

Chapter 398: I'll fight it out with you (1)

There was no change in expression on Mo Shenbai's handsome face. He pretended to unbutton his sleeve inadvertently, revealing his fingers, especially the ring on his ring finger, which was the most eye-catching.

The two diamonds were shining in the sun. It was hard for Xu Jialu to pretend that he didn't see them, so his eyes lingered for a few seconds.

Mo Shenbai said in a casual tone, "Youou personally designed the wedding ring for me. She's so busy with her studies, but she still has to worry about me. Isn't she cute?"

Xu Jialu was speechless.

Cute, my ass!

He felt as if he had been forced to display his affection!

Mo Shenbai retracted his hand and smiled faintly. It wasn't enough to show off their love, he still had to add salt to the wound.

"I forgot. You're single, so you won't understand."

After that, he walked into the house.

Xu Jialu was speechless.

Old dog Mo, I'm going to kill you! [o?'Д'?o]

Xu Youyou had also brought gifts for everyone in the Xu family.

Cheng Ying hadn't seen Xu Youyou for two years. Even when she was cooking, she would chat with her. Mo Shenbai was sensible and accompanied his father-in-law to play chess.

Xu Jialu watched from the side and interrupted him from time to time. Xu Jiali disliked him for talking too much and drove him to watch TV.

In the kitchen, Cheng Ying was busy preparing lunch, but the curve of her mouth never stopped.

"These two years when you weren't in the country, Shenbai would come back to visit us often. He's much more filial than your unreliable brother."

Xu Youyou thought that everything he did was for her sake, but she could not show it.

"Big brother is also very filial. He just has a bad mouth. No matter how much he cares about you, he won't express it through his mouth."

Cheng Ying smiled and shook her head. "Your dad isn't like that. You don't know how to follow him! He's been single for so many years, I guess he'll be ruined by this mouth."

"You weren't happy when I wanted to marry Yun Youwei," Xu Youyou teased.

"Al." Cheng Ying couldn't help sighing. I thought she was a scheming person, but I didn't know she had a hard life. Let alone a second or third marriage, as long as he's willing to marry a mother, I'll thank the heavens and earth and be worthy of the Xu family's ancestors."

"Mom, if my brother gets a man as his wife ..."

"Pfft, pfft." Cheng Ying quickly patted the stove. I don't want a man-wife, I don't want a man-wife.

"Mom, don't worry! My brother likes girls, maybe it's not fate yet!" Xu Youyou comforted her.

Cheng Ying could only comfort herself in this way. Otherwise, with Xu Jialu's bad temper, it would be useless even if he killed him.

"By the way, how's the girl from the SU family doing outside? Are you still in contact?"

"Lan lan is back!" Xu Youyou replied, " she has a boyfriend and they're very close.

Cheng Ying nodded with relief. that's good. She's also a good child. She's always been good to you!

Xu Jialu was bored watching TV, so he walked into the kitchen. He didn't hear the first half of the sentence, but only the second half. He asked casually, " who has a boyfriend? "

It couldn't be that crazy girl, su Lan Xu, right?

Before Cheng Ying could speak, Xu Youyou said, " a friend of mine abroad!

Xu Jialu was not interested in her foreign classmates, so he went to Cheng Ying and said with a thick face, " Mom, can you make me something I like for lunch?"

"Go, go, go." Cheng Ying elbowed him in disgust. your sister finally came back from abroad. Of course, she has to cook something for Youyou today. Why are you here? go out and don't get in the way.

The corner of Xu Jialu's mouth twitched. Well, as soon as Xu Youyou came back, there was no place for her in the house.

Seeing that he was a little unhappy, Xu Youyou whispered, " "I'll make it for you when you come to my house."

Xu Jialu's eyes lit up and he touched her head.'As expected of my sister!'

To avoid being despised by his old mother, he did not stay in the kitchen for long and went out.

Seeing her son go out, Cheng Ying asked, " it's not like he doesn't know Lanlan. Why did he hide it from her? "

Xu Youyou hesitated for a while before telling her that su lanxu used to like Xu Jialu.

Cheng Ying was so angry that her face turned blue and she hit the knife on the anvil. the SU family's child is so good. She's generous and smiles like a flower. I've always liked her and thought that it would be great if she could be my daughter-in-law! This Xu Jialu ..."

The daughter-in-law that was in his hands was gone just like that. The more Cheng Ying thought about it, the angrier she got. She picked up the kitchen knife and walked out. I have to teach this bastard a good lesson today!

Xu Youyou quickly stopped her.

“Mom, calm down! If my brother finds out about everything, he’ll definitely laugh at lan lan in the future.”

“He would dare!” Cheng Ying said in an imposing manner.

mom ... Xu Youyou said coquettishly, “Lanlan is my best friend. As long as brother likes her even a little, I’ll help you match her! But brother doesn’t like her, and now she has someone she likes. Don’t mention this again, or lan lan will be embarrassed.”

Cheng Ying was also a girl. She knew that it was a matter of self-esteem to be hated by the person she liked, so she sighed deeply.

when I was pregnant with this Xu Jialu, I did all the necessary tests, ” she said resentfully. I didn’t find that he didn’t have a brain.

The corners of Xu Youyou’s mouth twitched. mom, no one talks about their own son like that.

“I don’t have such a stupid son.” Cheng Ying came back and continued to chop the bones.

Xu Youyou consoled her, “alright, mom! I’ll meet a girl I like in the future, get married, and have children. I’ll give you a chubby boy to take care of.”

Cheng Ying snorted. he’s dreaming. I’ve worried about him enough in my life. I’m too lazy to care about his son.

Xu Youyou couldn’t help but laugh. She was just talking about it. When her brother got married and had children in the future, he would definitely love it to death.

Mo shenbai accompanied Xu Youyou at the Xu family’s house for the whole day and only left after dinner.

He didn’t return to the canvass lunar restaurant, but went to blue confusion.

Bo Qi knew that she was back and had specially gathered them to invite them over as a welcoming reception for Xu Youyou.

It had been two years, and the decorations in LAN Huo had not changed much. Everything was so familiar.

It was still early, so there weren’t many people in the bar. They didn’t go downstairs, but found a place to play.

Bo Qi saw that she called her “little loli” the moment he saw her, and after a pause, he changed his words. no, it’s our new artist, our future superstar!

Xu Youyou was not annoyed by his teasing. She said in a calm and light voice, "Young master Bo, I just spoke to sister Siyu on the phone two days ago. She said that there's a new stray dog in the shop."

Bo Qi was exposed and knelt down in an instant. I was wrong, miss Xu, Mrs. Mo!

Xu Youyou and Mo shenbai looked at each other and sat down.

Bo Qi raised his glass. in order to welcome our Mrs. Mo back, " he announced, " tonight is on the house! thank you, Mrs. Mo. All the guests present were very happy and thanked him in unison.

Bo Qi turned to look at Xu Youyou. this apology should be sincere enough, right? "

Xu Youyou hesitated for a moment. Under his pleading gaze, she smiled and nodded. "Thank you, young master Bo."

Because it wasn't convenient to bring Xie Yumu over to the bar, Xie tingxi rushed over after picking up the child.

She was dressed in a gray suit, with a round golden frame and exquisite facial features. The moment she entered, she attracted the attention of countless members of the opposite sex.
