you. I really, really love you ... I love you more than anyone else in this world. If it weren't for you, I would have left this world a long time ago.

Mo Shenbai's eyes were hot as he gazed at her affectionately.

His fingertips gently stroked the tears under the corners of her eyes. I love you very much too.

Xu Youyou sniffled. I'm not leaving. I won't go anywhere in the future. I'll stay by your side and won't be separated from you for even a second.

If she hadn't seen what he had gone through with her own eyes, she probably wouldn't have understood why Great White didn't agree to her studying abroad.

But now she understood everything. It wasn't that he couldn't accept her going abroad, but that he couldn't accept that her first choice wasn't him.

When he was young, Bai Ying had chosen Mo Qianyue and abandoned him. Although Mo Teng had chosen him, he had been busy with the company all day and had no time to take care of him.

He had grown up alone and had no company for such a long time.

To him, her appearance was like a straw in the hands of a drowning person, useless but the greatest comfort in his heart.

If he left, it would be a fatal blow to him. It would destroy the inner world that he had just repaired.

Mo Shenbai shook his head, his thin lips pursed into a smile. No need.

He wiped her tears with his fingertips and said, "From now on, you can go wherever you want. Whether it's Paris or London, or anywhere else in the world, you can go. I just want you to be safe and happy."

He had kept her by his side for long enough. It was time to let her go and return her freedom.

Xu Youyou quickly shook her head. She would never leave him again.

"You've just woken up and your body is still very weak. Let's not talk about this for now." Mo shenbai helped her down. you should rest first. I'll ask PEI Chuan to inform our parents. They've been worried about you these days.

Xu Youyou had a stomach full of words to say, but when she met his gentle eyes, she could only swallow them.

Moreover, she was indeed weak and dizzy.

Xu Jiushi and Cheng Ying came very quickly, and they arrived in half an hour.

As soon as Cheng Ying entered the room and saw her wake up, tears fell involuntarily, crying with joy.

Xu Youyou apologized guiltily, "I'm sorry to have made you guys worry again.

Cheng Ying held back her tears and shook her head. it's good that you're fine. It's good that you're fine.

Xu jiusheng did not blame her, but comforted her with his wife, "it's good that you're fine. Nothing is more important than your life.

Xu Youyou felt even guiltier when she heard what they said. She reached out and hugged her mother.

"Mom, I love you and dad, just like how you and dad love me."

Cheng Ying was stunned, and her tears fell again. It didn't seem like it was happening in front of a junior. She quickly wiped her tears and glanced at her husband.

Xu jiushu also couldn't help but cry.

This was the first time their daughter had said she loved them in so many years. Although it was a little nauseating, they were really touched

Xu Jialu received the news and rushed over. He was so happy and excited that he wanted to cry, but when he pushed open the door and saw the three of them hugging together with mo shenbai standing next to them, he suddenly didn't want to cry.

It seemed that there was no difference whether he was here or not.

Her Phoenix eyes swept over the other extra man. We're both in the same boat!

Mo shenbai's cold eyes swept across his face. He raised his chin slightly, and his attitude was obvious. Who's like you?

Xu Jialu coughed.

The three of them didn't respond.

cough, cough, cough, cough ... Xu Jialu coughed even louder. Even a deaf person would have heard him.

Xu Jiushu wiped away his tears and looked at his son in disgust, " "Did you spit? Go to the doctor for phlegm."

Xu Jialu rolled his eyes. I'm standing here alive. Can't you show me some respect? " Does this family still have my place?"

"No, I didn't," Cheng Ying's answer was very straightforward. you're already so old, but you haven't even married a wife yet, and you still want status in the family. Even Da Mao has a higher status than you.

Xu Youyou blinked her eyes. who's Da Mao? "
