

Chapter 153

Forgive me this time, okay? I will love you well, and I will treat the child in your womb as my biological child and give me a chance, okay Suzi? "

Suzi shook his head gently and said, "Mr. Chu, I don't love you. I will never give a second chance to someone who treats me improperly. By the way, you came just right, and I have something to look for you. It."

After speaking, Suzi turned around and went back to the room, and then took out a bulging envelope from the room with the words Joan written on it.

Those three words said sharply, without any sloppyness. Looking at the strong handwriting, I thought of the strong temperament hidden on Suzi's body.

People often say words as they are, not fake at all.

It was the first time that Joan saw Suzi's handwriting. Her handwriting was so beautiful.

It's not the kind of graceful and delicate, but it's clear and sharp.

"There is 10,000 yuan in it. I won't give you more, because I really have no money. I think, the 3,000 yuan owed to you, and all kinds of help you asked me to eat later, 10,000 yuan should be Enough? Thank you for helping me."

"Aren't you shuddering me? Suzi? I borrowed 3,000 yuan from you, but you used your life to protect me. I owe you more than 3,000 yuan, 30,000 yuan, more than 30 million yuan?" Joan is extremely frank. Looking at Suzi.

He wanted to keep Suzi with his honesty.

Suzi didn't even let Joan into the door and began to evict the guest: "Mr. Chu, no matter what you owe me or what I owe you, we will write off if you accept

this ten thousand yuan, I... .. I'm going out right now, and there are still things to be done. Would you please leave?"

"Suzi!" Joan grabbed Suzi's arm.

The scared Suzi desperately pulled his hand out: "You... let go, Joan let go!"

"Get away!" Suddenly, a figure ran from behind Joan, pushing Joan away forcefully.

Joan was pushed and staggered and fell to the ground. He got up and pushed the man. After a push, he saw: "Lao Ze?"

Sanford guarded Suzi behind her: "Don't you think you are not doing enough harm to her? She is pregnant but uses her arms to block the knife for you. When she is debridement, she dare not even use anesthetics, so she is crying in pain. , If you have a conscience, you don't want to harm her again, can you just point your face, Joan!" Joan: "Lao Ze, are you in love with Suzi?"

"No way!"

"She is my wife!" Joan grabbed Suzi.

Sanford pulled Suzi to him again: "You have a face to say? You are ashamed to say! Do you want a face?"

Suzi was caught between Joan and Sanford.

Seeing the blushing faces of the two old buddies fighting, Suzi showed no expression on his face.

She neither believed in Sanford, let alone Joan.

This should be another new trick that these two rich kids came up with?

The three of them only took care of you, but no one noticed that a camera was facing the three of them and kept pressing the shutter in the alley not far away.

Until Suzi roared: "You two tear at my door again, I will call the police!"

Only then did Joan and Sanford stop.

Joan said, "Suzi, you don't understand Sanford at all."

"She knows you, but you hurt her so much!" Sanford said coldly, after speaking, he looked at Suzi again: "Sorry Suzi, I shouldn't have disturbed you, I just want to protect you silently, I came out only when Joan came. Don't worry, I won't disturb you. I will leave now."

Suzi: "..."

Sanford had already turned and left, and when he left, he still dragged Joan away.

Not far away, the figure taking the picture also left, with the camera in her hand, she said viciously: "Tomorrow, we will see the paper!"

Chapter 154

After Sanford and Joan left, Suzi first went to the bank to apply for a card, deposited the money, and then went to the train station to buy a ticket, and was told by the conductor that there was no ticket to return to Suzi's hometown within three days.

It will be three days later at the earliest.

In fact, a bus can also be used from the hometown of Nanchenghui, but the bus takes more than a day, and the fare is five or six hundred.

Suzi's body can't be bumpy, she has to protect the child in her abdomen.

After hesitating, she said to the conductor: "Give me one for three days."

After purchasing the ticket, she went wandering around again. It has been more than two months since she was released from prison, and she has never wandered around.

Mainly because there is no money, and besides, there is no time.

After shopping around for a whole morning, she didn't want to buy something for herself. After having a casual meal at noon, Suzi called Christopher: "Assistant Yan, does Mr. Fu agree to me going to his mother's grave?"

Christopher said categorically on the other end of the phone: "Of course I agree! Miss Shen, your friendship with the old lady, and the care of the old lady in the past two months, Master and I are obvious to all. If you want to go to the grave, go anytime."

"Okay, thank you Assistant Yan."

Suzi was about to hang up, but was stopped by Christopher again: "Miss Shen, wait a minute."

"What's wrong, Assistant Yan?"

"Miss Shen, what are your plans next? Do you want to..." Christopher originally wanted to ask Suzi if he could help arrange a job or something.

However, before he could say his words, he was flatly rejected by Suzi: "No need!"

Suzi wanted to get rid of Yuncheng and stop having any relationship with anyone.

After speaking, he hung up the phone. In the afternoon, Suzi dressed in melanin clothes came to Aunt Shanna's grave. On the tombstone, the middle-aged woman's photo was so kind and affectionate. Shanna looked gentle and intellectual, with no sadness on her face.

But Suzi knew that Shanna's life was particularly difficult.

"Aunt Xia, you must give me strength. From now on, I will follow your old path. I want to bring up my child by myself. I must become as strong as you and give it to my children in the future. No worries about food and clothing.

Aunt Xia, I'm leaving here in three days, maybe five years in a short time, and I won't be able to come back in five years. Don't blame me for not seeing you, okay Aunt Xia? "

The tombstone has always been quiet and solemn.

No one answered what Suzi said.

Suzi took out an exquisite box from her bag, she opened the box, and inside was an emerald green bracelet.

Placing the bracelet in front of Shanna's tombstone, Suzi said quietly: "Aunt Xia, do you remember this bracelet? You personally put it on for me, and you regard me as your daughter-in-law.

And I lied to you.

But my love for you is real.

I treat you like my mother.

Although I can't be your daughter-in-law, I will always think of you in my heart. In the future, when my child grows up, I will come to your grave every year.

I will leave this bracelet in your tombstone as if I will be with you forever, okay?

Please allow me to call you mother.

Mother, I hope there is no cold and pain at the end of heaven. "

After speaking in silence, Suzi opened the lid of the tomb and placed the emerald green bracelet next to Shanna's ashes.
