Shen Qinglan's expression has always been faint, and there is almost no mood swings. For her, although Shen Junze is her cousin, their feelings are really not so good. The reason why they will come out today is also because when they answer the phone Shen Junze's mood is very wrong.

Shen Junze doesn't really need Shen Qinglan's comfort, he just wanted to talk to someone, "Sister, I can't sit down with my mom and talk anymore. I'm not calm now, she is not sensible, it just doesn't make sense. ."

"Then calm down for a while, and then talk about it. In fact, your mother's behavior is not incomprehensible. She just wants to guarantee your future life. If you want to really let her rest assured you, cut off the relationship with Lu Jin, you just let her believe that you are capable, and you can let her live a good life without relying on anyone, so that she can rely on you wholeheartedly." It is the most important thing to stand up, otherwise everything is nonsense .

Shen Junze nodded, "I know my sister, I will work hard, I will prove to my mother, I will also get back everything that originally belonged to me." He looked firm, compared with when things happened, now Shen Junze There is a lack of cynicism and a calm and capable body. No wonder Shen Junyu does not want to let him go. After all, it is the bloodline of Shen Rang, cultivate it well, so as not to really become waste wood.

After chatting with Shen Qinglan, Shen Junze was in a much better mood. It was then noticed that Shen Qinglan even had a glass of boiled water in front of him, and he said embarrassedly, "Sister, why don't you order coffee, I'll call you a cup. "

"No, I'm prone to insomnia at night after drinking coffee." Shen Qinglan refused. She didn't say that she was preparing for pregnancy now. It's better to wait for the matter to be confirmed. It's better to think of Shen Qinglan's time here. You can do an early pregnancy test.

Shen Qinglan gently leaned on the back of the chair, with a relaxed look. Shen Junze looked at Shen Qinglan and spoke softly, "Sister, have I been particularly annoying before?"

"It's really uncomfortable." Shen Qinglan was also polite and admitted directly.

Shen Junze smiled lightly and didn't feel embarrassed at all. His subjective consciousness was a kind of magical existence. When he didn't look pleasing to the eye, even if it was a very ordinary sentence, this person could remind him of a series of dark meanings, Now that I understand some things, it is good for him to listen to anything in his ears.

"Sister, I'm sorry to tell you about the past again."

"You have already apologized." Shen Junze has apologized more than once for the previous thing, and Shen Qinglan doesn't want to hold back. "Don't say anything like this in the future, since it's gone then it's gone." She didn't like it Repeatedly saying one thing will make her feel annoyed.

"Sister, do you say people are particularly strange? I used to think you looked down upon me, a cold and proud look, did you say that I was sick?" Shen Junze teased himself.

"No, I did look down on you before." A self-righteous dude, lawless by the favor of his parents.

Shen Junze was stunned, and smiled bitterly, "Also, I used to have nothing to make you look at me, but I will never do that in the future, I will let you and Brother Yun Yu know that your help for me is not in vain of."

"Now that you are determined, do it well. I can help you. I have helped. The future will still depend on you."

Shen Junze nodded fiercely, "Sister, rest assured."

"If you have time in the future, go home and see your grandfather and accompany your grandfather for a meal. The old man is old and hasn't been in a few years."

Shen Junze had a sour nose, "Okay."

In front of the military compound.

Lu Yaqin wanted to enter but was stopped from entering. "I am really the daughter-in-law of the Shen family. You can ask if you don't believe it."

The guards didn't let it go, "you can't go in and out without a certificate, and we don't have your identity registration here." If you really are the daughter-in-law of the Shen family, how can you not even have

an identity registration?

In the military compound, the families of the officers are generally the families of the officers. For the convenience of entry and exit, everyone who lives here needs to register for identification, and the visitors outside need identification documents. If there are no documents, bring the phone to let the people out and lead in.

Lu Yaqin didn't have all three, and the guards couldn't let her in. After all, many senior officers lived in it.

Lu Yaqin does not have contact information for anyone from the Shen family, and even the phone of the old house was deleted by her when they were driven out of the Shen family. There was really no way out. Lu Yaqin took the most stupid way-in the military area. There was a lot of noise at the entrance of the compound, which attracted the attention of pedestrians.

The movement here was quickly called by the security guards to inform the Shen family. It is inevitable that Lu Yaqin continued to be ashamed outside. Old Master Shen finally agreed to let her in.

Lu Yaqin came to Shen's family to settle the accounts. They asked her to detach herself from her son and destroy their mother-child relationship. She naturally wanted to discuss it. On the way to come, Lu Yaqin even thought about how to speak, but these words suddenly couldn't be spoken when he saw the sharp eyes of Master Shen.

She sat on the sofa in a cramped manner, her hands twisted around her clothes corner, and Grandpa Shen sat opposite, "Say, what is it."

Lu Yaqin hesitated, and she was very stunned, especially the eyes of Mr. Shen who seemed to see through everything, always making her extremely uncomfortable.

"Say something, don't talk about it." Mr. Shen is the most impatient of such a person.

"Senior man, I don't have any opinions for your help to Junze. I am also grateful. But there are some things I have to say." Lu Yaqin seemed to want to understand and summoned the courage to say, "I and Junze are mother and son. He is my pregnant. The child born in October."

"No one said he wasn't born by you." Chu Yunrong sat next to Mr. Shen. After listening to this, frowning, Lu Yaqin's tone made people uncomfortable.

Lu Yaqin looked at Chu Yunrong who was sitting there elegantly, and a little jealousy flashed in his eyes. Because Chu Yunrong was born better than her, she could be affirmed by the Shen family. People outside only knew that the Shen family had a daughter-in-law called Chu Yunrong, where did she know Lu Yaqin's name, even if someone knew it, if she thought, "Oh, it turns out that she is the woman who can't get on the table and is not recognized by the Shen family". After experiencing it and returning to China, she has already changed her face, but she still can't get rid of her identity.

She used to accompany the drink, which is good, but she does not sell her body, her body is clean, or Shen Shen could not be with her.

Now, Shen Rang is dead, Shen Junze is her only reliance, but the Shen family does not even reserve this for her, provoking the relationship between her and her son, what is it trying to do? Do you kill her? What good is the Shen family to kill her? In the eyes of outsiders, everyone does not know that she exists, right? As the saying goes, Clay figurines also have a three-point temperament. Lu Yaqin feels that she used to be too forgiving to make the Shen family feel bullied. Today, she wants to have a good relationship with the Shen family.

"According to the truth, I should call you sister-in-law, but I think you should not want me to call you that way. After all, you are a big family in the Shen family, and you can't afford to see me like a small family." Yun Rong and Shen Shen frowned at the same time.

"I came here today, not for my own business. After all, Agen has gone, and it doesn't make sense to say that. I came here for Junze. Since Junze went to work in the Junlan Group, these years have been I seldom go home, and there is less and less communication between our mother and son. I don't know if this is the meaning of your Shen family or his own, but since childhood, Junze is a very filial child. If no one told him something, I don't think he would be like that."

Master Shen's eyes grew sharper, and Lu Yaqin looked at him again, "You mean that we are provoking the relationship between your mother and son, and Jun Ze is not allowed to go back to see you? Even so, no matter, Lu Yaqin, don't forget, when I was I said that if you want the Shen family to help Junze, the condition is that you leave Junze and sever ties with Junze. Now it's just that Junze rarely goes home to see you. Do you come here and ask the teacher to sin? Do you think that Junze's wings are hard now? No need for the Shen family, right?"

Lu Yaqin naturally doesn't mean that. This is a big tree after all. She can rely on it. She just wants to ask the Shen family why she should be treated like this.

Think of it this way, Lu Yaqin said the same, Chu Yunrong's face suddenly became ugly, feeling that they helped others and made mistakes, right? "To be clear, we will help Shen Junze to see his second brother. In the face of it, we Junze is willing to go to work in the Junlan Group. His estrangement from you is more of your own reason. You know this in your heart. You now rely on everything. On the head, this is a bit unreasonable."

"I don't make sense? I came here today to make sense with you. You said that you didn't provoke Jun Ze's relationship with me. If you don't say anything in the past, just say now. Against his uncle, this is not a provocation. His uncle has been particularly painful since he was a child, and now the two uncles are like enemies. Isn't this your fault?" Father Shen's fear disappeared.

"Oh," Chu Yunrong sneered, as if he heard the best jokes. "When you say this, you touch your conscience. Jun Ze and his uncle are doing something. You know better than me. If it's not Lu Jincai, Stealing the company of the second brother, and excluding Junze from the company. Will Junze hate his

uncle?" At this moment, Chu Yunrong really felt that Lu Yaqin was sick, just like a mad dog, who Who is biting?

Lu Yaqin's expression was stiff, and he wanted to scold his mother very much, but she didn't wait for her to speak. Father Shen spoke first, and said to Chu Yunrong, "Yun Rong, give Jun Ze a call and let him come back now. ."

"Okay, dad."

"Wait, what do you call him to do, and want to provoke the relationship between our mother and son? How come you are so cruel."

Chu Yunrong was too lazy to take care of her. He took out his phone and called Shen Junze. As soon as the phone was taken out, he slapped Lu Yaqin and slapped it on the ground. "What will your Shen family do except bully?"

Mr. Shen's eyes were sharp, "Lu Yaqin, this is not where you go crazy. If you continue like this, just get out."

"Let me go again, I will go, but today you Shen family will give me an account, I am such a son, he is my dependant for the rest of my life, you are not allowed to provoke the separation, if you dare to provoke the separation, I will go out Tell those media reporters that your Shen family is bullying and refuses to admit that my second daughter-in-law of the Shen family will not let her mother and son get together."

This is a typical backlash. Old Master Shen's eyes are like quenched ice. Chu Yunrong's face is very ugly. When Songsao sees this, she quickly calls Shen Junze.

Shen Junze rarely visits the Shen family, but he will definitely come to see the old man every New Year. People in the Shen family all have his contact information.

"What, I know, I'm coming now." Shen Junze is chatting with Shen Qinglan in the coffee shop. He received a call from Sister Song. He glanced at Shen Qinglan, and his eyes were embarrassing, "Sister, I am now To go back to the old house, my mother went to Shen's house."

Shen Qinglan's eyes flickered and stood up, "Go together."

Fortunately, they didn't go far, just in a cafe near the compound of the military area, so they arrived soon. When they first entered the house, they heard a sound of broken porcelain. It was Lu Yaqin's tea cup on the table. Smashed.

As soon as Shen Junze's face changed, he quickly walked over and saw his mother picking up the ashtray, intending to smash the ashtray. "Mom, what are you doing?" Shen Junze shouted.

The sudden sound made Lu Yaqin startle. The ashtray didn't fall down. She looked back at her son's face,

and there was a panic in her eyes.

"Son, you... why are you here?"

"If I don't come, are you going to smash the Shen family?" Shen Junze looked cold, looked at the mess on the ground, and looked at his mother coldly. He really didn't expect his mother to arrive. The Shen family came to make trouble, "Mom, tell me, what are you doing here? What are you doing now?"

"I...I..." Lu Yaqin, who was just right now, was speechless when he saw Shen Junze's expression, "I'm just..."

"Junze, you came just right. Your mother said that we are provoking the relationship between your mother and son, so you will only move out to live alone, and will not be cold to her, even the family is not willing to return, you talk to your mother about whether this is the case." Chu Yunrong's face was pale with anger, and he had never seen such a spicy person. He would smash things with a few words. If it was not Shen Junze and when Shen Qinglan arrived, she was going to call the guards. She didn't have any face to face, she also got rid of it today.

Shen Qinglan first noticed Mr. Shen. Although he was full of anger, he looked normal anyway, slightly relieved, but Lu Yaqin's eyes were not so warm when he looked at him.

When Shen Junze heard this, his face became black, "You went to the Shen family to make trouble for this matter? Mom, no one in the Shen family has ever said that you are bad, nor did they ever let me stay away from you. On the contrary, the auntie often persuaded me not to go to work, but to go back to see you often, even if it was to accompany you for a meal."

"Junze, don't say good things to them. If they weren't, why would you alienate your mother? We used to be the closest mother and son." Lu Yaqin pulled Shen Junze's sleeve and said anxiously.

Shen Junze looked at her with cold eyes, "We will alienate because of Lu Jin and not because of the Shen family. You should thank the Shen family and took me a hand, without letting me completely turn into a mud, do you know what your current behavior is called? "En Jiang Qiu Bao." The last four words were squeezed out of Shen Junze's teeth. The green muscles on his hands and neck burst out, showing that he was not angry.

This morning their mother and son had a quarrel because of this incident, and now his mother ran to the Shen family to make trouble. How would he face the people of the Shen family in the future? Does his mother really have a little consideration for him?

"If it wasn't for them to tell your uncle bad things in front of you, you and your uncle wouldn't be in such a situation today, this is still their fault." Lu Yaqin no matter what others said, it was the Shen family. Harmful, in her logical thinking, the Shen family is the culprit.

Shen Junze looked at his mother in disappointment, turned around and simply bowed deeply to

Grandpa Shen and Chu Yunrong, "Grandpa, Auntie, it is my mother's fault today, and I apologize to you on her behalf. , I will handle this matter well and give you an account."

Lu Yaqin pulled him, "Junze, why do you apologize, this is not your fault at all."

"Then you admit that this is your fault?" Shen Junze asked coldly.

Lu Yaqin choked, "I'm right, it's their Shen family's fault. If they agreed with me and your dad, we wouldn't go far away for so many years. My dad and I became the laughing stock of the capital, and we After they returned, they did not announce our existence. We are outsiders. Even after your father died, they drove us out of the Shen family. Have you forgotten all these?"

"Mom, can you make a point, this is not the case at all." Shen Junze roared, "You don't want to reverse black and white, will you?"

He eased his tone and said to Grandpa Shen, "Grandpa, I'm really sorry for what happened today. I'll go to the door again to make a guilt." Then, regardless of Lu Yaqin's struggle, she was forcibly taken away from the Shen family.

From the beginning to the end, Shen Qinglan didn't say a word. It was best for Shen Junze to handle this matter. "Sister-in-law, clean this place, what's the matter." Chu Yunrong sighed, but didn't Anger on Shen Junze's body.

"Grandpa, are you okay?" Shen Qinglan is more concerned about the body of Grandpa Shen. If Lu Yaqin exhaled Grandpa Shen, she would never have done so.

Fortunately, the old man's health is not bad, and he has experienced those strong winds and waves. Today, these are really nothing for him, but his mood is affected.

Grandpa Shen shook his head, "Grandpa is fine, how come you all come back together?"

"Just talking about things, and came back together after receiving the phone." Shen Qinglan said lightly, "Grandpa, I will help you go and rest for a while."

Mr. Shen nodded. Although he was not angry today, Lu Yaqin's voice was so loud that his brain hurt.

Shen Junze took Lu Yaqin back home and threw the door very loudly, "Mom, what the hell do you want to do today? What do you want to tell the Shen family and let the Shen family explain to you, tell me, I will give you Explain." As soon as he arrived home, Shen Junze became angry.

Lu Yaqin's anger hasn't disappeared yet, "What are you doing? I'm not doing this for your own good."

"Good for me? Mom, then you touch your conscience and say, are you really good for me? Not for your own selfishness? If you are really good for me, you will not go to the Shen family to make trouble. And I don't want to smash things in the Shen family. I haven't found my mother has such a bloody side before."

"Jun Ze, what do you mean by this? You are my only son, for whom am I not good for you?"

"For your own selfishness, don't talk about things that are good for me."

"Shen Junze, are you really crazy? Isn't it? I bowed your head to your uncle for your sake. Did I say anything when the Shen family drove me out? Now you are going to leave me. I knew that, I was born Whatever you do, I should strangle you."

"Yeah, what did you do for me? What you thought was to marry into a wealthy man as a young grandma. Who knew that Shen's approach was so tough, and would rather not recognize my dad than let you marry into Shen's family. Now, the husband you choose I left early. Do you particularly regret the fact that you married my dad?" Shen Junze was really irritated by Lu Yaqin's move today, and he did not care about his speech. He used to be an agitator, although he grew up in recent years There are many, but the behavior habits from childhood are not that they change.

Pa, a slap fell on Shen Junze's face again, "Shen Junze, are you talking?" Lu Yaqin said sadly, unexpectedly in the eyes of her son, she turned out to be a vain person, she was true She likes Shen Rang not because of his identity, otherwise she won't go far away with Shen Rang for so many years.

"Shen Junze, anyone in this world can say me, but you can't."

Shen Junze also had some regrets in his heart. He shouldn't say those words at once, but he was really angry, "Mom, sorry."

"The Shen family looked down on me. I didn't expect that even my son didn't look down on me today. Can I choose my lower birth background? Don't I want to be born in a wealthy family with flowers like Chu Yunrong The endless money, noble identity, and a husband with a similar status have been loved and recognized by my mother-in-law, instead of following me. I was forced by my life to help me choose a less decent job. Shen Junze, even if I owe it The world, I don't owe you anymore." Lu Yaqin's tears and whimpers are really sad.

"Mom, I apologize. I just said nothing. It was my fault. I didn't look down on you. You know that I'm not angry at all."

"Isn't it up to me to go to the Shen family to find them and you are unhappy, but Jun Ze, am I wrong? If they weren't, would our relationship be as good as it is today?"

"Mom, this matter has nothing to do with the Shen family. It's Lu Jincai. Can you tell me something?" Shen Junze is really irritable. How can he feel that talking to Lu Yaqin doesn't make sense.

"If it weren't for the Shen family to provoke alienation, your relationship with your uncle would be very good." Lu Yaqin has already identified this matter, just like self-hypnosis.

Shen Junze wanted to run away, he walked back and forth in the living room, hands on his hips, trying to suppress the anger in his heart, trying to speak calmly to his mother.

"Mom, let's calm down and sit down and talk."

Lu Yaqin didn't really want to quarrel with his son, and sat down, Shen Junze sat opposite her, "Mom, if I have something wrong today, then you are sad, I apologize, it's me bad."

In the end it was his own son. When he apologized to him, Lu Yaqin softened and slowed his tone. "Jun Ze, my mother doesn't really want to talk to the Shen family. Whatever my mother does is for you, I know You hate your uncle in your heart. Seriously, my mother doesn't agree with his approach, but Junze, now we are in a state of being sent to the fence. If your uncle really wants to deal with you, that is a very simple matter."

"Don't talk first, listen to my mother first, I know you want to say that the Shen family will help you, but did the Shen family really do it? Yes, he trained you to make you better than before, but apart from this In addition, if they really want to help you, then they should help you get your dad's company back and give it to you. This matter is a relief for him, Shen Junyu, but in the past few years, they have watched your uncle The company has grown and expanded. Where does it mean to help you?"

Shen Junze looked at his mother in disbelief, but she didn't expect her to think that way, "Mom, the Shen family has helped me enough. I almost lost Sister Qinglan's child. They still chose to forgive me. And, when I was the most difficult, I reached out to help me. Isn't that enough?" He first learned what it means to be inch-to-inch. Has he ever looked so abominable?

"Isn't the child gone, and still alive and kicking, now what to do." Lu Yaqin was reluctant to mention the child of Shen Qinglan because of that child, the Shen family drove them out of the gate, and she remembered it for her life. , And never forget it.

"Mom, do you have to be like this? Well, aside from the fact that the Shen family is a relative, I will ask you the most practical question. If you offend the Shen family like this, wouldn't you be afraid that they would be a stumbling block in my career? "Isn't it said that it was for him?"Ever thought about such a practical problem?

"They won't. After all, you are your dad's only son. Your dad is dead. Let him take care of you before he dies. They didn't do it. They owe it to your dad. How dare you do it in your career My mother had thought about her hands and feet for a long time." Because of this, she dared to come and make trouble today. If the Shen family really tripped Shen Junze because of today's things, then she would not be afraid of breaking the net, and she would be embarrassed. Anyway, she is barefoot and not afraid of wearing shoes.

Shen Junze felt a anger in his heart rushed to his head. He thought he was really going to be mad at his mother. He was worried that the words he was exporting would hurt too much. Shen Junze suppressed his desire to speak and took a deep breath. Mom, I think you're tired too. Let's take a break soon." If we talk about it, there will be a bigger quarrel.

"Junze, wait a moment, you listen to your mother, and tomorrow you will go to your uncle with your mother. Since you want to start a new company, your mother will not object. We will talk to your uncle and let him I will help you too. Your uncle has been hurting you since childhood, and he will certainly not refuse it." Lu Yaqin saw that Shen Junze did not refute, thinking that he had persuaded him and immediately put forward the ideas in his heart.

Shen Junze's eyes cooled again, "Mom, this is actually your purpose? Isn't Lu Jin your relative in your heart, neither me nor the Shen family."

"Jun Ze, how can you think this way, Lu Jincai, he is my only brother, your only uncle, and a person connected to our blood."

"Oh, then, if you promised me to sever ties with him, did you fart?" Shen Junze couldn't help but swear, something that was only promised in the morning, he replied in the afternoon; he knew that he and Lu Jin were incompatible. It is imperative that you die and die, and deliberately bow your head to him, praying for a little pity, just for her so-called affection, this is his mother, he thought he loved his mother the most.

Lu Yaqin looked at his son's cold eyes, his eyes dodge, "That, Junze, you listen to your mother tell you."

"Needless to say, Mom, I said long ago that I don't have him. Since you like your big brother so much and think that he is more important than your own son, then you should go with him in the future. I will come back again, and I will not care about my life and death in the future." Shen Junze, who had wanted Lu Yaqin to talk about it, suddenly gave up. He felt that there was no need to continue. His mother actually loved herself most. .

He stood up and wanted to leave. Lu Yaqin grabbed him, "Jun Ze, are you going to renounce your mother?"

"If you think it is, then it is right. You can say that I am not filial, and I have no conscience. I will put it here today, and you will be my son in the future." Shen Junze wants to break Lu Yaqin's hand, Lu Yaqin The one who is caught is just not let go.

"Junze, you can't do this to me. I'm your mother. I gave birth to you. You are going to give me a pension. You can't leave me behind, absolutely not."

"Mom, I'll call you mom again." Shen Junze looked at Lu Yaqin calmly, his expression became very calm, he no longer wanted to be angry, and he had no temper. At this moment, his mind was sober, he now

understands Mr. Shen particularly From the perspective of outsiders, his mother really did not deserve his father, not because of his origin, but because of his ideological concepts and life philosophy. Some things cannot be chosen, such as his origin, but some things can be cultivated. , Such as improving your own cultivation.

"Mom, you have found a way for yourself. You have someone who is willing to take care of you, and I am destined to be an unfilial son. You can hate me without forgiveness. If you have a lifetime, remember not to Find me as my son again."

He broke apart Lu Yaqin's hand hard, and Lu Yaqin's very good nails were broken by him. It can be seen that the force is so strong that Lu Yaqin can only watch Shen Junze go away.

"Junze!" Lu Yaqin shouted sadly. This time, Shen Junze did not make any stay, and left the place directly and returned to where he now lives.

This night, Shen Junze was drunk. When he woke up the next day, everything had returned to calm. He came to the company that Shen Junyu registered with him-Bokai Real Estate.

"Mr. Shen, you are here." The secretary has been waiting for him at the door of the company. The secretary has long known who the boss of this company is, and today the boss will officially start working.

Shen Junze nodded and looked at the fifteenth floor of the high-rise building in front of him. There is his current office location. Although this company currently has only a small one-story building, it is still rented, but he is confident that he will definitely The company grows and develops. In the future, he will buy an entire building as their office location.

"Have you prepared everything you prepared?" Shen Junze glanced back and spoke lightly.

The secretary Xiao Liu nodded and said, "I'm ready. All the information about the site has been put on your desk, including the information of other competitors. This time the site is in a normal position, so all the competitors come Some small companies, such as large companies like Lu Shi Real Estate and Jun Lan, simply do not look at this bid, while other rival companies do not know much about our bottom card. This time we have a great chance." Report the information he has.

This secretary was found by Shen Junyu personally, and she is very capable. If Shen Junyu personally came forward to invite him, I am afraid that she would not want to come to a small company like Shen Junze that has just started.

"It's hard work. Although the land is very small this time, the mosquitoes are small, but they are meat. When we grow bigger, we will be able to compete with Lushi Real Estate in the future." Shen Junze didn't make a difference because it was a small case this time. Relax, in the past few years of Junlan Group, what he learned is that no matter what kind of business, you must go all out. Only by doing a small business can you do a big business, learn first You can run faster if you walk."

Shen Qinglan didn't realize that Shen Junze and Lu Yaqin's mother and son were upset three days later. She didn't expect Shen Junze to be so determined this time, but there was a fierce force hidden in the boy's bones. It's not surprising that there was such a choice.

"We can help all those who can help, and the rest will depend on him." Shen Junyu said lightly.

Shen Qinglan nodded and shifted the topic, "Brother, haven't you been away with your sister-in-law for a long time? I've asked your secretary. You haven't been busy recently, so why don't you go out with your sister-in-law for a vacation? Isn't the sister-in-law preparing to have a baby? Change the environment, maybe the baby will come."

Shen Junyu felt that her sister's proposal was very reliable and immediately called Wen Xiyao.

Digression

Shen Junze's relationship with his mother's mother-child relationship has broken, and it can't be repaired.

Wen Xiyao asked the secretary's own itinerary and agreed happily, but both of them are senior executives of the company, and they certainly can't just say go, and they haven't decided where to go.

"I will go to the construction site to inspect the work in the afternoon, and we will discuss where to go when we get home in the evening, or you can choose a few places first, I will pick one." Wen Xiyao said.

"OK, which construction site do you go to this afternoon?" Shen Junyu asked casually.

"Going to the entertainment city that is being developed in Chengxi, I said that there was a problem with the project. I went to see it, it was not a big problem, and I will be back soon."

"Okay, don't forget to bring your cell phone. Call me if you have something." Shen Junyu said softly, and then told two more words, which ended the call.

"Lan Lan, do you have any good ideas?" Shen Junyu asked her sister who was sitting on the sofa in a leisurely posture.

Shen Qinglan glanced at him lightly, "Brother, this is your daughter-in-law, the two of you are going on vacation, you ask me if it's inappropriate."

"I haven't gone out for a long time, and I don't understand it very well, so you can give your brother a sigh." Shen Junyu licked his face, not feeling embarrassed at all.

"I'm particularly curious now. How did you deceive Xi Yao sister?"

Shen Junyu stared, "What is cheating, I conquered your sister-in-law with personality charm."

Ha ha, Shen Qinglan smiled lightly without commenting, "It's almost time, I'm home."

"Don't have lunch with my brother at noon?" Shen Junyu raised an eyebrow. "You haven't been with me for a long time."

Shen Qinglan thought for a while, and it really was, "Okay, let's go."

Shen Junyu stood up, picked up the suit on the back of the chair, and left the company with Shen Qinglan. He chose a nearby restaurant. Shen Qinglan ordered a few dishes and looked out the window at will. A scene.

Li Boming looked coldly at the woman in front of him, "Tong Yunshi, I have made it clear. The hotel staff can also prove that the person who was with you that night was not me. What are you still trying to do with me? "He made an appointment with the customer for dinner today, and as a result, the customer was sent away, and Tong Yunshi rushed out.

After chatting with Shen Qinglan, Li Boming went to the hotel the next day and learned that the waiter had returned, he carefully asked about the things that morning. Indeed, his room was neat and tidy, but it was next door. The room was messy and there was a smell of love between men and women in the room, and Tong Yunshi also came out of the next room.

"You have heard the words of the hotel's waiter, and things have been clarified. What you have to do now is to find the person who stayed with you in the hotel that night, not me." Li Boming was impatient.

Tong Yunshi fixedly looked at Li Boming, "I was almost fooled by you, yes, the hotel staff said so, but who can prove that what she said must be true? In case you gave her money Let her do this? Having money can make the ghosts grind, if you want to buy her, it's not difficult."

"You are simply unreasonable, is it necessary for me to do this?" Li Boming was also convinced by her whimsical nature.

"Boming, I know you don't like me, so you want to use such lies to convince me? But I tell you, I won't believe it. I'm pregnant with your child. I will give her birth anyway. Come down, we will do the paternity test." Tong Yunshi was really shocked by Li Boming's remarks at the beginning, and went back home to think for several days, but she thought about every detail of the day. By the way, that person was definitely Li Boming that night. Li Boming said that she never came back when she went out. Could she still go outside the door and fail.

She went to check the hotel's accommodation records, and registered the room where Li Boming lived, but who said that this record can't be falsified, after all, Li Boming can use money to balance all this, right?

Li Boming smiled, with cruelty, "If you insist on this, then you will do it." This child is obviously not his. He has already explained it with Tong Yunshi, but people do not believe it, they have to be born to be parent-child He was not afraid of appraisal. He was afraid that the people in front of him would not be able to stand it.

"Bo Ming, don't be cruel to me, okay, I just love you, I don't ask you to divorce your wife now, I know she is pregnant, I just want you to treat me and the child better, even if it's just one A little bit, wouldn't this work?" Tong Yunshi almost begged Li Boming.

Li Boming is unmoved, don't blame him for being cruel, he has no feelings for Tong Yun Shi, Tong Yun Shi's affairs have nothing to do with him, if he is good to her out of sympathy, then it will only make things more It's complicated, and Fang Tong is pregnant now, so she can't be stimulated. She can't help but consider her feelings.

The movement here has already attracted the attention of pedestrians. It's really Tong Yunshi's cry of pear blossoms with rain. It doesn't matter if you don't want people to pay attention. Someone even took out her mobile phone to shoot. Poetry pulled into his car, "Tongyunshi, how many times have I told you about this matter, and it has nothing to do with me, the person who was with you that night was not me, and I am not afraid that you will give birth to the child , After all, it's not my child, I'm not afraid, but what are you going to do? Tong Yunshi, this is not my shirking responsibility, this is the last time I told you this, either you believe it or not, neither do I I will say it again, I won't care if you want to leave or kill this child, but if you dare to go to my wife and tell her something that's not there, then I won't let you go ."

Tong Yunshi could not believe that such cruel words came from the mouth of a man who was always a gentleman, such as Li Boming, did he love that woman so much?She was reluctant to suffer a little

grievance, for which she even sacrificed her child.

At this time, her mind was occupied by the idea that Li Boming loved Fang Tong to be crazy. She did not listen to Li Boming's words at all, and she did not even think about it. If the person that night was really Li Boming, Will he be as straightforward as he is now?

That is, the current irrationality led to the final tragedy of Tong Yunshi. She thought many times, if she listened to Li Boming now, would her life be different.

"Now ask you to get off the bus, and please stop coming to me in the future." Li Boming said coldly.

Tong Yunshi looked at his cold side with tears in her eyes, and there was no tenderness on her face, and some were just cold and unforgiving. Why, by what means Tong Tong could get the love of Li Boming and get his care And, for her, Li Boming suspected that he was reluctant to even take a look.

"Li Boming, do you really want to be so cruel to me?"

Li Boming was unmoved, "Please get off."

"Okay, I will make you regret it, Li Boming." Tong Yunshi threw a ruthless word and then left without looking back.

What Shen Qinglan saw was the scene when Li Boming dragged Tong Yunshi to the car, and his brows were lightly wrinkled. Has this matter not been resolved yet by Li Boming?She thought it was over.

"Lan Lan, what are you looking at?" Shen Junyu asked. Shen Qinglan had been looking outside for a long time.

"It's okay. I just saw an acquaintance just now, but then I found it was wrong." Shen Qinglan retracted his eyes and said lightly.

Shen Junyu didn't take it seriously, just said, "Hurry up and eat."

Shen Qinglan took a few bites and looked at his brother, "Brother, did Fang Tong go back to work?"

"Well, I went back after three months. I originally wanted to give her a few more months of leave. She was unwilling to say that the fetal image had stabilized and it was fine. She wanted to continue to work." Shen Junyu explained, herself Not the kind of iron cock that only exploits employees.

Shen Qinglan was funny, "I didn't ask you this, is her recent working condition okay?"

"It should be ok, I don't know very well about this, do I need to see it?"

Shen Qinglan shook his head, "That's not necessary, brother, wait for you to send me home, I didn't

drive today."

"Row."

After dinner, Shen Junyu took her sister home, and she didn't want to leave anymore. She held a tablet in her hand and was inquiring about various travel routes. "Lan Lan, what do you think of this line, all are wine estates, you can taste different wines. I think this one is also good. The sea here is very clean. Xiyao likes to dive. There are diving projects here, she should like it. This one is also good. You can go skiing, Lan Lan, you come to help me look at that line, hurry up."

Shen Qinglan was playing with An An on building blocks. When he heard Shen Junyu calling there, he got up and walked over to look a few times, then pointed to a line, "This one, you can drink red wine and dive. There are many more in this country. Specialty food, tastes great."

Shen Junyu took a closer look at the route that Shen Qinglan said that he had not considered before, after all, they are all small countries.

"Lan Lan, how do you know that there are many specialties in this country?" In such a small country, shouldn't there be many people?

"I've heard Xiaoxuan talk about it before." Yu Xiaoxuan is a foodie. Everyone knows that Shen Junyu is also clear. "She must be right if she talked about it."

Shen Qinglan smiled, not saying that she had spent some time in that small country in order to perform her tasks.

"I will study this route again."

"In fact, you can also go to the surrounding countries. The small countries around these countries are good places. The folk customs are simple, each has its own characteristics, and visa processing is easy." Shen Qinglan saw that Shen Junyu did not seem particularly satisfied. Also put forward his own opinion.

"Uncle, play with me." An An ran over and took Shen Junyu's hand. Shen Junyu immediately put down the tablet, "Okay."

Shen Qinglan was only half of the story, and the person disappeared. She shook her head and picked up the tablet to start planning the route for Shen Junyu. It was accompanied by some textual descriptions, all of which were outlines of the scenic spots along the route.

Shen Junyu stayed in the evening as soon as he stayed, and returned home after dinner. It was just that Wen Xiyao didn't return home when he got home. Shen Junyu was a little strange, didn't he say he didn't work overtime today? What's the matter? I haven't returned home yet.

Shen Junyu called Wen Xiyao, but no one answered, frowning, and called Wen Xiyao's secretary. "Mr.

Wen left long ago. At noon, Mr. Wen said he would go to the construction site and then return. Home, according to time calculation, President Wen should have arrived home long ago." The secretary is also very strange.

"You called the person in charge of the construction site to ask whether Mr. Wen had gone to the construction site." Shen Junyu said.

"Okay." The secretary hung up the phone and quickly called back, "said the person in charge of the construction site. Mr. Wen did go to the construction site today, but came back soon."

"She didn't come back, I called her, her cell phone was turned off, and now I can't reach her." Shen Junyu's heart sank suddenly, her face changed.

The secretary's complexion changed, "Wouldn't Mr. Wen be in trouble?"

"Don't worry, I will go out and find now. You can contact the person in charge of the construction site and ask him when Xi Yao left."

"it is good."

Shen Junyu took the car key and left the house. Not long after she drove out, the secretary's phone came in. "Senior President Shen, the person in charge of the construction site said that Mr. Wen's car was still parked at the entrance of the construction site. At the construction site, I will leave now."

"No, let me go. You can keep in touch at any time. There should be people on the construction site. You can ask them to look for them and see if there is any whereabouts of Xi Yao."

Shen Junyu turned a corner and drove towards the city.

This site Shen Junyu knows that it is Xinhe International's biggest project this year, or the biggest project in the past two years, which is very important, but I don't know if it's installed or evil. This site has been in trouble since it started. Although it's not a big deal, but the company's senior executives also often go to the construction site, and naturally the project leader Wen Xiyao is inevitable.

When Shen Junyu rushed to the construction site, the lights on the construction site were already on. He once accompanied Wen Xiyao to the construction site once. The person in charge here knew him, "Mr. Shen, you are here."

"Mr. Wen, have you found it?"

"No, Mr. Wen left after inspecting the work in the afternoon. Everyone thought that Mr. Wen had left. If Mr. Wen's secretary just called and said that Mr. Wen was gone, we don't know yet. Mr. Wen's car was found in front of the construction site. Isn't this calling everyone to find someone?"

"Hurry up and find." Shen Junyu said in a deep voice, "Give me a flashlight, I will go too."

The person in charge quickly took a flashlight from the person next to it and handed it to Shen Junyu, "Mr. Shen, rest assured, as long as Mr. Wen is still on the construction site, we can definitely find her."

How could Shen Junyu be at ease, he is in a hurry to die now.

This entertainment city covers a large area, and when completed, it will be the largest entertainment city in the west of the city and even the entire capital. If you want to find someone in such a large construction site, or at night, the difficulty is not that great.

It is already evening, and many migrant workers are now returning home from work. Not many people remain on the construction site, so it is even more difficult to find.

"You've gone there, I'll go here, we'll find them separately, so faster." Shen Junyu said.

The person in charge shook his head. "How can this be done? The two of them can take care of each other." Now Wen Xiyao doesn't know what happened. If Shen Junyu has another accident, it will be really troublesome.

"Don't talk nonsense, what can happen to me as a big man, it is most important to find Xi Yao now, if you find it first, call me, you have written down my contact information just now."

"Noted." Seeing Shen Junyu insisted, the person in charge could only agree to his suggestion, "Mr. Shen, then you have to be careful."

Shen Junyu waved his hand and begged him to leave quickly.

"Xiyao, Wen Xiyao." Shen Junyu shouted Wen Xiyao's name aloud, he thought Wen Xiyao should be trapped somewhere on the construction site. I knew he should come with Wen Xiyao in the afternoon.

But now it is too late to say that, the most important thing is to find Wen Xiyao as soon as possible.

The light of the flashlight is not strong, and it can't be seen far in the dark, only the world under the foot can be seen.

"Xiyao, Wen Xiyao." Shen Junyu shouted loudly, but no one answered.

In a corner of the construction site, Wen Xiyao woke up from the darkness and touched his forehead, where a large bag swelled.

Wen Xiyao groaned, took a breath, and died of pain. She tried to stand up, only to find a sudden pain in her ankle. It must have been the foot, she thought, so she could only give up.

It was dark all around, and she couldn't see the situation clearly. She could only guess that she should still be on the construction site. "Is there anyone?" Wen Xiyao shouted out loudly, there was no one at all. She thought about it and called, simply Her bag was right next to her, and it was found by touching it.

When he took out his mobile phone and just wanted to call, he realized that there was no electricity. Wen Xiyao's face was a little dark, and there was some anxiety in her eyes. I don't know what time it is now, but seeing the sky outside is completely dark, she hasn't returned home yet, and Shen Junyu will be in a hurry.

Wen Xiyao is also anxious now. Her cell phone is out of power, she can't reach Shen Junyu, and no one can answer her cry. Her feet are now back, and she can't move at all. Do you have to wait until the workers go to work tomorrow morning to find her? If this is the case, it is estimated that Shen Junyu is really anxious.

Wen Xiyao is thinking of a way. She doesn't know what time it is now and how long she has lost contact. However, no matter how long she has lost contact, Shen Junyu should have discovered that she is gone. She must have arrived on the way. She calmed down and listened carefully to the movement outside, but didn't hear any sound.

Wen Xiyao once again tried to stand up, but the pain in her ankle was so severe that she couldn't move at all, and she had no choice but to give up.

Just when she didn't know what to do, she vaguely seemed to hear someone calling her name. Her eyes lit up. "I'm here. Anyone?" She shouted loudly outside, trying to attract the attention of others.

But the voice outside was farther and farther away from her, until she could not hear it, she bowed her head in dismay, what should I do now?

"Xiyao, where are you? I heard Ying Ying. Xiyao." Shen Junyu's powerful voice drifted in the night sky, and swayed slowly into Wen Xiyao's ear, warm Yao's eyes lit up, "Jun Yu, I'm here." She shouted with all her strength.

When Shen Junyu was very anxious, Wen Xiyao's voice appeared in his world. He carefully distinguished the direction and walked quickly. When the light of the flashlight appeared in front of Wen Xiyao, Wen Xiyao couldn't believe the man who appeared in front of him was really Shen Junyu.

"Jun Yu, it's really you." Wen Xiyao's surprise.

She looked a little embarrassed at the moment, her clothes were all dust, her hair was messed up, and there was still a little blood on her forehead. Shen Junyu saw the blood on her forehead and her eyes slightly changed, "You are injured."

Wen Xiyao thought he was referring to her feet, so he said, "My feet are okay, nothing is wrong, no

injuries elsewhere." Shen Junyu quickly walked over, carefully photographed her forehead with a flashlight and found I just scratched a little bit of skin and felt relieved."

"Are there any other injuries besides forehead and foot?" Shen Junyu asked.

Wen Xiyao shook his head. "It's gone." Shen Junyu didn't have time to ask her what was going on. She shoved the flashlight into her hand and hugged her. She went back and said.

When Wen Xiyao found it, it was a good thing. Shen Junyu thanked the person in charge of the construction site and let the person in charge deal with the latter things. He first took Wen Xiyao away, and Shen Junyu's face was calm all the way, Wen Xi Yao didn't dare to speak, so he sat quietly.

Shen Junyu took Wen Xiyao to the hospital first. In addition to her foot injuries and forehead injuries, she also had some bruises on her hands and legs, but they were all skin traumas. It doesn't matter.

"Don't get water on the wound these two days," the doctor advised.

Shen Junyu nodded, "Thank you doctor." He took Wen Xiyao back to the car again, and then drove home.

Wen Xiyao's clothes were dirty and he needed to take a shower immediately.

Shen Junyu finished her bath without saying a word. Wen Xiyao tried to explain several times in the middle, but looking at Shen Junyu's somber face, she couldn't speak.

"Jun Yu, still mad at me." Wen Xiyao said after pulling Shen Junyu's clothes corner. Shen Junyu's face was still very unsightly. Hearing Wen Xiyao's words, he said lightly, "You are not today Go to the construction site to inspect and work, how can you be injured?"

Mentioning this matter, Wen Xiyao lamented that she was out of luck. She didn't expect it to be just ordinary inspection work.

On the afternoon of the same day, Wen Xiyao went back after inspecting the work, but only halfway through the car, she discovered that the bracelet on her hand was missing. It was given to her by Shen Junyu on her birthday. It was still there at noon. After thinking about it, she thought it should have fallen on the construction site, so she looked back again.

She walked almost the entire construction site today, not knowing where the bracelet was thrown. When she walked to a building, her feet suddenly slipped, and the man fell down directly, and fell to the ground floor, his head fell on the stone, and his eyes were black, the person fainted, and when she woke up, That's what Shen Junyu saw.

"For a bracelet, are you the one?" Shen Junyu didn't get angry, and didn't expect that the culprit was actually a bracelet. Wen Xiyao was aggrieved. "That's the bracelet you gave me."

"It's just a bracelet. If you lose it, you will lose it. I will give you another one later." Shen Junyu felt that the bracelet was not as important as his wife's safety. Today, it was good luck, but it was bruised. If bad luck, the wound on his head hit a bit deeper. If no one finds it, just losing too much blood can kill her. Thinking of this, Shen Junyu only felt afraid after a while.

"That's different. This is your birthday present for me. How can I throw it away?"

"Then you can ignore your safety for a social bracelet?"

"I didn't expect this to happen. If I knew it, I wouldn't go back and find some bracelets." Wen Xiyao was also wronged. This time she suffered a big loss in business.

Shen Junyu was helpless, "Has the bracelet been found?"

Wen Xiyao shook his head, Shen Junyu sighed, "Don't look for it, if I really like it, I will give you a better-looking one next time."

Wen Xiyao held Shen Junyu's waist, "Jun Yu, this time worried you."

Shen Junyu gently squeezed her face, "but no, I'm going to be crazy, isn't it for you to bring your mobile phone, your mobile phone?"

"The phone is here, but there is no electricity." Speaking of this, Wen Xiyao also wanted to cry, how could she be so unlucky.

"Remember to put the power bank in your bag next time you go out, remember?"

"remember."

Knowing that she was tired for a long time today, Shen Junyu couldn't bear to talk about her again, "Okay, it's not too early. Let's take a rest early today."

Dong Xinhe knew that Wen Xiyao was injured when he went to the construction site to inspect the work, but with a big wave, he gave Wen Xiyao a week's leave. Wen Xiyao looked at his feet with a regretful expression, "A good holiday has to be rehabilitated at home, alas." She also holds a tablet in her hand, which is the holiday route planned by Shen Junyu, "Junyu, otherwise, Let's go to travel first, anyway, it's just a little bruise, and it will be fine soon."

Shen Junyu was busy applying medicine to her feet. Hearing this, she glanced at her angrily, and gently pressed it on her swollen bun-like ankle, and Wen Xiyao breathed in pain, "Shen Junyu, you murdered your wife."

"Now I know it hurts? How do you go out and play like this?"

Wen Xiyao was discouraged and lay on the sofa. "Don't I have to stay at home for seven days, which is too wasteful. We haven't gone out on vacation for a long time." She wailed.

Shen Junyu thought for a while, "It takes at least two days for your feet to completely reduce swelling, and it will take four or five days after you can go. It is impossible to go out to play next. The husband will take you to play in the capital, Haven't you played the capital well?"

"I used to go to a few places when I went to university, but that was a few years ago." Wen Xiyao was very interested in Shen Junyu's proposal.

The matter was decided in this way. In order to prevent Wen Xiyao from being bored at home, Shen Junyu simply worked at home these days. He asked Assistant Yu Bin to send the documents to the house every day, and then took it back the next day. contact.

"Jun Yu, you can walk with me." As night fell, Wen Xiyao looked at the moonlight outside the window. Shen Junyu looked up and looked at her, "Where do you want to go?"

"You can go anywhere."

Shen Junyu squatted down in front of her, and Wen Xiyao happily got up.

Wen Xiyao is not heavy. Shen Junyu can easily carry her back and walk on the small road in the community. Wen Xiyao's mouth has a faint smile, "I remember there was a trouble on the construction site, you came to me, That's how I carried me home." That time was the first time she felt that the shoulders of a man could be so wide and warm.

"You wouldn't fall in love with me that time?" Shen Junyu smiled, but didn't expect Wen Xiyao to really think, "Who made you just so annoying at that time, I still Thinking about, how could there be such a man with no manners in this world."

"What does it mean that I have no demeanor? You took away my first kiss without saying anything. I was still angry." Thinking of the acquaintance of the two, Shen Junyu was also funny. Now think about it, it's really bloody.

"That was really your first kiss?" Wen Xiyao was curious. Although it may be normal even if Shen Junyu had a girlfriend before her, but if not, then it must be happy, right?

"What do you say?" Shen Junyu asked lightly.

Naturally, Wen Xiyao can't stop just like this. Since he talked about this topic, he must have asked clearly. "You just tell me." Wen Xiyao lay on Shen Junyu's back and rubbed unconsciously.

Feeling the softness of the two groups on the back, Shen Junyu's eyes flickered and spoke lightly, "Don't

move, if you move again, I can't guarantee that I will do you now."

Wen Xiyao's face suddenly turned red, and he hammered his shoulder angrily. "What are you thinking about all day long?"

"Missing you." Shen Junyu replied without hesitation. Wen Xiyao's face was deeper, and his eyes were full of smiles.

"Jun Yu, am I heavy? Or go home first." Wen Junyao forgets what he wants to ask when Shen Junyu is so distracted.

"It's okay, I'm not tired." Shen Junyu said with a smile, he was working out on weekdays, this road was nothing, carrying Wen Xiyao slowly walking on the road.

The two of them are usually busy with work. There are few such leisurely moments, "Jun Yu, when we have children, I will resign, and then I will feel relieved to be a full-time wife?" Wen Xiyao suddenly said.

Shen Junyu walked slightly, and then said, "Actually, you can continue to work, we can ask the babysitter to bring your child." He knew that Wen Xiyao was a very independent woman, he respected her work, and said yes when she got married. By the way, he would not object to her going out to work.

"Don't you want to support me, eh?" Wen Xiyao said pretentiously.

"Of course not. I agree with you whether you want to work or be a full-time wife. Don't say one you, even ten, I can afford it."

"I want to be beautiful, and I want to raise ten beautiful people." Wen Xiyao deliberately misinterpreted his meaning, and Shen Junyu was funny.

"Jun Yu, when did you fall in love with me?" Wen Xiyao asked.

After thinking for a while, Shen Junyu shook his head, "I don't remember, I fell in love unconsciously." Who knows the feelings, when he found out, the woman on his back had already lived in his heart.

"I know, you must fall in love with me at first sight." Wen Xiyao is narcissistic.

"Do you think you were like that shrew, which man would love you at first sight?" Shen Junyu asked lightly.

Wen Xiyao looked aside and tightened his neck, pretending to be angry, "Well, you even said I was a shrew."

"Don't move, don't move, fall down carefully." Shen Junyu quickly stabilized her figure, so as not to really drop Wen Xiyao.

The husband and wife are together.

Fang Tong looked at the woman who appeared in front of him with a calm expression. Tong Yunshi looked at her and looked at her, "You don't seem to be curious to see me at all."

"There's nothing to be curious about, Miss Tong, you can just say something and find me something." Fang Tong looked faint.

Tong Yunshi took a piece of paper from the bag and placed it in front of Fang Tong. Fang Tong looked at her, "What is this?"

"You will know if you read it."

Fang Tong didn't want to see it, but curiosity drove her to pick up the paper, and when she saw the content above, her eyes changed slightly. With the thrill of revenge, isn't Li Boming very precious to his wife? She wants to see if Fang Tong knows all this and whether the two of them can still love each other. If Fang Tong knew that her husband was cheating and had children with other women and could live well with him, then she would be convinced.

"Congratulations, Miss Tong, I don't know when your marriage date will be?" Fang Tong put down the pregnancy test sheet, and his expression has returned to calm.

Tong Yunshi's eyes changed and he bit his lip. "This child is Li Boming. I came to you today just to ask you to help me persuade him to let me leave this child."

The calm color on Fang Tong's face can no longer be maintained, "Miss Tong, please speak carefully, how could this child be from my family, even if you lie, you should not lie like this."

"Do you think this is what I used to lie to you? Look at the time above. I have been pregnant for more than a month. You should remember it. On the night more than a month ago, Li Boming did not return home all night. I came home only in the morning." Seeing Fang Tong's face changed, Tong Yunshi knew she was thinking of it.

"He was with me that night, and I became pregnant afterwards. Bo Ming was worried about your body. After all, you are now a pregnant woman, so I wanted me to kill this child, but I didn't want to. This is my relationship with him. Child, why should I take it off to make you happy, so I let you come today to let you know that I will stay with this child."

Fang Tong's face was slightly pale, and the hand under the table was trembling gently. She fixedly looked at Tong Yunshi's eyes. During the speech, her eyes did not dodge in the slightest, that is to say, she did not She talked, but she didn't believe that Li Boming would betray her. Li Boming was not Ding

Minghui and would definitely not betray her.

Thinking this way, Fang Tong gradually calmed down, "I won't believe a word you said, you said that this child is Li Boming, what about the evidence?"

"I am the best evidence. I can also tell you the name of the hotel. You go to check. Did I walk into the hotel with Bo Ming that night? The hotel has monitoring and room opening records. I believe you will be able to check if you check. When I arrived, the hotel was not opened by me. I couldn't have made it up to lie to you." She is confident that Fang Tong will believe these words.

Digression

Your long-awaited burst is here. This Sunday is March 18th, March 18th is Sunday, March 18th is Sunday, March 18th is Sunday. Say the important thing three times!

483 486 Trust

For a moment, Fang Tong really wanted to believe, but after all her reason was still there, she quickly regained her composure, "Well, how about walking into the hotel together and sleeping in a room? I believe my husband will not Betray the feelings between us."

Looking at Fang Tong's determined expression, Tong Yunshi's eyes flashed with deep jealousy, and she hated the trust between them.

"He didn't fall in love with me, he still loves you, so he didn't betray the feelings between you, I was drunk with him that night, man, and he couldn't help it when he was drunk His lower body is a normal thing, oh yes, he always called your name that night, although I was very unhappy as your substitute, but I am very happy to be with Bo Ming, I fell in love with him at the first sight. I have never changed in so many years, and I love him no less than you."

Fang Tong had just recovered a little bit of bloody face and turned pale again. Is Li Boming really drunk and regarded Tong Yunshi as himself? If so, things are not impossible, but a voice in her heart tells her, Believe that Li Boming, he will not do anything sorry for her.

Fang Tong tried to calm herself down. The woman in front of her just wanted to deceive herself and make herself excited. She is now a pregnant woman. She can't be excited, can't be angry, and absolutely can't. She is doing her heart building.

"I won't believe anything you said, this kid has nothing to do with Bo Ming."

"It's Boming's child. Whether you believe it or not, it's all. I won't kill it. You can tell Boming that I will

give birth to this child. Then we can go for a paternity test. I will find it today. You are just telling you the truth, because Bo Ming is afraid that you know, insisting on taking my child away, I hate his ruthless heart."

Tong Yunshi left after speaking. Fang Tong sat alone in the cafe for a long time. Her face was completely bloodless and white.

"This lady, are you okay?" The waiter has been paying attention to Fang Tong for a long time. When she saw that her condition was not right, she came over and asked.

Fang Tong shook his head, shook his hand, took out his phone and called Shen Qinglan, "Qinglan, will you pick me up?" The voice shook slightly.

When Shen Qinglan rushed to the cafe, Fang Tong was still sitting in the old position with a blank expression, and the pregnancy test sheet was still on the table in front of her. Shen Qinglan took a glance and immediately understood what was going on.

"Fang Tong, how are you doing?" Shen Qinglan spoke softly.

Fang Tong's eyes moved, and he looked at Shen Qinglan, "Qinglan, take me away."

Shen Qinglan nodded and helped her up. Instead of sending Fang Tong home, she went to her apartment in the city. The apartment was originally cleaned and lived for Jin Enxi. Jin Enxi moved to Daniel two days ago because she had just let cleaning come yesterday. After cleaning, the house is very clean.

Shen Qinglan went to the kitchen to boil some boiling water and handed Fang Tong a cup, "Drink some hot water first."

Fang Tong took it in his hand but did not drink it, "Qinglan, do you say this is true? Will Boming really do such a thing?"

Shen Qinglan sat down opposite her and spoke softly, "What is the first feeling in your heart?"

"I don't believe it, I don't believe he will treat me this way, but Tong Yunshi said that Bo Ming was drunk that night, and treated her like me." Reason and emotion were constantly intertwined in his heart, making Fang Tong anxious.

"Fang Tong, you are looking at me." Shen Qinglan said, she knew that after experiencing the betrayal of

Ding Minghui, Fang Tong was very sensitive in dealing with feelings, and it took her a lot to take a step with Li Boming to this day. courage.

"You have to believe the first feeling in your heart. If a man really loves you, no matter what kind of situation, he will not admit his wife, do you understand what I mean?"

Fang Tong certainly understands, "But Qinglan."

"No, but Fang Tong, believe in yourself and believe in Li Boming." Shen Qinglan interrupted her, not saying that she knew this thing long ago. Li Boming explained it better for such a thing.

"If you still have doubts in your heart, you go back and ask him in the evening, I believe he will explain to you clearly, in all this, don't think about it."

"Qinglan, I don't want to be cranky, but I really can't control myself, and I don't know what's wrong with me now. I have been telling myself that Li Boming is innocent, he will never do something that is sorry to me. However, my mind always wanted to believe in Tong Yunshi's words. After all, Ding Minghui was also drunk..." Fang Tong hugged her head in pain, she didn't want that.

"Fang Tong, please calm down." Shen Qinglan also had a baby. She naturally knew that the emotions of pregnant women were not very stable. It was the easiest way to think about it. Fang Tong suddenly learned of this news, and his emotions were out of control.

"Come, take a deep breath, calm down and think about the child in your stomach." Shen Qinglan snorted.

Fang Tong took a few deep breaths, and his emotions finally calmed down.

"I now call Li Boming to let him pick you up."

"Don't." Fang Tong held her, "Qing Lan, you calm me down, don't tell him first, I don't want to quarrel with him for this matter." The two of them never quarreled, she didn't want to because of her. Hu Si quarreled with Li Boming and hurt his feelings.

Shen Qinglan nodded and sat with her, and finally Li Boming called first. Recently, he personally escorted Fang Tong to and from work. Today, when it is off work, he waited a long time for Fang Tong to come down and went to find her. , The result was told that Fang Tong went out in the afternoon and did not return.

"Take it." Shen Qinglan looked at the caller ID and said.

Fang Tong looked at the phone for a long time. Until Li Boming made the third call, Shen Qinglan helped her pick up. "Fang Tong is here with me, you come and pick her up now." She reported the address.

Li Boming wondered why Fang Tong's call was received by Shen Qinglan, but he didn't think much about it.

When Li Boming was about to arrive, Shen Qinglan went down to pick him up, walked to the door, and looked back at Fang Tong, "Talk to Li Boming and ask what happened. Do you understand?"

Fang Tong nodded.

"Today Tong Yun Shi came to Fang Tong." When he saw Li Boming, Shen Qinglan gave Li Boming the answer.

Li Boming didn't expect that he had said that Tong Yunshi even dared to come to Fang Tong, a cold light flashed in his eyes, but more of the other party's worry, "How is Tongtong now?"

"Now the mood is much calmer, but the pregnant woman's mood is unstable. You will tell her what happened next, and don't hide anything." Shen Qinglan handed the key directly to Li Boming, and she didn't plan to go up. Let the couple resolve the matter between the couple.

"That Qinglan, thank you for today's affairs." Li Boming said.

Shen Qinglan just said, "Fang Tong is my friend." She didn't help Li Boming, but Fang Tong.

When Li Boming went up, Fang Tong was still sitting on the sofa in the living room, dumbfounded, not knowing what he was thinking. He slowed down, walked gently to Fang Tong's person, and squatted, "Tong Tong."

Fang Tong's eyes moved, there was no opening.

"Tongtong, this matter is a misunderstanding. I was drunk that night..." Li Boming told Fang Tong about that matter that night, like Shen Qinglan said, there was no trace of it Concealing, "Tongtong, this is my fault. I should take a taxi home that night." Instead of going back because of Fang Tong's trouble.

If he went back, he wouldn't have these latter things. Li Boming regretted thinking about this.

"What you said is true?" Fang Tong said dumbly.

Li Boming nodded fiercely, "If there is a lie, let me go out and be killed by the car."

"What nonsense," Fang Tong said anxiously, "can these words be said casually?"

"Tongtong, do you believe me?" Li Boming asked.

He wanted to know this now. Fang Tong lowered his head and looked straight into his eyes. "I believe you, but even if you are drunk, you will not be allowed to spend the night outside. You must go home."

"Okay. I promise that no such thing will happen in the future. Today makes you sad, sorry."

Fang Tong sighed deeply, "Bo Ming, I don't know what happened to me now, I know I shouldn't doubt you, but sometimes..."

"I know that this is because you are pregnant, the pregnant woman's emotions are already sensitive, I have not done well, I will pay attention in the future, if you have any questions in the future, you can ask me, I will not deceive you."

"Bo Ming, if, I mean if, if you really like others in the future, you must tell me not to deceive me, we can get together and get away, don't deceive me."

"There will not be such a case, Tongtong, absolutely not, I promise." The favorite person in his life is Fang Tong, how could he be willing to leave her and fall in love with others.

"I mean just in case."

"Not in case, Tongtong, unless I die in this life, otherwise I will always love you." Li Boming held Fang Tong in his arms tightly.

On the way back, Fang Tong suddenly thought of a question, "Since the person with her was not you that night, who is the child in her stomach?"

"Unclear, this matter will ask her herself."

"I think she looked determined when she was talking, not as if she was lying. Presumably she regarded that person as you." In other words, even Tong Yunshi himself didn't know who was with her that night. who is it.

Li Boming didn't care about this before, but this time Tong Yun's behavior to find Fang Tong completely angered him. He will surely investigate this matter. Once he finds this man, Tong Yun Shi should be sober. .

"This matter is left to me, and Tong Yunshi will not come to you again in the future." Li Boming said warmly, his eyes chilling.

Fang Tong nodded, not saying that Tong Yunshi was also innocent. Today, if she didn't calm down, she was emotional for a while, and what happened to the child, the consequences were really unimaginable.

The next day, Li Boming went to the hotel again. He wanted to check it out, only to check from the name on the hotel registration form, but the final result was that there was no such person, which means that he was with Tong Yunshi that night. The men used fake IDs.

Li Boming frowned at the result in front of him. He really didn't expect the result to be like this. "Mr. Li, will you continue to investigate this matter?" the assistant asked.

Li Boming shook his head, "No, let's put it aside first." The person is a fake identity person, how can he find it, do he need a haystack?

Li Boming wanted to find the man, more to prove his innocence, but if he could not find it, he would not be forced, and imagine what kind of person would register with a fake ID?

However, Tong Yunshi even dared to really find Fang Tong, which Li Boming didn't think of. This woman really thought he didn't dare to do it?

The cold light in Li Boming's eyes shone, the pen in his hand was turning, he didn't know what he was thinking.

Tong Yunshi waited for Li Boming to come to her after telling Fang Tong, so she was not surprised when Li Boming appeared in front of her.

"You're here." Tong Yunshi smiled and smiled. Compared with the loss of control that day, she was very calm today and made Li Boming a little surprised. "Don't look at me like this, I already knew you would come to me, after all, I went I found your most precious wife. See how you look, your wife is making trouble with you?"

"This is your purpose? Let Fang Tong misunderstand me and divorce me?" Li Boming asked in a cold voice.

Tong Yunshi smiled and said, "Don't stand and talk, I'll look up at you like this, I'm tired, you sit down first." From beginning to end, she was smiling, gentle and gentle.

Li Boming sat down and Tong Yunshi poured a glass of water for him. When he saw him not drinking, he chuckled, "Are you still afraid of me taking medicine?"

Li Boming looked at her calmly, "I went to the hotel to investigate yesterday, and the person who opened the room with you that night was Lin Xiao." Lin Xiao was naturally not the real name of the person, but what does it matter, he wanted proof There is indeed such a person.

The smile on Tong Yunshi's face gradually faded, "Bo Ming, I didn't want to divorce you. Why do you lie to me again and again?" The facts already identified can be easily changed.

Li Boming knew that she would not believe the remarks, which was not surprising. He did not come here today to persuade her, so after hearing this, he did not react, and even his expression did not change. I can't remember what happened at night. You said that this child is mine, and it doesn't make me believe, and I can't just ask a woman to come and say that if I have my child, I will believe it."

"So what do you want? Do a paternity test? I'm not against doing a paternity test, but that also has to wait for the child to be born. For such a long time, your wife has no opinion?" Facing Li Boming's sudden change of attitude, Tong Yunshi instead of having doubts, Shi Shi secretly rejoiced in her heart. According to her estimate, Fang Tong had a big trouble at home last night, annoyed Li Boming, and perhaps did something that should not be done before Li Boming's attitude suddenly changed.

Thinking like this, Tong Yunshi simply wanted to thank Fang Tong face to face. The more she was troubled, the more Li Boming's heart would be biased towards her. If Li Boming was impatient and divorced from her, she would definitely give a whole banner to her she was.

"I don't have to wait for the birth, I have consulted the doctor, and I can do the paternity test in four months. If the result of the test proves that the child is mine, then I will be responsible for you, but if not, please don't bother you in the future I will never be allowed to appear in front of me." Li Boming said coldly.

Tong Yunshi's eyes were a little sad and ruthless for him, but she knew that the baby in his belly was his, so she was not afraid, "Well, I promise."

"And before that, I had only one condition. You can no longer go to Fang Tong to say something that should not be said, then even if the child in your stomach is really mine, I will not admit that there is your father's company. It will be implicated because of this, I hope you can think about it."

"Okay, I agree." Tong Yunshi said without hesitation, these are not problems for her at all, if Li Boming can get, don't say wait for a few months, just wait for a year.

After stabilizing Tong Yunshi, Li Boming planned to leave, Tong Yunshi held him, "Bo Ming, can't you stay and stay with me?"

Li Boming looked at the corner of his clothes that she was holding in her hand. She looked faint and didn't speak. Tong Yunshi looked at him for a few seconds and finally let him go.

Back at home, Li Boming did not conceal what he did and his plans from Fang Tong. Fang Tong frowned, "Is it really okay to do this?" When the month is old, Tong Yunshi thinks no more of the child's treatment of the mother. The damage is great.

"She would never be sober without giving the evidence. This is the best way." And he was kind enough to do a paternity test when the child was still in her stomach, instead of waiting for her to give birth. If Tong Yunshi is smart enough, he should stop now, don't continue to be obsessive, or don't blame him for being cruel.

Fang Tong also knows that this matter is not suitable for her to intervene now, but just said, "If she let go now, it would be fine." After all, it was only Tong Yunshi's single lovesickness, and Li Boming did not give any response.

Li Boming nodded, but only he knew what he thought.

Because of Li Boming's warning, Fang Tong's life returned to peace, Tong Yunshi was waiting for the child in his stomach to grow up, and then prove his identity with Li Boming, so this time indeed did not come again as Li Boming said Find Fang Tong.

Li Boming still escorted Fang Tong to and from get off work, accompanied her on time for maternity inspection, and Shen Qinglan knew from Fang Tong that the couple had explained the misunderstanding clearly, and was relieved.

Early that day, Shen Qinglan received Fu Hengyi's call just after opening his eyes, "Qinglan, have you gotten up?"

"What happened?"

"Are you going to the hospital today? If you go, bring Aunt Zhao."

Shen Qinglan wondered, "Why should I go to the hospital?" She was not sick.

"Twenty days have passed." Fu Hengyi said.

Shen Qinglan later realized what Fu Hengyi said. After a few days, it was really possible to test it. "I bought a pregnancy test stick. I'll test it later."

"Okay, tell me with the result." Fu Hengyi's voice carried tension that he didn't even notice.

Shen Qinglan actually heard it, and smiled, this man with a bad heart.

She got up and went to the bathroom. After a while, she looked at the red bar above and couldn't help but be disappointed. The weather was harmonious with the people, so why didn't she get pregnant in good conditions? She had a hunch that if she couldn't get pregnant this time, Fu Hengyi would definitely not promise her to have a baby in a short time.

Fu Hengyi is still waiting for her news. Although she didn't get pregnant, she still has to tell Fu Hengyi about the result.

"The pregnancy test stick is not very accurate after all. It is still early. You go to the hospital to check it. In case the month is too early, the pregnancy test stick cannot be checked out?" Fu Hengyi said.

Shen Qinglan made sense, "Well, I'll go to the hospital in a minute."

"Mrs. Fu, you are not pregnant, but your physical fitness is good, and the chance of getting pregnant next time is still great." The doctor said with a smile.

Shen Qinglan was really disappointed this time, looked at the inspection report, smiled, and left the office.

Hearing the final result, Fu Hengyi didn't know whether it was happy or disappointed. His expression was very complicated. It's still small, and it's not too late to wait for Anan to go to primary school to regenerate."

Shen Qinglan frowned, "Fu Hengyi, it will be three years before An'an goes to primary school, and I was 30 years old at that time."

"Then we don't have a baby. An An is enough. It's so hard to take children. I can't bear to suffer."

Shen Qinglan sneered, "Fu Hengyi, do you want to regret it? You promised me, we will have a second child."

"Cough." Fu Hengyi coughed a few times, "Qinglan, shall we discuss this matter again?"

"Fu Hengyi, you will sleep in the study room for me next time when you come back. You are not allowed to go to my bed, otherwise... hum." Shen Qinglan snorted coldly and hung up the phone altogether.

Fu Hengyi looked at the hung up phone and touched his nose. Then, he seemed to make his wife angry.

Shen Qinglan is indeed a little angry, but more helpless, this man is good at everything, but she is too nervous, a small matter will be arrogant, because of these two children, they have discussed how many times, Fu Hengyi can always find The reason, Shen Qinglan thought for a while, and she had an idea in her heart. Since Fu Hengyi was not willing to discuss it, she would not discuss it. She would not believe it, and she could not cure Fu Hengyi.

The family didn't know that Shen Qinglan was preparing for pregnancy at this time. She originally wanted to wait until she was pregnant. This time, she didn't get pregnant, so naturally there was nothing to say.

"Qing Lan, where did you go early this morning?" Master Fu asked with a smile when he saw his wife's wife came back.

"Something in the gallery in the morning, I went to the gallery, grandpa, have you had breakfast?"

"It's already eaten. Today, your aunt's family is coming. I'll ask Xiao Zhao to buy some food. Do you particularly want to eat it?"

"I can do anything, Gu Yang returned from the army?" Gu Yang was selected from the company into the special forces half a year ago, and has not returned for several months.

"I heard your aunt said that she came back last night and went to dinner today." My daughter's family is

coming back, and Mr. Fu is very happy.

"Sister-in-law, I haven't seen you for half a year. Do you think I haven't you?" Gu Yang saw Shen Qinglan in the same way as before, and Shen Qinglan's expression was faint. "You will wait until your brother comes back."

Gu Yang shrunk his neck, that's okay, he was also watching Fu Hengyi's absence today, so he dared to be so arrogant. Before that, Gu Yang was afraid of Fu Hengyi. After seeing Fu Hengyi in the army, he saw a cat like a mouse. .

"An An, do you miss Uncle?" Gu Yang turned to hug An An, and An An gave him a disgusted look, "I don't want to."

Gu Yang pretended to be sad, "Uncle misses you so much, how can you not want to be uncle?"

An An sees no one else sad, and comfortably pats Gu Yang on the shoulder, "Uncle does not cry."

Gu Yang: ...when did he cry.

After dinner, Gu Yang pulled Shen Qinglan into the garden, "Sister-in-law, come on a round."

Shen Qinglan's expression is faint. In recent years, she will go to the nearby boxing gym and shoot the gym to train herself as long as she is okay, so there is no regression in her skill. Gu Yang will ask Shen Qinglan every time she takes a vacation from the army. Playing a game, only failed every time, but this boy is very resilient, it can be described as repeated defeats, frustration and courage, Shen Qinglan is willing to practice with him.

Shen Qinglan rolled up his sleeves, Gu Yang's eyes lighted up, he took a good posture, and took the lead in attacking. The two of you punched me and kicked each other. They were very happy, but it was only a short time before Gu Yang was swept away by Shen Qinglan. Legs fell to the ground, Gu Yang jumped up and continued to attack.

"Bang." After a shoulder fall, Gu Yang once again came into close contact with the mother of the earth.

"Bang." For the third time, the fourth time, when falling to the ninth time, Shen Qinglan's single leg was pressed against Gu Yang's chest, and he looked down at the gasping Gu Yang, "Are you coming yet?"

Gu Yang was running out of strength and shook his head. "Sister-in-law, I'm better than last time." Last time, he couldn't hold it until seven times, and this time it was a few times.

Shen Qinglan got up, compared to Gu Yang's embarrassment, her body was clean, "Why don't you think maybe I'm going back?"

"How is it possible, you are my sister-in-law." Gu Yang said subconsciously, in his knowledge, Shen

Qinglan is perfect.

Shen Qinglan was also a little speechless about Gu Yang's blind worship. "Your close combat has made great progress, but you still need to practice more, especially your leg strength, you need to strengthen training..." Shen Qinglan straightened out. His face pointed out Gu Yang's shortcomings, and Gu Yang remembered them one by one.

"Mum is great." An An, who had been watching for a long time, clapped his hands, cheered for his mother, and then looked at Gu Yang with disgust. "Uncle is not terrible."

Gu Yang: ...It's not that I'm not powerful, but your mother is too powerful. If I can beat your mother, then I will be a miracle.

**

Wen Xiyao's foot injury was completely swollen on the third day, but he was still unable to walk freely. Shen Junyu was worried that she was stuffy, so she drove her to a friend's manor for recuperation and relaxation.

"The environment here is very good. Did you just buy it?" Wen Xiyao looked at the surrounding mountains and green water, which was already far away from the capital.

"No, a friend made a leisure farm and told me to let me come over for a long time. I haven't been able to spare time. Just this time, I will come and take a look."

Wen Xiyao likes this place quite a bit. Although the eco-town developed by Shen Junyu is not bad, but in recent years, because of the strong promotion of Junlan Group, many people have traveled there, but instead lost the tranquility when it was first built, so Shen Qinglan, they rarely go, and have not been there in the past year.

"Jun Yu, I haven't been so relaxed for a long time. I don't think I want to go to work anymore." Wen Xiyao breathed the fresh air here and sighed.

"If you don't want to go to work, resign, your husband will support you."

Wen Xiyao is definitely not going to resign now. Now it is not time to resign. "Okay, you will support me when I resign in the future. I want to make such a manor after I resign. I will grow wine. I want to create your own wine brand, what do you say?"

"The north is not suitable for the cultivation of grapes. If you really want to do it, you need to plant it in the west or the south. Then you need to run on both sides often." Shen Junyu analyzed the reality for her.

"Hey, too." Wen Xiyao nodded, regretting his tone. She just casually said that since it was not feasible,

she left this matter behind her head. The husband and wife played in the manor for several days until Wen Xiyao's holiday ended and the two returned home. After returning home, she learned that Shen Qinglan and her friends went abroad, and An An was also taken away.

Shen Qinglan brought An'an to Sydney City. This time she came to see Catherine's wedding. She also came with Jin Enxi and Daniel. Daniel is still on vacation and there is time.

This is the first time An An has traveled abroad and the first time he has flown by plane. He was excited all the way. As a result, he fell asleep as soon as he arrived at the hotel.

"You go out to play first, I will accompany An An here." Shen Qinglan said to Jin Enxi and Daniel.

Jin Enxi and Daniel nodded, they did come here to play this time.

Three days before Catherine's wedding, Shen Qinglan came to see Yan Xi in advance. In the past two years, Yan Xi and Dougs have been living in Sydney and have never returned to China.

They did not contact much, and occasionally Yan Xi would call her or send an email.

"Qinglan, you are here, come in." Dougs was very happy to see Shen Qinglan. He was about to give Shen Qinglan a hug but was stopped by An An. An An held her mother's leg and declared her sovereignty. Shen Qinglan smiled apologetically. Sometimes, An An's temperament was very similar to Fu Hengyi, possessing a strong possessiveness, and did not like others to hug their mother.

Dougs didn't mind, bent down, "You are An'an, I'm Uncle Dougs, I still hugged you when you were a kid."

As long as she doesn't hug her mother, An An has always been a child who is not afraid of giving birth, letting go of Shen Qinglan's legs, looking at Dougs, with a naive look, "Do you know me?"

"Of course, my parents and I are good friends, and naturally we know you, otherwise your mother will not take you to your uncle's house this time, right?"

An An looked at the house behind him, "Is such a big house your home?"

"Yes."

"Your home is bigger than my home." An An said.

Dougs chuckled and hugged An An. "It's bigger inside, and there is a big, big lawn where you can play football."

An An heard the words, his eyes sparkling, "How do you know my uncle I like to play football?"

"Your mother told me, my mother and I are good friends."

Dougs held An'an away, and Shen Qinglan walked in the other direction, where Yan Xi was, Dougs told her just now.

Yan Xi is trimming the flower branches. From the perspective of Shen Qinglan, she can only see her profile. Compared with two years ago, she seems to be thinner. The outline of her face becomes clearer. She looks very focused on trimming the flower branches, not even aware of it. Someone is approaching.

Shen Qinglan came over today and only told Dougs, and told Dougs not to tell Yan Xi, so Yan Xi was not sure that Shen Qinglan was coming.

When Yan Xi noticed that someone was approaching, she turned around and saw Shen Qinglan, who was only one meter away from her. She was unbelievable, "Sister."

Shen Qinglan smiled slightly, "It's me, I was surprised to see me?"

Yan Xi put the scissors aside, and slowly walked to Shen Qinglan, wanting to hug Shen Qinglan, don't know what she thought, and her hand fell down again, Shen Qinglan's eyes flashed slightly, and she took the initiative to hug her and realized Her body stiffened momentarily, her heart sighed softly, and her voice softened, "Yan Xi, how have you been these two years?"

Yan Xi's nose was slightly sour, and her lowered hand was slowly placed on Shen Qinglan's back. "I'm fine."

Shen Qinglan can naturally see her bad, if she is really good, it will not be like this.

She let go of Yan Xi and looked at her carefully, with a pity in her tone, "I've lost a lot, is Dougs abusing you?"

The corner of Yan Xi's mouth rose slightly, with a very shallow curvature, "No, he is very kind to me."

Shen Qinglan took Yan Xi and sat down. The butler served tea and cakes to the two.

"Come over and do some things, and take a look at you by the way. This time An'an is here too." Shen Qinglan said warmly.

Yan Xi lowered her eyes slightly, "I'm fine, my sister doesn't have to worry about me."

Yan Xi is good, Shen Qinglan knows it. The virus that almost killed them two years ago brought Yan Xi back to awake, but he also suffered from very serious depression. She kept watching her for a long time and cooperated with drug treatment. After more than a year, Yan Xi's condition slowly improved. In the process, Yan Xi found death several times and was discovered by Dougs in time. Later, Doug When Si was in a hurry, she sent Shen Qinglan several times to rescue her, and even became infected with the virus, and she almost died to tell Yan Xi. These things were originally not planned for Shen Qinglan to let

Yan Xi know. She didn't want the girl to increase her psychology burden.

Yan Xi cried fiercely, but since then, she never thought of going to the death and began to cooperate with Dougs' treatment slowly.

"Xiao Xi, is the lifestyle in Sydney?"

Yan Xi nodded, "This is very good, very calm, no one disturbs, I like it very much, sister, you just said that An'an is here too, people?"

"I was taken by Dougs to visit the manor, he was full of curiosity here." Shen Qinglan said with a smile, his tone soft and gentle.

Digression

Can you guess who Lin Xiao will be? Or what kind of person will it be.

484 Chapter 487: Wedding, Homicide (Rename Notice, Important)

"Sister, I want to see him." Yan Xi said.

Shen Qinglan stood up and followed Yan Xi to find Dougs. She could feel that Yan Xi was very satisfied with her current life and did not want to talk about the past. She naturally would not mention it to her.

Dougs was taking An'an to play football on the grass. The Fu family didn't have such a large lawn to let An'an play. This time it met An An's careful wish.

An An ran sweating, and they heard his laughter from afar.

"Sister, An An has grown up a lot and is more handsome than what he sees in the photos." Yan Xi said softly, with a trace of envy flashed in her eyes, and the carefreeness of children was the most enviable.

"Yeah, time passed quickly. An An was three years old."

"Well, everyone is going forward." Only she, staying in place, couldn't get out of the cage she drew.

An An had already seen his mother and ran over, "Mother." He glanced at Yan Xi standing next to Shen Qinglan, "Sister is good."

A smile appeared on Yan Xi's eyes, "An An is good, but you can't call my sister, but my aunt."

"Auntie is good." An An did well.

Yan Xi reached out and touched An An's head. An An didn't hide, but also beckoned, let Yan Xi squat down, Yan Xi was curious, squatted down, An An kissed on Yan Xi's face, Dougs changed his face slightly, fearing Yan Xi will be angry suddenly, and she doesn't like people making physical contact with her.

Simply, Yan Xi didn't have any aggressive behavior except for a moment of stiffness. Dougs breathed a sigh of relief. Shen Qinglan didn't notice the change in Dougs's expression. She just looked at Yan Xi with a gentle smile in her eyes.

"Beautiful aunt, I like you." An An said with a smile.

Yan Xi's heart shivered slightly, her smile gradually spreading under her eyes, and she was fainted with a starlight. She reached out and gently embraced An An in her arms, "Aunt also likes you very much."

Dougs didn't think that Yan Xi was so special to An An. Before that, there were neighbors and children coming to play, but Yan Xi never had any physical contact with them. Even if Dougs said to let her try, she wouldn't. willing.

"Sister, can I play with An An for a while?" Yan Xi solicited Shen Qinglan's opinion.

Shen Qinglan nodded with a smile, and walked aside with Dougs, she also needs to ask about Yan Xi's specific situation.

"Her situation is improving, but it can also be said to be more serious." Dougs's first sentence made Shen Qinglan's heart suddenly sink, "Dougs, what does this mean?"

"Her thought of death is getting weaker, but her heart is becoming more and more closed. She is unwilling to contact anyone. Before you come, she even barely speaks with the housekeeper, and occasionally talks to me Say a few words, but more often, she would rather stay alone."

"Don't you say her condition is getting better?" Shen Qinglan said.

"Yes, her depression is getting better, but Qinglan, her heart knot, I can't solve it, maybe because we are lovers, so she is even more reluctant to face me, I can't give her complete psychological treatment, I called a friend of mine two days ago and hoped she could come to assist me. I want to change my person and maybe Yan Xi would be willing."

Shen Qinglan thought that Yan Xi was much better, but did not expect the actual situation to be like this, "Is your method useful?" Shen Qinglan asked, Yan Xi was not willing to contact strangers, then she would be willing to accept another doctor Is she psychotherapy?

"I don't know if it's useful, but I always try it, Qinglan, I can't watch Yan Xi live in pain, and occasionally in the middle of the night, when I get up to check Yan Xi's situation, I can hear Yan "Xi's repressed crying." Dougs' voice was filled with sorrow. It has been more than two years. Yan Xi has not been able to walk out of the shadows of the year. All the methods he can use have been exhausted, but there is no effect.

Shen Qinglan could understand Yan Xi's pain and Dougs' pain. For a long time, Shen Qinglan did not speak again.

From their perspective, you can see the scene where Yan Xi and An An are together. Yan Xi's face rarely has an obvious smile, and she is like an innocent child with An An.

"Qinglan, can you please stay here with An'an for a while? I haven't seen Yan Xi so happy in a long time."

Shen Qinglan could not refuse such a request, "Okay."

On the day of Catherine's wedding, Shen Qinglan did not take An'an, but left An'an in the manor. "Mom is going to do something today. Will you follow your uncle and aunt?" she asked her son for advice.

"Mom, can't you take me with me?" An An looked at Shen Qinglan with big watery eyes.

"The place where my mother went today is not suitable for children."

"Then will you come back soon?"

"meeting."

"Well, I'll be with my uncle and aunt, but mom, you have to come back soon." An An reluctantly agreed.

"Mom promises to come back before you go to bed."

"Hook."

"Well, pull the hook."

**

When Jin Enxi and Shen Qinglan arrived at the wedding scene, the bridegroom and bride had not yet arrived. Jin Enxi looked around. "Ann, I didn't expect the wedding to be quite grand."

"After all, it is a famous family in Sydney, and a marriage between two big families. It is impossible to be grand." Shen Qinglan was not surprised by this result. It would be a strange thing if Catherine's wedding was shabby.

Most of the people who came here today are some famous people in Sydney. There are very few Orientals. The two Eastern faces of Shen Qinglan and Jin Enxi are inconspicuous among the crowd. "What do you mean by Catherine sending you invitations alone? Let you Let's take a look at the power of their family?" If this is really the case, then it can only be said that Catherine is really too brainless. The Boyle family is a prosperous family in Sydney. Isn't the Shen family in the capital?

"Sit down and talk first." Shen Qinglan said to Jin Enxi, since she came to the wedding, as long as Catherine did not take the initiative to provoke her, she had no intention of ruining the wedding.

Catherine was reluctant to join in this marriage. She was supposed to hold the wedding two years ago, but because of Catherine's suicide, her mother Daisy could only stay on hold, but after two years of struggle, Catherine eventually escaped But the fate of being used as a marriage tool by her mother.

"Mommy, can you..."

"No." Catherine was interrupted by Daisy as soon as she opened her mouth, and Daisy looked at her coldly. "Catherine, I have given you two years of free time. If you give me something unexpected today, the wedding will not go smoothly. Go ahead, you will not be my daughter in the future, not a member of our Boyle family."

Catherine looked stiff and bowed her head resolutely. She knew that it would be the result. Her mother didn't treat her as a daughter at all. In her eyes, only benefit.

Two years ago, because she ran away from marriage, her marriage with her fiance naturally ended. At that time, her mother was furious. If she had almost died, I am afraid that her mother had other means waiting for her.

This time the bridegroom is also a child of a rich family, but this family also has some relations with the people in the Tao. Daisy chose such a marriage object, in fact, to help his brother. In the past two years, the internal mafia battles have become increasingly fierce. Someone already knows that she is the leader's sister. During the two years, she encountered several assassinations. If her brother had taken precautions in advance, she might die.

This time I will choose such a marriage object, in fact, to protect Catherine. The power behind this family is not bad. It is more than enough to protect a Catherine. Even if the mafia people know that Catherine is the niece of the leader, look at this family. In the face, Catherine will not be hands-on, and these are

not clear to Catherine. All she knows is that her mother sold her to others for the benefit, so in her heart, she hates her mother, her mother is A cold-hearted person.

Daisy didn't explain her behavior. She knew what her daughter thought. She didn't correct or explain. Some things, Catherine didn't need to understand too much.

At the auditorium, when Catherine inadvertently saw Shen Qinglan sitting on the guest seat, fire was about to burst out of her eyes. She didn't understand why her wedding, Shen Qinglan appeared here, did she come to see her joke? ?

Thinking of this, Catherine became more and more angry and almost rushed down to question Shen Qinglan.

Shen Qinglan noticed the change in Catherine's eyes and raised her eyebrows slightly, "It seems that it was not Catherine who invited us this time." She whispered to Jin Enxi.

If it was Catherine, she saw that she would not look like this.

"Who is that?" Jin Enxi asked.

Shen Qinglan glanced in the direction of Dai Xi. If she guessed right, Dai Xi invited her to come, but what is the purpose of doing so?

Clear-sighted people can see Catherine's reluctance. During the whole process, Catherine was expressionless. This is obvious. It is strange that other people can't see it. Although Daisy's face is smiling, but in her eyes With anger, this daughter is so stupid that she can't put it on her face even if she is not willing to let others see it.

After the ceremony is the wedding banquet, which takes the form of a buffet. It was probably warned by Daisy that when Catherine came out again, there was already a smile on her face, although the smile was reluctant.

"Shen Qinglan, what are you doing here? See my jokes?" Shen Qinglan and Jin Enxi were talking, and they heard an angry voice, not who Catherine was.

Shen Qinglan raised her eyebrows slightly and said, "You know that you are a joke?"

Jin Enxi heard a smile across his eyes, and sometimes Shen Qinglan's mouth was quite damaged if it was broken. Didn't see Catherine's face blue?

"Shen Qinglan, you get out of here. You are not welcome here." Catherine lowered her voice and shouted, whether she had lost her mind or yelled.

"I'm afraid I can't help you anymore. I have an invitation." Shen Qinglan looked behind Catherine. "Are

you saying, Mrs. Daisy?"

"Mrs. Fu is very happy to be able to come to my daughter's wedding." Daisy said with a smile.

"Catherine, I apologize to Mrs. Fu for your unreasonable just now."

"Why!" Catherine was unwilling.

"Catherine, do you need me to explain?" Daisy's face sank, and Catherine flinched and stomped her foot. "I'm sorry."

Shen Qinglan grinned, "It doesn't matter."

Catherine didn't expect Shen Qinglan to really dare to respond. Looking at Shen Qinglan's eyes seemed to be eating her, but who was Shen Qinglan, blind to Catherine's eyes, she was more concerned about the woman named Daisy in front of her. This woman's castle is extremely deep, and the means is more than Catherine. At first, Catherine did so many things without leaving an obvious handle because of this woman behind her.

But now it seems that the mother-daughter relationship between the two does not seem as good as they thought.

"Mrs. Daisy, I finally saw you."

Dai Xi smiled softly, but Shen Qinglan and Jin Enxi would not really treat her as a gentle person. "Mrs. Fu, I formally apologize to you for my daughter's previous behavior."

prior to? Before which?

"Now my daughter is married, and I will restrain her well in the future, not let her bother you."

Shen Qinglan raised her eyebrows, but did not expect Daisy to invite her to the wedding today, which was a good sign. Why?

Daisy did show the reason, the reason is very simple. Now that the internal disputes in the Mafia are continuing, she will encounter a series of assassinations from time to time, and her husband has been injured twice because of this matter, and one time almost died. Under such circumstances, she naturally didn't want to establish an enemy like Shen Qinglan again. This time she invited Shen Qinglan to attend the wedding. She just wanted to tell Shen Qinglan that Catherine was married and would not bother her life in the future. And she will restrain her daughter well, and hope that Shen Qinglan will not fall into trouble when their family encounters difficulties in the future.

If Shen Qinglan knew that Daisy thought this way, she would definitely tell her that she wanted too much. As long as Catherine didn't come to provoke her, she didn't have the idle time to care about their family.

Jin Enxi has been paying attention to the news on the road, but understands some of Dai Xi's intentions, and whispers a few words in Shen Qinglan's ear. Shen Qinglan suddenly understood and spoke softly, "Mrs. Daisy, I have always been People do not offend me, I do not offend."

After hearing the words, Dai Xi smiled, "Then thank you Mrs. Fu, and several artists came today. I will take you to talk to them?"

"Okay." People intentionally show their good intentions. Shen Qinglan is naturally pushing the boat. Compared with an enemy with a high IQ like Daisy, it is better to sell him a face and turn it into a jade silk, and occasionally do something to do of.

Catherine saw that her mother treated Shen Qinglan with courtesy, not to mention much hate, but the people her mother gave her had been taken back. She had no manpower to control what she wanted to do, so she could only watch. Shen Qinglan had a great time talking with others.

"Catherine, haven't you put it down yet?" Brody stood beside Catherine and looked down at her, Catherine gritted her teeth. "Put it down, how did you let me put it down, just because of this woman, I quit the painting circle It's also because of her that I was forced to marry someone I didn't love, Brody, you don't understand the hate in my heart."

Brody sighed, "Catherine, why don't you understand that if you didn't do those things, Shen Qinglan might not deal with you."

Catherine suddenly turned her head and looked at Brody coldly. They used to be Frank's students. Their friendship was much deeper than that of Shen Qinglan. As a result, he even helped Shen Qinglan speak, "What did I do?"

"Catherine, I know you did the cruise." Brody lowered his voice.

Catherine's face changed slightly, and she immediately returned to nature. "I don't know what you say, Brody. We used to be friends. Wouldn't it be good if you said these words and hurt me?"

A sadness flashed in Brody's eyes. Once Catherine was dazzling in his eyes, excellent, maybe a little temper, but at least kind, but later, watching her step by step astray, to say not to be sad Deceptive.

"Catherine, I heard it when you called those people." So he knew that Catherine did the thing from the beginning, and the reason why she didn't expose her was selfishness. He likes Catherine, has liked it for many years, has not let go so far, will come to Catherine's wedding today, also because he wants to watch his favorite girl get married.

He liked this love for many years and buried it deeply, and no one even saw it.

"So, are you going to tell Shen Qinglan that I wanted to kill her back then?" Catherine was really not

afraid that he would report it. It had been so long.

"No, if I really wanted to expose you, I wouldn't say it now." He would have done so.

"So what do you mean now and want to benefit from me?" Catherine said disdainfully.

Brody looked at her in disappointment, "I'm such a person in your eyes?"

"Otherwise what do you want me to say?" It was still like this.

Brody couldn't tell what it was like in his heart. The girl in front of him was once the white moonlight in his heart, and now, this white moonlight has gradually become mosquito blood. Man is a very strange animal. Some feelings are inexplicably bred and do not disperse over the years. Just when you think it will exist in your heart for a lifetime, it quietly disappears at a certain moment. And the person or thing that once put the filter in your eyes has also restored her authenticity.

"Catherine, I don't want anything, and I won't let you do anything. The reason why I say it today is to stand in the perspective of a friend and advise you not to move your mind, and cherish your present. Come on," Brody said and turned away, not seeing the disdain behind Catherine's eyes.

"Huh, I thought who I even came to teach me, but it was just a poor painter." Catherine said.

Brody hadn't gone far. These words followed the wind and reached his ears vaguely. His footsteps slightly, his eyes became cold, and he laughed at himself, and left here.

Catherine looked at Brodie's back, her eyes cold, and if the man wanted to do anything, don't blame her for not talking about past friendships. The tricky part now is that she has no manpower to deploy.

Although that thing has been going on for a long time, and Shen Qinglan may also know that she did it, but there is still a gap between speculation and reality. If there is solid evidence, Shen Qinglan will have a handle against her, This was very detrimental to her, and thinking of this, Catherine had a murderous intent on Brody. To say that I was just thinking about teaching Brody, then at this moment, Catherine was thinking about how to remove Brody silently. Brody absolutely could not think of it, because of his words of persuasion, he even provokes himself to kill himself.

Now Catherine has no manpower to deploy, so she thought of buying a murder, but this matter is not suitable for her to come out in person, what should I do? Should I call her uncle? Although she rarely saw her uncle, but from the only few meetings she could see that her uncle still loved her very much. If it was feasible for her uncle to send Brody to death?

Thinking of this, Catherine thought of calling her uncle when it was convenient.

The artists who came here were generally those in Sydney. Most of Shen Qinglan had met at Frank's house before. Frank didn't expect that Shen Qinglan had come this time. After all, he knew the

grievance between Shen Qinglan and Catherine. Yes, but to see Shen Qinglan here still made Frank feel very happy.

"Miss Shen, I finally saw you again. We haven't seen you for more than a year. You are more beautiful than before." Frank said heartily.

Shen Qinglan shook hands with him, "Mr. Frank, I did not expect to see you here this time." Shen Qinglan stepped forward and shook hands with Frank. She and Frank also met at a painting exhibition more than a year ago .

"Miss Shen, you must come to my house as a guest this time. My wife has been chatting about you many times." Frank said with a smile.

Shen Qinglan nodded with a smile, "Okay, I will definitely go to your house as a guest in another day. The dessert made by your wife is delicious. I still remember the wonderful taste."

"If Miss Shen likes me, let my wife make more, you can take it back to eat." Frank is very happy that Shen Qinglan can like the dessert made by his wife.

"That's the way to say it, Mr. Frank." Shen Qinglan and Frank have a very pleasant chat with you. I have known each other. Although they haven't met in recent years, they are all people in the painting world. Frank also appreciates Shen Qinglan's talents, and Frank himself is also a very talented artist, and has taught Shen Qinglan a lot. Shen Qinglan admired and respected him. In this way, the two people who admire each other will not become strange because they do not have regular contact.

Since Daisy invited her this wedding, not Catherine, the purpose is also to show good, Shen Qinglan no longer stayed at the wedding, and soon left the wedding scene.

"Ann, you said, are they really showing up? On the way back, Jin Enxi was suspicious. She noticed that several times, Catherine looked at Shen Qinglan with a cold heart, such people would be it for showing?"

Shen Qinglan smiled lightly, "It's not her, but her mother. Daisy is a very smart woman and a very ambitious woman. I believe that Catherine can't turn the waves in her palms."

Jin Enxi thinks about it too. Although she doesn't speak much today, she also secretly observes Daisy. This woman is worthy of being the sister of the mafia boss, not easy.

When Shen Qinglan and Jin Enxi returned to the manor, An An and Yan Xi were stacking wood. When they saw her mother coming back, they just talked to Shen Qinglan and continued playing.

Yan Xi doesn't know Jin Enxi, and Jin Enxi and Shen Qinglan don't want to tell her, so now Jin Enxi is a stranger to Yan Xi. Seeing the stranger, Yan Xi's nerves are a little nervous, even playing games. Absent-minded.

Jin Enxi saw her uncomfortableness, said to Shen Qinglan and left, Daniel was still living in the hotel alone.

The next day, Shen Qinglan went to visit Frank and wanted to go with An An, but An An was unwilling to go and said that he wanted to stay with Yan Xi. When Shen Qinglan saw the two of them interested, they agreed. .

"Mom, you come back early in the evening." Before going out, An An did not forget to say, Shen Qinglan nodded and touched his head, "Okay, you have to listen to your aunt at home, can't you cry? You know?"

An An opened her mother's hand and frowned, "Mom, I'm very good."

Shen Qinglan smiled and drove away in Dougs' car. Anyway, there was still Dougs, and she had nothing to worry about.

Frank knew that Shen Qinglan was going to the door today, so he invited a few good friends, all of whom are in the painting circle, and Shen Qinglan also knew. It was already evening to leave Frank's house.

When the car drove halfway, Shen Qinglan saw a dessert shop along the road, remembering that Yan Xi used to be a girl who loved desserts, so she planned to stop to buy, but there was no parking place in front of the shop, Shen Qinglan looked at it Around, there was a parking place about fifty meters in front, so I stopped there.

In the winter in Sydney, there were not many pedestrians on the street, but it was very quiet. Shen Qinglan walked back. She had just walked through an intersection. Her footsteps were slightly paused. She listened to her ears. She seemed to have heard the sound of life-saving. And most importantly, this sound is familiar.

There was a small alley on her left, and the voice came from there. Shen Qinglan thought about it, walked in, and then saw a man lying on the ground covered with blood, and the blood had flowed to the ground.

"Brodi?" Shen Qinglan asked uncertainly.

Brody was almost conscious, and suddenly heard Shen Qinglan's voice. He tried to open his eyes, but could not see the people in front of him. He instinctively extended his hand, "Save me."

It was indeed Brodie's voice, didn't he leave before her, how could it be here, still in such a gesture?

Too late to think, Shen Qinglan quickly called the emergency number, and then pulled the silk scarf off her body to cover the wound on Brody's chest.

"Yeah... Kay... Kay..." Brody wanted to talk, but as soon as he spoke, blood came out of the corner of his

mouth, "Don't talk, the ambulance will soon arrive." Shen Qinglan murmured Said.

The ambulance came quickly, Brody was taken to the hospital, but ultimately failed to rescue him, Brody died, Shen Qinglan stood in the door of the rescue room, listening to the results announced by the doctor, long speechless.

She had seen Brodie's body wound, a gunshot wound, and the technique was very professional. The person who shot the gun did not intend to kill Brody's life from the beginning, but wanted him to slowly lose blood and die. He clearly felt that life was moving away step by step. Therefore, an artery close to his heart was hit. To hit that position, a very accurate shot is required. This is certainly not something that ordinary people can do.

I just don't know who is having hatred against Brody. Why should I treat him like this? Wait. Before, Brodie seemed to say a name to her, open? Kay? Is it Catherine?

But why? Catherine and Brody used to have the same relationship and had no conflicts of interest. Now Catherine has also withdrawn from the circle. According to the truth, these two people have no intersection at all. Perhaps other names carry the word Kai in their names. people?

If this is the case, Shen Qinglan cannot guess, after all, she is not familiar with Brody.

Frank had arrived at the hospital, but failed to see Brody's last side.

"How could such a thing happen?" Frank was unacceptable. "It was fine before."

"Mr. Frank, please mourn, no one expected such a thing." Shen Qinglan comforted him.

"Miss Shen, where did you find him?"

Shen Qinglan said the place name, she was not familiar with Sydney, so she was talking about the name of the dessert shop, and that dessert shop was very famous, as soon as Frank said it.

"That's the only way Brody must go home." Frank said. "There is a pizza shop near that shop. Brody likes to eat and often goes back there to eat pizza. I heard him say it at noon today. Went there for pizza in the evening."

It was impossible for the police in Sydney to ignore the murder, and Shen Qinglan, as the first eyewitness, naturally went back to take notes.

When Shen Qinglan and the police left, Brody's family had rushed to the hospital. Their children died for no reason. The family must be sad, especially a person like Brody's mother, who was crying particularly sadly, even it can be said to be desperate.

It was just that when Shen Qinglan went, the murderer had already ran away. She had never seen the

murderer or found anything suspicious, so this transcript was not very useful.

Shen Qinglan came out of the police station, it was already early morning, and Dougs personally picked her up.

Along the way, Shen Qinglan didn't speak, and Dougs glanced at her, "Qinglan, this is not your fault." Even if someone finds him, it won't be saved, unless he was just injured when he was just injured. Sent to the hospital.

"I know, this is not what I want."

"Who are you thinking of the murderer?"

Shen Qinglan nodded, "I heard Frank say that Brody has a good temper, it can be said that there is no hatred at all, who will start with him? And still in such a cruel way. "She was on the ground when she arrived at the scene It was all blood, and Frank's cell phone didn't know where to go, and the police didn't find it.

"A person with the best temper will inadvertently offend someone, maybe he belongs to this situation." Dougs said.

Shen Qinglan did not think so, she always felt that this matter seemed to have something to do with her. This is an intuition, there is no evidence, maybe she just guessed wrong, but also hope that she guessed wrong.

Although Brody is not her friend, but someone she knows, what happened has affected Shen Qinglan's mood for a while, and the police in Sydney are still investigating and collecting evidence, requesting Shen Qinglan to stay for a few more days. Cooperating with their investigation, after all, she was the last to see the deceased.

Shen Qinglan agreed, and she also wanted to know who the murderer was.

The police found Brody's mobile phone in a trash bin not far from the scene. The call records showed that Brody's last call was made by Catherine, but that day Catherine had no time to commit crimes. She and her newlywed husband Are playing outside.

And she and Brody have no guilt, no motive for committing the crime, and the case is thus deadlocked.

Shen Qinglan learned the results of the police investigation from Frank, and understood in her heart that this matter was actually done by Catherine. Combining with what Brody said before she died, she was inseparable.

Catherine herself has no time to commit crimes, but she can let others go. After all, it is not difficult for Catherine to find a killer. But what is the purpose of her doing this?

Shen Qinglan couldn't figure it out, and Daisy said that she would be optimistic about her daughter, but as soon as this word came out, something happened the next day. It was a coincidence.

"Will Catherine's newly married husband help her?" Jin Enxi guessed, "After all, the family behind her husband is closely related to the people in the Tao."

Shen Qinglan shook her head, "No, she is not so stupid. This is equivalent to spreading the other side of her in front of her husband. Even if it is a marriage, no one will be so stupid.

"It can't be she who bought the murders herself," Jin Enxi said. The probability of this guess is not high. After all, the time is so short, and the real purchase of murder always requires a process. The technique of shooting Brody is very professional, which shows that this is the job. Professional people like this want to find it in a short period of time, unless you have a very familiar path, such as them, they can do it. But Catherine, it wasn't Shen Qinglan who looked down on her, but she had no such skill at all, and it might be possible to change to Daisy.

"This is not the case, nor is it, it is estimated that only Catherine herself knows what is going on. Ann, or shall we catch Catherine and ask?" Jin Enxi suggested.

Shen Qinglan shook his head. This was not a good way. They had just accepted the offer two days ago, and now they took their daughter from here. It was not clear to tell Daisy if they did not want to live in peace.

They are now in Sydney and Daisy's site, so it is unwise to do it anyway.

Jin Enxi also understood this truth, so she also casually talked about it, and she said that she denied it, "Ann, don't you think? Anyway, this Brody has nothing to do with us. How did he die, naturally there is Sydney. The city's police are investigating, so let's not worry about it."

Shen Qinglan naturally knew this, she just remembered Brodie's mother crying sadly, and felt a little pity.

Digression

In order to cope with this explosive change, the original title of the book in QQ reading can no longer be used, and the title of the book should be changed at the request of the editor. From today, the title of the book in QQ reading will be officially changed to "Pamper it!" "Mysterious wife", Xiaoxiang's title remains unchanged. (Don't ask me why I chose such a name. This is not my name, it's not me, woo woo woo~)

485 488 Evidence, aftermath

"This is the case beforehand." For the time being, I can't figure it out, and Shen Qinglan can only put things aside. "Enxi, you turn around and help me look at the nearby surveillance. If you can see the murderer's face, you will take the evidence. It's good to give it to the police, even if it's not directly favorable evidence, it can bring Catherine a little trouble." Shen Qinglan said lightly, as long as there was a trace of clues to Catherine's body, Daisy would not fail. know.

"An, you think it was borrowing Daisy's hand..." Although only a few words were said, Jin Enxi quickly understood Shen Qinglan's meaning, which was fine, anyway, even if it could prove that Catherine was the last one to kill And they will not go to Catherine for someone who has nothing to do with them.

Shen Qinglan didn't laugh, Jin Enxi asked Dougs for a computer, and soon found the monitoring of the lot, "Ann, this person is indeed professional, he avoided all monitoring, no, nor All, he missed one, but this monitoring did not capture his front face, only a back view, it was useless."

"Are you sure there is nothing missing?" Shen Qinglan asked.

Jin Enxi shook his head, "I have checked all the monitors in the vicinity, and there is no omission."

"Then forget it." Such a back that can't see anything at all has no effect at all.

What Shen Qinglan didn't expect was that the police still found Catherine the next day, because Brody had a name written in his palm, it was Catherine, it was written, it was better to say it was carved, it was carved with a sharp object Yes, when looking at the handwriting, Brody found a sharp object in his hand while waiting.

The name was not written, and the last few letters were not written, but the relationship between Brody was investigated, and the police naturally targeted Catherine.

When Shen Qinglan heard the news from Frank, he was also a little surprised, but he didn't expect Brody to keep this hand.

Catherine was watching TV at home, and the police came to her door. She is newly married and should have been on her honeymoon, but this marriage was not voluntary, and she has no feelings for her husband, and naturally has no interest in honeymooning. She would rather stay at home than go out. Her husband followed her and went to the company early this morning.

"Madam, the police are looking for you outside." The butler said to Catherine who was watching TV. Catherine didn't even raise her head. "What do the police look for me for?"

The housekeeper was embarrassed, "Madam, the police said they must see you, saying that you were involved in a murder case and you need to cooperate with the investigation."

Catherine's eyes changed slightly when she heard this, but she couldn't see the slightest on her face. "The murder case has nothing to do with me anymore. Let them leave me alone."

The steward responded with a "yes" and went out, and then came back after a while, "Madam, the police said, if you insist on not seeing, they will order you to be arrested."

Catherine's face sank in an instant, "If they have evidence, they will let them come in and arrest me. If not, they will leave me. I have no obligation to cooperate with them in their investigation."

At this moment, Catherine's husband Mallory Percy is back. After listening to the report from the housekeeper, Mallory looked at Catherine coldly, "What did you do?"

Catherine looked at him in amusement, "What can I do, I am your wife, now ask me what I mean by this tone of voice?"

Mallory's face was cold, "Catherine, I warn you, if you cause trouble to your family, I will not let you go."

Catherine sneered, "Don't let me go? What do you want? You can't get a divorce, don't forget, we just got married." She bet, Mallory didn't dare divorce her now.

Mallory glanced coldly at Catherine and said to the housekeeper, "Please gentlemen, policemen."

"You..." Catherine wanted to yell, but when she saw the policeman who came in, she stopped and sat on the sofa with her hands clasped without saying a word.

The police have been waiting outside for a long time, knowing that Catherine is unwilling to cooperate, but still calmed down as much as possible. "Mrs. Percy, there was a murder on Berlin Road last night. The police have evidence that it has something to do with you. I hope you come back with us to cooperate with the investigation."

Catherine said in a cold voice, "What's the matter with the death case? I was with my husband last night, and my husband can testify about this."

What does Mallory intuition Catherine should do behind her? But this is not the time at this moment. If Catherine really saw the murder on her back and was caught by the police, the impact on them would

be very unfavorable, so she said to the police, "Mr. Police, I was last night. 'S wife is indeed with me, and the servants at home can testify about this."

"Mr. Percy, we knew that Mrs. Percy was at home that night, but the deceased had his wife's name engraved on his hand before he died, so I hope that my wife can come back with us to cooperate with the investigation. It doesn't matter, that's the best."

"I won't go," Catherine said. "Who knows who died? Catherine is more. Is it me who wrote Catherine? Can't it be someone else? You don't have to show evidence when the police handle the case?" Catherine made up her mind not to go."

"Mrs. Percy, the name of the deceased, Brody, should you be familiar with this name? You and he were both students of Mr. Frank."

Hearing that Brody was dead, Catherine's eyes flashed a flash of light, but she said in surprise on her face, "What are you talking about? Brody is dead, what happened? How did it happen?" What about things like this?"

One of the police said, "Brody died last night and was shot by a gunman."

Catherine covered her mouth. "Oh my god, I saw him on the wedding day. Why did I die in a blink of an eye? Who killed him in the end? Mr. police, you must find the murderer. You can't let Brody die so unknown. Not white." She changed her cold attitude just now.

"Mrs. Percy, it is our responsibility to find the murderer, but now we have a few questions to ask you, and please cooperate."

"You said, you can ask any questions. I will tell you if I know. You should say Brody is the dead person. I am a good friend with him, if he knows that the person who caused the accident is him, I will not refuse it just now, you can rest assured that I will definitely cooperate with your investigation."

Seeing Catherine's willingness to cooperate, the policeman naturally asked for nothing, saying, "We found your name on Brody's hand, so I hope you can go back to the police station to investigate."

Catherine didn't refuse this time, but said, "Okay, Mr. Police, I can go with you now. Although I don't know why Brody had written my name on his hand when he died, it came out. As a good citizen, I still have an obligation to cooperate with you."

Several policemen looked at each other, not knowing why she suddenly changed her attitude, but this was also a good thing, so they would not have to work hard.

Just after going to the police station, Catherine was reluctant to speak, no matter what answer she asked, she didn't know anything useful for a long time. The police are a bit powerless. After all, it is not very accurate to say that Brody is writing Catherine's name because he has not finished writing, and they

are only guessing from the few letters and the relationship of characters.

The investigation revealed that Catherine and Brody were indeed friends. They were not lovers, nor had conflicts of interest. They had no motive for killing. So the police asked for a circle, and after not receiving any useful information, they would let Catherine let it go.

Catherine glanced back at the door of the police station, gently hooked her mouth, and drove home. This time her uncle was very powerful, leaving no useful evidence. It is a pity that she did not marry Brody's death to Shen Qinglan. Thinking of this, Catherine gritted her teeth, yeah, why didn't she think of it at that time, she would simply blame Brody's death on Shen Qinglan, it was just a double sculpting of two birds with one arrow, wasting this opportunity in vain.

Catherine was secretly sorry.

Just before she got home, she received a call from her mother and asked her to go home. Catherine's heart twitched, and she was unwilling, "Mommy, I'm going to watch a movie with Mallory in the afternoon.

Dai Xi said in a deep voice, "You will give me back now, if you don't come back, you will know the consequences."

Even though she was married, Catherine still dared not go against her mother and had to go home.

Just after stepping into the house, Daisy's slap fell heavily on her face, "You damn thing."

Catherine was stunned and looked at her in disbelief, "Mommy, why did you hit me?"

Dai Xi sneered, "Why did I hit you? Why did you dare to ask me why I hit you, what did you do, do you have no idea?"

"Mommy, I don't know why you want to hit me, please make it clear." Catherine looked innocent.

"I ask you, did you call your uncle yesterday?"

Catherine's heart sank. She didn't expect her mother to really know it, but she still denied, "I called my uncle yesterday. I haven't been in touch with my uncle for a long time. Some missed him, so I called him. For a moment, is this also wrong?"

"Catherine, you let your uncle do it for you. You thought your uncle wouldn't tell me, I wouldn't know?" Daisy looked at her daughter coldly, and didn't expect Catherine to be so nonstop.

"You tell me clearly, why do you want to kill Brody?" Daisy asked.

Catherine's innocent face, "Mommy, I don't understand what you are talking about? What does Brody's

death have to do with me? Do you, like those policemen, believe that I sent someone to kill?"

"I still deny it now, Catherine, do you want me to call and confirm with your uncle yourself?"

Catherine's face changed slightly, although her uncle helped her do this, but if her mother called to ask, her uncle would definitely not help her hide, thinking of this, Catherine had to tell the truth, "Mommy, not what I want It was he who killed him, he threatened me."

Catherine told Brodie what Daisy said, of course, there were ingredients to add oil and vinegar.

"Mommy, if I don't kill him, he will tell the police or Shen Qinglan, if they know they can let me go? Especially Shen Qinglan's woman is very cruel, if she knows, I will Finished."

Daisy looked at her daughter with disappointment, and again thought how she would have such a stupid daughter?She dared to bet on the cruise ship. Shen Qinglan definitely knew that Catherine did it, otherwise Fu Hengyi would not send those materials to the newspaper media.

"Do you think that Shen Qinglan really doesn't know about this? It's just stupid! What do you do with this matter?" Daisy's eyes looked cold at her daughter.

"Nothing will happen this time. The uncle handled it very cleanly, without leaving evidence, and the police will not doubt me." Catherine said very surely.

"Oh." Daisy sneered. "Won't doubt? Then what did you do at the police station? What did the police go to your house early in the morning? Are you a fool when you are a policeman?"

"Mommy, I was just cooperating with the investigation. I have inquired clearly. Brody had only a few letters. It was not my name at all. The so-called my name was guessed by the police themselves. They have no evidence."

Of course, Daisy knew that there was no definitive evidence in the police's hands. Otherwise, Catherine could still sit here. The reason why the police let Catherine go was because she did something secretly and led the police's thinking in another direction. She It was not Catherine who was disappointed, but disappointed that she did not want to have consequences.

Although Daisy was very deep in her city since she was a child, she has never done things easily, but she never easily kills her life. However, her daughter has a simple mind, well-developed limbs, and has the urge to do things without any consideration for the consequences. Sooner or later, people will bring disaster to their families.This is not the first time she has given her an aftercare.

"I've made people blame for this matter, but this is the last time I'll help you get rid of it. If you have to deal with it next time, I won't control you anymore."

Catherine's face was first happy, and then startled, "Mommy."

"Don't call me mummy, just because of your stupid temperament, saying you are my daughter, I'm disgusted by you." Daisy was really angry today.

Catherine's face was black as her mother said, and her eyes were full of anger, but she did not dare to show it. She could only whisper, "Mommy, this is my impulse. I promise, there will not be another time."
"

Daisy would naturally not believe her guarantee. In this case, she no longer knows how many times she has listened. "You are married now. Doing things requires more consideration of the consequences, not just impulse, no one. Will always treat you, including me."

"Mommy, I know."

"Okay, go home." Daisy waved, she didn't want to see her again, she was afraid she would be alive.

Catherine walked to the door and folded back, "Mommy, who did you blame me for?"

Daisy rubbed his forehead and looked at her, "What do you want to do?"

"Mommy, didn't the police say that the person who discovered Brody this time was Shen Qinglan, then could she blame her on this matter, saying that Shen Qinglan actually instructed behind?"

Daisy didn't expect that Catherine was actually hitting this idea, and she was suddenly gasped at her, "Catherine, I just said you are stupid, so you can prove it to me with actual actions? Do you always remind me Me, how wrong was your decision when I was born?"

Scolded by her mother again, Catherine was very wronged, "Mommy, why do you always help Shen Qinglan, I am your daughter."

Dai Xi said mercilessly, "If Shen Qinglan is really my daughter, then I will be very happy, at least she will not be so stupid as you."

Catherine did not expect her mother to say this to her, and looked at her in disbelief.

She thought that her mother was probably the most ruthless mother in the world. She was cold and indifferent to her from childhood, and she didn't even have a smiley face. When she grew up, she was even more indifferent to her. She even felt that her mother looked down on her, but why? She is her own daughter, not adopted. Don't all mothers in the world love their daughters? Why is her mother like this? Catherine hadn't figured out this question for many years. She wanted to ask her mother, if she didn't like her so much, why did she have to give birth to her? But these words she only dared to think about in her heart and did not dare to really ask them.

"Mommy, I don't understand why this matter can't be blamed on Shen Qinglan? She was the last person

to see Brody, even saying that she killed Brody, right?"

"Catherine, do you know what kind of family the Shen family is? What kind of family is the Fu family?"

"I know that the Shen family and the Fu family are famous people in the capital, but this is Sydney, and their power cannot extend here." Catherine is very sure of this matter. After all, Shen Qinglan is now in Sydney, and Sydney. The city is their territory. This is the best opportunity to deal with her. If she waits for her to return to the capital, she will even be able to deal with her.

Daisy's mood is no longer described by disappointment. If she can, she really hopes that Catherine is not her daughter. "In the future, you will be your duty to be your Lady Percy. Shen Qinglan will not allow you to provoke."

Suddenly fortunate in her heart, fortunately, Catherine did not blame Shen Qinglan on this matter, otherwise things would be more complicated. Shen Qinglan said it all by herself, but the forces behind Shen Qinglan were hard to say. Shen Family, Fu Family, and Fu Hengyi who are more difficult than Shen Family and Fu Family combined.

Dai Xi didn't forget the news event a few years ago. The information was disclosed by Fu Hengyi to the news media in Sydney. She could even hide her eyes, and when she knew it, things had fermented and there was no time to block them.

Fu Hengyi is more than just an officer as he sees on the surface. His network should be much wider and deeper than he expected. Such an enemy can be guilty or not guilty, and Fu Hengyi's most precious thing is Shen Qinglan. It was also because Catherine offended Shen Qinglan that angered Fu Hengyi, and Fu Hengyi would start with Catherine.

Thinking of this, Daisy, who was worried that Catherine would carry her small movements, once again warned, "Catherine, I hope you will keep my words in mind this time, don't provoke Shen Qinglan, let's not do anything, and leave him. Before Sydney, you stayed at home in peace, if you let me know what you are doing behind, believe me, you will not be a Boyle family in the future. And your uncle, neither Will help you again." This warning can be said to be very heavy, and Catherine believes that her mother can do such a thing.

Catherine hated her mother's heartlessness, but did not dare to refute her, so she said, "I know."

The news that the murderer who killed Brody was caught, Shen Qinglan learned from Frank three days later.

"Frank said the murderer was a desperate man. The reason for killing Brody was for robbery?" Jin Enxi asked incredulously.

Shen Qinglan nodded, "Well, the police said so."

"Oh, the police in Sydney are also stupid." Jin Enxi sneered. "It must be Daisy."

Shen Qinglan also knows that there must be Daisy's handwriting, but this matter is not aimed at them, and they have no reason to intervene, so even if they know that the main messenger behind is Catherine, they can't treat Catherine. .

"Ann, is this the case?" Jin Enxi said a little reluctantly, Catherine was really too cruel, Brody didn't offend him, and did not do anything that was sorry for her. ...This behavior of ignoring life makes Jin Enxi very unhappy.

Shen Qinglan looked at her lightly, "What do you want to do?"

Jin Enxi's eyes rolled around, and he whispered a few words to Shen Qinglan's ear. Shen Qinglan nodded. "If you want to do it, just do it, but be careful."

Jin Enxi, hehe smiled, "You can rest assured, there will be no trace left."

Knowing that Jin Enxi was decent, Shen Qinglan no longer managed.

Shen Qinglan stayed in Sydney for another four days before returning to the capital. On the second day of their return, Catherine's husband Mallory had an additional email in it. Mallory clicked on it and suddenly looked pale. , It turned out to be the love video of Catherine and other men, and more than one.

Although watching the date in the video shows what should have happened before the marriage, any man, when receiving this video from his wife, can't calm down, so he returned home angrily, facing Catherine A punch and kick.

Catherine was unprepared, and her bruised face was swollen.

"Malori, are you crazy, are you?" Catherine screamed.

Mallory kicked Catherine's feet again, with a stern look, "Yes, I'm crazy, you slut."

Catherine wanted to fight back, but she had no power to fight back and could only hold her head to minimize damage. Although his head was protecting him, he was kicked blue and purple by Mallory.

When Mallory was exhausted, she stopped. When she met Catherine's angry expression, Mallory's expression remained unchanged. She took her briefcase and threw a stack of photos in front of Catherine. "You give I opened my eyes and saw clearly why I hit you today."

Catherine looked down at the photos on the ground, and when she saw the contents clearly, she suddenly opened her eyes, "Where did you come from these things?"

Mallory looked at her expression and knew that these things must be true, "Catherine, if I knew you were such a person, I would never marry you even if your mother gave me more benefits."

Catherine sneered, "Malori, are you a good thing yourself? It's just a playboy, don't lift yourself so high, we're half a catty, no one says who, these are all before I got married Things, I didn't do anything sorry for you after I got married."

"Oh, if you dare to do anything that apologizes to me after you get married, you give it a try. See if I dare to kill you." He can play, she can play, no.

The Percy family is also a family with a gangster background, and Mallory himself is a cruel person, really want to do something behind, it is still a breeze.

After being beaten up by her newlywed husband, Catherine couldn't do it. She ran back to her mother's house to cry for her mother and wanted her mother to know what kind of family he was looking for.

It's just a pity that Mallory had already called Daisy to explain why, Daisy already knew what was going on.

"Who told you not to wipe your ass clean!" Daisy said coldly, sympathizing with her daughter. Mallory said something unpleasant on the phone, and the inside and outside of the words were taunts, and Daisy was sighing. As a result, I saw that Catherine ran back crying and crying. It was strange to feel good.

Catherine had thought that this time her mother would always be on her side, and the person who was scolded was still her. She was completely disappointed with this mother.

In fact, Daisy can guess who sent those things? They wanted to come to Shen Qinglan and they couldn't get rid of it, but this is the dumb eating Huanglian.

Matters in Sydney are not mentioned for the time being, and after Shen Qinglan came back, he realized that Fu Hengyi had returned home.

Fu Hengyi came back yesterday, only to know that his wife had gone abroad for a vacation. I wanted to call Shen Qinglan, and remembered Shen Qinglan's anger, so I didn't call, but instead I asked Mr. Fu to call Shen Qinglan and urge her to come back soon.

The old man called in person, and Shen Qinglan was naturally coming back. It happened that there was nothing in Sydney, so he bought a ticket.

Yan Xi knew that An An and Shen Qinglan were about to return to their country. Shen Qinglan hugged her and said, "If you want An An, go to the capital to find me."

Yan Xi nodded, "Sister, I will try my best to cooperate with the treatment. When I am completely well, I will see you and An An."

"it is good."

"Pretty aunt, I will miss you too." An An said with a pin.

Yan Xi squatted down, took the initiative to hug An An, and kissed him on his small face. "Thank you An An, I will miss you too."

Yan Xi and Dougs personally sent Shen Qinglan to the airport. They had watched Shen Qinglan pass the security check, and could no longer see it, so he reluctantly withdrew his gaze.

"If you can't bear it, then we will buy a ticket back tomorrow too." Dougs said softly, Yan Xi shook his head, "Dougs, from today I will cooperate with your treatment, and the doctor you invited. "

As Dougs' eyes brightened, Yan Xi was willing to actively cooperate with the treatment, which was nothing less than the greatest good news for him.

Yan Xi looked at Dougs with joy, and her heart was sour. She knew she was wayward, she was not strong enough, she would only escape when encountering things, but she was always accompanied by someone from the beginning to the present. No, Shen Qinglan was right, she was too lucky compared to some people.

Yan Xi took the initiative to hold Dougs's hand, "Dougs, I'm sorry."

Dougs stared blankly at the hand held by Yan Xi, especially when she heard her words. The excitement in his heart was beyond words. He stepped forward and hugged Yan Xi gently. Yan Xi's body stiffened, and immediately slowly relax.

Dougs could clearly feel Yan Xi's change, and the smile on the corner of his mouth grew thicker, "Yan Xi, my girl, welcome back."

Yan Xi smiled, but there were tears in the corners of his eyes.

Knowing that Shen Qinglan was coming back, Fu Hengyi personally picked up at the airport. Instead, it was Shen Qinglan, who didn't expect the person who appeared at the airport to be Fu Hengyi.

When Shen Qinglan saw Fu Hengyi, she had a faint expression and no special expression. Fu Hengyi knew that she was still not happy about the last thing and smiled slightly, "Wife, I'll pick you up."

After listening to this, Shen Qinglan just nodded and took An'an's hand to go out, Fu Hengyi followed behind.

After arriving at the airport, Daniel and Jin Enxi transferred directly to other places, saying that they planned to go out for a few more days.

"Dad, this time I went out to play with my mother. There is a big and big lawn where you can play football." An An told Fu Hengyi about his experience abroad. Negative Fu Hengyi listened carefully, and occasionally Fu Hengyi Sentence, from time to time look in the direction of Shen Qinglan.

Shen Qinglan said, "Concentrate on driving."

At night, there were only two husbands and wives left in the room. When Fu Hengyi came out of the bathroom, Shen Qinglan had finished taking a bath, lying in bed with his eyes closed, and seemed to be asleep. Fu Hengyi walked to the other side of the bed, gently Lie lay up, then hugged Shen Qinglan from behind and spoke softly, "Wife is still angry?" Shen Qinglan didn't move.

Fu Hengyi continued to speak softly, "I know you want a daughter, I also like girls, but Qinglan, I don't want you to take this risk, I will be afraid." When he was in An'an, the shadow left by Fu Hengyi was too great Big, he didn't want to experience the thrilling and heart-raising again.

Shen Qinglan did not know what he was worried about?Turned around and faced him face-to-face, "Fu Hengyi, that was an accident that time." If Qin Yan didn't do anything about it, she wouldn't have had a difficult birth.

"Qinglan, I know, but, I'm still scared." No one can feel his helplessness, which made him more terrified than when he was hanging on his own line, even if it has been three years, as long as I remember, then The feeling of still reappears clearly in my heart.

Fu Hengyi's eyes were unabashed, and Shen Qinglan looked at it clearly, and sighed gently in the bottom of his heart. This man, who regarded her so seriously, did not know whether it was her luck or his misfortune.

Shen Qinglan was also reluctant to regenerate Fu Hengyi's anger, and some only felt distressed, so he took the initiative to hug Fu Hengyi's waist and nested himself in his arms. "Okay, let's talk about this matter again."

Fu Hengyi is really not ready yet, and Shen Qinglan no longer forced him, and Fu Hengyi knew it, so when Shen Qinglan was about to fall asleep, he said slowly, "Qinglan, you give me a little more time, When I am ready, I will have a beautiful daughter with you."

Shen Qinglan nodded, "Don't think so much, Fu Hengyi, relax." She closed her eyes and fell asleep in Fu Hengyi's arms with peace of mind. Sure enough, only in this arms could she relax and sleep with all her heart.

Fu Hengyi looked down at her with a serene look, and was very satisfied in her heart, but she was also laughing at her timidity. Now she is really a frightened bird.

The next morning, when Shen Qinglan got up, Fu Hengyi was no longer there, he touched the location

around him, and there was still temperature. It should have been shortly after getting up, and it was only six o'clock. It was still early. Run.

When I went downstairs, I saw Fu Hengyi just came back from the outside, holding a few bags in his hand, all of which were ingredients, and he was going to the kitchen.

Seeing Shen Qinglan come down, still wearing a sports suit, apparently intending to go for a run, Fu Hengyi asked with a light smile, "What do you want to eat in the morning?"

"Congee." Shen Qinglan thought for a while and said that she has eaten bread and milk abroad for the past few days, which is really tired.

Fu Hengyi nodded.

When Shen Qinglan finished running and took a shower, and changed clothes, Fu Hengyi had already prepared breakfast, not only porridge, but also fried dumplings, egg cakes and steamed dumplings.

Shen Qing raised her eyebrows and looked at the rich food on the table. "How do you do so much?" She just wanted to finish the porridge.

Fu Hengyi prepared Shen Qinglan's porridge, and brought it to her, "Knowing that you are not used to eating those bread and milk, you're tired of eating abroad in the past few days, change your taste."

"I can't eat so much by myself." Shen Qinglan was speechless. "Grandpa hasn't gotten up yet."

Fu Hengyi said with a smile, "It doesn't matter, you eat everything, and the rest will come to me. Grandpa's is still in the kitchen. I will do it for him when he gets up."

"So diligent? Fu Hengyi, what do you want to do?" Shen Qinglan teased him intentionally.

Fu Hengyi looked innocent. "You are my wife. It's so hard to take care of the family on weekdays. I'm rarely at home. Isn't it right to make a breakfast to make you happy?"

Shen Qinglan chuckled, she felt more and more that Fu Hengyi's love skills had become more sophisticated, and she would open her mouth.

"Eat together, I can't eat so much." Shen Qinglan gave Fu Hengyi Sheng a bowl of porridge.

When the couple was eating, they received a call from Meng Liang, "Captain, Team Mu is back. I want to invite you to have a meal at noon and bring my sister-in-law."

Fu Hengyi asked Shen Qinglan's opinion, but Shen Qinglan didn't mind, "Okay, send me time and place."

Military lord pet: cute wife is the shadow

"You'd better let your younger brother come to pay me a penalty!" Xiao Moyun shouted at the man's evil spirit.

"Good!" The man answered readily.

At night men came.

"Little brother!"

"coming!"

"where?"

The man asked: "What did my little brother do to you? I asked him to compensate you twice!"

"He smashed my rice bowl!"

"hungry?"

"That means! What are you doing?"

With a strong arm, the man dragged Xiao Moyun into the inner room.

"Rogue!" Howling came from the room.

"Ye let you no longer feel hungry for at least three days. Do you still scold him?" The man buckled the woman's chin and treated the woman who softened him as coldly as he treated his men.

"Beast!"

"Buck, so good?"

"Sow! This girl will let you know one day that I don't spit bones!"

"I already know it and am willing to taste it for life."

After Fu Hengyi left, Mu Liancheng became the new captain of the Sabre, and rarely came back. Fu Hengyi saw Mu Liancheng once a year ago.

The next day, Shen Qinglan changed the clothes for An An and set off with Fu Hengyi. He drove with Meng Liang. Murian City ordered a private restaurant in the city center. He ordered a private room. The environment was very quiet.

When they arrived, Mu Liancheng and the monkeys had arrived. When they saw Fu Hengyi, they sent a military salute directly to Fu Hengyi. According to their rank, Fu Hengyi was their chief officer. According to their friendship, Fu Hengyi was their captain, even though Fu Hengyi had already Withdrew the sharp knife, but in the hearts of these people, he is the captain forever.

"All right, don't be polite, just sit down." Fu Hengyi waved his hand.

Mu Liancheng turned his attention to Shen Qinglan, "Sister-in-law, I haven't seen you for a long time."

Shen Qinglan nodded, with a faint smile on the corner of his mouth, "Long time no see."

He looked at An An again, his brows softened, "Is this the captain's son?"

Shen Qinglan nodded and patted his son's shoulder, "An An, called Uncle."

"Good uncle." An An said, and then called the uncle to the monkey, Le monkey's eyebrows smiled, "Captain, your son is really beautiful." Xiaowazi's powdered jade is not beautiful.

An An frowned, his face serious, "Uncle, An An is a boy, can't be pretty, you must hurry me handsome."

Both Mu Liancheng and the monkey were teased by An An. Meng Liang was not surprised. Shen Qinglan

would often take An An to live in the military area. Meng Liang had already seen An An's golden sentence.

The few people hadn't seen each other for a long time, and it was rare to meet. Naturally, there were many words. When Shen Qinglan saw that An'an was full, he proposed to take An'an to take a walk outside and eat, and also just made room for several people to talk.

There is a children's park nearby, and An An is also willing to go out with her mother.

"Mom, are those uncles also soldiers?" An An asked, holding Shen Qinglan's hand.

Shen Qinglan nodded, "Yeah, how do you know?"

"I guessed." An An's face was smug, but he didn't expect him to guess correctly. He grew up in such an atmosphere since he was young, and has seen many soldiers. He can be said to be very familiar with the temperament of the soldiers. It is not surprising that he can guess Shen Qinglan.

"Does An'an feel like a soldier?"

An An nodded his head, "Okay, like Dad, very handsome."

"The soldiers are not just handsome, they are also great, but also because of their existence, we can live such a happy life now, do you understand?"

An An seemed to understand, and Shen Qinglan didn't expect him to understand it all, but habitually instilled in him some ideas, "In the future you will see soldiers and uncles to respect them because they are very hard and great, you know? "

This Anan understood, and nodded his head. Shen Qinglan smiled.

There are still many people in the children's park, and An An quickly played with the children there. When Fu Hengyi came to find him, An An was already playing crazy. When he heard that he was going home, he still held Shen Qinglan's hand reluctantly, "Mom, won't you play for a while?"

Shen Qinglan shook his head, "No, you have been playing for a long time today."

An An grunted and glanced at the slide behind him, "Well, can I come back to play tomorrow?"

"An An, do you remember what your mother told you?"

"Remember." An An little sighed like an adult, "Mom, you're very wordy now."

Shen Qinglan was speechless, so she said it was wordy?The little ghost glanced at his son angrily and took his hand to go out.

An An's clothes were dirty, so after returning home, Shen Qinglan took a shower for An An and was wiping her hair. The little guy's head was a little bit, and he was about to fall asleep.

It's not far from the dinner time. Shen Qinglan worried that he would wake up hungry in the middle of the night. He simply asked Aunt Zhao to help An An get some food. An An's eyes had to be closed during the meal. After dinner, Shen Qinglan took him upstairs to sleep.

In the evening, Shen Qinglan and Fu Hengyi went out for a walk after dinner. Shen Qinglan looked at Fu Hengyi's profile and whispered, "What did Mulian Cheng tell you today?"

Fu Hengyi raised her eyebrows, "Is it obvious?"

"Not obvious." Shen Qinglan said, Fu Hengyi is a person who can hide emotions. It is not easy for ordinary people to see something from his face, but Shen Qinglan knows him too well and wants to see some clues. It's not difficult.

"Is it convenient to tell? If it is not convenient to tell me."

Fu Hengyi smiled lightly, "There is nothing inconvenient to say. Mu Liancheng remembered asking me to do a favor this time. They encountered a task to rescue the hostages. It was very tricky and they didn't know where to start. In this respect, Fu Hengyi's experience Richer than them, so Mu Liancheng wanted to ask Fu Hengyi for help.

"Hostage?" Shen Qinglan asked back.

Fu Hengyi nodded, "Well, it is said to be a member of KA. After King died, the forces of KA were almost disbanded, and later they were integrated by a person who was once inconspicuous in the organization to form a new KA. These years Has been active in the Middle East and has no intersection with our army. This time somehow, he reached the border of our country and occupied a small town on the border, taking the residents of the town hostage.

"What's the purpose of doing this?" Shen Qinglan wondered, once KA caused trouble to Fu Hengyi from time to time, because of the personal grudge between Fu Hengyi and King, now King is dead, and the new KA has been quiet before. Quiet, there is no reason at all, why did you suddenly do such a thing?

"This is where they can't figure it out, but there are a lot of people detained this time, and even some middle-aged men have been shot, and they hope that they will rescue the hostage as soon as possible.

Shen Qinglan understood that although Mu Liancheng took over the sharp knife, he has also done a good job in recent years, but Fu Hengyi is superior to the overall planning ability. No wonder Fu Hengyi

is asked to help.

"Have you agreed?"

Fu Hengyi looked at Shen Qinglan calmly, "I agreed."

This answer was as expected by Shen Qinglan, so she was not surprised, "Since you have already thought about it, go," she said.

Fu Hengyi was surprised, "Aren't you against?"

Shen Qinglan raised her eyebrows, "Why should I object? Don't you do it if I object?" This is naturally impossible. No matter whether Shen Qinglan agrees or not, since Fu Hengyi has already promised others, he naturally wants to go .

"So you can rest assured, but you have to promise me, pay attention to safety."

"it is good."

Fu Hengyi set off at the dawn of the day. Shen Qinglan personally delivered Fu Hengyi to the door. The person from Mu Liancheng paid a military salute to Shen Qinglan, "Sister-in-law, we are gone."

Shen Qinglan nodded, "You pay attention to safety."

The family did not know that Fu Hengyi was going to perform such a dangerous task, and Shen Qinglan and Fu Hengyi did not intend to tell them after discussing it, lest they worry.

"Hey, has Hengyi returned to the army?" Mr. Fu asked in the morning without seeing his grandson.

Shen Qinglan nodded, "I received a call last night, saying that there was an urgent matter for him to go back."

Mr. Fu heard the words, but did not mind.

Shen Qinglan was a little uneasy in the past few days. Since Fu Hengyi left, except for the first day, she called her, indicating that she had never called her again after she arrived, and Shen Qinglan did not dare to call her. , Even when it's the key, a phone call is likely to cause their failure.

Meng Liang said, "The captain, Team Mu and the monkey are back and want to invite you to have a meal tomorrow."

"Qinglan, what do you think of this dress?" Pei Yining held a piece of clothing on his body and asked Shen Qinglan, but he didn't get a response. When he looked back, he saw Shen Qinglan looking down at the ground with his head down. What are you thinking about?

This is not the first time. Pei Yining thought secretly that she would have time to ask Shen Qinglan to go out shopping today, but Shen Qinglan was often distracted. She reached out and shook her hands in front of Shen Qinglan.

"Qinglan, what's wrong with you? How disturbed?" Shen Qinglan looked back and looked at Pei Yining, shaking his head. "It's okay, cousin, what did you just tell me?"

Pei Yining handed the clothes to the clerk. "I said I don't like the clothes here. Let's go to other places." Shen Qinglan nodded, stood up, and followed Pei Yining out.

Fu Hengyi has been away for five days, and there is still no news. KA is a group of desperate people. I don't know what happened to him there.

As soon as they walked out of the clothing store, they met Duan Ling. There was a woman beside Duan Ling. Gu Jiajia who was about to terminate her contract with Sheng Xuan.

Gu Jiajia took Duan Ling's arm, the two were intimate, Gu Jiajia didn't know what to say, her face was smiling, and Duan Ling was also smiling.

Duan Ling didn't expect to meet Pei Yining here. His face was filled with happiness, and then he noticed the gestures of himself and Gu Jiajia, and pulled his arms out.

"Yining, are you out today to buy clothes?"

Pei Yining looked faint, nodded, and said nothing.

However, when Gu Jiajia saw Pei Yining, the smile on her face faded. She only recently learned that Duan Ling and Pei Yining were actually their first love boyfriends, and that Pei Yining's son turned out to be Duan Ling's child.

There was still a full smile on her face, but her eyes looked at Pei Yining with precautions. Especially after Duan Ling took out his hand, Gu Jiajia looked at Pei Yining's eyes more and more badly.

"Excuse me?" Gu Jiajia asked, pretending not to know.

"Pei Yining." Pei Yining said lightly.

"Oh, it turns out that you are the unmarried mother." Gu Jiajia suddenly realized that she just covered her mouth and said awkwardly, "I'm sorry, I'm sorry, I didn't do it on purpose. I just spoke fast."

Such a trick can be said to be quite clumsy. Shen Qinglan's eyes flashed a bit of displeasure, glancing at Gu Jiajia and faintly speaking, "It seems that Miss Gu has found the person who paid the penalty for you, congratulations."

Gu Jiajia's face changed, and Shen Qinglan was the shareholder of Shengxuan, which she only knew a few days ago. Originally Sheng Xuan did not agree to the termination of the contract. According to Han Yi's idea, the white-eyed wolf like Gu Jiajia should be hidden in the snow. When she is no longer famous, he wants to see if other star companies still want to dig her? Only after knowing this matter, Shen Qinglan suggested that if Gu Jiajia was willing to pay the high price of liquidated damages and let others leave. Gu Jiajia also learned at that time that Shen Xuan's second largest shareholder turned out to be Shen Qinglan. No wonder Yu Xiaoxuan's resources are so good, her husband is the big boss of Sheng Xuan, and her girlfriends are the big shareholders of Sheng Xuan. Naturally, she has any good resources for her, and these people can only take some Yu Xiaoxuan does not want Resources.

Duan Ling was originally displeased when she heard Gu Jiajia's words. She was not only talking about Pei Yining, but also him, and their son Hao Hao, but she hadn't waited for him to speak. Shen Qinglan spoke first. Too.

Shen Qinglan is Pei Yining's cousin and the favorite aunt in Haohao's mouth. The relationship with Haohao is excellent. Duan Ling naturally cannot say that Shen Qinglan is not.

"Yining, Jiajia is still young, not sensible, and does not speak properly, so don't worry about it." Duan Ling explained.

Such words have been heard by Pei Yining, and naturally he will not care about it, not to mention the woman in front of him. It was just that she didn't expect Duan Linggang to be mixed with a little star when she returned to China. She thought that he would stay for his dead wife for a lifetime, which seems to be the case.

Duan Ling knew that Pei Yining had misunderstood his relationship with Gu Jiajia, and just wanted to explain, "Yining, that, Jiajia, she is me..."

"Ailing," Gu Jiajia interrupted Duan Ling's words, "Isn't it going to buy a gift for my aunt? Let's go quickly, otherwise the time is running out, won't you have to rush back to the company meeting this afternoon." Pulling Duan Ling to go, "That Miss Pei, Miss Shen, we have to leave today if we still have something."

"Jia Jia, what are you doing?" Duan Ling said angrily, why didn't he let him make it clear?

"Brother-in-law, you and her are over, and she already has a new boyfriend. People don't love you anymore, and you still remember what they do? Even if she is your son's mother, it has nothing to do with you. "It's wrong." Gu Jiajia's face was wronged, she was also for his good, and people with clear eyes could see that Pei Yining didn't want to see Duan Ling.

Gu Jiajia is Gu Jiamin's sister, Duan Ling's sister-in-law. She likes Duan Ling for many years, originally thought that after her sister left, she would have the opportunity to be with Duan Ling, but she did not expect Duan Ling to feel no sense for her, and directly refused her confession, Sad and disappointed, Gu Jiajia chose to return to China for development.

Who knows that Duan Ling should open a branch in the city, which is definitely great news for Gu Jiajia. And for so many years, no new woman appeared in Duan Ling's side. Does it mean that she still has a chance? After all, compared with other women, she has a closer relationship with Duan Ling, and Duan Ling also takes care of her because of Gu Jiamin's relationship. Gu Jiajia's already abandoned heart knows that Duan Ling revived instantly after returning home.

Duan Ling only regarded Gu Jiajia as his little sister-in-law and had no other thoughts. After all, the person he loved most was Pei Yining, but Gu Jiajia's youngest daughter knew what he thought, so in previous years, he and Gu Jiajia kept distance. This time, Gu Jiajia took the initiative to find him and said that he wanted to leave the current brokerage company, but the brokerage company was unwilling to let people go and needed to pay a large amount of damages.

The penalty for breach of contract is as high as tens of millions. Gu Jiajia naturally does not have that much money. Duan Ling feels that Sheng Xuan is very good, and Gu Jiajia's development is not bad now. There is no need to leave, but Gu Jiajia is noisy and has no way to leave.

And now that the matter has opened up, even if Gu Jiajia is still in Shengxuan, she is still going to be hidden in snow. She is Gu Jiamin's only sister, and he can't let it go, so he promised to help her with this one. Liquidated damages.

Today Gu Jiajia asked him to come out for dinner and thanked him for his help, but he did not expect it to be so coincident that he was met by Pei Yining and was misunderstood by Pei Yining.

"Jia Jia, how many times have I told you, this matter has nothing to do with you, and you don't need to intervene." Duan Ling said seriously. This is a matter between him and Pei Yining.

"Brother-in-law, why don't you understand? Once a woman changes her heart, it's the same as a man. It can't be recovered. Even if you've been waiting for her, the only thing you get is sad. Why are you the only one in the world? Are you a woman?" Gu Jiajia didn't understand. What good is this woman Pei Yining, and it's worth Duan Ling's enthusiasm for her. Is it because they have a child between them? If Duan Ling likes a child, she can help him.

Duan Ling's eyes looked unpredictable, "There is naturally more than one woman in the world, but my favorite woman is only this one. Jia Jia, today I still have something to do with you, you can eat it yourself." , Duan Ling turned around and left without hesitation. Gu Jiajia looked at Duan Ling's back and stomped his feet resentfully.

She originally thought that Duan Ling was really in love with her sister. Later, she realized that there was another woman in Duan Ling's heart, which was deeper and longer than her sister, and there was even a child's bond between them.

With this bond, even if they get married later, their relationship will not be broken. What's more, Pei Yining is not married yet. Although he has a boyfriend, what if he and her brother-in-law resurrected?

Thinking of this, Gu Jiajia hated Pei Yining in your heart. You said how could there be such a shameless woman in this world, your men don't want you anymore, married to other women, you even gave birth to his child, this is Want to tie this man with a child?

Pei Yining naturally did not know what Gu Jiajia was thinking. After they left, she continued shopping with Shen Qinglan to buy clothes. She would not affect her mood for these two unimportant people.

"Qinglan, what do you think of this dress?" Pei Yining held a men's suit in his hand, and Shen Qinglan glanced at it. "Is this what you bought for your uncle?" This dress was not Jiang Chenxi at first glance. It was worn at that age.

Pei Yining shook his head, "No, it was bought for Chen Xi's dad. A few days later, it was his dad's birthday. I want to buy clothes for the two of them. What do you think?"

"Yes, but this one is not very suitable, that one." Shen Qinglan pointed to another set of clothes, which was a Tang suit, and Pei Yining had a set of more everyday clothes.

"Tang suit?" Pei Yining hesitated.

Shen Qinglan nodded, "Well, his father should like it."

Pei Yining thought about it, and finally listened to Shen Qinglan's suggestion. When the two came out of the mall, they had dozens of bags, most of them were Pei Yining. Shen Qinglan only gave the two old men Fu Hengyi bought clothes.

In addition to buying clothes for Jiang's second elder, Pei Yining also bought for his parents and Jiang Chenxi, but almost all of them except her own.

"Shopping is really tiring." Pei Yining was sitting in the back seat and didn't want to move at all. She was full of shopping bags around her and her feet. Shen Qinglan shook her head and smiled. No wonder those businessmen said that the woman's money is good, this woman 'S purchasing power is terrible. If she hadn't blocked it just now, Pei Yining would probably buy it again.

When the car drove halfway, Shen Qinglan's mobile phone came in with a message, which happened to be a traffic light. Shen Qinglan took a look at it and it was sent by Fu Hengyi-[has returned safely, don't miss it.

Shen Qinglan's nerves relaxed in an instant, and the whole person relaxed. With a light smile on her lips, she looked at Pei Yining, "Cousin, I'll go back as soon as I get you home."

Pei Yining looked up, "Isn't it going to sit at my house for a while?"

"I won't go for the time being. We will take Haohao and An'an out together on the weekend." She also

did not take An'an to the amusement park for a while. Last time, An'an was still talking.

"Not this weekend, Hao Hao will go back to Duan Ling to see his parents this weekend." Pei Yining said.

Upon hearing this, Shen Qinglan raised an eyebrow slightly, "Go back to see his parents? Did he propose?"

"Well, Haohao himself agreed." Originally, Pei Yining didn't want to agree, but Haohao wanted to go, and she didn't object. Duan Ling did not contact Haohao in recent years, Haohao knew himself There were grandpas and grandpas, but they didn't visit. Now Haohao has grown up and knows more things than before. He actually understands some things.

And Pei Yining hopes that he will be a self-cultivated person when he grows up, knowing gratitude and knowing right from wrong, so this time she gave Hao Hao the right to choose.

When it comes to Haohao, I have to mention that although the Jiang family's parents have always been kind to Pei Yining, they have always been good to Haohao.

In this regard, the parents of the Jiang family are good.

Digression

The explosion started, a chapter of six thousand words, a total of one hundred thousand words.

487 490 Father Jiang's Birthday (2 more)

"Hao Hao visits grandparents on weekends, can Jiang Chenxi's father's birthday catch up?" Shen Qinglan asked.

"It doesn't matter. His father's birthday is three days later. It's Thursday, Hao Hao's flight on Friday night." Pei Yining had already arranged it for a long time, and certainly would not delay Jiang Chenxi's father's birthday.

"That's good, cousin, your wedding with Jiang Chenxi..."

The smile on Pei Yining's face faded. "After the birthday, let's talk, after all, there are still a few months."

Upon hearing this, Shen Qinglan knew that it should not be determined yet, and knew that Pei Yining should not be willing to talk about it now, so he shut up.

When Pei Yining was sent home, Shen Qinglan called Fu Hengyi, and Fu Hengyi didn't answer, so he sent him a message, so he saw a call back to her.

Shen Qinglan and others did not come to Fu Hengyi's phone, but text messages-[I'm fine, don't worry.

When are you coming back?

[Tomorrow, return to the military area.

A glimmer of light flashed in Shen Qinglan's eyes and a good word was replied. After the next day, Shen Qinglan directly killed the Beijing Military Region.

Fu Hengyi heard the sound of the key opening the door, and suddenly realized what she had just walked out of the room, and she saw Shen Qinglan. He subconsciously wanted to turn around. Shen Qinglan had already spoken, "Fu Hengyi, you stop."

Fu Hengyi stepped in and looked at Shen Qinglan gently. "Why are you here?"

Shen Qinglan's eyes were slightly cold, "If I don't come, how long do you want to hide me?" She looked at Fu Hengyi's arm bandage and waist.

Fu Hengyi smiled and couldn't say that if Shen Qinglan didn't find out, he planned to hide her and wait until the injury was done. "It's all skin trauma. I'm afraid I won't tell you if I'm afraid of worrying."

There was no blood on his face, and it was a minor injury. Shen Qinglan wanted to ask Fu Hengyi what was a big injury for him.

"Why don't such a serious injury be kept in the hospital?" Shen Qinglan frowned. Fu Hengyi's voice was weak when he spoke, and it was difficult for him to stand up now. It was estimated that she was afraid of hearing it, so she gave it to her. Text instead of call.

"Just after returning from the hospital, the doctor has changed the medicine, and it is good to have a few days."

Shen Qinglan gave her a white look, "Fu Hengyi, did you treat me like An An?" She looked so cheated?

Fu Hengyi was helpless. She wouldn't be found if she was cheated. Shen Qinglan stepped forward to help him sit on the sofa and sit down. "How could it be hurt that the action was not smooth?"

It was quite smooth in the early stage of the operation. They touched the place where the hostages were held without disturbing the KA members. They took the hostages out, but at the last minute they broke out. A hostage was too afraid to send out during the retreat. A scream screamed the people of KA. There was a fierce battle between the two sides. After Fu Hengyi and Murian Cheng were in charge, they were injured.

"The leader of KA ran away." Fu Hengyi said. Although he finally shot at the other party, the other party was not dead.

Shen Qinglan frowned, "Run?"

"Well. Exactly there was a force that rescued him." If it were not for the appearance of the gang, KA would be wiped out this time.

"Did you see the group of people clearly? They are also mercenaries?" Shen Qinglan asked.

Fu Hengyi nodded his head with a serious expression, "It depends on the skill, but the international mercenary organization is well-known, but this organization has never heard of it, and the first time I saw the mark on them."

Fu Hengyi had been in the Sabre Force for many years, and he knew enough about the large and small mercenary regiments in the world. Although he withdrew from the Sabre in recent years, he was also concerned about these news, even he said that he had not heard it, or it is an emerging force, or it was hidden too deeply before.

"Emerging forces?" Shen Qinglan asked.

Fu Hengyi shook his head, "Unlike, they are very organized and powerful, and they should be a veteran force, but they also don't seem to be hostile to us. They rescued people and left."

"I'll ask Enxi to check some other day." In this respect, Jin Enxi is even better.

"Alright." Fu Hengyi said, why would this organization be with the people of KA? This is what Fu Hengyi wanted to know most. He painted the marks he saw to Shen Qinglan so that Jin Enxi could check.

Shen Qinglan frowned when she saw the mark. Where did she seem to have seen the mark,

"What's wrong?" Fu Hengyi saw Shen Qinglan staring at the mark and asked.

"Where did I seem to have seen this mark." Shen Qinglan said.

Wen Yan, Fu Hengyi looked at her, "When have you seen it?"

Shen Qinglan shook his head, "I don't know, but when I saw this mark, I felt very familiar. Perhaps I had unconsciously glanced at it and waited for Enxi to check it."

"Well, don't think about it if you can't remember it, maybe someday." Fu Hengyi was not in a hurry.

Fu Hengyi was injured, and Shen Qinglan naturally wanted to stay here to take care of him, and made a phone call home, lest the family worry, but did not say that Fu Hengyi was injured.

The next day, Shen Qinglan accompanied Fu Hengyi to the hospital and saw the wound on Fu Hengyi's body. His most serious upper wound was the wound on his abdomen. The other injuries were all skin traumas.

"Look, I said it was a skin trauma. You still don't believe it. Now believe it." Fu Hengyi said.

Shen Qinglan's expression was faint, "The doctor said that if the gun was a little more biased, it would hurt the key."

Fu Hengyi took Shen Qinglan's hand and said, "I avoided it." In fact, if he was not to protect the hostage behind him, he could escape the gun.

Although Shen Qinglan felt distressed, she understood that after all, this was his duty. "An An asked my mother to help me take it for a few days. I will wait for you to get hurt and then go back."

Don't look at Fu Hengyi's being very careful with her on weekdays, any small things will be on her mind, but for himself, he is a careless big man.

After hearing this, Fu Hengyi raised his eyebrows slightly, and was very happy to be alone with his wife. He glanced down at the wound on his abdomen, and there was a pity of regret in his eyes, which is a pity.

**

Today is Jiang Chenxi's father's birthday. Pei Yining got up early and painted a light makeup, but stood in front of the closet for a long time and didn't think about what to wear.

Haohao changed clothes, but he didn't see Pei Yining coming out, so he knocked on his mother's door, "Mom, can I come in?"

"Come in." Pei Yining shouted inside.

Haohao pushed the door in and looked at the bed full of clothes, very speechless, "Mom, you should be

late if you don't choose well."

"Hao Hao, what good-looking dress does your mother wear?" She struggled for a long time. Today is Jiang Chenxi's father's whole life, and other relatives and friends will also come, she must pay attention.

"Mother wears everything beautiful." Hao Hao's mouth is sweet.

Pei Yining smiled and reached out to touch his face. "You will coax your mother to be happy."

"I'm telling the truth, my mother is the most beautiful woman in the world except my aunt."

"I thought you would say that I am the most beautiful woman in the world. It turned out that in your heart, I was behind your aunt." Pei Yining said pretendingly.

"Mom, the fact that your aunt is more beautiful than you, you have known it for a long time, how can you not accept it now?" Hao Hao said with disgust, they often make fun of the mother and son, and is Pei Yining really angry? Fake angry, he could see it at a glance.

Pei Yining squeezed his nose. "You are a bad guy, you will laugh at your mother. My mother won't hurt you anymore."

Hao Hao waved carelessly, "No pain, no pain, Mom, if you don't change clothes, you'll be really late when you wait."

Pei Yining glanced at the time, really, got up quickly, pointed to the bed full of clothes and said, "Hao Hao, help your mother choose one."

Haohao followed his finger to an off-white dress. "Just like this, this mom must be pretty to wear."

"Okay, just listen to you. If it doesn't look good, I will spank you when I come back tonight." Pei Yining said while taking his clothes into the bathroom to change.

After changing clothes, Pei Yining set off with his son. In the trunk of the car was a gift she prepared for Jiangfu and Jiangmu. In addition to a set of clothes for one person, Pei Yining also prepared a set of purple clay pots for Jiangfu, and Jiang The mother is a set of skin care products, which are expensive.

Jiang Chenxi was responsible for all the family banquets today, so instead of coming with Pei Yining, he came to the hotel to prepare.

Although it was a whole life, Father Jiang didn't plan to make a big deal. He invited relatives who were close to him, and a few friends with good relations. There were only three people in total. This is the first time Pei Yining officially Appeared in front of relatives and friends of the Jiang family. In the past two years, everyone has heard some news that Pei Yining and Jiang Chenxi were together. Several elders have also seen Pei Yining, but they did not meet formally.

Jiang's father didn't want to hold a banquet. After all, on such occasions, whether or not to let Pei Yining appear was a very embarrassing thing, but Jiang Chenxi wanted to do it, and Jiang's mother said that he wanted to do it. Can agree.

When Pei Yining arrived, Jiang Mu was greeting relatives and friends, and Jiang Chenxi was standing at the door waiting for them.

"Uncle Jiang." Hao Hao has walked towards Jiang Chenxi first. He is seven years old and has reached Jiang Chenxi's waist. Jiang Chenxi touched his head. "Hao Hao is very handsome today."

Haohao smiled, "Uncle Jiang is also very handsome."

Pei Yining followed behind, holding a large bag of small bags in hand, Jiang Chenxi saw this, came forward and took the bag over, "How can you buy so much."

"It's all for food. It's the 60th birthday. You can't come empty-handed." Even if the Jiang family doesn't care, can anyone else? Pei Yining thought that if she really dared to come empty-handed, I am afraid that other relatives and friends would look down on her and talk about Jiang Chenxi behind the scenes.

"Grandma Jiang, I miss you." Hao Hao hugged Jiang Mu's waist and spoiled her, "Grandma Jiang, do you miss me?"

Jiang Mu smiled and said, "Think." Hao Hao's clothes were bought last time when Jiang Mu took him to the mall to buy. When he saw the clothes she bought today, the smile on his face was a little bit stronger.

Haohao turned around in front of Jiang Mu and asked, "Grandma Jiang, am I handsome today?"

Jiang Mu laughed, "Handsome, very handsome, even more handsome than your Uncle Jiang." Aside from the fact that Hao Hao is Pei Yining's son, Jiang Mu really likes this smart, sensible and sweet-mouthed child.

"Aunt Jiang." Pei Yining screamed with a smile. Jiang Mother just nodded. "Come, go in and sit down."

Pei Yining has long been accustomed to Jiang Mu's attitude, and will naturally not feel left out. Compared with the beginning, Jiang Mu's attitude is much better now.

Pei Yining first handed Jiang Chenxi what he had prepared for Jiangfu Jiangmu and let him put it away before going to see Jiangfu.

Father Jiang was chatting with his friends. Pei Yining greeted him in the past, but Father Jiang did not embarrass her, nodded, and said two words to her gently. Pei Yining is not a blind person, and naturally does not disturb them. He found a place to sit down. Jiang Chenxi also had to accompany Jiang Mu's

entertaining guests, and had no time to accompany her. Pei Yining patted his hand, "Go, my own Yes."

"Okay, call me if you have something."

Pei Yining was talking to Hao Hao in a whisper, she could feel her gaze falling on her, just because most of those gazes were with curiosity and no malice, so Pei Yining did not care Got on.

Although Pei Yining didn't care about these gazes, Hao Hao noticed and whispered to Pei Yining, "Mom they are watching you."

Pei Yining smiled, "It's okay, they are just curious, don't care."

"Why are they curious?" Hao Hao asked

"They think their mother looks beautiful, so they want to look at it more." Pei Yining teased him.

"Mother cheated." Hao Hao whispered. In fact, he knew that many people didn't like his mother. The reason is that mom gave birth to herself without marrying dad. Grandpa Jiang and grandma did not agree that their mother would marry Uncle Jiang because of this. Hao Hao doesn't quite understand the behavior of having a child out of wedlock, but he also knows that his mother made her look down on because of her own existence, and she didn't care about it, and she became more and more optimistic about Pei Yining on weekdays.

Seeing that Pei Yining didn't care, Hao Hao made her happy as if she didn't know.

After the banquet began, Pei Yining was sitting with Jiang Chenxi, and was sitting next to the elders of the Jiang family.

Those who can sit at this table are those closest to the Jiang family. Father Jiang had only one older brother named Jiang Xiong. He didn't come today. He came with his sons and daughters. His son was Jiang Jie and his daughter was Jiang Yan. He was the same age as Jiang Chenxi. He was married and all his children were born.

Jiang Yan was sitting next to Hao Hao, she looked at Pei Yining curiously and smiled kindly at her, "You are Yining, I am Chen Xi's cousin, my name is Jiang Yan, you can also call me Tang sister."

"Good cousin." Pei Yining said with a smile, they handed out the olive branch, she naturally wanted to take it.

Jiang Yan looked at Haohao again, "This is your son, he looks so cute."

"Aunt Jiang, good." Hao Hao shouted when he saw him.

Jiang Yan smiled, "You should call me aunt."

"Auntie."

"It's such a good boy." Jiang Yan laughed. She was seeing Pei Yining for the first time today. She used to listen to other people's opinions before. There are good and bad things. The most probably is that she didn't check it before, and she was fooled with a wild man. After making a big belly, she didn't even beat it, she was still born.

Before seeing Pei Yining, Jiang Yan had also thought about the charm of Pei Yining, and even made her cousin so obsessed with her. After seeing herself, Jiang Yan understood why Jiang Chenxi would choose her.

In fact, she noticed Pei Yining after she entered the door. She naturally heard some people's whispering and uninterrupted eyes. However, she was indifferent from beginning to end. This kind of calm attitude made Jiang Yan appreciate it.

Although Jiang Yan is also from the Jiang family, she is not that old-fashioned. Instead, she felt that Jiang Fu and Jiang Mu were a little too stubborn. The two have been together for so many years. Is there anything else to oppose? Do they really intend to prevent Jiang Chenxi from getting married all his life?

Regarding the two-year contract between Jiangfu Jiangmu and Pei Yining, she listened to her mother. When she listened to it, she felt that Jiangfu Jiang's mother was doing something wrong, but she was an outsider after all, some words Just think about it in your heart, and you can't say it, especially if the other party is still your elder.

Jiang Yan's character is straightforward, and Pei Yining is also a cheerful person. The two people naturally chat together. Jiang Chenxi sees Pei Yining and Jiang Yan talking very happy and is very happy. It is a pleasure for him to accept Pei Yining as one more person. Things.

Jiang Jie's daughter-in-law's name is Shu Yuwei, and she is close to Chen Wanjiao.

When Jiang Chenxi rejected Chen Wanjiao and Pei Yining together, Shu Yuwei was very angry. Especially when I saw Chen Wanjiao's sad appearance, I became more and more angry with Pei Yining. I have been looking for opportunities to meet this woman, to see if she has three heads and six arms, or whether she is so charming that Jiang Chenxi will never forget her. It turned out to be seen at Jiang's birthday banquet. Seriously, she was very unhappy in her heart.

The person who originally sat next to Jiang Chenxi should be Chen Wanjiao.

"It turns out that you are Pei Yining." Shu Yuwei spoke lightly, and looked into Pei Yining's eyes with a look. "I thought how beautiful you look, but now it looks like this."

"Yu Wei, nonsense." Jiang Yan sullen, whispered, warning implied in her tone.

Shu Yuwei whispered, "I'm telling the truth. Compared with Wan Jiao, she is not beautiful at all." It was whispered, but the whole table was audible.

Jiang Mu was originally joking with the people around her. When she heard this, the smile on her face faded. After seeing Pei Yining, she knew that it would be like this, but she didn't wait for her to talk round, Jiang Chenxi spoke first. Now, "Yinning is not beautiful, it's not you who have the final say. She is unparalleled in my eyes."

Jiang Yan laughed, "This is the so-called lover's eyes out of Xi Shi. The young couple is really good, envious of others. But whoever said that it wouldn't be pretty, I feel very good, very appetizing to me."

This is typical of defending Pei Yining, Shu Yuwei wanted to speak, and Jiang Yan glared. The elder aunt's temper, but she had been taught, and her husband was also pulling the sleeve of the listening side, Jiang Yan simply did not. Waiting for some opportunities.

Her eyes rolled, and she took out a small box from her bag and handed it to her father, "Uncle, this is the birthday gift that Wan Jiao asked me to bring to you. She just came here today if something happened."

Father Jiang smiled and took it, "Wan Jiao has the intention, this child is really, but it's just a birthday, what other gifts to buy."

"Uncle, you don't know that Wan Jiao has always been such a person who understands etiquette." When saying this, Shu Yuwei looked at Pei Yining's direction intentionally or unintentionally. The meaning is clear. Pei Yining lowered his head and didn't seem to realize that this was for her.

Jiang's father didn't accept Shu Yuwei's words. Although he didn't like Pei Yining, he didn't embarrass her on such occasions.

After seeing Father Jiang accept the gift, Shu Yuwei put it aside and said, "Uncle, don't you open it? Wan Jiao said that she took a lot of effort to get this gift, I asked her several times, and she didn't tell me what it was, so you opened it to show us, and satisfied my curiosity."

Father Jiang responded with "OK", opened the box, and there was a jade finger in it. After looking at it, he knew that no one could not take it.

"This... how did Wan Jiao send such a thick gift." Jiang Father was a little surprised. He thought it was a small thing, but he didn't expect such a precious thing.

If Chen Wanjiao became her daughter-in-law, she would just accept it, but the two did not succeed, and her son chose someone else. Jiang Jiang felt hot. He always felt that Jiang Chenxi was sorry for Chen Wanjiao, but now on his birthday, Chen Wanjiao was not available, but he was helped to bring a generous gift, which made Father Jiang feel more uncomfortable.

Jiang Mu didn't expect that Chen Wanjiao had sent this. According to Chen Wanjiao's income, this thing should be her immediate salary for several months, and she didn't know how to react for a while.

Shu Yuwei actually knew what was in the box long ago. The reason why she said this is just to let everyone know that Chen Wanjiao has always been very interested in Jiangfu and Jiangmu. Contrast with Pei Yining.

She pretended to be surprised, "Oh my god, how much did Wan Jiao spend on this? Uncle, Wan Jiao is really good to you. By the way, Miss Pei." She turned to Pei Yining, "Today is Xiao Uncle's birthday, you are Chen Xi's girlfriend. You must have prepared a gift for Uncle."

This can be said to be very rude, not only Jiang Chenxi was displeased, even Jiang Fu Jiang Mu frowned, Jiang Jie dragged his wife's hand under the table, Shu Yuwei pretended not to see, she today Just want to embarrass Pei Yining, who let her snatch her good friend's boyfriend.

From the moment Shu Yuwei took out the gift, Pei Yining knew that there would be such a come out. Unexpectedly, it really developed according to what she wanted. The corner of her mouth was lightly ticked, "A little thing is worth mentioning."

Of course, Shu Yuwei knew that it was something small. When Pei Yining just came, she saw it, but it was just a few bags of clothes. Can a piece of clothes be worth the jade finger?

488 491 Blessings from love rivals (3 more)

It's not that Shu Yuwei looked down on Pei Yining, and your majestic young lady of Pei's family didn't have money. As a result, the gift for the future father-in-law even gave you a few clothes, and you lost it. Since Pei Yining gave her such a chance, she naturally didn't want to let it go.

But this is just right, so as to highlight Chen Wanjiao's goodness, and let Jiang's father Jiang mother see who Chen Wanjiao and Pei Ning are a qualified daughter-in-law.

"Miss Pei, we all know that you came from a famous family, and you will definitely not be stingy when you take it. The things given to the uncle must be good. Take them out and let us appreciate them."

Pei Ning looked at her like a smile, this person is staring at her tonight, right? Shu Yuwei looked back at her without showing any signs of weakness. She was on the bar with Pei Yining tonight.

People wanted to find embarrassment, Pei Yining naturally wanted to satisfy her, and said with a smile, "In fact, it is nothing, just a tea set with a teapot. Uncle Jiang likes to drink tea. The teapot is best for tea, so he bought a set for his uncle. , I hope my uncle likes it."

Shu Yuwei snorted. Sure enough, now the clay teapot on the market is only a few hundred to several thousand. What can it be worth, but it's just a plaything.

"Ms. Pei, what kind of purple clay pot can I show it to all of us, I am curious." Shu Yuwei said with a smile, but she met Jiang Yan's slightly cold eyes. She turned her head. I feel that my elder aunt is very powerful and has a tough temper, but the eldest aunt has been married out and does not live together. At most, she will say a few words when she meets next time. What does it matter.

"This is Yining's gift to Xiaoshu, and Yining's thoughts on him." Jiang Yan said with a smile, "Little Uncle, Chen Xi, this girlfriend has found a good job, so clear to your preferences. , I still miss you all the time, this is very rare."

Father Jiang stretched his eyebrows and nodded in response to Jiang Yan's words, "It's all filial children." No matter what he thought of Pei Yining in his heart, now Kung Fu face is still full.

Since some people proposed to watch it, while others were also showing good looks, Pei Yining would not refuse, and Jiang Chenxi saw it and got up to get the purple clay pot.

The clay teapot is packed in an exquisite box. The packaging of the box looks very large. Thousands of things on the market do not have such exquisite packaging. When I saw this packaging, Shu Yuwei's heart was a gimmick. However, it is also possible that Pei Yining felt that the clay teapot was not up to grade and deliberately bought an expensive box for packaging. In this way, it is not impossible to buy Zhunhuazhu.

"Don't you open it?" Shu Yuwei said.

Jiang Chenxi placed the box in front of Jiang Fu. Since it was a birthday gift to Jiang Fu, he naturally wanted to open it himself.

Father Jiang opened the box. His eyes lit up when he saw the purple teapot in the box. He loved tea and naturally studied tea sets. From this glance, it can be seen that this set of teapot is very old. antique.

"Lao Jiang, this is a good thing." An old man sitting next to Jiang Fu said with a smile, he is a real antique lover, and he knows the price of this tea set better than Jiang Fu.

"Before the Boya Auction House auctioned a set of Yixing teapots thirty years ago, should this be the case?" The old man touched his beard and asked Pei Yining with a smile.

Pei Yining said with a smile, "This uncle has good eyesight." This is to admit.

Shu Yuwei was stunned. What, this set of purple clay pots was actually bought from the auction? Then this price...

"Lao Jiang, when will you use this set of baby to make some old guys to make a cup of tea?" This old man is also a wonderful person, only talking about the origin of this set of purple clay pots, but not the price. Pei Yining has earned enough face and will not make other people think that Pei Yining intends to show off his wealth.

But needless to say, everyone has a count, and certainly not less than six digits. I am afraid that such an expensive gift is also unique.

The Jiang family is a scholarly scholar. To put it bluntly, in fact, there is not much money. It is said that the rich are definitely not enough, but in the end it is a century-old family, there are some families, but like this, it costs hundreds of thousands to buy a set of tea sets. Things will definitely not be done.

Originally, Pei Yining planned to send this tea set as an ordinary tea set, but who wanted Shu Yuwei to make trouble with it, and she had nothing else to replace at hand, as long as she took the teapot on top.

Father Jiang smiled, although he felt that this tea set was too expensive to receive, but so many people were there, and he couldn't refute Pei Yining's face, so he smiled and said, "I can't bear it, I want it to be collected, otherwise I won't be distressed when I bump into it."

Others also smiled and understood that if they had such an expensive gap, they would not want to drink tea.

When the banquet was over, Pei Yining and Hao Hao followed Jiang Chenxi back to the Jiang family. This is what Jiang Father asked for, obviously there is something to say.

Jiangfu put the teapot tea set on the table and said slowly, "Yining, take this set of tea set back, I will take your heart."

Pei Yining had a mild smile on his face, "Uncle Jiang, I bought this for you. Please accept it. Even if I take it back, I'm useless."

"I will accept the clothes and supplements you bought, but this tea set is really too expensive, you take it back." Jiang Father refused to accept it.

Jiang Mu also echoed, "Yeah, we will accept other things, but this set of tea set, we really can't accept it." What if they were accepted? Greed for money from other women? It's hard to say, it doesn't sound

good.

Pei Yining took a look at Jiang Chenxi and wanted him to help say something. Jiang Chenxi said, "Mom and dad, this is Yi Ning's filial piety to you, you just accept it. And this daughter-in-law gives her grandparents a birthday gift. What is valuable or not, it is all kind of heart, don't you say Yi Ning will give you a few worthless bowls next year, will you be disgusted?" he said with a joke.

Jiang Mu stared at Jiang Chenxi. Does she mean that? Besides, can this be compared? This is not a few hundred pieces, nor a few thousand pieces, it is hundreds of thousands. What concept is hundreds of thousands? You can buy a house in the third and fourth tier cities. Can they collect such valuable things? Don't say what daughter-in-law is not daughter-in-law, they are not married yet, even if they are married, they cannot accept.

This is actually because the difference between the two families is quite big. Jiang Mu was afraid of accepting the gift and was gossiped and said that they were greedy for the money of Pei Yining's family, so she only agreed to Jiang Chenxi and Pei Yining.

Regardless of what Jiang Chenxi said, Jiang father Jiang Mu just refused to accept this set of tea set, but in the end, Jiang Chenxi had to take the tea set back.

On the way back, Hao Hao was asleep in the back seat. Pei Yining looked out the window and didn't know what he was thinking. Jiang Chenxi looked at her with a smile, "Still feeling sorry for my parents not accepting the tea set?"

Pei Yining shook his head, "This is not the case, but I think I haven't chosen a good gift." If she chooses a gift with a moderate price, maybe it won't be like that.

Jiang Chenxi heard the words and warmly comforted her, "Yining, you have done a good job, don't force yourself so much." How did Pei Yining treat his parents in the past two years, Jiang Chenxi looked at it. To be honest, even he may not be as careful as Pei Yining. No matter who his parents are, anyone who has a headache or a brain fever, who runs up and down is Pei Yining, but his son looks more like an outsider.

"If you really feel uncomfortable, just buy my dad a set of ordinary tea set." Chen Chenxi saw that she was still entangled and said, Pei Yining had no choice but to think about this. This set of tea set, Father Jiang Jiang Mu will never accept it anyway.

But this time is also a lesson. Remind Pei Yining to give more consideration to the actual situation of the two when giving gifts in the future. At this time, Pei Yining did not know that Jiang Chenxi's net worth was actually better than hers. and.

Jiang Chenxi is a low-key person. Even his parents don't know how much his family has. Father Jiang knows that his son has some talents in finance and has made some investments. After all, the decoration of the home is Jiang Chenxi's money. Not luxurious, but every price is not affordable for their wages. However, it is not clear how much Jiang Chenxi earned. It is not that Jiang Chenxi didn't want to

tell his parents, but Jiang father Jiang Mu felt that there was no need to know that both of them had wages, and that the wages were comparable to the average person's. It's a lot, and it's enough. You don't need Jiang Chenxi to pay.

Jiang Chenxi actually handed over all the bank cards to Pei Yining, that is to say, Jiang Chenxi's net worth Pei Yining should be the most clear, but Pei Yining was a big heart, after Jiang Chenxi handed the bank card to her She just put it in the drawer of the bedside table and never checked how much Jiang Chenxi had. When Jiang Chenxi gave it, she only thought that Pei Yining would see it, so she didn't mention it. Jiang Chenxi later discovered that Pei Yining had never checked, but at the time he wanted to see how long it would take Pei Yining to know and did not remind her to go.

One didn't mention it, the other didn't read it. The final result is that Pei Yining hasn't known that he is actually looking for a big local tyrant.

After Jiang Father's birthday, Pei Yining never saw Shu Yuwei again. Shu Yuwei's actions against her on her birthday were left behind by her.

But when Pei Yining was about to forget this, she met Shu Yuwei again, and she was still with Chen Wanjiao.

"Miss Pei, I didn't expect to meet you here." Chen Wanjiao greeted Pei Yining actively, with a gentle and gentle look.

Shu Yuwei looked at Pei Yining with a slightly displeased expression, "Wan Jiao, what do you say to her. People have money, but at the uncle's birthday feast, she showed all the limelight and changed her way to show off wealth in front of us. What."

After hearing this, Pei Yining's expression faded and he glanced at Shu Yuwei lightly before looking at Chen Wanjiao, "Miss Chen, I haven't seen you for a long time."

Chen Wanjiao nodded with a smile, "Miss Pei, I have a few words to tell you alone, I don't know if it's inconvenient?"

Pei Yining nodded and walked aside, Chen Wanjiao followed.

Chen Wanjiao's face was apologetic, "That, Miss Pei, I'm really sorry about the last birthday banquet. I said sorry to you on behalf of Yuwei. She was all because of me because of me." She listened to Shu Yuwei afterwards. Speaking of what happened that day, I have always been sorry for Pei Yining, but I couldn't find a chance to say it.

"I know, you don't blame you on this matter." Pei Yining said gently, she didn't anger this matter to Chen Wanjiao.

"Miss Pei, I have started a blind date recently. I think soon I will start a new relationship and meet my

happiness." Chen Wanjiao spoke softly.

"Then congratulations." Pei Yining sincerely blessed.

"Thanks. Should you and Chenxi get married soon? Is the date set? If the date is set, remember to notify me." At this point, Chen Wanjiao suddenly paused and smiled at Pei Yining, "Miss Pei, would you mind if I went to the wedding?"

"Of course not. I would welcome you to come to my wedding with Chen Xi." Pei Yining said, she could see that Chen Wanjiao really blessed her. In fact, Chen Wanjiao is a very arrogant suitor. She likes Jiang Chenxi. She never concealed it, but after Jiang Chenxi refused, she did not use any means to get Jiang Chenxi, but chose to turn around and leave.

"In fact, to say the truth, Miss Pei, I never thought that Chen Xi would like you. I thought he would like a gentle woman." For example, like her.

"But I can see that Chen Xi really likes you, and likes that there is no room for others to intervene at all." If not, she would not really let go, even if there was a hint of hope, she would not let go. After all, she didn't think she would like someone so deeply, for so long.

"Miss Pei, seriously, I envy you." A trace of envy appeared on Chen Wanjiao's face, "I can meet someone you like, and that person also likes you."

"In the future you will also meet someone who truly loves you." Pei Yining said sincerely.

Chen Wanjiao smiled slightly, "Thank you for your blessing. When I find my true love, I will invite you and Chen Xi to our wedding."

"Okay, I wish you find it soon."

After Pei Yining left, Shu Yuwei came over. "Wan Jiao, what did you say to her just now?"

Chen Wanjiao smiled faintly, "Nothing, just casually talked, Yu Wei, I know you are for my good, but in the future you still don't want to target her. The person Chen Xi likes has never been me, it has nothing to do with her.

Shu Yuwei disagreed with this, "What does it matter? She took your boyfriend. To put it bluntly, she is a shameless third."

"Yu Wei, she's not. Strictly speaking, I intervened between her and Chen Xi. I really want to say that Jiang Chenxi is also my lover. Chen Xi has never liked me, even if only a little." Before meeting Jiang Chenxi, Jiang Chenxi had fallen in love with a woman named Pei Yining.

Chen Wanjiao's eyes flashed a little bit of sadness, Shu Yuwei heard the words, sighed, and patted her

shoulder, "Forget it, a man who doesn't love you, what do you want him to do? Your mom didn't introduce you recently A blind date? Have you met? What do you think of that person?" Shu Yuwei didn't want to make Chen Wanjiao sad.

"It's good. He's a gentleman. I've seen him a few times. I feel pretty good. If possible, I will continue to contact." Chen Wanjiao said.

"Wan Jiao, do you like that blind date?" Shu Yuwei came in delight.

Chen Wanjiao raised her head slightly and looked at the sky in the distance. "Is this important?" She is just looking for someone who loves her to hurt her and spend the whole life with him.

Shu Yuwei frowned, "This is of course important. That is the person who wants to live with you for life. If you don't like it, how can you live with someone else?"

"Then I tried to love him well. During these few contacts, he was very kind to me. If he can always treat me well, I think it should be an easy thing to like him." Chen Wanjiao said.

At this moment, Chen Wanjiao really wanted to get along well with the man, looking for his own happiness, but did not expect that something would happen later, which changed her life from then on.

Although Shu Yuwei is a bit harsh, she is very good for Chen Wanjiao. It is also very uncomfortable to see her like this. At the same time, she also knows clearly that Chen Wanjiao has not let Jiang Chenxi down.

In fact, from Jiang Chenxi's attitude towards Pei Yining, it can be seen that these two people can no longer intervene in the third person. Even if Chen Wanjiao can't let go, she can only suffer herself. Therefore, she was advised not to give up and try to fight for something like that, Shu Yuwei couldn't say it anyway.

Once said, Chen Wanjiao also did it, and the last injured person must be Chen Wanjiao. Chen Wanjiao is her best friend. She doesn't want to see her hurt, or want to see her sad. If Chen Wanjiao can really let go of Jiang Chenxi afterwards, it might be a good thing.

"Forget it, don't mention Jiang Chenxi, mention more heart blockers. By the way, I bought two, tomorrow's movie tickets, do you have time to accompany me to watch movies?"

Chen Wanjiao smiled apologetically, "Not tomorrow, I will make an appointment tomorrow."

"Is that blind date?"

Chen Wanjiao nodded. Hearing this, Shu Yuwei blinked ambiguously, "Yes, yes, go, don't forget to tell me when you have good news."

Chen Wanjiao smiled slightly.

**

After Jiang's birthday, Hao Hao went to his hometown with Duan Ling.

"Hao Hao, I will see grandpa and grandma in a while, are you happy?" Duan Ling asked.

Haohao nodded and looked up at Duan Ling, "Will grandparents like me?"

"Grandpa and grandma will definitely like you," Duan Ling said affirmatively. Since his parents knew he had a child, he had always wanted to see Haohao, but he refused.

This time I knew he was going to take Haohao home. The old couple didn't know how happy they were. Two days earlier, he called two times a day, urging them to go back. He received three calls this morning and asked if they had arrived. Are you on the plane yet? No, just got off the plane and the phone came in again.

"Mom and dad, Hao Hao and I have come out of the airport, um, immediately, take a taxi home, you are not used to pick up, we taxi ourselves, yes. Hao Hao should not have anything to avoid. Wait, I will ask.

"Duan Ling moved the phone away and asked Hao Hao, "Hao Hao, did you eat anything that is allergic?"

Haohao shook his head. "Well, I already asked him that he is not allergic to eating."

Duan Ling's hometown no longer lives in the original place. Since his company abroad has improved, he has bought a new house for his parents. This time I came back to the new house.

Just as he approached, he saw his dad standing at the door of the villa and looking away, apparently waiting for them to return, and seeing Duan Ling, his eyes fell on the villain beside him, his eyes blinking.

Duan Ling's father used to be an employee of a public institution, but he retired early in the first two years because of poor health.

Father Duan's eyes stayed on Hao Hao's body, and his turbid eyes couldn't hide the excitement. He rubbed his hands and said as gently as possible, "Are you Hao Hao?"

Haohao smiled and nodded, "Grandpa, my name is Pei Hao, I am seven years old."

"Good." Duan father said three "good" words in a row, "Go in quickly, it's hot outside."

Duan Ling's mother was cooking in the kitchen, and when she heard the sound, she quickly came out of the kitchen, "Oh, you guys are back, this is Hao Hao, let Grandma take a good look."

Mother Duan just thought about holding Haohao in the past and realized that the spatula was still in her hands, "Look, I forgot to still cook, Haohao, you sit on the sofa with your dad first, there are sweets on

the table, I have snacks and I want to get what I want to eat. Grandma cooks for you."

"Thank you grandma, grandma worked hard." Hao Hao said squintingly. In a word, Duan Mu's eyebrows smiled, and there was wind on the soles of his feet when he walked into the kitchen.

Duan Ling looked at the excited expression when his parents saw Hao Hao, and his eyes were slightly sour. If, if he didn't leave Pei Yining at that time, would his parents have been able to enjoy the joys of heaven? But now it is too late to say all this.

Mother Duan didn't know what Hao Hao likes to eat, so she made a big table of delicious food. When he was eating, he desperately put vegetables in Hao Hao's bowl. Grandma clips you."

Haohao's bowl is full of food, and his mouth is full, and the cheeks are bulging. While chewing hard, he said hardily, "Grandma, your cooking is delicious. I like it very much. These are enough, and I won't be able to eat more."

"If you like to eat, eat more. These are yours." Duan Mu became more and more delighted when she heard that Sun Zi said that she likes to eat her own meals.

Hearing that Hao Hao was bitter, he couldn't eat it, but his mother said she couldn't waste food.

Duan Ling saw Hao Hao's embarrassment, and took out some of the food in Hao Hao's play. "How much can I eat, how much can my dad eat."

Haohao nodded and tried his best to eat the rice in his bowl. He called Duanfu Duanmu grandpa and grandpa without any pressure, but never called Duanling Dad. But Duan Ling also knew that Hao Hao would not change his mind without Pei Yining's permission, so he never forced him.

After waiting for so many years to wait for such a baby grandson, Duan Dao and Duan Mu naturally loved. As soon as he had finished eating, Duan took out a small box from the room, and after opening it was full of various toys, which he bought in the mall these days.

Father Duan is a very frugal person on weekdays. He is not willing to spend money to buy a better dress, but he is very generous in buying toys for Haohao.

Haohao has a lot of toys, but he will not refuse the wishes of an old man. He gives Duan Da a big kiss. The old face of Duan Dao smiles into a chrysanthemum, don't be too happy.

The three grandchildren played in the living room for a long time, completely forgetting Duan Ling.

At night, after Haohao fell asleep, Duan Dao walked into Duan Ling's room, "Dad, what's wrong?"

"Haohao is asleep?" Duan Fu asked.

Duan Ling nodded, "Already asleep, eating too much at night, a little accumulating food, just fed him a digestive tablet, and fell asleep when his stomach was comfortable."

Father Duan glanced at his sleeping grandson, his eyes were loving, and he lowered his voice. "You come out with me, let's talk."

Duan Ling could guess what his father wanted to say to him. He sorted out the quilt for Hao Hao, followed Duan Fu out of the room, and the two came to the study.

"When did you know that Yining gave birth to Haohao?"

"Two years ago." Duan Ling answered truthfully, he only told Hao Hao about his parents a month ago.

Father Duan thought about it and said slowly, "After you left, Yining came to see you, but at that time we didn't know where you went. She also went to your classmates to ask about your whereabouts, but no one knows your whereabouts. She even stayed at home for a day. Why did you tell me that your mother didn't see that she was pregnant at that time?" If at that time they knew that Pei Yining was pregnant, she would not be with Hao. Hao has been separated for so many years, and they will definitely take care of Pei Yining and the children.

When referring to the events of the year, Duan Ling's expression became dull. "Dad, don't mention the original things again. I'm sorry for Yining."

"Of course you are sorry for her. Now that you are back and Haohao has grown so big, what are you going to do with Yining?" According to him, the best thing is to get married and give Haohao a complete family. If Yi Ning is willing to forgive Duan Ling, let them two do anything.

"Dad, Yining already has a boyfriend, and it is estimated that they will get married soon. I and Yining are no longer possible." His parents hurriedly disturbed Pei Yining, and Duan Ling simply told the father the truth.

After listening to what his son said, Duan Dao sighed deeply, "Ah, it's also sin. You said you, what did you do in the first place? Leave your girlfriend and unborn children to go with It's been so many years since an inexplicable woman got married, and there was no news at all. My mother and I thought you were dead."

"Dad, sorry."

"Okay, okay, don't tell me I'm sorry anymore, the person you're sorry is not me. Since Yi Ning has found a boyfriend, don't disturb others, when you hurt people like this, they are willing to It's a good idea to show you your son." Although Father Duan wanted Pei Yining to be with his son, he wasn't an unreasonable person. Knowing that Pei Yining had his own happiness, he dispelled his thoughts.

"I know, I come back this time, I just want to grow up with Hao Hao, and I can go out with Hao Hao like now, and I don't plan to disturb Yining. I used to think of saving Yining in the past, but Let Yining hate me more and more. So now I have figured out, Yining has found someone better than me, and the only thing I can do is to silently bless her."

"Hey, it's best if you think it like this. Duan Ling, people can go the wrong way, and they can do it many times, but not every mistake can be compensated for and recovered. You and Yining After all, the fate is not deep enough, or forget it. By the way, you just said that you will get married in a year, what about Haohao?"

"Dad, Haohao must be with Yining. And the other party has a good relationship with Haohao. Haohao also likes him very much. I believe that even after marriage, he will treat Haohao well."

Father Duan also knows that Hao Hao is going to follow Pei Yining, but he still wants to strive for the custody of his grandson. "Is it possible for Yining to raise Hao Hao for you?" Duan Father tentatively asked him. He is a man who can understand the thoughts of some men. No man is willing to raise other people's children. If Hao Hao follows them, they will definitely be good to Hao Hao, and Pei Yining can have a better life, right? ?

Duan Ling shook his head, "Dad, don't say Yi Ning disagrees, even Hao Hao won't be willing. Hao Hao has a deep affection for his mother." At this point, Duan Father can also think that Hao Hao has been since childhood Pei Yining is big, can't the feelings be deep?

"Forget it, that's how I said casually. We can't fight for the custody of the child because Yi Ning wants to get married." But if Pei Yining is bad for the child in the future, or the child's stepfather is bad for the child, then It's another matter.

"In the future, if you have time, take Hao Hao back to see me and your mom. If it's convenient for me and your mom, we will also go to see you in Beijing. Yi Ning should not object to me and your mom going to see Hao. Hao?"

"Yining will definitely not object. You and your mother can rest assured about this." Duan Ling said affirmatively.

A little grandson suddenly emerged from the Duan family, and everyone would be curious. Father Duan's statement to the outside world is that Duan Ling was married after graduating from university. The child was born at that time. It was only that child who lived with his parents all year round, and now he took it home to show his parents.

Duan Dao and Duan Mu moved here later. The people here only knew that Duan's family had a son and lived abroad. They rarely came back. Duan Dao said so, but nobody said anything.

Haohao stayed at Duan's house for three days. During these three days, Haohao coaxed Duanfu and Duanmu to make them happy. When Haohao was leaving, especially Duanmu held Haohao's life and death and refused to let go. , The eyes are full of reluctance, "Hao Hao, can't we stay longer at the grandparents' house?"

Hao Hao hugged Duan Duan, "Grandma, I still have to go to school, so I can't stay longer here, otherwise my mother will worry, I will come to see my grandma again when I have a summer vacation, OK?"

Mother Duan nodded again and again, "Okay, of course it is good. Later, when grandma is free, grandma will see you. You have to eat at home, listen to mom, and call grandma when you think of grandma, and remember the phone number of grandma. ?"

Haohao nodded, "Already remember, grandma, I will miss you. I will wait for you in Beijing to see me. There are a lot of delicious and fun things in the capital. When you come, I will take you to eat."

After listening to this, Duan Mu was even more reluctant to be sensible grandson, holding Hao Hao's heart and shouting, sweetheart, he refused to let go until the plane was about to take off, and then he reluctantly let go. Haohao.

When the plane landed at Jingcheng Airport, Pei Yining came to pick up his son, "Yining, in fact, you don't use it to pick up, I will send Hao Hao to Pei's house." Duan Ling saw Pei Yining who appeared at the airport a little surprised. Will send Haohao home.

"My boyfriend happened to be free today and drove over to pick it up." Pei Yining said lightly, then glanced in the direction of Jiang Chenxi.

Duan Ling looked in her direction, Jiang Chenxi in the car waved at their direction, Duan Ling's eyes flashed a bit of sadness, "That Hao Hao will be given to you, Hao Hao bye."

Hao Hao waved with Duan Ling, "Uncle goodbye."

"Uncle Jiang, I miss you so much." As soon as Duan Ling left, Hao Hao ran over to find Jiang Chenxi, holding Jiang Chenxi's legs coquettishly, Jiang Chenxi picked him up, "I really want to Uncle, why didn't

you call your uncle? I thought you would not like it anymore."

Hao Hao held Jiang Chenxi's neck, "Although I didn't call Uncle Jiang, I really miss Uncle Jiang."

Jiang Chenxi didn't pierce him. Obviously, this kid went crazy at the grandparents' house. Except for calling him and Pei Yining on the first day, they didn't even remember to call this for the remaining two days.

After Haohao returned from his grandparents' home, Jiang Chenxi formally raised his parents' hope that he would marry Pei Yining at the end of the year.

"Dad, Mom, the two-year period is about to come. I and Yining are not too young. I want to marry a year at the end of the year. What do you think?"

What can Jiang Mu think? If she thinks about it, she still disagrees, but can Jiang Chenxi listen to her? Moreover, in the past two years, Pei Yining has been very kind to her and her wife. She visits them from time to time, and often greets them. The human heart is full of flesh, and Jiang Mu's heart is not without feeling. It was just that the two-year agreement was originally proposed, which was originally a plan to slow down the soldiers. It was not that two years later, Pei Yining's unmarried child had no longer existed. Every time as long as he remembered this matter, Jiang Mu's heart would still be a bit frustrated. should.

"Chenxi, I don't think you need to worry about this matter first. Marriage is a big deal after all. You and Yining should always think about it carefully.

Jiang Mu is actually a bit strange. The relationship between the two of them is really stable. After two years, they have not even quarreled. If the two of them are ordinary couples, Jiang Mu must be happy, but at first, the idea of his fight was to make them both tired of each other and break up. Now seeing such a situation, Jiang Mu does not know in her heart. What it feels like.

Jiang Fu glanced at Jiang Mu, you see, it's not good to end now, I shouldn't have put forward such conditions.

Jiang Mu understood the meaning of her husband and glared back at him. You originally agreed with the idea, but now you blame me in turn?

Jiang Chenxi's face sank slightly, looking at his parents, "Mom and dad, do you want to repent?"

Can Jiang Mu say that she really wants to repent? However, he still shook his head with respect to Chen Jiang's eyes. "Chen Xi, this thing was proposed by her mother. Mother naturally will not regret it. You ask your dad. If your dad agrees, her mother certainly has no opinion. "

Jiang Mu kicked the ball to her husband, and Jiang Father glanced at Jiang Mu secretly.

Jiang Chenxi looked at his father, "Dad, what is your opinion?"

"If I object, wouldn't you marry Yining?" Father Jiang asked his son first, but saw Jiang Chenxi shake his head. "No, I will choose to marry Yining, my parents. I chose two years ago. The compromise is because you are my parents, it's not easy for me to support me, I don't want you to be too angry, but the two-year contract was originally proposed by you, and Yining also waited for me for two years. What is she? Such people, I believe you have seen it with your own eyes in the past few years, I think you can no longer use Haohao as an excuse."

Father Jiang looked at his son firmly, and looked at the firmness in his eyes. After all, he still couldn't say anything, waved his hand, "If you really intend to marry Pei Yining, then do it." Forget it, just So, can parents overwhelm their children again?

Jiang Chenxi's eyes lit up, no matter how his father agreed, but in the end it was agreed, and it was agreed so quickly, it was somewhat beyond Jiang Chenxi's expectations, he thought he needed to spend more Time to convince their parents.

Jiang Chenxi was happy, but Jiang Mu was sad. After Jiang Chenxi left, Jiang Mu looked at her wife, "How did you agree?"

Father Jiang snorted, "Isn't that what you promised? You come back now and regret how Chen Xi lets you see us. How do you let the Pei family and outsiders see?" Although he is a stubborn old man, he always said what he said It's also arithmetic.

Jiang Mu sighed, "Ah, you also saw the situation on the birthday banquet. Everyone is waiting to see the good show of our family. If Yining really enters the door, how can we face relatives and friends in the future? "Their family must not be a joke in the capital. Even if it is not a joke in the whole capital, it is at least a joke among their relatives and friends in the Jiang family.

Father Jiang didn't know, but he couldn't think of a better way. "Forget it. At first, this matter was proposed by ourselves. They did it according to the agreement. In the past few years, Chen Xi and her The relationship has always been very good, and we can't let them break up now. If those relatives and friends want to watch the joke, we will have less contact in the future." In fact, Jiang Fu also saw what Pei Yining did and knew what she was like. This is barely agreed. If you were to kill him two years ago, he could not agree.

Although it is now agreed, it is impossible to say how much I like Pei Yining and how happy I am.

Jiang Mu sighed and stopped talking. Apart from the point of having children out of wedlock, Pei Yining is indeed beyond reproach. Although she had a very good background, she didn't have a temper of the elder lady, and she didn't say anything about them.

Not to mention anything else. In the past two years, her skin care products have not been bought by herself. Before they are used up, Pei Yining bought the new ones.

Pei Yining knew from Jiang Chenxi that Jiang Father and Jiang Mother had agreed to the two of them to marry. The joy was overwhelming, "Chenxi, are you talking about the truth? Uncle and aunt really agreed to the two of us getting married?"

Jiang Chenxi nodded with a smile, "How dare I dare to deceive you with this kind of thing? Yes, my parents really agreed, and we will get married when the end of the year. The specific date will be confirmed when the parents of both parties formally meet."

Pei Yining hugged Jiang Chenxi, "Great, I can finally marry you, Chen Xi, I'm so happy." Speaking later, her voice was a little sobbing.

Jiang Chenxi, holding Pei Yining, "Yining, I am also very happy."

When Gu Jiajia came to Duan Ling, Duan Ling was accompanying her son. Today is the weekend, the day when he looks at Haohao. Pei Yining promised him that he could visit his son once every half a month, and Haohao could also go out with him.

Gu Jiajia saw Duan Ling and Pei Yining's son for the first time. She looked at the imp, but found that the child looked nothing like Duan Ling. It was like his mother. Gu Jiajia's heart suddenly rose. Disliked Haohao.

"Brother-in-law, is this your son?" Gu Jiajia asked with a smile. Although he was not happy in his heart, he couldn't see it on the face.

Duan Ling didn't see Gu Jiajia's displeasure and nodded with a smile, "Yes, Haohao is calling people."

Haohao glanced at Gu Jiajia's eyes for a while, and noticed something, his eyes dropped slightly, "Auntie is good."

Gu Jiajia pulled his lips and corners, "Hello."

Duan Ling has some unexpected son's cold attitude towards Gu Jiajia. He is a sweet and polite child, and he is very passionate about everyone. My sister is a little unhappy. It's normal for a little child.

He looked at Gu Jiajia and asked, "Jia Jia, what are you doing for me today?"

Gu Jiajia pursed her lips slightly, "Sister-in-law, have you forgotten what day it is today?" She was displeased when she said this.

Duan Ling's eyes were full of doubts. What day is it today? Is it special today? He thought about it, but he couldn't remember it.

Gu Jiajia saw that he really didn't remember it, and said sadly, "Brother-in-law, today is my sister's death day."

Duan Ling patted his forehead, and then remembered that it was indeed Gu Jiamin's bogey day. He just remembered that today was the day when Pei Yining allowed him to see Hao Hao, but he forgot about it.

Gu Jiajia was a little disappointed. In previous years, Duan Ling would never forget any days related to Gu Jiamin. But now, he doesn't even remember Gu Jiamin's day of abstinence. They all say that men are kind of animals. Not fake.

"Brother-in-law, before you were most concerned about the anniversary related to your sister." Gu Jiajia said sadly.

Hearing the words, Duan Ling was embarrassed, "I have been working a little bit busy recently, and I have forgotten about it."

Gu Jiajia looked at Hao Hao deeply, "Sister-in-law, you are really busy." Busy with his son, busy thinking about how to restore Pei Yining's heart, naturally there is no time to think of her sister, how can a dead person be like a living person Than?

But that's fine. Duan Ling is more ruthless to her sister, so she can have the opportunity to be with Duan Ling. Gu Jiajia never thought that Pei Yining would give up Jiang Chenxi and Duan Ling together. The two of them are sweet and sweet, how could they suddenly break up and switch to Duan Ling's arms?

"Brother-in-law, are you going to see my sister today?" Gu Jiajia asked. When Duan Ling returned to China this year, he also moved Gu Jiamin's tomb back.

"I still have things today, so I won't go first, and I will see your sister again when I change the day." Duan Ling finally chose to accompany his son.

Gu Jiajia heard the words, her face slightly changed, she looked at Hao Hao and said quietly, "Brother, you have never been like this before. Are you the one who loves my sister the most? Today is my sister's day of abstinence. Look at her?"

Haohao kept his head down. Originally, he was very happy today, but now he is not in the mood to stay any longer, pulling Duan Ling's clothes corner, "Uncle, I want to go home."

Duan Ling looked down at him, "What's wrong, isn't it good to wait for a movie together?"

"I don't want to go, I want to go home."

"Brother-in-law, since he wants to go home, then you should send him home first." Gu Jiajia plugged.

Duan Ling glanced at Gu Jiajia, "Jiajia, if you want to see your sister, you should go first. I will send Haohao home later."

"Brother-in-law, I'll take him home with you first." Gu Jiajia wanted to join Duan Ling.

"No, I'll just send it myself." He said that he squatted down and started to clean up things for Haohao. Finally, he could be with his son for a day, but was destroyed by Gu Jiajia. Duan Ling's heart was also very unhappy at the moment.

Gu Jiajia saw Duan Ling's sudden change of attitude, and his expression was slightly stiff, but Duan Ling no longer cares about her, and took Hao Hao's hand away, "If you leave, remember to lock the door for me."

In the car, Duan Ling looked down at his son playing the Rubik's Cube, "Hao Hao, really don't want to go to the movies with my uncle?"

Haohao didn't even lift his head, "Uncle, you take me home, I miss my mother."

Duan Ling wanted to explain to Hao Hao, but Hao Hao refused to communicate. Duan Ling had no solution for Hao Hao. He had to send Hao Hao back to Pei's house first.

Pei Yining was discussing with his parents at home to arrange for the parents to meet. He heard the aunt say that Hao Hao was back. Pei Yining was a little strange. Hao Hao returned a little early today.

Duan Ling sent Hao Hao to the door and left, but did not enter. The Pei family did not welcome him. He still remembers that after Pei Zhen knew that he was Hao Hao's biological father, he went to pick Hao Hao for the first time, and he was almost killed by Pei Zhen.

Pei Zhen confessed that he would not be allowed to step into Pei's house in the future, otherwise he would break his leg.

"Hao Hao, why did you come back so early today?" Pei Yining asked strangely.

"Uncle has something today, I'll be back first, mother, I'm hungry." Hao Hao changed the subject, not wanting to say that he came back because he was upset when he saw Gu Jiajia.

Pei Yining didn't take it seriously, thinking that Duan Ling really had something to do, "Okay, what do you want to eat, my mother will do it for you."

"I want to eat small ravioli, mother, can I go to my aunt's house after dinner? I miss my brother."

"Yes, Mom will take you after you have finished eating." Pei Yining walked to the kitchen and said, Hao Hao followed Pei Yining, "Mom, I want to eat shrimp stuffing."

"Got it, my mother will cook it for you. You go out and wait for me. When you are done, I will bring you out."

Hao Hao was not willing, he wanted to stick Pei Yining. Pei Yining had no way to take him, so he had to follow him.

490 Chapter 493 Conflict caused by the concession event 1 (5 more)

Fu Hengyi's injuries lasted for more than half a month, which was considered good. Shen Qinglan also accompanied Fu Hengyi for half a month in the military area. Even her son was left aside by her. This period of time for Fu Hengyi was simply bubbling happily. , Without disturbing the small light bulb, his wife only concentrates with him alone.

"Fu Hengyi, your injury is about the same, I will go back tomorrow." At dinner that day, Shen Qinglan said to Fu Hengyi, she was not good at cooking, and Fu Hengyi was not suitable for cooking now, so All of their meals are directly from the cafeteria. However, because Fu Hengyi was injured, his meals were prepared by the chef of the cafeteria and opened a small stove alone. The taste was very good, at least much better than Shen Qinglan's.

Shen Qinglan has not seen his son for more than half a month. An An also called Shen Qinglan yesterday and said that he missed his mother, and there was a cry in his voice. Shen Qinglan felt very distressed and naturally wanted to rush back to accompany his son as soon as possible. Moreover, although Fu Hengyi's injury was not all well, most of it was better, and it had no effect on daily life, so she was relieved.

Fu Hengyi heard the words and looked at Shen Qinglan with a bit of resentment. "Wife, you have the heart to leave me alone? My injury is not good yet."

Shen Qinglan glanced at a miserable man, "Your son is still at home."

"Where is he alone? Grandpa and they are here." He also heard An An's words last night, and the stinky boy would pretend to be pitiful and make Shen Qinglan feel distressed.

"I have asked the doctor today, and your injury will soon be better." So the act of pretending to be pitiful is not useful to Shen Qinglan.

Fu Hengyi sighed and said quietly, "I am really old, and there is no small fresh meat to attract people."

Shen Qinglan gave him a funny look, "Just know it, I will go back to find the fresh meat tomorrow."

"Wife, you are too ruthless to me." Fu Hengyi complained more and more, but it was a pity that the radio wave was interrupted halfway, and Shen Qinglan could not receive it.

In the evening, Fu Hengyi held Shen Qinglan and moved her hand gently back and forth on her waist. With such an obvious hint, Shen Qinglan naturally understood, holding down Fu Hengyi's disordered hand, "Your injury is not good, be honest. "

Fu Hengyi blew into Shen Qinglan's ear, "My injury is almost okay."

Shen Qinglan was not angry, "Who said that his injury is not good enough and needs care?"

When Fu Hengyi didn't hear Shen Qinglan's words, he continued to blow, and his hands were not extended honestly into Shen Qinglan's pajamas. "You will go back tomorrow." He embraced Shen Qinglan's earlobe and licked gently.

The earlobe is Shen Qinglan's sensitive area. Wherever he can withstand such a flick, Shen Qinglan's body softened soon. Fu Hengyi saw it almost, one turned, and the position of the two changed.

Shen Qinglan looked at Fu Hengyi, especially when he saw the wound on his waist, and his reason, which had been flicked away by him, flew back in an instant. "It really won't work tonight. I will wait until you are completely well."

Fu Hengyi was already on the string now, but he couldn't send it. He held the forehead and blue muscles out, holding Shen Qinglan tightly. "My wife, I'm uncomfortable. Help me." Since I can't eat meat, I should drink some broth. During this time, because of his injuries, Fu Hengyi could only sleep with Shen Qinglan every night, and could not do anything. It was a bit like returning to the days when Shen Qinglan was pregnant.

Shen Qinglan could fully feel the tension of Fu Hengyi's body, and it was a bit unbearable to see him violently jump. Finally, he nodded in Fu Hengyi's earnest eyes, and Fu Hengyi's eyes suddenly light up.

An hour later, Fu Hengyi helped Shen Qinglan rub her wrists to help her relieve her soreness. Shen Qinglan looked at a contented man and laughed, "Can I sleep now?"

"Unfortunately this time the wound is in the abdomen." If it was on his leg or somewhere else, he wouldn't have to drink broth.

Shen Qinglan was speechless, slapped him gently, turned to close her eyes and went to sleep, she was really sleepy.

Shen Qinglan returned early the next morning, and Fu Hengyi drove her to the gate of the military area. The car that saw her leaving left before returning.

Shen Qinglan did not tell Mr. Fu that Fu Hengyi was injured, and Mr. Fu only thought that Shen Qinglan simply went to live in the military area for a period of time. After all, such things have happened before.

The most happy person to return home to Shen Qinglan is An An. After Shen Qinglan returned home, An An became her little tail. He could follow wherever she went, and she could not get rid of it, even Shen Qinglan. He will follow him in the toilet. Shen Qinglan had no choice but to take her son wherever he went.

That afternoon, Shen Qinglan just got out of the studio and received a call from the Yangcheng police station, saying that Gu Yang was in the police station and needed her to go there.

Yangcheng? Shen Qinglan frowned slightly, not knowing what Gu Yang had to do to run to Yangcheng. From Beijing to Yangcheng, it would take more than five hours to take the high-speed train.

"What's wrong with Gu Yang?" Shen Qinglan asked. When she heard what the police said, her look changed. "Okay, I know. I'm here now, but I'm in Beijing. It takes a little time to come here." ."

Shen Qinglan took out her wallet ID and car key and went out. She called Shen Junyu and asked Shen Junyu to help her book an air ticket to Yangcheng immediately. Although it was difficult to book the air ticket during the Dragon Boat Festival holiday, Who is Shen Junyu, within ten minutes, the flight information was sent to Shen Qinglan's mobile phone.

"Lan Lan, what are you doing in Yangcheng?" Shen Junyu asked.

"I'll talk about this later when I come back." She didn't understand what was going on.

"OK, then pay attention to safety on your way, don't forget to call your brother if you have anything."

"I know."

At noon, An An just went to bed for a nap. When she woke up, her mother disappeared. She found a circle of people who did not see Shen Qinglan. An An grunted her mouth and was so wrong that she wanted to cry.

When Shen Qinglan rushed to the police station, he heard the noisy voices inside, as soon as he walked

to the door. There were men and women, the loudest of which was the voice of a woman, where she was cursed sharply and the words were hard to hear.

Shen Qinglan walked in and saw Gu Yang sitting on the side, his face full of anger, coldly looking at the cursing woman, clenching his fists tightly, Shen Qinglan was worried that he would rush up and give others a few punches. Sitting next to Gu Yang was a young man dressed as a soldier. He pressed Gu Yang's fist, fearing that he would really rush up and hit someone. The young soldier's face was all anxious.

Several policemen were persuading the woman. There was a man beside the woman. The husband was a woman. She had bruises on her face, a large bruise on her right eye, and a woman in her fifties. People, looking at Gu Yang at the moment is very bad, these three people seem to be a family.

After Shen Qinglan came in, he walked straight to Gu Yang's side. Gu Yang saw Shen Qinglan coming, and the anger on his face was a little bit, "Sister-in-law."

The woman saw that someone was coming, and her arrogance became more arrogant. She pointed at Gu Yang and said, "Don't think that someone is here. Just forget about it. I tell you, I want to complain to you. You are still a soldier. How dare you Let's beat our civilians. You take our taxpayers' money, but you dare to hit us, there is no law."

Shen Qinglan heard the words, his face slightly changed, and looked at Gu Yang, "You hit someone?"

Gu Yang said coldly, "He should fight."

When the woman heard it, she was even more angry and pointed at the policeman. "Comrade police, listen, this is his attitude. Is this an attitude of reconciliation? Such an arrogance, and even dare to be so arrogant after being beaten."

Then I looked at Shen Qinglan again, "I don't know who you are, but I tell you that there is no possibility of reconciliation. I will go to the army to complain to him. I want him to be unable to wear this uniform. You tell me, Which military region is he from?"

Shen Qinglan frowned, looked at the woman for a while, and then looked at the police, "I am his sister-in-law, tell me something."

Before the police spoke, the woman shouted, "He, he is your brother, right? He started beating my husband. As a soldier, he beat our people. I want to complain to him."

Shen Qinglan looked at Gu Yang, "You explain to me what is going on?"

Gu Yang lowered his head, "There is nothing to explain. I was the one who hit the fight. She wanted to make a complaint and complained. I don't regret it."

Shen Qinglan heard that there was a headache. "There must always be a reason for beating people. Why?" Although Gu Yang was impulsive in his work, he was not a bad-tempered person who would fight at any time, especially in the army. After a few years, the person is more calm and can let him do it. There must be something in it.

The woman was still shouting there, just tossing and turning, and Shen Qinglan was so distressed that Shen Sheng said, "Don't quarrel, let me know what is going on, if it's really my brother's fault, We have no opinion whether you want to complain or compensate. But if you make such unreasonable troubles, I will call the lawyer directly."

"Your name is, you think we are afraid of you when you call a lawyer. We are going to the hospital for an injury. I want to sue you for the intentional injury. I want to sue you..." The woman is arrogant, but she is coming across Shen Qinglan. The colder the eyes, the rest of the words got stuck in the throat and I couldn't spit it out.

The woman pulled her husband's clothing corner and motioned him to speak. The man just gave Gu Yang a vicious look, but said nothing.

Finally quiet, Shen Qinglan turned to look at Gu Yang, "Can you tell me what is going on now?"

Gu Yang looked up, "I was the one who fought, but they insulted the soldiers, they should fight."

"Who, who insulted the soldiers, don't talk nonsense." The woman exploded immediately after hearing this, "If you talk nonsense again, I can sue you for slandering."

Gu Yang looked at the woman coldly, pointing at the young soldier, "Dare you say you have not insulted my comrades?"

The woman's eyes dodged for a moment, but her mouth refused to be soft. "Now I'm talking about you hitting people. You think you've gotten off the topic. The thing about hitting people is over. I tell you, there is no way."

Shen Qinglan had noticed the soldier long ago, and when he heard Gu Yang's words, he immediately understood that the cause of the matter should be on the soldier, and Gu Yang's beating was also related to him.

"Now I need someone to tell me the ins and outs of the matter." Shen Qinglan spoke lightly. From the door, her face was a cold look, with a breath of no strangers.

"Let me speak, I am a witness." As a female voice sounded, Shen Qinglan looked around and saw a little girl in her early twenties wearing a red dress.

"I am also a passenger in their train. I saw the whole thing with my own eyes." the girl said.

Things will start from this afternoon.

At the Jingcheng Railway Station, on a train bound for Yangcheng, a young man dressed as a soldier sat in position. He was in a straight posture, with his hands on his legs and a suitcase at his feet.

This is a departure car, five minutes before leaving the car, he first looked at his watch, then looked in the direction of the door, as if waiting for someone.

At this time, a pair of men and women in their thirties came up, followed by a woman in her fifties, and the couple was still holding large bags of luggage.

"Can't we go home after the Dragon Boat Festival? These people are really, not the Spring Festival. We have to rush home at the Dragon Boat Festival and have bought all the tickets. Look at the people in this car. None," the woman complained in a low voice, then shouted at the person next to him, "I said what you squeeze, my bag will be squeezed out by you."

The roared person gave her a cold look. Who was squeezing desperately? There were still several minutes before the train drove, but the woman squeezed forward in a hurry. However, he was too lazy to bother with a woman. After glaring, he left. He hadn't found his place yet.

"Cut, what quality." The woman sneered. They came home to visit relatives, and these were gifts for relatives and friends. Originally, she wanted to wait for the Dragon Boat Festival to go home, so there were fewer people, at least she could buy a seat ticket, instead of spending the same money as now, but it took more than five hours to get home.

"Okay, don't talk about it, you're talking all the way, bother! Don't you bother to hurry up and get stuck at the door? Do you want to swear?" The man urged his wife, looking impatient.

The woman glanced back, "Mom, you are close."

Finally, she found her car. The woman put her luggage on the ground and started to look around. She wanted to find a place where no one was sitting. There are not many people in the car. There are a lot of vacancies, but there should be people.

She wanted to find a nearest position to sit down, the man pulled her, "wait for the car to drive and find." It is still early to leave the car, some people have not got on the car, waiting for the location trouble. Women think about it too, leaning on the side and waiting for other passengers to get on the bus.

"It's all you, knowing that you have to go home during the Dragon Boat Festival, why don't you buy a ticket early, if you buy a ticket with a seat, shall we stand here and stare?" The woman complained about her husband.

"Okay, okay, Dazhi is going to work during the day. It's normal to have no time to buy tickets. It's not just

five hours. It will soon pass."

Oh, the woman's eyes mocked, "Mom, that's five hours, not five minutes." Don't say five hours, just one hour, the legs are about to stop.

"No matter how hard you are, you'll get back to me." The man yelled, and after knowing that he bought a seatless ticket, his wife healed and talked about it, which was personally annoying. The woman shut her mouth when she saw her husband was angry.

On the left side of the woman sits a man wearing a soldier. She glances back and looks away.

There were more and more people in the carriage, and the position of this carriage was full. The woman sighed badly, why no one got on the train at the next stop, so that at least they could still sit on the road.

There were still many people standing in the carriage, with luggage on the ground, and some people sat directly on their suitcases. The woman and her husband brought two suitcases, and the others were bags. At this moment, the husband and mother-in-law were sitting on the suitcase, and she could only stand. The woman's eyes were once again swept over the young soldier, and she did not know what she was thinking.

With only one minute left to drive the train, a man hurried up and a man in a military uniform lighted his eyes and waved his hand, "Gu Yang."

Gu Yang saw him at a glance and handed him a bag in his hand, "I bought these, which should be enough for us to eat on the road, right, have you brought a cup?"

The young soldier, Chen Li, nodded, "Bring it in the bag." He took a water cup from the bag, and Gu Yang took the cup. "I'll get some hot water. If you're hungry, eat some bread pads first." Pad your stomach." Chen Li responded, Gu Yang took a cup to fetch water.

The train started slowly, the woman looked at Chen Li's seat again, and made a look at her husband. The husband lowered his head to play with the mobile phone. When there was time to take care of her, the woman gave her husband a white glance and stepped forward to pat Chen Li's Shoulder, "Boy, you see my mother-in-law is so old, you have to stand for more than five hours to go home, can you give me the position to my mother-in-law." Although the woman said politely, her face was taken for granted Look.

Chen Li glanced at the woman sitting on the suitcase. The expression was hesitant. The woman was displeased when she saw it. She said, "I said what is wrong with you. As a soldier, take With the money of our taxpayers, we should serve our people. Now, it is just for you to give up a position. You are so reluctant, how do you serve the people?"

The woman's voice was not small, and immediately attracted the attention of the people around. After seeing what was going on, everyone looked at the woman with disapproval, but no one spoke.

"No, I..." Chen Li spoke, embarrassed.

"Isn't it? Isn't I wrong? You are a young man in his twenties, or a soldier, standing for a few hours with nothing at all, and my mother-in-law is over fifty this year. If you go back in five hours, you will have to lie in bed tomorrow."

Chen Li opened his mouth and wanted to say something. The woman waved her hands impatiently.

"Hurry up and give up to my mother-in-law. It's true. As a soldier, even if you don't take the initiative to take the seat, you have to talk."

"Who blames you for not buying a seat ticket by yourself, even if someone makes a seat for you, why do you have a big face." Someone said dissatisfiedly when they couldn't see it.

The woman looked at it immediately, her eyes erected, her hands on her hips, and stared at the speaker fiercely, "I didn't let you let you, you are fooling around here, you are a Pacific policeman, so wide If you are full enough to stand up and consume, the person standing all the way is not you, so is it possible to stand and talk without back pain?"

It was a little girl in her early twenties who was just trying to hold Chen Li upset, but she didn't expect to be bombarded by a woman, and she suddenly caught fire. "Why are you a woman who is unreasonable and depends on her own age? Relying on the old and selling the old is it right? Why should I give you a seat, I owe you?" The girl is probably also a spoiled character, seeing the woman is sloppy, not to be outdone.

"Yeah, the young people are really terrible, even if they don't know how to respect the elders and love the young, and they haven't been educated yet, and I didn't give you a seat, they didn't say anything, you just jumped out, shouldn't they Seeing your parents get handsome, have you moved your heart? Little girl, you should still be studying at your age, then read more books, and be free to do anything idle..."

The woman babbled, babbled uttered a series of words, and did not even take a rest, the girl was said to be derogated and ruined, her face flushed red, and the woman looked at her proudly. Small sample, still dare to challenge her, do not die to her.

The girl wanted to say something, but was caught by her companions, and she begged her not to say it again. Didn't you see so many people in the whole car but no one stood up?

The girl's companion is a man, and her age is similar to hers. It should be her boyfriend. The girl glanced at her boyfriend and she was dissatisfied. She just couldn't watch the bullying. The boyfriend knew the girl's temperament and took her to sit down, "Okay, this is someone else's business. You just care about nothing, but just give up a seat, what a big deal, you didn't hear people say you just said What?"

When the girl heard the words, she immediately pointed at her boyfriend, "Who the hell do you help?"

"Of course it is for you."

The girl groaned and turned to go to the woman, but her boyfriend covered her mouth. The woman saw her, and her arrogance suddenly became arrogant. She looked at Chen Li, who was already red at the moment, "I said you What the hell is going on, letting a seat grind and chirp, it is very positive to let us ordinary people pay taxes on weekdays. When it comes to serving us, it is silent. Are you also called the people's public servants?"

Chen Li's hands on his legs were clenched, his face redder, his head lowered, if he looked closely, he could see his left leg, his eyes full of pain, and his hands seemed to tremble .

The woman's husband pulled the woman's clothing corner and wanted her to be comfortable. Although he also felt that the young man in military uniform would not be a man too, and seeing the old man wouldn't give up, but there were so many people in this compartment, they looked at it, shameful.

The woman twisted her body, glared at her husband, just let you come out to speak, you don't do it, and now she was disgraced?Who is she for, not for his fifties.

The man understood the meaning in his wife's eyes, lowered his head, and continued to play with the phone. Forget it, he ignored it.

"Hurry up." The woman urged Chen Li.

Chen Li's face turned red, and he just planned to stand up and put his hands on his shoulders. "No."

Digression

This plot is the inspiration for seeing the military concession event on the Internet. I have always wanted to write such a plot. For someone in the society who is too taken for granted, seriously, people do not like it very much.
