Chapter 911: Reached shore

Next day.

First day of Lunar New Year.

The sun was up when Dong Xuebing woke up with a hangover. He had drunk too much yesterday and remembered he had fought eleven soldiers in a match. He hit his forehead and regretted it.

“Slurp... slurp....”

Little Qianqian was sucking her thumb and looking at Dong Xuebing.

“Oh, you woke up.” Dong Xuebing hugged Little Qianqian and tickled her with his stubbles. She giggled and waved her arms.

Dong Xuebing felt blessed to have such an adorable daughter.

Dong Xuebing played with Little Qianqian for a while.

Morning 9 am.

Dong Xuebing carried his daughter and went out for breakfast.

The celebrations last night lasted until early morning. Other than the soldiers on duty, most of the soldiers just woke up.

The gallery in the Navy vessel.

Dong Xuebing chatted with a soldier beside him while feeding Qianqian. “Comrade, we have been sailing around four days. How long do we need to sail before reaching the shore?” The Navy vessel is faster than the cargo ship, and they should reach the port by now. However, Niu Dazhao’s cargo ship was returning with the vessel, and they had to slow down.

That soldier replied. “We should reach today.”

Dong Xuebing asked. “Oh, this morning or afternoon?”

The soldier replied. “We should reach around noon, and we can see land soon.”

Dong Xuebing got excited when he heard they were reaching home. He was finally going home after spending around ten days in the sea.

After breakfast, Dong Xuebing carried his daughter to the deck to look at the scenery.

A few soldiers saw Dong Xuebing, and one went up to him. This soldier was one of the eleven soldiers who sparred with him yesterday. “Mr. Dong, you have good combat skills. Are you trained in martial arts? Can you teach us a few moves?” Dong Xuebing was too impressive last night.

Dong Xuebing apologized to that soldier. “I’m sorry for what happened last night. I am not good with alcohol and did not control myself.”

Another soldier said. “It’s alright. You taught us a lot last night.”

Another soldier joined in. “That’s right. You are better than us. Can you teach us?”

Dong Xuebing waved his hand. "My skills are not good, and I am not trained in martial arts. I don't want to embarrass myself."

Dong Xuebing was telling the truth, and the soldiers did not believe him.

In the end, Dong Xuebing gave in to the soldiers' requests and taught them the moves he learned from Xu Yan. He also sparred with them. At first, it was only three soldiers, and more soldiers joined in. Within ten minutes, a crowd had formed around him. Two Officers saw them and joined in.

"Mr. Dong, where should we put our weight in this move?"

"On the heel of your back leg, move your weight to the front leg when you turn."

"What about this move?"

"It will depend on the situation and react according to your opponent's move."

More soldiers heard about this 'sharing session' and joined in. The Colonel also went to the deck and watched his men learn from Dong Xuebing.

Dong Xuebing was awkward and said. "Let's stop. The Commander is here."

The soldiers turned and saw their ship's Commander. There were still in the middle of a mission and were nervous.

The Colonel waved his hand and laughed. "Don't mind me. It's not easy to find an instructor with Director Dong's level. Go ahead and learn from him. I also want to learn some moves."

Dong Xuebing smiled awkwardly. Any of the soldiers knew more about close combat than him. He regretted drinking so much last night.

Two hours later.

The soldiers returned to their positions as the vessel got nearer to land.

The Colonel went up to Dong Xuebing. "Xiao Dong, reporters, will be waiting at the port later, and you should wait on board first. I will get my men to inform you when they leave and send you to the airport. Director Xie had prepared the air tickets to Beijing for you."

Beijing?

Dong Xuebing's mother and the rest were all in Beijing.

Dong Xuebing nodded. "Sorry to trouble you these few days."

The Colonel laughed. "Don't mention it. We should be the ones thanking you. We would not complete this mission without your help. Alright, I have to get off with the hostages later. I will say my goodbye now. Let's have dinner together another time."

Dong Xuebing nodded. "Sure."

Both men exchanged numbers, and Dong Xuebing looked towards the shore. He could see the reporters taking pictures and hurried back into his cabin.

The Navy vessel docked, and it was chaos outside.

Cameras were clicking away, and reporters were shouting questions to the soldiers.

“Did you all face any danger during this mission?”

“I heard you all had saved the hostages of another ship hijacked by the pirates.”

The commotion lasted for a while.

Knock... knock... knock.... The female soldier knocked and entered Dong Xuebing’s cabin. “Mr. Dong, please come with me. I will send you to the airport.”

“Thanks.” Dong Xuebing carried Little Qianqian and followed that female soldier. He looked out of the Navy vessel and saw a military jeep waiting at the dock.

Soldiers started appearing on the deck suddenly.

One... five... ten... and more soldiers went onto the deck. They looked at Dong Xuebing.

An Officer suddenly commanded. “Salute!”

All the soldiers saluted Dong Xuebing.

Dong Xuebing was touched and immediately stood at attention. He returned the salute and nodded to the soldiers.

The soldiers remained in their salute position as they watched Dong Xuebing leave in the jeep.

## Chapter 912: Family Reunion

Local airport.

Dong Xuebing entered the airport after bidding goodbye to the female soldier. He checked in with his identification card and got his boarding pass quickly. Xie Huilan’s Second Uncle had prepared everything for him. However, he encountered some problems with Little Qianqian’s identification.

“Sir, can I have the baby’s identification?”

“I said I did not have it with me. I had forgotten to bring it. Can you just let us off this time?”

“Sorry. The baby is not allowed to board if you cannot produce her identification.”

“Can’t you be flexible? My child was kidnapped, and I found her in another city. How am I going to produce her identification?”

“Sorry, Sir. These are our regulations. We cannot process her boarding without her birth certificate.”

“What do you want me to do? Can you call your supervisor out?”

The airport staff ignored Dong Xuebing and started processing the next person’s boarding.

The plane was about to depart, and Dong Xuebing was getting frustrated. He called Huilan’s father Beijing City Party Secretary Xie Guobang.

“Hello, Dad? I am Xiao Dong.”

“Have you got off the ship?”

“Yes. I am at the airport now.”

“Come back now. Huilan and your Mum are worried about you.”

“Dad, there’s a problem. I don’t have the baby’s birth certificate, and the airport refused to let her board.”

“Birth certificate? Alright. Wait a while. I will speak to them now.”

“Sorry to trouble you.”

About ten minutes after hanging up, the top Leader of the airport and other leaders rushed toward the check-in counters. “Who is Mr. Dong? Which one of you is Mr. Dong?”

“I am.” Dong Xuebing stepped forward.

The airport’s top Leader saw Dong Xuebing carrying a baby and apologized politely. “I am sorry for the delay. Let me walk you to your flight.”

Dong Xuebing replied. “Thank you.”

“Don’t mention it.” The Leader replied and turned to the airport staff. “What are you waiting for?! Prepare the paperwork now!”

The airport staff was shocked when he saw all the airport’s top leaders and looked at Dong Xuebing. He dared not ask anything and prepared the boarding pass for Qianqian. He thought to himself. Who is this guy? Why are all the leaders so concerned? You can’t judge a book by its cover. This guy looks so ordinary, and he can call all the Leaders over with a phone call.

The airport’s Leaders accompanied Dong Xuebing to his flight through the VIP special access. He skipped the security checks and got an upgrade from economy to first class. The airport’s Leaders had received a call from a Politburo member’s secretary, and they knew how important Dong Xuebing was.

Dong Xuebing exchanged some pleasantries with the Leaders before he boarded his flight.

Dong Xuebing carried Little Qianqian to his first-class seat and closed his eyes to rest. She had fallen asleep in his arms.

The flight departed.

The moment the plane took off, Qianqian started crying because of the air pressure.

Dong Xuebing started to cuddle and calm her.

Little Qianqian calmed down after a while and went back to sleep.

One hour....

Three hours....

Five hours....

The plane reached Beijing airport around 5 pm.

Dong Xuebing stretched lazily and looked at Beijing's sky. Haha.... I am back!

It felt good to return home.

Dong Xuebing can finally spend time with his family.

Dong Xuebing did not get off the plane immediately. He took out the milk bottle he had prepared earlier and fed Qianqian. He feared the narrow passageway would be too crowded and waited until all the first-class passengers left. He did not have luggage, and he got off the plane with Little Qianqian.

The airport was quite empty.

When Dong Xuebing was about to get a taxi to go home, a few familiar faces appeared in front of him.

Xie Huilan, Qu Yunxuan, Luan Xiaoping, and Qu Yunxuan's parents appeared. They were waiting for him at the airport's exit.

Dong Xuebing saw them and quickly walked over. "Mum, why are you all here?"

Luan Xiaoping walked over and snatched Little Qianqian from Dong Xuebing's arms. "My precious granddaughter.... Are you hurt? You scared Grandma to death...."

Little Qianqian was happy and tried to grab Luan Xiaoping's face.

Luan Xiaoping smiled. "Good girl.... Did you miss me?"

Qu Yunxuan's parents got closer and took turns carrying Qianqian before giving her to Qu Yunxuan. Qu Yunxuan's injuries almost healed, and she cried joyfully when she carried Qianqian in her arms.

"Mummy was so worried for you...."

Little Qianqian started crying when she saw her mother crying.

Qu Yunxuan quickly pacifies her. "Don't cry.... We are going home. Everything is alright now."

Xie Huilan also went up to her goddaughter and pinched her nose lightly. "Did you miss your godmother? Huh?"

"Ooh... aah...."

"Oh, you miss me?! Haha...."

"Aah... aah...."

"Haha.... Good girl."

Everyone crowded around Qianqian and forgot about Dong Xuebing. Dong Xuebing coughed loudly to get their attention.

Xie Huilan seemed to be trying to spite him. She smiled. "Oh, you are here."

Dong Xuebing almost fainted. I rescued and brought the baby back! How can I not be here?

Qu Yunxuan treated Dong Xuebing better. She passed her daughter to Xie Huilan and went up to him. She stroked his arms. "Are you hurt?"

Dong Xuebing smiled. "It's only a few pirates. How can they hurt me?"

Qu Yunxuan gave Dong Xuebing a stare. "Stop being a showoff. Who asked you to go?"

Qu Yunxuan's father also reprimanded Dong Xuebing. "Xiao Bing, you should tell us that you are going to Fujian province to save Qianqian. Do you know how worried we are?"

Dong Xuebing replied. "I caused this trouble, and I got to bring my daughter back myself. If I cannot bring her back, I would be too ashamed to return home." He said he would never return home if he could not bring Qianqian back.

Xie Huilan laughed. "This brat's skin is thick. I heard more than twenty pirates could not even touch him. He has his own ideas and doesn't need anyone to worry for him."

Dong Xuebing was speechless. Can't you all show a bit of concern for me?

Luan Xiaoping finally said. "It's good to be back. Let's go home first."

Everyone nodded and walked out of the airport. Qianqian was still the center of attention, and everyone was around her. Dong Xuebing had to follow behind them.

Outside of the airport.

A Land Rover was parked outside.

Xie Huilan got into the driver's seat, and the rest got into the car.

The Land Rover had five seats and was spacious enough for six people and a baby. It was full when Dong Xuebing was about to board.

Everyone noticed this problem and looked at Dong Xuebing.

Dong Xuebing cleared his throat. "Errr.... I will take a taxi."

No one cared about Dong Xuebing, and Luan Xiaoping closed the door immediately.

Dong Xuebing felt his status in his family had gone down drastically. He knew his mother, Xie Huilan and Qu Yunxuan were angry with him for leaving suddenly and risking his life against those pirates. That was the reason for them treating him this way. Never mind. Go ahead and be angry with me. I had created this mess, and I deserved it.

Dong Xuebing got into a taxi and asked the driver to follow the Land Rover.

The Land Rover entered a villa estate around the evening. It was the villa Dong Xuebing bought for his mother.

Dong Xuebing paid the fare and heard Qianqian's cries when he got out of the taxi. Luan Xiaoping and the rest were crowding and trying to soothe her.

Dong Xuebing walked over quickly.

"What happened?" Dong Xuebing asked.

"She kept crying nonstop." Qu Yunxuan rocked Qianqian in her arms. "Stop crying...."

"Let me try." Xie Huilan carried Qianqian and played with her. But she continued crying.

“Let me do it.” Dong Xuebing took Qianqian from Huilan and rubbed his stubble against her.

Little Qianqian saw it was her father and stopped crying.

Dong Xuebing lifted Qianqian above his head. “Let’s fly....”

Little Qianqian giggled loudly and waved her arms wildly.

Dong Xuebing laughed. “Oh, you missed Daddy?”

Everyone looked at Dong Xuebing weirdly.

Dong Xuebing felt proud. After spending the past few days with her, he knew how to please his daughter.

Haha.... You all finally noticed how important I am.

Chapter 913: Reward from wife

Western suburbs villa.

Xie Huilan and Qu Yunxuan played with Qianqian after dinner, while Luan Xiaoping, Qu Yunxuan’s parents, chatted with Dong Xuebing. They were not mad with him now.

“Ah.... It’s only a few pirates.”

“Didn’t they have guns? Did they hit you?”

“How can they hit me with their lousy marksmanship?”

“Then how did you get back? The Navy vessel? I did not see you on the news earlier.”

“I am afraid it would affect my work and did not appear in front of the cameras. I left secretly.”

Dong Xuebing did not tell them how he rescued Qianqian in detail. He did not tell them about the gunfight with the pirates as he did not want them to be worried. He told them the pirates were weak and dumb. With the support of the Navy vessel, he subdued the pirates effortlessly. It was easy, and it felt like a vacation.

Luan Xiaoping was still worried. “I will disown you if you dare to leave without telling us again!”

Dong Xuebing smiled. “Sorry, Mum.”

Qu Yunxuan’s father said. “I’m glad you and Qianqian returned safely.”

Qu Yunxuan turned towards them. “Luckily, those pirates are not trained.”

Only Xie Huilan knew how dangerous the situation was, and she glanced at Dong Xuebing without saying anything.

Qu Yunxuan’s mother asked suddenly. “Qianqian is not injured?”

“Of course not.” Dong Xuebing replied. “How can anyone hurt her with me around?”

“No....” Luan Xiaoping was worried. “The pirates had abducted her for so many days on the sea. I must bring her to the hospital for a checkup.”

Dong Xuebing sighed. “Qianqian is fine. Look at her. She can cry and play normally.”

“What if she caught some diseases and the symptoms are not showing now?” Luan Xiaoping said.

Qu Yunxuan laughed. “Let’s go together. I felt pain in my ribs, and I need to see the doctor for an examination.”

Qu Yunxuan’s father said. “It’s Lunar New Year, and most hospitals are on holiday. Who is going to conduct the check-up for you?”

“It’s fine.” Xie Huilan smiled. “I will call the hospital and ask them to recall their doctors.”

Luan Xiaoping nodded. “Alright. That’s settled.”

Dong Xuebing volunteered to go to the hospital with them, but Qu Yunxuan refused. She wanted him to rest, and she went to the hospital with her parents and Luan Xiaoping. They drove into Aunt Xuan’s Mercedes S class.

Xie Huilan called the hospital in the living room, and Dong Xuebing walked them to the car.

It was 7 pm, and they should be back after 11 pm.

Xie Huilan had tied her hair up and was wearing a black sweater and a white blouse underneath it. She wore tight black leather pants, showing her long slender legs. She looked great in her heels the first time Dong Xuebing saw her in these clothes.

“Huilan, are you still mad at me?” Dong Xuebing walked over.

Xie Huilan smiled. “How can I be mad at you? You would leave home if I said something you don’t like.”

Dong Xuebing cleared his throat. “I was just looking for my daughter.”

Xie Huilan crossed her legs. “Why can’t you discuss it with me first?”

“Will you allow me to go if I told you? I know you are worried.” Dong Xuebing sat beside Xie Huilan and held her hand. “It’s only a few pirates.”

Xie Huilan narrowed her eyes. “A few pirates?! How come I heard it was more than twenty pirates?”

Dong Xuebing started sweating. “Alright.... I am sorry. I should not make you worry. It’s my fault, and I promise not to do it again.”

Xie Huilan ignored Dong Xuebing and reached for her teacup.

Dong Xuebing quickly grabbed her teacup and placed it near her mouth. “You are pregnant now. Just tell me what you want, and I will do it for you. You don’t need to move.”

Xie Huilan uncrossed her legs and drank her tea.

Dong Xuebing immediately started peeling an apple and fed her. "Here, have a piece of apple."

Xie Huilan smiled and ate that slice of apple. "Hmmm.... You did well today, and I will forgive you this time. Haha...."

Dong Xuebing laughed. "Let me listen to our child." He squatted in front of Xie Huilan and placed his ear on her tummy. She was two months pregnant and had a slight baby bump. "Baby, I am Dad. Can you hear me? Hurry up and move. Hmph.... Are you not listening? Be careful I will slap your butt."

Xie Huilan laughed and knocked Dong Xuebing's head. "You dare to beat my son? You are asking for a beating!"

Dong Xuebing hugged her. "I think you are also itching for a beating."

"Fine.... It's only been a few days, and you are getting bolder." Xie Huilan laughed and leaned on the sofa. "Carry me upstairs. Let's see who is the one getting beaten up."

Dong Xuebing brightened up and carried Xie Huilan upstairs.

Master bedroom.

"Let's sleep."

"Go and take a shower first."

"Let's bathe together."

"I don't want to bathe with you. You stink. Haha...."

Dong Xuebing looked at Xie Huilan's body and entered the bathroom reluctantly. He took a quick shower, and it was her turn.

Waiting....

Waiting....

Dong Xuebing waited for Xie Huilan on the bed and excitedly looked at the foggy bathroom glass door. Finally, the door opened, and the room was filled with the fragrance of shower foam.

Xie Huilan walked out of the bathroom, wrapped in a towel.

Dong Xuebing opened the blanket for her.

Xie Huilan smiled and took off her shoes before getting under the blanket. "Alright, let's sleep now. We got to wake up early tomorrow."

Dong Xuebing had taken off his clothes when he waited for her. He hugged Xie Huilan's waist. "Why?"

Xie Huilan replied. "We got to pay our respects to my family's elders. You came back today and should have visited them this afternoon. We can only visit them tomorrow, and we still got to visit a few Central Government Leaders who are close to my family. We got to visit every one of them, and you also got to send New Year greeting SMSs to your Fen Zhou City colleagues. We will be busy from the first to the fifth day of the Lunar New Year. Oh, we got to return to Fen Zhou City to visit our leaders and wait for visitors at home."

Dong Xuebing got a headache. "This is so troublesome."

"You will get used to it." Xie Huilan laughed. "This is how I spend my Lunar New Year holidays every year."

As they moved up the ladder, they got busier. Dong Xuebing sighed. "I would return a few days later if I knew about this."

Xie Huilan looked at Dong Xuebing. "Oh, you would rather spend your time at sea than return home?!"

Dong Xuebing replied helplessly. "Drifting at sea is better than visiting."

"Fine. I was thinking of rewarding you for saving my goddaughter. Forget it." Xie Huilan smiled and turned to her side. "Sleep."

Dong Xuebing asked excitedly. "What reward? Tell me."

"You said you don't want to come back. Why are you asking?"

Xie Huilan smiled and turned to straddle Dong Xuebing. "It's been many days, and I missed my little Hubby. I was going to let him do me from behind."

Dong Xuebing got excited. "Really?!"

"No!"

"....."

Dong Xuebing knew Xie Huilan was teasing him, and he flipped her over. He pulled her towel away. "No! You said it, and it's too late to regret it now. Get on your knees now."

"I was joking with you. Did you take it seriously?"

"Yes. Get on your knees and bend over."

"I refuse. What can you do to me? Huh?"

"I will make you bend over."

Dong Xuebing carried Xie Huilan up and turned her around forcefully. He lifted her butt towards him. She was only two months pregnant, and they still could do it. After three months of pregnancy, he would not get this chance again. He got to cherish every moment.

Xie Huilan did not get mad and turned around, smiling. "Can you don't embarrass me like this?"

Dong Xuebing got bolder when he saw Xie Huilan and did not get mad. He ignored her and pushed in from behind.

Xie Huilan took a deep breath, and her eyes were half closed.

It's been a while since Dong Xuebing made love with Xie Huilan, and it felt good.

This position gave Dong Xuebing the feeling of dominating Xie Huilan, and he had a sense of achievement.

Chapter 914: Seen by Mum

The second day of the Lunar New Year.

Morning.

Dong Xuebing woke up and looked at the naked Xie Huilan beside him. He reached over and hugged her from her back.

“What do you want?”

“Huh? You woke up?”

“I woke up for a while and was snoozing.”

“You are pregnant and should get more sleep.”

“Haha.... Ok. I will sleep a while more.”

“Kiss....” Dong Xuebing smiled and kissed Xie Huilan. She was passionate and tried different positions with him last night. He was aroused when he thought about last night and felt blessed to have such a loving wife.

Xie Huilan yawned lazily and crossed her legs. She closed her eyes to return to sleep.

Dong Xuebing looked at her legs and almost lost control. Xie Huilan was pregnant and should not have vigorous and frequent sex. He reached over and stroked her body before getting out of bed.

The first floor of the villa.

Only Luan Xiaoping was around when Dong Xuebing came downstairs. She was preparing breakfast.

“Mum, why are you up so early?”

“Who will prepare breakfast for you all if I don’t get up so early?”

“Let me do it. Go and take a break. Oh, how is Yunxuan and Qianqian’s checkup?”

“They are fine, and Yunxuan is almost recovered.”

“Where are Aunt Xuan’s parents? Are they sleeping in the room?”

“They did not come back here last night. They had returned home.”

“What about Aunt Xuan and the baby?”

“They are sleeping on the second floor. I checked on them earlier, and they are still sleeping.”

Dong Xuebing nodded and started preparing breakfast with his mother. Luan Xiaoping doted on her son and refused to let him help.

“Go and check on Qianqian. Change her diapers and bring her down if she wakes up. Don’t wake Yunxuan. She was worried for you and her baby these few days and did not sleep much.”

“Alright. I will check on them.”

“Don’t be too loud and wake them.”

“You don’t need to hurry with breakfast. Huilan is still sleeping. Let them sleep a while more.”

Dong Xuebing went upstairs and opened the door softly. He saw Qu Yunxuan sleeping soundly beside a baby cot. Qianqian was not sleeping in the cot. She was sleeping in Yunxuan’s arms.

Dong Xuebing smiled and tip-toed over. He carried Qianqian gently and changed her diapers.

Little Qianqian woke up and looked at Dong Xuebing.

Dong Xuebing put his finger on his lips. “Be quiet. Mum is still sleeping.”

Little Qianqian scratched Dong Xuebing’s face and closed her eyes again. She seemed to be sleepy.

Dong Xuebing kissed Qianqian’s cheeks and placed her in the baby cot. “Sweet dreams.”

Suddenly, Qu Yunxuan woke up and asked sleepily. “Where’s my baby?”

“Sorry, I woke you.” Dong Xuebing sat on the bed. “I carried Qianqian to her cot.”

Qu Yunxuan yawned and rubbed her eyes. “I got scared. Ah, it’s already after 8 am. I got to change her diapers.”

“I had changed. Go back to sleep.”

Qu Yunxuan looked at Dong Xuebing and flicked his nose. She smiled. “My Xiao Bing looks more like a father now.”

“Of course.” Dong Xuebing boasted. “You all had seen how close we were yesterday. I can soothe her easily.”

Qu Yunxuan gave Dong Xuebing a stare. “I can also make her giggle if I got stubbles like you.”

“But you don’t. Haha....” Dong Xuebing’s eyes darted around, and he kicked his shoes off before snuggling under the blanket.

Qu Yunxuan asked angrily. “What are you doing?”

Dong Xuebing looked at Qu Yunxuan. “Let me lie beside you for a while.”

“Stop fooling around. Qianqian is beside us. Are you asking for a beating?”

“She is sleeping.” Dong Xuebing argued and started grabbing Qu Yunxuan’s meaty thighs.

Qu Yunxuan slapped Dong Xuebing’s arm. “You pervert. I just recovered. Stop it.”

“Just recovered? That means you have recovered. I will be gentle.”

“I am getting mad.”

“Go ahead.”

“You will be the death of me.”

Dong Xuebing took off his pajamas and threw them out under the blanket. He also stripped Qu Yunxuan naked. He knew she was resisting because she was shy. He kept teasing her, and she slowly opened up her legs.

They moaned....

Qu Yunxuan was blushing and covered her mouth.

Dong Xuebing started moving.

Aunt Xuan was more cooperative than Huilan. Dong Xuebing did not need to bargain with her, and she would do whatever he wanted.

Half an hour later.

Qu Yunxuan slumped on the bed, panting.

Dong Xuebing was no better than her. He was panting and hugging her from behind.

Suddenly, the door opened. “Xiao Bing, I asked you to change the diaper. What are you...?” Luan Xiaoping entered the room and was shocked.

Qu Yunxuan’s face turned red immediately, and she covered herself with the blanket.

Dong Xuebing was also embarrassed.

Luan Xiaoping gave her son a stare. “You brat.... You....” She closed the door and left.

Qu Yunxuan pinched Dong Xuebing’s arm. “You idiot! How am I going to face your mum?”

“I don’t know my mum will come in suddenly.” Dong Xuebing wiped his sweat and quickly got dressed. Qu Yunxuan got up and wore her clothes. She gave Dong Xuebing another stare.

Sigh.... Mum should knock before entering.

Luckily it was Mum. It would be chaos if it was Xie Huilan.

Chapter 915: Registering with the Military

The first floor of the Villa.

Dong Xuebing went to the kitchen downstairs after leaving Qu Yunxuan’s room. He looked at his mother and wanted to please her by helping her prepare breakfast. However, breakfast was made.

Luan Xiaoping gave Dong Xuebing a stare and said. “Wake them up for breakfast.”

“Ok.” Dong Xuebing ran upstairs to call them. “Huilan, Yunxuan, breakfast is ready.”

Qu Yunxuan carried her crying daughter downstairs. She saw Luan Xiaoping and her face turned red again.

Luan Xiaoping looked at Qianqian. “Is Qianqian hungry?”

Qu Yunxuan replied softly. “I just fed her. I don’t know why she is crying.”

“Let me carry her.” Dong Xuebing walked over and carried Qianqian. He lowered his head and brushed her face with his stubbles. “Is it ticklish?”

Little Qianqian stopped crying and started giggling.

Dong Xuebing continued to tickle Qianqian with his stubbles.

Little Qianqian started grabbing and scratching Dong Xuebing’s face happily.

Qu Yunxuan was jealous. “This girl had become closer to her father.”

Luan Xiaoping laughed and saw Xie Huilan coming down the stairs. “Come and have breakfast.”

“Mum, how can we trouble you during Lunar New Year?” Xie Huilan smiled. “I should be helping you. Xiao Bing, why didn’t you wake me up earlier?”

Qu Yunxuan added. “That’s right. Mum, just let me prepare breakfast in the future.”

Luan Xiaoping smiled. “It’s alright. Sit and eat breakfast before the food gets cold.”

Xie Huilan smiled and carried Little Qianqian from Dong Xuebing. She hugged and kissed her cheeks. “Let godma carry you.”

Little Qianqian giggled.

“Good girl.” Xie Huilan smiled and crossed her legs to let Qianqian sit on her lap.

Little Qianqian was too adorable, and everyone wanted to carry her.

After breakfast.

Luan Xiaoping looked at them. “It’s the second day of Lunar New Year, and Old Yang is alone in the City. Since Qianqian is fine, I will bring her back.”

Dong Xuebing did not want them to leave. “Stay a few more days.”

Luan Xiaoping replied. “You all are returning after New Year and can see Qianqian anytime you want.”

Dong Xuebing laughed. “It’s New Year, and we should spend time together. I don’t want to part with you.”

“Don’t want me to leave?” Luan Xiaoping looked at Dong Xuebing from the corner of her eyes. “I think you can’t wait for me to leave.”

Qu Yunxuan looked at her daughter. “Mum, I will go back with you.”

Luan Xiaoping replied. “New Year is not over. Don’t you need to accompany your parents?”

Qu Yunxuan held her daughter’s hand and laughed. “I had spent New Year's Eve and the first day with my parents, and I got nothing to do here. I only want to spend time with Qianqian. It’s not easy to get seven days off from work.”

Luan Xiaoping nodded. “Alright. We will leave later.”

“Ok.” Qu Yunxuan replied.

Aunt Xuan's Mercedes S class was parked outside, and she would be driving Luan Xiaoping and Qianqian back.

Luan Xiaoping looked at her son. "I heard you still got to visit your leaders. Visit them and go back early. Old Yang had been asking about you."

Dong Xuebing nodded. "I know."

Luan Xiaoping looked at Xie Huilan. "Huilan, you should also take note of your health. You are pregnant and should not tire yourself."

Xie Huilan smiled. "Haha... I will take note of it."

"Ok. Take care of yourself. I am not worried about Huilan. Huilan, help me watch over Xiao Bing when I am not around. Don't let him get into trouble." Luan Xiaoping reminded me.

Xie Huilan laughed. "Sure. I will watch him closely."

Dong Xuebing rolled his eyes.

Late morning.

Luan Xiaoping and Qu Yunxuan left with Qianqian.

Dong Xuebing and Xie Huilan left for Senior Xie's mansion in the Land Rover. They should pay their respects on the first day of the New Year, and they were late.

Senior Xie's mansion.

Dong Xuebing heard everyone would be here today. He might be early, and only Xie Huilan's Second Uncle was around. He was playing chess with Senior Xie in the backyard. Senior Xie looked healthy and calm when playing chess, and Second Uncle looked uninterested and frustrated. Maybe he had lost too many games.

"Grandpa."

"Second Uncle."

"Happy New Year."

Dong Xuebing and Xie Huilan greeted them and presented their gifts.

Senior Xie looked at them and nodded, and continued with his chess.

Xie Guobang saw Dong Xuebing and Xie Huilan and waved them over. "Huilan, play with your grandfather. I had been losing since we started."

Xie Huilan smiled. "Sure. It's been a while since I played with Senior Xie."

Senior Xie smiled. "You are not my match. Only Xiao Dong is qualified to play with me." Dong Xuebing was the only person in the family to win Senior Xie. Senior Xie was very good at chess, and Dong Xuebing cheated with his powers to win him.

Xie Huilan giggled. "How do you know I will not win? Are you afraid to lose to me?"

Senior Xie stroked his beard. "Hmph! Do you think I am scared of a little brat like you?"

“You better don’t get mad if I win you. Haha....” Xie Huilan walked over.

Only Xie Huilan dares to speak to Senior Xie like this.

Senior Xie did not get mad. “I was the one who taught you how to walk and play chess. Do you think you can win? Let’s play three games.” He turned into a child in front of Xie Huilan.

Xie Guojian stood up and let Huilan take his place. He patted Dong Xuebing’s shoulder. “Let them play some chess. Come with me. I need to speak to you.”

“Ok.” Dong Xuebing followed Xie Guojian.

Living room.

Dong Xuebing sat on the sofa with Xie Guojian.

Xie Guojian looked at Dong Xuebing from top to toe. “How was the trip? Are you injured?”

“I am fine.” Dong Xuebing smiled. “Thanks for asking.”

Xie Guojian smiled. “I can accept if you are injured or missing a limp or two. But you are fine, and this is making me worry. How good are your combat skills?”

Dong Xuebing rubbed his nose. “It was luck.”

Xie Guojian replied. “You killed nine escaped convicts while being handcuffed, and you claimed it was luck. You fought off a tiger in the safari zoo and said it was luck. As a Subdistrict Office Director, you fought against dozens of civilians single-handedly. Don’t forget about your challenges against Seoul’s Taekwondo schools. How can these be luck? Don’t try to hoodwink me. No matter how lucky one is, he can never escape without a scratch against more than twenty pirates with Ak 47s.”

Dong Xuebing was dumbfounded.

Xie Guojian laughed. “I was shocked when I heard it was you. You can’t find anyone with your combat skills in the military. What are you made of? Steel?” He hit Dong Xuebing’s stomach with the back of his hand lightly.

Dong Xuebing smiled. “No. It was those pirates who had lousy marksmanship. They were not trained, and I can easily avoid them with simple footwork.”

“Even if they have poor shooting skills, no one can avoid getting shot with over twenty guns pointing at him. This has nothing to do with the pirates’ skills.” Xie Guojian squeezed Dong Xuebing’s shoulder. “No one is your match when it comes to combat. No wonder my useless son kept wanting to learn martial arts from you. Pass your skills to Xiao Hao. It’s better than letting him fool around in bars and other night spots.”

Dong Xuebing nodded. “Second Uncle, this incident.... Did it blow up?”

“What do you think?” Xie Guojian laughed. “It was an uproar in the military when it was reported to the higher-ups. If you are not our Xie family’s son-in-law, someone would have brought you in for questioning.”

Dong Xuebing was speechless. "Is it that serious?"

"Your combat skill is abnormal." Xie Guojian replied. "The military's higher-ups had registered your name in their files."

"Registered my name in the military files?"

Dong Xuebing almost fainted when he heard this.

Dong Xuebing worked in the Public Security Bureau and knew some people had to be registered with the authorities. For example, a Taekwondo black belt must be registered at the local police station. It was because these people could kill others with their bare fists. This includes other martial arts practitioners, and it was to prevent accidents. However, that was registering with the Public Security Bureau.

This was Dong Xuebing's first time hearing about registering his name in the military files.

From how it sounded, Dong Xuebing knew this was not something to be proud of.

Chapter 916: Going on a honeymoon

Xie Huilan's relatives had arrived at Senior Xie's mansion.

Xie Guobang, Han Jing, Xie Guoliang, Xie Jing, Xie Ran, Xie Hao, etc.

The first to arrive was Xie Hao. He was loud when he entered the house. He saw Dong Xuebing chatting with his father and laughed loudly. He ran to Dong Xuebing and hugged him. "My idol! I finally met you. I heard from my Dad that you fought over twenty pirates by yourself! You are fantastic! Give me your autograph!"

Dong Xuebing knocked Xie Hao's head. "What autograph?"

Xie Ran and Xie Jing entered the living room and greeted Dong Xuebing. "Brother-in-law."

Dong Xuebing nodded. He was Xie's family's eldest grandson-in-law, and everyone in the third generation had to greet him. Although he was younger than Xiao Jing and Xiao Ran, he got to act as their brother-in-law.

"Mum, Dad, Uncle." Dong Xuebing stood up and greeted the elders.

Xie Guobang looked at Dong Xuebing and nodded.

Xie Guoliang saw Dong Xuebing and went over. "I heard you had stood out again. Tell us what happened."

Xie Ran, Xie Jing, and Xie Hao crowded around Dong Xuebing, waiting for him to tell them about his 'adventure.'

Dong Xuebing had no choice but to tell them how he saved the hostages from the pirates.

Everyone, especially Xie Hao, listened to his adventure excitedly.

Xie Hao cheered when Dong Xuebing finished. "Brother-in-law, you are terrific! You must teach me martial arts later!"

Xie Ran added. "You made me want to learn martial arts too."

Xie Huilan and Senior Xie entered the living room from the backyard. She heard the commotion and laughed. "Don't learn from him. He got ahead of himself just because he knew some martial arts. Focus on your work first. Fighting will get you nowhere."

Dong Xuebing gave Xie Huilan a stare.

Xie Hao retorted. "Sis, you don't know anything. We, men, should learn martial arts."

Xie Huilan smiled at her younger brother. "What did you say? I don't know anything?"

Xie Hao has been scared of Huilan from young and was constantly bullied by her. He got scared immediately. "Nothing.... I did not say anything."

Everyone laughed.

Han Jing saw Senior Xie talking to his sons and called Dong Xuebing and Xie Huilan over.

Han Jing reprimanded. "Xiao Bing, you must not retake such risks. You are going to be a father and should think for Huilan and your child."

Dong Xuebing smiled embarrassedly. "Mum, I will not do that again."

Han Jing smiled and patted Dong Xuebing's hand. "I am relieved you got back safely. Oh, remember to visit the Leaders after lunch. Try to visit all of them today."

Xie Huilan blinked. "Why?"

Dong Xuebing asked. "Why do we need to visit all of them today?"

Han Jing smiled. "You two were married for two months and were busy with work. You still have not gone on your honeymoon. Your Dad and I bought air tickets and booked a hotel for you two in Taiwan. We are paying for it."

Honeymoon?

Fantastic!

Dong Xuebing said. "Mum, how can I let you and Dad pay?"

Xie Huilan replied helplessly. "We still have lots of things to do during New Year. I am not going."

Han Jing replied. "Just do as you are told. You two are still young, and a honeymoon is important. You would not have the chance to go for a holiday when you two are older and holding higher positions. Just listen to us and go have fun."

Xie Huilan looked at Dong Xuebing and smiled.

Xie Hao overheard their conversation and interrupted them. "What? Sis, Brother-in-law, are you going on a honeymoon?"

Xie Huilan gave Xie Hao a stare. "What has it got to do with you?"

"Of course." Xie Hao replied excitedly. "It's my school holidays now, and I got nowhere to go. Bring me along."

Xie Jing stared at Xie Hao. "Why are you joining our Sis and Brother-in-law's honeymoon?"

Xie Hao argued. "I promised I would not create trouble. Please bring me along. I am bored to death at home. Please...."

Dong Xuebing did not mind and felt it would be fun if more people went on the trip with them. It would be boring if it were only Huilan and him.

Xie Huilan looked at Xie Hao. "Do you want to go?"

"Yes!" Xie Hao replied. "Please bring me along."

Xie Huilan crossed her legs and laughed. "Pour me a glass of water first."

"Sure. I will be right back!" Xie Ran ran off to get Xie Huilan a glass of water.

"Haha.... That's more like it." Xie Huilan replied. "Go and pack your luggage. You must listen to me when we reach Taiwan."

Xie Hao cheered. "Hurray! Hahaha...."

Dong Xuebing looked at Xie Ran and Xie Jing. "Xiao Ran and Xiao Jing, are you all on holiday too? Let's go together."

Xie Jing rejected politely. "It's your honeymoon, and we should not bother you."

"It's more fun with more people." Dong Xuebing invited them.

Xie Huilan added. "Let's go together. Xiao Ran, and Xiao Jing, do you all have partners? Bring them along too."

Xie Ran and Xie Jing wanted to go on a holiday, but they didn't want to disturb their sister's honeymoon.

Han Jing saw them hesitating and said. "That's settled. You all will go as a group. I will book the tickets. Hahaha...."

Xie Guoliang interrupted. "Sister-in-law, let Xiao Ran and Xiao Jing stay at home."

Xie Guobang smiled. "They had stayed at home for too long. Let them go out and have fun."

"That's right." Han Jing looked at Dong Xuebing. "Xiao Dong, you are their brother-in-law and will be the group leader. Be safe when you all are there."

Dong Xuebing agreed. "Don't worry, Mum."

Xie Hao laughed. "Aunt, nothing will happen to us with Brother Dong around."

Han Jing laughed. That's right. She did not need to worry about Dong Xuebing's combat skills.

Chapter 917: Xie Jing's boyfriend

Beijing airport's departure hall.

The departure hall was full. Dong Xuebing, Xie Huilan, and Xie Hao arrived early. Xie Hao was with them because he slept over at Dong Xuebing's villa after packing his luggage. They were waiting for Xie Ran and Xie Jing.

After a while, Xie Ran and Xie Jing arrived. They were pushing their luggage, and a young man in his twenties was behind them.

“Bro, Sis.’ Xie Hao greeted them impatiently. “Why are you all so late? Hurry up!”

Xie Ran smiled. “There was a traffic jam, and there’s still more than an hour before the flight departed. What’s the rush?”

Xie Huilan looked at the young man behind Xie Jing. “Xiao Jing, care to introduce him?”

Xie Jing’s face was slightly red. “Err.... This is my boyfriend, Sun Kai. He is a middle school teacher, teaching English.”

Xie Huilan extended her hand with a smile. “Nice to meet you.”

Sun Kai quickly shook Xie Huilan’s hand. “Hi....”

Everyone knew Xie Jing was bringing her boyfriend, and Madam Han prepared the visa for them. Xie Jie and Sun Kai started dating around one month ago. A friend introduced them, but Dong Xuebing heard Xie Jing’s parents, Xie Guoliang, do not like him. It was because Sun Kai is from an ordinary family. She got to tell Han Jing secretly about her boyfriend, or her parents would not allow her to go.

Xie Hao teased Xie Jing. “Ah, Sis.... You finally got a boyfriend.”

Xie Jing gave Xie Hao a stare and turned to Sun Kai. “This is my eldest Sis and Brother-in-law. You have met Xiao Ran, and this is my younger brother, Xiao Hao.”

Sun Kai greeted them anxiously.

Dong Xuebing nodded. “Nice to meet you.”

Xie Huilan smiled. “Let’s check-in. It’s about time.”

Dong Xuebing whispered to Xie Huilan as they walked toward the check-in counters. “Is Xiao Jing’s boyfriend reliable? I find him quite innocent. Why are her parents opposing their relationship?”

Xie Huilan looked at Dong Xuebing. “They are only dating and not getting married.”

Dong Xuebing continued asking. “Does he know about your family’s background?”

“Haha.... Why do you care?”

“Xiao Jing is also my sister. Of course, I care about her.”

“I need to correct you. It is not my family. It is our family.” Xie Huilan smiled and continued walking. “I think he still does not know. Xiao Jing should be keeping it from him.”

Behind Dong Xuebing and the rest.

Sun Kai and Xie Jing were whispering with each other. “Jingjing, I know your brother is working in the Youth League Committee, and you are working in Xin Hua News Agency. How come your eldest sis is also a government official?”

Xie Jing looked at him. "How do you know?"

Sun Kai smiled wearily. "She has a Leader's aura like our principal. I was shaking just now."

Xie Huilan always has a smile, and no one knows what she is thinking.

Xie Jing whispered. "My Sis's position is much higher than your principal's. She is currently Grassroot City's Deputy Mayor. A Deputy Bureau Director."

Sun Kai was shocked. "What? A Deputy City Mayor?!"

Xie Jing nodded. "What's wrong? Don't be scared of her. She was friendly and treated us well. She used to take care of us when we were younger."

Sun Kai continued asking. "What about your Brother-in-law?"

Xie Jing replied. "My Brother-in-law is a Grassroot City's Commission for Discipline Inspection, Inspection First Office's Director." She added. "He is only twenty-five years old."

Sun Kai was dumbfounded as he looked at Xie Huilan and Dong Xuebing. He thought Xie Jing and Xie Ran held high ranks. One is a Section Chief, and the other is a Deputy Division Chief. It was rare for someone at their age to reach their rank. However, Xie Huilan and Dong Xuebing's ranks were more ridiculous.

A thirty-one years old Deputy City Mayor and a twenty-five years old Deputy Division Chief?!

Sun Kai did not know what to say.

Xie Jing mumbled. "I will tell you about my family in the future."

Sun Kai asked worryingly. "Jingjing, tell me the truth. Are you... are you an Official second generation?"

Xie Jing rolled her eyes. "What's with this name calling? Just think what you want."

"Err..." Sun Kai stuttered. "You... you.... Why didn't you tell me earlier? I..."

Xie Jing grew impatient. "You... you... you.... What has my family got to do with us?! No one is stopping you if you don't want to go! Hmph! I had begged my Aunt to help you get this air ticket."

Sun Kai apologized. "I don't mean that. Don't be angry with me."

Xie Jie looked at Sun Kai and made him carry her luggage. She held his arm and said. "That's more like it. Let's go."

Sun Kai did not ask any more questions and followed them to check-in.

On board the plane.

First class cabin.

Xie Huilan passed her luggage to Dong Xuebing to let him keep it in the overhead compartment. She clapped to get her brothers' and sister's attention. "I will repeat this before we depart. Our family had assigned me to be the group leader. Do you all have any objections? Hahaha.... Good. I will decide on our itinerary in Taiwan, and none of you can leave the group without my permission. Do you all understand?"

Xie Hao grumbled. "Yes, Sis." He mumbled under his breath. "Do you think we are at your workplace? Must you say something before any activities?"

Dong Xuebing also felt frustrated and interrupted Xie Huilan. "Wait.... who says you are the group leader? Mum asked me to bring them around, and we had decided earlier."

Xie Huilan smiled. "You will take care of their safety, and I will give the commands."

Dong Xuebing was speechless. "How can you take away my authority like this?"

Everyone laughed.

Xie Huilan looked at Dong Xuebing and returned to her seat. "You can be the overall in charge if you want, and you can decide our itinerary there."

Dong Xuebing nodded. "That's more like it."

Xie Huilan added. "But all your decisions must be approved by me first. Haha...."

Damn! Dong Xuebing thought to himself. What's the difference? You are still deciding everything, and I am a puppet."

Dong Xuebing sat down and stroked Xie Huilan's tummy. "Never mind. I will let you win because you are pregnant. Do whatever you want." He turned to the rest. "Remember to switch on your phones twenty-four hours, and call me when anything happens."

"Yes."

"I know."

Chapter 918: Xiao Dong beating someone up

On board the plane.

The plane was about to depart.

First-class cabins are spacious, and Dong Xuebing was sitting beside Xie Huilan. Xie Hao and Xie Ran sat behind them, and Xie Jing and Sun Kai sat in the third row.

Xie Huilan asked. "Where should we go for our first stop?"

Dong Xuebing thought for a while. "Let's go shopping in Taipei and enjoy their street foods."

"The hotel rooms are booked, but it will be troublesome without a car. We did not join any tour groups."

"We can rent a six- or seven-seater car. It can fit all of us."

"Ok. You can make the arrangements when we reach there. I can borrow a car from my friend if you cannot rent one. One of my former classmates is doing business in Taiwan." Xie Huilan replied.

"Ok. Let's ask around when we reach there."

Dong Xuebing and Xie Huilan discussed what they would do in Taiwan.

Dong Xuebing noticed the plane had not reached the runway, and it should take another twenty minutes before takeoff. He waved a stewardess over and asked for a cocktail. He drank it slowly and read the news on his phone. He could still use his phone before the plane took off. Suddenly his face changed, and he frowned.

“What’s wrong?” Xie Huilan asked.

Dong Xuebing replied. “The Japanese had landed on Diaoyu Dao.”

Dong Xuebing was loud, and the rest heard him.

“When was it?” Xie Ran frowned.

“This morning.” Dong Xuebing said while reading the news. “They went there without approval. Those right-wingers had promised they would not land on the islands and broke their promises. More than one hundred people, including their senators, landed there.” He lifted his phone to show the rest. “They even planted their flag as if it was their islands. “Their Coast Guards said they would not allow anyone to land on the islands, but they failed to stop them. It was as if they had purposely allowed them to go up the island and did not say they would arrest anyone. According to their law, landing in Diaoyu Dao is not against the law. However, they would arrest any Chinese who landed there. Hmph! They are ridiculous. How can they arrest our citizens in our territory?!”

Xie Jing asked. “Have they landed?”

“See for yourselves. This is the third time they boarded Diaoyu Dao in two years.”

Everyone checked their phones, and the news reported it.

Sun Kai was the first to get mad. “What are these Japanese up to?! This is our territory. How can they land on our islands again and again?!”

Xie Jing added. “This is not as simple as landing on Diaoyu Dao. They had built a lighthouse and chased away our ships there. I remember a fishing boat captain was arrested by Japan for fishing near that area a few years ago. He was locked up for over ten days. A few activists went there recently to proclaim it was our territory, and the Japanese Coast Guards crashed into their ship. They were arrested and brought back to Japan. During their arrest, the Coast Guards tortured them and refused to give them water or let them use the toilet. It had happened several times.”

Sun Kai hit the armrest. “They are too much!”

Xie Huilan narrowed her eyes. “Japan is too much this year. China, Korea, and Japan had claimed these islands to divert the attention away from their domestic issues. This is too much.”

Xie Ran analyzed. “Japan did not do this to other countries except for China. They are taking advantage of our friendly foreign policies and stepping all over us. They did not do the same at the disputed Liancourt Rocks with Korea. The Koreans had planted their troops there, and the Japanese Coast Guards didn’t even dare to patrol in that area. The Japanese are obviously targeting us and think of us as pushovers.”

“Look.”

“What?”

“The news reported that Taiwanese activists will board Diaoyu Dao in retaliation. They are preparing to plant their flag there too.”

“When are they going?”

“They are preparing and should be setting sail tonight.”

Xie Hao slapped his leg. “Great! Sis, let’s go too.”

Xie Huilan looked at Xie Hao. “Go where?”

“Diaoyu Dao.” Xie Hao replied. “Let’s go there and teach those Japanese a lesson! Did they think we don’t know how to plant our country’s flag?! F\*\*k them!”

Xie Huilan ignored Xie Hao. “We are here for a holiday and not to create trouble. You are not allowed to go anywhere.”

Xie Hao argued. “Sis, you are not patriotic.”

Xie Huilan continued to sip on her fruit juice and ignored him.

Although Dong Xuebing was angry, bringing everyone to Diaoyu Dao was unrealistic. He turned to Xie Hao. “Alright. Xiao Hao, this is more complicated than you think. Just listen to your Sis. We are here for a vacation and not to create trouble.”

Xie Hao grumbled. “I know... I know.... I am the only stupid one!”

Dong Xuebing laughed. “Look at you. Are you getting mad? The plane has not departed, and you are not listening to your Sis and me. Do you still want to go to Taiwan?”

Xie Hao replied helplessly. “Of course, I want to go.”

Dong Xuebing reminded Xie Hao. “Then you must listen to your Sis and I. Don’t create trouble from now onwards.”

“I know... I know....” Xie Hao replied.

Everyone continued to talk about Diaoyu Dao.

Xie Hao is an ‘angry youth’ who cannot accept such incidents. Sun Kai also seemed to be an ‘angry youth’ too. However, Dong Xuebing was the ‘Super angry youth’ among them. He asked Xie Hao not to create trouble, but he had gotten into all sorts of troubles overseas. He had previously stolen the National Treasures from Japan and clashed with the Japanese Coast Guards during the air crash. Not to mention his trip to Seoul. He just could not stop.

The other Chinese passengers in the first-class cabin were also talking about this incident.

“These Japanese are creating trouble!”

“That’s right. We should teach them a lesson!”

The Chinese passengers read the news and started scolding the Japanese.

Suddenly, a young man interrupted them. "The plane is going to depart. Keep quiet."

Xie Hao shouted. "Who do you think you are? Did we disturb you?"

A businessman sitting at the back added. "You sure talk big. Who are you to ask us to keep quiet? Do you own this plane?"

The young man ignored them and said something to a middle-aged man beside him. "#@@%@"  
They were talking in Japanese, and that young man was a translator.

The middle-aged man was Japanese and smiling as he spoke to the translator.

That translator nodded in agreement and smiled.

Everyone did not know what they were talking about except for Sun Kai.

Sun Kai heard their conversation and stood up. He shouted at them. "What are you all saying?! Your territory?!"

Dong Xuebing was surprised and looked at Xie Jie. "Does your boyfriend understand Japanese?"

Xie Jing nodded. "He can speak three foreign languages and is good with English and Japanese."

Xie Ran asked. "Xiao Sun, what did he say?"

Sun Kai explained. "He says Diaoyu Dao is Japan's territory from historical records. It is legal for Japanese to get on those islands. This is not the only time they will land on Diaoyu Dao. They are planning to land again a few days later. He claimed that the Japanese Coast Guards will arrest any Chinese activists if they dare to go to their Diaoyu Dao tonight."

Xie Hao was furious and pointed at that Japanese man. "I dare you to repeat it!"

The translator translated to that Japanese man, and he sneered. He said something in Japanese.

Sun Kai immediately translated for Dong Xuebing. "He said no matter what we say, Diaoyu Dao belongs to Japan. He also says he is a territorial association's Vice President."

Territorial association?!

A non-government organization?!

How dare he come to our country and spread nonsense?!

Xie Hao, Sun Kai, and other passengers in the first-class cabin started arguing with that Japanese man and his translator.

Xie Jing and Xie Ran did not say anything because of their identity as Government staff, but they looked furious.

That Japanese man continued smiling and ignored the other passengers. He crossed his legs and started reading his papers.

"F\*\*k!" Xie Hao was about to start scolding vulgarities when he was stopped.

Dong Xuebing stopped him. "Xie Hao! Come back!"

"Brother-in-law!" Xie Hao protested. "They are stepping all over us now! Why are you stopping me?!"

Dong Xuebing looked at Xie Hao. "Get back to your seat. You are a kid. How can you scold vulgarities?!"

Xie Hao was furious, but he obeyed Dong Xuebing's orders. He stormed back to his seat and sat down.

Xie Hao was fuming in his seat, and Xie Ran and Xie Jing were dumbfounded. They thought to themselves. "When did Dong Xuebing become so civilized?" Suddenly, Dong Xuebing walked over to the Japanese man and kicked his face.

"Arrghhh...."

That Japanese man had a shoeprint on his face as he screamed in pain, and blood gushed out from his nose.

The Japanese man pointed at Dong Xuebing and shouted. Before he could complete his sentence, Dong Xuebing slapped him.

"Slap!"

That man almost fainted from Dong Xuebing's slap.

Everyone's jaw dropped.

Xie Jing, Xie Ran, and the rest did not expect Dong Xuebing to raise his fists suddenly.

Oh, you stopped Xiao Hao from scolding others because you were going to beat him up.

Sun Kai was stunned. Xiao Jing's Brother-in-law is a Commission for Discipline Inspection staff?! What sort of Discipline Inspection Staff is this?!

Senkaku Islands or Diaoyu Dao

Chapter 919: Old acquaintance

On board the plane.

It was sudden.

The first-class cabin was silent after Dong Xuebing kicked and punched those two. The other passengers' jaws dropped, and Xie Jing, Sun Kai, and the rest were stunned.

One second....

Two seconds....

Dong Xuebing stared at that Japanese man coldly. "You are a Japanese territorial association's Vice President?! That association who incited your people to claim Diaoyu Dao is your territory?! You all had protested on the streets against China?! What a joke! Are you all too free?! I don't care what you all do in your country, but this is China! You came all the way here to claim Diaoyu Dao?! Are you trying to create trouble?! You all have no respect for us! The territorial claim is not something a civilian like you can decide! You are asking for a beating!"

Dong Xuebing finished scolding and turned to Sun Kai. "Xiao Sun, translate what I said!"

Sun Kai wiped his sweat from his forehead and translated everything.

Dong Xuebing might not hit that Japanese man if he is an ordinary civilian. However, this man is a territorial association's Vice President, and Dong Xuebing will not hold back against him. They are the ones who started this dispute. If these associations did not incite the public in their country, the Japanese would not think Diaoyu Dao was their territory.

Oh, you all still dare to make these claims in China?!

Are you all trying to challenge our authority?!

You are asking for it!

That Japanese man's translator got up and pointed at Dong Xuebing. "How dare you hit us?!"

Dong Xuebing looked at him. "What is your nationality?"

"Why do you care?!" The translator shouted. "Are you trying to rebel?!"

Dong Xuebing got frustrated. "Who is the one trying to create trouble here?!"

"Shut up!" The translator screamed. "Security! Security! Arrest him now!"

Xie Ran, who was sitting at the back, sighed. Nothing good will happen to anyone who speaks to Dong Xuebing this way.

As expected, Dong Xuebing grabbed that translator's hand, which was pointing at him. He twisted his hand hard. CRACK! It was the sound of a dislocated shoulder. The translator screamed in pain, and Dong Xuebing did not stop. He raised his leg and kicked that translator's back. That translator flew and landed face down at the end of the first-class cabin walkway.

It's okay if that Japanese man wants to be arrogant.

You are Chinese and are siding with the Japanese of claiming Diaoyu Dao belongs to Japan?! You are seeking death!

Dong Xuebing did not hold back against traitors.

The Japanese man started shouting for help!

"Nice!" Xie Hao cheered.

The other passengers also cheered. "They are asking for it!"

"Well done! We don't need to hold back against people like them!"

Xie Hao waved his fists and cheered. "Hit them! Brother-in-law beat them up!"

Xie Jing was afraid of the consequences and looked at Xie Huilan. "Sis, Brother-in-law...."

Xie Huilan did not move an inch and continued to sip on her fruit juice as if nothing had happened. "Don't you all know your Brother-in-law is an 'angry youth?' I cannot stop him."

Xie Jing looked at Xie Ran, and they were speechless.

Madam Han had instructed Dong Xuebing to protect them from trouble. However, Dong Xuebing had beaten up others before the flight departed. Shouldn't he set an example for the rest as the leader? Xie Ran and Xie Jing knew their Brother-in-law well and were not very surprised by his

actions. That Japanese man and his translator were too arrogant. How can Dong Xuebing keep his temper under control?

The stewardesses on the plane heard the commotion and rushed over.

The stewardess checking the boarding pass at the door rushed over. "What happened?"

That Japanese man shouted something in Japanese. "&^@%"

The translator struggled to his feet. "Can't you see these people had assaulted us?! Where is the security?! All of them must be arrested!"

The stewardess frowned and looked at Dong Xuebing. Why would anyone start a fight on a plane, and it was the first-class cabin?!

Before the stewardess could ask anything, Dong Xuebing launched another kick to that translator's face. "Shut up! Who are you to show at me?!"

The translator's face was covered in bruises.

The two stewardesses quickly stopped Dong Xuebing. "Stop! Stop!"

Xie Ran also went up to pull Dong Xuebing. "Brother-in-law!"

"Bro, don't stop Brother-in-law! Let him beat them up!" Xie Hao shouted.

That Japanese man continued to shout in Japanese. "\$#%^."

Sun Kai heard what he said and got mad. "He says Diaoyu Dao has belonged to Japan since ancient times! He is also going to the media, and he will get us arrested!"

Xie Hao rushed over and kicked that Japanese man's stomach twice. "You still dare to say these?! I will beat you up until your mother cannot recognize you!"

Xie Huilan's face finally changed. "Xiao Hao! Come back!"

Xie Hao saw his eldest sister's expression and returned to his seat with his head bowed down. He mumbled under his breath. "You don't care when Brother-in-law hit them. Hmph! Yet you stop me!"

The two stewardesses roughly knew what had happened. This Japanese man and his translator had proclaimed that Diaoyu Dao belongs to Japan. They exchanged looks and glanced at him. Is this guy mad? You can say what you want in your country, but why are you saying these in our country and on our plane?! Are you an idiot? No wonder you are beaten up. This is like bringing a slice of pork around in a Muslim area! You are asking for it!

The plane was delayed.

The aggressor and victim will be brought to the airport's police station for any incident on a plane. Although the stewardess did not want to report it, she contacted the control station to tell them the situation.

The other stewardess reminded Dong Xuebing. "When the airport police are here, don't tell them you started the fight."

A middle-aged couple sitting beside added. "Young man, I can testify for you. They are the ones who started it."

“Me too.” An old man, who looked wealthy, said. “I did not see this young man hitting anyone. Did you all see anything?”

“No! I did not see anything.”

“I don’t know anything.”

“They had tripped and fell, and their injuries have nothing to do with this young man.”

All the passengers tried to testify for Dong Xuebing.

The Japanese man and the translator heard the other passengers, and they were fuming.

Dong Xuebing bowed to everyone. “Thank you, everyone. This is nothing, and I had hit them. We don’t need to reason with people like them. No matter what we say or whatever proof we produce, they will still insist that Diaoyu Dao belongs to them. They have a political agenda and will never reason with you. They had done numerous shameless things in history. We are reasonable, but we don’t need to reason with these shameless people. Reasoning with them is useless.”

That translator and Japanese man were furious, and they were about to start scolding again.

Dong Xuebing glanced at them, and they immediately shut up. They don’t want to get hit again.

Around five officers from the airport police arrived.

Dong Xuebing felt the police team leader was familiar.

Team leader Sun saw Dong Xuebing and was stunned. Isn’t this guy that person?!

The translator saw the police and shouted. “Arrest this man! He hit us! Look at my injuries!” He rolled up his sleeves.

The policemen looked at that Japanese man, who was still bleeding from his nose.

Team leader Sun asked. “Who hit them?”

“Him!” The translator pointed at Dong Xuebing.

“Alright. I know.” Team leader Sun nodded and pointed at the translator and the Japanese man. “Bring them back!”

The policemen immediately arrest them.

The translator shouted. “He had assaulted us! Why are you arresting us?!”

Team leader Sun coldly replied. “You two are spreading rumors and stirring up trouble on the plane.”

The Japanese man and translator started scolding vulgarities at the police officers.

An officer got mad. “You still dare to scold us?! Don’t even think of leaving the lock-ups in two days!”

The officers dragged the two men off the plane.

Sun Kai and the other passengers were surprised. The young man hit them, and the police officers did not arrest him.

Team leader Sun smiled and extended his hand for a handshake. "It's been a while."

Dong Xuebing thought for a while and said. "Oh, it's you. Team leader Sun."

Dong Xuebing remembered Team leader Sun. When he was still Investment Promotion Agency's Deputy Chief, he brought Luo Haiting and his men to Japan for an investment fair. A Falun Gong brochure was found in Luo Haiting's bag, and Team leader Sun attended to the case. They were first escorted to the Airport's eastern terminal police station and then sent to the local police station. Dong Xuebing lost his temper and called Beijing City Public Security Bureau Chief. His actions scared the officers, and they managed to board their flight.

No wonder I find this officer familiar.

Oh, he is an old acquaintance.

Chapter 920: Is your brother-in-law really a government leader?

First-class cabin.

"Thanks for your help, Team leader Sun."

"Don't mention it. We are doing our job and not because of you."

"Haha.... Sorry to trouble you all again."

"It's fine...."

The other passengers saw both men knew each other. No wonder the policemen did not arrest Dong Xuebing. However, they noticed what Dong Xuebing said. 'Again?'

Was this not the first time?

This must not be the first time this passenger created trouble at the airport.

Team leader Sun said it was fine, but he grumbled in his heart. You know you had created trouble for us?! Why can't you control your anger? Although those two deserved it, you should not beat them up. It's against the law. Dong Xuebing had previously scolded the police officers at the station and called a Beijing City Party Committee member. It alarmed all the airport's top officials and blew up that incident. Now, he hit others on a plane. This guy is a troublemaker.

Team leader Sun composed himself and said. "This plane might be delayed after what happened. We got to record your statement before it can take off."

Dong Xuebing frowned. "So troublesome?"

Team leader Sun replied. "That's the regulation. That's nothing I can do about it."

The other first-class cabin passengers overheard him and protested.

"Why do you need to delay the plane because of two clowns?"

"That's right. We have urgent matters to attend to. Can you all hurry up?"

"How can you stop the plane because of that Japanese guy?"

Xie Ran added. "How long will it take before we can depart?"

Team leader Sun explained. "The earliest should be noon. Sorry, everyone. Please be understanding. We are following the procedures."

Dong Xuebing smacked his lips. "Then you should not delay everyone."

Team leader Sun grumbled in his heart. You should not hit them in the first place if you don't want your flight to be delayed. He also wanted Dong Xuebing to leave as soon as possible before he created more problems for him. But rules are rules, and he cannot decide as he is only a team leader.

It was a stalemate.

Everyone was grumbling.

Dong Xuebing did not want to affect the other passengers because of him, and he looked at his wife, Xie Huilan.

Xie Huilan looked at Dong Xuebing and took out her phone gracefully. She found a number on her phone and called.

A middle-aged man answered. "Hello?"

Xie Huilan smiled. "Brother Wu? I am Huilan."

"Haha.... Huilan? I heard you are pregnant. How are you?"

"Fine. I am going to Taiwan with my husband for our honeymoon, and we encountered some problems at your airport. A Japanese man was stirring trouble, and my husband got into a dispute with him. It's a small matter, and your airport's police officers arrested that Japanese man. But the flight cannot depart. It's just a small matter and shouldn't be so troublesome."

Brother Wu paused for a second. "Oh, this incident. I just heard about it. Are you on board that plane?"

Xie Huilan nodded. "Yes. We are on board this plane to Taiwan. Don't you think we should not delay all the passengers because of a dispute?"

Brother Wu agreed. "Of course. Alright. I will give them a call."

Xie Huilan nodded toward Dong Xuebing after hanging up and continued to drink her fruit juice.

Everyone looked at Xie Huilan. Who is 'Brother Wu'?

The next moment, Team leader Sun's phone rang. He saw the number and stood at attention when he answered. "Yes! Yes Sir! I understand! I will let them depart immediately!"

After hanging up, Team leader Sun looked at Xie Huilan and Dong Xuebing. His expression changed, and he had a smile. "Alright. The plane can depart anytime. Sorry for the delay. I wish you all a pleasant flight."

Dong Xuebing smiled. "Thank you."

Everyone looked at Dong Xuebing, Xie Huilan, and the others in their group. All of them knew this family was not ordinary civilians. Which ordinary civilian would dare to beat up a Japanese man on

a plane and know the police officers attending to the case? Who can call the airport's top person in charge to let the plane depart? Although the first-class cabin passengers were wealthy and were not ordinary civilians, they were not as influential as Dong Xuebing or Xie Huilan.

Xiao Jing's boyfriend, Sun Kai, was the same. This was the first time he saw Xie Jing's family's influence, and he was speechless.

Dong Xuebing returned to his seat. "Alright. Everything is settled."

Xie Hao cheered. "My idol! I thought you were not patriotic when you stopped me from scolding them. Hahaha.... Now I know you are more patriotic than me."

Dong Xuebing stared at Xie Hao. "Who asked you to hit them earlier?"

Xie Hao smacked his lips. "You hit them too. I was learning from you."

Dong Xuebing argued. "I am a Party Member, and I cannot do nothing when such things happen in front of me. You are still a student, and your duty is to study hard."

Xie Hao retorted. "I am upholding justice. Who says students cannot uphold justice?"

Xie Huilan gaped at Dong Xuebing. "Look what you had done. You had led my brother astray. Can't you control your fists? Stop getting into fights."

Dong Xuebing replied helplessly. "They were too much, and I had given them a chance. They were the ones who did not cherish it. These people deserved to be beaten up."

Xie Hao agreed. "That's right. They deserved it."

Xie Huilan shook her head and continued drinking his fruit juice.

In the back row.

Sun Kai wiped the sweat off his forehead and pulled Xie Jing secretly. "Jingjing, is your brother-in-law really a City's Discipline Inspection leader?"

Xie Jing replied. "Of course."

"But he.... Is he always this hot-tempered?"

Xie Jing smiled wearily. "This incident is considered mild. He had only beaten up two people."

Sun Kai was shocked. "There are worse incidents?!"

Xie Jing paused for a second and decided to scare him. "Just don't make my Brother-in-law mad. If you bully me, I will tell him to teach you a lesson."

"Yes...."

Sun Kai was sweating. This was the first time he met a government leader like Dong Xuebing.
