

Chapter 419: They are twins (1)

Mo shenbai wanted to refuse and persuade her, but when he met her eyes that were full of desire, he swallowed the words that were on the tip of his tongue.

In the end, he could not bear to reject any of her requests.

Mo shenbai bent down to hug her, his warm palm gently stroking the back of her head. His voice was low and hoarse. "I don't want to lose you."

"You won't lose me." Xu Youyou raised her head and smiled brightly. In the future, you have me and the baby to accompany you. Our family of three will be very happy and blissful together.

Mo shenbai's deep and dark eyes stared at her with a complicated look. He pursed his lips and did not say anything.

The director of the hospital's Obstetrics and Gynecology Department personally examined Xu Youyou. Mo shenbai was worried and had to accompany her.

The Head of Department was an old lady with a head full of white hair. Her silver hair was slightly curled, and she was wearing glasses. She said with a smile, "Congratulations, you're a pair of twins!"

Xu Youyou was stunned and asked in disbelief, "Really?"

the two embryos can be seen very clearly. There's no mistake. The Head of Department replied.

Mo shenbai was stunned when he heard that they were twins, and he had not reacted yet.

Xu Youyou had already sat up excitedly and held his hand. da Bai, I'm pregnant with twins ...

He glanced at the director from the corner of his eye and said in a low voice, "you're too amazing!!

Mo shenbai came back to his senses. It would be a lie to say that he was not excited or happy, but when he thought of the fact that the twins were a greater burden on her body, his brows instantly furrowed again.

"Doctor, can you only keep one?"

The Dean looked a little confused. why only one? "

Shouldn't people be happy to know that they were twins?

"No!" Xu Youyou immediately covered her abdomen with both hands. I want both!

Mo shenbai's expression was tense as he said in a deep voice, "You're not suitable for conception. Having twins will burden your body and put you in a more dangerous situation."

He took a deep breath and said in a coaxing tone, "Aiyo, be good. We'll only leave one behind."

Xu Youyou was unmoved. She shook her head firmly. I want both. I can't give up either one!

"Aiyo ..."

“Da Bai!” Xu Youyou interrupted him, “ they are both our children. It’s not fair to abandon anyone. Have you forgotten how Bai Ying treated you and qianyue in the past? ”

Mo shenbai’s throat tightened. He thought of his biological mother’s favoritism and coldness. He didn’t expect that he would become the person he once hated the most.

da Bai, it’s always dangerous for a woman to be pregnant. Since it’s dangerous to have one and it’s dangerous to have two, why go through so much trouble and make you sad? ”

She held his hand tightly. besides, I believe in the current medical science. I also believe that with you by my side, I will definitely be fine.

In the end, mo shenbai couldn’t persuade her. He decided to finish all the necessary examinations first and make a decision based on her current physical condition.

Xu Youyou couldn’t take a CT scan Now that she was pregnant, but she had done all the tests she could. Whether it was the baby in her stomach or Xu Youyou’s physical condition, there was nothing wrong with her.

This made Xu Youyou even more determined to keep the two babies.

Mo shenbai could not find a reason to object.

It was rare for them to return to the city, so the two of them were not in a hurry to go back. Instead, they went to the Xu family’s house for dinner and told their parents about the good news.

When Cheng Ying and Xu jiusha heard that Xu Youyou was pregnant, they were very happy, especially after knowing that it was a pair of twins. Xu jiusha immediately asked his wife to buy more things tomorrow to pay respects to the old lady, so that the old lady would be happy in the underworld.

dad ... mo shenbai said in a low voice. The happier they were, the heavier his mood was.

No matter what position he was in, he should tell them the truth.

The two of them, who had been immersed in the joy of being a grandfather and grandmother, suddenly lost their smiles and looked at their daughter with worry and uneasiness.

Xu Youyou smiled and hugged Cheng Ying’s arm. mom, don’t listen to Great White. He’s just exaggerating. It’s not that serious.

Cheng Ying was also a person who had given birth to two children, so how could she not know the danger and pain of giving birth?

“If it doesn’t work, we’ll listen to shenbai and leave one?”

Xu jiushu nodded. it’s good to have one. It’s hard to raise two and it’s tiring.

Xu Youyou did not listen to his advice and said firmly, “ dad, mom, I want these two babies. No matter what you say, I won’t give up. I won’t give up on either one!

Xu Jiushi and Cheng Ying looked at each other, worried and anxious, but in the face of their daughter’s insistence, they couldn’t say anything harsh.

Not to mention that she was pregnant.

At night, mo shenbai took Xu Youyou back to the moon House to sleep.

Although his face was tense and he did not say a word, he carefully protected Xu Youyou when they got in and out of the car. Even when they walked up the two or three steps at the door, he still nervously protected her.

Xu Youyou pinched the corner of his shirt and said in a soft voice, " Da Bai, you don't have to be so nervous. I'm fine, really ... Do you want me to jump around for you? "

When she stood on her tiptoes and was about to jump, moshen Bai quickly grabbed her slender waist and said with a frown, " don't jump around. Pregnant women can't do intense exercise. It's easy to have a miscarriage.

"Oh." Xu Youyou lay in his arms and looked up with a smile. "See, you still care a lot about the baby."

Mo shenbai could not do anything about her. He sighed heavily. I do care about you.

In his heart, no one was more important than her.

Xu Youyou put her arms around his neck and said coquettishly, " "Big white, hug."

Mo shenbai bent down and picked her up like a princess. He walked steadily to the second floor.

The shower area of the bathroom used to have anti-slip mats, but now that Xu Youyou was pregnant, mo shenbai had ordered people to cover the entire bathroom with anti-slip mats to prevent her from slipping due to the water on the ground.

Even so, he was still worried. He wanted to accompany Xu Youyou when she took a bath.

Xu Youyou felt that he was making a fuss over nothing. She was really fine, but when she met his affectionate eyes, she swallowed the words that were about to come out of her mouth.

After the shower, mo shenbai wiped her body with a bath towel, put on her pajamas, and carried her back to the bed with a bottle of essential oil.

Xu Youyou insisted on keeping the child, so mo shenbai asked someone to buy a lot of pregnancy books and things that a pregnant woman needed.

Before he came back at night, Cheng Ying secretly told him that it would be hard to be pregnant. Her body would be out of shape and there would be stretch marks on her body. She asked him to give Xu Youyou some essential oil to prevent long stretch marks.

Xu Youyou was lying on the bed, her nightdress rolled up to her waist, revealing her flat stomach. At this moment, there were no marks on her snow-white skin.

Mo shenbai rubbed the essential oil on his palm and then gently rubbed it against her stomach ...

Xu Youyou tilted her head to look at his handsome face and asked expectantly, " Great White, what do you think we should name our baby? "
