Chapter 1281: Hot

Night.

Before 11 pm.

Sister Yus hotel room.

They did not know when Little Qianqian would return to the room, and they had to rush. Dong Xuebing stripped down within seconds. His wound-covered body and bandages were exposed. Yu Meixia saw it, and her eyes turned red.

How how did you get injured so badly?

Haha I am almost healed. Dont worry.

You you have not recovered. How can we do do it?

You can be on top.

But what if your wounds open up? We should wait until you recover.

How can I leave after jumping in through the windows from upstairs? I will be fine. Hurry up.

Dong Xuebing got onto the bed but remembered they would be sleeping on it later. Qianqian will notice the dampness if they do it there. He got off the bed and lay on the soft carpet. He got a pillow from the bed for his head. Lets do it here instead of the bed.

Yu Meixia looked at him. Then then I will also take off my clothes.

Dong Xuebing replied. You can keep your pajama top on in case someone enters. Err remove your inner clothes.

Then stop looking at me.

We are an old couple. Whats there to be shy?

Can you dont look at me, please?

Fine fine fine I will turn away.

Dong Xuebing turned and heard clothes rustling. A pair of white underwear was thrown onto the chair a while later. After that, a conservative-style bra was also thrown onto the chair.

I I am ready.

Dong Xuebing turned and looked at her. Yu Meixia is stunning. She was not wearing anything under her spaghetti strap pajama. It was very sexy. She had been shy in the past, but she was in a rush today. Maybe she was afraid her parents or her daughter might come in. She did not wait for Dong Xuebing to tell her what to do and quickly straddle him.

Is is it like this?

Yes hurry.

Are you sure you will be fine?

Yes. Go ahead and sit on me.

Then let me put it on first.

Yu Meixia grabbed her wallet from the table and took a condom from a secret compartment. She blushed as she tore the wrapper and kept it in her wallet. Dong Xuebing had forgotten about it when he was excited. But she will not. She is thoughtful and will bring a lighter and a condom, even when he is not around. Who knows when he will appear suddenly?

Dong Xuebing could not wait any longer. He reached under her skirt and raised it.

Yu Meixia tried to pull it down and cover herself. But she realized she could not cover herself and quickly turned away.

Ahh

Hiss

The room got hotter immediately.

Yu Meixia does not dare to moan. She covered her mouth with one hand and turned away from Dong Xuebing. But her movements did not stop or slow down.

Ten minutes

Twenty minutes

Yu Meixia was exhausted, and her legs were shaking.

Dong Xuebing saw it and asked her to get on all fours while he kneeled behind her.

Half an hour

They switched positions a few times, and Yu Meixia was exhausted. Dong Xuebing enjoyed himself and tried every position he knew. She covered her mouth with both hands to stop moaning too loud before collapsing on the carpet.

A few moments later.

Yu Meixia was gasping for air on the floor. She was covered in sweat, and her pajamas were soaked. Dong Xuebing was also exhausted. He moved his body closer and hugged and kissed her. Her body was flushed, and both rested on the floor.

What time is it, Sister Yu?

Huh? 11.40 pm.

Lets get dressed. They should be going to sleep soon.

Yu Meixia did not wear her clothes first. She thought of Dong Xuebing first and helped him get dressed.

You are so sweet to me. Dong Xuebing said.

Yu Meixia smiled. No I am not.

Dong Xuebing loved her a lot and did not let go of her after he got dressed. He hugged her and made her sit on his lap.

Yu Meixia hooks her arms around his neck unnaturally. Are you going to hide under the bed later? You are injured. What if your wounds got infected?

Am I that weak?

What if? Should I lay a jacket under the bed for you?

Before Dong Xuebing rejects her, Yu Meixia takes her jacket and pushes it under the bed. She sniffed the air and opened the windows to air the room. After that, she starts wiping the stains on the carpet. She did not throw the papers into the bin because they had their scents. She bit her lips and threw them out of the window.

Clack clack someone tried to open the door.

The person outside could not open the door and started knocking.

Mum, are you sleeping? Why did you lock the door?

Ah? I am coming. I think I locked it accidentally.

Dong Xuebing rolled over and got under the bed.

Yu Meixia walked over to open the door. Yu Qianqian and Qian Lihua entered the room.

Are you asleep?

Not yet.

Haha we are going to bed. Rest early. Eh, why are you flustered? Are you sick?

Oh, I am feeling a bit warm.

Then open the windows. But be careful not to catch a cold.

Chapter 1282: First and Second Uncles got promoted

Dong Xuebing woke early in his hotel room and smoked by the window.

The air is not good. It is hazy and makes the buildings gloomy.

Ring ring ring

Dong Xuebing's phone rang.

Are you awake, Xiao Bing? Yu Meixia asked.

I just got up. Have you had your breakfast? Dong Xuebing asked.

No. We had left, and we are waiting for the long-distance bus.

Oh, why did you all leave so early? I thought of treating you all to lunch.

My parents are returning to work today. That's why we left early. I pressed your doorbell an hour ago to tell you. But you are sleeping and did not hear it.

All right. Haha I am going back a few days later.

OK. Let's meet again. You you got to take care of yourself.

Sure. Tell your parents that I am sorry for not sending them off. I wanted to arrange a car to send you all back.

Its fine. I I am hanging up.

OK. The air quality has not been good recently. Remember to wear a mask.

Dong Xuebing finished his cigarette after he hung up. He snubbed it in the ashtray and got into the bed. His back and waist were aching. He massaged his shoulders and prepared to sleep. He hid under Sister Yus bed last night. Although the floor was carpeted, it was cold. He hid there for almost an hour and a half until Qianqian slept, and Liu Chenlong and Qian Lihua returned to their rooms. Afterward, he sneaked out of the suite and returned to his room.

Sigh last night was tiring.

However, Dong Xuebing had released his pent-up frustration. Although his body was aching, he was satisfied.

Ten minutes

Thirty minutes

Dong Xueblings phone rang suddenly. He woke up and looked at his phone. It was Xie Guojian calling.

Dong Xuebing answered quickly. Hello, Second Uncle.

A woman replied. Haha I am your Second Aunt.

Oh, good morning, Second Aunt. Dong Xuebing rubbed his eyes.

Ci Lifen laughed. Are you still sleeping? I said you have not woken up, but your Second Uncle insisted on calling you. Why dont you return to sleep? I will call you later.

Dong Xuebing replied. No no need. What is it?

Ci Lifen said. Huilan told me you are in Beijing to check your injuries. Are you OK? I am worried and wanted to check on you.

Thank you, Second Aunt. Haha I am fine now.

OK. Do you need your Second Uncle to arrange a checkup at the hospital for you?

No need. I completed my checkup. The doctor asked me to rest for two to three months, and I will be fine.

All right. I am cooking today. Come over for lunch later.

Ah, I will be there. I heard a lot about your food and did not get the chance to try it. I will get up now.

Theres no rush. You can sleep a while longer.

It is after 8 am now. I need more than an hour to reach.

OK. But it is not the former address. Take down our new address. I will inform the guards to let you in.

Eh? You all shifted?

Haha lets talk when you are here.

Dong Xuebing noted down Xie Guojians new address and went to wash up. He washed his hair and wiped his body, not touching his wounds. Afterward, he got dressed and checked out of the hotel. Since Sister Yu returned to Fen Zhou City, he does not need to stay in this hotel.

After 10 am.

Outside of a military family quarter.

The cab stopped, and Dong Xuebing checked the address he got from Ci Lifen. Its here. He paid the fare and got out of the cab. Armed soldiers guarded the entrance. The security was tighter than the Second Uncles former residence.

What is this place?

Why did he move suddenly?

Dong Xuebing looked around and did not see any signs.

A guard stopped Dong Xuebing. Please show your identification.

Dong Xuebing took his identity card from his wallet and showed it to the guard.

The guard looked at it and saluted Dong Xuebing before letting him in. Ci Lifen had informed the guard about Dong Xuebing.

Dong Xuebing walked around the quarters looking for Second Uncles place. He noticed many military cars, and this area was bigger than his former place.

A few villas are located deep inside the quarters.

Dong Xuebing went to villa no.3 and pressed the doorbell.

Ding dong ding dong the door opened a few seconds later. Ci Lifen smiled and invited Dong Xuebing in. Why are you so early?

Dong Xuebing smiled. I am here to give you a hand.

Ci Lifen laughed. You are injured. I cannot let you help. I can do it myself. Come in.

Ah, I will change to slippers.

No need to change. Come in.

Wait I will dirty your floor.

Haha someone will clean it.

Ci Lifen pulled Dong Xuebing into the villa and did not let him change into slippers. She pulled him to the sofa and made him sit. She asked about his injuries and chatted with him for a while. Dong Xuebing also gave her the fruits and health supplements he bought as gifts.

Xie Guojian came out. Xiao Bing, you are here.

Dong Xuebing stood up and greeted him. Second Uncle.

Sit, dont stand. You are injured.

Haha I am feeling better. Where is Xiao Hao?

He went out with his classmates. He cannot stay at home.

Ci Lifen said. Sit down, Xiao Bing. Help yourself to the fruits on the table. I am going to prepare lunch.

Ci Lifen left, and Xie Guojian sat beside Dong Xuebing to chat with him.

Dong Xuebing was puzzled. Why did Second Uncle and Second Aunt invite him over for lunch? They should invite Eldest Uncle and Huilans parents if they were worried about his injuries. Or they can meet him at Senior Xie or Huilans parents house. This feels different as only the Second Uncle and Second Aunt are around. He knew Xiao Hao would not go out if he knew he was coming for lunch. Maybe they did not tell Xiao Hao. Also, why did they move to another family quarters? Did they ask me over because they need me for something?

Among the third generation, Dong Xuebing is close to Xiao Jing and Xiao Hao. Besides Xie Huilans parents, he is closer to his Eldest Uncle, Xie Guoliang, and his wife, Xia Yanzhen, among the second generation. However, he is not close to his Second Uncle, Second Aunt, and Aunt Xie Guoyue.

They chatted for a while.

Dong Xuebing asked. Second Uncle, do you need me for anything?

The serious Xie Guojian laughed. No. I just want to tell you that your Eldest Uncle and I got transferred.

Dong Xuebing was surprised. Promotion?

Xie Guojian replied. Your Eldest Uncles transfer orders should be out these few days. He will be promoted to be the finance minister.

The head of the Finance Department?

Yes.

Dong Xuebing was happy for Xie Guoliangs promotion. Although he heard about it, it was not confirmed yet. The Xie Familys third generation just started in the government sector and is the second generation in their prime. The higher their positions, the more they can protect the third generation. They have more power and can help the third generation move up quickly. After all, they are a family.

Dong Xuebing remembered Xie Guojian had moved to a new family quarter. What about you?

Xie Guojian replied. I am transferred to the Army General Staff.

The PLA General Staff? What position?

The Deputy Chief of General Staff. I am in charge of the second division.

This is a big promotion. Xie Guojian was transferred from the Deputy Chief of the General Administration to the Deputy Chief of General Staff, and it was a same-level transfer, but he got more power than before. He is also in charge of a department.

Dong Xuebing swallowed his saliva. A general role?

Xie Guojian laughed. I got my new position. My promotion is next week.

Dong Xuebing replied. Congratulations.

Ci Lifen finished preparing the food and walked out of the kitchen. She smiled. Its all thanks to you. He might not get promoted if you did not give your Second Uncle the hard disk you took from that research center. That hard disk contained important information.

Dong Xuebing said. I took it on my way back. Its not a big deal.

The second Uncle will be a general, and the Second Aunt is happy. Thank you, Xiao Bing.

No I did not do much. Dong Xuebing replied, and he finally understood why they invited him over. They wanted to thank him.

Xie Guojian waved his hand. We are a family, and I dont need to say much. Lets have a drink together, Xiao Bing.

Chapter 1283: Arranging a guard for Xiao Dong?

Beijing.

PLA Army General Staff family quarters. Second Uncles villa.

Lunch was ready, and Ci Lifen invited Dong Xuebing to the table. Xie Guojian poured a glass of Erguotou for Dong Xuebing and got a stare from his wife.

Xiao Bing is injured. He cannot drink. Ci Lifen said.

Dong Xuebing replied. I am fine, Second Aunt. I want to drink, too.

Xie Guojian laughed. This guy is strong. These injuries are nothing to him, and drinking alcohol is fine.

Dong Xuebing thought to himself. The second Uncle knows him well.

Ci Lifen said. Huilan would be angry with you if she knew you made him drink.

Xie Guojian thought nothing about it. We men got to drink for our wounds to heal faster. Alcohol can kill germs.

Nonsense. Ci Lifen laughed and said to Dong Xuebing. I cannot talk to him.

Its fine, Second Aunt. Dong Xuebing wants to drink. I had not drunk for a while. Haha I must have a few drinks to celebrate Second Uncles promotion. I am returning to Fen Zhou City soon. Huilan and my mother will be watching me. I will not have the chance to drink.

Ci Lifen points at them. You two are drunkards. Haha

Dong Xuebing raised his glass. Heres a toast to you, Second Uncle. Congratulations on your promotion.

Xie Guojian knocked his glass. Your Second Aunt is correct. You should not drink too much.

Ok. I will drink slowly.

A small sip will do.

They took a big gulp each. This alcohol is delicious.

Xie Guojian raised his glass. This is a toast to you.

Ci Lifen raised her teacup. Heres a toast with you, too.

No you are my elders. I cannot accept your toast. Dong Xuebing quickly lowered his glass and knocked onto their glasses lightly. I should be toasting to you two. I took the hard disk on my way out. Its nothing much. You dont need to thank me. You are making me uneasy.

They drank.

Dong Xuebing puts down his glass. Huilan should inform me. I was puzzled why you all shifted.

They chatted for a while, and the topic changed to Zhong Lizhen.

According to Huilan, Xie Guojian tried to court Zhong Lizhen when they were young. But they did not avoid talking about her, and Dong Xuebing knew it was in the past.

Ci Lifen laughed. We wanted to invite Lizhen over for lunch today.

Xie Guojian laughed. She just returned and is busy doing her nationality paperwork. She is doing research at the Chinese Academy of Sciences. I called her, and she said she was busy. But she is concerned about your injuries. She asked us to tell you not to be rash next time.

Dong Xuebing smiled. Aunt Zhong joined the Chinese Academy of Sciences.

Xie Guojian replied. My rank is nothing compared to her. After Lizhen returned her nationality and entered the Chinese Academy of Sciences, she was promoted to department head and held the Major General rank. Haha I worked for over twenty years to become a Major General in the military. But she got it after coming back for a month.

Ci Lifen added. She is a researcher. What do you know?

Xie Guojian ignored her and laughed. The PLA Central Hospitals Liu Xuemei, Deputy Director Liu, was Chinas youngest female general. Lizhen took over her title now. She is a few years younger than Director Liu. I guess Lizhen will win the highest scientific awards, too.

Aunt Zhong has a bright future.

We were too focused on chatting.

Lets eat, Xiao Bing.

Here, try this.

Sure. I am looking forward to trying Second Aunts food.

Haha Its been a while since I cooked. I hope it still tastes good.

It tastes good. No I must get another bowl of rice later.

Our Xiao Bing is so sweet. Wait there. I will get you another bowl of rice.

After lunch.

Everyone is full.

They cleared the table and sat on the couch.

Second Uncle. Dong Xuebing looked at him. I worked in the State Security for a few months. The second division you are in charge of is it

The PLA General Staff department has lots of divisions under them.

However, the second division is different. It is a department that is similar to State Security.

Xie Guojian laughed. I just took over; the official document is not out yet. But do you know what was my first task when I got there?

Dong Xuebing asked. What is it?

It is your file.

Huh? My file?

Xie Guojian points at him. I heard a lot about you from Huilan. But after looking at your file, I realized you caused more trouble than I know. Your file requires the highest security level in the Second Division. I forgot to ask earlier. Did you go to Hong Kong recently?

Dong Xuebing wiped his sweat. Please don't let Huilan know, Second Uncle. I

I understand. Xie Guojian warned. You need to watch out. You are injured and should not be running around.

Ci Lifan said. The Central Police Guard Bureau is under the Second division. Xiao Bing is always causing trouble and has offended many people. You should assign a guard to protect him.

Xie Guojian laughed. The Central Police Guard Bureau is a special department, and they are independent. I cannot order them. Only Huilan was assigned a guard among the younger generation, and Senior Xie approved it. This is because Senior Xie dotes her the most. I cannot assign a guard to Xiao Bing. I need to Senior Xie to tell them.

Ci Lifan looked at her husband. Go and ask.

Dong Xuebing waved his hand. Thanks for the offer, Second Aunt. But I don't need a guard, and I might be protecting him in an emergency. Having a Police Guard might sound glamorous, but Dong Xuebing does not want to be watched or restricted. This is not protecting him. It is to watch him. He is used to freedom and does whatever he wants.

Ci Lifan laughed. That's right. You don't need anyone to protect you with your combat skills. Haha They heard and knew about Dong Xuebing's capabilities.

Chapter 1284: Former neighbors

Afternoon.

After 1 p.m.

I got to go, Second Uncle, Second Aunt.

What's the rush? Chat a while longer.

Another day. It's hard for you two to have a day off. I shall not bother you.

Let me get a car to send you. You are not driving, right?

No need. I can get a cab. Have a good rest with Second Aunt.

All right. Drop by when you are free. Oh, don't create trouble recently. Focus on being a good Executive Deputy County Mayor. Your file in the military has the same security level as Senior Xie.

This is unheard of. This shows how many troubles you have created. People on the ground might not know you, but many higher-ups are watching you. Watch out.

Huh? OK. I will try my best.

Senior Xies file also requires the highest security level to access.

Thats right. This is because of his former position. Dong Xuebing had the same level because of the things he had done.

I hope you will keep it in your mind. Let me know if you need help. I will help if I can. You dont need to appear every time. Xie Guojian would not say this in the past. But he has this authority after his transfer.

Dong Xuebing replied. Thank you, Second Uncle.

Ci Lifen added. Be careful on your way back. Dont knock into your wounds.

Dong Xuebing nodded. Yes. Please go back, Second Aunt.

Dong Xuebing left the family quarters and walked to the nearest street to get a cab to his former one-bedroom apartment.

North He Ping Street.

Dong Xuebings former apartment.

Dong Xuebing opened the door and entered. Its been a while since he came back. Aunt Xuan went to work in Fen Zhou City, and no one cleaned up the apartment. The apartment was dusty and had a moldy smell. He opened the windows quickly to air it and started cleaning up. He has a villa in Beijing, and the villa has a swimming pool. But he still likes this old apartment. He has lots of memories of this place. He felt at peace whenever he came.

Dong Xuebings phone rang when he was wiping the windows.

Dong Xuebing wiped his hand and looked at his phone. It was Sister Xu Yan. He answered and switched to hands-free mode.

Hello, Sister Xu.

What are you doing?

Haha I am doing some household chores.

You know how to do household chores?

Of course. I returned to my old apartment to clean it.

Xu Yan laughed. I heard you enjoyed yourself in Hong Kong. Is it true?

Dong Xuebing was dumbfounded. You heard about it?

Old Zhang returned to Florida and told me over the phone. Xu Yan said.

Dong Xuebing cleared his throat. I When you told me she received a threatening letter, I worried about her safety. She cared for me in the US. I dont like to owe anyone, so I went without telling you.

Old Zhang told me everything. If it was not for you, her life might be in danger. I heard you all were attacked by over twenty people.

Yes. They are a bunch of hooligans.

You also helped Old Zhang settle her companys financial issues.

Yes. We won some money at the casino.

Thank you.

Why are you thanking me? Sis Zhang thanked me before. Its not a big deal.

Old Zhang is my best friend. You helped her means you helped me. I must thank you. Of course, I will reprimand you, too. You have not recovered from your injuries. Why did you go and get into fights? I was worried sick when Old Zhang told me what happened.

Ah I am fine and came back. Dong Xuebing quickly changed the topic. He said. Oh, you say you want to thank me. How are you going to thank me?

Haha how do you want me to thank you?

Err like this. Anyway, I will look for you when I go back.

You are getting ahead of yourself now. Xu Yan said. Stop talking about these. How long are you going to stay in Beijing? Are you leaving today?

I am not leaving today. Maybe tomorrow or the day after that.

OK. Wait for me. I am reaching.

Huh? Why are you coming here?

I am on my way. Its my off day today and tomorrow. I am going to Beijing to meet my ex-husband to talk about the custody of our son. My son wants to stay with me, and I am going to court to get his custody.

Oh, Zhaozhao should stay with you.

I will visit you after I am done with my stuff.

OK. Do you want to have dinner at my place? I will prepare if you are coming.

OK. I will do my errands first and should reach your place after 6 p.m.

I will text you my address.

All right. Lets stop chatting now. I am driving. See you later.

Dong Xuebing sent his address to Sister Xu after they hung up. He continued to clean his apartment. Although he could only move one hand, he managed to clean his kitchen, bathroom, and bedroom. Xu Yan is coming, and his apartment must be clean. Oh, he got to change the bedsheets too.

Dong Xuebing took out the blanket and bedsheets.

He sunned the blanket and washed the bedsheets.

Two hours passed, and Dong Xuebing was still busy cleaning the apartment.

Dong Xuebing looked at the time. Its after 5 p.m. He left for the market to buy groceries. The old market was still around.

Eh, Xuebing? A woman, who was carrying a basket, called.

A few elderlies recognized Dong Xuebing after that woman called him. Ah, you are Xiaopings son.

Dong Xuebing smiled. Aunt Liu, Granny Chen, Grandpa Zhang.

They were former neighbors, and they were close.

Aunt Liu walked over. When did you come back, Xuebing?

I just got back. I am getting groceries for dinner. Haha Dong Xuebing replied.

Aunt Liu smiled. I heard you are a great leader now. Why do you need to cook for yourself?

Dong Xuebing laughed. I prepare my dinner when my wife is not around. Food prices are high now. It is expensive to eat outside. He was modest. Although he is a millionaire, he does not spend recklessly. He is willing to spend on his mother and wife but seldom splurges on himself. He would cook or eat at roadside restaurants when he was alone.

Aunt Liu pulled Dong Xuebing. Come and eat at my house.

Thanks, Aunt Liu. Another day, perhaps. Dong Xuebing rejected her politely.

Lets go. Aunt Liu pretended to be angry. Do you want to make me angry?

Dong Xuebing shook his hand. No I have a guest visiting tonight.

Aunt Liu said. Oh, you have a guest. Never mind, then. Your guest must be a leader, too.

Granny Chen said. Of course. I heard from Yunxuans mother that Xiao Bing is a County Mayor. He became a high-ranking officer at his age. He will have a bright future.

Dong Xuebing quickly corrected her. Its Deputy. Deputy Mayor.

Aunt Liu said. Deputy Mayor is still a Mayor. I knew you were extraordinary when you were young.

Dong Xuebing laughed. Stop teasing me. I am only a small civil servant.

Not small. Remember Old Xu? That guy who moved out. He worked in the government and was only a Section Chief at fifty. You are only twenty-five, and you are a Mayor. Haha He cannot compare with you. If Section Chief Xu knows your rank now, he will be mad. Aunt Liu laughed. Old Xu and his child insist on offending you, and they looked down upon you. You are more successful than him now.

Section Chief Xus life is also difficult. Dong Xuebing replied.

Stop speaking up for them, Xuebing. Aunt Liu smacked her lips.

Thats right. They are snobs and think their status is higher than everyone else's. Look at you now. Your rank is much higher than Old Xu, and you did not put on airs.

Xuebing has grown up.

Xiaoping had taught her son well.

Thats right. I must learn from her when she returns. My son does not listen to me. I hope he can be as successful as Xuebing.

Xiao Dong?

Section Chief Xu?

Dong Xuebing recalled the time when he took the civil servant exams. He no longer hates Section Chief Xu and his family. Maybe he has grown up and experienced a lot in the past few years. He is more forgiving now.

The neighbors were excited to see Dong Xuebing.

Dong Xuebing chatted with them when he bought his groceries. He missed this neighborhood after so long. It took him over an hour to finish shopping, as he spent most of the time chatting with his former neighbors.

Chapter 1285: Sister Xu's reward

Evening.

After 6 pm.

The sky is getting dark. Dong Xuebing returned to his apartment. Sister Xu is arriving, and he quickly enters the kitchen to prepare dinner.

Rice is ready

The other dishes are ready

But Sister Xu has not arrived.

Dong Xuebing thought she could not find the place and called her.

Ring ring ring the phone rang for a while before it was answered.

Hello, Sister Xu?

Yes.

When are you arriving?

I think I might not be able to visit you today.

Huh? Why? I waited for you the whole afternoon.

Sorry. I cannot leave now. Lets talk about it later.

Ok. Call me when you are done. I will wait.

You dont need to wait. I might not be going. I will hang up now. Have your dinner first.

Dong Xuebing did not ask anymore and hung up. He could tell Xu Yan was feeling down from her tone. She will feel down whenever it concerns her son. Zhaozhao is always the first place in her heart. She should be facing some problems with her custody of her son.

Fine.

The table of food is wasted.

Never mind. I will wait for her. Maybe she can come.

Dong Xuebing was hungry, but he had no appetite. He smoked and watched TV while waiting for Sister Xu's call.

One hour

Two hours

Three hours

It was after 11 pm.

Ring ring ring Dong Xuebing's phone rang. It was Xu Yan, and he answered quickly. Hello, Sister Xu. How was it?

Xu Yan replied. Are you at home?

Yes. Where are you? Dong Xuebing asked.

Downstairs. I am coming up now. Xu Yan hung up.

A while later, someone knocked on the door lightly.

It was dark outside. Dong Xuebing saw Xu Yan, in a blouse and long skirt, outside when he opened the door. She looked unhappy.

Dong Xuebing quickly stepped aside to let him enter.

Xu Yan entered the apartment and put down her handbag. She saw the cold food on the table and turned to Dong Xuebing. Didn't I ask you to have dinner first?

Dong Xuebing replied. I am not hungry.

Xu Yan looked at him and sighed. She patted the back of his hand and said. Sorry to make you wait for me. Let's eat. I am hungry, too.

Ok. I will heat the food.

Let me do it.

No you must be tired today.

Dong Xuebing had no microwave in the apartment, so he had to heat it over the stove.

Xu Yan looked at the food on the table and said. Thank you.

Don't mention it. Dong Xuebing sat at the table and started eating after Xu Yan ate. He ate fast as he was starving. His mood improved after seeing Sister Xu, and he felt the hunger.

Xu Yan saw him stuffing his face, and she put some food into his bowl.

Eat slowly.

Hmm Hmm You should eat, too.

I am eating. It's delicious.

Haha does it suit your taste?

Xu Yan offered to clear the dishes after dinner.

Dong Xuebing did not let her do the dishes. He washed the dishes with one hand. Although he can move his hands, his wounds cannot get wet. He likes to take care of others. He always grumbles about Xie Huilan not doing household chores but will not let her do anything at home. He treats his women well.

After the dishes were done.

Dong Xuebing walked out of the kitchen.

Xu Yan looked at Dong Xuebing tenderly.

What happened? Dong Xuebing walked over and sat beside her.

Xu Yan held Dong Xuebing's hand. I was feeling down when I came. But I feel much better after seeing you. This is the first time someone waited for me to have dinner, and you waited almost six hours.

Huh? I should wait for you.

You don't need to wait.

There's a saying. There will always be someone who can comfort you when you feel down. You are the one who can comfort me. But you are a bit too young. Xu Yan said.

Dong Xuebing asked. Is it about the custody? How is it?

Xu Yan replied slowly. They are processing, and we need to attend court a few months later.

Isn't that good? Zhaozhao wants to stay with you, and the court will consider that. Dong Xuebing consoled.

Xu Yan nodded and smiled. It's almost midnight. Let's go. We She paused for a second. Let's sleep.

We are sleeping now?

Yes. What's wrong?

Are you troubled?

No.

Why don't you talk to me about it?

It's late. Let's talk about it tomorrow.

Dong Xuebing could tell Sister Xu was troubled. But she is not Yu Meixia. She is a strong and mature woman. He will not get anything from her if she does not want to talk about it. He stopped asking. Since the court is processing her custody case, nothing else can trouble her too much.

They went to the bathroom to wash up.

Xu Yan used Dong Xuebing's toothbrush and face towel.

Inside the bedroom.

It was a small bedroom, and there was a small bed inside.

Dong Xuebing said. This is a small apartment. Please bear with it.

Xu Yan replied. My old house is smaller than your apartment. I grew up in poverty, too.

Dong Xuebing was slightly embarrassed. If I knew you were coming, I would stay at Xi Shan Villa. Its fine. This apartment might be smaller, but it is cozy. The villa is too big, giving me chills to sleep there.

Yes. You are right.

Lets take off our clothes and sleep.

Dong Xuebing knew Xu Yan was not in a good mood and did not try to do anything funny with her. He took off his clothes and got under the blanket. He was looking forward to sleeping with her.

The bedside lamp was still on, and Xu Yan started stripping.

She bent and unzipped her long skirt and sat on the bed. Her ass was only an arm's length away from Dong Xuebing. He could smell her scent. He lay there and looked at her, picking up her skirt and placing it on a chairs backrest. Afterward, she took off her black stockings slowly.

She is so pretty.

Dong Xuebing lay on the bed, admiring Xu Yan taking off her clothes.

When Xu Yan was about to unbutton her blouse, she turned. Switch off the lights.

Lets leave it on.

Switch it off.

Huh? Ok.

Dong Xuebing switched off the bedside lamp.

The room was dark, and Dong Xuebing could not see anything.

Dong Xuebing could hear clothes rustling in the dark.

A while later, he felt Xu Yan getting on the bed.

The blanket was lifted slightly, and a nice-smelling body got under it.

The bed was small, and it was cramped.

Xu Yans hair fell onto Dong Xuebing's face, and it was ticklish.

He reached over and grabbed Sister Xus ass.

It felt so good.

Dong Xuebing was surprised when he felt no underwear under the blanket. He touched her ass again to confirm.

Dong Xuebing immediately knew what Sister Xu wanted. Maybe she knew what he wanted. He hugged her in the dark and felt her breath on his face. He knew she was facing him and lowered his head to kiss her. Her lips were soft, and it felt good to kiss. They had switched off the lights, and he did not feel pressured or guilty because he could not see her. He did not dare to kiss her previously because of their age gap. He would feel scared when their eyes met.

Maybe Dong Xuebing's actions today had touched Xu Yan. She returned his kiss and even stuck out her tongue.

They kissed and kissed

Suddenly, Xu Yan hissed in pain. Hiss

What happened? Dong Xuebing lifted his head. Why do I feel a cut on the corner of your lips, and it is swelling.

Maybe I am heaty.

Oh you should eat less meat then. I will prepare some cooling dishes tomorrow. Bitter gourd is good.

Ok. Xu Yan turned and sat up. Dong Xuebing could feel her looking at him. I made you wait so long today. I feel bad. Let me compensate you with my mouth.

Compensate me with your mouth?

How are you going to compensate me with your mouth?

Before Dong Xuebing could react, the blanket was pulled aside, and Xu Yan lowered her head.

OMG!

This is how you compensate with your mouth!

All of Dong Xuebing's pores opened up.

Chapter 1286: Sister Xu was beaten up

Next day.

Morning.

Dong Xuebing's apartment. Bedroom.

A few doves rested and flapped their wings on the windowsills before flying away.

A man and a woman were hugging on the bed.

Dong Xuebing woke up and yawned. He opened his eyes and saw a pair of coffee-colored heels. Sister Xu's clothes hung on the bedrest of his chair. Her bra and underwear were on the chair, too. He recalled last night, especially when she knelt beside him and used her mouth. Ah it felt so good.

Dong Xuebing turned and saw a beautiful woman's back.

Sister Xu was still sleeping under the blanket.

Dong Xuebing smiled to himself. They had done it in many positions last night but slept back facing each other. He knows he is not the only one uneasy when facing Sister Xu. She felt the same too. Their age gap was too broad.

He needs to get used and overcome it.

Dong Xuebing blinked and turned. He reached over to hug Sister Xu's waist under the blanket.

Her waist was curvy and soft.

He could feel her hips and slim waist. Her body is sexy.

Dong Xuebing lowered his head and kissed Sister Xu's fair shoulder. This is a sensitive spot, and she stirred in her sleep. Her shoulders and body moved. He lowered his body more and kissed the back of her head. He sniffed her hair. She did not wash her hair last night, but her hair smells nice.

Huh? Xu Yan woke up.

Dong Xuebing hugged her waist. It's Monday. Are you working?

I took off today. Xu Yan replied sleepily. What time is it now?

Dong Xuebing looked at his watch. It's after 6 am. It's still early. You can go back to bed if you are sleepy.

Yes. I want to sleep a while more. I am tired. Xu Yan's shoulder seemed to be sore. She massaged her shoulders and turned to face Dong Xuebing.

Their faces were inches apart.

Dong Xuebing cleared his throat and avoided her gaze.

Xu Yan yawned and stroked her hair before closing her eyes. She placed her hand over Dong Xuebing's.

Dong Xuebing moved and held her hand.

Xu Yan patted Dong Xuebing's hand lightly. Let's sleep.

I am not tired. I will get up first.

Ok. I will continue sleeping.

Go ahead. I will prepare breakfast for you.

No need. I will do it later.

You are tired. Let me do it.

To overcome his phobia, Dong Xuebing looked at Sister Xu and kissed her forehead and lips.

Xu Yan turned away. Stop it, you brat.

Huh? Let me kiss you before I get up. Dong Xuebing said.

I used my mouth last night. It's dirty.

It's fine. I am not scared of it.

Wait until I wash up. Xu Yan pulled back her hand from Dong Xuebing and smacked her butt. All right. Stop fooling around. Didn't you have enough last night? Let me sleep for a while more. I cannot open my eyes.

Huh? Must you be so direct?

Dong Xuebing blushed and stopped disturbing Sister Xu. He got out of bed lightly and took his clothes. He left the room and closed the door behind him. He puts on his clothes outside as he is embarrassed to get dressed inside.

Sigh I need time to get over it.

After all, she is much older than me.

Dong Xuebing washed up and prepared breakfast.

Dong Xuebing has lots of time. He cut up the cabbages and beat a few eggs. Afterward, he sliced the meat he bought from the market yesterday into small strips. He was going to make beef and egg congee. He would not put in so much effort if he were alone. He would eat yesterdays leftovers. He wanted to make a good breakfast for Xu Yan as she was feeling down. He boiled the rice and stir fry the Beef. He added salt, eggs, and other seasonings and did not take his eyes off the congee. He stared at the clay pot until the congee was cooked.

After 7 am.

Dong Xuebing turned off the fire, and the bedroom door opened.

Xu Yan walked out in her blouse and skirt. She did not button her top few buttons, and Dong Xuebing could see her black bra. Is it done?

Dong Xuebing laughed. You came out at the right time.

Xu Yan buttoned her blouse and said. Didnt I ask you to wait for me? You prepared dinner last night.

Its fine. Go and wash up. I will get a bowl of congee for you. Let it cool down, or it will be too hot. Dong Xuebing scooped a bowl of congee from the clay pot.

Xu Yan went to the bathroom.

Five minutes later, both sat at the table.

Dong Xuebing smiled as he passed her a spoon. I seldom make congee. Taste it and let me know where I can improve.

Xu Yan smiled. What is this congee?

Huh? Do you want to hear its fanciful name or a normal one?

There are so many names to it? Haha Tell me both.

The fanciful name is Tender Beef Congee with egg. Normal name is Beef, cabbage, and egg congee.

Tender Beef congee with egg sounds nicer. All right. Let me have a taste. Xu Yan took a small sip and nodded. Hmm Its delicious. You dont need to change anything. It is delicious.

Im glad you like it.

Stop looking at me. You should eat, too.

Both started eating.

Dong Xuebing asked while eating. Its been a while since you were transferred to Fen Zhou City. Hows your work?

Its the same. Xu Yan replied. Theres nothing much in State Security. Oh, is your county under Qing Xi Province?

Dong Xuebing looked at Xu Yan. Yes. Whats wrong?

Xu Yan replied. Nothing. I heard something happened at Qing Xi Provinces State Security Bureau. A big group of State Security was fired. It blew up. Havent you heard about it?

Dong Xuebing replied. I am only a Deputy County Mayor. How do I know what happened in the Province? Moreover, I am not in the county recently. He thought for a while and asked. Are there Deputy Bureau Director level staff among them?

I think so.

Then you should find a way to become a Deputy Bureau Director.

Haha It was not easy for me to become a Division Chief. Its too early for me to think about becoming a Deputy Bureau Director.

Give it a try. If you can come, we Err we can see each other more often.

I wish, too. But I dont think it will happen. All right. Lets not talk about this.

Ok. We will talk about something else. Dong Xuebing changed the topic. You should eat less Beef. You are heaty.

Xu Yan touched her slightly swollen lips and nodded.

Dong Xuebing looked at her. It was late last night, and the lighting in the apartment was not bright. He saw the swelling on her lips did not seem to be from an ulcer. He asked. You said you would tell me today when I asked last night. What happened?

Xu Yan points to the food with her chin. I am fine. Lets continue eating.

Something must have happened. Dong Xuebing asked. Tell me.

Xu Yan drank some congee and said. I met my ex-husband yesterday to talk about our sons custody, and we got into a quarrel.

A quarrel?

Yes. Its not a big deal.

Dong Xuebings face changed. He hit you?

Xu Yan refused to answer. All right. Lets eat.

Did he hit you? Dong Xuebing puts down his spoon. He was not in the mood to eat. What happened exactly? Tell me!

Xu Yan kept quiet for a moment and said. We were agitated, and my Exs current wife was shouting beside us. When I said I would see him in court, he punched me. It caught me by surprise. I did not expect him to hit me. He is also from the State Security and received professional combat training. He is slightly better than me. Even if I am prepared, I am not his match. Sigh Its not anything serious. But he is too much. Who knows if he might hit my son someday? This incident made me more determined to get custody of Zhaozhao. I will not let my son live with him.

He hit you!

Yes.

Your lips

Yes. I am not heaty. It is from his punch. Haha I did not want you to know, but you kept asking. Xu Yan replied as if nothing happened. She continued to drink her congee.

But Dong Xuebing could not sit still. He stood up suddenly.

Chapter 1287: Revenge

Dong Xuebing's apartment.

Morning. After 7 am.

Tensions rose in the living room.

Dong Xuebing walked over and held Xu Yan's head. He examined her lips. It was a cut from a hit. Ulcers will not swell so seriously. He pulled her lips down gently to check inside her lips. It was bruised badly and looked more severe than the exterior. Her gums were red and purplish. He was mad, and he could tell how strong the punch was.

Did he hit you frequently?

Only this time.

What about when you were married?

He grabbed my collar but did not hit me.

He grabbed your collar? That is abusing you!

That's why I divorced him. He would vent his anger on me when he encountered problems at work. His temper got worse. Haha Why am I telling you this? It was long ago. Let's not talk about it.

Suddenly, Dong Xuebing recalled something.

Sister Xu insisted on switching off the lights last night while removing her clothes.

Xu Yan would not do this in the past. She was never shy to show her body.

Dong Xuebing reached over to unbutton her blouse. But her top button was unbuttoned.

What are you doing? Xu Yan looked at him and pushed his hand away. Stop it. Let's continue eating. I am hungry.

Let me see.

Stop. I am fine.

Why are you not letting me see if you are fine?

Behave yourself.

I must see it. Hurry up.

Xu Yan saw Dong Xuebing's eyes and sighed. She let go of his hand and did not stop him from unbuttoning her blouse.

One button

Two buttons

Three buttons.

Her blouse was opened.

Dong Xuebing inhaled a deep breath when he saw it. Sister Xus stomach had a big bruise. It was purple and had some open cuts.

What happened? Dong Xuebing exploded.

Xu Yan pulled him down. Nothing.

Dong Xuebing asked. Tell me what happened. How did you get injured?

Xu Yan started buttoning her blouse. Its nothing. He kicked me after that punch. I applied medicine, and I am fine.

He kicked you?

Can we not talk about this?

Where else are you hurt?

Only my lips and stomach.

Why didnt you tell me last night? I was so rough with you.

Haha I am fine. You did not touch my wounds.

Dong Xuebing was furious to see the bruises on her stomach and lips.

How dare you hit Sister Xu?

F**k! You are dead!

Dong Xuebing was shaking from anger. He is like a timebomb now and might explode anytime.

Xu Yan patted his hand. I am fine.

Did you go to the hospital?

Its not anything serious. I dont need to go to the hospital. I can get medication from a pharmacy. Xu Yan waved to him. Help apply medicine for me.

Ok.

It is in my bag.

Dong Xuebing took the medication and lifted her blouse. He kneeled in front of her and applied it to her stomach.

Xu Yan stroked his head. I know you care for me.

Dong Xuebing nodded. Is it painful?

Xu Yan laughed. Haha no.

The skin broke. How can you not feel pain? Dong Xuebing's lips were quivering.

I feel better to know you care for me. Xu Yan patted his hand. I remember when you just entered the Civil Service. You did not know anything and kept getting into trouble. I got to clean up after you. I would have transferred you away if you were not capable. Haha Its been a few years now. I am old, and you have grown up. You can take care of me now.

Dong Xuebing suppressed his anger. You took care of me in the past, and its my turn. Dont move. Let me finish applying the medicine.

All right. I will stay still.

Ok. Its done.

Thank you, Xiao Bing.

Your ex-husband was transferred to the City Bureau?

Yes. He was promoted.

I remember his name is Wang Sheng. What is his position now?

He is the head of a department. Director. Division Chief rank.

Beijing is a Municipality, and the City State Security Bureau differs from the Western Branch. It is higher or equivalent to a Provincial Bureau. The head of a department within the Bureau must be a Division Chief, or Deputy Bureau Director ranks.

How did someone like Wang Sheng get promoted?

He knows the City State Security Bureau Head. I dont know the details, but I heard he is doing well there.

But he has the same rank as you.

We have the same rank, but our positions are different. He has the City State Security Bureau taking care of him. He can move up easily. I am different. Its hard for me to move up. Xu Yan paused and continued eating. Lets talk about something else.

Dong Xuebing did not continue to ask and calmed down. He drank his congee slowly and chatted with Xu Yan.

They finished their congee.

Xu Yan stood up and said. You did the dishes yesterday. Its my turn today. She entered the kitchen with the dirty dishes.

Dong Xuebing did not stop her. He remained in his seat.

After the dishes were cleaned.

Xu Yan wiped her hands as she walked out of the kitchen. She realized no one was in the living room. Xiao Bing? Xiao Bing? She called for him, but no one replied.

The bedroom was empty

The living room was empty

The bathroom was empty

Xiao Bing, where are you?

Xu Yan noticed the counchs armrest was empty. Dong Xueblings bag, which was placed there, was gone. She walked to the door and saw his shoes were gone. He had gone out without telling her. She

suddenly remembered something, and her face changed. She quickly opened the door and ran down the stairs in her heels.

Xiao Bing! Come back!

No one replied. Dong Xuebing was long gone.

Chapter 1288: The God of Plagues is here

Outside of the neighborhood.

Before 8 a.m.

Dong Xuebing exited his apartment building and flagged a cab by the roadside. He got in the front passenger seat.

The driver asked. Where are you going?

Dong Xuebing replied. Drive straight.

The driver was puzzled. Drive straight? Where do you want to go?

I will tell you when you reach. Dong Xuebing replied.

The driver shook his head and drove towards Third Ring Road.

Dong Xuebing took out his phone and called Tan Limei, who worked in State Security.

Ring ring ring

Hello, Xuebing. Tan Limei answered.

Dong Xuebing asked. Tan Zi, give me the address for the Beijing City Bureau.

Tan Limei paused for a second. City Bureau? Public Security Bureau?

Dong Xuebing replied. Not Public Security. Is your City Bureau. Tell me the address.

What happened? Why do you sound so angry, and why do you need the City Bureau address?

You dont need to know. I need to settle something. I know the address is confidential, but it is not a secret. Many people know the address. I am not involved in this area and have not visited there. You worked at the branch for many years. You should know where it is.

I know, but

Fine. I will ask someone else.

Wait dont hang up. I Sigh I am at the City Bureau now. We have a meeting this morning. Many State Security Branch leaders must attend because it concerns our department. Many of our Branch leaders came with Chief Zeng. He is our Chief now. You need to tell me what happened if you are coming over now. Err never mind. You will not tell me. Tan Limei paused for a second and said softly. All right. I will give you the address. I will send you a text after we hang up. But many leaders are here. You must not do anything rash.

Tan Limei knew Dong Xuebings temper as they worked together and were good friends.

Thanks.

Its fine.

Ok. I will hang up now. Send me the address.

A few moments later, Dong Xuebing received a text.

Dong Xuebing showed the address to the driver.

The driver nodded and started driving towards the north.

A four-story office building compound.

Tan Limei was worried. She excused herself and went to a quiet corner to call her husband, Sun Zhuang.

Hey, Zhuang Zi.

Xiao Mei? Didn't you go to the meeting?

The meeting has not started. I need to tell you something. Xuebing called me earlier to ask for the City Bureau's address. His tone does not seem right. I feel uneasy.

Did you give him?

Yes.

I think it should be fine.

It might be fine for others, but you know Xuebing. He will go crazy when he is angry. What should I do?

What happened?

I don't know. He did not tell me.

Err you can call Chief Xu.

Chief Xu? Xu Yan? Tan Limei hit her forehead. That's right. Xuebing only listens to her. She is transferred to Fen Zhou City, and they should keep in touch. No one can stop him other than Chief Xu now. I will call her now.

Ring ring ring Tan Limei called Xu Yan.

The call was picked up immediately.

Tan Limei made sure she was alone and said. Chief Xu, it's me. Xiao Tan.

Xu Yan got her number. Xiao Tan. Did Xiao Dong call you?

Ah? How do you know? Tan Limei knew something had happened. Xuebing asked me for the City State Security Bureau's address. I told him.

Xu Yan breathed in deeply. This brat!

Chief Xu, what Tan Limei tried to ask.

This has nothing to do with you all. Stop asking. Xu Yan said and hung up.

Tan Limei got more worried. She kept looking at the main entrance.

Ten minutes

Twenty minutes

Half an hour

Around 8.30 a.m.

City State Security Office building.

The building is located along a secluded street. It has no signage and other tall buildings nearby. Many cars enter and leave the premises through the metal gate. It was crowded.

At the end of the street.

A cab stopped.

Dong Xuebing paid the driver and got out. He looked at the main gates across the street and knew that was the place. He walked towards it.

The City Bureau has an important meeting today.

Although the meeting had not started, most of the participants were there.

Director Chen, you are here.

Chief Song. Nice to meet you.

Lets go in. We can talk inside.

Are the leaders here? What time does the meeting start?

9.30 a.m. But Chief Jiang was hospitalized yesterday for a fever. I think the meeting will be delayed to 10 a.m. Theres no rush.

Chief Jiang. Jiang Song.

Beijing City State Security Bureau Chief.

Dong Xuebing recalled the information he had of Jiang Song. Although he left State Security, he knows about him. Sister Xu had mentioned him before. Her ex-husband got promoted because of him. He was Beijing City State Security Bureau Chief for less than two years. Dong Xuebing had not met him or interacted with him previously.

Outside of the compound.

More people came.

The main gate is for vehicles. All vehicles stopped and showed their work passes before they were allowed to enter. People walking in through the side gate were checked, too. Security checked everyone, even if they knew them.

Dong Xuebing walked over.

A few office buildings are inside the compound, and the outside of a building was parked full of cars. Many people were standing outside of that building, too. Some were chatting, and some were smoking.

The meeting had not started, and many people did not enter the meeting hall.

Dong Xuebing's eyes were sharp. He saw two familiar figures among the crowd. One was Tan Limei, and the other was his former leader, Zhen Guoan.

Tan Limei kept looking towards the entrance, and she spotted Dong Xuebing. She was about to run towards him.

But Dong Xuebing raised his hand to stop Tan Limei. He was here to take revenge and did not want to implicate Tan Limei.

Ring ring ring

Ring ring ring

Dong Xuebing's phone had been ringing nonstop. He looked at the caller, and it was Xu Yan again. He knew what she was going to say and did not answer. She can tolerate getting hit, but he cannot.

You dare to hit my Xu Yan?

F**k you!

I will let you know who I am!

Chapter 1289: Break into the City State Security Bureau?

Outside of the building.

Cars were driving in and out of the compound.

Staff, on their way to work, greeted each other.

The participants for the meeting chatted as they entered the Bureau.

Dong Xuebing kept his injured left hand in his pocket and looked at the office building and the staff on their way to work. At a football match, he met Wang Shen's current wife, Xu Yan (same pronunciation as Xu Yan). But he had not met Wang Shen before. He does not know what he looks like. He should not be among the crowd. He is the head of a department in the City Bureau and should have arrived early to prepare for the meeting. He might be in his office now.

Tan Limei looked at Dong Xuebing as she chatted with her colleague. She was worried.

Xiao Tan? Director Tan?

Ah? I am here, Chief Zhen.

I know you are here. What are you looking at?

Huh? Nothing

Zhen Guoan looked towards where she was looking and was surprised. Eh? Is that man Xiao Dong?

Tan Limei had to reply. I think so. I don't know.

Xiao Dong? A leader from State Security Western Branch exclaimed. Chief Xiao Dong?

The person beside him shivered and looked towards the main gates.

Dong Xuebing. After over two years, Beijing City State Security Western Branch staff still remember this name.

It is Chief Xiao Dong.

Damn! Why is the God of Plagues here?

The Beijing City State Security Western Branch leaders were shocked. They exchanged looks and were puzzled as to why Dong Xuebing appeared at the City State Security Bureau. He left the State Security and should not be here. Is he here to look for someone? But outsiders are not allowed to enter. The security is tight, and anyone who enters must show their work pass.

Zhen Anguo frowned and looked at Tan Limei. When did he come back?

Huh? I don't know. We have not kept in touch for some time. Tan Limei lied.

Zhen Anguo kept quiet. Dong Xuebing and him were on bad terms. However, he tried to stop Dong Xuebing from getting promoted and transferring away because he needed help. This made their relationship worse. Both did not contact each other after Dong Xuebing was transferred. Zhen Anguo had complicated feelings. He knew Dong Xuebing was transferred to a County as the Executive County Mayor and held the same rank as him. Dong Xuebing's power is much higher, and he has better prospects than him.

One was a leader, and the other was a Staff Member two years ago.

Two years later, Zhen Anguo is still in the same position, and Dong Xuebing is on par with him.

Others might not know about Dong Xuebing's current position, but they know he should be promoted several times. He could solve any problem when he was with Western Branch and appeared on TV to save countless lives during the earthquake. His appearance attracted all the leaders from the Western Branch.

Other than them, Dong Xuebing also attracted a few people.

The guards.

The City State Security Bureau Guards.

The few guards noticed Dong Xuebing when he stood outside of the entrance. They had not met him before. A few staff, who were on their way to work, glanced at him for standing outside.

Who are you? A guard from the side gate looked at Dong Xuebing.

Dong Xuebing ignored him and continued to look at the people there.

The guard frowned. Do you have an entry permit or a work pass?

Dong Xuebing glanced at the guard from the corner of his eye. I got no work pass and entry permit.

Heh The guard was amused. This guy was talking back to him in his territory. Does he know where he is? He waved Dong Xuebing away. Stand away from here. The Bureau address is confidential and cannot allow outsiders to stand at the gate.

Dong Xuebing did not move. How can I look for someone if I stand away?

Who are you looking for? The guard looked at Dong Xuebing. Huh?

Dong Xuebing calmly replied. I am looking for Wang Shen. Has he arrived?

This guy is young and speaks in an arrogant tone. Why are you looking for Director Wang?

Dong Xuebing sneered. Do I need to tell you why I am looking for him? Call him to come out. I can go in to look for him, too.

The guard replied coldly. Sorry, outsiders are not allowed inside.

A skinny guard added. Director Wang has a meeting soon and cannot come to meet you. Come back in the afternoon. We will try to help you contact him.

Dong Xuebing shrugged his shoulders. That means you are asking me to go in.

The guard raised his voice. You cannot enter! Leave!

Dong Xuebing ignored the guards and limped towards the gate with one hand in his pocket.

The guards were speechless when they saw Dong Xuebing was injured. This guy thinks too highly of himself. This is the City State Security Bureau. How can you enter to look for someone without a permit or work pass?

Stop!

Stop there!

Who allowed you to enter?

The two guards rushed forward and blocked Dong Xuebing with their bodies.

Two other guards standing by the main gate frowned as they looked at the commotion.

The commotion attracted many people. Those State Security staff and Leaders turned and looked at Dong Xuebing as if he were an idiot.

Dong Xuebing does not mind. He looked at the guards. I have some personal matters to settle with Wang Shen. This has nothing to do with you all. Step aside. I am going in.

The few guards rolled their eyes.

Do you think we will step aside because you told us to?

Where do you think this place is?

Dong Xuebing can confirm Wang Shen had arrived from the guards reply. He should be in the office building, and Dong Xuebing does not need to wait outside. He does not care about the rules or regulations when he is mad. City State Security Bureau? Who cares?

The guards continued to block Dong Xuebing.

A guard had taken out his baton.

The other guard placed his hand on his gun. But he did not draw it.

More people noticed them and wondered what happened.

Tan Limei took a deep breath and slapped her forehead. I knew this would happen.

That tone

That expression

I knew it! Dong Xuebing is here to create trouble.

Why did I tell him the address?

The Western Branch leaders were stunned when Dong Xuebing clashed with the guards.

What is he doing?

Chief Xiao Dong wants to enter.

But this is the City State Security Bureau. How can an outsider enter?

Chief Zhen, this

What is Xiao Dong doing?

I don't know. Should we

Zhen Anguo kept quiet. He does not want to get involved.

Everyone thought Dong Xuebing would not dare to break into the City State Security Bureau by force. Moreover, there's an important meeting today. Many City Leaders and branch Leaders are around. The guards had stopped him. How is he going to enter? Tan Limei knows he is rash and impulsive, but she does not know his working style after his transfer.

Except for one person.

This person knows Dong Xuebing too well.

Xu Yan! Only Xu Yan knows what Dong Xuebing can do when he is mad.

Xu Yan was speeding towards the City Bureau after receiving Tan Limei's call. She called Dong Xuebing many times, but he did not answer. She took a deep breath and called Wang Shen.

Ring ring ring

The line got through.

Hello, what do you want? Wang Shen is in his office arranging his document. The meeting is about to start, and he is busy.

Xu Yan asked immediately. Where are you now?

Wang Shen replied impatiently. Do I need to tell you where I am now? I am busy. I can tell you my answer if you want to discuss what happened last night. Don't even think of taking away Chaochao! We can go to court! I am not scared of you. You can report me to the police for hitting you! I was drunk! Do whatever you want. We are living peacefully, and you must create trouble for me now and then. You deserve to be hit!

Xu Yan replied coldly. I can't be bothered with you. A subordinate of mine knows I am hurt, and he is on his way to your unit. He might be getting revenge for me. Leave before he gets there.

Wang Shen laughed. What?

Xu Yan shouted. I am asking you to leave before it is too late!

Wang Shen said. You want me to hide from your subordinate? Are you mad?

Wang Shen! I am calling you not because I worry for you. I don't want my friend to be implicated. Your life and death have nothing to do with me. I don't want my friend to be in trouble because of me. Do you understand? Leave now.

I am at my workplace, the City State Security Bureau. Do you know what you are talking about?

You don't know anything. If he is mad, he dares to break in to the City Bureau by force!

Break into our City Bureau? Haha let him come.

No one can stop him if he goes there.

Is there anything else?

It will be too late for you to run if he gets there.

Wang Shen hung up the call.

Chapter 1290: Barge in

Morning.

Beijing City State Security Building compound.

Inside an office.

Wang Shen puts down the phone and thought nothing about what Xu Yan said. You want me to leave my office and hide from your subordinate? How is it possible? Use your brain. Who dares to create trouble at the City State Security Bureau? Even if one dares, the guards are armed. How can someone get past the guards? Wang Shen felt Xu Yan was insulting him, increasing his hatred against her. Your subordinate wants to create trouble for me at my office? Go ahead! He will not walk out of this place if he comes.

Knock knock knock

The door opened before Wang Shen said anything.

A middle-aged woman entered. It was Wang Shen's wife, Xu Yan (The same pronunciation as his ex-wife.)

Oh, you are here. What time did you arrive? Wang Shen looked at her.

I went to the meeting room and was told the meeting might be delayed. So, I come to your office. Xu Yan sat opposite him. Why are you frowning? Xu Yan is a branch Deputy Chief and was invited to the meeting.

Wang Shen replied. Nothing. Xu Yan called me earlier.

Xu Yan (current wife) said angrily. Is it about the custody? She is too much!

Wang Shen said. It is worse than the custody. She called to tell me her subordinate knows I hit her yesterday, and he is here to get revenge.

Here? Where?

Here. The City Bureau.

Is she mad?

She asked me to leave quickly, but I ignored her.

Why would you hide from her subordinate? What's the big deal for hitting her? She is not seriously injured.

Let them do whatever they want.

Yes. We dont need to care.

Wang Shen did not think hitting Xu Yan was wrong. He was not drunk yesterday. The State Security strictly restricts their staff from getting drunk. He is a leader in the City Bureau and must abide by the regulations. He did not drink last night and was frustrated with her for fighting for their sons custody. He hits her to scare her from causing more trouble for him and venting his anger. He was not worried about the consequences. He knew she would not report to the police because she did not want their son to know they fought. This woman only cares for their son, and thats why he dares to hit her.

Xu Yan (current wife) thought nothing about what she said.

The couple chatted in the office for a while.

Wang Shens office window was not facing the front gates, and they did not see or hear the commotion outside.

Outside of the main gate.

More staff and leaders noticed the commotion.

Even a few leaders looked from their windows.

Who is this guy?

I dont know. He got a bad attitude.

I think he does not know where this place is.

But I overheard him looking for Director Wang. He should know.

Why would he create trouble here when he knows this is the City Bureau? Is he mad?

This guy is crazy. I dont know why he is looking for Director Wang, but he will never enter with his attitude.

The leaders are coming.

The meeting was delayed. They should be coming later.

This guy is interesting. Lets see what he is up to.

The onlookers looked at Dong Xuebing and discussed among themselves.

Dong Xuebing did not show any expression. He looked at the guards and said. I am telling you again. This has nothing to do with you all. Move aside now. Dont blame me if you all got hurt. I warned you.

Injured the guards?

This guy wants to barge in by force?

Everyone shook their heads. They met many boastful people but never heard of anyone who dared to hit the City State Security Bureau guards here. This guy is seeking his death.

Tan Limei heard it, and her heart skipped a beat.

Zhen Anguo, other Western Branch leaders, and the rest thought Chief Xiao Dong was boasting and would not barge in.

A guard laughed. Go ahead and try.

Another guard smacked his lips. The leaders are coming. Lets stop wasting time and chase him away.

A staff, who just arrived, frowned and looked at Dong Xuebing. He said. You should not be here. Leave now. Dont get yourself into trouble.

Dong Xuebing laughed. Theres nothing more to say now. He took out a packet of cigarettes with his injured arm and took a cigarette with his other hand. He lit it and looked around. He held his cigarette between his lips and walked towards the side gate, ignoring the guards.

One step

Two steps

Three steps

Everyone thought to themselves. What was this guy thinking?

The guards were armed, and they were authorized to fire when necessary. You are seeking your death. One of your arms is covered in bandages, and you are limping. You are injured and should be resting in the hospital. Why are you challenging the guards at the City Bureau? You are asking for trouble.

The guards were furious and rushed forward with their batons.

No one thought Dong Xuebing would fight the guards. They thought he was boasting.

Dong Xuebing did not flinch when a guard got in front of him. He flicked his hand before the guard could raise his baton. No one saw what happened, and the guard was hit in his throat. He rolled his eyes and fainted.

Bam!

One guard fainted.

Everyone was stunned.

Dong Xuebing continued forward without stopping. He flicked his cigarette ash and put it back between his lips.

Old Wang!

Brother Wang!

The other three guards were furious.

They rushed towards Dong Xuebing immediately.

One held no weapons, one held a baton, and the other took out his gun.

Tan Limei was scared. Stop! Dont fight. She was too far away, and they could not hear her. Even if the guards heard her, they would not listen.

Zhen Anguo took a deep breath.

The Western Branch leaders were shocked and exchanged looks.

Chief Xiao Dong is going to barge into the City Bureau!

This is serious.

The other leaders, who were here for the meeting, and the staff were shocked. Why is this guy barging into the City Bureau and dares to hit the guards?

Dong Xuebing was unfazed and remained emotionless. He met two guards after taking two steps forward. One was bare hands, and the other held a baton. After returning from Hong Kong, he had accumulated a few days of time. It was not a lot, and he did not hold back. He glanced at the guard swinging his baton down at him and raised his right arm. He pushed the guards arm and redirected the force at the other guard. Bam! The baton landed on the other guard, and Dong Xuebing stepped on the guards leg in front. The guard was about to kick him and was stopped. Dong Xuebing held the guards hand with the baton and swung upwards. It hit the guards chin.

Bam!

Bam!

Both guards were knocked out.

Within a few seconds, three out of four guards were down. Only the old guard, who had withdrawn his gun, was left standing.

The old guard worked in the City State Security Bureau for years. He never encountered anyone trying to barge through by force. According to the regulations, he is authorized to fire. He released the safety and pointed his gun at Dong Xuebing.

Many peoples faces changed.

A few onlookers stepped back, afraid of getting hurt by stray bullets.

But Dong Xuebing remained calm. He threw the baton without looking at the old guard.

Swoosh!

The baton hit the guards hand, and his gun flew out. The baton did not stop and landed on his head. The guard rolled his eyes and fainted.

The gun was still in the air.

Dong Xuebing continued walking and reached out with his right hand. The gun fell into his hand, and he moved his wrist slightly. Click click the handgun was dismantled into small parts. Ding ding ding He pushed the bullets out of the magazine with a rhythm.

The gun was dismantled.

It was dismantled in an instant.

Only an expert can do this with one hand.

Dong Xuebing was faster than most experts.

Dong Xuebing knocked out four guards and dismantled a gun within ten seconds.

The crowd looked at Dong Xuebing in shock. They know this guy is different.
