441 Chapter Saving People

Shen Qian and Grandpa Shen had been in the study for a long time, and no one knew what they said. It had been two hours after Shen Qian came out of the study. He held a document in his hand and hurried down the stairs.

Chu Yunrong happened to be holding An'an back and almost collided with Shen Qian. Fortunately, Shen Qian reached out and helped Chu Yunrong.

"Aqian, what are you doing in a hurry?"

"There is something urgent in the army. I must go first. An An has been weaned these days. His emotions must be unstable. Don't go out if you are fine. Stay with An An at home."

Chu Yunrong had no plans to go out. Since the last time she met the woman inexplicably, she has been reluctant to go out, especially knowing that the enemy in the dark has not been resolved. The other party may use her to threaten Shen Qinglan or Shen Qian, she was even more reluctant to go out, and even her friend's invitation refused.

Su Qing did not go directly to the capital, but went to the R country first. Yamamoto was waiting for her.

"Mr. Yamamoto, is there anything you are looking for in a hurry?"

Yamamoto looked serious, "I just received a message from Qin Yan, saying that the capital of the Shen family in the capital is the enemy charm I have been looking for for many years. What do you think of this matter?"

Su Qing was shocked in his heart, but he couldn't see the slightest difference on his face. He laughed as if he heard the most funny jokes. "Mr. Yamamoto, you just told me such a funny one as soon as I came Joke, do you think my life is too bad?"

Yamamoto looked serious and frowned. "I'm not kidding you. I'm serious. Do you think this is true or false?"

"Hahaha, Mr. Yamamoto, I'm really sorry, this joke is so funny." Su Qing laughed tremblingly, and when she stopped, Yamamoto's face was already dark, and Su Qing corrected his expression.

"Mr. Yamamoto, since you asked me this way, it means your heart is also skeptical about this matter."

"I don't really believe this thing. After knowing this person from Qin Yan's mouth, I also specifically asked about it."

"Then the results surprised you?"

"Indeed, Shen Qinglan, I know, she is the painter Leng Qingqiu. This period of time is regarded as a hot young painter in the world. It has risen quickly. Her natal family is the Shen family in Beijing, and her husband is Jingcheng Fu. What kind of family is the Shen family and the Fu family? I believe Mr. Yamamoto must know that do you think the children of such a family will be charming?"

Yamamoto understands these situations, but...

"Qin Yan said that Shen Qinglan was not the parent of Shen Parents, and she was not at Shen's home for eleven years."

"So Mr. Yamamoto, do you think a teenager can become the world's first killer charm?" Su Qing's tone was mocking.

Yamamoto was stunned, yes, he ignored Shen Qinglan's age from beginning to end. According to the time when the charm rose, Shen Qinglan was an eleven-two-year-old child at that time, so he should be convinced that an eleven-two-year-old child The child turned out to be the world's number one killer, and it's a fantasy.

Yamamoto's face sank, "What is the purpose of Qin Yan doing this? With such an obvious lie, can she be certain that I will believe it?"

Su Qing took a sip of tea and spoke slowly, "Mr. Yamamoto, sometimes such a lie can make people believe. This is unexpected. Do you have to believe it at first?"

Yamamoto heard the words and nodded. Indeed, such a lie came out. His first reaction was unbelief. After calming down, he was suspicious. It is not that Shen Qinglan was the Shen family's money, so there is no possibility of being a killer. Never seen it.

Just reminded by Su Qingyi, Yamamoto was awakened. At that time, Shen Qinglan was too young. It was not that there was no young killer, but it was difficult to reach that height at that age.

Thinking about it this way, Yamamoto was convinced that Qin Yan was deceiving herself, "Just what did she deceive me to do?"

"As far as I know, Qin Yan and the Shen family have a holiday. I don't know exactly what the holiday is, but Qin Yan wants to deal with the Shen family." Su Qing smiled slightly and said.

That's easy to understand. Yamamoto nodded, "Thanks to your reminder this time, otherwise I might be fooled."

Su Qing smiled, "Mr. Yamamoto, you look up to me, even if I don't remind you, you will not make such an impulsive decision." In fact, although Yamamoto is the leader of the Yamaguchi group, his people are very impulsive to do things. It is also a miracle to be able to sit firmly in this position for so many years.

After dispelling Yamamoto's doubts, Su Qing left, but just before leaving, she didn't give a deep glance at Er Dang, who was standing next to Yamamoto.

After returning to the capital, Su Qing did not go to Chu Yunrong, but found a hotel to take a good night's sleep, and then wandered around the major scenic spots in the capital. This didn't seem to be a matter of doing things, it was more like traveling. of.

When Su Qing received Qin Yan's call, she was swimming in the lake. "Su Qing, how is the matter going?"

Su Qing sat on the side of the ship, looked up at the sky above her head, and his tone was not slow or slow. "It is in progress. During this time, the other party will not go out, and I will not be able to touch it."

"Su Qing, you don't deliberately delay the time." Qin Yan sneered.

"I didn't delay the time. What I said is the truth. Since I agreed, I will help you with this matter. What are you in a hurry." Su Qing was not in a hurry.

Qin Yan narrowed her eyes, her eyes full of murderous intent, "You must give me time to do this, and then give you two days. After two days, I will see Chu Yunrong." After that, I hung up the phone. As long as Chu Yunrong and Yan Xi were in her hands, Qin Yan would not believe it, and Shen Qinglan dared to resist.

Su Qing looked at the hung-up cell phone, and she was also worried. What should I do about it? Certainly you can't really take Chu Yunrong over, otherwise Shen Qinglan will once again be controlled by others. Although Yan Xi is also in Qin Yan's hands now, one is better than two.

But if Chu Yunrong didn't take it home, I'm afraid Qin Yan wouldn't be able to explain it, and because of Qin Yan's temperament, if she didn't have Chu Yunrong, she might not show up at all.

Su Qing couldn't think of a better way for a while.

**

Shen Qinglan has been waiting for Qin Yan's news. Others don't believe that the charm is back. Qin Yan will surely believe it. Qin Yan must know that she is challenging her, but she has been slow to fight, which is very inconsistent with Qin Yan's temper, what is she hesitating, or what is she brewing?

"Ann, I found it." Just when Shen Qinglan was puzzled, Jin Enxi said suddenly.

Shen Qinglan looked back and looked at her, "Are you sure about the place?"

Jin Enxi nodded, "It has been determined that this place is very likely, but they have a lot of staff, and we want to rescue Yan Xi very hard."

It is said that Shen Qinglan has no slight accident. Qin Yan is going to fight her this time. After all, she is running out of time. She can't take it slowly like she once did. Thinking of it, Shen Qinglan stood up. , Put things on your body.

"Even if it's the Longtan Tiger's Cave, I have to go in and break out."

"Ann, no matter what, we will accompany you." Jin Enxi said.

Shen Qinglan smiled slightly, "Well, we are together."

Shen Qinglan called in Andrea, and several people carefully studied the regional topography of Qin Yan's location.

This time Qin Yan changed the place to a seaside villa. Behind this villa is a cliff. Under the cliff is the sea.

The cliff is very high, and the walls are relatively smooth. It is basically impossible for them to enter the villa silently from under the cliff. That is to say, if they want to enter to save people, they can only enter from the front.

Apart from grudges and grudges, Shen Qinglan was very satisfied with the place Qin Yan chose. This is a good place that is easy to defend and difficult to attack, but now they are opposites. Such a place is a worry for Shen Qinglan and others.

"Ann, we only seem to be able to enter from the front." Andrea said seriously.

Shen Qinglan looked at the map and pointed to the sea behind the villa. "I want to try going in from here."

"An, it's too difficult. This cliff is very smooth, there is no foothold at all, and one accidentally falls into the sea from a height of tens of meters, which is very dangerous."

Shen Qinglan naturally knew this, but from the front, they wanted to meet Qin Yan's highest firepower.

It is very likely that they would not be able to rescue Yan Xi, and they would be wiped out by the whole army. Instead of taking risks, try it.

The other two listened to Shen Qinglan's words and were silent. After a while, Andrei spoke, "Ann, you and Enxi cover me, and I go in from below."

"No, Andrei, when it comes to climbing freehand, I'm better than you." Shen Qinglan said.

Andre was stiff. Indeed, he is good at long-range attacks, and sniper is his strong point. Speaking of these field survival abilities, Shen Qinglan is the best.

"Ann, shall we seek help from Allen?" Jin Enxi suddenly said, they only have three people, it is really a little less, once Qin Yan is aware, it is difficult to ensure safety, not to mention they also have to take a Yan Xi.

"We are saving Yan Xi this time. The more people, the more dangerous." Shen Qinglan said.

Shen Qinglan said the fact that the three of them might have rescued Yan Xi quietly. If there were more people, both sides would die, but the other party had Yan Xi's hostage on their hands, and their hands There is nothing.

The matter was settled like this. Shen Qinglan entered from behind the sea area, Andrea took cover, and in case someone was noticed, then Jin Enxi attracted firepower from the side.

It was night, and the three of Shen Qinglan changed their clothes, prepared the things they needed, and set off.

Jin Enxi and Andre set off first, and Shen Qinglan was launched from the other side of the sea. She rented a boat and dangled it to the bottom of the cliff. She looked up at the cliff, which was as high as fifty or sixty meters. It is easier to go from which side.

The cliff is as smooth as they expected, but as you can see from the night vision goggles, the smooth part is only the lower half. As long as you climb over the average, the back will be easier, but even half of it has two Thirty meters.

Shen Qinglan twisted her eyebrows, found a better place to start, and started climbing up.

She climbed very slowly, the cliff face was beaten by the sea all the year round, the sharp points had been smoothed out, and there was a big difference between one foot drop and another. Shen Qinglan was expressionless, and the smell of the sea water lingered on the tip of her nose, but what she thought was Fu Hengyi and An An. Her husband and son were still waiting for her to go back, so she could not have an accident or let herself have an accident.

Andre and Jin Enxi lurked in the trees around the villa, motionless, always paying attention to every

move in the villa, the villa was lit with lights, and there were people with guns patrolling from time to time around, there was no possibility of drilling holes.

Jin Enxi's baby's face is a little dignified. I don't know how Shen Qinglan is going and whether it is going well.

**

On the other side, when Allen got the news, Shen Qinglan and they had already set off. Allen's face changed a lot, "Hurry, take all the people with me." Allen said to Peter, hurriedly.

These days they have been in a state of preparation, so it is not troublesome to gather together.

Peter quickly called the manpower.

On the way, Allen contacted Fu Hengyi, and it makes no sense that Shen Qinglan was taking risks, but Fu Hengyi, who was Shen Qinglan's husband, was at a loss.

Fu Hengyi heard Alan said that Shen Qinglan had rescued himself, and his face was somber, but what was hidden in his eyes was deep worry and fear. Qinglan, you have to wait for me, you must wait for me.

The weather tonight is not good, the sea is very windy, and from time to time there will be waves on the cliff. Shen Qinglan's clothes have already been wet. She did not look back at her feet, but stared at it and climbed to Halfway, the sky suddenly began to rain, and huge raindrops hit his face, causing a trace of pain. Shen Qinglan blinked and continued to climb up.

"Andre, it's raining." Jin Enxi was worried. The cliff was already difficult to climb, and now it was raining again. It was just worsening the snow. If one is not careful, Shen Qinglan may fall.

"We have to believe Ann." Andrei lowered his voice and said softly. Now all they can do is to wait with peace of mind and not act rashly, so as not to destroy Shen Qinglan's plan.

Jin Enxi nodded, his face sad.

In the villa, Qin Yan once again called Su Qing to urge her to act. She could not wait any longer. She did not want to wait any longer. She wanted to kill Shen Qinglan and destroy the Shen family now.

However, Su Qing was still in that unhurried manner, so angry that Qin Yan smashed the phone.

"Madam, don't get angry for a disobedient person." The housekeeper comforted her.

Qin Yan's blue muscles violently jumped around her neck, apparently she was angered. "This bastard, really thought he was invincible, right? If you have wings, you want to fly. You have to ask me if I agree."

"Madam, when she comes back, she must not be allowed to leave easily. I will keep her at any cost. It's not too early. You should rest early." But the housekeeper and Qin Yan will not I thought that they thought that the people who were still in Beijing had already arrived at the airport of country Y and were rushing here.

Qin Yan calmed her breath, listened to the pouring rain outside the window, and nodded. What she needs now is more rest.

The housekeeper pushed Qin Yan into the room, and naturally a maid came to hold Qin Yan on the bed.

"Butler, is Yan Anbang coming?" Qin Yan asked the butler who was about to walk out of the room.

The butler stopped, "It should have arrived."

"Send the address here to his mobile phone, he should have missed Yan Xi already."

"Yes, ma'am."

Qin Yan smiled, and the maid on the side accidentally saw this scene. His body shook unconsciously, and was just seen by Qin Yan. Qin Yan's eyes were cold, "Butler."

The butler immediately understood Qin Yan's meaning. Before the maid responded, a bullet had penetrated the maid's chest. The maid stared incredulously at Qin Yan, even if she fell to the ground. The eyes are still closed.

The housekeeper called two people, carried the maid's body out, and cleaned the room before leaving.

The rain is getting bigger and bigger. Shen Qinglan couldn't open her eyes because of the rain. She closed her eyes and opened them again. The rain water flowed into her eyes, which was colored and uncomfortable, but she seemed not to feel it. Generally, the expression is indifferent. Estimated her position from the top of the cliff, according to the current speed, about half an hour.

A flash of lightning flashed in the sky from time to time, bringing a momentary light to the dark night sky. If anyone could see the people on the cliff at this moment, it would be surprising.

Shen Qinglan used this little light of lightning to see the way of climbing upwards. In his ears, there was the sound of waves crashing on the cliffs, and there was a huge sound, like thunder resounding in his ears.

She looked at the next foothold, just lifted her foot, the stone in her right hand suddenly loosened, and her body fell instantly. She was shocked, quickly took out the saber and inserted it into the cliff, and the other hand grabbed it. There was a sharp and protruding stone, which stabilized the figure, and it was about five meters down from where she was. It's almost 30 meters away from the sea. If you fall down, it

is estimated that if you are unlucky, you will have to get tea from Lord Yan.

Shen Qinglan stood firm, wiped the rain on his face, and looked up at the top of the cliff, with a distance of about twenty meters. Continue to crawl upward step by step.

**

A day ago, Nancheng.

Yan Anbang received a courier, which was sent from country Y. He knew that Yan Xi was traveling recently, and thought it was Yan Xi who sent it to him. He was happily in his heart and could not wait to open the express package.

There is a USB flash drive inside. Yan Anbang is puzzled. What did Yan Xi send him a USB flash drive? He plugged the U disk into the computer, and when he opened the content, his face changed. Yan Xi was crazy in the video, just like he had seen before.

"Qin Yan." The words, with the sadness of crying blood.

Yan Anbang bought a ticket directly to country Y according to the address on the delivery note.

The place where Yan Anbang arrived was where Qin Yan was before. Naturally, no one was seeing him, and he was worrying. The phone rang, and it was an address. Yan Anbang didn't want it, and hurried to the address above.

When Shen Qinglan climbed to the top of the cliff, it was already three or four in the morning. It was when people were most sleepy. As she expected, there were no guards on this cliff, probably even Qin Yan didn't believe it. Someone can climb such a high cliff with bare hands.

Shen Qinglan's hand was stained with blood, but was quickly washed by rain. This was cut by a sharp stone when she slid down. She ignored the wound and stretched her body slightly on the earring. After striking twice, Jin Enxi and Andre suddenly knew that Shen Qinglan had successfully arrived at the place, and the two men were relieved one after another, and finally nothing happened.

Shen Qinglan is now in the back garden of the villa. The back garden is actually not very big, just planted a few flowers and plants. After looking around, I found a room with open windows and climbed up again.

This time, her movements were very vigorous, but it took only a few tens of seconds to reach the window. She lay on the edge of the window and glanced inside without seeing anyone in the room, which seemed to be an empty room.

With his hand on the window sill, Shen Qinglan turned over neatly and entered the room, quickly flashing to the curtain to hide himself.

She listened quietly for a while, although the thunder was loud, but after listening carefully, she could still know that the room was really empty. Shen Qinglan took a sigh of relief. She had consumed the physical energy she had measured while climbing the cliff, and she also needed a break.

They sent a code to Jin Enxi. Shen Qinglan sat down on the ground at random. She didn't have a topographic map of the villa, and she didn't know where Yan Xi was locked. She needed to find them one by one if she was unlucky. Well, it was discovered before Yan Xi was found, so she could only blame her bad luck.

After sitting for about ten minutes, Shen Qinglan's strength recovered to 60-70%, and she stood up. She walked very lightly and could barely hear footsteps. When she had just rested, she had wringed the water off her clothes, although still drenched, but at least not dripping.

She walked out of the room and roughly looked at it with the light of lightning coming through the window, and found that the room next door was a room. This is the second floor. Shen Qinglan looked at the position of the stairs and walked downstairs silently.

Thanks to this heavy rain, the sound of the night was perfectly hidden. I probably didn't expect them to act in such weather. The people in the villa should rest.

Shen Qinglan came to the first floor smoothly and opened a room. It was an empty room. No one lived. She thought about it, closed the door, and walked in the other direction.

There was someone in the room this time, snoring, and apparently slept soundly. She closed the door gently so as not to disturb the people inside as soon as possible.

Shen Qinglan opened three rooms in a row. In addition to the two rooms where people live, the other room is also an empty room, but there is no Yan Xi inside.

Shen Qinglan's eyes turned to the last room. This room was on the first corner of the first floor. She looked like a storage room. She walked over and took a look. There was a lock on the door. It was locked now. .

She didn't have a suitable unlocking tool in her hand. After thinking about the place she had just walked through, she seemed not far from the kitchen. She touched the kitchen and found it for a long time before she found a thin wire.

Back in the storage room, the door lock was opened by Shen Qinglan after three, five, and two. She gently opened the door of the room, but did not go in, because she heard a small sobbing sound, rain outside the window. The sound was weak in the reflection of the sound, but she was sure she had heard it correctly.

Intuition tells her that the person inside is Yan Xi.

She didn't rush in, but first slowly opened the door and glanced inside. It was indeed a storage room, filled with miscellaneous things, and in the corner, a figure was sitting and shrunk into a ball. There was a flash of lightning in the sky, and Shen Qinglan clearly saw the figure of the man, which was undoubtedly Yan Xi.

Just at that moment, she saw Yan Xi curled up into a ball, nestling in the corner and trembling. The weak sobbing sound she had heard just now was from Yan Xi.

Shen Qinglan's heart hurt, and quickly walked to Yan Xi, Yan Xi noticed that someone was approaching, ah screamed, but fortunately at this time a thunder burst in the sky, perfectly covering her scream, no attract other people, otherwise the motion just happened, and most people in this villa can definitely be alarmed.

Shen Qinglan's face changed, she covered Yan Xi's mouth, and Yan Xi began to struggle violently. Shen Qinglan hugged Yan Xi with death, and said in her ear, "Yan Xi, it's me, I'm Shen Qinglan. "

Yan Xi turned a deaf ear to Shen Qinglan's words and struggled hard. Shen Qinglan looked at her crazy, and her heart sank to the bottom of the valley. Yan Xi suddenly bit her hand against Shen Qinglan, and Shen Qinglan suddenly wrinkled in pain. Frowning, but did not push away Yan Xi, but instead hugged her tightly in her arms and kept calling her name in her ears, "Yan Xi, Xiao Xi, it's me, I'm Shen Qing Lan, I'm here to save you."

Shen Qinglan could feel that her hands were bleeding, probably the bloody smell stimulated Yan Xi again. She let out Shen Qinglan's hand and shouted. Shen Qinglan covered her mouth with her mouth, "Yan Xi, don't Call, my sister takes you home, are you okay?"

Yan Xi is still struggling. She doesn't have any reason at all now. Besides struggling or struggling, she sees the time slowly passing by. The movements here will attract people here accidentally. Shen Qinglan has no choice but to use a knife. Yan Xi was dizzy.

Yan Xi fell in Shen Qinglan's arms. With the light of lightning, she glanced at Yan Xi's body. Except for the wrinkled clothes, there were no other scars on her body. She didn't know what Qin Yan did to her. Let her remember all the past memories, hysteria recurred.

"Yan Xi, I'm sorry." In the air, it was Shen Qinglan's slightly choked voice.

Yan Xi's head rested on Shen Qinglan's shoulder, as if she were asleep.

Shen Qinglan carried Yan Xi on her back and tied her with ropes. These ropes were brought by her purposely, but she did not expect them to come in handy now.

There is no window in this storage room. The only exit is the door. Unexpectedly, when I just went out, I ran into a maid who just got up and went to the kitchen to pour water and drink. The maid saw someone who suddenly appeared in the living room. , And Shen Qinglan squinted, then finally reacted,

and opened his mouth to call out loudly.

Shen Qinglan's eyes were cold, and the gleaming saber flew out first, hitting the maid's throat, tearing her shout into a broken voice, mixed with the sound of rain, and disappeared into the night.

The maid's body fell to the ground, and the blood color spread to the floor. Shen Qinglan pulled out her saber expressionlessly and walked toward the kitchen. When she went to the kitchen to find something, she found that the kitchen was facing the cliff.

She turned over from the kitchen window, because she was carrying a Yan Xi, and her movements were not as good as when she came. One accidentally touched the dishes on the glazed table, and the dishes fell on the ground and shattered. At one point, the movement here finally woke up some people who didn't sleep to death.

Shen Qinglan's eyes changed slightly, he accelerated his movements, and soon came to the edge of the cliff, but it was not easy to climb up the cliff, and it was more difficult to be safe, especially with a person.

"Someone broke in." Someone in the villa got up to check the movement, saw the maid's body in the living room, and yelled out loudly. The whole life yelled and yelled everyone out. The housekeeper quickly turned over and ran out of bed. Out of the room.

The lights came on in the villa instantly, and a few people guarding the front entrance rushed in two, "Butler, no one was seen breaking in."

The housekeeper's eyes turned to the kitchen, "the cliff behind."

Seeing that the lights in the villa were brightly lit, Andrea and Jin Enxi understood that Shen Qinglan was found. Without hesitation, Andrey pressed the trigger and shot the two people at the door. The gunshots in the night were always exceptional Obviously, when everyone heard it, they rushed towards the main entrance.

Andre paused after two shots. His purpose was to attract everyone's attention and firepower, and to win time for Shen Qinglan's evacuation.

Shen Qinglan also heard the gunshots, knowing that Andrei had already started to move and looked around. It was already more than five o'clock in the morning, almost six o'clock. Even though it was raining heavily, the horizon had begun to whiten, and his sight was no longer in sight. It was so dim, but Shen Qinglan saw the surrounding environment. The cliff she had just climbed was smooth, but on the other side, there were vines growing on the cliff about 50 meters away.

There was a flash of surprise in Shen Qinglan's eyes, and he ran in that direction. He suddenly dropped a bullet in his footsteps. Shen Qinglan looked back quickly and saw that the housekeeper was taking someone to shoot her in this direction.

Shen Qinglan turned around, and two pistols appeared on both hands, firing several guns in the direction of the housekeeper.

Hearing the gunshots from here, Jin Enxi, who had already attracted some firepower, quickly moved closer in this direction. Shen Qinglan had few bullets on her body, and she was going to protect her.

Andre's shooting style is very accurate, one shot, the gun hits, because it is a long-range attack, it is difficult for the other person to find his figure, but for a while, there is no way to get him.

Andre's position is not fixed. It gives the impression that more than one sniper is hidden in the dark. The person leading in this direction is not a housekeeper, but the person sees this, but he dare not act lightly.

Seeing that Shen Qinglan has been discovered, he naturally no longer hides and hides. The fire fighting between the two sides is fierce. When the butler sees this, raising his hand against Shen Qinglan is a shot, and it is Yan Xi who is aiming.

Shen Qinglan noticed the sound of breaking the air behind her, turned around subconsciously, bent over, and the bullet flew over her shoulder, bringing a hot feeling to the skin on her arm, which was bruised Too.

Shen Qinglan didn't care about looking at the wound and turned to run into the woods. The villa is connected to the forest on one side and the beach on the other. If you are on vacation, the environment is excellent.

It has been found that the danger of jumping off the cliff is greatly increased. If the housekeeper cut the rope in mid-air, then Shen Qinglan and Yan Xi are only buried in the sea. If they fled into the forest, maybe There is a ray of life.

The bullet fell on the foot, the rain hit the face, and there was a person on his back. The situation is now terrible. Shen Qinglan fled while getting in touch with Jin Enxi, temporarily changing the combat plan, and evacuating into the woods. As for how to escape here, I don't care.

**

Fu Hengyi and Alan are coming to the seaside villa, "Hurry up." Fu Hengyi urged.

The driver of the car was Allen. He glanced at Fu Hengyi from the rearview mirror and ignored his words. Fu Hengyi's face sank and he didn't wait for him to speak. Peter, who was sitting next to the driver, slapped him. On the driver's head, "Are you a snail crawling? Hurry up."

The driver didn't have to listen to Fu Hengyi, but he had to listen to Peter. He was beaten by Peter and didn't dare to have the slightest opinion. He stepped on the accelerator and didn't dare to step on it. He

said embarrassedly, "Mr. Peter, It is now raining heavily, and the road here is turning again and again, it is very difficult to drive, and it is easy to fall off the cliff if you are not careful."

Peter naturally knows that the road here is not easy to open. Although it is near the sea, it is also close to the mountains. To go to the seaside villa, it is necessary to take a section of the road. The people who built the road did not know what to think. It is very difficult to repair, it is sunny, and traffic accidents occur from time to time on this road section with good vision.

Therefore, although the construction of the seaside resort here is very strong after the completion of the construction, there are not many people who actually buy it. In addition, the living facilities here are very inconvenient, and many daily necessities have to drive an hour to the nearest small car. It can only be bought in the town. Over time, it is deserted. This is one of the reasons why Qin Yan dare to choose here.

"Just drive as fast as you can," Peter said. Is this a blind sight. Didn't you see that Allen's face is already dark? This person is now a big killer. If one is not careful, the neuropathy will attack.

"It seems that your men are no different." Fu Hengyi said coldly, and Allen heard the words, staring at the back of the driver's head, his eyes cold.

The driver was chilled by Allen's eyes and stepped on the accelerator again. As a result, the car couldn't control anymore, and he was about to rush towards the cliff. Peter was shocked and rushed to the steering wheel. The driver responded quickly. The foot braked and the car stopped.

As soon as the car stopped, Fu Hengyi opened the door and got out of the car, pulled the driver out, and took himself into the driving position.

"Sit well." Fu Hengyi said lightly, and as soon as the words fell, the car flew out like an arrow off the string.

442 Qin Yan, I'm Here

Peter rushed forward without any precaution. If he was not wearing a seat belt, the whole person flew out directly. He wanted to swear, but to Fu Hengyi's cold, temperatureless side face, when he reached his mouth I swallowed it back, and got it. People rushed to save people. If they dared to talk nonsense at this time, they would end up with the driver just now. Don't think he just didn't see Alan solve the driver directly.

Fu Hengyi's car turned left and right on the Panshang highway, and the acid water in Peter's stomach was coming out. He grabbed the armrest with one hand and covered his mouth with one hand, he was really worried that he would spit out.

He took the time to look behind him, but he saw that Alan sat steadily in the back, without moving at all, as if he could not feel the bumps of the car at all. Peter was in a depressed mood, and he was a healthy man with a strong body that could not compare with Alan. This body is almost half crippled.

"Fu Hengyi, hurry up." Allen said in a cold voice, and he heard Peter's eyes change. Now that he has already killed his life, if he gets a little faster, will he still be alive? Just when the exit was about to stop, I saw that the speed of the car was once again improved by one grade.

"Ah." Peter screamed.

When Fu Hengyi drove halfway, they saw that there was still a car in front of them. The speed was much slower than theirs. Fu Hengyi accidentally glanced over there when he passed each other, and they saw. With a familiar face, it wasn't who Yan Anbang was. Yan Anbang naturally saw Fu Hengyi.

Fu Hengyi made a gesture toward Yan Anbang, which was a gesture of action in the army. Yan Anbang nodded and kept up with Fu Hengyi's speed. I have to say that although Yan Anbang did a lot of things wrong, he did not look well. But, in the end, he was a special soldier. He has been in the army for so many years. The skills he has had are not forgotten. Following the speed of Fu Hengyi is no problem at all.

Just near the seaside villa area, Fu Hengyi and others heard the endless gunshots, Fu Hengyi's eyes changed slightly, and the speed of the vehicle was accelerated again. To be fast, you must be fast, Shen Qinglan, you have already started with them, no one knows what's the situation there.

**

Twenty minutes ago, in the villa.

Qin Yan has risen, the movement outside is so big, she is bound to wake up, she glanced at the heavy rain outside the window, her mouth lightly hooked, Shen Qinglan is really hard enough, even chose the weather here to save people, but does she think people can be taken away by taking them out? So few people wanted to save people from her hands, it was too naive.

Qin Yan did not go out, but sat at the window listening to the rain, watching the lightning flashing across the sky, and found that the thunderstorm weather was also very good for the first time.

In the woods, Shen Qinglan had already merged with Jin Enxi. She gasped for breath. Just now another body was wiped by a bullet. The pain was hot. Jin Enxi saw it and said, "An, Yan Xi, give it to me."

Her physical strength is much better than that of Shen Qinglan. After all, her consumption is not as great as that of Shen Qinglan.

Shen Qinglan shook his head, "No, I'll be fine." Jin Enxi's height is similar to that of Yan Xi, and it would be very inconvenient to carry Yan Xi. Her height is half a head higher than that of Yan Xi, and it is better to move with Yan Xi.

"But your physical energy consumption is too high, so you can't eat it in the future." Jin Enxi was worried.

"I'm fine, we have to leave here as soon as possible." Shen Qinglan said.

While talking, there was a sudden movement in the rear, and Shen Qinglan suddenly turned and saw Su Qing who had seen him in the capital.

Jin Enxi's gun pointed at her immediately, Su Qing held her hand, "Don't shoot, I'm here to show you the way, I know where I can leave."

Jin Enxi looked at her suspiciously. The gun in his hand was not put down. Although the other party said that it was not Qin Yan's person, it was always unclear whether it was an enemy or a friend. Who knew what the woman in front of him wanted to do.

Su Qing did not look at Jin Enxi, let alone the weapon in her hand, but looked at Shen Qinglan, "Come with me."

Shen Qinglan pursed her lips, "Enxi, let's go." He said, walking in the direction of Su Qing.

"An." Jin Enxi shouted, but Shen Qinglan just asked her to catch up, the speed on her feet was not slow.

Su Qing smiled slightly, "Don't you call your other companion?"

Shen Qinglan's eyes narrowed and contacted Andre. Andre was not far from their present position. He quickly caught up. Su Qing and three people ran fast in the jungle, watching her familiar Looks like no one thinks she is here for the first time.

The steward took people behind and chased them back and forth, stray bullets would pass by them from time to time. Suddenly, Shen Qinglan snorted, and knelt down at once, her hands on the ground, to avoid falling down.

Su Qing suddenly supported her, "What's wrong?"

"Leg was bitten by something." Shen Qinglan said, if she didn't feel wrong just now, she should have been bitten by a snake.

Su Qing, by the faint light of the sky, saw a snake in the grass not far away. After seeing it clearly, he was relieved. "Fortunately, there is no poison."

Shen Qinglan nodded and stood up. Su Qing saw that her face had turned pale and said, "Give me the person on your back."

"No, hurry and go, they're catching up." Shen Qinglan refused, not knowing whether she used too much force before, after so long, the movement was so big, but Yan Xi has been in a comatose state. It wasn't Shen Qinglan who asked Jin Enxi just to confirm that Yan Xi was still alive. She had to wonder if Yan Xi was hit by stray bullets.

Su Qing took them to the beach, but when they rushed to the beach, they found that the housekeeper had also rushed them.

The housekeeper saw Su Qing who appeared beside Shen Qinglan, and a fierce light flashed in his eyes, "You really are a traitor."

Su Qing chuckled, "Butler, you're so funny, I have never been Qin Yan's person, how can it be regarded as a betrayal?"

"Don't forget what you promised your wife. What do you mean by helping your wife's enemies now?" The butler asked sharply.

"Housekeeper, your attitude is very unfriendly now. I am not a subordinate of Qin Yan. Naturally I don't have to listen to you. I want to help who I don't want to help. That's my freedom. It doesn't seem to have anything to do with you."

"Madam saved your life."

"So I helped her do ten things, and I gave her more than one life." Su Qing said this with a flash of hatred in her eyes.

The butler looked at her coldly, then turned to Shen Qinglan, "You have nowhere to escape now, you think you can escape with Su Qing helping you? These are all our people, even if it's useless if you put your wings on."

It is said that Shen Qinglan's face has not changed. From the beginning, she expected that this operation would not be so smooth. If she guessed right, Qin Yan planned to kill her with all her strength this time.

Already knowing what to face, Shen Qinglan did not have the slightest fear in his heart, but looked at Su Qing, "It seems that this time I will be implicating you."

Su Qing shrugged and looked indifferent. "It's up to me to do more business, it has nothing to do with you."

"This time I'm afraid I can't leave here safely. Since it's very likely to die, can you tell me who you are? Why should you help me?"

Su Qing chuckled, "I said Miss Shen, your heart is really big enough. What is the situation now? You still have the mind to care about my identity. Are you so curious about my identity?"

"Yes, I'm curious." Shen Qinglan admitted simply.

"Oh, Ann, Ni directly asked her if it was done." Jin Enxi, who had been standing beside Shen Qinglan and listening to the conversation between the two, couldn't help but open her mouth, she looked at Su Qing, "I ask you, are you Qin Mu? ?"

Su Qing was stunned, "Qin Mu? Who is that?"

Shen Qinglan has been staring closely at Su Qing's expression since Jin Enxi's questioning. Seeing that her expression does not seem to be a fake, her heart is full of disappointment. Isn't it really?

"Then do you know someone named Qin Mu?" Jin Enxi asked again.

Su Qing smiled, "I don't know Qin Mu, I also heard this name for the first time, but the two ladies, it seems that it is not the time to discuss this, you look at people's guns are pointing at our heads, Do you think we really want to continue chatting?"

I don't know when the heavy rain has stopped, the horizon has been completely whitened, the sky is getting brighter, and the field of vision has become wider. Qin Yan was carried by the two men to the beach.

"Shen Qinglan, we finally met again." Qin Yan chuckled.

Shen Qinglan This is the first time to see Qin Yan after that MD trip, and Andrea suddenly red eyes when he saw Qin Yan. Sisley was still lying in bed without any signs of awakening, and This woman is the culprit.

Shen Qinglan put Yan Xi down and gave it to Jin Enxi, then stepped forward, "Qin Yan, I'm here, you can let my friend go."

"Haha, Shen Qinglan, are you teasing me?" Qin Yan seemed to hear the most funny joke in the world.

"What have you done so much, you have taken pains to catch Yan Xi, isn't it just for me to come? Now I'm here, you let them go, I stay." Shen Qinglan said calmly, not in his cold eyes The slightest emotion.

Jin Enxi's face changed greatly, "An, no."

"I didn't expect you to be a person who attaches great importance to righteousness, oh, no, you have always been a person who attaches great importance to righteousness, otherwise how could these people come here for you willingly." Qin Yan said with a smile, she was in a good mood Shen Qinglan, several of them are powerful, and even she has to admit that these people are the best works of Allen, but then, no matter how hard they are, they are only four people. The number of people is ten times that of them. Under the condition that their physical strength is exhausted, they want to leave alive. Unless they really have wings, even if they have wings, she can shoot them from the air.

"So, you don't want to let them go anyway?" Shen Qinglan said in a deep voice.

Qin Yan nodded, "Look at the ghosts that I am now, just to give them their thanks. The doctor said, I can't live for a few days. In this case, why should I let you go easily, how lonely on Huangquan Road, there is You will be more lively with you."

"Qin Yan, what are you psychopathic about?" Jin Enxi was angry, and there were many people she had contacted, including some people with special hobbies, and even some people did a lot of crazy things in revenge. , But something like Qin Yan is absolutely unique.

In order to avenge the revenge, he married the enemy, and then gave birth to children, and sent his own daughter into hell, watching her die. Such a heartless person is rare in the world.No, it's not even as good as animals. Animals also know how to protect calves.

Qin Yan squinted and the gunshot rang, if it wasn't for Jin Enxi's quick response, she hid to the side, and the bullet would kill her just now. She looked at the butler violently. Smoking white smoke.

Jin Enxi's eyes were slightly cold, he looked at the housekeeper, and snorted. This damn housekeeper found the opportunity to solve him first. If it weren't for him, Eden wouldn't be injured, nor would Sisley be a vegetative. There will be a chance to come out.

The housekeeper's cold eyes on Jin Enxi seemed to be unnoticed, and he said in a cold voice, "Talk to your wife politely."

"Oh, it's really Qin Yan's dog, but it's really obedient, I just want to know, you are so loyal to Qin Yan, Qin Yan is sincere to you? Do you know how she treats her men? ? The two who followed her were dead miserably, but Qin Yan never even looked at them."

The housekeeper was expressionless, "That's because they're useless, and they deserve it if they die."

Jin Enxi sneered. "Surely it's not that the family doesn't enter the house. Neither you nor Qin Yan is a good thing. What about you?" She looked at the group of people surrounding them. "Are you willing to be a chess piece in Qin Yan's hands?" As long as it is useless, give up without hesitation."

Those people were carefully trained by Qin Yan and the housekeeper. How could they shake their minds because of Jin Enxi's words.

"Don't think about provoking separation, they won't listen to you." Qin Yan said with a smile, but this skeleton smiled in front of you, not only did it not have the slightest sense of beauty, and some were just scary.

Jin Enxi shook his arm, "Qin Yan, don't laugh, don't you know how scary you are now, don't harm us."

Qin Yan's murderous eyes flashed by, but when the housekeeper raised the pistol again, Jin Enxi took the lead to fire the gun. This gun was directed at Qin Yan. The housekeeper had no time to react and had to use his body to block Qin Yan. Got this shot.

This shot did not hit the housekeeper's point, only hit him in the shoulder, he snorted, and blood stained Qin Yan's face.

Qin Yan wiped the blood on his face with his sleeves expressionlessly, waved his hand, and it was necessary for someone to shoot, and when he reached his hand, there was a voice, "Qin Yan, dare you."

It turned out that Allen and Fu Hengyi and others had arrived.

When Qin Yan looked in the direction of the sound, he saw the picture of Fu Hengyi and Alan coming down from the car together, and couldn't help laughing, "Shen Qinglan, you have to admire your ability, you can make the two completely opposite People are cooperating, are you very touched when you see these two affectionate men?"

Shen Qinglan looked directly at Fu Hengyi with a sigh in her heart. After all, Fu Hengyi was still here. She should have known for a long time that this man wouldn't follow her instructions and waited for her in Beijing.

Fu Hengyi also looked at Shen Qinglan, seeing her drenched and pale, but fortunately, there were no obvious wounds on her body, and she was immediately relieved. Just wondering about the woman who appeared beside Shen Qinglan, don't know who it is.

The current situation is that Shen Qinglan was trapped on the cliff by several housekeepers, and Qin Yan was surrounded by Allen's people.

"Qin Yan, you have nowhere to go now, let them a few." Allen said coldly.

Qin Yan ignored Alan's gun in their hands, and his face was calm. In this situation, Alan didn't dare to

shoot at all. Who would let their baby be in their hands?

"Allen, I thought we were the gang, they." Qin Yan had seen Yan Anbang and pointed to Yan Anbang. "He and her father jointly killed your father Kekar. I will avenge them." , Why do you stop me three times?"

"I said, you don't block your revenge, but you can't hurt her, or don't blame me for turning your head away." Alan ignored Qin Yan's accusation.

Yan Anbang stepped forward and walked to the front, "Qin Yan, I'm here, what about my daughter?"

"Isn't your daughter there?" Qin Yan pointed in Yan Xi's direction. Yan Xi leaned in Jin Enxi's arms, looking like she was asleep, Yan Anbang's face changed slightly, "What did you do to my daughter?" ?"

"What can I do, I am already very kind to her, I did not let her experience the second time in the same experience, just to remind her of the memory she has forgotten." Having said that, she stopped and looked at Shen Qinglan, "Actually I think you should thank me, Yan Xi has forgotten you, I let her remember you again, should you thank me?"

Shen Qinglan kept his face calm and silent.

In Beijing, An An cried a lot when he woke up early in the morning, and when he opened his eyes, he wanted to find his father and mother. No matter how coquettish Chu Yunrong was, it was useless. Even the photos of Shen Qinglan who tried everything in the past few days were useless. .

Looking at An An's crying face flushed, even the green muscles on his forehead burst out, Chu Yunrong was very distressed, holding An An's heart and baby crying, but An An did not buy it at all.

"An'an, Mom and Dad are coming back soon, don't you cry, okay, you cry so grandma's heart is broken." Chu Yunrong hugged An'an, looking worried.

Shen Qian came out of the room, hugged the child over, and gently rocked, "An An is good, Grandpa is here, An An does not cry."

"Mom." An An cried with a red nose and a very distressing cry.

"I'm going to contact Qinglan." Chu Yunrong said, but no accident, she couldn't be contacted at all, even Fu Hengyi's phone will be turned off. "What happened to these two people, even people can't find them. When I arrived, I left my son and left without saying hello. After so many days, I didn't even have a phone call.

Chu Yunrong said this on her lips, but she felt more and more afraid in her heart. It had been five or six

days. She had not contacted Shen Qinglan. In addition, her eyelids kept jumping in the past few days. There was always an ominous premonition.

"A Qian, where did Qing Lan go, do you know right?" Chu Yunrong looked at Shen Qian. Since Shen Qinglan left, Shen Qian has been asking for leave at home for a few days, exacerbating Chu Yunrong's heart. disturbed.

"Yun Rong, Qing Lan and Heng Yi will be fine together. The most important thing now is to prevent An An from crying. If you continue to cry, your throat will cry."

Chu Yunrong was very anxious looking at the crying method of her grandson, but she really had no way to take An An. An An decided to cry in the end.

The movement downstairs awakened Mr. Shen, he hurried downstairs, "What's wrong with An'an?"

"I've been looking for Qinglan since the morning. I can't reach her now, and I'm in a hurry." Chu Yunrong said.

Grandpa Shen looked at An An, and sighed in his heart that it was indeed the mother and son connected, and reached out to An An, "An An, I will take you to find my mother, don't cry."

"Mom, please mom." An An said in tears.

"Okay, let's go find our mother now." Master Shen coaxed warmly, such gentleness, even Shen Qinglan did not experience it.

Mr. Shen hugged An An and turned around in the courtyard, knowing that he was going to find his mother. An An's crying gradually stopped, leaving only sobbing.

"An An, you are a boy, you can't always cry, will your mother be upset when she sees him?"

An An is now looking for his mother wholeheartedly, looking around with his eyes open, wherever he can hear the old man's words, even if he listens in, he can't understand the meaning of the words.

His hand pointed wildly, "Mom."

The old man walked in the direction he pointed out. The grandson and grandson walked outside for a long time. An An was almost a year old and had gained a lot of weight. After such a frustration, Old Man Shen also felt unable to move, but he still calmed down. Hold it firmly in your arms.

Chu Yunrong followed behind Mr. Shen. When he saw that he was weak, he hurriedly said, "Dad, let me hug you."

Mr. Shen shook his head, "I'm fine, but a child, I can hold."

And this stroll was more than an hour, and finally An An was so tired that he fell asleep, and Master Shen took An An back, looking at An An quiet sleeping face, several adults were relieved.

"Dad, is your arm okay?" Chu Yunrong asked.

Grandpa Shen waved his hand, "It's okay, you take care of An'an, I'll take a break."

Shen Qian immediately stepped up to support the old man and helped the old man up to the room. Old Man Shen looked at Shen Qian, "Still unable to contact?"

Shen Qian nodded, "Yes, not only Qinglan, but also Hengyi can't be contacted, dad, won't something happen?"

"Don't scare yourself, they'll be fine. Has the military area been dealt with?"

"It has been dealt with, but this time Hengyi left the army without permission, and he will inevitably be punished after returning." Shen Qian said.

Grandpa Shen waved his hand, "I don't need to ignore these for the time being. Heng Yi will deal with it when he comes back. You can comfort Yun Rong, don't let her emotions affect the child."

"Dad, I see, you have a rest too."

Mr. Shen nodded and closed his eyes to calm down. Where can he sleep now? Shen Qinglan doesn't know what is happening now. His heart is not so big. "My wife, you must be blessed in the sky. Lan Lan and Heng Yi are safe."

Country Y seaside villa.

Qin Yan looked at Yan Anbang with a sullen expression, and smiled, "Yan Anbang, I am really happy to see how you are now. You don't know how long I waited for this day."

"Qin Yan, if you want my life, then I can give my life to you, as long as you let my daughter go." Yan Xi is already pitiful, why does Qin Yan not want to let her go.

"Well, what do I do with your life, don't blame me for being cruel, or blame Yan Xi for your bad life. With a father like you, you must keep your eyes open in the next life, Yan Anbang, I am actually very I want to ask you, do you regret it?"

Yan Anbang then regretted that the woman in front of him ruined his family, and now his daughter became like this, he wished to eat Qin Yan raw.

Qin Yan ignored Yan Anbang's eyes, and his eyes were full of joy. "Ah, it's a good day today. I haven't been in such a happy mood for a long time. Today is also the first time we have met so many people. It's a rare fate. I think we A bottle of champagne should be opened to celebrate."

Jin Enxi looked at Qin Yan in disgust, Shen Qinglan gave her a wink, Jin Enxi nodded slightly, taking advantage of Qin Yan's inattention, quietly moved her footsteps.

"Yan Anbang, you should regret it. You let me lose my favorite person. I naturally want you to taste it."

Yan Anbang never regretted killing Karl. He was a soldier. At that time, Carl killed the citizens of country Z frantically. That was his duty. The only thing he regretted was that he didn't see Qin Yan's true colors earlier, and was deceived by this woman. For many years, it has hurt the person closest to me.

"Unfortunately, Shen Qian is not here. I actually want Shen Qian to see such a scene today, which must be particularly exciting." Qin Yan smiled cruelly.

Yan Xi woke up at this time. As soon as she opened her eyes, she saw Shen Qinglan and the people around her. Her eyes were suddenly full of panic and fear. If Shen Qinglan fixed her body in time, she would not let her Struggling, I am afraid Yan Xi will run away.

"Let me go, don't touch me, walk away, walk away." Yan Xi exclaimed, she looked like Fu Hengyi's heart sank, looked at Shen Qinglan, really Shen Qinglan's eyes were full of pain.

Yan Xi struggled, and accidentally, her hand hit Shen Qinglan's face and fell into the ears of everyone, making Alan and Fu Hengyi's face slightly change.

Allen's face was directly black, and Fu Hengyi's expression was also not good-looking. Su Qing stepped forward with a hand knife and stunned Yan Xi again.

"Qin Yan, I can give you the ashes of my father." Allen suddenly said, attracting Qin Yan's attention.

Qin Yan's eyes changed, "Where is his ashes?"

"I can give you ashes, so that you can stay with him after death, but you have to let them go." Allen said his condition.

What Qin Yan did not notice at the moment was that Fu Hengyi had left Allen's side and replaced Peter standing behind Allen.

Qin Yan sneered, "Alan, do you think I'll let these people go because of the ashes of a dead person?"

"Of course you can't let it go, but I can also feed Jacar's ashes to the dog, and then put the dog in the cage, so that you will never get him, even if he has a lifetime, he can't be born."

In Qin Yan's hometown, there is a saying that if a person cannot rest in peace after death, then he cannot be reborn, and he can only be a lone ghost in the world. This statement was also known to Alan recently, probably this is the reason why Qin Yan must get Carl's ashes.

Qin Yan's expression changed, and as soon as Karl was involved, the woman's emotions were easily out of control.

"Allen, dare you."

"You know, I dare." Allen said indifferently.

Yes, he dared, so Qin Yan didn't dare to gamble that in case, his Carl couldn't be a lone ghost, he promised her, he would marry her as a wife in the next life, and stay with her alone all his life, they want to have children and children together, the next life that can not be achieved in this life will be realized slowly.

Seeing Fu Hengyi slowly approaching Qin Yan's direction, Yu Guang in the corner of Allen's eyes continued to say, "Qin Yan, this is Carl's ashes." He raised his hand, and there was a ring on his hand, watching it is a plain ring.

Qin Yan's eyes narrowed, and her eyes fell on the ring, her face sinking, "Allen, you dare to lie to me." She was extremely angry.

"I didn't lie to you. Now there is a technology that can make ashes into rings, so that the people you care about will always be with you. Don't you know such a technology?"

Of course, Qin Yan has heard of this technique. She just didn't expect that the things she was looking for had appeared in front of her long ago. This Allen ring was worn by Alan for many years. She never thought that it would be Karl's. Ashes.

"How dare you, how dare you do this." Qin Yan trembles with rage, even her lips tremble slightly.

Allen chuckled, "There is nothing in this world that I dare not do. You already know this, don't you? Now can we talk about it? I give you his ashes, and you let these people go. "

Qin Yan sneered, "You dream, as long as I kill you all, then this ring is naturally mine." She quickly accepted the fact that the ring was Carl's ashes, but it was not difficult to understand when she thought about it. After finding all possible places, she didn't find it. She once wondered if Allen had lost Carl's ashes. Unexpectedly, there was nothing in his hands that would be safer than wearing it on her body.

"Qin Yan, you are pitiful, do you know why?" Allen laughed, and smiled strangely.

Seeing this scene, Shen Qinglan immediately understood what Alan wanted to do and shouted, "Alan,

no." At this time, tell Qin Yan the truth, Qin Yan will be crazy, what a lunatic can do is normal. People are incomprehensible, but what is certain is that all the hatred of Qin Yan will be transferred to Allen, and Allen will definitely die.

Alan glanced in the direction of Shen Qinglan, his eyes soft, "Xiao Qi, I'm very happy to see you care about me." Is this a concern? Let's just assume it.

Allen turned to look at Qin Yan, Fu Hengyi was getting closer and closer to her, but the butler stood beside Qin Yan, his attention was always on Alan, and he didn't even notice that Fu Hengyi had left the place where she was originally. position.

"You have been mistaken for the enemy," Allen said. "Actually, Carl wasn't killed by Shen Qian and Yan Anbang, but me." He said lightly the secrets hidden in his heart.

All the people present were in a surprised look on their faces, or unbelievable.

"No, it's impossible. Carl's men told me personally that Carl was killed by Shen Qian and Yan Anbang. I saw his body with my own eyes. It couldn't be you, Alan. Don't try to deceive me to let me go. They, they all have to pay Karl's life today." Qin Yan's expression was fierce.

"Do you think I will deceive you with such a lame lie, Qin Yan, are you doubting your IQ or my IQ?" Allen said disdainfully.

Seeing him spare no effort to stimulate Qin Yan, Peter supported his forehead, it seems that the madman made up his mind today to die with Qin Yan. He glanced at Shen Qinglan's direction and shook his head.

Shen Qinglan stared closely at the housekeeper. The gun in her hand was already loaded. If something went wrong, she would first destroy the housekeeper.

Alan looked at Qin Yan's ugly face, and he was in a very happy mood. Sure enough, he was happy when he saw that others were not happy.

"In fact, my father was still not dead. Although he was seriously injured, he still had the last breath. I took him away, and then put a man with a body similar to him into his clothes. Are you? It's very strange, why did Shen Qian and Yan Anbang kill Carl at the same time as his face? Tell you, that's what I did, otherwise what would you do if you didn't recognize him?"

"I used a lot of energy to save Karl, but I hate him, and I cut off the flesh of him one by one..." Allen recounted how he killed Karl.

Qin Yan's eyes have turned crimson and his chest is violently bullied. Looking at Allen's eyes can no longer be described as cannibalism, "Allen, he is your father." The words, with bitter hatred, intention and regret, why did she save him?

The others present, except for Shen Qinglan and Fu Hengyi, shuddered at the words of Allen. What kind of person is this? He could treat his biological father like this.

"He is my father, but he personally killed my mother, Qin Yan, Carl will get such an ending, you can do it. If it were not for you, my mother would not be sad and desperate, and would not do anything confusing. And you won't die. How proud you used to be. How much pain do you want? How many years have you been thinking of revenge?" Allen smiled warmly and softened his facial features. In this way, he looked a bit like the dead Carl."

But Qin Yan was even crazier, "Allen, I'm going to kill you." She screamed and grabbed a gun from the housekeeper.

Bang, gunshots sounded.

443 Chapter Qin Yan's Death

"Bang", the gunshot sounded, but the blood flower was not shot from Alan, but from Qin Yan's arm, the pistol she grabbed from the housekeeper fell to the ground, she held it On his right wrist, his arm is full of blood.

The accident happened so suddenly, no one thought when Fu Hengyi approached Qin Yan's side. The housekeeper looked at Qin Yan in disbelief, "Ma'am, are you all right?"

Qin Yan's eyes were fixed on Allen, and she ignored the words of the housekeeper. If it weren't for her leg to be abolished, she couldn't move. I'm afraid she had already rushed to kill Allen.

Peter was already standing in front of Allen, a posture that he wanted to block bullets for him at any time. Allen looked at the man with his eyes closed in front of him, obviously scared but immobile, and a strangeness appeared in his heart. It felt like he pushed Peter away, and said in disgust, "Dare to rush ahead in front of death and walk away."

Peter was pushed aside by Allen, staggering two steps, looking at the bleeding Qin Yan on his arm, secretly relieved, patting his chest, his face was shocked, he did not understand how he just rushed up Are you really not afraid of death? Had Fu Hengyi not shot in time, did he die just now?

Thinking about it, Peter was sweating all over, but his eyes saw Allen standing alive in front of him and smiled. At least Allen was fine. In the end, he was one of the few friends in this world. Peter didn't want Ai. An accident happened to Lun, although in Allen's mind, perhaps he was not even a friend.

Qin Yan looked at Alan dyingly, her mind was full of what Alan had just said, and slowly pulled away her last sense of reason.

"So, Qin Yan, think about how sad you are. After all these years, you haven't figured out who the enemy is. Oh, yes, you saved your enemy. If it weren't you, I would have been Being fed a shark, it's really thanks to you that you can still stand here." Allen's mouth raised slightly, obviously in a good mood.

"Poof." Qin Yan spit out blood and dyed the clothes on her chest with dots of bloody plum blossoms. The butler looked shocked, "Madam."

Qin Yan wiped the blood from the corner of her mouth with her hand and pushed away the housekeeper, "Allen, I want you to die."

Allen was not afraid.

It was said that sooner or later, before the housekeeper responded, Qin Yan was pulled from the wheelchair, and a pistol hit Qin Yan's forehead. It was Fu Hengyi who had just fired a shot.

"Let them go, or I will kill her with a shot." Fu Hengyi said coldly, saying to the housekeeper.

The butler didn't anticipate his own momentary negligence, and even let Qin Yan fall into the hands of Fu Hengyi. The original situation was instantly reversed. The butler glanced at Qin Yan and waved towards his men. "Go back and put the gun away. "

"Butler, you dare, no one of you is allowed to step back and kill them for me." Qin Yan snarled back and shouted. She made up her mind not to let anyone leave here today.

Fu Hengyi's eyes changed slightly and she looked at Shen Qinglan's direction. She held Yan Xi tightly in her arms and looked at Fu Hengyi. The two looked at each other, but in an instant, Shen Qinglan withdrew her gaze, and Jin Enxi had quietly Silently walked behind Qin Yan and others.

The steward did not do what Qin Yan meant, but said to his men, "Go back and put down the gun in your hand, no one is allowed to shoot." You can ignore your own life and death with your own eyes, but he can't ignore Qin Yan's life and death.

"Butler, who asked you to make your own claims." Qin Yan was very angry. If she was not restrained by Fu Hengyi, and she could not make herself at all, she might have begun to resist.

Fu Hengyi pressed her head and looked at the housekeeper, "Go back and let me go."

His muzzle is attached to Qin Yan's temple. As long as the trigger is pulled gently, Qin Yan's head will bloom immediately. Fu Hengyi is a person who has climbed out of danger. After so many years in the army, he has not performed much. Dangerous missions, this scene is naturally calm, but the housekeeper believes that if he did not follow Fu Hengyi's words, today Qin Yan must die in his hands.

Qin Yan did not allow his men to retreat and stalemate with the housekeeper. But while the two were stalemate, Shen Qinglan and others had quickly moved closer to Allen's direction. As soon as they approached, Shen Qinglan handed Yan Xi to Yan Anbang.

Yan Anbang hugged his daughter tightly, watching Yan Xi's pale, paper-like complexion even if she was in a coma.

Shen Qinglan took over the pistol handed over from Alan. Her pistol bullets were almost exhausted. That is to say, if it were not for Alan, they would come in time. I am afraid that Shen Qinglan would have to fight Qin Yan with his bare hands.

Jin Enxi was originally planning to bypass the rear, can solve a few is a few, who knows that Fu Hengyi directly capture the thief to capture the king, Qin Yan controlled, but the housekeeper dare not act lightly.

Qin Yan shivered with anger when she saw the meeting of the two parties. She looked at the housekeeper's eyes with murderous intent. She was very suspicious of who the housekeeper was. Is it that the housekeeper played Infernal Affairs again?

The butler noticed that Qin Yan looked at him with bitterness in his heart, but his face was still expressionless. He looked at Fu Hengyi, "Let's let go."

"Let them go first." Fu Hengyi did not give up.

"Butler, kill them for me." Qin Yan shouted.

She absolutely did not allow Shen Qinglan and others to leave here alive, no matter who Carl died in, they could not get rid of them.

"Madam, I must guarantee your safety." The butler said firmly.

"Who let you control me, my life and death do not need you to control, your task is to listen to my orders, kill all these people to me." Qin Yan is very angry, because the housekeeper does not listen to orders, this is from the housekeeper. When she came to her side, she didn't listen to her order for the first time in so many years.

The housekeeper stayed still, "Let's go."

Fu Hengyi gave Allen a glance. Allen's people protected Shen Qinglan and others in the middle and retreated in the direction of the car.

Yan Anbang followed Shen Qinglan with a comatose Yan Xi, and Shen Qinglan looked at Fu Hengyi. Fu Hengyi held Qin Yan and walked slowly towards Shen Qinglan where they were.

Shen Qinglan's muzzle has been aimed at the housekeeper to prevent sudden changes. No matter how Qin Yan shouted, the housekeeper did not listen to her. Qin Yan only watched Shen Qinglan and others get in the car.

Fu Hengyi got on the last car. He dragged Qin Yan to the car. Now this person is their amulet. Before he is sure of his safety, he must not let go.

Shen Qinglan was also in this car, holding Fu Yanyi in the middle with Fu Hengyi.

Qin Yan's only active hand was just abandoned by Fu Hengyi, and now she does not have the slightest offensive power.

The car started, and the butler followed him closely, and the gunshots from both sides kept coming and going, but the butler's people were after all booby traps, and the car carrying Qin Yan was at the end, which was equivalent to establishing them for Allen. A shield, unless the housekeeper had to let Qin Yan die, he would not dare to attack with full firepower.

But Shen Qinglan had no worries here, Yan Xi had been rescued, and even Qin Yan himself was in their hands, but the housekeeper no longer had the cards to shackle them, they completely let go and played for a while. In between, Qin Yan suffered heavy casualties.

Jin Enxi and Andre were the hardest to fight. They were chased by the housekeeper like a dog for a long time. They were almost wrapped up with dumplings. Don't mention the fire. Now that there is a chance, there is no reason for no revenge. If it were not to threaten the housekeeper with Qin Yan, I am afraid that Qin Yan is now a dead body.

One side casts a mouse and the other side has no scruples. The pros and cons set the verdict. In just a few minutes, the number of people on Qin Yan's side dropped by one-fifth.

But Shen Qinglan suddenly found a weird place, that is, Qin Yan was too calm. After she got on the bus,

the madness on her face disappeared completely, and some were just strange and calm. Such calm made Shen Qinglan There was a deep unease in my heart.

"Qin Yan, what are you doing?" Shen Qinglan asked coldly.

Her question suddenly attracted Jin Enxi's attention. Andre and they were not a car, but Su Qing, who was in charge of driving, and they were in a car. When he heard Shen Qinglan's words, he went back He glanced at Qin Yan quickly in the mirror, somewhat puzzled by Shen Qinglan's meaning.

Qin Yan smiled, "It's really a charm, the brain is easy to use, but you know it's too late now."

Sure enough, Shen Qinglan and Fu Hengyi glanced at each other, thinking of a possibility, their eyes slightly changed, handed the pistol in their hands to Fu Hengyi, and reached out to find Qin Yan's hand.

"Ha ha ha ha ha, ha ha ha ha ha." Qin Yan laughed, "Shen Qinglan, you can't find it, because it's not on me at all."

Shen Qinglan's face became ugly. Qin Yan's words were equivalent to admitting his guess in disguise. "Stop, stop quickly." Shen Qinglan shouted at Peter who was driving.

Peter looked at Shen Qinglan puzzled, and Allen, who was sitting in the co-pilot, heard this and immediately asked Peter to stop the car.

Shen Qinglan quickly got out of the car, and Fu Hengyi immediately covered her and prevented the housekeeper from acting rashly.

I saw Shen Qinglan ran to Allen's car and opened the back seat. Andre and Yan Anbang with Yan Xi were sitting in the back seat.

She rummaged on Yan Xi's body, just opened Yan Xi's clothes and found a small bomb tied to her.

Everyone in the car saw the bomb tied to Yan Xi. Before Shen Qinglan rescued the person, he just left and didn't check Yan Xi's body carefully, so naturally he didn't know that Yan Xi was bombed. .

Shen Qinglan took a quick look. The bomb was not big, because it was not big, so it was not so easy to be noticed when it was tied to the body. If Yan Xi was sober, she might still be able to tell Shen Qinglan, but now Yan Xi In a state of unconsciousness, nothing can be done.

The look of the people in the car changed greatly, and Allen once again raised the urge to throw Yan Xi into the sea. If it was not for this woman, Shen Qinglan did not need to go into danger for her twice, she was Shen Qinglan. burden.

Yan Anbang was also taken aback by the bomb on Yan Xi's body, realizing that Allen had a murderous look and hugged Yan Xi tighter, turning sideways, trying to block Allen's sight.

"Can it be demolished?" Yan Anbang asked.

Shen Qinglan's expression was solemn, "It can be disassembled, but it takes time." But now they are short of time. Since Qin Yan has done so, he certainly will not give them enough time, not to mention Qin Yan just said that they found too late.

Sure enough, at the moment when Shen Qinglan finished speaking, the bomb on Yan Xi's body suddenly turned on, and a string of numbers was jumping fast. Looking at the time above, they were left with less than five minutes.

The housekeeper took the man and stopped the car. Fu Hengyi and Alan stood at the front, confronting the housekeeper.

Qin Yan was still held in his arms by Fu Hengyi. With Qin Yan in hand, the housekeeper would not dare to act lightly.

Qin Yan looked at Alan who was not far away from her. She immediately hated her and looked at Alan violently. "Return my Carl to me." Her eyes fell on Alan's hand.

"Hand over the remote control." Allen asked for conditions.

Qin Yan gritted her teeth, "There is no remote control." She noticed that Shen Qinglan had left Yan Xi and then pressed the switch button on the remote control. After the bomb was activated, she threw the remote control into the sea. If there is a remote control, even if there is a remote control, it will not stop. Unless this bomb is removed, it can only be allowed to explode.

"Ann, this time I'm in trouble. This bomb is connected to Yan Xi's pulse. If it is removed, it will explode immediately." But if it is not removed, all of them will be buried for Yan Xi after five minutes.

The cold sweat on Jin Enxi's forehead came out. Qin Yan really was a ruthless man, and even got such a thing, and it was also used on Yan Xi's body. The best solution turned out to be to leave Yan Xi. They evacuated the bomb explosion within five minutes. She wanted Shen Qinglan to choose whether to die with Yan Xi or let Yan Xi die alone.

If Shen Qinglan chose the latter, then in this life, Shen Qinglan would live in guilt for Yan Xi, and feel uneasy all her life. If she chose the former, then her purpose would be achieved.

"Ann, I'm going to kill Qin Yan." Jin Enxi gritted his teeth.

Yan Anbang also knew the seriousness of the situation, looked at Yan Xi pityfully, then looked up at Shen Qinglan, and said firmly, "Qinglan, please go quickly, the farther away from here, the better."

Shen Qinglan turned a deaf ear to Yan Anbang's remarks. The design of this bomb was ingenious, and

this bomb had a great limitation, that is, it must be tied to the body and use the pulse of living creatures to be effective. Otherwise, it would not be there at all. Qin Yan didn't start the program, so they could just take a pair of scissors to dismantle the bomb, but now that the bomb has been activated, if it is removed, the bomb can't sense the pulse of the pulse, it will immediately explode, everyone here, including the people brought by the housekeeper, there will be no place to bury.

Time passed by one minute and one second. Shen Qinglan was still studying how to dismantle the bomb. Seeing the passage of time, Yan Anbang was also anxious. "Qinglan, don't worry about Yan Xi, please hurry."

He didn't want Yan Xi to die, but he didn't want so many people to die with Yan Xi. He didn't forget that Shen Qinglan and Fu Hengyi had just become parents, and there was a child under one year old in the family.

He had already seen Shen Qinglan's friendship with Yan Xi, and it was her blessing that Yan Xi could have such a friend.

"Qinglan, hurry and go, I am very grateful for what you did for Yan Xi, but if you think about your son, he is under one year old, don't you want him to be an orphan? I haven't done it in my life To the responsibility of a father, to the last voyage of my life, I will go with Yan Xi and will not let him go alone." Yan Anbang persuaded bitterly.

"Don't talk." Shen Qinglan said sharply, reaching for the sweat on her forehead. Her eyes were fixed on the colorful threads on the bomb, which were tied to Yan Xi's heart. , Up and down with the ups and downs of her chest.

Su Qing listened to what Yan Anbang had just said and lowered her head, not knowing what she was thinking. After a while, he suddenly said, "I have a way."

As soon as the words came out, several people looked at her suddenly. Su Qing squatted down and said slowly, "Transfer the bomb to me."

Shen Qinglan's expression changed and blurted out, "No." This bomb has two explosion methods, one is Yan Xi's death, the heart stops beating, and the other is that it explodes automatically when the time is up.

In fact, the first one can be exploited by a person. The method is to transfer the bomb to another living person, and then use this person's heart beat to delay the time of the bomb explosion, but the transfer process needs to be fast, and can not be a few lines Transfer together, if transfer together, it will explode immediately.

Yan Anbang also understood this method and immediately said, "I'll come and tie the bomb to me." Next to the sea, as long as he jumped into the sea, even if the bomb exploded, Shen Qinglan and others would be safe. thing.

"No." Shen Qinglan opposed.

"Qinglan is running out of time. Let me come. I am her father. I have an obligation to protect her. I have not been able to be a good father in the past two decades, and because of my blindness, she has suffered so much. This is the last thing I did for her. I just ask you to help me take care of her in the future." Yan Anbang said gently, looking down at Yan Xi in his arms, his eyes tender and loving.

In fact, he liked this daughter very much, and he loved it in his hands as a baby since he was a child. He couldn't help thinking of Yan Xi when he was a child, and surrounded him and called his father.

I also remembered Yan Xi's indifference to him after he divorced Zhao Jiaqing, and his bitter hatred towards Zhao Jiaqing when he died. He was ashamed of his daughter. As for the other daughter, it was his life. The pain can't be erased anymore.

Shen Qinglan had no choice but to let them go, but now he knows how to save Yan Xi, even if he changes his life from life to life.

"If Yan Xi wakes up, she will hate me." Shen Qinglan said lightly.

"Let me come, anyway, I am alone, it doesn't matter if I'm alive or dead." Su Qing said indifferently.

"Oh, don't fight anymore, just let Qin Yan come." Jin Enxi said suddenly.

This was a wake-up call from a dreamer. Shen Qinglan's eyes lit up. She was too anxious just now, but she forgot Qin Yan. Su Qing quickly got up, ran to Fu Hengyi's side and pulled Qin Yan over, throwing Qin Yan into the car like dragging a dead dog.

The space in the car was already limited. Qin Yan appeared a lot narrower as soon as she came in. When Yan Anbang saw this, he immediately retreated and gave the space to Shen Qinglan.

"Su Qing and En Xi, held Qin Yan to me." Shen Qinglan said coldly, could there be no mistake in this process, otherwise they would both die.

Jin Enxi and Su Qing fixed Qin Yan firmly from left to right. Qin Yan didn't know what Shen Qinglan wanted to do at first, but when she saw her movement, she immediately understood it and wanted to struggle.

But her hands and feet were originally scrapped, and now her body was fixed by Jin Enxi and Su Qing together, and she could not move at all.

"Shen Qinglan, you let me go. We will die as soon as you move this bomb." Qin Yan didn't want Shen Qinglan to move the bomb. It wouldn't matter if it was unsuccessful, and everyone would die together. She didn't want to live anyway, but in case of success, her plan will be overwhelmed.

Shen Qinglan didn't hear her words, she kept moving. She cut the clothes on Qin Yan's chest three times, five times and two, and exposed her chest. Then carefully took one of the threads from Yan Xi He picked it up and glued it to Qin Yan's body very quickly.

Shen Qinglan paused for two seconds, held his breath and stared at the bomb. If they exploded at this time, they could only admit it. After waiting for two seconds, the situation was safe. Shen Qinglan breathed a sigh of relief. This means that this method is completely feasible.

"Su Qing, do you have to help them? Don't forget, I saved your life." From Shen Qinglan, Qin Yan turned her eyes to Su Qing again.

The carriage was full of heavy, disgusting bloody gas, which was exhaled from Qin Yan's arm. She was injured by Fu Hengyi's arm because of Su Qing's movement of seeing her pulling just now.

Su Qing heard his words, his eyes flickered, and his expression became indifferent. "I have done so many things for you, and I will give you back no matter how many lives I have."

"No, there is one last thing you haven't done. I don't want you to kidnap Chu Yunrong. I want you to kill Shen Qinglan now. As long as you are done, you will be free."

Su Qing's mouth lightly ticked, "I'm as free as you are dead. Rather than struggling to kill Shen Qinglan, I'd rather watch you die."

And just between the speeches, the second thread has also been transferred to Qin Yan.

Qin Yan was even more anxious when she saw it, and she wanted to let the butler shoot, but her voice hadn't been heard, and a cloth was stuffed in her mouth. The cloth didn't know where Su Qing came from, The dirty color can no longer see the original color, but also exudes a strange smell.

Jin Enxi wrinkled his nose and looked at the cloth in Qin Yan's mouth with disgust. Su Qing shrugged and looked innocent. "I took it from the car."

Shen Qinglan turned a deaf ear to the situation around him and watched the lines on the bomb intently. There were six lines on the bomb. Now two have been transferred, and there are four left.

On the other side, the housekeeper watched Qin Yan being dragged away by Su Qing like a dead dog, and was anxious. "You let go of your wife."

Where did Su Qing take care of this, just dragged Qin Yan into the car, the butler wanted to rush up, but was stopped by Alan and Fu Hengyi with guns.

Fu Hengyi and Alan didn't know what Shen Qinglan wanted to do to take Qin Yan away, but thinking about it also knew that it must have something to do with the bomb on Yan Xi's body.

"I will give you the remote control of the bomb, let you go, and you will let your wife go." The housekeeper compromised, watching Qin Yan taken away, and his heart was very uneasy.

Fu Hengyi's expression remained unchanged, and he looked at the butler with cold eyes, "You are back sixty meters." The distance of sixty meters has just exceeded the effective range of the pistol, and can give them a certain time for their subsequent evacuation. "Then give all the guns. I threw it on the ground."

Butler black face, "This is impossible, who knows if you will do anything to your wife as soon as I leave." He did not believe that Shen Qinglan and others would let Qin Yan go, this time, no matter which side came Say, it is a good opportunity to go out to each other.

"You can only choose to believe us." Fu Hengyi said. The problem now is that the housekeeper cannot threaten them without their handle.

"I counted three. If you don't step back, then we can only choose to fight to the end." Fu Hengyi's voice became more and more cold, "Three, two,"

"Wait." The housekeeper said, "We back off." He waved his hand and motioned his back.

"Up to twenty meters." The housekeeper said as he retreated.

Fu Hengyi just wanted to buy time for Shen Qinglan, no matter how many meters the steward moved back.

The steward retreated 20 meters away, stopped, and confronted Fu Hengyi and others far away. The gun in his hand did not mean to let go.

Allen looked at Peter, "Go and see what happened over there." Peter walked towards the car behind him, and saw that Shen Qinglan was shifting the fourth line and saw what they were doing. Peter was taken aback, which was simply Crazy behavior, don't they know that if one is careless, will all of us go to see God?

Sure enough, it was the man who was taught by Allen, as crazy as he was. Peter glanced, didn't bother to go up, and whispered the situation to Alan, Fu Hengyi naturally heard it, his eyes fluctuated slightly, but said nothing, no matter what Shen Qinglan did, as long as he was by her side, he Will support her.

It was just that when Shen Qinglan successfully transferred the fourth line to Qin Yan, the jump of the numbers on the bomb suddenly became faster, and there were only three and a half minutes of time, and there were only three minutes left.

Jin Enxi, who had been looking at the numbers, changed his face immediately, "What's going on?"

"The two's heart rates are inconsistent, the time is getting faster, little...Miss Shen, hurry, hurry up." Su Qing urged.

Although the bomb showed three minutes, they actually did not have three minutes at all, or even one minute if they failed.

Shen Qinglan's face was quiet, she was the kind of person who encountered danger, the more critical the situation, the calmer the mind, quickly transferred the last two lines to Qin Yan, and then moved the bomb to her, directed at Su Qing shouted "Hurry, throw into the sea."

Qin Yan's face changed greatly, trying to struggle, but Jin Enxi and Su Qing raised their hands and feet and lifted them out of the carriage.

This road was originally a mountain road, with mountains on one side and the sea on the other, so some cars accidentally rushed into the sea without any possibility of survival.

Jin Enxi and Su Qing quickly threw Qin Yan out. Qin Yan's body was like a parabola, and a beautiful arc was drawn in the air, but just waiting for the parabola to fall, the air suddenly remembered a huge sound ring.

"Get down!" Shen Qinglan gave a thick voice, and everyone subconsciously lay on the ground and hugged their heads.

The butler watched as they lifted Qin Yan's body out of the carriage. Before he could react, he was thrown into the sea and then slammed into a huge flame flower in front of his eyes.

The explosion shook the mountains, the seawater was blown up, and some of the seawater was directly poured on them. Before the movement calmed down, Shen Qinglan quickly got up from the ground, "Go!"

Everyone responded very quickly. When they returned to the car, the car immediately went out. When the housekeeper responded from the fact that Qin Yan was killed, Fu Hengyi and others had already drove away in the car.

The housekeeper's eyes were crimson, all of them were crazy, "Catch me, one will not stay." He gritted his teeth.

A chase game started on the Panshan Highway. Shen Qinglan and others ran while shooting backwards. The bullet hit the car body and landed on the road. The scene was chaotic.

Suddenly, Shen Qinglan's car was broken by the housekeeper's tires, and even the fuel tank was damaged. "An, we are going to abandon the car." Jin Enxi said.

Shen Qinglan nodded and shouted at Fu Hengyi in a car next to him, "Fu Hengyi, cover us."

Fu Hengyi and Alan looked away, and approached Shen Qinglan. Fu Hengyi opened the door, sideways, and shot several shots behind him. Alan was on the other side of the door, under the cover of the fire of the two. Allen's three cars gradually approached Shen Qinglan's car. Jin Enxi glanced at the opportunity and jumped directly over, followed by Su Qing.

The car was driven by Shen Qinglan. Seeing that both Jin Enxi and Su Qing had shifted, everyone watched Shen Qinglan suddenly make trouble. How should Shen Qinglan come? Just now Shen Qinglan kept the two cars running at a parallel speed. Only then did Jin Enxi and Su Qing get to the other cars. Now it is her turn. What should I do?

"Qinglan, give me your hand." Fu Hengyi said.

Allen immediately understood the meaning of Fu Hengyi and asked Peter to keep the speed in line with the car driven by Shen Qinglan. Andrea's half body was already hanging outside the car and was firing wildly towards the butler and others.

The housekeeper watched Qin Yan's bones blown away in front of his eyes disappear, already crazy, and biting Shen Qinglan tightly, they will concentrate almost all the firepower on Shen Qinglan's car, Shen Qing Lan is really dangerous to jump at this time, but if she doesn't jump, she will be even more dangerous when the car explodes. She weighs the pros and cons. Now she can only choose to jump.

Fu Hengyi threw the gun, grasped the door tightly with one hand, and stretched towards Shen Qinglan with one hand. Regardless of the stray bullets around him, Fu Hengyi was estimated to have been injured if it were not for the cover of Allen and Andre and others.

Shen Qinglan opened the car door and put her hand on Fu Hengyi's hand. Her foot stepped on Alan's car. Fu Hengyi put it into his arms with a firm effort.

Fu Hengyi guarded Shen Qinglan and got into the car, but Shen Qinglan looked back at Fu Hengyi. She had just heard his mumble and was injured almost in all cases.

Fu Hengyi shook his head and indicated that it didn't matter. Just at the last moment, he was hit in the arm by a stray bullet. He was wearing black clothes, and he couldn't see the bleeding on his body, but the instantly darker colors and blood on his clothes reminded Shen Qinglan that he was injured.

Shen Qinglan took Fu Hengyi's arm and was about to check Fu Hengyi, but Fu Hengyi pulled his hand away. "Wait until it's safe." He threw a gun at Shen Qinglan.

Shen Qinglan pursed her lips, took a deep look at Fu Hengyi, and focused her attention on the back.

"Allen, it's not good. The road was blocked by a huge rock in front of us because of the heavy rain last night. We couldn't get through." Peter suddenly changed his face and listened to the report from his earphones.

Hearing this, several people's complexions changed at the same time, and it was simply a leak of the house.

Shen Qinglan and Fu Hengyi took a quick look at the nearby terrain, "Come on, let's go up the mountain."

The road is close to the mountains and the sea. They will definitely not be able to jump into the sea collectively, nor will they choose to die with the housekeeper at this time. Qin Yan is dead. They do not have the chips for the housekeeper in hand, and the current housekeeper is A madman, he just wanted to kill them all for Qin Yan's burial, regardless of his own life and death, so lifeless play, they can only avoid the edge.

This is currently the best plan, and Jin Enxi and Andre took a few people to cover, others quickly got out of the car, climbed up the hill from a side path, the people on the housekeeper saw this, and immediately concentrated their fire attack, but Blocked by Jin Enxi and others.

A group of people retreating and fighting.

"I have contacted the helicopter. We need to run to the top of the mountain. There is a flat ground on the top of the mountain. The helicopter will meet there and arrive in ten minutes." Allen said.

There are a lot of people here, and the number of people who can fly in a helicopter is limited. At present, he can only reach three, which means that after this time, his men will lose more than half, but Allen can't care about these, no matter how. , You should send Shen Qinglan safely.

Fu Hengyi's left arm has been injured and blood has been flowing down. Shen Qinglan is anxious but can't stop now to bandage him, but the housekeeper is still chasing after him.

Someone around him kept falling, and Shen Qinglan didn't look back. A group of people evacuated to the top of the mountain.

There is only one third left of the housekeeper. However, their weapons and equipment were sufficient, and for a time, Shen Qinglan and others were beaten with no power.

Allen's people have lost more than half, and even Jin Enxi was hit. Su Qing, while supporting her, fired a few shots behind her, and everyone finally ran to the mountain.

At the same time, the housekeeper has already caught up.

Digression

Well, Qin Yan is finally dead

444 Chapter

Everyone walked and retreated, but found that it was actually more difficult to move on the top of the mountain. If there were more people than the housekeeper, I would be dumped now.

"An, we have no way to retreat." Jin Enxi said, looking at the cliff behind him. Under the cliff, the waves beating against the sea, and the height here is more than 100 meters away from the sea. If it falls, it will be absolutely dead. Too.

Everyone's face was very ugly, especially Allen, the helicopter he contacted did not arrive at the scheduled time, which was the main reason for their siege by the housekeeper.

"Since there is no way back, fight hard." Shen Qinglan said calmly, and she couldn't stand on the spot and wait for death.

Fu Hengyi stood in front of Shen Qinglan, opposite, the housekeeper had walked out from behind the crowd, his eyes were crimson, he looked at Shen Qinglan's direction with death, "Who let you kill her, you damn people!"

The housekeeper roared, and now Qin Yan can't accept it. He died like this. The bomb on Yan Xi's body was tied up by his own hands, but the result was Qin Yan's death. The housekeeper couldn't accept the result.

Fu Hengyi sneered, facing the butler's muzzle.

"She is already such a poor woman. She has been suffering from the loss of her lover for so many years. Why do you treat her like this?" The butler's hoarse voice blew into the ears of everyone.

A scene emerged in the mind of the housekeeper after Qin Yan lost Carl, the walking dead like a rag doll who lost her soul. After so many years, Qin Yan has lived on the power of hatred. , I am afraid that when Karl first died, she would follow. He is the one arranged by Allen's mother, but he is watching Qin Yan change from a naive girl to a machine dominated by hatred. At a young age, he is drunk and dreams of death, but in different men. Scramble for that little bit of power, and gave up all of his own for revenge.

When he heard Qin Mu sent to the base with his own ears, the crying and laughter came from the bedroom at night and quiet at night.

"She is so pitiful that she has been living in pain, and she can't even rest peacefully. You damn people should go down and be buried with her." The housekeeper's face and neck were green and blue.

Su Qing couldn't help it anymore. He was shot at the housekeeper, but was blocked by the housekeeper's men. Su Qing's eyes were cold, and he grabbed the submachine gun of the people around him. It was a shot at the opposite. Naturally, the other party would not suffer in this way, the gunshot pierced everyone's eardrum.

The bullets of both sides quickly ran out, and the bare hands fought together. Shen Qinglan was not far from Fu Hengyi. His arm was injured, which had a certain impact on his actions.

Andre is protecting Alan and Peter. After all, it is Alan who brought people to rescue Shen Qinglan today. Now they cannot leave Alan alone.

Obviously Shen Qinglan's people on this side have a stronger ability to fight alone. Although they have also lost a lot of people, they have lost at least less than the housekeeper.

Fortunately, the helicopter contacted by Allen finally arrived, and the ladder was lowered from the helicopter. The people on the housekeeper saw it, and they even attacked wildly, even to the point of killing the enemy by one thousand and self-destructing eight hundred. law.

"Send Yan Xi first." Shen Qinglan said to Yan Anbang. Yan Anbang carried Yan Xi on his back. After hearing this, there was no objection. Now it is not a time to waste time and climb up quickly.

At this moment, Shen Qinglan had to rejoice, but the housekeepers had run out of bullets, otherwise Yan Anbang and Yan Xi would have become living targets, followed by Peter.

"Su Qing, go up quickly." Shen Qinglan pushed Su Qing beside her. A shot in her abdomen was still bleeding. It was not suitable for fighting at all. Su Qing took a deep look at Shen Qinglan. "You Be careful yourself."

Shen Qinglan nodded and then looked at Fu Hengyi. Fu Hengyi said first, "You go up first."

The others were already evacuating, and Shen Qinglan glanced around, leaving only a few of them, "Enxi, hurry up."

"An, you go up first," Jin Enxi said casually. There was no way to get in the car before. Now it's impossible to let Shen Qinglan stop.

"Little Seven, you go first." Alan also said.

Shen Qinglan glanced at everyone, no longer hesitating, and quickly climbed up, followed by Fu Hengyi.

Only three of the scheduled three helicopters came, and all of them could only be crowded. After Shen Qinglan and Fu Hengyi climbed the first helicopter ladder, they found that the people were full, and Allen and Jin Enxi could only climb up Ladder of the second helicopter.

The butler looked at the situation in front of him, and there was a bloody flash in his eyes. Shen Qinglan had a bad intuition. Sure enough, he saw a grenade suddenly appear on the butler's hand. No one thought that when the bullets of both sides had been used up, there was such a big killer in the hands of the housekeeper.

Seeing this scene in the air, Shen Qinglan's eyes changed slightly, and the saber in his hand flew past, but at the moment their helicopter was already in mid-air, and the ladder had been shaking, the saber did not hurt the butler's hand, but inserted Entering the shoulder of the housekeeper, Su Qing, who had already seen this scene on the helicopter, grabbed his pistol from the pilot and shot it at the housekeeper, but it was too late. With the nearest Jin Enxi their helicopter flew away.

"No!" Shen Qinglan shouted, "Enxi, jump."

Jin Enxi and Alan are climbing up, don't know what happened, only heard the sound of Shen Qinglan let her jump, Jin Enxi looked in the direction of Shen Qinglan, but only felt a black line across his eyes Then, there was a loud noise in the ear.

The grenade exploded in mid-air.

"Allen!" Peter's voice ripped through the air, echoing in the sky.

"En Xi." Shen Qinglan shouted.

A huge cloud rose again in front of everyone's eyes. Shen Qinglan looked sluggish, watching Jin Enxi and Allen fall into the sea like a meteor, and the helicopter rushed straight towards the sea.

The housekeeper looked at this scene with his eyes closed, and the corners of his mouth were raised high. It's nice, ma'am. I am also taking revenge for you. Soon, I will come to accompany you. In my next life, if I can, let me protect you. .

**

"Qinglan, let's rest for a while." Fu Hengyi grabbed Shen Qinglan who wanted to jump into the sea to find someone, Shen Sheng said.

Shen Qinglan was wearing a diving suit and was cold all over. This is not the first time she came out of the sea. After the helicopter crashed into the sea, none of them left and immediately got off the

helicopter.

Su Qing brought several speedboats, and they have been salvaging near the fall of Allen and Jin Enxi. But the result was obvious and no one could be found at all.

In fact, everyone knew that the possibility of surviving from falling into the sea at such a high level was very small, especially they did not dare to guarantee that Jin Enxi and Allen were not injured when the explosion occurred.

Shen Qinglan pushed Fu Hengyi's hand blankly and jumped down again. She had to find them to find them.

And this search is three days.

"An, don't look for it." Andre embraced Shen Qinglan who was about to jump down. Today is the fourth day, and he has missed the best rescue time, and they have searched all the waters around this area, there is no Found someone, maybe Jin Enxi they already...

Shen Qinglan's face was almost transparent. In the past three days, she did not take a break. She had been looking for people in the sea. The time it took to go into the water was longer than once, and everyone was shocked.

Fu Hengyi was pulled up from the sea, and his physical energy was quickly consumed. Looking at Shen Qinglan, who was going to go into the water despite Andre's dissuasion, he held Shen Qinglan in his arms, "Qinglan, I couldn't find it. , Stop looking."

"You bullshit." In three days, Shen Qinglan said the first sentence.

Fu Hengyi held Shen Qinglan dead, "Qinglan, it's been three days, and if they were still alive, they would have been found long ago."

"Don't say it, Fu Hengyi, please don't say it, they are definitely still alive, waiting for me, you let me go, if you don't help me find it, don't stop me."

"Shen Qinglan, when do you want to deceive yourself, and you know in your heart that they will never come back, why are you unwilling to face the facts? Escaping is not your character!" Fu Hengyi roared, and in these three days, he looked at Shen Qinglan It was like a robot, tirelessly looking for people in the sea, not eating, drinking or sleeping, not even talking, he was heartbroken when watching.

Shen Qinglan's eyes on Fu Hengyi suddenly turned red and whispered, "Fu Hengyi, please, let me go to them, OK? Maybe they are still alive, waiting for me to find them, I don't want to give up, I'm afraid They gave up and they really died. Fu Hengyi, they only fell to the sea for me, all because of me. You asked me to find them, OK, please."

With a low and humble prayer, he heard Fu Hengyi's heart snapping, and he fixedly looked at Shen Qinglan, "Well, I will help you find it, you are waiting for me here." Jump directly.

He still has a gunshot wound on his body. Although Peter has helped him remove the bullet, he has been soaking in the sea for several days. The wound has been whitened and there are redness and swelling around it. .

Worried about Shen Qinglan, Fu Hengyi also accompanied her not to eat, drink or sleep, her physical strength has already reached the limit, and cramps happened soon after she went into the water. "No, he drowned." Su Qing just came over and paid attention When he reached Fu Hengyi's appearance, Shen Qinglan's eyes narrowed, and he jumped down without thinking.

When Fu Hengyi was rescued on the deck, he had drunk a lot of water and the person was in a semi-comatose state. While Shen Qinglan was giving him first aid, his tears fell without warning.

Fu Hengyi spit out the water in his stomach, coughed a few times, woke up and woke up, felt the tears falling on his face, and pulled the corner of his mouth, trying to make a smile.

"Don't worry, I'm here." Fu Hengyi spoke slowly, his voice hoarse.

Shen Qinglan suddenly hugged Fu Hengyi and started crying. This was the first time she was crying with such hoarseness after she was five years old.

The people on the boat looked at her and turned back one by one. Fu Hengyi hugged her and let her vent her emotions.

In the past three days, Shen Qinglan's emotions have been tight and closed. On the surface, she has been calm, no matter what arrangements are made, but her heartstrings have been tight to the extreme, maybe it has been the image of the past , And the style of doing things, let everyone forget that Shen Qinglan is only 24 years old this year, not a very young age, seeing his little friend die for himself, and the emotions of any one will collapse, and Shen Qinglan will be patient After so long, if Fu Hengyi just happened to have a little accident, maybe she will continue to endure.

"Cry, just cry out." Fu Hengyi coaxed her with a soft voice.

Su Qing turned her head and looked at the calm sea. Her eyes were full of distress and sadness. If she could, she wanted to help Shen Qinglan find Jin Enxi and Allen. The boat was very quiet, only Shen Qinglan's sad and depressed cry.

**

Two days ago, Beijing.

Daniel, who hasn't contacted Jin Enxi for more than a week, finally panicked. He contacted Shen Qinglan

and was in a state of loss of contact. I don't know where these two people went.

Reminiscent of the absolute safety that Jin Enxi assured himself before departure, Daniel deeply felt that he was deceived by Jin Enxi. Until the day after the accident, he never gave up contacting Shen Qinglan. Their Daniel finally contacted Shen Qinglan.

At that time, Shen Qinglan had already sought Jin Enxi one day and one night, or was reminded by Su Qing to report home to her family. She had just received the phone call from Daniel just after turning on the phone.

Shen Qinglan looked at the familiar number on the screen, but he did not answer it. Fu Hengyi saw it, took her cell phone, and connected the call.

"I am Fu Hengyi."

Daniel at the end of the phone froze for a moment. Hearing that Fu Hengyi answered the phone, he seemed to be a little surprised, but hesitated for a while, not knowing how to speak.

"Is Qinglan next to you?" Daniel asked.

Fu Hengyi glanced at the silent Shen Qinglan looking at the sea, and Shen Sheng said, "Daniel, Jin Enxi has an accident..." He told Daniel the story in a concise way, and as soon as the words fell, he heard the phone fall to the ground. There was a busy tone on the phone soon.

Daniel stood there dull and couldn't digest the meaning of Fu Hengyi's words just now, "It's not true, he must be wrong, it must be so." He muttered to himself.

Suddenly, he seemed crazy, picked up the mobile phone on the ground, and called Shen Qinglan again. The answer was still Fu Hengyi. Shen Qinglan had jumped into the water again to find someone.

"Daniel, I understand your mood. Now we are still looking for the whereabouts of Jin Enxi. No matter what, we will find her. But... you also need to be mentally prepared." Fu Hengyi gave him a preventive injection. When the grenade exploded, it was very close to the helicopter. All the people on the helicopter were affected. Allen and Jin Enxi were the first to bear the brunt.

Daniel heard the conversation clearly this time. He hung up the phone and sat on the sofa blankly. After about ten minutes, he stood up suddenly and rushed out of the door like crazy.

"Mother, it's me." Daniel said in a deep voice when the phone was connected. The woman at the end of the phone heard the son's voice without any joy. On the husband's birthday last time, she prayed for her son so that he would come back, but Daniel didn't. Appeared, she was still angry.

"Is there something?" The woman's tone was harsh.

"Mother, I beg you to find someone for me, as long as you find her for me, I can agree to any request." Daniel said his purpose directly.

The woman was stunned. "Who?"

"Jin Enxi, my girlfriend, because of some accidents, the plane crashed into the sea. I ask you to help me find her. As long as you are willing to help me, you can let me do anything in the future." The tone sounded calmer.

The woman frowned when she heard Daniel's words in front of her, "There is no doubt that the plane crashed and died in the sea. Daniel, even if she found her, she was already dead."

"Impossible, Enxi must be alive. Mother, I beg you, help me find her. Even... even if it's just a piece..." He couldn't go on anymore. This assumption is terrible, even if I just think about it, Daniel felt it was unacceptable.

"If you insist on looking for it, I can help you, but my condition is that you return to the family and inherit your father's inheritance." The woman took the opportunity to put forward her own conditions, regardless of who the woman is or who she is. Whether it is dead or alive, as long as Daniel can be returned and obediently listen to her, then she is willing to help her son find that Enxi.

"Okay, I promised that the place where her helicopter fell was..." Daniel reported the address, which was not far from their family's base camp. It can be said that the seaside resort was a decision made by an elder of their family in the early years. It was built by mistake and resulted in a large loss of money.

When the woman heard this address, she suddenly thought of the news that a gun battle had occurred in the neighborhood that she had just received the day before and tightened her eyebrows. "Daniel, you honestly told me, did the gun battle yesterday have anything to do with you?"

"This doesn't need you to control. As long as you help me find someone, I will come back to listen to you. I will take the position of chairman as you wish. Even if those brothers want to block me, I will clear these obstacles."

The woman was very satisfied after hearing this. This is her only child. Everything in this family is the result of her efforts to accompany her husband. It should belong to her child rather than the few who treated her as a vicious stepmother. The white-eyed wolf who drove her out of this house.

When Daniel arrived at the accident site, Shen Qinglan had salvaged them for a long time, and the people of the Daniel family were already helping to find someone.

It was at this time that Shen Qinglan realized that his agent turned out to be the son of the richest man in country Y. It was only at that time that she didn't even care about Daniel.

Daniel stood on the other ship's bow and heard Shen Qinglan's crying from afar, looking at the calm sea,

feeling sad and unbearable.

"Jin Enxi, where are you in the end, you promised me, you will never be in trouble, you liar, if you don't come back, I will break up with you, I'm going to find another woman, if you hear no, come back quickly, I miss you." The murmur whispered in the air with the sea breeze.

"Daniel, this sea area has been searched for more than once, there is no one at all, I am afraid that people have..." Daniel's mother stood behind Daniel and said.

"Look again, I must find someone." Daniel's eyes were flushed. He wants to see people in life and corpses in death. He will never give up even if he traverses the sea.

But it's been two days since I found it. It's been three days since this man fell into the sea. It was fine when it fell. It is estimated to be dead now. A dead person is in the sea, there are so many marine life, who knows if the corpse is still there, if they were swallowed by a big fish, wouldn't they be looking for a lifetime?

The woman promised Daniel to look for someone, but did not promise to go unrestricted. Since the son had returned, she would not let Daniel leave anymore this time, so the woman gave a glance to the person next to him. The man nodded and walked towards the cabin.

The woman eased her expression, "Daniel, Mommy knows that this person is important to you. Mommy will help you find her, but you haven't taken a good rest for a few days, you have to take a break first. Mommy let people continue to find, You can't hold on until someone has not found it yet."

Daniel originally didn't want to leave, but his mother made sense, he insisted, insisted to find someone Daniel, so he followed the woman back to the cabin, the woman gave Daniel some food, Daniel was not hungry at all, he Can't eat.

When the woman saw Daniel closed her eyes and rested there, she said again, "Daniel, you have something to eat first, otherwise your physical strength will not keep up."

As soon as he thought of Jin Enxi's life and death, Daniel couldn't eat any more, but forced himself to take a loaf of bread and bite hard, swallowing without chewing.

The woman handed Daniel a glass of milk. "If you can't eat it, don't eat it. Drink a glass of milk first."

After Daniel finished drinking the milk in one sip, he stood up and walked out of the cabin to find someone. He was going to ask Shen Qinglan about the situation there. As soon as he walked to the door of the cabin, Daniel felt a whirl of the sky, and he fainted as soon as his eyes were dark.

"Come on, go home." The woman asked Daniel to support him in the chair and spoke lightly, and the boats of these people quickly left the sea.

Shen Qinglan raised her head from Fu Hengyi's arms and saw the picture of Daniel's evacuation. Her heart was shocked and she wanted to call Daniel, only to find that her cell phone was dead.

Did Daniel give up Jin Enxi so quickly? No, no, Daniel cares so much about Enxi, how could he give up easily? Shen Qinglan couldn't figure it out.

It was just that her mind was not paying attention to it at this moment. She looked at the endless sea and suddenly felt despair, "Fu Hengyi, do you say they are still alive?"

"It must be alive." Fu Hengyi said affirmatively, even if he had no idea.

Shen Qinglan stared blankly at the sea and nodded slowly. "Yes, they must still be alive." No matter how many grudges he had with Allen, at this moment, Shen Qinglan really felt that he did not want him to die.

And they searched for another week. They still didn't find any traces. No, they didn't find anything. They found the wreckage of the helicopter on the beach of a nearby island. All the people on the plane were dead, including the pilot. Inside, but there were no Kim Eun-hee and Allen among these people. When the grenade exploded, the two were still hanging on the ladder of the helicopter and did not enter the cabin at all. They also fell directly into the sea from the ladder and into the vast sea. Want to find two people is tantamount to finding a needle in a haystack.

Shen Qinglan has found large and small islands nearby from the nearby waters, and found nothing but the wreckage of the helicopter.

"Ann, it's been ten days, give it up." Andrea said heavily, he could find all the places he could find. If he was still alive, the person would have been found, even if he didn't want to believe, Ande Lie also had to accept the fact that Jin Enxi was buried in the sea.

Shen Qinglan was standing on the deck, just over a week, she had lost a whole circle, and it seemed that the real wind fell.

Fu Hengyi had not allowed him to go into the water after drowning that day. The wounds on his body had not been so shocking after these few days of rest.

Shen Qinglan's emotions returned to calm again after she vented that day. There was no waves on her face. After listening to Andrea, her eyes still looked at the sea. "Even you believe that Enxi is dead?" ?"

Andrei is silent. The people on this ship, except Shen Qinglan, have actually accepted the fact that Jin Enxi and Allen are dead.

Shen Qinglan turned around and looked at Andrea firmly, her hand on her chest, spoke slowly, and the tone was calm, "Andrea, my heart told me that they are still alive, right here. Somewhere, waiting for me to find them."

"Ann, that's your illusion. We have already found the places that can be found nearby. Even those islands, we have turned over one by one. Ann, accept the facts, they are dead." Andre The tone is sore, if he can, he also hopes that Jin Enxi is still alive. They have survived so many life and death trials, and they all survived, only knowing that they will take the lead here.

Shen Qinglan's lips turned up slightly, but with a cold meaning, "I will find them."

"Ann, don't look for it, and don't torture yourself anymore. This is not your fault at all. No one expected that such an accident would happen, and Enxi would not blame you." Shen Qinglan these days Self torture falls in the eyes of everyone, why not torture them.

Although Fu Hengyi didn't say anything, he was silently accompanying Shen Qinglan to help him find people, but Andrea could see that the most painful thing here besides Shen Qinglan was Fu Hengyi.

Others can't say these things, and they don't have the right to say them, but Andrei can. They are the little friends who walked all the way through the ghost gate.

"Ann, give up, think about your son, your husband, these days, Fu Hengyi has been with you by your side, pain with you, tired with you, and your son, these times when you left home, He has been waiting for you, he is less than one year old, you think about your loved one, Ann, leave." Andre blinked, covering the sadness in his eyes.

Shen Qinglan looked at the sea, and then turned to Fu Hengyi, who was directing others to find someone on another ship. From her perspective, she could only see Fu Hengyi's side face. Lan suddenly realized that these days, Fu Hengyi has also lost a lot of weight. And even more dazzling is the gauze on his hand.

Shen Qinglan's eyes were skipped from the faces of the people on the ship. Among them were the rest of Alan and Su Qing who didn't know where to find them, but without exception, the faces of these people They were all full of tiredness, and Su Qing, who was a lifeless person, also resisted the gunshots in her abdomen and stayed with her for ten days at sea.

Although I was looking for people in batches every time for more than ten days at sea, it was still very exhausting.

Shen Qinglan's hand was gently placed on the chest and closed his eyes, Enxi, Alan, sorry.

Opening again, her eyes were still calm, "Go back."

Andrea was stunned for a while, and there was no response, "An."

"Go back, everyone is tired."

An Andrei nodded and made a return gesture in the direction of Fu Hengyi. When he arrived at the pier, Fu Hengyi looked at Shen Qinglan coming off the ship, his eyes worried, "Qinglan."

Shen Qinglan twitched, "Let's go back." She gave up and became a deserter.

**

Daniel didn't expect that his mother would give herself medicine and brought herself back, looking at the familiar room, and the closed windows and doors.

He jumped from the bed and beat the door hard, "Open the door, open the door for me."

The people outside the door heard the movement inside the door and looked at each other. One of them went to Daniel's mother, and the other said, "Three young masters, my wife will come right away."

"You open the door for me." Daniel roared, his outrage.

"Three young masters, my wife said, we can't open the door for you even if you wake up, otherwise we will leave here, don't embarrass us." The people outside the door were embarrassed.

"If you don't open the door for me, I will let you get out now. Although I have been away from home for so many years, this power still exists." Daniel said coldly.

"Three young masters, please don't embarrass me. No matter what you say, I won't open the door for you. The lady will be here soon. Don't worry."

Daniel is of course anxious. His mother made it clear that he wanted him to stay at home. He was really stupid. He even believed that his mother really wanted to help him find someone. He already knew that right, his mother was a power. People with great ambitions.

Footsteps came from outside the door. Daniel heard the sound and stopped the angry cry. The door was opened. A man's face appeared in front of Daniel. He was about sixty years old. His hair was dark and well-knit.

"Just come back to play majesty, Daniel, you have become more ignorant of the rules these years." The man said in a deep voice, but there was not much blame in his tone. This is Daniel's father Carlos Creamer.

When Daniel saw his father, he stiffened and lowered his head. "Father."

"If your mother doesn't bring you back like this, are you going to never come back?" Carlos asked after he eased his tone.

"Father, we will talk about this later. I am in a hurry now. Let me go out first."

"Daniel, your mother has told me after the incident, man, I will continue to help you find it, but since you come back, you can stay at home with peace of mind, no matter if you can find it or you can't find it, I will give you a message."

Daniel looked at his father with unbelievable eyes, "Father, you are restricting my freedom, it is illegal."

"Daniel, I'm doing it for you. I've said that, I will help you find it, but you must stay at home." Seeing Daniel's stubborn face, Carlos sighed, "Daniel, I am old, We haven't seen between our father and son for many years, so you should stay at home to accompany me."

Daniel heard the words, looked at the crow's feet in the corner of his father's eyes, and was silent. After a while, he whispered, "Father, she is very important to me, I must find her."

Carlos walked into Daniel's room, closed the door, and looked at his son, "Daniel, after this incident, don't you understand?"

Daniel didn't understand what he said.

"Only when the power is in your own hands, you have the right to control and freedom. If you listened to me and inherited the property of your family, now you are the chairman of the group. You can rely on yourself if you want to find someone. Instead of asking for help at home."

Daniel was silent. He never thought how important power was. At first, he would leave the family. It was also because he hated the family's arrogance, fighting openly, and obviously being blood-related relatives, but at home he could not feel a little affection, brother, What your loved ones think is how to frame you and make you disqualified from inheriting your property.

Daniel hates such a family, even if he is his father's favorite youngest son, even if his father said that he will hand over his family business to him, he does not need to fight with his two other brothers at all. Felt disgusted in his life, so he resolutely left the house.

"Daniel, I'm old, this family, this company, I don't know how long I can stay for you, do you really want to watch your old father break your heart for you? I know you don't like to fight with people Grab, so I have set you free for all these years, but now you are free enough, you should be back."

"Father, I just want to find her." Daniel said.

"As long as you are willing to come back, how you want to find it, I will follow you as long as you want." Carlos felt that these were not problems, as long as Daniel first agreed to come down, the woman was already dead, and even the body was found. Not yet, Daniel can't let it go now. After a while, he will get tired of himself and give up looking.

"Daniel, I'm not forcing you. You can think about what I'm saying. I'll give you a day to think about it."

You want to figure out what to choose. You will promise me at this time tomorrow. I will respect you if you leave or leave. Choice, as for your mother's side, I will communicate. But Daniel, this is the last chance I gave you. If you choose to give up this time, then even if you come back in the future, you will also lose your inheritance qualification, and Those who are helping you find someone, I will also withdraw, if you want to rely on yourself, I will not help you."

445 Chapter Confirmation, Disappointment

Carlos left Daniel's room when he was finished. He believed his son would make the most correct decision.

And the next day, when Daniel appeared at the door of the study, Carlos understood his choice, and he heard Daniel say, "Father, I can stay and I will try to be a qualified heir, but I The prerequisite is that my marriage can only be decided by myself, I will not listen to your arrangements for commercial marriage, second, I will find someone, I will not give up one day if I can't find it, until I find it, and You can't stop me."

Although Carlos was a little dissatisfied with the first condition, he met Daniel's firm eyes and knew that if he didn't agree, the son would really want to leave the family and never come back. It was after all his hard work was cultivated Son, Carlos was reluctant to let this son leave.

"Okay, I agreed."

At Country Y Airport, Shen Qinglan and Su Qing were sitting in the VIP waiting room. Fu Hengyi was waiting for them outside. Shen Qinglan looked at Su Qing, "I'm leaving."

Su Qing nodded, "Let's go, Qin Yan is dead. There is no more charm in this world. You will be Shen Qinglan and Leng Qingqiu in the future."

"There are only two of us now. Can you tell me the truth, who are you?" Shen Qinglan stared closely at Su Qing's eyes, which had been pressed since the first time he saw Su Qing in her mind.

Su Qing couldn't help but smile, "You actually want to ask me if it is Qin Mu? I don't know who Qin Mu is, but I can tell you with certainty that I am not her, Su Qing is Su Qing, it has nothing to do with Qin Mu."

"Since you are not her, why should you help me over and over again, we just meet each other, don't we?" Shen Qinglan didn't believe her remarks.

But she also saw Qin Mu die in front of her, and even she buried Qin Mu herself. If Su Qing was really Qin Mu, how did she survive? But if Su Qing is not Qin Mu, then why should she help her? Too many questions lingered in her heart, all this was a mist, and surrounded her tightly.

Su Qing sighed, "If I say it's because I think you are pleasing to the eye, do you believe it? Well, I don't believe it for this reason. Don't ask me why, because I don't know it myself."

Shen Qinglan stared at her and did not speak. Su Qing's eyes fell slightly, she didn't look at Shen Qinglan's eyes, and spoke softly, "Qinglan, I can call you like this, people's life is very long, you will meet many people, some people can go a long way with you, such as your husband, your children, and some people, she appeared in your life, left her own trace, and then disappeared from your life, This shows that your fate has been exhausted, why should you force it?"

"What about you, which type do you belong to?"

"I naturally belong to the latter category. Our position is different after all. Qin Yan is dead and I am free. Since then, I have also thought about some of my own life, and you are the same. People and things in the past Don't be entangled, it will be true after a good life."

"Qin Mu, are you reluctant to admit it after all? The memories of those years were really so painful for you, would you rather forget even me?" Shen Qinglan said softly, her voice was very light, very light, But full of irrepressible sorrow, fell in Su Qing's ears, Su Qing's heart suddenly shocked, Su Qing looked up at the girl opposite,

Shen Qinglan is only 24 years old this year. For a woman, it is the most youthful and the most beautiful age. She should have the novelty and yearning for the world, the vitality and exploration of life, but Shen Qinglan has It's just silence, it's the precipitation after experiencing Qianfan.

"Qinglan, I'm not Qin Mu. If it would make you feel better to think of me as Qin Mu, then I would like to be Qin Mu once."

Shen Qinglan stood up and looked at Su Qing's eyes with indifference, "No, Qin Mu is Qin Mu, no one can replace her as Qin Mu. Thank you for your help these times, you... take care. "If you don't admit it will make you feel better, so be it.

Su Qing watched Shen Qinglan walk out of the waiting room and walk towards Fu Hengyi. She lowered her head and clenched her hands into fists. The white muscles flashed on the back of her white hands. It took a long time before she slowly loosened her fists and looked up out the window. .

Outside the window, the sun is just right.

Shen Qinglan walked towards Fu Hengyi step by step. Fu Hengyi stretched her arms around her shoulders, "Come on, we should board the plane."

Shen Qinglan stopped, looking at Fu Hengyi, "Fu Hengyi, I want to go to another place, the last place."

Fu Hengyi looked at Shen Qinglan's eyes, looked at the pleadings in her eyes, and slowly nodded, "Okay, I will accompany you."

They came to the primitive jungle, Shen Qinglan looked at the ground covered with various plants, his expression was blank.

"Qing Lan, do you remember the location? Is it here?" Fu Hengyi took away a reptile that had crawled on him and asked Shen Qing Lan.

They walked in the jungle for a day and night before they came to this place, but they were surrounded by vegetation, and there was no trace at all.

Shen Qinglan is not sure, she just came here with her memory, but after all, more than ten years have passed, the depth of the undisturbed jungle has long lost its appearance.

Her eyes looked around, trying to find something that made her feel familiar. Suddenly, her gaze fixed, and she looked southeast.

There was a cave there. Shen Qinglan and Fu Hengyi walked together. When approaching the entrance of the cave, suddenly a black leopard came out of the cave. The leopard and the two looked at each other with fierce eyes. Fu Hengyi was already done. In order to prepare for the battle, as soon as the leopard moved, he was ready to start, but in the end the leopard just glanced at the two and left.

This cave is not big. Shen Qinglan and Fu Hengyi need to lower their heads to enter. Probably this leopard has lived here for a long time. There is a smell unique to animals in the cave. There are many traces on the walls of the cave, all of which are caused by leopards. Clawed.

Shen Qinglan looked at this familiar and unfamiliar cave. A flash of crystal flashed in her eyes. Fu Hengyi quietly accompanied her by her side. Shen Qinglan knelt on the ground and reached out to touch a pattern on the mountain wall gently.

Look closely, it was a seven-character word carved by Qin Mu when they rested here in the cave.

Shen Qinglan exited the cave, closed his eyes, took thirty steps in the direction of the left hand, and then stopped, "Fu Hengyi, I think it should be here."

Fu Hengyi took the engineer shovel from his back and looked at the dense vegetation on the ground. "Do you really need to dig?"

Shen Qinglan nodded firmly, "Yes." The mystery in her heart could not be solved, and she was not at ease in this life.

Fu Hengyi said nothing, bent over and started working.

Three hours later, Fu Hengyi stopped about five meters away from this place. He just seemed to have dug something.

He crouched down and dug a dagger out of the dirt. The blade of the dagger was rusty, and only the plastic handle looked intact.

Shen Qinglan took the dagger in his hand and cleaned the dirt above it. The body was rusted. He could not see the original appearance at all. Shen Qinglan did not look at the blade, but at the end of the handle, where it was engraved. A little 39, that was their code name.

At the end of her dagger, a small 7 was engraved, and Qin Mu's codename was 5.

"Fu Hengyi, this is it." Shen Qinglan was very sure this time. In this place, she personally buried Qin Mu.

Fu Hengyi nodded and continued to dig near this piece of land, but found several bones, but they were all on the surface, looking like animal bones instead of human bones.

In order to protect Qin Mu's body, Shen Qinglan had dug the soil layer more than one meter deep, but now Fu Hengyi had dug nearly two meters, and still could not find Qin Mu's body.

"Qinglan, have you remembered correctly?" After so many years have passed, the vegetation in the rain forest is dense, and it is normal to find it.

"No, it's here." Shen Qinglan was quite sure that the dagger she just found was her funeral for Qin Mu. The capital of the daggers of the people who attacked them was placed by her as a funeral object.

"I'll look again." Fu Hengyi said, carefully digging around. Before long, he stopped, a piece of bone appeared in front of the two, Shen Qinglan stared at the piece of bone, jumped down, carefully excavated the surrounding soil with his hand, and soon, a complete human bone appeared in the sight of the two.

The skeleton of the bone is smaller than that of an adult. It can be seen that it is a half-old child. There is a chain at the neck of the bone. Shen Qinglan took the chain in his hand and found it. The small, sunken "5."

"Fu Hengyi, she really left." Shen Qinglan said sadly, tightly holding the blackened silver chain. Fu Hengyi did not know how to comfort Shen Qinglan.

"I should have believed that, what happened to Su Qing Qin Mu, but Fu Hengyi, I think she is Qin Mu, I think Qin Mu is alive." She lowered her head and looked at the land under her feet.

Fu Hengyi wanted to hug her and give her a little comfort, but now his hands are full of dirt.

"Qinglan."

Shen Qinglan blinked, "I'm fine, Fu Hengyi, give me three minutes, I will be fine soon." She squatted down, put the bones on the ground into a box brought, and then put the chain into her own In your pocket.

The two filled the pits again. Although the soil has been turned over again, the plant life here is very tenacious, and it will be restored to its original state in a short time, even better than the original.

The primitive jungle at night was very dangerous. Shen Qinglan and Fu Hengyi planned to wait until dawn before leaving. The leopard did not return after leaving. Shen Qinglan and Fu Hengyi spent the night in the cave.

Fu Hengyi picked up some dry wood and placed it in the hole to ignite it. On the one hand, he could keep warm, and on the other hand, he could drive away some wild animals.

Shen Qinglan leaned in Fu Hengyi's arms and looked at the flickering flames in front of her eyes, "Fu Hengyi, you said I am crazy, obviously I was Qin Mu who was buried by myself, she died in my arms, I was expecting that she hadn't died at the time, and now she appeared alive again."

Fu Hengyi hugged her, "Qinglan, don't think about it, this time we go back to find a beautiful place for Qin Mu, we will often visit her in the future."

Shen Qinglan yelled, silenced, and after a while, said again, "Fu Hengyi, I really think Su Qing is Qin Mu." Although there is no similarity between the two, even Qin Mu's body is now in her By the side, but in case, if the body of this round is not Qin Mu, what if Qin Mu is reborn?

Don't say anything because she looks so good, she helps her again and again. She is not a three-year-old child. Even if she is a three-year-old lie, she won't believe it.

"Qing Lan, whether she is or not, she is unwilling to admit it, so even if she is, for her, Qin Mu is already a past tense, why do you insist?"

"Do you think I forced it? Su Qing also persuaded me like this before." Shen Qinglan said slightly.

The fire light reflected her face, and her face was very warm. She slowly closed her eyes. Fu Hengyi hugged her and flicked the fire from time to time. During these years, Shen Qinglan had not taken a good rest.

Early the next morning, it was dawn and the two left. The first thing to go back to China, Shen Qinglan and Fu Hengyi went to bury Qin Mu's ashes, and buried them in the cemetery where Grandma Shen was, not far from Grandma Shen's tombstone.

Standing at the door of the house and looking at the familiar door, Shen Qinglan suddenly had a feeling of being out of the ordinary world, and only apparently left for half a month, but she had the illusion of half a lifetime.

Chu Yunrong was planning to go to the morning market to buy some beans for An'an. When he saw the couple standing at the door, the bag in her hand fell to the ground immediately, "Qinglan."

Chu Yunrong hugged her daughter as if she couldn't believe she was back. "Qinglan, where is your child, where did you go during this time? I am worried that the dead mother will know."

Shen Qinglan reached out and patted Chu Yunrong's back, "Mom, I'm fine, isn't I coming back?"

"You talk about you, even if you don't even turn on your mobile phone when you go out, who are you trying to die?" Chu Yunrong thumped Shen Qinglan's back with his hand, and his voice choked, although both Shen Qian and Master Shen concealed her, no Let her know, but she can feel it, it must have been Shen Qinglan's accident, otherwise Shen Qian will not have such an attitude.

Although playing Shen Qinglan, Chu Yunrong's strength is not heavy.

"I'm sorry, Mom, I worried you." Shen Qinglan said apologetically.

"Qing Lan, promise your mother, no matter what happens in the future, don't let me find you, I will be afraid, Qing Lan, my mother can't afford to lose you again."

"Okay. I promise you." Shen Qinglan said.

It took a long time for Chu Yunrong to let Shen Qinglan go and looked up and down. "Why are you thin again." The tone was very distressed.

Shen Qinglan smiled, "Mom, I'm not thin at all. You think I'm thin."

"Forget it, I'll ask Songsao to make some soup for you and Hengyi to nourish it at noon, so it won't work, it's too thin to look good." "What about Hengyi?"

"I let him go first." Shen Qinglan said.

"You also go in quickly to see if your face is so ugly. Isn't there a good rest, hurry and take a rest. Mom is going to buy An An for bean curd now." "An An?" Shen Qinglan also missed his son when he heard his son's name very much.

"Sleeping." Chu Yunrong said, "You go in."

Shen Qinglan nodded, and as soon as she walked to the door, she saw Shen Junyu. Shen Junyu smiled at Shen Qinglan, opened her arms, and Shen Qinglan smiled slightly, and stepped forward to hug Shen Junyu.

"Lan Lan, welcome home."

Shen Qinglan's eyes were wet, "Brother."

Shen Junyu patted her on the back, "No need to say anything, my brother knows, as long as you are safe and good, Lan Lan, seeing that you are fine, my brother will be relieved."

"Brother, thank you."

Shen Junyu heard the news and angrily rubbed Shen Qinglan's hair in a mess. "What nonsense, even told me thank you, you said you should not fight."

Shen Qinglan chuckled, "Well, it's time to fight."

"Okay, Grandpa knows you are back, and is waiting for you in the room, go up." Shen Junyu tidied up Shen Qinglan's hair and said softly.

When Shen Qinglan entered, Fu Hengyi was sitting in the living room with Shen Qian. Shen Qinglan said to Shen Qian and went upstairs to find the old man. Pushing the door open, I saw Grandpa Shen standing in front of Grandma Shen's portrait, and seemed to be thinking about something.

Shen Qinglan knelt in front of the old man with a puff, "Grandpa, I'm back."

Grandpa Shen turned and looked at the granddaughter on the ground. He glanced up and down carefully, without seeing the injury, and finally rest assured, "Just come back, get up, kneel on the ground to do what."

Shen Qinglan didn't get up, looked up at the old man, "Grandpa, I'm sorry." She believes that the old man now knows the truth.

Grandpa Shen personally lifted Shen Qinglan from the ground, "You have no sorry grandpa, grandpa sorry you, Shen family sorry you, if grandpa had protected you, you don't have to go through it, Lan Lan, don't burden yourself, You are my granddaughter of Shen Yuanyi, all of this life."

"These days, I have been telling your grandma that you must bless you back safely, and now that you are back, I will be relieved."

"Grandpa, I have solved the problem, and I will just be Shen Qinglan in the future."

"Okay, it doesn't matter if it's not resolved. Grandpa is there. Grandpa will help you with anything." Grandpa Shen looked at his granddaughter and said seriously.

An An's cry came downstairs, and Mr. Shen patted Shen Qinglan's shoulder. "An An woke up and went to see him quickly. He missed you very much during these times when you were away."

Shen Qinglan also couldn't wait to see her son, nodded, and went out.

An An cried more when she saw her mother, "Mom, Mom."

Shen Qinglan looked at the crying breathless son, with a sour nose, and immediately took the son from Fu Hengyi's arms, smelling the familiar milk fragrance on his son, Shen Qinglan closed his eyes, "An An, Don't cry, it's my mother's bad, my mother makes An An sad."

An An cried for a long time holding her mother's neck before she gradually became quiet, but she refused to come down from Shen Qinglan's arms. Shen Qinglan knew that Anna was thinking of her, so he held An An and let him rest on his own Arms.

"Dad, hungry." An An said, holding Shen Qinglan's neck and pointing at Fu Hengyi.

Fu Hengyi stood up and went to the kitchen to get a bowl of bean curds. This was just Chu Yunrong went out to buy An An. He originally wanted to hug his son to feed, but An An didn't want to leave Shen Qinglan's arms. Fu Hengyi had to sit in Shen Qinglan Next to him, feeding his son bit by bit.

"Father and mother are back, An An's appetite is all right." Chu Yunrong said with a smile, she was tossed enough by An An these days, and everyone was haggard.

An An chewed something in his mouth, but his eyes kept looking at Shen Qinglan, for fear that his mother would disappear in a blink of an eye, a small hand clutched Shen Qinglan's sleeve tightly, Shen Qinglan looked only distressed.

When An An was full, Shen Qinglan and Fu Hengyi began to eat. An An sat on Shen Qinglan's lap and quietly watched Shen Qinglan eat breakfast.

After eating, Shen Qinglan and Fu Hengyi took their son home, and Master Fu received a call from Fu Hengyi yesterday, knowing that they would come back today, and seeing the two return home safely, the suspended heart finally landed.

"It's good to come back, it's good to come back." Master Fu said with satisfaction, "Qinglan girl, I think you are all thin. Isn't Hengyi not taking good care of you."

Shen Qinglan smiled, "No, Grandpa, I have a bad appetite. I worry about you during this time."

"If you are worried or not, I will be relieved to see you old and safe. You and Hengyi are also hard. Let's go to rest quickly." Master Fu said, he didn't know what Shen Qinglan and Fu Hengyi did, but I also guessed something from the words of Grandpa Shen.

Shen Qinglan nodded and took his son into the room, but Fu Hengyi stayed. He had some words to tell the old man.

At night, after An An fell asleep, Shen Qinglan and Fu Hengyi sat on the balcony chairs, "Fu Hengyi, don't you have anything to say to me?"

"No." Fu Hengyi looked at the starlight in the sky and spoke warmly.

"I'm so capricious, don't you really want to say anything to me?" Shen Qinglan asked back, before leaving, Fu Hengyi said she wanted to divorce her.

Fu Hengyi turned his head and looked at Shen Qinglan, "I am still angry. Qinglan, I am very angry about the act of leaving me alone to take risks before you, I am very angry, even now I am still angry, I don't like to be protected by you Behind me, I feel like you are adventurous. I am a man. If I can't even protect my wife, it will make me feel like I have failed."

"But Fu Hengyi, I don't regret doing so." Shen Qinglan said seriously, if she was given another chance, she would still make the same choice, "Fu Hengyi, I admit that I am selfish, I only considered my feelings, But I never thought about how you feel." Her voice was very distracted, dissipating in the night sky, with a hint of sigh.

Fu Hengyi turned to look at her, "Well, he can still recognize his mistakes."

"Fu Hengyi, if you want to scold me, even beat me, but divorce, I will not agree."

Fu Hengyi looked at her speechlessly, "When did I say I was going to divorce?"

"You..." Shen Qinglan said half of it, stopped, and looked at Fu Hengyi, and suddenly smiled, "I remember it wrong."

Fu Hengyi turned to look at the scattered stars in the night sky, opened his mouth, and spoke softly, "Shen Qinglan, that was the last time. If there is one more time, I will not forgive you."

"Okay." Shen Qinglan solemnly agreed, "Will you be in trouble this time?" She was unwilling to let Fu Hengyi go because she was worried that it would affect Fu Hengyi's future, but she still failed to stop him.

"It won't be a problem, at most it's just writing a review. It has already been written once. I have experience and I'm not afraid." Fu Hengyi said lightly.

Shen Qinglan naturally knew that things would not be so simple, but since Fu Hengyi did not want to worry her, she pretended not to know.

Early the next morning, after Fu Hengyi returned to the army, Shen Qinglan went to Shen's house to find Mr. Shen, and Shen Qian was also there. "Dad, Grandpa, I want to know what impact this matter will have on Fu Hengyi?" Shen Qing Lan came straight to the point.

Shen Qian did not want to tell her daughter, "A review is necessary, and then scolded again, and there will be no more. Fu Hengyi is after all the military merits."

"Dad, although I'm not in the army, I don't know anything about the army. Although he is not in a sharp knife, he may not have such strict requirements, but he is an officer after all, he left the army without authorization, how could it be a review? solved?"

Shen Qinglan looked at Mr. Shen, "Grandpa, is Fu Hengyi's situation very serious?"

Grandpa Shen sighed. This sigh actually gave Shen Qinglan the answer. Shen Qinglan's heart sank, "Grandpa, I want to know what is the worst result?"

"There will not be the worst result, and your grandfather. Although he left the army for many years, he

will still give me this face. The grandfather has already done a good job. After Hengyi returns, there will be nothing wrong."

This time the trouble was in trouble. The troops found Fu Hengyi's exit records. According to the rules, soldiers in service cannot leave the country at will. Even retired soldiers cannot leave the country within two years of retirement.

When Fu Hengyi returned to the army, he was immediately called to the leadership office. In the office, five or six leaders were sitting inside waiting for him. He carefully asked why he left the army without authorization. Some of what Fu Hengyi would be able to say said Then, I only said that I found the trace of the agent, and when I saw her going, I ran after it, and this agent was the housekeeper.

The leader was unbelievable in his rhetoric, not only asking and asking, but also asking him to conduct psychological tests.

No matter how much military merit Fu Hengyi has made, this time the mistakes were real, and naturally it was not so easy to pass, but in view of his past performance, and the joint pleading of Grandpa Shen and Grandpa Fu, there is no punishment that is too heavy, except for letting In addition to his introspection, he also had a review and a downgrade penalty.

Shen Qinglan knew that the news was three days later. It was Mr. Shen who told her personally that Fu Hengyi was accepting the punishment he had thought about, and could not be reached at all.

"Lan Lan, you don't have to worry too much, Hengyi's ability is there. It is only temporary now." Mr. Shen is very relieved, as long as he does not leave the army, then according to Fu Hengyi's ability, returning to his original position is only a matter of time. Thinking he didn't know, the people above had always hoped that Fu Hengyi would return to the sharp knife to sell their lives for them.

"Grandpa, I..."

"Grandpa knows what you think, Lan Lan. No one blames you for this matter, nor is it your fault. Fu Hengyi is responsible for helping you as a husband. If a man watches his wife in danger but is worried about his future I was influenced and chose to stand by, then he was not worthy of being my grandson-in-law. I also discussed this with your grandfather Fu, and he and I agreed."

Shen Qinglan looked at the old man calmly, "Grandpa, I am very glad that I chose to come back."

Grandpa Shen patted her shoulder, "It should be Grandpa's pleasure, you are still willing to return to this home. By the way, I heard Hengyi say, you are going to save Yan Xi's child, how is Yan Xi?"

When she heard Yan Xi's name, Shen Qinglan was silent. In fact, after that day, Yan Anbang took away Yan Xi, and she was too busy looking for Jin Enxi. She could not care about Yan Xi at all, and she did not know Yan Xi's situation now. But think about it and know that Yan Xi's situation will not be too good.

"Grandpa, I want to visit Yan Xi in two days."

"Go, come back early."

Yan Xi has returned to Nancheng. Shen Qinglan used to be very convenient. Because An An did not want to leave his mother, Shen Qinglan simply brought him together.

Yan Anbang brought Yan Xi back to Yan's house, and Dougs also came and was treating Yan Xi, but with little success.

"What about Yan Xi?" Shen Qinglan asked Yan Anbang who had opened the door. After a dozen days of absence, Yan Anbang's portrait was ten years old.

Hearing Shen Qinglan's question, Yan Anbang wiped his face and pointed to the upstairs. "On top, Dougs is with her."

"Is Yan Xi's situation better?"

Yan Anbang shook his head, his face full of vicissitudes, "No."

At the door of Yan Xi's room, Shen Qinglan didn't go in right away, but said to his son, "An An, you stay with this grandpa for a while. Mom goes in and out soon, okay?"

An An looked at Shen Qinglan and seemed reluctant.

Shen Qinglan continued, "Mom doesn't leave, mom just goes in to see an aunt, and comes out soon."

An An frowned and finally nodded.

Shen Qinglan looked at Yan Anbang, "An An will trouble you."

Yan Anbang hugged An An, "rest assured."

Yan Xi's door was not closed. Shen Qinglan pushed the door in and saw that Dougs was washing Yan Xi's face. Yan Xi was sitting on the window sill, holding his arms and looking out the window.

Seeing Shen Qinglan, Dougs nodded at Shen Qinglan and stepped back, leaving the space to her.

Shen Qinglan sat down next to Yan Xi, looked at her sideways, and asked softly, "What are you looking at?"

Yan Xi didn't answer, but just looked out the window with no focus.

Shen Qinglan followed her sight and saw only a few birds walking on the lawn. "These birds are very

cute. Does Yan Xi like it very much?"

"Hi... Huan..." Spit out two words from Yan Xi to his mouth, and then resumed his silence again.

Shen Qinglan looked at the bird and smiled, "I also like the bird, I will take you to see the bird, OK?"

Yan Xi didn't respond. Shen Qinglan reached out and tried to grab Yan Xi's hand, but Yan Xi seemed to be frightened. She retreated sharply and almost fell. Shen Qinglan helped her. She let go of her hand as soon as she sat firmly.

"Don't be afraid, I won't touch you."

Yan Xi glanced at Shen Qinglan, then turned his head slowly.

Shen Qinglan accompanied Yan Xi on the window sill and looked at the lawn with her, "Yan Xi, I don't know if you remember me, I don't know if you can still understand what I said, but I still want to Tell you, Yan Xi, you are the most optimistic girl I have ever seen. You infected me with your happiness and made you encounter such painful things. I'm sorry, I didn't take care of you, but Yan Xi, your Life has just begun, you care about your loved ones and loved ones, and you don't want them to look at you like this all your life, right?"

"Yan Xi, Dougs has always been by your side. I don't know how he survived seeing you like this, but his pain is no less than you."

Shen Qinglan said softly what she wanted to say, and hearing the name of Dougs, Yan Xi finally responded.

"Dirty, wash."

Shen Qinglan didn't understand what she meant, but she saw that she was going down the window sill and quickly helped her down. She could feel the moment when her hand touched Yan Xi's arm, Yan Xi's tight body, so she was sure that Yan After Xi stood firm, she let go of her hand.

Yan Xi went directly to the bathroom. Shen Qinglan understood what she wanted to do. Sure enough, she saw Yan Xi walked into the bathroom and turned on the switch directly. The cold water from the shower head poured on her, but she seemed to be unconscious. .

"Dirty, so dirty." Yan Xi whispered in his mouth, rubbing his hands on his body, "Dirty, dirty."

Shen Qinglan looked at this scene, his nose sore, and tears filled his eyes all at once.

She turned the switch off and hugged Yan Xi, "Yan Xi, don't be like this, not dirty, you are not dirty at all, don't torture yourself like this, okay?"

Yan Xi began to struggle, screaming in her mouth.

Without knowing where she came from, Shen Qinglan was pushed away by her, but she turned on the switch again and continued to take a shower.

Looking at this scene, Shen Qinglan only felt heartache.

Dougs had not left outside the door. Hearing the movements inside, he immediately rushed to the house. Seeing this scene, he turned off the switch and took a bath towel to wrap Yan Xi, "Yan Xi is good, it's fine. Yes, here I am."

Yan Xi was trembling gently, and Dougs hugged her and spoke softly in her ear. When Yan Xi was completely quiet, he took Yan Xi to change his clothes. This time Yan Xi did not Letting others touch her and take care of her are all done by Dougs.

Yan Xi changed her clothes, and Dougs asked her to sit down on the sofa. "Are you looking at the flowers here?" He pointed to the flowers in the garden.

Yan Xi did not respond, but did not leave.

When Dougs agreed, she stood up and found a towel for Shen Qinglan.

446 Chapter Jin Enxi's News

"Has Yan Xi been like this since she returned?" Shen Qinglan asked in a deep voice.

Dougs nodded. "Yes, she is basically like this when she comes back. As long as others don't touch her, she can sit there all day. She can't say a complete sentence now, and her language ability is very severe."

Shen Qinglan's pupils shrank sharply, "How could this be?"

"This is professionally called aphasia, and it is the later manifestation of hysteria. Not only that, but in the future, she will gradually lose her autonomous behavior and become a puppet who will not eat and sleep on her own."

"Dougs, is there no other way?"

Dougs shook his head, and his face was heavy. If there was a way, he would have tried it. "She is immersed in her own world and does not want to wake up. Ann, I have no way." Speaking of this, Doug Si will only be more painful.

He has healed many patients and healed many people, but now he has no way to take his lover. This powerlessness made him feel crumbled.

After hearing this, Shen Qinglan was silent. She didn't know anything about it. Even if she wanted to help, she couldn't help at all.

"Ann, in fact she is so good now, at least not suffering, patients with hysteria, she will subconsciously forget the painful memory, any behavior is like a child, simple and beautiful, I even want to wake up and bring it's only pain for her, so it's good to live like this, and I'll be with her."

"Dougs."

Dougs looked at Yan Xi's back and smiled softly, "Ann, do you see if she's quiet now is particularly beautiful? I've seen her look in horror and her hysterical look compared to those, like this How lovely she is quiet."

"Dougs, this is too cruel to you." Shen Qinglan said, watching his lover so helpless, such torture may have to be maintained for a lifetime.

"There is nothing cruel or cruel. I have no loved ones in this world, no care, but Yan Xi gave me a care, which made me feel very happy. After a while, I want to take Yan Xi to other walks, she I like to travel. Last time we went to Europe together. This time I want to take her through country Z and let her see the great rivers and mountains of her motherland."

"Dougs, will Yan Xi be like this forever?"

"Maybe, maybe not, some patients with hysteria will suddenly wake up, the disease will be cured, and some people will not be sober in this life, they will grow old in the world until they die, but no matter what kind, I Will be with her." Dougs said calmly, since he had thought about it, there was nothing to hesitate.

Shen Qinglan lowered his head and looked at the ground, "Dougs, if there is anything I can do, please call me."

"Well. I won't be polite to you. I have contacted Eden. I'm sorry for what happened to Enxi."

Speaking of Jin Enxi, Shen Qinglan's eyes crossed a sorrow, but there was a smile on his face, "Dougs, I'm just like you, I won't give up, I will keep searching, as long as I don't find Enxi's body one day, I will not give up in a day."

When Shen Qinglan was about to leave, she walked to Yan Xi's side, squatted down, and looked at her eyes, "Yan Xi, I'm leaving, you must be good."

Yan Xi stared at the ground without any reaction. Shen Qinglan smiled and reached out to touch Yan Xi's head, "Yan Xi, I'll wait for you to come back."

She walked two steps, but suddenly heard Yan Xi called out her sister. After Shen Qinglan's footsteps, a surprise burst into his eyes, "Yan Xi, do you know me?"

Yan Xi didn't respond, she looked at the ground intently, Shen Qinglan tried to hold her hand, but Yan Xi shrank back like a fright, Shen Qinglan withdrew her hand in disappointment, "Yan Xi, please you must Be good."

Dougs sent Shen Qinglan to the train station, "Be careful on the road."

Shen Qinglan nodded, "Dougs, you... take care."

"it is good."

**

Back in the capital, Shen Qinglan called Eden, knowing that Andrea had taken Sisley away, and Eden was now with them.

But at this time, one thing happened on the Tao, that is, the charm appeared again.

The incident happened two days ago. A gangster in Country D was found dead in his lover's house. He and his lover were lying in the pool of blood with him. From the scene, it was obvious that they had just come back recently. Enchanted.

When Yamamoto heard this news, he was drinking tea with Su Qing. "Fortunately, I didn't go to Shen Qinglan's trouble after hearing your words. This Shen Qinglan is really not a charm." Yamamoto put the

tea cup down and said with emotion.

Su Qing heard the words and Liu Mei lightly said, "What do you say, you have sent someone to monitor Shen Qinglan?"

Yamamoto smiled awkwardly, "It's not surveillance. After all, it is the political center of country Z. Where can I monitor Shen Qinglan's behavior? It's just that I let people pay attention to Shen Qinglan's whereabouts, although it's not clear at every move. , But when Mei killed the unlucky egg, Shen Qinglan's people were still in Beijing, and my men saw it with their own eyes. There must be nothing wrong with this."

"It seems that Mr. Yamamoto doesn't trust me so much," Su Qing said unhurriedly.

"Hey, what you said, I naturally trust you. This is the common problem of people in the Tao. If you don't see it with your own eyes, you will always be at ease. Don't worry about it.

Su Qing smiled, but did not bring any temperature, "Where do I dare."

"Look, look, you are still angry, okay, okay, this time I did something wrong, I shouldn't trust you, I will guarantee that there will not be a second time in the future."

"Okay, make a joke with you. I didn't come to you this time for this matter. Qin Yan is now dead. You can fully accept her power." Su Qing straightened her posture.

Speaking of which, Yamamoto also became serious, "Actually, since last time, Qin Yan's power in R country was almost wiped out by me. The rest will be left to others for a bite of soup."

"I don't see Mr. Yamamoto as an open-minded person."

Yamamoto smiled, "Look, let's be careful, but Su Qing, are you really reluctant to stay with me? I welcome you to join." He handed out the olive branch again.

Su Qing shook her head, "No, I think it would be more comfortable for us to be friends, and occasionally help each other."

Yamamoto heard a word of regret, "Okay, I naturally want to respect your choice, but if you change your mind one day, you are always welcome to come to me, and my door will always be open for you."

Su Qing nodded with a smile, "Okay, but I'm going to disappear for a while. I'm really tired recently and want to give myself a holiday."

"Oh? Where are you going?"

Su Qing shrugged. "I didn't think about it. Just look around. I want to walk around. I used to travel

around the world to perform tasks. This time I want to travel around the world."

"This idea is very good. If you are tired, you will come to my house as a guest.

"Must, Mr. Yamamoto, if there is nothing I will go first, and I can't wait to start my new life."

"Hahaha, well, I wish you a pleasant time."

Yamamoto got up and delivered Su Qing personally to the door. Su Qing turned around without any loss. Yamamoto didn't see the flashing smile in Su Qing's eyes when he left.

Shen Qinglan was shocked when she heard the news of the event, but she didn't find any useful clues. When she thought of a possibility, she could find a way to contact Su Qing, but she couldn't get in touch anyway. Sunny is like the world has evaporated.

When Shen Qinglan told Eden about it, Eden was silent for a moment before he said, "Ann, do you think this portrait is helping you? Shen Qinglan's charm is on the earth often. At the other end, it's a good disguise for your identity."

Shen Qinglan thought of this too, so she thought of Su Qing, "Eden, do you have news of Su Qing?"

"No. There doesn't seem to be a person named Su Qing on the road."

Shen Qinglan suddenly realized that Su Qing was her real name. What was her name on the Tao? Actually she didn't even know, "Forget it, let's talk about this matter again, how is Sisley?"

"It's still the same." Speaking of Sisley who was still unconscious, Eden's voice became heavy, "Andrea has stopped all work and concentrated on taking care of her, but her condition has not improved at all. "

Speaking of Sisley, Shen Qinglan's mood also fell, "Eden, you tell me the truth, can Sisli wake up?"

"Ann, I can only say that there is such a possibility, but how likely it is. I can't guarantee that Sisley's head is too traumatized."

"Eden, it's me that has caused you a few."

"Ann, don't say such things. You say that you are poking our heart. We are partners in life and death. No matter which one of them is involved, we will do our best. This is not the fault of anyone. If you really say something wrong, that's why I didn't listen to you and solved Qin Yan's scourge in time. It's my fault, Ann, you can rest assured, I will definitely find a way to wake up Sisley. "

"Well, Sisley pleased you, Eden, if there is news of En Xi, I will tell you in time."

"Okay, but Ann, have you ever thought about it, in case Enxi really has..."

"No, Eden, believe it or not, my instinct tells me that En Xi must be alive, and I will find her soon." Shen Qinglan's tone was firm, she had issued a reward order on the road, who With Jin Enxi's news, you can get a lot of money.

Although there is no news yet, there will be news sooner or later.

"Ann, I naturally believe you, your intuition has always been accurate." Eden said, in fact, he also thinks that Enxi must be alive.

Time passed in a flash, and half a month later, Fu Hengyi finally came back from the army. Shen Qinglan knew that Fu Hengyi would come back from the army today. He got up early and played An An in the yard so that he could see it earlier Fu Hengyi.

"Father." An An saw the person who came in, and as soon as his eyes lit up, he rushed towards Fu Hengyi. Shen Qinglan was taking An An to learn to walk. An An walked and wobbled, which was inherently unstable and walked towards Fu Heng Yi. When I went there, after a few steps, I fell.

Although it was the weather in early May, the capital was located in the north, and it was still a bit cold. An An was still wearing thick clothes, so he didn't hurt even if he fell. He didn't cry. He looked up to Fu Hengyi, who helped him from the ground. Get up and pat him the dust on his clothes. "It's a fool."

An An frowned and looked at his father with dissatisfaction, "An An is not stupid. "His recent language skills seem to have suddenly opened up, and he has been advancing by leaps and bounds.

Fu Hengyi immediately discovered this, squeezed An An's small face, and hugged, "Do you miss Dad?"

An An nodded, "I miss my father." After that, he kissed Fu Hengyi's face.

Fu Hengyi's eyes were full of spoiling, so she looked at Shen Qinglan and gave her an "I am fine" look.

This time Fu Hengyi conducted a total of four psychological tests. It wasn't until there was no problem that the leader of the army asked him to come back and returned home. Fu Hengyi went to the study room with Mr. Fu. The two grandparents explained the situation clearly. After that, Fu Hengyi came down to find Shen Qinglan.

Shen Qinglan was sitting on the ground with An An playing a small train. An An was sitting in her mother's arms, leaning against her mother, and seeing his father coming, waving, Fu Hengyi sat down next to An An.

"Are you all right?" Shen Qinglan asked.

Fu Hengyi nodded, "Well, it's all right."

"What decision did you have in the army?"

"A review, nothing." This is the good caliber unified by Fu Hengyi and the old man.

Shen Qinglan frowned, "Tell me the truth?"

Fu Hengyi smiled helplessly and knew that Shen Qinglan was not so easy to fool, "Well, there is also a demotion."

"Gone?"

"It's really gone this time, Qinglan, don't worry, these are nothing to me."

Shen Qinglan didn't speak and lowered her head. Fu Hengyi reached out and took her hand. "Don't worry, I'm really fine."

Shen Qinglan smiled and didn't wait to speak. Looking down at his hand, I saw that An An was breaking Fu Hengyi's hand, and An An's little eyebrows were tangled into a ball, trying very hard to make Fu Hengyi's Break your hand, and still say in your mouth, "Mum is An'an."

Fu Hengyi heard the words, black face, this stinky boy, at a young age, he learned to rob his wife with his old man.

Fu Hengyi directly held Shen Qinglan in his arms, then looked at An An and said seriously, "Mother is father's."

An An looked at Fu Hengyi blankly, and then looked at Shen Qinglan, his lips pouted, and she seemed to cry. Shen Qinglan looked at Fu Hengyi silently, "He is your son."

The father and son have just returned their filial piety.

Fu Hengyi was wronged, "He robbed you with me." No one can rob his wife, even his son.

"Mom." An An is even more wronged. Before this father came back, his mother was all his own. Why did he become a father as soon as he came back?

Shen Qinglan watched the same expression of grievances between the father and the son. He lifted his forehead and pushed away Fu Hengyi. "You provoke the disaster, and you solve it yourself." Then he got up and left, ignoring the father and son.

An An and Fu Hengyi stared at each other, Fu Hengyi reached out and squeezed his son's face, "You look at you, you are all angry with your mother, it's really not sensible."

An An's brows were tighter, he didn't like others to pinch his face, even his father couldn't, he patted his

father's big hand with a small hand and motioned him to let go. Fu Hengyi looked at his son's lovely reaction, and the innocence suddenly came out. Unwilling to let go, he played with An An. After squeezing the left side and squeezing the right side, An An saw that he had been squeezing all the time.

Just now this scene was seen by Mr. Fu who was going downstairs, and his face was awkward, "Fu Hengyi, what are you doing, how old are you even bullying a child under one year old."

Fu Hengyi coughed lightly and touched his nose, "He will be one year old soon." It was only half a month away.

Old Master Fu sneered, "How old are you, how old is he, you bully him, are you sorry?"

"Who told him to grab my wife." Fu Hengyi mumbled a childish voice.

Master Fu didn't hear clearly, and asked him, "What do you say?"

Fu Hengyi sat up straight, "Nothing, grandpa, how is An An's birthday party prepared?" This is An An's first birthday. The Fu family must have a big event, but so many things have happened recently, and Jin Enxi is still the same. Life and death are unknown. She did not participate much in her son's first birthday party, and everything was done by Chu Yunrong.

"It's almost ready, and invitations have been sent out. Can you ask for leave?"

"No problem." Fu Hengyi said that he would definitely not be absent from his son's first birthday banquet.

And just one week before An'an's first birthday banquet, Shen Qinglan finally received a little news about Jin Enxi. Some people said that they saw a girl rescued by the seaside near the sea area where the accident happened, and according to that person The description of the rescued person is very similar to that of Jin Enxi.

"Fu Hengyi, I want to see it in person." Shen Qinglan said to Fu Hengyi, "Even if the news is false, I have to go and see it in person to be at ease."

Fu Hengyi knew that Jin Enxi was a particularly important person for Shen Qinglan, and naturally there was no reason to refuse, "Okay. But you must pay attention to your safety."

"Well, I know, I will call you as soon as possible."

Shen Qinglan set off the next morning, while An An was still asleep. Fu Hengyi drove her to the airport, "You must call me if you have something."

"I know, I will not act without permission, I just go to verify the information, I will rush back before An An's birthday. "An An's first birthday, Shen Qinglan will naturally not miss it.

Shen Qinglan once again came to country Y. This time she came to a small fishing village. There was a distance from the beach where the incident last happened. According to the news, she knocked on the door of a fisherman.

"Hello, I heard that a month ago, did you rescue a girl from the sea?" Shen Qinglan saw an old lady who opened the door. He lowered his voice and tried to make himself as kind as possible.

The old woman glanced at Shen Qinglan and nodded. "My son saved it. My son just went out fishing and saw a person floating on the sea.

Shen Qinglan was happy, and took a picture of Jin Enxi from the bag, "Is this girl?"

The old lady who couldn't see the picture clearly went back to the house to find a reading glasses belt, took a closer look at the picture, and shook her head, "It's not like, the girl my son saved was burnt all over, not so beautiful. ."

Shen Qinglan's heart plummeted, "Mother-in-law, can you tell me where the girl is now? She is my good friend and I have been looking for her for a month."

"Wait, my son rescued people and sent them to the hospital. I don't know the exact situation. You have to ask my son."

"Then where did your son go?"

"Don't worry, my son is out today and will be back soon. Are you coming in first?"

Although Shen Qinglan was anxious, he didn't refuse. He walked in. The elderly's family conditions were not good. The furnishings in the house were very simple, probably because they lived on fishing, and there was a smell of fish everywhere. Shen Qinglan seemed to be unaware, sitting in the living room chatting with her grandmother one sentence at a time, and occasionally glancing at the old clock on the wall.

This was just over an hour. When the old woman's son came back, she saw a beautiful oriental woman sitting in her home. She was shocked and looked dumbfounded.

Shen Qinglan called the young man several times before he reacted and bowed his head embarrassedly.

Shen Qinglan couldn't take care of this, he asked Jin Enxi's news. The young man heard the words and looked at Shen Qinglan, "Are you a friend of that person?"

Shen Qinglan nodded and showed him Jin Enxi's picture, "Are you saving this girl? She is a very important friend of mine. If you know where she is, please tell me."

The young man took the photo in his hands and looked at it carefully. He shook his head for a while and nodded for a while. It seemed very tangled.

"I don't know if I rescued the person you were looking for. When I rescued the person, she seemed to have been burned by fire. She was wounded all over her body, and she was soaked in the sea again. I don't know how long it has been. I couldn't see her face, I thought she was dead, and I was shocked. I found her still alive, and I sent her to the hospital."

Shen Qinglan can already be sure that they saved Jin Enxi. "Where is she now?"

The young man shook his head, "I don't know where she is. When I rescued her, she was comatose. I didn't wake up when I went to see her two days ago. I went to the hospital today to see her, but The doctor said she woke up yesterday and was taken away."

"Take away?" Shen Qinglan raised a bad hunch, "Who was taken away?"

"I don't know. It was her friend. She was burned badly. The doctor said that after a long time of treatment, she was not suitable for discharge, but her friend insisted on taking her away."

Shen Qinglan's heart sank directly to the bottom of the valley. She had just got a clue, and now it was broken. She asked the boy carefully whether he had found any traces of other people in the nearby waters besides saving Jin Enxi.

The young man shook his head, "No."

When Shen Qinglan left, he put a sum of money on the table while the young man and the old woman were not paying attention. By the time the boy found out, Shen Qinglan had already disappeared.

Shen Qinglan called Eden, "Eden, did Enxi contact you?"

Eden heard the clouds and fog, his face blank, "Ann, what are you talking about? Do you have news about Enxi?"

Shen Qinglan said, frowning, "Isn't you? I got a message today, En Xi is indeed not dead, she was taken by a fisherman."

Eden stood up from the chair all at once, "Are you sure? Did you find her?"

"No, the fisherman said that just yesterday, Enxi woke up, but was taken away. Listening to the fisherman's meaning, it was the person that Enxi actively contacted. I thought it was you."

Eden shook his head and said with a deep voice, "It's not me. If I get the news from Enxi, I'm sure I will notify you as soon as possible."

"Eden, think about who Enxi knows and who you will contact first. I will go to Daniel." Shen Qinglan said.

"Okay, we call each other when we have news."

Shen Qinglan drove to Daniel's family. Since Jin Enxi's accident, Daniel has returned to his family. As for domestic galleries and Shen Qinglan's paintings, he has given them to someone he trusts.

This is the first time that Shen Qinglan has seen Daniel since the accident. Daniel was surprised when he heard the servant's announcement. "Qinglan, why are you here?"

Daniil lost a lot of weight, and when she saw Shen Qinglan, she didn't have many smiles on her face, "Daniil, how are you doing recently?"

Daniel rubbed his lips, "I'm fine."

Although it was okay in her mouth, Shen Qinglan saw anxiety and pain in his eyes. She hesitated and tried to open her mouth, "Daniel, have you heard of Enxi this month?"

Daniel shook his head and wiped his face. "But I won't give up looking for her. I believe I can find her. I'm sorry Qinglan. I can't be your agent anymore. I promised my father, As long as he can continue to help me find Enxi, I will come back to be a qualified heir."

Shen Qinglan smiled faintly and patted Daniel's hand, "Daniel, don't say sorry to me, I want to say sorry to you. I owe you a sorry word about Enxi."

"Qinglan, I know your relationship. This matter has nothing to do with you. In the final analysis, it is the fault of those people."

After all, Shen Qinglan didn't tell Daniel about Jin Enxi's news. According to the young man's description, Jin Enxi was disfigured, and maybe there were other serious injuries. This may be the reason why Jin Enxi didn't contact them after he woke up.

"Daniil, we will not give up looking for Enxi, but you also take care of yourself. Don't collapse before Enxi finds it." Shen Qinglan is worried about Daniil's current state.

Daniel smiled, "Qinglan, I won't let myself be in trouble until I find Enxi. If you have news of Enxi, don't forget to notify me."

"it is good."

Shen Qinglan came out of Daniel's house and went to find Eden. Eden now lives with Andre. Shen Qinglan first went to see Sisley. When she went, Andre was accompanying her.

"Andrea."

Andre was surprised to see Shen Qinglan, "An, why are you here?"

"I'll take a look at Sisley, is she okay?"

"She is fine, she is more sleepy, and she is still sleeping."

After listening to this, Shen Qinglan almost burst into tears. She blinked and watched Sisley nod her head and smiled. "Yeah, Sisli is really lazy this time. She has been sleeping for a long time, waiting for her to sleep. Wake up must punish her for not being allowed to sleep for three days."

"Then she probably jumped." Andrei said with a smile, calm expression, looking at Sisley with a spoiled look.

Andre had learned of Jin Enxi from Eden's mouth, and his expression was serious. "Isn't Enxi taken away by Daniel?"

Shen Qinglan yelled, "Daniel didn't get a little news about Enxi, and is still looking for it, Andrea, I don't know if I should tell Daniel that we have Enxi's news, in case that person is not Enxi, then Daniel will not be able to stand it." Although she is 80% sure that the person is Enxi, but what if it is?

Andrea understands Shen Qinglan's mood, "Ann, now we can be sure that Enxi is still alive, so finding her is sooner or later. Don't worry too much, Enxi will be fine."

Shen Qinglan nodded. "Well, Andrea, so are you, Sisley will also wake up, I have always believed."

"I believe as much as you do."

At this time, Eden walked in. "Ann, I have called Enxi's friends I know, and they have no news of Enxi." Actually, think about it too. Jin Enxi's best friends are just a few of them. , She should contact them even if they are in contact, but the fact is that Jin Enxi woke up and did not contact them.

"Ann, do you say that the person is not Enxi?" Eden couldn't figure it out. If the person is really Enxi, why not contact them.

"No, that person must be Enxi." Shen Qinglan said affirmatively, "Right, have you seen Peter?"

Eden and Andre looked at each other and shook their heads together. Since they had evacuated from the beach that day, they had never seen Peter again. He seemed to have evaporated.

"Find a way to contact him. Since Enxi is still alive, I think Allen should be alive. Maybe someone was saved."

"Ann, is it possible?" The luck was so good that both survived.

Shen Qinglan wasn't sure, "Try it, if you're really alive, it's a kind of favor." In this operation, Allen's people were almost completely damaged, and the remaining ones also followed. As Alan's life and death were unknown and the tree fell apart, I didn't know where to go.

After hearing this, Eden and Andre were silent. Eden thought for a while and said, "Ann, I want to find a way to contact Peter, but it may not be possible."

Shen Qinglan nodded and went to the beach again.

She hired a group of fishermen on a nearby island to help them find people. Based on the location where the young man rescued Jin Enxi, she expanded the search a lot. When she encountered a fisherman, she came forward to ask about the situation.

For four days in a row, until there were only three days left before An An's birthday, Shen Qinglan, who had nothing to gain, had to give up.

"Eden, I will go first. If there is news of En Xi, you must inform me."

Eden nodded, "I will. I won't be able to attend your baby's birthday this time. I will make it up later."

Shen Qinglan smiled.

Back at the capital, no one asked Shen Qinglan where he had been in the past few days. An An didn't see her mother today and was very happy to see Shen Qing Lan. Perhaps it was during this time that Shen Qing Lan was often not around. An An was used to it. When I saw Shen Qinglan, I just cried and stopped crying.

"An An was really sensible, awesome!" Learning that her son wasn't crying, Shen Qinglan lowered his head and kissed his son's small face, smelling the milky fragrance on his body, and an uneasy heart gradually became quiet.

An An's first birthday party was held in Shen Qinglan's and Fu Hengyi's new home. They were basically friends and relatives who were familiar, and some were friends of two old men.

Of course, there will also be some who came to fate in the prestige of the two. There are no invitations in hand, because the number is not large, and today is a good day, Shen Qinglan and they did not refuse to come in.

An An was dressed very festively today, wearing a red Tang suit and also wearing a hat, carved with jade, and it was really like a doll painted in that year.

Shen Qinglan wore a parent-child outfit matching An An, and Fu Hengyi was also a family of three standing together. The handsome man and the beautiful woman, plus a cute baby, don't mention

attracting attention.

Chu Yunrong looked at the warm picture of a family of three standing together and smiled, Chu Yunjin smiled, "Sister, now you can rest assured."

Chu Yunrong nodded, "Rest assured, hey, I never thought Hengyi and Qinglan would be together."

"This fate can't be stopped, you can see how good they are. Hengyi looked very serious. He didn't expect it to be a wife."

Chu Yunrong listened to her sister's words and felt the same. Especially after knowing certain things, she knew more about how much Fu Hengyi had done for Shen Qinglan behind her. Even her mother, who knew her, was very moved.

"Now I don't worry about Qinglan, just waiting for Jun Yu." Chu Yunrong looked satisfied.

"Speaking of Jun Yu, he and Xi Yao have also been married for some time. Are there plans to have children?"

Chu Yunrong smiled and said, "This is not anxious, young people, they always like to be free. Xi Yao is also an idea. When to give birth to two people will plan, I will look after An An now."

Chu Yunjin debunked her, "Where are you in a hurry, I think you are safe enough."

Chu Yunrong did not object to this.

"Auntie." Shen Junze saw Chu Yunrong from afar and came to say hello.

Chu Yunrong looked up and down at his meaning, and nodded, "Jun Ze is now more and more capable."

Shen Junze smiled embarrassedly, "Big Brother teaches well." He looked around and said, "How can I see Big Brother today?"

"He went to pick Xi Yao's parents and will arrive soon. It's you, are you still used to it in the company?"

"It's good. No one knows that I am the brother of the eldest brother. I'm just Shen Junze. Everything started from scratch. Making money with my own hands and working hard makes me feel very fulfilled. I also learned a lot."

Chu Yunrong was very pleased to hear this, "That's good, so your father can rest assured. He will come back often to see your grandfather when he has time."

447 Chapter An An's Birthday Banquet

"Well, I will. Thank you, Auntie." Shen Junze's gentle smile.

"There are a lot of young people coming today. You talk to them more. These people are young talents in the capital. It's good for you to know more." This can be described as a genuine help.

Shen Junze nodded with a smile, "Thank you Auntie for mentioning."

Chu Yunjin looked at Shen Junze's back and said with emotion, "When I saw this child's jerk, I thought that the good-looking child was destroyed like this. I didn't expect to see him change like this."

"Yeah, I'm also pleasantly surprised. In the end, Shen Rong's only child, if it's really ruined, it's estimated that the saddest thing is the old man. Now that I see him as sensible, I feel relieved."

Shen Junze naturally didn't know the two's evaluation of himself, he went directly to Shen Qinglan, "Sister."

Shen Qinglan yelled, "Here he came alone?"

Shen Junze touched his head, "My mom was a little uncomfortable today, so she didn't come." In fact, today is the home of the Fu family. His mom is not suitable to appear here, so he didn't let his mom come together.

Shen Qinglan heard and nodded, but said nothing, but said, "Today there are a lot of young talents. You make friends with that family." This is the same as Chu Yunrong said.

Shen Junze nodded, "I'll go and see grandpa first, grandpa?"

"Resting in the guest room, the second one on the left."

Shen Junze went to find Mr. Shen.

Today's banquet is indispensable to Pei and Jiang families.

Jiang Chenxi came a little late. When he came, Shen Qinglan noticed the girl who was with his mother at a glance. This girl was awesome when she and Chu Yunrong met Jiang Jiang in the mall. The man next to him, who was called "Wan Jiao", frowned, looked at Fu Hengyi, and Fu Hengyi spread his hand, indicating that he was unclear. He hadn't seen Jiang Chenxi for a while.

"Qinglan, we are late, sorry, sorry." Jiang Mu was a little embarrassed.

Shen Qinglan smiled, "It's not too late, the time is just right." She looked at the girl who was with Jiang Mu, "This is?"

"Oh, let me introduce, this is Chen Xi's girlfriend, named Chen Wanjiao, Wanjiao, this is..."

"Auntie, no need to introduce, I still know Mrs. Fu, hello Mrs. Fu, I am Wan Jiao, I like your painting very much." Chen Wan Jiao reached out and smiled gently.

Without reaching out to smile, Shen Qinglan reached out and shook her gently, "Thank you."

From the beginning to the end, Jiang Chenxi did not raise any objections to Jiang Mu's remarks. It seems that Chen Wanjiao's own girlfriend's remarks have been acquiesced, which makes Shen Qinglan more concerned that from the beginning to the present, Jiang Chenxi has not I have looked for Pei Yining, which is very different from Jiang Chenxi who had first found Pei Yining when he arrived.

What happened to her in the middle?

Ask the Jiang family to go in. Shen Qinglan looked at Fu Hengyi, "You really don't know what's going on?"

Fu Hengyi looked innocent. "I really don't know this. I haven't seen Chen Xi for months."

Shen Qinglan thought so too, even if she hadn't seen Pei Yining for a while, she turned to Pei Yining and asked about the situation.

"Qinglan." Someone called Shen Qinglan's name. When she looked back, she saw Fang Tong holding Li Boming's arm and Shen Qinglan smiled, "When did you come back?"

"I just arrived last night, my son's first birthday, and I can't miss anything." Fang Tong said with a smile.

"Go ahead, An'an and my grandfather are together. Xiao Xuan and Han Yi have to wait to get there." Han Yi just called to say that something is temporary and needs to be late.

Fang Tong nodded, "She also told me, I will go to see An An first."

Sure enough, Han Yi took her daughter Xiaoyu Xuan with Han Yi. Han Yi hugged her daughter and looked

at Fei Hengyi with a smile, "Fu Hengyi, this is my daughter Guoguo."

The tone was a pride, and Shen Qinglan really wanted to kick Han Yi out, knowing that Fu Hengyi wanted her daughter but didn't get it, but also stimulated him.

"It is also An An's wife." Yu Xiaoxuan added.

Fu Hengyi's face was originally dark because of Han Yi's words, and suddenly became brighter because of Yu Xiaoxuan's words. He looked at Han Yi with a smile, and seemed to say, "What about you having a daughter, not my daughter-in-law."

Han Yi froze and snorted, "The children may not be willing to listen to you."

Yu Xiaoxuan secretly nipped at Han Yi's waist, and Han Yi took a deep breath in pain and shut up.

Yu Xiaoxuan smiled, "Qinglan, we have advanced."

Shen Qinglan nodded with a smile and waited for someone to leave before looking at Fu Hengyi. Seeing that his expression was still somewhat depressed, he took his hand. "Actually we can have a daughter." Her voice deliberately lowered.

Who knew Fu Hengyi's eyes changed immediately when he heard this, "No, we have An An and a child is enough." He said without hesitation.

When Shen Qinglan heard it, she knew that Fu Hengyi was still thinking about the original production. She held Fu Hengyi's hand tightly. "Fu Hengyi, it was an accident." If Qin Yan was playing tricks in the back, she would be born safely and smoothly. Ann An.

Fu Hengyi shook his head, "Son is also very good." There was no intention of having a second child in the discourse. Shen Qinglan regretted that it seemed that his second child plan would be released temporarily. Originally, Shen Qinglan wanted to take advantage of his young age. Who gave birth to the child, who knows what had given Fu Hengyi such a big psychological shadow, can't live up to now.

In fact, Shen Qinglan is not obsessed with her son or daughter. The reason why she wants to have a second child is simply to feel that a child is too lonely. If you grow up with brothers and sisters, you will also be accompanied.

"Qinglan, I can tell you that the idea of not giving birth to a second child, I disagree." Fu Hengyi warned her with a serious look.

Shen Qinglan was speechless, "Without your cooperation, I will come out of my life? Do you think I am the king of my daughter country?"

Fu Hengyi touched his nose. He was not afraid that Shen Qinglan would give him a beauty. He didn't have

any concentration on Shen Qinglan. If she was determined, she would seduce him.

Shen Junyu arrived last, and Wen mother stepped forward to hug Shen Qinglan, "The flight was delayed, aren't we late?"

Shen Qinglan smiled and shook his head, "No, the time is right, auntie, go in quickly."

People were almost there, Shen Qinglan and Fu Hengyi walked in. An An is playing with Pei Hao. The two children are sitting in a children's room specially prepared for them. Pei Hao is teaching An An how to play puzzles.

"Little aunt." Pei Hao saw Shen Qinglan and screamed. An An looked back at his mother and grinned, revealing his little teeth. "Mother."

Shen Qinglan smiled slightly, squatted down, and touched An An's head. "Have fun with my brother. Mom will wait to find you."

An An nodded obediently, "Brother."

Pei Hao heard An An's shouts and smiled with a brow, "Auntie, my brother called me brother."

"Well, so you play here with your younger brother. I will come to you when the banquet begins. If you are hungry, there are snacks and fruits."

"Thank you auntie." Pei Hao smiled.

Shen Qinglan touched his head and went out to find Pei Yining, who was talking to Chu Yunrong.

Shen Qinglan didn't speak, but stood beside Chu Yunrong and looked at Pei Yining. Pei Yining noticed Shen Qinglan's eye and turned to look at her, "Qinglan, is there anything on my face?"

Shen Qinglan shook her head because she didn't have anything. She didn't believe that Pei Yining didn't see Chen Wanjiao, who came with Jiang's family, but the expression on Pei Yining's face was too calm at the moment.

It was just that the banquet started soon. Shen Qinglan didn't have time to ask what happened to Pei Yining. Today is An'an's first birthday banquet. As a mother, Shen Qinglan naturally cannot be without Anan's side.

The two grandfathers first said some blessings, and then someone raised a large table and placed it in the middle of the venue, and then a variety of small things were placed on the table.

This is about catching the week. Although Shen Qinglan doesn't believe these things, she also knows that this is a traditional ritual. He put An'an up and let An'an choose for himself.

Many people are the first time to see the Jin Gui's little grandson of the Fu family up close, isn't it Jin Gui, the only child of the fourth generation of the Fu family, and the only heir of the fourth generation of the Shen family, or Shen Grandpa's favorite grandchildren. I heard that as soon as the child was born, the two old men prepared a lot of gifts for the little guy. I heard that there were several houses in it.

If Shen Qinglan heard these rumors, she would definitely cry and laugh. The two old men did prepare a lot of gifts for An An, but there is absolutely no such exaggeration in the house.

Everyone looked at An An. An An was so watched by so many people that he was not afraid at all. He crawled around on the table and looked at these things around him very strange.

He glanced at Shen Qinglan from time to time. The latter gave him an encouraging look. An An looked down at the things on the table again. He picked up a pen, took a few glances in his hand, and reached out to remove the cap. , Just when everyone thought he chose the pen, he put the pen back and continued to climb forward. There are many things on the table, such as mini gold abacus, ink pen and inkstone, toy piano, car key... and even a toy pistol, which is very small and hangs on the key chain. It was just Han Yi's own key Buckle up and take it off.

An An seemed to be very interested in the gun. After playing it in his hand for a long time, the others saw it and said one after another, "Old Master Fu, it seems that the little guy will inherit his father's career in the future."

Mr. Fu heard the words and couldn't see with a smile. He spent all his life in the army. The most glorious and youthful time in his life was dedicated to the country and the army. Everything in the army flowed in his life. In the middle, although his son was sacrificed for performing the task and let him send the white-haired person to the black-haired person, this is still a matter of pride for him.

If An'an grew up and could enter the army and show his ambitions, Grandpa Fu was very happy.

Just before Grandpa Fu spoke, An An threw the small pistol and picked up the car key. He crawled towards Shen Qinglan and handed the car key to Shen Qinglan. Shen Qinglan took the car key and An An grinned. With a smile, he looked at the table full of things.

This time, An An picked up the gold abacus, the abacus was very small, only the child's slap was big, An An took a left and right look in his hand, and shook it up and down twice. Ann giggled.

Han Yi looked interesting. He reached out and wanted to take the abacus in An An's hand, but he saw An An holding the abacus tightly in his arms and looked at Han Yi with big eyes, "An An."

In a word, the people who were amused laughed. An An didn't know what everyone was laughing. When they saw them, they laughed.

Shen Qinglan looked at his son's eyes full of smiles and whispered to Fu Hengyi, "Can't see it, your son is

still a little wealthy fan, who is this temperament like?"

"It's definitely not me." Fu Hengyi said quietly, wondering who the character of his son's wealth fan was like, neither he nor Qinglan had such a personality.

Shen Qinglan's eyes fell on the abacus held by An An in his arms. Suddenly remembering that the abacus seemed to be sent by Shen Junyu, he turned to look at Shen Junyu. Sure enough, he saw that his brother was looking at his son. Even that gentle temperament is gone.

"Hahaha, Mr. Fu, it seems that your family will have a business elite in the future." A man about sixty years old said to Mr. Fu with a smile.

Old Master Fu smiled with his beard, "Everything is good, the choices of the children are the best."

An An held the abacus and glanced at Shen Qinglan and Fu Hengyi, but this time he did not give the abacus to Shen Qinglan. It seemed that he really liked the abacus. He held the abacus and looked in the direction of Han Yi, toward Han Yi Crawled over.

He climbed in front of Han Yi and stopped. Han Yi thought that An An was about to give him an abacus and extended his hand. "It seems that An An's favorite person is me."

An An didn't look at Han Yi's hand, and stood up slowly from the table. Fang Tong quickly stepped forward and extended his hand in a protective posture to prevent An An from accidentally planting from the table.

An An took two steps staggering, but he went towards Yu Xiaoxuan. He grabbed Guo Guo's clothes in Yu Xiaoxuan's arms and didn't let go.

Han Yi's face was slightly dark, and the person who looked at An An clutching his daughter's clothes had the urge to break up his hand.

"Sister." An An's small mouth spit out two words. When Yu Xiaoxuan came just now, Shen Qinglan had already shown An Xiao's daughter to An An and told him that he was just a sister, but he didn't expect An An to remember.

An An handed out the small abacus in his hand, and Yu Xiaoxuan tried to reach out and took the small abacus, "To my sister?"

Who knows that An An actually understood it and nodded, Yu Xiaoxuan's eyebrows were curved and she looked at Shen Qinglan and gave her a look, "Look, we are destined to be a relative."

Shen Qinglan smiled helplessly.

An An has chosen what he likes, and has no interest in other things on the table. He stretches out his

hands in the direction of Shen Qinglan, "Mom hugs."

Shen Qinglan picked up her son, and An An yawned, holding Shen Qinglan's neck. He was tossed early this morning and did not sleep at noon. He was really sleepy.

Grandpa Fu saw this and said, "You take An'an to rest first."

Shen Qinglan nodded and went upstairs with Aunt Liu. When the house was renovated, the children's room was prepared. Shen Qinglan put An'an on the bed, and soon he fell asleep. As soon as he walked to the door, Yu Xiaoxuan took the child up, "Qinglan, Guoguo also fell asleep, let her sleep with An An."

"Well, I just let Aunt Liu look at the child." Shen Qinglan said.

Put Guoguo next to An An. The two children were sleeping next to each other, just looking after the two sleeping children. This was not a difficult thing for Aunt Liu. Shen Qinglan and Yu Xiaoxuan went downstairs after making sure that both children were asleep.

**

The banquet tonight took the form of a buffet, so the atmosphere downstairs was very relaxing. Jiang Chenxi came here and found a corner after presenting gifts and wishes.

"Chenxi, it turns out that you are here." Chen Wanjiao, holding a glass of wine in his hand, looked at Jiang Chenxi with a look of surprise. "I have been with you for a long time. Why are you sitting here alone?"

Jiang Chenxi smiled, "It's quiet here."

Chen Wanjiao sat down next to Jiang Chenxi. "I also feel a little noisy. I don't know any of those people. I can't intervene. I'll sit here with you for a while."

Jiang Chenxi did not refuse, and Chen Wanjiao set aside his drinking glass, "Chenxi, are you a good friend with this young lady from the Shen family?"

Jiang Chenxi shook his head, "No, she is my sister-in-law, and I and Hengyi are friends."

"Oh, I was thinking if you knew her well, would you recommend it to me? I really like her paintings." Chen Wanjiao seemed a little embarrassed when she said this, lowering her head, "That, I didn't want to buy her paintings, you simply appreciate her and want to know her."

"If you want to know, I will introduce you to know later." Jiang Chenxi said lightly.

Chen Wanjiao's eyes lit up and said in surprise, "Really, can you really introduce us to know?" Because of the excitement, she put Jiang Chenxi's arm in her hand.

Jiang Chenxi's eyes fell on her hand, and Chen Wanjiao realized that she had lost her mind, and quickly withdrew her hand. "That, I was just too excited."

Jiang Chenxi smiled warmly, "It doesn't matter." He is a real gentleman who never feels uncomfortable.

Chen Wanjiao looked at Jiang Chenxi's lips with a smirk and looked dumbfounded.

However, Jiang Chenxi has retracted his gaze, looking at the distance, there is no focus in his eyes, apparently distracted.

Chen Wanjiao's eyes dimmed for so long. Although Jiang Mu claimed to be Jiang Chenxi's girlfriend, Jiang Chenxi never admitted it, and it has been a few months since she came back. Chen Xi counted the number of times he went out to eat with a slap.

Chen Wanjiao recovered from his own thoughts, only to notice that Jiang Chenxi was also missing, and looked in his eyes, only to see the crowd of people who were strategizing, and did not know what he was looking at just now.

"Chenxi, the day after tomorrow is the weekend. I bought two tickets for the concert. Do you have time to accompany me?" Chen Wanjiao hesitated for a long time and said with courage.

Jiang Chenxi looked back at her and looked at her, "I'm very sorry. I just happened to be on that day and couldn't go."

Chen Wanjiao looked sad, "Well, I will keep the ticket for you. If you have time that day, please call me at any time."

"Wan Jiao, you don't have to wait for me anymore. I really had a problem that day. Please find other friends to accompany you."

"Chenxi, don't you hate me?" Her tone lost.

Jiang Chenxi shook his head, "No, you think too much, I don't hate you." I just didn't like it.

"Then why do you always reject me, I invited you ten times, and you rejected me nine times." And the only time was because of Jiang Jiang's rejection. Thinking of this, Chen Wanjiao was also very wronged. Speaking of her, she was also a talented girl. There were definitely a lot of people pursuing her. Before returning to China, she never thought that she would care about a man, and she was careful about this man. In order to let him look at himself more.

"Wan Jiao, I have already told you what I should have said. Don't waste time on me. Girls' precious youth is worse than wasting on me. It's better to find someone who loves you."

Chen Wanjiao stared blankly at Jiang Chenxi, seemingly did not know how to react, "Chenxi, do you have someone you like?" Besides this, she couldn't think of any reason why Jiang Chenxi could repeat again and again. Rejected her again and again.

"Yes." Jiang Chenxi admits that the ground is simple and affectionate, and the most taboo is to drag the mud.

Chen Wanjiao did not know whether he should cry or should laugh at this time, the expression on his face was very strange.

"Wan Jiao, I'm sorry to tell you now,"

"No, it has nothing to do with you. You told me long ago that you don't like me, but I always feel that the two of us have not enough contact, and you don't understand me. But Chenxi, can you tell me that I still have No chance?"

"Sorry, Wan Jiao." Jiang Chenxi said apologetically.

Chen Wanjiao immediately understood that she twitched her lips and wanted to make a smile, but it was even uglier than crying, "Don't say sorry to me, it was my wishful thinking. Auntie, I said that I found My personality is not very suitable for you. I believe that my aunt will not embarrass you. If I have troubled you during this time, I will say sorry to you here."

Chen Wanjiao made Jiang Chenxi feel more guilty, "I..."

Chen Wanjiao stopped him, "Don't say it, I understand, really, I understand it in particular. Chen Xi, I'm curious, what kind of person do you like, it's worth it to you."

Speaking of Pei Yining, Jiang Chenxi's expression was in a trance, "She is a very strong girl, positive and optimistic, sincere to people, and being with her, you can experience a lot of real things, not hypocrisy. "His eyes are very gentle, suggesting that he reminds the eyes of his beloved.

After listening to this, Chen Wanjiao only felt more uncomfortable. Why did she want such a problem to make herself uncomfortable, but she couldn't help but want to understand what the person Jiang Chenxi liked.

"Chenxi, is she here too?" Chen Wanjiao asked tentatively.

Jiang Chenxi did not deny that Chen Wanjiao looked at the crowd, "Can you tell me which one is at the scene?"

Jiang Chenxi was silent, and Chen Wanjiao knew he was unwilling, and his heart became more bitter, and he stood up and said, "I'm going to find an aunt."

When Chen Wanjiao found Jiang Mu, Jiang Mu was chatting with a few known wives. When she saw Chen Wanjiao, she beckoned. "I was just saying where did you go, and you came."

Chen Wanjiao smiled gently. As long as she was not in front of Jiang Chenxi, she was a gentle and decent person. "A little chat with Chen Xi, aunt, I'm a little uncomfortable. I want to go back first."

Jiang Mu heard her words, frowned, and immediately cared, "How come you are suddenly uncomfortable, did you eat something bad?"

"No, in fact, I was a little bit cold last night. I felt a little uncomfortable when I woke up today. I thought it would be better to be patient. Who knows that it is getting more and more uncomfortable, so auntie, I might have to leave first."

Jiang Mu patted her on the back of her hand. "You, too, are uncomfortable and rest at home. Wait, I will let Chen Xi take you back."

"No aunt, I'll just go out and take a taxi myself."

Mother Jiang ignored her refusal and found Jiang Chenxi directly. "Wan Jiao is sick and a little uncomfortable. You send her home first."

Jiang Chenxi knew that it was the conversation just made Chen Wanjiao sad, "Okay."

Walking outside the house, Chen Wanjiao looked at the man next to him and said, "Go in, I'm fine."

"I know, I'll take you home, it's not easy to get a taxi here." This is a villa area in the suburbs. The people who live here are either rich or expensive. There is a private car at home, far away from where you can take a taxi. Out of any relationship, he has an obligation to send someone back.

Chen Wanjiao also knew that Jiang Chenxi was telling the truth, so he did not refuse Jiang Chenxi's request to send himself home.

Chen Wanjiao was looking out the window all the way, because she really didn't know what to say to Jiang Chenxi, she saw the flashing neon in front, and finally opened, "Chenxi, the junction in front is good for taxis, you will I just put it there."

Jiang Chenxi didn't stop, "I'll take you home, if my mother knows that I left you halfway down, I'll probably be scolded when I go back, and this big night, if you are a girl Not safe."

Wen Yan, Chen Wanjiao once again looked out the window, quietly speaking, "Are you so good to other women?"

It happened to be a traffic light. Jiang Chenxi didn't hear what she said, and looked at her sideways, "What did you just say?"

Chen Wanjiao shook his head, "Nothing."

There was silence again in the carriage, "Okay, when you get home, go back and rest." Before Chen Wanjiao got off, Jiang Chenxi told him.

Chen Wanjiao's movements looked at Jiang Chenxi, "Chenxi, give you a suggestion."

Jiang Chenxi looked at her suspiciously, only to listen to Chen Wanjiao continue to say, "For women who love you but you don't like each other, please don't be so gentle, you can easily misunderstand them, or say that they should not have Hope."

Jiang Chenxi was stunned for a while, before he said anything, Chen Wanjiao had already got off the cart door.

When Jiang Chenxi returned to the villa, the banquet was not over. The car just drove in and saw two people standing in the shade. Among them was Pei Yining, who was too familiar with him, and another man, he I haven't seen it.

Jiang Chenxi couldn't help but stopped, hiding his figure in the dark, and the voice of Pei Yining talking to the other party faintly came in front of him.

Pei Yining looked at the man in front of him, "Mr. Sun, what are you trying to say to me?" She was chatting with a friend just now, and this one found her and said she had something to talk about.

Sun Wei glanced up and down at Pei Yining and smiled, "Miss Pei is really shining today, which is very different from what she usually looks at." He has known Pei Yining for some time, and has had a lot of work contacts. Have a good opinion.

Pei Yining frowned slightly. Although this Sun Wei had working cooperation with her, she didn't like this person. She didn't know how Sun Wei came in today. "You just tell me what happened to me."

"Haha, Miss Pei is still so direct, then I will say directly, Miss Pei, I will contact you for a while, you are a very capable person at work, and your temperament is very appetizing to me, I want to be single with both of us. If you don't mind, I want to socialize with you."

Pei Yining's eyes were slightly cold. This was indeed straightforward enough. The polite smile on her face gradually became alienated. "Sorry, Mr. Sun, I am not planning to find the other half at present."

After finishing talking, Pei Yining wanted to leave. Sun Wei reached out to stop Pei Yining, "Miss Pei, you wait, don't rush to refuse first. You can listen to my conditions. I am thirty years old and I am a native of Beijing. I have a set in Beijing. The 200-square-foot house has no mortgage and a car worth 500,000. I just bought it last year. I used to have a marriage, but then I got divorced because my wife was too busy working. You are also clear about your work. You can see that my conditions are acceptable. Do you

want to consider them?"

"No, Mr. Sun, I don't think the two of us are suitable." Pei Yining refused. If she wants to get married, she can find a better condition than him. There is no need to find such a person. More importantly, the person's way of speaking makes She felt very uncomfortable.

"Miss Pei, where do you think the two of us are inappropriate, I know you have a child, but I don't mind, if we two get married in the future, you can bring your children to your parents, and you will be taken back to live two after the weekend. Good day, if we have our own children, I will also prepare a little family property for your son. Although there are not as many children as my own, I will never treat him badly." Sun Wei feels that his condition Good enough, where many men can be so generous.

Jiang Chenxi, who was standing in the dark, heard these words and clenched his fists tightly. He was about to rush and heard Pei Yining say, "This gentleman, I declare again, I am not looking for the other half. It is planned that my son does not need a father like you, please let it go."

Sun Wei was rejected by Pei Yining again and again, and there was something on his face that couldn't be hung up. "Pei Yining, I can't afford to talk to you about it, and you don't want to think about your situation. You are indeed young and beautiful. If you don't have Child, I certainly dare not talk to you about this kind of relationship, but now you are carrying such a big son, you ask which man in this world dares to marry you, even if someone wants to marry you, that can be me Material conditions? Although I have been divorced once, I don't have children as a bond."

Pei Yining looked at him coldly, and had seen a man who regarded himself as one thing, but he had never seen such a thing as such. "I have a 400 square-meter villa in Beijing, and there are two million-worth villas. A sports car, you have to compare it to your family, are you comparable to me?" She just doesn't like to show off at work.

Sun Wei's face was dark, and he thought that Pei Yining was lying to him, "Pei Yining, so you can't tell lies that even three-year-olds wouldn't believe. I really want to associate with you, for the purpose of getting married, you can Consider carefully."

Pei Yining sneered, just about to say, there was an extra hand on his shoulder, "Yining's things will not bother you, you have no trouble, there are countless people pursuing her, and there are many who are better than you. Where to go."

Pei Yining looked at Jiang Chenxi around him, he didn't know when he came, and Sun Wei opposite saw a man suddenly appearing, especially the man put his hand on Pei Yining's shoulder. Pei Yining didn't resist and looked at the second People's gaze changed suddenly.

He glanced up and down Jiang Chenxi, his eyes disdained, "Yining, what do you like is this kind of color? Just a beautiful skin?"

Jiang Chenxi sank his face. He was gentle and gentle on weekdays. Rarely did he sink his face. At this

time, the gas field was fully open. It was really shocking. He looked at Sun Wei, "You are Looking like a man-like dog, it looks like your age is not thirty, but it looks like you are forty years old, a person who has half a foot into the loess, and still thinking about a girl in her twenties, you Do you have a face? Forty-year-olds have even struggled to do such a bit of family work. I look like the first in the world. Who gives you confidence?"

Pei Yining looked at Jiang Chenxi blankly. Can't believe that the man with a vicious tongue was the Jiang Chenxi he knew?

"Who... who are you, dare to speak like this, Pei Yining, you wouldn't say a few words?" Sun Wei's face was angry.

Pei Yining glanced at Sun Wei lightly, with disgust in his eyes. "He was right."

"You... Pei Yining, do you know that you offended me, as long as I tell your boss, your job will be gone, and then you and your son will drink the northwest wind." Sun Wei was angry. To be insulted by people like this is that individuals have to be angry.

"You can try it." Pei Yining doesn't matter. If her boss fires her because of such a thing, or wears small shoes for her, then this job shouldn't matter. With her ability, she is still afraid of not finding a job. ?Ten thousand steps back, even if she really can't find a job, she can't finish eating her life at home.

"Well, you wait for me, Pei Yining, I will let you know that I am offended." Sun Wei walked away angrily.

448 Uninvited Guest

Pei Yining waited until the person left, and then looked at Jiang Chenxi's hand on his shoulder. "Can you let go?"

Jiang Chenxi withdrew his hand and fixedly looked at Pei Yining, "Why not explain?" If Pei Yining had already said that he was a Pei family, I believe that the man would not dare to say those excessive words, after all, since he came here , You will know that the Shen family and Pei family are in-law.

Pei Yining shrugged, his face did not matter, "I have nothing to say, my family has nothing to do with who I am, and it is an insignificant person."

"Yining, do you often have such people to harass you?" Jiang Chenxi said suddenly and distressedly.

Pei Yining was stunned for a while, and then he reflected his meaning, laughing lightly, "You think too much, I'm so weak in your eyes?" In fact, she wouldn't have a problem just because Jiang Chenxi didn't come out. She can still solve the problem.

"You are not weak, but you are not strong. Yi Ning, you are just a woman, what if you are weak? Let me protect you?"

Pei Yining's heart shuddered suddenly. She looked at the man in front of her. This was the first man to tell her that she was not weak but not strong. Her eyes swiftly glanced across the crystal. She lowered her eyes slightly and looked to the ground. The pretender said easily, "I'll just hear this, if you let your girlfriend hear it, you will be jealous if you specify it."

"I don't have a girlfriend." Jiang Chenxi said immediately.

"Isn't the girl who came with you today a girlfriend? I heard your mother introduce you to someone like this."

Jiang Chenxi looked at Pei Yining's resurrection eyebrows seriously, "She is not my girlfriend, I never admit it, Yining, you know, I have someone I like, my heart is very small, and I live with one person. Can't hold another person anymore."

Pei Yining can't tell what it feels like at the moment, but it is undeniable that at this moment, her heart is moving, and a voice in her ear has been saying to her, "Accept it, accept Jiang Chenxi, if you miss him Perhaps you will never meet such a man who loves you in this life, let alone you love him too?"

Just when Pei Yining wanted to obey his own heart and walk in accordance with the feeling in his heart, another voice came out and said, "Pei Yining, no, Jiang Chenxi has a great future, he should not be infamous with you like this. When a woman is together, what do you think people think of him? And his family will not agree with the two of you. Do you have the heart to make him unhappy with his family?"

The two voices flashed alternately in Pei Yining's mind, and her face disappeared.

Jiang Chenxi lifted her chin and forced her to look at herself, "Yining, do you love me, right?"

Pei Yining wanted to nod, but he dared not nod. Her expression was a little trance, as if penetrating through time, she returned to the campus.

Jiang Chenxi bowed her head and was about to kiss Pei Yining's lips, but Jiang Mu's voice came to her ears, "Chenxi, what are you doing?" She just came out to see her son when she didn't come back. This

scene.

Pei Yining was startled and subconsciously pushed Jiang Chenxi away, and saw Jiang Mu standing not far away looking at them.

Pei Yining nodded at Jiang Mu and planned to leave, but heard Jiang Mu say, "Miss Pei, Chen Xi now has a girlfriend. I hope you and Chen Xi can keep a distance."

Pei Yining's face stiffened and he paused. After a moment, he lifted his foot away again, "You can rest assured."

"Mom, what are you talking about?" Jiang Chenxi's voice sounded almost at the same time as Pei Yining."

Jiang Mu stared at Jiang Chenxi fiercely and turned to see that Pei Yining had entered the house. Jiang Chenxi wanted to chase Pei Yining, but Jiang Mu grabbed him, "Where do you want to go?"

Jiang Chenxi was angry, "Mom, you just went too far."

"Where am I going too far, I'm talking about the facts, since you have been with Wan Jiao, you must keep a distance from other women."

"Mom, Wan Jiao and I don't have any contact at all. You clearly know this. Why are you saying this? What is wrong with Yining, and you hate her so much?" Jiang Chenxi was puzzled. Her mother was always Why a reasonable and open-minded person is so stubborn about Pei Yining.

"I also want to ask you where is she? It's worth you to be so infatuated with her? Chen Xi, I don't hate Pei Yining. If you put aside your factors and start from a woman's point of view, I even admire her and have courage. Hao Hao was born in the mouth of others, and even Hao Hao was so well educated. But Chen Xi, you can be a friend with her, but you can't be with her. Our family cannot accept an unmarried woman who is pregnant first. I'm afraid of being spine boned."

Jiang Chenxi's eyes were completely cold, but his face became calmer, which was a sign of his extreme anger.

"Mom, if I say, I must be with Pei Yining?"

"Then you have the patience to watch your dad die? You don't know if your dad has heart disease, he is so traditional and stubborn, if he knows this, he will have to live alive." Jiang Mu was very angry with Jiang Chenxi. Disappointed.

This son didn't need her to worry since childhood, whether it is studying or living, they are all children of other people's eyes in the eyes of parents, but now it has become like this, and it must be said that this makes Jiang Mu uncomfortable. At the same time, there was more or less blame for Pei Yining.

"Well, I've made it clear to Wan Jiao. I have someone I like. I won't be with her. You should die. If I'm not with Pei Yining, I won't be with other people. Together." Jiang Chenxi's tone was very calm, like saying a very ordinary thing, but this calmness made Jiang Mu more angry and worried.

"Chenxi, listen to Mom."

"Mom, you don't need to say anything. I understand what you mean, and I understand. I respect your choice and ask you to respect my choice." Jiang Chenxi finished, turning around and leaving, Jiang looked at her son's The back of the figure kept talking.

Jiang Chenxi went to Pei Yining, but saw Pei Yining being with Shen Qinglan, "Yining, I want to talk to you."

Pei Yining looked up at him, "There is nothing to talk about between us."

Jiang Chenxi turned his attention to Shen Qinglan, and Shen Qinglan stood up with interest. "You talk first, I'll go and see if An'an is awake."

Pei Yining took her hand, "I'll go with you." Then he stood up.

Shen Qinglan gave Jiang Chenxi a helpless look, leaving Jiang Chenxi standing alone and sad.

"Cousin, why don't you want to give him a chance?" Obviously, the two love each other, why don't you give each other a chance to immerse the two in pain?

Pei Yining looked sad, "Qinglan, marriage is a matter of two families. His parents don't like me and won't let him marry me, and I can't make him choose to abandon his family for me. , Even if he wanted to, I came to make me feel cruel."

Wen Yan, Shen Qinglan was stunned, yes, the biggest problem now is not Pei Yining and Jiang Chenxi, but Jiang Chenxi's parents.

"Cousin, don't you try to fight for it? Perhaps his parents are not as unreasonable as you think?" Shen Qinglan at the moment is not clear that Pei Yining had just met Jiang Mu.

Pei Yining shook his head and smiled bitterly, "Forget about Qinglan, today is a good day, let's not talk about it, let's talk about it later." Obviously evasive attitude.

Shen Qinglan was willing to help, but she couldn't do anything about it. Jiang Chenxi's parents did not want them to be together. This is a very difficult problem. After all, Hao Hao exists objectively, and Pei Yining's past was not a sentence or two. Can be erased.

"Mom, where did you go just now?" Hao Hao asked his mother when she saw her.

Pei Yining hugged his son, "Mom went out for a while, what's wrong?"

Haohao shook his head, disappointed, "Ah, I thought you went to Uncle Jiang."

Pei Yining heard the words and couldn't laugh or cry, "What are you thinking about at a young age?"

Hao Hao's face is serious, "Mom, don't you always think of me as a child. I am five years old and have grown up."

"Okay, you grew up and you're a little man. Then your mother asked you, did your brother wake up?" Obviously, the topic changed.

Referring to the favorite younger brother, Hao Hao's attention was successfully diverted. "The younger brother's words haven't awakened yet, but the younger sister is awake. Aunt Xiaoxuan is accompanying her."

During the speech, several people from Shen Qinglan had reached the children's room. Yu Xiaoxuan had just fed Guoguo. Shen Qinglan walked over and glanced at his son. An'an was drooling when he slept. Hao Hao saw that, from the side A tissue was drawn from the bedside table, and An An was gently wiped with saliva.

"Sister Yining, when Hao Hao grows up, he must be a warm man." Yu Xiaoxuan saw this scene and said with a smile.

Pei Yining smiled, perhaps because he had lived in a single-parent family since childhood, Hao Hao was very sensible, but apart from making Pei Yining feel touched, this kind of understanding left only distress.

"Auntie, can I live in your house today? I want to play with my brother tomorrow." Hao Hao gave An'an a spit and looked up at Shen Qinglan.

Before Shen Qinglan agreed, Pei Yining spoke first, "Aren't you going to school tomorrow?"

Haohao slapped his head, "Yeah, I forgot, when I don't go to school, can I come and play with my brother?"

Shen Qinglan nodded with a smile, "Of course, after your school tomorrow, Auntie will pick you up from school, OK?"

Haohao's eyes lit up, and he looked at Pei Yining expectantly, "Mom, is that okay?"

Pei Yining naturally agreed, "Okay, but you have to be obedient at your aunt's house and take good care of your younger brother?"

"Uh huh." Hao Hao nodded again and again.

At this time, an unexpected guest was coming downstairs.

"Mr. Fu, it's been a long time." Catherine looked at Fu Hengyi tightly and said with a smile.

Fu Hengyi looked faint, "Miss Catherine."

Catherine smiled slightly, "Mr. Fu, I have been to Beijing for a few days to play. I just heard that today is your son's birthday, so I came cheeky and had a drink, wouldn't you mind?"

Everyone said this, Fu Hengyi was naturally not mindful, but the expression on his face became more and more indifferent, "Miss Catherine please help yourself."

Catherine saw Fu Hengyi's indifferent attitude and bit her lips. She felt aggrieved. She was kept at home by her mother for a long time and was not allowed to go out at all. Later, she agreed to the marriage arranged by her mother, and Engage with the other party, and then you are free.

She hasn't seen Fu Hengyi for months, and just after she was free, Catherine can't wait to come to the capital just to see Fu Hengyi, but Fu Hengyi's attitude towards her is still the same. She doesn't look at her.

Not far away, Fang Tong knew Catherine. After all, the gossip king Yu Xiaoxuan had gossiped with her on the phone. After seeing this scene, she went directly upstairs to find Shen Qinglan.

Although Fu Hengyi's attitude was very cold, Catherine was still unwilling to be forgotten by Fu Hengyi and took a glass of wine. "Mr. Fu, today is your son's birthday. I wish him a happy birthday."

Without reaching out to smile, people wished his son a happy birthday. Fu Hengyi always had to take it, so he picked up the glass and touched her gently, sipped the wine.

"Mr. Fu, today you are not wearing military uniforms, and you are very spirited to watch." Catherine began to talk.

Fu Hengyi spoke lightly, "Thank you, Miss Catherine, I still have things over there, just pass by first, and you have a good time." Then she walked in the direction of Han Yi.

"Fu Xian..." Catherine called out, but Fu Hengyi had already left.

She stomped her feet resentfully, annoyed. After thousands of miles came, she was ignored by others, which made Catherine, who had always been high, feel that her self-esteem was seriously traumatized.

Shen Qinglan heard Fang Tong said, walked down to the escalator on the second floor and glanced down

to see Catherine standing in situ looking at Fu Hengyi's back, annoyed. Yu Xiaoxuan also naturally saw this scene and shook his head. Qinglan, isn't that what Catherine is also a wealthy man in Sydney? Why is it so shameless and shameless, knowing that everyone is married, and dare to chase someone's home, it's because of your good temper Alright?"

Shen Qinglan lightly tickled her lips, "You are right, she just thinks my temper is too good." Otherwise, how dare you come here.

"Hey, people nowadays, I really can't understand." Yu Xiaoxuan shook his head and suddenly looked at Shen Qinglan with excitement. "Qinglan, everyone came to the door. If we didn't do something, wouldn't we be sorry for the goodness of others Attentively, why not give us a gift?"

Shen Qinglan looked at Yu Xiaoxuan with excitement, and there was a moment of trance in front of him. How similar Yu Xiaoxuan was to Jin Enxi at this moment. Jin Enxi also likes to fear that the world will not be chaotic.

Enxi, where are you, why don't you want to see us?

"Qinglan, what's wrong with you?" Yu Xiaoxuan reached out and shook in front of Shen Qinglan's eyes. Shen Qinglan recovered and shook his head and smiled, "It's okay, where did you just say?"

Yu Xiaoxuan repeated the words just now and looked at Shen Qinglan, "Qinglan, what do you think?"

Shen Qinglan shook his head, and did not feel that Yu Xiaoxuan had a good idea, "You can stay here with Guoguo and An'an, don't worry about Catherine's affairs, this woman can't jump."

Seeing that Shen Qinglan did not agree with his plan, Yu Xiaoxuan was a bit disappointed, "Hey, Qinglan, I really think this woman owes a lesson."

"Xiao Xuan, please share your points. Today is Qing Lan and Fu Fu's birthday party for An An. If things get bigger, Qing Lan's face will be lost." Fang Tong said quietly.

Yu Xiaoxuan snapped his head, "Oh, look at my pig brain, people say that I have been stupid for three years, I think I am stupid to get home, Qinglan, you did not say what I said just now."

"Where are you stupid for three years, you have never been smart." Fang Tong sprayed her mercilessly.

Yu Xiaoxuan hummed, and did not raise the bar with Fang Tong for the first time. She also felt that she was stupid just now. She said, "Well, let me go to Guoguo."

Shen Qinglan looked at her back and fled, and smiled, Fang Tong also smiled, "Always like a child, think out is out."

"This is just fine." Shen Qinglan said.

Fang Tong looked downstairs and saw Catherine going to Fu Hengyi again, pouting, "But Qinglan, this is really annoying."

Shen Qinglan naturally saw this scene, his eyes flashing coldly, "I'll go down to greet the guests."

Fang Tong followed Shen Qinglan.

"Miss Catherine." Shen Qinglan held a glass of wine in her hand, blocking Catherine's way. When Catherine saw Shen Qinglan, her eyes chilled instantly, but her face smiled, "It was Miss Shen."

"You should call me Mrs. Fu." Shen Qinglan corrected her title again.

Catherine didn't seem to hear it, she looked up and down at Shen Qinglan. "I haven't seen it in a few months, Miss Shen has been haggard for a lot. Isn't it the unhappy life after marriage?"

Shen Qinglan looked at her like a clown with a jump beam, and put her hands on her waist unconsciously. "On the contrary, since I gave birth to a child, my husband has been more considerate and passionate towards me. Well, sometimes I can't eat it."

Fang Tong stayed, is this still Shen Qinglan she knew?Even driving.

Catherine didn't understand what she meant at first, noticed her movements, and there was something she didn't understand. She secretly scolded Shen Qinglan for shamelessness, but she didn't have a position to talk about others, after all, they were legal couples.

One blow failed, Catherine immediately changed the subject, "Ms. Shen's fame is getting bigger and bigger, and her temper is getting bigger and bigger. I was not willing to participate in the oil painting competition held in country M some time ago, which is enough Big name, I heard that some old artists are very disappointed with you."

At the end of last year, Daniel signed up for Shen Qinglan to participate in the oil painting competition held in country M in early May. The participation was all young talents in the art district. This is also a grand event in the art world. Many old artists are paying attention to this matter. Many people were honoured to be able to participate. Who knew the time of the game, Shen Qinglan, the high-profile rookie, did not participate.

It didn't matter if she didn't sign up, but she didn't show up when she signed up. This made many old artists feel that the young man was too arrogant, and she was proud and complacent just after a little achievement. Her impression of Shen Qinglan fell instantly.

Apart from the few artists who had contact with Shen Qinglan who felt that she was not like that, and said a few good things for her, more people were disappointed with her. Those who participated in the competition were gloating, and they lacked a strong opponent. It was definitely a great thing for them.

They wished that Shen Qinglan would never appear.

Don't say that people who play art are elegant people. As long as they are individuals, they are inevitable, jealous, and envious of the emotions that these ordinary people should have. They will still have it. It's just that some people are really addicted to art, and these emotions are suppressed indefinitely.

This incident was completely forgotten by Shen Qinglan. She happened to be looking for Jin Enxi at that time. She remembered what competition she was going to participate in. Daniel was also in a mess because of Jin Enxi's disappearance. It was impossible for him to remind Shen Qinglan.

But even if Shen Qinglan still remembers, under such circumstances, she would not participate in any oil painting competition, which is not as important to her as the safety of Jin Enxi.

"It's better not to participate than some people are not eligible to participate." Shen Qinglan said lightly.

Catherine changed her face, staring fiercely at Shen Qinglan, her eyes fierce, "What do you mean."

Shen Qinglan looked faint, and said slowly, "I didn't name the surname, so Miss Catherine wouldn't be seated right."

Catherine could be said to be infamous in the art world because of the black material that Fu Hengyi had previously reported to the media in Sydney. Even her teacher had drawn a line with herself, leading her to basically quit the circle now, and she was still forced.

Catherine was jealous that Shen Qinglan had better painting skills than herself. Now she is even more jealous of her.

"Shen Qinglan, what's so great about you, but there is an economic man who works, and now Daniel is not your broker. Without him to help you, I think how long you have to wait for pride." Catherine was anxiously corrupted.

Shen Qinglan is still calm, "You don't need to worry about these, Miss Catherine should take care of herself. By the way, I heard that Miss Catherine is getting married soon, so I really want to congratulate you. Wait until you get married. At that time, I must give Miss Catherine a big gift." Before leaving, Shen Qinglan did not forget to stab a knife in Catherine's heart, even if she remembered her man, even entangled again and again, this made Shen Qinglan's mood is a bit unhappy.

Catherine's face was blue and white, like a palette. She looked at Shen Qinglan's back, she hated her, what was so great, but she met Fu Hengyi earlier than she did, man, there was no stealing, she wanted to see when Fu Hengyi was with her, Shen Qinglan still be as proud as he is now.

"Qinglan, you are here, I was still looking for you just now." Chu Yunrong saw Shen Qinglan and saw her pull over. Shen Qinglan looked at Chu Yunrong doubtfully, "Mom, what's wrong?"

"Introducing a few people to know you is all with Hengyi's army. You have a good chat with them." Chu Yunrong lowered his voice and said, "Occasionally, these broad ladies in the capital need to deal with each other."

Shen Qinglan knew that she was doing it for her own good, and naturally did not refuse to follow Chu Yunrong's side. On this trip, Shen Qinglan had more invitations for charity evenings.

The so-called charity party is actually a gathering of ladies and wives, if it is a way to maintain relationships.

"You don't have to attend all, you just choose one or two to go and see. Your mother knows you don't like this kind of occasion. After you choose, your mother will go with you." Chu Yunrong saw Shen Qinglan's expression lightly and whispered to her. Said.

Shen Qinglan nodded, "Thank you mom." Although she can't cope with such an occasion, but Chu Yunrong can really save a lot of trouble by her side.

Chu Yunrong did not like to attend such a party. In the past so many years, she also attended three or five times a year, but the last time Fu Hengyi was demoted because of Shen Qinglan's affairs. have benefits.

Shen Qinglan didn't refuse to understand this. Although he said that with the relationship between the Shen family and the Fu family, he didn't need to look at anyone's face in the capital, but after all, it was difficult to support one tree alone. There should be some communication.

"Lan Lan." Shen Junyu saw that Shen Qinglan was being held by her mother for a long time. The wine had been drunk for several glasses and came to rescue her sister. "Lan Lan, your sister-in-law drank too much, just help me to see her. "

Shen Qinglan naturally will not refuse, she is now eager to stay away from this group of women, get together, not to say beauty or clothes, or that which men are more productive, so that Shen Qinglan is interested, but also shows a The deputy is interested.

"Do you think your brother is like the hero who came down from the sky and rescued you from the fire?" After leaving the group of women, Shen Junyu asked Shen Qinglan with a smile.

Shen Qinglan glanced at him lightly, "You are too late." She drank seven or eight glasses before coming.

Shen Junyu touched his nose, then, he couldn't tell Shen Qinglan that he wanted to see how his sister, who doesn't eat human fireworks, socialized with others.

When Shen Qinglan found Wen Xiyao on the balcony, Wen Xiyao was closing his eyes to recuperate. Shen Junyu was right. Tonight Wen Xiyao drank a lot, "Sister-in-law, how are you?" Shen Qinglan The

voice softened.

Wen Xiyao opened his eyes and smiled, "I'm okay. I just drank a glass of honey water, and it has now come to a halt. How are you? I just drank a lot when I saw you."

"I'm fine." Shen Qinglan said, her wine volume is still good, this wine is not a problem for her at all.

"This group of people can drink too much." Wen Xiyao said, this time there are some important partners of Junlan Group. She chatted with those people's wives for a long time and drank a lot.

Seeing Wen Xiyao covering her belly, Shen Qinglan cared, "Is the stomach upset?"

Wen Xiyao shook his head, "It's okay, it's just that I drank too much but didn't eat, and I was a little hungry."

Shen Qinglan got up and went to the kitchen to get some food for Wen Xiyao. "Eat something first."

The two hid on the balcony and ate, and you chatted casually.

"Qinglan, An'an is one year old and has been weaned successfully. After that, do you plan to stay at home or go to the army with Hengyi?" Wen Xiyao eased from discomfort and asked Shen Qinglan.

Shen Qinglan shook his head, "I haven't discussed this matter with Fu Hengyi, mainly because Grandpa is old. Fu Hengyi has been in the army for a long time, and the old man's heart is inevitably lonely. I also want to spend more time with his old man."

This is the case, the Fu family has only one grandson, Fu Hengyi. If both Shen Qinglan and Fu Hengyi went to the army, then the Fu family would have only one grandfather left. This year, the grandfather Fu looked hard, but in fact the body said Still checked a lot, which is one of the reasons why Shen Qinglan has been hesitant.

The banquet didn't end until nine o'clock in the evening. When the banquet ended, Shen Qinglan was already sitting on the sofa and didn't want to move at all. Fu Hengyi sent away the last wave of guests. When he came in, he saw Shen Qinglan tired and smiled, "Go first Take a bath and relax."

Shen Qinglan looked at him, "Everyone is gone?"

Fu Hengyi nodded, "Well, it has been sent away."

Shen Qinglan stretched out a lazy waist, "Then I will take a shower first, you look at An'an."

"Well, go." Fu Hengyi pulled her from the sofa. "Don't worry, An'an has me here."

Shen Qinglan waved his hand and said that he knew, but Shen Qinglan didn't come out for two hours

since he entered. Fu Hengyi was not at ease and walked over to take a look, only to find that Shen Qinglan was lying beside the bathtub and was asleep.

Shen Qinglan, who had removed her makeup, had a clear blue-black eye, which was obviously caused by having no rest.

Knowing that she was suffering a lot during this time, Fu Hengyi night was very distressed. As soon as she picked up the bath towel from the shelf, Shen Qinglan opened her eyes. When she saw Fu Hengyi, she realized that she fell asleep in the bath.

Her eyes were haunted just after waking up, "Fu Hengyi, what time is it?"

Fu Hengyi glanced at the time, "At half past eleven. Get up and go to bed."

Shen Qinglan got up from the bathtub, changed her clothes, went to see her son first, and saw that An An was sleeping well, and covered him with a quilt.

Fu Hengyi was still taking a shower. Shen Qinglan leaned on the bedside, holding a magazine in her hand. She had just slept for a while, and now she was awake. Although she was holding the magazine, her eyes were not on the magazine.

When Fu Hengyi came out, she saw Shen Qinglan's distraction, wiped her hair, and sat down beside the bed. "Qinglan, still thinking about Jin Enxi?"

Shen Qinglan looked back and nodded when he heard Fu Hengyi's words, "Even though Enxi knows a lot of people, but few of them have a good relationship, except for a few of us, I'm basically gone. I don't know where she went. Fu Hengyi, you Do you know the anxiety that the person is clearly alive, but does not know her situation?"

She hasn't been able to sleep well these days, closing her eyes will remind her of the grenade explosion that day.

Fu Hengyi understood her feelings very well and held her hand, "Qinglan, at least we already know that Jin Enxi is still alive, is this the best news?"

Shen Qinglan smiled bitterly, "Fu Hengyi, you said what happened to Enxi's body, why wasn't the person she contacted the first time she woke up?"

This Fu Hengyi could not answer, "Maybe she will contact you in a few days." He can only comfort Shen Qinglan in this way.

"Perhaps." Shen Qinglan's mood is very low, and all she can do now is wait, waiting for Jin Enxi to take the initiative to contact her.

"By the way, I want to discuss something with you. I want to stay at home with my grandfather and take An'an to see you in the army on the weekend. What do you think?"

Fu Hengyi hugged Shen Qinglan, "Well, I listen to you, Qinglan, thank you." He understands that Shen Qinglan is doing his filial piety, "Qinglan, is it hard to be my wife?" He Shen Qinglan had to take care of everything at home when he was not at home all the year round. I don't know I thought it was good to be a military sister-in-law, but in fact only you know how hard it is to be a military-sister.

When the other woman is sick and the husband is taking care of you, you can only carry it as the military sister-in-law, because the husband cannot return at will in the army; when the other woman encounters something and the husband comes to help, as the military sister-in-law You still have to rely on yourself, not even one person to discuss, or because the husband is in the army.

"Well, it's quite hard." Shen Qinglan said, "so you have to treat me better."

Fu Hengyi focused on the head, "If I'm not good for you, you can do whatever you want to me, if you want to fight, you can be scolded."

Shen Qinglan heard the words and couldn't help laughing, "I'm trying to play with you, what do you do so seriously, Fu Hengyi, I don't feel hard at all, I am fortunate that I became your wife and not someone else." She brows softly. Like a Wang Mingjing landscape.

Fu Hengyi said nothing, but hugged her tightly, like holding a rare treasure.

This night, the family was sleeping here in the new house. The next day, Shen Qinglan got up and ran back in a circle. Fu Hengyi was already preparing breakfast in the kitchen. Fu Hengyi was basically at home when he was cooking. Shen Qinglan can only do dark cooking.

An An was sitting on the walker and watched his father cook breakfast. His eyes stared at the bowl of millet porridge in Fu Hengyi's hand, and his saliva was running down.

When she saw Shen Qinglan, she called out her mother, and then turned to see Fu Hengyi. Her mind was obviously not on Shen Qinglan's body.

Shen Qinglan stepped forward and squeezed his cheek, "Fu Chenxuan, you are really a standard foodie, exactly like your godmother."

An An let Shen Qinglan squeeze, and did not resist, this is Shen Qinglan, if you change a person, it has long been unwilling.

Shen Qinglan no longer teased his son, went back to the room to take a battle bath, changed a set of clothes, and when he came out, Fu Hengyi was already feeding An An.

An An also had a shelled egg in his hand and took a bite from time to time, "Mom, have dinner."

Shen Qinglan nodded with a smile, "An An is so good, we will go home to see Grandpa after dinner."

"Grandpa," An An agrees. He is very close to the two grandpas and he likes to stay with them.

Fu Hengyi will return to the army today. He first sent Shen Qinglan and his son back to the military compound before leaving.

After An An's first birthday, Shen Qinglan laid back and spent time with An An at home while waiting for Jin Enxi's news. It's just that except for the last news, Jin Enxi seems to have evaporated, and there is no news anymore.

Just when Shen Qinglan was planning to find another way to find Jin Enxi, she received a call from country Y.

Story from major general to president

449 Enxi, thank you for being alive

Shen Qinglan is painting in the studio. Although Daniel is not her agent, Daniel has also found a very reliable successor for her, and even personally guides her in the back, so despite the absence of Shen Qinglan in the oil painting competition last time Some old artists have left a bad impression, and after seeing Daniel, they tried to minimize these effects.

Yesterday, Shen Qinglan, Daniel and new agent Xu Xiangqian had a video conference to discuss the next step. Daniel thought it was best to hold a Leng Qingqiu solo exhibition, as large as possible, and invite those artists to come.

Shen Qinglan agreed to this suggestion. Because she had many things before, she didn't have many paintings to stay. Since she was going to prepare for the exhibition, paintings were indispensable, so Shen Qinglan took the time to paint.

I just don't know if it's a relationship of uneasiness. Shen Qinglan is very dissatisfied with the several paintings currently painted.

"Mom, this." An An held a tube of red paint in his hand. The lid on it was not opened by him when he knew it. The red paint covered his clothes. Shen Qinglan had a headache.

She put down the paintbrush and wiped her hand, and then walked to An An, took the paint and set it aside, and said to An An with a serious voice, "Do you know what you can't move your mother?" She doesn't mind An An playing with paint, she It was because An An was taking advantage of her inattentiveness to put the paint into her mouth. If it was not for her to discover in time yesterday, An An almost ate the paint.

An An frowned, "An An likes it." Children like brightly colored things. Shen Qinglan's paint is very attractive to An An.

"You can't move it if you like it. Dirty, you look at your clothes." Shen Qinglan showed him the paint stained on his body. An An was wearing a light blue dress today, with red paint on it. Eye-catching.

An An looked at the red paint on the clothes, blinked and blinked, his mouth collapsed, and looked at Shen Qinglan grievously, "Mom, dirty." An An is a small cleansing habit and doesn't like to get things on his body. It rained the previous two days and was in the yard All were wet. Shen Junyu took him to the garden to admire the flowers and got some dirt on the flower bed. An An stood there and refused to go until Shen Junyu cleaned his shoes before letting him hold him. Take him into the door.

"Now I know it's dirty. Just now I told you not to play. You must not listen, and now my mother can't wash it." Shen Qinglan spread her hands and made a frustration.

An An lowered her head and looked at the paint on her clothes.

Shen Qinglan looked at his son for a while. An An reached out and tried to wipe the paint, but found that his hands were also covered with paint. The small brows were more wrinkled and tighter. He looked up at Shen Qinglan and held out his hand, "Mom, dirty."

An An can now basically understand what Shen Qinglan said, and he will also say some short sentences, but long sentences are still unclear.

Shen Qinglan read enough jokes, took his son into the bathroom, and changed him into a clean dress, without letting him enter the studio again, "Grandpa, An An please you first."

Grandpa Fu is studying the chess game. Hearing Shen Qinglan's words, naturally he did not refuse to take it, and took the little great-grandson to watch the cartoon.

Shen Qinglan returned to the studio. She just picked up the paintbrush and the phone rang. She used to turn off the phone when she was painting, but recently her phone has been in the 24-hour boot mode. I am afraid that she will miss the one about Jin Enxi. A little bit of news.

The phone was from Austin, and Shen Qinglan raised his eyebrows slightly, "Austin, I haven't contacted for a long time. What are you busy with recently?"

Austin heard Shen Qinglan's voice and his eyes became gentle, "Ann, how are you doing recently?"

"I'm fine, how are you?"

"I'm fine too." Austin hesitated for a moment before finally saying, "Ann, actually I am looking for you today, there is one thing I want to tell you..."

Shen Qinglan heard the seriousness in his tone, his eyes narrowed, "Austin, what do you want to tell me?"

"Ann, Enxi, she is here with me."

As soon as the voice fell, Shen Qinglan stood up, rubbing blue muscles from the back of the hand holding the phone, "Austin, what did you just say?"

"Enxi is here with me, but her situation is not very good now. I would like to come over if you want it."

"Okay, I'm going to buy a flight ticket now, you wait for me, wait, don't tell Enxi that I already know her whereabouts." Shen Qinglan did not forget to tell Austin, since Jin Enxi did not contact them for the first time after waking up. This means that Enxi doesn't want to see them at all. If she knows that she is going to find her, maybe this guy will run away again.

"Okay, I won't tell her." Austin said.

Shen Qinglan found Mr. Fu, but said that something had happened on Daniel's side, and he needed to deal with it himself for a few days. Father Fu knew that Daniel had been Shen Qinglan's agent. The two had a very good personal relationship and waved their hands. "Go, be careful along the way, I'll take care of An'an."

Fu Hengyi grew up with Master Fu, and he is naturally very experienced in taking children.

Shen Qinglan directly bought the latest flight and flew to country Y. Because she didn't know the specifics of Jin Enxi, she didn't notify anyone. At the airport of country Y, the person Austin sent to pick her up had arrived.

"Austin, En Xin?" Shen Qinglan asked when he saw Austin.

Jin Enxi is not living in the Austin castle, but a manor in the name of Austin, located in the suburbs, the environment is excellent.

Austin pointed to a room on the first floor, "Just inside, I didn't tell her you came."

"Austin, thank you for notifying me." Shen Qinglan said seriously, with a sincere tone.

Austin actually knew that Shen Qinglan was looking for Jin Enxi early in the morning, but when Jin Enxi contacted him, he told him not to tell anyone. He also hesitated for a long time before making this call to Shen Qinglan.

Shen Qinglan stood at the door of Jin Enxi's room, daring not to push the door in. Austin patted her on the shoulder and knocked three times on the aspect, "Enxi, I'm in."

There was no movement in the door. Shen Qinglan took the door handle and turned it slightly. The door was unlocked. Shen Qinglan opened the door and Jin Enxi sat back to her, with gauze wrapped around her head and a shawl on her body. See nothing on the back.

"Austin, are you here to persuade me again? If it is persuading me to open up, then it goes without saying." The hoarse voice rang in the room, where there was a trace of familiarity.

Shen Qinglan's footsteps were slightly paused, and the hands hanging down on his side clenched a little, and said slowly, "En Xi."

Jin Enxi's body stiffened, and he didn't dare to turn around. Shen Qinglan took two steps forward, but heard Jin Enxi say, "An, don't come."

Shen Qinglan stopped at the same place, "En Xi, are you still planning to hide from me?" Her voice shook with imperceptibility.

"Ann, don't come, I look terrible now, don't look at it." Jin Enxi said painfully.

Shen Qinglan quickly walked over to Jin Enxi, and Jin Enxi measured his body, "An, don't look."

Shen Qinglan had already seen it. She looked at Jin Enxi with shock. She saw that Jin Enxi's entire face was covered with thick gauze except for her mouth and eyes, even on her neck. She couldn't see it in her clothes, but think about it. Know, she must also be covered with scars.

Shen Qinglan's eyes were red, "En Xi."

Jin Enxi seemed to want to laugh, but did not laugh, "Ann, I am alive, so don't be sad."

"what did the doctor say?"

"Ann, I am now an ugly monster." Jin Enxi said lightly, pretending to be with her hoarse voice, which would only make people more distressed.

She was hurt all over, so Shen Qinglan didn't dare to hug her, "Enxi, why don't you come to me if you are alive?" Isn't it a good life and death?

"I was just afraid of seeing you as guilty as possible, so I didn't dare to tell you that I wanted to wait for my body to be healed. At least I will tell you when I am no longer so scary. Who knows Austin's big mouth? , I don't tell him until I know it." Jin Enxi said indifferently.

"En Xi, do you know how worried I am? I pray every day that God will keep you alive."

"I know, so your prayer takes effect, I am still alive, Ann, I can stand in front of you and talk to you, so don't be sad or feel guilty, it's not your fault." Jin Enxi saw The tears in Shen Qinglan's eyes, pantothenic acid in his heart, how strong Shen Qinglan is. From knowing her to now, it is rare to see her so fragile.

She wanted to reach out and hold Shen Qinglan's hand, but her hands were also wrapped into bear paws, "An, I just want to hold your hand now, I can't hold it until I'm done, hug me, my first It's a memorable moment to see you sad for me once."

Shen Qinglan leaned over and gently embraced Jin Enxi. "I can hug you now. Enxi, thank you for being alive." Tears slipped down his cheeks and dripped onto Jin Enxi's clothes.

Jin Enxi raised his hand and put it on Shen Qinglan's back, "An, don't be sad, you should be happy, I am still standing right in front of you."

Shen Qinglan heard the words, tears almost broke the dike, so Jin Enxi, who was so wounded, could still be called demeanor?

"Enxi, I'll call Eden now, his medical skills are so good, I have been so injured, he will treat me just fine. He also removed the scars on my body, you must be fine. of."

"Ann, I can't do it anymore." More than 70% of her body was burned. There is no way for Eden to have such a large range.

"Enxi, there must be a way. You have to believe in Eden." Shen Qinglan said firmly, and you should call Eden when you take out her mobile phone. Jin Enxi stopped her. "Ann, don't call, please talk with me first. Right."

Shen Qinglan heard the prayer in her tone and put down her phone. "Enxi, come back with me."

Jin Enxi shook his head, "I'm fine here now."

"Enxi, everyone cares about you, Daniel, he is still looking for you in that sea."

Speaking of Daniel, Jin Enxi's eyes were full of pain. "Ann, please, don't tell him that I am alive. If you can, just tell him that I am dead."

"En Xi, this is too cruel for you."

"But Ann, do you want me to see him as I am now? Ann, I hope I will always be beautiful in Daniel's heart. I am now in this ghostly state, as if I were dead."

"Enxi, don't give up, there will be a way, believe me, I will find a way to cure you."

"An, I am the one who is cured?" Jin Enxi understands Shen Qinglan's meaning. Now that the medical technique is so developed, after she is injured, she can go to the entire face. Perhaps she can still appear in front of the world with a beautiful image, but that is it still called Jin Enxi?

Shen Qinglan was silent, gently holding Jin Enxi's hand and looking at Jin Enxi's eyes, "Enxi, believe me, Daniel won't mind."

"Ann, but I mind." Jin Enxi lowered his head, never lowered.

Shen Qinglan spent three days with Jin Enxi here. When the doctor changed Jin Enxi's dressing, Shen Qinglan realized that Jin Enxi's and his injuries were far more serious than he thought, even if Eden could heal for those injuries on her body, she also needs to bear the pain that ordinary people can't

imagine, and it is not a one-off.

"An, are everyone safe?" Jin Enxi and Shen Qinglan sat on the balcony, admiring the flower fields of the manor.

Shen Qinglan nodded, "Well, it's fine, but Sisli still shows no signs of waking up."

Jin Enxi looked slightly sad, "I believe Sisley will wake up." After a while, Jin Enxi said again, "Ann, you have been out for a few days, go back, I promise you, I will stay here, Don't go anywhere. If you miss me later, you can come and see me."

"Enxi, let Eden come. I think he will have a better way. I can promise you that I will not tell Daniel about your news without your permission, but you must let Eden I'll treat you." Although the doctor Austin found was also very good, Shen Qinglan still hoped that Eden could come.

Jin Enxi heard it and was silent. After a long time, he whispered, "Ann, why can't I refuse you every time."

Shen Qinglan smiled slightly, knowing that she had agreed, in order to prevent Jin Enxi from repenting, she immediately called Eden, and Eden learned of Jin Enxi's whereabouts and hurried immediately.

Like Shen Qinglan, Eden was shocked when he saw Jin Enxi, Jin Enxi smiled, "Eden, I am still alive, shouldn't you laugh?"

Eden laughed.

Jin Enxi disliked it, "You laugh more than crying, Eden, you should stop laughing."

"Enxi, I'll check it for you first." Eden said in a mute voice, with a choking voice in his voice.

"Good." Jin Enxi did not refuse, and since she agreed to Shen Qinglan, she would cooperate with them.

The result of the inspection is naturally not optimistic. Eden has a solemn face, and Shen Qinglan's heart is awkward, but Jin Enxi, probably knew his situation long ago, but there was no accident, and his eyes were calm.

"Don't both of you face upset, isn't it just one injury? Have we ever suffered less? Isn't it still coming through now, and now these are what it counts."

Shen Qinglan turned her head, the more Jin Enxi behaved, the more sad she felt.

"Enxi, I can have a skin graft, but it's a very painful and long process, would you... would you like it?" Eden asked, his eyes serious.

Jin Enxi looked at him, "Can I still look the same after the operation?"

Eden was silent, then shook his head, "Sorry, Enxi."

Jin Enxi's eyes were clear, "Since this is the case, then feel free." She looked at Shen Qinglan, "An, don't tell Daniel."

"Okay, I promise you."

The place Austin found for Jin Enxi was very quiet and a good place to convalesce, but there were no good hospitals nearby, so for the sake of Jin Enxi's body, they still brought Jin Enxi back.

This is not Eden's house, but it is close to the hospital where he usually works.

The team of experts in this hospital has a very high level. He believes that with the joint efforts of these people, Jin Enxi will be able to work out the most perfect treatment plan.

Shen Qinglan waited until everything had been arranged for Jin Enxi before buying a return flight ticket.

The day he went back, Jin Enxi suddenly stopped Shen Qinglan, "Ann, Alan may not die like me."

Shen Qinglan's eyes narrowed slightly, only to listen to Jin Enxi continued, "On the day of the explosion, I was closer to the explosion point. Allen was rushed into the sea by the aftermath. We all know the skill of Allen. He may have stepped back a lot now, but Basic survival skills will certainly not be forgotten." Just like her, she will instinctively seek life after falling into the sea.

"So, Allen should be alive." After a few things, Jin Enxi actually didn't have so much hatred for Allen. If you really want to talk about it, this is actually a poor man who has been in love all his life. .

"I've been looking for the whereabouts of the two of you, but I didn't find them. I could find all the places I could find nearby." Shen Qinglan said with a deep voice.

"Allen shouldn't be so unlucky. He fell in the water and fainted, then fed the fish?" Jin Enxi guessed.

Shen Qinglan went to the nearby sea again to find it again. There was still no trace, and after enough time to come out, she returned to Beijing.

Junlan Group President's Office.

Fang Tong came back to report on the situation of the M country branch in this quarter.

"Mr. Shen, the above is the work of the branch this quarter."

Shen Junyu nodded and looked at the document in his hand, "Yes, the profit in this quarter has increased compared to the previous quarter. You did a good job, how long have you been in the company?"

Fang Tong thought for a while, "It's almost three years."

"Time is passing quickly." Shen Junyu sighed with emotion.

Fang Tong was stunned, yeah, I didn't expect the time to be three years away. Three years ago, she was a ignorant girl who had just graduated from university. She came to Junlan just to be closer to Ding Minghui and be a little woman. I think, now I have become a strong woman in the workplace, married as a wife, but another person has already left Jun Lan.

"You have been in the branch of country M for two years now?" Shen Junyu asked.

"Yes."

"According to the contract signed at the beginning, you should be transferred back to the headquarters to work. If you are transferred to the headquarters, the director of the sales department is yours. If you are willing to stay in the branch of the country M, then the position of the general manager is yours. It depends on yourself." Shen Junyu spoke lightly. Fang Tong's work in these years is obvious to all. Although these two positions are indeed a bit high for Fang Tong's age, but for her ability, it is enough to match. .

"Mr. Shen, if I can, I still hope to stay in Beijing to work." Fang Tong said without hesitation. After all, her husband is still here. Although Li Boming did not object, she still hoped that more Time is reserved for families.

Shen Junyu nodded, "Understood, then after you go back this time, you will hand over the work on hand. I will arrange for the person to take over from country M. You will return to the headquarters as soon as possible to familiarize yourself with the work."

Now that the sales director is leaving next month, if Fang Tong comes back, then he doesn't need to recruit people, which saves him trouble.

"Yes, President Shen, if it's okay, I'll go first."

"Go." Shen Junyu waved her hand, looked at Fang Tong's capable back, and smiled. The workplace is really a place to exercise people. I thought this was a little girl who was wronged and would only hide herself in the corner.

Fang Tong walked out of the president's office, next to the secretary's office, and the place where she used to work. She thought about it and walked in. Many of the people in it actually don't know her. This

is a newcomer in the past two years. Part of the faces are familiar, this is her former colleague.

"Hey, Fang Tong, you are back." A woman said in surprise.

Looking at Fang Tong, it happened to be her neighbor's table. A woman who took care of her smiled at her. "Really, I haven't seen you for a long time." Although she would return to the country every quarter to report work, but with These people have barely seen them.

I really stood up, "I shouldn't call you Fang Tong now, I want to call you manager." Fang Tong's position in the M country branch is the manager.

Fang Tong smiled and glanced at the time, "It's almost lunch time. Have a lunch together?"

"Okay, you waited a few minutes for me, and I packed up." Really said.

"Well, don't worry, you take your time." Fang Tong was waiting on the side, ignoring other people's eyes. This place used to be too unfriendly to her. This is also why she came back so many times, but never stepped in here. The reason, if this is not to listen to Shen Junyu mentioned, I am afraid she still will not bother.

Really packed up quickly and left here with Fang Tong.

"Fang Tong, you are not too interesting. I haven't come to me for so many times. I thought you forgot me." In the restaurant, he said half-jokingly and seriously.

"It's all reporting work before, and there are other things after that, so I didn't stay too much." Fang Tong explained.

"Take a joke with you, don't be so serious, yes, did you know the people who chewed the tongue?" Really suddenly lowered his voice and said, this is the restaurant near the company, now it is lunch time, it is inevitable Will meet colleagues in the company.

Fang Tong shook her head. Since she went to M country to study, she has not paid attention to the headquarters.

"After you went to country M, the president had a major cleaning of the secretary office, and many people who loved the tongue had left the company. You didn't see the president's face sinking, it was really scary." Said here , I suddenly laughed, "At that time, I felt that the president liked you."

"Really, don't talk nonsense." Fang Tong doesn't like this kind of joke. For her, Shen Junyu is her boss, her friend's brother, if standing from the perspective of women looking at men, even now, Shen Junyu is still a danger. The man is a type she will never choose.

"I don't have any nonsense. At first, the company's CEO looked like a calf. Everyone in the company felt

that he liked you. They were thinking about when you will publish romances. Whoever thinks about it, will kill Cheng Chengjin halfway." Zhen Zhenyi Sorry for the face.

Fang Tong wiped the sweat, "The president cares about me because I am close to the president's sister, and he treats me out of my brother's affection for my sister."

I really nodded. "I knew it later. After seeing the president's friendship with his wife, I realized that if the president likes a person's performance, compared with you, it's just a little thing, but I think it's good. , A man like the president is not controlled by any woman."

This point Fang Tong agrees with, like the evil spirits like Shen Junyu, let Wen Xiyao take it.

"Fang Tong, when will you return to country M this time?"

"Leave tomorrow."

"So anxious, I wanted to say that if you are free, let's go shopping together on the weekend."

"Next time, there will be a chance." Fang Tong did not say that she would soon be transferred back to China.

The two talked casually about the changes over the past two years. "By Fang Tong, do you know Liu Hui?"

Fang Tong's eyes narrowed slightly. How could she forget the name Liu Hui? At first, it was this woman who robbed Ding Minghui. If there weren't both of them, there wouldn't be her today.

"Remember, what's wrong?"

"She wasn't fiery with her subordinates at the time. She found a man who was nearly ten years younger than herself. The wedding was quite grand. The man turned out to be unreliable and ran with other women soon after. Afterwards, Liu Hui divorced him, and it is said that the man was leaving Liu Hui's house."

Fang Tong raised her eyebrows, she knew about the divorce between the two, but she didn't know that Ding Minghui was so shameless, she took Liu Hui's house out of her cheat, but it was just a disgust to Ding Minghui, and she couldn't give birth to Liu Hui. Any sympathy.

"I heard that Liu Hui was also a man robbed from someone else's hand. Although I don't know who this robbed woman was, I was quite happy for her and got rid of a scumbag."

Fang Tong, who was sitting opposite, listened to this, and there was a strange feeling in his heart. Then, what I said was the man who was robbed of you in your mouth.

The two were talking, and they saw someone coming head-on. It wasn't Liu Hui who was, Fang Tong sighed with bad luck. This person really couldn't talk about people behind his back. No, he said that Cao Cao Cao arrived.

"Director Liu." Really greet people.

Liu Hui stared at Fang Tong, "I haven't seen you for a long time."

Fang Tong nodded politely and smiled faintly, "Hello."

"Do you mind if I sit down and eat together?" Liu Hui smiled.,

Fang Tong wanted to say that he was unwilling, but after thinking about it, he still didn't say it. He just nodded and really sat inside.

"The time has passed so fast, it's been two years. Your growth really surprised me." Liu Hui said with emotion, talking to Fang Tong as if talking to an old friend.

Fang Tong raised her eyebrows, she didn't even know when her relationship with Liu Hui was so good?

"Director Liu's changes also surprised me."

Liu Hui smiled and experienced a failed marriage. She did not seem to have the aggressiveness in her eyes. She looked a lot older than before.

"I am old, unlike you, like the rising sun, full of vitality." Liu Hui said mockingly.

"By the way, you probably don't know the current situation of Ding Minghui. He divorced me and married a rich lady, but recently I heard that they divorced again."

Fang Tong was a little helpless. What happened to his return this time? Everyone mentioned Ding Minghui with her. If they didn't mention it, she had forgotten that there was Ding Minghui.

Liu Hui sees Fang Tong not talking, and looks like he is missing something. He doesn't speak again after saying two words, but it's true. He looked at the two strangely, and they always felt that the atmosphere between them was strange.

After a meal, I ate in silence. I really saw that the situation was wrong, and I slipped away after eating. Fang Tong wanted to leave, but was left by Liu Hui. "I haven't seen you for so long. Come and talk with me, it won't delay you for too long."

Fang Tong was about to stand up and sat down again. "Is there anything to say between us?"

Liu Hui smiled, "It really has grown a lot, but you were not as calm as you were."

Fang Tong was unconvinced about this statement. It was not that she had grown up, but that she had let go. Beware of a man who hadn't cared about it in her mind, so she would naturally have no interest in the woman who robbed the man.

"Fang Tong, I think you should thank me. If it weren't for me, the one who ended up today is you. I jumped into this fire pit for you. Liu Hui looked at Fang Tong and spoke lightly.

Who knows Fang Tong nodded and said with great agreement, "If it is said from this angle, I really should thank you."

Liu Hui stared at Fang Tong for a few seconds, then smiled, "You really made me look at each other, and now I like you a lot."

"But I still don't like you." Fang Tong replied.

"It's okay, it's normal that you don't like me."

"If it's okay, I'll go first." Fang Tong stood up, and Liu Hui didn't stop her.

Fang Tong left the restaurant, looked at it early, and took a taxi directly to Li Boming's company, buying a few boxes of snacks halfway along. This was bought for the secretaries of Li Boming.

In the past two years, Li Boming has shifted the company's focus to Beijing. Under his leadership, the company has developed well. Li Boming's father, Li Wei, is now completely letting go and staying at home.

"Mrs. Li, you are here." Secretary Xiao Zhang saw Fang Tong and said with a smile.

Fang Tong gave her the dim sum, "This is for everyone, you can divide it."

"Thank you Mrs. Li, you are so polite and bring us something every time you come." Xiao Zhang took it.

"How about you Mr. Li?"

"Mr. Li has a meeting in the conference room."

"Then I'll go in and wait."

Xiao Zhang's face suddenly changed, finally remembering a thing that he almost forgot, "Mrs. Li, would you like to talk to me for a while?"

Fang Tong took a step and looked at Secretary Zhang, "What's wrong? Is there someone in Bo Ming's office?"

Xiao Zhang accosted, "Mrs. Li, why are you so smart."

Fang Tong raised his eyebrows, "Is this a woman?" If not, Xiao Zhang would not be so nervous.

Xiao Zhang became more nervous and pulled Fang Tong, "Mrs. Li, I told you that President Li absolutely did not do anything sorry to you. This woman came to her door, and President Li didn't care much about her."

Fang Tong was interested, "Who is it?"

"It was Mr. Li's former classmate who said he was studying abroad together. He came to see Mr. Li several times, but they were rejected by Mr. Li for something. This time she saw Mr. Li in the meeting and broke into Mr. Li. I had to wait for President Li to come out in the office, and I was not good at driving people away, so I had to..." The principal explained to Fang Tong.

Fang Tong understands that after all, Xiao Zhang is just a secretary, "It's okay, let me go in and see."

"Hey, Mrs. Li." Xiao Zhang stopped her, "If you have something, you can call me at any time."

Fang Tong couldn't help crying, but wouldn't adulthood still beat her?

Pushing open the door of the office, I saw a woman sitting on the sofa. The fragrance of her body filled the air, and people could smell it as soon as she came in.

This is a very aggressive woman. Fang Tong thought.

Tong Yunshi heard footsteps and thought Li Boming was back, but turned to see a woman. Upon closer inspection, it was Fang Tong who had had a relationship, and Li Boming's wife.

Fang Tong raised his eyebrows lightly, but didn't expect it to be Tong Yun's poem, "Miss Tong, I never expected to see you here."

Tong Yunshi smiled, "I didn't expect it." After that, I realized that this is Li Boming's office, and then explained, "I have something to do with Bo Ming today. He happened to be in a meeting, so I came in and waited for him." ."

"It's okay, it's really tiring to wait outside." Fang Tong sat down beside Tong Yunshi, opened the door with a small open, and brought in two cups of coffee.

Fang Tong noticed that Tong Yunshi didn't even have a glass of boiling water in front of him.

Xiao Zhang put the coffee in front of Fang Tong, "Mrs. Li, last time Mr. Li said that you like coffee, you bought coffee beans for you. You try it. This lady, I don't know what you like to drink. I prepared it for

you like Mrs. Li."

Tong Yunshi listened to Xiao Zhang's words and said thank you on the surface, but there was a sharp light in his eyes. He sat here for a long time and didn't even have a glass of boiling water. Fang Tong prepared the coffee enthusiastically as soon as he came, Is this ironic?

"Thanks Xiao Zhang." Fang Tong said softly.

Xiao Zhang handed Fang Tong a cheering look before leaving, and Fang Tong looked very funny. Unknown people thought she was going to battle.

450 Strange Man

Tong Yunshi looked at Fang Tong. The last meeting was too hasty. She didn't have a good look at what Li Boming was looking for. Fang Tong is going to report to the company for work today, so he wore a suit with a pair of high heels on his feet and painted light makeup. The whole person looked very capable.

Does Li Boming like this type? Tong Yunshi was a little surprised. She always thought that a man like Li Boming should like a woman with a birdie, but Fang Tong didn't belong to this kind at first glance.

"I'm sorry, I forgot your last name." Tong Yunshi said apologetically.

Fang Tong smiled faintly, "My surname is Fang, Fang Tong."

"Oh, Miss Fang, I am Bo Ming's university classmate." Tong Yunshi said.

Fang Tong sat casually, and the whole person was very relaxed. There was no special response when he saw Tong Yunshi to find Li Boming. Such a reaction fell into Tong Yunshi's eyes and it became Fang Tong that he saw other women looking for him. Her husband is not angry, is she not paying attention to Li Liboming, is it true that her marriage to Li Boming, as she guessed, is actually an arranged marriage arranged at home, in fact, the two people have no feelings at all, or else why Li Bo Ming did not notify them of their classmates when they got married.

Tong Yunshi thought of this and looked at Fang Tong's eyes with a little disdain. If Li Boming didn't like this wife at all, then it is still unknown how she wins and loses with Fang Tong.

"Looks like Miss Fang seems to have just finished get off work?" Tong Yunshi asked tentatively.

Fang Tong nodded, "Well, just come to Boming and go home."

"I live downstairs in your house, but I rarely see you. I don't know what Ms. Fang is doing, so busy?" Her curiosity in her face seemed to be asked casually.

Fang Tong glanced at her lightly, "I work abroad all the year round."

At this time, Tong Yunshi became more and more certain that Li Boming and Fang Tong must be a commercial marriage. Otherwise, a good-loving couple would like to separate from each other year round, or one in China and one abroad.

Thinking of this, Tong Yunshi couldn't help but sneer, so his chances would be greater, wouldn't he?

Probably the thief in her eyes was too obvious. Fang Tong looked at her, the smile on the corner of her mouth was cold, but just waiting for her to say something, the office door opened and Li Boming appeared at the door.

"Tongtong, why don't you call me when you come, I'll pick you up." Li Boming was obviously very happy to see Fang Tong.

Fang Tong instantly softened the coldness between his eyebrows and smiled at Li Boming. "Xiao Zhang said that you are in a meeting. I will be fine anyway in the afternoon, so I didn't bother you in the past."

"Bo Ming." When Li Boming came in, he just talked to Fang Tong, and the child rhyme poem that was regarded as an invisible man finally couldn't help it.

It seems that Li Boming has only noticed her now, with a somewhat surprised look, "Miss Tong."

Tong Yunshi feels wronged by Li Boming's title, but he can't see anything on the face, but just smiled, "Bo Ming, I was originally looking for you to have dinner with us. We are also classmates for so many years, I come back I haven't eaten together for such a long time. This time, your wife is also here. I don't know if I have the honor to invite you to have a meal together?"

Li Boming wanted to refuse, but Fang Tong took the lead and agreed, "Okay." She actually wanted to see what the woman wanted to do. If she really had an idea that she shouldn't have, and planned to put it into action, then don't. Blame that she is not a good person. It can be said that she was totally unpredictable when she was robbed once. If she was robbed a second time, she would be stupid.

Li Boming ended his work early in the afternoon, and the three walked out of the company together.

Many people in the company know Fang Tong, and Tong Yunshi has come a lot recently, so many people also know her, but now seeing the three come out together, this picture is a bit weird.

The location was chosen by Fang Tong, a Chinese restaurant near Li Boming company. She has been to Li Boming several times and the taste is not bad.

"Miss Tong has been abroad all the year round, and I should still miss my hometown dishes. The taste of this dish is quite authentic, you can try it." Fang Tong handed the menu to Tong Yunshi, a gesture of master.

Li Boming sat next to Fang Tong, quietly not talking, but child rhyme, but glanced at Li Boming, and took the menu without hesitation, "I recommended it by Miss Fang, I must taste it, but I only know Bo Ming It's not clear what Miss Fang likes to eat. If the order is not good, don't mind Miss Fang."

This was obviously provocation. Li Boming's heart was filled with a faint anger, and he was about to speak, but Fang Tong held his hand under the table. "I don't choose to eat. I like Boming."

Tong Yunshi's teeth lightly bit his lower lip and glanced at Li Boming. As a result, Li Boming didn't have any c expressions. It seemed that he had defaulted Fang Tong's words, and the grievances deepened in his heart.

Probably because of her deep resentment, Li Boming finally said, "Tongtong likes to eat the Sanwei rare soup and steamed sea bass."

Tong Yunshi's hand holding the menu froze slightly, which might as well not be said.

When the dishes came up, Tong Yunshi realized that it was nothing at all. Li Boming was taking care of Fang Tong for the whole process, either picking her fish thorns or peeling her shrimps, or see if the dishes in her bowl were missing. To add to him in time, the child rhyme is not only embarrassing, but also anger that can't be suppressed.

In her eyes, Li Boming was simply showing affection in front of her. No, it is more accurate to pretend to show affection.

The purpose of this is to make yourself jealous and make yourself more active.

If Li Boming knew her thoughts, she would definitely tell her that you really want to think too much, or wash and sleep girl.

Fang Tong looked at the hill-like dishes in the bowl and said helplessly, "Bo Ming, I really can't eat any more."

She had already drank a bowl of soup just now, and had eaten most of the dishes, her stomach was full.

Li Boming smiled softly, "eat more, you see you have lost weight recently."

Fang Tong was speechless, where she was thin, she was obviously two pounds fat, but...Afterglow in the corner of her eyes, she glanced at a woman on the opposite side who was about to bite and bleed her lips, and smiled lightly.

"Okay, don't force yourself if you can't eat it, or your stomach will be upset at night."

In the past two years, Fang Tong has been obsessed with work abroad. His three meals are often unscheduled. Sometimes he even skips meals. Some problems with his stomach have occurred. He had been in the hospital once because of stomach pain.

"I'm curious how do you know each other? Is it also a blind date?" Tong Yunshi asked when they didn't want to see the pretense of love between the two.

Li Boming shook his head, "No, I have known Tongtong since I was a child, and our parents are also friends."

This is a little different from what I expected. Tong Yunshi was surprised. "You have known since childhood, sweethearts?"

Li Boming smiled slightly and glanced at Fang Tong softly. "Yes." The excess really refused to say.,

Tong Yunshi was surprised. This reversal made her feel unacceptable. She originally thought that the two met each other in a blind date and was a typical business marriage. Now she tells her that they are sweethearts and they are very affectionate.

"For so many years with your classmates, why haven't I heard that you mentioned your sweetheart?" Tong Yunshi's face was smiling, but it was reluctant.

Li Boming is a wise man. He naturally saw something and said lightly, "I have not been in contact with Tongtong for a few years, and I will only encounter it after returning to China."

Tong Yunshi whistled, but didn't know what to say. He lowered his head to eat. The three of them finished their meal in silence and walked out of the restaurant. Li Boming saw Tong Yunshi not driving, so he said, "Go back in our car. , It's just me who is going home."

Tong Yunshi must be very happy to hear this if she rested before eating this meal. After all, she had the idea of going out without driving today, but she had just learned the fact that she didn't have to continue walking with them. Mood, so he refused, "No, I will find a friend next time, so I won't go with you. I'll just take a taxi. Let's go first."

Li Boming followed suit, "then let's go first, be careful on your way." Then, he took Fang Tong's shoulder and walked toward the company. His car was still parked in the company's garage.

On the way back, Fang Tong looked at him with a smile, "Your vitality of this peach flower is quite tenacious."

Li Boming smiled bitterly. He was respectful of such things, but he couldn't stop sticking to it, "I don't give others a little hope."

Fang Tong looked at him, "If not, you should kneel on the keyboard when you go back."

Li Boming wanted to wipe the sweat, saying that Fang Tong in his impressions has always been gentle, why is it a bit like a female man now?

Fang Tong seemed to see his thoughts, and Pi Xiaoxiao didn't smile, "Now I find that I'm not gentle, do you want to return the product?"

Knowing that she was joking, Li Boming still glared at her with a serious expression, "Tongtong, don't make jokes like this, I don't like it, no matter what you look like, I love you all this life. It's up to you."

Fang Tong laughed out loudly, "Okay, okay, it's my fault. I don't make such a joke anymore. By the way, I will tell you good news. I will be transferred back to the headquarters soon."

Li Boming was happy, "Really?"

Fang Tong rolled his eyes, "Do I seem to be a joke about this kind of thing? This time I go back to take over the job at hand. At the latest one month, I will be transferred back to the headquarters, and I will not have to spend all day in China I ran abroad, and after I came back, the position of the director of the sales department was mine."

"This is indeed good news. We will have a drink when we go back." Li Boming said happily. Although he can accept the state of separation between the two places, Fang Tong is naturally happy to come back.

Fang Tong's parents were also very happy to hear the news, especially Fu Fanghua, who was happy to shoot the thigh. She had been worried about Fang Tong's marriage before. Think about it, the couple just separated when they got married. Now, it is good to look at feelings, but it will inevitably go wrong for a long time, and don't say anything about love or not. Sometimes, derailment is not because you don't love, but just a physiological impulse, such an impulse Not only men but women too.

In the past two years, I have seen the husband and wife's career on the right track, especially Li Boming, who took over the family business and doubled its value. If it was not already married, it is estimated that other women would have caught up.

"Oh, I can finally rest assured now." Fu Fanghua said to her husband, with a real smile in his eyebrows.

Fang Chengzhi was calm, holding the newspaper in his hands with great interest, "Bo Ming and Tong Tong's feelings have always been good, and they didn't need you to worry about it, because you are thinking there alone."

"It's just worrying about yourself, you are a man, don't you know the man's mind, Bo Mingaitongtong, I know this, but in case, as the saying goes, women chasing men's interlayer gauze, if a woman treats him It's hard to guarantee Bo Ming's instinct if he's keeping up."

"Look, just say that you are worrying about nothing, and you start. I am assured of Bo Ming's character. If you have this skill, you might as well give me a cup of tea."

Fu Fanghua glared at her husband, "You just have too much heart, forget it, your father and daughter have always stood on the same line, I will not tell you, I will wash the clothes, you have to drink Let's make tea by yourself." Then he got up and left.

Fang Chengzhi shook his head funny.

**

When Shen Qinglan found Jin Enxi, the big rock in his heart finally fell to the ground, and there was a smile on his face, and Chu Yunrong could obviously feel that Shen Qinglan went out and was in a good mood after returning.

"Qinglan, did you encounter any good things on this trip?" Chu Yunrong asked her daughter with a smile, and Shen Qinglan's mouth slightly raised, "I saw a friend I haven't seen in a long time."

Chu Yunrong continued to say, "Why don't you invite people to come and visit us at home, and the house hasn't been lively for a long time."

"Mom, didn't you just give An An a birthday party last week."

"How could it be the same? Speaking of which, Xiao Xuan and Han Yi haven't been here for a long time, when will they let them both have a meal at home.

"Yes, I will call her back." Shen Qinglan agreed, but said by Chu Yunrong, Shen Qinglan remembered another thing. After the birthday party of An An, he promised to take Hao Hao to live at home. But, unfortunately, Hao Hao got sick when he returned home that night. He was afraid that the infection would not come over to An An.

Thinking of this, Shen Qinglan called Pei Yining. Pei Yining didn't know what he was doing and didn't answer the phone, so he called Pei's house.

"Hello, this is Pei's house. Which one are you looking for?" The voice of milky milky voice came from the

end of the phone, and it was not Hao Hao who answered the phone.

"Hao Hao, this is my aunt."

Haohao's eyes lit up, "Auntie, it's really you."

"Yes, Hao Hao's body is better?"

"It's completely ready, my mother said I can go to school next week."

"Have you rested at home these days?"

"Yes, the teacher said let me go to class next week, so I practiced piano at home these days." Hao Hao has been learning piano since he was four years old, and has piano lessons every week.

"Do you want to stay at my aunt's house for a few days?"

"Is it possible?" Hao Hao's tone was full of surprises.

Shen Qinglan smiled, "Of course, my brother misses you too. You will call your grandmother, and I will tell your grandmother."

Haohao handed the phone to Chu Yunjin, and Chu Yunjin would not refuse it. When Shen Qinglan came to pick up Haohao, Haohao had already packed everything.

Shen Qinglan stretched out his hand to take over Haohao's luggage, but Haohao escaped, "My aunt, my mother said I grew up and I had to take my own things."

Shen Qinglan chuckled and touched his head. "Well, if I can't hold my auntie, I'll help you." The small box in Hao Hao's hands was dragged on the ground with wheels, and it didn't take much effort.

As soon as the car drove out, he saw Jiang Chenxi's car approaching. Pei Yining was sitting on the co-pilot. The two didn't know what they said. Their expressions were very ugly, and they didn't even notice Shen Qinglan's car.

Haohao just wanted to say hello to the two, and the car passed by directly, "Auntie, my mother doesn't seem to see us."

Shen Qinglan yelled, "Let's go first and wait to call my mother."

Back at home, An An saw Hao Hao and wobbled over, "Brother."

Haohao quickly stepped forward to support him, "Brother is good."

An An has been making progress every day recently, and now he can take a few steps without people supporting him. He holds Hao Hao and smiles. Children like to play with children. An An is no exception. He pulls Hao Hao to play in his toy room.

Shen Qinglan went to the kitchen to prepare fruits for the two children. When he returned, he saw them sitting on the ground and building blocks.

Seeing the pleasure of the two, Shen Qinglan did not stay, and told Aunt Liu to let her look at the child and got into the studio.

The next day was the weekend. Shen Junyu and Wen Xiyao came back to see Mr. Shen and Chu Yunrong. By the way, they came to look at An'an. When they saw Hao Hao also there, they proposed to take two children to the amusement park.

Shen Qinglan will not object. Hao hao was very happy to hear that he could go to the amusement park, but An An was ignorant. He was too young and had no idea about the amusement park. He just laughed when he was happy.

Halfway through the car, Wen Xiyao received a phone call from the company, saying that there was a very important matter that she needed to deal with immediately.

"Sister-in-law, I'll take you to the company first." Shen Qinglan said.

Wen Xiyao waved his hand, "No, you park at the intersection in front of me. I'll just take a taxi. The traffic in Beijing is so congested. It's too much time for you to send me to the amusement park."

"Call me when you are done, and we will pick you up." Shen Qinglan said.

"Yes, you have fun." Wen Xiyao smiled and touched the heads of the two little guys.

At the amusement park, Shen Junyu was in charge of holding An An, while Shen Qinglan was holding Hao Hao's hand.

Hao hao hasn't been to the amusement park for a long time. Last time Shen Qinglan and Fu Hengyi brought him.

"Auntie, I want to play the roller coaster." Hao Hao looked at the roller coaster with bright eyes.

Shen Qinglan had no interest in roller coaster pirates and the like, so he turned his attention to his brother.

Shen Junyu appointed An An to Shen Qinglan, "Go, uncle takes you to play."

An An saw that Shen Junyu had only taken Hao Hao, and was immediately anxious, pulling Shen

Qinglan's clothes, "Mom, brother."

Shen Qinglan took hold of his messy little hand, "We don't play with that, Mom takes you to ride a Trojan."

Still sitting on the carousel, An An looked at the children around him, his eyes blinked, his hands clapped, and he was happy. After playing for a lap, An An refused to come down. Shen Qinglan had to sit with him for four or five times to satisfy him.

Shen Junyu is planning to take Haohao to the Ferris wheel. An An sees him without taking himself. He grabs Shen Qinglan's hair and pulls it up. Shen Qinglan was caught off guard and took a deep breath. "An An, let go. "

An An didn't hear her mother's words, her eyes were fixed on Shen Junyu and Hao Hao, and her hand was unconsciously holding Shen Qinglan's hair.

Shen Qinglan couldn't pull An An's hand hard, so he had to tilt his head in the direction of An An's hand, or Shen Junyu who bought the ticket looked back and found Shen Qinglan's dilemma, and ran over to rescue Shen Qinglan's hair from An'an's hand come out.

Shen Qinglan slapped An An and said, "Stinky boy, people are not hard-working."

An An looked at the direction of the Ferris wheel with his eyes, and looked at Shen Junyu with a longing look, "Uncle."

Shen Junyu immediately understood and hugged An An, "Okay, let's take An An with us."

An An got on the Ferris wheel as he wished, and that was an excitement, standing on Shen Junyu's lap, bouncing, when there was no time for quiet.

"Auntie, I want to go to the toilet." Hao Hao whispered, holding Shen Qinglan's hand from the ferris wheel.

Shen Qinglan nodded, "Go, Aunt takes you."

Standing at the door of the toilet, Hao Hao refused to move, "Auntie, I don't go to the women's toilet, I'm a boy, I'm going to the men's toilet."

Shen Qinglan looked at him, "Are you okay by yourself?" Although such a small child, even if it was brought into the women's toilet, it doesn't matter, but since Hao Hao proposed it, Shen Qinglan naturally respected his opinion.

Haohao nodded, "I go to kindergarten by myself."

"That line, Auntie is waiting for you at the door." Shen Qinglan said.

"it is good."

It's just that the toilet here is different from the kindergarten. Hao Hao's height is out of reach. Hao Hao is standing on the spot, covering his hands with his hands, and he can't help it. In the midst of the embarrassment, a nice male voice sounded overhead, "Do you need any help, kid?"

Haohao looked up and saw a man in a white suit looking at him with a smile, his eyes gentle.

Haohao nodded subconsciously, and the man hugged Haohao.

When Hao Hao solved his physical needs, the man helped Hao Hao organize his clothes again, "Child, why are you here alone?"

Haohao pointed out the door, "My aunt is waiting for me outside, uncle, thank you just now."

The man smiled, "You're welcome, remember to let the adults come with you next time." The public toilets outside are generally designed for adults. The man said, holding Hao Hao to wash his hands again, and carefully wiped his hands with tissues to clean him.

"Thank you, uncle." Hao Hao thanked for being clever.

The man touched Haohao's head, Haohao frowned, but he didn't refuse. He actually didn't like strangers touching him, but this man had just helped him.

"Uncle, I'll go first, goodbye." Hao Hao waved at the man and said with a smile, the man nodded with a smile.

The man saw Haohao walking towards a nice-looking woman. The woman took Haohao's hand, her eyebrows were gentle, and she didn't know what Haohao said. The woman glanced in his direction, nodded at him, and the man returned With a smile.

"Duan Ling, what are you looking at?" The man's shoulder was patted on the shoulder. The man called Duan Ling withdrew his eyes and glanced quietly at the coming person.

The visitor looked in the direction of Duan Ling's look just now, and only saw Shen Qinglan's back. His eyes were ambiguous. "It turns out to look at beautiful women, but everyone is a child's mother. Do you have the heart to speak?"

Duan Ling glanced faintly, "Shut up, what about your son?"

"Go to buy ice cream, this kid is really too good to toss people, you said which one of my ribs is wrong, and even brought him to the amusement park." Lairen bitter gourd face.

"I also want to know why I came to the amusement park with you. You are here to accompany your son. What am I doing here?" Duan Ling said lightly.

The person came and laughed, "You naturally came to accompany me. You said that you haven't come back after so many years. You have to take a good look at the changes in China. By the way, you haven't been to Beijing before, right?"

Duan Ling's eyes flashed slightly, um, and the person continued to say, "Then you will stay in Beijing for a few more days this time, and I will show you the great scenery of Beijing."

Duan Ling ruthlessly debunked him, "I think you want me to help you bring your son." His wife recently returned to her natal home, and threw her son to him. The child is seven years old this year. .

"Why don't you see what you see, let's talk about it, my son is not your son, it's difficult to be the same."

"Cui Zeyu, shut up."

The man called Cui Zeyu closed his mouth in an instant. So, who makes his brother like children, he can't be so patient with children. If he chooses, he would rather be Dink.

"Aling, seriously, you are not too young. When will you find one?" Cui Zeyu also broke his heart for the life-long event of his good brother.

Duan Ling looked around, looking for the trace of Cui Zeyu's son Cui Baicheng, that is, Cui Zeyu had a big heart, and even asked the child to buy ice cream by himself. If something went wrong, see where he went to cry.

Fortunately, Cui Baicheng was naughty and naughty, and knew that he could not run around outside. He bought something and came back to find someone.

Duan Ling took the lead in seeing the child, swept his eyes, his eyes slightly paused, and then looked in the direction of Fang Cai, he saw Shen Qinglan and Hao Hao again.

His eyes stayed on Shen Qinglan for a while, and then he fell on Hao Hao.

Shen Qinglan was bending over to wipe Hao Hao, and she noticed that her eyes were projected on her body. If it was ordinary passers-by, she would not care about it, but the eyes stayed on her body for a long time.

When Shen Qinglan looked at it, he only saw a deceptive back, and thought about it carefully. Isn't that the man he just met at the door of the toilet?

Shen Qinglan withdrew his eyes, and there was a trace of doubt in his eyes.

"Lan Lan, what do you see?" Shen Junyu didn't see anything.

Shen Qinglan shook his head, "Nothing." Looking down at Hao Hao, "Do you still want to play?"

Haohao played for most of the day and was tired. He shook his head, "Auntie, I'm hungry."

"Then let's go home." Shen Qinglan said.

On the way back, An An had fallen asleep in his uncle's arms, and even Hao Hao's head was little by little, lethargic. Shen Qinglan glanced back at Haohao, the doubts in her eyes deepened.

Haohao lived in Fu's family for three days. After playing with An An, he had forgotten what he still had to go to school. When Pei Yining came to pick him up, Haohao was reluctant to leave.

"Auntie, can my brother go to school with me?" Hao Hao pulled Shen Qinglan's clothes and asked Shen Qinglan expectantly.

Shen Qinglan laughed and shook his head. "Brother is too young to go to school. When the younger brother grows up, he can go to school with you."

Hao Hao was disappointed. "Then I won't go to school, I will see my brother again."

"Okay." Shen Qinglan kissed Hao Hao's face and whispered to him. When he finished, he found that today's Pei Yining was very quiet, with sadness between his brows and eyes, patting Hao Hao's shoulder, "You go to play with your brother for a while, and your aunt will talk to your mother for a while."

Hao Haoba could not stay here for a while, so he naturally agreed.

"Cousin, what's wrong with you, you have been absent-minded today?" When Hao Hao ran to play with An An, Shen Qinglan asked Pei Yining.

Pei Yining looked back and smiled bitterly, "Is it so obvious?"

Shen Qinglan gave her a "you tell" look, "Is there something you want? Would you like to talk to me?"

Pei Yining, because of Hao Hao, basically disconnected from his previous friends. There have been no friends who haven't talked about anything in recent years. After thinking about it, there is really no one to talk to.

"Two days ago, Jiang Chenxi took me to see his mother." Pei Yining said.

Shen Qinglan remembered the scene when Jiang Chenxi sent Pei Yining home when she went to pick Hao Hao. Neither of them noticed her at the time. Obviously this meeting was unpleasant.

Shen Qinglan was indeed right.

Since An An's first birthday banquet, Pei Yining was hated by him for refusing Sun Wei, and the next day he found a complaint to Pei Yining's leader.

The leader of Pei Yining said symbolically in front of Sun Wei that Pei Yining had no pain or itching, and Sun Wei was very angry.

After going back, he embarrassed Pei Yining at work. These Pei Yining had endured it, but this Sun Wei became more and more excessive, and even formed a dinner to try to intoxicate Pei Yining. The purpose of it was self-evident.

Pei Yining realized that his purpose was to go, but there were other leaders and project partners on the table. She was impolite to leave the meeting. Had to sit there daringly.

You have a drink, I have a drink. Although Pei Yining didn't want to drink, she got drunk after several rounds. She found an opportunity to go to the bathroom to spit wine, and then she met Jiang Chenxi.

Jiang Chenxi was naturally distressed to see this kind of Pei Yining, regardless of Pei Yining's objection, she was taken away directly, "Jiang Chenxi, I am working, you will cause me a lot of trouble like this." Pei Yining is angry.

Jiang Chenxi stayed calm when he came out of the hotel. He heard Pei Yining's words, and he even felt angry. "Pei Yining, is your job to accompany several old men to drink and practice yourself at night? How can you do this? Not self-love."

As soon as he spoke, he saw Pei Yining's unbelievable look. Jiang Chenxi realized that he had spoken too much, and quickly explained, "Yining, I'm sorry, I was just brainstorming, but I can't speak, but I don't mean that, you Do not be angry."

"It turns out I'm such a person in your eyes." Pei Yining pushed Jiang Chenxi away.

Jiang Chenxi hugged Pei Yining from behind, "Yining, I don't mean that. I just looked at you like you worked hard and distressed you. You didn't have to work so hard."

Pei Yining lowered his eyes and looked at the big hand on his waist. "Let go, I'm going home."

"Yining, don't be mad at me. I didn't really mean that. If you were uncomfortable, you beat me. I promise not to fight back." Jiang Chenxi was very panic, he was not afraid of Pei Yining hysterical, she was afraid of her The calmer he is, the more afraid he is, and he always feels that Pei Yining is so far away from him.

Pei Yining broke open Jiang Chenxi's hand, turned around and left, Jiang Chenxi stopped her, "Yining,

don't go."

Pei Yining looked at him, his eyes calm and alienated, "You're right, I just don't love myself, otherwise I wouldn't get pregnant before giving birth to Hao Hao."

"Slap." A heavy slap fell on Jiang Chenxi's face, and Pei Yining looked at him dully.

"Slap." It was a merciless slap again, "Yining, I just said nothing, I just made trouble, you forgive me."

Seeing that Jiang Chenxi wanted to wave himself again, Pei Yining finally reacted and grasped Jiang Chenxi's hand, "What are you doing."

"Yining, I was an asshole just now. Don't be angry with me."

With two clear slap marks on his face, he looked very dazzling. Pei Yining's anger suddenly dissipated, and there was a little bit of pain in his heart. He sighed, "Chenxi, I'm tired, take me home."

Without saying anything, Jiang Chenxi took Pei Yining directly into his car.

"Yining, do you want to sleep for a while, and I'll call you when I'm there." Jiang Chenxi saw Pei Yining's eyebrows were tired, and he said distressedly.

Pei Yining looked out of the window, Jiang Chenxi's face printed on the car window, she looked at the person inside, her eyes were lightly painful and missing, she did not know when she liked Jiang Chenxi, maybe he In the evening, I rushed to Beijing from Lincheng to take her sick to the hospital and took care of her all night; maybe when she was wronged and he was in front of her, or maybe he was watching him and Hao When Hao was happy and intimate... When she found a shadow in her heart, Jiang Chenxi had already taken root in her heart.

And the man who had been missed by her, thinking that she would never forget it in her life, gradually disappeared in her life, except for a child, all the marks are gradually away.

However, this kind of love did not bring any pleasure to Pei Yining. She knew that Jiang's parents would not accept her. In fact, in Beijing, any decent people would not accept a daughter-in-law like her, which had nothing to do with family background.

"Chenxi, do you really like me so much?" Pei Yining closed his eyes and spoke slowly, with a faint tremor in her voice. As soon as she exited, she smiled bitterly, did she really have alcohol on her head?
