Chapter 1101: Xie Huilan is mad

Xie Family mansion.

The living room is quiet.

Dong Xuebing looked at Xie Guobang and said. "Dad, is it impossible to save her through the diplomatic process?"

Xie Guobang nodded. "Lizhen and her relative had become US citizens. It's hard to do it."

Dong Xuebing said. "What about going through legal means? They cannot keep Aunt in custody forever."

Xie Guojian interrupted. "When it comes to the benefits of a country, anything can happen. We are prepared for the worse and estimate Lizhen will not be in contact with the outside world for at least five years. We must wait until the research is over, but they might also keep her under house arrest. That's why the higher-ups want to rescue her and order to bring her back at all costs. I should not be telling you all these, but it's fine as we are family."

What?

Bring her back at all costs?!

Dong Xuebing's heart skipped a beat. This technology must be critical for the military to give this order.

Xie Guojian looked at Dong Xuebing and asked. "Xiao Bing, tell me the truth. How confident are you to bring back your Aunt safely?"

Dong Xuebing replied helplessly. "Tell me about the situation there first."

Xie Guojian asked. "What do you want to know?"

Dong Xuebing asked. "Is the information about the research center accurate? Could Aunt be locked up somewhere else?"

Xie Guojian hesitated. "Our intel only states the possibility of her locked up at that location is high."

Dong Xuebing blinked. "What about the research center map?"

Xie Guojian replied. "We have confirmed the location of the research center." He took out a map and pointed to a location. "This is the place. This information is confidential, and you must not reveal it to anyone else."

Dong Xuebing looked at the map. It is a map of a US city in the West. There's a direct flight to that city, but the research center is secluded. "Is this everything you got?"

"That's all."

"What about the research center's map?"

"We don't have it for now."

“What about the military stationed there?”

“This is an important research center, and the military will be stationed there. But their equipment and numbers.... We do not have the details yet.”

“It’s easy to go. I can get a tourist visa. But what about our return flight? How is Aunt going to come back after she is rescued?”

“This matter cannot be brought to the surface and concerns two nations' diplomatic relationships. We can only smuggle her back by the sea. We still have not made the arrangements.”

This is not sure....

That is not confirmed....

Everything has not been arranged.

How can someone be confident in this situation?!

Dong Xuebing replied. “I don’t have any confidence at all. First, we cannot confirm if Aunt is locked up there. Second, there’s a military station there. Third, we don’t even have a map of the research center. Lastly, bringing her back after being rescued is too dangerous and difficult. Sorry, Second Uncle, Mum, I can’t do anything.”

“Oh....” Xie Guojian sighed. He is not surprised.

Dong Xuebing was speaking the truth. Although he had not used his powers for a few months and saved time, he was not invincible. He is not going to steal some relics or items. He is going to bring a living person back. He would not hesitate if we captured Huilan. But it is Zhong Lizhen, an Aunt he had never met before. There’s no need to take this risk. The military had sent many people there and could not rescue her.

Xie Guojian knew this task was impossible, but he still wanted to ask Dong Xuebing. After all, Xiao Dong had performed too many miracles.

Han Jing paused for a few seconds and said. “Never mind. It’s fine, Xuebing. Mum is too anxious. Your Aunt.... Forget it. I don’t want you to take the risk even if you are confident. I will prepare lunch for you. It’s almost noon.” She wants someone to save Zhong Lizhen, but she is afraid something might happen to Xiao Bing if he goes.

“Let me help.”

Han Jing forced a smile. “It’s fine. Stay here and chat with your Dad.”

Suddenly, Han Jing’s phone rang.

“Huilan?” Han Jing answered. “Hello?”

Xie Huilan asked calmly. “Aunt is in US custody?”

Han Jing sighed. “You are well-informed. We have not told you. Yes. We lost contact with your Aunt two months ago, and your Second Uncle is considering ways to rescue her.”

“What solutions does he have?”

“..... He still does not have any ideas.”

“How come I heard Xiao Bing is there? Are you all considering asking him to go to the US to save her?!” Han Jing paused briefly and was about to deny it, and Xie Huilan noticed it. Her tone changed. “Is Second Uncle there?”

Han Jing replied. “Yes.”

“Pass him the phone!” Xie Huilan was mad.

Han Jing looked at Xie Guobang and waved her phone. “Huilan is looking for you.”

Xie Guojian smiled wearily. “Sister-in-law, you should have told her I am not around.” His elder brother, Xie Guobang, is correct. Everyone in the family knows about Xie Huilan’s temper. She doesn’t care who you are when she is mad. If she knew he had tried to persuade Xiao Bing to go to the US, she would fallout with him. This is why he does not want to speak to her now. Furthermore, this mission is too risky, and no one can guarantee Dong Xuebing’s safety.

Han Jing said. “Huilan is smarter than all of us. We cannot hide it from her.”

Xie Guojian hesitated and answered. “Hello, Huilan. Why are you looking for me? We are about to have lunch. Let’s talk after lunch.”

Xie Huilan narrowed her eyes. “Second, Uncle, I heard you are asking my husband to go to the US to get killed. Is this true?”

Xie Guojian quickly replied. “It’s not me. It’s the higher-ups who asked me to speak with him. You should know the military has Xiao Bing’s files, and I am only asking on behalf of the higher-ups.”

“What did my husband say?”

“He? He says he is not going and is not confidently rescuing your Aunt.”

“Ok. What did you reply?”

“What else can I say? I don’t want Xiao Bing to go too. I know it is dangerous, and I am only asking on behalf of the higher-ups. I also want to know if he has any ideas. You should know his capabilities. I will not let him go if he is not confident. Who do you think I am? I will speak to the higher-ups, and they will not send your husband to the US. They know he is from our Xie family.”

“Fine.”

“Don’t worry about it.”

“But I need to state this clearly. Second Uncle, I know you liked Aunt Lizhen since you were young and cannot forget her.....”

Xie Guojian got mad. “You brat! What nonsense are you talking about?!”

Xie Huilan smiled. "You should know if I am speaking nonsense. Everyone in the family knows about it. Oh, except for Second Aunt."

Xie Guojian shouted angrily. "You are being disrespectful."

Dong Xuebing and Han Jian sat near Xie Guojian and could hear their conversation.

Dong Xuebing thought to himself. No wonder Second Uncle is so concerned about Aunt Lizhen.

Han Jing was mad too. Her daughter dares to say anything and doesn't care who the other party is. She pretended not to hear anything.

Xie Guojian stood up and walked a few steps away.

Xie Huilan laughed coldly. "Second, Uncle, I am not disrespecting you. Don't blame me if whoever dares to ask my husband to risk his life or force him to do anything he does not want. You should know me well. Haha.... I am not angry with you. I am just letting you know this. My son is due soon. How are we going to live if anything happens to his father?"

Xie Guojian was too mad to say anything.

Xie Huilan and Xie Guojian talked for a while, and he passed the phone to Dong Xuebing. "Your wife is looking for you."

Dong Xuebing cleared his throat and answered. "Huilan." He was touched to know she was so concerned for his safety.

Xie Huilan said slowly. "Eldest Uncle told me you went to the Finance Ministry for work. You have completed your work there and should return to Zhen Shui County after a few days' rest."

"Yes. I know."

"You don't need to care about my Second Uncle. Do you understand?"

"I understand. I know what to do."

"That's it."

Dong Xuebing returned the phone to Han Jing.

Han Jing pretended not to know anything and asked Xie Guojian. "What did Huilan say?"

Xie Guojian replied angrily. "She gave me a lecture! This brat! I had doted on her, and this is how she treats me! She is ridiculous."

Dong Xuebing tried to calm Xie Guojian. "Just ignore her, Second Uncle. She got a bad temper and always scolded me every day. I will tell her off when I get back."

Han Jing added. "That's right, Guojian. Don't be upset over her."

Xie Guojian kept quiet for a while and sighed. "Huilan is right. I am to concern for Lizhen. Xiao Bing, I am not forcing you to go, and I know this mission is too difficult. I apologize if anything I said made you feel bad."

Dong Xuebing waved his hand. He did not feel offended or mad. "You don't need to apologize. I am fine."

## Chapter 1102: Should I go?

Xie Guojian left in a rush. He will inform the military higher-ups about Dong Xuebing's decision and ask them to think of other solutions to rescue Zhong Lizhen. Han Jing and Xie Guobang went to take a nap.

"Xiao Bing, you should take a nap."

"No. I should return to my hotel."

"Have dinner with us before leaving."

"Ok. I will take a rest in Huilan's room."

"Yes. Huilan's room is cleaned."

Dong Xuebing entered Xie Huilan's room and lay on the bed. He looked at the ceiling and felt uneasy. He had gone to Japan to steal the relics without informing anyone. Xie Huilan's family had never asked him to do anything. Han Jing and Xie Guobang had asked for him, but he rejected it. It made him feel bad.

But what can he do if he goes?

Dong Xuebing does not know what will happen and can only smack his lips.

An hour passed. Dong Xuebing did not sleep. He went downstairs to have tea.

He overheard Han Jing crying when he walked past Xie Guobang and Han Jing's room. Dong Xuebing stopped. As the eldest Sister-in-law of the Xie Family, she had never cried or shown weakness in front of anyone.

Mum is crying.

What happened?

Dong Xuebing knew it was wrong to eavesdrop, but he still stopped outside the door.

"Crying will not help."

"But Lizhen...."

"Lizhen will be fine. Don't worry."

"Yes.... But what if Lizhen...."

"Guojian will think of a way, and I will push the higher-ups to do something tomorrow."

"I kept thinking of the time when I played with Lizhen. She had only called me to ask for help. I...."

"We can only wait now. Maybe things might change."

"Impossible. Will they release Lizhen?"

“We will think of a way to save her.”

Dong Xuebing felt worse after hearing their conversation. Sigh.... What should I do?

Night.

Wang Fu Hotel.

Dong Xuebing returned to his room and started chain-smoking. He kept hearing Han Jing’s sobs.

After a while.

Ding dong, ding dong.

Dong Xuebing walked over and opened the door. “Hi.”

An old man in his seventies or eighties was standing outside. His hair is all white, and he looks familiar.

The old man looked at Dong Xuebing. “Are you Dong Xuebing?”

“Yes.” Dong Xuebing replied. “You are....”

The old man replied. “I am Chen Xuekai, from the Chinese Academy of Sciences.”

“Chinese Academy of Sciences?!” Dong Xuebing suddenly remembered a person and gasped. “You are Professor Chen!”

Chen Xuekai looked inside the room. “Let’s talk inside if it’s convenient.”

Dong Xuebing nodded and let this old man enter his room.

Chen Xuekai.... No wonder I have seen him before. He is one of the few famous scientists in China and has made significant scientific contributions to China. Dong Xuebing had seen him more than once on TV when he was young.

Why is Professor Chen here?

Dong Xuebing was puzzled.

Inside the room.

Professor Chen sat on the sofa and looked at Dong Xuebing. He was frowning. “Is it fine if I address you as Xuebing?”

Dong Xuebing nodded. “Of course.”

Chen Xuekai continued. “I know your wife’s parents and know your background. I know you are extraordinary and had heard much about you from my military friends.”

Dong Xuebing understood why Professor Chen was there. “You must be here for Zhong Lizhen.”

Chen Xuekai nodded. “I don’t need to hide anything from you. Xiao Zhong is my best student, and I am not surprised by her achievements. This is not a small incident; I believe you have heard about it with your background and your family’s relationship with her. I must say this. Xiao Zhong must return. Her research is important to our country, and she must return at all costs.”

Dong Xuebing replied. “I know, but....”

Chen Xuekai replied. "Honestly, I didn't believe you could do anything when I saw you. Maybe you looked too ordinary. My military friends told me that it would be you if anyone could rescue Lizhen single-handedly. I want to believe them as I have no other choices. That's why I used my connections and found out you are staying in this hotel."

Dong Xuebing quickly said. "You think too highly of me. I am just an ordinary person."

Chen Xuekai said. "I know this is a tricky situation, and it's almost impossible to succeed. But I still hope you can do your part for the country. I cannot order you to do anything with your family background. As someone who gave more than half his life to the country, I still can say this. I cannot represent the country, but I can represent the Chinese Academy of Sciences. Please bring Xiao Zhong back." He stood up and bowed.

Dong Xuebing quickly help him up. "Please don't do this. I cannot accept your bow."

"Yes, you can. I can kneel before you if you bring Xiao Zhong back safely." Chen Xuekai firmly said. "Please help Xiao Zhong and help our country."

"You think too highly of me."

"I am not forcing you. I hope you will consider it."

"Ok. I will consider it. Please get up. I cannot accept your bow."

Dong Xuebing respect Chen Xuekai a lot. Someone who spent his youth and whole life for the country.

But....

Saving Zhong Lizhen....

Dong Xuebing was not confident at all. How is he going to save her?

What should I do?

Should I go or not?

Dong Xuebing hesitated.

Chapter 1103: I am going on a trip

Wang Fu Hotel. Dong Xuebing's standard room. Chen Xuekai grabbed his shoulders and looked at him.

"Please.... For our country and Xiao Zhong."

"Alright. I will consider it."

"I will wait in the hotel lobby. Come when you have decided."

"Please don't. It's late, Professor Chen. You should go back and rest."

"I am worried for Xiao Zhong and cannot rest even if I am home. Please consider. I will wait for you."

Chen Xuekai turned and walked towards the door. Dong Xuebing quickly helped him out the door and thought to himself. You said you are not forcing me.... How is this not forcing me?!

For our country.... This sentence pressured Dong Xuebing.

Nothing else is more important than the country.

Dong Xuebing returned to his room and opened the windows. He lit a cigarette and thought hard about it.

A cigarette....

Two cigarettes....

Three cigarettes....

He thought about Han Jing's sobbing.

He thought about Zhong Lihen's situation.

He thought about the old scientist bowing to him.

Dong Xuebing sighed and snubbed the cigarette. He hit his forehead and massaged his temples.

F\*\*k it!

Dong Xuebing took a deep breath. He decided and went to the hotel lobby.

Ground floor.

Hotel Lobby.

It is late, and there are not many people in the lobby.

Dong Xuebing entered the lobby and saw Chen Xuekai and two middle-aged men waiting on the sofa. Those two men seemed to be with Chen Xuekai, and they looked like they were his students.

"Xuebing?" Chen Xuekai saw Dong Xuebing.

The two men turned towards Dong Xuebing and looked at him from head to toe. They were puzzled. Can this young man save Li Zhen?! He is too young.

"Professor Chen." Dong Xuebing walked over.

Chen Xuekai stood up with the help of his two students. "Have you considered?"

"Yes." Dong Xuebing calmly replied. "I'm sorry, Professor Chen. I am not going."

Chen Xuekai's face changed. "Have you considered this?! Xiao Zhong is your wife's Aunt! How can you allow her to suffer in the US?!" This old man seemed to be close with the Xie family.

Dong Xuebing replied apologetically. "I'm sorry. This is beyond my abilities."

The middle-aged man shouted. "This is for our country! Even if you are not concerned for Lizhen, you must do it for our country! Do you know what her research is about?!"

Dong Xuebing looked at that man and said. "I know my capabilities well, and it's useless even if I go. That's why I don't want to get killed."

That student shouted at Dong Xuebing. "Narrow-minded! That technology is...."

The other man pushed him lightly. "Stop!"

That student shut up and stared at Dong Xuebing.

Dong Xuebing slowly replied. "Professor Chen, you all might have heard some rumors about me. Those rumors are exaggerated, and I am not as good as they claim. I know what I can do, and my wife is due soon. I cannot risk my life overseas. You can scold me selfishly, and I don't care. I cannot help you all. Sorry."

"You...." That man was about to say something when Chen Xuekai raised his hand to stop him.

Chen Xuekai said. "Never mind.... Let's go."

That middle-aged man should be close to Zhong Lizhen. He said. "But Lizhen...."

Chen Xuekai interrupted. "Xiao Dong might not save her even if he went. Let's think of another solution."

That man sighed and followed Chen Xuekai.

Outside of the hotel.

That man grumbled. "That Xiao Dong does not look like someone capable. He is timid and is not fit to be Chinese!"

Chen Xuekai frowned. "To each his own. We should not force him."

The other man added. "Lizhen will not be saved even if he goes."

Chen Xuekai nodded. "This is a life or death situation, and no one dares to say they can save Lizhen. I did not harbor any hopes when I looked for him."

.....

Chen Xuekai and his students left.

Dong Xuebing stood outside the hotel lobby, looking at them leave. He shook his head and walked back to his room.

Inside the elevator.

Ring... ring... ring.... Dong Xuebing's phone rang.

Dong Xuebing saw it was Han Jing, and he quickly answered it. "Hello, Mum."

Han Jing said. "Xuebing, where are you now?"

"I am at my hotel. Wang Fu hotel. Didn't I tell you earlier?"

"I heard Chen Xuekai, Professor Chen, had looked for you."

"Huh? Yes. He came with two students, and they just left."

"Professor Chen is our family's old friend, and Lizhen is his student. He worries for her and doesn't want her research to fall into those foreigners' hands."

"Yes. I know. Professor Chen had told me about it."

“They must have heard something and gone to ask you to save her. Right?”

“Err.... Yes.”

“What did you say?”

“What else can I say? I am not going, and Huilan....”

“Ok. I do not allow you to go as it is too dangerous. I don’t want you to take the risk.”

Han Jing replied. “Huilan will turn our house upside down if you go.”

“But Professor Chen....”

“It’s fine. I will speak to him, and they will not look for you again.”

“Thanks, Mum.” Dong Xuebing paused for a second and said. “Oh, I forgot to bring my phone’s charger, which is dying. I might not be able to answer any calls these few days.”

“Do you want me to get a phone charger for you?”

“No need. I will borrow a charger from one of the telcos.”

Dong Xuebing ended the call when he reached his floor.

He called Xie Huilan on his way to his room. “Hello, Huilan. It’s me.”

Xie Huilan giggled. “Where are you? Are you at your hotel?”

“Yes. I am going to sleep.”

“What is it?”

“Nothing. I called to tell you that my Second Uncle is furious. Don’t talk to him like this. He did not force me to do anything.”

“I know. I am only warning them. Haha....”

“You.... It’s so tiring to pacify them.”

“Haha.... Is that it?”

“My phone is dying, and I did not bring my charger. I will find a place to charge my phone tomorrow, and I might be off my phone.”

“Ok. The hotel should have phone chargers.”

“Alright. My phone might die anytime. Bye.”

Dong Xuebing sat in the resting area and made a few calls. He called his mum, Aunt Xuan, and the rest to tell them his phone was dying and might be uncontactable for the next two days. He looked at his phone after all the calls. His phone is left with 50% battery life, and he sighed. He got up from the resting area along the corridor and walked toward his room.

The elevator door opened.

“Eh, Mayor Dong?” Yan Yizhi and Chen Xiaomei were back.

Dong Xuebing turned. “Chief Yan, Chief Chen.”

Yan Yizhi smiled. “Did you just return?”

Dong Xuebing nodded. “Oh, I got something to tell you all. Come to my room for a while.”

“Alright.” Yan Yizhi and Chen Xiaomei followed Dong Xuebing to his room.

.....

Dong Xuebing’s room.

Dong Xuebing looked at them. “I might be going away tomorrow and will not stay here. I don’t know when I will return, and my phone battery is empty. I might be uncontactable.”

Yan Yizhi was puzzled. “You are....”

“I am just going away for a few days.” Dong Xuebing said. “Just say I am visiting a friend if anyone asked. You two don’t need to wait for me if I don’t return for our flight. Just go back to Zhen Shui County, and I will return after I settle my things. I cannot confirm when I will return, and I am just informing you two.”

Yan Yizhi replied. “Ok. We understand.”

Dong Xuebing thought and gave them some instructions before letting them leave.

Dong Xuebing took out his phone and called Xu Yan. “Sister Xu, I need an air ticket to go overseas!”

That’s right. Dong Xuebing is going to the US to save Zhong Lizhen. Han Jing’s tears touched him, the old scientist pleads, and he is doing this for his country. He is also angry with those Americans for their actions. But he did not tell Chen Xuekai because he feared Huilan or her family might find out. He does not want Xue Huilan to leave with her family because of this incident. He prefers to do things alone and does not want anybody to worry about him. Anyway, he had memorized the location of the research center and decided to try if can rescue her.

#### Chapter 1104: Preparations

Inside Dong Xuebing’s room.

Dong Xuebing was on the phone with Xu Yan.

“You want an air ticket to where?” Xu Yan asked curiously.

Dong Xuebing replied. “To the US. I hope to catch a flight tomorrow morning. It’s urgent.”

Xu Yan hesitated. “What happened? Tell me first.”

Dong Xuebing replied helplessly. “I cannot say, and it’s hard to tell you over the phone. I know what I am doing. Just help me arrange a flight to the US.”

“Know your head!” Xu Yan scolded and laughed. “You get into all sorts of messes when you go overseas.”

“Ah? I promise it will not happen this time.”

“Alright. Other than an air ticket, what else do you need?”

“Err... I need a fake identity for my passport and visa. I don’t want anyone else to know.”

“What are you up to? Why do you need a fake identity? Why are you going there?”

“Please don’t ask, Sister Xu. I cannot tell you. Anyway, I am not doing anything bad. Trust me.”

Xu Yan frowned. “You are making me worried. Are you trying to create trouble over there? Xuebing, you had created a lot of trouble overseas, and the higher-ups have their eyes on you. I believe the military has your records now.”

Dong Xuebing nodded. “Yes.”

“Are you sure you want to go?”

“Yes, and I must go. This is urgent.”

“Alright. I will not ask anymore. It’s easy to get an air ticket and tourist visa. I can get someone to send it to you in the morning. But you want a fake identity. This is not easy.” Xu Yan paused for a second. “I use my connections to help. I have some relatives in the State Security.”

“Can it be done by tomorrow?”

“I will try my best. Do you need return tickets too?”

“Yes. I hope to depart tomorrow and return two days later.”

“Alright. I will try to get it for you.”

“Thank you, Sister Xu.”

“Don’t need to thank me. Be careful and come back in one piece.”

“Yes. Don’t worry.”

“Ok. I will call you when I get news.”

Getting a fake identity is difficult if one is not working in State Security. Xu Yan has to bear responsibility if anything goes wrong. However, she agreed to help without asking, and Dong Xuebing was touched. He did not want to trouble her, but he got no choice. She is from State Security and is the only one who can help. Although he can ask Xie Guojian, he does not want the Xie Family and Huilan to know. He cannot even tell anyone else.

Dong Xuebing did not stay in his hotel room and waited for Xu Yan's call. He grabbed his bag and left the room. He got to make preparations for this trip.

Dong Xuebing did not plan to bring luggage and wanted to travel light.

As for weapons.... He will not bring anything.

It would be difficult to get past airport security; his biggest weapon is himself. There's no need to bring anything else.

Yes. Everything is prepared.

Dong Xuebing returned to his room and opened a map he had bought. He marked the location he remembered from Xie Guojian and made a few calls to ask about the situation there. He drew a few more circles on the map and frowned. He thought for a while and could not come up with any plans. He does not know about the conditions there and doesn't know where to start.

The route was marked out, and he will act accordingly there.

Dong Xuebing kept the map and turned on his PC to search for Zhong Lizhen.

Dong Xuebing was surprised to see Zhong Lizhen's particulars online. It was a small technology convention, but the particulars should be accurate. She is Professor Chen Xuekai's best student and is famous in their circle.

Zhong Lizhen.

Female.

Graduate from Liberation Army National Defence University.

Ancestry....

Dong Xuebing also found Zhong Lizhen's photo. This picture should have been taken recently; she was wearing gold-rimmed spectacles. She looked studious but was very attractive.

This woman is Xie Huilan's youngest Aunt, Zhong Lizhen.

Dong Xuebing looked at the photograph and remembered her face. He needs to recognize her first before he can save her.

Everything is prepared.

Dong Xuebing took a deep breath and closed his eyes. MENU!

One hour and thirty-two minutes.

Dong Xuebing seldom used his powers in the past few months and accumulated over an hour.

An hour and a half should be enough if everything goes smoothly.

Dong Xuebing stood up and did some stretches. It will be a tough battle, and it's been a while since he fought. He must maintain his body in top condition.

Around 1 am.

Ring... ring... ring.... Dong Xuebing's phone rang.

Xu Yan said. "I have gotten someone to prepare the things you need. They are preparing your passport and making the necessary arrangements. I will get someone to pass you the documents tomorrow morning. Memorize your new identity."

"Ok. Thank you, Sister Xu."

"I will give you another phone number. She is my best friend at university and works in the US. We had been in touch all these years, and I had told her about you. Look for her when you get there. She will arrange your accommodation and food. She has business over there and knows lots of people."

"Is she from the State Security?"

"No. You should not tell her what you plan to do there. I don't want you to drag my friend into your troubles."

"I know. I will not implicate her."

"Alright. That's it."

"Thank you. I will thank you properly when I am back."

Chapter 1105: On the plane

Today is the third day Dong Xuebing has returned to Beijing.

The County had given them one week to get money from the Central Government. Dong Xuebing does not know if he can return in time, but he does not care. He received a phone call and switched off his phone. He will temporarily cut off communications with his friends and relatives to prevent them from knowing his location. He met Yan Yizhi and Chen Xiaomei again before leaving for the airport.

Airport.

Departure hall.

Dong Xuebing did not bring any luggage. He waited at a corner in the departure hall with his hands in his pocket.

A young man walked up to him.

Dong Xuebing looked at him.

"Are you Mr. Dong?" That man asked.

Dong Xuebing nodded. "I am Dong Xuebing."

The young man said. "Sorry, I need to confirm your identity."

Dong Xuebing nodded and took out his identification card.

The young man confirmed Dong Xuebing's identity and nodded. "Nice to meet you, Mr. Dong. This is for you. My leader instructed me to give it to you. Please check the contents."

"Thank you." Dong Xuebing took the package and checked.

Fake passport....

Fake identification card....

Boarding pass....

Dong Xuebing replied. "Help me thank your leader."

The young man nodded and said. "The flight is departing at 9 am. Please don't be late. Alright, I need to go back now."

"Thank you."

"Don't mention it."

The young man left quickly.

Dong Xuebing looked at that man leave and walked towards the immigration hall with his fake documents. He checked the time and walked faster. He cleared immigration and boarded the plane. His document had no problem clearing the immigration and boarding the plane. After all, the document was prepared by the State Security, and he was formerly from there. If he was not from State Security previously, Sister Xu might not get a fake identity for him.

On board the plane.

The passengers were mainly Chinese and Americans.

Dong Xuebing checked his boarding pass and found his seat. He sat next to the window and closed his eyes.

"Friend...." A man said.

Dong Xuebing opened his eyes. "What is it?"

A man in his mid-thirties said. "I think you are in my seat."

Dong Xuebing took out his boarding pass and checked the seat number. He had sat on the wrong seat. "Sorry." His English is not good, and he made this mistake.

"It's fine. Do you have air sickness?" That man asked.

Dong Xuebing replied. "A little."

That man replied. "Then it's alright. You can continue to sit there. Where is your seat?"

Dong Xuebing pointed to the seat beside him. "It should be here."

"Ok." That man sat beside Dong Xuebing without saying anything.

Dong Xuebing apologized again. "Sorry."

That man waves his hand. "It's fine. Are you going on a holiday?"

Dong Xuebing nodded. "Yes. What about you?"

That man shook his head. "I am going to work."

Dong Xuebing chatted with that man and got to know his name. His fake identity's surname is also Dong, and he tells that man his name is Xiao Dong. That man's name is Zhai Lei, and he is working in a Beijing internet company. He is going to the US for work.

"Brother Zhai. This is my first time going to Florida. How is it there? I read many travel books, but I am still unsure." Dong Xuebing asked. He wants to know more about that place.

Zhai Lei thought for a while and said. "I had only been there twice. It is a city in the west, and it's quite secluded. There are not many tourist attractions."

"Oh...."

"Yes. You should join a tour group if you are going on a holiday."

"There are too many restrictions in a tour group. I prefer to be free and easy."

Zhai Lei seemed to be a quiet person, and he did not talk much.

Dong Xuebing stopped asking and closed his eyes to sleep. He needs to prepare himself and might not get to sleep after he reaches the US.

The plane took off.

Dong Xuebing fell asleep quickly.

Although Zhai Lei closed his eyes, he did not sleep. He was deep in thought.

Zhai Lei is not a software engineer from an internet company. He is going to the US for an important mission. The higher-ups had sent him to the US to investigate the location of the research center and rescue Zhong Lizhen. The higher-up wanted her to be rescued at all costs. He knew what this meant. His comrades and he has to sacrifice themselves to save her. He cannot tell others about his identity and lies about working for an internet company.

Zhong Lizhen....

Research center....

Zhai Lei was thinking about how he would find Zhong Lizhen's location and rescue her.

This is too difficult.

Zhai Lei felt this mission is almost impossible to succeed.

The military guards the research center, and they do not know Zhong Lizhen's exact location. How are they going to save her with just a few of them?

Unless someone can fight against a whole army, they will not succeed.

Weirdly, Zhai Lei was seated next to Dong Xuebing. The State Security had arranged for them to sit together. Of course, Dong Xuebing's identity is Zhen Shui County Executive Deputy Mayor. It has nothing to do with State Security. Sister Xu also does not know why he is going to the US.

Chapter 1106: The open-minded beauty

Three hours....

Five hours....

Ten hours....

The plane touched down at the airport's runway.

The plane stopped, and the passengers got off slowly.

"Xiao Dong.... Wake up." Zhai Lei pushed Dong Xuebing lightly. "We touched down."

Dong Xuebing opened his eyes and looked out of the windows. It's dark outside. "Oh, we reached so fast?! Thank you, Brother Zhai."

"Fast? It was almost 11 hours."

"Haha.... I was deep asleep."

"Alright. I got to go. Let's meet again if we have the chance."

"Sure. It was nice knowing you. Let's have dinner in Beijing when we are back."

"Yes. See you." Zhai Lei said. They did not exchange numbers, and they should not be meeting again.

Dong Xuebing and Zhai Lei shook hands, and he left to get his luggage. Dong Xuebing did not bring any luggage and got off the plane.

Florida's night is dark.

Dong Xuebing had slept on the plane but still felt tired. Sleeping on a plane is not as comfortable as sleeping on a bed. He stretched to loosen his joints and walked to the immigration. He got past the security checks and switched on his phone. There were two missed calls.

He did not know one of the numbers and did not call back.

The other missed call was Xie Huilan's home number, and he got to call back.

Dong Xuebing entered the restroom and called. "Hello, Mum?"

Han Jing answered. "Xuebing, why did you switch off your phone this afternoon? I thought of asking you to come over for lunch."

Dong Xuebing replied. "Yes. My phone died yesterday, and I had just found a place to charge it. It's still low batt, and I cannot chat for too long."

"Where are you now?"

"I am... I am at a colleague's place. A former colleague."

"Ok. Go ahead, then. Let's stop talking since your phone does not have battery."

"Ok. I will hang up first. I will visit you and Dad again."

Dong Xuebing was relieved after hanging up. He remembered he was in a foreign place and did not know anyone. His English is not good, and finding accommodation or ordering food would be difficult. He hesitated and called Sister Xu's friend.

Ring... ring....

“Hello.” A woman answered.

Dong Xuebing asked. “Are you Zhang Longjuan, Sister Zhang?”

Zhang Longjuan laughed. “It’s me. You must be Xiao Dong. I know.”

Dong Xuebing said. “I have just touched down in Florida. Err.... I am unfamiliar with this place and don’t know where to find lodging. Err....”

Zhang Longjuan replied. “Alright. I am at the airport now.”

Dong Xuebing was surprised. “Huh? You are at the airport now?!”

“Old Xu had told me your flight number and asked me to fetch you from the airport.”

“Ah.... Sorry to trouble you. Err.... How should I look for you?”

“You can see me when you walk out. I am holding a placard.”

“Alright. I am reaching the exit.”

Dong Xuebing did not want Zhang Longjuan to wait for him, and he walked quickly to the exit. He looked at the crowd outside the arrival hall and saw a placard with his name.

This person must be Zhang Longjuan.

Dong Xuebing looked at the person holding up the placard. It was a sexily dressed woman. Her top had a plunging neckline, showing her deep cleavage. She was wearing heels, and her hair had big curls. Her lips were bright red. Although she has an Asian face, her dress and aura are more like a Western.

Dong Xuebing walked over. “Are you Older Sister Zhang?”

Zhang Longjuan looked at Dong Xuebing. “You are Xiao Dong?!”

Dong Xuebing smiled. “Yes. Nice to meet you, Older Sister Zhang.” He extended his hand for a handshake.

Zhang Longjuan threw the placard on the floor and looked at Dong Xuebing for a few seconds before shaking his hand. “I did not expect you to be so young. Haha....”

Dong Xuebing replied. “Sorry to trouble you, Sister Zhang.”

Zhang Longjuan held Dong Xuebing’s hand and said. “Stop calling me Older Sis. You are making me feel old. Take away ‘older’ and call me Sis Zhang.”

“Huh.... Sis Zhang.”

“Haha... good boy.”

Dong Xuebing was speechless. Good boy?! You are treating me like a kid. But Dong Xuebing did not say anything. She is Xu Yan’s classmate and should be in her forties. He is only twenty-five and is a small boy in front of her.

Zhang Longjuan did not let go of Dong Xuebing’s hand.

Dong Xuebing is on a serious mission and does not let his imagination run wild in front of the sexy Zhang Longjuan. He wanted to let go of her hand, but she was still holding on.

“.....” How long are you going to shake my hand?

Dong Xuebing said. “Sis Zhang, let’s go.”

Zhang Longjuan was still smiling at him from top to toe. “Alright. Let’s go. I drove here.”

Dong Xuebing felt Sis Zhang tickle his palm when she let go of him.

Damn!

Are you trying to seduce me?

Xu Yan said Zhang Longjuan was her best friend in school, and Dong Xuebing thought she would have the same character as Sister Xu. However, she is different from what he imagined. Her character seemed to be the opposite of Xu Yan. Maybe she lived in the US too long and was more open-minded.

Parking lots.

Zhang Longjuan walked to a BMW convertible and entered the driver seat. “Come in, handsome.”

Dong Xuebing got in and said embarrassedly. “I am not handsome....”

Zhang Longjuan laughed. “I find you quite handsome, and you are my type.”

“Huh?” Dong Xuebing blushed. “Sis Zhang.... Err.... I....”

I am your type?! I am much younger than you. How can you say that?

Dong Xuebing was embarrassed. He remembered he had slept with Sister Xu and this Sis Zhang.... Stop teasing me. My willpower is not strong.

Zhang Longjuan laughed. “Alright. Fasten your seatbelt.”

Dong Xuebing fastened his seatbelt and looked at this BMW. Xu Yan told him that Zhang Longjuan was doing some small businesses in the US. But he knew her business was not small from the car she was driving.

Zhang Longjuan started driving.

She sped out of the parking lots.

Zhang Longjuan brushed her hair. She doesn’t care about the wind messing up her hair. She smiled and said to Dong Xuebing. “Do you like this car?” She noticed he was looking at the car’s interior.

Dong Xuebing replied. “Yes. It’s beautiful.”

Zhang Longjuan smiled. “I just bought it. You can drive it in Florida if you want.”

“No. I cannot do that.”

“I got other cars.”

“I cannot drive it.”

Dong Xuebing is not here for a holiday and remembered what Xu Yan said. He will not implicate Zhang Longjuan; using her car will expose her to danger.

“Never mind.” Zhang Longjuan did not insist. She lit a cigarette. “Just let me know if you need to use a car. I knew Old Xu for many years, and she asked me to take care of you.” She smiled with her cigarette between her lips. “Oh, what did Old Xu say about me? Did she talk bad about me?”

“No. Sister Xu said you are doing business in the US and asked me to look for you. She did not say anything else.”

“Haha.... I got nothing to hide anyway.” Zhang Longjuan laughed. “I should let you know more about me since you are here. You know my name... My family has been doing business in the US for many years, and I took over after graduation. I am not married and am still single.”

Single?

How can she be single at her age?

Dong Xuebing replied with a smile. “Let me introduce myself too. I.... call me Xiao Dong will do. I am twenty-five and.... Err....” He used a fake identity to come to the US and did not want to implicate her. “That’s all.”

Zhang Longjuan did not ask further. “Why did you come to the US?”

Dong Xuebing hesitated and answered. “I am here for a holiday.”

“You have found the right person but picked the wrong place. I love traveling and can bring you around. But Florida is not suitable for a holiday.”

“It’s fine. I want to look around and widen my horizons.”

“Alright. Stay at my place today, and I will bring you around tomorrow.”

“I don’t want to trouble you. I can go around myself.”

“Haha.... You don’t know this place. Where can you go? I also don’t want you to go around by yourself. Old Xu seldom asks me to care for others, and I must do my best.” Zhang Longjuan threw away the cigarette butt and glanced at Dong Xuebing. “What’s wrong? Are you scared of me? I am passionate by nature, especially toward young men. Haha..., I shall not scare you more. Let’s go....”

Chapter 1107: Seduction

Florida Suburban.

The BMW was traveling on the highway at high speed. Dong Xuebing was scared. He did not reach this speed even when he was speeding. Of course, Beijing and China’s highways do not allow him to drive so fast. There are too many cars, and this area is secluded. He turned and looked at Zhong Longjuan. He could tell this was the way she drove from her relaxed expression.

“What is it, Xiao Dong?” Zhong Longjuan asked.

“Ah?” The wind was blowing, and Dong Xuebing could not hear her. “What did you say?”

Zhang Longjuan laughed. “I am asking if you are scared. I can slow down if you want.”

Dong Xuebing smiled. “I think you should slow down. I don’t want to be in an accident.” He is not scared because he knows he will not die even if they have an accident. But it will be painful, and he does not want to waste his precious time.

Zhong Longjuan laughed. “Alright. I will listen to you, handsome.”

Dong Xuebing was speechless. “Sis Zhang, please stop calling me that.”

Zhong Longjuan laughed. “I say you are handsome, and you are handsome. Why are you blushing?”

“Err.... No. I am not used to it.” Dong Xuebing knows he got average looks.

The car slowed down along the highway.

Zhang Longjuan took out her cigarettes and took one out. She turned to Dong Xuebing. “I forgot to ask. Do you smoke, Xiao Dong?”

“I brought my own.” Dong Xuebing took out a packet of Zhonghua.

“Oh, it’s hard to get this brand here. Give me one. It’s been a while since I smoked Zhonghua.” Zhang Longjuan took a cigarette from Dong Xuebing’s pack and lit it. She passed the cigarette she lit before to him. “Don’t waste it. Try my cigarette.”

Huh? You had smoked it, and your saliva is on it.

China’s culture is not so open, and Dong Xuebing could not get used to Zhang Longjuan’s character. They had only met an hour ago and were sharing a cigarette. He took her cigarette awkwardly and placed it between his lips. He did not know what brand it was, but it was intense. However, his focus was not on the smoke. He could feel the dampness on the cigarette butt.

Zhang Longjuan glanced at him. “How is it?”

“Not bad.” Dong Xuebing smiled.

Zhang Longjuan laughed. “I will give you a few cartons when you are leaving. You can help me pass some to Old Xu. Oh, she quit smoking.”

Dong Xuebing was surprised. “Sister Xu smokes?!”

Zhang Longjuan laughed. “She.... I taught her to smoke, and she smoked for a few months. She smoked more than me during our school days. But she was not addicted. Hahaha.... She did not tell you this?! Cannot be. She should not hide anything from you based on your relationship with her.”

Dong Xuebing blushed again. “Sister Xu is my former leader. Err.... Why should she tell me about these?”

“You don’t need to explain.”

“Huh? I am not explaining.”

Zhang Longjuan laughed. “I know, Old Xu and you have something going on. I have known her for many years, and I know her well. Her ex-husband and son came, and she did not call me to look after them. But she contacted me when you were coming and instructed me to take good care of you. I will be blind if I cannot see what’s happening.”

Dong Xuebing denied it. “No....”

Dong Xuebing does not have a good reputation but does not want to tarnish Xu Yan’s reputation. Although it’s true, he will never admit it.

“Alright.” Zhang Longjuan took a deep puff. “You can deny all you want. I know what’s going on. Haha.... Old Xu’s taste is not bad.” She looked at Dong Xuebing’s face again. “Will Old Xu fall out with me if I snatch you from her?”

Dong Xuebing was speechless. “What are you talking about? I don’t understand.”

Zhang Longjuan laughed. “I am kidding.”

Dong Xuebing felt helpless in front of Zhang Longjuan. She dares to say anything.

Fifteen minutes later, the car entered a small estate.

The houses here were huge and beautiful. Dong Xuebing can confirm Zhang Longjuan’s family is running a successful business here. He can afford this car but can only afford one mansion here with all his assets. He knew she was wealthier than him. Sigh.... His colleagues envied him for being wealthy, but they did not know there were people wealthier than him.

“We are here.” Zhong Longjuan stopped the car in front of a mansion.

“Who else is staying here?” Dong Xuebing asked.

Zhang Longjuan released her seatbelt. “Haha.... I am staying alone.”

“Huh? What about helpers?” Dong Xuebing got out of the car with Zhang Longjuan.

“I don’t have any helpers. I prefer to be alone. That’s why I remained single until now. My relatives live in the East, and I handle the business here. This is our family business, but it is under my name now. I cannot be bothered with my relatives and have split with them. I am the major shareholder of this company, and I make the decisions. I like to be free from restraints and do whatever I want. Haha....” Zhang Longjuan laughed.

Dong Xuebing replied. “I envy you.”

Zhang Longjuan laughed. “Are you envying my body?”

Huh? What body are you talking about?

Dong Xuebing felt Sis Zhang teased him since they met.

“Come in.” Zhang Longjuan entered the pin and brought Dong Xuebing into her mansion.

It was messy. Alcohol bottles and cigarette boxes were everywhere.

Zhang Longjuan laughed. “I had planned to bring you to a hotel after Old Xu called. That’s why I did not clean up. But I worry about letting you stay at the hotel alone after seeing you are so young. Anyway, I got plenty of rooms here. Just pick one.”

“Sorry to bother you.”

“Let’s go and pick a room.”

They went upstairs to the third floor.

Dong Xuebing picked a room on the third floor. “This room will do.”

Zhang Longjuan giggled. “Ok. My room is next to you. We will be sleeping near to each other.”

Dong Xuebing was speechless. She was making her uncomfortable.

“Go wash up first. You must be tired after a long flight.” Zhang Longjuan looked at him. “I am going to take a shower too. I will prepare supper for you later.”

“No.... I don’t want to trouble you.”

“I am also hungry. Just go.”

Zhang Longjuan turned and entered her room.

Dong Xuebing entered his room and started to unpack his luggage.

He tied the bed and stripped to take a shower.

Dong Xuebing stretched lazily after a hot shower. The hot shower had washed away his fatigue, and he felt good. However, the decoration and furniture of the room are European styles, and he is not used to it.

The door opened suddenly.

Zhang Longjuan entered the room without knocking. “Supper is ready. Let’s go.”

Zhang Longjuan’s hair is still wet, and Dong Xuebing’s eyes almost popped out when he saw her. He was not looking at her hair. He was looking at her sexy body. She had covered her body with a towel, exposing her legs. He could see her underwear if he bent down slightly. Of course, she might not be wearing anything underneath her towel.

This is too....

Why is she so open?

Dong Xuebing’s eyes were darting around. “.....”

“Let’s go. What are you looking at?” Zhang Longjuan laughed and brushed her hair.

Dong Xuebing was still in his bathrobe. “Err.... I need to get change.”

“What do you need to change? Hurry up, or the steak will be cold.” Zhang Longjuan turned and walked downstairs, showing her perky butt.

Dong Xuebing looked at her butt and followed.

Chapter 1108: You drop your clothes

The first floor of the mansion.

Dining room.

Zhang Longjuan sat opposite Dong Xuebing at the dining table before two plates of steaks.

“Xiao Dong, try it.”

“Thank you for your hospitality.”

“Don’t mention it. Eat.”

“Hmmm.... Smells great. I’m starving.”

“Have more. Oh, I forgot the wine. How can we have steaks without red wine?”

“Ah, it’s late. Don’t bother.”

“We must have wine to go along with steaks. Furthermore, wine can help us sleep better.”

Zhang Longjuan opened a cabinet and took out a bottle of red wine. “Let’s drink this bottle.”

Dong Xuebing could not recognize the wordings on the label and did not know what language it was. But he could tell this bottle of wine was expensive. Sis Zhang had fetched him from the airport, provided lodging, and prepared supper. He could not reject her.

Zhang Longjuan smiled and nodded. “Good.”

Dong Xuebing raised his glass. “Let me give you a toast, Sis Zhang.”

“Sure. Cheers!” Zhang Longjuan raised her glass and finished her glass of wine.

Dong Xuebing knows he is not supposed to drink wine like this and wants to take a sip. But Zhang Longjuan had finished her glass in one gulp. He paused for a second and finished his glass. He does not know how to appreciate wine but enjoys drinking it.

They chatted over steaks and wine.

Suddenly, a phone rang.

Zhang Longjuan pushed her wet hair behind her ears and answered. She laughed. “Old Xu, I got you, man. He is having steak with me. Don’t worry. I will take care of your little lover. Hahaha.... What lover? Haha.... Never mind if you don’t want to admit it. Hahaha.... I can tell....” She is talking to Xu Yan. Dong Xuebing was sweating when he overheard their conversation. He could not tell she was a successful businesswoman from how she acted and spoke. She looks more like a hooligan.

After a while.

Zhang Longjuan said. "Do you want to speak with your little lover? No? Fine. We will continue with our supper. Bye."

Zhang Longjuan puts down her phone.

Dong Xuebing asked. "Is it Sister Xu?"

Zhang Longjuan nodded. "Your Old Xu is very concerned about you. She called to ask if you had arrived and have you had found a place to stay. She is behaving like a mother."

My old Xu?!

What are you talking about!?

Dong Xuebing replied embarrassedly. "Sister Xu is my former leader and has cared for me." He will never admit some things.

Zhang Longjuan ignored him and crossed her legs. "Alright. Let's continue eating."

When Zhang Longjuan went to call Dong Xuebing, she was not wearing anything. All she had was a towel wrapped around her body. The towel could only cover her upper thighs, and when she crossed her legs, it was pulled up further. Dong Xuebing could see the part of her perky butt.

She's not wearing anything!!!!

She is not wearing underwear underneath the towel!

Dong Xuebing's heart was beating fast. He saw Zhang Longjuan did not notice him looking, and he continued to cut his steak. He would occasionally glance at her legs.

She is going to expose everything to him....

Zhang Longjuan is seductive. Her body and looks were perfect. If Dong Xuebing did not know she was Xu Yan's classmate, he would think she was in her thirties. She might be loud and speaks her mind, but she is not irritating.

The towel got pulled up further.

Dong Xuebing could see her legs and butt. He was sweating and could not stand it anymore. He focused on his steak and ate it in a few mouthfuls.

"Why are you eating so fast?"

"Huh? I.... I am hungry."

"Hahaha.... I can make one more steak for you."

"No... no.... I'm full now."

"Alright. I am full too."

"I will help you clear the dishes."

"Don't worry about it. I will call someone to do it tomorrow. Let's go to bed."

Although Dong Xuebing had slept through his flight, he still felt tired. He got up.

Zhang Longjuan uncrossed her legs and stood up.

The moment she stood up, her towel fell. The knot might have loosened when she ate and fell to the floor.

No one expected this to happen, and both of them were stunned.

Dong Xuebing's jaws dropped, and he felt a fire burning inside him.

Zhang Longjuan was naked before Dong Xuebing!

Dong Xuebing realized he should not be looking at her and quickly turned around. "Ah...."

Zhang Longjuan did not have any big reaction. She picked up her towel slowly and wrapped it around her. "I am used to being alone at home and going around naked. I still have not gotten used to having someone with me at home, and I should wear something. Sigh.... This is so embarrassing. Hahaha...." She looked at Dong Xuebing. "Did I scare you?"

You are embarrassed?!

Which part of you is embarrassed?!

Dong Xuebing quickly replied. "No... no.... Err.... I did not see anything."

Zhang Longjuan laughed. "Hahaha.... Just admit you saw my body."

Chapter 1109: Why is there someone on my bed?

Both walked up the stairs. Zhang Longjuan walked in front, and Dong Xuebing followed behind her. He kept looking up at her legs and thinking about the body he had seen earlier. She mentioned she was embarrassed earlier, but he could not tell. He was the embarrassed one.

They reached the third floor of the mansion.

Zhang Longjuan turned. "Alright. Good night, Kid."

Dong Xuebing replied. "Good night to you too."

Zhang Longjuan laughed. "I will bring you around tomorrow."

"Thank you. Sorry to trouble you." Dong Xuebing returned to his room.

"Call me if you need anything." Zhang Longjuan smiled and turned around.

Dong Xuebing was relieved. He closed the door and got under the blanket.

Her body is hot....

That ass....

Those legs....

Those breasts....

Only her waist is slightly flabby, but she is in her forties. This is unavoidable.

She is sexy.

Dong Xuebing slapped his forehead.

I must stop thinking about her, or I cannot sleep.

Dong Xuebing knew his willpower was weak and immediately thought about other things. He turned and tossed on the bed. Suddenly, he saw a phone by the bedside. He picked it up and dialed Sister Xu's number. His phone is still off.

Ring... ring... ring....

The line got through.

"Hello, Old Zhang? What is it again?!" Xu Yan said impatiently.

Dong Xuebing said. "It's me, Xiao Dong, Sister Xu. I am calling you from Sis Zhang's home phone."

Xu Yan laughed. "Xiao Bing. Why are you two still awake? It should be night there."

Dong Xuebing cleared his throat. "I am calling you to ask about Sis Zhang. She says we... err.... We are....:

Xu Yan laughed. "Just ignore her. This is how she speaks, and she has been like this since she was young."

"Oh.... I did not say anything about us."

"It's fine if she knows about us. Old Zhang's lips are tight and will not expose us. She will not tell anyone else."

"Oh, ok."

"Haha.... Are you speechless about my former classmate?"

"Sigh.... No. It's only Sis Zhang is a bit... err...."

"She had been living aboard for too long and is influenced by their culture. This character of hers is one of the reasons she is still single."

"Is Sis Zhang single all this while, or was she divorced?" Dong Xuebing asked.

"She was not married. She told me she wants to enjoy life fully and does not want to be restrained by marriage. From what I see, she likes younger men, and her family disapproves of it. She is also afraid of gossip, so she chooses to be single."

"Oh."

Xu Yan paused for a second. "Old Zhang's business in the US is quite successful because of her. That's why her family did not force her to get married. She is almost separated from her family and owns most businesses there. I asked her to take care of you because I worry. Secondly, Zhan Shui County is an impoverished county and will need investors. You can speak to her and convince her to make some investments. I have known her for many years, and she will help if I ask. But it's not right for me to say something. I hope you understand."

Investments?!

That's it.

Dong Xuebing thought about it. Zhang Longjuan should have a few billion RMB or even more, and he is in charge of attracting investments for Zhen Shui County. She is the best person to approach.

“Thank you, Sister Xu.” Dong Xuebing said. He was here for another reason and did not have time to consider getting investments. He thanks Sister Xu because of her consideration.

“Don’t need to thank me now. You said you would ‘thank’ me properly when you are back. Let’s talk about it when you are back.” Xu Yan laughed.

Dong Xuebing blushed. “Err.... It’s different. I must thank you now.”

Xu Yan replied. “You hung up before I could say anything previously. You dare to tease me?”

“Err... no.”

“Alright. Stop joking around. We have a time difference, and I am not as free as you. Go and sleep and return early.”

“Sure.”

“Just ask Old Zhang for help if you need anything. We are close friends, and you don’t need to feel awkward to trouble her.”

“Ok.”

“Good night.”

“Good night to you too.”

Dong Xuebing hung up and prepared to sleep. He pulled the blanket over him and fell asleep.

One hour....

Two hours....

Dong Xuebing suddenly felt some movements beside him and woke up. He looked beside him in a daze and got a shock.

He almost fell off the bed from the shock.

F\*\*k!

What’s going on?

Why is there someone on my bed?

It was a beautiful woman, and Dong Xuebing recognized her immediately. Zhang Longjuan.

Zhang Longjuan, still wrapped up in a towel, was lying beside Dong Xuebing, smiling at him.

What....

Why did you get into my bed with only a towel in the middle of the night?

Chapter 1110: Got seduced

One of the rooms in the mansion.

Dong Xuebing's first reaction was to sit up after seeing a woman sleeping beside him.

"Sis Zhang?!" Dong Xuebing asked. "When did you come in?"

Zhang Longjuan giggled. "I had been looking at you sleeping for a while."

Dong Xuebing replied. "Ah.... We... you should not be doing this."

Zhang Longjuan laughed and brushed her legs against Dong Xuebing. She circled the front of the towel with her finger. "What do you mean? We don't have such concepts here. I could not sleep and wanted to chat with you. But you were fast asleep, and I didn't want to wake you. So, I laid beside you to admire your handsome face."

Dong Xuebing replied speechlessly. "Stop teasing me."

"I am telling the truth. You are good-looking. Haha...." Zhang Longjuan laughed.

Dong Xuebing was speechless and said. "Sis Zhang, I'm married."

"I know. Old Xu had told me." Zhang Longjuan looked at Dong Xuebing. "But I like you. What should I do?"

"Huh? I don't know."

"Let me take a closer look at you."

"Huh? It's still very early in the morning, and we got to wake up early later."

"It doesn't matter what time we wake."

"But... but.... I cannot sleep with you looking at me like this."

"Then chat with me if you cannot sleep."

Dong Xuebing was helpless about Zhang Longjuan. "What do you want to chat about?"

"Haha.... Let's talk about Old Xu and you."

"Can you sit up first?"

"No. It's more comfortable like this. Tell me.... How is Old Xu in bed?"

"....." Dong Xuebing started sweating. "What are you talking about?"

Zhang Longjuan laughed. "Old Xu had been conservative since she was young, and I wonder how she is in bed. I am curious. Hurry and tell me. I promise I will keep it a secret."

"I don't know."

"Are you sure? I think Old Xu must be wild in bed. Did I guess correctly? I knew it!"

"No...."

"How often do you two do it?"

“Sis Zhang, Sister Xu, and I are not in any relationship.”

“Forget it if you want to say. Hahaha.... I can’t tell you like women older than you.”

“No....”

“No? Then why are you together with Old Xu?”

“We are not together.”

“Then you must like women in their thirties. The last time I video-called Old Xu, she looked younger by ten years. It made me envy her.”

“How old is your mother?”

“In her fifties.”

“Ok. I am only slightly younger than your mother. Can you accept my age? Tell me the truth, and don’t lie.”

“.....”

“You are blushing. That means you can accept me. Ah.... You have an acquired taste for women. But I like it.”

“.....”

Zhang Longjuan swung her hair and brushed them against Dong Xuebing’s face. “What do you think of me? Do you want to try me?”

Dong Xuebing’s back was sweating. “Stop joking with me.”

Zhang Longjuan laughed. “I am not joking. I will not dare to snatch you from Old Xu in China. I know how well she fight, and I am no match for her. She can beat me up with one hand. Hahaha.... But we are in the US now.” She moved her leg up and put it across Dong Xuebing’s body. Her toes also started to slide up and down his leg.

Dong Xuebing’s body was shaking. “Sis Zhang.”

Dong Xuebing would stomp out of the room if it was someone else. But this woman is Xu Yan’s friend and a beautiful woman.

Zhang Longjuan did not say anything else. She smiled and continued to stroke Dong Xuebing’s leg with her toes.

“Do you want to smoke?” Dong Xuebing moved his leg away and tried to change the topic.

“Yes. Give me one.” Zhang Longjuan replied.

Dong Xuebing reached out and took out his packet of Zhonghua from his bag. He realized he only had one cigarette left and gave it to Sis Zhang. “Here.”

“What about you? Are you not going to smoke?”

“It’s the last cigarette. I only brought one box with me.”

Zhang Longjuan held the cigarette between her fingers, and Dong Xuebing lit it for her.

Dong Xuebing thought Zhang Longjuan would get a packet of cigarettes from her room, and he could use that opportunity to get dressed and get out of bed. Sis Zhang lay there and did not move.

Cigarette smoke swirl around the room.

Dong Xuebing watched Sis Zhang smoke and wanted to have a puff too. However, he was only wearing his underwear and could not get out of bed in front of Sis Zhang.

Zhang Longjuan could tell Dong Xuebing wanted to smoke. She laughed and held the cigarette closer to Dong Xuebing’s lips. “Here, have a smoke.”

“Wait....”

“Do you want to smoke?”

Dong Xuebing thought for a while. He had tasted Zhang Longjuan’s saliva on their way back from the airport. He lowered his head and took a deep puff.

“Good boy.” Zhang Longjuan took a puff from the cigarette too.

“One more?”

“Yes.”

Dong Xuebing decided not to restrain himself now.

Both shared a cigarette.

Zhang Longjuan likes to bite the cigarette butt, and Dong Xuebing likes to wet his lips. When they were done, the cigarette butt was wet with saliva and full of teeth marks.

Zhang Longjuan snubbed the cigarette and threw the ashtray on the table. She lay on the bed again and pulled Dong Xuebing’s blanket to cover herself. “Haha.... Let’s sleep together, handsome.”

The bed is big, but the blanket is not that big.

Sis Zhang got under the blanket, and their bodies pressed against each other.

The hair on Dong Xuebing’s back stood up, and he could feel Zhang Longjuan’s smooth complexion against his leg. His arm was against a towel, and he could smell her scent. Dong Xuebing held his breath, and his heart was racing.

Damn!

This woman is too daring....

Dong Xuebing tried telling himself in his heart not to do anything.

Dong Xuebing knew this woman was Xu Yan’s former classmate, and he was here on a mission. He cannot do anything foolish. “Sis Zhang, you are putting me in a difficult spot. Err.... We cannot sleep together.”

Zhang Longjuan laughed nonchalantly. “What are you afraid of? Haha... You are so shy.”

“Sis Zhang, can you stop seducing me?”

“Ok.” Zhang Longjuan smiled. “But you must massage my shoulders and back. I will return to my room when I am satisfied.”

“Sure.” Dong Xuebing only wanted her to leave before he lost control of himself. “Can you sit up?”

Zhang Longjuan turned over. “No. I will lie face down on the bed.”

Fine... Dong Xuebing placed her hands on Zhang Longjuan’s smooth back. Her body is warm, and it feels good to touch.

Dong Xuebing press... and press....

Zhang Longjuan closed her eyes and relaxed. She moaned loudly, making Dong Xuebing blush.

A while later....

“Alright. Thank you.” Zhang Longjuan laughed.

“No problems.”

“You got good techniques. Do you massage Old Xu often?”

“Huh? No.”

“Let’s sleep. It’s late now.”

“Ah? Didn’t you say....”

“Fine.. fine....” Zhang Longjuan laughed and got out of bed. “I was only teasing you. Do you think I am trying to seduce you?”

Dong Xuebing: “.....”

That’s what you were doing earlier.

Zhang Longjuan seemed to know what Dong Xuebing was thinking and took a packet of cigarettes from a drawer. “There are cigarettes in the cabinet. Smoke these first.” She paused for a second.

“Haha.... You got good willpower. I was only testing you for Old Xu. Not bad. You passed. I am relieved that Old Xu has a little love to look after her.”

Huh? How was that a test?

Dong Xuebing had slowly gotten used to Zhang Longjuan’s bizarre actions.

“I am going back to my room. Good night.”

“Good night.”

Zhang Longjuan winked at Dong Xuebing before she closed the door.

Dong Xuebing got shocked.

Zhang Longjuan saw Dong Xuebing’s reaction and laughed loudly. She whistled at him and left.

She is finally gone.

Sis Zhang is a succubus.

Dong Xuebing got under the blanket, full of Zhang Longjuan's scent, and quickly fell asleep.
