

Chapter 364: I'm hurting you _1

"It's a stray dog that your mother picked up," Xu Jiushu explained.

Xu Youyou was left speechless.

It wasn't that she wanted to laugh, but she really couldn't hold it in and burst out laughing.

She had only taken a nap, but her brother's status in the family had plummeted.

"What are you laughing at?" Xu Jialu rolled his eyes at her and strode forward. do you know how worried we've been about you? "

He bent down to carry Xu Youyou.

Mo shenbai quickly grabbed his collar and took him away.

"F * ck!" Xu Jialu turned around and glared at him. "What are you doing?"

"She just woke up and is still very weak."

"So?"

"I can't stand your reckless hug." Mo shenbai said matter-of-factly.

tsk ... Xu Jialu wanted to refute him, but he was jealous.

"That's right," Cheng Ying agreed,"you're so strong and don't know your limits. Don't hurt me, yo."

Xu Jialu felt that if he didn't resist, he would really lose his position in the family.

Madam Cheng, allow me to remind you that I'm the real son you gave birth to after ten months of pregnancy.

"And he jokingly-pointed at mo shenbai and said in-light tone, ""You're a pig that dug your own cabbage."

Xu Youyou frowned slightly and retorted in a low voice, " "My da Bai is not a pig."

Xu Jialu rolled his eyes at her,"you're a Chinese cabbage who's on the side of an outsider!"

Madam Cheng smiled faintly. at least other pigs know how to dig up cabbages. What I gave birth to after ten months of pregnancy is worse than a pig.

Xu Jialu was speechless.

Forget it, I don't want to stay in this house.

Xu Youyou had just woken up, so she was weak and listless. Cheng Ying and the others left after sitting for a while.

Mo shenbai was taking care of this place, so they were very assured.

Xu Jialu, on the other hand, didn't want to leave. Madam Cheng pulled his ear and dragged him out. since you're not busy, you'll go on blind dates starting tomorrow!

"I'm not going. How can I give up the entire forest for a blade of grass?"

"If you don't go, I'll burn your entire forest!"

"Dad ..."

"There's no use even if you call me grandfather." Xu Jiushan firmly supported his wife. your mother is right! When I was young, I was devoted to love. How did I give birth to such a womanizer like you?"

"Then you're not as handsome as I am. If you were ... Ouch ..."

Xu Jialu's butt was kicked by Xu Jianshu.

"You little brat ..."

When Xu Youyou heard the voice coming from outside the ward, she pursed her lips and her heart warmed.

Although her brother had been quarreling with her parents all these years and seemed to favor her on the surface, she knew that her parents loved them the same way!

She had always had the best family in the world.

Mo shenbai poured her a glass of warm water. what are you laughing at? "

Xu Youyou looked up at him, pursed her lips, and said, "My family is good, isn't it?"

Mo shenbai nodded without any hesitation. very good.

Even if he didn't protect Youyou well, Xu Jiushi and Cheng Ying didn't blame him at all. If it were others, they would have beaten and scolded him.

They didn't do that. They only wanted Youyou to wake up as soon as possible.

"They will be your family in the future." Xu Youyou smiled faintly. I'm your family too.

Mo shenbai reached out and caressed her cheek. you're not my family. You're the person I love the most in my life.

Family was family, and a lover would always be a lover. They would never become family.

Xu Youyou smiled and lowered her head to drink some water.

Mo shenbai took the empty cup and helped her lie down. you just woke up and your body is still very weak. You need more rest.

Xu Youyou looked up at his eyes. There were obvious dark circles under the corners of his eyes, and the fatigue on his face could not be hidden.

"Did you not rest well?"

Her heart ached at the thought of him guarding her for days without rest.

Mo shenbai's thin lips curved up slightly. I'm not tired.

As long as she could wake up, all the fatigue was nothing.

Xu Youyou shifted her body to the side and patted the empty space. sleep with me for a while.

Mo shenbai hesitated, took off his coat, and lay down beside her.

Xu Youyou took the initiative to lean into his arms. The faint wooden scent of his body lingered in the tip of her nose, and she revealed a happy smile.

"It's still the same familiar taste. It's good."

Mo shenbai lowered his head and kissed her on the forehead. I use the perfume you gave me every day.

The doctor said that even though she was unconscious, she might be able to hear what he said and smell his scent. That was why he would talk to her a lot every day and put on the perfume she gave him on his wrist.

Xu Youyou snuggled into his arms and suddenly raised her hand to look at her fingers.

"What's wrong?"

"My fingers hurt when I just woke up."

Mo shenbai was silent.

Xu Youyou looked up at him. do you know what happened? "

Mo shenbai's expression was a little hesitant, and he answered unnaturally, " I ... Stabbed it with a needle.

Xu Youyou was speechless.

Da Bai, have you been infected by the white cherry blossom?

"Zhiyun asked me how you saved her." Mo shenbai's Adam's apple bobbed and he looked a little embarrassed. there was a camera in the ward at that time. I saw you prick Zhiyun's finger.

Xu Youyou understood without saying anything else. She sighed and smiled helplessly.

Mo shenbai was stunned. didn't you wake up because I pricked your finger? "

"Of course not." Xu Youyou denied it immediately. back then, I, Zha Zhiyun, lost my finger because she drowned. There was a blood ending bug in her body. My blood can suck this bug out.

Mo shenbai's deep eyes were full of doubt as he looked at her. why can your blood attract this kind of bug? "

I'm not sure about the details, but when I was very young, my grandmother told me that my blood is different from others and many animals like it. That's why I attract mosquitoes in the summer.

"What's that blood end bug?" He had never heard of it.

this is a kind of worm that lives in the water. It's very small and transparent. It can enter a person's body through the seven orifices and suck their blood. That's why Zhiyun can't wake up. He even knew that he could see the future in his dreams. There was no need to hide these things.

"Then how do you know all these?"

I heard from my Grandpa next door when I was young. I don't like to watch him cook. When he was bored, he would tell me a lot of strange things.

Mo shenbai's hand on her shoulder tightened involuntarily. He lowered his head and kissed her face again. I'm sorry for hurting you.

Xu Youyou shook her head. It's alright. It doesn't hurt that much anymore.

"Then how did you wake up?" Mo shenbai asked.

"I've been dreaming, and I woke up after the dream." Xu Youyou yawned and said with tears in her eyes, "It's good to see you when I wake up."

Mo shenbai still had a lot of questions to ask, but seeing that she was tired, he lowered his head and gave her a light Peck on the lips.

"If you're tired, then sleep. I'll accompany you."

Xu Youyou closed her eyes and fell asleep without realizing it.

It didn't take long for him to enter the dream again.
