

## **Pampering**

### **561 Chapter: He Is My Love Forever (End) (23)**

Art, it is okay to succeed, but if it is unsuccessful, then she will not be reconciled to death.

At this moment, the box door was pushed open from the outside, and a figure of a man came in.

The man glanced at the scene in the box, the smile on his lips grew bigger and bigger, and glanced at Lu Yimeng with appreciation, "Good job."

Seeing the man, Lu Yimeng shivered subconsciously and took a step back in fear. Then he thought of something, the corners of his mouth lighted up, and a smile flickered under his eyes. As long as he succeeds, the Fu family will not let go of this scum, so his hatred will be reported.

Fu Shuyi recognized the man in front of her at a glance, not who Li Zhishen met at the bar last time. She looked coldly at Yimeng. Hehe, it's really good. She helped her and helped her. Is this the heart of myself?

"You go outside and watch." Li Zhishen said to Lu Yimeng.

Lu Yimeng nodded and went out.

"Lu Yimeng, do you really want to help you as a torturer?" Fu Shuyi asked her, with no emotion in her tone. This was her last chance for Lu Yimeng.

Lu Yimeng's eyes flashed for a moment, but he could see the tall figure. After a moment of hesitation, it disappeared. She bit her lip and turned to leave the box.

The light in Fu Shuyi's eyes went out and looked at Li Zhishen, who was coveted. "Do you know who I am?" Lu Yimeng, who heard this sentence, stopped at the same place.

Li Zhi smiled and rubbed his hands, "Of course I know, little beauty, I was shocked when I saw you for the first time. I can't sleep at night when you think about it, beauty, you made me look so hard."

Although Fu Shuyi learned a lesson at the bar last time, Li Zhishen not only did not learn a lesson, but also remembered Fu Shuyi, knowing that she had some skill, and worried that she would miss, only then

let Lu Yimeng get Fu Shuyi first.

"Li Shao, you have to move faster. She called someone. When the person came, we couldn't eat and walk around." Lu Yimeng reminded him. She did not forget that Bai Junnan was on the way, she could not let Fu Shuyi delay the time.

Hearing the words, Li Zhishen's expression changed slightly, and he waved her hand and motioned her to go out. "Watching at the door, if someone comes, try to stop me."

"Yes." Lu Yimeng responded.

"I am the daughter of the Fu family in Jingcheng. If you dare to move me, let alone you, your family will suffer as a result, you have to think about it clearly." Fu Shuyiqiang said, holding her body, she could feel herself The strength in her body is losing a little bit, her head is getting heavier, she won't be able to persevere for a long time, only hope Bai Junnan can come soon, the only thing that is fortunate is that she has just sent her position to Bai Junnan, and the box number just now. .

Sure enough, after listening to Fu Shuyi's words, Li Zhishen's expression changed, glaring fiercely and screaming, this damn woman didn't say that Fu Shuyi was Fu's family, and that Fu's family had a very sweet little princess, Fu Hengyi's pearl. He only heard it, but never seen it before. He didn't expect this person to be in front of him.

Lu Yimeng shuddered, she was deliberate, if she told Li Zhishen, would Li Zhishen dare to remember Fu Shuyi? The eyes rolled, and he said, "Li Shao, we are now at this point where we are already on the line, we have to send it. If we give up now, the Fu family will still remember to hate you, or it will inevitably be retaliated by the Fu family, but if you succeed, By the way, Fu Shuyi is the only girl in the Fu family. For the sake of her reputation, the Fu family must not dare to treat you."

Li Zhishen's eyes are getting brighter and brighter. He thinks more. It is very likely that Fu's family will marry her because of his daughter's loss. In this way, he will become Fu's son-in-law. In the future, it is very beautiful to just think about it.

Although the Li family is rich, it can't be compared with the real wealthy families in Beijing.

With such a thought, Li Zhishen looked at Fu Shuyi's eyes as if he were looking at a huge treasure, isn't it a treasure? After marrying her, you have all the money and power.

Lu Yimeng looked at his expression and knew that the man was moving. A taunt flashed deep in his eyes. This is a fool. But when she thought that this idiot had ruined her life, she gritted her teeth.

"Don't listen to her talking nonsense, if you move me, you will definitely encounter the Fu family's most

revenge, I swear by my life." Fu Shuyi's lips have been bleeding from her bite, the lips The pain regained her chaotic brain for a moment.

Li Zhishen was obviously convinced by Lu Yimeng's words. He didn't care what Fu Shuyi said. He waved his hand and let Lu Yimeng go out. He was crazy about playing, but he didn't have the habit of watching.

Lu Yimeng took a deep look at Fu Shuyi, and left the box without looking back. She was going to hold Bai Junnan and give Li Zhishen time.

\*\*

When Bai Junnan arrived at the clubhouse, there were five minutes away from their agreed time. He called Fu Shuyi, prompting to shut down, and after thinking about it, Bai Junnan got out of the car and planned to find her in the box.

As soon as I entered the gate, I saw Lu Yimeng standing there, knowing that she was close to Fu Shuyi, and walked directly towards her.

"How about calligraphy?" Bai Junnan asked.

Lu Yimeng looked up at him, "Shuyi went to the bathroom."

Bai Junnan frowned, "How did she turn off her phone?" His heart was a little uneasy.

Lu Yimeng was pretended to be surprised, "Shut down? Maybe it's out of power, the book art will sometimes be careless and forget to charge, and I have met several times."

"Which bathroom is she in?" Bai Junnan asked.

Lu Yimeng pointed to a bathroom on the first floor. Bai Junnan went over to her and went directly to the bathroom. When Lu Yimeng saw it, he quickly followed.

Bai Junnan stood at the door of the bathroom without rushing in. After all, it was a female toilet. She pulled a girl who had just come out of the toilet. "Hello, my girlfriend has been in for a long time. Could you please help me see it?" Did she have an accident inside?"

He was handsome, he spoke softly and politely, and the girl who was caught had no displeasure. He nodded and walked in. He saw Lu Yimeng behind him and said with a joke, "Mr. Bai, Shuyi went in It doesn't take long for you to not be so nervous."

Bai Junnan glanced at her lightly and didn't speak. Lu Yimeng bit her lip. The glance just now contained a displeasure to her. The last time she met, Bai Junnan didn't have such an obvious emotion towards her. She just said that. What made him aware?

Lu Yimeng thought carefully about what he wanted to see from Bai Junnan's actions from now to now, and there was nothing wrong with it.

The girl who came in soon came out, "Sir, is your girlfriend gone first? No one is in the bathroom."

Bai Junnan's eyes changed slightly, "Are you sure? I didn't see my girlfriend come out."

The girl did not have any dissatisfaction with Bai Junnan's questioning tone. "I've seen every one of them, really not. If you don't believe it, you can let your friend go in and see." She refers to Lu Yi. Cute.

Bai Junnan's eyes changed completely, and he said thank you for going straight out. Lu Yimeng saw it and quickly followed up. "Mr. Bai, the book art should have come out, but we are going in a different direction from her, so It's off, let's wait for her at the door."

Bai Junnan walked upstairs without saying a word. Lu Yimeng glanced at the time. It was only five minutes before she came down. Li Zhishen must not have succeeded. She has to delay the time.

Lu Yimeng stopped in front of Bai Junnan, "Mr. Bai, you can't find it now. Let's wait at the door. The book art phone is out of power, and we can't find her now."

Bai Junnan looked at her coldly, and Lu Yimeng looked cold in her cold eyes. With such a performance, Bai Junnan would be ghosted if he couldn't see the problem. "If something happens to the book art, I will make you look good. "" He pushed her away and walked to the box upstairs.

\*\*

At the same time, in the box upstairs, Li Zhishen locked the door of the box after Lu Yimeng left. He smiled and looked at Fu Shuyi, "Miss Fu, I actually never like to use strong ones. I'll do it, so you're comfortable and I'm happy, what do you think?"

Fu Shuyi looked at him coldly and stepped back a few steps. "Do you really think that if you get me, the Fu family will not be held accountable?" Her name was Xu Fu, and there was a double image in front of her. Pinching himself hard, I only expect Bai Junnan to hurry up and hurry up.

There was a hint of hesitation on Li Zhishen's face, to say that he was not afraid that the Fu family was fake. After all, they were called giants, and their families were rich people. There was an essential difference between the two.

"I can tell you responsibly that if you let me go now, I will only look for Lu Yimeng today, and I will never pursue you, but if you dare to touch me, I promise, even if I am I am in disrepair, and I want your family to bury me. Believe me, as long as I want, your Li family can never stand in the capital."

Her expression was cold, and she couldn't hold it anymore, but her body was very strong. It looked more like Shen Qinglan.

Li Zhishen was hesitant for a while. He wanted Fu Shuyi. This is beyond doubt. After all, her appearance is here, but he is also afraid of Fu's revenge.

In his stunned spirit, Fu Shuyi directly picked up the water glass that Lu Yimeng had just brought in, and smashed it violently on the ground. Wherever the glassware can stand such a toss, it was directly broken into countless pieces. Took it in his hand.

Li Zhishen wanted to stop her, but Fu Shuyi didn't come quickly.

Holding the edge of the glass firmly, Fu Shuyi's hand was immediately cut by the sharp edge, the wound oozed blood, the pain pulled her reason back again, Fu Shuyi's eyes were fixed on Li Zhishen tightly, not looking at himself Glance at the wound.

Li Zhishen was taken aback by her movements. She didn't expect her to be such a fierce hand to herself that she didn't dare to stand there for a while.

"You think about my words carefully, and my boyfriend will be here soon, but you just want to clear the relationship."

Because of the effect of the drug, Fu Shuyi's face was flushed like blush at the moment, plus the youth, it is not an exaggeration to describe it as glamorous. The bright red blood on the hand will not only make people feel terrible, but also She added a bit of wildness, Li Zhishen's eyes were straight, her mind was chaotic, and she remembered what she said.

"Everyone says that peony flowers are dead, and ghosts are good. Little beauty, I want you more than letting you go." Li Zhishen laughed, approaching Fu Shuyi, and took off his clothes while walking.

Fu Shuyi's eyes changed and her eyes flashed in a panic. Why had she seen such a scene, if she hadn't been drugged, let alone a Li Zhishen, that she wouldn't be afraid to have a few more, but now she was so weak that she couldn't even walk, so How did Zi deal with Li Zhishen?

The coveted color in Li Zhishen's eyes was unabashed. His upper body was undressed. His hands were on the belt. Looking at Fu Shuyi's eyes full of color/desire, people who didn't know thought he was the one with Chinese medicine.

Fu Shuyi keeps going back. She wants to go back to the bathroom. As long as the bathroom door is locked, she can buy some time for herself.

Li Zhishen seemed to see her intention, a stride, directly blocked her way to the bathroom, "Little Beauty, you don't have to struggle, I will be very gentle, I will make you desperate."

When Fu Shuyi listened, she just wanted to get sick, and pointed the glass tip at her carotid artery. "Don't come over, otherwise I will go down. If I die, your family will bury me."

Li Zhishen's face changed and he looked at Fu Shuyi. He was definitely not willing to kill people.

Fu Shuyi was top-heavy, and the shadows in front of her became heavier. She turned the tip of the glass directly on her thigh. She groaned in pain, Li Zhi saw that and immediately flew at her. Fu Shuyi pulled out the glass and subconsciously He walked in his direction, and the next moment, a scream was made in the box.

\*\*

Bai Junnan had just walked to the door of the box, and heard the screams from inside. It sounded like a man. His face was very ugly. He wanted to open the door and found that the door was locked. He stepped back a few steps and kicked the door. .

When Lu Yimeng followed up, what she saw was that Bai Junnan knocked the door open and walked in. Her face changed, and she didn't know what was happening in the box. Did Li Zhishen succeed?

She wanted to leave here, but when she thought that Li Zhishen had succeeded, Fu Shuyi must be miserable now, and she could not help walking to the box.

In the box, Li Zhishen lay on the ground, howling at his lower body, his hands were all bloody, and his face was pale, while Fu Shuyi stood there froze, his face was not much better than him, she looked at herself She couldn't believe she really inserted the glass into someone's body.

Bai Junnan glanced at the people on the ground, and then looked at the state of Fu Shuyi, where he still didn't understand what was happening, and he turned to close the door of the box. It must never be seen by others. Lu Yimeng followed in, naturally I also clearly saw the scene in the box, which was completely unexpected. I did not expect that Fu Shuyi was like this. Li Zhishen was still remodeled like this today.

"Kill..." people.Lu Yimeng wanted to call, and Bai Junnan looked at it coldly, and the remaining two words were stuck in his throat.

Seeing Bai Junnan coming, Fu Shuyi suddenly slackened and fell on the sofa. Bai Junnan was shocked and quickly supported her, "Book Art, how are you?"

Fu Shuyi shook her head and glanced at Li Zhishen's direction. She was scared sober now, "Brother Jun Nan, I hurt people." The tone was panic.

Bai Junnan comforted her, "You are not the one who hurt you. Be good, close your eyes."

Fu Shuyi's mind was chaotic at the moment, he couldn't understand what he meant, but he closed his eyes obediently.

I saw that Bai Junnan untied his tie and wrapped it in the wound of Fu Shuyi's palm. Then he stood up and walked towards the landing Yimeng. Lu Yimeng's brain was blank. When he came over, he couldn't help it. Fear, "What do you want to do?"

Bai Junnan said nothing. Today, as long as you think about it, you must know that the person in front of you must have participated in a stroke. He took Lu Yimeng's wrist and pulled her directly, and Lu Yimeng was staggered by him. , Fell to the ground, his hand just fell on the blood stains on the ground.

She was taken aback in a panic, trying to wipe off the blood on it, but Bai Junnan put the hurtful glass directly on her palm and gave it a firm grip, the sharp edge immediately pierced her palm .

"What are you doing? Let me go." Lu Yimeng screamed.

Bai Junnan didn't think it was enough, and let her hold the whole glass to ensure that all her fingerprints were left on the glass.

Lu Yimeng is struggling vigorously, but her strength is worth Bai Junnan.

She wiped the glass with her sleeves and wanted to wipe off the fingerprints on it, but where Bai Junnan asked her to do so, she was stunned by a hand knife.

Li Zhishen was still wailing, Bai Junnan looked at him coldly, picked up another cup on the table, broke it directly, then took Lu Yimeng's hand, took the sharpest one, and inserted it into Li Zhishen Several times, he started fiercely, without any hesitation. Li Zhishen's mouth was stuffed with clothes, and even the screaming was blocked in his throat.

He looked at the man in front of him in horror, and his forehead was full of cold sweat, scary, and painful. He shook his head desperately, afraid that the man in front of him would stab him a few more times.

Bai Junnan patted his face, and his eyes looked like messengers from hell. He glanced at Lu Yimeng, who was lying on the ground without knowing the personnel, "What do you say if you know the police?"

Li Zhishen's IQ is not high, but looking at his eyes, it is rare to be smart, and nodded hard.

Bai Junnan took out the clothes in his mouth, "Tell me, what's going on today?"

Li Zhi gritted his teeth and hurt. "Lu Yimeng...this...damn woman...want to count me...I don't follow...the two have a dispute...I...I was stabbed."

Bai Junnan was very satisfied. "What's the matter with Fu Shuyi's blood on the ground?" Fu Shuyi's injury and bloodshed is a fact. If the police came to investigate, it would be difficult to explain.

"She helped me and wanted to stop Lu Yimeng from committing the murder, but was accidentally

injured." Li Zhishen said, clenching his teeth. The man in front of him obviously wanted to clean Fu Shuyi. He had completely offended the Fu family, and now he can do it. , Is to cooperate, he does not want to die.

He has no doubt that if he does not cooperate, the man in front of him will kill him without hesitation.

Bai Junnan was satisfied, "You have to say the same thing when you see the police, you know?"

Li Zhishen nodded again and again. He had never hoped that people would report to the police like now. If the police don't come again, he will die too much if he doesn't hurt and die.

Bai Junnan got up, took out his mobile phone slowly and started calling. He first called 120 and then called 110. Although Li Zhishen was a scumbag, he couldn't die now. Even if he wanted to die, he had to wait for the due price. dead.

Li Zhishen heard that he hit 120, and could no longer bear the pain in his body. He fainted as soon as his eyes were black. Bai Junnan didn't look at him and walked directly to Fu Shuyi.

Fu Shuyi still closed his eyes, felt his approach, opened his eyes, "Brother Jun Nan."

Bai Junnan instantly put on a gentle face, "Well, I'm here, don't be afraid."

He picked up Fu Shuyi, "Now let's go home."

Fu Shuyi grabbed the clothes on his chest, and the whole person leaned on him, her remaining reason was not much, "they..."

"They have someone to pick it up." Bai Junnan said, his eyes slightly froze, his face cold, he saw Fu Shuyi's leg injury, today Fu Shuyi was wearing dark clothes, he didn't notice at first.

He glanced at the two on the ground, his face cold and cold, and it was not over.

The first volume of the second 30. was found

He glanced at the two on the ground, his face cold and cold, and it was not over. Fu Shuyi has passed out, and her perseverance has been determined by her persistence for so long.

Bai Junnan panicked and rushed to the hospital.

Fortunately, the glass of wine that Fu Shuyi drank contained the ingredients of sleeping pills. Although it also contained the ingredients of the agent, but the amount was very small. After the doctor gave the medicine, it was controlled, but the wound on her hand was very deep.

Bai Junnan looked at the bandages on her hands and legs, her eyes chilling and scaring.

Fu Shuyi couldn't conceal the injury, and Bai Junnan did not intend to hide it. He called Fu Chenxuan on the way to the hospital.

Fu Chenxuan happened to be working overtime in the company today, and hadn't returned home yet. He rushed to the hospital after receiving the phone call. Looking at his sister on the bed, his face was ugly.

Li Zhishen was also sent to this hospital, and he is now being rescued. If he is not restrained by reason, I am afraid he will break into the operating room and give the result.

Fu Shuyi woke up the next morning, and when he woke up, he met his brother's cold eyes, and his heart was empty, "Brother."

Fu Chenxuan saw her wake up, not only did not look better, but more ugly, sneered.

Fu Shuyi's heart became more and more empty, and she looked around for a week, looking for Bai Junnan, but there was no one else in the ward.

Seeing her intentions, Fu Chenxuan said in a cold voice, "Bai Junnan was sent out by me to buy food."

"Brother, don't be angry." Fu Shuyi whispered, a tone of guilty tone.

She didn't say okay, as soon as she said that Fu Chenxuan exploded, she stood up from the sofa with her hands on her hips, "Fu Shuyi, have I reminded you that Lu Yimeng is far away from that?"

Fu Shuyi nodded.

"Are you a pig, and you know what kind of person the other person is? You dare to go out, and even stupid enough to drink what others give, Fu Shuyi, pig is smarter than you." Fu Chenxuan worried for one night, also I was angry all night, and my anger hasn't faded until now

Fu Shuyi listened quietly, daring not to refute a word. This time she really knew it. After Fu Chenxuan had finished speaking, she whispered, "Brother, I know it was wrong, I didn't expect her to think so Ruthless, I really dared to do it." She thought Lu Yimeng just loved vanity and money, but didn't expect this person's heart to be black. She was a girl herself, knowing that such a thing is for a girl. What it means.

Fu Chenxuan looked at her sister's pitiful appearance. Although her anger was not gone, she couldn't bear to get angry with her again, and she was sulking where she was standing.

Fu Shuyi stretched out his hand and took his clothes by the corner, "Brother, don't be angry, OK, I'm afraid you are angry."

"If you don't want me to be angry, you'll have a long eye." Fu Chenxuan was not angry, and he sighed deeply. "Shuyi, my brother didn't sleep all night last night, and he kept thinking about a question, is it that we will Your protection is too good to make you misunderstand the world."

Fu Shuyi was startled, "Brother?"

"Book art, this world is not beautiful, the hell is empty, the devil is in the world, this is not an empty talk, I used to think that with my parents and me, I can always protect you for a lifetime, even if you are simple , But now, I know that we are all wrong. If we were to develop your safety awareness since we were young, and let you be more prepared for people, maybe nothing like that happened last night."

Even though Fu Shuyi really gave people results, he has a way to smooth things out, but in case?In case the dosage of medicine under Lu Yimeng is more, Fu Shuyi has no resistance at all, so the consequences of the matter are simply unimaginable.

"Brother, I'm wrong. It's how simple I think people are." She hadn't thought about the extent to which the evil of human nature could be evil. This time it was a deep lesson for her.

"Brother, what happened to that person? Didn't you die?" Fu Shuyi was uncomfortable. Last night, in a hurry, she didn't make a difference. She only saw that Li Zhishen was covered with blood. When she walked, she lay on the ground and hummed. I don't know how it is now.

"Life is big, alive, calligraphy. You remember, people are hurt by Lu Yimeng. You stopped Lu Yimeng's behavior before you were accidentally injured." Fu Chenxuan's expression was serious, and the police had already come , Just because Fu Shuyi was still in a coma, so he left again.

"But..." Fu Shuyi hesitated.

"No, the truth of the matter is what I said, you remember it for me, and the police will say the same when asked." Fu Chenxuan will explain to Bai Junnan the good words to her sister.

Although even admitting that she was injured, she was also a legitimate defense in that situation, but he did not want Fu Shuyi to carry the crime of hurting someone. In case someone went to the bottom to ask her the reason for hurting her reputation. Loss, and most importantly, the accomplice Lu Yimeng must not easily escape.

Not to mention his ruthless heart, the two men dared to count on hurting his sister, so they must be prepared for revenge.

Fu Shuyi is silent, she is a bit confused now, she knows that her brother and Bai Junnan are to help her, and Lu Yimeng is also lacking in virtue, but pushes her responsibility to others, which is not the same as the education she received since childhood. Match.

"Book art, this world is not black and white. Living in an ivory tower does not mean that you will always

be a flower in a greenhouse. You must have a bottom line and principles, but you can't lose your temper, understand?" Fu Chenxuan fixedly looked at her sister's eyes, not allowing her to escape.

"Brother, I didn't plan that the adults don't remember the villains, I just want to know what will happen to Lu Yimeng in the end?"

"How she has nothing to do with you, you have a good rest first, I go out to answer the phone." The cell phone in his pocket kept vibrating.

Fu Shuyi nodded and fell into contemplation.

The phone call was from Gu Qingzhu and asked Fu Shuyi, "I have woken up, but this matter can't hide my family, my parents will know sooner or later." In fact, Fu Hengyi and Shen Qinglan already knew that Fu Shuyi was hospitalized. Things are on the way.

"Uncle or aunt knows what the other party said?" Gu Qingzhu was more concerned about this. She and Fu Chenxuan agreed that Fu Shuyi could only be the one who was accidentally injured.

"I'll see the Li family's son later." This sentence was almost squeezed out from between the teeth. Fu Chenxuan now said to Li Zhishen that he would bite his teeth.

He had seen the doctor change Fu Shuyi's dressing. His palms and thighs were sewn with more than a dozen stitches. The wounds on his palms were even scarred. Fu Shuyi grew up with Xiao Jiao.

"You take it easy." Gu Qingzhu reminded him.

"Relax, I have a sense of justice, but I can't come to see you today." Fu Chenxuan is very sorry.

"I don't have to worry about you here, there is an aunt, and my leg injury is about the same."

After chatting with Gu Qingzhu, the conversation ended without a word, Fu Chenxuan went directly downstairs, and Li Zhishen lived in the ward downstairs.

Li Zhi was seriously injured. At that time, Fu Shuyi directly cut off his life. In the future, he could not be called a normal man. With Bai Junnan's last few strokes, he lost half his life.

Fu Chenxuan was very satisfied when he knew the result. At least he could not harm other girls afterwards.

Someone in Li Zhishen's ward was his parents. He was the youngest son of the Li family. His parents had spoiled him since he was a child, which resulted in his lawless temperament.

This time, his son had such a thing, and his parents' life swallowed Lu Yimeng's heart. Yes, Li Zhishen's statement to the outside world is that the person who hurt him was Lu Yimeng. In order to prevent Lu

Yimeng from being injured by mistake, his parents didn't know the truth.

When Fu Chenxuan entered the ward, Li Zhishen saw him, and his face suddenly turned white. At midnight last night, the man awoke him abruptly and communicated with him "good".

Li Zhishen's parents did not know Fu Chenxuan, but by looking at him, he knew that he was not an ordinary person, nor the fox friends who were taught by his son. He looked at Fu Chenxuan doubtfully, "Who are you?"

The questioner was Li Zhishen's mother, whose tone was not good. It was really her son who was injured like this, and she couldn't feel better. She didn't go to life and tore Lu Yimeng into restraint.

Fu Chenxuan didn't answer her question. His eyes fell on Li Zhishen's body, flirting, but the fear in Li Zhishen's heart was deeper. He swallowed unconsciously and said to his parents, "My parents, he came to me, I have something to tell him, do you go out first?"

Mother Li frowned, "You're hurt like this now, what can't I talk about later!"

Li Zhishen is a counsel in front of Fu Chenxuan, but when facing his mother, his temper is not small, "Where are you talking nonsense, let you go out and go out."

When Li's face fell, she had to count her son. It was so ridiculous that she would not be treated as a mother in front of outsiders. However, she thought she had just suffered such a big crime, but she was really reluctant to blame and pulled black. The husband of the face is gone.

In the ward, Li Zhi looked at Fu Chenxuan diligently, "Fu Shao, I have told the police according to your request, this matter has nothing to do with Miss Fu."

"Do you think this is the end?" Fu Chenxuan was sitting on the chair, the old god was there. Lu Yimeng went in there and deserved it, but the man in front of him was the one who started it.

The reason why Li Zhishen and Fu Shuyi had the same reason has already been figured out. He even knows the reason why Lu Yimeng will do this, because he knows it and feels that Lu Yimeng is damned.

Upon hearing this, Li Zhi shuddered deeply, and his face was paler. "Fu Shao, I know I'm wrong. I won't dare to fight Miss Fu's idea anymore. When I saw her, I detoured and waited for my health." I personally went to Miss Fu to ask for guilt."

Li Zhishen is lawless. He does not do much of the dirty things on weekdays. Anyway, his parents set things up for him. This is the kind of person who understands the importance of power and offends a family like Fu. He only wants to get Fu as soon as possible. Forgiveness, or what he is waiting for, he dare not imagine.

"Fu Shao, I was also accounted for by Lu Yimeng. If I knew Miss Fu's identity earlier, I wouldn't hit my

mind on her. Yes, everything was designed by Lu Yimeng, a cheap woman. Yes, I am also a victim, Fu Shao." Li Zhishen said that Sisi Hengliu.

Fu Chenxuan frowned, and his eyes were full of disdain. Such a person is simply a scum of the society. He has already investigated it. This is not the first time that Li Zhishen has done such a thing. It's just that he used to look for daughters of ordinary people. The girls were a little timid and didn't dare to say anything. They could only eat this dumb loss. Some of them would make trouble. His parents secretly helped him out. It was precisely because of this that his courage grew bigger and bigger. Scum, easily let go is not sorry for the crime of book art.

Fu Chenxuan didn't speak, Li Zhishen's fear was deeper, struggling to get down from the bed, he fell down and knelt in front of Fu Chenxuan, "Fu Shao, I really know that I was wrong, I promise I won't do this again in the future It's up, please let me go, please."

He wanted to reach out and hug Fu Chenxuan's thigh, but he was stared at by Fu Chenxuan's eyes. His hands were stiff in the air and he couldn't move. He could only say dryly, "Fu Shao, I can give whatever you want. You, just ask me to let me go."

Fu Chenxuan chuckled, "I want your life, do you give it?"

The last trace of bloodshed on Li Zhishen's face was clean and trembling, and he looked at Fu Chenxuan with a terrified look.

Fu Chenxuan continued to laugh, "It scares you. Now it is a society ruled by law. We must pay attention to respecting the law and obeying the law."

Li Zhishen listened to this, but he didn't dare to relax. The man in front of him was too terrible. He all cried, "Fu Shao, you said what you want me to do." He couldn't stand such a mental torture. He knew that the Fu family was so terrible. Yesterday night, he was killed, he did not dare to start Fu Shuyi.

"Lu Yimeng is desperate and wants to kill you, so you let her go so easily?" Fu Chenxuan said with a deep meaning.

"She didn't want to kill..." Li Zhi said subconsciously, saying a few words, what did Fu Chenxuan mean, looked at him in horror, probably frightened by his own thoughts, and suddenly fell to the ground , Involving the wound on his body, he screamed when it hurt, but immediately covered his mouth.

Fu Chenxuan looked at him with a smile.

Li Zhishen immediately said, "Yes, she is desperate and wants to kill me. Otherwise, if Miss Fu stops, I might be killed by her now. I want to sue her, and I want her to go to jail."

Fu Chenxuan was very satisfied and stood up. "We must pay the due price for doing the wrong thing. We are all good citizens who abide by the law."

Li Zhishen watched him leave, his heart was cold, now it is Lu Yimeng, should he turn to him next? He did not think that the Fu family would let him go like this. But even if he knew that Fu's family would not let him go easily, he would not dare to tell the truth. If obedient and obedient, perhaps Fu's family would be merciful?

Fu Chenxuan made a phone call after walking out of the ward, "I want all the information of the Li family, especially the evidence of Li Zhishen's mischief in the past few years, and then give the evidence to the victim's family to let them prosecute. "

The person at the end of the phone said something, Fu Chenxuan's face was black, "Is there anything less than your money? Wait a minute, I will call you a deposit, do something clean, don't let people know that I gave you permission."

Hanging the phone, Fu Chenxuan lightly hooked his mouth, hurting his younger sister, where there is no reason to pay a price. By doing so, he can be regarded as a victim for the people.

\*\*

Bai Junnan went out to buy food for Fu Shuyi. When he came back, there was only Fu Shuyi in the ward. "Book art, what about your brother?"

"My brother went out to answer the phone, didn't you see it?"

Bai Junnan shook his head. "It is estimated that it is staggered. Ignore him first. I am hungry or not. Do you want to eat something first?"

Fu Shuyi shook her head, where she now has an appetite, as soon as she remembered the things last night, she was afraid, really terrible.

Bai Junnan can see at a glance what she is thinking, put the food aside, sitting on the bed and holding her hand, "Book Art, look at me."

Fu Shuyi looked at his eyes, "Brother Jun Nan."

"Book Art, I know that you are kind-hearted and do not want to make people think too bad, let alone think that Lu Yimeng would treat you this way. This is the way people said that last night's things were not your fault, You don't think we have any guilt in doing this. It was originally the two of them who designed you, and it is appropriate for them to pay the price." He worried that Fu Shuyi would be guilty because they let Lu Yimeng take responsibility.

"Brother Jun Nan, do you also think I am stupid, knowing that people are not as simple as they seem on the surface, and go out to play with people silly?" Fu Shuyi's mood is a little low, she has been thinking about what Fu Chenxuan just said, Even she felt stupid.

Bai Junnan smiled gently, "Fool, I have said that these are not your faults." Fu Shuyi had too few experiences and was protected by his family too well. He didn't understand the sinister heart.

"Brother Junnan, why do you think people's hearts are so complicated? I think I usually treat Lu Yimeng as well. Last time, I helped her out. Why did she treat me this way? Is it just because my life is better than is she superior? I was not born to choose."

"Book art, birth is not something we can choose, but it is our own choice to choose the way of life. What you did is right. What is wrong is the hearts of the people. Lu Yimeng is too greedy. She is not satisfied with her life, but she is not Ken is willing to change through his own efforts, always thinking of getting something for nothing. Such a person is destined to have an unstable state of mind. Once something happens, it is easy to have a distorted personality, so as to do some crazy things. You don't have to be troubled by such a person."

Fu Shuyi lowered his head and his voice was very soft, "I always thought that treating oneself with sincerity would be able to change one's heart."

"Book art, if you change your heart, you also need to see the right person. Some people can see your heart, and they will naturally return the heart, but some people's eyes are just decoration, you can't see her no matter how good you are, even some people are right. She is better than ninety-nine points, and she will only remember that you are not good to her, and Lu Yimeng is obviously the latter. You can see clearly earlier, this time it should be eaten This lesson, in the future you will learn who is sincere to you."

Fu Shuyi lowered her head and thought, she was not a fragile person, but the impact of last night's incident on her was too big, plus she was scolded by her elder brother when she woke up, and her heart was inevitably lost. Now she is so comforted by Bai Junnan, naturally it is much better.

"Brother Jun Nan, I am hungry."

Bai Junnan arranged the food he bought. "Your hand is injured and it is not convenient to eat. I will feed you."

Fu Shuyi's right hand was injured. It was indeed inconvenient, so he didn't refuse.

While the two were feeding, the door of the ward was pushed again, and Fu Hengyi and Shen Qinglan arrived.

Fu Hengyi saw the scene in the ward with a sullen face.

Fu Shuyi and Bai Junnan didn't expect to be known by Fu Hengyi and Shen Qinglan so quickly, but they hadn't met them on the spot yet.

**562 Chapter 542: He Is My Love Forever (End) (24)**

, Mom, why are you here?"

Fu Hengyi's eyes glanced at Bai Junnan and didn't take care of him. "You are all hospitalized. Why do you say that my mother and I are here?"

\*\*

In the police station, Lu Yimeng was very emotional, "He talked nonsense, the person who hurt him was not me, it was Fu Shuyi, I was wronged."

The policeman who asked the question had a black face, "The victim Li Zhishen said it personally. Why does he have wronged you?"

"He was afraid of offending Fu's family, so he put all the blame on me. I was really wronged. I didn't hurt him. It was Bai Junnan. Bai Junnan forced the glass into my hands and my fingerprints would be It's none of my business to stay on the glass."

Lu Yimeng had no idea that Fu Shuyi had not been calculated successfully. Instead, she entered the police station. She woke up in the hospital and was taken here. The police had already said that the Li family wanted to sue her for intentionally hurting people and causing others Seriously injured.

She secretly hated Li Zhishen for being useless, and even a woman who had taken a medicine couldn't deal with it. At the same time, she hated Fu's family and Li Zhishen's despicability and shamelessness.

The door of the interrogation room was opened, and a policeman came in. He whispered something in the ear of the inquiring policeman, put a document in front of him, and went out again. The inquiring policeman looked at Lu Yi Meng, "Just got the news, the Li family wants to sue you for intentionally killing people. I advise you to tell the truth the truth."

Lu Yimeng looked at the police officer in shock. He had just deliberately wounded people. How can he become a deliberate murder now? Even if she didn't study law, she knew there was an essential difference between the two, and she immediately responded, "It must be Fu Shuyi, and she must have instructed Li Zhishen to do this. I didn't hurt anyone, nor did I want to kill. , They wronged me!"

The inquiring police officer looked at the documents he had brought and shouted at Lu Yimeng unheard, calmly speaking, "This is Li Zhishen's confession that he just brought. He personally admitted that you love him, but he I like Fu Shuyi, so I refused you. I went to the club that day, I wanted to confess to others, but I designed it by you. Fu Shuyi drank the water you prepared for him by mistake, you got into a dispute, you were impulsive He hurt him with the fragments of the glass next time, and even wanted to kill him. Fu Shuyi was stabbed by you in order to stop you. What do you have to say?"

"It's all nonsense. Just because of scumbags like Li Zhishen, I would only fall in love with him when I was blind. I was wronged. The two of them set fire to wrong me!" Lu Yimeng refused to plead guilty.

Volume one 31. 31. Fu Ye who was upset by his daughter

Fu Shuyi whispered, "It must be my brother's words, this big mouth."

"What are you whispering?" Fu Hengyi looked cold, and naturally saw the gauze on her daughter's hand. The frown was tight.

Fu Shuyi immediately smiled, "No, I'm saying my brother went out to answer the phone and the person was gone."

Fu Hengyi ignored her careful thought, "How is the body?" The cause and effect of the matter he had already figured out on the way to come, and naturally knew who had started his baby daughter.

"It's okay, you see I'm alive and well now." Fu Shuyi didn't want her parents to worry, and said as lightly as possible.

Fu Hengyi wanted to teach her daughter, but when she saw the presence of outsiders, she suppressed what she wanted to say and sat on the side with a sullen face.

Compared with Fu Hengyi, Shen Qinglan was much calmer. She glanced at her daughter and saw that she was in good spirits. She should have no other injuries, so she was relieved.

Turning his eyes, he looked at Bai Junnan.

Bai Junnan looked a little embarrassed. He was hit by such a thing on the spot. He didn't think about it, but soon, he calmed down. He and Fu Shuyi are justified boyfriends and girlfriends, and they are not blind. They are just seeing their parents earlier. .

He stood up, polite and gentle, "Good uncle and aunt, my name is Bai Junnan, yes..." He paused, not

knowing how to introduce his relationship with Fu Shuyi.

Fu Shuyi lowered her head, excuses, and whispered, "He is my boyfriend." She didn't dare to look at Fu Hengyi's eyes.

Fu Hengyi's eyes cooled instantly, and Bai Junnan's eyes were fierce and dangerous. Bai Junnan's body suddenly stiffened, and a sweat was secretly pinched in his heart, which was too stressful.

Shen Qinglan just glanced at him lightly, but at a glance, it also gave Bai Junnan great pressure. Bai Junnan wanted to cry without tears, but his face still kept a smile.

"Bai? Are you from Baijia?" Fu Hengyi frowned, obviously impressed Baijia.

This time Bai Junnan was surprised and nodded. "Yes, Zhang Suxin is my mother." It was still gentle and polite.

Fu Hengyi's face didn't get better because of what he said, but just said, "My daughter troubled you to take care of it. Now that there is me and her mother in the hospital, Mr. Bai will be busy if he has something to do."

This is a naked order to chase away customers. Bai Junnan is not an idiot. Naturally, Fu Shuyi is anxious and wants to talk. Bai Junnan winks at her and Fu Shuyi shuts her mouth.

"I'll leave that uncle and aunt first." Bai Junnan smiled.

Fu Hengyi said nothing, Shen Qinglan's mouth twitched a shallow arc, "Go back to the road and pay attention to safety."

Fu Hengyi heard the words, humming, Bai Junnan silently nose, he does not seem to please the future father-in-law. However, it can be understood that if he had a daughter who was like a woman like a flower and like a bead like a treasure, he was snatched away by an outsider before he was petted enough, and he did not have a good face for this outsider.

"Don't look at it, your eyes will fall on others." Fu Hengyi was not angry, facing her daughter, she didn't have a cold face.

Fu Shuyi grumbled dissatisfiedly, "Dad, why are you so fierce to Brother Jun Nan? They saved me last night."

Not to mention that things were okay last night. As soon as I mentioned it, Fu Hengyi's face was completely black. "It's so stupid to look at a pretty smart girl. I won't say it's my daughter when I go out."

Fu Shuyi aggrieved and looked at Shen Qinglan, "Mom, look at your father. He is like his brother. Even if he doesn't comfort me, he still satirizes me."

Shen Qinglan is funny, "The heart of anti-human is indispensable. If your mother told you from an early age, who made you feel like a deaf ear."

"I must have sent it when you were shopping in the mall. I didn't feel distressed at all." Fu Shuyi whispered, but Fu Hengyi heard it clearly. She raised her hand and tapped on her forehead. "Dare to say."

Fu Shuyi clutched her forehead. "Dad, you will be stupid." She used her injured hand. The bandage on her hand was really dazzling, and Fu Hengyi looked distressed.

Take down her hand, "Is the injury serious?"

Fu Shuyi shook his head, "It's not serious, the doctor said it would be fine after a while."

"Where did you hurt besides your hand?"

Fu Shuyi pointed to the thigh, "I hurt myself, I have a decent position, I didn't take a hard hand, it was a skin injury." Fu Shuyi explained that she didn't want her parents to worry about her.

"You are a fool. In the future, you will have a quick eye. When you encounter something, you call the family immediately." Fu Hengyi looked down, counted her daughter, and Fu Shuyi was not afraid of his father's cold face, but Shen Qinglan. Talking, but Fu Shuyi's eyes on his mother always felt careful and trembling.

Shen Qinglan didn't say anything considering her daughter's mood, but just spoke lightly, "What's going on with your boyfriend?"

As soon as she opened her mouth, Fu Shuyi wanted to cry. It was really her mother-in-law, which pot was not opened. She chuckled and started pretending to be stupid. "That's the same thing. People I like just like me, just Together, chant." She said lightly.

Fu Hengyi frowned, "If I remember correctly, is he a friend of your brother?"

Fu Shuyi was guilty and nodded. How did her dad know so much?

Fu Shuyi frowned more tightly, "Are they the same age?"

Fu Shuyi nodded again.

Fu Hengyi's face was black, and he said earnestly, "Book art, that man is too old, you are four years old, you are all old men, don't all your little girls like small fresh meat?"

Fu Shuyi blinked, thinking about whether to remind her dad of the fact, "Dad, in fact, the little girls like

uncles, they have a sense of security, and Jun Nan is not an uncle, four years old, not very big. "

"Three-year-old generation gap, there is already a generation gap between you, why is it not big?" Fu Hengyi looked at her daughter disapprovingly, his daughter is still young, and it is still too early to fall in love.

Fu Shuyi glanced at her mother and whispered, "Mom has already received the certificate with you at the age of 21, and Dad, you and your mom can be worse..." Ten years old. The last three words swallowed back under her father's pan-like face.

"Can your mother and I be in the same situation as you?" Fu Hengyi was choked by his daughter's blood in his throat and couldn't spit it out. He looked at his wife's still young face in the corner of her eyes. Although my mother was only twenty-one years old at that time, her mind was much more mature than you, and she would see your father and me.

Shen Qinglan seemed to understand the meaning of her husband's eyes, and her eyes were full of smiles. She had no opinion on the matter of her daughter's love. The daughter was older. Sooner or later, there would be such a day, but this one in her family would be difficult to accept. Who made his daughter a little lover of his previous life? Now that the little lover has her own big lover, don't want him as a dad, you may be lost in your heart.

"Dad, Jun Nan is very good. I like him very much. He is also very kind to me. You will know when you come in contact with him." Fu Shuyi saw his father's face was ugly and hugged his arm and began to be spoiled. "And no matter what I do Who I like, my favorite man is always Dad."

The latter sentence clearly pleased Fu Hengyi, his face slowly softening, "You will have a sweet mouth."

"How do you know him and how much do you know about his situation?" Shen Qinglan is not like Fu Hengyi. She was filled with a few words of fascinating soup.

Fu Shuyi looked embarrassed, "Mom, I am in love with others, but I am not investigating the hukou. I ask what I do so clearly."

Shen Qinglan and Fu Hengyi glanced at each other, and they knew that the silly girl in her family would be like this, but this matter was not in a hurry, they only fell in love.

"Mom and dad, I'm fine, and I will be discharged soon. You go back first." She knows that her dad is now accompanied by guards, and it is very troublesome to go out.

Fu Hengyi deliberately rushed back from the military area today. There was another important meeting in the afternoon. He really couldn't stay in the hospital. After spending time with his daughter in the ward, Shen Qinglan stayed with his daughter.

Fu Shuyi looked at the empty ward and the mother who was cutting her apples with a fruit knife. She

seemed uncomfortable. She seemed to have inherited her mother's other advantages except for her appearance.

From an early age, she heard Aunt Enxi tell her mother's legend. Last night, if she changed to her mother, she would definitely not be as embarrassed as her.

"Mom." Fu Shuyi whispered.

Shen Qinglan looked at her, her brows were light, "Where is it uncomfortable?"

Fu Shuyi shook his head, "I don't feel uncomfortable, I just feel stupid. My brother has reminded me, I have noticed it, but I followed the people stupidly and drank the drinks from others. I didn't even have any brains. You deserve it."

Shen Qinglan nodded and echoed, "The perception of myself is quite clear, and it is not stupid to get home."

Fu Shuyi stayed awkwardly, "Mom, shouldn't you comfort me?" Mom, don't you follow the routine?

Shen Qinglan chuckled and handed her the apple, "What comforts you? Do you need my comfort?"

Fu Shuyi took over Apple and tilted her head for a while, shaking her head. She really didn't need it. She was not so vulnerable.

Shen Qinglan took a paper towel and slowly wiped clean the juice accidentally on his hands, slowly speaking, "Book Art, my parents used to protect you so well, but I forgot the way of life and can accompany you. It is never us who will go to the end, nor can we give you asylum for a lifetime. In the future, my father and I will learn to let go and let you go by yourself."

This incident was a lesson for Fu Shuyi, and was it not a reminder to their parents. Her childhood experience gave her more tolerance for this daughter, who was very similar to herself, and could not bear to let her go. Seeing the dark side of society led to her so simple personality.

"Mom, what do you think of my brother Jun Nan?" Compared to myself, Fu Shuyi is more concerned about this matter.

Shen Qinglan looked at her daughter with a smile, and the girls were extroverted. This is not bad at all. Their family is no exception. They haven't been married yet, so I am "Junnan Brother". Fortunately, Fu Hengyi is gone. If you know that your daughter is thinking of an outsider, you might be lost.

"Just like him so much?" Shen Qinglan asked her daughter.

Fu Shuyi nodded. "At least I really like it. Jun Nan is different from the boys who confessed to me."

Shen Qinglan laughed, what's the difference, only one is the daughter's favorite, the others don't like it, the lover's eyes show Xi Shi, but so.

"Invite him to be a guest at home another day." Although I met once today, I just met for a moment. I haven't got a specific understanding of it. It's a matter of life for my daughter. Even if you restock, you should ask.

Fu Shuyi hesitated, "That father there..."

"It's okay, I will talk to your father."

Fu Shuyi smiled, "Mom, you still hurt me."

Shen Qinglan laughed. She gave birth to three children. Although Fu Chenxuan and Fu Shuyi inherited her and Fu Hengyi's appearance, this temperament was nothing like the two of them. Especially Fu Shuyi, whose mouth is sweeter than sweetened honey.

Shen Qinglan had already called her son. Fu Chenxuan knew that she was there and went straight away. There were two scumbags waiting for him to cook. There was also the Li family. People who can raise such sons are not good people. They can't remember without giving them a lesson.

Regarding her daughter, Shen Qinglan did not intend to take action. She knew that Fu Chenxuan had already taken action.

The incident of Fu Shuyi reached Shen Junyu's ear somehow. At the time, Fu Chenxuan was planning to start with the Li family. Shen Junyu took the first step and directly suppressed Li's company business.

The Li family didn't understand what was going on at first. After all, they didn't offend the Junlan Group. This was suddenly suppressed. It was really strange.

They wanted to go to Shen Junyu to discuss an argument, but they couldn't even see it. They asked their friends to inquire about it, only to learn that Li Zhishen had offended Fu's money.

The other party did not say why Li Zhishen would offend Fu Jiaqianjin, but just relayed it to Shen Junyu who wanted him to. When the parents of Li learned that, they rushed to the hospital and questioned Li Zhishen.

At first, Li Zhishen did not admit his life and death. If his father knew about this, his father would have to kill him.

"You bastard, do you now know how much trouble you have caused to your family? In just a few days, the company's profits have shrunk by 30%. You want to watch the company go bankrupt, let us Isn't the whole family going to drink the northwest wind?" Li's father was furious. This disgruntled son would only cause trouble to the family. Even those in the past can be settled. After all, they can be settled. Do

you know what kind of people those two are?When they move their fingers, the Li family will be finished.

What did Li Zhishen think of the consequences? In this way, the Li family is the basis for his survival. If the Li family falls, he will have nothing, not to mention that he is now a waste person, so he dare not hide things and keep things down. Originally said.

Father Li didn't know it was okay. After he knew it, he wished he could rebuild the son of the bastard on the spot and rebuild it. What kind of sin did he create?

"You, now give me a petition to the Fu's family immediately, and you will not be allowed to come back without the forgiveness of Miss Fu's family." Father Li pulled his son off the bed.

Li Zhishen struggled, "Dad, I'm still hurt. I'm not good at hurting, how to go." He wouldn't go to Fu's house, he would be torn by birth.

"You have to climb to Fu's house even if you climb!" Li father ignored his son's struggle and dragged him to the ground.

Li Zhishen looked at his mother, "Mom, you help me, my dad will kill me, if I go to Fu's house, can I still live out?" Li Zhishen at this time did not know that the girls he had bullied The family is preparing to sue him, even if he does not go to Fu's family to ask for guilt, it is the court summons that awaits him.

"Even if you died in the Fu's family, you have to go. If you have the courage to go into trouble, you won't have the courage to settle. Li Zhishen, I tell you, you have to go today, and you have to go without it!" Scales are hard at heart. This trip must go, and it must be Li Zhishen himself. He does not worry about what the Fu family will do to his son. After all, the Fu family is a military and political family, and it is impossible to know the law and break the law.

So, when Fu Chenxuan came home, he saw the scene of the Li family standing at the gate of the courtyard to make sculptures. Li Zhishen even wore a sick suit.

He didn't get off the bus and drove directly past them. After Li Zhishen's family reacted, he was already far away.

Back home, Fu Chenxuan did not mention this matter to his parents. Fu Shuyi had been discharged from the hospital and went home. In these days, Fu Hengyi said that she should not go anywhere until her injury was completely cured.This might not prevent her from meeting her boyfriend of "old bacon".

Shen Qinglan saw through Fu Hengyi's careful thought, and it was not broken.This daughter is about to be abducted. Always consider his old father's heart.

Fu Hengyi and Han Yi now belong to the same world. The two of them have been in close contact these days. They gathered together either to sigh the extroverted girl or to say that the man outside the

vomiting did not have a good thing. Mimi then abducted their pearl.

Finally, the guard came in and told Shen Qinglan about the Li family. He couldn't help it. He wanted to find Fu Hengyi. But Fu Hengyi was busy communicating with Han Yi about "adult daughter experience". Where can he find time to take care of him.

Shen Qinglan listened to the guard and raised her eyebrows, "How long have you been waiting outside?"

"It's been more than an hour." They just came in because they couldn't leave.

"Let them go directly. If you don't want to go, don't worry about them." Shen Qinglan said lightly. She knows what her brother has done over the past few days. This is also interesting for the Li family. She didn't come to apologize when she had an accident. Now she knows that she can't apologize. Is it a bit late?

Fu Chenxuan naturally heard the words of the guards and did not take the precautions. The materials on his side were almost ready. Within a week, Li Zhishen would receive a summons from the court and go to the prison to accompany Lu Yimeng.

I forgot to say that Lu Yimeng has been locked in a detention center because the Li family sued her for intentionally killing. In the middle, her family wanted to bail her. However, Fu Hengyi personally greeted the director. This bail was naturally unsuccessful.

Lu Yimeng went in and realized that she was afraid. She wanted to see Fu Shuyi. She knew that according to Fu Shuyi's nature, as long as she truly apologized, Fu Shuyi would eventually be soft-hearted. As long as Fu Shuyi was willing to let her go, she could escape at least, but this The request was rejected directly.

The first volume of the second visit

Shen Junyu and Fu Chenxuan joined forces to suppress the Li family. The Li family was blown out of breath. If they continue this way, within a month, they will declare bankruptcy.

Father Li had a trembling life every day. I was afraid that the company at home would close as soon as he opened his eyes. He regretted indefinitely why he didn't discipline his son well, which led him to break out of such a scourge. If he could, he really wanted to change this The son returned to the furnace to rebuild, but now it is too late to say anything.

Father Li was thinking about pressing his son again to indemnify Fu's family. The police came to the door because the son was suspected of multiple rapes and rapes. Now the family has reported the case.

"Mr. Police, is it wrong, my son will not do such a thing." Mother Li defended her son.

Father Li understood that when he heard it, it must be that the Fu family moved behind his back,

because several of the victims said by the police were made by him personally, and the evidence was also destroyed by his own hands. Those who promised not to Suddenly, the person who would pursue them suddenly sued collectively and also produced evidence that had already been destroyed. He would not believe that without the Fu family's participation.

He took the wife who asked for love and let the police take his son away.

"You are crazy, Zhishen is your biological son. How can you watch him be taken away." Mother Li blamed her husband, her son is still injured, how can he go to the police station to suffer.

Father Li has grown a lot during this time, with white hair on his head, and his face is chilly when he hears his wife. "You have the ability, you will come forward and smooth things out. I told you not to spoil or spoil. You don't listen, and now you have half the responsibility for the result."

Her husband was angry, and Li dare not dare to face him. What kind of situation was the family at this time? She saw it with her own eyes. If the Fu family refused to stop, it would be their family, not to mention the son. , That is, their family must go to the street to ask for food.

"Do you really want to let your son go in?" Mother Li was heartbroken.

Father Li said with resentment, "Otherwise, what can he do, who doesn't keep his eyes open, who doesn't move well, and move the daughter of Fu's family!" Anyway, he still has a son, although it is not very good, at least not so bad.

Mother Li looked sad, "Can't we ask for Fu's family anymore?"

"How many days have we all been there, are people willing to see you? It's not enough to be chased a few times, and continue to go to shame?"

Mother Li was silent. Indeed, people did not want to see them at all, and the entrance to the military compound was not so good. Didn't see the guards at the entrance?

The Li family knows that Li Zhishen can't help it, and he is silent. In addition to symbolically asking him a lawyer, there is no other action. Li Zhishen immediately understood that he was brought to the Fu family by his family. Indemnified.

He was making a lot of noise in the detention center, but there was nothing to make up for. His parents did not want to come to see him at all. This was completely abandoning him. Thinking of this, there was a despair in his heart, more hatred. It's a hatred of Lu Yimeng. If it weren't for this damn woman, how could he fall to such a level today. Lu Yimeng is also hating him, if not this man, she is still enjoying her college time.

Lu Yimeng's request to see Fu Shuyi was refused. She could only ask her parents to go to Fu's house for pleading. Only then did Lu Lu's mother know what her daughter did.

"Do I lack you to eat or wear you? I and your mother have given you everything. How can you be so degraded, Yimeng, you are too disappointing me." The daughter is really good at her heart, and has not been stingy with money, and tried her best to give her the best life. How could she develop such a love for vanity?

Lu Yimeng looked irritable, "Dad, now is not the time to say this, do you really want me to go to jail?"

"Aren't you really hurt?" Lu Fu suspiciously.

Lu Yimeng's face fell down, "Dad, I am your own daughter, don't you want to believe what I said? I have said it many times, it is Fu Shuyi who hurts, not me, they are just for revenge me. Only then was the crime accused of me, I admit that I was greedy for vanity, but I haven't the courage to hurt anyone."

Father Lu looked at his daughter fixedly. This was his only child. Even if the person really hurt her, he couldn't just sit back and ignore it. "You stay here, your parents will find a way." With his wife out of the detention center, he went straight to the military compound.

The two naturally could not get in. Lu Fu and Lu Mu were not entangled. They knelt directly at the gate of the military compound and immediately attracted everyone's attention.

Shen Qinglan listened to the report of the guards and thought for a while, opening his mouth, "Let them come in."

The guards went out to pick up people, but Shen Qinglan went upstairs to call her daughter, "Lu Yimeng's parents are here, you go to see them."

Fu Shuyi was chatting with Bai Junnan. Hearing his mother's words, he was stunned. "Oh, okay."

Lu Fu and Lu Mu are here for the first time. They are ordinary working-class people. Where they have contacted people at this level, they did not dare to move there for a while.

Shen Qinglan and Fu Shuyi came down from upstairs. Mother Lu looked at the two in front of her and couldn't guess the relationship between the two. At the moment, Shen Qinglan looked too young and said that she was Fu Shuyi's sister. She believed it.

"Book art, this is Lu Yimeng's parents." Shen Qinglan took the lead and looked at the couple. "Sit down, Aunt Zhu, please make two cups of tea."

Aunt Zhu responded and turned into the kitchen.

"Uncle and aunt, please sit down." Fu Shuyi said politely.

Lu Fu and Lu Mu looked at each other, and sat down on the sofa carefully, only halfway, with a little

caution. Father Lu rubbed his hands and hesitated to say, "I know I didn't teach my daughter well, so Yimeng became like this, but Mrs. Fu, Miss Fu, Yimeng already knew that she couldn't get out of the detention center, only I can apologize on behalf of our parents, Miss Fu, sorry."

Lu Shufu bowed deeply to Fu Shuyi. Fu Shuyi was shocked and hid to the side. Fortunately, she was an elder. She could not bear it.

"You don't want to be like this. Lu Yimeng is Lu Yimeng. You are you. She made a mistake and didn't make you apologize." Fu Shuyi pursed her lips and said.

"The child doesn't teach, it's my father's life. I didn't teach my daughter well, and it made her think bad. This is my fault. I should apologize to you too. It's just that I am such a daughter. She is still young. My life is still very long. I also ask Miss Fu to show her compassion and bypass her this time. I promise to discipline her well and will never let her make such mistakes again."

Fu Shuyi glanced at her mother a little helplessly. Shen Qinglan sat there without saying a word, and left it to her daughter to handle it. Seeing her mother not taking care of herself, Fu Shuyi understood that only you can make the decision today.

She looked at Lu Fu and Lu Mu in front of her. Seriously, Lu Lu and Lu Lu were simpler than she thought. The couple looked like honest people. How could they develop Lu Yimeng's temperament?

"Uncle and aunt, I'm sorry, I can't help this matter."

Mother Lu heard the words and looked up at her, "Miss Fu, Yimeng told us that the person wasn't the one who hurt her. I understand that it was because she hurt you first that she would blame you, but now the other party will sue her. Homicide, if convicted, she will be half of her life, so I beg you, don't embarrass her."

Fu Shuyi was stunned. She naturally understood the meaning of Mother Lu's words. A coldness flashed in her eyes and spoke slowly, "Have you ever thought about it, if my boyfriend didn't arrive in time that night, my result would be how is it?"

Lu Fu and Lu Mu looked stiff, and Lu Mu whispered, "But aren't you all right now?"

"Just because I'm fine, do I have to forgive the person who hurt me? Actually, I really want to ask Lu Yimeng, if my boyfriend didn't arrive that night, would she save me?"

The answer is naturally no. If it is, she will not persevere to persuade Li Zhishen when Li Zhishen hesitates when she reports her identity.

Thinking of this, the slightest trace of Fu Shuyi's rising heart suddenly disappeared, ignoring Lu Fu and Lu Mu's pleading eyes, and stubbornly opened her heart. I can't do anything to help you. Instead of begging me here, you should persuade Lu Yimeng to let her be frank and ask for leniency."

She turned her head and didn't want to see Lu Lu's eyes. Lu Lu wanted to beg, but she met Shen Qinglan's eyes, and the rest of the words could not be said suddenly.

Father Lu knew that pleading was useless, so he had to leave Fu's family with his wife. In fact, he could understand Fu's family's ideas.

"Mom, do you say that I am too inhuman?" After the couple of Lu family left, Fu Shuyi asked her mother softly, she saw the disappointment after the couple's eyes had been expected.

Shen Qinglan's expression was faint and he did not answer the question, "Why did you choose to refuse?"

Fu Shuyi thought for a while and said, "I just think that if you do something wrong, you should accept the punishment. If Jun Nan didn't arrive in time that day, Lu Yimeng won't save me because of intolerance. Mom, I'm a selfish person. , I can't forgive those who hurt me so generously."

Shen Qinglan touched her daughter's hair, and there was a touch of relief in her eyes. She didn't need her daughter to be a virgin. She had her own principles and bottom line, which was good.

"Tanto, you did a great job, you are great, your mother is proud of you."

Fu Shuyi looked at her mother unexpectedly and didn't seem to understand why such a ruthless approach would be appreciated by her mother.

Shen Qinglan smiled, "In book art, you must be kind. This is the bottom line, but you cannot be blindly kind. It is the so-called human kind being bullied and Ma Shan being ridden. Mother hopes you understand that you must be selective and kind. For some people, your kindness is to give them a chance to be reformed, and they will be reborn, but for others, your kindness is nothing but help and abuse, seeing the evil in their hearts is infinitely inspired , And this middle degree requires you to grasp it yourself."

"Mom, don't you think I'm too cold-hearted and ruthless, as Lu Yimeng's mother said, I'm okay now, but Lu Yimeng went in and changed to be an ordinary person, and I think I want to forgive her Isn't it?" After all, Lu Yimeng's accusation of hurting her was a fact.

"This is what I said, there are choices, bottom line, book art, some people are too poisoned, obsessed, your forgiveness is a kind of indulgence." When Shen Qinglan said this, he couldn't help thinking of Li Xitong, the name and her I almost forgot. Isn't Li Xitong like this? Greed, selfishness, unrecognizable reality, perseverance, and ignorance will eventually kill themselves.

Fu Shuyi's face was contemplative. After thinking for a while, she looked up at her mother, "Mom, I seem to understand."

Shen Qinglan smiled happily, "I just figured it out, yes, your dad called last night, he came home the day after tomorrow, and invited your boyfriend to dinner at home this weekend."

Originally, Bai Junnan should have come to visit Fu Jia's door, but Fu Hengyi had something to do temporarily and left for a while, so it was delayed.

As soon as Fu Shuyi heard it, he was nervous. "Is Dad coming back? Why is it so fast."

Shen Qinglan was speechless. If Fu Hengyi heard this, he would be sad again. This daughter is really white raised, not at all intimate. What a small cotton-padded jacket is an illusion.

"Don't be nervous, your father is a reasonable person and won't do it." Shen Qinglan comforted her daughter.

Fu Shuyi was so comforted by her mother that she was more nervous. Her dad wouldn't do it, but her dad's aura was very scary, okay.

"Mom, please help Jun Nan to say a few good things." Fu Shuyi looked at her mother flatteringly. There is no way. Don't look at her dad's most painful child, but her favorite person must be her mother. Ten words on top of the words.

"Are you sure I want to speak for him?" Shen Qinglan raised her eyebrows slightly. She was okay, but Fu Hengyi didn't know whether to eat this set or not.

Thinking of something, Fu Shuyi quickly shook her head, "No, no, mom, I suddenly felt that it would be better to let Jun Nan go by himself. He wanted to be with me and he always had to pass his father's level." Forgot, her dad is still a vinegar barrel, and even eats the vinegar of the three of them, not to mention Jun Nan, don't become a helper by then.

\*\*

On Saturday, Bai Junnan woke up at five in the morning. There was no way. The first time he came to see his future father-in-law, he was nervous. Last night, he didn't sleep well. He was always thinking about what to discuss with his future father-in-law. The first time I did such a thing, I had no experience, so I called Fu Chenxuan at three in the morning and wanted to learn from it.

Fu Chenxuan's sleeping Zheng Xiang was awakened by someone, and his heart was full of anger. After listening to his words, he sneered, "You mean that I have experience? Bai Junnan, your brain is flooded in the middle of the night, right? ."

Bai Junnan remembered this. He heard Fu Shuyi mentioned that Gu Qingzhu's parents had already passed away. He was embarrassed and hung up the phone in a hurry.

Since Fu Chenxuan couldn't count on it, Bai Junnan could only rely on himself.

Zhang Suxin got up and passed his son's room. When the door was open, she walked in. Her son was picking clothes in the cloakroom. He saw his brow furrowed, holding a suit of suits on his body, showing dissatisfaction. .

"Jun Nan, what are you doing?" Zhang Suxin said.

When Bai Junnan saw his mother, it was like seeing a savior. "Mom, you came just right. Help me pick a dress."

Zhang Suxin walked in, "Are you going to participate in any important occasion?" The son's clothing is very good, any clothes here are suitable, where need to choose so painstakingly.

"Go to the future father-in-law's house to visit." Bai Junnan said truthfully.

Zhang Suxin made a move, future father-in-law?She seems to have missed something important.

"Jun Nan, what future father-in-law?"

Bai Junnan looked at his mother, only to remember that he had never told his mother about having a girlfriend, shame, "Well, mom, didn't I tell you? I made a girlfriend and she's called Fu Shuyi."

Zhang Suxin frowned, surnamed Fu?

"A lot of money for the Fu family in Beijing?"

Bai Junnan nodded.

Zhang Suxin knew that his son and Fu's son knew each other, but he didn't know when they had an intersection with Fu's family, but no matter what he said, it was a good thing. It's strange, "You said you are such a big boy I just told me now that you are going to be a guest today. Where do you ask mom to prepare gifts for you in a moment?"

Bai Junnan laughed, "Mom, don't worry about the gift. I'm ready. In fact, I haven't been in contact with Shuyi for a long time. I was planning to wait for our emotions to stabilize a little longer. I was hospitalized comfortably, but I was hit by her parents. I was invited to dinner by others and I couldn't refuse it."

"Go, you have to go. What did you prepare for the gift? I told you that the first time you went to the door, the gift could not be lighter. I thought that your father would go to your grandfather's house but prepared a lot of things. I almost moved the shopping mall." Zhang Suxin was very happy, but that was Fu's money, and it was the only money in Fu's family, Jin Gui was it. If his son married her, those in the group must not obediently listen to her. Son's.

And she also heard that the chairman of Junlan Group loves the only niece very much. If this relationship exists, the future cooperation with Junlan Group will not be a one-line matter.

In just a few minutes, Zhang Suxin had sorted out the interests.

Bai Junnan looked at her mother's expression and knew what she was trying to say, but it was not broken. His mother didn't object to that.

"Mom, help me pick first

### **563 Chapter 542: He Is My Love Forever (End) (25)**

A piece of clothing."

"Yes, my mother will help you look at it and promise to make you look handsome and attractive."

Zhang Suxin's smiling face, where there is a little bit of a strong woman's style, cheerfully choose clothes for his son, and also give his son an idea, "If you go to other people's house, you must be a gentleman, and leave a good impression."

"Mom, I'm not a kid, I have a sense."

"When you come back from the Fu family, remember to invite other girls to be guests at home some other day and let your mother see you."

Bai Junnan responded casually. He didn't even plan to take Fu Shuyi home now, at least he had to have enough say in the company.

Fu Shuyi swayed at the door early in the morning. When her boyfriend came to the door for the first time, she always had to greet her.

Gu Qingzhu and Fu Chenxuan also came back today. Gu Qingzhu was chatting with Shen Qinglan in the living room. Fu Chenxuan wandered to his sister with an orange in his hand. "No wonder people say that the female is not staying, this person has not When you marry, your heart flies." The tone was sour.

Fu Shuyi glanced at the orange in his hand, "Brother, this orange is sour today." The speech was full of vinegar.

Fu Chenxuan was not angry because of his sister, and threw a piece of orange in his mouth. ?"

Fu Shuyi was slightly annoyed, "Brother, can't you just talk?"

Fu Chenxuan was sour, "Fu Shuyi, you almost got it."

Responding to him was Fu Shuyi's cold hum, Fu Chenxuan saw it, raised his hand and knocked on the sister's head.

When the brothers and sisters were making trouble, Bai Junnan's car stopped at the door. Fu Shuyi saw him and immediately abandoned his brother and ran towards the entrance of the courtyard. Fu Chenxuan whispered. He now fully understands his dad's mood and is secretly secret. Decided to wait for Bai Junnan not to let go easily. If you want to marry a girl from his family, you must always show some sincerity.

"Brother Junnan, you are so handsome today." Fu Shuyi's eyes are bright and her eyebrows are curved. She and Bai Junnan haven't seen each other for five days.

Bai Junnan petted and smiled, "Are I usually not handsome?"

"Naturally handsome, but just more handsome today." In two steps, he lowered his voice. "Brother Junnan, my dad is in a good mood today, so rest assured."

Bai Junnan nodded and took out a gift from the trunk. Well, the number was a little too much.

The one who was said to be in a good mood by Fu Shuyi was chatting with Han Yi in the study. Hearing the sound of the engine of the car outside, he knew that the person was coming, and his face gradually sank.

Why did Han Yi appear here? Naturally, he learned that Fu Shuyi's boyfriend was going to come to the door and purposely woke up early to watch the show.

"What should I do with my face down, my daughter will be on this day sooner or later. Isn't that what you persuaded me." Han Yi smirked and returned to Fu Hengyi what he had sent him shortly before.

Fu Hengyi glanced coldly at his friend. This look of gloating and gloating is really punishing.

Han Yi got up slowly, "Come on, everyone is here. How long can you hide on it?"

Fu Hengyi: ...Where did he hide, but he is just a hairy kid, and is he worth hiding? Get up and walk slowly downstairs.

Bai Junnan is saying hello to Shen Qinglan. There is a light smile on Shen Qinglan's mouth. Fu Hengyi just saw it when he went downstairs, and his eyes were darker.

"Uncle Fu and Uncle Han are good." Bai Junnan greeted politely.

Han Yitao's eyes picked, "Do you know me?"

"No one should not know Uncle Han in the shopping mall in Beijing." Bai Junnan said with a smile, with a gentle and polite attitude.

Han Yi naturally knew that the Bai family was a capable young man, but the Bai family...

"Since you are here, sit down." Fu Hengyi said hardly.

The first volume Fanji 33. Is it ok?

"Since you are here, sit down." Fu Hengyi said hardly.

Bai Junnan was seated, and Fu Hengyi's eyes fell straight on him, his eyes clear and light, but with great pressure.

"How do you know my book art?" Fu Hengyi asked.

"Dad, didn't I tell you about this?" Fu Shuyi said dissatisfiedly, why did her dad ask for some reason.

Fu Hengyi glanced at her daughter, "I didn't ask you."

Fu Shuyi sat next to her father and had no plans to leave. She had already thought about it. If the father was in trouble, Jun Nan would need timely support.

Fu Hengyi naturally saw her careful thinking, and her heart became more sour, you talk about what is the use of raising a daughter, a heart is all partial.

Fu Hengyi felt deeply that since he knew that his daughter had a boyfriend, his old heart had been tied into a sieve. As a result, Bai Junnan's eyes became worse and worse, making Bai Junnan's heart tremble inexplicably. His old man seemed to dislike him very much.

Fu Hengyi asked a few questions, age, hobbies, who else in the family, Bai Junnan answered one by one, very humble attitude.

Shen Qinglan has been silently observing Bai Junnan. Bai Junnan is aware of it, but without any dissatisfaction, and occasionally smiles politely at Shen Qinglan.

Shen Qinglan looked at people, looking at details and a person's eyes. At least from the meeting up to now, Bai Junnan had nothing to dissatisfy her.

"It's almost time, let's eat first." Seeing Fu Hengyi would continue to ask questions, Shen Qinglan interrupted, Fu Hengyi looked at his wife with dissatisfaction, he hadn't finished asking yet.

Shen Qinglan met his gaze lightly. Three seconds later, Fu Hengyi looked away and said, "Let's eat first."

After he finished speaking, he glanced at Bai Junnan, don't think it was over, he was worried that his wife was hungry.

At the dinner table, Fu Hengyi is leading the topic, from military to politics, to social news, a random topic, he can finally pull Bai Junnan's body.

Fu Chenxuan silently gave Gu Qingzhu a side dish on the side. For the first time, he knew that his father, who was so quiet, had such a chatty time.

Seeing that Bai Junnan didn't eat anything, Fu Shuyi interrupted her mother several times and interrupted her mother. She silently looked at her mother and met Shen Qinglan's gentle but dignified eyes. Bai Junnan's self-seeking look is not that she doesn't want to help Jun Nan, but she is also afraid of her mother.

Fu Chenxuan didn't want his father to embarrass Bai Junnan, naturally he wouldn't help him. Simply Bai Junnan was also a person with his own thoughts. He could always say a few words about Fu Hengyi's questions and would not appear ignorant.

Bai Junnan didn't change his habit of talking while eating, so after lunch, he didn't eat much, of course, Fu Hengyi, who had been talking nonchalantly with him.

"Sister-in-law, the house is so lively." Pei Hao's hearty voice came from the door, and in a blink of an eye, his people had walked into the living room.

When Shen Qinglan saw Pei Hao and Guo Guo who followed him, he smiled suddenly, "Hao Hao, Guo Guo, come and sit."

Guoguo smiled and sat directly next to Fu Shuyi, while Pei Hao sat down next to Fu Chenxuan, his eyes turned around Bai Junnan, "This is?"

"This is a boyfriend of calligraphy, come to be a guest today." Gu Qingzhu said with a smile.

Pei Hao immediately understood that no wonder Fu Shuyi wanted to send a message to Guoguo for help. Pei Hao's illness has been cured, and he has returned to work in China. During this time, he has been dealing with the accumulation of things in the company. Today, he just took a little time to eat out with Guoguo. Guoguo received Fu Shuyi's help message. Let them hurry to the house to fight the fire.

The two of them thought what was happening, and hurried over, but now they understood something.

"Jun Nan, this is my cousin, Pei Hao, just call you Hao Ge, this is my godmother's daughter and Hao Ge's fiancée, Han Nanyan." Fu Chenxuan introduced Bai Junnan to the person.

"His name is Bai Junnan."

Pei Hao nodded at Bai Junnan, beckoning, and then looked at Fu Hengyi, "Little Uncle, Jun Nan is good."

Fu Hengyi snorted coldly, "You just looked at it and you know that people are good? Do you think you are Sun Wukong?"

Pei Hao and Guo Guo glanced at each other, his eyes full of smiles. His little uncle reminded him of the scene when he was discharged from the hospital and went to the Han family to raise his relatives a while ago. Yes, all sorts of things don't look good. Probably every father with a daughter looks like this to his future son-in-law.

Pei Hao is good at regulating the atmosphere. With his joining, even though Fu Chenxuan still chooses to stand by and watch, the atmosphere of chatting is very relaxed and pleasant.

Fu Shuyi's eyebrows were crooked. Sure enough, her brother was unreliable at the critical moment. Her eyes were blinking and cramping in the morning, but her brother just turned a blind eye, letting her father go to Bai Junnan to go to school for exams, he asked five thousand times. Years of historical civilization.

"The father of Shuyi just couldn't bear her daughter, don't be surprised." During the afternoon tea, Shen Qinglan whispered to Bai Junnan. Today, her husband is a bit overdone.

Bai Junnan still has a gentle smile on his face, "Auntie, don't say that, I understand, if I have a lovely daughter like Shuyi, I will definitely take a broom and beat my daughter's bastard boy out." With a hint of self-darkness, he easily expressed his feelings that he didn't mind.

Shen Qinglan's mouth was lightly hooked, but this person's character was good and rare.

Bai Junnan didn't leave until after dinner. Fu Shuyi wanted to give him away, but he flicked at Fu Hengyi's hard face and waved at Bai Junnan. "Brother Junnan, drive safely at night."

Bai Junnan smiled and nodded, "Okay, uncle and aunt, I will go first. Thank you for your hospitality today."

Shen Qinglan personally sent the person out of the door, which was a sign of her attitude. She agreed to the two of them. As for the marriage, Fu Shuyi is still young, and I will talk about it in a few years.

When Bai Junnan returned home, Zhang Suxin was still waiting for his son. When he saw him coming back, he immediately stood up from the couch. "I went to Fu's house today. How do you feel? Are Fu Shuyi's parents easy to get along with?"

She has seen Fu Hengyi on TV, and Shen Qinglan at some banquets from afar. They don't look like people who get along well. They look cold and cold.

With a smile on his face, Bai Junnan said, "It's very good. The parents of the book art are all knowledgeable people." Although Fu Hengyi held the day and chatted for a day, he was not without gains, whether it was life experience or knowledge, Fu Hengyi is richer than him. He also learned a lot from today's chat, and it is not too much to say that he has benefited a lot.

"Do they agree to this marriage?" Zhang Suxin's eyes flashed.

Bai Junnan glanced at his mother, the smile on his face lightened by two points, "Mom, I have no plans to get married with Shuyi." Fu Hengyi also made clear his attitude with him today. It is possible to get married. Stayed in Fushu for two years.

"Why, you are already twenty-five, not too small. Since you have already seen your parents, the marriage can be put on the agenda." Zhang Su was puzzled and finally boarded the Fu family's ship. People marry in, this duck can't fly anymore.

"Book art is still going to school, and marriage is early." Bai Junnan is not in a hurry.

"Then get engaged first." Anyway, confirm your identity first, and even though you can get a divorce even if you get married, as long as the relationship between the two people is revealed to the world, then others will mention the Bai family in the future. Dare to look down upon, especially her few ambitious young uncles, certainly would not dare to act lightly.

"Mom, I'm not in a hurry with Shuyi, what are you in a hurry about."

"Do you really don't understand or pretend not to understand." Zhang Suxin hates iron and steel, this silly son. After analyzing the stakes in it, the smile on Bai Junnan's face faded until it disappeared.

He looked at his mother indefinitely and knew her mother's character for a long time, but she never knew that she would do more calculations than she thought. It was because his father died early, so did his mother have such a big change? ?

"Mom, my marriage and love are not a deal. The feelings between me and the book art are very pure. I also like this purity. I don't want our feelings to be mixed with too many interests." Bai Junnan directly

expressed his attitude.

Zhang Suxin was a little unhappy, "Jun Nan, I didn't ask you to do anything, just let you confirm the relationship earlier, is this wrong?" She couldn't understand her son, and I didn't let you go to a commercial marriage, This is your own favorite girl, I do not object to you being together, is this not enough?

"Mom, I can handle the affairs of the company myself. Rather than thinking about how to use the power of the Fu and Shen families to consolidate my position, you might as well transfer the shares to me as soon as I become the chairman of the company. Several uncles' ambitions were strangled in the cradle, and the company was firmly in my hands."

He has his own plan for the development of the company. He also believes that as long as he has the absolute right to speak, he has the confidence to develop the company with his own ability.

Zhang Suxin accused, "Mom didn't you say, wait for the completion of this project, after you have a two-eye score, your mother will transfer the company's shares to you, all your mother is yours."

Bai Junnan looked faint, smiled, and changed the subject, "Mom, I remember you have been devoted to your career since my father died. I haven't been out for fun for more than ten years. Last time I saw Aunt Wang, they recently If you want to go to Europe to play, do you want to go with them? Speaking of which, your little sisters haven't been together for a long time."

"Where does mother have time to play? The big stalls in the company are waiting for me." Zhang Suxin refused.

"I'm in the company, or mom, don't you worry about handing over everything in the company to me?" Bai Junnan smiled.

"Your ability is not understood by others. Can I still understand it? I'm absolutely relieved to hand over the company's affairs to you. I just think that I'm old and energy is not as good as before. Can't eat enough."

Bai Junnan hugged his mother's shoulders, "Mom, you have to think like this. When Dad was in the past, your life was focused on you. You didn't have time to go out to play. Later, when Dad left, you have to guard Dad's foundation and even more time. Now, I can take your class now, and you should also rest. You can't really wait until the seventy or eighty can't walk anymore. It's a pity to lie on a recliner."

Zhang Suxin naturally understood that this was the son who wanted to let herself be empowered. She didn't want to go out, but she didn't want to tear her face with her son. After all, this was the second half of her life. After thinking about it, "OK, I have worked hard for more than ten years, indeed It's time to relax, just check your efforts during this time."

"Then let me tell you Aunt Wang?"

"No, I'll tell them myself. Jun Nan, when do you also invite Shuyi to be a guest at home?" Zhang Suxin turned the subject back to Fu Shuyi.

Bai Junnan laughed, "Mom, this matter is not in a hurry. I just came back from the Fu family. You also asked me to slow down for two days. This matter will wait until you come back from Europe."

Zhang Suxin looked at her son's attitude of avoiding talking, and her eyes were slightly displeased, but she was always a loving mother in front of her son, and naturally would not say anything, smiled and nodded, "Yes, just have your heart, mom I won't ask more."

Bai Junnan went upstairs to the study and looked at the planning book on the computer. In fact, the people who hindered him most in the company were not those ambitious uncles, but their own mothers.

At first, he saw that his mother was obsessed with power and was reluctant to let go. In order not to affect the mother-child relationship, he offered to leave the company. Now for Fu Shuyi to return to the company, the first one to persuade is his mother.

Bai Junnan knows that his mother loves him, but she loves power more. He can understand his mother, but he doesn't like to be manipulated by his mother. He also has a way to force his mother to surrender his equity, but in this way, it will inevitably hurt the mother-child relationship, less than a last resort, he does not want to do so.

\*\*

In Pei Hao's own apartment.

Guoguo lay on Pei Hao's lap and looked at Pei Hao's chin from bottom to top, "Brother Pei Hao, I still feel like I was in a dream."

Pei Hao lowered his head slightly and looked at her, "Why do you say that?"

Guoguo blinked, "It just feels magical. I used to think I couldn't be with you in my life, but I didn't expect us to get engaged in a blink of an eye." She raised her hand, a delicate diamond ring on her ring finger, yes, After Pei Hao was discharged from the hospital, they got engaged as quickly as possible. According to Guoguo, she didn't want Pei Hao to have a chance to regret it.

Pei Hao chuckled and took a kiss with her hand, "Do you believe it now?"

Guoguo shook his head, "It's still unbelievable, brother Pei Hao, I want to ask you a question, why did you resign?" The teacher is doing well, why should he suddenly resign?

"Take over my dad's company. My dad had a serious illness at that time, and it was almost impossible.

Since he proposed it, I can't refuse it. Don't you know this?"

Guoguo certainly knows, but she thinks the reason is not that simple. "Does it have nothing to do with me?" She thought that Pei Hao resigned because she saw that she liked him.

Pei Hao smiled, "what do cerebellar melon seeds think of all day?"

"Miss you." Guoguo replied for granted.

Pei Hao glanced at her indulgently, not saying that part of the reason for his resignation was indeed because of Guo Guo. With Pei Hao's intelligence, how could he not feel that Guo Guo liked himself, but at that time Guo Guo was still young, and he did not know enough about his feelings. I'm not sure if she was a fresh girl or a young girl's admiration. In addition, they were still students and teachers. If he accepted this feeling, it would not affect them both.

After resigning, his contact with Guoguo was not interrupted, and he was even more frequent. He thought about it. If Guoguo graduated, she still liked him, and he confessed, but who knows, did not wait for him Action, his illness arrived first, he can't be sure how long he can live, how can he have the heart to hurt a girl he loves, so he buried this feeling in his heart.

He was ready to conceal his whole life. Fortunately, God was merciful, and he survived. Fortunately, Guoguo still liked him.

Guoguo sat up directly in Pei Hao's arms, holding the remote control and constantly changing the TV station. "Now the TV programs are so boring, I don't want to find any time to pass."

She wanted to watch variety shows, but although there are many variety shows now, there are few good-looking ones. They are all reality shows that are funny for fun, and have no connotation at all.

"What do you want to see?"

"It's an in-depth program that can pass the time."

Pei Hao hardly watches TV. The TV at home is a decoration for him, he is even more ignorant of variety shows, and cannot provide some effective suggestions.

Guoguo is not honest in his arms, always moving around, Pei Hao is a normal man, where he can withstand such a flirtation, his body quickly reacts, his eyes deepen. Looking at Guoguo Yingrun's earlobe, he bowed his head slightly, and contained it.

The sudden warmth and wetness caused Guoguo's body to stiffen. Afterwards, he noticed something strange under his buttocks, and his entire face suddenly turned red as blood.

Pei Hao's hands clasped around her waist and drilled directly from the hem of her clothes. The skin

touched. Guoguo only felt that the skin passing by the big hand was burning like fire, and his mouth unconsciously made a bang.

Pei Hao turned her around and let her sit on his lap, Guoguo's hand was on his shoulder, lips and teeth joined, the most intense spark was blooming, the underwear button was unfastened, Guo If she only felt that a strange feeling in her body was rampant, her eyes gradually blurred.

In a quiet night, I could only hear the sound of a TV program from the TV, sometimes mixed with ambiguous chirps. The atmosphere of Pei Hao and Guo Guo was already unstable. He let go of Guo Guo and looked at her flushed cheeks And asked softly, "Is it possible?"

Volume One Fan II 34. The Fruits That Never Return to the Night

In a quiet night, I could only hear the sound of a TV program from the TV, sometimes mixed with ambiguous chirps. The atmosphere of Pei Hao and Guo Guo was already unstable. He let go of Guo Guo and looked at her flushed cheeks And asked softly, "Is it possible?"

Guoguo blushed, and under Pei Hao's fiery eyes, he yelled softly. Although the voice was soft, Pei Hao's eyes lit up, and he directly picked Guoguo and walked into the bedroom.

Putting Guoguo gently on the bed, Pei Hao turned directly to the bed and looked down at her. "It's too late to regret now." He still has a trace of reason, and there will be no chance of regret later.

The blush on Guoguo's face was getting thicker and thicker, and the eyelashes were trembling, but he didn't dare to look at him. After hearing this, he raised his head and looked at him straight, without saying anything, just stretched out his hand. He held the clothes on his chest, pulled him down a bit, and kissed Pei Hao's lips.

Pei Hao's sanity suddenly lost his helmet and gave up his armor and ran away from home. His clothes were scattered all over the floor, and the phone in the living room rang out of time.

Pei Hao's movements paused slightly, Guo Guowei closed his eyes, "Don't worry." Her cell phone rang.

Pei Hao's waist was slightly heavy, Guo Guo frowned, and the cell phone ring in the living room heard and rang again, this time it was Pei Hao.

The two looked at each other, a flash of helplessness flashed in their eyes. Guo Guo reached out and hugged Pei Hao directly, and showed his attitude with actual actions. Pei Hao gently smiled and his waist sank completely.

In the quiet night, with the stars in the night sky, only the ringing phone ringing in the living room but no one answered, and the blushing gasp in the bedroom.

\*\*

Han family, Han Yi looked at the blackened mobile phone screen again, and his face was green, "I'm not going home so late, and I can't even answer the phone now, this girl is getting more and more excessive." One gritted his teeth and grieved his heart.

Yu Xiaoxuan sat in front of the dressing table, calmly applying skin care products to her face, Han Yi turned her head, "Yu Xiaoxuan, your daughter is going to stay at night, you don't plan to manage?"

Yu Xiaoxuan lifted his eyelids, "Why do you care? They must have been with Hao Hao, they are already engaged, and half a year later it is the wedding.

Han Yi gritted his teeth, "You gave birth to a daughter, daughter."

Yu Xiaoxuan chuckled, "I was already pregnant with fruit when I married you. Han Yi, you can't be too double-labeled."

Han Yi gritted his teeth, "Can that be the same?"

Yu Xiaoxuan turned around and looked at him fixedly, "Then you tell me something different?" She wanted to know what the man was thinking.

Han Yi looked at his wife's deep eyes, forbidden, and intuitively told him that no matter what he said was wrong, it would be better to say nothing. Han Yi, who had a very strong sense of survival, felt that it was not suitable for staying in the bedroom at this moment. Get out of bed, "I think I have some things left unfinished. I go to the study, you go to bed first."

Seeing someone running away from the desert, Yu Xiaoxuan pouted, virtuous. Yu Xiaoxuan might not have been so calm before switching to another one. I don't know if she had spent a long time with Shen Qinglan, and she also learned that Shen Qinglan had a set of stocking for her children. Now she has less control over the two children. Tight.

When Han Yi went to the study, where was the office, he called Fu Hengyi directly. He felt that at this time, if anyone else in the world could understand him, it was definitely Fu Hengyi.

So in the middle of the night, I saw two old men talking over the phone to talk about the bad things about raising a daughter. Shen Qinglan heard an ear, a smile flashed through her eyes, and turned to sleep well and went to sleep.

The daughter is a little lover of the father's previous life, and it's not hers. She can't understand the feeling that the father married her daughter.

Fu Hengyi and Han Yi finished talking back to the room. Shen Qinglan was asleep. He subconsciously lightened his steps and lay down gently beside her. Shen Qinglan closed his eyes and evenly breathed.

Fu Hengyi looked at it for a while, and tucked her into the corner, and she saw Shen Qinglan opened her eyes, facing each other, Shen Qinglan raised her eyebrows, "Is communication with Han Yi finished?"

Fu Hengyi pursed her lips. After a few seconds, she laughed, "Qinglan, I'm probably really old." Only when you are old will you have such a reluctant emotion.

Shen Qinglan chuckled, "Fu Hengyi, I have been with you all the time." The children are just passers-by in the journey of life, and the only one who can really accompany them to the end is the partner, so let go when you should let go.

Fu Hengyi stared at Shen Qinglan's eyes with a faint expression, "Do you like Bai Junnan's kid very much?" Don't think he can't hear her speaking for Bai Junnan.

Shen Qinglan didn't speak, but took the initiative to hug his waist and closed his eyes. "Sleep."

Fu Hengyi snorted lightly and turned off the light. When she was going to sleep, Shen Qinglan suddenly said, "Actually, Bai Junnan is not bad. He is young and mature. Yi's vision is good."

Fu Hengyi was angry, "Hurry up and sleep."

Shen Qinglan slightly hooked his lips and closed his eyes.

Pei Hao's apartment.

When Guo Guo woke up, there was no one around her. She hugged the quilt and felt that there was no inch under the quilt. She blushed first. Well, was she too active last night?

The scene from last night clearly emerged in her mind. She could clearly feel the increasing temperature on her face, rolled the quilt around, held out her hand and patted her face, and in a blink of an eye she saw the ring on her hand, her eyebrows bent. Bending, he couldn't help laughing out loud.

"What did you think of, so happy?" Pei Hao's warm and pleasant voice came from the door.

When Guoguo was surprised, she raised her eyes and met Pei Hao's tender eyes. Well, she seemed to be burning her ears, and she quickly turned her head, a little uncomfortable.

Pei Hao knew that she would be uncomfortable and did not go in, but said softly, "I have made breakfast, you hurry up and eat."

"Good." Guoguo responded, but didn't move.

Pei Hao turned around and closed the door thoughtfully. Guoguo looked at the ceiling for a few seconds

and laughed again, and then he sat down slowly.

The new women's clothes were neatly placed on the bedside table. She put it on, and then went into the bathroom to wash. There was a brand new set of toiletries on the washstand. Even the skin care products she used to use were all these things. Did Pei Hao prepare it for her this morning?

Guoguo's eyes were full of smiles, and he washed quickly before going to the living room. Pei Hao was waiting for her to dine together. It had a rich breakfast, both Chinese and Western.

There was no opening in the whole process, but the atmosphere between the two was sweet.

After eating, Guoguo took the initiative to clean up the chopsticks, but Pei Hao took the lead, "You were too tired last night, take a good rest, just leave these things to me."

Guoguo's face suddenly turned red and escaped from the dining room, sitting on the sofa in the living room, covering his cheeks with both hands. Pei Hao was really too bad. How could he say it?

As soon as Guo Guo's eyes turned, he saw the phone thrown on the sofa. This reminded me of the last night's serialized Call. His scalp was tight. He picked up the phone and glanced at it. Sure enough, it was a call from her father. This missed call only felt numbness in the scalp, which was done.

I didn't dare to call Han Yi back, but sent Yu Xiaoxuan a message first.

Yu Xiaoxuan has recently rested at home. Some time ago she fainted while filming. The doctor said she was too tired, so now she was ordered to rest at home. After seeing the message from her daughter, she thought about it and returned an expression. .

Guoguo received the reply from the mother, and a heart of uneasiness suddenly fell to the ground. He exhaled and calmed down. When her mother was at home, she was not afraid.

Pei Hao wanted to be with her at home today, but Guo Guo said she was going home and had to send her back.

"I'll go in with you." Pei Hao said outside the Han's villa.

Guoguo shook his head, "No, I'm going home, and I'm not going to Longtan Tiger Cave. Brother Pei Hao, go ahead and get yourself busy. My mother is at home today."

Pei Hao insisted on accompanying Guoguo, but Guoguo refused. After thinking for a while, he said, "If something calls me in time, I will come over."

Guoguo nodded wildly and waved his hand, "Got it, let's go." After that, he turned and entered the house, walking lightly.

The only one at home was Yu Xiaoxuan, Guo Guo knew that Han Yi was not at home, and the smile on his face suddenly bloomed, but before she was happy, she saw Han Yi coming in from the door. The smile suddenly froze, "Dad, why are you at home?"

Han Yi snorted and walked past her directly, even stinging at the corners of her eyes, and Guo Guo turned to Yu Xiaoxuan for help, clearly writing in her eyes-didn't she say his father was not home?

Yu Xiaoxuan looked innocent. She did not come from home at first. Who knew that this man came back halfway, and happened to be so coincidentally? She wondered if Han Yi hadn't gone out at all, so he hid in the garden and waited for the fruit. If you go home.

Yu Xiaoxuan beckoned his daughter, Guoguo moved to sit next to Yu Xiaoxuan, Han Yi sat opposite them with a black face, holding a book in his hand, and looked very serious, I didn't know See how much it went in.

"Dad." Guoguo yelled, Han Yi didn't hear it, Yu Xiaoxuan kicked her husband, and Han Yi finally said, "I don't remember I have a daughter."

Guoguo said, is this angry about not staying at night, or angry about not answering the phone?She couldn't figure out why Han Yi was angry, but she could hear it in one sentence, which was not bad.

Guoguo looked at Yu Xiaoxuan, and Yu Xiaoxuan gave her two words-the phone.

Guoguo immediately understood, and said, "Dad, I'm sorry to worry you. Last night I was watching a movie with Pei Hao and the phone was silent, so I didn't see the phone ringing."

Although I knew that it was an excuse, Han Yi felt better in his heart and snorted softly. "I didn't worry about you. My wings were hard. I flew if I wanted to fly. I couldn't control it."

Guoguo: ...I'm still not angry, this tone!

After thinking for a while, Guoguo walked over and sat next to Han Yi, reaching for his sleeve and pulling his sleeve. "Dad, I really know that I was wrong. I will promise to answer your call as soon as possible." When he arrives, he will coax his father happy and talk about it.

Han Yi lost her breath, and finally was willing to look up at her daughter from the book, but just a glance, her face was completely green, "You stayed with Pei Hao last night?"

After hearing this, Yu Xiaoxuan rolled his eyes. Wasn't this a question?

Guoguo blinked, "I accidentally fell asleep and stayed at Pei Hao's house for one night." She tried to behave innocently, Dad, look at my sincere eyes, I didn't lie.

Han Yi sneered, "Guess if I believe it or not?"

Guoguo was sincere and innocent, "Dad, I never lie."

Han Yi's eyes fell on her neck. "I will say this next time I change to a high-necked dress." The voice just fell, Guo Guo thought of something, and his face suddenly turned red. He grabbed Han Yi's clothes and was at a loss.

Yu Xiaoxuan kicked her husband. What did the bastard say? Han Yi looked at her daughter, and afterwards reacted, embarrassed.

Yu Xiaoxuan stood up, "Guoguo, come up with your mother. My mother has something to tell you."

Guoguo screamed and followed her mother, "Mom, what are you going to tell me?"

"It's okay, go and take a break. Your dad doesn't need to bother about it. He just thought you would get married in a few months, and he was in a bad mood, and he couldn't bear to wait for it to pass." The shoulder turned back downstairs again, and there was another one downstairs that needed comfort.

Guoguo looked at his mother's back and smiled.

\*\*

On March 20, Gu Qingzhu and Fu Chenxuan held an engagement ceremony. Their engagement ceremony was very low-key. Except for a few friends and family, almost no one knew. Gu Qingzhu looked at the engagement ring in his hand and glanced at the man next to him. The smile on the corner of the mouth is gentle.

Fu Chenxuan noticed her eyes and bowed her head slightly, "What's wrong?"

Gu Qingzhu smiled, "It's nothing. Let's go out for a date this afternoon." Her vacation is almost over. When she returns to the army, there will not be so many chances to meet Fu Chenxuan.

Fu Chenxuan naturally did not refuse, and the two went out after changing a set of clothes. Fu Chenxuan did not know where to get a locomotive, "Come up."

Gu Qingzhu whistled, "Where did it come from?"

Fu Chenxuan smiled, "Don't ask, let me experience you once."

Gu Qingzhu sat in the back seat of Fu Chenxuan, hugging his waist, "Go."

Fu Chenxuan did not go to the downtown area, but went to the suburbs. There were few people in the suburbs and few vehicles. Driving a locomotive, the wind whizzed past her ears, blowing Gu Qingzhu's long hair. She held Fu Chenxuan's The curvature of the waist and the corners of the mouth raised high,

and today's life is something she didn't expect.

When she was undercover four years ago, she was prepared to go back and forth. In the past four years, she has experienced countless life and death. She walked through the ghost gate pass again and again. She knew that Fu Chenxuan had dropped out of school. She went abroad and came back. She knew everything about Fu Chenxuan, but she pretended not to know, and she dared not meet.

She had also imagined that even if she could come back alive, Fu Chenxuan might already have a new lover, and she and him became a permanent miss.

Gu Qingzhu and Fu Chenxuan sprinted in the outskirts of the suburbs, enough for the locomotive addiction, and then slowly returned home, the two could not sleep at night, and went to the charm.

"I remember seeing you here that time." Gu Qingzhu said.

Fu Chenxuan raised his eyebrows, "When?"

Gu Qingzhu said for a time, and Fu Chenxuan immediately remembered it. It was the night when he was simply accosted. Speaking, at that time he seemed to see a back like Gu Qingzhu, but also chased out, but he didn't see it. When it comes to people, I thought I was wrong.

"So it was you that day?"

Gu Qingzhu nodded, "Well, it's me, I didn't dare to let you find out."

"Why don't you come to see me?" Fu Chenxuan asked, his tone grumbled.

Gu Qingzhu laughed, "I'm worried that you will be involved in you. At that time, the task was not over, and it was almost the most critical time. At this time, I couldn't let the task go wrong." That was how many people paid so much time. The result achieved by energy can be put to an end soon. She naturally cannot let it be destroyed in her hands, and she does not want to bring Fu Chenxuan to danger.

"Qingzhu, you can't hide me no matter what you want to do in the future, let alone do anything dangerous without me. Such an experience is enough." Fu Chenxuan said solemnly, if he comes again, he really can't bear.

Gu Qingzhu nodded, her identity was exposed in the Tao, and it was not her turn to do such a thing.

They were upstairs, lying on the fence and looking at the noisy bar downstairs. Suddenly, Gu Qingzhu's eyes narrowed and his face slightly changed. Fu Chenxuan noticed her strangeness and looked at her with nothing. Seeing, without waiting for his voice, Gu Qing

**564 Chapter 542: He Is My Love Forever (End) (26)**

Zhu turned and left, and Fu Chenxuan immediately followed.

Volume I. Fan 35. Night of the Fright

As soon as Fu Shuyi stepped out of her charm, she noticed that someone was following her behind. She glanced back, and there was no one behind, but she was quite sure that she was being followed, that is, she didn't know who the other person was and followed her. What is the purpose of, but there is no trace of confusion in my heart.

Fu Shuyi thought about it, sent a message to Bai Junnan, and then drove her own car. She came tonight to not drink, but to send things, and now she had to go home when the things arrived.

The car drove away from the charm, and soon, Fu Shuyi found that a car was behind him. It was a white Chevrolet, a very ordinary model, which was merged into the traffic and was not conspicuous. If Fu Shuyi was watching it followed her from the charm, and she wouldn't think that the other party was following herself.

The phone rang, Fu Shuyi glanced at the number and pressed to answer, "Sister Green Bamboo, yeah, I went to Charm tonight, how do you know, are you there too?"

When Gu Qingzhu walked out of the charm, he had lost the trace of the target person. He just thought of the figure he looked like Fu Shuyi when he swept away, and then he tried to see the mood and called Fu Shuyi, saying that he knew it was true. It is Fu Shuyi.

Gu Qingzhu's face was very ugly, and he wanted to tell Fu Shuyi, but he was afraid to scare Fu Shuyi. He looked at Fu Chenxuan and said, "Shuyi, where are you now?"

Fu Shuyi glanced around and reported the road sign. Fortunately, it was not far from the charm color. She looked at the Chevrolet from the rearview mirror and thought about it, and said, "Sister Green Bamboo, I seem to be being followed, a white car Chevrolet has always been behind me, from the charm color to here."

Gu Qingzhu's heart sank to the bottom of the valley, and Fu Chenxuan had heard the words of his sister, Shen Sheng said, "Book art, please drive slowly, try to open as many people as possible, and Qingzhu and I will come over now."

Fu Shuyi heard his brother's voice and thought that his brother and Gu Qingzhu would arrive soon, and he was determined, "Brother, I know, I will send you real-time positioning."

Hanging up the phone, Fu Shuyi glanced at the Chevrolet behind her, and she couldn't clearly see who was in the driver's seat, but it didn't matter. Driving the steering wheel, headed for another bustling street.

The car behind turned around with her, and Fu Shuyi was even more sure that the other party was following her. She was not afraid of her eyes, but was a little excited. She had only seen such a bridge in TV series.

"Qingzhu, who is the person who follows the book art?" Fu Chenxuan could not conceal his worry. He looked at Qingzhu and knew that the other party must be tricky.

"Fish in the net. Chen Xuan, their goal this time is me." They just found Fu Shuyi somehow. Do they know that she and Fu Chenxuan are engaged, so they will start with Fu Shuyi? But it's not right. Her engagement ceremony with Fu Chenxuan is very low-key. There are few people who know, and they are also close relatives of Fu and Shen's families. It stands to reason that the other party will not know.

The four-character word of the net is enough to explain many problems, such as the other party's risk factor.

Although Fu Chenxuan has never asked Gu Qingzhu in detail about the undercover years, what kind of organization was the other party, but can also guess how much, their boss has been arrested, what these gangsters will do He could not guarantee such a thing, the book art is now in extreme danger.

They dare not call the police, worrying that the police will alarm the other party. In case the other party's dog jumps the wall, something crazy will affect the innocent people. After all, Fu Shuyi is in the downtown area and has a lot of people.

"Chen Xuan, I want book art to lead people to the suburbs." Gu Qingzhu hesitated for a long time and finally opened her mouth. She knew that this decision was equivalent to letting Fu Shuyi be a bait. It was very dangerous, but it continued to go around in the urban area Once aware, the consequences are unpredictable.

Fu Chenxuan understood her worries, but when she went to the suburbs, the other party must have no worries. Fu Shuyi was really dangerous. His thin lips were tight. This is his own sister. He can't and she is not allowed to have it. Any danger. But Gu Qingzhu's worries are not unreasonable. In case the man goes crazy and creates trouble in the city center, the harm is even greater.

If the person being tracked is him, he will lead the person to the suburbs without hesitation, but this person is replaced with Fu Shuyi, and he cannot make such a decision.

Gu Qingzhu knew that she had made Fu Chenxuan embarrassed, and said slowly, "Sorry, it's my inconsistency." Even if Fu Shuyi is good, that is an ordinary girl's house. Such a thrilling thing really should not be hers. do.

"I'll call Liu team." Gu Qingzhu said, Liu team is the criminal police and her single-line contact when undercover.

Fu Chenxuan didn't stop her from calling, and when she hung up, she said, "I didn't blame you. I know you are starting from the big picture, but the book art is my sister. I can only choose to be selfish."

"I know, what I understand is actually that I didn't think about it well. Team Liu has sent people to assist us, but Team Liu means that we can find ways to lead people to the suburbs. The other party is likely to carry lethal weapons, The city center is too densely populated, and if he does something, it is too dangerous."

At this moment, Fu Shuyi's phone came in, "Brother, where are you?"

"Less than one kilometer away from you, the book art, brother has something to discuss with you," Fu Chenxuan hesitated for two seconds, and said, "You lead people to the suburbs, rest assured, brother will follow behind you, Will not let you have an accident."

Fu Shuyi agreed without thinking, "Okay, I think of a way. I just wanted to tell you this, but you spoke first." Fu Shuyi's tone was relaxed, and there was no fear.

"Book art, don't be afraid, my brother is here."

"Brother, I'm not afraid, really. But brother, you tell me, who is the other person?"

"Desperado."

The four words made Fu Shuyi's face slightly change, and her teeth unconsciously bit her red lips, "Brother, is the sister of Qiu Zhu's family?" She responded quickly, she didn't have a family, Li family and Lu Yimeng would not So frustrated and mad, then the only possibility is Gu Qingzhu's Qiu family, because Gu Qingzhu can't fight, so she wants to take her surgery.

Fu Chenxuan did not deny, "Book art, everything is about your own safety, your brother is behind you, and the police are on the way. All you have to do is to lead people to the suburbs and leave the rest to your brother. "

Fu Shuyi nodded, "Well, I know, brother, I am not afraid, but I am the daughter of Shen Qinglan and Fu Hengyi." Her father is a hero, and Shen Qinglan, although not as rich as Fu Hengyi, she listened. The

adults mentioned that when her mother was young, she took Pei Haoge to play in the amusement park and found a group of traffickers, followed up, and helped the police to smash a child trafficking organization.

Her parents are heroes. As their daughters, how can they be a counselor?Fu Shuyi glanced at the white Chevrolet still closely behind her, gritted her teeth, turned to look at a bend, from here you can go directly to the high speed, now it is a year, and at night, the car on the high speed will definitely not a lot of.

Fu Shuyi actually couldn't understand. The other party should know that they have been tracked, why should they keep up with it, and besides tracking, the other party has no action.

Do not understand, she simply did not want to, calm face, concentrated on driving, in the middle Bai Junnan made a phone call, she was hung up, the less people involved in this matter, the better, she did not want to bring Bai Junnan trouble.

On the white Chevrolet, the woman looked at Fu Shuyi's car in front and Fu Chenxuan's car right behind her. Her red lips lightly tickled, and her eyes were full of hate.

The person she wanted to deal with was Gu Qingzhu. This woman betrayed her husband and let their husband be arrested, and she could only take her young children to escape. Just a few days ago, she received news that she The husband's sentence came down, and it was a death sentence, which was executed a month later.

She loves her husband deeply. Although her husband is a big D owl, she is also her only and favorite person. Gu Qingzhu, a bitch, had her husband trust her so much, but she betrayed her husband and sent him personally. After going to prison, she and Gu Qingzhu don't share the sky.

It was not two days since she wanted to find Gu Qingzhu, but Gu Qingzhu never went out alone. She was always followed by the man named Fu Chenxuan. She couldn't deal with a Gu Qingzhu, let alone added Fu Chenxuan, so She put her goal on Fu Shuyi.

She has already inquired that Fu Shuyi is Fu Chenxuan's favorite sister. If she knew that Fu Shuyi had an accident because of Gu Qingzhu, she would not believe that Fu Chenxuan would be with Gu Qingzhu.

Gu Qingzhu let her lose her husband, how could she watch Gu Qingzhu beloved by her.

The woman knew that Fu Shuyi was leading her out of the suburbs, but she didn't care, it was better, she could solve Gu Qingzhu together, her child had been hidden by her in a safe place, even if she couldn't go back this time, her Children will grow up safely.

She is ready to die.

Fu Shuyi speeded up the car, and the people behind her also speeded up. She saw that she did not panic

because she had already seen her brother's car.

After getting on the high-speed, Fu Chenxuan did not cover up anymore and directly caught up with the white Chevrolet. Gu Qingzhu lowered the window. It happened that the woman also lowered the window. The eyes were opposite. Gu Qingzhu sullenly said, "Your goal is me ."

The woman smiled, "Yeah, my goal is you, but who can't deal with you, I can only take other people." She said, empty hand slowly took out a Q, Gu Qingzhu's face changed a lot, but he didn't expect this person to actually carry lethal weapons. It's just strange that why it's only taken out now, if it's taken out in the downtown area, wouldn't it be more effective?

She couldn't guess the woman's thoughts, but she also knew that the situation was very critical at this time. "You calm down. The head of the house has already entered. You and his children are still young. If something goes wrong, he will become an orphan." Gu Qingzhu knows how terrible a woman is crazy, so she can only talk to her children.

There was a moment of trance in the eyes of the woman, but she quickly sobered up and looked at Gu Qingzhu with a terrible look, "You are not worthy of mentioning him, you slut, if he were not you, he would not be in trouble, our family would live happily It's all because of you, and I want you to be buried."

The woman's original goal was Fu Shuyi, but the moment she saw Gu Qingzhu, she changed her mind. She wanted Gu Qingzhu to die. Only when Gu Qingzhu died would she be able to wash away her sins.

Gu Qingzhu saw that the woman did not aim the gun at Fu Shuyi's car. Instead, she was relieved. She was not afraid of her danger, but she could not let Fu Shuyi be in danger because of her.

Fu Chenxuan has been listening to the conversation between the two, and naturally saw the woman's movements. Once the steering wheel turned, the car slammed into the other party. The woman's hand that pulled the trigger was twisted, and the bullet penetrated the back seat. The glass did not hurt Gu Qingzhu.

Fu Shuyi was shocked when she heard the impact and gunshots behind her. She glanced back and saw the picture of the two cars colliding again. She finally had the courage to feel afraid. She dared not stop and accelerated the speed of the car. She knew that at this time, she must not be a drag on their brother.

Fu Chenxuan took a distracted glance at Fu Shuyi and saw that her distance from them was getting farther and farther. She felt a little better, at least Fu Shuyi was fine.

"Qingzhu, are you okay?" Fu Chenxuan took the time to ask. Just now, Gu Qingzhu seemed to be hit.

"I'm fine, just a little dizzy, don't worry about me, hit it." Gu Qingzhu was very calm and looked at the woman who pointed the gun at her. The only thing that was fortunate was that this woman was a

mistress of the big house. Da Dang is well protected, few people know about her existence, and this woman may not have thought of such a day, so her marksmanship is very bad, even if it is so close, she has not been hit, second The gun is even an empty gun.

Fu Chenxuan also saw the weakness of the woman's marksmanship. His eyes were ruthless, and he deliberately fell behind the woman by a body, and then slammed into the past.

The sudden impact made the woman unable to hold the gun, the gun fell directly to the ground, Fu Chenxuan's car ran over the gun.

This gun was used by the big master to protect the woman. She had only this one, and now she was hit. There was a momentary daze in the woman's eyes, and she didn't know what to do.

The knuckles holding the steering wheel were pale, and there was madness and hesitation in the eyes.

"Stop doing stupid things, think about your children." Gu Qingzhu shouted at the woman. She is now certain that the woman has no other weapons than the pistol.

The woman heard the words, just sneered, and slammed into Fu Chenxuan's car again.

Fu Chenxuan can only be thankful that he drove a Land Rover today, which has high safety performance. After a few crashes, the body was damaged but not too serious. In contrast, the white Chevrolet, the tail and the front have been smashed. The door on one side was also knocked into a depression.

The woman glanced back at Land Rover, and she was thinking about what she should do. She suddenly heard the alarm from far and near. She suddenly understood that Gu Qingzhu must have called the police, and her eyes flashed a bit, and she knew it was her. The only chance of revenge, if this time is unsuccessful, there will be no chance in the future.

Thinking of this, stepping on the accelerator and speeding up the car, they quickly distanced themselves from Fu Chenxuan. Fu Chenxuan's face changed, thinking she was going to chase Fu Shuyi and quickly followed, but this woman suddenly turned around The front of the car, the tires rubbed violently with the ground, and made a harsh sound. The white Chevrolet body was lying across the road. The Land Rover was about to hit. The pupils of Fu Chenxuan and Gu Qingzhu shrank sharply. If they hit, they All three will die.

When stepping on the brakes, Fu Chenxuan only had time to protect Gu Qingzhu in his arms, and Land Rover slammed into Chevrolet. The loud impact sound, even if Fu Shuyi heard it from afar, she subconsciously stepped on the brakes, and there was a lot of uneasiness in her heart.

When the team arrived, they saw the scene where the two cars collided. Their complexion changed greatly. They rushed to the side of the car and saw Fu Chenxuan and Gu Qingzhu both fainted.

Others rushed to rescue them, pulling the door to drag the two out, and Liu team rushed to Chevrolet,

only to find that the woman had died on the spot. But she was holding a grenade in her hand, and did not pull it off. Presumably, she didn't have time to detonate. Liu team saw it and quickly took out the grenade.

Fortunately, Fu Chenxuan and Gu Qingzhu were only stunned. There was no other wound except for a little bruise. When Fu Shuyi arrived, Gu Qingzhu had already woke up first. She was protected by Fu Chenxuan in her arms, and the impact was much smaller.

"Brother." Fu Shuyi panicked.

Gu Qingzhu grabbed him, "Brother, your brother is fine, don't be nervous."

The ambulance arrived soon. Fu Chenxuan did not wake up. The doctor judged that there should be a slight concussion, but it was not serious. It was enough to stay in the hospital for two days.

Fu Shuyi has never recovered from what happened today, sitting on a chair outside the ward with a stunned expression. Gu Qingzhu sat next to her, holding her hand, "Brother, how are you?"

Fu Shuyi slowly turned his head, blinked, and spoke slowly, "Sister Qingzhu, scared me to death."

Gu Qingzhu hugged her, "Don't be afraid, it's okay now, I'm sorry, it's me who has caused you trouble." The man's goal was her. If she was careful, she would not let Fu Shuyi be targeted.

"Fortunately, you and my brother are okay. When Sister Qingzhu heard the last crash, I was scared to commit a heart attack." Fu Shuyi whispered, his voice was full of fear.

Gu Qingzhu said that she could not laugh or cry. She thought Fu Shuyi was frightened by the hunt for tonight, but it turned out that she was worried about the safety of her and Fu Chenxuan, and a warm current rushed in her heart, patting her shoulder, "Brother, thank you." Thank you for not blaming me.

"It's fine if you and my brother are fine." Fu Shuyi straightened up and was already relaxed. "But the experience tonight is really exciting. I only watched this in the movie. I didn't expect to experience it myself once in my life."

Gu Qingzhu looked at the excitement in her eyes, speechless. This girl's heart is really big enough.

Volume One 36. The Unexpected

After such a thing happened, Shen Qinglan and Fu Hengyi could not be concealed. After all, they have been reported in the news, but after understanding the whole story and knowing that several children are safe, Shen Qinglan and Fu Hengyi just asked. Specific details.

In the ward, the doctor carefully examined Fu Chenxuan's side, "Is there any symptoms such as nausea

and dizziness?"

Fu Chenxuan shook his head, he is very well now.

"Then it's fine, you can be discharged today." The doctor said indifferently.

Gu Qingzhu looked at the doctor. "Don't you say you have to stay in the hospital for two days to observe? It's only one day now." She thinks it's better to stay an extra day.

The doctor looked back at him, his eyes indifferent, "I was discharged soon after I was okay, to make room for others." Then I left.

Gu Qingzhu: ...This doctor has a great temper.

"Qingzhu, you help me go through the discharge procedures."

Gu Qingzhu nodded, "Then you are waiting for me here, don't run around."

Fu Chenxuan smiled, he was not a three-year-old kid, and he ran around. After Gu Qingzhu went out, Fu Chenxuan looked at Fu Shuyi, who was paralyzed on the sofa, "was scared last night?"

Fu Shuyi waved his hand, "How can I be so courageous, it's more exciting than watching a movie."

Fu Chenxuan looked at Xinda's sister and smiled, "It's good if you're not scared."

"Brother, mom just called, just let us go home for lunch at noon."

Fu Chenxuan knew that Shen Qinglan must be worried about them, and nodded, "Well, wait to go home together."

Fu Shuyi gave a yawn and yawned. She almost didn't sleep last night. She had been worried about her brother, and now she was sleepy.

Gu Qingzhu soon returned, the three of them drove home in Fu Shuyi's car, and Fu Chen's Land Rover was completely scrapped.

Today, not only is Shen Qinglan at home, but even Fu Hengyi is at home, presumably waiting for them.

"Mom and dad, we are back." Fu Shuyi looked like a butterfly, and flew down as soon as he stopped.

Shen Qinglan's eyes looked around the three of them, Fu Shuyi was unscathed, and Gu Qingzhu had a slight bruise on his forehead. Among the three, Fu Chenxuan looked a little embarrassed, but it was no big deal. Shen Qinglan suddenly Rest assured, he smiled and said, "Meals are ready, let's eat first."

"Eating and eating, I'm starving to death. I'm hungry and sleepy now. I'm going to sleep when I finish eating. No one should stop me." Fu Shuyi twittered and ran to the dining table.

Until after the meal, Fu Hengyi and Shen Qinglan didn't open up to ask about the matter of last night. It was the same as usual. Gu Qingzhu originally had a trace of anxiety in her heart. After all, this incident was caused by her, but she didn't expect Shen Qinglan. Without saying a word, this made her feel more guilty and moved.

"You certainly didn't have a good rest last night, let's go to rest first." After the meal, Shen Qinglan spoke warmly, urging several people to take a rest, and she followed Fu Hengyi directly, and she was going to accompany Fu Hengyi in the afternoon. activity.

Early the next morning, when Gu Qingzhu woke up, Fu Chenxuan had already got up and got dressed to go downstairs. Fu Chenxuan was coming in from the outside with breakfast in his hand. "Since you get up, let's eat first."

Gu Qingzhu walked over and helped Fu Chenxuan put the breakfast together, "Chenxuan, I want to go to the prison to see the man."

Fu Chenxuan looked up at her, "Well, I'll go with you." "The person" refers to who, they both know.

The head of the family is a death row prisoner. It is not so easy to visit, but Gu Qingzhu called Liu team and had obtained approval, so he met the people very smoothly.

Fu Chenxuan waited outside the prison and did not enter.

Da Dangdang was surprised to see Gu Qingzhu, "I didn't expect you to be the first person to see me. You know that I'm going to die, so come and see me for the last time?"

Gu Qingzhu's expression was calm, and the expression of Da Dang's head was calmer than her. She was clearly an enemy, but there was no undercurrent between them.

"It seems good to see your spirit." Gu Qingzhu spoke lightly.

The corner of Dadang's mouth slightly raised, very shallow arc, "Do I need to say thank you?"

Gu Qingzhu was silent. She could understand her if she looked at her with anger or hatred in her eyes, but the calm like now is not what she expected.

"Song Bing." Da Dangdang called her name and paused. "This should not be your real name. Can you tell me what your real name is?"

"Gu Qingzhu, my name."

"Gu Qingzhu." Dadang Master said the name softly in his mouth, and smiled, "It's better than Song Bing. Actually, I still don't believe you will be that traitor, but, but when I learned that you were undercover, But in my heart, I take it for granted, it is contradictory, isn't it?"

Gu Qingzhu pursed her lips and looked at him quietly. She didn't know why she came here today, but she only experienced what happened that night. She came and followed the truest thoughts in her heart.

"Actually, I doubted you." Da Dangdang didn't seem to care whether Gu Qingzhu was listening, Gu Zi said. "After the last transaction failed, I once doubted your identity, but this thought flashed in my mind and disappeared. How could you be the undercover after saving my life many times?" This is impossible, but it has become a reality.

"Save you to gain your trust." Gu Qingzhu said dumbly.

"Song... Gu Qingzhu, you are really honest. What I admired at first was your honesty, and I was not afraid of death before I left you with me, and you really never let me down." At least Before the last transaction, she never let him down.

"You are an excellent woman. You will do well no matter where you are. I actually want to know, why did you choose to be undercover?" After all, the risk factor for undercover work is too high.

Gu Qingzhu did not conceal, "My father was a soldier, and he sacrificed in the process of sieving D offenders! The person who killed him was the former two."

Da Dangjia immediately understood and smiled, "Then I look so wrong."

"Thank you for coming to see me for the last time." Da Dang Dan said. In his life, he has owned money, power, and status, and he is not losing money.

Gu Qingzhu's eyes were faint, "Don't hate me?" She ruined his life's efforts. In fact, seriously, the big master really believed in her. When I just sneaked in, many people were dissatisfied with her. If it were not for the big heads to stand out from the crowd, she would not be able to achieve that status. For such a traitor, she thought that anyone who would change it would hate it.

Da Dangdang seemed to smile, "Maybe, but life is just a gamble, won, glorious, wealthy, lost, cheap, I planted in your hands, I can only say that I am not careful enough, in I lost the game this time, nothing more."

Gu Qingzhu has always known that the big master is a cautious and capable person, otherwise it will not be so many years, the police have no way to take him. If you are born in a troubled world, a person like Da Dang, who has ambitions but no lack of guts, will surely become a hero, but it is a pity that his ambition and wisdom are used in the wrong place.

"Gu Qingzhu, this should be the last time we meet in this life, as we used to fight side by side... Maybe this description is not very accurate, just listen to it, as a former partner, I wish you peace and joy for the rest of your life."

Gu Qingzhu's eyes finally changed, maybe she didn't expect that Da Dangdang would say such a thing, her eyes were a little stunned.

Gu Qingzhu stood up, "Time is up, I should go, you... goodbye." This time is really goodbye.

She wanted to tell him about his wife's death this time, but suddenly changed her mind.

Gu Qingzhu walked out of the gate of the prison and looked at the tall figure waiting at the door. The glare of her eyes was gradually replaced by warmth. She walked over and took his hand gently, Fu Chenxuan looked at her sideways. At a glance, the eyes are as usual gentle, "Let's go."

\*\*

Fu Shuyi looked at the woman in front of her with some doubts in her eyes. "Are you asking for me?" She had just heard from her roommate that someone was looking for her downstairs. She was a middle-aged woman, but she didn't know the woman in front of her.

Zhang Suxin glanced up and down at Fu Shuyi. It was indeed a beautiful embryo. Her temperament was also good. In addition to her origin, all in all, her son had a good vision.

"You are the calligraphy, I am Bai Junnan's mother." Zhang Suxin smiled.

Fu Shuyi was stunned, but did not expect that the other party's identity turned out to be Bai Junnan's mother, "Auntie, hello."

"Hello, do you have time? Let's find a place to talk?"

Fu Shuyi nodded. "There is a cafe opposite the school. The environment is good. If aunt doesn't mind, let's go there."

"Okay, just go there." Zhang Suxin still smiled on his face.

On the way to go, Fu Shuyi Yu Guang looked at the people around her and couldn't guess her purpose in finding her. Is it because she doesn't deserve Bai Junnan, so she wanted to come talk to her and let them break up? Isn't there such a bridge in TV series?

Thinking this way, Fu Shuyi felt uncomfortable.

"Auntie, what would you like to drink?"

"Latte." Zhang Suxin said.

"Then a cup of latte, a cup of caramel macchiato."

While waiting for the coffee to come up, none of them spoke. Zhang Suxin had been looking at Fu Shuyi. Fu Shuyi was a little uncomfortable. It felt like he was a commodity for sale. If the person in front of him was not Bai Junnan's mother, she spoke long ago, but now she can't figure out what the other party is looking for, and she doesn't know what to say.

Finally, Zhang Suxin said first, "Book Art, how long have you been with Jun Nan?"

"Half a year." Fu Shuyi said.

"It's been half a year, what do you think of Jun Nan?" Zhang Suxin still smiled.

Fu Shuyi tilted her head slightly and didn't seem to understand her very well. "Auntie, what do you want to say?"

"I mean, you have been with Jun Nan for half a year, and you should have understood each other. What do you think of my son?"

"Brother Jun Nan is very good."

"What kind of good method is that?" Zhang Suxin was not satisfied with this answer.

Fu Shuyi seemed to understand what she meant. It seemed that she did not come to break up her. She immediately felt relieved. "Jun Nan is very concerned about me and is very good to me. He is a top ten good boyfriend." Well, this evaluation is high enough Okay.

"It can be seen that the two of you have a very good relationship. Jun Nan often praises you in front of me, saying that you are gentle, kind and understanding, and she is a very intelligent girl."

Fu Shuyi was a little embarrassed by what she said, and was surprised in her heart. She didn't expect Bai Junnan to say this to her mother.

Naturally, these words were not said by Bai Junnan, but by Zhang Suxin himself. Bai Junnan rarely mentioned Fu Shuyi in front of her, let alone took Fu Shuyi home to show her. It was because of this that Zhang Suxin would hide Fu from his son. After seeing, I was very satisfied with the girl, she looked good, she had a gentle temper, and she didn't see the arrogance of Missy.

"Book art, you see you have been dating Junnan for such a long time. I haven't seen it with your parents. When will the two of us come out to have a meal together."

Fu Shuyi was stunned. Is this the rhythm of asking both parents to meet? Such a turning point made her

a little overwhelmed. Then wouldn't she let her marry Jun Nan?

Fu Shuyi guessed right, Zhang Suxin really meant that. She followed a group of sisters to go to Europe for a trip. It took two months to go. After returning, the company was well organized by her son. Not only that, but the project with Feng Shi was also going smoothly, which made Bai Junnan completely stable in the company. Heel, as a mother, is naturally happy to see her son so capable, but at the same time she is also very contradictory, because the son has proposed more than once that she wants the part of his shares that belong to him.

Reason told Zhang Suxin that he should give the shares to his son. After all, this was left by her husband to her son, but after sitting in the position of chairman for so many years, she suddenly let her decentralize. Zhang Suxin always felt a little uneasy in her heart. In order to let his son marry the Fu family's Qianjin first, this Fu family is a famous family, and the marriage of the Fu family's daughter will naturally not be casual. If the two people really want to prepare for the wedding, at least half a year must be prepared. The son's attention must be shifted to the wedding, and the matter of shares can be put aside temporarily.

She thought this way, but this matter was mentioned to her son, and the son used other topics to distract from it, and she didn't change things at all. She couldn't think of starting with Fu Shuyi.

Fu Shuyi listened to Zhang Suxin about the benefits of marrying and how happy they would be after marriage. For the life she portrayed, instead of yearning, she gave birth to resistance.

She likes Bai Junnan, saying that it's not too much to love him. She also enjoys the process of falling in love with Bai Junnan, but this does not mean that she wants to marry Bai Junnan immediately. Marriage is a very distant thing for her, not to mention that she is still in graduate school.

"Auntie, Jun Nan and I haven't thought about getting married yet. I'm still studying." Even if you want to get married, you have to wait until she graduates, and she still has plans to study abroad.

She has a good plan for the future. In this plan, there was no Bai Junnan, but now it has been added, but this time is also a few years later. She is only 24 years old after finishing graduate school. She wants to go abroad to study for three years. This matter was also told to Bai Junnan. He also agreed and supported her very much. Now his mother lets them get married now. For some reason, Fu Shuyi is very uncomfortable.

"You can continue to study when you are married. Studying is a good thing. Auntie won't object. You can miss it as long as you want." Zhang Suxin thinks this is not a problem.

Fu Shuyi's expression is stiff, she is not good at dealing with such scenes, "Auntie, I want to concentrate on studying first."

Zhang Suxin paused and looked at her inquiringly. "Book art, do you have any worries? If you have any thoughts in your heart, you can tell your aunt."

Fu Shuyi shook his head, "Auntie, I think I'm still young. It's too early for me to get married. I have no plans for this for the time being, and I have also discussed this with Jun Nan, he is supportive mine."

Zhang Suxin's eyes changed slightly, this is to use her son to press her? It seems that this girl is not as gentle and temperamental as she seems. Also, the Fu family's Qianjin should not be a person without opinion, but it is not a good thing to be too opinionated.

Zhang Suxin frowned, pressed the dissatisfaction in his heart, and said with a smile, "Book Art, you are not unreasonable to say, aunt is anxious, alas, you don't know, since Jun Nan's father passed away, how deserted our family is I knew that Jun Nan had found a girlfriend. I was so happy that I thought about how lively people can be at home. I hope you will not blame your aunt."

Everyone said so, what could Fu Shuyi say, had to say, "Auntie, I understand."

"You just understand, just understand, we won't mention the matter of marriage for a while, young people, like the process of being in love, don't want to be prematurely bound, the aunt was not thinking about it, time is not It's early, and I'll have to rush back to the company to attend a meeting."

Fu Shuyi responded well and waited for someone to leave before she walked slowly to the school. All she thought about was seeing Zhang Suxin today.

In the evening, Fu Shuyi went home, and Shen Qinglan saw her daughter come back, and was a little surprised. "How come back today?"

"I missed my mother and came back chanting." Fu Shuyi tired of being spoiled by her side.

"If you have any problems, talk to your mother." Shen Qinglan saw at a glance that her daughter had something to worry about, and Fu Shuyi couldn't hide her heart in front of her.

Fu Shuyi did not conceal, and said things one by one, 15:10, "Mom, did you say that I did something wrong?" After all, it was Bai Junnan's mother. Shouldn't he be more euphemistic than straightforward? Refuse.

Shen Qinglan gazed slightly. Since her daughter interacted with Bai Junnan, she also went to understand the situation of the Bai family. She would also pay attention to it from time to time. For Zhang Suxin's move, she could guess the intention of one or two points.

"Book art, you are doing very well today. Being a person is to be honest. It is better to tell the other person what you think in your heart than to deceive. I think Bai Junnan will understand you too."

At this time, the Bai family, Zhang Suxin and his son broke out an unprecedented contradiction.

Volume two 37. Two choices

Fu Shuyi looked at her mother, "Mom, should you tell Jun Nan brother about this?" Without telling Bai Jun Nan, she was worried that Zhang Suxin would come to her and tell him about it. If she told Bai Jun Nan, she seemed to be suing. This made Fu Shuyi very hesitant.

Shen Qinglan touched her daughter's hair, the smile on her face was loving, "Do you want Bai Junnan to know?"

Fu Shuyi thought for a moment and nodded, "Mom, I still feel very uncomfortable with his mother's behavior today."

"Then do it as you think." Shen Qinglan said, Fu Shuyi is not a choreographer for children. She will certainly tell Bai Junnan about things today, she is not worried that Bai Junnan will So misunderstood her.

Sure enough, Bai Junnan listened to Fu Shuyi's words. Although his face was very ugly, his tone was still gentle. "Shuyi, I'm glad you can tell me about this. This is because I didn't communicate well with my mother. You can rest assured. At night, I will have a good talk with my mother, and I don't worry about getting married."

Fu Shuyi's eyelashes flickered, "Brother Junnan, do you say I'm too selfish?" Bai Junnan is really good to her and can be said to be very accommodating.

"Book art, why do you think so, you don't have to worry about my mother's words, it's a good thing that you like to study, and I think we are so good now, you like me, I love you, we enjoy love Process, I am very satisfied with this life."

"Brother Jun Nan, you can rest assured that I will definitely not be a negative heart, and I will not live up to your heart." Fu Shuyi shook his fist and swear.

Bai Junnan on the other end of the phone smiled. Did they change their identities?

Hanging up the phone, Bai Junnan's face was completely gloomy. He didn't expect that his mother went to Fu Shuyi without knowing what she was thinking. As a son, as long as she thought about it, she understood everything.

He looked at it quietly, his eyes cold. He thought that those things he was hesitating about, he didn't need to hesitate any longer, and then drag on, the mother-child relationship between them was really dragged out.

After Fu Shuyi told things to Bai Junnan,

**565 Chapter 542: He Is My Love Forever (End) (27)**

Suddenly relaxed in my heart, it seemed to be pressed against my heart, spit it out, and I felt comfortable.

After dinner, Fu Shuyi invited her mother to go to the cinema to relax.

At this time, the Bai family, Zhang Suxin and his son broke out an unprecedented contradiction.

"Jun Nan, don't you say that there is entertainment at night, don't you come back for dinner?" Zhang Suxin was using the meal, and saw his son come back, Bai Junnan looked calm, "I let the assistant go for me, it is not an important occasion, I will not go It's ok."

Zhang Suxin frowned, "You are just now gaining a firm foothold in the company. You can't do things as freely as you want. Some customers may not be so important, but your posture should also be correct, and you should not feel that we don't value them."

Bai Junnan asked his aunt to bring him a pair of tableware and sat down opposite Zhang Suxin. "Mom, is it not good for me to come back with you for a meal? I haven't been with you for a long time. "

Zhang Suxin smiled, "I'm naturally happy that you can come back to eat with Mom." It's just that the eyes on Bai Junnan are full of inquiry. I don't know why he came back so early today. Is it because she went to Fu Shuyi today? Did he know about it?

Just think about it and think it is impossible, Fu Shuyi should not do such a thing.

Bai Junnan didn't speak until he finished his meal.

Zhang Suxin gradually let go of his heart, and there was a little relief in his eyes, maybe he really wanted to eat a meal with his mother.

"Mom, we haven't talked for a long time, sit down and talk." Just when Zhang Suxin was at ease, Bai Junnan said suddenly.

Zhang Suxin was stunned and smiled, "Okay, what do you want to talk about?"

"Mom, what do you think of my performance in the company these months?"

"Very good, my mother didn't expect you to manage the company so well, I'm very happy."

Bai Junnan's mouth lightly ticked, "Then my performance did not disappoint you."

"Not disappointed. You have always been a good child. From childhood to old age, you are the pride of your mother. I am very happy to have such a son."

"Mom, the company is the hard work of my father's life, as well as your hard work. I naturally have to devote all my energy to make it prosperous."

Zhang Suxin is very pleased, "You are very happy to have this kind of heart. You are still young and inexperienced. After a few years, when you have accumulated enough experience and become a family, your mother will officially hand over the company to you. ."

Bai Junnan's smile is very shallow, with a hint of coolness, "Mom, I still remember that last time you said that the project with Feng Shi was completed, and when I got a firm foothold in the company, you would take the company give it to me."

Zhang Suxin froze and chuckled, "Jun Nan, managing a company is not that easy. Ancient people cloud, men start a family and then start a business. I think at present, the most important thing is to first determine your relationship with the book art. "

Bai Junnan looked at his mother with a smile, "Mom, my relationship with Shuyi is a boyfriend and a girlfriend, and the relationship has long been established."

"You know I'm not talking about this, Jun Nan, you can get engaged with Shuyi first, or just get married directly, and make sure your relationship first, so mother can trust you to hand the company to you."

"Mom, do you really want me to establish a relationship with your book art first, or just use this as an excuse and don't want to hand over the company to me?"

Hearing the words, Zhang Suxin's face changed, "What do you mean?"

"Just literally."

"Fu Shuyi told you everything I went to find her today?" Zhang Suxin doubted.

Bai Junnan did not deny, "Mom, I am still young with Shuyi. We don't want to get married for the time being. I hope you will stop looking for her because of this, especially without my knowledge."

Zhang Suxin's face sank and looked at Bai Junnan, "Junnan, I'm your mother." To her surprise, Fu Shuyi actually told her son what happened today. Isn't she worried that she would hate it? She? She is Bai Junnan's mother. She will be her mother-in-law. Before marrying into the Bai family, she will have a conflict with her. Is the Fu family's money really silly or false?

Bai Junnan laughed because he was talking to her just because the person in front of him was his mother. If not, he would act directly.

"Mom, I want to talk to you about two things today. The first thing is, I hope you don't go to Fu Shuyi without permission. I'm in love with her, but it doesn't mean that she will make sacrifices for me. I admire her for her future plans and support; the second thing, I have now established a firm foothold in the company, but I am an ambitious man, what I want is to carry forward my father's industry and make it become a well-known multinational company at home and abroad, so in order to facilitate my ambitions, I hope you can transfer the shares left by my father to me. I don't want those uncles to drag my hind legs. I have to make absolute decisions right."

Zhang Suxin already had a pale face, and her son was almost scolded by pointing her nose. Can such a ruthless face make her angry? She took a deep breath and tried not to let her emotions be so excited, "Jun Nan, I didn't want to seize these shares. I and your dad will be your children. Sooner or later, these shares will belong to you. I want to wait for you to mature a little bit. You are still too young now. You have experienced too few things. You don't know how deep the water is in the mall. If you act recklessly and take the lead, the company's interests will be damaged."

Bai Junnan looked faint and did not open his mouth. Zhang Suxin couldn't see through his thoughts and continued to persuade, "As for the first thing you said, I didn't think about it. I wouldn't go to Miss Fu in the future, but the company, mother now I really can't give it to you. This is your father's effort. I have to be cautious. I also hope that you can understand your mother. How did your mother come over these years? You see it in your eyes."

The living room fell into a weird quiet, so quiet that I could only hear the breathing of the two of them. Bai Junnan didn't speak, and Zhang Suxin kept silent. For a long time, Bai Junnan spoke quietly, "Mom, in your heart, the power is real. Is it so important? It even exceeds me."

Zhang Suxin's face was extremely ugly, "Jun Nan, what are you saying? In my heart, you are the most important, but you are my only son."

Bai Junnan laughed and smiled ironically, "You have been emphasizing that I am your most important person and your only relative, but your behavior is diametrically opposed to your expression."

"You kept saying that you wouldn't give me the shares because I was too young, but mom, don't forget that when my father left the shares to me, I said that the shares were given to you before I turned 20. Custody, after 20 years old, I can freely control."

Zhang Suxin's face changed slightly. Her husband did keep such a document, and even notarized it with

a lawyer. It was just that Bai Junnan didn't mention it, and she forgot it. Now, when he mentioned it, Zhang Suxin just felt cold.

"Are you trying to force your mother for an outsider?" Zhang Suxin looked sharp.

"Mom, this is something between me and you. What do you do to involve book art?" Bai Junnan was dissatisfied.

"Don't you just do it for her?"

From Zhang Suxin's point of view, his son was dissatisfied with the fact that he went to Fu Shuyi for concealing him today. He thought that he had been aggrieved by Fu Shuyi, and then he returned to Xingshi to ask for guilt. , So use equity as an excuse.

"I'm just talking about things. I'm really unhappy because you went to book art. I like book art. That's my book art. I don't want to add any benefit to my love. But we have just said about this matter. It's clear, that's the past. I want to talk to you about the share issue. This matter existed before I knew the book art. Mom, why did I leave the company? I don't believe you don't know the truth. "

Zhang Su's expression was stiff, of course she knew that she just thought that she would have to spend time at home, and that her daughter-in-law would still be a member of Fu's family. If she didn't have any shares, she would have nothing, and her family could still have her status?Fu Shuyi will put her in the eye?

"These are your excuses. To put it bluntly, you are not happy because I went to Fu Shuyi."

"Mom, I have two choices now. The first one, I leave Baijia, I don't want anything, the company, I don't want anything at home, and I won't want it in the future. Holding everything of the Bai family; second, you give me the shares, and later you will be your old Bai family lady at home, shopping with little sisters, drinking tea, traveling, all with you, live comfortably Mrs. Rich lives, and the company takes full responsibility for me. Mom, which one do you think I should choose between these two options?"

Bai Junnan's expression was very calm when he said these words. It was like talking to her about the weather today. However, Zhang Suxin set off a storm in his heart. He didn't expect his son to be so aggressive.

"Bai Junnan, do you know what you're talking about? Into the burden? What about the dignity of your man?" Any aspiring man wouldn't choose to enter into the burden.

"I don't think it's a shameful thing to enter into trouble." Bai Junnan said that the wind was light and light, he knew his mother's weakness, and according to her temper, she would never allow herself to go into trouble, which is equal to her life. He didn't want to force his mother like this, he knew more clearly that to do so was to create a gap between his mother and Fu Shuyi, but there was no way. His mother's desire to control was too strong. If the problem is not solved now, In the future, let's not say that

marrying Fu Shuyi will lead to a battle between mother-in-law and daughter-in-law. Whether you can marry Fu Shuyi is a question. The Fu family will never marry her daughter to the current Bai family. This point, Bai Junnan knows.

It seems that he is persecuting his mother by doing this, but from another perspective, is it not helping her? Over the years, he found that she is more and more important to power, and is already deeply involved. If she is not forced to hand over the company, Bai Junnan is really worried that his mother will eventually fall into the whirlpool of power and become a puppet of power. According to the news he found recently, his mother is already on the verge of touching the law, which is one of the reasons why he decided to showdown tonight.

Seemingly worried that the stimulation to Zhang Suxin was not enough, Bai Junnan took out a document from the bag and placed it in front of her. "Mom, I hope you look at this document before making a decision."

Zhang Suxin looked down, but after looking at it, her face changed completely, suddenly blue and white, changing, and looking at Bai Junnan's eyes was like looking at a stranger, "well, this is what I raise The good son that came out, really, I didn't raise you in vain, ruthless enough, I can lay hands on my own biological mother, and I really deserve to be a Bai family, exactly like your uncles!"

Facing his mother's scolding, Bai Junnan's expression remained unchanged.

Volume one 38: I hope you will not regret it

Facing his mother's scolding, Bai Junnan's expression remained unchanged.

"Bai Junnan, if I don't agree with you, are you still planning to send me to prison?" Zhang Suxin's face was already irony. His eyes were strange when he looked at his son, and he didn't seem to understand it in his heart. These things in his hand turned out to be himself Collected by his own son.

Bai Junnan still has a faint expression, "Mom, I just want you to stop your hands as soon as possible. If you go on like this, you will really be caught in a place of nowhere."

"You said it nicely, I ask you, among the people who are walking around in the mall, there are a few hands that are clean, what are I doing?"

"You are just the beginning now. Once you have done something, you can't stop. You can only get deeper and deeper. Mom, for yourself, and for our family, let go."

Zhang Suxin sneered, "You said it nicely, to say it, you just want the shares in my hands, Bai Junnan, you touch your conscience and ask, do you really think of me as your biological mother? Your father For more than ten years since I died, I raised you with painstaking efforts. How did you repay me? I am raising a dog, and I should shake my tail to me. What did you do? Collect evidence of mother's crime, hehe, you tell You, what do you want to do?" She was really anxious. Her own son, from small to large,

gave her the best things, and the result was actually such a result. is fake.

Bai Junnan closed his eyes and pressed down the pain floating in the bottom of his heart. When he opened his eyes, his eyes had returned to calm. "If you don't feel enough, you can beat me, but I hope you can transfer your shares to me after venting ."

Zhang Suxin looked at his son with disappointment, the light in her eyes gradually faded, her heart hurt, and finally, she smiled, "Well, you want shares, right, I will find a lawyer to draft a share transfer agreement tomorrow, Bai Junnan, but I hope you will not regret one day, this house is registered under my name, I hope you can leave my house tonight." After she finished, she turned her head to not see Bai Junnan.

Bai Junnan stared at his mother's profile for a long time, and then mutely said, "Okay, I will move out tonight, Mom, take care of yourself by yourself." After he finished, he stood up directly. Leaving the Bai family.

Bai Junnan did not see the tears Zhang Suxin left when he opened the door, and Zhang Suxin did not see Bai Junnan's red eyes.

\*\*

At the Charm Bar, when Fu Chenxuan found Bai Junnan, Bai Junnan had drunk a lot. Fu Chenxuan frowned and held Bai Junnan's hand to get the wine bottle. "What happened?" He received a call from Bai Junnan to let He accompanied him to drink, and he heard that his emotions were not right, and he rushed immediately, without letting Fu Shuyi know.

Bai Junnan looked up, recognized him, and smiled, "What can I do, I'm happy, pull you out to celebrate."

Fu Chenxuan frowned deeper, "Celebrate?"

"Of course, to celebrate my return of my shares. From tomorrow on, the company will be completely in charge of me. Even my mother can't interfere with my decision. I can grow the company according to my ideas. Isn't it something that should be celebrated?"

Fu Chenxuan looked at him, but he didn't see a little bit of happiness. "It should be celebrated." With unspeakable words in his mouth, Fu Chenxuan sat down, gave the bartender a gesture, and the bartender gave him up. A glass of soda. Tonight Bai Junnan looked at him to become a drunkard, and he had to send the drunkard back. Naturally, he couldn't drink.

"Tell me first, what is going on with the shares?" Fu Chenxuan wanted to know what happened, otherwise he would not be able to persuade him.

Bai Junnan smiled, "What could happen, I showed my mother a showdown and asked her to hand over the company's shares."

Fu Chenxuan immediately understood that part of the information in Bai Junnan's hand was inadvertently found by Fu Chenxuan, and Zhang Suxin did what he did behind his back. He naturally understood that when he handed the evidence to Bai Junnan's hand When I went on, I knew that there would be a dispute between the subsequent mother and son, but I didn't expect this dispute to come so fast.

"Chen Xuan, I haven't said thank you yet, thank you for handing those things over to me." If it is handed over directly to the inspection authority, it is not the surrender of the shares that is waiting for his mother, but the court's judgment.

"If you feel uncomfortable, drink it. It's okay to get drunk. I'll take you home." Fu Chenxuan said lightly, not thanking him. If this person is not Bai Junnan's mother, Fu Shuyi's possible future mother-in-law, this is a business. He doesn't care.

Bai Junnan didn't say any more, he took a drink and drank it, and he didn't want to force his mother so much, but what his mother was doing now was to commit crimes. If she didn't stop it in time, the only thing waiting for her in the future would be the disaster of prison. Watching her mother go astray.

He understands that mother, a woman who is in charge of the company alone and supports the family's sufferings alone, is because of this. When he was aware of his mother's ambitions, he chose to quit, but this time, if he continued to quit, it was not helping his mother. It's hurting her. One thing she's doing now, if you let his uncles know, they won't give her mother a chance to rehabilitate. Instead of letting the company fall into the hands of uncles, it is better to give him .

Bai Junnan knows very well that this incident has caused great harm to his mother. I am afraid that now in his mother's mind, he is a white-eyed wolf with no conscience, a wolf-hearted man with lungs, probably from today on, his mother never wants to See him now.

There was a sarcastic smile in the corner of his mouth, but he and his mother and son would eventually get to this point.

"Chen Xuan, do you say that wealth and power are so fascinating?" Bai Junnan asked dumbly, his eyes confused.

Fu Chenxuan said, "As the saying goes, people die for wealth, power and wealth are full of unspeakable temptations for most people in this world."

Bai Junnan sneered, yeah, isn't their Bai family the most typical example? Several uncles compete for power. Everyone wants to occupy a larger proportion in the company and have more say. For these reasons, They licked the camp, even oppressed their orphans and widows, and his mother, from the beginning, had to fight for the protection of his property, and became a woman who did not break his hand for power. Power and wealth are really harmful. .

"Jun Nan, you want to open up a bit, your mother will finally understand your pains." Fu Chenxuan advised him.

Bai Junnan shook his head, and now in his mother's eyes, he was an unfilial son who forced his mother for the sake of the woman. The gap between mother and son had already arisen, and it was so easy to eliminate it.

"I know this in my heart. I don't regret doing this. I just grieved the book art. My mother may have a big opinion on her even with it." More likely, I would not agree with him and Fu Shuyi at all. together.

Bai Junnan knew his mother, and now in Zhang Su's eyes, Fu Shuyi was the culprit that led to their mother-son inconsistency. How much did they expect them to get married, now how much they hate it.

Bai Junnan was drunk unexpectedly, and Fu Chenxuan sent him to his apartment. This apartment was bought by Bai Junnan in the early years. He lived here most of the time before. He has been here more than once. Naturally Know the house code.

Settling in, Bai Junnan, Fu Chenxuan did not leave immediately. He sat in the living room for a while. In fact, he couldn't understand Zhang Suxin's approach, which might be related to his growing environment. Whether it's the Shen family or the Fu family, they are all very harmonious families. The affection he had with him since childhood was different from Bai Junnan's.

Fu Chenxuan looked at the Bai family mother and son like this, and sighed at the same time, but also couldn't help but be thankful that he had a very good pair of parents, giving him enough understanding and support.

Early the next morning, Shen Qinglan received a bunch of lilies after she got up. She raised her eyebrows and looked at her son. "What is the holiday today?" It was not her birthday, nor Mother's Day, nor a memorial day. This suddenly sent her A bunch of flowers is a bit confusing.

"What did you mess up outside that I need to come forward to help you smooth it out?" Shen Qinglan could think of this.

Fu Chenxuan was funny, with a hint of grievance, "Mom, can't I just miss your kindness to me so I bought a bunch of flowers to make you happy?"

Shen Qinglan looked at his son with a smile, a look of "you think I will believe".

Fu Chenxuan touched his nose, when did his image with his mother become so bad?When Yu Guang saw someone coming down the stairs, Fu Chenxuan's mouth lifted up and pulled out a beam of a bright smile, hugging his mother's shoulders, "Mom, I love you, you are my most in this world. The woman I love is also the most beautiful woman I have ever seen."

Shen Qinglan, hehe, brought the flowers. Although I don't know what the kid is doing, this flower is still

good.

Just after going down the stairs, Fu Hengyi heard his son's "affectionate confession" to his wife. His eyes were slightly cold, especially when he saw the bunch of flowers, his eyes were even colder. Fu Shuyi followed behind Fu Hengyi and naturally saw this scene. Fu, her brother is not naive. Doesn't he feel bored with such tricks from small to big? Wait carefully for Dad to carry his mother behind him.

Fu Chenxuan had a sweet mouth since childhood and was the most coquettish. Since he had watched Fu Hengyi send flowers to Shen Qinglan and coaxed Shen Qinglan, he had learned something like that. Every year, he sent flowers to Shen Qinglan and confessed by the way. And every time I like to face Fu Hengyi, this provocative look at Fu Hengyi's hands tickles, and she carries Shen Qinglan behind him.

In the past few years, because he went abroad to study, he no longer played this boring game. I didn't expect it to start again early this morning.

Fu Hengyi walked to Shen Qinglan's side and took the flowers in her arms. "It's time to eat, smelling such a strong floral fragrance early in the morning, it's easy to affect the appetite." Then, taking Shen Qinglan to the restaurant. In the whole process, when Fu Chenxuan was transparent, he couldn't even give a corner of his eyes.

Fu Chenxuan stood on the spot, Fu Shuyi came over and patted his shoulder, "Brother, you are not naive."

Fu Chenxuan touched his nose. Whatever, he was really grateful to his mother's upbringing, but it was a pity that his family didn't believe him.

"Book art, do you have class in the morning?" Fu Chenxuan remembered someone who was sad in the apartment alone and asked his sister.

"No, today's class is in the afternoon. What's wrong?" It was because she didn't have class this morning that she chose to come back last night.

"Then wait and see Junnan, and bring him some porridge by the way." When he got up in the morning to buy flowers, his aunt had already cooked the porridge.

Fu Shuyi worried, "What's wrong with Jun Nan?"

"It's okay. I drank a lot last night. I was worried that it would be uncomfortable in the morning. You can bring him some porridge and let him eat." Instead of making it usual, Fu Chenxuan would not be willing to let his sister take care of Bai Junnan, this time. Seeing him for such a pitiful sake, he would make it difficult for him.

When Fu Shuyi heard it, he didn't feel like eating, and went straight to the kitchen. Then he took a holding bucket and left.

Fu Chenxuan snorted, should he be so anxious.

Bai Junnan was still asleep, hearing the doorbell, frowning to open the door, rubbing his forehead while walking and walking, his head hurt now.

Standing outside the door is naturally Fu Shuyi, Bai Junnan stunned, "Book Art, why are you here?"

Fu Shuyi looked at him with concern, "I heard my brother said you were drunk last night, and I was worried that you would be uncomfortable in the morning, so I brought you porridge. Are you having a headache now?" She noticed Bai Junnan Rubbing the hand on the forehead.

Bai Junnan turned sideways to let Fu Shuyi enter the door, "I'm fine, just wait for a glass of honey water."

Fu Shuyi had already gone to the kitchen. When he came out, he not only prepared honey water for Bai Junnan, but also filled him with porridge in a bowl.

"Brother Junnan, you go to wash first, then come out to eat." Fu Shuyi said to Bai Junnan who was standing on the side while putting things on the dining table.

Bai Junnan looked at her quietly and did not move after hearing her words. Fu Shuyi turned back and looked at him suspiciously. Bai Junnan stepped forward and directly held Fu Shuyi in his arms.

Fu Shuyi was held by him, and even reached out to hug his waist. Although Bai Junnan said nothing, she could feel that he was in a bad mood. On the way she came to think of Bai Junnan's reason for being drunk. It's very likely that his mother came to find her yesterday, and she also regretted it in her heart. She knew that she wouldn't tell him anything.

"Brother Junnan, I will always be here." Fu Shuyi said softly, and Bai Junnan yelled, holding her tighter.

It took a long time before Bai Junnan let her go to the bathroom to wash. When she came out, Fu Shuyi sat at the dining table, waiting for him to eat together.

"Did you not eat in the morning?"

Fu Shuyi smiled and said, "I want to eat with you." She thinks this way, when a person is in a bad mood, it is better to eat with someone than to eat alone, at least accompanied.

Bai Junnan's eyes slowly raised a smile, in fact, this is also very good, at least she is still there.

Volume One 39. Wedding Prelude

Bai Junnan's eyes slowly raised a smile, in fact, this is also very good, at least she is still there. The two

had dinner, Bai Junnan got up to wash the tableware, and then the two of them nestled on the sofa to watch TV.

"This tastes good, you try it." Fu Shuyi handed a cookie to his mouth, but his eyes were fixed on the TV screen. Bai Junnan was funny, "Isn't it just finished eating?"

"That's different. This cookie is delicious. You try it." She bought it on the way.

Bai Junnan bowed his head and contained the cookie. The cookie was the size of a thumb. In this one, even Fu Shuyi's fingers were contained. He also stretched out his tongue and licked it gently on the fingertip, with a bit of ambiguity. The taste, Fu Shuyi was as hot as it was, and Lightning withdrew his hand and sat up subconsciously.

Bai Junnan looked at the red ear tips of the people in front of him, and his eyes were full of smiles, and he pretended to speak unknowingly, "What's wrong with book art?"

Fu Shuyi looked up and down, left and right, and Zhiwuwu, "It's okay, I'm going to the toilet." Then he quickly walked to the bathroom, as if someone was chasing behind him.

Bai Junnan finally laughed, and the distress in his heart was mostly dissipated.

Finally, Bai Junnan made the food, which Fu Shuyi loved to eat. Fu Shuyi had calmed down for a long time, eating Bai Junnan's food, his eyes narrowed into a crescent moon, well, Jun Nan's craft is really getting better and better, really Delicious.

After dinner, because Fu Shuyi still had classes in the afternoon, Bai Junnan sent her back to school first, and then received a call from a lawyer, asking him to go back and sign a share transfer agreement.

In the living room of the Bai family, Zhang Suxin sat coldly on the sofa. When Bai Junnan came in, she owed even one look, and the right was when this person did not exist.

Zhang Suxin had already signed the document. After Bai Junnan signed the letter, the lawyer left with the document. Bai Junnan stood in front of his mother, his eyes darkened, "Mom."

Zhang Suxin sneered, "Don't call my mother, I can't stand it without a son like you."

Bai Junnan pursed his lips, "Mom, I know you blame me, and I don't want to see me now. I'll leave now. Even if you are not the company's chairman, you will always be my mother. I will come to see you in a few days. ."

"Don't, I don't need you to watch. From now on, you will no longer be my son. This is my home. It is not welcome. Whether you live or die in the future is irrelevant to me. Just hold the company for a lifetime.  
"

There was a trace of paleness in Bai Junnanjun's face, and he looked at his mother weakly. "Then I will go first. Take care."

Zhang Suxin listened to the stepping sounds of her footsteps, the hand holding the cup shook, and the tea splashed on her pants, but she didn't realize it.

Bai Shixia quickly learned that the chairman of the company had made a substitution. The other shareholders knew that there was no special reaction. However, Bai Junnan's uncles jumped up and down. They were very excited and went to Zhang Suxin. He transferred the shares to Bai Junnan and expressed great dissatisfaction.

Zhang Suxin sneered, even the door did not allow them to enter, "This is my and Jun Nan's father's shares, Jun Nan is our only son, these shares will be given to him sooner or later, now it is just given, this is me Freedom has nothing to do with you. Rather than yelling at me here, it is better to do your own thing well. Don't think that Jun Nan's temper is like me. Focusing on it, I advise you to still tighten your skin."

These words are very welcome, a few uncles were irritated, but looking at the closed door of the villa, they could only go home.

As the so-called new official takes over three fires, after Bai Junnan served as the chairman of the group, the first uncle was the third uncle who served as the company's financial director. If it were not the third uncle, his mother would not do such a thing. He would never stay in the company for the cancer. The third uncle wanted to make trouble, but when he looked at the documents that Bai Junnan took out, the more he looked, the paler he became.

"Three uncles, I put this information here, instead of handing it to the inspection agency, it is already a concern for our blood and family. You should understand what this information will be waiting for you if you give it to them. "

The third uncle looked at Bai Junnan with a fixed face, and his face was suddenly blue and white. It was really beautiful. It took a long time before he spoke in a low voice.

Bai Junnan's father is a very easy-going person and a very tolerant person. If the person sitting in the position today is Bai Junnan's father, he wouldn't treat his own brother like this at all. His nephew is more ruthless than his father. too much.

"I don't know what my father is. My style of doing things has always been like this. Don't say it's your third uncle today. Even if the person who made the mistake is my biological father, I will choose to do the same."

Uncle San laughed and sneered. "I understand what you mean. Tomorrow I will submit an application for resignation to the Personnel Department. Jun Nan, you tell the truth to San Shu. How long have you planned this?" Such a secret matter He was known by him, and he would never believe that he would

make a temporary intention.

"Three uncles, I can only tell you one sentence. If you don't know unless you have nothing to do, you should be thankful that the person who knows it first is me."

The third uncle didn't speak, but just took a deep look at Bai Junnan and got up. Bai Junnan leaned tiredly on the chair. This time he really interpreted what he called the betrayal.

First the mother, then the third uncle, and then the second uncle and the fourth uncle, he thinks that the Bai family will become the most unpopular person in the future.

There was a bleak smile on his lips, but even so, he would still choose to do so. The tree of Bai's was already decayed inside. Without the determination of the strong man to break his wrist, he would definitely not save his father's efforts.

After Bai Junnan was so tossed, the company's cancer was removed a lot. Bai was a serious injury. Fortunately, through Fu Chenxuan's lead, Bai and Junlan Group reached a cooperation, otherwise Bai's other shareholders would have jumped out. Against Bai Junnan, where could he be so tossed.

However, after this incident, Bai's can be described as reborn and renewed. Bai Junnan brought a lot of fresh blood to Bai's. This decaying big tree is also a dead wood.

At this time, nearly half a year has passed since the Bai family mother and son broke up. During this half year, most of Bai Junnan's energy is on the company, and he rarely meets with Fu Shuyi. Except for a phone call that can't be beaten every day, the two actually counted Missed for half a month.

So Bai Junnan glanced at his itinerary in the afternoon and picked up his coat and left the company.

Fu Shuyi just took a leave from the department head. Next Tuesday is her brother's wedding. She has to help prepare for it. She has to go home today. As soon as she walked out of the school gate, she saw the man standing at the door.

Fu Shuyi's eyes lit up and ran over, "Brother Jun Nan."

Bai Junnan smiled slightly and hugged people, "Sorry, I'm too busy lately, I can't take care of you, don't get angry with me?"

Fu Shuyi grunted, "Well, who said that I am not angry, I am angry, but because you are doing something right, I will not care about you."

As Fu Shuyi said, he withdrew from Bai Junnan's arms, and took a closer look, "You are thin." There are many distressed words.

Bai Junnan has indeed lost a lot of weight recently, and his complexion does not look very good. There is

no way. The company is now in a rising period.

"It's good to wait for this period." The project cooperated with Junlan Group has been on the right track, and the rest can be released to the project leader for staring.

"Take you to eat some delicious food today." Fu Shuyi took Bai Junnan's hand and directly sat in the driving seat.

Bai Junnan didn't ask Fu Shuyi where he took himself. He looked at her with a smile, and Fu Shuyi turned to meet his smiling eyes. "Brother Jun Nan, if you are tired, squint for a while, and I'll call you again when you reach the destination. ."

Bai Junnan nodded in good faith and closed his eyes cooperatively. Originally he just wanted to take a rest, but he didn't expect to sleep.

Waiting for the destination, Fu Shuyi looked at the sleeping Bai Junnan, especially his dark circles, and felt sorry for her. She once heard Bai Junnan's secretary say that Bai Junnan had been working overtime almost every day for the past six months, even if she was eating with her at night After sending her home, she will return to the company to continue her desperation, so Fu Shuyi later refused to invite Bai Junnan for dinner because she was busy with school, or just bought a lunch box and sent it to his company to eat with him. , After eating, I took a taxi and left.

She took out her mobile phone and took a picture of Bai Junnan.

\*\*

Another four days will be the wedding of Fu Chenxuan and Gu Qingzhu. Gu Qingzhu has returned from the army and now lives in an apartment in the center of Fu Chenxuan. On the wedding day, she will marry from here, as for the wedding room, It was an apartment bought by Fu Chenxuan a year ago, not far from the military compound, and has been renovated long ago.

"Sister Qingzhu, are you nervous?" Fu Shuyi and Guoguo are helping Gu Qingzhu to decorate the house. All the happy characters and window grilles must be pasted. This is Gu Qingzhu's natal family.

With a balloon in his hand, Gu Qingzhu was studying how to blow less effort. Hearing Fu Shuyi's words, he looked up at her, "What's so nervous?"

She and Fu Chenxuan have already obtained the certificate. The wedding is just a process for her. She does not understand what makes her nervous.

"Everyone says that the woman who is going to be a bride will be very nervous, and even someone who has pre-marriage anxiety disorder, why don't you feel nervous at all."

Gu Qingzhu was funny, "My brother and I are legally married couples, even if we are nervous, it is not

now."

Fu Shuyi looked at her curiously, "Then the day you received the certificate with my brother, were you nervous?"

Gu Qingzhu and Fu Chenxuan received the certificates on the Chinese Valentine's Day, which has been calculated for a month.

Gu Qingzhu tilted his head slightly, thought for a moment, and shook his head, "No, I just feel happy." How could it feel nervous to form a family with someone you love, she felt that day was the number of laughs in her life The most day.

Fu Shuyi heard the words and envied her eyes, "Sister Green Bamboo, I envy your feelings with my brother."

Gu Qingzhu smiled, "Is Bai Junnan bad for you?"

Fu Shuyi shook his head, "No, Brother Jun Nan treats me very well, but I am still very happy and envious of seeing you and my brother like this. I just hope that Brother Jun Nan and I will be like you."

Gu Qingzhu smiled and said, "Yes, you will be happier than us."

On the side, Guoguo heard the conversation between the two and interjected, "Book Art, you will be very happy in the future, Bai Junnan is a good man."

Starlight was falling in Fu Shuyi's eyes, but I didn't know what to think. A flash of regret quickly flashed in the bottom of my eyes, fleeting, "Actually, I feel very happy now, and the people around me have found their own happiness, waiting for my brother Marriage

## **566 Chapter 542: He Is My Love Forever (End) (28)**

At the end of the ceremony, it was the turn of Sister Guoguo and Pei Hao, and I felt that time passed really fast. I always felt that what happened when I was a child was just yesterday. In a blink of an eye, you are going to marry, marry and marry."

Guoguo laughed, "You said it seems that you are seventy or eighty."

Fu Shuyi was dissatisfied, "Sister Guoguo, I am not old."

"Okay, don't be poor, work quickly." Guoguo put a balloon into Fu Shuyi's arms, and the three continued to decorate the house.

The Fu family is also very busy here. In addition to cleaning up the house again, it is necessary to arrange for guests to arrive one after another. Some people are coming from the field and have to stay here for a few nights. To Fu Shuchen and Shen Qing.

Fu Chenxuan's wedding is very high-profile, that is, it is not inferior to the wedding of Shen Qinglan and Fu Hengyi. Although it is a Western-style wedding, many people are invited.

Bai Junnan, as a best man, has been busy enough to choke these days, because many people still come from abroad, so they need to pick them up at the airport. This trip is very tiring even if it is just driving. .

Shen Qinglan is still confirming the final wedding process with the hotel. Fu Hengyi will not be able to return until the day before the wedding. These things that should have been decided by the two of them all weighed on Shen Qinglan.

Fortunately, Shen Qinglan's time is free, and Chu Yunrong is also helping. The wedding preparations are finally proceeding in an orderly manner.

"Brother Junnan, the day after tomorrow is your wedding. You can rest at home tomorrow. The day after tomorrow, your best man can be busy." Fu Shuyi sent Bai Junnan to the gate and told him.

Bai Junnan yelled and raised her hand to touch her face. "You too, take a good rest. When we get married in the future, I will not make you so tired." He also really participated in the preparation of the wedding, only to know that getting married What a tiring thing.

Fu Shuyi pretty blushed, "What nonsense, what married or not married, hurry back to rest."

Bai Junnan took a step closer and lowered his head slightly, closer to someone, lowering his voice deliberately, "Who do you want to marry with me if you don't marry me, eh?" The last word ended with a little charm.

Fu Shuyi took a step back and put his hand on his chest, but before he could speak, there was a cough next to him, but it turned out that Fu Shuchen was standing not far away and watching them.

Bai Junnan straightened his body with regret, looked at Fu Shuchen with a smile, and turned away from Fu's house.

The first volume Fan II 40. When the wedding is in progress (end)

On the day of Fu Chenxuan's wedding, early in the morning, the Fu family began to get busy. Bai Junnan, as the best man of Fu Chenxuan, came to the Fu family early in the morning, and Pei Hao also came with him.

"The person who is the bridegroom is different. Look at this spirit." As soon as he entered the door, Pei Hao teased Fu Chenxuan. Fu Chenxuan had changed his clothes and the stylist was making the final set.

Fu Chenxuan listened to Pei Hao's joking, and smiled generously, "I'm going to marry the beloved one, I am naturally happy, Hao brother, dare you say you are not happy?"

The wedding of Pei Hao and Guo Guo is scheduled for March of the following year, which was originally intended to be held at the end of December, but Han Yi was reluctant to let his daughter die and refused to live or die. Finally, the two of them decided to discuss it in March of the following year.

The wedding was set in a five-star hotel in the downtown area, not far from Fu Chenxuan's apartment. It was only after time did they go out.

Fu Shuyi, Guo Guo, and Gu Qingzhu's two comrades-in-arms have arrived in the apartment, waiting for the bridegroom to come and pick them up.

Fu Shuyi looked at Gu Qingzhu, her eyes were full of surprise, "Sister Qingzhu, you are so beautiful."

Guo Guo slapped her, "It's still called Sister Qingzhu, it's time to change her tongue."

Fu Shuyi patted his head, "Yeah, you will be my sister-in-law from now on, and I will not be able to call Sister Qingzhu anymore."

Gu Qingzhu smiled slightly, "You can call whatever you like."

Fu Shuyi and Guo Guo shouldn't have been here. After all, they are relatives of the man, but Gu Qingzhu has no relatives and no friends to talk about. The only good relationship is the two comrades he met when he first entered the army. Today 2 People also came to be her bridesmaids, so Fu Shuyi and Guo Guo volunteered to be Gu Qingzhu's "nanny family". Although some were not in compliance, they were not impossible.

In order to keep Gu Qingzhu from being too indifferent, Fu Shuyi also called her classmates and friends. She has an open-minded and outgoing temper, a good temper, and many friends. She says hello casually, and there are many people who are willing to come. No, even if Gu Qingzhu has no relatives, this apartment is still very lively, everyone is discussing how to embarrass the bridegroom.

Fu Shuyi is Fu Chenxuan's sister and sister. Everyone thought she would be sympathetic to her brother, but she didn't expect this girl to turn out with an elbow. Of the sloppy ideas, eight out of ten were from her.

Gu Qingzhu sat aside and listened quietly to a group of people discussing there, his eyes full of smiles.

"Sister Qingzhu, are you nervous?" I don't know when Fu Shuyi approached Gu Qingzhu and asked softly.

Gu Qingzhu froze for a moment, then nodded, "a little." She originally thought she would not be nervous, but as time approached, as soon as an hour passed, Fu Chenxuan would pick her up, they They would step into the palace of marriage together, and the calm heart lake would have a little ripple, and even the palm of the hand holding the bouquet had a sweat.

At half past eleven, Fu Chenxuan and the bridegrooms appeared at the door of the apartment. A group of little girls surrounded the door, giving the bridegroom and bridesmaids all the problems.

Fu Shuyi accompanied Gu Qingzhu in the bedroom, Gu Qingzhu looked at her curiously, "Why don't you go out and see, aren't you curious?" She was the most cheerful before.

Fu Shuyi pouted, "I don't want to go anymore, they are too noisy, I am always a lady." If she took the lead, her brother wouldn't say anything, but she wasn't allowed to be out of luck afterwards, so she stayed honestly It's safer here. Anyway, most of the unpleasant things are from her, which is considered too addictive.

It took almost an hour for this trouble to happen. Fu Chenxuan finally opened the bedroom door and looked at the man in a wedding dress sitting beside the bed, his eyes were shining, and the joy inside could be seen even if no one said it. Distinct.

He walked towards Gu Qingzhu step by step, walked to her, looked at her fixedly, "Qingzhu, I'll pick you up." He put his hand in front of her, palms up.

Gu Qingzhu smiled slightly, put his hand in his palm without hesitation, held it, the two looked at each other and smiled, Fu Chenxuan directly hugged Gu Qingzhu.

Lin Jing is also here today. Looking at the pair of lovers on the red carpet, even she has to admit that the two are like golden boys and girls. Gu Qingzhu like a woman.

Lin Jing's eyes were envious, and there was a touch of relief. The bride's bouquet fell into her arms like this, she was stunned, unable to return to God, and looked up at Gu Qingzhu's smiling eyes, Fu Chenxuan standing beside Gu Qingzhu also looked at her with a smile on her face.

Lin Jing's mouth twitched lightly, and returned a brilliant smile. He raised the bouquet in his hand to Fu

Chenxuan and said, "Wish you happiness."

"Quietly, I hope you can find your happiness as soon as possible." After the wedding, Fu Chenxuan sent Lin Jing to the door of the hotel and said to Lin Jing.

Lin Jing still held the bridal bouquet in his hand. He heard the words and nodded with a smile. "I will, but I grabbed the bridal bouquet today." Then he shook the bouquet in his hand.

Fu Chenxuan smiled and took the initiative to hug Lin Jing, "When you get married, you must inform me, I will send you to marry."

"Okay." Lin Jing replied. After all, the last obsession in her heart dissipated at this moment. She thought that Fu Chenxuan had finally become a passer-by in her life from now on. From now on, she will be Lin Jing, Brand new Lin Jing.

Lin Jing took a taxi back to the house. This house was no longer a simple shared house with her, but the place where their family now lives. His father was transferred to the Jingcheng Military Region a few years later. As a family member, her mother naturally came back.

After returning, Lin Jing's mother was persuaded by Lin's father to do psychotherapy. Although the heart disease was difficult to cure, it was not that you were ineffective. At least Lin's mother was now able to speak calmly to her daughter.

Lin Jing got out of the car and saw the figure standing at the door of the community. She was startled and walked towards him straight away, "Lu Feng, why are you here?"

The person coming is Lu Feng, and I don't know how long he has been waiting here.

Lu Feng saw Lin Jing at first glance, looking at her expression. Seeing her look calm, unlike her sadness, she gradually lowered her mind and spoke slowly, "Nothing, just walk here."

As soon as the words fell, Lu Feng could not help but slap himself. This lies is so low-level. He and Lin Jing's family are one east and one west. Even if they take a walk, they will not be separated by an entire capital.

Lu Feng looked nervously at Lin Jing and explained stutteringly, "Actually...I just went to do something nearby...Yes, I just went to do something nearby, just past your house, and I wanted to invite you down for a supper ."

"Then why didn't you call me?"

"I arrived here only remembering that you are going to the wedding today, and I am about to leave." Lu Feng was guilty, and dare to say that she knew that she was going to the wedding of the person she likes today. The bride was not my pain. Even if he hadn't experienced it, he knew it would be tough. He

worried that Lin Jing would be sad and depressed, so he came here specifically to wait for Lin Jing, thinking that if she came back in a bad mood, You can also comfort her.

Lin Jing pursed her lips and fixedly looked at the landing peak. Lu Feng thought she was the one who made her unhappy. After all, Lin Jing didn't like to intervene in her private affairs, and suddenly she was embarrassed. "That... Lin Jing, You have a good rest, I will go back first."

Lin Jing stopped him, "Lu Feng."

Lu Feng stepped, turned around, and looked at her suspiciously.

"I'm hungry, would you like to invite me for supper, is it okay?"

Lu Feng was surprised for a while, then nodded sharply, "Of course, I know there is a delicious porridge shop nearby, how about we go there?"

Lin Jing nodded with a smile, and got into Lu Feng's car. She drove sideways while still talking about interesting topics to the man who made her happy, and a slight smile appeared in her eyes. She thought, maybe Lu Feng said Yes, she should give each other a chance.

\*\*

After Fu Chenxuan's wedding, Bai Junnan was once again busy, but compared to before, at least he doesn't have to work overtime every day until late at night.

His relationship with his mother is still in an ice age. To be precise, Zhang Suxin does not forgive his son and does not allow him to enter the house. Every time Bai Junnan comes home, he stands outside the door and says a few words to his mother and then leaves. , Put the things you brought at the door.

At the beginning, Zhang Suxin threw away all the things her son brought. Gradually, she gave the things to the servants at home. Now, even if she doesn't use them, she will put them away, although she still doesn't want to see them. Bai Junnan, but compared to the beginning, it can be regarded as a relief.

Bai Junnan regularly visits his mother once a week. Sometimes Fu Shuyi will follow him and eat a few closed doors. Bai Junnan is reluctant to let Fu Shuyi follow, but Fu Shuyi will still come, "She is your mother and will be me in the future. Mother, the last thing was actually wrong with me. I should take her forgiveness with you."

On this day, Bai Junnan was going on a business trip and was unable to go home, so Fu Shuyi went to the Bai family alone, and wanted to put things down, but didn't expect to be stopped by Zhang Suxin. Fu Shuyi entered the door of the Bai family for the first time.

In the living room, Fu Shuyi and Zhang Suxin sat opposite each other. No one spoke. Fu Shuyi couldn't figure out Zhang Suxin's intention, so he didn't speak.

The long silence still made Fu Shuyi feel a little uncomfortable, so he said, "Auntie, do you want me to come in? Is there anything you want to talk to me about?"

Zhang Suxin looked at her with complicated eyes. "At first, I knew my son was in love with you. I was very happy, but then he repeatedly forced me to surrender the shares in my hands, and did not allow me to see you. Dissatisfaction. I often think that without you, my son and I will still be as harmonious as they were."

Fu Shuyi had a chuckle in her heart, and couldn't help but guess that Zhang Suxin, like those mothers in romance TV shows, would let her leave Bai Junnan?

"I know you are the Fu family's money, if you say it seriously, it is Bai Junnan who is high on you. What I used to think was that my son married you, and I can successfully go online with the Fu family, so that our Bai family will prosper and become more successful. One floor, this is also my goal since my husband died."

Fu Shuyi pursed her lips tightly, "Auntie, I think you have misunderstood Bai Junnan and me." She knows that Bai Junnan chose to stay with her for the Fu family's power, she can still be sure of this.

"Of course I know that that silly boy fell in love with you, even willing to get involved in the family's internal fighting in order to give you a clean environment, drove me and several of his uncles out of the company, and took charge of Bai Shi ."

"No, you misunderstood Jun Nan brother, he returned to Bai's, part of the reason is because of me, I can't deny this, but he is also for you, for the uncle's blood." Bai's Things Bai Junnan didn't tell her, but Fu Chenxuan had told her sister, so Fu Shuyi understood Bai Junnan's reason.

Zhang Suxin was stunned, but he didn't expect Bai Junnan to tell Fu Shuyi even these things, and he didn't know what to say for a while.

"Actually, Auntie, Jun Nan took really hard work after taking over the company. I can't remember that he didn't work overtime for several days in the past six months. I think you should be able to see his efforts.

Zhang Suxin calmly, she naturally saw it. In the past six months, Bai's turbulence has grown steadily from the beginning, and she can imagine the difficulties in it, so she is actually thinking about this time. Some things in the past.

Obviously, they were the closest mother and son. Bai Junnan had to tell her anything. She would also tell her son about some things in the company. Since when did they start to become more and more estranged between them? ?

"Auntie, Jun Nan cares about you very much. He often tells me that it is not easy for you to raise him,

especially when a few uncles are watching. It is very hard for you to take care of the company while taking care of him. He has always felt your kindness in his heart. He also regretted this matter. He regretted that he did not take a more gentle way to talk to you in a more gentle way. Seeing you are so sad, he is not well. And he did it, but in fact it was just I don't want to see you sink deeper and deeper, and eventually it's hard to look back."

Zhang Suxin was silent. In fact, Bai Junnan also said this, but I don't know if the mood has changed. At that time, listening to it now feels completely different.

"Auntie, I also know that you are blaming Jun Nan in your heart, but Jun Nan is your biological son, do you really have the heart to go on like this?"

Fu Shuyi knew that this should not be said by her, but there should always be a bridge between her mother and son. She could see that Zhang Suxin's attitude had softened, otherwise she would not call herself in today. Willing to be a bridge before them.

Zhang Suxin looked at her calmly for a long time before he said, "You can go home with Jun Nan to have a meal on the weekend. I will ask my aunt to cook a few dishes you like."

Fu Shuyi was very happy and responded well. After leaving the Bai family, he directly called Bai Junnan. Bai Junnan listened to Fu Shuyi's words, and his eyes were full of emotion and gratitude, "Book Art, thank you."

Fu Shuyi smiled, "Brother Jun Nan, I don't need you to say thank you, I just hope that our future will get better and better."

Bai Junnan yelled, glanced at the clear blue sky, "Yes."

Their future will definitely get better and better, definitely.

Fan three years quiet (Yan Xi and Dougs)

"Sister, it's me." Yan Xi's voice came from the phone. Shen Qinglan was stunned and looked at the phone. She didn't expect it to be Yan Xi.

"Yan Xi." Shen Qinglan's voice unconsciously softened a bit, as if afraid to scare her.

Yan Xi's lips were pale, and the hand holding the phone was trembling gently. Her eyes were confused, and she didn't seem to know what to say.

Long waited for Yan Xi's response, Shen Qinglan's eyes flashed a bit of sadness, and the voice became softer, "Yan Xi, how have you been recently?"

"Well." Yan Xi responded softly, "I'm fine."

"That's good, you have to take care of yourself. Recently, Sydney City is going to cool down. You should pay attention to the cold and don't catch a cold." Shen Qinglan told her that she didn't like to say this all the time. She thought it was like a chatter. Mother, but in the face of Yan Xi, she repeatedly broke her own principles.

Yan Xi's eyes looked forward, but there was no focal length. Ears were Shen Qinglan's instructions. Her eyes were red and she blinked. "Sister, I'm fine. Don't worry."

Shen Qinglan heard the words and smiled, "I'm relieved if you are well. In fact, with Dougs beside you, I can be assured."

Knowing Yan Xi's current situation, Shen Qinglan didn't say much, and hung up after a few more chats.

When Yan Xi turned around, she saw the person standing behind her. She was slightly stunned. Dougs walked over and smiled softly, "Call Shen Qinglan?"

Yan Xi nodded, "Dougs, I want to go to Beijing tomorrow."

Dougs said, "What happened to Shen Qinglan?" Otherwise, why would you go to Beijing suddenly?

"I just want to go back and see, can I?" Yan Xi didn't say that she wanted to see Shen Qinglan, and wanted to do it.

"Okay, I'll go with you tomorrow. I'll book tickets now. Can you be here alone?" Many times, Yan Xi was afraid that he was far away, so he would tell Yan Xi in advance wherever he went.

Yan Xi nodded, "I can, you go."

Dougs gave her a steady look and saw her calm, slightly relieved, and turned to the study.

\*\*

At Beijing Capital International Airport, Yan Xi looked at the familiar city in front of her, but her eyes were completely strange. She didn't leave soon, but she seemed to have left for half her life. Standing next to her was Dougs, pushing two suitcases in her hand.

Dougs beckoned and hit a car, and neither of them told them this time when they returned.

Yan Xi wanted to see Shen Qinglan immediately, but instead of looking for her, she followed Dougs to the hotel. In the hotel, Yan Xi fidgeted, "Dougs, would you say if I go to see my sister now, will she be willing to see me?"

Dougs was so funny, "Of course I will see you." Shen Qinglan is undoubtedly good to Yan Xi, saying that

Shen Qinglan loves Yan Xi as his own sister.

Yan Xi lowered her eyes slightly, "Dougs, if I were a sister, I would hate this kind of myself." She knew that her previous actions would definitely make Shen Qinglan sad. She couldn't get out of the past injuries and stuck in her heart. Can't get out, but blame everything on the people around him, for his father and brother, for Dougs, and for Shen Qinglan. Selfish people like her deserve a lifetime of misfortune.

Dougs pursed his lips, "Yan Xi, this is not your fault."

Yan Xi smiled bitterly, lowered her head and did not speak. After a while, she looked up and looked at Dougs. "I want to see my sister. Would you call me for her?"

Dougs nodded and called Shen Qinglan. Shen Qinglan was very surprised when he learned that Yan Xi had arrived in Beijing, and immediately said, "Okay, I will come out now."

They were about B, and Shen Qinglan first reached the gate of B. After Dougs sent the person to find a place in a cafe opposite the school, he worried that Yan Xi's emotions would be out of control, so he dared not leave.

Yan Xi is in a much better state than when she last saw it, although Shen Qinglan can feel that Yan Xi is very nervous at this time, especially when she sees someone passing by, her body will be unconsciously tense.

Shen Qinglan walked on the periphery of Yan Xi, properly separating her from the crowd, walking on the campus of B University, Shen Qinglan turned her head slightly, looking at the girls around her, Yan Xi kept her head hanging down and followed The two of them were speechless.

Shen Qinglan took Yan Xi directly to a lawn in the campus. There were few people here and it was very quiet. Sure enough, after Yan Xi arrived here, his body relaxed and he breathed subconsciously.

"Sister, I'm sorry." Yan Xi said softly, only Shen Qinglan could hear it.

Shen Qinglan paused, "Why did you say sorry to me again?" Even she couldn't remember how many times Yan Xi said to her that she was sorry.

"Sister, I was too selfish before, because I couldn't bear the past, I blamed my experience on you. I was bad, I'm sorry." Yan Xi said dumbly, these words, she has been in my heart for a long time , But no courage to speak up.

Shen Qinglan stared at her, looking at her with certainty, "Yan Xi, I never put it in my heart, as long as you are good."

Shen Qinglan's blame, instead, made Yan Xi more and more embarrassed, the guilt in her heart flooded

like a tide, almost swallowed her, she thought what she did in her last life, in this life can meet Shen Qinglan.

"Sister, you can actually blame me." Shen Qinglan blamed her, but she was relaxed.

Shen Qinglan raised his hand, wanted to touch Yan Xi's hair, lifted it into the air, and suddenly remembered Yan Xi's illness. One hand stiffened in the air and couldn't stand up, but when he saw that Yan Xi didn't respond, after all, it slowly fell. She patted her shoulder and patted lightly, "Yan Xi, don't take your mistakes all over yourself. You don't know how happy I am when I see you getting better."

Yan Xi raised her head and met Shen Qinglan's eyes, still as warm as she remembered. She suddenly burst into tears, holding Shen Qinglan's hand in one hand, she missed something.

Yan Xi couldn't cry herself, Shen Qinglan reached out and took her to his arms, patting her back gently, like coaxing a crying child.

It took a long time for Yan Xi to calm down. Her head rested on Shen Qinglan's shoulder, holding Shen Qinglan's hand in her hand, "Sister, I will work very hard to cooperate with Dougs' treatment, and will definitely let myself be in the shortest It's getting better in time, and when I'm better, I'll come to you again."

Shen Qinglan smiled, "Okay."

Yan Xi returned to Sydney the next day after seeing Shen Qinglan. As she said, returning from the capital, she started to cooperate fully with Dougs' treatment. Although she also cooperated before, she always had reservations. Although the treatment is effective, it is very slow, but now it is different. Yan Xi is willing to expose herself completely to him, which is very helpful to her condition. Within a short time, Yan Xi's condition has achieved A lot of progress has been made. At least now, Yan Xi dare to go shopping alone on the street.

When Yan Xi went out, Dougs followed her far away, ready to rush up if Yan Xi's emotions were out of control. He saw Yan Xi walked into the supermarket by himself. Like everyone else, he chose the dishes he needed today. During the period, a child even bumped into Yan Xi. Dougs was ready to rush to hug Yan Xi at the time. Seeing Yan Xi lift the child from the ground, he smiled at him, and even reached out to touch his head. Dougs was very excited.

He watched Yan Xi check out and took a taxi before driving away. He copied the near path and got home first.

When Yan Xi came back from the supermarket, she saw Dougs standing at the door. She seemed to know that she was waiting for her. She froze a little, then smiled at the man, and lifted the bag in her hand.

Dougs came over, "Great."

Yan Xi smiled, "Are you worried about me?"

Dougs nodded and shook his head again, "I believe you can do well, Yan Xi, in my heart you have always been great."

The meal was made by Dougs, and Yan Xi helped lay the hands. The western food was still done. The western food of Dougs was very good, and he usually did more than usual.

Yan Xi likes this kind of life now, calm and good times.

Shen Qinglan occasionally calls Yan Xi to talk about her recent life. The most talked about is An An, because Yan Xi likes An An very much.

Yan Xi's condition is getting better every day, and the happiest person is Yan Anbang. Although Yan Xi has never called him and is still unwilling to see him, as long as he knows that Yan Xi can live a normal life, he can rest assured Too.

Yan Xi's condition was completely good in the spring of the second year, when Dougs got the inspection report, despite the psychological preparation, he was still excited and incoherent.

Yan Xi looked nervously at the man in front of him, his hands hanging down on his side tightened slightly, and Dougs suddenly hugged her, "Yan Xi, great, you have finally recovered."

Yan Xi's tears fell almost instantly. She could feel the tension and excitement of Dougs. The person who paid the most for her illness was Dougs. For so many years, she has always been with her. , No complaints and no regrets.

"Yan Xi, get married when we go back," Dougs said suddenly.

Yan Xi was stunned, and it seemed that some reactions could not be overstated. "Dougs, I..." She was very happy that she was well, but married to Dougs...

"Yan Xi, do you know how long I've waited for this day? I'm thinking about this day in my dreams." Dougs's tail trembles, and Yan Xi can clearly feel his excitement.

"Dougs, my past..." Her past was so unbearable that she was not worthy of such a beautiful him.

"Fool, if I mind your past, I won't be by your side for so many years, Yan Xi, will you marry me?" He stared affectionately at Yan Xi.

Yan Xigui nodded, pointing to God. When she reacted, she had been held by Dougs for several laps. Yan Xi screamed and laughed.

The wedding of Yan Xi and Dougs was very low-key. There were only a few people coming to Shen Qinglan, and Yan Shengyu. Yan Anbang did not come, but Yan Shengyu brought the wedding gift he prepared for Yan Xi, which was a bank card. Inside is all the savings of his life.

In the third year of marriage with Dougs, Yan Xi gave birth to her first daughter with Dougs, fulfilling her life that was not smooth.

Digression

This is the fan of Yan Xi and Dougs, the fan of Shen Junze will be updated tomorrow

### 1. Late at first sight

In the coffee shop, Shen Junze sat by the window and glanced at the watch on his hand. It was already twelve o'clock, and half an hour had passed since the appointed time, but the other party had not come yet. He frowned slightly, just thinking He took out his mobile phone to make a call and saw the white rose on the table in the corner of his eye. After thinking about it, he took his hand out of his pocket. Forget it, wait another half an hour. If the other party doesn't come again, he won't go. late.

He came out for a blind date today. The person was introduced by Chu Yunrong. This is already the fourth object Chu Yunrong introduced to him. The first few let him refuse for various reasons. If this one is not Shen Qinglan Opening, he still didn't plan to meet.

He is very busy now, there are many things in the company, and when he is young, he is really not in a hurry about the big things in his life. However, Chu Yunrong is very attentive and introduces him to him at both ends of the three days. Unintentionally speaking.

Of the three children of the Shen family, only one of them is really left alone. He can understand the mood of Chu Yunrong and grandpa, which is why he agreed to come out to meet each other this time. I just didn't expect the other party to be late, let him wait for half an hour.

If it is placed as usual, Shen Junze will not have an opinion even if he is not happy. After all, some people like to use this method to test people's hearts, but this afternoon he also has a very important video conference, which is related to the company's development in the next three years He couldn't be absent, at most half an hour, if the other party didn't come within half an hour, he really left.

Shen Junze thought lightly.

The time passed by one minute and one second, and half an hour later in ten minutes. He picked up a cold sip of coffee on the table and gradually lost patience.

Just when he hesitated to leave a few minutes in advance, the other party showed up, breathing slightly, "You are Shen Junze? Sorry, my car broke down halfway, I hurried to come over, I am very sorry Keep you waiting for me for so long."

As soon as Wang Ning met, he said an apology and a sincere look.

Shen Junze's eyes turned around in the other party's face and reached out his hand, "Hello, I am Shen Junze."

"I'm Wang Ning, I'm really sorry, I didn't arrive late deliberately, my car broke down, and when I couldn't get a car, I came over."

Shen Junze smiled slightly, "It doesn't matter, but Miss Wang, I still have very important things in the afternoon. I can't talk to you for a long time. We still have about half an hour. I hope you don't mind." He believes what the other party said is Really, the other person's forehead was covered with fine sweat, obviously running.

Wang Ning only felt that this was the other party's dissatisfaction with being late. Although he was a bit disappointed with the man's stinginess in front of him, he said nothing. He sat down opposite Shen Junze, "I am not good today."

Having said that, what happened today is indeed an accident. She did not want to be late, nor did she want to use this method to test people's hearts. However, Shen Junze so clearly expressed his difficulty, it is too much care, this is Wang Ning's first impression of Shen Junze.

Probably because they were not very satisfied with each other's first impressions, the two left in less than 20 minutes in the cafe. Shen Junze stood in front of the car and said to Wang Ning, "Miss Wang, you are going to wait Where can I send you."

Wang Ning smiled politely, "No, don't you have important things to wait for? I won't delay you. The traffic here is convenient and it's easy to get a taxi. I just need to take a taxi myself."

Seeing that the other party insisted on refusing, Shen Junze did not reluctantly, nodded at the other party, and drove away. Wang Ning looked at the car going away, smiled indifferently, beckoned and hit a car, but she was walking in a strange position at this time.

Because the car broke down halfway, she couldn't get a taxi, so she had to run over in order not to be late. Someone didn't pay attention to the steps and twisted her feet. Fortunately, it wasn't serious. It also allowed her to meet Shen Junze without changing her face.

It was just that until now, the pain from her ankle made her very uncomfortable, so after taxiing, she went directly to the hospital.

"Ning Ning, what's wrong with your feet?" Wang Ning came home and saw his mother frown at her.

Wang Ning smiled, "It's okay. I accidentally arrived when I came back. I've already seen the doctor. The doctor also said that there is no big deal. Don't worry."

The Queen Mother helped her daughter to sit down on the sofa, "You talked about you and walked so carelessly, by the way, didn't you go to see the young man of the Shen family today? Did you see it?"

"I saw you."

The Queen Mother heard the words and looked at her, "How are people?" She had never seen Shen Junze, but the person was introduced by Chu Yunrong. She and Chu Yunrong were colleagues of an orchestra. They worked together for many years, and the people they introduced to her were still very good. Rest assured, otherwise your daughter will not be allowed to see each other.

Wang Ning's expression was faint, "It looks good, but I don't think we are suitable."

"How do you say? You missed others?"

"Mom, what you said is not accurate enough, it should be said that we did not look at each other."

The Queen Mother regrets, "It's impossible. When I heard Yun Rong talk about it, I thought this guy was quite reliable." When she said this, she remembered something and asked her daughter, "Your sprained foot, you didn't send you back?" "

"I came back by taxi myself. There is nothing to give away, and people don't even know that I sprained." Wang Ning is not a person who will say right and wrong behind his back. Even if he is dissatisfied with Shen Junze, he will not tell his mother, but It is a stranger who will never meet in the future, what is worth saying.

The Queen Mother disagreed, "That's not the way to say it, even if he doesn't know that your foot is hurt, should you send you back when you saw you didn't drive? This is unsuspecting, and there is no gentlemanly style, I think This person is not as good as Yun Rong said. Forget it, such a person really doesn't need to be in touch, it doesn't look right."

The Queen Mother also thought about Shen Junze. Her daughter was only twenty-four years old, and she was not so anxious about marriage. This time, she would not have seen Chu Yunrong's face this time.

At this time, a very similar scene was also staged in the Shen family. Chu Yunrong knew that Shen Junze was going to blind date with other girls today, and specifically asked Shen Junze to come back to dinner at night.

Now Shen Junyu and Wen Xiyao do not live at home, and Shen Qinglan has already married, leaving Chu Yunrong and Mr. Shen at home, and occasionally Shen Qian, the home is much more deserted than before, but Shen Junze does not When dealing with her own biological mother, she is always alone. Chu Yunrong is worried that he will not be able to live alone. He often calls him to get him back, and gives him various supplements.

Shen Junze knew what Chu Yunrong wanted to know, but pretended not to understand and buried himself in a meal. Chu Yunrong looked at him and thought he was too busy. He couldn't take care of the meal and kept serving him. "Eat more and eat slowly."

Shen Junze nodded headily and wanted to leave after dinner. "Auntie, I'll eat it and I'll go back first."

Chu Yunrong came out of the kitchen, "Wait, I have something to ask you, sit first."

Shen Junze smiled bitterly, and really could not escape easily, sat down obediently, and Master Shen also rarely went upstairs and sat down with him.

Chu Yunrong wiped the water off his hand and looked at Shen Junze with a smile. "How did you feel when you entered Wang Ning today?"

Shen Junze didn't mention the fact that the other party made him wait for fifty minutes, but just said, "It's a nice girl."

"That is very good for her?" Chu Yunrong's eyes lightened.

"Auntie, I don't mean that, the other party is a good girl, but I think it's not suitable for the two of us. There is nothing in common. You see that people learn music, but I don't know anything about music. Yeah."

"Common topics can also be cultivated, you talk more, and after understanding each other, do you find common topics?"

Mr. Shen very much agrees with Chu Yunrong on this point of view. "I think your aunt is right. If you meet someone, you will deny others. Since you think the other party is good, try to get in touch with others. Good girls are very popular. "Senior Shen is very caring about Shen Junze's marriage. I am afraid that he will learn from his dad and find an unreliable one."

Shen Junze: ...I knew he hadn't said that people were good girls from the beginning. Is this a pit for himself?

"Grandpa, auntie, even if I am in love with others, they may not be like me. The twisted melons are not sweet." Shen Junze tried to dismiss the two elders in the family from the other's perspective.

"Wang Ning said this to you?" Chu Yunrong suspiciously.

"I didn't see that. I saw it." Shen Junze said.

"That is to say, this is what you guessed. If you don't know what to do, why do your men understand the careful thoughts of their daughter's family."

## 567 Chapter 542: He Is My Love Forever (End) (29)

Chu Yunrong was relieved, as long as he didn't speak straight, there was still a chance.

After hearing this, Mr. Shen said, "Yun Rong, you give someone a call and ask each other's attitude."

Chu Yunrong nodded and stood up to call, not giving Shen Junze the opportunity to stop. Shen Junze could not leave now, so he sat here and waited.

Chu Yunrong ended very quickly there, and came back after a while. He looked at Shen Junze for a while. Shen Junze's eyelids jumped, and the other party said something about him. The aunt looked at him with such eyes.

Just when Shen Junze's eyelids jumped straight, Chu Yunrong said, "Junze, it doesn't matter. Auntie knows a lot of good girls. If this doesn't work, let's look at the next one and we will always find a happy one. Wang Ning is in me. It doesn't seem to be very good."

Is this comforting? Shen Junze thought lightly that it seemed that the other party did not look at him.

"Auntie, I'm not in a hurry."

Chu Yunrong thought that Shen Junze was kind words, and a hint of sympathy also appeared in her heart, which finally caught on to a girl, but the other party was surprised that Shen Junze did not.

Patting Jun Junze's shoulder, "Jun Ze is assured, your aunt will definitely find you a favor." While talking, she secretly wondered if there was a suitable candidate.

Digression

Tomorrow will continue Shen Junze's Fanwaiha.

Fan IV 2. Relief

"You are still young, don't worry in a hurry." Master Shen heard the meaning of Chu Yunrong's words and comforted.

Shen Junze nodded with a smile, it was not him who was anxious from beginning to end, but this was the intention of the elders, he accepted, "Auntie, I will go back first."

Chu Yunrong responded well, "Go back to the road and pay attention to safety, and get a phone call when you get home."

Shen Junze returned home, first sent a call to Chu Yunrong to report safety, and then took a shower and went to bed. He didn't take the blind date issue into his heart at all. In his opinion, since the other party did not take him in mind, it was the best. In the end, this matter was just forgotten by him.

It was a month after seeing Wang Ning again. Coincidentally, when he was accepting the second blind date, Shen Junze bumped into Wang Ning who came to the restaurant with friends.

Shen Junze looked at the girl in front of her. She was in her early twenties. She was very young. She was an elementary school teacher. She was pretty and white. She was very quiet and had very few words. Shen Junze said ten sentences. She probably could coordinate two or three sentences.

Shen Junze thought he was a talkative person, but he couldn't talk until half of the conversation, and he could only eat the food with a vigorous effort. It was at this time that there was a sound of broken dishes in the restaurant, and then it was a woman. 'S sharp voice, "You don't have long eyes, haven't you seen anyone coming, look at my new skirt, what are you doing?" The woman's new skirt was filled with drinks, no More, just the corner of the skirt, but because the skirt is light-colored, it looks obvious.

Wang Ning pursed her lips. She had just slipped her hands and accidentally knocked down the drink cup on the table. The cup fell to the ground and smashed. Just when the woman came over, the drink splashed on the skirt.

"I'm sorry." Wang Ning apologized. The woman's speech was a bit unpleasant, but it was indeed that she accidentally spilled the drink on her skirt. "I will pay you how much your skirt is."

The woman snorted coldly, "You pay, can you afford it? This skirt was bought by me for 30,000 yuan. It was worn for the first time today. Now it is made by you. How can I still wear it?"

Wang Ning glanced at it. It was a limited edition of a certain brand. It was really difficult for her friend to buy. "Then you will give me the skirt. I will send it to dry cleaning and then send it to you. I will bear all the costs. "Since it is difficult to buy, it can only be sent for dry cleaning.

"You said it was easy. This is my new skirt. It was stained by you just after wearing it. Can it be cleaned by dry cleaning?" The woman was resolute.

"Then what do you want?" Wang Ning asked her in reverse, this wouldn't work, nor would she.

"Loss of money, this is the skirt I bought last time. If you buy it again, you will definitely not be able to buy it. It is difficult to buy a thousand dollars. You have to pay me if you break my treasure."

Wang Ning frowned, but his eyes were full of displeasure, but he didn't say much. He just said, "Okay, I'll pay you five thousand." Five thousand yuan is sent to dry cleaning, which is enough.

The woman was very dissatisfied, "I bought this skirt for 30,000 yuan. If the dry cleaning cannot be cleaned, then my skirt will be useless and 30,000 yuan will be floated."

Is this wronged? Wang Ning thought lightly.

"This time you have to pay me 50,000 yuan, 30,000 yuan for skirts, and 20,000 yuan for my mental loss." The woman was reluctant, and her eyes were gleaming. She looked at Wang Ninghao and talked before thinking about sitting on the floor. Starting price.

Wang Ning was angry. This was blackmail at all. Just when he wanted to speak, he heard a voice.

"I'll give you fifty thousand, you take off this skirt and give it to me." An unfamiliar and somewhat familiar male voice sounded not far away, Wang Ning turned his head and saw Shen Junze, it was him!

Shen Junze walked to Wang Ning's side and looked at the woman quietly, "I will give you fifty thousand, and you will give me the skirt now." He repeated the words again.

The woman was startled, "Who are you?"

"I am a friend of this lady. I have seen what happened to you just now. Although my friend accidentally soiled your skirt, she apologized for the first time and took out the solution. Sincere attitude, it's you, the lion opened his mouth. Why, she thought she was bullying and wanting to ridicule people?"

The mind was pierced, the woman's face tightened, and he sneered, "You said that if you are not careful, you are not careful? I also said that she was intentional. Who knows if she is jealous of my limited edition, so I want to ruin my Skirt." This is why Hu Tuan is irrational.

Shen Junze looked slightly cooler and looked at the woman firmly, "Don't you want to compensate? I agree, I will pay 50,000 to buy the skirt on you."

"OK, give me the money first, otherwise how do I know if what you said is true or false." The woman looked at him in disbelief.

Shen Junze immediately took out a cheque book from the jacket pocket, and a pen. With a big swipe, he ripped off a cheque, "This is fifty thousand."

The woman has seen the amount above, her eyes are bright, and she wants to reach out, but when she sees Shen Junze close her hand, the woman's face changes slightly, "Want to repent?"

"No regrets, but you didn't seem to understand what I said just now, I was talking about buying skirts on you."

The woman waved her hand. "I heard. When I went home, I changed the skirt. You gave me the address. I sent it."

Shen Junze smiled, "I like to pay with one hand and hand with delivery. Who knows if you will run away with my money."

The woman's black face, "I still need tens of thousands of dollars for my identity?"

"Who knows, people are separated from each other's belly. Either I have two thousand pieces, and you send the skirt for dry cleaning, or, I give you fifty thousand, and you take it off for me now."

The woman looked sullen and looked at Shen Junze for sure. She could see it. The man didn't mean to compensate her. Taking off her skirt in public, this kind of thing can never be done, but two thousand dollars...

She glanced down at the skirt. In fact, such a big place, sent to dry cleaning, should not use two thousand? But thinking about the bad things I encountered today, I was still unwilling, pointing at Wang Ning and saying, "She just told me five thousand."

Shen Junze sneered, "That's what my friend gave you face, you know what the price of this dry cleaning is, even if it is two thousand, you are also profitable, as the saying goes, greed is not enough to swallow the elephant, too greedy is not good." This is Ming Yaohang Warned.

The woman wanted to refute it, but when she finally swallowed Shen Junze's harsh eyes, he snorted and reached out, "Two thousand, bring it."

Shen Junze took two thousand from the wallet and handed it to the woman. The woman took it and left without hesitation.

Shen Junze was planning to leave, and Wang Ning handed him two thousand dollars. "I really thank you today. This should have been my compensation. You cannot let me pay it in advance."

Shen Junze glanced down at her, without refusing, and took the money over. "Miss Wang doesn't have to worry about it, it just happened."

He would not say that he only saw that Wang Ning was not good at dealing with such occasions before exporting.

Wang Ning originally wanted to invite Shen Junze to dinner, but when he saw him walking towards a woman, he seemed to know him, so he gave up. He wanted to thank those who always had a chance.

"Have you eaten?" Shen Junze asked when he returned to his position.

The blind date nodded and stood up, "Go."

When the two left the restaurant, Shen Junze sent the person to a place before driving away. He did not take into account the fact that Wang Ning met in the restaurant today. Of course, because of his behavior today, the woman felt that Shen Junze was not in love with the blind date. For the sake of the heart, so of course, this second blind date declared a failure.

When Shen Junze completely forgotten the restaurant incident, he suddenly received a call from Wang Ning, and the other party invited him to lunch together, saying that he was thanking him for his help that day. Shen Junze raised his eyebrows slightly and did not refuse her invitation.

In the restaurant, Wang Ning has already arrived.

"Miss Wang, I'm sorry, I'm late."

Wang Ning smiled slightly, "I arrived early, Mr. Shen's time concept is very strong." Fifteen minutes before the time they agreed, Shen Junze was indeed not late.

Shen Junze smiled and handed the menu to Wang Ning, "Come and order."

Wang Ning replied, "I invited you to dinner today, naturally it is a point."

Shen Junze hesitated and said, "Okay, do you have any taboos?"

Wang Ning shook his head, "I can eat anything, you can order whatever you want."

Shen Junze ordered a few dishes, which were quite satisfactory, and most people would eat them. Wang Ning saw this and did not say anything.

"Last time I wanted to say thank you to Mr. Shen, but I went abroad to perform a while ago and came back yesterday." This also explains why she waited for dinner after so long.

Shen Junze didn't pay much attention to it. "It's just a show of effort. Ms. Wang doesn't have to pay attention to it. She will be another friend. I will do the same."

Wang Ning's eyes flashed slightly. When he saw him for the first time, he felt that this person lacked patience and lacked a gentleman's demeanor. Now it seems that maybe he was misunderstood, maybe he was really in a hurry that day.

"Anyway, I want to thank you. Without that day, I must have been ridiculed by that woman." She is obsessed with music, and these things are really not good at it.

A meal was spent in Wang Ning's gratitude. On leaving, Wang Ning gave Shen Junze several tickets to the concert, "This is my performance in Beijing. If Mr. Shen is interested, you may wish to bring your family and friends Listen."

Shen Junze didn't refuse. They didn't talk much during the meal, but they weren't too small. The conversation of Miss Wang Ning was much more interesting than the elementary school teacher he saw last time. He thought that playing music was elegant People who are unconventional and ignorant of ordinary things can also be seen from the last restaurant incident, but they did not expect to get in touch with them seriously, but they are not the case.

"Thank you, I will definitely go." Shen Junze said with a smile, "Where are you going, I will send you."

Wang Ning refused, "No, I drove today, goodbye."

Shen Junze didn't go back to the company until the person had gone far away, looked at the three concert tickets in his hand, and thought to whom to give two of them.

Digression

Jun Ze quietly left a ticket, haha

There should be a final chapter tomorrow in Junze's fandom

Fan IV 3. Thank you for appearing in my life

The tickets for the two extra concerts in Shen Junze's hands ended up in Shen Qinglan's hands. Fu Hengyi did not return in the army. Shen Qinglan simply went with Chu Yunrong, but at this time, Shen Qinglan didn't know Shen Junze's hands There is also a ticket for the concert, so when she saw Shen Junze at the scene, she was surprised.

"Eh, Junze, you are here too. We will come with you as long as we know this." Chu Yunrong first saw Shen Junze. She knew that the concert tickets were given by Shen Junze.

"Mr. Shen, have you already come?" Wang Ning's voice sounded at the same time. The three of them looked towards her. She was wearing a white evening dress, which was what she would wear for the show.

"Aunt Chu is good." Wang Ning and Chu Yunrong had a close relationship. I still remember her, but Chu Yunrong did not have an impression on the girl in front of her. When she saw each other, she knew her, but she didn't know each other. Embarrassed.

"Miss Wang Ning." Shen Junze saw Chu Yunrong's embarrassment and called Wang Ning's name. When Chu Yunrong heard the name, he immediately remembered it, and he couldn't help but wonder. Wang Ning didn't look down on Shen Junze. ?Does it mean that Shen Junze is pursuing others?

Thinking about it like this, Chu Yunrong was immediately happy, and this kid too, you told me to pursue others, I definitely want to help you.

"It turned out to be Ning Ning. I often hear your mother mention you and say you are very good. I saw it today. It is really beautiful and smart." Chu Yunrong took Wang Ning's hand, which was called a passion .

Facing the sudden enthusiasm, Wang Ning was inexplicable in her heart, but she kept a decent smile on her face. Although she specializes in violin, she has also heard a few piano concerts by Chu Yunrong. She is a very good musician, so They also followed Chu Yunrong's words and said that both of them are engaged in music, and naturally there is no shortage of topics, so Shen Junze and Shen Qinglan followed behind and listened to the two exchange music.

"This girl is good." Shen Qinglan said softly to Shen Junze.

Shen Junze slightly embarrassed, "Sister, it's not what you think. Last time I ate with a friend, I met her at the restaurant and helped her out. The people thanked me and gave me a few tickets for the concert." He explained.

Shen Qinglan looked sideways, "What do I think?" She didn't say anything, he hurried to explain, originally Shen Qinglan didn't think much, but now... she glanced at Shen Junze, thoughtful.

"Sister, it's really not what you think, I can't even count her and her friends." Shen Junze lowered his voice, fearing that they would be heard by the two in front.

Shen Qinglan sighed, "It's better not to be friends, just go straight in."

Shen Junze: ...how did he feel darker and darker?

Wang Ning took them to the place and left, and the concert began immediately. She needed to go backstage to make final preparations. Chu Yunrong patted Shen Junze's hand, "This child is really good, and it's normal for people to look down on you. But don't be discouraged. It's nothing to see each other. She hasn't gotten to know you deeply. You can try to get in touch with others and give them a chance to get to know you. Maybe they will look at you."

Shen Junze: ...Is this comfort?Why didn't he feel comforted at all?

No matter what Shen Junze thinks, Chu Yunrong is very satisfied with Wang Ning. She looks beautiful, talented, and self-cultivated. Such a girl is really suitable as the daughter-in-law of their Shen family.Secretly thinking about how to help Shen Junze win people.

So after the concert, Chu Yunrong invited Wang Ning to the Shen family as a guest. Wang Ning couldn't quit, and naturally came. When she saw Shen Junze at the Shen family, she was not surprised. She is smart, and naturally sees Chu Yunrong's thoughts.

After the meal, Shen Junze sent Wang Ning home and sent the people downstairs. "If my aunt's words bother you, don't worry about it. She is not malicious."

Today at the dinner table, Chu Yunrong secretly praised Shen Junze and all praised him as a flower. Wang Ning did not know how to do it, but he was really uncomfortable. It's just that Shen Junze solemnly mentioned it, and explained the meaning for Chu Yunrong, but it made the embarrassment in Wang Ning's heart disappear.

"Understood, when boys are married and girls are married, when we are old, I understand the feelings of parents wanting us to start a family and start a business. My parents are also like this, but your aunt is very kind to you."

Shen Junze's eyes warmed slightly, "Well, my aunt's family is very kind to me."

"Thank you for sending me back today. I will invite you to dinner someday. You can't rush to check out with me again this time." Last time she invited Shen Junze to dinner. Finally, Shen Junze paid.

Looking at the smiling woman in front of her eyes, Shen Junze unconsciously raised the corner of her lips, and a word "good" overflowed from her mouth.

"Then I will go first, and then see you." Wang Ning got out of the car and went home. Shen Junze saw that she had entered the community before driving away.

Less than three days later, Wang Ning fulfilled his promise to invite Shen Junze for dinner. When Shen Junze came out, his face was a little unsightly, but because it was not obvious, Wang Ning did not care.

When I arrived at the restaurant, this time it was Wang Ning ordering a meal. Shen Junze put one hand under the table, but actually pressed it against his abdomen. Today, he had a stomach problem, and he didn't want to come out, but he promised others that he didn't agree well, so The brace came out, but now the stomach seems to be more and more uncomfortable.

After finishing the order, Wang Ning returned the tablet to the waiter. When he turned around, he saw Shen Junze frowning, so he cared, "Mr. Shen, what's wrong with you?"

Shen Junze smiled and shook his head, "It's okay, but the hungry stomach is a little uncomfortable, too rushed in the morning, and I forgot to have breakfast."

It is said that Wang Ning did not care, and she often did such things.

Just came up, it was obviously a full-bodied meal, but Shen Junze had no appetite, but just said that he was hungry, now if he does not eat, it would be too much to give the face, so he forced to hold a few dishes to eat, but suddenly When Shen Junze's face changed, he spit out a bloody puff, and his eyes fell black.

Wang Ning was stunned for a while, and it took a few seconds to react. He hurried over to help the person up, and he did not forget to dial 120.

When Shen Junze woke up, he was in the hospital. He slightly turned his head and saw Wang Ning lying beside the bed. When he moved, Wang Ning woke up immediately. When he saw that he had woke up, he smiled suddenly. "You finally Woke up, you were really scared to death." This man suddenly vomited blood after half a meal, can it not be scary?

"The doctor said that you have a stomach perforation. You are estimated to be in the hospital for some time. I wanted to call to inform your family, but I don't know the password of your mobile phone and I can't contact them." Wang Ning explained why he would Alone in the hospital.

"You give me your family's phone, I will call them now." Wang Ning said.

Shen Junze smiled and shook his head, "It's okay, but the hungry stomach is a little uncomfortable, too rushed in the morning, and I forgot to have breakfast."

It is said that Wang Ning did not care, and she often did such things.

Just came up, it was obviously a full-bodied meal, but Shen Junze had no appetite, but just said that he was hungry, now if he does not eat, it would be too much to give the face, so he forced to hold a few dishes to eat, but suddenly When Shen Junze's face changed, he spit out a bloody puff, and his eyes fell black.

Wang Ning was stunned for a while, and it took a few seconds to react. He hurried over to help the person up, and he did not forget to dial 120.

When Shen Junze woke up, he was in the hospital. He slightly turned his head and saw Wang Ning lying beside the bed. When he moved, Wang Ning woke up immediately. When he saw that he had woke up, he smiled suddenly. "You finally Woke up, you were really scared to death." This man suddenly vomited blood after half a meal, can it not be scary?

"The doctor said that you have a stomach perforation. You are estimated to be in the hospital for some time. I wanted to call to inform your family, but I don't know the password of your mobile phone and I can't contact them." Wang Ning explained why he would Alone in the hospital.

"You give me your family's phone, I will call them now." Wang Ning said.

Shen Junze looked at her calmly, looking at the real worry on her face, her eyes flashing slightly, and

reported a string of numbers, which was Shen Qinglan's number.

After calling Shen Qinglan, Wang Ning looked at Shen Junze. "The doctor said that you have had a stomach problem for a long time. Haven't you ever seen a doctor?"

"I have seen it, and the doctor also prescribed it, but I am busy and often forget to take it." Shen Junze said, his voice weak.

Wang Ning frowned slightly, "Your family doesn't remind you to take medicine. The stomach problem can be big or small, just like you are very dangerous this time. You need to protect your stomach in the future. You are still young. You can't ruin your body so much."

Hearing Wang Ning mentioning his family, Shen Junze's eyes were dim. His parents, apart from the Shen family, were his mother. He didn't go back often. His mother hadn't been in contact for many years. Does he still have family?

Wang Ningzheng was talking. When he saw that the other party did not respond, he glanced at him. It happened to see the sadness under his eyes. He felt a pause in his heart. It seemed that he should have touched him just now. After thinking about it, I can't help guessing, is it family?

Shen Qinglan came quickly. After confirming Shen Junze's condition, she expressed gratitude to Wang Ning. If she was not sent to the hospital today, Shen Junze would be in danger.

Wang Ning was embarrassed. "Actually, it was also me who was not good. If I knew that he was not feeling well today, I would not invite him to dinner."

Shen Qinglan smiled, "No matter what, I still want to thank Miss Wang."

"Since he's okay and you're here too, then I'll go first. By the way, why didn't his parents come to see him?" Wang Ning saw that only Shen Qinglan had come by himself and asked instinctively.

"His father died a few years ago." Shen Qinglan explained, without mentioning his mother. Wang Ning heard something unusual, but left without asking much.

The next day and the third day, Wang Ning came to see Shen Junze every day and accompanied him to talk and talk. Chu Yunrong bumped into it once and saw that the two were talking and laughing in the ward, and they had clearly reached the door of the ward. , And backed away again, her face was full of joy, if Shen Junze and Wang Ning could succeed, she would be happy.

Because Wang Ning came every day, Shen Junze and Wang Ning knew a lot. Shen Junze watched Wang Ning busy for him and said that there was nothing in his heart that felt false. It's just that he didn't forget that Wang Ning didn't take a fancy to himself. Now that he cares about him so much, it should be because she fainted when eating with her, so she is like this, it is completely a concern for friends.

I don't know why, as long as I think that Wang Ning may only have friends with him, I feel a little uncomfortable in my heart.

When Shen Junze was hospitalized this time, Lu Yaqin didn't know that. Ten days later, Shen Junze was discharged. On the day of discharge, Wang Ning personally picked him up.

"Now when I see you jumping around, I feel relieved. You really scared me that day. People who don't know thought I poisoned you." Wang Ning joked, his face relaxed.

Shen Junze turned his head slightly and looked at the woman who walked beside him with a light expression on her face, her lips slightly pursed. Has she not seen her since tomorrow?

Thinking of this, I felt lost for a while.

Send Shen Junze home, and Wang Ning intends to leave, "You have a good rest at home, don't work hard like this in the future, work is important and important, but you are in good health, your body is broken, and it is useless to earn more money, you know? ?"

Wang Ning told Shen Junze. Shen Junze nodded.

"That line, I'll go first." Wang Ning was about to leave, and Shen Junze suddenly took her arm. Wang Ning looked at him puzzled, "What's wrong?"

Shen Junze pursed her lips, "Leave dinner at noon, I will do it."

"No, I have to rush back to the orchestra in the afternoon and wait for another day." Knowing that this man had just been discharged from the hospital and needed rest, Wang Ning naturally didn't want him to toss about it again, but these words made Shen Junze a little uncomfortable. Don't even want to eat a meal? Thinking of his own thoughts, a bit of bitterness appeared in the corner of Shen Junze's mouth, and the hand holding Wang Ning's arm was unconsciously loosened.

Just when Wang Ning opened the door, Shen Junze stopped her again, "Wang Ning."

Wang Ning paused a little and looked at him, "What's wrong?" His eyes cared.

Shen Junze looked at her calmly, her lips closed.

Wang Ning walked back, "Are you uncomfortable?"

Shen Junze shook his head as if he had made up his mind and spoke slowly, "Wang Ning, how do you like me?"

Wang Ning froze for a moment, and said subconsciously, "You are fine, why do you suddenly ask so?"

"If I were your boyfriend, would I qualify?"

Wang Ning was completely stunned, and Shen Junze was helpless, explaining, "I mean, do we want to try to socialize, I quite like you." The voice became lower and lower, and the ear tip became redder.

Wang Ning noticed the tip of his ear and the quietly red face, and his eyes were full of smiles. This man was really innocent, and even confessing to others would be shy.

Thinking of this, she smiled, and when Shen Junze thought she wanted to reject him, she heard Wang Ning say, "Well, I don't hate you, so let's try it."

Shen Junze looked up suddenly, looking at her in shock, "You..."

Wang Ning raised his eyebrows, funny, "What are you, do you say you were just kidding me?"

Shen Junze shook his head frantically, "Of course not, I am serious, but I didn't expect you to agree." After all, Wang Ning is so good, in his opinion, he should not be looked down upon.

Wang Ning smiled, "Just be serious, then from this moment on, you are my boyfriend, but boyfriend, I really have something to go now, can you pick me up at night?"

Shen Junze nodded and wanted to go out to send her, but Wang Ning stopped, "You don't have to send it, you have a good rest first, just pick me up after work." He said that he left, but only halfway through, she suddenly ran back, Shen Junze reached out and hugged, "I'm gone, see you at night."

Shen Junze stood stupid, smiling like a stunned boy.

Shen Yunze and Wang Ning knew Chu Yunrong quickly. After all, Wang Ning didn't hide his mother, and her mother knew it, and Chu Yunrong knew it.

Chu Yunrong was very pleased after knowing that Mr. Shen was naturally satisfied. Perhaps it was Lu Yaqin who was dissatisfied. After all, she didn't know that her son had an object until her son had to get engaged, even having been dating for two years. Too.

It was just that no one cared about her thoughts at that time. Shen Junze let Lu Yaqin know that it was a notice, not an inquiry.

In May of the same year, Shen Junze married Wang Ning. In February of the following year, Wang Ning gave birth to a son for Shen Junze.

Shen Junze looked at the weak wife on the hospital bed and gently raised her hand to wipe the sweat from her forehead due to production. The eyes were gentle, "Ning Ning, thank you for appearing in my life, giving me a warm and complete Family."

Wang Ning looked at Shen Junze and smiled slightly, holding his hand and interlocking his fingers.

Digression

Ok, Shen Junze's Fanwai is over here. The Fanwai of this article is almost updated. If there is an update later, it should be a while. Those who haven't seen the addiction can transfer my new article "Ace Army Marriage: Jin Shao Please Retain" Oh, it is still a one-on-one military marriage favor, different blood, different love, the same my intentions.

I am waiting for you in Xinwen, refill!

Fan five 1. Three or two childhood fun (Fu Ye and Qing Lan)

In August, when the sweet-scented osmanthus fragrant, in the military compound, the little boy shuffled on the road and ran fast, with a big smile on his face, and the corner of his mouth was still calling, "Fu Hengyi, Fu Hengyi."

He ran directly to a house and patted the door, "Fu Hengyi, are you there?"

The window on the second floor was pushed open, revealing a teenager's face, shouting at the screaming teenager downstairs, "Shen Junyu, my ears are not deaf."

Shen Junyu raised his head and looked at the teenager by the window, "Fu Hengyi, I will tell you, hahahaha, I will have a sister soon, and my mother will give me a sister."

Fu Hengyi stared blankly at Shen Junyu, and Shen Junyu laughed, "Really, really, my father took my mother to the hospital early this morning. Just now my mother told me personally that I will have a sister soon, Would you like to visit my sister with me?"

Fu Hengyi flicked her lips, snorted coldly, and snapped the window shut, hum, what's so great, as long as you have a younger sister, a sad look flashed in your beautiful eyes.

Shen Junyu looked at the closed window and looked dumbfounded, but the reaction was overwhelming. She shouted a few times, "Fu Hengyi."

It didn't take long for the door in front of me to open, and the teenager's tall figure appeared in the field of vision. There was no expression on the good-looking face.

Shen Junyu raised a big smile, "Okay."

Two little figures ran to the Shen family quickly. Just after entering the house, Shen Junyu shouted at the house, "My parents, I'm back."

Fu Hengyi followed behind, Shen Qian looked at the two children who came together and smiled, "Come

in, Hengyi, you are also here."

"Uncle Shen."

"Dad, my mother, Heng Yi came to see her sister." Shen Junyu's childish face was full of excitement, Shen Qian looked funny, "Your mother is resting upstairs."

Shen Junyu took Fu Hengyi's hand, "Go, let's go upstairs."

Fu Hengyi was pulled away before speaking to Shen Qian.

"Mom, how long will it take for my sister to come out?" Shen Junyu and Fu Hengyi both stood in front of Chu Yunrong and stared at her belly.

Chu Yunrong touched his belly and smiled softly, "It's still early, my sister will come out in June next year."

Shen Junyu's face collapsed, "Ah, it took so long." The young boy was disappointed in his face, sighed deeply, and then took Fu Hengyi away, "It takes so long to see my sister, then we still play first. Right."

The two youngsters soon forgot about this matter and had fun in the yard.

Only after that day, Fu Hengyi often ran to Shen's house. Every time she saw Chu Yunrong, she would say hello to her stomach.

From winter to spring, Chu Yunrong has been pregnant for five months, and his belly has completely bulged. It looks like he is holding a big balloon. Fu Hengyi came back from school and came to the Shen family with Shen Junyu.

He looked at Chu Yunrong's belly and was curious, "Aunt Rong, is my sister grown up today?"

Chu Yunrong's face was gentle, "Yeah, should Heng Yi touch her sister?"

Fu Hengyi looked eager, "Can it?"

"Of course." Chu Yunrong said lovingly.

Fu Hengyi carefully put his hand gently on Chu Yunrong's stomach, frowning slightly, and suddenly, he uttered a shock, his face was shocked, Chu Yunrong was stunned, "What's wrong?"

"She... she moved, Aunt Rong, just now my sister kicked me." He looked at his hand and said blankly, Chu Yunrong heard the words and fluttered, "It seems that my sister likes you very much, Jun Yu just I have never received this treatment, and I refuse to move every time. Today, my sister moved as soon as you come."

Shen Junyu, who had just come out of the kitchen, heard a whisper, "Is the sister moving?" He rushed over and put his hand on Chu Yunrong's belly, frowning for a long time, "Why didn't she move again?" He also whispered, "Sister, I'm an elder brother, an elder brother, hello to my elder brother, okay?"

Chu Yunrong's stomach remained immobile, and Shen Junyu was disappointed and looked at Fu Hengyi with jealousy. "Why didn't my sister say hello to me, but with you?"

"Because your younger sister likes me more." Fu Hengyi's mouth turned up slightly, a little pride.

Shen Junyu stared at Chu Yunrong's belly with resentment, woo woo woo, obviously my sister, why don't you like me? Woo woo woo woo woo woo, I didn't tell Fu Hengyi that I had a younger sister.

On the morning of June 1st, Chu Yunrong and Shen Qian were planning to take Shen Junyu and Fu Hengyi out for a trip, and by the way, they took them out for a meal. As the car drove halfway, Chu Yunrong's face suddenly changed and pulled the clothes corner of the people around him, "Aqian, I'm afraid I will be born."

In a word, the faces of the three people in the car all changed. Shen Qian turned around and said to Shen Junyu and Fu Hengyi, "Junyu, Hengyi, you sit down."

The two boys clenched the handrails, and the car sprang out like an arrow, leaving for the nearest hospital.

\*\*

"Dad, my sister is so ugly, red and crumpled." Shen Junyu looked at the child in the cradle with a disgusted face. As soon as the voice fell, he was slapped in the back of his head. This is true for all children born, and it will look good after a while."

Fu Hengyi stood next to Shen Junyu, looking at the little girl sleeping with her eyes closed, her face curious. Was this the sister?

Since the birth of Shen Qinglan, Fu Hengyi has one more thing every day, that is to buy fun for her sister, although the little girl now does not even recognize people except eating and sleeping.

"Fu Hengyi, sometimes I think you are more like my brother than me." Shen Junyu was lying beside her sister's bed, tilting her head and watching Fu Hengyi teasing her sister with a wavy drum. It has been six months since Shen Qinglan was white and tender, and she was very beautiful.

The little girl opened her big dark eyes, her head moved with the wavy drum in Fu Hengyi's hands, her mouth widened, her little fat hand stretched out, and her mouth kept saliva. Fu Hengyi wiped it gently with her thumb, "I was better than You are big, this is my brother."

The little girl grasped the finger at her mouth and giggled, her big eyes bent into a crescent moon. Shen Junyu reached out and poked gently on the face of her sister, and slapped a slap on the back of her hand.

"Ouch, Heng Yi, why are you hitting me?"

Fu Hengyi snorted softly and raised his hand to touch the little girl's face. It was the place where Shen Junyu poked just now. Shen Junyu pouted and snorted.

Shen Qinglan learned to speak, and the first word he spoke was his brother. At that time, Fu Hengyi was sitting beside her. Listening to this blurry "brother", she suddenly turned red and held the little girl in her arms. Kiss fell on the girl's face, with piety and emotion.

Digression

Updating Fu Ye and Qing Lan's childhood, I thought that the chapter could be done, but the result was not finished, then continue tomorrow.

Recommend Ali Xinwen's "Ace Army Marriage: Jin Shao Please Retain" is still a one-on-one military marriage favor. Welcome everyone to jump into the pit, why not~

Fan 5 2. Thank God for meeting you (Fu Ye and Qing Lan)

"Brother Fu, you wait for me." The childish voice sounded behind him. Fu Hengyi's footsteps turned around, and he saw a fat figure rushing over like a cannonball. Fu Hengyi subconsciously squatted down, Zhang Opening his arm, the small figure rushed directly into his arms, and Fu Hengyi hugged it with a smile, and said, "What do you run so urgently?"

Xiao Qinglan muttered, "Who made you go so fast."

"I'm going home to do my homework, and you have to go home to sleep."

"Then I'll go home with you?" Xiao Qinglan, five years old, blinked his eyes, like two black grapes, turning around diligently, looking forward.

Fu Hengyi was helpless, "Lan Lan, go home first, my brother will come to you to play tomorrow."

Xiao Qinglan hugged Fu Hengyi's neck and didn't let go, "I don't want, you will run, my mother said that you will go far and far away, if I get up tomorrow morning, what if you are gone?"

Fu Hengyi, who was fifteen years old at that time, had gone abroad to study. This time he came back for the Spring Festival, and he will leave in a few days. Hearing Xiao Qinglan's words,

**568 Chapter 542: He Is My Love (End) (30)**

He held the little girl's hands tight and comforted, "Brother doesn't leave. Brother guarantees you can get up tomorrow morning and still see me."

Xiao Qinglan's eyes shone brightly, "Really?"

"Really, I promise, if you won't see me tomorrow morning, I'm a pig, okay?" Fu Hengyi didn't know how to coax the girl, and she racked her brain and only said this.

Shen Junyu chased her sister, and only then arrived, just heard that her sister could not bear Fu Hengyi, could not help but taste, "Lan Lan obedient, go back with his brother, tomorrow your brother Fu will be waiting for you at home, or you wake me tomorrow I'll take you to Brother Fu, will you?"

When Shen Junyu said this, there was a grievance in his heart, obviously his sister, but he was thinking about Fu Hengyi every day. Every time Fu Hengyi came back, he was still more dear to him than his dear brother. It's not bad at all.

Xiao Qinglan leaned on Fu Hengyi's arms, her small face wrinkled into a bun. She looked at Shen Junyu and Fu Hengyi. He hesitated for a long time before saying, "Well, brother, you will take me early tomorrow morning." Come see Brother Fu."

"You know, can I go back with my brother now?"

Xiao Qinglan nodded, withdrew from Fu Hengyi's arms, took Shen Junyu's hand, and did not forget to say goodbye to Fu Hengyi.

Early the next morning, Fu Hengyi didn't get up, he had added a weight. When he opened his eyes, he saw that a little girl had climbed onto his bed. The little girl was wearing a down jacket, and she also brought a scarf and a hat. It looks like a bear, clumsy and clumsy.

Fu Hengyi was so funny that she pulled the little girl over and let her sit beside her, "Why did you come here so early?"

"I didn't sleep late today." The little girl whispered, her cheeks bulging like puffer fish.

"Did you eat breakfast?"

"Eating, my mother gave me eggs and milk. I don't like milk."

The little girl reached out and pulled on the scarf. The heater was turned on in the room. It was a little hot. Fu Hengyi took her hand and wrapped the scarf around her. "If you don't like to drink milk, it will grow tall and it will become ugly."

The little girl frowned, "Really?"

"Really." Someone said something wrong.

The little girl shrugged her shoulders instantly, "Well, I will drink milk every day since then."

Fu Hengyi reached out, touched the little girl's head, put on clothes, and led her downstairs.

Fu Hengyi was having breakfast, and Xiao Qinglan was sitting beside him, talking to him, lip chatting, there was always something to say. Seeing Fu Hengyi eating bread, he looked longingly, "Brother Fu, is it delicious?"

Fu Hengyi tore a small piece and handed it to her mouth. "You will know it if you try it."

"Then I will try it."

Chewed twice, frowned, "Brother Fu, not sweet."

Fu Hengyi smiled, he ate salty bread, of course not sweet. Pick up the milk on the table and put it in front of the little girl, "Then drink some milk."

The little girl shook her head, and she didn't want to drink it. Fu Hengyi picked up the milk and coaxed, "Be good, just take a sip. I'll buy you candy after you finish."

The little girl smiled suddenly, hugged the cup and drank a small cup, "Brother Fu, what about my toffee?"

"I'll take you to buy after I finish eating."

She sat there eagerly, waiting for Fu Hengyi to finish her breakfast.

\*\*

Fu Hengyi did not tell Shen Qinglan the day he left. He was afraid of the little girl crying, so he secretly left.

After getting up, Xiao Qinglan went to the Fu's house to find her older brother. She couldn't find it for a long time, and she cried anxiously. Shen Junyu had to tell her that she was gone. The little girl burst into tears and cried out of breath. Angry, the whole family is useless.

On that day, Shen Qinglan cried till the end her voice was dumb. Her red eyes resembled a little white rabbit, and she did not let her brother Fu return.

At that time, Fu Hengyi did not think that this difference would be more than ten years.

When Shen Qinglan was lost, he was at the airport. The little girl was about to have a birthday. He prepared a gift for her and prepared to give her a surprise. But when she arrived at Jingcheng Airport, she heard that the little girl was missing. News, he was crazy looking on the street, day and night, but the little girl came back again.

One day, two days, one month, two months...Fu Hengyi did not know how long the Shen family looked for, and how long he searched for himself, but the little girl who smiled at him and called him "Brother Fu" intimately never come back.Gradually, even he himself slowly forgot about her appearance, but when occasionally remembered, he would imagine what she would look like, and if she met again, would she still recognize it?

Later, Fu Hengyi went to the army. The busy life of the army made him have no time to remember his past. Naturally, he rarely remembered the little sister next door.

He knew that she was back, and he had found an opportunity to come back and look at her, but he never found it. He hadn't even thought of meeting her in such a situation.

"Fu Hengyi, Tangtang seems to be hungry, you go and see." Qingyue's female voice came from the kitchen.

Sitting in the living room, Fu Hengyi pulled away from the memories and glanced in the direction of the kitchen. The little girl who was less than his waist height had grown up, turned into a slim girl, and turned into his wife, his child's mother.

Years have owed her. Fortunately, God has not been too cruel to her, let them meet again, and also gave him the opportunity to stand by her side.

Fu Hengyi got up, walked toward the kitchen, hugged Shen Qinglan's waist from behind, and turned his head slightly, a soft kiss fell on her face, "Wife, I love you."

Thank God for giving me another chance to accompany you for the rest of my life.

Digression

When Fan Ye and Qing Lan were young, the Fanwai came to an end here. In the future, the Fanwai of other people will be updated when I think about it. If it is updated, I will explain it in the title of the new article "Ace Army Marriage: Jin Shao Please Retain".

Thank you for your companionship, and love you, we will make new appointments!
