

Chapter 215

Suzi: "Live... live in your house?"

Arron did not answer Suzi, but led Lilly to go out, and Lilly followed Arron very obediently. The pace of the two figures, one big and one small, was surprisingly the same.

Suzi followed behind and was taken aback.

All of a sudden, her heart was mixed, thinking that Arron was not seen by the Fu family when she was a child, and Aunt Shanna took Arron in exile abroad for a lifetime.

Today, her daughter has this fate.

She quietly followed behind her father and daughter, and when she was just one step away from the car, a person suddenly walked over from an oblique direction. The person looked like fifty or sixty years old, his face was full of flesh, and his head was completely bald. , There are only a few strands of hair on both sides, even if it is a nineteen-point haircut, it is still difficult to conceal his baldness.

The old man suddenly came to Arron and said flatly, "Four Lord, you...have you come back from a field?"

Arron looked at the old man with a cold face: "Are you?"

"I am a department executive of the Joan Group. My surname is Zou. You can call me Xiao Zou, Fourth Master. I just...I just came here with Chu Dong to see the condition of Father Fu."

"Are you busy!" Arron asked coldly.

"I...I want to help you." The old man calling himself Xiao Zou nodded and bowed to Arron.

Arron frowned: "How do you say?"

He was still holding Lilly in his hand. At this moment, Lilly's brows were also frowned, and he looked up at the boring old man in front of him.

"I hold an important position in the Joan Group. Chu Dong, he...he often talks to me about family affairs, so I know that six years ago, Young Master Chu was... This woman has been scourge.

Siye Fu, you are also suffering from it.

I know that you personally went to such a far place this time to catch this woman back, just to punish her severely. "

Arron said coldly, "Yes", and then looked at the old man blankly. The old man was excited: "I wonder if Siye Fu, did you think of a way to punish this woman?"

Suzi looked at the old man in front of him with a lonely expression.

Punish her?

Huh!

In this city, it is estimated that there are not a few people who want to punish her like this old man, right?

First of all, the Lin family will look forward to her death.

There are also the Chu family, the Xu family, the Shu family, and Arron.

I really don't know how miserable the fate of myself and my daughter will be in the future?

Sometimes I think about it, people are really miserable alive.

It's better to die.

At this moment, Suzi hoped that Arron would be merciful to her and her daughter, and don't torture her like this.

Suzi, Arron, and Shen Only, all watched the bald and big-bellied old man explain his method of punishing Suzi.

The old man's tone was full of excitement that could not be concealed: "This is the fourth master, this woman is a natural sorrow. She hooked one hook and another, hooked Mr. Ling, went to hook Shu Shao, hooked Shu Shao, and went to hook again. Ze Shao, she is still not satisfied with these things. She even went to ruin your wedding with Miss Lin. She is trying to seduce you.

Such a woman, since she is born to show off, it's better to let her do it.

Xiao Zou, I am happy to take care of her.

I assure you that I will put this woman's docile and docile posts, and when I get tired, I will push her to the dirtiest place.

Like this. Can make money, but also torture her. "

Suzi immediately glared with anger: "Old-looking ghost! You can't die!"

Chapter 216

The old man is just an old-fashioned ghost!

He just heard those people talking about Suzi and knew that Suzi was actually caught by Arron when he came back this time. I also knew that Arron would definitely not spare Suzi lightly this time, so this old thing had a clever idea,

thinking that he could not only invite meritorious work in front of Arron, but also play with this woman who was hated by Quan Yuncheng.

That's really wonderful.

The old-looking ghost looked at Suzi ecstatically, and said with a smile: "You bitch woman, I'm doing things for Fourth Master."

"Puff!" Just after the old ghost's words, he didn't pay attention, and was pushed and fell by the rushing Shen Soong. His so fat body was nearly two hundred jin, and he fell to the ground with a fat body. The meat trembled.

Before he got up, Arron winked with Christopher again, and Christopher immediately knew how to drag the old guy away.

"Siye...you...you don't need my help anymore?" He has been dragged out a long way, and he is still shouting.

Arron's face was extremely cold.

It was so cold that Suzi didn't dare to say anything.

The man continued to hold Lilly, hugged her to the car, and then looked back at Suzi: "Get in the car!"

Suzi got on the car silently.

She didn't want to appreciate Nancheng, which had changed a lot in six years, but she found that the place where Arron drove was still his residence six years ago.

After half an hour, the car went downstairs.

Arron stopped the car and got out of the car with the only one in his arms.

Suzi found that although he didn't speak all the way, the only thing he was not afraid of Arron was that Arron hugged her, she also put her arms around Arron's neck, Suzi silently followed behind, entered the elevator, and went upstairs.

Then open the door.

At the door, a forty-year-old helper smiled and said, "Master, you are back. According to your instructions, the white fungus and lotus seed soup has been boiled, and I have made the dessert that children love, just made it. "After speaking, the helper saw Lilly again, and she shouted in surprise: "Ah, little princess, welcome home."

Shen Only: "..."

She looked at Arron timidly: "Aren't you going to kill my mother and me? How come you are so good to me?"

Arron said coldly: "I want to kill you, but you are too skinny. If you are fat, kill you again!"

Suzi: "..."

"Sit down and eat!" Arron ordered.

"Can't take it." Suzi didn't know what medicine Arron sold in the gourd, she really didn't dare to take it.

"You don't need to eat. If you don't eat, the ten million you owe will start to count interest!" Arron said.

"Okay, I'll eat it!" No matter what is in the food, just eat it.

There is no other way anyway.

She watched Shen only eat.

I took a car for more than one or two hours, took another three hours on the plane, got off the plane and went to the hospital. This trip took five or six hours. The only thing was that I was hungry and ate very happily.

Suzi didn't eat much.

She must always be alert to this Arron.

On the contrary, the only vigilance is getting weaker and weaker. Is it a child? She only spent five or six hours with Arron before she disappeared hostile to him. Not only that, the little things fell asleep after eating.

Putting the sleeping child in the guest bedroom, and as soon as he came out, Suzi bumped his head into Arron's arms.

At the same time, Arron also held Suzi in his arms.

Suzi trembled in shock: "You...what are you doing?"
