

Chapter 395: Call me hubby (1)

More than a dozen bodyguards cleared the way, making the originally crowded passengers move back to make way for them.

The man's tall and slender figure came into her eyes unexpectedly. He was straight as a pine tree, and he walked as fast as the wind. There was no trace of emotion on his handsome features, only that pair of deep eyes stared at her affectionately.

da Bai ... Xu Youyou, who was dumbfounded, finally reacted. She rushed over and jumped on him.

Mo shenbai naturally and tacitly reached out to catch her and held her firmly.

Xu Youyou wrapped her arms around his neck tightly and her voice was filled with surprise. da Bai, why are you here? How did you know I was back?"

Mo shenbai did not answer her question. Instead, he turned his head and kissed her cheek. In a low and hoarse voice, he said affectionately, " Welcome home, my Mrs. Mo.

Wuwu ... Xu Youyou had wanted to give him a surprise, but mo shenbai had given her a surprise instead. She could not control her excitement and her eyes were filled with tears.

Mo shenbai lowered his head to look at her, his black eyes sparkling. why are you crying? Shouldn't you be happy to see me?"

"I'm happy." Xu Youyou sniffled as she replied. She wrapped her arms tightly around his neck and said in a slightly coy voice, " I'm probably too happy and crying tears of joy."

It turned out that people would not only cry when they were sad, but they would also be so excited that they wanted to cry when they were happy.

"Silly baby." Mo shenbai's warm palm rubbed the back of her head.

Xu Youyou clung onto him like a koala bear. da Bai, I've seen the outside world. Now that I'm back, I don't want to be separated from you again.

She had wanted to see the outside world, but when she went, she realized that no matter how beautiful the scenery was, it was nothing without the most important person in her life.

However, if she could do everything over again, she would still make the same choice, because some things had to be experienced personally to understand the feeling.

Mo shenbai's thin lips were close to her ear, and his voice was low and firm. I won't let you leave me again.

Xu Youyou wiped away the moisture in her eyes and hugged him tightly. She greedily breathed in the familiar wooden fragrance on his body and his body temperature ...

Mo shenbai noticed that the people around him were whispering, and some even started to take photos. He asked in a low voice, " You plan to keep hanging on me?"

Xu Youyou came to her senses and quickly got down from him. She tidied her clothes in embarrassment. He had lost his composure, lost his composure!

Mo shenbai held her little hand, and there was a smile in his eyes. let's go home.

Xu Youyou nodded. She suddenly thought of something and turned to look at su lanxu, who was smiling like an aunty.

Su lanxu immediately waved her hand. you guys go back quickly. Don't worry about me! Don't mind me!"

When you go back, I'll make you fire!

Mo shenbai's thin lips parted slightly. cangming, send miss su back.

"Yes," Cang Yun replied expressionlessly.

PEI Chuan helped Xu Youyou put her luggage in the trunk while mo shenbai helped her into the car.

Su lanxu took down her luggage, and Cang Ming reached out to take it. miss su, let me do it.

Su lanxu thought of the laundry fee and was afraid that he would say "200 yuan for the transportation fee" when they got off the car. She waved her hand."No need, I'll do it myself."

Cang Ming did not insist. After all, President mo had only ordered him to send her back.

As soon as Xu Youyou got into the car, she leaned into mo shenbai's arms, like glue stuck to him.

Mo shenbai lowered his head and looked at her. you're not shy anymore after going out for a while? "

In the past, she was not this clingy in the car. Not to mention sitting in his arms like this, she would be extremely embarrassed even if he hugged her.

It seemed that going out for a while was beneficial.

Xu Youyou tilted her head and leaned into his arms. She said in a soft voice, " I see foreigners kissing on the streets every day when I'm overseas. I'm nothing compared to them when I'm sitting on your lap.

Mo shenbai chuckled. you can see it every day? "

yes, I've been eating dog food every day outside. Do you see that I've become rounder? " She put her face in front of him and let him look at it carefully.

Mo shenbai looked at the beautiful and delicate face in front of him. The childishness on his face had faded, and his long black hair had turned into waist-length waves. He looked more generous and mature with the coffee color.

The only thing that had not changed was her eyes, which had remained clear for many years.

The little girl that he had been thinking about for two years was so close to him that he could touch her with his hand. The feelings that he had suppressed for a long time had long burst out of his heart. Unable to restrain himself, he lowered his head and kissed those pink lips.

Xu Youyou was stunned for a moment, then she slowly closed her eyes and responded.

A certain someone ... Lost control.

The car stopped in front of the moon Pavilion, and the driver got out of the car.

There were only the two of them left in the car. Xu Youyou lay in mo shenbai's arms and laughed so hard that tears were about to fall.

Mo shenbai's face was full of helplessness, and the affection in his eyes had not faded. He pinched her face with his fingertips. the culprit, you're still laughing!

Xu Youyou's bright eyes were full of slyness. She said innocently, "How would I know that you would so easily ..."

Mo shenbai didn't really blame her. He could only blame himself for not being able to resist her.

He had always been defeated by her so easily.

Xu Youyou leaned into his ear and whispered, "You're already like this, aren't you going to let me down?"

"No, I'll be fine later."

Xu Youyou was too lazy to move in his arms. She wasn't the one who was suffering anyway.

After a while, mo shenbai sighed heavily. you should sit at the side.

With the soft jade in his arms, it was really hard for him to calm down.

Xu Youyou couldn't help but laugh again. She crawled to the side and sat down.

Mo shenbai gave her a slap on the butt as a punishment.

Xu Youyou turned her head and glared at him. don't hit my butt! I'm not a kid anymore!"

"Isn't it?" Mo shenbai raised his eyebrows. so naughty!

Xu Youyou stuck out her tongue playfully, but still asked curiously, "how did you know I was back?"

Mo shenbai tilted his head and looked at her. you really want to know?"

Xu Youyou nodded.

"Call me hubby, call me hubby and I'll tell you."

Xu Youyou glanced at him with her bright eyes and refused to give in.

Mo shenbai deliberately teased her. I won't tell you if you don't call me.

Xu Youyou took a deep breath and pleaded in her soft voice, "Honey, just tell me, okay?"

Her slender fingers grabbed his arm and shook it gently. She looked coy and seductive.

Mo shenbai's throat tightened, and he felt all the blood in his body rush up to the top of his head.

He had just calmed down a little, but now he couldn't calm down at all.

His deep eyes gradually became hot, so hot that Xu Youyou was shocked. She immediately let go of his arm, pushed open the door, and wanted to run away. However, she was a step too slow and was still pulled back into his arms.

He lowered his head and kissed her. It was lingering and wild, as if he was about to suck all the oxygen from her chest.
