

## Pampering

### 381 Chapter

Promise raised the corner of the painting. Sure enough, the back of the painting was hollowed out, and a safe was inlaid. Promise to take the painting down carefully and put it on the ground. She looked at the combination lock on the safe and hesitated and entered Allen. 'S birthday, it really prompts that the password is wrong.

She thought about it and entered a series of numbers, but it was still wrong. The third and final chance, the password of the safe can only be entered three times. If the third time is wrong, an alarm will be issued. Others found that Promise's eyes were dark, and she entered a string of numbers with her teeth, the door of the safe opened, and her face instantly turned pale.

"Alan, do you really love her so much? Even the safe's password must be set to her birthday." The promise whispered softly.

She opened the safe and took out a small flashlight. The light of the flashlight was very weak and she could only see clearly the scene in front of her.

There is nothing in the box. In addition to a photo album, there is a small box and a folder. Promising to open the small box first, there is a piece of jade lying quietly in it. Allen often plays with it in his hand. It is said It was the piece of jade left by Shen Qinglan. Allen had always carried it with him before. This time somehow he didn't care about it.

He promised to look at the jade in the palm of his hand, and his face was changeable, and finally she put the jade back. She picked up the album and turned it over. They were all photos of a girl. From childhood to girlhood, every scene Not the same, but the same is the girl's cold eyes, promising not to know who the person in this photo is.

Her hands clenched into fists tightly, looking at Shen Qinglan in the photo for a long time, until her hands were stiff, then she put the things back, she picked up the folder, didn't read it, and closed the safe directly. The door, to restore everything as it was, promised to leave Alan's room quietly, as if he had never been there.

\*\*\*\*\*

When Allen went to the capital this time, she just stood in the corner and looked at Shen Qinglan, watched her go shopping with her friends, saw her laughing and laughing with her mother, and naturally

saw her with Fu Hengyi. Gentle look.

Alan returned to the castle and shut himself in the room. He drank silently alone, and did not find that his room had been touched. Something was missing in the safe. He looked at the painting on the wall. The eyes are gentle, "Xiaoqi, why do you say I can't be cruel, keep you by my side, even if you break your leg, as long as you stay with me, I have thought about this countless times. Probably, I want to do this countless times, but every time I see you, I can't keep my heart down. What medicine did you say you gave me that made me feel bad for you?"

"Xiaoqi, am I not good to you? Why did you leave me and fall in love with a soldier, do you know that he will hurt you? In this world, only me, only I love you the most, and will not hurt you, Xiaoqi, will you come back to me?"

The door was opened from the outside. Peter walked in and smelled the alcohol in the room. It was no surprise that every time Allen returned from the capital, this was the state. He had been numb from the initial shock.

"Go out." Allen said fiercely, looking at Peter's eyes with a vulture. Peter was already not afraid of him and snatched the bottle in his hand. "Don't drink it, otherwise I will be in vain after so many years of hard work. Alan, it's just a woman, are you as far as?"

Alan also wanted to ask whether he was placed, just a woman, he didn't want as much, but there are thousands of women in the world, neither of which is Shen Qinglan, nor the little seven he loves.

"Get out." Alan snarled, reaching for another bottle of wine. Peter kicked his foot and kicked the bottle away. Alan was baptized with a vicious look. Peter said he was strong. My heart can't afford it.

"Allen, I have something serious to tell you. I will leave for a while tomorrow. I won't be back for a short time. I will give you the medicine in the old place. If your leg hurts badly, you will eat it yourself, but the dose should be controlled by yourself, don't wait for me to come back and only collect the body for you."

Alan rarely looked up at him, "Where are you going?"

Peter raised his eyebrows and looked at Allen in surprise. "I thought you would just let me get out of it. I didn't expect to care about me."

Allen glanced back, "When I didn't ask, get out."

Peter did not get out, but said, "I owed a relationship a few years ago, and now I am going to return this

relationship, about a month or so, I will leave you with a dose of medicine for a month, preferably less. Take it, your current situation will only increase the resistance of your body to medicine, and the only person who suffers in the end will be yourself."

Allen didn't speak. His own body knew that the injury was too heavy. Although he saved a life, the whole person was also in a state of semi-disability.

"Got it, get out." Allen said coldly.

Peter shook his head, "Allen, if you learn to be gentle with people and show your concern for others, then you have already embraced the beauty." After that, before Allen got angry, he was lucky.

As soon as I went out, I saw the promise, standing outside Allen's room and wandering.

Peter chuckled, "Why do you stand here, go in if you want to go in."

Promise glanced at him, expressionless, turning around and wanting to leave, but thinking about it, he went straight in.

Peter was neglected completely, but he didn't care at all. No one except Alan was promised in his eyes.

When he promised to go in, he saw that Allen was drinking, and half of a bottle of wine was gone, "Master."

Alan didn't look at her, and drank herself, but didn't say to let her go out. She promised to straighten her hair, dyed it back to black, and put it on her shoulders. She was wearing a casual suit. At first glance, There is still a little bit like Shen Qinglan.

Promising to watch Allen drink like drinking water, with a distressed and restrained distress in his eyes, "Master, stop drinking."

"Oh." Allen sneered. "Can you still control me now?"

Xu Nuo shut up and stood on the side to act as air, and Allen thought she was air.

"Little Seven." Jiujiu came up, and Alan shouted a name in his mouth. It was a name that promised to be quite familiar. Seven, Shen Qinglan's codename, at the Devil's Base, everyone had a codename, even promised Exception, but Seven is always vacant.

She didn't understand before, now she knows, because Seven is already there, in Allen's heart, Seven represents that person, so he doesn't even want people to use the same codename as her.

Promise's eyes were very dark. She looked at Alan who had been drinking. She spoke softly, "Alan, this is Xiaoqi."

Alan was drunk and seemed to see Shen Qinglan. He stood in front of him at the moment and whispered his name softly. He smiled softly. He smiled softly. "Little Seven, come here," he held out his hand.

Promise looked at the big hand in front of her, and her eyes were full of longing. She slowly put her hand up. Allen pressed hard, and the promise fell on the bed. Then, Allen's face appeared in front of her. Never close.

"Little Seven?" Allen called.

Promise has a slight pain in her heart, closing her eyes, "I'm Xiaoqi."

Allen's kiss fell on her lips, "Little Seven, I miss you so much."

Promise closed her eyes painfully and hugged Alan tightly. What about alternatives? As long as she could be with Alan, she would be willing.

...

"Get out." Early the next morning, Allen's angry voice was heard in his room.

Promise was kicked by Allen under the bed, his forehead hit the bedside table, and he grunted, but it was too late to cry, and quickly got up from the ground, "Master."

She had no clothes on her body, and she was covered with traces of love. Even the fool knew what happened last night. Allen looked at the vulture, "Get out, don't let me say it a second time."

Promising bitterness in his eyes, he dared not look at Allen with his head down, picked up the clothes on the place, put it on his body, and left Allen's room. Allen got up from the bed without expression and went straight to the bathroom naked. From the inside, I saw the messy bed and the faint hormonal smell in the air, and the frost in my eyes was thicker.

"Replace everything in the room for me." He said coldly, speaking to the butler who had just come in.

The housekeeper saw the promise to come out of Allen's room early in the morning and came in to see it. Seeing this scene, it suddenly became clear, he responded and retreated. Soon afterwards, he brought a few people and instructed the person to change the bed in the room. After the switch was almost complete, he looked at Allen and asked, "Do you want to change the painting on the wall?"

"No, go out," Allen said, his eyes falling on the painting, and the frost in his eyes gradually melted.

When no one was in the room, he carefully took out the painting, opened the safe, took out the album, but just opened the album, Allen was furious, because the thing was moved, he quickly went to check other Everything should be there. But he didn't feel any better in his heart.

As soon as the housekeeper returned downstairs, Allen called him back.

"Say, who entered my room while I was away." Allen's voice was cold, without the slightest temperature.

The steward said, "Except the Filipino maids who cleaned, only me and Dr. Peter. Dr. Peter came in and took a book, and soon went out."

"nobody else?"

"Yes, no one else."

Allen's expression wasn't any better because of the housekeeper's words. He waved his hand, "Go out."

The butler left the room, Allen took out a pair of gloves, put them on his hands, took out the contents of the safe, put them on the table one by one, took out a bottle of reagent from the drawer and sprayed on these things, Soon, fingerprints appeared on the surface of these things. At a glance, it could be seen that the fingerprints of two people who were clearly different belonged to Alan's eyes.

He printed the other finger, and then put the things back one by one, calling the housekeeper back, "Check me who this fingerprint belongs to." Their internal database contains everyone's fingerprint information.

The butler picked up the things, then left, and came back soon afterwards, "Promised."

Allen laughed, and smiled very nicely, but this smile made the housekeeper on the side shudder and a chill appeared on his expressionless face. This time he promised not to know what was done, which angered Allen.

After promised to take a shower, the room door was opened as soon as he planned to lie down and rest. Two men came in and took her by the arm to take her away. Promise wanted to struggle, and one of the men said in a cold voice, "Boss please You went there in the past."

Xu Nuo suddenly gave up struggling, followed the two to the dungeon, saw Alan sitting in the cold expression, promised a bad hunch in her heart, she stood in front of Alan, lowered her head, "the host."

Allen chuckled, and promised that the uneasiness in her heart expanded infinitely, and when she panicked to the extreme, Allen finally spoke, "Promise, I really underestimate you, and dare to steal something from my room, Very good, I really don't teach you."

Xu Nuo suddenly changed his complexion.

Fucheng in Beijing.

Shen Qinglan looked at Fu Hengyi, who had been absent since he came back. After he made the wrong color again, he finally couldn't help but ask, "What are you thinking?"

Fu Hengyi was pulled back by Shen Qinglan's voice, and after hearing her question, she smiled, "Just thinking about what to develop that development plan."

Shen Qinglan knew that Fu Hengyi had handed over a plan to Han Yi. After all, she was the first person to see the plan, but Shen Qinglan was sure that Fu Hengyi had thought about it absolutely.

"Fu Hengyi, you didn't tell me the truth." Shen Qinglan said.

Fu Hengyi smiled helplessly, and he seemed to be less and less able to hide his emotions in front of Shen Qinglan. After thinking about it, Fu Hengyi told Shen Qinglan what Shen Qian had known about her past.

Shen Qinglan's expression was calm, but the emotion in her eyes was constantly surging. She now suddenly understood Shen Qian's abnormality this morning, "How did he know?"

Fu Hengyi told Shen Qinglan about the anonymous mail sent by someone. Shen Qinglan naturally did not expect that the destroyed material would still exist, and it was still in the form of a paper manuscript.

Alan, Shen Qinglan gently called the name, his eyes full of cold murderous.

Fu Hengyi took Shen Qinglan's hand, "Don't worry."

Shen Qinglan couldn't help worrying. She was not worried about the exposure of her identity, but the chain reaction after the identity was exposed. Now only Shen Qian knows, what if Allen goes crazy and leaks the information to others?

Allen was a lunatic, and she had to imagine this. And now things have moved in a direction beyond her control.

"Qing Lan, look at me." Fu Hengyi said warmly.

Shen Qinglan looked at him quietly, and Fu Hengyi spoke quietly, "No matter what happens, you must not move away from my thoughts. I know what you are worried about. These things you leave to me, Qinglan, the only thing you have to do The thing is to stay by my side and don't think about anything."

Shen Qinglan was stunned, the smile on Fu Hengyi's mouth was gentle, "I will accompany you no matter what."

"Fu Hengyi."

"Don't say thank you, we don't need it."

Shen Qinglan smiled and nodded, "Uh."

She did not continue to paint, but put down the brush and left the studio with Fu Hengyi, thinking about whether to call Jin Enxi when Yan Anbang's phone came in.

Shen Qinglan looked at the name on the phone screen and pressed the call button.

"I'm in Beijing now, and I want to see you." Yan Anbang opened the door.

Shen Qinglan glanced at Fu Hengyi and reported the address of his tea house. Fu Hengyi knew that she was going to see Yan Anbang. Shen Qinglan comforted him. "Yan Anbang is not a dangerous person. I think he should have found something. I will let Enxi go with me, don't worry."

Fu Hengyi knew that Jin Enxi would be with him, and he agreed.

When Shen Qinglan arrived at the teahouse, Yan Anbang was already there.

"Waiting for a long time." Shen Qinglan said.

Yan Anbang glanced at Jin Enxi, and Shen Qinglan said quietly, "Enxi is a trustworthy person, just say something if you have something to say."

"I went to investigate Qin Yan." Yan Anbang said, "Qin Yan is indeed my friend's cousin, but it is not the Qin Yan I know. The real Qin Yan disappeared as early as 20 years ago, her family also moved away from where he lived."

Shen Qinglan was not surprised by this result, because after the last time he returned from Nancheng, Jin Enxi went to investigate, and the answers obtained were not inconsistent with the results of Yan Anbang's investigation. It seems that Yan Anbang has also seriously checked.

Seeing Shen Qinglan's expression unchanged, Yan Anbang asked, "You already knew?"

"It's a little earlier than you know. I'm curious about something. Why would your friend not even know his cousin?" This was the most surprised thing when Shen Qinglan saw the information.

Yan Anbang also considered this question, "The two Qin Yan looked a little bit like that. My friend didn't have much contact with relatives in the country, and I have even seen them for several years."

It is also explained in this way. It seems that Qin Yan had taken pains to get close to Yan Anbang. As for the real disappearance of Qin Yan, I am afraid that there are many evils. After all, the most secretive

person in the world is the dead.

"Why does Qin Yan deal with you? Or why do you and my father provoke Qin Yan?" Shen Qinglan asked the doubt in his heart.

Yan Anbang was also puzzled, "I don't know. I'm pretty sure that this is the first time I saw Qin Yan. I haven't had any intersection with her before. As for your father, then I don't know very well. Although your father and I used to be soldiers in a unit, we withdrew from which unit after we performed the last task, and then returned to our hometowns for development. We have not been in contact for many years."

Yan Anbang now knows everything about Shen Qinglan's culture.

Shen Qinglan's eyes narrowed slightly, "Last task? Is it convenient to say?"

When it was mentioned, Yan Anbang's eyes flashed with pain, and he smiled bitterly, "There is nothing to say. After all, things have passed for more than 20 years. Although the unit where your father and I belonged was a special force, The nature is not the same as the general special forces, and your husband can understand this more."

Shen Qinglan understands that in any country, there are things that cannot be placed on the bright side, and things that cannot be known to ordinary people, and these things always need someone to do, which is no exception in any historical dynasty. , Although it is now a highly developed civilized society.

And Fu Hengyi they are such a group of people, specifically to solve some things that can not be declared.

Yan Anbang continued, "We often need to go out to perform a variety of dangerous tasks. Each task may be the last one, and your sacrifice cannot even be like a policeman, holding a grand memorial service to let people remember To live with you, even if someone like us is sacrificed, only the insiders know and remember your merits. In the last mission, a total of 100 of our two teams returned only four."

Shen Qinglan's expression changed. Such a sacrifice, even if Yan Anbang did not say that she could imagine the tragic situation at that time.

"In those days, there was a mercenary who stopped being active at the border. Just like the previous BK, the people inside were all people who did everything. They even slaughtered people in a town just to satisfy their perverted happiness. The means were extremely Cruel, our task is to kill them."

It was an extremely tragic battle, because the weapons and equipment could not keep up with their advanced, they suffered a lot of losses, plus the original is the world's famous mercenary regiment, the members inside will naturally not be flooded, that one The battle lasted for seven days and seven nights. At that time, he and Shen Qian were captains, each leading his own person, watching the comrades around him fall one by one in front of them, and lost their lives. Yan Anbang and Shen Qian were simply

Are going crazy.

Finally, he and Shen Qian teamed up to destroy the head of the organization, and that battle was considered to be over.

"What's the name of that organization?" Shen Qinglan's heart faintly had a bad hunch.

Yan Anbang said a name, and Shen Qinglan's calm face finally changed.

"Do you know this organization?" Yan Anbang asked.

Shen Qinglan nodded slowly. "At the beginning, Qin Mu and I were brought into this organization."

Yan Anbang looked at her deadily, "You said that Qin Mujin is this organization?"

"Yes."

"It's impossible. The boss of the organization had already been killed by us. The dead can't die anymore, and the members inside have been destroyed. How could such a thing happen." Yan Anbang couldn't believe it. This is the organization that he personally destroyed, but now someone told him that this organization was not destroyed at all, and even his daughter died in it.

"That leader is Karl?" Shen Qinglan asked, the name she just remembered. Since she came to the Devil's base, the boss of the devil organization has been Allen. You will know that the last leader is called Karl or because By chance, if she hadn't heard Yan Anbang talk about it today, she had even forgotten it.

The name Yan Anbang will never forget until he dies, nodding, "Yes." It is because of this person that he lost his brother.

"Karl has a son named Allen, is the new leader of the organization, he is also the instructor of Qin Mu and me." Shen Qinglan said, "Your so-called annihilation just weakened the strength of the organization, let them from the Ming Turned dark." In fact, it was just a change of name, but because Allen did not have a special hobby like his father, this organization was not infamous, but because of the horror of the trained killer strength, it never made people lose. Newborn fear and fear.

Yan Anbang's complexion is ugly, "So you and Mu Mu's disappearance are all revenge of this organization on me and your father? But what does this have to do with Qin Yan, is Qin Yan a person in this organization?"

Shen Qinglan shook her head. She didn't know about it for the time being. Although she suspected that Qin Yan was Mrs. Jin, and that Mrs. Jin had a close relationship with Allen, but what kind of relationship was it, and were Qin Yan and Mrs. Jin the same? Personally, she didn't know.

When Yan Anbang saw it, he didn't know what to say. If Qin Yan was really a member of this

organization, wouldn't it be better to directly try to kill him and Shen Qian? It is believed that the success rate will be high without defense.

"So, Qin Yan did the same thing at the beginning?" Yan Anbang said in a mute voice, his eyes cold.

"I'm not sure, but Yan Xi's affairs have something to do with Mrs. Jin. The people who took away Yan Xi were the people from BK. Their original goal was me. They took Yan Xi and Yu Xiaoxuan to threaten me to replace them. There, they originally planned to release Yan Xi and Yu Xiaoxuan, but before leaving, someone answered a phone call, and then took away Yan Xi." Shen Qinglan will give the original thing to the local Yan Anbang listened.

Yan Anbang's eyes were red and he looked at Shen Qinglan for a while, "Why didn't you explain?"

"I don't have any evidence." Shen Qinglan said, she didn't even think of Qin Yan's body. This woman was so good in disguise. Who can think of a woman who looks at the weak and weak, or a mother, who would even treat her biological daughter Send to hell.

But she did not expect that the Shen family and Yan family had a relationship with the devil base more than 20 years ago.

"Fu Hengyi's parents were sacrificed in a mission. Is it related to that matter?" Shen Qinglan suddenly asked.

Yan Anbang froze a little, then shook his head, "Fu Hengyi's father and we are not a unit."

That means it was not sacrificed in that action.

"Where is the headquarters of that base?" Yan'an asked, if Qin Yan was really a member of this organization, it is very likely that he has gone back now, as long as he finds their headquarters, then Qin Yan can be found.

"It's not clear. The original headquarters was destroyed by me and my friends, and all the information has disappeared. The current one was established by Alan later." Speaking of this, Shen Qinglan paused, and she suddenly thought, When the organization was destroyed, several of them almost lost their lives, but now they think about it carefully. The process is indeed more smooth than they originally expected. Did Allen already know that they would do this, so they made preparations early?

Thinking of this possibility, Shen Qinglan suddenly shuddered. If this is the case, then the fight for freedom is simply a conspiracy. It is likely that Allen did this deliberately in order to get her back The Shen family, then debunk her identity at the right time, so that the Shen family also followed the bad luck.

Shen Qinglan's eyes seemed to be deep, Yan Anbang looked at her calmly, "Do you know what?"

Shen Qinglan shook his head, "According to your seniority, you are my elder. I should call you Uncle Yan. Now I want to ask you something. Did you bring the plan watch back to your home for that military exercise and show it to Qin Yan?" "

"No..." Yan Anbang subconsciously wanted to say no, but just started, he suddenly thought of that night, when he was working in the study, Qin Yan had come in, and he was so enthusiastic, thinking of this, Yan Anbang's forehead burst into fine cold sweat.

Shen Qinglan's face was indeed such an expression. At first, the person above suspected that there was a traitor, but the person was not found in the investigation. She thought that it is very likely that the person was unconsciously leaking.

Yan Anbang's hand shivered slightly. If it was true that the military secrets were leaked because of himself, and so many soldiers were killed innocently, then this result, Yan Anbang did not even think about it.

"Is there any way I can find Qin Yan?" Yan Anbang asked. He must find Qin Yan and asked her personally. Over the years, he has been deliberately planning these and sending him to the point of nowhere. Is it really her doing it? Yes, just for revenge?

"I don't know, I'm also looking for her. There is no news yet, but she will definitely come back." Shen Qinglan was very sure about this.

After leaving the tea house, Shen Qinglan directly called Shen Qian. She wanted to see Shen Qian.

Shen Qian was preparing to return to the army. When he heard Shen Qinglan said he wanted to see him, he immediately turned to Shen Qinglan. The father and daughter were sitting in the car.

The car was very silent, Shen Qinglan was thinking about how to speak, and Shen Qian didn't know how to face this daughter.

"dad."

"Qinglan."

The two spoke at the same time, looked at each other, and Shen Qian smiled gently, "Qinglan, you speak first."

Shen Qinglan pursed her lips and handed the phone to Shen Qian, "Dad, do you know this woman?"

Shen Qian took a closer look and shook her head, "I've never seen this, what happened to this woman?"

Shen Qinglan simply told Shen Qian about the Yan family, and Shen Qian was shocked, "Yan's family broke up because of a woman's trouble?" And Yan Anbang even broke because of her reputation.

She also mentioned the past that Yan Anbang told her more than 20 years ago to Shen Qian, "Dad, have you really not seen this person?"

"No." Shen Qian shook his head. At that time, in order to kill Carl, he used to be an undercover, but in three months, he had never seen this woman by Carl's side, but other women saw a lot.

"Will it be a facelift?" Shen Qian speculated.

Shen Qinglan shook his head. This may have been denied by Eden. Qin Yan's face was purely natural, and she had not touched any knife.

There was no clue from Shen Qian, and Shen Qinglan's heart rose with frustration.

"Qinglan, Dad, I'm sorry." Shen Qian whispered.

Shen Qinglan was stunned, and then said, "No need, Dad, things at that time didn't blame you."

"No, it's Dad's fault. If Dad could find you earlier, then it wouldn't be like this." At least his daughter doesn't have to suffer the inhuman pains. Now, he still can't imagine little. How old Shen Qinglan survived from that environment, and has grown into such an excellent look.

"Since they are premeditated, naturally they won't let you find me so easily." Shen Qinglan said lightly, she had long wanted to open up on this matter, if there were complaints at the beginning, as time went on, The rest is only numb, and the truth that is getting clearer nowadays is even less to blame.

"Dad, the person who planned all this behind is a time bomb, which may explode at any time. If the Shen family is tired, I..." Shen Qinglan wanted to say she could leave the Shen family now, from The Shen family separated, but was interrupted by Shen Qian.

"Qinglan, the Shen family is your home, your eternal home. We are a family. No matter what, my father will protect you." Shen Qian said firmly, he had thought about it, if Shen Qinglan's identity He was really known by the people above, so he used his military power to apologize to Shen Qinglan. Although Shen Qian has been sitting in the position of chief of staff for so many years, he has made a lot of credit.

"dad."

"Qinglan, don't say it. Dad has only one requirement for you. Don't tell your mom and grandpa the truth. Your mom's body can't withstand that stimulation. Your grandpa is also older." The old man thought of Shen Qinglan Meat, if you know that your granddaughter is holding so much experience outside, I am afraid that one can't hold it, and the old man will pass by. Chu Yunrong's condition has just stabilized, and it looks fine. He doesn't want his wife to experience it again.

Shen Qinglan smiled slightly, "I never thought to tell grandpa and mom."

Having said that, whether it was Shen Qinglan or Shen Qian, I felt a lot more comfortable. Shen Qian sent Shen Qinglan home and left to go to the army.

Seeing the relaxed meaning between Shen Qinglan's eyes and eyes, Fu Hengyi raised his eyebrows.

Shen Qinglan nodded, "Well, make it clear." Fu Hengyi was very pleased.

Before going to bed at night, Shen Qinglan told Fu Hengyi what Yan Anbang said today, "What do you think Qin Yan has to do with Karl?"

Where did Fu Hengyi know that there is still such a story inside, his eyes deep, "Allen has no siblings?"

"It's not clear, she didn't even think about it in the first place. If Qin Yan was Carl's daughter, then the daughter would avenge her father, and it was possible to plan all this painstakingly, but thinking of the promise, she shook her head, "They won't be sisters. If it is a younger brother, Qin Yan will not let the promise stay with Alan."

Fu Hengyi only guessed at random. For the mysterious woman Qin Yan, unless she waits to appear again, they may not be able to catch any clues temporarily.

Qin Yan looked at the promise that was lying on the floor in the room next door, and his eyes were cold, "Say you are waste, you are really waste, even such a small thing can not be done well, so that people can be found, I am really very Doubt, has Allen trained you seriously, and how did you survive the trials and tasks?"

### **382 Chapter**

Promised look was unrestrained, her limbs were paralyzed on the ground weakly. She could move her limbs besides her head, and all of her limbs were discounted by Alan. Alan refused to allow her to give her meals, let alone heal her hands and feet, and so on, her hands and feet Absolutely.

But none of this could touch her desperate heart.

The clothes on her body are already broken, and there are scars all over her body, which are all made by Allen.

Hearing Qin Yan's words, Promise's eyes moved, but there was no opening.

Qin Yan was really disappointed with the adopted daughter. She wondered more than once, whether she had picked up such a person before her brain was flooded, and even if she stole something, Allen could find it.

In fact, this should not blame the promise, who made Allen too perverted, and even pressed a hair strand under the box, the weak light of the flashlight made the promise not even notice that little hair strand, Allen opened the safe, no Seeing the hair strands, I naturally knew that someone had moved.

The Filipino servants at home and their men did not find any anomalies, the alarm system in the castle did not sound, and they did not even alarm anyone. Obviously this person was very familiar with the structure and layout of the castle. For a while let the housekeeper check the reason of the people in the castle.

The butler stood beside Allen, lowering his head and whispering, "If the promised hands and feet are not healed, even if he is healed afterwards, there will be sequelae. Do I need to find someone to show her?"

Alan's eyes were cold and there was no slightest temperature. "Let her go. If I let anyone know who dares to help her, I'll let him end as promised. Remember, give her some food, don't starve me to death. "This man dared to violate his orders twice or even, even counting him, even if he was a person he cultivated by himself, he could not easily let her go.

The butler replied yes and retreated.

After being hungry for two days, Promise finally ate something. Although she didn't want to eat it, the housekeeper forced her to force her into it. "Butler, you let him kill me." Promise said.

Guan Jia looked at her condescendingly. "When you do this, you should think of the result now."

Promise is a silence in her eyes. Of course she knows the result, but Qin Yan's words are too tempting to her, she can't resist, "Shen Qinglan, how is she?" This is the only thing she wants to know so far.

The butler glanced at her sympathetically and didn't speak, but promised to understand what he meant. She couldn't help laughing, she burst into tears, she paid such a painful price, but did not cause any harm to Shen Qinglan, Why, what is so good to her, this world is really unfair.

The butler looked quietly at the promise. In the dungeon, there were only the butler, promise and Qin Yan.

This is the first time Qin Yan has seen the housekeeper since the housekeeper betrayed. She looked at the housekeeper's gaze as if she wanted to eat people, but she didn't say anything. She stopped the housekeeper until the housekeeper was leaving.

The butler looked at Qin Yan, his eyes wide, "Madam."

The same name, the same person, but listening to Qin Yan's ears, it was a great irony. She looked at the housekeeper coldly, "You are the person Carl left to me, so many years, I am not bad to you , Why are you helping Allen?"

The butler was silent for a long time before speaking, "I am the lady left by the Columbine to the young

master."

After hearing this, Qin Yan was shocked first, and then smiled, probably even Carl didn't expect that he watched the gentle and gentle wife put his hands around him, but the housekeeper glanced at Qin Yan and went out.

The time was flying fast, and it soon reached the end of March. In another three days, it was Shen Junyu and Wen Xiyao's wedding. The closer the wedding was, the more nervous Wen Xiyao was. Shen Qinglan looked at her nervously and couldn't help but tease, "Sister Xi Yao, it's just a wedding, what are you nervous about?"

When Shen Qinglan got married, Wen Xiyao teased her like this, what Wen Xiyao said at the time.

Wen Xiyao also remembered what he said at the beginning, and smiled bitterly, "Just tease me, but I'm really nervous, Qinglan, is there any way you can eliminate this tension?"

Shen Qinglan gave her a helpless look, "probably women get nervous when they get married."

Wen Xiyao thought about it, and said with a smile, "Actually, I never thought that I would get married so early. At first, I thought I would get married after 30."

"That's because you met the right person." Shen Qinglan said.

The two gossip is common, and Wen Xiyao's already tense mood was much easier when she said goodbye to Shen Qinglan. Wen Xiyao's car just drove downstairs in her own community, and she saw a familiar figure, her face instantly It was cold and wanted to pretend not to see it, but Du Nan was already standing in front of her car, and it was really hard to get through unless he ran over him.

Wen Xiyao lowered the window, "Keep away."

Du Nan looked at her affectionately, "Xiyao, I just want to come and see you."

"I have seen it now, can I go now?" Wen Xiyao said coldly.

"Xiyao, can you come down and talk about it? It won't delay you for a long time, just ten minutes." Du Nan prayed.

"I don't think there is anything to say between us, you go."

"Xiyao, we grew up together after all, do you have to be so unsympathetic to me?" Du Nan looked sad, "I know I hurt you, even if I say I'm sorry, it doesn't help, but Xi Yao, my heart is always true to you, and I ask you to believe me."

Du Nan's current image is a far cry from the way she was in the mood. Wen Xiyao knew Wen's suppression of Du's, but she never asked for love. She was not a virgin and could not hurt her. People smiled with enmity.

"Du Nan, let me go, I'm going home." Du Nan didn't let me, he just wanted to make it clear to Wen Xiyao today.

Wen Xiyao saw him refused to let go, and said, "Du Nan, if you are not let go, do you believe I'll run over you?"

Du Nan refused, Wen Xiyao's expression was ruthless, and he stepped on the accelerator directly. The car was getting closer and closer to Du Nan, and he was about to hit it, but he stopped only a few centimeters away from him. Wen Xiyao angrily destroyed the underground bus, "Du Nan, what the hell do you want to do?"

Du Nan looked at her tenderly, "Xiyao, I knew you didn't care about me at all."

Wen Xiyao has a black face, and she is not a murderous demon.

"Stop talking nonsense."

Du Nan looked at her and prayed, "Xiyao, are you really going to marry Shen Junyu? Can't you marry?" He is also a proud person, but in the face of Wen Xiyao, he has never been proud, in Wenxi In front of Yao, he may not even have dignity, as long as Wen Xiyao is willing to glance at him.

I don't know what to think. Wen Xiyao's eyes softened a bit, and he looked at Du Nan and sighed, "Du Nan, I don't like you. You never know why you deceive yourself. The day after tomorrow is my wedding, I can marry Shen Junyu, I am very happy, do you know what this means?"

Of course Du Nan understands, but he would rather not understand, "Xiyao, you have always been cruel to me, how can you bear heart?"

Wen Xiyao never felt cruel. She was a more straightforward person and treated her feelings even more. Du Mu accused her of not liking Du Nan. Why did she not make it clear earlier, riding a donkey to find a horse, but I did not know that many years ago, in Du When Nan confessed to her for the first time, she explicitly rejected Du Nan without giving him a little hope.

Thinking carefully, it was also from that time that Wen Xiyao gradually alienated Du Nan. Until then, their relationship has been very good. Du Nan's existence is like a male girlfriend to her.

It's just that the friendship has deteriorated, or that Du Nan has never been friendly to her, just that she was stupid and didn't understand Du Nan's thoughts. When she understood it, Du Nan had deep roots for her.

"Du Nan, don't waste time on me. I love Shen Junyu very much and I am willing to marry him. My feelings for you are just friendship. Why don't you deceive yourself."

Du Nan's face was hurt, "Xiyao, can you really marry him?"

Wen Xiyao shook his head firmly.

Du Nan smiled bitterly, "Can I hug you for the last time?"

"I'm sorry, I can't." Wen Xiyao refused. Some things can't be done just because of a soft heart. If Du Nan's thoughts are not completely cut off, who knows what crazy things he will do.

Du Nan's eyes were red and he looked at Wen Xiyao, "Xiyao, you really are the cruelest woman I have ever seen, but I love you to the deepest." He took one out of his pocket Small box, "Actually, I came to give you a wedding gift today. Congratulations, you are getting married soon, but when I saw you, I couldn't help but want to try again. Can I keep you? Sure enough, I want to Now."

Wen Xiyao looked at the box in front of him and didn't pick it up. "I accepted your heart. You can take it back. Thank you for your blessing."

"Xiyao, it's just a brooch. It was originally intended to be given to you on your birthday, but now... I'll give it to you in advance, I think we won't have a chance to meet again in the future."

Du Nan held out his hand determinedly, and Wen Xiyao finally took the box, "Thank you."

Du Nan smiled slightly, with spoiling and deep attachment, "Xiyao, I'm gone."

When Du Nan left, Wen Xiyao opened the box, just like Du Nan said, just a brooch, the shape of a maple leaf, Wen Xiyao took a glance and engraved her on the back of the brooch name.

Wen Xiyao came home, Wen mother saw her and asked, "Hasn't it said that the door of the community was half an hour ago, why did you get home now?"

Wen Xiyao said, "I just met an acquaintance downstairs just now, so I chatted a little."

Mother Wen didn't care, just said, "Hurry to wash your hands and eat. In the afternoon, the stylist and makeup artist will come over and try your makeup."

Wen Xiyao nodded and turned into the bathroom to wash his hands.

Beijing, bars.

Du Nan was drinking alone, and when Annie came in, he saw her and stepped forward to pat his shoulder. "Hi, Du Nan, I haven't seen you for a long time."

Du Nan turned her head, saw her, smiled, and Annie was Wen Xiyao's girlfriend. When Du Nan used to study abroad, Du Nan didn't see her a lot, so he was naturally familiar, "Why are you here?"

Annie did not return, but asked, "What about you, why are you here?"

Du Nan smiled bitterly, "The beloved woman is about to marry another man, what do you say I'm doing?"

Annie widened her eyes in surprise. "Aren't you trying to get married? Du Nan, if you really think so, I advise you not to go. Xiyao really doesn't like you."

"Annie, is it even cruel for you now?" Why did everyone remind him again and again that Wen Xiyao did not like him?

Annie looked stagnant, "I don't want you to do something that you regret." She dare to guarantee that if Du Nan really dared to do this, Wen Xiyao absolutely hated him. She had heard of the Wen family somehow before. I suppress Du Shi, although I don't know why, but think about it and know that it must be related to Du Nan.

Du Nan put a glass of wine in front of Annie. "Don't talk, drink with me in the bar."

Annie stopped talking and took a sip from the glass. "Actually, we are all pitiful people. You are loved by love, and I am loved by love. I like someone, but that person doesn't like me. I chase It's been a long time since he was too lazy to look at me."

Annie is also very depressed. Eden is like an iron egg. No matter what method she takes, she can't pry his heart. In the end, she even used color/temptation, but Eden looked at her. There was no reaction from the body, which made Anne frustrated like never before.

Du Nan turned to look at her, "Is there a man in your world who Anne can't handle?"

Annie hummed, "Is it weird? I'm not a renminbi, everyone loves it, even if it's renminbi, there is money like dung." Just finished, she yelled twice, who said that she was dung Yes, she really got water in her head.

"What kind of man is so difficult to handle?" Du Nan was curious and couldn't help asking.

Annie smiled bitterly, "It's just an ordinary doctor, but my heart is very hard, I have used a lot of methods and it is useless, so I can understand your mood, but the understanding is understood, Du Nan, Xi Yao are my best friends, You are also my friend, I still have to say, Xi Yao really loves this man now,

and they are about to get married soon, you have no chance, you give up, there are thousands of women in this world Even if there is only one Wen Xiyao, there are always other women who can make your heart move. It doesn't show up now, it doesn't mean it won't show up in the future, there will always be someone suitable for you."

"Then you, if the person you like doesn't like you, will you give up?" Du Nan asked back.

Annie was silent. The question was very sharp. She had never considered it.

"If the person you like falls in love with someone and wants to marry someone, what will you do?" Du Nan continued to ask.

Annie's eyes changed slightly, and she couldn't imagine that if Eden fell in love with someone else, she would marry someone else. As soon as she thought about it, she felt heartache. She gritted her teeth. I will easily let this woman go. I must let her know that my man is not so easy to grab. If I dare to marry someone else, I will definitely grab it back."

"Annie, we are the same kind of people." Du Nan said.

Annie was embarrassed to hear this, "Then, Du Nan, I was just talking nonsense, you must not take it seriously." If Du Nan really ran to the wedding to grab a relative, then Anne could not really face it Wen Xiyao thought of it, Annie continued, "Du Nan, I'm not the same as you. The man I like is single, and there are no people I like, but you are not the same. Xi Yao she has Fiance's."

"It was Xi Yao that I met first. I have been with her for more than 20 years. Shen Junyu is the one who loved him with a sword." Du Nan looked at the vulture.

Annie secretly regretted why she had mentioned this topic. Okay, now it was fine. Now she was distracted by her three words. Du Nan is going to grab a kiss.

"Du Nan, you listen to me, love has never come first, and you have been with Xi Yao for more than 20 years, and you haven't been able to impress her. It just means that you have no fate with Xi Yao. Xi Yao, she likes you a little bit, and you won't be like this today."

Du Nan stared at her stunnedly, "Do you say that Xiyao really doesn't like me at all?"

Annie nodded vigorously, "Yes, Xiyao really doesn't like you at all, she doesn't even have a good impression, she has only friendship with you." In order to dispel his thoughts, Annie will say what Wen Xiyao said in the past. After talking to Du Nan, Du Nan looked unpredictable, and his emotions could not be seen clearly. Annie patted Du Nan's shoulder, "Actually, you are very good, but it's not just Yao's dish. After that, you will definitely meet someone you like. Don't be discouraged."

can you? Du Nan asked himself, hehe, never again.

Du Nan did not speak, but poured wine into Annie's glass. "Since you meet, let me have a bar."

Annie glanced at him carefully, and could not see whether he really understood or did not want to say.

The result of the two frustrated people drinking together was that they were both drunk, but relatively speaking, Du Nan's mind was still awake, and Anne pulled Du Nan's sleeve and muttered in her mouth, "Eden, why are you Don't like me, am I not good to you? I've never liked a man so much, and even put down my body and chased back, do you know how much courage I have summed up?" There were little tears in her eyes, Du Nan looked startled.

He has known Anne for several years, and the impression of Annie is that it's hard to change. Changing a boyfriend is like changing clothes. He once didn't like Wen Xiyao and Annie together, that is, Annie will bring Wen Xiyao bad, but Wen Xi Yao is not affected by her, and Du Nan's words may not be heard by Wen Xiyao. Over time, Du Nan would be too lazy to say. Today, when she saw Annie, she suddenly felt a sympathetic feeling.

Annie pulled out her cell phone and wanted to call Eden, but she was dizzy in front of her eyes, where she could clearly see the phone number, "Du Nan, you can call me." Annie handed her cell phone to Du Nan.

Du Nan froze, "Annie, you are drunk."

Annie shook her head, "No, I'm not drunk, Du Nan, you call him for me, you say I'm drunk and go crazy in the bar, let him pick me up."

Anne said it was very organized, and it really didn't seem to be a drunk person. Du Nan thought about it and took the phone. "What's your name?"

"Eden." Anne shook her head, trying to make herself more awake. Du Nan narrowed his eyes, tried to find the name, and dialed the phone. At first, Eden didn't answer, but hung up directly. Du Nan again. I called once, but Eden still didn't answer this time, and when Anne saw it, she grabbed the phone directly and called herself.

"Eden, you answer the phone for me." Annie shouted, Du Nan will support her while saying, "Maybe he is still busy, he was beaten today, I will take you home."

Annie shook her head. "I don't. I want to call him. Why doesn't he answer my phone? The more he doesn't want to answer, the more I want to call."

Eden listened to the phone ringing again and again, and Quan Dang didn't hear it, and until the end, Jin Enxi couldn't see it anymore. "Eden, how are you doing, if someone really has something to find you."

Eden wanted to say that this woman wouldn't have any serious business to find him, but when she talked to her, she remembered the last time she encountered something entangled in the bar. She

picked it up, but just picked it up and heard a man. 'S voice, "Hello, I am Annie's friend. Anne is drunk, and now she is very emotional. Can you please come to the bar to pick her up."

Eden frowned and said coldly, "Since you are her friend, you just send her home." Then, she hung up the phone neatly.

Jin Enxi looked at Eden curiously, "That's it?"

"otherwise?"

Jin Enxi smiled and said, "Eden, the beautiful women have taken the initiative to give her a hug, so you should be pitiful and pampered."

Eden sneered, "The idiom works well and makes great progress."

Jin Enxi nodded politely, "That's it, I've done a lot of work on my Chinese recently. If I don't make some progress, wouldn't it seem that I'm too old?" The leader ran away and pulled the topic back. "You really don't like the one named Annie? I think she is very good. Although she has a little temper, she is understandable after all since she was a child, and she looks good to you, you are right. With such an attitude, people are not angry, and their personality is pretty good. Do you want to think about it?"

Eden glanced at her lightly, "I'm not a detective now, but a matchmaker?"

Jin Enxi whispered, "I want to be a detective, but Qin Yan is just like others evaporating, but I can't find any traces, and promises and Allen, I doubt whether they have left the planet collectively to return to Mars."

During this time, no matter how much energy she spent or how many methods she used, no trace of clues was found, which made Jin Enxi very frustrated. This is the most strenuous person and thing she checked after her studies.

"If Alan's whereabouts can be found by you, then he is not our instructor." Eden said lightly, several of them were all taught by Alan himself, how many skills they have, Eden has a heart Qing Erchu, according to his thoughts, if Allen really wanted their lives, the few of them would never have been free for so many years. The reason why they have not moved them is probably because of Shen Qinglan.

"Allen is really annoying, no, the most annoying thing should be the promise, this woman must not fall into my hands, otherwise I will definitely let her go to repent with God."

Speaking of promises, Jin Enxi is gnashing her teeth. To say who she hates the most in this world is definitely a promise. Even Allen has to go back.

Recalling that when they first learned that Allen was likely to be alive, instinctive fears rose in their hearts, but now, Allen does not seem so terrible in their eyes.

On the other side, Anne had heard what Eden said and smashed her phone on the spot with anger, "Du Nan, why do you say there is such a cruel man in this world, even if a friend is drunk and needs help? Stand by and watch." Annie said while wiping her tears. It is undeniable that Eden's attitude just hurt her.

"Huh, Eden, don't think that you will give up to me like this. I won't give up on you. Even if you like other people, even if you are married, I will take you over. You are doomed to be mine, even if you hate me, it's better than you don't care." Annie said fiercely.

Du Nan's eyes flicked and helped Annie. "It's not too late. I'll take you home first."

This time, Anne didn't make trouble, got on the car obediently, and was just blown by the cold wind, and her mind was awake. Du Nan sent the people home and left. He returned to the hotel where he stayed temporarily, still thinking about Wen Xiyao.

The wedding of Shen Junyu and Wen Xiyao was definitely a big event for the Junlan Group. Everyone in the Shen Junyu Group issued a red envelope, not to mention, and also gave the company's large and small executives a day off for them to attend the wedding.

This decision made Fang Tong very happy. Before learning that Yu Xiaoxuan was pregnant, she was still busy with new projects abroad and could not rush back to congratulate. She could only say a few words of blessing on the phone. Now it's time to come back and just get together.

Fang Tong came back only two days before Shen Junyu's wedding. After returning, he called Shen Qinglan and Yu Xiaoxuan, and the three went to a coffee shop in the city center.

When Shen Qinglan saw Yu Xiaoxuan again, she suddenly discovered her difference. Although they could not see anything on the surface, several of them were friends who had been in contact for many years. Naturally, she could notice her subtle changes. As she expected, the child brought Yu Xiaoxuan not only affection, but also a sense of security in the world. Looking at the smile on her face, there was a flash of relief in Shen Qinglan's eyes.

"It seems that I am the slowest of the three people." Fang Tong said with a smile.

Yu Xiaoxuan nodded and smiled, "Yeah, so you and Li Boming are going to hurry up, but I said to Qinglan, if I have a daughter, I will be her daughter-in-law."

Fang Tong stared, "When is this happening, no, it can't be done, aren't you bullying me without children?" Fang Tong didn't do it.

Yu Xiaoxuan was complacent, "Late, who has made you married for so long has not moved."

Fang Tong snorted, "Which one of us has a daughter is still unknown, you wait."

Seeing that the two were about to pinch again, Shen Qinglan hurriedly said, "One is a big star and the other is an executive of a company. If outsiders see you like this, it's not a shame."

"Here are the three of us, so I'm not afraid." Yu Xiaoxuan said, his eyes fluttering.

Fang Tong nodded in agreement, and then his expression was serious, "Xiao Xuan, didn't you shoot the previous TV series?"

"No, I've already killed it. Taking into account my physical condition, the director concentrated my shooting together. The day before yesterday I just finished all of my plays." Yu Xiaoxuan said.

Originally, according to the meaning of Han Yi, she did not approve of her continued filming. Even if you want to film, you must give birth to the child. As for half of the TV series, he can make additional investment to let the director find the female lead again.

But Yu Xiaoxuan disagreed. She had already shot more than half of this TV series. If you give up now, all the previous efforts will be in vain, and so much time will be wasted on the crew, especially the male one who is partnering with her. The number is a popular movie emperor, and her willingness to play with her was originally an opportunity for her to learn. If Han Yi's words make people's hard work in vain, it is also disrespectful to others.

To put it bluntly, Han Yi only agreed to let Yu Xiaoxuan continue to shoot, but he followed the whole process, asking for warmth, pouring tea and pouring water, and the nanny assistant let Han Yi finish the job alone.

Yu Xiaoxuan thought of Han Yi's intentions for herself and her children, and she couldn't help being sweet.

"When do you plan to hold a wedding?" Shen Qinglan asked, since he decided to give birth to a child, then it must be married.

Yu Xiaoxuan shook his head, "I have discussed with Han Yi, and I don't plan to have a wedding. Even if I get a certificate, I will get it after May 20." Seeing Shen Qinglan, Yu Xiaoxuan continued, "It's not that Han Yi doesn't want to give me a wedding, but I don't want to do it myself. My parents are gone, and his father doesn't like me either. Weddings without parents are always bleak, so when we get the certificate, just Please have a few dinners together to celebrate."

Her words changed, "However, I can say first, there can be no wedding, no red envelopes."

Fang Tong gave her a white look, "You are now the president's wife of the Han Group, and you still remember how much money we have. You really fell into the eyes of the money."

Yu Xiaoxuan smiled and said, "How can this be the same, the red envelope is a red envelope, if you don't give me the red envelope, I'll leave you at home."

Fang Tong fought back, "Okay, you come, I will prepare a room for you, stay as long as you want, as long as Han Yi of your family has no opinion."

Yu Xiaoxuan said that Han Yi must have an opinion.

Shen Qinglan lightly hooked her lips, smiled at the two, and turned her head casually. She immediately turned her eyes and looked in the direction she had just seen, but she saw nothing, and her brows were light.

Fang Tong glanced along her eyes, "Qing Lan, what are you looking at?"

Shen Qinglan glanced back and shook her head, "It's okay, I just thought I saw an acquaintance and it turned out to be wrong." She seemed to have seen Du Nan just now, but her eyes disappeared in the blink of an eye, I hope she was wrong, otherwise Du at this time Nan appeared in the capital and always gave her a bad hunch.

"Right, I will tell you a gossip." Yu Xiaoxuan suddenly lowered his throat.

Fang Tong and Shen Qinglan looked at her one after another.

Yu Xiaoxuan glanced at Fang Tong first, and then said, "You know no, Ding Minghui left Junlan Group. It was just a few days ago that it was said to be the daughter of the director of another company, and he didn't know this Ding Minghui. What obsessed soup was given to the girl. On the premise that she knew that Ding Minghui had a wife at home, she was still willing to be with him. If she was known by the family, she would die and live, threatening to marry Ding Minghui."

The smile on Fang Tong's face faded, "How do you know about this?" She is Jun Lan's employees who don't know about it today, and Shen Qinglan, who is half of Jun Lan's owner, is also unclear. Instead, Yu Xiaoxuan, who had nothing to do with Junlan Group, knew the internal gossip.

"I'm not saying that there is an assistant in my crew who is Ding Minghui's neighbor. How could it happen that their family happened to hide her? These are all things she told me. It is said that the girl also made troubles in Ding Minghui's house. Liu Hui gave way, and Liu Hui was angry with Ding Minghui on the spot. Ding Minghui's parents went to persuade him, but was pushed to the ground by Liu Hui. The old lady entered the hospital on the spot. Fortunately, only a sprained waist, but Ding Minghui's family caught this. Let go, Liu Hui and Ding Minghui have to divorce, and they have to leave the house."

Fang Tong heard the words, and her eyes were getting colder. She did not expect the Ding family to be so shameless.

"Fang Tong, I am now more and more grateful that Ding Minghui had betrayed you, otherwise the person in the fire pit is now you. Is this not the only good thing Liu Hui did?" Yu Xiaoxuan said happily. When Ding Minghui was taken away by Liu Hui, Fang Tong was so sad and desperate, Yu Xiaoxuan wished to tear Liu Hui, and now it seems that it really verifies that sentence-Sai Weng lost his knowledge.

Fang Tong's expression was faint, and there was no rejoicing in her eyes. She just remembered what her father once said to her. She didn't care about that remark, but now it makes sense.

At that time, after her parents had met Ding Minghui, her family still disagreed, and her father said when she was in conflict with her family. At that time, her father was very serious. He said, "Tongtong, the ancients have always been right in the door, even if it is the first opinion There is also a reason. Ding Minghui and your living environment can be described as a world apart. A person who grew up in such an environment is very pragmatic. What he thinks in his heart is how to use everything in front of him to climb up. Now you are in love, But love will not be all for a man. When you enter the society later, facing all kinds of pressures from the society, what you think is love first, and what he wants is life, how to get rid of his previous environment Come out, such a person, as long as he seizes the opportunity, will spare no effort to climb up, what should you do then?"

Fang Tong was still trapped in his dream of weaving when he first heard. Where would he believe these words? Now looking back, her father is the most wise one.

**383 Shen Family Wedding**

"These things have nothing to do with me now." Fang Tong said, "I am now living very well and I am very satisfied with my life now."

Yu Xiaoxuan was also worried about Fang Tong's illusion about Ding Minghui, so he told Ding Minghui's gossip, otherwise she would not pay attention to Ding Minghui.

"That's good, that's good, I'm afraid you're stupid." Yu Xiaoxuan said, patting her chest, thinking that Fang Tong had lost love to Ding Minghui, and how frantic he was at home for Ding Minghui and his family. Those who weren't showing up and were sullen were those of their friends who were worried about what they saw, but fortunately they later wake up in time.

Fang Tong gave her a white eye, "who hasn't met any scumbag before, I was young and ignorant, and loved the wrong person."

Shen Qinglan agrees with Fang Tong's idea very much. It is not terrible to make mistakes. What is terrible is to keep making mistakes and to deceive yourself to refuse to admit it.

"Oh, Qinglan, what is the relationship between Shen Junze and your family?" Fang Tong suddenly asked.

Shen Qinglan raised her eyebrows, "It's my second uncle's son, what's wrong?"

Fang Tong was surprised, "It turns out that he really belongs to your family. When I saw his name in the company, I thought it was a coincidence. After all, his name differs from your brother's name by only one word, just think about it and not. I remember there are other brothers and sisters in your family. I originally thought, is it a relative of yours?"

"What did he do?" Shen Qinglan asked.

Fang Tong shook his head, "This is not the case, but I saw his name curious. Since he is the son of your second uncle, why didn't your brother arrange him in the headquarters of the capital and send it to a branch abroad?"

"When did he go to the overseas branch?" Shen Qinglan was really unclear about this matter. At the time, Shen Junze wanted to let Shen Junyu's acquisition of Shen's was rejected. Shen Qinglan originally wanted to polish him for a while, and then he Let the corners be polished and then tuned, but then gradually forgot this matter, I thought it should be handled by Shen Junyu.

"Which department is he doing?" Shen Qinglan asked.

"It's in my department, the marketing department, to be a little salesperson." Fang Tong said, knowing what Shen Qinglan wanted to know, and continued, "He shouldn't have graduated from college yet, he is quite active to go to work on weekdays, I'm very serious about my work. Little salesman. There are so many things. He doesn't complain. Therefore, I worked overtime until eleven o'clock in the evening. When I went out, I saw him still. When I asked, I knew that he would usually get off work at that point. Then I go home at night to review the knowledge in the book and say that I want to get a university diploma."

Speaking of that, Fang Tong has a good impression of Shen Junze. Although she is now in the leadership position, many things still require her to do it herself. Shen Junze sees that as long as she is within the ability, she will take the hand, and Fang Tong will not be stingy. teach him.

Shen Qinglan raised her eyebrows and wondered whether the person said in Fang Tong's mouth was Shen Junze. According to her estimate, it would take at least a year for Shen Junze to reach the level of Fang Tong's mouth. Now that you have realized it?

Does the blow really have such a big promotion effect on a person's growth?

But no matter what, Shen Junze's change in the direction she expected is still very gratifying, which will save her a lot of effort and trouble.

"You should be stern in your work. You can even give him a problem, don't take care of it." Shen Qinglan said.

Fang Tong wondered, "Isn't he your son's son? What is this for?"

"Shen Junze's personality needs to be polished." Shen Qinglan spoke lightly, but didn't elaborate on Shen Junze's past. Fang Tong knew that Shen Qinglan didn't want to say that, but he didn't ask anymore.

Yu Xiaoxuan's phone rang, and Han Yi called to ask when she would go home. Yu Xiaoxuan glanced at the two's teasing eyes and gritted her teeth, "Go back later."

Hanging up the phone, Fang Tong smiled ambiguously, "Your Han Yi is so sweet to you. I don't worry about how long it will be out. When you have a big belly, you can only go where you want to go." Her eyes were filled with relief, and she was equally happy to see that all the good friends around her were happy.

I have been an artist for a long time, and Yu Xiaoxuan's face is thick, and I am not bothered by Fang Tong. I continue to smile. "That's why Han Yi cares about you, so envy you."

"It's almost time, let's go." Shen Qinglan said, Fang Tong just came back. Since there is not much time in China, he should still spend more time with his family.

Both of you have no opinion. Fang Tong and Yu Xiaoxuan drove by themselves. Only Shen Qinglan was sent by the driver at home. When he went back, Fang Tong did not let the driver pick him up, but sent Shen Qinglan himself. go back.

On the way, Fang Tong suddenly said, "Qinglan, thank you."

Rao is always clever. Shen Qinglan was fooled by Fang Tong's words. I don't know what she wanted to thank.

Fang Tong smiled and explained, "My dad's work is now much smoother, and the whole person is full of spirits. Thank you for these." If the Shen family showed closeness to their family, those people would not I think their family is closely related to the Shen family. Even tomorrow's wedding, their family also received invitations from the Shen family.

Shen Qinglan understood, and said lightly, "It's not a big deal at all, and your father's work ability is really strong." The most important thing is that the suggestions made by Fang Chengzhi are very convenient for the lives of ordinary people. It is the practice of benefiting the country and the people. With such a good official, the Shen family just showed a little intimacy and only raised their hands.

"Maybe this is nothing to you, but it is kindness to our family." Fang Tong said, his eyes grateful. Some time ago, her father was particularly decadent. If it wasn't for her mother who said that she didn't know her father's situation, after all, it was not the people in that circle.

"Fang Tong, you don't need to be so polite between your friends. You can speak directly if you need me in the future. Don't be afraid that people will say that you are dealing with me only for my status, and don't think I will think You speak, our friendship is not pure."

Fang Tong was stunned, but she didn't expect Shen Qinglan to understand what she was worried about, and smiled bitterly, "Qinglan, you all know."

Shen Qinglan smiled slightly. In fact, Fang Tong was a very simple person. He looked smart, but his mind was not difficult to guess. Shen Qinglan understood, so he never broke it.

There was a warm current in Fang Tong's heart, and he spoke softly, "Qinglan, did you say that my last life begged for 500 years before the Buddha, in order to be a good friend with you in this life?"

Shen Qinglan couldn't help but laugh, "You said this, I would think you want to agree with yourself."

Fang Tong smiled and said, "I don't mind if I promise you, but I don't know if your family doesn't mind."

Shen Qinglan smiled and said nothing.

Back at the Fu's house, Shen Qinglan even saw Jiang Chenxi at home and raised his eyebrows unexpectedly. Jiang Chenxi saw Shen Qinglan and said hello with a smile. Shen Qinglan nodded with a smile.

"Aren't you my brother's best man? How come you have time?"

Jiang Chenxi smiled and said, "I just came from the Shen family." The Shen family now has too many relatives and friends gathered there, and the people who want to meet are not there. He came to see Fu Hengyi.

As he said this, he saw that Pei Hao came downstairs and took Grandpa Fu's hand. He said with a milky voice, "Grandpa, I'm holding you. Be careful of the steps."

Grandpa Fu smiled lovingly, and the frown on his face became a chrysanthemum. "Well, you are leading the grandpa, it is a sensible child."

The little guy had seen Shen Qinglan, his eyes lit up, but he did not leave the old man running, but waited for the old man to come down the stairs before running, "Auntie."

Shen Qinglan laughed and pulled him into his arms, "Come with Uncle Jiang today?"

Xiao Douding nodded, "Well, mother said she was coming tomorrow, aunt, I just saw a little girl in your other house."

Xiao Douding is the flower girl for that wedding tomorrow, and the other little girl should be the daughter of a relative at home, another little flower girl.

Shen Qinglan looked at him, "Haohao doesn't like it?"

Xiao Douding shook his head, "No, I like her very much, her eyes are so beautiful."

Shen Qinglan laughed, and rarely heard Xiao Douding say she liked a little girl.

Jiang Chenxi's dinner was eaten at the Fu's house, and naturally there are small beans. Xiao Douding whispered with Shen Qinglan softly, "Auntie, I played with Uncle Jiang at home."

Shen Qinglan's eyes flashed slightly, "Is Uncle Jiang's house fun?"

"It's fun. Uncle Jiang has toys at home. The most important thing is that Grandpa Jiang and Grandma Jiang treat me well. Grandma Jiang made a lot of delicious food for me." He said, pinching his belly, "Aunt, look, I'm all fat."

Xiao Douding was originally chubby, Shen Qinglan glanced at his round belly and touched his head, "Does your mother know that you went to Uncle Jiang's house?"

"I don't know. Uncle Jiang said he couldn't tell his mother, otherwise my mother would let me go home with Uncle Jiang. Aunt, I told you to be alone." Xiao Douding put up a little finger to emphasize, "So aunt Aunt, you can't tell my mother."

"Well, my aunt doesn't tell." Shen Qinglan said cooperatively.

"What are you two whispering?" Fu Hengyi asked with a smile when they saw their heads whispering.

Shen Qinglan kept her lips closed, and Xiao Douding's eyes rolled back, "My aunt and I said about my little brother."

This ghostly cleverness, Shen Qinglan smiled.

After the meal, Jiang Chenxi took Xiao Douding away. After all, the little guy is still busy tomorrow and must go to bed early today.

The next day, Shen Qinglan was awakened by the child in his stomach, and Fu Hengyi also woke up, watching the cheerful child in Shen Qinglan's stomach, frowning, and placing his big hand on Shen Qinglan's stomach, "Be good, Don't make trouble with your mother."

The little guy in the belly seemed to be against his father, and it became more and more cheerful. Shen Qinglan smiled. "It seems that the little guy also knows that today is the uncle's wedding, and he can't help being happy for his uncle."

Fu Hengyi's face was a bit dark, and looking at the little guy's troubled appearance, she was very worried that an accidentally kicked Shen Qinglan's stomach, "I must educate and educate her when she is born. mom."

Shen Qinglan chuckled lightly, "The little guy is happy today, you will freak him out like this."

Fu Hengyi's face was darker, and she looked at Shen Qinglan resentfully, "wife, I found that since pregnancy, your heart is no longer on me."

Shen Qinglan black line, silently looked at the man in front of him who even eats the fetus's vinegar. This is the daughter he thought, if he knew that it was a son, should the vinegar be tumbling?

Not to mention, Miss Shen is really the truth.

Shen Qinglan leaned over and kissed Fu Hengyi's lips. "Affirmatively not, my favorite person is definitely

you." After that, he was about to get up. Today, her brother's wedding can't be late.

Fu Hengyi looked at her as if she was coaxing a child. The vinegar was greater. Holding her down, she bowed her head to make a deep kiss. "Let her husband teach you what a good morning kiss is."

At the end of the kiss, Fu Hengyi's head was buried between Shen Qinglan's necks, panting, "I'm really asking for the most."

Feeling the change in his body, Shen Qinglan smiled very nicely, knowing that he was the most sensitive in the morning, and even daring to come to tease, now he knows the taste is uncomfortable.

Miss Shen said she didn't distress the man at all.

Fu Hengyi let go of Shen Qinglan and saw her look of misfortune. She smiled helplessly and reached out to squeeze her face. "Dare to make fun of me and see how I can clean you up in the future." With more than a month left, Fu Hengyi couldn't wait as long as he thought of this.

Who said that the daughter-in-law's pregnancy is only a woman's hard work, the man is also very hard, OK?

"You get up first, it's even more uncomfortable to see you." Fu Hengyi said.

Shen Qinglan glanced at a certain part of someone, smiled more cheerfully, stood up, and walked into the bathroom without any loss.

Fu Hengyi lay in bed, lamenting in his heart, and he was more determined to perform surgery after this one.

After Shen Qinglan washes well, Fu Hengyi has changed his clothes. His legs have just started to recover recently, and he still can't stand up, but it is much better than before. Shen Qinglan stepped forward and helped him to the wheelchair.

The two washed out and went to Shen's house after breakfast. Chu Yunrong went to the hotel early in the morning. She was going to confirm that there was nothing wrong with the layout.

Shen Junyu has also packed it up. It's still early, not when it's time to meet his relatives, so he is sitting on the sofa and waiting, looking calm, but Shen Qinglan still sees from his slight expression changes The true feelings in his heart.

She sat down next to Shen Junyu, "Brother, are you nervous?"

Shen Junyu nodded, "Nervous, but not all nervous, Lan Lan. I woke up with my eyelids in the morning. I always had a bad hunch in my heart. You said that today's wedding will not go wrong."

Shen Qinglan was speechless, "Brother, fortunately you haven't been heard by your mom, otherwise you will wait and see."

Shen Junyu also knew that his worries were really superfluous. For today's wedding, the two had prepared for nearly half a year, and there might be mistakes.

"It doesn't matter. For the first time, the tension is normal. When I got married, I was nervous." Shen Qinglan comforted him, but Shen Junyu was not comforted.

"Brother, you should think about it from another angle. From today on, Sister Xi Yao is your wife. You can see her every day when you open your eyes. Isn't it less nervous to think about this?"

Shen Junyu chuckled, "You know when your skin becomes so thick. If you're not shy, you just open your mouth."

Shen Qinglan glanced at him, "Do you believe me or not, I will tell grandpa." She dared to say she was cheeky.

Shen Junyu begged for mercy, "I'm wrong, I'm wrong, it's because I can't speak, please beg your lady to spare."

Shen Qinglan smiled with a serious expression, "Brother, I am very happy to see that you are about to marry the person you love and get happiness."

"Silly girl, my brother is really happy to see you doing well now."

"Sister Xi Yao is a very good person, I believe you will be happier in the future, brother, I am doing very well now, and Fu Hengyi is also very good to me. In the future, you don't have to worry about me anymore. Give grandpa a great-grandson, and I want to be an aunt earlier."

Shen Junyu's nose was slightly sour, she reached out and wanted to rub Shen Qinglan's hair, but when she saw her well-knotted hair bun, she lowered her hand and squeezed her face instead. Shen Qinglan expressionless, patted his hand, he and What is wrong with Fu Hengyi, she likes to squeeze her face.

Grandpa Shen is also very happy today, seeing everyone smiling, and seeing Shen Qinglan even more fond of laughing, "Lan Lan, come to Grandpa's side."

Shen Qinglan got up and went to the old man's side, supporting him, "Grandpa is very spirited today."

"Your brother is married, grandpa is happy."

"Grandpa Shen, wouldn't you be happy to see me?" Han Yi's voice came from the door. In a suit, Yu Xiaoxuan came with him.

"Happy, see your grandpa all happy."

Following Han Yi and Yu Xiaoxuan are Gu Yang, Gu Kai, and Jiang Chenxi. Several of them are groomsmen today, as well as two groomsmen, one is Yu Bin and the other is a classmate from Shen Junyu University.

It was almost time, and several people greeted each other and set off.

A castle in country Y.

The butler looked at the woman who called him in with a blank expression, "Madam."

Qin Yan narrowed her eyes and looked at the housekeeper. "Now it's getting harder to see the housekeeper. Is the housekeeper unwilling to see me? Are you afraid to see me?"

"Mrs. laughed." The butler said indifferently.

Qin Yan laughed, "Housekeeper, I know you are Allen's, but for so many years, I'm not too thin for you, I don't ask you to let me go, because I know you don't have this right, I just ask you to find A doctor gave promises to look at her hands and feet, and don't let her really get rid of it. Although she wasn't my own, she was also my adopted daughter. It's not easy for me to spend so much effort to train her."

The housekeeper's expression was faint. "The young master said that she would not be allowed to see her doctor." Since Allen wanted to abandon the promise, how could he treat her.

Qin Yan's eyes dimmed. "Of course I know Alan doesn't allow it, so I said that I asked you to ask a doctor to show her."

"I can't violate the order of the young master." The butler said, the end of the order that violated Allen, the promise is a living example, and the most hated Allen person is betrayal, if he really helps the promise, it is betrayal. Allen, known by Allen, even if he did more for Allen before, the end will not be much better than promised.

Qin Yan had expected such a result long ago, and said lightly, "Housekeeper, don't forget, I saved your son three years ago, and your son owes me a life. Although I am now locked here by Alan, But believe me, if I want your son to die some way, if you are willing to save her, your son's life will be paid off."

The housekeeper's eyes changed slightly. If Qin Yan threatened himself, he wasn't afraid at all, but his son was arguably his only weakness. This was his only son. If something happened to him, he wouldn't survive. significance. But Qin Yan's ability is because she has spent so many years with her, but the housekeeper knows better that Qin Yan is not telling jokes.

This is Alan's site. Qin Yan can't do anything, but outside, even Alan, I'm afraid I can't do anything about Qin Yan. This woman hasn't been in business for so many years.

The butler's eyes are changing, and Qin Yan is not urging him. With a determined face, she believes that the butler is a wise man and will want to understand. As for her promise, it was not because of the mother-daughter feelings of Raush, but because she kept the promise and it was useful. If the hands and feet of the promise were really invalid, even if it survived, it would be a waste, and her side No waste at all.

"Okay, I can help you this time, but it's very risky to call a doctor. I personally promise to bone." The steward said after a long thought.

Qin Yan smiled with satisfaction, "Okay."

From beginning to end, the promise didn't open, even the expression didn't change. The housekeeper opened the door of the promise's dungeon, walked to the promise's side, and looked at her condescendingly, saying that the promise was also trained by Allen over the years. Excellent person, but it's a pity to fall in love with someone who shouldn't.

Promise her eyes moved, her hands and feet have been interrupted for some time, if you want to connect, you have to interrupt it again, this pain is far more difficult than bones, but the housekeeper although not showing the mountains and the water on weekdays, but Very few people know that he knows medicine, and may not be outstanding in other aspects, but bone grafting is indeed a good hand. This is also the reason why Qin Yan just spoke. If you really bring in a doctor from outside, it is impossible to hide Allen.

The butler squatted down, looked at the promise, took out a handkerchief from his pocket, put it in the mouth of the promise, and then only heard a click. The promise was suddenly white, and the cold sweat suddenly came out, but this is not over yet. After only a few consecutive clicks, the long and crooked bones were broken again after the promise was broken, and after another heartbreaking pain, her hands and feet finally no longer showed a strange posture.

The handkerchief was taken off, and promised that the whole body was wet with sweat, as if it was pulled out of the water. She was panting, she was already out of breath, and had little air intake. The housekeeper saw her like this, her eyes flashed slightly. , Explained to Qin Yan, "Her affordability is too bad."

The implication is not that he moved in this process. Qin Yan has been paying attention to the movements here. Seeing the promise, he has no bearing capacity at all, and there is a trace of disgust in the eyes, which is really useless.

After the task was bent, the housekeeper left, but Qin Yan didn't see it. After leaving, the housekeeper's eyes were dark. In fact, he had just lied to Qin Yan. He used his promises to make promises. He chose one of the most painful ones. The pain alone is that people like Andrea may not be able to bear it, not to

mention the promise. Just now the promise has been beyond the expectations of the housekeeper without direct pain. Too.

The follow-up pain of this technique will only intensify. Of course, the advantage is that the recovery will be fast. If you promise to be able to carry the increasing pain afterwards, then you can recover quickly. If you can't, hehe...

The butler walked out of the dungeon and when he returned to the castle, he ran into Allen. His expression remained unchanged, his head lowered, "Master."

Allen gave the butler a fixed look, "Go down to see Qin Yan?"

The steward didn't deny it, and even said the promise to the bones, "Master, rest assured, I'm just going to be like that. The promised injury will only worsen."

Allen looked at the housekeeper, his eyes cold, "Did I ever say that the slut shouldn't be healed?"

The butler lowered his eyes and looked at the ground, "I said."

"Oh, I said I still did it, butler, even now you have to betray me?" Allen's voice was hoarse.

The housekeeper's face changed, "Master, I definitely don't mean to betray you."

Allen's eyes were full of violentness. He closed his eyes and opened them again, and the calm had been restored. "This is the first and last time. For the sake of my deceased mother, I can give you one more time. opportunity."

"Thank you, Master, there won't be another time." The butler said, he hadn't thought of concealing Alan when he was in the dungeon, but Alan wasn't such a deceitful person. Now, if the truth is true, you might still get it. There is a silver lining, if you wait until Alan finds out later, there is really nowhere to escape.

"By the way, Master, this is the news that the capital just came back." The butler handed a stack of information to Allen. Allen took it and looked at it, and chuckled, "My little seven is really the smartest, no My tips even connected Qin Yan with Mrs. Jin, and also found out that Qin Yan was fake."

The pride on his face seemed as if Shen Qinglan could guess that this matter was a very pleasant thing for him. Turning to the back, it was a recent photo of Shen Qinglan. With Fu Hengyi, he was distracted outside, and Shen Qinglan pushed with a big stomach in a wheelchair, the smile on his face was gentle. This was not the first time Alan saw such a smile, but every time he saw it, his heart hurt sorely, and his hatred for Fu Hengyi increased.

He pinched the data in the finger section and turned white, tossing the data aside, "Is this the seventh brother's wedding today?"

The butler nodded.

"Qin Yan's people..."

"After Qin Yan came back, people who were too late to contact herself were locked up, so she didn't know about Shen's wedding."

Allen nodded. "Since you don't know, you don't need to know. Go out."

The steward responded, and went out, Alan picked up the document again, turned to the end, looked at the smile on Shen Qinglan's face, stretched out his hand, and stroked it gently, his eyes soft, "Xiao Qi, Your child must be cute."

Capital city.

After Shen Qingyu and Shen Junyu set off to pick up the bride, they went to the hotel with Fu Hengyi, along with her two old men and Shen Qian.

When Shen Qinglan arrived at the hotel, Shen Junyu hadn't arrived yet, and she always knew that she would be troubled. Picking up the bride, where could it be so fast?

The marriage of the eldest grandson of the Shen family is naturally not a small scene. Compared to the wedding of Shen Qinglan and Fu Hengyi, it is not much to let, even the number of people who came this time is several times that of the last time.

Shen Junze also appeared this time, together with Lu Yaqin.

"Grandpa." Shen Junze came to Grandpa Shen and screamed, his expression was disturbed.

Mr. Shen nodded, um, and gave him a response. Shen Junyu had already discussed Shen Junze's problems with him. The old man also knew the plans of Shen Qinglan and Shen Junyu, and knew that these two children were for his own good, and he was more attentive. .

As for Shen Junze's changes, Shen Junyu has already told him that Master Shen is no longer satisfied with this grandson, and he will not really ignore him. Since he realized his mistake and wanted to correct it, he naturally wanted to Give him a chance.

Lu Yaqin also greeted the old man, but Old Man Shen ignored her. She was embarrassed on her face, or Chu Yunrong came to pull her away, and as the name suggests, she was too busy to ask her guests.

"Since studying at Jun Yu's company, then study hard." When Lu Yaqin left, Master Shen spoke, not

because he deliberately aimed at Lu Yaqin, but when he looked at Shen Junze's previous appearance, he became angry.

"I know, I will definitely study hard, Grandpa." Shen Junze said, he knows that Shen Junyu and Shen Qinglan are helping him, and they are very guilty while grateful.

If he could recognize Lu Jincal's true face earlier, he wouldn't be here today. Fortunately, it is not too late to wake up. Shen Junze remembered what Shen Junyu's assistant said when he found himself. At that time, because he was rejected by Shen Junyu again, he was already somewhat discouraged. After Yu Bin found him, he said, "The president said, although he can't buy Shen, But I am willing to give you a chance to learn. It is estimated that in three years, I will go to the Junlan Group to study from the bottom. If you can sit in the position of department manager within three years and get an MBA degree certificate Three years later, he may consider helping you to take back the Shen family. You don't have to rush back. The president said you will be given three days. If you agree, you will report to the marketing department of M Guojun Lan Group Branch three days later. If he didn't want to, he wouldn't say it."

In fact, the next afternoon, he appeared in the downstairs of the M Group branch of Junlan Group. No one in the company knows that he is the cousin of the president, nor does he say that he is diligently doing his own things. Occasionally someone will associate Shen Junyu from his name, and he will say that it is just a coincidence to pervert the topic. past.

The time he entered the Junlan Group was the busiest and most fulfilling time in the past two decades. He did learn a lot, and he was much stronger in self-care alone. The original Lu Yaqin wanted to follow He used to take care of his life, but he refused.

He knew that his mother was only a relative of Lu Jin, and he was very reluctant to let the relative choose him instead of letting her choose. Lu Yaqin didn't know that her son had been estranged from her because of Lu Jincal's affairs, but she also had her helplessness. The Shen family is now reluctant to control them. Their source of life is given by Lu Jincal. If Lu Jin really ignores them later, So what do they eat and drink.

Before marrying Shen Rang, Lu Yaqin also lived a hard life, but after so many years of life, the rich wife has already worn away her ability to live. Now she is just like dodder flower and can only depend on other people's lives.

Shen Junze looked at Shen Qinglan, "Sister Qinglan." Shen Qinglan nodded.

Shen Junze opened his mouth to say something, but looking at Shen Qinglan's cold eyes, he said nothing.

"Qinglan." Yu Xiaoxuan walked to Shen Qinglan's side and smiled. "I just saw your future sister-in-law. Today she is beautiful. Of course, you are the most beautiful in my eyes."

"Already?" Shen Qinglan asked.

"Well, just arrived, it's some time before the wedding starts, so the bride will go to the back lounge first. Do you want to go together?"

Shen Qinglan thought for a while and nodded, "Okay, wait for me, I will do something first."

She walked to the corner and called Jin Enxi, "En Xi, did you find anything?" Yesterday she saw someone suspected of Du Nan in the mall. Worried about today's wedding ceremony, she asked Jin Enxi to come over and help monitor it. Prevent Du Nan from sneaking in.

"I didn't find out, Du Nan shouldn't show up. After all, their family's business has just gotten a little better. If he dares to ruin the wedding, the Wen family will definitely not let them go."

Unless Du Nan doesn't plan to take their family's business, he will never do such self-excavating graves.

"Precautions are not taken beforehand, and it is always good to be prepared." Shen Qinglan said lightly.

"Understood, I must be optimistic about the various entrances and exits, and I will not let Du Nan slip in." Jin Enxi patted his chest and promised.

At the door, Chu Yunrong and Wen Mu were welcoming guests, but they saw two unexpected people—Du Honghai and Du Mu.

The smile on Mother Wen's face was a little stiff. She remembered that she had never sent invitations to the Du family. The intention of doing so was obvious enough. What does it mean that the Du family and his wife are here?

Du Honghai smiled, "Sister-in-law, Xi Yao is married, we don't invite you to come and have a glass of wedding wine, don't you mind?"

Can Mother Wen say she minds? But today is the wedding of his daughter, there are so many people present, this is really not easy to say, twitched, and said, "How come, welcome is too late." Then he pretended to ask casually, "Why didn't Du Nan come with you?"

Du Honghai knew what she was worried about and explained, "The company can't do without people. Du Nan is still in Haicheng."

Wen Mother heard the words and was relieved to let them in.

Chu Yunrong looked at their backs curiously, "Who are they?"

Mother Wen smiled, "Partners in the business before have not cooperated very much recently."

Chu Yunrong just asked casually and didn't care about it.

Shen Qinglan and Yu Xiaoxuan entered the back room and saw Wen Xiyao in a white wedding dress. Today, she is indeed as beautiful as Yu Xiaoxuan said.

### **384 The Wedding of Shen Family 2**

"Sister Xi Yao, no, it should be called sister-in-law now." Shen Qinglan said with a smile.

Wen Xiyao's face was full of shyness, and he seemed to be somewhat unaccustomed to Shen Qinglan's title, "Not yet."

"It will be soon, and sooner or later, you have to get used to it."

"Qinglan" Annie is today's bridesmaid. When she saw her, she shouted, and then she pulled Shen Qinglan aside, and asked in a low voice, "Qinglan, will Eden come today?" There was expectation in her eyes. .

Shen Qinglan shook his head, "Eden has something today and won't come over." In fact, Eden knew that Anne was among the bridesmaids at today's wedding, so he didn't come.

Annie looked disappointed. "Aren't you good friends? Why didn't he participate in your brother's wedding? If things matter, can this matter?"

Shen Qinglan's eyes flickered, "Who told you that I and Eden are good friends?"

"I saw a photo on Eden. It was a few years ago. There was you on it, the girl I saw that day, and the film actor Andrei and supermodel Sisley. The few of you already know It's been several years," said Annie.

Shen Qinglan didn't expect it was because a photo exposed their relationship, and she didn't know what

to say. Annie lowered her throat. "I know you don't want others to know. Rest assured, I won't say it."

Shen Qinglan smiled, "Thank you."

"You're welcome, you are Xiyao's young aunt, don't be so polite." Then, Annie asked suddenly, "Qinglan, can you tell me, does Eden have anyone he likes?"

Shen Qinglan's beautiful eyes flashed, "I don't know this either. Although I have a good relationship with Eden, I don't have much contact and I don't care about each other's private lives."

The disappointment in Annie's eyes was even stronger, and she whispered, "Qinglan, do you say I am really bad?"

Shen Qinglan looked at her suspiciously, "Why do you say that?"

"I chased Eden for a long time, but he didn't like me and even avoided me. I wondered if I was really annoying, he would be like this."

"Emotions also depend on fate. I don't have much to say about Eden's things, but there are some things that you won't get if you persist." Shen Qinglan said lightly. The meaning is obvious.

Annie looked at Shen Qinglan in a daze for a moment, "Do you also think that I and Eden will have no result, let me give up?"

Shen Qinglan just smiled, did not continue to speak, and turned to Wen Xiyao. She had already said what she should say. If it was not Eden's attitude now, she would not open the mouth. She said this, for the sake of Iraq. Deng, also for Anne.

Annie stood still thinking of Shen Qinglan's words, and she lost her mind for a while.

"What did Annie say to you?" Wen Xiyao asked, just as Annie pulled Shen Qinglan's mysterious look, it was a bit strange.

Shen Qinglan shook his head, "It's okay. Sister-in-law, are you very nervous?" She looked at Wen Xiyao's hands shaking slightly while holding the bouquet.

"Well, you don't know, I was insomnia last night. I thought I could marry your brother right away. I couldn't sleep excitedly. If I tried to tell myself I'm going to be a beautiful bride tomorrow, I'm afraid I will open my eyes. Daybreak." Wen Xiyao admits it is very simple, not afraid that Shen Qinglan will joke.

Shen Qinglan looked at her, a smile flashed through her eyes, and betrayed her brother without hesitation. "My brother is as nervous as you. When I went today, Songsao told me that he would get up at four in the morning, Then I kept looking at my watch, hoping to fly over to pick you up immediately."

Wen Xiyao's pretty face was reddish, and her hand holding the bouquet was tight, "Qinglan, don't talk about it, the more you said, the more nervous I was." Knowing that Shen Junyu was as nervous as herself, she was both sweet and worried that she was today Isn't there something wrong, looking at Shen Qinglan, "Qinglan, you help me see if I have something wrong, did the makeup look spent?"

Shen Qinglan has never seen Wen Xiyao, who is so unsteady, and smiled, "You are beautiful today, absolutely perfect, and ensure that my brother will not be able to remove his eyes when he sees you."

Wen Xiyao glared at her, "I'm serious."

Shen Qinglan stared at Wen Xiyao's face carefully, and really found something inappropriate in her. "Well, it seems that the eyeshadow is not very even. I'll call the makeup artist to come and apply makeup."

Wen Xiyao nodded, "Okay, go quickly." The wedding is about to begin.

On the other side, Du Mu and Du Honghai found a place to sit down. Fortunately, today some people are expected to be uninvited, so the Shen family prepared far more seats than invitations, and the Du family will not be without it. Sit somewhere.

After sitting down, Du Mu's smile on her face had faded, and she lowered her voice and said, "That's you, your hot face sticks to people's cold buttocks, they don't give us invitations, the meaning is already obvious, we I posted it myself. Isn't this just to find guilt for myself."

Du Mu expressed her dissatisfaction with her husband's decision. According to her intention, even if the Wen family invited her to come, she would not come. Anyway, the relationship between the Wen family and the Du family is also broken. Yes, but I was not happy after coming here.

Du Honghai smiled and nodded to the others on the table, lowered his voice and said to Mother Du, "We haven't said this thing long ago, and since I promised to come, please give me a little joy. People with a straight face thought you were here to find fault. "

Du Mu hummed, when she came voluntarily. But the smile on his face was thicker.

"By the way, did you call Du Nan, where is he now?" Du Honghai asked. In fact, he just told Wen Mu that Du Nan's affairs in Haicheng were false. Du Nan disappeared the other day. , The phone shuts down, the company does not go, and does not return home.

Du Honghai did not think that Du Nan might have come to Beijing, which is one of the reasons why he insisted on coming to Wen Xiyao's wedding. After all, if he was there, seeing Du Nan would always have

prevented him from doing stupid things.

"Already contacted, this silly boy ran to Hawaii and said that he didn't want to see his beloved one marry someone else. It really hurts me. You said that in this world, it's not just Wen Xiyao who is a woman, he Why are you so stubborn?"

"Are you sure you're in Hawaii?" Du Honghai asked. As for Du Nan's grief, he can't care about it now, or he didn't care about it at all. Du Nan is a man, and the man should focus on his career. All day long for a woman to die or live, what is the good news.

To put it bluntly, in Du Honghai's heart, Du Nan's previous behavior for Wen Xiyao was very inconspicuous, but in the end he was his only son and he worked hard at work, so he didn't say anything. He, now Wen Xiyao is married, Du Honghai is quite happy.

As long as Wen Xiyao is married, he completely cuts off his son's thoughts, so that the son can concentrate on his career in the future, which is also a good thing.

"Of course it is in Hawaii, my son can still lie to me, I tell you, I will give my son a blind date after I go back, I won't believe it, just because my son is such an excellent person, I won't find a good woman, I will definitely find him a woman who is a hundred times better than Wen Xiyao and be mad at Wen Bingchuan."

Du Honghai ignored the words behind her and said, "It's okay for him to go out, but you tell him to let him come back early, for the sake of a woman's will, it's really good."

Mother Du didn't take it seriously. "What happened to him when he went out to relax? It was originally Wen Xiyao's water...Forget it. Now it doesn't make sense to say this. I know. I'll call him back." She said casually.

She looked around, the light scene layout was very luxurious, and she didn't know how much the Wen and Shen families spent at the wedding. A bit of disdain flashed in her eyes, Du Mu lowered her voice and said to Du Honghai, "I don't think Wen Xiyao will marry Du Nan. She is just too poor to love the rich. If the family of the family can have such details of the Shen family, I don't believe that Wen Xiyao will also fall in love with the Shen family."

Du Honghai glared fiercely at his wife. Fortunately, the voice was quiet. This was not heard by others, otherwise it would be really shameful to be sent out in public.

Mother Du didn't take it seriously, just because she heard what happened, and she didn't dare to say what Wen Xiyao dared to do. But in the end they are still on the site of others, and they only dare to mumble softly.

Du Honghai looked at his wife and sighed. Since Wen Xiyao had a boyfriend, his wife's mentality has completely collapsed. From time to time, she has to say a few sour words. Where is the former lady's

posture? This situation is suppressed by the Wen family. After the Du family became more obvious.

Seeing that her husband was still looking at her, Mother Du didn't even dare to mumble, and she took a sip from the glass on the table.

In my heart, I was thinking about Du Nan. Although the blind date she just talked about was casual, she thought the idea was very good. Now the family business is stable. According to their Du family background, they want to find a daughter-in-law. Let her choose.

With such a thought, Du Mu's heart was comforted, and the smile on her face was more sincere. Du Honghai saw it, and finally comforted her. After all, she came to the wedding of others, but she didn't come to bless. It's here to find scumbag.

Seeing the Dus and his wife, Wen mother felt a little stubborn and found an opportunity to speak to Wen Sihan. Wen Sihan asked, "They said that Du Nan is still in Haicheng?"

Mother Wen nodded, "I'm afraid that Du Nan is going to make trouble. I'm more relieved if he doesn't come."

Wen Sihan was uncomfortable with this, "I will pay attention to them, mom, you can entertain other guests with peace of mind." He left after he finished, glanced at the location of the Du family and saw them talking with the people at the same table He left, walked to the corner, and called his assistant, "You can help me check if Du Nan is in Haicheng now."

He didn't leave, but waited for the assistant's phone. Soon, the assistant's phone came in." President Wen, Du's people said that their general manager hadn't come to the company for several days, and no one saw Du Nan at home. He seemed to have disappeared from Haicheng."

Wen Sihan's eyes changed slightly, "Have you checked at the airport?"

"The time is too short to check. Do I need to check?"

"No need." Wen Sihan said, in fact, it is already very obvious, if Haicheng does not have Du Nan, according to Du Nan's attachment to Wen Xiyao, he will definitely come to Beijing.

When Wen Sihan found Shen Qinglan, Shen Qinglan was talking with Wen Xiyao in the lounge. They didn't know what was said, and the two laughed happily.

"Brother, how did you come in? Didn't you entertain the guests in front?" Wen Xiyao asked curiously.

"There are Sixian and parents outside. I'm lazy for a while. The wedding will start in half an hour. Are you ready?" Wen Sihan said with a smile.

"Well, it's ready." Wen Xiyao said, her makeup had just been replenished, and there was nothing

imperfect in her body.

Wen Sihan looked at his sister in dress and suddenly felt a little bit reluctant, "I now know why my dad didn't want to come in."

Wen Xiyao looked at him suspiciously.

"The baby daughter that she raised for more than 20 years has just married someone else's house and became someone else's house. Probably every father is reluctant to see this scene and will be reluctant." Wen Sihan said.

"Brother." Wen Xiyao Jiao lamented.

Wen Sihan smiled and looked at Shen Qinglan, "Qinglan, I just saw Hengyi looking for you."

"Fu Hengyi looking for me?" Shen Qinglan raised her eyebrows and stood up. "Sister-in-law, I'll pass first."

When Shen Qinglan left, Wen Sihan also left, just turned a corner and saw Shen Qinglan waiting there, "Qinglan, why are you here?"

"Brother Wen, don't you have something to tell me?" Shen Qinglan asked back.

Wen Sihan stunned, smiled, and shook his head. "You can understand what I mean in just one sentence. Your IQ makes me scared."

Shen Qinglan tickled, "Thank you for the compliment."

"But I do have something to tell you." Wen Sihan took a serious look and said the matter just now.

Shen Qinglan suddenly understood, it seemed that the person he saw in the mall yesterday was Du Nan. He took out his mobile phone and called Jin Enxi again, "An, I have been staring at it, and I have not seen Du Nan at every gate. , And no suspicious figures were seen, Du Nan should not have come."

When Shen Qinglan heard the words, she was slightly relieved, "It's hard." Originally, Jin Enxi was going to travel with Daniel, but was called by Shen Qinglan on a phone call.

"Du Nan is not here." Shen Qinglan said.

Wen Sihan looked at her, "You have already prepared?"

"Just looking at the various entrances and taking precautionary measures, Sister Yaoyao and my brother can't have any imperfections in their weddings." Shen Qinglan said rightfully.

Wen Sihan sighed slightly in the heart. The outside world had long heard that Shen Junyu was a sister. What the sister said was what, but who could know Shen Qinglan's intentions for his brother, probably because of this, Shen Junyu was more sorry for this sister.

"Qinglan, thank you." Wen Si said sincerely, whether it was the matter at the last engagement banquet or the wedding, he would say thank you to Shen Qinglan.

"Brother Wen, you don't have to be so polite. Sister Xi Yao is my sister-in-law and a family. The family said that thank you is always a bit different."

Wen Sihan stopped talking and smiled, "I'm going to entertain the guests in front, are you going with me, or?"

"I'll wait to find Fu Hengyi, you go first." Shen Qinglan said.

After Wen Sihan left, Shen Qinglan had just planned to leave and saw a figure. Her eyes narrowed and followed, but just after the corner, the figure disappeared, and then a similar figure came out from the men's toilet, strangely Take a look at Shen Qinglan.

Shen Qinglan shook his head and smiled. It seemed that he was really a soldier, and turned to find Fu Hengyi.

Country Y, a castle.

Promised to lie on the ground, gasping for breath, her face could no longer be described as pale. In the past few days, she had lived as if she were alive and dead, and the pain in her hands and legs became more severe, just like someone was holding The stick interrupted her hands and feet again and again, and more and more violently, and she almost died, and she was hurt by life.

Just like just now, she only eased from a pain. Qin Yan's ear surrounded the screams of promises every day. At first she could calm down, but the more she became more irritable later, but the more vicious, promised It is also impossible not to call. She regretted that the butler had promised to bone the promise. She was not helping the promise, but harming herself.

Promise tried to move her hands and feet. Sure enough, after every pain, she felt better. Her eyes gradually became brighter. Maybe the housekeeper didn't lie to her. Her hands and feet might be really good.

Seeing that the next door was quiet, Qin Yan opened her eyes, and her eyes were full of anger. If there was an iron fence, she really wanted to strangle her promise, she had never seen such a useless thing, even this pain. can not stand it.

Just when Qin Yan was about to speak, there was a footstep. Soon, Alan's figure appeared in the dungeon. Qin Yan saw him, "Alan, are you planning to control me all my life?"

Allen stood in front of her and looked at her, "It is this plan." Qin Yan is too good at doing things, and he can't kill her, so shut it up.

"Do you think you can really do it?" Qin Yan asked coldly.

"You can escape. It's your skill." Allen said lightly. "The premise is that your friends are good to know that you are locked up, or in my hands. Oh, yes, forget to tell you, you Nancheng's That kind of friendship, Yan Anbang is still looking for you in the world, I really admire it and make others ruined, and they still have a deep affection for you. You have to be like this. If you have such a skill, if my dead father Train you as a killer, you are definitely the best one."

Qin Yan heard that her eyes changed slightly. It wasn't that Karl didn't want to train her, but she didn't really have that kind of talent. Her physical fitness was just as bad as she was, and she was also a wise man. After a person with intellectual disabilities, even Karl was helpless, and finally gave up.'

"If you let me go, I can guarantee that I won't be in trouble with the Shen family." Qin Yan apprentice and Allen said the conditions.

Allen chuckled, "Qin Yan, do I look like an idiot?" If Qin Yan could believe it, the sow would be on the tree.

Qin Yan squinted, "I just can't trust you? Anyway, I saved you eight years ago."

Speaking of eight years ago, Allen's eyes were instantly cold by eight degrees. If it were not for his own eyes, he would be relieved eight years ago, instead of continuing to live in this world, no one is not ghost.

Qin Yan naturally didn't know that Allen thought this way, otherwise she had to be angry. In order to save Allen, she also paid a lot of money. Just to move Peter, she used a lot of favors. Don't look at Peter's relationship with Allen right now, they didn't even know at first.

When she did this, she didn't want Allen's reward, but she never thought that Allen would repay her for Shen Qinglan.

"I just want to go back to Yan Anbang and tell him all the truth. I can swear I will not go to anyone in the Shen family." Qin Yan said, anyway, the promise has been sent out, and everyone in the Shen family should know Given her true identity, it is naturally less important to go to the Shen family.

It's just that Qin Yan never thought that the promise was to send the mail, but she sent a copy, and Shen Qian decided to hide Shen Qinglan's identity because of her daughter's love and guilt. Her so-called Shen Qinglan had nowhere to hide, Shen The family fell apart, and none of the scenes of Shen Qian's

wife were scattered.

Alan smiled slightly and sat there looking at Qin Yan quietly, telling her the story of Jingcheng one by one, and the details were very detailed. Qin Yan's inattentiveness turned into a ugly face from the beginning.

"Impossible, this person Shen Qian is most fond of family honor. If he knows Shen Qinglan's true identity, it will definitely not be such a reaction now." Qin Yan said incredulously, the result was contrary to what she expected. She didn't accept it, and she looked at the promise suddenly, "Did you not send the information at all? You are a waste, what's the use of your life."

Qin Yan was hysterical, and her promise was ugly to hear, and she paid such a painful price without causing any harm to Shen Qinglan, which made her accept it.

Allen admired Qin Yan and Promise's reaction, and his eyes were full of pleasure, watching someone more painful than him, he was happy.

"Alan, let me go!" Qin Yan shouted, her revenge had not yet been reported, she could not be locked here.

Allen looked at Qin Yan all the time, smiling, and Allen's appearance was feminine, probably because he was exposed to darkness all the year round. Even when he laughed, he had a somewhat eerie taste, but the housekeeper knew that Allen at the moment ,very good mood.

"Butler, tell your wife, what is Yan Anbang doing?" Allen said.

The butler standing behind him responded, "Yan Anbang reported to the police that the wife was kidnapped and asked the police to look for his wife. Zhao Jiaqing's cause of death had been investigated. The police suspected that it was related to his wife but could not find evidence. Yan Anbang is verifying his wife's innocence." The housekeeper told her what Alan wanted Qin Yan to know.

After the steward was finished, Allen said, "Speaking, Yan Anbang is also true love for you. If I were you, I would forget the damn Karl and live a good life with Yan Anbang."

"You shut up." Qin Yan roared and was emotional, when she rarely had such emotions out of control, even the promise was the first time she saw her, "No one can compare with Carl, Karl is the best in the world. The man is my god, they should pay the price if they kill him."

Alan sneered, even the devil of Karl deserves to be called a god?He doesn't even count as an individual. If it were not for his own father's sake, he would have taken out his ashes to feed the dog.

He promised to listen to their conversation quietly, and his eyes were always on Allen. Even if Allen treated her like this, there was no hate in her eyes, even no trace of complaint.

Allen noticed the promised gaze and said to the housekeeper, "Butler, if she looks at it again, she will dig out her eyes and soak them in formalin to make a specimen for her."

Promise stunned, his eyes widened, seeing that the housekeeper really came towards her, and quickly withdrew his gaze. The housekeeper stood outside and looked at her, and saw her honestly, and walked back to Allen's side again.

"Allen, say, your condition, how can you let me go out?" Qin Yan calmed down and asked.

Allen chuckled, "What can you give me? Money?"

Qin Yan wouldn't mention money naturally, Alan didn't lack money at all. After thinking for a while, Qin Yan spoke slowly, "You let me go, I will take revenge, and I will tear down the Shen family, so Shen Qinglan will betray his relatives. She will have to come back to you. Of course, I can guarantee that Shen Qinglan's identity will not be disclosed." Wasn't the last time Allen rejected her proposal because she was afraid that Shen Qinglan's identity would bring disaster to her? It's okay not to make it public this time.

Allen touched his chin and said, "Well, it sounds like a good idea."

Qin Yan's eyes brightened, "You agreed?"

Allen shook his head and stood up. "No, I can't believe you. I believe in myself more than I believe in you. You should stay here." He was purely in a bad mood today, so he came down to look at Qin Yan and let Qin Yan was also upset. Now that I see it, he is in a good mood, so I don't want to waste time with Qin Yan here.

Qin Yan didn't know where she was being played, and looked at Alan's back bitterly, but she couldn't help taking Alan. She is now a prisoner, and she can't even go out, let alone anything else.

Promise looked at Alan about to leave, and from beginning to end, he didn't look at her directly. Although he knew it was dangerous, he still stopped Alan, "Master, please kill me."

Alan's footsteps were slightly paused. Instead of turning around, he said coldly, "Want to die, it's not that easy, promise, you betrayed me, you should know that the easiest thing in this world is death, don't try to commit suicide. If you dare to commit suicide, I will throw your body to the wild dog."

Promise stiffness, she said that in order to retreat, who knows that Allen does not follow the routine.

"Housekeeper, since she thinks life is too boring now, give her some fun." Allen's voice did not bring a trace of temperature. The housekeeper heard the words, and his eyes flickered. "Yes, young master."

The promise changed, and her eyes were full of panic. Although she didn't know what Alan wanted to do next, her heart was full of bad hunch, "No, Master, I'm wrong."

It's just a pity that Allen is gone. The housekeeper glanced at her, and her eyes were full of pity. If she hadn't been smart before, Allen might not bother to repair her.

Soon, the housekeeper came back, followed by two men, he pointed to the promise, and said to the two men, "Young Master said, this woman will reward you, and there are other brothers, you can take turns every day, be sure Take good care of her." The word "care" was specially bitten, the meaning of which could not be more obvious.

I promise to change my face and want to go back, but my hands and feet can't be used at all. The butler's bone-joining technique requires at least ten days of rest. Every day I endure more and more pain every day. Recovery, and now there are three days left from ten days.

He promised to move on the ground like a bug, only to watch the two men walking towards her.

"No, you go away, you trash, get away with me."

The faces of the two men have changed slightly. They are indeed the people underneath. In their eyes, the promise is like a person above Allen. In their eyes, the promise is like a high, untouchable existence, but now, it is just A prisoner of one rank, and he would lie beneath them and beg for mercy.

The two men looked at each other and took off their clothes while walking. Qin Yan saw this scene and turned her head. As if she didn't see it, she just frowned, thinking about how to go out, she couldn't be just like Ai Lun Guan stayed here all his life. Shen Qian killed Karl. She couldn't let Shen family go, absolutely not.

Soon, the cries of promises and heartbroken/laughter sounded in the dungeon.

Qin Yan listened to the desperate shouts in her ears, her eyes lighted up and thought of something, her face thoughtfully.

The butler stood outside and listened for a while, then went back to recover from Allen. "Master, I have arranged it for two a day."

Allen is watering the flowers, with a smile on his lips, "Add two more, don't kill it."

"Yes." The steward responded, his expression calm, as if he had become accustomed to all of this.

Capital city.

Du Nan had actually entered this hotel last night. He wandered near Wen Xiyao's lounge, but there was always someone in the lounge. He couldn't find a chance to get close to Wen Xiyao.

The figure that Shen Qinglan just saw was indeed him. Fortunately, he responded quickly and hid in the men's toilet. Fortunately, there was a hotel waiter in the toilet who was about his size. He spent a little money to let the waiter He changed clothes and went out, which dispelled Shen Qinglan's suspicion.

When Shen Qinglan left, Du Nan came out of the bathroom. He was still thinking about how to take Wen Xiyao away when there was no one in the lounge. He thought for two days and desperately convinced himself to let go of Wen Xiyao. Yes, but he couldn't let it go anyway. As long as he thought of Wen Xiyao wearing a wedding dress and holding hands into the auditorium, he couldn't stand it. This feeling was driving him crazy.

He had just turned a corner and bumped into someone head-on. Du Nan was shocked and bowed his head hurriedly, "I'm sorry."

"Du Nan?" Annie's voice sounded.

Du Nan heard it, looked up, and saw her. She glanced behind her and saw no one else. She felt relieved and took Annie's hand, leading her to a quiet corner.

Annie followed him, "Du Nan, why are you here?" Looking at the waiter's clothes on him, "What do you want to do?"

"Annie, I beg you one thing, would you let me see Xi Yao alone?" Du Nan said.

Annie's eyes changed, "Du Nan, don't you really want to snatch your relatives?"

"Annie, I don't want to snatch my relatives. I just want to see Xi Yao. I want to say something to Xi Yao. I promise I won't do anything. Just help me and let me see her, can't I?" his voice There are so many prayers in him, he really has no choice. From the moment Wen Xiyao entered the lounge, he was looking for opportunities. Seeing the wedding was about to begin, he still could not see Wen Xiyao, Du Nan also Anxious.

"No, Du Nan, do you have anything to say when the wedding is over? You are not suitable to see Xi Yao now." Annie refused.

"Annie, didn't you say it yourself? You wouldn't watch your loved one marry someone else. You also encouraged me to take Xi Yao back. Now I'm just going to fight for it. Why do you refuse to help? And me?"

Annie heard, "When did I encourage you to grab a kiss?" The voice stopped abruptly, and I finally remembered the scene when I was drinking with Du Nan in the bar the night before.

"Du Nan, I'm talking about wine, I can't take it seriously."

"But I have taken it seriously, Annie, I love Xi Yao, I have loved it for nearly two decades, and I will really die if I lose her. Do you have the heart to watch me die?" Du Nan's eyes glowed Tears.

Annie's heart softened at once, and Du Nan she knew had never shown such a vulnerable side, "Du Nan, you... even if you go to Xiyao, she won't go with you, you give up. ."

Seeing her tone softened, Du Nan continued, "How can you know there is no hope if you don't try it? Just like you, the person you love doesn't like you, but you never give up, do you? The biggest difference between me and you But you still have a lot of time, and my time is running out. Annie, I beg you to help me. I only need a chance to talk to Xi Yao alone, ten minutes."

Annie's look changed, looking at Du Nan, "I can help you once, but you have to make sure that if Xi Yao has any reluctance, you can't force her away." In her view, Wen Xiyao is absolutely not I will go with Du Nan. Now I do this just to cut off Du Nan's last thought.

Du Nan nodded again and again and promised, "This is a must. I love Xi Yao, how can I be willing to hurt her."

"Okay, I will wait for everyone in the lounge to evacuate. When you hurry, you will tell Xi Yao what you want to say. The wedding is about to begin. Even if I help you delay the time, it won't be long." Said Annie.

Du Nan looked surprised, "That's enough, thank you Annie, I don't know how to thank you, no matter what the result is, I thank you."

Annie waved her hand, "Don't thank me, we two are also the same people in the world." She remembered what Shen Qinglan said to her today, and her heart was sour.

If Annie knew what was happening at the engagement banquet, knew Du Nan's madness, or if she knew that Du Nan would go in and that kind of thing would happen, she would never agree to Du Nan's request today.

Digression

Guess what Du Nan did?

### **385 Chapter**

Annie walked into the lounge and saw Wen Xiyao talking with several bridesmaids.

"What are you saying so happy?" Annie asked with a smile. There were six bridesmaids this time. Except for her, only one of the remaining bridesmaids was Wen Xiyao and her common friend, and now in this

room There are three bridesmaids.

"We are talking about things in college, but I didn't expect that I was the second married in our class." Wen Xiyao said with a smile.

Annie smiled, but she was thinking of an excuse to call these people away, but she couldn't think of a good excuse. She watched the passage of time, and her heart was also anxious. Worried that Du Nan would rush in regardless.

"Annie, what's wrong with you? Absent?" Wen Xiyao noticed Annie's distraction and cared.

Annie's eyes flickered and she shook her head. "It's okay, just to see you look so beautiful today, a little dazzling."

Wen Xiyao smiled sweetly, "You will definitely be the most beautiful bride when you get married."

Annie's eyes dimmed for a moment, and Wen Xiyao seemed to realize that she had accidentally stabbed her sore, and looked at Annie apologetically. Annie gave her a smile and signaled that she was fine.

Annie's eyes rolled, her voice lowered, and she whispered in Wen Xiyao's ear, "Xiyao, I have something to tell you, can you come out with me first?"

Wen Xiyao gave her a strange look, "What's wrong? Is there anything I can't say here?"

Annie looked at the other bridesmaids with embarrassment. "Not very convenient."

Wen Xiyao was unprepared for her. After thinking about it, she stood up. "I asked Annie to accompany me to the toilet and come back immediately."

Knowing that her wearing a wedding dress is not convenient for going to the toilet, someone needs help, and everyone did not care.

Annie took Wen Xiyao to the next room next door. She believed that even if there was no time for

communication, Du Nan who had been paying attention to it could know where they were.

"Annie, what do you want to tell me?" Wen Xiyao asked.

"Xiyao, before I say it, you wait for me for a while, I will go back to that thing, just a minute." Annie said.

Wen Xiyao suddenly felt strange in his heart. Today's Annie is very strange, "Annie, are you hiding something from me?"

Wen Xiyao looked at Annie definitely, and Anne's heart was shocked, "Xiyao, I just want to show you something alone, it's very important, but I just forgot to stay in that room, just wait for me, I Get it now."

Wen Xiyao looked at her suspiciously, and Annie smiled, "I'll be back soon, immediately." Then, she went out, and Wen Xiyao hadn't responded, and the person left, she shook her head helplessly, she had to. Waiting for her here first.

As soon as Annie went out, she saw Du Nan standing at the door. She was shocked and looked around quickly. While seeing no other people, she sighed lightly and gave Du Nan a secret glance, saying nothing. Off the road.

Du Nan gave her a grateful look and walked in.

Wen Xiyao turned his back to the door, heard footsteps, turned and saw Du Nan, "It's you."

Du Nan stared at Wen Xiyao, "Xiyao, you are really beautiful today."

Wen Xiyao's face fell deep, and she knew it when she saw Du Nan. Anne called herself out and showed herself something. If something was false, let Du Nan see that she was real. "You have tried your best to see me. What do you want to do?"

Du Nan stared at Wen Xiyao, not willing to look away from her face, the love and thoughts in her eyes were clear at a glance.

"Xiyao, since we were kids for the first time when I was a kid, I imagined how you would wear a wedding dress when I grew up. I have been looking forward to it for more than 20 years. I didn't expect to see it today. It was as beautiful as I thought. , No, more beautiful than I thought."

Du Nan's affectionate expression, but in Wen Xiyao's ears, she faintly felt her stomach uncomfortable. She frowned, "If you come to bless me, then I thank you, if you just want to say this Then, now that I've finished speaking, I should go too." She looked at the door closed by Du Nan and was very upset. This kind of scene is very similar to the scene that happened at the original engagement feast.

"Blessings?" Du Nan's expression changed. "While watching you marry someone and wanting me to

bless, Xi Yao, am I such a weak and incompetent person in your eyes?"

"Du Nan, today is my wedding, the most important day of my life, are you sure you want to ruin my wedding?" Wen Xiyao's face completely chilled.

Du Nan's momentum weakened in an instant, "Xiyao, don't be angry, I just want to tell you that I love you more than Shen Junyu, then don't stay with him, OK, as long as you promise to go with me, I promise, I will treat you very well, whatever you want."

Again, Wen Xiyao frowned in disgust, "Du Nan, I won't go with you, you give me a break now, I'm going out." Wen Xiyao wanted to leave, Du Nan took her hand.

"Xiyao, I won't let you go. I thought about it. I really can't live without you. Today, I won't let you go to the wedding anyway. Help you die. ."

"Why, you want to use strong again?" Wen Xiyao looked at him, his eyes cold, as if condensing the snow mountain for thousands of years, with a strong taunt in his tone.

Du Nan's face changed, remembering the matter at the engagement banquet, looking at Wen Xiyao's eyes, closing his eyes, "Xiyao, don't look at me like this, I won't use you strong, I swear That was the first and the last time. I thought you would not marry Shen Junyu, would you give me another chance, okay?" he whispered.

Wen Xiyao's expression remained unchanged, and he was not touched by Du Nan's words, "Du Nan, even if you don't let me attend the wedding today, Shen Junyu and I are already legally married. Just yesterday, I've followed He received the card."

Du Nan's complexion instantly turned pale, staring at Wen Xiyao in a daze, "Xiyao, how can you, how can you treat me like this, from small to big, I treat you so well, waiting for you wholeheartedly, protecting With you, how can you be so cruel to me!"

His eyes were getting red, and even a trace of blood was stained on the bottom of his eyes. "Do you know, I will die without you. Can you really watch me die?"

"So are you threatening me with death now?" Wen Xiyao asked back.

"If I die, I won't let you marry Shen Junyu. What if I am dead. I can't get anything that others can't get," Du Nan said.

Wen Xiyao's face changed slightly, looking at Du Nan, "I think you are really crazy." Can normal people say this?

Du Nan chuckled, "Yes, I'm crazy, you are driven crazy, Xi Yao, why don't you love me, compared with Shen Junyu, which point is I inferior to him? I love you more than he loves you, I can give up everything

for you, can he do it?"

"Love always pays attention to your willingness and willingness to give, rather than to care about the gains and losses, Du Nan, you are not love at all, but possessive." Wen Xiyao said calmly, she shook her hand, He tried to free himself from Du Nan's clamping, but failed.

Du Nan held Wen Xiyao's hand even tighter. "Xiyao, look at what you look like when you are with Shen Junyu. You have never been so unreasonable in the past. It was Shen Junyu's teaching that was broken you."

Wen Xiyao wanted to scold people. Who was the unreasonable one? She saw that Du Nan was really crazy. It was simply a neuropathy, and it was almost time. She didn't show up again, people outside should be anxious, she started struggling violently, Du Nan clamped her, Wen Xiyao's eyes were ruthless, he lifted his foot and kicked towards Du Nan's lower body, if this foot was hit Du Nan is definitely going to be scrapped.

Du Nan looked aside, hiding his body aside, his hands were released unconsciously.

Wen Xiyao took the opportunity to run outside the door, just ran outside the door and wanted to shout, he was covered by Du Nan, Du Nan took her in the direction of my back door.

\*\*

After seeing Du Nan going in, Annie waited for two minutes outside the door. Seeing that there was no movement in the door, and worried that she would stand here to attract the attention of others, she walked towards the bathroom.

The three bridesmaids in the lounge waited for a while, but did not see Wen Xiyao and Annie coming back. One of them suggested to go to the bathroom to see that only Anne was alone.

"Annie, what about Yao Yao?" said one of the bridesmaids.

Annie's face was puzzled. "Did Xi Yao go back? She just left first. I was a little late because of my stomach discomfort. Didn't you see her?"

"No, we just came from the lounge." Another bridesmaid said.

"It's weird. This is the way from the rest room to the bathroom. Where did Xiyao go?" Annie said to herself, smiling, "It's okay, the wedding is about to start, she won't Going far, maybe just where to breathe, don't forget, she is very nervous today."

Others heard the words and immediately thought that this made sense. "Then we will look around. Time is coming, don't make any mistakes." Several people said, and they wanted to find Wen Xiyao.

"Okay, let's go together. I'll go over there and look at other places." Annie said, pointing in the direction of the lounge.

The other few had no opinions. Everyone went to find someone separately. After separating from them, Annie gently relieved herself and secretly blamed Du Nan for causing trouble, speeding up her pace, and walked in the direction of the lounge. Wen Xiyao brought it back, not to delay the wedding time, and so long, Du Nan should have finished what he wanted to say.

It was just that Annie had just walked over and saw Du Nan pulling Wen Xiyao around the corner of the corridor.

Annie changed her expression and hurriedly followed.

Du Nan just wanted to take Wen Xiyao away, but Wen Xiyao was not cooperating and had been struggling. Du Nan stunned Wen Xiyao with a ruthless heart. His strength was not very heavy, just let Wen Xiyao unconscious for a while. Only, and this time is enough, after all, all he wants is to take people out.

But as soon as he walked to the door, Du Nan saw a few people who looked like bodyguards. He was standing not far away. They could be found by turning a corner. He froze and turned to walk towards the back door. He yesterday I have already explored the layout of this hotel, and I am very familiar with this, but I only met Anne after two steps.

Annie looked at Wen Xiyao in Du Nan's arms and sullen. "What did you do to her?"

Du Nan did not expect to meet Anne, trying to calm herself down, "Annie, you gave way, I will take Xi Yao away from here."

"No." Annie refused, "If Xi Yao was willing to go with you, I would definitely not block it, and I would even support it, but now you are forcibly taking her away, Du Nan, saying seriously, you are kidnapping. , While others haven't found it yet, you give Xi Yao to me and hurried away. As for Xi Yao, I will explain to her and tell her not to care about you."

Annie didn't expect Du Nan to do such a terrible thing. She has regretted it now. She won't help him if she knows it. Xi Yao will definitely blame her if she knows it.

"Want me to watch her marry someone, don't even think about it, I won't allow this to happen, I must take Xi Yao and Annie today, for our sake of being friends, you give me Step aside."

Annie refused, "Du Nan, you let go of Yao Yao, and you do not do you any good by doing so."

No matter what Annie said, Du Nan was unwilling, and Anne was also anxious. It was quiet here, but Baoqi would attract other people. If you saw this scene, things would get worse, "Du Nan, if you don't let go of Xiyao, I shouted, you will be legally responsible."

Du Nan chuckled, "Isn't you kidnapped? I'm not afraid, you call out, I'm the mastermind, you are the accomplice, don't forget, you called me for Xi Yao, I'm not clean, you can't be clean."

Annie heard the words, her face was blue, this Du Nan, wanted to die, even wanted to pull her, "Du Nan, you are crazy."

"Yes, I am crazy, without Xi Yao, I am a lunatic, even I don't know what I will do, so you let me go now."

Annie looked at Du Nan's scarlet eyes and instinctively took two steps back.

"Xiyao."

Far away, Anne heard the name of someone named Wen Xiyao, thinking it was Wen Xiyao's leaving too long that caused other people's suspicion, "Du Nan, they have found that Xi Yao is gone, you quickly hand over Xi Yao Me." Annie was really anxious. Du Nan, a lunatic, really caused her a lot of trouble.

"Du Nan, listen to me. The Shen family has asked for bodyguards. They are all outside the hotel. You can't get out with Xi Yao. Instead of that, you might as well let go of her and give her freedom. Seeing her happiness, you too Will you be happy?"

"No, I'm not happy. Her happiness wasn't from me. What am I happy about?" Du Nan shook his head. "Annie, there is no bodyguard in the back door. You let me leave from behind."

Where does Annie dare to let Du Nan leave now? If Du Nan took Wen Xiyao away, it was not only Du Nan but also their family. Shen Family is not a crime that their family can offend. She and Wen Xiyao are good friends. Not bad, but she has nothing to do with the Shen family.

The Du family's base camp is in Nancheng, and the Shen family is unmatched, but their family is in Beijing. If the Shen family wants to call them, it will not be difficult for them to think. Anne thought that he regretted accepting Du Nan's request.

At this time, Anne's trouble caused by the soft heart made Anne's intestines all blue. But now it is too late to say that it is imperative to bring Wen Xiyao back quickly.

"Du Nan, calm down, think about your parents." Annie persuaded.

Annie is still persuading Du Nan, and Shen Qinglan already knows that Wen Xiyao is gone. She whispered something in Fu Hengyi's ear. Fu Hengyi shook her hand and whispered, "Be careful."

Shen Qinglan nodded and got up and left.

"What is Lan Lan going to do?" Mr. Shen asked.

Fu Hengyi smiled, "She said she wanted to go to the bathroom, I let her pay attention to her feet."

Mr. Shen heard the words and didn't take it seriously. He just said, "You don't worry about Lanlan, go slowly."

"I was just telling her this just now." Fu Hengyi responded freely.

Shen Qinglan went to the back and looked at Fang Tong. Fang Tong just called her and said Wen Xiyao was gone.

"What's going on?" Shen Qinglan asked.

"I don't know. I just watched the time, so I came in and wanted to remind Sister Yao, but there was no one in the lounge. Then I met them. They said that Sister Yao had gone to a bathroom. Come back." Fang Tong pointed to Wen Xiyao's bridesmaid group.

Shen Qinglan's expression changed slightly, the first reaction was Du Nan, she immediately called Jin Enxi, "Enxi, what about Du Nan?"

Jin Enxi was stunned, "Du Nan, didn't see it, I kept staring at the monitoring."

"My sister-in-law is gone." Shen Qinglan said in a deep voice.

Jin Enxi stood up from the chair with a rub, "What?" Then he reacted, "You suspect that Du Nan did it? But I kept staring at the surveillance and I didn't see any suspicious people."

"What if the other party came in early in the morning?" Shen Qinglan suggested a point they ignored.

Jin Enxi was silent, and they were really ignored by them before. They just considered that Du Nan might be messing up today, but they didn't think that maybe people entered this hotel as early as they were, waiting for action.

"An, I'm checking the hotel's monitoring right now." Jin Enxi finished the call.

Shen Qinglan stood still, his eyes cold.

After a while, Jin Enxi's phone came in, "An, Du Nan took Wen Xiyao on the south elevator floor. You go first, I'll be here right now, wait for me, don't do it yourself."

Shen Qinglan was covered in frost. Fang Tong had never seen Shen Qinglan like this, and was suddenly at a loss. Shen Qinglan glanced at her, "Go and call my brother, don't disturb others."

When the other people present heard it, they would immediately understand that something had happened, and the matter had something to do with Du Nan. Just now they heard Du Nan's name.

Shen Qinglan walked toward the elevator to the south. As soon as she walked in, she heard the conversation between Annie and Du Nan.

"Du Nan, do you have to force me to call someone?" Anne looked irritable. She was not a good-tempered person. After so much persuasion, Du Nan insisted on taking Wen Xiyao away. She was already running away. On the verge.

Du Nan looked tenderly at Wen Xiyao in his arms, "I will never let her marry someone else today, Annie, even if she dies, I will not watch her marry someone else."

Du Nan looked up and saw Shen Qinglan and others approaching. He turned away and pressed the door of the elevator. Then he entered when the crowd had not responded. Originally he wanted to go to the underground parking lot, but it was so coincidentally, this elevator of this hotel is going up, there is no way, Du Nan directly pressed the elevator on the top floor.

Shen Qinglan looked at the ascending elevator and looked very ugly. She pressed the button, but there was only one elevator in this building, and she just got up. She did not come down so fast. She could still use the stairs if she was pregnant, but now, wait for her to go I don't know when it's going to the top floor.

When Fang Tong found Shen Junyu, he was doing the final confirmation of the wedding process with the master of ceremonies, "Mr. Shen."

Seeing her, Shen Junyu smiled and asked Wen Wen, "What's wrong?"

Fang Tong glanced at the MC and whispered, "Mr. Shen, can you come over?"

Shen Junyu gave her a fixed look and said to the master of ceremonies, "Sorry, wait a moment." Then he followed Fang Tong to the side.

Fang Tong simply said the matter again, "Qinglan let you pass immediately, they are in the elevator to the south."

Shen Junyu's eyes were very cold, and she just wanted to leave, what she thought of, walked to the master of ceremonies, and whispered, "The wedding will be delayed for fifteen minutes. I will deal with something and come back immediately."

"Hey, Mr. Shen." The master of ceremonies wanted to stop him, but Shen Junyu had already gone. Along the way, Shen Junyu's pace was not rushing, smiling, and no one could see any abnormalities until he walked to no one. Where he ran.

When Shen Junyu arrived, Shen Qinglan and they were still waiting for the elevator. When Shen Junyu arrived, the elevator door just opened, and Shen Qinglan led the elevator. Shen Junyu followed him in, "Lan Lan, what happened, Xiyao? "

Shen Qinglan's face was sullen and her eyes were filled with anger. When she rarely had such emotional leaks, this time Du Nan's behavior was really annoying her. I knew that Du Nan's future problems should be solved at the last engagement banquet. .

"Sister-in-law was taken to the top floor by Du Nan." Shen Qinglan said coldly.

This hotel is divided into three buildings, eight floors, eighteen floors and twenty-eight floors are gradually increased form, the appearance looks like a three-level staircase, Shen Junyu held the lowest eight floors, here is a banquet on the first floor The area of the hall is the largest and the most luxurious among all hotels in Beijing, and is specially designed for high-level banquets or wedding receptions.

The eighth floor can lead to the building next to it. After Shen Qinglan arrived at the eighth floor, they walked out of the elevator and had some troubles at once, because they didn't know in which direction Wen Xiyao was taken by Du Nan.

Shen Qinglan did not know where to go now, Shen Junyu said, "Lan Lan, you are waiting here first, I will go to the building next to it."

"Wait." Shen Qinglan stopped him and picked up the phone. Jin Enxi called. "Ann, I'm on my way to the hotel. You hear me say that Du Nan brought Wen Xiyao to where you are now. On the rooftop of the floor."

Although Jin Enxi is in charge of hotel monitoring today, she is not in the hotel. For her, it is not difficult to invade the hotel's monitoring system at home, and there are so many bodyguards on the scene. Things still went wrong.

Shen Qinglan hung up the phone, and Shen Junyu came to the rooftop roof, and really saw Du Nan, Wen Xiyao was lying in his arms, closed his eyes, as if asleep.

"Xiyao." Shen Junyu called out.

Du Nan looked back, saw him, and smiled, "You are here, and you move very fast."

Du Nan was standing on the edge of the rooftop, as long as he walked two steps forward, he would be able to step on his feet. Shen Junyu's breathing was stagnant, "Du Nan, what are you doing?"

Du Nan smiled and looked at Wen Xiyao tenderly, "I don't want to do anything, just want to be with Xi Yao, but you won't let me go, I just have to come up."

Shen Junyu sullen his face, "What did you do to Xi Yao?"

"I didn't do anything, just let Xi Yao sleep, she is my favorite person, how can I be willing to hurt her."

"You don't want to hurt her, what are you doing now? She is going to marry the person she loves the most today, it is the most memorable day in her life, but you want to destroy her happiness, that is how you love Hers?" Shen Qinglan said, her tone calm and calm.

Du Nan's expression is still gentle, "You are wrong, I am here to correct her mistake. The person she really loves is me, just cheated by Shen Junyu's performance. If she wakes up in the future, she will definitely regret it. I just want her not to regret it in the future."

Hearing the words, Shen Qinglan's eyes flickered and looked straight at Du Nan. His mental state seemed to be a little wrong. Slowed down, Shen Qinglan eased his tone and spoke softly, "How do you know that Xi Yao's love is You, not Shen Junyu?"

Du Nan listened to this and smiled softer, "Because Xi Yao said when she was four years old that she would grow up to be a bride for us. We grew up together. For so many years, she was by my side. You I don't know, Xi Yao is excellent from small to big. She is the most dazzling star in the night sky. She is always the most eye-catching existence. She has many pursuers, but she never looks at them squarely. I know she is to not let I'm jealous."

Seeing Du Nan so completely immersed in her own conjecture, Annie couldn't help but say, "Du Nan, you wake up, Xi Yao she never loves you, don't deceive yourself, the person you love is Shen Junyu, don't be obsessed."

After listening to her, Shen Qinglan just wanted to scold others. Du Nan was clearly in a wrong state of mind and could not be stimulated at all. She still wanted to stimulate her. At this moment, Shen Qinglan really wanted to slap her face.

Annie faced Shen Qinglan's cold eyes, and if she wanted to continue speaking, she suddenly got stuck in her throat, and she shut her mouth.

But it was too late, Du Nan listened to Annie's words, and her emotions were immediately excited, "You nonsense, Xi Yao, the person she loves is me, she is mine, and no one can take her away from me, If anyone dares to snatch, I will fight desperately with whom."

Shen Junyu saw now that Du Nan was not normal at the moment. Shen Qinglan just wanted to appease Du Nan, but was ruined by Annie.

"You." Du Nan pointed to Shen Junyu. "It's all you. If it weren't for you, Xi Yao wouldn't be what she is today. She and I are still loving and loving. People who walked into the auditorium with her today. It will be me." His expression was manic, like a furious lion, with a hint of scarlet under his eyes.

When Shen Qinglan saw it, his expression changed slightly, and he said, "Yes, you are right, it is Shen

Junyu's fault. It is his appearance that ruins your relationship with Xiyao. Xiyao belongs to you. No one can She took it away from you. You calm down now. You look like this will scare Xi Yao. You don't want her impression of you to be bad, right?"

Wen Yan, Du Nan seemed to be awake, "No, I know you, you are Shen Junyu's sister, you must help him. You lied to me!"

"I'm Shen Junyu's sister, but I don't help the relatives. In this matter, I support you. I also think my brother did something wrong." Shen Qinglan said seriously.

Du Nan smiled, "Still you understand me, yes, your brother is not worthy of Xi Yao."

He looked down at Wen Xiyao, "So many people pursue her, but she has remained single, just because she has me in her heart, just because I am not good enough now, so she is waiting for me, I will work hard to grow up, catch up with her You know. Xi Yao used to have a good relationship with me. We often go out to watch movies together and play in the playground. Xi Yao likes to eat ice cream, but after eating ice cream, I always have a stomachache. Every time I will Buy her an ice cream, she takes a bite and gives me the rest."

"Then your feelings with Xi Yao are indeed very good." Shen Qinglan echoed, while giving Shen Junyu a glance, Shen Junyu immediately understood and walked aside to send a message to Han Yi.

Du Nan heard the words of approval and nodded even more, "Well, not only that, I also skipped classes with her in high school and went out to play. Later, I was found by the teacher to invite parents, and Uncle Wen was going to punish her. Red, I begged to ask Uncle Wen not to punish her. Then I went home and was beaten up by my dad. Xi Yao came to me in the middle of the night and sent me a medicine."

Du Nan said bit by bit with Wen Xiyao. In his narrative, when others listened, he only felt that Wen Xiyao and he had been in love since he was young, and those things he said were seen in Shen Qinglan It should be a matter of course, but it is mostly because Wen Xiyao regards him as his good friend, and does not mix any men and women.

In Du Nan's arms, Wen Xiyao gradually opened his eyes, and saw Du Nan's gentle face at a glance, but at the moment this face was abnormally grim in her eyes.

"Slap." A slap fell on Du Nan's face mercilessly, swaying his face to the side, Wen Xiyao's palms were hot, showing that the force was just used.

She wanted to push away Du Nan, but Du Nan hugged tightly, "Du Nan, you let go."

"Xiyao, be good, don't move." Du Nan ignored the slap prints on his face and imprisoned Wen Xiyao from moving her.

"Xiyao." Shen Junyu said, Wen Xiyao turned her head, and saw Shen Junyu's blinking eyes, "Junyu."

Shen Junyu glanced at her comfortingly, instructing her not to be afraid or to stimulate Du Nan.

When Wen Xiyao saw Shen Junyu, that heart suddenly became firm and calmed down. Du Nan saw that she was not struggling, and there was a smile on her face.

Wen Xiyao calmed down and found that she was standing on the edge of the roof at this time. If she struggled a little harder just now, she might fall with Du Nan. Thinking of this, she was afraid of flashing in her eyes. .

Wen Xiyao calmed down, but Du Nan was worried that she would run, and the force that restrained her did not decrease at all.

"Du Nan, what are you trying to do to bring me here?" Wen Xiyao asked coldly, "Are you trying to push me from here?"

Du Nan heard the words and looked helpless. "Xiyao, I don't have it. How can I be willing? I just want to take you away, but they won't let me go. I can only bring you here."

"It's not that they won't let you go, but I don't want to go with you myself, Du Nan, you let me go, the twisted melon is not sweet." Wen Xiyao said calmly, as if discussing with Du Nan .

Du Nan was startled, "Xiyao, do you hate me so much?"

Wen Xiyao has received Shen Qinglan's hint, not daring to nod, but said, "It's not annoying, you are my good friend, how can I hate you. Just Du Nan, you once said that you never Will force me to do things I don't like, do you remember this?"

"I naturally remember, Xi Yao, I want to bless you too, but I can't control myself. As soon as I think of you being with another man, I crazily want to kill, Xi Yao, I will really lose you Dead." Du Nan murmured, this was not the first time he said it, but this time the tone was different from any other time in the past. Combined with the current environment, Wen Xiyao was really worried that he could not even think about it. I jumped from here with myself.

Involuntarily, Wen Xiyao turned his help-seeking eyes to Shen Qinglan.

On the other side, the time for the wedding has come, the master of ceremonies has already begun to speak on stage, and is introducing the love story between Shen Junyu and Wen Xiyao. Chu Yunrong is sitting under the stage, but feels wrong because Shen Junyu is gone.

"Where is this boy Junyu?" Chu Yunrong whispered to her husband.

Shen Qian patted her hand and smiled and comforted, "You must be there, you are worried about anything. The expression on your face is sorted out, and you are sad. Other people think you don't like Xiyao's daughter-in-law."

Chu Yunrong gave him a white look, "I like this daughter-in-law Xi Yao very much, you don't want to talk nonsense." That said, a smile appeared on his face.

Sitting next to Fu Hengyi, there was a little uneasiness in his heart. Shen Qinglan had been away for a long time, and he hadn't returned yet, and even Shen Junyu had left. Fu Hengyi wanted to see it. He looked at his leg and gave birth to a powerlessness. Feeling, he glanced at Han Yi, Han Yi understood, just about to stand up, he received a message from Shen Junyu, his eyes changed slightly, and Fu Hengyi glanced at each other, and went out.

Just when he walked to the door, there was a commotion outside, and when he heard the words "Someone was going to jump off the building", Han Yi speeded up.

Mother Du was waiting for the wedding to start. As a result, the master of ceremonies was talking on the stage, but the groom and the bride weren't there. They couldn't help but whisper to her husband, "The time has come, the wedding hasn't started yet. The bridegroom ran away?" There was gloating in the tone.

Digression

Cough, those who guessed Du Nan will be forced to go to Yao, causing them to break up, you all guessed wrong, how can such a bloody bridge section appear here, ha ha ha ha ha

### **386 Final Wedding**

If Shen Junyu really ran away with someone, then she must clap her hands and praise her. Wen Xiyao's jokes, she is still willing to read

Du Honghai knew what his wife was thinking at first glance, and was very helpless about this. "You can converge." This is not too obvious.

Mother Du murmured and whispered, "It has nothing to do with me. I'm just a theater watch. If the groom runs away at the wedding, Wen's face will be lost. She wants to see if Wen has any future. The face comes out again, you Wen Xiyao are good, so good that they are abandoned at the wedding.

So, before she knew what happened, Du Mu had already made up a big play.

Other guests gradually realized that something was wrong. It was really too long for the MC to speak on it. Everyone was whispering, and they were all guessing what happened.

Wen Mu and Wen Bingchuan stared at each other and looked at Shen Qian and Chu Yunrong together. Both of them were also confused, and apparently did not know what happened. Fu Hengyi sent a message to Shen Qinglan but did not respond.

At this moment, the sound outside became louder and louder, and even the sound of a police car. The guests sitting near the door couldn't sit up anymore. They all looked out and heard someone outside saying that someone jumped the building, the bride or something.

Mother Du didn't hear clearly, but when she heard the word bride, she instinctively thought of Wen Xiyao, and whispered to Du Honghai, "Will Shen Junyu run away? Wen Xiyao can't think of jumping off the building?"

Du Honghai stared at his wife fiercely, "What nonsense, if you feel bored, give me water." He put the glass in front of his wife.

Du Mu pouted, not without this possibility. If she was Wen Xiyao, she would definitely not survive if she was repented in public. It would be better to simply die, so as not to become a talk after dinner.

The noise outside was getting louder and louder, that is, the two old men couldn't sit still, Wen Sihan stood up, said to the elders of the two, and went out to see what happened.

As soon as I went out, I saw that the police were laying lifesaving air cushions. "What happened here?" Wen Sihan asked a crowd of onlookers.

"Someone jumped upstairs, as if a man was pulling the bride to jump upstairs." The man told him.

Wen Sihan's eyes changed slightly, and he looked up at the top of the building. Sure enough, he saw a person standing on the edge of the top of the building, and he would fall off at any time. Although he couldn't see his face clearly, he knew his sister, and his face changed greatly. He walked over and pulled a policeman and asked, "How is the situation above?"

The caught policeman waved impatiently, "Don't disturb the police work, don't disturb the police, step

back, step back."

Wen Sihan turned black and shouted, "The person above is my sister, am I an unrelated person?"

The policeman shouted at him, reacted, and said, "The situation is still unknown. Our colleagues have already gone up. You must wait patiently."

Wen Sihan listened to this and wanted to hit it with a fist. His sister would be dragged and jumped off the building. He even asked him to wait! Without saying a word, he turned and walked. While walking, he did not forget to call Wen Bingchuan. When Wen Bingchuan heard it, he shook his body, stabilized his body, and said with a deep voice, "You go up to see it first, and then I will arrive."

"What happened to Bingchuan?" Wen Mu asked in a low voice when she saw her husband's face.

This matter can't be concealed, and Wen Bingchuan didn't intend to conceal it. He simply told Shen Qian in three words, "I'll solve it above, and here you hold your ground." He said.

Shen Qian looked serious, nodded, Wen Bingchuan left, and Wen Mother hurried to follow. When other guests saw this, the voice of whispers grew louder, and with the sound from outside, there was already speculation in everyone's mind.

Du Mu saw that the Wens and his wife were gone, and looked suspiciously, "Is it really me?" "Wen Xiyao doesn't look like a person who can't stand the setback.

Don't look at Du Mu's hard thinking just now. If something really happened, she still didn't want Wen Xiyao to die. It's the same thing to say cold words, but it really made her watch the Wen Xiyao jump off the building. She still can't do it. Arrived.

"Otherwise, let me go out and see, but don't really have an accident." Du Mu said hesitantly.

Du Honghai thought for a while and nodded, "Go.

Mother Du left quietly, everyone's attention is now on the wedding and the noise outside, but did not notice leaving a person.

Rooftop on the top floor.

As soon as Wen Sihan came up, he saw that his sister had been hijacked by Du Nan, his face was green, and he screamed, "Du Nan, you let go of Yao Yao."

Du Nan saw him and smiled, "Brother Wen, you are here, did you persuade me to let go of Yao Yao, but what to do, I can't do it, I can't let go."

Originally Shen Qinglan cooperated with Wen Xiyao to appease Du Nan's emotions, but as soon as the police came and surrounded them, Du Nan's emotions were excited again.

Du Nan glanced at the rooftop behind him and said softly to Wen Xiyao, "Xiyao, they don't let me take you away, and I can't live without you, why don't we go down together, they say not to ask for the same year Born on the same day, but it is also a kind of happiness to be able to die with you from the same day of the same year."

Wen Xiyao's eyes changed slightly, and there was a panic in his eyes, but he tried his best to keep calm and warmly said, "Du Nan, calm down, they don't let you take me away, they just want us to leave here first, here It's too dangerous. If we are not careful, we'll be dead. If we do this, let's go first, and then I will leave with you. I will not marry Shen Junyu. I will go with you and leave immediately."

Du Nan's eyes lighted up, but soon darkened, hehe laughed, "Hehe, Xiyao, do you even lie to me now? Don't think I don't know, if I really passed you, they would Separate us."

Seeing that Du Nan was not fooled, Wen Xiyao didn't move anymore and looked at Shen Qinglan.

Shen Qinglan came out from the back of the crowd and stood in front," Du Nan. "She called and attracted Du Nan's attention.

"I know you want to take Xi Yao away. We agreed. As soon as you come over, we will announce the dissolution of the marriage between Shen and Wen. The wedding will also be cancelled. You can stay with Xi Yao forever."

"You lied to me, can the Shen family be the master?" Du Nan roared.

"I can, you should know that the Shen family is my grandfather, and my grandpa's most distressed person is me, as long as I speak, my grandfather can promise me anything." Shen Qinglan said with a serious look.

Shen Qinglan is the baby pimple of Mr. Shen. Many people know this matter, it is not a secret. Naturally, Du Nan also heard about it, and Shen Junyu also agreed, "I can also promise you to let you leave with Xi Yao, I am willing to give her to you."

Du Nan's expression is a little loose, people all have the instinct to survive, and who can think of death if they can live.

"You really want to let me take Xi Yao away and cancel this wedding?" Du Nan asked.

"Yes, I am willing." Shen Junyu said, his eyes looked at Wen Xiyao, and the look in his eyes made Wen Xiyao's heart tremble and almost cried out. At that moment, she knew that Shen Junyu was not using words to appease Du Nan. He is serious, as long as Du Nan is willing to let her go, he is really willing to

let her go, and never be with her again.

Du Nan's expression seemed to be shaken even more. Just when he was about to speak, the corner of his eyes saw a policeman approaching him from the side, surrounded by people, and his attention was all on Shen's brothers and sisters. Du Nan was startled and turned around, "Don't come over, I will jump if you come over again."

The police immediately dared not move, and a trace of regret flashed in Shen Qinglan's eyes, which was almost successful. In order not to irritate Du Nan, the police retreated to their original position and dared not act lightly.

\*\*

Downstairs, Mother Du walked through the crowd and glanced at the top of the building. She thought Wen Xiyao was going to jump alone, but she saw her son pulling Wen Xiyao to jump. Du Mother was scared. They were all soft and pale, and shouted Du Nan's name loudly, but it was a pity that the people upstairs could not hear.

Upon seeing this, Mother Du hurriedly ran in the direction of the elevator and did not forget to call Du Honghai. "Old Du, something happened. Du Nan kidnapped Wen Xiyao to jump off the building." Her voice was crying.

Du Honghai's face changed drastically, and he stood up and left. The people at the same table looked at him strangely, still wondering what happened.

"Don't you say that Du Nan is in Hawaii? What's going on now?" As soon as he saw Du Mu, Du Honghai blamed sharply, and not long ago he just asked his wife Du Nan's whereabouts.

"He told me that he was in Hawaii." Mother Du cried and said, "It's not time to talk about it. It's serious to persuade his son first." Mother Du calmly calmed down.

When the Dus arrived on the rooftop, Du Nan's emotions were out of control again because of the policeman. He was approaching the edge of the rooftop step by step. Wen Xiyao is now afraid to struggle at all. It's so easy to struggle for two people. lost balance.

"Du Nan." Du Mu shouted and pulled back Du Nan's footsteps.

"Dad, Mom!" Du Nan shouted subconsciously.

"Du Nan, what are you doing, don't hurry down." Du Honghai said in a deep voice.

"Dad, why are you here?" Du Nan asked, he didn't even know that the Du couple was coming to the wedding, and they didn't plan to tell him.

"Du Nan, what are you doing, are you planning to kill your mother?" Du Mu burst into tears and shouted, "You are going to die for a woman, are you right me and your father?"

Du Nan looked at her mother, her eyes full of pain, "Mom, I don't want to, but I really can't lose Xi Yao, and I can't live without her."

"Then you have the heart to kill your parents? Have you ever thought that if your mother loses, you will die, and you will be a child in your life, if you die, you tell your mother, how should I live?" Mother Du burst into tears. She really didn't expect Du Nan to do such a thing.

Du Nan also reddened his eyes, "Mom, can you just be selfish and should I never give birth to my son?"

Mother Du yelled, "Du Nan, are you really going to kill your mother? Yes, you jump, you jump, and I jump with you. Anyway, if you die, I can't live. It's better to die." Now."

Shen Qinglan saw that Du Nan's attention was attracted by Du Mu, and gave Shen Junyu a glance. Shen Junyu suddenly backed away a few steps silently and walked towards the back of the crowd.

No one noticed this scene except Wen Xiyao.

After Wen Bingchuan and his wife came up, Mother Wen was so irritated that her legs were so weak that she leaned on her husband weakly. She looked at Wen Xiyao, her tears were rippling, and Wen Bingchuan had a calm face. Persuaded to come back, so he handed his wife to Wen Sihan and took two steps forward, "Du Nan, you want to be with Xi Yao, I agreed."

Du Nan heard that Wen Bingchuan said, his eyes lit up, "Uncle Wen, what you said is true?"

"Yes." Wen Bingchuan said in a deep voice, "I'm Xi Yao's father, I can take the lead, come here."

It's just a pity that Du Nan didn't want to believe at all. He looked at more and more people around him, glanced behind him, and there was also a squashed piece underneath. There was a vaguely visible life-saving air cushion.

He chuckled, "I know that you all lied to me, you won't let me be with Xi Yao, but thank you Uncle Wen for saying this, even if it is a lie, it is also the most beautiful lie."

He looked at the Du family, "My parents, I'm sorry, I know I'm doing something very selfish, and I haven't considered your feelings at all. I'm like this in my life. Without Xiyao, I haven't survived. Courage, my next life, I will never fall in love with a woman named Wen Xiyao, and then be your good son, thank you well, sorry."

Everyone present heard this, his pupils shrank, and he realized what he was going to do. His face changed drastically. Shen Qinglan's face plummeted. He looked in the direction of Shen Junyu and saw that he was close to Du Nan. Du Nan was able to grasp, his hands clenched into fists.

"Du Nan, calm down, don't do anything stupid." Wen Xiyao said, her voice was slightly trembling, not obvious, but Du Nan was still aware of it.

Du Nan looked down at her and said softly, "Xiyao, don't be afraid, I will accompany you, I will accompany you wherever you go, Xiyao, I'm sorry, forgive my selfishness, I can't stare at you Marry someone, I love you, but you don't want to love me, what should I do, I can't breathe in pain, since I can't get it, I can only let others get it, hate me, even if I hate me for life It doesn't matter."

"Don Nan don't do stupid things."

"Du Nan, have something to say and calm down."

The people around were persuading, but Du Nan couldn't hear it anymore. His eyes were red, but he was gentle, his mouth gently hooked, and he leaned back...

"No!" Du Mu screamed.

Wen Xiyao's tears suddenly fell down, and he took a deep look at Shen Junyu's direction. His eyes were full of nostalgia and reluctance. The tears fell down the wind and fell on Du Nan's face. He was hot and ironed his Heart, let his heart snap, he stared at Wen Xiyao blankly, a sudden force on his hand pushed Wen Xiyao away, and Wen Xiyao suddenly fell to the ground.

Shen Junyu's eyes were fast, and he grabbed Du Nan, but was dragged down by the force of the fall. The whole body was planted downstairs. He grabbed and looked at the edge of the roof. Fortunately, the edge of the roof was slightly higher than the surrounding, so that he could There is a focus.

The two hung in midair, and the other people were so pale when they saw this scene.

It was Wen Bingchuan who reacted first. Instead of worrying about Wen Xiyao, he grabbed Shen Junyu's shoulder. When the police saw it, he immediately responded and came forward to help, but in the end it was an adult man who saw him, where could he be? Pull people up easily.

\*\*

In the banquet hall on the first floor, Shen Qian stood up and took the stage to take over the microphone in the hands of the ceremonial clerk and spoke warmly. , But due to some special reasons, the wedding will be delayed for a while, the patience of the Qing Palace and so on."

As soon as this remark came out, there was a sudden commotion on the scene. Everyone was speculating about what happened. The faces of the two old men also changed. They looked at Shen Qian doubtfully. I didn't know what he meant. what.

Shen Qian didn't explain, but continued, "Many of you are coming from a long distance today. Shen Mou

also apologized for the delay in the wedding."

The bridegroom and the bride were missing at the scene, and even the bride's mother and family were gone. Everyone was wondering whether the bride had escaped marriage.

Shen Qian walked back to the position, and the two old men looked at him together. Shen Qian just said, "This matter will be explained to you two later." He patted Chu Yunrong's shoulder, "I If you have something to go out, you can look after it here."

On the top floor, Shen Junyu grabbed Du Nan and hung it in midair. The others quickly stepped forward and grabbed him by the shoulder, trying to pull him up.

Du Nan stared blankly at his pulled hand, and he laughed hard. He tried hard to get rid of Shen Junyu's hand. Shen Junyu held his hand tightly. Du Nan must never have an accident at his wedding. .

Shen Junyu looked at him, "Du Nan, calm down and think about your parents."

"Shen Junyu, I don't need me to save, I would rather die than you to save."

Du's couple was lying on the edge of the rooftop. When Du Nan was getting rid of Shen Junyu's hand, his face was even paler. Du Honghai's body was already bad. When he saw Du Nan's death-seeking scene, his pale face was faintly blue. Covering his chest, he was speechless.

"Nan Du, don't, you want to kill your mother." Du mother shouted at Du Nan, her well-maintained face was full of tears. She regretted that she shouldn't let her son like Wen Xiyao, If she knew that there would be such a result, she would stop her desperation.

Wen Sihan stepped up to support Wen Xiyao, but Wen Xiyao couldn't take care of herself, turned to see Shen Junyu, she was lying there, reaching out in the direction of Shen Junyu, "Jun Yu."

Du Nan saw Wen Xiyao, her eyes lit up suddenly, but the first reaction she saw was to see Shen Junyu. The light of her eyes suddenly died out, and there was a dead silence inside.

He looked deeply at Wen Xiyao, at the wet tears on her face, and at the worried eyes, but the focus of the eyes was not his own, the corners of his mouth were light, and the smile was bitter.

After all, he still couldn't get Wen Xiyao's heart.

He looked at Shen Junyu, and looked at the hands with his blue muscles bursting out. His eyes were fierce and he pulled down suddenly. He wanted to pull Shen Junyu down together. Shen Junyu grabbed the hand on the edge of the roof and was suddenly loosened by this force. After coming off, his body fell sharply. Fortunately, everyone had just grabbed his shoulder, so that Shen Junyu did not fall, but Du Nan, let go of Shen Junyu's hand, as if his body looked like a straight line, straight toward The ground fell.

"Du Nan!" Du Mother screamed, and Du Honghai fell down suddenly. If a policeman beside him quickly caught him, I am afraid that it was Du and his son who fell today.

Du Nan's body fell down, but his eyes were fixed on Wen Xiyao, looking at the person who was farther and farther away from him, the corner of his mouth raised upward.

Xiyao, after all, I am reluctant to take you to die together, and my heart hurts when I saw your tears.

Several people pulled Shen Junyu up and down, Wen Xiyao hugged Shen Junyu in a hug, and wept, but she was about to lose him just now.

Shen Junyu hugged Wen Xiyao and comforted her in a low voice, "It's okay, it's okay, I'm okay, don't cry."

Wen Xiyao didn't want to cry, but she couldn't help her tears. No one knew how scared she was when Du Nan pulled Shen Junyu just now. She wasn't even scared even if she was pulled by Du Nan.

She hugged Shen Junyu tightly, as if holding the treasure that was recovered, her body was trembling gently, everyone in the presence could hear her whimper, everyone thought she was scared, but only Wen Xi Yao herself knew that she was not only afraid of this, but more because of Shen Junyu. Now she can understand the mood of Shen Junyu when the plane crashed.

Shen Qinglan gave a hand to the person next to her, her hands were all sweaty, her face was pale, and at the moment just now, she was also scared with cold sweat.

Loud noise and 120 first aid sounded downstairs. She didn't know how Du Nan fell. But at such a height, there must be a life-saving air cushion. Du Nan's situation should not be okay.

The Du family and the couple passed out. The police quickly stepped forward and sent the two down to the medical staff. Shen Qinglan was standing still and she was a little soft. She looked at the person who had been supported by her and only found out It was Annie. Anne's face was pale and she was shocked by what happened today.

Shen Qinglan's eyes lightened instantly, let go of her hand, and shouted at Dad to Shen Qian. Shen Qian realized that Shen Qinglan's face was not right and hurried over to help her, "Qing Lan."

"Dad, take me down." Shen Qinglan spoke softly, Shen Qian looked at her pale face, where there are still two words, quickly took her down.

As soon as she arrived on the first floor, she saw Jin Enxi walking in a hurry. She hurried from the house. When she arrived at the door of the hotel, she saw the side of Du Nan's falling from the building. Worried about Shen Qinglan, she hurried over to find her. Just run into it.

Shen Qinglan stopped her, "En Xi." "Shen Qian has not been avoided. Since Shen Qian already knows her identity, some people are not necessary to avoid it," En Xi, what happened to Du Nan?" Shen Qinglan asked, if Du Nan died at her brother's wedding, then things would be in trouble.

Jin Enxi looked at her up and down first, and saw that she had no other discomfort except for her face, which was not good-looking, and she sighed in relief. "He was taken away by the doctor. He had good luck. He fell first when he fell down. A big tree, and then fell to the ground. I just glanced at it. I couldn't see any wounds except scratches. "As for whether there are any hands inside, it's unclear, anyway, from the outside. Look, Du Nan is very good.

Shen Qinglan's eyes flickered, but he didn't expect Du Nan's life to be really that big, but it also had to be. If blood was seen at the wedding, her brother's wedding was also destroyed by him. Even if Du Nan's purpose was achieved, Now let him go first, and there is time to clean up him.

Shen Qinglan looked at Shen Qian, "Dad, you go to preside over the scene first. Enxi is here to accompany me. Just tell Fu Hengyi, I'm fine, don't worry him."

Shen Qian nodded and glanced at Jin Enxi, his eyes sharp, but he said nothing, turned around and left. The wedding site really needed him. Since Du Nan was not dead, then the wedding will continue.

On the top floor, Wen Xiyao cried enough in Shen Junyu's arms, and then gradually calmed down. Shen Junyu had been comforting her softly. Seeing her calm down, the CIA patted her on the shoulder and helped her up. "It's alright, don't afraid."

The makeup on Wen Xiyao's face was all flowered, her eyes were washed away by tears, and she turned away. At this moment, she looked very embarrassed. Shen Junyu smiled gently and raised her hand to gently wipe her face, "This is really a flower cat Now."

Wen Sihan looked at this scene quietly, smiled happily, and stepped forward, "Okay, don't be so sloppy, hurry down, you all go to sort out your makeup, the wedding time is changed to the next auspicious time, and it is still away There are two hours to come, completely."

Fortunately, when the two discussed the wedding date, the date was chosen because it had two lucky days in a day, otherwise today's wedding is really about to be cancelled.

Shen Junyu hugged Wen Xiyao and hugged her directly. Wen Xiyao's head was buried between Shen Junyu's neck and felt a familiar breath. The restless heart was completely settled, and she tightened her arms. , Shen Junyu glanced down at her, smiled slightly, with a soothing meaning.

Back to the rest, the makeup artist and the stylist were already there. They saw what they looked like, and they knew what had happened, but they didn't ask and started their work directly.

Although Shen Junyu's suit is custom-made, there are still two spare sets in the end. The trouble is Wen Xiyao's wedding dress. Her wedding dress was raised on the ground because she was pushed by Du

Nan's last one. A hole was broken.

Her wedding dress took half a year to customize, and this is the only one in the world. Even if it is too late to buy it now, Shen Qinglan proposed to invite two embroidery masters to embroider the hole of the wedding dress on the spot. Flowers, this avoids embarrassment.

Because of the crying just now, Wen Xiyao's eyes were swollen, and Shen Qinglan asked the hotel's waiter to cook two eggs and bring them in.

Shen Junyu is next door. Here only Shen Qinglan is accompanied by Wen Xiyao. Wen Xiyao's face does not have any smile. Anyone who happens to have such a thing at his wedding can't feel better.

Shen Qinglan has also experienced it, and naturally understands her mood. She thought about it and said, "Sister Xi Yao, or else, the wedding will be cancelled temporarily, and it will be re-run next time." Although Du Nan did not die, even No blood was seen, but this matter is also cryptic enough.

Wen Xiyao twitched his lips and tried to make himself happy. "I'm fine, Qinglan. The wedding must be held." Just now one of her college classmates and bridesmaids came in and told her that there were many guests outside Guess, if the wedding is really not going to be held, even if it is postponed, it is true that the rumors are put, which makes the faces of the Wen and Shen families, so this wedding must not only continue, she must also be the best, the most The gesture of happiness appeared, so that all the gossip and words disappeared here.

The door of the lounge was knocked, and Shen Qinglan walked over to open the door, and she saw Annie. She stood outside the door, her face twitching, "Xiyao, is she okay?"

Shen Qinglan's eyes were faint, looking at Annie and letting go, "You can ask her yourself."

A little guilty in Annie's eyes, she didn't dare to look at Shen Qinglan as if she had insight into everything. She lowered her head and drilled past Shen Qinglan's side and walked to Wen Xiyao. "Xiyao, how are you? "

Wen Xiyao's expression suddenly cooled down, and Shen Sheng said, "Not yet dead." There was no more closeness in the tone.

Annie had expected such a result, her mouth was bitter, "Xiyao, I'm sorry, I didn't expect such a thing to happen. If I knew earlier, I would definitely not help Du Nan."

Wen Siyao's mood remained unchanged. He took one from the gift box on the table and handed it to Annie, "This is the wedding gift you gave me, and I will return it to you now."

Annie stunned, "Xiyao, sorry, I really didn't mean it."

"I know you didn't do it on purpose, so I didn't blame you, but Annie, we will not be friends anymore.

Take back this gift. You have sent me another gift, one that impressed me. Gifts that I will never forget in my life."

Annie's expression panicked, "Xiyao, you don't want to be like this. I really won't do it again. I promise. You are my best and only friend. If you treat me like this, I'm really Will be sad."

It's just a pity that no matter what Annie said, Wen Xiyao was indifferent.

"My wedding will not invite you to participate, you go, I am a little tired now, I want to take a rest first." Wen Xiyao spoke lightly.

Annie was startled and looked at Wen Xiyao in disbelief. Unexpectedly, she did not even let her attend the wedding. If she left at this time, her face would really be lost, "Xiyao."

Wen Xiyao had closed his eyes, as if he was really asleep.

Annie waited for a while and saw Wen Xiyao didn't respond. As long as she left, if she continued to stay here with a shameless face, she was invited out by the security guard, which was even more dull.

Wen Xiyao opened her eyes when Annie left, she quietly looked at herself in the mirror and spoke softly, "Qinglan, did you say that I was a special failure, even my best friend betrayed me? ."

Shen Qinglan was slightly stunned and said, "None who can betray you is not a true friend. Such a person can see his true face early."

"Is that true?" Wen Xiyao's eyes were confused, Shen Qinglan was about to continue to open, the door was knocked again, this time the person came Shen Junyu, Shen Qinglan left the space directly to the two of them, only to find out Fu Hengyi even waited outside to see what he looked like, apparently has been waiting for a while.

Shen Qinglan walked over and leaned over slightly, "Wait a long time?"

Fu Hengyi smiled and took her hand, feeling that her hand was a little cold, and took the clothes she put on her shoulders, "Don't be cold."

Shen Qinglan smiled and tightened her clothes. "I'm fine, but sister Xi Yao was scared."

Shen Qinglan, you're pushing Fu Hengyi's wheelchair, "Let's go, let's go back, it's almost time."

The wedding was confirmed to start, the ceremonies came on stage, the opening speech began, and then the bridegroom and the bride entered the venue. Xiao Ding and a little girl walked in front of Wen Xiyao in a little dress. Baby, don't know anything, with a sweet smile on her face, Shen Qinglan's dull mood was a little brighter when he caught the smiling face cast by Pei Hao.

Fu Hengyi held her hand, Shen Qinglan smiled and held her back.

A new couple laughed happily on the stage, and what the audience under the stage was thinking was unknown.

Swearing, exchanging rings, and kissing, everything went smoothly. The wedding banquet didn't end until three o'clock in the afternoon. Shen Qinglan helped away the guests and went to the hospital with Fu Hengyi. She still needs to understand Du Nan's situation. Yes, there was also Wen Sihan, who originally wanted to be together. At that time, Wen Sihan was worried that his temper was too explosive and would throw Du Nan out of good luck, and rejected his counterpart.

When I arrived at the hospital, I asked to know that Du Nan was only slightly injured, so the doctor took him away after the doctor checked him.

When Shen Qinglan heard the doctor's words, her eyes were cold, and she couldn't help but sneer on the way out of the hospital. "Don't expect Du Nan's life to be so hard. He fell from the eighth floor and was only slightly injured. I want to break a few.

When he arrived at the police station, he saw the Dus and his wife were also there. A person like a lawyer was beside him. Shen Qinglan's eyes were slightly cold.

The Dus woke up from the hospital and learned that their son was not dead, but were rushed over to the police station and wanted to get Du Nan out of bail, but the forefoot had just arrived, and the back foot Shen Qinglan came.

The police chief learned that Fu Hengyi was coming and greeted him personally, knowing that he was the victim's family, and immediately said, "Fu Shaoshuai, I will surely investigate this matter carefully. The crime of kidnapping and intentional injury is a criminal offence. It must never be released on bail."

Fu Hengyi said in a warm voice, "Liu Ju, I am not quite unreasonable, but this person is very dangerous and very aggressive. I am also worried that he will hurt others when he goes out."

Liu Ju nodded again and again, "Understood, it is still Fu Shaoshuai's thoughtful consideration. We will definitely be optimistic about people and will never let him go out to hurt others."

On the other side, when the Du family heard this, they suddenly stopped, especially Du Mu, shouting, "My son is at most an attempted suicide. Why should you shut him down?"

Digression

Originally, I wanted Brother Shen to fall from the building, Du Nan died, and this wedding could not be held completely. Let's have a little sadness, but think about your little heart, let's forget, look, how much my mother !

In addition, to say two truthful words, I now have a chapter of nine thousand words, one day a day, and I won't change it for the time being. Don't rush to change it in the bookstore. I'm not a full-time author. I don't have so many timecodes to go to work. Words, the current nine thousand words are written at the expense of my poor sleep time. I now sleep less than six hours a day, and the strain on my arms has not been good, the body is already overdrawn, Ali It's also physical and tiresome. Although reminder means that you also like this work, but some people's words are really hurtful. They don't understand the hard work of codewords. I have recognized the amount of updates since I put them on the shelf. Many authors, please look at the updated word count instead of the chapter count, thank you for your understanding!

### **387 Chapter**

Shen Qinglan looked at Du Mu who was talking, his eyes slightly cold, and turned to Director Liu, saying, "Director Liu, this incident has caused extremely bad effects on both our Shen family and Wen family. This behavior of Du Nan is Kidnapping and intentional injury, our Shen family is going to hold him accountable for criminal responsibility. Later I will let Junlan Group's lawyers handle this matter."

These words did not avoid the Du family. The mother Du naturally heard it. She rushed over immediately. Fu Hengyi looked at Du mother coldly. Although he was sitting in a wheelchair, his momentum was not weak at all, especially now he is cold. The look of his face made Du Mu's instincts back two steps in front of him, and the accumulated courage disappeared.

Mother Du glanced at Fu Hengyi, and saw that his eyes were still on her body, and her own momentum was weaker. She was originally angry and disappeared, weakly defending, "My son did not want to kidnap, and he did not hurt. anyone."

Wen Sihan heard the words and sneered, "Do you want my sister or Jun Yu to fall down with him? Blood splashing on the spot is considered harm?"

Mother Du looked stiff and asked, "Aren't they both okay." Now it's her son who fell from such a high place, it must have been hurt, but the doctor said it was okay, who knew it was She didn't hide them deliberately. She originally wanted to bail out Du Nan and check it in another hospital. Don't leave any sequelae, but now Fu Hengyi and Shen Qinglan stepped in. Their Du family didn't have anything in Beijing. The foundation is that even if it is a temporary relationship, the people they find are not as hard as the relationship between the two.

At this moment, Du Mu's heart inevitably produced Shen Jia and Fu Jia's idea of bullying. If Shen Qinglan

knew her thoughts, she would definitely tell her that she was just bullying. What happened to the Wen family last time Du Nan let go of the score, but she did not speak as well as the Wen family and hurt her brother and sister-in-law. This was not so easy.

Don't Du Nan want to die, then she doesn't mind fulfilling him.

Fu Hengyi felt the seemingly indifferent change in her breath, held her hand, and Shen Qinglan lowered her eyes, covering up the murderous intention in her eyes.

"In this matter, the Du family must give us a statement. As for Du Nan, he is the client, and he certainly can't escape it." Fu Hengyi said in a deep voice. After all, it was the momentum he learned from actual combat. His arrogance couldn't be arrogant. Although every word of this man did not contain any unpleasant words, not even threats, Du Mu felt instinctively afraid.

Mother Du still wanted to argue, but Du Honghai came over and grabbed Mother Du and looked at several people. "Today's thing is that Du Nan did something wrong. The child did this kind of thing. In the final analysis, we did it. The failure of our parents is that we did not teach well. We are here to say sorry to Du Nan. I know that it is too late to say sorry, and no amount of apology can make up for the harm that has been caused, no matter what conditions you put forward. Will promise." As long as the son is still alive, it is already his greatest wish. For the rest, since Du Nan did something wrong, he should pay the price for his actions.

Du Honghai's age is much younger than Shen Qian's, but when he looked at it, he was much older than Shen Qian. There were white hairs between his temples, and his back was bent a bit. The whole person was full of vicissitudes.

Shen Qinglan's eyes flashed lightly, and he said lightly, "I will give this matter to a lawyer, what should I do with my own lawyer."

The three of them left the police station, and Du Mu wanted to plead, but Du Honghai stopped him.

Today is Shen Junyu's marriage period. It is naturally impossible for Shen Qinglan to go to Shen Junyu today, so he directly called Yu Bin and said the matter briefly, and Yu Bin arranged the rest.

Who is Yu Bin, that is the assistant to the president of Junlan Group, responsible for large and small things, and is the first competent assistant around Shen Junyu. He has been very comfortable with these, and it is the best choice for him. Yu Bin agreed, "Miss Shen is assured, I will stare at this matter."

Shen Qinglan and Fu Hengyi returned home. She was sitting on the sofa in the room without a word, feeling unhappy. Fu Hengyi accompanied her. After a while, he said, "Well, because this person is not happy?"

Shen Qinglan yelled, "Wedding is one of the most important days in a woman's life, but now it has been ruined by others, and I can't help but think about it."

Fu Hengyi said quietly, "The culprit has already entered. We certainly won't let him go easily this time, and it is considered to have paid back a little interest, and today's incident is not all unprofitable."

Shen Qinglan looked at him and didn't understand what he meant for a while.

Fu Hengyi explained, "Through this incident today, your brother and your sister-in-law can better understand the importance of each other, and their future feelings will be better than now. This is one of them; second, Du Nan is always a hidden danger for them. , If he can be solved this time, it will be considered once and for all."

Shen Qinglan looked at him calmly, and Fu Hengyi touched his face strangely. "What's wrong, is there something on my face?"

Shen Qinglan shook his head, "No, I think you will be more and more comforting now, you can find a positive side for any bad things."

That's because this matter has little to do with you, so I can analyze it calmly. Fu Hengyi thought silently that if it was Shen Qinglan and him who destroyed the wedding today, Fu Hengyi estimated that he absolutely wanted to break that person in minutes.

On the other side, Shen Junyu and Wen Xiyao were thrown into the cave by everyone. It was already 7pm when everyone left.

It was inevitable that there was some chaos in the room. Shen Junyu asked Wen Xiyao to take a bath first. She rolled up her sleeves to clean up the room. When Wen Xiyao came out of the bathroom, the room had become clean and tidy, and even Shen Junyu had finished the bath.

He was on the phone, with a serious face, and when Wen Xiyao came out, he hung up the phone in a few words, and looked at her tenderly, Wen Xiyao was staring at him so brightly, or the person he liked, in the end Some embarrassment, bow your head.

"Do what is standing there, come here." Shen Junyu said softly.

Wen Xiyao lingered, sat down on the other side of the bed, buried himself in the bed, Shen Junyu looked at her funny, "Is this shy?"

Wen Xiyao was slightly annoyed and glared at him, did he have to point it out?

Shen Junyu chuckled softly, his laughter echoed in his chest, lowered his head, and kissed Wen Xiyao's lips directly, giving her a soft and lingering long kiss. After the kiss ended, Wen Xiyao's breath was slightly quick.

"Are you still nervous?" Shen Junyu asked.

Wen Xiyao looked at his eyes, "I'm not nervous, I'm scared, Jun Yu, I'm scared today."

Shen Junyu sighed slightly against her forehead, "What are you afraid of?"

"Today, what you said to Du Nan is true, right?"

"What?"

"You said that as long as he let me go, he wouldn't marry me."

Shen Junyu took a serious expression and looked at her eyes, "Yes, I am serious, Xi Yao, compared with your life, whether it can be together has become insignificant for me."

Wen Xiyao's eyes were slightly warm, but the corner of his mouth was raised, "So you dare to come alone to save me?"

"I only passed with confidence." Shen Junyu said, seeing Wen Xiyao's expression "I don't believe it, you continue to edit", shrugging, "Well, I admit, I didn't think so much at that time, just I want to bring you back."

"What if you really fell?" Wen Xiyao asked.

"I haven't thought about this issue." At that time, all his thoughts were on Wen Xiyao, especially the moment Du Nan wanted to jump with Wen Xiyao, Wen Xiyao's other eyes made him the last one in his heart. The root string collapsed directly, and threw it over without thinking. Only halfway through seeing Wen Xiyao pushed away, he instinctively grabbed Du Nan.

"Then why do you save Du Nan? What if you fall yourself?"

Probably remembering the scene at that time, Wen Xiyao's body was a little tight, and this picture echoed in her mind, lingering. Feeling her fear, Shen Junyu kissed her on the face, with a soothing taste, "The wedding is not perfect, but I can't let him continue to be imperfect. I don't want you to think of this wedding in the future, I think of someone On the day of this wedding, blood was splattered on the spot and became the shadow of your life."

As for the question of whether he would fall, he really didn't think so much. Of course, he couldn't say this to Wen Xiyao, "I did it with certainty. I was born out of a military family. Grandpa has great training

in one hand, well, my skills are actually pretty good."

His tone was a little triumphant, instantly dispelling Wen Xiyao's already dignified atmosphere at this time. He smiled softly and continued to say, "And I still have a pretty wife, how can I be willing to die."

Wen Xiyao really laughed out loud this time, looking at the smile in her eyes, Shen Junyu's eyes became softer and whispered, "Wife, tonight is our wedding night, don't do it for irrelevant People are hurt."

After finishing speaking, he bowed his head and kissed Wen Xiyao's lips again, which was different from the gentle tenderness just now. This kiss was overbearing and yet gentle, Wen Xiyao's eyes gradually blurred...

Early the next morning, after getting up, Shen Junyu and Wen Xiyao went back to Shen's house to give tea to some elders, and then flew abroad with Wen Xiyao according to the original plan to live their two-person world. went.

The Wen family and the Shen family want to sue Du Nan for kidnapping and intentional injury. Du mother cannot naturally watch her son go to prison, and has tried all kinds of ways, but here is the capital, the site of the Shen family, let alone Shen Qing Lan was originally able to represent the Shen family. Fu Hengyi was still standing behind her. With these three relationships in it, it is too unlikely to get Du Nan out.

Moreover, with Fu Hengyi's secret promotion, Du Nan's case progressed quickly, but just one day before the trial, an accident occurred, and the Du family submitted a mental state appraisal to the court, proving that Du Nan has always had mental aspects. Illness, those behaviors on the wedding day were also done because of mental abnormalities, and should not be held liable at all.

And on the day of the trial, Annie also appeared in court to testify, proving that Du Nan did not behave very well on that day.

Shen Qinglan, who was sitting in the auditorium, saw the scene in front of her. His eyes were very cold. When he came out of the court, he had a cold face on the way. It was Jin Enxi who drove. When she saw her, she couldn't help but say, "Ann, do you want me to solve Du Nan." If the law can't punish him, then she doesn't mind helping.

Shen Qinglan shook his head, "No, didn't he say he was a mental patient? That's fine. The mental patient should go to the place where the mental patient should stay." Du Nan, whether it is a real disease or a fake disease, has nothing for Shen Qinglan. Any difference.

Jin Enxi suddenly understood what she meant, and the baby's face smiled wickedly, "I know, I will give this matter to me, and I promise to help him find a comfortable and interesting place."

The Du family originally thought that the Shen family would do everything possible to prove that Du Nan's spirit was normal, but he did not expect that Shen Jiaji even directly agreed with them. They

agreed not to pursue Du Nan's legal responsibility, but only made a request for the lives of others. For safety's sake, before Du Nan's illness does not improve, he should stay in the General Hospital.

This request is reasonable, and even the Du family cannot raise any objections.

But Du Mu's decision was not taken care of. This was as she had originally expected. There was no entry or exit in the mental hospital. It was only when she entered that she went out again. Her son did not have any mental illness originally, as long as he stayed there for a few days. , And then asked to take home to rest, things will not be resolved.

Du Mu thought very well, but will things be so simple?

In fact, Du Nan was sent to a psychiatric hospital that day. The psychiatric hospital inevitably treated some patients rudely. When Du Nan saw that the doctor and nurse wanted to give him a needle to take medicine, he naturally wanted to resist. He was not sick. Who I know that if I take this medicine, I will become ill.

Doctors and nurses have long been familiar with such situations, and he has no trouble subduing them.

When Du Mu wanted to pick her son home, she was told by the doctor that her belly was in serious condition and she was very aggressive and could not be discharged. Du Mu's request to see her son was also rejected by the hospital, the reason is still that Du Nan will hurt people close to him.

"An, you didn't see it. The old lady of the Du family had a blue face at that time. She wanted to be sloppy in the hospital, but she still cared about the image of her noble lady. It was funny to think about it." Jin Enxi told Shen Qinglan in a dazzling expression. The scene at the time.

Shen Qinglan heard the words, his mouth lightly tickled, his eyes slightly cold, and he did something wrong for a price. If the Du family didn't do this and let Du Nan go in for a few years, it would be fine, since they wanted to escape , It might as well stay in the hospital for a lifetime.

"Hey, I suddenly felt that I was very kind. I even found him a hospital with such a good environment. Every day I eat, wear, and sleep freely. This life is quite comfortable." Jin Enxi said with regret. , Eyes full of gloating.

The psychiatric hospital she was looking for in Du Nan didn't look at the environment better, but the patients in it were all severely mentally ill, that is, a normal person who had been in it for a long time would have psychological problems, not to mention that Du Nan had to be like a patient every day. Get medicine by injection.

It's just that Jin Enxi has no sympathy for Du Nan at all. He just blamed himself.

Shen Qinglan was holding a tablet in his hand. It was a video taken by Jin Enxi from the hospital. He was tied up by five flowers but was still struggling violently. The man who looks like a lunatic is not Du Nan.

When Fu Hengyi came over, Shen Qinglan subconsciously placed the tablet behind her, and she still didn't want Fu Hengyi to see her dark side. In fact, Fu Hengyi has long known what they are doing behind the scenes, and even has a part of his credit. After all, to talk about the influence of certain aspects in Beijing, Shen Qinglan and him are still incomparable.

Fu Hengyi did not see Shen Qinglan's small movements and said with a smile, "Grandpa knows that your friend is here and wants to invite your friend to stay for lunch."

Jin Enxi heard that she was a little helpless. In fact, she should not have come here. Originally, she and Shen Qinglan made an appointment outside. Fu Hengyi invited her to come to the house. This was the first time that Jin Enxi entered the compound.

Shen Qinglan actually knows Fu Hengyi's intention with a little thought. In his heart, it is false to say that he is not moved. This man's protection for himself never hangs on his mouth, but it is reflected in every bit of life.

"Master Fu, let me go first, let's just eat." Jin Enxi refused. Master Fu was really a veteran who had been on the battlefield. Although they were also baptized with blood, they were people walking in the dark. Heroes like Master Fu are not comparable at all, and they can even be said to be two opposites.

It would be very unfavorable for Shen Qinglan if the old man noticed something wrong.

"It's okay. And Grandpa has already spoken, and the meals are ready, please don't say anything." Fu Hengyi's attitude towards Jin Enxi is very gentle. The girl's heart for Shen Qinglan is in his eyes, grateful.

Having said this, Jin Enxi naturally will not resign and stay.

And Annie has also been very upset recently. Not long after she returned from the Shen family's wedding, her father received a notice from Junlan Group to unilaterally release the cooperative relationship with their family.

Although the Shen family only released the cooperation and did not deliberately suppress it, the performance of Annie's family's business declined. Anne's father learned that her daughter had done something, scolded her fiercely, and then shut her down at home. Without confiscating all her bank cards, she was arranged with several blind date partners, and she was bound to marry her.

The object of marriage is basically the rich second generation of some enterprises.

Annie knew that her father wanted to use her to marry, so that her family's business could overcome the difficulties. Naturally, she couldn't agree with her father's approach. She was very distressed, but she had no solution at all.

Don't look at her as a big lady, she always has the best food and clothing. Her father's forehead hurts so much, what she wants, but these are conditional. Once the family interests are involved, whatever can be sacrificed, her father is a person of supremacy, not to mention, in her father's eyes, the people selected for her are the heirs of the enterprise and outstanding young people. Can be considered responsible for her happiness.

Annie thought about rebelling, but she knew she was a few pounds, she and Wen Xiyao were alumni, but the grades could not be compared at all, Wen Xiyao's grade was a school bully, then her grade was a scum, and she went abroad Also for gold plating.

Even if Wen Xiyao left the Wen family, he could rely on his own strength to become the general manager of a multinational group, and she, huh, huh, if she didn't have the financial support of her dad, she became Cinderella every minute.

When Annie called Wen Xiyao, Wen Xiyao and Shen Junyu were sunbathing on the beaches abroad. Seeing the caller's number, the smile on Wen Xiyao's face faded, and she refused.

Annie called again, and it wasn't until the third time that Wen Xiyao answered the phone, "Xiyao." Annie's voice was full of surprise.

"Is there something?" Wen Xiyao asked lightly.

"Xiyao, I have been very upset recently, can I talk to you?" Anne begged, her friends who could talk to her were few, and she could understand her, but it was only Wen Xiyao.

Wen Xiyao glanced at Shen Junyu and saw that he stood up and planned to go to the sea for two laps, nodded, but refused when he exited, "I'm sorry, I don't have time now, and I don't think we still have to sit down and talk necessary."

"Xiyao, are you really going to break up with me? We have so many friendships, do you really want to be estranged from me because of Du Nan?" Annie's voice choked.

Wen Xiyao's eyes were faint, "What is your friend in your eyes? Annie, I treat you as my good friend, but how did you treat me?"

Annie thought of the wedding ceremony with regret, "Xiyao, I really didn't mean it. If I knew that Du Nan would do these things, just take me, I wouldn't help him, I really knew wrong "Xiyao, can't you forgive me once?"

Wen Xiyao looked at Shen Junyu who was doing stretching exercises not far away. When she saw him waving at herself, she smiled a little, and waved her arm at Shen Junyu, speaking softly, "Annie, you know What does a wedding mean for a girl? Especially when the person she wants to marry is her favorite man, her expectation of the wedding is beyond your understanding, but that's it One of the

expectations, but was ruined by your unintentional.

I believe you are a blessing to my wedding, and there is no malice to this wedding, but it is this unintentional that hurts more. This supposedly perfect wedding is now finished in this way. On your wedding anniversary, you reminded me of such a gratifying thing. How do you make me face you? If it were you, would you forgive me like this?"

Annie was silent, and Wen Xiyao meant that she understood that she could not easily forgive if she thought empathically, "Xiyao, sorry." She burst into tears.

Wen Xiyao heard a choking voice across the phone and sighed softly, "Annie, stop calling me in the future. I am very grateful for the happy time we spent together in the previous days. Our fate has been exhausted, so let us all retain the original and best memories of each other. Goodbye, I am here to wish you happiness in advance."

Wen Xiyao hung up the phone after he finished speaking, staring at the sea for a long time, and for a long time, the corner of his mouth was lightly hooked.

Annie squatted on the ground, tears in her eyes.

Sydney.

When Yan Xi just walked out of the classroom, he saw Jiang Zhehan. He looked at her with a smile and waved at her. Yan Xi walked over, "Are you waiting for me?"

Jiang Zhehan nodded with a smile, "I want to invite you to dinner, are you free?"

"Sorry, I have something to wait, I'm not free." Yan Xi refused and turned away.

Jiang Zhehan followed her, "Yan Xi, do you have anything? I've been upset since I saw you come back from home this time. If you encounter something, you can tell me, and I will help you."

Yan Xi lowered his head and walked by himself, ignoring Jiang Zhehan's words, Jiang Zhehan looked at her, and there was a feeling of powerlessness in his heart. During this time, Yan Xi has always been in this state, seldom speaking, and very dislike to talk, with the beginning Compared to seeing the time, it was a new person.

Yan Xi walked for a few minutes and saw Jiang Zhehan keep following him and stopped, "I'm going home now, don't follow me anymore."

"I can take you home, I bought a car." Jiang Zhehan said.

"No, it's not far from my house, it's very easy to take a car."

"Yan Xi." Jiang Zhehan stopped her. "You can try to accept the kindness from others. I really just want to send you home. Even if you don't accept me, at least we are friends."

Yan Xi's footsteps paused slightly, but he didn't look back, whispering, "Thank you for your kindness, but I don't need it."

Jiang Zhehan caught up and just put his hand on Yan Xi's shoulder. Yan Xi stepped back subconsciously and looked at him defensively. Jiang Zhehan was embarrassed and took back his hand pretendingly, explaining, "I just want to send you just go home."

Yan Xi stared at his eyes for a few seconds, lowered his head, "No, don't follow me again." But after a few steps, Yan Xi stopped, Jiang Zhehan originally thought that Yan Xi changed her mind, His eyes lit up and looked at her, only to find that Yan Xi did not turn around at all, but looked in one direction.

Jiang Zhehan looked down at her and saw a man, 40 or 50 years old, looking at Yan Xi.

He turned his back to her and could not see Yan Xi's expression.

It has been three days since Yan Anbang arrived in Sydney. In these three days, he looked at Yan Xi from a distance, watched her go to school alone, and then went home from school with her belly alone. Things became thinner, and his face seemed pale. Yan Anbang looked very distressed. After hesitating for several days, he only appeared in front of Yan Xi. He walked over to Yan Xi's side, "Xiao Xi."

Yan Xi stepped back two steps, lowered her head, bypassed Yan Anbang, and left. Yan Anbang took hold of Yan Xi, realized that her body was stiff momentarily, and let her go, "Xiao Xi, Dad just came to see you."

Yan Xi heard that there was no response. He spoke very quietly. Only Yan Xi heard it. Jiang Zhehan didn't hear what he said, but he saw that he had moved his hands to Yan Xi, and Yan Xi seemed to be a little afraid to resist, and walked over.

"This gentleman, who are you, what do you want to do?" He stood between Yan Xi and Yan Anbang, blocking Yan Anbang's gaze from looking at Yan Xi, keeping her firmly behind him, a gesture of a protector.

Yan Anbang glanced at Jiang Zhehan and said nothing with a calm face, "Xiao Xi, let's have a meal together."

Yan Xi lifted her foot and left, Yan Anbang wanted to catch up, but was caught by Jiang Zhehan, "Uncle, people are still a little girl, don't do this."

Yan Anbang looked down at Jiang Zhehan with a calm face. "Young people like heroes to save beauty."

It's understandable. But before the hero saves the beauty, he should figure out the situation." After that, Yan Anbang left.

However, Yan Xi had already boarded a taxi and walked away from his eyes. Yan Anbang had expected such a situation before coming, but was not disappointed at all. Instead of continuing to follow Yan Xi, he returned to the hotel.

When Yan Xi returned home, she saw Dougs waiting outside the door. Her eyes shone brightly. She got out of the car and trot to Dougs' side. "Did you just come back today?"

Dougs nodded with a smile, "Well, just got off the plane." He glanced up and down Yan Xi, frowned, "Did you not eat well again?"

Yan Xi bowed her head guilty, "I ate, but my appetite was bad."

Dougs had some things a few days ago and left for a few days. When the matter was done, he hurried back in desperation despite his friend's retention. He was worried that Yan Xi would not take good care of himself. The result was really what he expected.

Sighing helplessly, she reached over and rubbed her head, "You, what do you want to eat, I will make it for you, but I will only make Western food."

"Anything?"

"Well, anything is ok, but it must be in the range of Western food. I can't do anything about Chinese food. Of course, if you want to try dark food, I don't mind making it for you."

Dougs finally fried Yan Xi's steak, watching Yan Xi finished eating, and then took out a box from the suitcase and handed it to Yan Xi, "Little gift for you."

Yan Xi took it and didn't open it immediately, but asked, "What is it?"

"It's just a small gift for you, you can look at it." Dougs said.

Yan Xi opened, the box was a necklace, the pendant was a heart, inlaid with a sapphire, she took it out and took a closer look, only to find that the pendant can be opened, inside is a small picture frame, inlaid A photo of her and her mother.

Yan Xi's tears fell without warning, and Dougs saw it, and raised her hand to gently wipe her tears, "If I knew that giving you a gift would make you cry, I would not give you."

Yan Xi looked at him with tears in his eyes, "Dougs, thank you, I like this gift very much."

Dougs took the chain in her hands to help her wear it, and then said, "Just like it, this is a memorial I

gave you, but it is not for you to see things."

Yan Xi smiled embarrassedly, focusing on her head, "Well, I won't cry." Mom said, she must learn to be strong.

Dougs rubbed her head, "You can cry, but don't cry secretly, you can come to me when you want to cry, and I will lend you my shoulder."

He raised his hand and looked at his watch. "It's not too early. I will go back first. I will pick you up tomorrow morning and send you to school." He also sent Yan Xi to school before. It was only when he had something to leave in these days. Yan Xi went to school alone.

Yan Xi nodded and sent Dougs to the door.

Early the next morning, when Dougs came to pick up Yan Xi, he saw a familiar figure. He got out of the car, "Mr. Yan."

Yan Anbang turned around and was surprised to see Dougs. "Mr. Dougs, why are you here?" He glanced at the house behind him, and there was some speculation in his mind.

Dougs did not let him continue to guess, and quickly gave the answer, "I am working in Sydney now, and I came to pick Yan Xi to school today."

"During this time, Mr. Dougs has been with Yan Xi?" Yan Anbang asked.

Dougs nodded, "Well, Yan Xi's mood was not very stable during this time, and I was a little worried about her."

Yan Anbang was startled, and the doubt that had just risen in his heart disappeared in a sentence of Dougs, looking nervously at Dougs, "What happened to Xiao Xi?"

"Yan Xi's mother's death hit her very hard. She has always blamed herself, thinking that if she is obedient, her mother will not leave her." Dougs said.

After hearing this, Yan Anbang was silent. After a while, he said, "It's all my fault, if I can see clearly earlier.... The true face of a good home will not be broken up by me."

This point, even Dougs, who knows the inside story, is not praised, after all, he is just an outsider.

"Yan Xi's emotions have gradually stabilized, but it takes time to recover from the trauma in his heart." Dougs said, the trauma of the death of ordinary people and relatives should be recovered for a long time, not to mention that Yan Xi had serious trauma. Sequelae. She needs more time for this type of trauma than ordinary people. If other relatives can accompany her at this time, the situation will be much better, but she has a special situation at home.

"So what can I do?" Yan Anbang asked, his eyes full of bitterness.

"Please also try not to appear in front of Yan Xi." Dougs hesitated and said.

"Is the person I hate the most in Yan Xi's heart?" Yan Anbang seems to be asking, but he seems to be asking himself.

Dougs silence is equivalent to default.

"I know, Mr. Dougs, Yan Xi still asks you to take care of it. If you have any questions, please call me. Do you have my contact information?"

Dougs shook his head, he only had Yan Shengyu's contact information.

Yan Anbang left his contact information to him. Seeing the time was almost up, Yan Xi should go to class and said, "Mr. Dougs, Yan Xi will trouble you. I will go first. I will stay here for another week. If...if Yan Xi is willing, I want to have a meal with her before leaving, if she doesn't want to."

Dougs watched Yan Anbang leave, looked at the white hair between his temples, his eyes flickered, and turned his head to see Yan Xi standing at the gate, obviously seeing the scene just now.

"What is he doing here?" Yan Xi asked.

Dougs put on his seat belt and casually said, "I want to see you, but I think you should not want to see him, just let him go. Do you want to see him? If you want to see, I can arrange for you to meet."

Yan Xi did not answer, but said, "Come on, I have class in the first session of the morning, and I will be late if I don't leave."

**388 Chapter**

Yan Anbang looked at Yan Xi quietly in the distance every day. Yan Xi was right when he couldn't see, and he went to class on time and returned home on time. Until Yan Anbang left Sydney, Yan Xi did not agree to have a meal with him.

It was not that Dougs did not help to speak, but Yan Xi refused with a cold face. Knowing that her rejection and hatred of Yan Anbang could not be reduced in a while, Dougs could only let Yan Anbang leave first.

Although Yan Anbang regretted but understood, he returned to the country sadly.

When Jiang Zhehan proposed to drive Yan Xi home for the second time, he ran into Dougs who came to pick up Yan Xi's class. When Yan Xi saw Dougs, his eyes lit up and ran over. Jiang Zhehan looked at this scene and felt there is an indescribable weirdness.

He has seen this man several times, each time with Yan Xi, and Yan Xi always has a lot of smiles on his face when he gets along with this man. Does Yan Xi like this? There is no answer to this question by Jiang Zhehan, because Yan Xi left soon.

Dougs glanced in the rearview mirror and saw that Jiang Zhehan was still standing at the gate of the school looking at them, smiling and saying, "That boy was your suitor just now?"

Yan Xi was stunned, and then it came back that he was referring to Jiang Zhehan, a little flustered in his heart, subconsciously explained, "I don't like him."

Dougs laughed, "Don't be nervous, just chat with you, Yan Xi, at your age, it is a good time to enjoy love, you can try it." He has discovered Yan Xi's rejection of the opposite sex, that is an instinctive reaction after an injury.

"Can I like you then?" Yan Xi blurted out, stunned himself when he said it, bowed his head, and dared not look at Dougs.

Dougs probably didn't expect Yan Xi to say this suddenly, and for a while, some reactions could not come. When he turned to look at Yan Xi, he could only see the top of her black head and the tip of her red ear.

Dougs couldn't help but smile, such Yan Xi inexplicably made him feel cute. Until returning home, Dougs did not answer Yan Xi's question, and Yan Xi was embarrassed to ask. As soon as the car stopped, she trot into the house, and Dougs looked at her in a hurry. Then shouted, "Pay attention to your feet."

Unexpectedly, Yan Xi ran faster. Until she returned home, Yan Xi was sitting on the sofa, covering her pounding chest, gently relieved, she fell on the sofa and looked annoyed, " Shameless, Yan Xi, how can you have such an idea for Dougs."

While Yan Xi spurned himself, he couldn't help but think of every bit of acquaintance with Dougs. From the first time to the present, the person of Dougs gave Yan Xi a familiar feeling, this feeling was once in Shen Qinglan There are also on the body.

Yan Xi is not unaware of her rejection of the opposite sex, but alone, she was extremely relaxed when she was with Dougs. This is not a phenomenon that exists now, but existed from the beginning. Is it all said? Gus is his real son?

Thinking of this, Yan Xi's face was even redder. She covered her hot cheeks and buried herself in the sofa.

The next morning, when Dougs came to pick up Yan Xi for class, Yan Xi bowed her head all the way and dared not look at him. Dougs stared sideways at her dark hair until it was almost time for school, Yan Xi did not intend to speak, and smiled silently.

When he got to the door of the school, Dougs took Yan Xi who wanted to get off the bus and put a bag in her arms. "Don't forget to eat breakfast."

Yan Xi hugged the bag and whispered a thank you, quickly disappeared into Dougs's eyes. Dougs shook his head and smiled, but the smile on his face quickly faded, and he looked quietly at the front , I don't know what to think, it took a long time before he left here.

For three days in a row, Yan Xi was in such a state. She could not help seeing Dougs' heartbeat now. After something was pierced, it seemed to become particularly clear, but watching Dougs to her and There were no different reactions in the past, and Yan Xi couldn't help but feel a little lost. Perhaps this is the so-called unrequited love.

Today, when Dougs sent Yan Xi home, Yan Xi did not run home as he did a few days ago, but sat motionless in the passenger seat.

Dougs looked at her suspiciously, "What's wrong with Yan Xi?"

Yan Xi lowered her head and hesitated for a long time before looking up at Dougs. "Dougs, what I said that day was serious. If you want to find a girlfriend, can you consider me?"

She looked straight at Dougs's eyes. This was the first time she had looked at him like this for the first few days. Her eyes were bright. The eyes of Dougs flashed lightly, just about to Opening, Yan Xi covered his mouth.

"If you refuse, don't say it. I'm afraid I will cry." Yan Xi spoke first.

There was a smile in Dougs's eyes, and she took her hand down and held it in her palm, "Yan Xi, you are still young, and you have no contact with other opposite sex, but you have more contact with me. It will make you have the illusion that if you go out bravely, you will find that you feel more in touch with other opposite sexes. The feeling you have for me is just because of the time we spend with each other. My suggestion is that you More contact with other heterosexual contacts, you can even choose someone you think is better to socialize with him, I think the boy who came to pick you up that day is good."

"Don't say it." Yan Xi interrupted him. "Dougs, even if you don't like me, don't push me to others. I don't like other people, they make me sick."

Her eyes were full of tears, and all of Dougs's next words were stuck in her throat. His eyes flashed a bit of distress, but they soon disappeared, "Yan Xi."

Yan Xi unfastened her seat belt, "I'm going to be late, goodbye."

Dougs sighed softly as he watched Yan Xi run away from the desert.

That afternoon, when Dougs had a good time to pick up Yan Xi, he didn't see her coming out and called her, only to realize that Yan Xi had already returned home first.

"Dougs, I know you are busy with your work. It has been a hassle to keep you picking me up and down during this time. I will go by myself in the future, so I won't bother you anymore. Goodbye."

Dougs looked at the hung phone, his eyes dim, thought about it, and sent a text message to Yan Xi.

—[Okay, eat on time, take care of yourself, call me if you have something.

Yan Xi looked at the text message, and her tears flowed down in disappointment. "Stink Dougs, hate Dougs, can't you keep me aside? What do I say, I hate to die."

Domestically, after agreeing to have a date with one of the blind dates, Anne's father finally recovered her economy and gave back all her bank cards. She became a high-ranking group, and had no freedom for her. Limit.

The first thing after Annie was free was to go to Eden. She called Eden several times, but Eden never answered, and even pulled her number into the blacklist again.

Eden was not in the hospital. Anne went to Eden's house to find him, but Eden was not at home. Anne had to sit in front of Eden's house and wait for him.

Eden went to check on Fu Hengyi today. Now that Fu Hengyi is the key to rehabilitation, he often has to go to the Fu family to check him and help him with rehabilitation.

It was very late when he came back. As a result, he saw a man at the door of his house. He squatted on the ground and seemed to be asleep. He glanced at her a little and took out the key to open the door.

Annie heard the door open and looked up, and saw Eden. Her eyes lit up. "Eden." She wanted to stand up, but she numb her legs because she was sitting too long.

She looked at Eden pitifully. "Eden, my legs are numb. Will you help me get up?"

Eden gave her an indifferent glance, and was about to enter the room. Anne embraced Eden's leg, "Eden."

"Let go," Eden said quietly.

"Eden, why are you always so indifferent to me?" Anne grieved, "Xiyao ignored me, my dad kept me at home, and you didn't want to take care of me, do I just hate you? ?"

She didn't mean it on purpose, but the whole world thinks that she did the same thing. Is it not worthy of forgiveness after someone makes a mistake?

Eden moved her legs slightly, and Anne hugged tighter. Eden looked down at her and spoke softly, "I have someone I like in my heart, but that person is not you, and it will not be you in the future, you don't want Come to me again."

This is the first time Eden has explicitly told her that he has someone he likes.

Annie's face changed, "Who is that person?" She still didn't believe that Eden liked others, maybe Eden just lied to her?

"You don't need to know this, let me go."

"If you don't tell me who she is, it proves that you are telling lies, Eden, I won't believe it."

"Did anyone tell you that stalking is a very annoying behavior? It's nice to say, your behavior is called perseverance, and it's bad to say bad." Eden lowered his face and said coldly .

He rarely had such a demeanor. In these years, there is definitely more than one woman who pursues him, but he has always refused politely, even if it is straightforward, he has never said such a heavy

word. I said this today, which shows that I hated Annie to a certain extent.

Annie's face was pale and she stared incredulously. With this stunned effort, Eden had freed her hand, opened the door, and closed the door heavily in front of her.

Annie sat on the ground, staring at the scene in front of her eyes, tears flowing down, and whispered softly in her mouth, "I just like you, is this wrong?"

The time passed quickly, and soon in late April, the weather in Beijing had begun to warm up, and various flowers in the spring began to open up. Shen Qinglan's belly is getting bigger and bigger, and now he basically has to do an inspection every two weeks.

Eden has been in the Fu family for almost a month. With his treatment and help, Fu Hengyi's legs recovered quickly. Now he can stand up. Although he can only stand for more than ten minutes, this pair It's great news for everyone.

Fu Hengyi's legs recovered faster and better than expected. The happiest people are Shen Qinglan and Master Fu. Master Fu now sees Eden as if he was looking at a huge treasure, his eyes bright, Every day, let Aunt Zhao prepare delicious food for Eden. Except for Shen Qinglan, most people do not have this treatment.

"People who don't know think I am grandson-in-law." Fu Hengyi said to Shen Qinglan with a smile.

"Are you jealous?" Shen Qinglan asked.

Fu Hengyi shook his head, "No, I am happy." The better Mr. Fu treated Shen Qinglan, the happier he was.

After listening to this, Shen Qinglan smiled slightly, "I have a class this afternoon. Do you want to go with me?" She enrolled in a mother-to-be class, with one class every week.

Fu Hengyi nodded, his wife was in class, he naturally wanted to accompany.

Today's lesson is about childbirth. After listening to one lesson, Shen Qinglan didn't react. Fu Hengyi, with a serious face and dignified expression. This emotion has been maintained at home.

Old Master Fu looked at Shen Qinglan doubtfully, and he was quite happy when he went out. Why did he come back with such an expression, what happened? The young couple quarreled?

Master Fu shook his head and rejected the latter idea. The two of them had very good feelings. They have not blushed for more than a year after they got married. They thought it would not be because of a quarrel.

Grandpa Fu asked the driver, who also said that nothing happened along the way. This time, the old man was really puzzled.

Master Fu couldn't guess the reason. Shen Qinglan actually guessed something. She sat down next to Fu Hengyi, chuckled, and said in a warm voice, "Still thinking about things in class?"

Fu Hengyi twisted her eyebrows and looked at her tall belly, hesitantly opening, "Qinglan, why don't we choose caesarean section." Today the teacher told a lot of knowledge about childbirth in class, including the classification of pain, it is pointed out that the pain of childbirth is the most painful pain in the world, and the birth of a woman is equivalent to walking in a ghost gate.

Shen Qinglan comforted him,

Don't listen to the teacher. Actually, the production is not so terrifying. I've already asked the doctor. The doctor said that the baby's size is not too big. Because of my physique, it can be produced naturally, and the old people say that they have children. Okay, so I want to live by myself."

"But the birth is very painful." Fu Hengyi struggled. Some of the pregnant women who were in class together had a second child. He heard them whisper that they had suffered a lot when they gave birth, and even one of them had a child who had a pain for three days and three nights. None was born, and finally chose a cesarean section.

Fu Hengyi didn't want Shen Qinglan to suffer that crime. If he hadn't been born in three days, it would be better to cut it at the beginning.

Shen Qinglan looked at him helplessly. If the man was stubborn, he couldn't help him, his eyes rolled, and he said, "But a caesarean section will make a cut on the stomach, and even if the child is born, the scars will be. If you can't get rid of it, your tummy will become very ugly, and didn't the teacher say it? Naturally, I just suffered when I was born, and I recovered quickly after birth. Caesarean section was suffered after birth.

Shen Qinglan analyzed the pros and cons of caesarean section and natural birth.

Fu Hengyi's brows became tighter, and he looked at Shen Qinglan's belly and said, "I knew I wasn't born anymore." The tone was full of annoyance.

Shen Qinglan looked at him speechlessly. Fortunately, Grandpa Fu is not here now, otherwise, if Grandpa heard this, it is estimated that Fu Hengyi would also be subject to training.

"Is it possible to return the goods now?" Shen Qinglan said silently, "And aren't you looking forward to your daughter?"

"Daughter wants, but I don't want to watch you suffer." Fu Hengyi said seriously.

Shen Qinglan took his hand and looked at his eyes seriously, said, "Fu Hengyi, don't worry, since ancient times, women's production has come like this, everyone is okay, I will be fine, just have children."

"Other people are not my wife, I naturally don't care." Fu Hengyi said.

Shen Qinglan also had no choice. After thinking for a while, he said, "Fu Hengyi, if you continue to worry about this, I will worry with you. There would be nothing, but in the end it will come up with something."

She deliberately exaggerated the seriousness of the consequences. Sure enough, Fu Hengyi's eyebrows were loosened, which in turn comforted her, "Don't be afraid. I will always be with you, even if you have children, I will be with you."

"You want to enter the delivery room to accompany?" Shen Qinglan looked at him in surprise.

Fu Hengyi nodded his head as a matter of course, "I naturally want to accompany you when you produce. Delivery room only."

"No." Shen Qinglan shook his head. "You can't go in. I'm nervous when you go in. The doctor said, the most taboo when you give birth." She said that she was very serious, but she was afraid that Fu Hengyi was too nervous.

Fu Hengyi frowned, but nodded when she looked at Shen Qinglan's persistent eyes, "Okay, I won't go in, but if you have any needs, you must find me."

Shen Qinglan nodded.

Although it has been said, Shen Qinglan still feels Fu Hengyi's anxiety in the following days. Although it is not obvious, Shen Qinglan can feel it. For example, Fu Hengyi's rehabilitation time is prolonged. Sometimes, Shen Qinglan inevitably has to worry about whether his desperation will be counterproductive. Fortunately, Eden has been watching beside him to ensure that there will not be any problems.

Because each exercise was moderate, but reached the limit of the body, Fu Hengyi's legs recovered faster than before, and now he can walk a few steps, standing there for half an hour is no problem.

For another example, Fu Hengyi often looks at her stomach, and sometimes wakes up in the middle of the night, touching her stomach, and whispering something in her mouth. In this case, Shen Qinglan has found it more than once.

Shen Qinglan once called the doctor to see if there was a problem with Fu Hengyi's condition. The doctor had a symptom of prenatal anxiety. After listening to Shen Qinglan, that black line, her pregnant woman was not good, but Fu Hengyi was anxious first. Too.

That evening, Shen Qinglan finished his meal and went out with Fu Hengyi to finish his meal. Instead of going to the bath as before, he took Fu Hengyi to the studio to paint for an hour.

Every time Fu Hengyi sees Shen Qinglan's paintings, her mood will be very calm. When she paints, she will always remind him of the words that the years are good, warm and quiet.

After coming out of the studio, Fu Hengyi's eyes were more peaceful, and Shen Qinglan went to take a shower first. Then he urged Fu Hengyi to take a bath. Now Fu Hengyi's body is much better, and she no longer needs her help to take a bath.

When Fu Hengyi came out of the bathroom, Shen Qinglan was playing with the laptop. Fu Hengyi raised her eyebrows, "What are you doing?"

Shen Qinglan beckoned at him, beckoning him to sit down.

After Fu Hengyi was ready, Shen Qinglan pressed the play button. On the screen is a documentary about production, which truly records the whole process of maternal production.

While watching, Shen Qinglan didn't forget to observe Fu Hengyi's reaction. He was calm and slightly relieved. "You see, in fact, production is the same, not so scary."

Fu Hengyi didn't speak, but clenched Shen Qinglan's hand, his eyes were very dark, and said, "Don't watch it, let's sleep."

Shen Qinglan looked sideways, looking at his expression, and he could not guess his thoughts for a moment. Fu Hengyi smiled slightly. "Your husband, I am not so vulnerable." In the toilet, she realized that Fu Hengyi was not there. She was a little surprised. After coming out of the bathroom, she went to the living room and looked at it. There was no one in the living room. When she wanted to go back to the room, she heard a crack in the door of the study on the first floor. There was a light coming out, and Shen Qinglan walked over and knocked on the door.

"Who?" It was Fu Hengyi's voice.

Shen Qinglan directly opened the door and Fu Hengyi saw her, calmly closed the computer, and looked at her, "What's up?"

"I get up and go to the bathroom. You don't sleep in the middle of the night. What are you doing here?" Shen Qinglan asked.

Fu Hengyi smiled and pressed a button on the wheelchair, "I just had a dream and couldn't sleep to watch a movie."

Shen Qinglan looked at him suspiciously, "What movie?"

"Long Yin Hu Xiao." "Fu Hengyi said a movie name," I just searched on the Internet, it's not very good-looking, you just came in when I was going back to sleep. Just go back together."

Shen Qinglan glanced at the closed computer, said nothing, and followed Fu Hengyi back to the room.

Early the next morning, Eden went to the door, "Eden, today's rehabilitation training started so early?" Shen Qinglan asked.

Eden smiled slightly and said, "I don't do rehabilitation training for the time being. I took him to the hospital for a check before adjusting the next training plan."

"That line, you wait for me to change clothes, I will go with you." Shen Qinglan said.

Eden stopped her, "You don't have to go, it's just a normal inspection, it's over soon, or are you not worried about handing him to me?" ridiculous tone.

Shen Qinglan raised her eyebrows, "Do you really need me?"

"Well, you still stay at home. If you go, I have to be distracted to take care of you." Eden said pointedly, and also glanced at her belly.

Shen Qinglan touched his nose, "Well, I'll be waiting for you at home."

Eden took Fu Hengyi away. Master Fu came back in the morning and didn't see Fu Hengyi. He asked a question and learned that he was going to do the inspection.

Fu Hengyi came back at noon. When she came back, Shen Qinglan's eyes changed slightly. She looked at Eden. Eden gave her a soothing look and said, "His legs are fine. After checking the time, Early on, I asked him to do some rehabilitation in the hospital for a while. Today's exercise is a bit heavy and I sweat more."

After hearing this, Shen Qinglan let go of her heart.

It was just an afternoon that Shen Qinglan always felt that Fu Hengyi had something to worry about. During the time after dinner, Shen Qinglan asked Fu Hengyi.

"What did you do with Eden today?"

"Go check." Fu Hengyi said warmly.

Shen Qinglan shook his head, "No, you didn't tell me the truth."

Fu Hengyi chuckled, "When did my wife switch to detective?"

Shen Qinglan thumped him lightly, "I told you seriously, did you really just go for a check this morning?"

Fu Hengyi nodded, but shook his head again, "Not exactly, but also for rehabilitation."

Shen Qinglan looked at him speechlessly, Fu Hengyi looked back at her with innocent eyes, knowing that he was unwilling to tell himself, Shen Qinglan no longer asked, but opened the topic, "Yu Xiaoxuan and Han Yi were not prepared Holding a wedding, but after all, it is about to register for marriage. Have you prepared a gift for them?"

Fu Hengyi's face was restored to Gu Jing Wubo, "a red envelope with a check in it, and the amount to be filled by him."

"They are your brothers anyway. Can't you give your wedding gifts with care?" Shen Qinglan couldn't help but spit him.

"I don't care about sending cheques. I don't know what he wants. Give him the money and let him buy it." Fu Hengyi said disapprovingly in exchange for the black line on Shen Qinglan's face.

In the evening, Shen Qinglan called Eden while Fu Hengyi was in the bathroom and asked about things in the hospital during the day. She quietly listened to Eden saying that the eyes were changing, waiting for Fu Hengyi to come out. Seeing Shen Qinglan looking at him, his face was contemplative.

Fu Hengyi looked back at her, "What's wrong?"

Shen Qinglan looked at him, "You have nothing to tell me?"

Fu Hengyi had deeper doubts in her eyes.

Shen Qinglan shook his phone, prompting him, "Hospital."

Fu Hengyi knew instantly, "You all know?"

"Huh." Shen Qinglan gave him an affirmative answer.

Fu Hengyi registered with Yi in his heart and knew that he was unreliable and promised well in the hospital. He promised not to say it. As a result, Shen Qinglan said everything when asked."

"Why didn't you tell me to experience labor analgesia?" Shen Qinglan asked.

Fu Hengyi smiled and said, "What is there to say, but it's just a trivial matter, but after going through the experience, I regret it even more. In fact, we are also good at Dink. The two worlds are so quiet." Fu Hengyi said.

In the morning, he went to the hospital to experience a pain in childbirth. The pain level was that the blue muscles of a big man had burst out. As soon as he thought that Shen Qinglan would experience more pain than this pain, the time would last longer. Tormented, Fu Hengyi's heart was about to ache.

He personally asked the doctor, knowing that if the doctor also said that caesarean section suffered more than natural birth, he really wanted Shen Qinglan to have a caesarean section, at least when he was born.

"Fu Hengyi, don't you really have prenatal anxiety?" Shen Qinglan teased him.

"Maybe there really is." Fu Hengyi looked serious.

Shen Qinglan looked at him like this, but instead couldn't laugh, just about to speak, but Fu Hengyi spoke first, "You don't have to comfort me, I just feel bad."

Shen Qinglan looked at his eyes calmly, with a gentle expression, "Fu Hengyi, I feel good, now I am very happy, with you and our children."

Fu Hengyi moved slightly, watching Shen Qinglan open and close her mouth, suddenly lowered her head and kissed.

At the end of the kiss, Shen Qinglan looked at the gasping, sad man in front of her, and gritted her teeth. She was really worried. According to her, Fu Hengyi was not prenatal anxiety, but she was dissatisfied.

Sydney.

After Dougs sent the text message, he really didn't come to pick her up and go to get out of class. For more than a week, Dougs didn't show up, not even a phone call, nor a text message.

Yan Xi was sullen and took out her cell phone from time to time, but it became more frustrating after reading it.

"Yan Xi, what do you do with your phone all day?" the classmate asked.

Yan Xi twitched his lips and shook his head, "It's okay, isn't it no lesson when we wait? Let's eat dessert together."

"Okay, you haven't been with me for dessert for a long time." The classmate promised, her relationship with Yan Xi was pretty good, and she used to go out on weekends to gather wind.

After class, Yan Xi and her classmates left, and as soon as they walked to the school gate, they saw Jiang Zhehan waiting there. Jiang Zhehan opened the back seat of the car, "I don't know if I am honored to

carry two beautiful women today?"

The classmates knew Jiang Zhehan. When they saw this scene, they smiled vaguely at Yan Xi and waved their hands. "You still give Yan Xi, I have to wait for someone to have an appointment. Yan Xi wants to eat the one in the city center. Ice cream, you happen to have a car to send her."

After talking, the classmates left, Jiang Zhehan closed the back seat door, opened the position of the copilot, "Please get in the car."

Yan Xi wanted to refuse, but suddenly thought of Dougs' words in his mind, a glance of sadness flashed in his eyes and sat up.

Jiang Zhehan's mouth was light, and she was in a very good mood. It was just that Yan Xi was silent all the way. Jiang Zhehan said ten sentences, and she might only return one sentence, but Jiang Zhehan didn't mind at all. At least Yan Xi was willing to take his car now.

At the destination, Jiang Zhehan and Yan Xi came to the dessert shop that the classmates said. This dessert shop was on the first floor of the mall.

"Yan Xi, what kind of food do you want to eat? I'll buy it?" Jiang Zhehan said.

"Just whatever, I don't pick." Yan Xixing lacked.

Jiang Zhehan smiled slightly and went to the queue. Yan Xi looked around and found no place, so he found a place in the waiting area at the door and sat down.

She took out her phone again and looked at it. The phone was still quiet and there was no information.

"Yan Xi?" A familiar voice rang above his head. Yan Xi's eyes lit up, and he looked up and saw Dougs.

"Why are you here?" Dougs asked.

Yan Xi's eyes fell on the woman beside Dougs. The woman wore a dress and long hair shawl, painted delicate makeup, elegant temperament, and unexpectedly matched Dougs standing together.

Seeing Yan Xi's eyes, the woman smiled kindly, "Hello."

"Hello." Yan Xi said, but his voice was dull.

Yan Xi is not a person who can hide emotions, not to mention in front of Dougs, Dougs can naturally see that Yan Xi misunderstood the relationship between them, but did not explain, "You are coming with friends?" Dougs changed the question.

Yan Xi nodded and did not speak. Jiang Zhehan came back, holding two ice creams in his hand, and

handed one of them to Yan Xi. "I don't know which flavor you like. I bought you a mixed flavor. There are four flavors, you can try them all."

Jiang Zhehan recognized Dougs, and naturally knew that this was the man who often came to pick up Yan Xi. He glanced at the woman next to him and smiled kindly, watching Yan Xi's eyes grow softer. "If these four flavors you I don't like to eat. I can try the one in my hand. It's a sign in their shop."

Yan Xi nodded wildly and took the ice cream in Jiang Zhehan's hand. Dougs glanced at it and said, "You guys play, come home early in the evening, I'll go first."

Dougs said to go, without a trace of nostalgia, Yan Xi looked at the back of his departure, and suddenly felt a bit boring.

"Dougs, the girl just now is the one you like?" On the way back, the woman asked with a smile.

Dougs sullen his face and said nothing.

The woman continued, "I didn't expect that if you are always feeling like nothing, you will one day be tempted by a girl. I don't think that girl is not affectionate to you. Why don't you take the initiative and wait for other girls to take the initiative? Come to you, Dougs, if you really think this way, it's your fault. The other person is a girl, how can you let her take the initiative?"

Seeing Dougs still didn't speak, the woman spoke slowly, "The boy next to her looks good, and thinks of her as a suitor. If you move slowly, people will be chased away by others."

"You can shut up," Dougs said coldly.

The woman saw Dougs became annoyed and shook her head and smiled, "Well, I won't say it again. When it comes to business, what did you and my husband say to you last time? How did you think about it? Ran over."

"I'm sorry, I didn't plan to change places in a short time." Dougs refused.

The woman was not surprised at all. If she didn't understand when she first came, but she had just seen Yan Xi, what else did she don't understand, "Is it for the little girl just now?"

Dougs was silent, and it was the default.

The woman was surprised, "Dougs, you are serious."

"When did you become a policeman in the Pacific?" Dougs asked back.

The woman shrugged, "Okay, I won't say it, but I still want to say the last sentence, Dougs, if you like someone else, say it bravely, what's going on behind you so silently."

"Thank you for your concern, when did you fly?"

"Ah?" The woman froze for a moment, then looked at Dougs, "Dougs, you are...forget, I don't care about you. My husband has bought me a ticket for tomorrow, and will leave tomorrow morning. Although you will not agree this time, the position will always be reserved for you and you can come over at any time."

"Thank you." Dougs said, but he seemed a little absent-minded. What he thought was the scene of seeing Yan Xi today.

**389 Try to Like Me**

"Thank you." Dougs said, but he seemed a little absent-minded. What he thought was the scene of seeing Yan Xi today.

On the other side, Yan Xi became interested after Dougs left. Jiang Zhehan was not unaware. After talking to Yan Xi again, Jiang Zhehan finally resigned, "Yan Xi, are you uncomfortable or not? Take you home first?"

Yan Xi looked back, nodded when she heard this, "Thank you."

Jiang Zhehan said with a smile, "Actually, I'm not good. If I knew you were uncomfortable, I shouldn't have pulled you out and let you eat cold drinks. Next time, wait for your health to be better next time. Take you to eat again."

Yan Xi said embarrassedly, "Actually, the person who said sorry today is me. I will invite you to dinner next time."

"Okay, then it's settled."

Jiang Zhehan sent Yan Xi home. When Yan Xi was about to get off, he stopped her, "Yan Xi, I want to ask you a question."

Yan Xi looked at him suspiciously, "Who is the man you met today?"

Yan Xi was taken aback for a while, and then reacted, "It's my friend."

"Did you refuse me because of him?"

Yan Xi thought about it and shook his head, "No, but I don't like you, Jiang Zhehan, I know you are good to me, but don't waste time on me. I have people in my heart who won't like you. "

Jiang Zhehan's eyes dimmed, "Is it him? Is he the one you like?"

"Sorry." Yan Xi left a sentence and got off.

When Yan Xi returned home, she sat alone on the sofa in the living room and didn't know what she was thinking. She thought for a long time, but she didn't come up with a reason. Her eyes suddenly fell on the picture set on the coffee table. That was Shen Qinglan. In her paintings, a glance of light crossed her eyes, picked up her phone and called Shen Qinglan.

Shen Qinglan was planning to go to sleep, and received a call from Yan Xi. This was the first time she had called her since Yan Xi returned.

"Yan Xi."

Yan Xi heard Shen Qinglan's voice, and the grievances burst out like a child. When he didn't see his parents, he would even get up even if he fell, patting the dust on his knees. , But the moment I saw my parents, I became coquettish.

Shen Qinglan froze, listening to Yan Xi's grievances, and quickly asked, "Yan Xi, what's wrong?"

Yan Xi choked, "Sister, I miss you."

Shen Qinglan smiled suddenly, with a gentle smile, "I will see you when I have finished giving birth."

Yan Xi shook his head violently, then reacted and Shen Qinglan couldn't see it, and said, "No, sister, I was hypocritical all of a sudden, nothing happened, just treat me as nervous."

"Tell me, did something unpleasant happen?" Shen Qinglan asked softly. The gentleman on the side saw her gentle appearance, and there was a bit of grudge in his eyes. Why was his wife never so gentle with him?

Yan Xizhizhiwuwu still did not say what he was rejected by Dougs, but Shen Qinglan guessed from her only words and said, "Yan Xi, it's not wrong to like someone, if you like it Others can pursue it boldly."

Then I thought of Anne's stalking on Eden and added, "Of course, active pursuit does not mean stalking."

Yan Xi's voice was dull, "Sister, people don't like me."

"As long as he doesn't have the person he likes, you can take the initiative, what does it matter?" Shen Qinglan said, for love, everyone has the right to pursue the initiative, "Of course, if you like this person makes you unhappy, even It's pain, you should give up, love is beautiful, it is pleasant..."

Yan Xi listened to Shen Qinglan's patience, and her mood gradually improved. "Sister, thank you, and I'm sorry, I'll come to disturb you so late."

It's only ten o'clock in the evening, and even at ordinary times, Shen Qinglan doesn't go to bed so early. "Since you called me a sister, it means that we are very destined. If you are abroad, you can call me for anything."

"Well, thank you sister, I'm in a better mood now, it's not too early, sister, you have a rest early." Yan Xi said softly.

Shen Qinglan hung up the phone and meditated on her face. Fu Hengyi pulled her down and lay down, saying, "Yan Xi is not a child, you can't worry about her for a lifetime, let go when you should let go."

Shen Qinglan looked sideways, "Do you know what I was thinking?"

"Don't you think of going to see her in Sydney?" Fu Hengyi asked back.

Shen Qinglan laughed. She was really thinking about this. She reached out and nodded in Fu Hengyi's chest. "You really have become a roundworm in my stomach."

Fu Hengyi grabbed her hand and kissed her lips, "I understand you."

"Actually, I just think about it. Now I have such a big ball in my stomach, I can't go anywhere." Shen Qinglan said.

"That's right." Fu Hengyi said.

The next day, when Yan Xi got up, she noticed that it was raining outside. Today is the weekend. She didn't have to go to class. When she remembered Shen Qinglan, she glanced at her phone and finally found the courage to make a call to Dougs, just to answer. The person on the phone was a woman, and the voice seemed to be the same woman as yesterday. When she panicked, she immediately hung up the phone.

The woman took the phone, turned to look at Dougs with something in her hand, shrugged, "Dougs, I just seemed to have done something wrong, your little girl seems to have misunderstood us again."

She is now in Dougs's clinic. It was originally an early morning flight, but the flight was temporarily cancelled and changed to afternoon.

Seeing Dougs's calm face, the woman raised her eyebrows, "Wouldn't you just be intentional?" Just now Dougs asked her to answer the phone.

Dougs handed her the things in her hand, "The things are for you, you can leave now."

The woman chuckled, "Dougs, you are a model of crossing the river and demolishing the bridge. I just threw it after I used it? But, don't you like that girl too? Everyone took the initiative to call you, and they all understand you so much. Why are you still refusing?"

After hearing this, Dougs glanced at the woman lightly. "It's not that I want to eat. I invite you to lunch."

Let's go."

"Doug, when can you change the problem every time you don't want to talk?" the woman said, while following Doug.

Doug invited someone to finish the meal, and then sent him to the airport. Before leaving, the woman held Doug and said with a serious voice, "Doug, I don't know why you want to reject the girl, but I want to tell you, the thing of feelings, can't bear to wait, you have to wait for a long time, and you leave when you are tired. You can't ask others to like you alone if you know it is not available. You still have to seize the opportunity."

Doug heard that an unknown emotion flashed in his eyes. On the way back, he was still thinking about this problem, but the emotions in his eyes were very deep, so deep that people could not see clearly.

As soon as the car arrived at the door of the house, he saw Yan Xi standing at the door, holding his shoulders, shaking under the eaves, his body was already wet by the rain, Doug's eyes changed slightly, and he immediately got off the bus and ran to Yan Xi. In front of him, "Who made you stand here like this? Don't know if you are weak and can't get cold?"

This was the first time he yelled at Yan Xi with a sullen face. Yan Xi was stunned by him. Tears accumulated in his eyes and could fall at any time.

Doug looked at her eyes, and his mind suddenly woke up, calming his expression, "I don't want to scold you, but worry about your body."

Yan Xi lowered her head, "I'm sorry."

Doug looked at her grievance, opened his heart, opened the door, let Yan Xi enter the door first, then went to the room and took a dress on Yan Xi's body, still holding a dry towel in his hand, "With such a heavy rain, what are you doing out?"

Yan Xi let Doug wipe her hair and wrap her clothes tightly. She still felt cold. "I just want to see you, Doug, you have ignored me for a long time." Where is she? Thinking that Doug was not at home, she did not bring an umbrella.

Doug heard that the movement of wiping his hair took place, and it quickly continued, "I'm a little busy lately, and you didn't say it yourself. I want to go to school myself."

"I regret it." Yan Xi said. She looked up and looked straight at Doug. "That day I said anger, because I asked you to like other boys. I said it, not my intention. ."

"Doug, I like you, I want to be your girlfriend." Yan Xi looked seriously.

"Yan Xi..." Doug was interrupted by Yan Xi as soon as he spoke.

"Don't say that I'm kind of and dependent on you, let alone I'm still young, I'm 20 years old this year, it's not small, I can tell whether I like or depend, Dougs, you can not accept me, but Don't push me to others, I'll be sad."

Yan Xi said, tears fell and hit Dougs on the back of his hand. Dougs sighed in a daze for a while, "I haven't said anything yet, you will cry first."

Seeing that Yan Xi's clothes were still wet, she was worried about her illness and pulled her up. "You're going to take a hot bath now. I don't have girls' clothes here. You'll just wear my clothes and wait for me. Take you back."

Yan Xi was pushed into the bathroom and came out after a long time. She was wearing a suit of Dougs sportswear. She was petite, and wearing his clothes was like a child stealing the clothes of an adult.

But before waiting for Dougs to send her home, his worries have been realized. Yan Xi's face flushed when she came out of the bathroom. At first, Dougs thought that she was smoked by the heat, and later discovered Yan Xi's appearance. Something was wrong. She reached out and found that her forehead was very hot.

No way, Dougs could only let Yan Xi stay here, went out and bought a box of antipyretics, fed Yan Xi to take the medicine, saw Yan Xi fell asleep, looked at her quietly by the bed, suddenly Raised her hand and touched her cheek. Because of the fever, the heat on her face had not subsided.

"Dougs, I like you." Yan Xi's mouth overflowed, his voice was very soft, but he did not leak into the ears of Dougs.

Dougs was stunned, his mouth lightly raised, and his eyes were tenderness that Yan Xi had never seen before. "Silly girl, I like you too, but if one day you think of the past, can you still accept me staying by your side??"

Dougs knew Yan Xi's past, he didn't mind, but what about Yan Xi, could she mind that she knew her past?

Dougs is not sure about this. A friend asked him why he refused if he liked it, and how he told others, because he was afraid, and if he had lost it now, he might as well not have it from the beginning.

Yan Xi grabbed the corner of the quilt, her brow furrowed, and softly called Dougs' name. Dougs held her hand and whispered in her ear, "I'm here, don't be afraid."

Yan Xi slept unsteadily, and Dougs took care of her all night like the last time, until her fever subsided, before sleeping on the sofa in the living room.

Yan Xi got up from bed, looked at the strange environment, and had a faint impression of what

happened last night. She looked at the clothes on her body, raised her lips gently, and got out of bed.

Dougs was very careful and prepared a pair of slippers for her. Although it was a bit big, Yan Xi would not be barefoot.

When Yan Xi walked out of the room, Dougs was still asleep on the sofa. She stood at the door of the room for a while, lightened her steps, walked to the sofa, squatted down, and looked at Dougs' sleeping face.

She looked at it, reached out and gently touched his long eyelashes, her eyes bent, her eyes fell on his lips, the ghost was so disappointed, she bowed her head and slowly approached.

Just before the encounter, Dougs suddenly opened his eyes, Yan Xi was startled, and subconsciously backed away, and as a result sat on the ground.

"You, you are awake." Yan Xi whispered, her face was red, and even her ears and neck burned.

Dougs pretended not to see her embarrassment, reached out to support her, "How to sit on the ground, the fever just retreated, what if I get cold again."

Yan Xi bowed his head and dared not look into his eyes. He said in a panic, "I didn't see anyone after I got up. I saw you sleeping, and didn't dare to disturb you."

Dougs smiled slightly. "Since you wake up, hurry and wash. Can you eat bread and milk in the morning?"

Yan Xi nodded headlessly and fled into the bathroom. She looked at the flushed face in the bathroom and covered her face, annoyed. "It's over. Dougs must have seen it. He shouldn't think I am a female rogue. Woo Woo, what should I do?"

Yan Xi's regretful intestines in the bathroom were all green, while Dougs reached out and touched his lips, his eyes deep, and went into the kitchen to prepare breakfast for Yan Xi.

Yan Xi lingered in the bathroom until Dougs knocked on the door twice before coming out slowly. Dougs handed her bread and milk and a poached egg.

"I'll take you home after eating. You should have a cold medicine at home. After taking it, take a good rest and take a nap. It will be almost ready on Monday." Dougs said, looking as usual.

Yan Xi looked at him from the corner of his eye and saw that he really didn't know what he was doing, and finally he was relieved.

"What do you think? I don't concentrate on eating." Dougs said, and handed it to Yan Xi so far. Yan Xi only found that he had spilled milk on the table.

Wipe the table clean, Yan Xi only concentrated on eating.

"Come on, I'll take you home first," Dougs said.

Yan Xi looked at his straight back and suddenly rushed to hug Dougs' waist. Dougs' body suddenly stiffened, and before he could speak, he heard Yan Xi saying, "Dougs, I'm serious I thought about it carefully. I still like you very much. I want to be with you. If you don't like someone, can you try to like me too?"

"Yan Xi..."

"If you want to refuse me, stop speaking, Dougs, I have never been a strong person, I will cry sadly, but I don't want you to always see me cry."

Dougs sighed lightly and wanted to turn around, but Yan Xi hugged tightly, "Yan Xi, I am twenty-seven years old this year and I am much older than you."

"I don't mind." Yan Xi blurted out.

Dougs opened Yan Xi's hand and looked at her, "Now I'm still young, you think I'm fine, but when I am old, you are still young, and you will regret it."

"Dougs, I'm younger than you, but I'm not stupid. The difference is that we are seven years old, not twenty-seven. You don't want to use age to say things, unless you tell me that you have someone in your heart that you like forever do not like me."

Yan Xi stared at Dougs's eyes, and Dougs could see her reflection in her eyes. It was clear, as if there was only one person in the whole world. The lie to be exported took a turn at the tip of his tongue and swallowed it back. in stomach.

Yan Xi's eyes lit up, "You didn't refuse, it proves that you don't feel anything to me, right?"

Dougs looked at her without talking, and Yan Xi said cautiously, "Can you try to like me?"

Can you try to like me?The humble tone, with a trace of prayer, made Dougs' heart hurt instantly. He couldn't help but stretch out his hand and hugged Yan Xi into his arms. He said, "Yan Xi, what you said is responsible, you know ?"

Yan Xi didn't really understand, Dougs continued, "If you are with me, no matter what happens after that, you can't leave me unless we no longer love each other."

Yan Xi was stunned. The corners of his mouth slowly pulled away. He grinned at the roots of his ears and focused on his head. "Okay." He just said to each other, did he say that he actually liked me.Yan Xi thought secretly in her heart.

Dougs smiled softly, reaching for her hair and rubbing her hair. "Can I go home now?"

"Then am I your girlfriend now?" She looked expectant.

Dougs nodded, "Yes."

Yan Xi's eyebrows blinked momentarily. Such a smile hasn't appeared on Yan Xi's body for a long time, and Dougs smiled.

Yan Xi stretched out his hand, took Dougs's hand, and interlocked his fingers, and Dougs glanced at the hands that they held together, pressing slightly, tightening it tighter.

Capital city.

Ten days before Shen Qinglan's due date, Chu Yunrong has already started to prepare all kinds of things needed for production. I see her busy every day, either in preparing this or preparing this, in short, I have not been idle .

"Yun Rong, sit down and rest, don't turn around, I'm dizzy when you turn around." Mr. Shen said to Chu Yunrong who was turning around in the living room.

Chu Yunrong stopped, and said a little helplessly, "Dad, you just keep me busy. I'm nervous when I'm free." She hadn't been so nervous before when she had a baby.

"Lan Lan is still more than a week away from production. Now, how nervous is it? If you have time, prepare some food for Lan Lan. Yesterday, I heard her say that she wanted to eat Songsao's wine-stuffed dumplings." An excuse sent Chu Yunrong to the kitchen.

When Chu Yunrong heard it, he was immediately happy, "OK, I will go now. I will learn from Songsao."

After dismissing people, Mr. Shen calmed down and turned on the TV to watch TV.

"Grandpa, what are you looking at?" Shen Junyu and Wen Xiyao came back with a large bag in their hands. Since their marriage, Shen Junyu and Wen Xiyao moved out.

Originally, Wen Xiyao wanted to live in an old house, but Mr. Shen didn't agree. The old man's original words were, "I'm not old enough to move. The family doesn't need your care. Usually come back to see us, just have a meal."

Although he didn't live in the old house, Shen Junyu and Wen Xiyao came back after a gap. The main reason was that Wen Xiyao was worried that both Shen Junyu and Shen Qinglan would move out. The

elderly at home would feel deserted and unable to adapt.

"Xiyao and Junyu are back, what's in their hands, such a big bag?" asked Mr. Shen.

Wen Xiyao sat down next to the old man. "Some of the daily necessities bought for Qinglan are available in the hospital. Grandpa, have the hospitals produced by Qinglan been arranged?"

Grandpa Shen smiled, "The arrangement is made. Heng Yi personally arranged it. He wasn't worried, and he went to see it by himself. Even the confinement center was found by himself."

After listening to this, Shen Junyu looked at Fu Hengyi, but his brother really didn't say anything to his sister. As long as it was Shen Qinglan's thing, there was no omission. It was called a hands-on, if it was not because of a leg injury. Without recovery, it is estimated that Shen Qinglan would follow him when he went to the toilet.

Grandpa Shen looked at Wen Xiyao, "Xiyao, do you and Junyu have any plans for the future?" This plan refers to something that is self-evident. Fearing her misunderstanding, the grandfather added, "Grandpa is not urging you to have children. Ah, Grandpa just wants to know your plan, so I can be prepared."

Wen Xiyao looked at Shen Junyu awkwardly. Shen Junyu smiled and said, "Grandpa, I have been married to Xi Yao for less than a month. Are you anxious to hug your great grandson now?"

Grandpa Shen stared at him, "Grandpa is not in a hurry to hug his grandson. Don't talk nonsense, or you will misunderstand Xi Yao." Grandpa is a very open-minded person, and there are no hard and fast rules about when he wants to have children.

"I have discussed with Xi Yao. We just got married. It is too early to have a baby. We will have a baby when we have enough two worlds next year."

Wen Yan said, Mr. Shen nodded, "Well, next year is good, Xi Yao's age is also right, Lan Lan is too early. According to my opinion, it is nothing if two years later." Fu Hengyi said that after two years, it was just a plan Can't keep up with the changes.

Moreover, Mr. Shen also knows that Wen Xiyao has his own career. Pregnancy and childbearing will definitely have an impact on her career. He is not a feudal parent. He does not allow granddaughter-in-law to go out and show his face. Wen Xiyao wants to develop in his career. He also supports.

Wen Xiyao is really grateful for the enlightenment of the old man, and remembers that before marriage, he often heard friends talk about XX. He was urged to have a baby right after he got married. The birth machine; or think that the woman's career is too heavy and bad, let resignation to be a housewife at home; there are also tensions between mother-in-law and conflicts.

Wen Xiyao has never encountered these problems. From her face, she can see her satisfaction with the life now.

"Grandpa, Xi Yao and I went to see Lan Lan first and waited back." Shen Junyu said.

Grandpa Shen waved his hand, "Go, yes, by the way, take the pot of tea sent by Wu Wu the day before yesterday to your Grandpa Fu, he loves to drink it."

Shen Junyu nodded, went to find the tea, and went to Fu's house with Wen Xiyao.

When they went, Shen Qinglan was accompanied by Fu Hengyi for rehabilitation training. He said that it was accompanied. In fact, Shen Qinglan stood there to watch Eden and Fu Hengyi train.

After watching for a while, Wen Xiyao said, "Heng Yi's legs are recovering faster than expected."

"Well, he has been able to walk by himself for a while now." Shen Qinglan said with a smile. Yesterday Fu Hengyi also walked with her in the garden without relying on people.

This is indeed good news. Wen Xiyao is also happy for Shen Qinglan.

"Brother, sister-in-law, let's go out and say that his rehabilitation training has just begun, not so fast."

Shen Junyu glanced at Fu Hengyi, who was working hard to recover, said hello to Eden, and went out with Shen Qinglan.

"Sister-in-law, are you back for dinner today?"

Wen Xiyao nodded, "Well, I bought you some daily necessities by the way. When did you say you were admitted to the hospital?"

"The doctor suggested three days in advance, it's still early."

"The things that should be prepared should be prepared, so as not to panic when you get it." Wen Xiyao said uncomfortably. Although she had not had any children, she had asked her mother about these things.

Shen Qinglan smiled and said, "It's all ready." Not only Chu Yunrong, but also Fu Hengyi's family is preparing. The things I'm preparing now, let alone having a child, are enough to have ten.

Several people were talking in the living room. Grandpa Fu came in from the outside, and he still had a cage in his hand. The cage contained several hens. Shen Junyu looked at this scene and couldn't help but smile, "Grandpa Fu, when will you change to Walking the chicken?"

Mr. Fu chuckled, "This is the authentic free-range three-year-old hen I bought from the country, and it is very nutritious. I will wait for Qinglan girl to give her a body after giving birth."

Shen Qinglan does not have a mother-in-law, and Grandpa Fu likes her, and naturally takes her very seriously.

"That feeling is good. It's really a blessing for Lan Lan to show you such a grandpa at home." Wen Xiyao boasted with a smile.

"Haha, Xi Yao just talks. When you have a baby with Jun Yu in the future, Grandpa Fu will get you a few."

Aunt Zhao heard the old man's voice in the kitchen, walked out and saw that the old man came back.

"Xiao Zhao, you just came. The chicken was kept well. When Qinglan girl was born, she stewed her to drink soup."

"Yes, you can rest assured to me, Jun Yu, Xi Yao, eat here at noon?"

Shen Junyu shook his head, "You are welcome, Aunt Zhao, Xi Yao and I will go back to eat next, and Sister Song has prepared our meal."

"That line, I will not be polite to you." Aunt Zhao carried the hen into the kitchen,

Fu Hengyi came out two hours later. When he came out, he changed his clothes for a day. Obviously he took a shower. Eden pushed him to Shen Qinglan's side. Shen Qinglan turned his head to look at him, "How do you feel today?"

Fu Hengyi smiled, "Very good."

"Qinglan, you can rest assured that Hengyi has recovered very well. I believe he will be able to say goodbye to the wheelchair in less than a month," Eden said.

Because there are still two hours of rehabilitation training in the afternoon, Eden eats lunch at Fu's house. He often goes to and from Fu's house. This is not the first time he has eaten here. He is already familiar with Mr. Fu. The old man often took him to play chess, nominally to teach Eden, in fact, he wanted to find an object to play chess.

After the afternoon training, Eden was about to leave, and Shen Qinglan stood up, "Eden, I will send you out."

Eden raised his eyebrows, "Okay."

Walking out of the Fu family, Eden took the lead and said, "Ann, do you have something to tell me?"

Shen Qinglan yelled, "Eden, do you know what Enxi did recently?" She hadn't contacted Jin Enxi for a week. This kind of situation often happened in the past, but Jin Enxi has basically been with her for more than a year. There has never been such a situation, and she was a little worried in her heart.

Eden was stunned. "Enxi is not in contact?" His recent thoughts are on Fu Hengyi's lap, and he has not really contacted Jin Enxi.

"Did you contact Daniel?" Eden asked.

"Contacted, but Daniel is also missing and the phone is turned off."

"Is it going out to play, you don't know that Enxi, sometimes you can't find anyone to play crazy, I guess it's just going out with Daniel, you don't have to worry about her, just rely on her skills Even if you are alone, you want to run away. It's a simple matter." Eden comforted her. I'm not very worried about Jin Enxi's safety.

"I hope so." Shen Qinglan said, but the worry in his heart was not completely put down.

Eden reached out and flicked a fallen leaf from Shen Qinglan's hair. "I believe you, Enxi will be fine. It's you. You are about to give birth. Taking care of yourself is the most important thing."

Shen Qinglan smiled and looked at Eden with a frown, "Eden, I owe you a thank you."

"Then continue to owe it, and wait for the opportunity to pay it back together." Eden Wensheng said, "Okay, you go in, and I will contact Enxi."

"it is good."

When Shen Qinglan left, Eden was about to leave, but a figure appeared in front of him. It was Annie who did not appear for a while. Annie looked straight at Eden.

Eden frowned, trying to bypass her and leave.

"Eden, the person you like is Shen Qinglan, right?" Behind him, Annie spoke quietly.

Eden's footsteps turned around and turned to look at her. Annie smiled miserably. "I was just not sure yet. Now I can be sure. The person you like is really Shen Qinglan."

She just saw the scene where Eden helped Shen Qinglan organize her hair, and the eyes and expression of Eden when she looked at Shen Qinglan. Perhaps he behaved naturally, but the woman in love is sensitive, and a love is not enough The sixth sense of the woman is even more terrifying.

She originally came to stop Eden today, but she didn't expect to let her see such a scene, and she suddenly had other opinions about Shen Qinglan.

"Oh, I should have thought about it." Blaming Shen Qinglan was Fu Hengyi's wife, so she didn't think about her from the beginning, "Eden, she is married, even the children are born."

"What about that? It's my business who likes and who doesn't like it." Eden spoke, his expression indifferent, and two opposite attitudes to talking with Shen Qinglan just now.

Annie looked at him with a wounded face, "Eden, do you hate me that much? Would you rather like a married woman than me?"

"This is my business," Eden said coldly, and turned away.

"Eden, do you like her, does she know? Do you know who she is?" Annie roared.

Eden's footsteps slightly, Annie continued, "She asked me to give up on you, saying that you would not like me, Eden, she is a selfish woman, she married someone but wanted to dominate your love, She just wants to use your love for her and let you willingly help her to treat her husband. Such a woman is not worth your treatment for her."

Eden didn't turn around. "Even if it is so, then I am willing. She is right. I don't like you, and I won't like you in the future. If you harass me again, I will call the police."

"Eden." Anne looked at the back of Eden without hesitation and shouted loudly, but did not let Eden stop.

"Ah!" she yelled, staring at the compound in front of her, with hatred in her eyes, Shen Qinglan, Shen Qinglan, you liar, hypocritical woman!

Eden wouldn't think of it, just refused a person, and established an enemy for Shen Qinglan. He can only say that sometimes the jealousy of a woman is really terrible.

After Eden left, she contacted Jin Enxi, but she couldn't be reached by all the contact methods. After thinking about it, she called Daniel's studio, only to know that Daniel and her girlfriend went on a trip it will take a long time to come back.

Jin Enxi, who was remembered by everyone, was traveling outside with Daniel at this moment, but this time the trip was a little special. They ran to the virgin forest. As a result, Daniel inadvertently ate poisonous fruit, and both of them passed out. Caught by the local indigenous people, if it wasn't for Jin Enxi's quick response, I'm afraid now one of them will be left to be a stallion and the other will be cooked alive.

Finally, Jin Enxi and Daniel rushed back non-stop, but this group of indigenous people did not know how far they had taken them. For three days, they were still swaying in the virgin forest, Shen Qinglan they It was strange to be able to contact.

Three days before Shen Qinglan's production, she suddenly received a strange call. She thought it was Jin Enxi. As soon as she connected, there was a hoarse voice opposite her, "Xiao Qi, miss me?"

Digression

The next chapter tells: Lan Lan is about to give birth.

Guess what Alan wanted to do by calling at this time?

### **390 Lan Lan is about to give birth**

Three days before Shen Qinglan's production, she suddenly received a strange call. She thought it was Jin Enxi. As soon as she connected, there was a hoarse voice opposite her, "Xiao Qi, miss me?"

Shen Qinglan's face changed, looking at the phone, his eyes slightly cold, "Allen."

Allen chuckled. "I thought you had forgotten me. You can remember me. I'm very happy. Don't rush to hang up the phone. I believe you will be interested in what I'll take."

Shen Qinglan's action, I have to say that Allen is indeed right, she just wanted to hang up the phone.

"Xiao Qi, Qin Yan ran away, I guess she should be looking for you." Allen said.

Shen Qinglan's face was completely cold, "Qin Yan and you really are together, she is Mrs. Jin, isn't she?"

"Xiaoqi, I have said that you are smart, yes, yes, she is Mrs. King." Allen directly told her the answer, "but there is something you said wrong, she is not with me, She is just my father's last wife."

"She is your father's wife?" Shen Qinglan speculated that Qin Yan should have something to do with Carl, but after thinking about it, she didn't expect to be a wife at all.

"Don't you doubt her identity long ago?" Allen said, although his tone could not be said to be gentle, but on the other side of the ocean that Shen Qinglan could not see, his eyes were full of a kind of gentleness. mood.

"Since you already knew, why did you choose to tell me now?" Shen Qinglan asked.

Allen's eyes dimmed, "Xiao Qi, I'm waiting for you to ask me." It's just a pity that Shen Qinglan never thought she would tell her unconditionally, she never believed him.

"Speak, your condition this time."

"Hehehe." Allen laughed, but his broken throat made his smile very unpleasant and creepy. "Seven, you still know me best. In this world, we are the same kind of people. Would it still make you uneasy to ask?"

"Alan, don't tell me these things are not there." Shen Qinglan lowered her face.

"My only requirement is to protect yourself and don't let yourself get hurt. You are the one I personally tuned out. It is my most satisfying work. If I were injured by Qin Yan, Xiaoqi, I would be angry." He said softly.

Shen Qinglan was stunned. It seemed that he didn't expect the condition of Allen this time. He didn't know what to say for a while, but he was guessing the truth of Allen's words. As for his gentle tone, he was She ignored it subconsciously.

"Ms. Jin has some unknown relationship with several bosses in the Tao, and she has her own power under your hands. Be careful. If he cannot protect you, I welcome you back. My door is open to you at any time." Allen said As for this, he refers to Fu Hengyi.

Shen Qinglan's eyes were deep, "Who sent the last email?"

"Oh, Xiaoqi, you should ask me why I didn't send that email until now."

"It wasn't you," Shen Qinglan said affirmatively. Before that, she thought that Allen did it, but now, she is quite sure that this thing is definitely not done by Allen.

Alan lightly hooked his lips, and finally a smile appeared on his gloomy face. "Promise." He spit out two words.

He looked at the hung phone and smiled softly, but when he looked at the butler, his eyes suddenly became somber and stood up, "Go."

The housekeeper followed behind Allen and walked into the dungeon with him. There was a man covered in blood in the dungeon. He lay on the ground. If he didn't look at the weak ups and downs of his chest, everyone thought it was a dead man.

There was no figure in the dungeon where Promise and Qin Yan were originally held, and the whole

dungeon was filled with a bloody smell.

The housekeeper opened the door, and Allen walked in, looking down on the people on the ground. "Say, how many more Mrs. Jin's people are in the base?"

The people on the ground heard his words, opened their eyes covered in blood, and shook their heads, "I... I don't know."

"Hehe." Alan sneered and said indifferently, "Butler, send him into the cage, a waste of no value, it is also a waste of air."

The steward responded, turned around and called out. The people on the ground heard the word beast cage. They were not as scared as before. Instead, there was a relief in their eyes, so that the days of life and death were finally over.

Alan didn't look at the person who met him. His eyes stayed in the dungeon where the two were originally closed for a second. His eyes were cold, and he turned away.

About Qin Yan and promised to escape, to talk about three days ago.

Because of Allen's command, the promise to pass this time is almost comparable to hell. Everyone can go to her. With the bone pain every day, I promised that I can't ask for death countless times. Her jaw was unloaded. If you want to bite your tongue, you can't do it, and the weakness of your hands and feet is basically the fish meat on the knife. There is no resistance.

This is also the first time promised to truly experience Allen's cruelty and terror.

Later, when he promised that he would die here, a few men suddenly came and took Qin Yan away. Before leaving, Qin Yan asked to take her too.

It was only after he left that he promised that he knew that among the men who came in every day, there was Qin Yan. Qin Yan relied on them to pass the news that he was locked here.

Allen just happened to go out that day, and took away some of the staff, including the housekeeper, and was rescued when he returned.

"Okay, a good Qin Yan, even put a man next to me." Allen learned that the person was gone, furious, and dealt with several people in a row. If Peter came back, I am afraid that the housekeeper would also die in Alan's hand. in.

Alan drew out Qin Yan's eyeliner. The one in the dungeon was the biggest fish among them. It's a pity that the fish knew very little information.

Allen knew that the person was gone, and immediately asked someone to check on Qin Yan's

whereabouts, but there was no result, knowing what Qin Yan wanted to do, and worrying about Shen Qinglan's accident, Allen made the call.

Shen Qinglan hung up the phone, his eyes dignified, Fu Hengyi came in, saw her expression, and asked, "What happened?"

Shen Qinglan shook his head, "No, I just thought of something, and I was a little bit confused."

Fu Hengyi only thought that she was worried about the birth problem. Yesterday, a pregnant woman in the ward next door was pushed into the delivery room. She has not come out until now. It is said that it is a difficult delivery.

"Don't be afraid, I've been there." Fu Hengyi comforted her.

Shen Qinglan knew that he had misunderstood and thought about it, in order to prevent unpredictable things from happening, he decided to tell Fu Hengyi, "Qin Yan is gone"

Fu Hengyi didn't respond to Shen Qinglan's meaning for a moment, "Isn't Qin Yan missing long ago?"

Shen Qinglan repeated the contents of Allen's phone, and Fu Hengyi's expression became solemn. When Shen Qinglan was about to produce this kind of news, it seemed like a good sign.

"You can rest assured that I won't let you and your child have an accident." Fu Hengyi said seriously.

Shen Qinglan doesn't worry about this. This hospital is the best obstetrics and gynecology hospital in Beijing. The doctor who gave her the baby is also a trustworthy person, and Qin Yan would never want to kill her directly, knowing Qin Yan After Mrs. Jin, Shen Qinglan was quite sure that Qin Yan did not want her to die directly. Seriously speaking, her goal was actually Shen Qian.

What she wanted was that Shen Qian, like Yan Anbang, had her family ruined, her wife was separated, and her reputation was broken, so as to achieve her purpose of revenge, and she can now be sure that she was abducted by traffickers that year, Qin Yan did. As for Purpose, it's easy to guess, nothing more than two.

I am the only girl of the Shen family for so many years, and I am the treasure of the whole family. My disappearance is a huge blow to the Shen family. Like my mother, I was mentally disturbed because of my disappearance. This is one.

Second, sending her to the Devil's Base, whether dead or alive, is a huge irony for the Shen family. The Shen family has been soldiers for generations, and the roots are red, but there is a killer here. If this matter is known to outsiders, the Shen family will be criticized no matter what choice they make.

Shen Qinglan's eyes are dark and indifferent. She rarely hates a person like this, but Qin Yan and Promise definitely top the list.

Jin Enxi and Daniel sloshed in the virgin forest for almost a week before they came out. They hurried back. They finally came back two days before Shen Qinglan's production.

Shen Qinglan saw the two men's disgraced faces, and their eyes were weird, "Are you going to the virgin forest?"

Jin Enxi spoke up and Daniel said embarrassedly, "It was originally intended to see the pyramid, and he changed his way halfway."

Daniel can't always say that it was because he changed his mind halfway.

"Ann, you don't want to mention this matter anymore, it's almost a dead person." It would be taken away by the indigenous people because they ate poisonous fruits by mistake. If this matter is known by several other people, she can laugh at her all her life, Although her field survivability is not the best among them, it is not so bad. It can only be said that this time it brought a burden.

Thinking of this, Jin Enxi glanced at Daniel with a grudge, and Daniel touched his nose.

"You go back first and have a good rest." Shen Qinglan said.

Daniel and Kim Eun-hee rushed to the hospital just now, and they didn't take a good rest, and now they are really tired. Kim Eun-hee nodded, "Well, Ann, I will come again tomorrow."

When Jin Enxi had a good rest, Shen Qinglan told Qin Yan and her promise, and also informed Yan Anbang. Jin Enxi smiled gloomily, "Okay, it finally appeared. I thought they wanted to evaporate for a lifetime." This time I dig three feet, I will dig them out."

Jin Enxi's face was eager to try, and she must have been unable to find the mother and daughter.

Shen Qinglan told her, "Qin Yan is Mrs. Jin, the forces behind her are intricate, you should be more careful."

Jin Enxi grinned, revealing two sharp little tiger teeth, "Ann, she knows the people on the road, and I know it too. I really don't believe it. She can do everything."

"But still have to be careful. If the situation is not right, save yourself first." Shen Qinglan said.

"Well, I understand, Ann, I won't tell you anymore. I'm going back to do some preparations now. It's hard for the mother and daughter to do so many things in the back. I always have to prepare a gift for her. ."

Her eyes were bright, and she didn't look good in any way.

Shen Qinglan smiled slightly and said, "After you find Qin Yan, remember to tell Yan Anbang the news."

Jin Enxi looked at her suspiciously, "Why?"

Shen Qinglan did not explain, "You will know later."

Jin Enxi shrugged. "Okay, I'll go first." She can't wait any longer. She's going to find Sisley and discuss with her. Sisli has the most experience in torture.

\*\*

At the expected date of delivery, Shen Qinglan's stomach did not have any movement, let alone Fu Hengyi. Others were also very anxious to learn about this situation.

"Why haven't you moved yet?" Chu Yunrong was worried, walking around in the ward. "Heng Yi, what did the doctor say?"

Although Fu Hengyi was nervous, but compared with Chu Yunrong, his face was more calm, "The doctor said that this is a normal phenomenon, some people will give birth prematurely, some people will be late, wait a few days and watch again. "

The doctor has checked Shen Qinglan's body, there are no problems, and the fetus is no problem, so when everyone is worried, it is Shen Qinglan, the pregnant woman, who is the most calm.

"Mom, I'm hungry." Shen Qinglan spoke lightly, interrupting Chu Yunrong's thinking.

"Ah, hungry, okay, my mother will buy you immediately, what do you want to eat?" Chu Yunrong's thought was immediately taken away by Shen Qinglan.

Shen Qinglan reported a store name, "Their steamed dishes are very good."

Chu Yunrong picked up his bag, "Mom will buy it now. You are here to wait. Mom will come back soon. Don't be afraid, don't worry."

Shen Qinglan nodded with a smile, she was really not afraid at all, nor worried.

Wen Xiyao also stood up, "Mom, let me drive you." As far as Chu Yunrong is now, it is not safe to drive.

Chu Yunrong answered well and went out with Wen Xiyao.

The two old men repeatedly confirmed with the doctor several times and determined that Shen Qinglan's body really didn't have any problems before gradually reassuring.

Shen Qinglan touched her belly and said to Fu Hengyi, "Baby, I can't bear me."

Fu Hengyi frowned at her belly, "This child is not good at all, always tossing her mother."

Shen Qinglan doesn't think so. From the beginning of pregnancy to the present, she has not suffered much. In addition to a period of morning sickness reaction, her baby can be regarded as very good, even the rainforest trip, the baby Obedient, Shen Qinglan thought at the time that this child must be a strong and sensible good child in the future.

Everyone was waiting for the baby in Shen Qinglan's stomach to come, and this waited for a week until the eighth day, and finally there was movement in Shen Qinglan's stomach.

That night, Fu Hengyi sent away to visit Shen Qinglan's family, and was about to lie down with Shen Qinglan to rest. Just after closing his eyes, he heard Shen Qinglan's humming sound, and Fu Hengyi opened his eyes instantly, "What's wrong?" ?"

"Fu Hengyi, I seem to be born." Shen Qinglan said, and Fu Hengyi immediately jumped out of bed and ran out to call the doctor.

The doctor came soon, and said after the examination, "It's still early, and now the pain starts. Wait until there is a period of time for production, be patient and so on, but don't be afraid, I will come and see it often."

"There is still a long time?" Fu Hengyi frowned. He had experienced such pain. When he thought that Shen Qinglan would be tortured by such pain for a long time, he was very irritable.

The doctor saw more expectant fathers like this, smiled, and patiently explained, "It's not so fast to have a baby, and her palace mouth hasn't opened yet. Some people have a painful period until the palace mouth is fully opened. It takes several days, some short. It only takes a few hours, and your wife's situation is currently very good. I believe it won't take long."

After listening for a few hours, Fu Hengyi's heart was a gimmick, "Doctor, if we choose a caesarean section..."

"Doctor, we choose to give birth by ourselves." Shen Qinglan interrupted Fu Hengyi's words and glared at him. Wasn't it already discussed? It is not allowed to regret it now, and the current pain is not a problem for her at all. .

"Able to live on your own or as much as possible, your wife's physical fitness is good, the fetus is not very large, and you can produce your own." The doctor recommended.

Fu Hengyi pursed her lips and still wanted a caesarean section, but she didn't speak to Shen Qinglan's insistent look.

Knowing that Shen Qinglan's stomach finally moved, the family rushed to the hospital in the middle of

the night, and even the two old men did not sleep. Everyone gathered around Shen Qinglan and asked for warmth, but Fu Hengyi was forgotten by everyone.

"Qinglan, you have something to eat first. This is the soup that just made Songsao boil. You drink a little to replenish your strength. Having a baby is a particularly tiring thing." Chu Yunrong held a warming box in his hand, said softly.

When others heard it, they nodded immediately, "Yes, yes, eat something to add strength."

Shen Qinglan is actually not hungry at all, especially when she wants to drink soup, she wants to refuse, but looking at everyone's expectation, thinking that these days they are frightened every day, they still take the soup in Chu Yunrong's hands and breathe in one breath. Drink a clean.

Looking at Shen Qinglan's look like drinking medicine every time he drank soup, Shen Junyu suddenly smiled on the worried face. Old Master Shen noticed his expression and raised his hand to pat on the back of his head.

In the face of his daughter-in-law was taught by grandpa, Shen Junyu's face was a little embarrassed, Shen Qinglan's eyes saw this scene, and the corners of his mouth were light.

When Wen Xiyaoquan didn't see it, his husband's face still had to be maintained.

After that pain, Shen Qinglan's stomach didn't move. The family stared nervously at her stomach, making Shen Qinglan's originally nervous and nervous.

Seeing this, Fu Hengyi began to chase people, "Two grandpas and moms, go back first. Qinglan will just hand it over to me. The doctor also said that Qinglan is not producing so quickly."

Where are the two old men willing to leave?

"Let's wait here. We're still worried when we go back. It's better to watch here and feel more at ease." Master Fu said.

"Grandpa, you will be nervous here in Qinglan, and the tension is not good for pregnant women." Fu Hengyi said, "I will call you when Qinglan enters the delivery room, and you will be able to come over again when the time comes."

When the two old men heard it, they thought it made sense. Qian Dingwan asked him, and then he left reluctantly.

Shen Qinglan and Fu Hengyi were only left in the ward.

"Does your stomach still hurt?" Fu Hengyi asked softly.

"I don't feel anything now." Shen Qinglan shook her head, her child must be a sticky mother's child.

Fu Hengyi looked at the time, and it was only five o'clock in the morning. The family had tossed around the middle of the night. Seeing Shen Qinglan seemed to be sleepy, he said, "You sleep for a while, I'll keep you."

Shen Qinglan patted the bed, "You also come up to rest for a while." He didn't have a rest, nor did Fu Hengyi.

Fu Hengyi didn't refuse and went to bed, holding Shen Qinglan in his arms, "If there is any discomfort, please tell me."

"Got it, Fu Hengyi, you are getting more and more verbose now." Shen Qinglan said disgustingly, obviously he was more nervous than himself.

It wasn't until seven or eight in the morning of the next morning that Shen Qinglan's tummy began to ache. She was awake and only felt the uniform breathing behind her. Knowing that for more than a week, Fu Hengyi had been worried about her and had no rest it is good. Now that he rarely slept, Shen Qinglan lay there with his eyes open and dared not move.

It was just the violent pain, Shen Qinglan didn't take long, and his forehead was sweating. Fu Hengyi was shocked in his sleep. When he woke up, he saw Shen Qinglan frowning and frowning. He sat up from the bed suddenly, "Qinglan, you Hold on, I will call the doctor."

Shen Qinglan grabbed him, "Don't go first. I'm much better."

Sure enough, after a while, the pain passed, Shen Qinglan sat up from the bed, and Fu Hengyi went to the bathroom to screw her a wet towel to help her wipe away the sweat on her face.

It didn't take long for the doctor to come in and ask about Shen Qinglan's physical condition, and gave her a simple physical examination, saying, "It's only a finger at Gongkou, it's too early to give birth, if you don't feel pain, , You just stand up and walk slowly, which will also help your future production."

"Doctor, how long will it take for my wife to start production?" Fu Hengyi asked.

"It's still early, and you can enter the delivery room after three fingers open. At her current speed, it will take about five or six hours, but your wife's physical fitness is very good, you don't have to worry too much."

Fu Hengyi didn't worry about this, but couldn't bear to look at Shen Qinglan's pain.

The doctor carefully explained the precautions again and determined that Shen Qinglan had no problems before leaving.

Chu Yunrong came to the hospital early in the morning and happened to encounter the doctor leaving the ward, thinking that something was going on with Shen Qinglan. He hurried in and saw that Shen Qinglan was chatting with Fu Hengyi. The smile on his face was obviously there was nothing wrong, and Chu Yunrong was immediately relieved.

"Why did you get up so early?"

Seeing that it was Chu Yunrong, Fu Hengyi called her mother and stood up. Chu Yunrong stopped him. "Hengyi, you just sit down." Although Fu Hengyi is recovering well now, he has not recovered.

"Mom, why did you come here so early?" Shen Qinglan asked.

Chu Yunrong smiled, "People are old, they feel too little. Anyway, staying at home can't sleep, so I want to bring you some breakfast, don't worry, there is no soup. This is Song Sao's boiled egg porridge in the morning, mother I have prepared a few side dishes for you. You can eat it lightly."

Chu Yunrong held two heat preservation boxes in his hand, one for Shen Qinglan and the other for Fu Hengyi, "Hengyi, this is yours."

"Thank you mom." Fu Hengyi took it.

"Mom, have you eaten?" Shen Qinglan saw Chu Yunrong sitting and watching her eating, distracting her.

"It has been eaten. Has the doctor checked it in the morning?"

"Well, the doctor said that Gongkou only opened a finger." Shen Qinglan said, she barely drank a bowl of porridge and didn't eat it. In fact, since the throbbing pain in the morning, her stomach has been hurting, but she didn't want Fu Hengyi to worry. And the pain was not too severe, so I didn't say it.

Seeing Shen Qinglan not eating, Chu Yunrong packed his things and went in to wash the dishes.

"Mom, you help me get up and walk. The doctor said that walking now can speed up the production." After Chu Yunrong washed the dishes, Shen Qinglan said to her that Eden had just taken Fu Hengyi away, since he arrived at the hospital, it is natural to do a check.

Chu Yunrong had two children and knew these natures. He stepped up and lifted Shen Qinglan. "Can you persevere?"

"You can still hold on." The pain level is still within her tolerance range.

Chu Yunrong supported Shen Qinglan and walked in the corridor. Shen Qinglan was pregnant to a later stage. The whole person looked puffy, his face was not obvious, and her legs were obvious. After walking for half an hour, she felt sore legs, just when Wen Xiyao came, he went in and rested.

Wen Xiyao didn't see Fu Hengyi and asked a question, knowing that he was going to do the examination, and was closer to Shen Qinglan. "Hengyi still doesn't know that this boy in your stomach is a boy?"

Shen Qinglan flashed a smile in his eyes and nodded, "Well, I didn't tell him."

Wen Xiyao knew what Fu Hengyi wanted her daughter, and she smiled a little gloatingly, "Will he be dumbfounded when you give birth?"

Shen Qinglan smiled and said nothing. Wen Xiyao looked at the smile on her face, and suddenly felt that Shen Qinglan looked cold, but in fact, there was also a bit of fun in his bones.

"Sister-in-law is here." Fu Hengyi and Yi Deng came in. Fu Hengyi shouted, Wen Xiyao immediately stopped this topic, since Shen Qinglan wanted to give Fu Hengyi a "surprise", then she naturally had to cooperate.

In the afternoon, Jin Enxi and Sisley also came to the hospital, but they didn't appear in the sight of everyone. Qin Yan was always a hidden danger. They really worried that she would make trouble at this time, so the necessary precautions were still needed.

Country Y.

Allen looked at the housekeeper, his eyes dim, "Qin Yan has no news yet?"

The butler lowered his head, respectfully, "Master, there is no news yet."

"A bunch of waste, it's been so long, and even a woman can't find it!" Allen was furious, this is not the first time he got angry in these days.

"What's going on in the capital?" Allen asked, holding his anger.

"Miss Shen is not yet alive, but it's about these two days." The butler said.

Allen was sullen, and the whole person exuded a cold taste. "No matter what method is used, I will turn over the capital and find Qin Yan."

"Yes, young master."

Peter came in from the outside and made a wink at the housekeeper. The housekeeper retreated, and Peter said, "This woman like Qin Yan is just like a loach. It's normal to find it. It's normal for you to get angry at them. Was it mad at yourself, is it worth it?"

Allen gave him a cold look. "I'm going to the capital."

Peter rolled his eyes. "Allen, I told you a long time ago. Your legs can't get cold. As a result, you ran out after so long rain and now you know it hurts?"

"Let's talk nonsense, tomorrow, no, I must go to Beijing this afternoon."

"Oh, I think you really think of me as a god, but you are not going to go if you want to go. You just go in a wheelchair like this, anyway, you are not going to appear in front of Shen Qinglan, will it affect your image? It doesn't matter anymore."

Qin Yan's goal is the Shen family, so this time Shen Qinglan's production will be the best for her. If he is Qin Yan, he will not let it go.

"Really there is no way?" Allen asked.

Peter shook his head with a serious expression, "No, your body has become very resistant to painkillers, which means that no matter whether the painkillers or anesthetics have no effect on you, the means I can use now It's just giving you painkillers. Since it's useless, I'm really helpless."

Allen rarely got angry, and he was silent for a moment, then said, "Then so, fly to Beijing in the afternoon, you go with me."

Peter nodded, "Yes. But Alan, I'm curious. Even if you want to protect Shen Qinglan, just send someone to do it. Why do you do it yourself? Now an ordinary teenager can easily get you down, you are It's no use going."

Allen glared coldly at Peter. The coolness made him shudder, and he pouted, "Cut, just forget it."

In fact, the reason for Allen to go is very simple, that is to let Qin Yan cast a mouse, Qin Yan's feelings for Karl are undoubted, only when he appears in person, Qin Yan can give up this opportunity.

That afternoon, Allen took his own people to the capital. They sneaked in quietly and did not attract anyone's attention. Jin Enxi, who had been paying attention to the airport, was now staying in the hospital's monitoring room for full surveillance. In every corner of the hospital, Sisley was with her.

"Hey, I really want to see Ann's child for the first time." Sisley stared at the surveillance screen with regret.

Jin Enxi was a solemn face. Last time, because of her negligence, Du Nan was able to make trouble and destroyed the wedding of Shen Junyu and Wen Xiyao. Her heart has always been guilty. This time she will not let Qin Yan succeed. .

"Enxi, talk to you." Without getting a response from Jin Enxi, Sisley increased her volume.

"Hear it, don't shout, what are you messing with at this critical moment." Jin Enxi's mood is a little bad. For more than ten days, she has not been able to find Qin Yan. She has used all her relationships in the Tao. It turned out that it was only news that Qin Yan had appeared in Japan four days ago, and then there was no news.

And she discovered during the investigation, not only she was looking for Qin Yan, but also a mysterious force was also looking for, but she didn't know who it was. She thought it was Allen, but it turned out that it was not.

Sisley understands the anxiety in Jin Enxi's heart, "Enxi, you give up more easily. Qin Yan must now know that we are looking for her, maybe she won't come."

"You have to say maybe, Sisley, I always have a bad hunch in my heart." Jin Enxi said.

"You think too much, Andrea is here too. Eden will stay with Ann all the way, plus a few of us are secretly guarding, Qin Yan came just right, solved it all at once, this fly always surrounds us. It's also annoying to turn."

Sisley's idea is equivalent to asking Jun to enter the urn. This time is indeed a good opportunity to seize Qin Yan.

"Then I'll hire some bodyguards to come back. The one Austin asked last time is good." Jin Enxi finally came.

"Wait." Just when Jin Enxi was going to call Austin, Sisley said suddenly, her eyes were fixed on one of the surveillance videos. Jin Enxi looked at it, "What's wrong?"

Sisley pointed to a figure in the video, "Do you think this person looks familiar?"

Jin Enxi magnified the picture and fixed it on a woman. "Isn't this the suitor of Eden, what is Annie's name, why is she coming to the hospital?"

Hearing this, Sisley remembered it too. She had seen Anne's picture, no wonder she looked familiar.

"What's wrong with her?" Sisley asked strangely, not knowing what happened to Shen Junyu's wedding and the Anne's handwriting.

Jin Enxi explained the passage in three words, and Sisley smiled suddenly, but the smile was a little cold, "The relationship is a pig teammate, but how can Ann's sister-in-law make friends with such a person?"

"Meeting people is not so good," Jin Enxi said casually, frowning. "What is she doing in the obstetrics and gynecology department?"

In the picture, Annie asked the nurse on the nurse's desk to say a few words, and then the nurse pointed

her in a direction. Anne looked at it but didn't pass by, but turned around and walked away.

Jin Enxi called Eden, and Eden went to the nurses station and asked him, only to know that Annie was here to ask the nurse Shen Qinglan whether she had a boy or a girl. When she learned that she was still not born, she left.

His eyes flashed slightly, and I couldn't guess the purpose of Anne's appearance here.

At around 4 o'clock in the afternoon, Shen Qinglan's palace mouth opened to three fingers. The doctor sent Shen Qinglan into the delivery room. Fu Hengyi also wanted to follow up, but was blocked by Shen Qinglan. "You are waiting for me here, don't go in, I will soon Out."

Fu Hengyi held her hand, "Qinglan, I will accompany you."

Shen Qinglan smiled, "I can do it myself, and the doctor said that when a woman gives birth, she looks ugly and ugly. I want to keep my beautiful image in your present heart."

"You are just as terrible, and you are the most beautiful in my heart."

"Fu Hengyi, you listen to me this time and wait for me outside." Shen Qinglan insisted.

Fu Hengyi looked at her eyes firmly, seeing that Shen Qinglan didn't change his mind at all, finally nodded and agreed. He bowed his head and dropped a kiss on Shen Qinglan's forehead religiously, "Wife, come on, I'll wait for you to come out."

The door of the delivery room slowly closed in front of Fu Hengyi.

Digression

The baby will come out in the next chapter. Now let's ask for Master Xiao's name. It's okay to use either a small name or a big name.
