Chapter 91 Winning, What about the bet?

It was just that he couldn't laugh anymore. I saw Shen Qinglan's steering wheel hitting the front of the guardrail, and the car turned suddenly, and the car flicked, which was a beautiful drift. Next, everyone on the spot saw There was a continuous drift performance with amazing skills.

Gu Yang and Gu Kai, who have been paying attention to Shen Qinglan, changed their faces.

"What does she want to do?" Gu Yang screamed.

Gu Kai's eyes were very dark and heavy, and his heart was tightly intertwined. He could even hear the sound of his blood pressure soaring.

"Gosh." Gu Yang opened his mouth wide and looked at Shen Qinglan's beautiful drift. He couldn't believe his eyes, but it wasn't over yet. Shen Qinglan used three drifts to cross the continuous curve in a row, and the speed was from beginning to end. Did not slow down.

He can now put an egg in his mouth, and he pulled Gu Kai's hand hard, "Gu Kai, you tell me, am I dreaming."

Gu Kai didn't notice the pain in his arm at all, because he was also shocked by Shen Qinglan at the moment.

"Don't you say that the younger sister-in-law has never played racing?" Gu Kai Shen Shen said. If they hadn't played racing, what did they become?

"She... she told me that." Gu Yang stuttered, and now he doesn't understand where he is, he was deceived by Shen Qinglan.

If they knew her technique was so good, they would still worry about a wool, just wait for the money.

Gu Yang regretted in his heart that 50 million was not enough. If he knew this, he should bet 100 million.

"Then you have to be able to come up with 100 million yuan." Gu Kai said coldly. Gu Yang accidentally

said what he said.

The broadcaster is still broadcasting the game, but at this time the attention has shifted to Shen Qinglan, the black horse.

On the game field, Shen Qinglan rushed into the fifth lap faster than Lin Hao. Lin Hao reacted from the initial stun, and his face was ugly and tight, and he stepped on the accelerator.

It's just that Shen Qinglan didn't look at Lin Hao again at this time. Her eyes were already on the leading red car, her feet were gradually harder, the accelerator was stepped on by her all the time, the speed of the car continued to soar, one, two, Three...

Gradually, in addition to the first two cars, the other cars were left behind by her, the two cars in front were still glued, but suddenly saw a dark horse rushing up from behind, a sense of crisis struck, followed closely The man in the black car after the red car had a hard look, the steering wheel moved slightly, the body turned sideways, and pulled away from the red car but successfully blocked Shen Qinglan's road. If Shen Qinglan wanted to pass, unless Fly over two bodies.

The numbers on Shen Qinglan's dashboard are still soaring, and there is a rare expression of excitement on his cold face, as if the blood in his body is boiling.

Shen Qinglan's expression was a little trance, so the bloody feeling seemed to be far away from her, so far away that even she thought it was just a dream.

Touching the familiar steering wheel, Shen Qinglan's eyes flashed a little crazy, and the speed of the car soared again. The distance between the blue car and the black car was suddenly narrowed, and it was about to hit, and there was a burst of tears in the audience. Splinter lung screamed, many people even closed their eyes, they could already imagine the bloody scene they would see next.

It's just that instead of screaming in horror, there was a burst of cheering. The original Shen Qinglan's car crashed into the narrow space between the black and red cars just a second before the car hit the black car. Li flew over, and then landed steadily.

An acceleration, straight to the end, cheering Shen Qinglan like tide.

Shen Qinglan got off the car, and Gu Yang and Gu Kai greeted them.

"Sister-in-law, you are so handsome, I didn't expect your car skills to be so good." Gu Yang looked excited, but his tone was full of grudges.

"You asked me if I have participated in the competition." Shen Qinglan said lightly. After a fierce

competition, she could not see the slightest fluctuations in her face, even her face was no different than before the competition. .

"You're playing me!" Lin Hao came over with a sullen face. If he didn't know that he was being played by Shen Qinglan, he would not be Lin Hao.

Thinking of the first four circles of Shen Qinglan's deliberate weakness, Lin Hao's teeth clacked and grew so big that he had always been tricked by others, wherever he had been tricked by others, but today a woman said.

"Your own skills are not as good as people, and now you dare to come and rake, Lin Hao, your face." Gu Yang said.

Although Gu Kai did not speak, he stood beside Shen Qinglan, looking at Lin Hao coldly in a protective gesture.

"May the gambling lose, you lose." Shen Qinglan looked at Lin Hao and said calmly.

Lin Hao's eyes flashed fiercely, took a check from his pocket, and threw it over, "50 million, a lot of points." Then he planned to leave.

"Wait." Shen Qinglan said.

"What else?" Lin Hao was impatient.

"Did you forget something." Shen Qinglan reminded him.

Lin Hao's face changed. He naturally didn't forget about the gambling. He remembered what he said. He thought that as long as he didn't mention it, then this matter would pass. After all, he gave it to 50 million.

"Yeah, Lin Hao, willing to gamble and lose. Just now I don't know who yelled that I didn't dare to play. Why, now I want to pay the bill?"

Lin Hao stared at Gu Yang fiercely, "Gu Yang, why don't you go too far."

Gu Yang sneered, "I'm too much, Lin Hao, I ask you, if we lost today, would you just forget it?"

of course not. Lin Hao subconsciously thought that if he won, he had to "love" this little beauty.

It's just that this kind of thing can be put on his own. If others dare to treat him like this, Lin Hao hacked the other person's heart.

Gu Yang knew what Lin Hao was thinking at first glance and said in a cold voice, "Master Lin, would you

like me to remind you what you said?"

Lin Hao swept Lin Hao's knee intentionally or unintentionally.

Lin Hao's face was getting darker and darker. He ignored Gu Yang, but looked straight at Shen Qinglan.

There is a strong threat in sight.

Shen Qinglan was unimpressed. "My person always likes to have revenge and grievances. I don't like ethics."

This time, Lin Hao's face was really darker than the bottom of the pot.

"Aren't you afraid of revenge from the Lin family?" Lin Hao was a naked threat this time.

When Gu Yang and Gu Kai heard this, they laughed. If they changed to others, they would have really shrunk after listening to this, but Shen Qinglan, let alone the Fu and Shen families, only one Shen Junyu was enough for his Lin family. Drink a pot.

92 Chapter 92: It's good to see us detour in the future

"You can try my fear or not." Shen Qinglan's expression did not change, even the tone did not fluctuate by one point, it was still light and light, just as she felt.

Lin Hao looked ugly, and no longer ignored Shen Qinglan, but looked at Gu Yang and Gu Kai: "You also plan to grumble with our Lin family because of a woman? If the elders in your family know, you are not good to explain. "

Gu Yang heard this and intuitively wanted to laugh, and he did laugh out loud, Lin Hao's face was even more ugly.

"Why are you laughing?"

Gu Yang laughed, "Lin Hao, do you think the conflict between the two juniors will rise to the enterprise?" You can't help but think too much of yourself.

Although Gu Yang didn't say the second half of the sentence, Lin Hao also saw it from his expression. His face was blue and white, and he looked pretty.

Gu Yang is right, the minor contradiction between the two juniors, the family knows that at most it is a rebuke, but it will never cause a struggle between the two companies, let alone the two like Lin and Gu. Big companies with no competition.

"Lin Hao, it's less time to delay here, and I have to honour my promise quickly. It's a man's speech to talk about it, don't think about it." Gu Yang looked impatient.

"You are so deceiving, my elder brother gave you 50 million, which is already a face for you, don't give your face shame." A young man with brown hair behind Lin Hao was angry and snarled.

"Yo, the owner hasn't spoken yet, but the raised dog called first," Gu Yang smirked.

The face of the brown-haired youth changed, "Who do you call a dog?"

"Who should be who."

The young man with brown hair jumped with blue muscles on his forehead. Anyone with a good temper would be furious when he heard this, not to mention that he was never a good temper.

"Zhao San, I advise you not to do it." Seeing that the brown-haired young man would move towards Gu Yang, Gu Kai said coldly, "If you dare to do it today, I will be able to tolerate the failure of your home company tomorrow. Don't think I'm afraid, Lin, although we have no way, but you are a little Zhao's catering, even if you don't pass the Gu's group, I can have a way to keep you going. If you don't believe it, you can try."

The brown-haired youth known as Zhao San listened to Gu Kai's shaving, and a trace of hesitation and fear flashed on his face. Their family was originally a small catering company. It only developed after the Lins were embraced two years ago. He was willing to follow behind Lin Hao, to be a bull and a horse.

He wasn't sure that if Gu's going to fight against Zhao's, would Lin's help him, but he wouldn't.

Lin Hao naturally saw the hesitation on Zhao San's face, and scolded the waste in his heart, looking at another short man behind Zhao San. His name was Wang Bo, who was also Lin Hao's follower. These three people were mainly Lin Hao. On weekdays, there is no lack of reliance on Lin Hao's identity to dominate the capital.

Receiving Lin Hao's eyes, Wang Bo hesitated not to step forward. After all, they also heard what Gu Kai said just now, and their Wang family's family business also couldn't withstand Gu's toss.

Lin Hao saw him motionless, his eyes sharp, Wang Hao shuddered, and came up with a scalp.

"Gu Shao, we Lin Shao willing to gamble and lose. We have already given you 50 million bets, and you will accept them as soon as you are good.

Wang Bo usually helped Lin Hao to get things done, but he never offended people easily. Now the same is true. If he can lower his head and calm down, then he would rather lower his head by himself.

Lin Hao listened to his words and turned black, but said nothing.

Gu Yang glanced at him with a grin, "Wang fat man, you young master, I only know what a man is a man's husband. I have a hard time chasing a horse, and I don't hear any ghosts as soon as I see it. I haven't heard it." Dig ears.

Wang Bo's face was also not good-looking, but when Lin Hao became more ugly, he gritted his teeth, closed his eyes, knelt on the ground with a touch, and knocked his head fiercely, "Grandma, we lost this game. "

Wang Bo's move shocked several people present. He didn't expect that he would even mention Lin Hao on his knees.

Although Shen Qinglan was a little surprised, the look on his face did not change much, but when he saw Wang Bo kneeling on the ground, the coldness in Lin Hao's eyes deepened.

"The original famous Lin Dashao is nothing more than that." Shen Qinglan's tone was contemptuous and his eyes mocked. Such disdainful attitude made Lin Hao feel a great insult.

He looked at Shen Qinglan's fierce eyes, as if he were a beast of humans, where there is a touch of friendship, now he just wants to teach a woman this unlucky.

He Lin Hao has been in the capital for so many years, and no woman has dared to face him like this.

He shook his fist, and his hands blew up with blue muscles. He was not a good man, and he didn't want to beat women.

Lin Hao's movements were seen by Gu Yang. His eyes were cold and he took the lead to fist up. Lin Hao was not guarded against Gu Yang and was beaten.

"MD, Gu Yang, you dare to hit me." Lin Hao's face was deflected, Gu Yang shot heavily, just a punch, and

Lin Hao's mouth was bloodshot.

Lin Hao doesn't see that he always fights against Gu Yang on weekdays, but in terms of force, he is definitely not Gu Yang's opponent. After all, Gu Yang's grandfather is Grandpa Fu.

Knowing that he couldn't beat Gu Yang, Lin Hao spit out a blood foam and took out his mobile phone to dial a call, "Brother Sun, yes, it's me. I'm in Jintian International Circuit now and I met an unassuming bastard, yes, Yes, Brother Sun, I'm waiting for you."

Hanging up the phone, Lin Hao looked at Gu Yang's eyes as if he were a dead man. Although Brother Sun wouldn't ask for Gu Yang's life, the pain of the flesh was inevitable. He dared to beat him. Today he Gu Yang is not Lin Hao without pulling a layer of skin.

As for what will happen after the fight, it is not within Lin Hao's consideration. Now, he has already been dominated by his anger.

"Gu Yang, if you have any kind of seeds, just stand here and wait for Laozi. If you dare to get out of here today, you are not a man."

Gu Yang rubbed the hand he had just hurt, and his hand was too heavy. His own fist also hurt. Sure enough, Lin Hao was still too thick.

He knew that Lin Hao called someone, and he wasn't sure where he was. He was not afraid if he was alone, but now there is a woman around him, Gu Kai is also a disabled person, and he has two burdens on his side. Naturally, he couldn't face each other hard, just wanted to get away, but was surrounded by Lin Hao's four followers.

Although two people haven't spoken or done anything since the beginning, but after Lin Hao hung up the phone, they consciously gathered around, apparently intending to keep them here.

93 Chapter 93 It's good to see us detour in the future (2)

Gu Yang's eyes narrowed, "Lin Hao, what do you mean?"

Lin Hao rubbed his face and sneered when he heard this, "What do you mean, Gu Yang, do you think you can still leave happily after you hit me? Do you think I am Lin Hao?"

"That's not the case with the young owners of the Lin Group." Shen Qinglan spoke lightly, but in only one sentence intensified the contradiction between the two parties.

Lin Hao's face can no longer be described as ugly. He looked at Shen Qinglan coldly, "I will let you see the difference between the Lin family of Shaodong and you, as a woman. It is better to be smart, especially It's that mouth, if you can't control it, you don't know how to die. Do you think Gu will be the enemy for you and me?"

Gu Yang and Gu Kai heard Shen Qinglan's words, his face stiffened, and his heart smiled bitterly. Originally, he wanted to alleviate the contradiction. Let's leave here and talk about it. After all, they have no advantage today.It's not that I didn't think of telling Lin Hao about Shen Qinglan's identity, but I was afraid that it would happen to the elders. If the old men of the Shen and Fu families knew about it, neither of them would have good fruit.

At this time, the overcrowded racing circuit was almost gone. Many people recognized Lin Hao and Gu Yang. Although many people wanted to stay and watch the show, more people knew that the show was not good-looking. If you are not careful, you may catch fire, so you leave early.

A few of them were left in the empty racing circuit.

Shen Qinglan didn't know what Gu Yang and Gu Kai thought, she didn't look at the situation in front of her. Her emotions were always very weak, and she rarely hated one person. After returning to Beijing, there were two more. , One is Shen Xitong, the other is Lin Hao I have seen today.

Although she didn't like trouble, she didn't mind trouble for some people. She was waiting for someone called by Lin Hao to come. Some things had to be solved at once.

Some people will have a lot of trouble in the future if you don't let him fear you for the first time. Instead of this, Shen Qinglan would rather have trouble today.

Even though Gu Yang and Gu Kai wanted to leave now, they could not leave for the time being under the watch of Lin Hao and others.

The time passed by one minute and one second. Soon, the people called by Lin Hao arrived, and the number was small. It was estimated that there were about fifteen people in touch. The lead was a man about thirty years old, with dark skin and not tall. It's about one meter seven or so, with a small thumb thick necklace, black tattoos on the exposed wrist, and a fierce look on his face.

Shen Qinglan saw Lin Hao yelling at Brother Sun and knew that they were waiting. Behind Brother Sun, there are fifteen young people, all of whom have a bad look and are dressed up in the air.

"Lin Shao, what the hell are you so bully on your head?" Sun brother asked pretendingly, in fact, he had already seen the three people surrounded by him.

Lin Hao pointed at Gu Yang, "It's them. Brother Sun, I'm not too demanding. You can just teach me and teach them. I will invite my brothers to dinner someday."

Sun Ge suddenly understood that the meaning of the lesson was that he could fight, but he could not kill him or kill him. At most, he was moderately disabled.

Obviously Lin Hao's current reason has slowly returned, and he was not willing to be punched by Gu Yang, so he told Brother Sun such an order.

Brother Sun's eyes fell on Gu Yang, and he was just a hairy boy in his early twenties. The boy next to him was also disabled, so he didn't put it in his eyes. When he saw Shen Qinglan, his eyes lit up.

I just looked at Gu Yang, but did not notice that there was such a stunner among the people present. The lascivious eyes swept over Shen Qinglan's body, and Brother Sun swallowed secretly. His usual hobby is beauty. Various beauties.

"This is?" Brother Sun asked Lin Hao.

Lin Hao looked at Sun Ge's eyes and saw Shen Qinglan, who was still standing there indifferently. His eyes were ruthless, and he spoke with bad intentions, "As long as Sun Ge taught me these two kids, then this beauty it's Brother Sun."

Brother Sun heard the words and nodded in satisfaction. The sight fell on Shen Qinglan's body again.

The volume of their speeches was not deliberately controlled. All the people present were able to hear clearly. The person brought by Brother Sun laughed, and the laughter was full of malice.

Gu Yang and Gu Kai had a dark complexion, breathing cold air, and secretly blamed Shen Qinglan for the recklessness. If it were not for her, they could go first and settle the account with Lin Hao, but at the same time, in the heart With some apologies, Shen Qinglan was actually completely affected by the two of them.

"Lin Hao, do you know who she is? She is a member of the Shen family in the capital. If you dare to move her a hair, believe me, don't need Gu's hands, your Lin's will not be far from the destruction." Gu Yang Opening coldly, Dao broke Shen Qinglan's identity.

Shen Qinglan didn't stop it, or it didn't matter, if they could retreat because of the difficulties, if they could save it, if they couldn't, huh, huh, she hadn't been active for a long time.

Lin Hao froze, looking at Shen Qinglan, hesitant in his eyes, if this woman is really from the Shen family, then he really dare not move him, dare to fight Gu Yang only because he and Gu Yang knew each other since childhood, and always fights when they were young Gu Family and Fu Family did not treat Lin, so they dared to start.

But in a blink of an eye, the hesitation on Lin Hao's face disappeared, and he laughed, "Gu Yang, just admit it and just admit defeat. Master Ben is generous, as long as you obediently return 50 million to Ben Master, Ben Master will let go. You're gone. Have you ever seen Miss Shen's elder sister? If this woman is the old lady of the Shen family, then this young master, I'm Fu Hengyi of the Fu family."

Gu Yang's face turned green, and even Shen Qinglan's face changed slightly, not because the other party did not believe his identity, but because he mentioned Fu Hengyi.

"Lin Hao, so this matter is not good today?" Gu Kai said in a deep voice.

"Yes." Lin Hao smiled proudly. "Leave the check with this woman, and I will let you go."

Brother Sun narrowed his eyes and looked at Shen Qinglan. He was also surprised when he first heard Gu Yang's words. After all, the Shen family wasn't something they could offend. But after listening to Lin Hao's words, he felt relieved that Lin Hao wouldn't be bothered. wrong person.

"Beauty, I'm a gang of stone. If you follow me, you must be delicious and spicy. What do you want, how do you want to follow me?" Sun said.

He likes beauties, but he likes them more willingly. Although the strong ones also have taste, they are not as interesting as voluntary.

Shen Qinglan heard the words, the beautiful eyes flashed lightly, the stone gang...

94 Chapter 94: It's good to see us detour in the future 3 (second more)

Gu Yang and Gu Kai's faces were ugly, and they felt that something was in trouble. They didn't expect that this granddaughter was actually a gangster.

Shi Gang is a well-known gang on the Jingcheng Road. It has always dominated the tiger city with the Tiger Gang. The two tigers originally fought each other, but unfortunately, the boss of the Tiger Gang was destroyed by the Shi Gang some time ago, and the Shi Gang swallowed the Tiger Gang. Site, the only one in Beijing.

People in the Tao always want to be eradicated but can't be eradicated every time, especially the big gangs like the stone gangs, they even move the whole body and say collusion between officials and bandits. This is not only in the old society In this way, there are many such things in country Z, but the ordinary people are not well known.

Although the stone gang will not target people of their identity for no reason, if they are committed in the hands of the stone gang, today they will definitely not be pleased.

"Sister-in-law, I'll protect you with Gu Kai later. You hide in the car first, take the opportunity first, they will beat us at most, and won't treat us like that." Gu Yang in Shen Qinglan He whispered in his ear.

Shen Qinglan neither nodded nor shook her head. Gu Yang regarded her silence as a default. After glancing at Gu Kai, she planned to start strong and give Shen Qinglan a chance to escape.

Gu Kai was injured in his foot and moved a step slower. He clearly saw Shen Qinglan, who was standing on the spot, suddenly ran to their front, clenched into fists, and hit the abdomen of the person closest to them. The man fell to the ground in an instant, rolling around with his stomach aching, unable to stand for a long time.

The sudden change shocked everyone present, and Gu Yang's fists froze in place, still maintaining a funny posture.

Brother Sun's eyes narrowed. "I thought it was an ice beauty. I didn't expect it to be a little pepper. It was funny and interesting." The tongue licked on the lips, and Shen Qinglan's sight was even hotter, and he didn't look at the one who fell to the ground. people.

Shen Qinglan heard his words in his ears, his expression remained unchanged, his hands were as good as electricity, but he blinked, and the man brought by Sun Brother fell halfway. When Sun Brother reacted, his eyes changed when he saw Shen Qinglan.

The woman shot too hard, and every move was towards the vital point of the person. Brother Sun believed that if it were not for her to control the force, those who looked at the weak and boneless person would be transformed into death's sickle.

"Who the hell are you?" Brother Sun said coldly.

Lin Hao also noticed something wrong at this time, watching Shen Qinglan's eyes finally had fear, a woman who could knock seven or eight strong men down in a short period of time and could not hurt herself. Is it scary?

Gu Yang was stunned. He thought that the weakest one was the one that was the most hidden. He suddenly understood why his big brother like a god would follow Shen Qinglan in a short time. married.

"Gu Kai, the younger sister-in-law is so handsome." Gu Yang couldn't help saying, watching Shen Qinglan relaxed, she knew she hadn't tried her best.

Although Gu Kai didn't speak, he nodded heavily, and his eyes were hidden with great worship. The car is playing so well, the fight is so powerful, is this really the second Miss Shen family?

"Who am I, did you just say that?" It's just that you don't believe it yourself.

Brother Sun looked sad and looked at Lin Hao. Lin Hao shook his head quickly. "She is definitely not the eldest sister of the Shen family. I have seen the eldest lady of the Shen family many times. It is not her at all."

Seeing Lin Hao's affirmation, Brother Sun was slightly relieved, as long as he was not a member of the Shen family, but for now, he didn't want to be an enemy of Shen Qinglan. Even Gu Yang saw that Shen Qinglan was useless, how could he can not tell.

"Beauty, today's thing is that we are wrong, and you have hurt some of my brothers. Otherwise, today's thing is just that."

Brother Sun spoke, but was for peace. Lin Hao was shocked and looked at him. He had offended Shen Qinglan today. If Brother Sun did not help him solve Shen Qinglan, in case Shen Qinglan retaliated against him.

Brother Sun made up his mind, and naturally will not change easily, ignoring Lin Hao's eyes for help, just looking at Shen Qinglan.

Although he had some friendship with Lin Hao, that was limited to Lin Hao's generous actions. Once related to his own interests, such a relationship was easily broken.

"What if I say no?" Shen Qinglan said quietly.

Brother Sun's face sank, "Beauty, I'm just here to help people. The situation is now that you are unharmed, and several of my brothers can't get up on the ground."

"so what?"

"Do you really want to be an enemy with our gang?" asked Brother Sun.

Shen Qinglan said slightly, "I naturally wouldn't be an enemy of Shi Gang."

Brother Sun's expression relaxed, "Then..."

"It's just that I'm in a bad mood today, and you, who caused me to feel bad, should always pay a price."

As soon as the words fell, Shen Qinglan shot again. This time, he didn't keep his hands at all. Even though Sun had already made psychological preparations, he still couldn't make three moves under Shen Qinglan's men.

Brother Sun and his men were already lying on the ground, completely lacking combat effectiveness. Shen Qinglan's eyes fell on the remaining five people, Lin Hao and others.

"It's your turn now."

Zhao San and Wang Bo looked pale, and looked at Shen Qinglan as if they saw the messenger from hell, "No...it's not our business, but Lin Hao ordered us to do it."

Zhao San's trembling opening, even his voice trembles, apparently terrified.

Although Wang Bo and the other three did not speak, their eyes and Zhao San said the same thing.

Lin Hao's face was pale, and he saw four betrayals, his eyes spitting fire, but there was no opening to Shen Qinglan's cold eyes.

"Now is the time to practice your bet." Shen Qinglan said softly.

Lin Hao looked aside and stood there, no movement.

Shen Qinglan was not in a hurry. When he saw a coin in his hand, his slender hand was throwing coins up and down.

Suddenly, the coin disengaged Shen Qinglan's hand and flew straight towards Lin Hao, the target-Lin Hao's knee.

Only hearing the scream of "ah", Lin Hao was kneeling on one knee and covering his knees with one hand.

He wanted to stand up, but was hit by Shen Qinglan on the other side of the knee. This time it was really kneeling on both knees.

"Since you don't want to, I will try to help you out."

Qing Yue's voice is still nice, but it's really harsh in Lin Hao's ears at the moment.

"Are you really afraid of Lin's revenge?" Lin Hao looked like a vulture. If his gaze was a sword, I'm afraid Shen Qinglan had already pierced through the arrows.

"My name is Shen Qinglan. You are the second lady of the Shen family in your mouth. You are always welcome to come to me for revenge."

95 Chapter 95

"My name is Shen Qinglan, you are the second lady of the Shen family in your mouth, you are welcome to come to me for revenge at any time." Shen Qinglan stood there, the whole person exuded this indifferent breath, his lips opened lightly, highlighting the words that were present. Everyone except Gu Yang and Gu Kai's face changed dramatically.

Lin Hao looked at Shen Qinglan in disbelief. Of course, there was a second lady in the Shen family. Of course, he knew that the Miss Shen family was always circulated in the circle. It was an uncultivated and vulgar behavior that the Shen family could not pay attention to. Gu Yang said that when Shen Qinglan was a member of the Shen family, he did not associate it with Miss Shen's family.

"Impossible, how could you be the second lady of the Shen family." Lin Hao couldn't believe it.

Gu Yang smiled and saw his teeth, "I just told you just now, you didn't believe me."

Lin Hao said that he almost spit out an old blood. Who knows if you are wrong, if I believe you are the ghost.

Lin Hao wanted to stand up, but Shen Qinglan didn't keep his hand just now. The pain on his knee was so sweaty that there was still strength to stand up. The pain on his knee overwhelmed his fear of the Shen family and looked at Shen Qinglan, poor eyesight, "What if you are the second lady of the Shen family, can you insult others like this?"

Shen Qinglan didn't think it was funny. What was meant that only Xuzhou officials set fire to prevent people from lighting the lights.

If his identity is exchanged with him today, the three of them will definitely not be pleased with this person's mindset.

"Lin Hao, you really are the ancestor of shamelessness. We are bullying you today. You can slap it." Gu

Yang sneered. He had seen Lin Hao uncomfortable for a long time, but it was really the first time that he was as cool as today. Uncontrollably, Gu Yang looked at Shen Qinglan with fiery admiration. The elder brother's wife was really right.

He decided that his idol was replaced by Shen Qinglan, and he would drag and fight again. It was simply the goddess in his heart, perfect!

Gu Kai looked at Shen Qinglan with the same appreciation.

Shen Qinglan looked down at Lin Hao with conspicuous lips, and said lightly, "I would like to gamble and lose, I only have one request. When we see later, we remember to detour, otherwise we will fight once, don't think I'm following you Joking, I never joke with people."

Her tone was very calm, and there wasn't even a hint of coldness, but Lin Hao and others shuddered inexplicably, especially Wang Bo and others, and hoped to disappear in front of Shen Qinglan immediately.

After Shen Qinglan finished speaking, he no longer looked at them, turned around, and said, "Go away."

Zhao San and Wang Bo hurried forward to support Lin Hao, and the five left the racing track in disgrace. However, before Lin Hao left, he glanced viciously at Shen Qinglan's back. Obviously this matter was not over yet.

Shen Qinglan can feel the deep maliciousness that fell on her. Although he wanted to solve Lin Hao in one go, there are some people who won't look back even if they hit the south wall. Lin Hao is obviously the latter. Don't mind playing with him, just don't know if he will bear the end result.

Brother Sun has relieved from the pain, he looked at Shen Qinglan's eyes full of anxiety, this woman hit him to the ground with only two strokes, Sun brother's face was naturally not good-looking, but what Shen Qinglan said just now He also heard that the Shen family is indeed one of the families that the Shi gang needs to be afraid of. The second lady of the Shen family, or the well-known Miss Shen family, will not easily move her. Today, this loss, even if it is Sun brother Unwilling, he must swallow.

But knowing Shen Qinglan's identity, she has no doubts about her skill. It is not surprising that Shen's talent is good.

"Miss Shen, today's thing is that my Sun didn't figure it out before. Although we offended you, but you also hurt our people, this matter is considered even, how?"

Listening to the other party's polite but hidden unwilling words, Shen Qinglan gently licked his lips, "I said, I am in a bad mood today, and you who want me to leave without paying a price?"

She didn't get angry easily, but today she burned a fire in her heart, and the fire burned when these people mentioned Fu Hengyi.

Although she is still not sure what kind of thought she thinks about Fu Hengyi, but she is very uncomfortable to hear these people talk about Fu Hengyi like that.

She is not an aggrieved person, and since someone makes her uncomfortable, she will naturally find this place.

Shen Qinglan approached Sun Brother, who was guarded and subconsciously retreated, "What do you want to do?"

This expression was matched with his expression, so that people without knowledge could see it, and thought Shen Qinglan was a hungry woman.

Shen Qinglan glanced slightly at the black line, looking at Brother Sun, his eyes squinting, "Someone as shrewd as the boss, there is a subordinate like you, ha ha."

Brother Sun was surprised, "You know Boss Shi!"

Gu Yang and Gu Kai were also stunned. Although they didn't know the boss in their mouth, they could guess the identity of the person by contacting the context. Gu Yang and Gu Kai snorted and looked at each other with dignified eyes.

The Shen family is a military and political family, and the Shi gang is on the road. He has a black-and-white balance. Shen Qinglan has something to do with the boss of the gang. If the news is known by the people above, I am afraid...

Shen Qinglan ignored Brother Sun, but took out his mobile phone and dialed a series of numbers. Soon, the call was connected.

"Who?" Shi Feng's rough voice came from the end of the phone.

Shen Qinglan spoke lightly: "Boss Shi, can you still remember that relationship?"

When Shi Feng was rescued, Shi Feng promised Shen Qinglan a favor.

"Haha, it turned out to be a little girl. You finally called me. Let me tell you, I need something to help." Shi Feng also simply, Shen Qinglan hasn't looked for him for so long, but he gave him the initiative today. Called, apparently something happened to him.

"It's nothing, just a few people who touched the gang, hope that Boss Shi has a face, don't pursue it with me." Shen Qinglan said, she said that she was not afraid of the gang's investigation, but in the end she

was Shen The family members still have to take into account the position of the Shen family.

Shi Feng's eyes sank, "Which one didn't have long eyes offended you, tell your elder brother, and elder brother will help you teach him." After that time back, he asked Anan to release news on the road to cover Shen Qinglan, but did not expect There are still people who dare to find Shen Qinglan in trouble, and this person is still a gang of people. Shi Feng said that his mood is not very beautiful.

96 Chapter 96 Talking about life and ideals

Shen Qinglan glanced at his pale-faced Sun brother. "The lesson is not necessary anymore. I have taught them by myself. I just hope that Boss Shi will not feel distressed when he sees them."

Shi Feng laughed, "Where did the girl say this, they offended you, you should teach them the lesson. If you encounter this kind of thing again in the future, I will never tell you anything even though you do it."

"I am relieved to have this sentence of Boss Shi." Shen Qinglan closed the line.

Shi Feng looked at the hung-up phone, and his face looked a little unpleasant. "Anan, you go and check what happened, which one is not in the Yangfeng and Yinyang."

Anan replied yes, walked a few steps, and stopped again, looking at Shi Feng with embarrassment, "Boss, we don't even know what her name is, how to check."

Shi Feng was silent and waved after a while, "Forget it, no need to investigate this matter."

**

At this time, Brother Sun's gaze to Shen Qinglan was completely different from the previous one. If there was still a little unwillingness just now, he would be completely afraid now.

Where did he think that Shen Qinglan even knew the boss of the gang, and it seemed that he had a close relationship with him. He was just a little boss in the gang. Where did he get in touch with the boss on weekdays?

He is not without doubt that Shen Qinglan is talking about him, but thinking about what happened today, Brother Sun felt that Shen Qinglan would not do this.

"That, Miss Shen, today my Sun did not know Mount Tai, and offended you. Please forgive me. In the future, Sun will definitely not appear in front of Miss Shen. If I meet Miss Shen on the street, I will immediately detour, immediately detour." Brother Sun did not forget what Shen Qinglan said to Lin Hao and others, and said quickly.

"Lin Hao let you come today. It seems that you have a good relationship with Lin Hao?" Shen Qinglan said lightly, with a normal tone of voice.

Brother Sun shook his head quickly, "No, I and Lin Hao have eaten together a few times. His family is rich, and he is also generous on weekdays, so I will occasionally help him a little." Man is such a big man, he will not come to kill him, Sun brother hates Lin Hao now.

"Since that is the case, please ask Sun to do me a favor. If it is done, then this matter will stop here."

Brother Sun's eyes lighted up, and he squeezed out a smile, "You said you said, don't say one, it's not a problem if ten or hundred."

"Lin Hao..." Shen Qinglan said only two words, and Brother Sun immediately answered, "Understand that this kid doesn't have long eyes and a vicious mind. I will help Miss Shen to teach him well."

"It's not a lesson," Shen Qinglan raised a finger and shook gently. "It's to find him to talk about life and talk about ideals."

Brother Sun nodded, "Yes, yes, just talking about life and ideals."

Shen Qinglan was satisfied and waved his hand. Brother Sun walked away with people, and there were only Shen Qinglan and Gu Yang and Gu Kai in the big racing field.

"Going to make wood stakes here?" Shen Qinglan looked at the motionless couple and spoke lightly.

Gu Yang and Gu Kai recovered, and looked at Shen Qinglan's eyes with strange eyes.

"Sister-in-law, were you really calling the boss of Shi Gang?" Gu Yang asked.

"Otherwise?" Shen Qinglan gave him a strange look. Was he calling you?

Gu Yang's expression was serious, "Sister-in-law, you should know what the Shigang did? Since ancient times..."

"Just inadvertently helped Shi Feng a favor, it is not involved." Shen Qinglan interrupted Gu Yang's words.

Gu Yang heard the words, and was relieved in his heart, without any involvement. As for what he did, Gu Yang did not ask.

"Things are over, let's go." Shen Qinglan first walked towards Gu Yang's car.

Gu Kai's car has been scrapped. He just came by taxi, and now he can only go back to Gu Yang's car.

Watching Shen Qinglan walking towards the back seat, Gu Yang yelled, "Sister-in-law, your car skills are so good, or you should drive."

He has never forgotten Shen Qinglan's cool car skills, watching Shen Qinglan shining involuntarily, "It would be better if the younger sister-in-law could show it again."

He heard Gu Kai's eyes bright too, probably men have some dreams of speed and passion. Seeing such a wonderful car, they are also full of blood at the moment. Especially Gu Kai, racing has always been his biggest hobby. If it is not allowed by the family, I am afraid he has already been a professional racer.

Shen Qinglan opened the car seat calmly in the fiery eyes of the two of them, and sat in it. There was no desire to perform.

Fortunately, Gu Yang's sports car is a four-seater, otherwise the three can't really sit down.

Seeing that Shen Qinglan had already got in the car, Gu Yang disappointed his lip, and got into the driver's seat. He suddenly thought of something, and looked at Shen Qinglan with bright eyes: "Sister-in-law, why don't I worship you as a teacher, teach me how to race, My request is not high, as long as it teaches me to drift in a continuous curve."

Gu Kai: ...this requirement is not high. She turned to look at Shen Qinglan, in fact, he also wanted to learn.

Shen Qinglan lowered her head and swiped her phone. Fang Tong and Yu Xiaoxuan sent her a message and asked when she would go back.

Without getting a response from Shen Qinglan, Gu Yang was not disappointed, and continued to work hard, "Sister-in-law, you can teach me, I am very smart, and I promise to learn it in a moment."

Shen Qinglan ignored it.

Gu Yang drove along the way and begged Shen Qinglan to tell him to drive, even Gu Kai couldn't stand it anymore and rolled his eyes.

"You can't learn." Shen Qinglan finally made a noise, just attacking Gu Yang with his mouth.

The smile on Gu Yang's face froze. "How could it be possible for a person as smart as I am to learn? As long as you are willing to teach my sister-in-law, I promise to learn."

Seeing his unshakable face, Shen Qinglan said nothing, but said, "You will pick me up the day after tomorrow, I will show you once." If he wants to learn from the car, she must teach him.

Gu Yang's eyes lit up and nodded like a chicken to peck rice. "Okay, you can rest assured, sister-in-law. I promise to study hard." He looked at Gu Kai proudly. How about it, stalking still works.

Gu Kai couldn't see his little man's ambition, removed his eyes and didn't speak, just looked at Shen Qinglan and said nothing.

"Your leg hurts, no."

Gu Kai's eyes dimmed in an instant, looking at his legs, annoyed.

"Sister-in-law, what do I need to prepare?" Gu Yang was excited.

Shen Qinglan said slightly, "No need."

And really that day, when Gu Yang moved away from Shen Qinglan's car with a white face, the first thing was lying on the side of the road and vomiting violently. He never mentioned the matter of learning to drive with Shen Qinglan, even he didn't dare to sit even when driving.

No one knows what Gu Yang experienced in Shen Qinglan's car. Gu Kai asked many times and did not ask. Every time he asked, Gu Yang was shocked. He asked several times for no answer. Gu Kai did not ask.

Of course, these are words.

97 Chapter 97

Gu Yang sent Gu Kai to the hospital first, and after the doctor's examination, he found that it was only bruises and bruises, which were not serious.

It was too late, and Shen Qinglan couldn't get in even after returning to school, simply did not return to school, but asked Gu Yang to send her back to Jiangxin Yayuan.

On the way, Gu Yang remembered Lin Hao's look before leaving, and said, "Sister-in-law, Lin Hao has suffered such a big loss today, and will certainly not be willing to give up. What should we do next?"

"Seeing tricks and tearing down, it's just that today I don't want anyone else to know." Shen Qinglan asked.

Gu Yang nodded clearly, "Relax, sister-in-law, the three of us know about this matter, and we won't say it." If the family members knew, what would be more troublesome would be that he and Gu Kai, " But sister-in-law, Lin Hao will not go out and talk nonsense."

Shen Qinglan liu Mei lightly, said affirmatively, "He will not."

Gu Yang thought about it, too, but Lin Hao suffered a loss today, and he wished everyone didn't know about it, how could he go out and talk nonsense.

"Haha, this is the first time I saw Lin Hao in such an embarrassed state. It was so disheartening." Gu Yang couldn't help laughing.

Gu Kai's expressionless face also showed a smile, watching Lin Hao deflated, it was indeed very popular.

And the facts are indeed as expected by Shen Qinglan. Lin Hao did not do anything in the next few days, and Lin and Gu's wells did not violate the river water as usual.

In fact, Lin Hao didn't want to find trouble, but he was hiding in his house now, and he didn't dare to come out to meet people. The next night he wanted to find a few people to discuss how to teach Shen Qinglan a lesson. When I ran into Brother Sun, it was a beating without taking a word, and beating him with swollen nose and blue face really didn't even know his parents. Just like this pig head, wherever he dares to go out, shame is not enough.

Gu Yang sent Shen Qinglan to the door of the community and saw her entering the community before driving away.

"Gu Kai, how do you say that she did this skill?" Gu Yang opened his mouth and asked Gu Kai, he really couldn't figure out what happened to Shen Qinglan's cool car skills and neat skill.

He believes that the skill is taught by the Shen family, but Shen Qinglan is fierce, and the trick is against the people. The tall and strong men can't be beaten by her in one move. Such a skill is not very good. It seems that the Shen family will teach their daughters.

Gu Yang and Gu Kai, who had been trained by Master Fu since childhood, said that even they could not do it, unless it was Fu Hengyi.

Not to mention the racing technology, no one in Shen's family can play the car, even Shen Junyu does not touch it.

"This matter is not something we can manage." Gu Kai said coldly.

Gu Yang shut up, he was just curious to tell him, why is it so serious.

**

Early the next morning, Shen Qinglan got up and ran as usual, and went to the bedroom after taking a shower.

Yu Xiaoxuan and Fang Tong had already got up when she arrived in the bedroom. They were waiting for Shen Qinglan after washing. Unlike usual, even Yu Xiaoxuan, who had always been careless, wore a very ladylike dress today. Light makeup on the face.

"Qinglan, you are finally here. I was just about to call you." Yu Xiaoxuan saw Shen Qinglan and his eyes lit up.

Shen Qinglan handed them the breakfast they had, "Bring you the breakfast, and eat it first."

"That," Yu Xiaoxuan twisted his fingers. "When will your brother come to pick us up?"

Ever knowing that Shen Qinglan's brother is her male god Shen Junyu, Yu Xiaoxuan has been in a state of excitement. As soon as she thought of meeting her male god today, she couldn't sleep excitedly and woke up early.

Her nympho looks too obvious, and Fang Tong can't help but say to her, "Isn't it just a man, shameful, not shameful." She admitted that Shen Junyu is really handsome, and at first glance will give people "Mo Shangrenruyu, Fang Tong still felt the dangerous smell from this man, and intuitively told her that this man could not get close.

Putting aside the male god, Yu Xiaoxuan is Yu Xiaoxuan, and he started to go back, "Yeah, isn't it a man, as for the sticky all day, do you call three times a day."

Fang Tong snorted coldly and stopped talking. She could understand that Yu Xiaoxuan was envious and jealous.

"Wu Qian?" Shen Qinglan asked, not seeing Wu Qian's figure.

Fang Tong shrugged. "I don't know. I didn't come back after I left yesterday. I didn't answer the phone."

Shen Qinglan's eyes flashed, and yesterday Wu Qian followed a man.

Fang Tong and Yu Xiaoxuan got up early in the morning and dressed up. They did not have time to eat, so they took the breakfast bought by Shen Qinglan.

"Qing Lan, is it not good for us to go to your house empty-handed, or else, we will stop for a while and go to the mall to buy something, what do your family like?" Fang Tong said suddenly after he finished his breakfast .

Yu Xiaoxuan nodded, "Yes, Qinglan, let's go buy something, otherwise I'm embarrassed to go out."

In fact, she had discussed this issue with Fang Tong yesterday, but Shen Qinglan didn't come back. They didn't know what to buy. They wanted to buy something. They were afraid that it would be unsatisfactory and counterproductive.

Shen Qinglan couldn't help laughing when he saw such an enemy-like appearance, "You don't need to bring anything with you at home, you just go to my house as a guest, but you don't want you to see your future parents-in-law. what?"

Shen Qinglan made a rare joke.

It's just a pity that Fang Tong and Yu Xiaoxuan are in tension now, so there is really no mood for jokes.

It's really just the Shen family as a guest, but what kind of family is the Shen family? That is a famous military and political family. Mr. Shen is also a famous person. He is protected by people who travel with him. Shen Qinglan's mother is also a famous pianist, although Lost to say that her father is not at home today, but these two alone make them nervous, OK.

"My grandpa is a very good elder, although he has a serious face, but he is very kind to the junior. Yesterday I heard that I want to take my friend home, and I stayed at home to wait for you." Shen Qinglan originally wanted to comfort the two, no Thinking that it turned out to be counterproductive, Fang Tong and Yu Xiaoxuan's small faces were almost tangled into a bun.

"Qinglan, are we too late to go now?" Yu Xiaoxuan asked.

Shen Qinglan shook his phone, "It seems too late."

Yu Xiaoxuan clearly saw the name of the caller ID and lay prone on the table. Even the joy of seeing the male god was diluted.

"Forget it, isn't it just to see a friend's parent, and it's not to go to the battlefield, what's so nervous." Fang Tong gritted his teeth, his face generous.

98 Chapter 98: Being a Guest (1)

"Something happened temporarily. It's late. Sorry, didn't you wait a long time?" Outside the school gate, Shen Junyu stood next to the car and saw the three people who came out and said with a smile.

Seeing the male god at the moment, Yu Xiaoxuan had already cast off the tension in the bedroom just now, and his face was blushing, "No, we have just got up soon."

Fang Tong rolled his eyes secretly, and this one was hopeless.

But he didn't expect that this little action was actually seen by Shen Junyu. A smile flashed in his eyes and opened the door of the rear seat, "Please get in the car."

The gentleman's tone, plus the gentleman's movement, Yu Xiaoxuan's heart deer bumped into a mess, deserved to be her male god, true gentleman.

Shen Qinglan got on the co-pilot. Shen Junyu just got on the bus and handed Shen Qinglan a bag. "This is specifically done by Songsao in the morning. I'm afraid you haven't eaten."

"You are late, we have already eaten." Shen Qinglan expressionless.

Shen Junyu sighed helplessly, "Then eat it as a snack."

"Are you going to let us have lunch?" Shen Qinglan said.

Shen Junyu stiffened, took the bag back, set it aside, and rubbed Shen Qinglan's hair. "You girl is more conscienceless."

Shen Qinglan was expressionless. Fang Tong and Yu Xiaoxuan looked at the interaction between the two, and there was a faint envy in their eyes. Both of them were only children. There were no siblings at home. The mode of getting along, suddenly thinking of having a brother is also very good.

The compound is a bit away from their school, plus the traffic jam on the road, it was two and a half hours after arriving at the compound door.

Fang Tong and Yu Xiaoxuan didn't dare to talk at first, but Shen Junyu was humorous and talked again. Soon, Fang Tong and Yu Xiaoxuan relaxed.

Just arrived at the entrance of the compound, and saw the brothers with guns at the door, Fang Tong and Yu Xiaoxuan immediately counseled. Imagination is one thing, and it is another thing to really see it.

Shen Junyu stopped the car and lowered the window. The brother at the door gave Shen Junyu a salute and let it go.

"Isn't it said that I want to register for identity? I even took out my ID card." Yu Xiaoxuan held the ID card in his hand, and was a little tangled.

"There is no need for me to bring you in." Shen Junyu said with a smile.

Shen Qinglan began to rest with her eyes closed halfway through. She came back too late last night and had several dreams in one night. In each dream, there was Fu Hengyi. She woke up several times in the middle, and she got a little bit up in the morning Sleepy.

Both Fang Tong and Yu Xiaoxuan were looking out the window along the way. The greening in the courtyard was very good. A large number could be seen everywhere. Although it was late autumn and many tree leaves had fallen, there were still some lush.

After driving for another ten minutes, the car stopped in front of a three-story building.

"It's here." Shen Junyu parked the car and said.

Shen Qinglan had already gotten off the bus. Fang Tong and Yu Xiaoxuan followed the bus and looked up at this building with a rich historical atmosphere. The tension that finally calmed down in his heart came out again.

"Qinglan, Jun Yu, came back." A woman wearing a cheongsam greeted her with a smile, first greeted the brother and sister Shen Qinglan, and then looked at Fang Tong and Yu Xiaoxuan, laughing: "These two Just Qinglan's classmate, come in quickly."

"This is my mother." Shen Qinglan said.

Fang Tong and Yu Xiaoxuan called out aunt, Chu Yunrong was younger and prettier than what she saw on TV.

"Really two beautiful children." Chu Yunrong said lovingly.

Fang Tong and Yu Xiaoxuan smiled embarrassedly. Compared with Shen Qinglan, they are not pretty.

"Your grandpa has been waiting for you for a long time." Chu Yunrong said looking at Shen Qinglan, his tone was calm, not like blame, but more like a statement.

"Traffic jams on the road delayed a little time." Shen Qinglan said calmly.

Fang Tong and Yu Xiaoxuan were a little guilty. In fact, if they were not on the road, they would get out of the car and buy some gifts. They should have arrived an hour ago.

The traffic in Beijing has always been congested, and Chu Yunrong said nothing.

"Qinglan, let's take off our shoes first." Yu Xiaoxuan stood at the door and said a bit cautiously.

Chu Yunrong waved his hand, "Just come in without taking off your shoes."

Shen Qinglan did not speak, just walked in wearing shoes. Shen Junyu, who was originally about to change shoes, flashed a smile in her eyes and followed her sister. "We don't need to change shoes, come in."

Fang Tong and Yu Xiaoxuan saw that their masters did not change shoes, and went in boldly.

Seeing this scene, Chu Yunrong was a little startled. She saw Shen Qinglan getting along with her friends for the first time. She didn't expect her to be such a careful child. She seemed...not aware of her daughter.

I sighed slightly in my heart, remembering what her husband said to herself before going to the army, she really should take a good look at her daughter.

"Grandpa, I'm back." Shen Qinglan entered the living room and greeted Mr. Shen sitting in the living room.

"It's good to come back, please ask your friends to sit down and stand up and do something." Mr. Shen's serious face was smirked, obviously in a good mood at the moment.

Fang Tong and Yu Xiaoxuan stood on the side, very restrained. Yu Xiaoxuan's two small hands kept twisting each other. Although Fang Tong looked calmer than Yu Xiaoxuan, his blinking eyes kept selling. Her nervous heart.

"Grandpa, this is Fang Tong, this is Yu Xiaoxuan, they are all my friends. This is my grandpa."

"Shen... Grandpa is good." Fang Tong and Yu Xiaoxuan stuttered.

"Grandpa, you scared the little girl." Shen Junyu said with a smile.

Grandpa Shen stared, "I'm terrified, how can I scare people."

"No, Grandpa Shen is very kind. We used to be able to see you on TV, but now we finally see real people, so we are nervous." Fang Tong said with a blush.

Grandpa Shen smiled: "Hehe, little girl, don't be nervous, I am Lan Lan's grandpa, not anyone else."

"Yeah, don't be nervous. Come and have a glass of juice." Chu Yunrong came over carrying the juice.

Yu Xiaoxuan and Fang Tong quickly got up and took the juice in both hands, "Thank you aunt."

Shen Qinglan was given a cup of tea, "Thank you mom."

Grandpa Shen and Chu Yunrong could see that Fang Tong and Yu Xiaoxuan were very well educated, and their eyes were clean. When they entered the Shen family, apart from looking at them for curiosity at first, they never looked around.

The two were satisfied. Although they hoped that Shen Qinglan would communicate more with her friends, she also hoped that her friends would be good. Now it seems that Shen Qinglan has a good vision of choosing friends.

Chapter 99 Guest (2)

"Where are Xiaotong and Xiaoxuan?" Chu Yunrong smiled warmly and spoke softly.

"We are all in Beijing." Yu Xiaoxuan said, "Auntie, you are more beautiful than what we saw on TV. You don't know. My mother likes you. If she knows that I saw a real person today, definitely Envy me."

Chu Yunrong giggled, "I'm going to hold a concert in Beijing next month, and I will leave you a few tickets and bring my family with you."

Yu Xiaoxuan's eyes lit up: "Is it really possible?"

Chu Yunrong smiled and nodded: "Of course."

Grandpa Shen also echoed: "In the future, I often come to play at home. Lan Lan has no friends. For so many years, this is the first time I have seen her take her friends home."

"Uh um, Grandpa Shen, we will come often, as long as you don't bother us." Yu Xiaoxuan smiled at the two little tiger teeth.

She is a familiar character, put aside the initial tension, seeing that Mr. Shen and Chu Yunrong are so kind, and soon became lively.

Fang Tong is not as casual as Yu Xiaoxuan. After all, her family is in politics, she has seen much since childhood, and she has deeper thoughts than Yu Xiaoxuan. There are certainly many people like Shen's who come to climb relationships. She doesn't want to. The elders of the Shen family believed that they were close to Shen Qinglan because of the Shen family.

"Grandpa, I'll take them to my room first." Shen Qinglan said to Fang Tong that he hadn't spoken much, and said.

Master Shen nodded with a smile, knowing that there were elders who were uncomfortable in their young people, and said gently, "Go ahead, I will ask your brother to ask you to eat later."

Shen Qinglan took the two to their room. As soon as they entered, Fang Tong and Yu Xiaoxuan spread out on Shen Qinglan's bed, "Oh, I'm so nervous, I don't dare to talk much, I'm afraid to say What's wrong."

Yu Xiaoxuan grinned.

"Don't you dare to talk, you're all chattering." Fang Tong replied.

"Qing Lan, your mother is really young, standing with you and saying that she is your sister and everyone believes." Yu Xiaoxuan sucked her mouth. She just ate a piece of pastry below and it tasted good.

Fang Tong nodded in agreement, "And it's very approachable, I think big artists like your mother are definitely cold."

"And your grandfather, but that's a general, I actually saw a living general." Yu Xiaoxuan blushed, excited.

The two of them said one by one, and they were very happy. Shen Qinglan heard the black line.

"If you like, you can come back often."

The two shook their heads together. "That's fine." One visit was scary enough.

"Speak the truth, Qinglan, your family is so kind to you." Yu Xiaoxuan said seriously, "We can see that your grandfather and your mother are so friendly to me and Fang Tong because of you, they must value you very much, so I value your friends so much."

Fang Tong nodded to the side, very much agree with Yu Xiaoxuan's words, I think this is the most level sentence that Yu Xiaoxuan has said for so long.

Shen Qinglan was slightly startled, and seemed to realize this for the first time.

Grandpa is indeed a loving person, but he is not as approachable as today. When I think of what Yu Xiaoxuan said, my heart is slightly warm.

"Snap." Someone knocked on the door.

Shen Qinglan got up and opened the door. It was Shen Junyu, holding a tray in his hand with the pastry served by Songsao. "Just now my mother saw that your friend likes to eat this and told me to take it a little."

Shen Qinglan took it and thanked.

Shen Junyu looked at the door closed again, touched his nose, and went on.

"Wow, mung bean cake." Yu Xiaoxuan's eyes lit up as he looked at the pastry Shen Qinglan had brought in.

Shen Qinglan handed her the pastry, "eat less and eat later."

Yu Xiaoxuan had already picked up a piece in his mouth and nodded indiscriminately, "Well, when I finish eating this piece, I won't eat two more pieces."

"Songsao's food tastes good. Are you sure you can eat pastries and wait for a while?" Shen Qinglan said lightly.

Yu Xiaoxuan had a meal and looked at Shen Qinglan, confirming: "Really delicious? Better than this pastry?"

Shen Qinglan nodded.

Yu Xiaoxuan resolutely took back his outstretched hand. "In fact, it shouldn't be a snack before meals."

Fang Tong glanced at her silently, without speaking, her attention had shifted to Shen Qinglan's room.

Shen Qinglan's room is large, and Fang Tong always feels that her room is large, but Shen Qinglan's room is twice as large as hers. The decoration style is very simple, beige tone, large floor-to-ceiling windows, and there is a balcony outside the room. With a chaise longue and a small round table, a tea set was placed on the table.

Fang Tong walked over and picked up a cup to enjoy it for a while. Although she did not understand the tea set, she also saw that the tea set had a good texture. Even the set collected in her grandfather's study was not as good as this, showing its value, and This tea set was placed on the balcony by Shen Qinglan at will.

There are many small decorations in Shen Qinglan's room, which are neatly arranged and will not give people a messy feeling, but each one is not low in price. Her room perfectly interprets what is called low-key luxury.

"Qinglan, your family is so kind to you." Fang Tong sighed softly.

Shen Qinglan's eyes flashed without saying anything. In fact, many of the small things in the room were gifts that Shen Junyu came back to her on a business trip. There are also birthday gifts received on birthday. For example, the tea set was given to her by Shen Shen on her 20th birthday.

Fang Tong and Yu Xiaoxuan are very interested in the small ornaments in Shen Qinglan's room full of styles of various countries.

Shen Qinglan sat aside and visited with them.

After a while, I heard that the door was knocked again, and Shen Junyu's voice came in from the outside, "Lan Lan, eat."

"Got it." Shen Qinglan responded.

Fang Tong and Yu Xiaoxuan also heard and followed Shen Qinglan downstairs.

In the restaurant, Mr. Shen and Chu Yunrong were already seated. He pointed to the position on his left hand, "You sit here."

Fang Tong and Yu Xiaoxuan did not step forward, but secretly gave Shen Qinglan a glance. Shen Qinglan stepped forward and sat down next to her.

"How come Xitong hasn't come back now?" Mr. Shen said, "I don't know if there are any guests at home today. Let everyone wait for her. What does it look like?" Although Mr. Shen's tone was calm, he could still follow him. Dissatisfaction was heard in the words.

There was a momentary stagnation in the atmosphere. Chu Yunrong paused and smiled, "I have called

her just now and said that there was a little traffic jam on the road, but I was here soon."

She is the world-famous young master of heaven, the proud daughter of heaven. She was once infatuated and fell into a conspiracy woven with tenderness. She died with hatred.

Once reborn, she always disturbed the mountains and rivers, seeking a tyrant career, only to dump a country and kill one person.

He was a young king who turned his hands over and overturned the prosperity. He covered the sky with one hand, not swaying for the right, but for the country.

Once they met, he protected her and helped her, lonely, evil and tempting, attracted by power.

Under the light of beautiful candlelight, he chuckled lightly, his thin lips hooked up, and his style was unparalleled. "How about being a lonely princess?"

She hadn't exported the word "Xiu Xiang" yet, and was shocked by his next words-"Take the entire King Huang of the Lone King as a bargaining chip."

After being surprised, she nodded and chuckled, and got along with her strategy. However, who can be alone in the battle of hegemony and the ups and downs of love?

100 Chapter 100: This is Shen Xitong?

Mr. Shen's face slowed down, "We'll eat first, don't wait for her." He looked at Fang Tong and Yu Xiaoxuan, and smiled, "Lan Lan didn't say what you like to eat, just do whatever you want. If you don't agree with your appetite, you must tell grandpa."

Fang Tong and Yu Xiaoxuan nodded in a hurry: "Grandpa Shen, you're welcome, our taste is similar to that of Qinglan, not picky."

Mr. Shen smiled more peacefully, "I must drink more soup that night. This was specially made by Songsao. It is said that the beauty and beauty are especially good for your girls."

"Thank you Grandpa Shen." The two thanked with a smile.

At this moment, there was a sound of footsteps outside the door, and soon a slim figure appeared at the door of the restaurant, wearing a chiffon dress with long curly hair, delicate makeup painted on the face, and full of ladylike temperament. .

There was an apology on her face, "Grandpa, Mom I'm sorry, there was a traffic jam on the road and I came back late."

Grandpa Shen glanced at her and said lightly, "Since you come back, let's eat."

Shen Xitong sat down next to Chu Yunrong and smiled apologetically at Shen Qinglan, "These two are my sister's friends, I'm so sorry, I originally wanted to come back early, but who knows that the traffic jams on the road are so heavy that I'll keep you waiting Now."

Her smile is very sincere, and her words are very kind, giving people a good impression.

Fang Tong and Yu Xiaoxuan smiled, "Shen...Sister is good." I don't know what to call, they finally added a sister, after all, the other party is indeed bigger than them.

The smile on Shen Xitong's face became more and more sincere, "We have introverted personality and few friends. It is rare to bring friends to your home. We are very happy to be here as guests."

A table of people, only Shen Xitong is talking to herself, she doesn't feel embarrassed, a host gesture entertains Fang Tong and Yu Xiaoxuan, people who don't know think she is their friend.

"Aren't you busy outside for a day, not hungry?" Shen Junyu said lightly.

There was a moment of stiffness in the smile on Shen Xitong's face, and he returned to nature in an instant. "It's really hungry, please don't be polite, just treat it as if you were at home."

Fang Tong and Yu Xiaoxuan couldn't help but rolled their eyes. They finally knew why Shen Qinglan's attitude was so cold when he mentioned the adopted female sister. This person was not pleased.

Just thinking, a bowl appeared in front of Fang Tong, and a distinct hand was pulling away from the bowl. Shen Junyu's sexy voice came from above his head, "Grandpa said that this soup is good for girls, please drink more. ."

Then he picked up another bowl and gave Yu Xiaoxuan a bowl. Then Shen Qinglan completely ignored Shen Xitong.

Fang Tong was nothing, but thankfully calm, but Yu Xiaoxuan, but just such a sentence, let her ears flushed, Fang Tong looked at her like this, sighed deeply, she really can not understand Yu Xiaoxuan Where did the obsession with Shen Junyu come from?

Shen Xitong, who was neglected by Shen Junyu, was a little ugly. There were all three girls, but she didn't. To say that Shen Junyu was not intentional, Shen Xitong didn't believe it. She lowered her eyes and took a deep breath, suggesting that she shouldn't care .

"Lan Lan, after a while, take your friends to wander around the compound and stay at home to eat at night." Mr. Shen said.

When Fang Tong and Yu Xiaoxuan refused to come, Shen Qinglan responded with a light response.

Shen Xitong was stunned. Although it was just a sentence, she heard from this sentence that Mr. Shen loved Shen Qinglan and the two friends.

When I remembered high school, Shen Xitong also took his classmates as guests. At that time, Mr. Shen stopped talking about eating at the same table and waited for her classmates to leave. He said directly that she should not bring outsiders to the house at random. Since then, she has never invited friends to her home.

As for Shen Qinglan, he also brought friends to his home. Grandpa Shen's attitude is simply two extremes. Although it has long been known that Grandpa Shen is partial to Shen Qinglan, Shen Xitong is still inevitably uncomfortable.

"Your grandfather is right, Qinglan, you will walk with your friends in the courtyard for a while. The scenery of the courtyard is still good. When I ask Songsao to make afternoon dessert for you, I think Xiaoxuan still likes Song quite Sister-in-law's craftsmanship." Chu Yunrong echoed with a smile.

Yu Xiaoxuan smiled a little embarrassedly, "Trouble Auntie."

"What's wrong with this, Qinglan doesn't like sweets. Tongtong always talks about keeping his figure and not eating too often. Songsao knows you love eating and doesn't know how happy she is."

Sister-in-law Gao was not happy, but Shen Qinglan didn't know, but she knew that Shen Xitong was not happy at this moment. Although she kept her head slightly down, her biting lip was seen by Shen Qinglan.

Shen Xitong thought it was a good disguise, but she didn't know that whenever she was upset, she would do this subconsciously.

Shen Xitong, your mind is still so small, just a little thing can make you jealous.

Shen Qinglan smiled lightly, drinking the soup in the bowl silently.

After eating, Shen Qinglan took Fang Tong and Yu Xiaoxuan to walk around the compound.

Fang Tong has been thoughtful since he walked out of the Shen's house, "Qinglan, is your relationship with your foster sister very bad?"

Shen Qinglan's footsteps slightly, "I am very obvious?"

Fang Tong shook his head, "It's not you, but her. She seems to be very dissatisfied with your family's partiality." She said a little bit uncertain, after all, this is just her instinct.

"Huh, Fang Tong, do you feel it too? I thought it was my illusion." Yu Xiaoxuan said, a little puzzled. "However, she is not satisfied with anything, you were originally born by your mother, yes Grandpa Shen's granddaughter, shouldn't they be good to you?"

"Some people's thinking can't be thought of with normal people's ideas." Shen Qinglan's faint words confirmed their guesses, and their faces were a little surprised.

"Sister, you are here, I have been looking for you for a long time." Behind me, Shen Xitong's voice came.

The three turned around and saw that Shen Xitong was standing there, looking at them with a smile.

"Grandpa and mom are going to take a nap, and my brother is busy. I can't sleep, so I want to find you together, you, don't you mind?" Shen Xitong explained, looking at Fang Tong and Yu Xiaoxuan, smiling warmly.

Fang Tong and Yu Xiaoxuan glanced at each other, wondering when she appeared behind them, how much did they hear from their conversation, and if they all heard it and talked to them with such a smile, then they had to say This person's endurance is also first-rate.

Shen Qinglan said that they thought about it too much. Shen Xitong had just arrived and did not hear their conversation.

"I think I mind." Shen Qinglan said lightly.
