

## Peasant 561

### Chapter 561: I'm Not Willing

"Even if he isn't, he's good at studying and fighting, so he'll definitely become an official in the future. At that time, whether it's socializing in the officialdom or being rewarded by the nobles, he won't lack women."

"If he hides things from you now, what will your life be like in the future?" Ye Hao looked at her worriedly.

"Big Brother, he isn't hiding anything from me." Ye Muyu shook her head.

"Sigh, I know that he took the initiative to talk to you about the divorce." Ye Hao dropped another bomb and looked at her with a worried face.

"Did Sister-in-law tell you?" Ye Muyu asked.

"That's right, but your sister-in-law is also concerned about you, so don't blame her. If you want to blame someone, blame me for being worried about you."

Ye Hao said with a frown, his square face full of caution. "I know many young soldiers. Not only are they young and promising, but they also don't have concubines. Everyone will be very protective of their wives and children. They also bought a lot of land. Ah Yu, if you marry them, you won't have to worry about food and clothing... If you're willing..."

"I don't want to." Ye Muyu did not have any reaction when she heard it before, but when she heard the words "marry them", a trace of disgust rose in her heart and she rejected Ye Hao's words without thinking.

Ye Hao was stunned and frowned at her. He seemed to be puzzled as to why she was so decisive. "Sister, you can consider it. These soldiers are my good friends. They won't dare to bully you."

"It's not a problem even if you have two children." Ye Hao was full of confidence.

“What if he dies on the battlefield?” Ye Muyu asked.

Ye Hao’s throat instantly went hoarse.

“You want me to lose someone again?” Seeing Ye Hao’s stunned look, Ye Muyu’s slightly heavy mood relaxed a lot. She looked at him with wide eyes and a serious expression. “By then, I won’t be able to get married, right?” “This...” Ye Hao frowned, his serious face looking fierce.

Ye Muyu felt that he was not meticulous enough as did not consider everything, and was even too confident. However, if he were too confident, he would be conceited.

Moreover, she clearly felt that their pursuits were different. Naturally, they would not have the same life.

“Big Brother, I know you’re doing this for my own good. However, I don’t like what you think is good.” Ye Muyu reasoned with him.

“It’s like you don’t like what I like.” Ye Muyu looked at her and thought to herself, ‘If he still doesn’t understand, I won’t talk nonsense anymore. After all...’ Speaking of which, Ye Hao was still in a state of amnesia. She did not even understand why he suddenly treated her well.

Ye Hao still wanted to defend himself. “But Chu Heng wants to divorce you.”

“Oh, speaking of this matter, it’s actually Eldest Sister-in-law who misunderstood. If you don’t believe me, you can ask Mother. That matter was caused by the clan leader’s wife. She wanted her daughter to marry Chu Heng, so she deliberately spread such rumors. She wanted to occupy my position,” Ye Muyu explained.

Ye Hao was unhappy. “See, if he didn’t go around flirting with others, why would there be so many women who want to marry him?”

“Big Brother, you’re wrong. Many people like Chu Heng because he’s outstanding. Shouldn’t you be happy that I, your sister, can marry such an outstanding man? Don’t you have that kind of happiness?” Ye Muyu looked at him in disbelief. At the same time, she was calculating the time in her heart. She could not delay any longer, or Chu Heng would not be able to hold on any longer..

## Chapter 562: Chu Heng Standing at the Door

. No,” Ye Hao said with a blank expression.

Ye Muyu was speechless.

“Big Brother, are you done? I’ll be leaving then.” Ye Muyu thought, ‘My big brother is a block of wood. I don’t expect him to be convinced, so let’s not talk nonsense.’

Ye Hao saw that she was eager to leave. He felt a little helpless. “Sister, if you need help in the future, just let me know. I will always be on your side.”

“Thank you, Big Brother.” Ye Muyu stood up and walked a few steps. When she was about to reach the door, she suddenly stopped and turned to look at Ye Hao. She asked curiously, “Brother, you... Why are you so good to me?”

“Why?” Ye Hao’s eyes flashed with confusion. He felt a throbbing pain in his head. He subconsciously raised his hand to hold his head. After he came back to his senses, he slowly said, “Sometimes, I’ll suddenly remember how you saved me from the pond.”

Ye Muyu pursed her lips. If Ye Hao had not mentioned it, she would not have remembered it at all.

More precisely, the original host did not have much impression of it, so she did not think of it.

However, now that she thought about it carefully, the memory of this came back to her in an instant. She also understood that the original host saved Ye Hao because she was afraid that her parents would confiscate the silver hairpin she had just bought. In addition, Ye Hao had a strong sense of survival at that time.

However, looking at Ye Hao who shook his head and his eyes were full of warmth, she moved her lips and sighed in her heart. "Big Brother, you've helped me a lot these years. Forget about that. We've all grown up. It's time to take responsibility for our own lives."

Ye Hao's cold eyes showed a touch of sorrow and he staggered back a step.

"What I mean is that I also hope that I can grow up. In the future, I can be capable even without your help!" Ye Muyu could only try to fill in the gaps.

"Sister, you're very strong." Ye Hao's mood returned to normal.

"Regarding this matter, let's just treat it as my fault," Ye Hao said firmly. He was a man after all. He was thin-skinned and his handsome face was flushed. He was too embarrassed to say sorry.

"Big Brother, I don't take it to heart. I'll leave first." Ye Muyu smiled.

Ye Hao did not stop Ye Muyu from leaving this time.

Ye Muyu walked to the door and opened it. She was shocked to see Chu Heng standing at the door with an unknown expression.

When Chu Heng saw that it was her, his expressionless face softened and he reached out to her.

Ye Muyu raised her hand and placed it on his palm.

"Ah Yu, didn't you just say that I'm very outstanding?" Chu Heng asked as he held her hand and walked towards the side room.

“Yeah, you heard it?” Ye Muyu nodded. “How much did you hear?”

At the door, Old Madam Ye had been afraid that Chu Heng would rush in and fight with Ye Hao, so they had been waiting by the side in fear. In fact, she had brought Chu Heng into Ye Muyu’s old room.

They went in, but Chu Heng only asked the two children to stay in the room.

After that, he walked out and stood outside the door, motionless.

Old Madam Ye was scared half to death. Her worried heart was finally relieved when Ye Muyu came out.

When Ye Hao came out, he saw Old Madam Ye frowning.

“Mother, what are you doing here?” Ye Hao asked.

Old Madam Ye moved her mouth, but she still suppressed her desire to complain. “No, it’s nothing. You should go and rest too. You can also spend time with Madam Han. You’ve been separated for six years. Take care of your wife and children. They’ve been suffering these years..”

Chapter 563: I Believe You

Ye Hao’s face darkened. “I’ve disappointed you all.”

“Hurry up and go. Don’t just stand here.” Old Madam Ye dismissed him.

Ye Hao fell into guilt and did not have the energy to care about Ye Muyu. He went into the house and talked to Madam Han and the two children.

On the other hand, in the room...

Chu Heng led Ye Muyu in.

"If you don't want to sleep, go and play with Lu Chuan." She turned to look at the two children.

"Okay!" Chu Jin was the first to run.

Chu Ziluo realized that her parents had something to say, so she went to the kitchen to talk to Old Madam Ye.

Soon, only the two of them were left in the room.

Ye Muyu sat by the bed and looked at him nervously. "How long were you standing at the door?"

"Not long."

Geez, that meant it had been a long time. "You heard everything?" Ye Muyu asked again.

"Yeah," Chu Heng said.

'I knew it,' Ye Muyu thought, but she was not surprised. "Do you have anything to say?"

She felt that there was nothing wrong with her answer. Chu Heng should not be angry.

In fact, Chu Heng did not look angry, but he did not say anything. No one knew what he was thinking.

"Actually, your big brother is right."

"I'll be an official in the future, so I'm sure I'll meet someone who'll send me concubines." Chu Heng continued, ignoring the surprise in Ye Muyu's eyes.

"Will you be angry?"

"No." Ye Muyu shook her head after thinking for a while.

"Why?" Chu Heng's brows instantly furrowed. He was calm just a moment ago, but now there was a trace of anger.

"Because it's not like you took the initiative to find concubines. If you took the initiative to take a concubine, I'd be angry," Ye Muyu explained.

"I won't!" Chu Heng's voice was firm.

Ye Muyu smiled casually. Thinking that he liked intimate contact, she reached out and poked his palm. "See, this is it. So this matter is just some ordinary chore. We'll figure out a way to solve it later."

"Yes, don't worry. Even if that happens, I won't make things difficult for you." Chu Heng reached out and hugged her, his chin gently rubbing against her cheek.

Ye Muyu was relieved to see that he had been coaxed. She thought for a while and patted his back. "I trust you."

Chu Heng hugged her for a while before releasing her.

"The bed hasn't been made yet, but Mother-in-law has brought the blanket over. I'll make it for you."

Chu Heng stood up and took the blanket by the bed. He cleaned the bed and did not want Ye Muyu to interfere.

"You can sleep," Chu Heng said.

Ye Muyu looked outside. "Ask Ziluo to come and sleep too. Do you want to lie down?"

"Mother-in-law will take care of Ziluo." Chu Heng reached out and pulled her to the bedside to sit down. "You should sleep first. I'll be right there."

"Oh..." Ye Muyu thought about her mother's personality. Chu Heng was right.

Plus, the bed was very small. It was already very cramped for her and Chu Heng to sleep on it. Her mother would probably consider this problem and take good care of Ziluo. Ye Muyu yawned, lay on the bed, and closed her eyes to sleep.

Chu Heng did not sleep but went to Old Madam Ye to tell her some things. For example, he was going to the capital city to take the exam, which might delay him for a month. He hoped that Old Madam Ye could take time to visit Ye Muyu from time to time. If Ye Muyu needed help, he hoped that she could take care of her.

Then, he gave Old Madam Ye five taels of silver.

Old Madam Ye could not stop smiling. She patted her chest and promised that she would go often..

Chapter 564: He's Not Good Enough

At the same time, Old Madam Ye told Chu Heng that she had made a lot of bean paste, pickled carrots, and cowpeas at home and asked him to bring them back.

Chu Heng accepted them without hesitation because they were all Ye Muyu's favorite food.

At the same time, he woke up Ye Dejiang and gave him five taels of silver. He told him to help the family make pickled cabbages so Old Madam Ye would have more time to visit Ye Muyu,

Ye Dejiang was in a daze. He only woke up when he felt the coldness of the silver in his hand. He instantly felt as if he had received a windfall.

"Five taels? So many? It's hard to earn, right? No, no, I don't want it." Although Ye Dejiang was lazy, he did not like to accept gifts for no reason. Of course, it was because he did not like to hear people gossip. After all, he would rather eat less than owe a favor and be judged by others.

Chu Heng was calm and collected. "It's not hard to earn. I also have some requests. I just need Father-in-law to make time to make pickled cabbages when Mother-in-law goes to my house. It's only four or five days in a month. This is much more profitable than making pottery."

"Is this my reward?" Ye Dejiang was indeed tempted, but not too strongly. After all, he was a lazy person with no ambition.

"Yes."

"But, my son said that silver is quite hard to earn." Ye Dejiang thought to himself, Ye Hao has already become a seventh-rank official, why could he not earn as much as an Elementary Scholar?

Just as he was feeling puzzled, he heard Chu Heng shamelessly say, "It's alright. I've started a business. It's not difficult to earn money. However, Big Brother is only receiving a salary from the imperial court. Naturally, it's not much.

Ye Dejiang stammered, "Ye Hao is not good enough then. A seventh rank official can't even compare to a scholar like you."

Chu Heng did not reply, but he obviously agreed with his statement.

“Alright, I’ll accept it. I’ll definitely do what you asked me to do.” It was hard for Ye Dejiang to agree to something. After all, he was more interested in sleeping than earning money. Life was so short, so he naturally had to do what he liked!

“I trust Father-in-law. I’ll be leaving first.” Without waiting for Ye Dejiang’s reply, Chu Heng turned around and left.

In the afternoon, when Ye Muyu woke up from her nap.

Chu Heng sat on the edge of the bed, reading a book in his hand. He looked very focused and serious.

He frowned from time to time as if he had encountered a difficult problem. Ye Muyu sat up and moved over to take a look. “Did you encounter a problem?”

“Yes.” Chu Heng nodded.

“What time is it?” Ye Muyu looked at the sky outside. She got off the bed and put on her outer clothes.

“It’s almost evening.”

“I slept for too long. I’m sorry.” Hearing that it was almost three in the afternoon, Ye Muyu felt a little guilty and quickly apologized.

Chu Heng reached out and pinched her face. His eyes were filled with her frowning and fawning appearance. The corners of his mouth curled into a smile. “It’s okay. It’s never too late to be with you.”

Ye Muyu blushed and stood up straight. Chu Heng couldn’t pinch her face anymore. He coughed lightly and said, “You still have to go back to study. Let’s go say goodbye to Mother.”

“Alright.” Having achieved his goal, Chu Heng quickly put away the book.

When Old Madam Ye heard that Ye Muyu's family was leaving, she wanted to ask them to stay.

Ye Muyu smiled faintly. "Mother, you must have a lot of things to do. Besides, Big Brother can only stay for half a month. You guys should spend more time together. Our house is close. You can come whenever you want in the future."

"Alright, then... Then I won't keep you." Old Madam Ye could not bear to part with her daughter, but she knew that she could not keep her, so she quickly went into the kitchen and called Ye Dejiang and Ye Zhao for help..

#### Chapter 565: Someone Came

Then, Chu Heng moved the cans one by one to the carriage at the door.

"Yu'er, Mother made all these. I saw that you like bean paste, so I made two jars for you. Tell me when you're done. I'll make more in two days. You'll be able to eat them in two months."

"There are also pickled radishes and pickled cowpeas. I think you can use them to cook. The dishes you cook are exquisite. They are just ordinary pickles, but they are also very delicious when paired with them. Mother doesn't have your ability," Old Madam Ye said rather boastfully.

Because at that moment, neighbors were standing at the door and watching the show.

Ye Muyu knew her personality, so she did not say anything.

The village would only gossip about which of their daughters had a good marriage, whose man was more capable, and whose family had more money.

Old Woman Ye carried five jars onto the carriage at once.

“The last jar is moldy tofu. It’s delicious to eat it with porridge.” Old Woman

Ye’s skill in making pickled vegetables was superb. Now, not only did she supply pickled cabbages to the Xie family’s restaurant, but she also supplied bean paste to the Xie family’s restaurant.

Their skills were different. Even if they knew how to make pickles, they could not make it taste the same. Naturally, Old Madam Ye could earn money with her skills.

“Thank you, Mother,” Ye Muyu said sincerely. Old Madam Ye’s bean paste played a big role in making many delicious dishes.

Ye Muyu and Chu Heng were already standing at the door.

Chu Ziluo and Chu Jin also bid farewell to Old Madam Ye, Ye Dejiang, and the other elders.

The villagers who were watching the show could not help but join in the fun. “Old Madam Ye, you’re so good to your daughter. You’re moving so many jars onto the carriage.”

“That’s right. My daughter treats me well too,” Old Madam Ye said proudly.

“I wonder how much money did that scholar’s wife give her family?” asked a nosy villager.

“Do you think I’ll tell you? Say, Liu Mazi, I heard that two chickens were stolen from the Luo family last time. Everyone said it was you. Don’t tell me you’re also interested in my family?” Old Madam Ye said loudly on purpose.

The villagers who were originally watching the show instantly looked at Liu Mazi. One had to know that the Ye family now had a son who was a high-ranking official!

The other families were just ordinary villagers. If a thief really appeared in the village, every family would have to be on guard every day. If their money was stolen, they would not be able to live!

Liu Mazi panicked when he saw the villagers' fierce gazes. He quickly retorted,

"I'm just asking. How could you slander me, Old Madam Ye?!"

"I was just joking with you. Who asked you to care so much about how much money my daughter gave me?" Old Madam Ye said with a smile. Liu Mazi felt extremely guilty and ran away. I won't argue with you."

"Mother, is the village dangerous?" Ye Muyu frowned.

"It's fine. The walls of the house all have broken porcelain pieces on top. No one dares to come. Besides, there's still your brother." Old Madam Ye shook her head indifferently.

Ye Muyu was relieved to see that she and the villagers were not worried.

"Get in the car. Even if there's really something, Big Brother will solve it. After all, if Big Brother goes to the county magistrate and tells him, the thief will lose half his life if he goes to prison." Chu Heng did not lower his voice, as if he was deliberately speaking to Ye Hao.

Ye Hao glanced at him and nodded. "These are just thieves. Don't worry, Sister." "Alright." Ye Muyu brought the two children to the carriage first.

At this moment, a luxurious carriage rushed over from afar. Hearing the sound of hooves, the villagers, the Ye family, and even Ye Muyu, who was in the carriage, stepped out and looked at the person who had come..

Chapter 566: Wang Yan

The Chu family's plain carriage was instantly overshadowed by the luxurious carriage that was approaching. Most of the villagers looked at the carriage with envy.

Soon, many villagers recognized it. "It's the Wang family's carriage... Recently, the Third Miss of the Wang family has been coming to the village often. I've

seen her several times."

As soon as that person finished speaking, the carriage also stopped not far from the Ye residence.

The old man who drove the carriage got down first and bent down to lie on the ground. Soon after, a servant girl helped a woman who was dressed in brocade and wearing a large beaded necklace get down from the carriage.

Seeing the arrogant woman stepping on the back of the coachman, some people in the village sucked in a breath of cold air. They felt that it was extravagant, but they also felt that they did not dare to offend her. There were also some who were envious.

When Ye Muyu saw this, she found it strange. She had seen the young lady of the Xie family before, and the Xie family's young lady did not seem to have this habit. Even the county magistrate's wife would step down the wooden ladder by herself. This Wang family... They seemed to be a little too arrogant. It was either they were stupid or they had something to rely on.

Ye Muyu subconsciously leaned toward the latter.

"Are you the Ye family?" Wang Yan alighted from the carriage. Her elegant shoes were on the ground. She frowned slightly and looked very unhappy. However, for some reason, she held back.

Ye Muyu clearly saw her raise her hand to slap the servant girl's face.

Chu Heng looked at her expressionlessly. He placed his hand on Ye Muyu's waist and protected her in his arms.

Old Madam Ye saw that it was Wang Yan and was not afraid at all. After all, her eldest son was also a person with an official position.

“What’s the matter, Third Young Miss Wang?” Old Madam Ye asked with a smile. “We are just ordinary country bumpkins. How can we have the qualifications to talk to Third Young Miss? Has Third Young Miss mistaken us for someone else?”

Wang Yan snorted lightly. She was very satisfied with Old Woman Ye’s self-deprecating attitude. Then, she lazily said, “I’m here to send an invitation to your daughter. It’s for the wives of scholars.”

“Why are you looking for my sister?” Ye Hao ignored Madam Han’s obstruction and stood up, looking at her with a pair of intimidating tiger eyes.

Wang Yan was shocked. She realized that she was actually afraid of a country bumpkin. She was extremely embarrassed. ‘Who are you?’

“You came to my house to invite someone, but you actually don’t know anyone?”

“Does Third Miss think that we country bumpkins are easy to bully?” Ye Hao’s tone was calm and straightforward. He looked at her without fear.

“Impudent.” Wang Yan was so angry that her fingers trembled slightly. She pointed at him and glared at him.

The servant girl beside her quickly whispered, “Young Lady, this should be the commandant under the Shen family’s army.”

“He’s just a stinky soldier. What’s so great about him? He actually dares to bully me.” Wang Yan was not an easy person to talk to, especially when she saw that Ye Hao and the other members of the Ye family were not afraid of her at all. They did not even respect her. Anger rose in her heart. She pointed her slender finger and said angrily, “Men, take them...”

The servant girl was shocked and quickly tugged at her sleeve.

If they beat up everyone in the Ye family, things would get out of hand. How could they settle it? After all, Ye Hao was a seventh rank official. Although the

Shen family was far away, they were famous for protecting their shortcomings. Moreover, Scholar Chu was on good terms with the Xie family... It would offend them all, right?

The servant girl's face was pale, but in Wang Yan's eyes, she instantly looked like she was afraid of the Ye family..

Chapter 567: Falling Out

Anger instantly erupted. "Men, capture that so-called scholar's wife."

"How dare you!"

"Impudent!"

Two voices sounded at the same time.

Ye Muyu looked at the furious Chu Heng. Even Ye Hao could not help but turn around to look at him. He felt a little uncomfortable. This man seemed like he was putting on an act...

"Don't be angry. She's so stupid. How can she win against you, Ah Heng? She must have a reason for coming here today," Ye Muyu said in a low voice. "Why don't we get her to talk?"

Her fingers gently rubbed against Chu Heng's clothes and in the next moment, Chu Heng reached out and grabbed her.

Chu Heng's eyes were filled with helplessness. He grabbed her fingertips and kissed them.

It could be considered that he had promised her that he would not do anything for the time being.

“They’re indeed a couple. They’re actually doing intimate things in front of outsiders.” Wang Yan’s mouth was full of vicious words and filth.

Although the other villagers were secretly watching the show from the side, they did not dare to make a sound, afraid that they would be implicated.

“You’re indeed a b\*tch. I wonder where your stupid boy is.” Old Madam Ye could not tolerate it and retorted directly.

Ye Muyu was slightly surprised. She did not expect Old Woman Ye to choose to protect her without thinking. She was touched and said, “Mother, you don’t have to be calculative with her. After all, she must be jealous that I have such a good husband.”

Wang Yan’s expression instantly became ferocious. Even the servant girl beside her could not control Wang Yan and was pushed to the ground by her. The four or five guards behind the carriage immediately walked toward Ye Muyu.

Ye Hao stood in front of Ye Muyu. He tilted his head and said, “Sister, be careful. I will take care of these people.”

“Sorry to trouble you, Big Brother.” Ye Muyu had wanted to test Wang Yan’s intentions, but she was a lunatic, so Ye Muyu could only use force on her.

Madam Han nervously gripped her handkerchief. “Husband, let... Let me help you.”

“Don’t get involved. He has fought so many enemies, these guards are nothing.” Old Madam Ye quickly reached out and pulled her back.

The children were also frightened.

Ye Dejiang and Ye Zhao quickly took one each.

On the other hand, Chu Jin lifted the curtains of the carriage and looked at this scene excitedly.

Ye Hao took a few steps forward. The murderous look in his eyes alone shocked the guards. However, when they saw their Third Miss, who was obviously unwilling to give up, they closed their eyes and rushed over.

The villagers exclaimed.

Even Old Madam Ye was worried.

Madam Han was so scared that she was trembling, and her eyes were red.

However, in just a few breaths.

There were only a few bangs.

All the guards of the Wang family fell to the ground, moaning continuously.

“Useless!” Wang Yan’s face was livid. She kicked the nearest guard and shouted angrily, “Useless!”

“Miss, let’s go quickly. You can’t get hurt.” The servant girl reminded her.

Wang Yan looked at Ye Muyu unwillingly. “You’re just relying on the protection of a man. If you have the ability, come out and accept my invitation. As long as you apologize to me, I’ll forget about what happened today.”

“Third Miss, have you forgotten that you are the one who is looking for trouble today? Whether I apologize or not is not up to you,” Ye Muyu replied softly. She had thought that even if the Wang family had something to rely on, they would definitely not fall out with each other.

There was no need for her to let the other party bully her.

“Don’t be so shameless. Do you think that my Wang family is only capable of this?” Wang Yan laughed and ran her fingers across Ye Hao and Chu Heng’s faces..

Chapter 568: Collect Some Benefits First

“These two men are your reliance, right? Aren’t you afraid that I’ll destroy both of them?”

“If you want, come.” Ye Muyu looked at her. Not only would showing weakness not solve the problem, but it would also make the other party step on her nose and trample on her dignity.

“Miss Wang, why don’t you go home and ask Old Master Wang about his attitude toward today’s matter?” Chu Heng casually mentioned.

“Of course, my father won’t let you bully me!” Wang Yan said angrily.

“Is that so?”

“What are you waiting for, Big Brother?” Chu Heng asked coldly. He looked at

Ye Hao with his cold eyes, and his words were especially cold. “Since Miss Wang wants to make a move, let’s collect some interest first. Let’s just take one of Miss Wang’s arms first.”

The surrounding villagers gasped.

Even Old Madam Ye stuttered as she looked at Chu Heng, wanting to ask Ye

Muyu.

Ye Muyu gently shook her head to reassure her.

Old Madam Ye did not know whether to cry or laugh. Her old face trembled, indicating that she was very flustered.

“How dare you!” Wang Yan was so scared that she took a step back, but she still looked fierce.

Ye Hao hesitated and frowned.

“Big Brother, do you think that if we let Third Miss go now, the Wang family will let us go?”

“Yes, I will never let you off. I want you bastards to pay the price!” Wang Yan shouted crazily.

When the villagers beside her heard her say this, they all had the guts... Was this person stupid? It felt like there was something wrong with her brain. Ye Hao's hesitation disappeared instantly. He grunted and strode toward Wang

Yan.

Immediately after, a scream rang out. Everyone opened their eyes and saw Wang Yan's face pale. She was sitting on the ground with cold sweat all over her head. Her left arm went limp and she could not even lift it. It was obvious that it had been broken.

Chu Heng acted as if he saw nothing, and his face was still calm.

He pinched Ye Muyu's face and carried her into the carriage. Then, he turned to

Old Madam Ye and the others. “Mother-in-law, Father-in-law, Eldest

Brother, Second Brother, I'll take Ah Yu back first."

"If Big Brother has any problems, you can just come to me."

"You..." Ye Hao wanted to say something but stopped. He stared at him and said after a while, "Be careful on the road."

"I will."

Under everyone's admiring and fearful gazes, Chu Heng got into the carriage.

Lu Chuan, who had been waiting at the side for a long time, followed closely behind. Soon, the carriage drove away.

Old Madam Ye swallowed her saliva and pointed at the Wang family not far away. She asked Ye Hao in a low voice, "Son, what about the third daughter of the Wang family?"

"Don't worry about it." Ye Hao looked impatient.

"Go in, they will leave on their own." After saying that, he did not care anymore and took his wife and children into the courtyard first.

Ye Zhao supported Madam Su, who had yet to come back to her senses, with one hand while pulling Old Madam Ye into the courtyard.

Ye Dejiang was not someone who liked to meddle in other people's business, so he followed them in. When the villagers saw the Ye family's courtyard door closed, everyone quickly dispersed, afraid that the Wang family's Third Miss would remember them.

Beside the carriage...

Wang Yan looked at her broken arm and could no longer hold it in. She cried out in despair.

The maids and guards were already trembling in fear.

However, when the maid thought about how she would die a horrible death if the Wang Yan was seen as a joke again, the maid had no choice but to tremble and call for the guards to carry Wang Yan onto the carriage.

Soon, Wang Yan's wails could be heard in the carriage..

Chapter 569: Replacing

Song Qing, who had heard the news and came to take a look, gritted his teeth in anger when he saw this scene. However, he did not dare to step forward to stop the carriage. His became ferocious.

In the Chu family's carriage...

After Chu Heng got into the car, Ye Muyu sat beside him and looked at him worriedly.

"What's wrong? Are you scared?" Chu Heng looked at her with a gentle smile on his face. He still looked like the gentle Chu Heng in front of her. Ye Muyu shook his head. "I'm not afraid. I just don't want you to be angry."

"Don't worry, I'm not angry. I'm so happy to hear Ah Yu say that I'm a good husband," Chu Heng said happily.

"Dad, you were so cool just now!" Chu Jin interrupted.

"Father, is it really okay for us to treat that young lady like that?" Ziluo was obviously more mature. Looking at her parents and brother who were not worried at all, she was extremely worried.

"Have you not done your homework today?" Chu Heng looked at Chu Jin.

Chu Jin's excited face instantly scrunched up. He rubbed his face with both hands and said in a muffled voice, "Dad, I'll do it when I get back."

"Since you're so free now, read." Chu Heng casually threw him a book, "Jade

Forest of Primary Education". "Recite the first chapter before you get home."

"Father..." Chu Jin wailed bitterly. However, under Chu Heng's stern gaze, he could only sniffle in grievance. He hugged the book, shook his head bitterly, and went back to memorizing.

Chu Ziluo saw that her brother had been dealt with. As expected, when she saw her father's gaze on her, she knew that he was going to deal with her. In a moment of anxiety, she quickly closed her eyes and collapsed on the carriage. "Father, I'm going to sleep. I won't listen."

"Okay," Chu Heng replied, agreeing.

Ye Muyu thought about being schemed against. The children were still young, and hearing it would only add to their worries, so she let Chu Heng do this.

"Don't worry, I've already prepared for this. In order to give my parents an explanation, I went to investigate the Wang family and found out something interesting."

"What is it?" Ye Muyu asked curiously.

Chu Heng did not hide it from her. "The Wang family has a secret relationship with the Zhao family in the capital city. The head of the Zhao family is the current magistrate of the capital city."

“This position is not small. The Wang family actually has a relationship with a capital city official. Can the Xie family tolerate the Wang family?” Although Ye Muyu knew that the Wang family had something to rely on, she did not expect it to be someone with such a high position.

One had to know that Landlord Wang was only one of the landowners in the county town. His power and wealth were similar to other landowners, but he could not compare to the Xie family.

Even the Xie family had no connections in the capital city after their ancestors passed away.

However, the Xie family’s status in Nanchang County was definitely the highest. Now that the Wang family had established a relationship with

Magistrate Zhao’s family in the capital city, the Xie family should be anxious.

“Naturally, they can’t tolerate it. However, seeing how arrogant the Wang family is, they are probably thinking of how to win against the Xie family.”

“They came to us just to destroy the relationship between us and the Xie family.”

“However, the Wang Family shouldn’t be that stupid to confront Ye Hao directly. After all, it’s hard to move the Xie Family. If they confront Ye Hao again, I’m afraid it will be more troublesome when Ye Hao returns to Luoping Pass.”

Ye Muyu touched his chin. “But no matter how I look at it, I don’t think the Wang family can move the Xie family. The Xie family has a deep position and their ancestors know some officials. Usually, the Xie family won’t ask them for help.. However, if the Xie family’s foundation is damaged, those people won’t pretend that they don’t see it, right

Chapter 570: Leaving Early

“Of course not, but what if something happens to the entire Xie family? You’re quite bold,” Chu Heng sneered.

Ye Muyu thought of something and was a little worried. After all, the Xie family had a good relationship with them. If the Xie family fell, her family would definitely not have a good life.

“You’re about to take the exam. What if this incident affects your exam?” Ye Muyu asked worriedly.

Chu Heng cupped her face and leaned over to touch her forehead. His voice was low. “Ah Yu, don’t you believe me?”

“I believe you. I’m just worried.” Ye Muyu nudged him, telling him to take this matter seriously. She also felt ticklish when his hot breath blew on her face. She felt her skin go numb. This feeling was strange and made her feel shy.

“Don’t worry, I’ll set off tomorrow and leave the county town early.” Chu Heng pinched her face, his eyes filled with warmth. Although he wanted to kiss her, he held back for some reason.

“That’s not right. If you leave tomorrow, you’ll be bullied when you reach the capital city.” Ye Muyu sat up straight and stared at him. “Tell me, what are you thinking?”

Ye Muyu felt that this was not in line with Chu Heng’s character. He was definitely not such a ‘naive’ person.

“My Ah Yu really understands me.” Chu Heng curled his lips.

“Naturally, I’m not going to the capital city.” Chu Heng’s fingers hooked Ye Muyu’s hair by the side of her ear and curled it around his fingers. Looking at Ye Muyu who was worried about him, Chu Heng felt unprecedentedly comfortable.

“There’s more.” Ye Muyu hit his chest and pursed her lips.

“I’m going to stop the Wang family from sending a message to the Zhao family in the capital city,” Chu Heng said with a faint smile. When he said this, he narrowed his eyes, but there was no warmth in them.

Ye Muyu suddenly understood. She knew that Chu Heng had a plan. She was relieved and leaned against the carriage. "That's good."

"I've already informed the Xie family of this news. Don't worry, I'll be fine. However, since there's not much time, I'll go straight to the capital city after I leave. I'll come back after the exam."

"Alright." Ye Muyu nodded. "I'll prepare more food for you when I get back."

You'll be gone for a month."

"Mother gave some moldy tofu today. Bring some along. If you don't have the chance to cook cooked food, pickled vegetables can fill your stomach and increase your appetite." Ye Muyu thought of a lot of food, but basically all of them needed to be boiled and cooked. In addition, the weather was hot, so many things could not be kept for long.

"When you are on your way, you can make bamboo rice. Just cut a bamboo on the way and put the soaked rice and cured meat inside. It tastes good too." Ye Muyu thought about it and told Lu Chuan about it.

Lu Chuan could barely make some food. After listening, he nodded to show that he understood.

Ye Muyu sat in front of Chu Heng again and nagged at him, telling him not to drink the water from the river on the road, but boiled water.

"I will prepare a few large water bags for you. It should be enough if you drink them slowly. Remember to fill up the water bags when you reach the relay station."

"Ah Yu." Chu Heng suddenly reached out and pulled her into his arms.

"What's wrong?" Ye Muyu's eyes were wide open. She put her head on his shoulder and squeezed out a question.

“It’s nothing. I’ll just want to hug you for a while.” Chu Heng closed his eyes and hugged her silently.

In fact, Chu Heng himself did not know why he liked her. Perhaps it was just as he had said, he just liked her and there was no need for a reason..
