

Chapter 421: Not crossing this lifetime (1)

Seeing that she couldn't get past him, Xu Youyou said in a low voice, "big brother, da Bai and I didn't experience a normal childhood and we lack the company and love of our parents. I want to have my own children and give them things that da Bai and I have never had before. I want to make up for the regrets of our childhood.

She wanted these two children not only for da Bai But also for herself.

Xu Jialu was silent for a moment. if you want it, just take it. You just need to take care of your pregnancy. You don't have to worry about your parents. I'm here.

Xu Youyou did not expect him to agree so readily.

"Thank you, brother."

"Thanks my ass!" you'd better be safe and sound," Xu Jialu said angrily. otherwise, when the two bean sprouts come out, I'll beat them up three times a day!

Xu Youyou knew that he was joking. She did not know how much he would love the baby when it was born. He would not bear to hit the baby!

The day before he returned to the countryside, Fu jianchen still knew about Xu Youyou's pregnancy. He didn't say a word when he came to the moon House, but he punched him in the face.

Xu Youyou was taking a nap and did not know that he had come.

Mo shenbai took a punch from him and did not fight back.

Fu jianchen's eyes were red. He gritted his teeth and said, "What did you promise me? You said you wouldn't get her pregnant!"

Mo shenbai wiped the blood from the corner of his mouth and did not explain. this is between us husband and wife. It's not your place to interfere!

Fu jianchen sneered. married? You're risking her life, is this how you should be her husband?"

"It's none of your business," mo shenbai said in a cold voice.

The veins on Fu jianchen's forehead bulged. He clenched his fists and was about to swing them again when a light and pleasant voice came from the stairs.

"Fu jianchen."

His fist froze in mid-air, and he turned his head to see the girl standing on the stairs. She was wearing a loose dress, which made her look even more thin and small.

Xu Youyou looked down at him. Perhaps it was because she was pregnant, but her eyes were gentler than before.

“He didn’t lie to you. I did it myself. He doesn’t know either.”

Fu Jianchen’s throat tightened, and he squeezed out a voice. Youyou ...

Even though he knew her name was Youyou, he still stubbornly called her Youyou.

Xu Youyou walked down step by step to him and pursed her red lips. since the creator has given me the ability to conceive, it’s up to me to decide whether I want to give birth and whether I’m willing to take the risk. Whether it’s my parents, friends, or even my husband, no one can deprive me of my right to be a mother.”

but, but ... he said “ but ” twice in a row. When he thought of the risk she had to take, he felt that his heart was about to be torn apart.

You will die.

He would really die.

Xu Youyou pursed her lips and chuckled. alright, why are you all so pessimistic? The doctor only said that there are risks, but he didn’t say that there will be certain death. If everyone was like you, then wouldn’t mankind go extinct?”

Fu Jianchen knew that he couldn’t persuade her. Even Mo Shenbai couldn’t persuade her, so what was he to her?

He left.

Mo Shenbai walked to Xu Youyou and asked again, “ “Even if so many people are worried about you, you still want to take the risk?”

Xu Youyou raised her head and wiped the corners of his broken lips. Great White, you’ll love the baby when it’s born. I promise.

Mo Shenbai held her hand and kissed her palm deeply.

But I only love you.

.....

Fu Jianchen didn’t go home after leaving the Canvass Lunar restaurant, nor did he go to the gallery. Instead, he went to the Azure Dragon Temple where he had prayed for Xu Youyou last time.

At this moment, many tourists had gone down the mountain. He was the only one who went against the flow and went up the mountain alone. When he arrived at the temple, the little monk was ready to close the door and asked him to come back tomorrow.

Fu Jianchen didn’t go in. He just knelt at the door, closed his eyes, and prayed devoutly.

He prayed for Buddha to bless his beloved girl with peace and joy and a long life.

Seeing him kneeling on the ground and not getting up, the little monk had no choice but to ask the host.

After a while, the emcee came out and saw him. He sighed and said, " Amitabha.

everything is bitter. It's hard for people to save themselves, so they can only do it themselves. Do you understand, benefactor? "

Fu Jianchen opened his eyes. The arrogance and insolence of the past had disappeared from his deep eyes. He was calm and pious. I only hope that she can get what she wants and live a hundred years in peace.

Even if I have to use my life to exchange for it.

The host saw that he was stubborn and muttered, " Amitabha. " it's getting late. Patron, please go back early.

After he finished speaking, he had the little monk close the Buddhist gate.

Fu Jianchen knelt in front of the temple and kowtowed three times.

If he didn't die, he wouldn't regret it.

.....

Xu Youyou and Mo shenbai returned to their small house in the countryside to continue their little life.

Xu Youyou used to cook, but now that she was pregnant, Mo shenbai would not let her into the kitchen no matter what. Not only that, but all the corners of the furniture in the house were wrapped in anti-collision foam. The floor was carpeted, afraid that she would slip.

There were a few families in the village that kept dogs and did not usually tie them up. Mo shenbai visited each family with tonics and asked them to tie up the dogs.

The elderly in the village had a good relationship with Xu Youyou's grandmother. When they knew that she was pregnant, they were naturally happy for them. It was not a big deal to tie up the dog. At most, they would let it out at night.

Mo shenbai had planted the vegetable seeds that Xu Youyou had brought back earlier. They had already sprouted from the soil.

She wanted to water the plants, but Mo shen Bai did not allow her to do so. He only let her watch from the side while he watered the plants in the small vegetable garden with a tube.

Xu Youyou sat on a small chair with her hands under her chin. She watched him hold the water pipe and sighed. "Why do I feel like I'm in jail?"

She was not allowed to do this and that. Even Fu Jianchen, who had urged her to draw, had stopped urging her to draw. Instead, he had asked Mo shenbai to lock her paint and paper.

She only had an hour to play with her phone and an hour to watch TV every day. The rest of the time was so boring that grass was growing out of her.

Mo shenbai glanced at her and said indifferently, " "You have to bear the consequences of your own decision."

Xu Youyou pouted and sighed. it's so boring. It's really boring ...

The sound of a car's engine came from the door. Xu Youyou's eyes lit up and she stood up suddenly to look at the man who got out of the car.

"Fu jianchen ..."

Fu Jian closed the car door and walked over. it's so hot outside. Why did you come out instead of staying at home? "

I'm bored to death staying at home all day. The sun is going down soon. How can it be hot? "

Xu Youyou was afraid that they would chase her into the house, so she quickly changed the topic. why are you here? "

Fu jianchen said, " a buyer has taken a fancy to your paintings. I've brought the agreement to show you. Also, I've bought the latest issue of the painting magazine. You can take a look.

He didn't mention the price because he knew that she didn't care about the price at all.

To her, it was enough as long as someone liked her paintings.

Fu jianchen had arrived late and did not go back after dinner. Mo shenbai had tidied up the room downstairs for him to stay the night.

Now that Xu Youyou was pregnant, she was sleepy easily and fell asleep not long after dinner.

Mo shenbai took her upstairs to take a shower. When she fell asleep, he tucked her in before going downstairs.

Fu jianchen was fast asleep. He stood in the yard and smoked. The moonlight poured on him, making him look lonely and cool.

Mo shenbai had just walked over when he heard him say in a deep voice, " I've contacted a few foreign experts. I'll take her to see them later.
