'For my mother, I have left a ticket for everyone. They are VIP seats. You must come and join.'

'Well, my mother must come to participate.' Chu Yunrong agreed.

Shen Xi's eyes turned to other people on the table, looking forward to it.

'When a soldier of a lifetime, I used to hear the sound of guns and guns, those cellos are stunned, I don't understand, the old people don't join in the fun.' Shen refused.

Although Shen Xizhen was disappointed, he also knew that Shen's father had always been uninterested in these.

'I am going to Europe for a business trip that day, I will not go, come back to bring you a gift.' Shen Junyi said gently.

Then there is only one person left, and the eyes of the table people are concentrated on Shen Qingyi.

Shen Qingyi put down the chopsticks. 'It is the end of the period. There are still a lot of knowledge points that have not been reviewed. I will not go.'

‘Your sister’s first concert, how can you be absent, is not a final exam, but also your sister is important.’

When Shen Qing’s voice just fell, Chu Yunrong was dissatisfied and whispered.

‘Yun Rong.’ Shen Shengzi called out.

On the sight of the public father’s warning, Chu Yunrong stunned and closed his mouth.

Shen Qingyu looked calm and couldn’t see the anger. ‘Grandpa, I will go back to school first.’

‘It’s so late today, still live at home.’ Shen’s father refused, his granddaughter rarely went home, and even the time at home during the weekend was limited. The reason is that he is not unclear.

‘I will go to class tomorrow morning, or stay at school for convenience. The day after tomorrow is the weekend. I will come back to see you.’ Shen Qingyi stood up.

Shen Xiyu saw it and followed him up. ‘Clear, I will send you.’

Father Shen looked at his granddaughter and stared at Chu Yunrong. ‘You come up with me.’

There was only Shen Junyi on the table, and his twilight was clearly extinguished. No one knew what he was thinking.

‘Clear, you don’t misunderstand your mother, mother, she is not intentional, she is just...’ Shen Xiyi followed Shen Qingyi, opening, apologetic, like a deep-eyed sister is trying to persuade her sister who is tempered.

Shen Qingyi stopped and looked straight at Shen Xiyi. There was no emotion in his eyes. ‘Shen Xi, now no one else, what do you pretend? Not tired?’

Shen Xi’s face was stiff, but he returned to normal in an instant, and his face maintained a big smile. ‘Clear, I know that your mother is not happy with me, but you also need to understand your mother. After all, you have been away from home for so many years. The people around her have always been me, and your temper is quiet, and there is not much time to get along with your mother. Mothers don’t adapt to it at the moment.’

Listening to Shen Xi’s bitterness, the plain is persuading, but actually showing off, even if you are Shen Qing’s daughter’s daughter, the mother’s most painful person is not me, even if I have no blood relationship with her. .

Shen Xizhen’s voice-over is clear and ignorant, but she is no longer a child. If she just started to return to Shen’s family, she still has a little fantasies about Chu Yunrong. Now, six years later, that little fantasy is also in reality. There are no bits left in the middle.

‘Shen Xi, I hope that you can take your mask of Miss Shen Jiada for a lifetime.’ Shen Qing’s tone is faint, but the words are like a knife, deeply inserted into the heart of Shen Xi’s heart, directly turning out the deepest carrion inside.

Shen Xi’s face instantly became very ugly, staring at the back of Shen Qing’s long distance, and his eyes were cold.

‘Hey, get on the bus.’

Shen Junyi's car stopped in front of Shen Qing's car, and the window shook down, revealing the face of Shen Jun's Zhang Junlang.

Shen Qingyi took the co-pilot and the two had no words.

When there was a street at the entrance to the school, Shen Junyi stopped the car, Shen Qingyi was about to get off, Shen Junyi held her hand, and Shen Qing looked at him in confusion.

Shen Jun licks his lips, and the scorpion is a little dry. 'Hey, you will always be your brother's sister, the most loved sister.'

Shen Qing stunned, and the lips were lightly hooked. 'Brother, I don't mind.'

Shen Junyi looked at her sister's faint brows, and her eyes flashed a bit of bitterness because she didn't care at all, so didn't she care?

'I live alone in the school to take care of myself, wait for me on Friday, I will pick you up.' Shen Junyi.

Shen Junying's bitterness, Shen Qingying, is not unseen. She is a person who is particularly sensitive to people's emotions. What Shen Junyi is thinking, she guessed that she is not in the same place, and she does not care about Shen's family, just...

'Good.' Shen Qingyi promised, if this can make my brother feel better, then it is.

**

Shen Family Study

Father Shen sat in the chair and did not speak. Chu Yunrong sat on one side and held his hands in some uncomfortable manners.

‘Dad, what do you have to tell?’ Chu Yunrong took the lead in breaking the silence.

‘Yun Rong, you have been married to our family for more than 20 years. Shen Qian is a soldier, not at home all the year round. This family has been able to reconcile with Lele for so many years.’

‘Dad, don’t say this, these are all I should do. Although Ah Qian doesn’t come back often, but he is very good to me, I never regret to marry him.’ Chu Yunrong said softly.

Shen’s father sighed. ‘Shen Qian’s work is too busy. Even when you are born and stunned, you can’t stay with you. In the end, he owes you.’

Chu Yunrong seems to think of that difficult day. Although the in-laws are very good to themselves and take care of them, the husband is not around. This is something that no one can make up. Her eyes are red.

‘Remember that when you just lost, you are crazy, the whole world is looking for her. Every day, you are swearing in your mouth, and even you have depression. Later, Shen Qian can’t stand it. I have adopted the hope from the orphanage, and you are getting better.’

‘Hey is a good boy, very sensible.’ Said Shen Xizhen, Chu Yunrong’s face more smiles.

Shen Laozi nodded. ‘She is really sensible, but Yunrong, I am now back. Don’t forget, she is the daughter you gave birth to in October. If it wasn’t the accident that year, she would not leave us. For many years, she will also want to grow up and grow up under our care and care.’

‘Dad, I know that Qingyi is my daughter. I have been compensating her for years. I know that sometimes I am eccentric, but Qingyan is my heart.’ Chu Yunrong has some whimpering tone. .

‘Yes, you know it in your own heart, just hope that you are a mother, and you can be fair to your daughter. This is what your mother means. You are the most loved child of your mother. She is not much time now. The most worrying person is you, don’t let her live in peace for the last days.’

‘I know, Dad.’

At the entrance of the study, the green skirt flashed past.

-----Off topic -----

Yes, Shen Xizhen is a white lotus green tea.
