

**Chapter 432: henpecked \_1**

Xu Youyou turned to look at Xu Jialu and asked, "did you see that?" This is why Jia Yue kissed Fu Jianchen and not you!

Xu Jialu touched the tip of his nose, knowing that he couldn't win.

Mo Shenbai was not surprised to see them when he came downstairs. Instead, he said indifferently, "The bath water is ready. You can go take a bath."

Xu Youyou nodded. I'll head up first then. You guys continue chatting.

Fu Jianchen nodded, but he didn't even lift his eyelids. All his attention was on Jia Yue.

Mo Shenbai sat down and reached out to carry his daughter.

"Don't let her play with such an important thing."

He returned the drooling prayer beads to Fu Jianchen.

Fu Jianchen took it and wiped the beads one by one with a tissue.

Jia Yue's beloved toy was gone, and she pouted her little mouth, looking like a Golden Bean that was about to fall.

Mo Shen's white and cold features darkened, and his thin lips opened slightly. don't cry.

Jia Yue loved to cry, but she was also afraid of Mo Shenbai. Usually, as long as Mo Shenbai's eyes turned cold, she would not dare to act rashly.

Her small mouth was pouted, and her eyes were filled with tears. She looked pitiful and aggrieved.

Xu Jialu couldn't stand it and directly carried her over. why are you so fierce?! It's just a few broken beads. If Jiayue likes it, uncle will buy you a dozen!"

The little one had his uncle's support, so he cried in his uncle's arms.

Mo Shenbai raised his hand and rubbed the space between his eyebrows. The existence of these two people was really a stumbling block on Jia Yue's path of growth.

He didn't know how much they would spoil Jia Yue in the future!

At this time, how could Mo Shenbai have thought that his daughter would become the little Overlord that everyone in Mo City knew?

Xu Jialu carefully wiped away Jiayue's tears and thought of something very important. are you really going to marry little Jiayue to that kid from the Xie family? "

Mo shenbai didn't say anything, but Fu Jianchen opened his mouth. What era are we in now? Why are we still having a child's marriage? Isn't it old-fashioned?!

"Back then, Youyou and Lin Yin's arranged marriage almost ruined Youyou's life." Xu Jialu said again, "It's obvious that this stupid thing is harmful. We can't have it."

The two of them sang the same tune and stood on the same side. He looked down on Xie Yumu.

I'm a heartless man, so what kind of devoted son can I have? When he grew up, he would either be a heartless Sea King!

They would never allow little Jiayue to jump into the fire pit of the Xie family.

Mo shenbai was not too worried about this and said indifferently, "The words were said by Youyou, but the kiss was decided by Youyou."

In other words, he could not make the decision in this family!

The two of them were silent. To be able to say that he was henpecked so naturally, he was really thick-skinned!

.....

The photos taken at the awards ceremony were posted online by paparazzi and gained a lot of attention and traffic.

Due to the dim light at night and the distance, the paparazzi only managed to capture Xu Youyou and the blurry figures of the man and the child in the car. There were no frontal photos.

In an instant, everyone knew why there had been no news of them for the past two years. It turned out that they had secretly given birth to a child, and it seemed to be a girl from the photo!

The netizens were all very curious about what the daughter of these two would look like!

Unfortunately, Mo shenbai and Xu Youyou protected the two children very well, and not a single front photo was exposed. Even other than Jia Yue, who was exposed by the paparazzi, no one knew that they actually had another son.

Mo shenbai and Xu Youyou did not stay in Lanyue for a long time. They returned to the countryside and continued to live a life away from the city and the hustle and bustle.

As Jia Yue and her followers grew up day by day, they learned how to talk and walk, and Xu Youyou had more time to focus on painting.

Every time she drew, Mo shenbai would take the two children out. There were chickens, ducks, cats, and dogs in the village, and children loved them the most.

Sui sui had a quiet and introverted personality, and most of the time, she was by Mo shenbai's side. At most, she would squat by the roadside and watch ants move, but Jia Yue was different.

Every time she saw a duck or a chicken, she would chase them away. Even the dogs in the village would turn and run away when they saw her.

The elders in the village all laughed and said that this girl would grow up to be very bold.

Every time mo shenbai saw Jia Yue being naughty, he didn't reprimand her. If she damaged other people's things, he would apologize first and take her home to educate her.

With tears in her eyes, Jia Yue desperately tried to signal Xu Youyou.

don't look at your mother, " moshen Bai said in a deep voice. I'll spank her butt even if she does something wrong.

Jia Yue was speechless.

Xu Youyou was speechless.

If you want to educate your child, then educate your child. Why drag me into this?(\_)

Xu Youyou's works in the past two years had been well received, and it was hard to find a painting.

In addition to her own hard work and concentration in her creation, Fu jianchen also helped her with publicity and promotion. Even though Xu Youyou was very low-key, never advertised for beautiful artists, only posted things related to her painting on Weibo, and occasionally answered some comments about her painting skills, she still maintained a high popularity.

As Jia Yue and her companion grew up and reached the age where they should go to kindergarten, mo shenbai and Xu Youyou decided to take their child back to the moon House to settle down.

The two little fellows were a little reluctant to leave the place they had lived in for a few years.

Jia Yue even chased after someone else's dog, wanting to bring it home!

In the end, she only let go of his dog after mo shenbai promised to raise one for her in the future.

Jiayue and sui entered kindergarten together. Xu Youyou's time was more free, and the art exhibition tour that Fu jianchen had planned for her for several years had also begun.

The first round of the art exhibition was held in the capital city as the mo Corporation and the Jin Corporation were not the only sponsors of the art exhibition. In ye weilan's words, it was to let the two children of her family watch the art exhibition so that they could be influenced by the art and hope that there would be an artist in her family in the future.

Xu Youyou's first art exhibition was very successful. In addition to many business leaders, there were also many art lovers who came to support her.

Ye weilan, who had attended Xu Youyou's wedding a few years ago, was even there in person. She even promoted her on all the outdoor big screens in the capital.

Who asked her to not be short of money and to be so bored?

The second stop was LAN city. As the host, Lin Qingqian naturally did a wave of publicity for her favorite younger sister. She brought her husband and child along to support her.

The third stop was Tong city. Due to the support of the top movie King, Wen Sinian, he had attracted many fans to come and watch, pushing the popularity of the art exhibition that was about to end to a small climax.

The last stop was Mo City, and the address was Xu Youyou's gallery.

In addition to his friends and family, many partners also came to see the art exhibition on mo shenbai's behalf and sent flower baskets ...

There was a lot of traffic in the first two days of the art exhibition, so Xu Youyou did not go to join in the fun to avoid any accidents. She only showed up with mo shenbai on the last day.

To Xu Youyou's surprise, besides Bo Qi, Xie ting, Xi Lanlan, and the others, ye weilan and the rest were also here.

Ye weilan was not wearing a dress. She was wearing a casual outfit. Her long hair was tied up, revealing her delicate and beautiful facial features. She said in a light tone, it's the last day of the art exhibition tour. How can my baby and I not come to support you? "
