

Chapter 373: Fainting from the pain (1)

“You really think we can’t do anything to you?” Mo qinghuan was embarrassed by her flirting. She had never seen such a shameless person, even more shameless than Bai Ying.

Qin zhengzhen raised his trembling hand and wiped away the tears on his face. He laughed. anyway, my cheap life is worthless. If you want me to compensate you, then I’ll do it.

“I don’t need your life. Get lost.” Mo Shen’s white and thin lips parted slightly, and his voice was calm without any fluctuation of emotion.

“Deep white!” Mo qinghuan furrowed her brows. She was very dissatisfied with the way he had handled the matter.

This was too easy on this old woman!

Mo shenbai was unmoved. It had been so many years since the incident, and he no longer cared about the truth of the past.

He had no interest in taking revenge on an old woman in her twilight years.

Xu Youyou was more composed than mo qinghuan. She ignored mo shenbai and turned to Qin zhengzhen, who had heaved a sigh of relief.

“Da Bai’s kind enough to let it go. You should thank him.”

Qin zhengzhen looked at mo shenbai and said, “Thank you, young master.”

She got up and prepared to leave.

Xu Youyou stood up and looked at her back. wait a minute, ” she said coldly.

Qin zhengzhen turned around and looked at her. young Madam, do you have any other orders? ”

da Bai said he won’t pursue the matter, so I definitely won’t pursue it. However, I still have a question I’d like to ask!

Qin Wanwan was puzzled. what question? ”

someone entered qianyue’s room before she died. That person was you, right? ” Xu Youyou’s voice was very soft, but it carried a bone-piercing chill.

Mo shenbai’s lazy eyes suddenly narrowed and shot a sharp look at her.

Qin zhengzhen panicked. yes, so what if it’s me? ” Back then, miss lost her footing and fell down. The police have investigated clearly.”

“Did the police really investigate it thoroughly?” Xu Youyou sneered and asked coldly, ” or did you lie to the police? Otherwise, why would qianyue suddenly climb out of the window?”

“How would I know!” Qin zhengzhen suddenly raised his voice, as if he was trying to hide something. I just went in to give her a glass of water. I didn’t do anything! What does it have to do with me that she

fell down on her own? The police didn't even say I'm guilty, what do you mean? Are you trying to frame me for miss's death?"

Xu Youyou's expression was calm and she was not affected by her emotions. She continued unhurriedly, "you didn't do anything. You only told her that Bai Ying would send da Bai to the mental hospital. There are abnormal people there and da Bai won't be able to come out after he goes in.

Mo qianyue cared so much about her brother, so how could she accept her mother sending her brother to a mental hospital? that was why she wanted to run away from home and climb through the window to look for her brother ...

Her death was an accident, but it was not a pure accident!

If Qin zhengzhen hadn't said those words to her, mo qianyue might not have died.

Qin zhengzhen's eyes widened as he stared at her in disbelief. no, impossible ... You can't possibly know all this ...

At that time, only she and Mo qianyue were in the room when she said these words. Mo qianyue was already dead, so how could Xu Youyou know?

"If you don't want people to know, then don't do it!" There was no sympathy in Xu Youyou's Black eyes, only endless coldness and disgust. you're the real murderer who killed qianyue. You killed a person and have lived with a clear conscience for so many years. Don't you feel any guilt and regret? "

How could the human heart be so unbearable?

Qin zhengzhen reacted, and the smile on his face was a little distorted. why should I feel guilty? I didn't ask her to climb over the window, and I didn't push her down! She's the one who's looking for death with me. "

Before she could finish her sentence, mo qinghuan had already reached the end of her patience and slapped her hard in the face.

She used all her strength and Qin zhengzhen was smacked down.

Mo qinghuan bent down and grabbed her collar. Her cold voice was filled with anger as she said, " she's still so young. She could have grown up well and had a good life, but you ruined her!

That cute little girl had once told her in secret that she wanted to be a police officer when she grew up and catch all the bad guys. She had once said that she would protect her and not allow anyone to bully her again ...

However, she did not live through that winter and died in the hands of these dirty people.

Qin zhengzhen felt a burning sensation on his face, and his head was spinning. Even his mouth was filled with the taste of blood. He tried to pry her hand away with his bony hands.

Mo qinghuan's hand, which was tightly gripping her collar, did not move an inch. His cold eyes looked as if he wanted to cut her into a thousand pieces!

Mo shenbai, who had been silent, finally got up and walked over. He gently held her wrist, and his thin lips opened slightly. His mechanical voice sounded, "let go."

Mo qinghuan didn't understand. Shen Bai ...

This old lady had caused qianyue's death. He wouldn't let it go, would he?

There was no expression on mo shenbai's cold features. He silently tightened his grip on her hand, and his attitude was self-evident.

Mo qinghuan shook Qin zhengzhen off in anger.

Qin zhengzhen's body collapsed, and he had to support himself with both hands to prevent himself from falling to the ground like a pile of mud.

Mo shenbai squatted down and stared at her with his eagle-like eyes that were as dark as an abyss. His thin lips opened slightly. I sincerely wish you a long life, a life as long as the southern mountain.

Qin zhengzhen was taken aback. He didn't understand what he meant.

Everyone present, except Xu Youyou, looked at mo shenbai in confusion. How could he still wish this evil old woman well?

because that's how you can see your children and grandchildren's ambitions unfulfilled, their families broken, and their families destroyed.

The cold voice seemed to come from hell.

Qin zhengzhen came back to his senses and hurriedly hugged mo shenbai's leg as he stood up. He begged bitterly, "I ... I know I'm wrong ... I really know I'm wrong ... I shouldn't have caused young miss's death. I'll pay her with my life ... Please let my family go! I beg you to let my family go, young master ..."

People were like this. If it did not concern their own interests, they would never be able to empathize with their loved ones.

Mo shenbai lowered his head, his cold eyes calm and cold. it's too late ...

If she had only framed him back then, he might not have touched her family today. However, she should not have touched qianyue ...

That was his twin sister. No one knew better than him what qianyue had felt when she died.

His entire body seemed to have been torn in half. He could even feel the pain of qianyue before she died. Her whole body was in pain, so much so that she couldn't cry.

At that moment, he was in so much pain that he fainted.

Qin zhengzhen's hand was like a dried branch as he clutched his pants tightly. He cried and begged, "let them go, young master, I beg you to let them go ... They are innocent ..."
