

**Chapter 435: Nothing is as good as you (end of main body) \_2**

“Don’t be angry. I’ll dance for you tonight.”

After all these years, mo shenbai still liked to see her dance. She danced in all kinds of ways, cute, sexy, and charming.

For this, he had specially ordered a lot of strange clothes for her.

Every time Xu Youyou put it on, she had to prepare herself for half an hour.

The man was insatiable. you didn’t wear the clothes you wore last time.

Xu Youyou’s scalp tingled at the thought of the dress. She whispered to him, “ must I wear that? ”

Mo shenbai leaned back in his chair and looked at her with his hot eyes.

Xu Youyou’s spine felt like it was being electrocuted by his gaze. Her body trembled involuntarily and she compromised in a low voice. alright, I’ll wear it as long as you don’t have a kidney deficiency ...

Mo shenbai’s eyes narrowed, and a playful smile appeared on his thin lips. His voice was so hoarse that it seemed to be on fire. very good, I’ll let you know whether my kidneys are weak or not tonight!

When he lowered his head and was about to kiss her again, the car suddenly stopped.

Mo shenbai frowned, but fortunately, he reacted quickly and hugged Xu Youyou’s slender waist. He said in an unhappy voice, “ What’s going on?”

The driver’s voice could be heard from the front. Through the partition, his voice was a little muffled, “ President mo, I think something has happened up ahead.

Xu Youyou looked out of the window curiously when she heard that. There were many cars parked outside, and many people got out of their cars to look at something.

Mo shenbai ordered the driver to go down and see what was going on.

Xu Youyou got down from him and tidied her clothes. Her red lips were full and lustrous, and it was obvious that she had been loved by someone.

Not long after, the driver returned and said, “ President mo, it seems like someone is drowning. Someone has already gone down to save her, but there’s a traffic jam in front and she won’t be able to leave for a while.

When Xu Youyou heard that someone was drowning, she immediately looked at mo shenbai. da Bai ...

Mo shenbai instantly understood what she meant and asked the driver to inform the four bodyguards behind to help.

Xu Youyou waited in the car for a while and couldn’t sit still. da Bai, I want to go and take a look.

Mo shenbai hesitated for a moment, but he still held her hand and got into the car.

There was a Lake not far from the car. The scenery was not bad, but there were many people standing there.

Mo shenbai's bodyguards rescued the man, but he was almost out of breath. They were still performing CPR.

When mo shenbai saw this scene, it was like Xu Youyou drowning. He couldn't help but tighten his grip on her hand.

Xu Youyou sensed something and held his hand back. She looked up with a smile, indicating for him to rest assured.

Mo shenbai's tightly furrowed brows slowly relaxed.

It had been almost half an hour, but she still hadn't woken up. She was still breathing weakly, as if she would stop breathing at any moment.

Some people couldn't bear to watch anymore and left. There were fewer and fewer people, and in the end, only bodyguards and family members were left waiting for the ambulance.

Xu Youyou stepped forward and looked at the drenched girl, who looked to be in her teens. She had just heard her family's tearful complaints. It seemed that the girl had jumped into the lake because of her studies.

At the age of a flower, it would be a pity for it to wither.

Xu Youyou couldn't bear to see her like this. She squatted down and touched her neck. She could feel a faint pulse. Then, she picked up her ears, nose, and eyes. When she saw the strange redness on her nose, she knew that she had encountered the blood end bug, just like mo Zhiyun.

This kind of bug would not kill immediately, but it would make people unconscious. However, when it sucked all the blood in a person's body, they would die.

da Bai ... Xu Youyou looked up at the man squatting beside her and gave him a look.

Mo shenbai understood and immediately asked the driver to find a pin, and then asked the bodyguards to block the surroundings.

After Xu Youyou pierced the girl's finger, she pierced her own finger, and the two fingers touched.

Soon, a small, transparent bug that would not be noticed if one did not look carefully crawled out slowly. There was a red blood thread on its back, which was the human blood it had just sucked.

It was trying to enter Xu Youyou's body.

"Aiyo." Moshen Bai's throat tightened, and he looked nervous!

"Lighter!"

Mo shenbai immediately gave her a lighter.

Xu Youyou stabbed the blood worm with a pin and quickly placed it on the lighter. The blood worm struggled desperately but was soon burned to ashes by the flame.

Mo shenbai felt that this thing was unlucky. He quickly threw away the brooch in her hand and held her finger to check it.

Blood was still oozing out of the wound, and he sucked on it directly.

Xu Youyou wanted to pull her hand back but failed. She reminded him in a low voice, " there are still people around.

Mo shenbai opened his mouth and spat out a mouthful of blood. His gaze fell on her white fingers. they can look if they want to. We're not at a disadvantage.

Xu Youyou was speechless.

Was this the main point?

Xu Youyou had probably dealt with the worm in time not long after it entered the girl's body, so when the ambulance arrived, she had just woken up.

Her family, who had already given up hope, pounced on her and started beating and scolding her when she woke up. They hugged her and cried, saying that if she were to continue forcing her to study, she could do whatever she wanted in the future!

Although she had woken up, she still had to go to the hospital for a check-up. The family members thanked Xu Youyou and the others before getting into the ambulance.

The onlookers had also dispersed, leaving only Xu Youyou and Mo shenbai.

Mo shenbai gently held her hand. let's go too.

Xu Youyou hummed in acknowledgment, but she stood still.

Mo shenbai was puzzled. what's the matter? "

Xu Youyou's gaze fell on the sparkling lake. It was very beautiful as the light of the setting sun flashed.

I haven't seen the sunset in a long time. Don't you think the sunset today is especially beautiful? "

Mo shenbai followed her line of sight and glanced at her. He smiled. in my eyes, nothing can compare to ... You!

The cool breeze brushed against her warm cheeks. She looked up at the man with deep affection in his eyes. Under the light of the setting sun, she looked even more handsome.

Just like that rainy night when they first met, his calm voice came through the curtain of rain. He gave her an umbrella.

A sentence and an umbrella had pulled her back from the edge of the cliff to the world, giving her the courage and desire to live.

Xu Youyou tiptoed and hugged him, saying something that he would never forget in his life.

“I’m a flower that has given up halfway, but I’ll still bloom for you even after I’ve given up,” she said.
