

Chapter 253

"I'm looking for my mother." Shen Only said unceremoniously.

The door suddenly opened.

Christopher ran away quickly.

Lilly went in, and saw her mother resting in the inner room. She curiously asked: "Mom, why are you sleeping on the bed again?"

"Well, mom is a little uncomfortable baby, tell mom, are you full?" Suzi asked.

"Mom, the only thing I eat is very full. Very happy, Uncle Christopher told me a lot of stories." Lilly now doesn't hate bad guys and Uncle Christopher more and more, if it weren't because his mother was afraid of his father. I hate my mother, Lilly is really going to call the bad guy a dad.

"Mom, are you sick? Do you have a fever?" Shen only caressed his mother's forehead.

Suzi's voice was very low and guilty: "Mom is not feeling well. Mom just thinks that mom almost forgot you and your uncle. Mom is sorry for you and your uncle."

"Only, your mother needs to rest, come out!" Arron said with a sullen face.

Lilly was a little afraid of this bad guy. She didn't dare to refute the bad guy, so she nodded obediently, and then reluctantly was taken out by Arron with a little hand.

"Smelly badass!" Lilly leaned on the opposite side of Arron, looking at him solemnly: "If my mother is sick, you won't show it to my mother!"

"Your mother is not sick!"

"Impossible! Then how can my mother become so tired!" Lilly asked fiercely.

"The reason why your mother is tired is because she is worried about you at home, but you called her, so she had to find it and rushed all the way!" Arron was looking for a random reason to prevaricate.

"Oh...Is that my fault?" "Of course! So don't disturb your mother's rest from now on!" Arron said.

"Okay!" The five-year-old is best to lie.

Listening to the conversation between the father and daughter outside, Suzi was in a daze, as if they were really a family of three.

The man was working outside, she was lying on the bed, and a little baby was shuttled back and forth between him and her, making some immature sounds from time to time.

It was like a paradise.

Suzi fell asleep unconsciously.

At this time, it was three o'clock in the afternoon, and Suzi slept until six o'clock in a hurry.

After more than three hours, it was dark.

When Suzi woke up again, he was full of energy, and Lilly didn't know where to go, and she had a new set of clothes and shoes next to her bed. Suzi picked it up and put it on, looking at herself in the mirror.

The old rex rabbit sweater just covers the dense purple-red seals inside the neck, and there are some slightly exposed shoulders on one side, and the exposed part is white and tender, without a trace, and on the other side, a thin line is embedded. The brown leather belt looks very textured.

The sweater is half-length, and there is also a thin belt at the waist that echoes the left shoulder. The belt is tied up, and it is more and more obvious that Suzi has a soft waist and a thin waist. Moreover, it is matched with the black booty slim pants below. After that, it became more obvious that her legs had a length against the sky.

Especially the high heels on the feet.

The heel is high, but the feet are not tired at all.

No wonder women love to wear expensive high heels.

The door suddenly opened, and Suzi suddenly turned around in surprise, and saw the man walk in.

Seeing Suzi in his clothes, Arron was stunned.

Chapter 254

“Wow! Mom, you are so beautiful, and you are the most beautiful mother!” Behind Arron, Shen Zhiyi exclaimed his mother in surprise: “Who bought you clothes, mom, so beautiful?”

Suzi: “It’s you...”

Suzi didn’t know how to answer her daughter’s question.

Arron looked at Suzi in his spare time, and Suzi bowed his head.

I have to admit that the clothes he sent to her, no matter the size, but also

In terms of styles, they are very suitable for her.

Including the bra inside, he was just right.

He really deserves to be a unique man.

"Smelly ba5tard! Are you the clothes you bought for my mother?" Although Lilly heard only two words from her mother, she immediately guessed that it was Arron. Lilly's cleverness definitely inherited Arron's genes.

Arron said indifferently: "Just suitable."

Then he looked at Suzi and asked in a low voice: "Wake up?"

Suzi said warmly: "Yeah."

"Come here." Arron raised his wrist and took Suzi's hand. Suzi followed him obediently. The man held Suzi with his right hand and Lilly with his left hand. Only then did Suzi see the only pink leather on his body. The sweater skirt, the black tights on the legs, and the small leather boots with sequins on the feet are completely in the same series as hers.

The only thing that Suzi and Shen wore was female women's clothing.

Suzi looked at Lilly in surprise: "The only one, you...when did you change your clothes?"

It's incredible.

The only thing I am satisfied with my clothes. Especially like her mother, she is more satisfied, and her heart is sweet.

She also answered Suzi sweetly: "Mom, when you were sleeping, my dad... the bad guy took me to buy it."

Suzi looked at Arron with grateful eyes.

Arron said coldly: "When you sleep for three hours, I have to take my hostages to choose clothes."

It's not enough to buy it for her.

Also buy it for her mother.

I am a businessman! All of what I have spent is added up from the debt you owe me. "

Listening to Arron's words like this, Suzi felt a warm feeling in her heart. She said, "Oh, I see."

The man held Suzi and Shen Sole's mother and daughter out of his president's office without expression, and came to the large office outside, thinking that most of the staff had not yet left work.

Arron is the top leader of the Fu Group. Big bosses rarely stay in the company for so long. Therefore, once in a while, all employees of the company dare not leave the company before the president leaves. They just watch the big boss one by one. , Leading two stunning beauties to go out.

All the employees of the company looked dumbfounded.

Behind him, Christopher carried the president's bag in his hand, and followed with every step.

As soon as they walked over, there was a voice of discussion behind them: "Wow! The president has always been a no-bath system, okay! Why suddenly there are two people holding hands?

They are all stunning! "

"You bullshit! You didn't see it. The small one is the same as the president's hair! That is the one who came to the president to ask for milk powder money!"

"Yes, yes, I almost forgot. Haha! Then, that big beauty, it should be..."

"It is inferred from this that our president will also have leaders in the future!"

"Ah, the president's leadership?"
