

## Peerless 1121

### [Chapter 1121: Zhoujia](#)

Chen Feng glanced at Yu Lao San and said, "Lao Yu, you are so old, you must have been to Big Moon City many times!"

Laosan Yu nodded quickly and respectfully said: "Yes, I have been there many times!"

"Then I ask you, is there a lot of masters in Big Moon City?"

Laosan Yu nodded: "A lot, a lot."

Chen Feng raised his brows and said, "Tell me more specifically."

Laosan Yu nodded, and then elaborated carefully.

Chen Feng was also quite shocked after listening.

It turns out that Dayue City is not only known as the city of medicinal materials, but also the second largest city in Suiyang County.

In the city, there are two top families, namely Zhou Family and Mu Family.

Among the two major families, the Patriarch is a master of the Soul Condensation Realm. It is said that there are one or two Supreme Elders in each family, or the worship hidden in the secrets of the family, and the strength is also reached. Condensing the soul realm.

There are one or two more masters in the Mu Family than the Zhou Family!

The Alchemist Association is also in the city, just west of the city.

The Pharmacist Association is extremely powerful, suppressing the entire Suiyang Town, and there are many masters in it.

There are at least a dozen masters in the soul-condensing state, and there are dozens of masters in the sky-sea state below the soul-condensing state!

In Suiyang County, there is also a repressive school, Chengtianmen.

Chengtian Gate is in the east of the city, and Suiyang County's suppression sect strength is not inferior to Ziyang Sword Field.

The three strongest forces in a county are the government, the suppression of the sect, and the Alchemist Association.

Among the three strongest forces in Suiyang County, two are in Dayue City!

Yu Lao San said: "Because of these great forces, no one in Big Moon City dared to make trouble."

"Otherwise, it would be impossible for the Zhou family to survive until now. The Mu family would have sent masters to step down the Zhou family."

Chen Feng nodded: "It turned out to be like this."

He frowned slightly, and muttered to himself softly, "It seems that the foundation of Big Moon City is very deep and there are many masters."

"In this case, I originally wanted to kill Mu's family directly and vent my anger for Mu Chunxue, but it won't work. It seems that some tricky methods must be used."

He thought about it carefully, and a smile suddenly appeared at the corner of his mouth.

Looking at the corner of his mouth with such a smile, Mu Chunxue knew immediately that Chen Feng must have had a draft.

She immediately asked: "Chen Feng, have you figured out what to do?"

Chen Feng smiled: "Of course, this time I will not only be able to protect you, but I will also be able to smash the Shepherd's House in Big Moon City and avenge you!"

He smiled coldly and said: "Don't they like to hit their opponents in business? Okay, then I will treat them like others and beat them into a terrible way!"

Mu Chunxue was ignorant, but she only knew one thing in her heart: Since Chen Feng said it could be done, she would definitely be able to do it.

She now has unconditional trust in Chen Feng!

Dayue City is a city with a radius of thousands of miles and a population of 10 million.

The city is extremely huge, it is the second largest city in Suiyang County, and in terms of its prosperity, it is only a bit worse than Suiyang City!

In Otsuki City, there are countless streets and countless shops, and the most of all shops are shops that buy and sell medicinal materials.

As a result, the entire city seems to be floating with a faint fragrance of medicinal materials!

At this time, although it was already night, Great Moon City was brightly lit. On both sides of the street, countless shops were still lit, and there were also many huge auction rooms. At this time, lively auctions were being held and crowds were raging.

At least half of these auctions are related to medicinal materials!

There are two largest pharmacies in the entire Big Moon City.

The two largest pharmacies are controlled by the two largest medicinal business families in the city.

The shop opened by the Mu family is called Muxiang Pavilion, while the shop opened by the Zhou family is called Yaowang Palace.

The Yaowang Palace is 20 floors high, each floor is ten meters high, and the whole shop stands proudly more than two hundred meters, which is extremely tall and magnificent, like a majestic palace.

The Palace of the King of Medicine is so huge that it is said to be able to accommodate 100,000 people at the same time to buy and sell medicinal materials.

When the Palace of Medicine King was at its peak, the crowd was raging and bustling. When I never closed the business, I don't know how many medicinal materials and pills are sold in one day.

But at this time, in the Palace of Medicine King, it was Men Ke Luo Que, and only a few people entered and left it.

Even the shopkeeper, sitting at the door, is lazy, looking at people with an expression of indifference!

Chen Feng looked up, looked at the huge plaque in front of him, and looked at the three words of the Medicine King Hall above, a slight smile appeared on the corner of his mouth.

"Just relying on these three words of you, you have a destiny with me."

He remembered the time when he had just entered the Ziyang Sword Field, when Senior Sister Yue was abducted and tricked into the Medicine King Palace, and there were even more thrilling things behind.

Chen Feng packed up his mood, took a look, and then walked slowly toward a small alley next to the Medicine King Palace!

Chen Feng, Mu Chunxue and others entered the city in the afternoon.

They found a hidden inn to stay, and Chen Feng made Yu Lao San and the guards swear a poisonous oath.

Although Chen Feng has a broad mind, he is not a fool. He naturally knows that he must be defensive!

Behind the Palace of Medicine King is the Zhou family's house.

The Zhou family residence was extremely huge, with a radius of ten li, like a small city, with tens of thousands of people living in it, from family members to servants to maids.

The Zhou family is the top three rich family members in the entire Great Moon City, and has been prosperous in the entire Great Moon City for thousands of years.

This house is extremely prosperous, and it is a place that countless people admire and admire in Big Moon City.

At this time, the huge courtyard was also brightly lit. In many courtyards, there were waves of silk and bamboo singing and dancing, and there were also waves of lustful laughter and women's sweet laughter!

Obviously, this is the joy of the Zhou family enjoying the night!

Zhou Muxing, the Patriarch of the Zhou family, walked on the huge stone road in the center of the family and walked towards the depths of the house.

Hearing these voices in his ears, his already ugly face was as black as the bottom of a pot, and his brows were frowned tightly, as if he was about to explode at any time.

The faces of the people who followed him were full of horror, and they lowered their eyebrows and dared not speak.

They all know that the Patriarch is very upset today, and can even be said to be on the verge of rage. Although the Patriarch is usually gentle and mild-tempered, it is very scary to really get angry!

However, Zhou Muxing finally suppressed his temper, strode to the deepest hall of the house, and opened the door to enter.

The lights flickered, bright inside and out, he sat on the main seat and said coldly, "Let's start paying the bill!"

#### [Chapter 1122: Do you want to come back?](#)

The thirty-odd people who followed him were in blue clothes with a huge Zhou character embroidered on their chests.

These people are all in charge of Zhou's business.

These thirty-odd people are already in charge of the Zhou family in all the stores inside and outside Dayue City!

After he finished speaking, the atmosphere in the hall was as stagnant and lifeless, and no one spoke.

Zhou Muxing said coldly, "Speak!"

At this moment, these stewards could no longer remain silent, and everyone's eyes fell on the face of the steward standing in front.

This steward is more than sixty years old, and he is the son of the Zhou family. Their family has served the Zhou family's Patriarch for ten generations.

And he, deeply trusted by the Zhou Family Patriarch, is responsible for the entire Medicine King Palace, and is the steward of the Medicine King Palace, and is also the highest position among all the stewards.

The Zhou family has more than 30 shops in Dayuecheng and even the entire Suiyang County, of which Yaowang Palace is the most important one.

This person is named Zhou Zitao.

Zhou Zitao took a deep breath, stepped forward, and said in a deep voice: "Return to the Patriarch, last month, the account of the Palace of Medicine King has been released, very not optimistic."

Zhou Muxing said nothing, just looked at him.

Zhou Zitao sighed and said softly: "Last month, the record of the Palace of Medicine King has dropped by 50% compared with the previous month."

When he uttered the word '50%', the atmosphere in the hall became even more suppressed.

Many people feel very stuffy, out of breath, sweating profusely!

Zhou Muxing's expression remained unchanged, but the corners of his mouth twitched, and he said faintly: "How about this month last year?"

"Compared with this month of last year," Zhou Zitao's voice was lighter: "Only less than 10% of this month last year."

"What? Less than 10%?" The faces of these stewards were extremely shocked.

They all knew that the Zhou family's business was difficult to do now, and the Zhou family was almost out of breath from being suppressed by the Mu family, but they didn't expect to have reached this level.

Yaowangdian is the most important business of the Zhou family, and it has dropped by more than 90% compared with last year, which is less than last year's 10%!

Hearing these words, Zhou Muxing's anger seemed to be no longer suppressed. With a snap, he directly squeezed the extremely hard steel armrest into powder.

Zhou Zitao trembled heavily, but there was a firmness in his eyes, and he said in a deep voice:

"Patriarch, these guys and I have really tried their best. The root lies in our pill."

"I have specifically sent someone to inquire about it. All of our medicines are available in Mu's stores, while Mu's has many medicines, but we don't have them."

"Especially the best Yipin pill sold by Mujia for the Qi-Condensing Healing Pill. We have similar ones, but the price is five times more expensive than them, and the effect is not as good as others' 30%!

"To be honest, if I change it to me, I will also go to the Mu's to buy it!"

"If the problem of the pill is not solved, we, the current decline will never be saved!"

Zhou Muxing looked at him with piercing eyes, and said in a deep voice, "Go on."

Zhou Zitao got some encouragement, and then said: "Moreover, all the medicines here are about 30% lower than ours."

"I took a look. Our price is actually low enough. If we want to lower it, I'm afraid that we don't need them to suppress it, and we will lose money directly and die."

"I heard that the reason why they were able to keep the price down so low and still make a profit is because their family eldest lady, Mu Lianxia, has improved almost all the medicines, with lower cost and better effect."

There was a look of wonder in his eyes, and said, "Although Mu Lianxia has a bad reputation, she is indeed a genius pharmacist. At such a young age, she can already do this. It is really shocking!"

Zhou Muxing Lianse became more and more gloomy, and he muttered: "Mu Lianxia, Mu Lianxia!"

"Moreover," Zhou Zitao continued: "I also heard that Mu Lianxia was refining a new pill recently. This pill can treat some men's hidden diseases."

"And even a man with no problems can be a hundred times more powerful after taking it! If this kind of pill is really successful, it will definitely inflict heavy damage on my Zhou family!"

Zhou Muxing waved his hand and said, "That's it, don't talk about it anymore."

Then, he looked at the other stewards and said, "You guys can talk about it too!"

Other managers stepped forward one after another, reporting the situation of the pharmacy they were in charge of.

Even the lowest decline. It is also a drop of 11% from last month, and a full 50% drop from last year!

After listening to these words, Zhou Muxing seemed to have lost his strength. He collapsed softly on the seat. After a long time, he waved his hand and said softly: "You all go out!"

After hearing these words, these stewards all felt relaxed. Zhou Zitao wanted to say something, but he opened his mouth and still couldn't say it. He sighed and left with the others.

After leaving the hall, a layer of cold sweat oozes from these people's foreheads, secretly rejoicing in their hearts, and very grateful to Zhou Muxing.

Zhou Zitao said softly: "It's still our Patriarch's kindheartedness. If this happens to the Mu's family, if we report it to the Patriarch in the Mu's family just now, I'm afraid we have all been torn into pieces now, and there is no flesh and blood. Up."

"Yes," the other steward said with a sigh.

"Our Patriarch is indeed generous. The Patriarch of the Mu family heard that every day his family gets angry because of trivial matters, and there are dozens of subordinates beaten to death by him."

"What's this? It's just a slave and maidservant. I heard that even the branches of their clan are often killed by him."

"Yes, not only him, but also his domineering, cruel and vicious daughter. I heard that his daughter is currently practicing a new type of medicine and needs to be used as a drug guide."

"Furthermore, it must be a beautiful-looking virgin under the age of sixteen. I heard that because of this, there are no fewer than a hundred women who have been tempered to death in the medicine cauldron."

Everyone talked, walking out, the voice gradually disappeared!

In the hall, Zhou Muxing sat there, his expressions slumped.

After a long time, he suddenly burst into tears, trembling, and shaking his body, and he came to a side hall on the west side of the main hall.

In the side hall, there is an incense burner and a memorial tablet, and a portrait hanging on the wall is a thin middle-aged man in his forties.

Zhou Mu banged and knelt before the spiritual position, his head banging on the ground, and howling loudly:

"The ancestors and the ancestors are on the top, and the Zhou Muxing is not filial, and he corrupted the Zhou family to the present level. Please forgive the ancestors!"

At this time, there was already a touch of despair in his eyes, and he didn't even think he had any hope of overturning.

At this moment, suddenly, a gentle and clear voice came from him: "Do you want to make a comeback? Do you want to defeat the Mujia?"

#### [Chapter 1123: Are you a fourth-grade pharmacist?](#)

Zhou Muxing responded instinctively: "Yes, of course I do."

After saying these words, he was relieved, and immediately stood up, staring at the direction where the sound came from, and exclaimed, "Who!"

A man opened the curtain and walked out.

This person is a seventeen or eighteen-year-old boy, handsome in appearance, tall and straight, with a smile on his mouth, looking at Zhou Muxing!

Zhou Muxing frowned, looked at him up and down for a moment, and said in a cold voice, "Who are you? Why did you break into my Zhou's house privately?"

He was a little surprised.

This young man looked very young, but the aura from his body had reached the Heavenly Sea Realm, which shocked him.

In the entire Big Moon City, none of them could reach the Sky Sea Realm cultivation base at this age.

Chen Feng did not answer, but just walked to the outside hall, and actually did it directly to achieve the top position that only Zhou Muxing could sit on, and lazily smiled:

"What? That's how you treat people who bring hope to your family?"

Zhou Muxing looked at him, smiled coldly, and said faintly: "Young man, I don't know where you are from, but my Zhou family is not easy to bully. Don't use these tricks to fool me."

Obviously, he didn't believe what Chen Feng said.

Chen Feng smiled slightly: "Don't you want to defeat the Mu Family? Don't you want to reverse the current situation?"

"I can help you!"

"You help me?" Zhou Muxing stared at him, and said in a deep voice, "What are you using to help me?"

Chen Feng smiled slightly, and suddenly with a flick of his right hand, a pill popped out of his hand, and then fell into Zhou Muxing's hands.

Zhou Mu looked at this pill in surprise. At the beginning, his face was rather indifferent, with a hint of suspicion.

Obviously, he didn't put this pill in his eyes at all, because he could tell at a glance that this pill was just a first-grade pill.

The Zhou family's status is not lacking for a one-tier pill.

Chen Feng smiled and said, "Don't worry, take a closer look."

Zhou Muxing took a close look at the incense stick, and suddenly he whispered slightly, his eyes showed a hint of surprise, and then he looked at it carefully for a while, the expression on his face turned into shock.

And when he snapped the pill into pieces and spread it out in his hand to examine it carefully, the look of shock had already turned into disbelief.

Chen Feng smiled slightly and said, "How about it, can you see it?"

Zhou Muxing's hands trembled a little, looked at Chen Feng, and said in shock: "This, this pill is just a first-grade pill, how can it have such an effect?"

He has dealt with the pill for decades, and he has much more experience than others, and he can see the extraordinary of this pill at a glance.

Chen Feng smiled and said: "This pill, named Xiaohuandan, can treat many injuries, even serious injuries such as the abolition of the Dantian."

"Of course, it's limited to the sixth floor of the Divine Gate Realm!"

"However, in places like our Big Moon City, how many are above the sixth floor of the Divine Gate Realm!"

"So, this kind of pill must be enough."

"Yes, that's right." Zhou Muxing was almost lost in excitement. He clapped his hands excitedly and said:

"The healing effect of this kind of pill surpasses all the first-grade pill in Dayue City, and it is even stronger than many second-grade pill."

"Furthermore, it has such a powerful ability to heal the abolished Dantian injury. Even if it is not available now, many people will stock up on it."

"Moreover, there are some powerful people that he doesn't use himself, and he will save them for his family's descendants."

"This kind of pill will never worry about sales. As long as it appears, even if the price is high, many people will rush to buy it."

His excited eyes lit up, looking at Chen Feng and said, "As long as this kind of medicine can be mastered by my Zhou family, it will definitely be able to reverse the current situation of my Zhou family."

Chen Feng looked at him with a calm expression and smiled and said, "I said just now that I have the ability to help you gradually turn the situation around!"

Zhou Muxing looked at Chen Feng and shook his head and said, "I still don't believe it enough. You can take out this pill, but it doesn't necessarily mean that you are a pharmacist."

"Even if you are a pharmacist, you may not be able to refine this pill in large quantities. I need a proof."

Chen Fengfeng had expected him to say this a long time ago, and smiled slightly: "I'm optimistic."

With that, he snapped his fingers and snapped his fingers, his movements were very cool.

Then, a fiery red flower with gold threads interspersed with a finger-sized flame suddenly appeared on Chen Feng's fingertips, hovering over his fingertips!

"What? This, this is True Flame!" Seeing this little flame, Zhou Muxing almost jumped up in shock.

He looked at Chen Feng with an extremely shocked expression on his face, and said in surprise: "You, are you a fourth-rank alchemist?"

If you were not a Tier 4 Alchemist, how could you have true flame?

Zhou Muxing knows pharmacists very well, knowing that only Grade 4 pharmacists can possess True Flame!

He used honorifics.

Chen Feng smiled slightly, neither admitted nor denied.

Zhou Muxing took a deep breath, but there was a hint of suspicion in his eyes.

This boy is too strong, but he is afraid that this boy will swallow the Zhou family!

He said in a deep voice, "Who are you? How come you have such a pill? Why do you want to help our Zhou family?" **ηOvElUsB.com**

The last question is naturally his most concerned.

Chen Feng smiled slightly and said: "I am not from your Suiyang County, and I have nothing to do with any forces in your Big Moon City. You can rest assured of this."

He said softly: "Actually, I am not even from Qingzhou. I am just a pharmacist who travels around the world."

"Tour the world, increase your strength, and see the world's wizards. As for why I want to help you..."

With a very unhappy expression on his face, he said, "Many people say that the Mu's eldest lady is a genius alchemist. This statement makes me very unhappy."

"I decided to beat her personally and let her know what a real genius is."

When he said this, his face showed arrogance.

Seeing him like this, Zhou Muxing's suspicion dissipated.

Although Chen Feng's strength is not as good as him, he has not yet reached the Soul Condensation Realm, but at such an age and such strength, he can refine such a pill and he can definitely be called a genius.

Genius is usually a genius, and it is normal to have such a strange problem.

He suddenly looked at Chen Feng, gritted his teeth, the muscles on his face trembled, and his hands suddenly clenched.

Chen Feng looked at him with a slight smile on his face.

Finally, Zhou Muxing let out a long suffocated breath and let go of his hand again.

#### [Chapter 1124: Alchemy again](#)

Chen Feng smiled and said, "Very well, Zhou Muxing, you made the best choice."

"I know, you just thought about snatching this little pill and the prescription, but I can tell you that the prescription was destroyed by me long ago. If you were to do it just now, you would get nothing."

"Since I dare to come here, I naturally have the means to escape. You won't get anything at all, you will only set up a powerful enemy."

Zhou Muxing nodded, he suddenly patted his head and said with a smile: "I don't know the name of your surname Gao yet!"

At this time, his attitude towards Chen Feng was already quite respectful.

Chen Feng smiled slightly, and slowly uttered two words: "Feng Chen!"

"It turned out to be Master Feng," Zhou Muxing said with a smile: "Hey, it's really rude and negligent. Hurry up and invite Master Feng to the flower hall. Let's talk while drinking tea."

Chen Feng smiled slightly and nodded.

When the two came to the flower hall, Zhou Muxing gave the maid a superb drink.

Chen Feng took a sip of this light blue tea soup, which was extremely clear and scented, and felt the miraculous power of nine yang and nine yin in his body collapsed, and it turned around automatically.

Then, seven or eight drops of true yuan were sprinkled in the sea of dantian.

Chen Feng was shocked, the Zhou family's background was indeed extremely profound, and even the tea soup he drank was of such top-quality.

Of course, when he drank the second cup, he found that there was no effect, obviously he could only use it once.

The two chatted for a while, and then Zhou Muxing asked straightaway: "I don't know what Master Feng needs? What are the conditions?"

"Patriarch Zhou is really refreshing. My condition is very simple. I will provide all the Xiaohuan pills. Of course, you provide medicinal materials. I want to divide the income of the medicinal pills into 80%!"

Zhou Muxing did not hesitate: "Okay, I promise."

As long as this pill is available, the Zhou family's situation can be reversed, not to mention 80%, even if 100% of the proceeds are given to Chen Feng, he also agreed.

Chen Feng smiled slightly and handed over a list of hundreds of medicinal materials densely listed on it.

Chen Feng smiled and said, "I want these medicinal materials, fifty copies."

Zhou Muxing glanced at it. These medicinal materials are quite rare, and several of them are even more precious.

However, with the strength of the Zhou family, it can barely be collected.

It's a bit difficult for five points, he finally gritted his teeth and agreed.

Chen Feng laughed: "Okay, that's it, I only have these two conditions!"

Zhou Muxing nodded, pondered for a moment, and said, "I don't know how many pills can you provide?"

Chen Feng thought for a moment, smiled and said, "Within half a month, I can provide you with 500 copies."

"Five hundred copies are enough." Zhou Muxing clapped his hands excitedly, and said: "This kind of pill is very effective. It should not be too much. Each time a hundred pills are released, it is enough to make people crazy. "

Chen Feng smiled slightly, lowered his head and took a sip of tea, but there was a strange color in his eyes.

His purpose is not the two mentioned just now!

Of course, a large number of Yuanshi Lingshi is also very much needed by Chen Feng.

Of course he doesn't use it himself, but the junior and senior sisters in Lingyao Town don't know how to use nine yin and nine yang magic skills. They need a lot of essence and spirit stones to practice.

Chen Feng must do this for them now, this is the responsibility of the big brother!

What's more, he is now the head teacher of Qian Yuanzong!

After discussing these matters with Zhou Muxing, Chen Feng left Da Yue City and went to the mountains outside.

He must have a defensive heart. It is impossible for him to practice alchemy in the Zhou family. In that case, if the Zhou family becomes malicious, Chen Feng can't even run!

Chen Feng found a clean cave to live in, then took out the medicine cauldron, ready to start alchemy!

But she was always a little restless, and she didn't know what was going on.

An old man said: "You can't do this, what's wrong with you?"

Chen Feng looked at the flames burning at his fingertips and asked in a low voice: "How am I compared to Mu Lianxia?"

An Lao sneered slightly, looked at Chen Feng, and said with a smile: "You kid!"

"Yes, you are indeed a genius in refining medicine, but how many geniuses are in the world? Don't think you are the only one!"

"Let me tell you. Judging from the rumors I have heard now, if the rumors are true, Mu Lian Mu Lianxia's talent in refining medicine is at least twice yours!"

He tweeted, a little exclaimed: "If you are less than 20 years old, you can improve dozens of prescriptions and enhance the effect if you are only a first-grade pharmacist. Such a talent is too strong!"

"I have lived for thousands of years, and I haven't seen a few with such a powerful talent. Her firewood body must be extremely powerful!"

He smiled, looked at Chen Feng a little narrowly, and said, "You, you have to recognize your strengths."

"What you rely on the most is not your talent for refining medicine, but your incomparably powerful abilities in other areas. If you have Profound Fire, even if his talent for Mu Lianxia exceeds yours by a hundred times, what about it, it is not still crushed by you!"

Chen Feng laughed, and suddenly said: "It's good to be able to destroy a genius with his own hands!"

After Chen Feng figured this out, he no longer struggled, but began to concentrate on refining the pill.

This time, when Chen Feng came out of Zhou's house, there were a full 100,000 more medicinal materials for refining Xiaohuandan in the mustard bag.

It is estimated that only the Zhou family, the Mu family, and the Alchemist Association could produce the entire 100,000 copies of the medicinal materials used to refine Xiaohuandan.

Even so, it almost took out the Zhou family's warehouse.

And Chen Feng, naturally, would not be so stupid that he only needs to refine the medicinal materials of Xiaohuandan. In that case, the Zhou family has a complete grasp of what materials are needed for Xiaohuandan, and even the amount of dosage.

In fact, only a dozen kinds of medicinal materials are needed to refine Xiaohuandan, but Chen Feng has 30 kinds for each one!

It was impossible for the Zhou family to tell which was what Chen Feng wanted to use and which was useless. Chen Feng deliberately added it.

Of course, if the Zhou family has that leisurely sentiment, you can try it yourself.

But if you want to pick out more than a dozen from the 30, you may have to make countless attempts, and you have to accurately determine what dosage each kind of medicinal material needs.

The workload is unimaginable, enough for dozens of pharmacists to work for ten years.

Therefore, Chen Feng knew that the Zhou family would definitely not do such a stupid thing!

Before the Qing Mu Wang Ding, Chen Feng sat cross-legged and slapped, a blazing sun and golden flame appeared between his fingers.

Then, Chen Feng's finger pressed under the Qingmu Wangding.

The golden flames of the blazing sun burned the bottom of the Blue Wood King Ding, and then in the next moment, Chen Feng saw, with a bang, a flame the size of a human head spurted out from the bottom of the Green Wood King Ding.

#### [Chapter 1125: Breakthrough, second-grade alchemist!](#)

The whole body is fiery red, mixed with gold threads, it is the golden flame of the sun that has been magnified more than ten times!

Chen Feng showed a slight smile, Qingmu Wang Ding, to put it bluntly, is an amplifier.

It can make the self who only the firewood body can not emit flames to emit flames, and it can also make the flames become bigger by the self who possesses flames.

At this time, Chen Feng admired An Lao very much. If he reached the realm of An Lao, he could use flames to refine the pill without the medicine cauldron.

Of course, if you want to refine some very powerful pill, you still need to refine the medicine pot!

Then, Chen Feng threw the pill for refining Xiaohuandan into the Qingmu Wangding.

At the beginning, he was still a little weak in his heart, after all, he hadn't practiced for a long time.

However, when the flame swept the medicinal materials, Chen Feng immediately noticed a slight difference.

This feeling is completely different from the previous time of alchemy, like an arm's finger.

This flame, like an extended part of his body, is very convenient to manipulate, and can easily perform various extremely difficult manipulations!

To put it bluntly, Chen Feng's current alchemy difficulty may be only one-tenth, or even one-hundredth, of the original!

Chen Feng easily refines various medicinal materials into medicinal liquid, then fuses the medicinal liquid together, and squeezes out the impurities.

However, after a stick of incense, with a soft bang, the top cover of the Qingmu Wangding opened, and a pill flew out of it, just falling in the palm of Chen Feng.

This pill is extremely mellow and flawless, exuding a faint fragrance, and the essence of it is actually a top-quality small pill!

During the whole process, Chen Feng didn't have any effort at all.

Chen Feng retracted his hand, took a deep breath, looked at the blazing sun and golden flames, his face showed a touch of ecstasy.

The golden flames of the blazing sun are really powerful and extremely hot.

To know. In the past, when he wanted to refine the high-grade pill, Chen Feng needed to enter a wonderful realm, and that realm was beyond expectation.

Now, it can be done easily.

Chen Feng knew that this was the contribution of Lieyang Jinyan!

It's just that Lieyang Jinyan is still extremely rebellious, and Chen Feng has allocated at least half of his strength to suppress him.

If the Lieyang Jinyan was completely tamed, Chen Feng could also double the speed.

Next, Chen Feng began to frantically refine Xiaohuandan!

His eyes are piercing, and he concentrates all his attention, staring at the medicine cauldron unblinkingly.

Suddenly, he closed his eyes and carefully felt the flame at his fingertips.

He felt that he had entered a strange state.

Although he closed his eyes, Chen Feng felt that he could see clearly.

Chen Feng went so far as to put ten whole medicinal materials in the refining pot!

At the side, seeing this scene, An Lao also raised his brow slightly, and then showed an expression of expectation.

I saw that under Chen Feng's control, the flames in the Aomu King's Ding easily divided into ten strands, wrapped ten medicinal materials, and continuously refined, squeezed, and beat!

Chen Feng was obviously very struggling, his forehead was sweating profusely, his whole body trembled, and his face turned pale.

However, he just supported it!

I don't know how long it took. Suddenly, Chen Feng breathed out a stale breath, stood up suddenly, stretched out his hand on the top of the tripod, and slapped it!

Ding Gai flew up immediately, and a total of ten small counterfeit pills flew out!

Ten medicinal pills, all of them are extremely radiant and radiant, with inner brilliance!

All are top grade!

The dark old man laughed loudly: "Chen Feng, congratulations, you broke through!"

"Now, you are already a second-tier alchemist!"

Chen Feng looked at his hands: "Is this the feeling of a second-grade alchemist?"

Chen Feng is already a second-tier pharmacist, and with the Sun Golden Flame, his success rate has increased several times.

When he originally refined the Xiaohuan Pill, only fifty pills were successfully refined to obtain three low-grade finenesses, one middle-grade orange Xiaohuan Pill!

By the time he refined it to the next day, he had consumed almost a hundred pill, but he had already developed forty medium-grade fine-quality and 16 high-grade small-return pill.

And the low-grade orange, there is no one!

Facing the rising sun, Chen Feng stood up, flicked his sleeves, a smug smile appeared at the corner of his mouth.

"The Golden Flame of the Sun is really amazing. With the Golden Flame of the Sun, my refining success rate has increased by a full eight times."

"And the time consumption is reduced to one-fifth of the original. And it is either middle-grade or top-grade, and the quality has also improved by a big step."

"Sure enough, the most important thing for a pharmacist is to have his own flame, and now my blazing sun and golden flames are still very mixed and impure, very weak, and they already have such power."

"If it becomes completely golden in the future, how powerful would it be?"

"And in the future, if you can get the heart of the red lotus, what will it look like?"

Chen Feng is looking forward to it!

sunny.

The Medicine King Palace, at this time, there were still very few people entering and leaving the Medicine King Palace, only two or three sparsely.

However, the location of the Palace of Medicine King is very good, right next to the widest street in Dayue City, crowded with people coming and going, extremely lively.

Therefore, if something happens at the gate of the Medicine King Palace, many people can see it.

People were walking on the street, and suddenly they heard a very loud voice coming from the door of the Medicine King Hall:

"Everyone, please go slowly, my Medicine King Palace will sell a new type of pill from today."

"This new type of pill is called Xiaohuan Pill, a first-grade pill, but the effect is excellent, and any injury can be cured below the sixth floor of the gods. !"

When everyone heard this, they were shocked.

"What? Can Yipin Pills treat injuries like the abolition of Dantian?" Suddenly, their eyes were attracted.

Then, they saw that on the high steps of the Medicine King Hall, more than ten people were standing there with loud voices and shouting.

After a moment of sorrow, many people showed sneers on their faces.

"Haha, the Zhou family is really getting worse and worse, even this trick is used."

"That's right, how can the Yipin Pills be able to treat injuries like the abolition of Dantian? The Zhou family is a lie, here is nonsense!"

"Haha, this is a rush to jump over the wall, and the Zhou family is just that capable."

Everyone ridiculed!

"I've never heard of this bullshit, but I've never heard of it. How about treating the wounds of the abolished Dantian? It is estimated that I can't heal a knife on my arm!"

"Haha, don't say that. If the wound is smaller, it should be cured."

Many people laughed and didn't believe that Xiao Huan Dan could have such an effect.

#### [Chapter 1126: Shake the city](#)

Among the crowd, Chen Feng frowned slightly after hearing these comments, and then a playful smile appeared at the corner of her mouth.

He raised his arms and looked expectantly at the front of the Yaowang Palace, wanting to see how the Zhou family made people believe in the curative effect of Xiaohuandan.

In three days, Chen Feng had successfully refined a hundred pieces and delivered them to Zhou's house.

At this time, the Patriarch of the Zhou Family appeared at the entrance of the Medicine King Hall. Seeing the Patriarch of the Zhou Family appeared, the expressions of those onlookers became more solemn.

The Patriarch of the Zhou family is still very prestigious in Big Moon City. This person has a gentle heart and a generous behavior. When he came out, many people stopped talking.

Zhou Muxing smiled and said: "I know, you don't believe me, and I don't tell any lies, just here, I will demonstrate for you."

As he said, he waved, and three people came out behind him.

Zhou Muxing pointed to the three of them, and said: "The three of them are the five-layer cultivation base of the day after tomorrow, the first building of the Shenmen realm, and the fifth building of the Shenmen realm."

"These three are all children of my Zhou family. They are all active in Big Moon City on weekdays. You should know each other."

Many people below nodded and said: "Yes, we know each other."

Zhou Muxing nodded, and suddenly turned around, very fast, shooting three consecutive palms, slapped heavily on the three of them.

All three of them were beaten out, vomiting blood, their dantian shattered, and the true energy escaped in the air.

Seeing this scene, there was a cry of exclamation from below.

"This week Mu Xing was too ruthless to experiment with his own people!"

"What if he fails to save the three of them? Is he really so confident in this pill?"

"Zhou Muxing is prudent and will not act rashly. Could it be that the pill is really powerful?"

The three people lay on the ground, blood was flowing across the pubic area, Zhou Muxing turned around and said in a deep voice to the stage:

"Everyone, if you don't believe me, you can come up and check it."

Suddenly, dozens of people rushed up to conduct inspections.

The investigation was very detailed, and it was also specially lifted by the clothes.

Zhou Muxing did not stop either. Sure enough, after they finished watching, they returned to the crowd and said to the crowd:

"Yes, it is indeed that the dantian has been damaged, and the repair base has been abolished!"

After getting their confirmation, everyone just believed.

Then, Zhou Muxing said immediately: "Give them three little dans."

"Yes." Someone immediately brought out a red tray with three pills on it, and stuffed the three pills into their three populations.

The pale complexion of the three people immediately became ruddy, and the wound at the pubic area immediately stopped bleeding.

Then, they sat cross-legged, the scene was quiet, and the needle fell.

Everyone's eyes fell on the three of them unblinkingly, wanting to see the effect of this little pill!

After a while, the people standing in front clearly felt that the true energy that escaped from the three Dantians began to reclaim inside.

Then, Zhou Muxing asked the three of them to take off their clothes. After everyone watched, they suddenly exclaimed.

It turned out that on the pubic area of the three of them, the huge hideous wound had disappeared.

The skin on the pubic area was smooth, exactly the same as if he had never been injured.

Seeing this scene, the scene suddenly exploded.

"God, it turns out that Zhou Muxing didn't brag, the Zhou family, there really is such a magical Xiaohuandan!"

"This Xiaohuan Pill is too powerful, the dantian is damaged, and this kind of injury, placed in the past, this can be treated with at least a third-grade pill! And his family can be treated with a first-grade pill!"

"I don't know whether this pill is expensive or not. If it is not expensive, you must buy a few pills!"

"You're stupid, this kind of pill is a life-saving pill. If you swallow one pill, the injury will disappear. No matter how expensive it is, you have to buy it! How many are enough? Who knows what will happen someday? "

"Yes, although I have already surpassed the sixth floor of the Divine Door Realm, my sister has just broken through the first floor of the Divine Door Realm. I want to buy one for her!"

A fat man also spitting loudly: "Yes, my baby is pimple, spoiled by me and his mother, and has not broken through the gods until now!"

"The temper is arrogant and domineering, so it's so troublesome, maybe someone will take care of it someday, I have to bring him a pill, and save his life!"

Almost instantly, the enthusiasm of the people present was aroused.

Excited on their faces, they shouted one after another, and loudly asked Zhou Muxing above the steps: "How much does this pill cost? When will it be available for sale! Is there a purchase limit? How many can you buy at most? grain?"

"Do you have many medicines like this? I want to buy fifty!" Such a sentence suddenly appeared in the crowd, and everyone was startled immediately, and he quickly looked at the person who was speaking.

Then, there was a burst of laughter in the crowd.

The person who was speaking was a gray-haired old man. This person was also considered the number one person in Dayue City. He was known as unparalleled in swordsmanship and suave.

When he was only forty years old, he had already stepped into the peak of the Sea of Heaven, which also attracted many beautiful women's hearts. As a result, this man married sixteen wives and concubines in one go, and had a total of forty or fifty sons and daughters.

He was extremely talented, but he didn't expect that among all the children he gave birth to, there was no good talent.

Even if he urged them to practice hard day and night, it had no effect. The strongest was only the third building in the Divine Sect Realm.

But it doesn't work to worry him. Now it seems that he is going to give his children something to save lives!

Zhou Muxing saw the crowd exploded, and the effect was unexpectedly good. A slight smile appeared at the corner of his mouth. He pressed his hands down and said to the crowd:

"Everyone, don't worry, we now have sufficient reserves of Xiaohuandan, and we will start selling it in our Medicine King Hall today. However, there are restrictions. Everyone can only buy one pill, not more."

When everyone heard it, they stopped doing it and shouted one after another.

Zhou Muxing smiled bitterly, and said, "Everyone, I don't want to, but I really have difficulties!"

"Our family has finally refined this little pill. If you say that if it is bought by someone with ulterior motives, hoarding it, and selling it at a high price, then all of our family will fall into their hands. Fish meat?"

"If their prices are high then, won't you also have to suffer?"

People with ulterior motives in his mouth are naturally the shepherds.

When everyone heard it, they all understood and knew that what he said was reasonable and reasonable, and they stopped making noise!

And many people are extremely excited, because it means that the Zhou family has been pressed and beaten by the Mu family for so long, and after enduring it for so long, they finally started to fight back!

This is a declaration of war!

[Chapter 1127: Within three days, I want someone else's head!](#)

Then, Zhou Mu Xingmo smiled and said: "Everyone, you can now buy medicine in the Medicine King Palace!"

Almost immediately after his voice fell, the crowd became extremely crowded with a 'boom'.

Everyone squeezed to the front, wanting to get in quickly and pack the small huandan into their own bags.

There was even a powerful person who directly used his true essence to fly many people into the pharmacy with ease.

Suddenly, the screams and curses were endless.

After a while, the street was empty, and everyone squeezed into the Palace of Medicine King, just to buy Xiaohuan Dan.

And as the news spread, the entire Great Moon City was boiling.

Countless people rushed to this side quickly, just for fear that if they came late, the Xiaohuandan would be sold out, but that would be beyond regret!

To be honest, Zhou Muxing set the price for Xiaohuan Dan. It's not low at all, the price of each small pill is 500,000 high-grade spirit stones.

Speaking of it, it's just slightly lower than the price at the auction.

But even so, many people in Big Moon City are still eager to buy it frantically.

If it were not for one person to buy only one, I'm afraid that in a few moments, this hundred small counterfeit pills will be sold out.

But even so, it took one cup of tea time, and a hundred small pill was sold out.

No way, there are too many people with strong financial resources in Big Moon City.

Others are very disappointed. Some people who hesitated before now regret it. After hesitating for a while, they were bought away!

Then, they naturally asked Zhou Muxing.

Zhou Muxing said with a smile: "Three days later, there are still a hundred small pill!"

Everyone left one after another, looking forward to coming three days with great anticipation.

On the top floor of the Medicine King Hall, in a quiet room.

Chen Feng was sitting there, sipping tea, leisurely.

Suddenly, the door was opened with a bang, and Zhou Muxing strode in.

He looked at Chen Feng and said with a haha: "Master Feng, Master Feng, your Xiao Huan Dan is very effective, it has already detonated Da Yue City!"

"Now in Big Moon City, everyone, I'm afraid, already knows Xiao Huandan's reputation."

Chen Feng smiled slightly and said with a hint of self-confidence: "Of course, Xiao Huan Pill is a pill that has never appeared before, and it has such an effect."

"To be honest, I am no exception to this height."

Zhou Muxing laughed, handed a mustard bag, and said, "Master Feng, this is the profit this time, you take it first."

He is a very simple person, and he will distribute the money to Chen Feng immediately.

Chen Feng didn't hesitate, took it, and put it in his arms!

Then, he stood up lazily, turned his back to Zhou Muxing, waved his hand, and said: "In three days, I will bring a hundred small cashback pill again!"

Association of Alchemists.

It is a white stone hall, full of exotic style and majestic.

In front of the giant gate, which is 500 meters high, carved with marble and decorated with gold, there are fifteen giant pillars to the sky.

On both sides of the main hall, there is a white minaret, 100 meters higher than the main hall.

The white stone spire, in a quiet hall.

This is the highest point of Big Moon City, overlooking the entire city.

In the middle, there is a huge medicine refining cauldron.

The overall shape is like a blooming orchid, and the tripod body exudes a shock of pressure.

And if you look closely, you will find that the pressure does not come from the cauldron, but from the inside of the cauldron.

Inside, there was a flame, about the size of a jar, shining with a blue light.

If you feel it carefully, you will feel that a violent and tyrannical force is sealed inside.

An old man, sitting cross-legged, dressed in simple linen, with white beard and hair.

And his hands were pressed on the huge blue metal giant cauldron, and in the air, tyrannical forces escaped everywhere.

The faint blue light turned into silk threads, coming out of the blue flames, and then connected to all parts of the giant cauldron, and the giant cauldron buzzed, and on the cauldron, there were nodes and roots. The lines suddenly light up.

Finally, it turned into a strong blue searing power and poured into the old man's hands.

The old man's clothes were bulging, his arms bulged high, and the scorching power entered his body, causing him to continue to rise!

Seeing this, this old man is actually absorbing the power in the blue flame.

The door behind him was quietly pushed open, and a middle-aged man in his forties who looked shrewd and capable came in.

"Chairman, today, something happened in Big Moon City." The middle-aged man whispered: "The Zhou family, refined a pill, Xiao Huan Pill."

With that, he said the process again.

The old man was silent, the middle-aged man seemed to have gotten used to it, just waiting in silence.

After waiting for a long time, the old man sighed softly and retracted his arms. The scorching power in the air gradually dissipated, and the giant cauldron instantly dimmed. Then, the blue flame shrank a little, and shrank listlessly in the depths of the giant cauldron.

At this time, the old man said: "Take me the pill to see."

The middle-aged man stepped forward and respectfully handed Xiao Huan Dan to him.

After the old man saw it, his eyes suddenly burst out with a burst of energy.

After a while, he smiled slightly, and his voice was gentle and soothing: "Yes, very good. It is definitely one of the best in the first-grade pill. Moreover, we have never seen it before."

"It is definitely a genius to be able to refine this pill. I know that the Zhou family's waste, I can't do this."

The middle-aged man whispered: "I got the news today, and I started to check it as soon as possible. I haven't seen anything else yet, but according to Secret Treasure, this person is a young man with a tender face, and he should be no more than eighteen years old!"

When the old man heard it, his brows raised, and he was surprised and surprised: "Check, and after you find out, bring the person. Such young talents should naturally join our Alchemist Association."

The voice is full of domineering, and there is no room for rejection.

The middle-aged man nodded and said yes. Just as he was about to leave, the old man suddenly said: "Tongfang Yan, this matter must be done."

"Such a genius, if I dial a little bit, he will have no limit in his future life. I intend to let him represent our Suiyang County branch to participate in the competition next year, focusing on cultivation!"

Dongfang Yan's eyes flashed, but his body was not abnormal, and he nodded respectfully again.

The old man didn't notice his strangeness, waved his hand, and Dongfang Yan retreated wisely.

After leaving here, his expression remained the same. When he met his acquaintances, he smiled and said hello.

But when he returned to his room, his face suddenly became savage and stern, and even his face became distorted!

He roared in a low voice: "Old thing, my nephew, Tianzong Wizard, is extremely talented. You clearly promised me before to let him participate in the competition on behalf of the Suiyang County Branch!"

"I'm loyal and loyal, working for you, serving you for twenty years, you haven't called me, and you haven't worked hard to cultivate me! And now, for a little bunny who hasn't met, just do it!"

"You work hard to cultivate him, and you let him participate in the competition. In the next step, do you still pass on the position of the chairman to him!"

With a fist, Dongfang Yan smashed the table fiercely, hot red power gushing out, and even directly melted the golden table case into juice!

There was an extremely cruel look in his eyes: "The place for the Big Bi belongs to my nephew! The position of the chairman is mine too!"

He felt the extreme threat from the young man who had not yet covered his face.

He roared: "Su Liang, get in!"

A black shadow flickered in, but they didn't open at all. He was like a strange thing floating in through the crack of the door.

He was pasted on the wall, it was as thin as paper, like a shadow, as if there was no entity, and he couldn't even see his face clearly, and looked very strange.

Dongfang Yan said coldly, "Find the pharmacist behind the Zhou family and kill him directly!"

"Three days, within three days, I want to see his head!"

#### [Chapter 1128: Mu Lianxia](#)

Su Liang didn't speak, just moved his head, and then floated out of the door.

Dayue City, Mufu, in a beautiful garden.

A two-story building is hidden in the woods.

Here, the scenery was originally beautiful, and the small buildings were also very beautifully built.

However, around the small building, there was wind and wind, with a tragic ghost air.

It seems that countless corpses are buried here, and countless souls are hidden, so that people who come here can't help but feel cold!

In the middle of the small building, there is a huge medicine refining cauldron, which is more than three meters high and cast in gold and purple jade, which looks extremely gorgeous.

And a woman in her twenties was sitting cross-legged in front of this medicine cauldron.

This woman is beautiful in appearance, tall, and has long blue hair that reaches her waist.

However, her lips are very thin and the bridge of her nose is high, showing a bitter and cold air.

Her face was pale, and a vicious look flashed in her eyes from time to time.

At this moment, he opened his eyes wide and concentrated, staring at the medicine cauldron in front of him.

She pressed her hands on the bottom of the medicine cauldron, and in the medicine cauldron, the flames rose up to a height of four or five feet.

And there are two things that are constantly tossing in the flames at this time.

And if people see this thing tumbling in the flames, they might make a cry of horror.

Because this was actually two girls.

The two young girls were already scorched by the flames, and their faces showed extreme pain.

But the flames are very strange, they can't die at all, and their souls, like being sealed in their bodies, cannot escape, nor can they make any sounds.

They could only open their mouths wide, and let out a stern and silent scream.

And their bodies, as if sealed in this flame, no matter how hard they struggle, they can't get out!

This blue-haired girl is actually using people to refine the pill!

It's like a beast!

Suddenly, the blue-haired girl snorted and pressed her hands, and the flames in the medicine cauldron rose a little.

Then, the pain of the two girls seemed to have increased countless times, and both faces were distorted with pain.

And the next moment, there was a sudden snoring, and a burst of black smoke emitted from the medicine cauldron.

Then, the muscles of the two girls melted instantly, and the flames in the medicine cauldron disappeared instantly.

Two small bones fell on the bottom of the medicine cauldron.

With a crisp sound, the blue-haired girl suddenly stood up and slapped her \*\*\*\* the medicine cauldron.

She was full of anger, and shouted coldly: "Failed again? How could you fail again?"

"I have tried 500 times, how can I fail?"

With that said, she opened the medicine cauldron, took out the two corpses inside, and threw them in the corner at will.

In the corner, dozens of bones have been piled up, all of which are quite small and delicate, obviously all bones of girls.

And these dozens of bones are nothing but waste products from her failure to refine today!

Just one day!

At this time, outside the small building, there were more than a dozen maids, all with horrified faces, looking at each other, no one wanted to go in.

A maid said in a low voice: "The young lady has just failed to refine alchemy. I'm afraid she is angry. Whoever goes in will die!"

"But the Patriarch gave such strict instructions that the young lady must arrive at the Family Head Hall within one cup of tea time! If we fail to notify, the family affairs will be delayed, and it will be a death in the end."

Finally, a slightly bolder girl knocked on the door lightly and whispered: "Miss, the Patriarch has something to do!"

"Who doesn't have eyes like this?" A very cold voice came, with a bang, and the door opened.

The blue-haired girl Mu Lianxia walked out slowly.

She glanced around the faces of these more than ten maids, and suddenly a sneer smile appeared: "Father called urgently. You dare to hesitate on such an important matter. You are really a bunch of unfamiliar dog slaves. Give it to me. Die!"

With that, she kept drawing out her palms, tearing the dozen or so maids into pieces in an instant.

The screams suddenly sounded and disappeared quickly.

After killing these people, she seemed to be a little relieved, and walked slowly towards the family main hall.

"What? The Zhou family actually refined the Xiaohuan Pill, which has such a magical effect?"

In the clan main hall, Mu Lianxia listened, slapped, and slapped the table to her feet, her face showing an undisguised shock!

"That's right!" Mu Ziyuan, the Patriarch of the Mu family, sat on the head, with a cold look on his face, frowned and said:

"This little pill just appeared this morning, and now the entire Big Moon City is already unknown to everyone."

After speaking, he said the whole process of the matter.

Then he flipped his hand, and there was already a small counter-pill in his palm: "This small counter-pill, I got it from a person who bought it, and killed it by the way. His family."

He smiled coldly, and said, "I've got Xiao Huan Dan for you. Take a look!"

Mu Lianxia didn't even open it, she smiled coldly, grabbed Xiao Huan Pill in her hand, and said proudly: "It's just a first-grade pill. I want to find a way to improve it easily!"

"Tomorrow, I can give you the answer tomorrow. At that time, our Mu's family can refine Xiaohuandan with lower cost and better effect!"

Mu Ziyuan laughed loudly: "Lian Xia, I know that you can handle this."

Mu Lianxia curled her lips, showing no respect for his father, and said lightly: "Stop talking about these useless words, what happened to the firewood body I wanted? Why hasn't it been delivered yet?"

Having said that, Mu Ziyuan frowned and said, "I am also very surprised about this matter. It has been several days, and no news has come."

"Well, today I sent someone to urge them again. These people are getting more and more awkward, and they are getting more and more arduous in their work. I really think that they can get rid of the reputation of the twelve meniscus cavalry. Is the home under control?"

"It's a dream!"

Mu Lianxia smiled coldly, turned and left without saying a word.

That night.

"How is it possible? How is it possible? Although this Xiaohuan Pill is only a first-grade pill, how can it be designed so delicately? How can it have such a good effect?"

"I can't even analyze which medicinal materials are in this Xiaohuan Pill? I don't know what the dosage should be! What should be the heat!"

In the small building, Mu Lianxia's face was blue, her hands scratching her hair, she screamed like crazy!

He suddenly remembered the boasting words he had said in the family main hall. At this moment, he felt hot on his face, as if slap and slap on his face.

#### [Chapter 1129: I want his life!](#)

Those big talks, at this time, are extremely mocking!

He suddenly gritted his teeth, turned and left the small building, and walked towards the family main hall.

After a while, he saw Mu Ziyuan.

Mu Ziyuan said in shock: "What? You can't know the composition of this pill?"

"Nonsense!" Mu Lianxia said irritably, "I'm not a god, how can I be able to judge every kind of pill?"

"This pill is extremely ingenious, and it's normal if it can't be analyzed."

Mu Ziyuan ignored her ridicule and said anxiously, "What should I do?"

"Now, everyone in Big Moon City is talking about Xiao Huan Dan, they are all talking about the Zhou family, and the Zhou family is talking about this Xiao Huan Dan, and the situation has been reversed in an instant."

"If they wait until three days later, they will release a second wave of small rewards, then the situation that our Mu Family has worked so hard to create will be completely reversed!"

"Our advantage will be gone, and if the third wave of small redemptions are released, we will be crushed by them!"

Mu Lian Xia Langlang said, "I have a way."

"What way?" Mu Ziyuan asked.

Mu Lianxia smiled coldly: "Since we can't fight them, then cut this thread off from the root."

"I know the Zhou family's pharmacists very well. None of them can refine the small pill. They are all a bunch of waste."

"The Zhou family's appearance of so many Xiaohuan Pills at one time indicates that there must be a foreign pharmacist who came and brought this pill."

There was a fierce and murderous look in his eyes: "You immediately send someone to inquire about the news and find out this pharmacist. I will kill him myself."

"Of course, before he is dying, I will definitely torture the prescription of Xiao Huan Pill from his mouth. By then, this Xiao Huan Pill will be our Mu's thing."

"Okay, just do it!" Mu Ziyuan gave an excited high-five and said, "I will let you get the news tomorrow morning at the latest."

Mu Ziyuan didn't boast, but the next morning, he got what he wanted.

After all, the Mu's family has been here for thousands of years, and there are their spies in countless places.

"This person's name is Feng Chen. He came to Dayue City four days ago. As for how he met Zhou Muxing, the Patriarch of the Zhou family, no one can tell."

"However, a spy who worked as a maid in the Medicine King's Palace told me that just yesterday, after the sales of Xiaohuan Pill were extremely hot, Zhou Muxing had met Feng Chen in a secret room in the Medicine King's Palace."

"Then Feng Chen left the city and went missing!"

"However, I have now accurately grasped his location, he is in a cave in the north of the city!" Mu Ziyuan showed a cold smile on his face, and handed a piece of paper to Mu Lianxia who was sitting opposite.

Mu Lianxia glanced briefly, her eyes seemed to be burning like a flame, full of greed, desire, and expectation.

He stared at the handsome young man drawn on the piece of paper, as if to swallow him, his eyes were extremely fierce!

He patted the table, stood up, and said, "What are you waiting for? I'll go over and kill him!"

"Oh, don't worry first." Mu Ziyuan said: "When the fifth elders come back, I will go with you."

"The Fifth Elder? The Fifth Elder is a master of the Heavenly Sea Realm. In our family, besides you and the two old immortals, he can also be ranked in the top five."

"He followed me just to kill a sixteen or seventeen-year-old pharmacist. Are you too careful?" Mu Lianxia let out a sneer, very disdainful.

Mu Ziyuan shook his head and said: "It's better to be careful. If the five elders follow, I am completely relieved."

"No matter how strong the kid is, he can't be the opponent of the five elders!"

"As for me and the two supreme worshipers, our identities are sensitive and we are always stared at and cannot leave the city easily. I leave the city on the front foot, and the people from the Chengtian Gate and the Alchemist Association on the back foot can catch up!"

In the cave, Chen Fengfeng was sitting cross-legged, concentrating on refining Xiaohuandan.

At this time, more than 70 pieces have been refined.

Chen Feng estimated that one hundred of them should be practiced tomorrow morning and sent to Zhou Muxing.

Above Chen Feng's finger, the flame flickered.

But at this moment, Chen Feng's heart suddenly moved, and the flame above his finger suddenly trembled.

Chen Feng's brows wrinkled immediately, thoughtfully.

Then, he put away the Qingmu Wangding, stood up slowly, and came outside the cave.

At this time, it was the setting sun, the evening shepherd refining the clouds like blood.

Facing the setting sun, Chen Feng stretched lazily.

In the evening breeze, the big sleeves fluttered, as cool as a fairy.

He smiled and said, "Since they are all here, don't hide your head and show your tail. Get out!"

Before the voice fell, a hoarse voice sounded like a crow croaking:

"Quack, I didn't expect that you, a kid of unpredictable origin, have a good sense of detection, but I don't know if your skills are ordinary!"

With that, the green color of the woods in front of Chen Feng suddenly turned into scorched black.

An extremely fishy, nasty smell filled the air instantly, and then, these charred and dry trees turned into countless flying ash.

Chen Feng frowned, and the trees instantly became like this. His power of thunder could also do it, but it was a completely different power from the power of thunder.

Then, after Chen Feng, he felt a hidden power and attacked him directly.

There was a sneer at the corner of Chen Feng's mouth. It seemed that the person who came was a master poisoner.

This poison is silent and extremely hidden.

If it weren't for Chen Feng's strength, it would be impossible to detect it. If it is an ordinary person, I am afraid that it will be directly hit.

Chen Feng's complexion didn't change in his body, and the magical power of nine yin and nine yang was turned into nothing!

Then, Chen Feng heard heavy footsteps.

A strange giant wolf appeared. The wolf was completely dark, about two feet tall and three feet long. It was not very huge, but it was very strange.

There were countless rotten sores on his body, and his whole body looked like it had been rotten for half a year, and even bones were exposed in some places.

Pus dripped out of those huge abscesses, falling on the ground, corroding the ground to blackness.

On top of the giant wolf, there was a dry and thin old man riding.

Dressed in black, his face was wrinkled like dry tree bark, and there was a touch of insidiousness in those muddy eyes.

The aura on his body was quite huge, and Chen Feng knew that he had reached the middle stage of the Heavenly Sea Realm.

And on top of this giant wolf, there was another person, a young woman in her twenties, with a very beautiful appearance, but with a mean and vicious look on her face.

[Chapter 1130: kill!](#)

She looked at Chen Feng with a hint of curiosity in her eyes, but more of a kind of greed.

Extreme greed, as if wishing to swallow Chen Feng in one bite.

The woman suddenly jumped off the giant wolf, then walked aside two steps in disgust, shook her head and said, "This wolf is dirty."

"This time, if it weren't for Dad who told you to follow me, I wouldn't be willing to ride your head and break the wolf."

The old man chuckled and said coldly, "If you are not the eldest lady of the Mu family, I will strip you naked and send you to the cheapest brothel in Big Moon City."

The woman was not angry, she just giggled: "Okay, then I will make a strange poisonous pill that will poison everyone in the entire Great Moon City!"

When Chen Feng looked at these two people, there were only two words in his head: abnormal.

The two people felt like lunatics.

The woman widened her eyes and looked at Chen Feng, with a touch of joking on her face: "You are Chen Feng, right?"

"Hey, it really didn't disappoint me. It's so tender. Sister, I can't wait to eat you even with saliva."

Chen Feng heard a chill, and said coldly, "You two are from the Mu family, aren't you?"

The skinny old man Jie Jie smiled: "Knowing that we are from the Mu family and don't run away, have you been scared and stupid, and your brains are not working?"

Speaking of Mujia, the woman's face became extremely arrogant, and she proudly said: "I am Mu Lianxia, you must have heard of it?"

Chen Feng nodded: "I have indeed heard it."

"Since I've heard it, why don't you hurry down and kneel in front of me and kowtow for mercy?" Mu Lianxia's expression suddenly changed, becoming extremely fierce and fierce.

She looked at Chen Feng with an arrogant expression on her face, as if looking down at an ant: "Since I found your hiding place, your destiny has already been doomed."

"Hurry up and kneel in front of me now and submit to my shepherd's family, and you can spare your life if you don't submit..."

Chen Feng smiled and said, "What about unconformity?"

"Oh, do you know, I'm currently refining a single pill," Mu Lianxia suddenly lowered her head, and looked at her ten extremely delicate, slender fingers painted in red:

"This pill needs to be refined with a young and beautiful virgin body under the age of 16."

"In the past few days, there are hundreds of virgins who have been abolished by my training! These dogs will die if they die, and there is nothing to help!"

"But, it gave me some experience. Now I can easily let a person in the alchemy furnace, let him endure great pain, but let him die!"

She looked at Chen Feng with a vicious look in her eyes, and chuckled: "If you don't follow, I will put you in the medicine cauldron for a whole hundred days!"

"I will make you suffer great pain every minute and every moment, and it will be horrible. I will seal your soul in your body, and you will not even cry!"

"At that time, you can't even beg for mercy!"

She had just finished saying this, the withered old man waved his hand impatiently, glanced at Chen Feng, but didn't put him in his eyes at all:

"Don't talk so much nonsense, I just accepted a concubine recently, and I have to go back quickly!"

"What do you have to say to this kid? If you want to kill me, kill him. If you want to capture him alive, I will abolish his hands and feet and leave it to you!"

"Okay." Mu Lianxia smiled, and said: "Any other parts of his body can be abolished, but I want his mouth, and I have to draw out the prescription for Xiaohuandan from him."

She curled her lips: "Your murder scene is too bloody, I don't like to watch it."

As he said, he turned around and walked out, and then stretched out five fingers: "Within five moves, solve him!"

Obviously, he didn't pay attention to Chen Feng's at all, thinking that he was not the opponent of the skinny old man at all.

The skinny old man smiled disdainfully: "Five tricks? You look down on me too much, one trick, one trick, I can catch it!"

As he said, he looked at Chen Feng, grinned, showing his mouth full of rotten teeth: "Boy, if you are obedient, you may not suffer so much."

"If you dare to resist, I will let you suffer the pain of bone piercing!"

Chen Feng smiled faintly, his eyes were cold and awe-inspiring: "Okay, I really want to taste what it is like!"

There was a coldness in the old man's eyes: "It's really looking for death!"

As he said, he suddenly showed a strange color on his face, looking at Chen Feng, and said: "You are probably going to be dying now. The poison I just poisoned should be about to be sent out!"

With that, he began to count down: "Three, two, one!"

But when he counted one, Chen Feng still stood there looking at him with a smile.

The old man's expression changed immediately, and he shouted in a little astonishment, "How is it possible? You didn't die by poisoning?"

Chen Feng shook his head lazily: "I don't want to waste time with you anymore, go to hell!"

As soon as the voice fell, Chen Feng jumped up in the air, and the broken Yue knife was out of its sheath, and he stabled out with a bang.

Fury cracks mountains and rivers!

There were countless thunder and lightning entwined on the blade, with an extremely tyrannical posture, it directly stabbed at the old man.

At the same time, his aura rose up crazily, reaching the first star of Tianhai.

The skinny old man's face changed drastically, and he exclaimed, "How is it possible? You are already a strong person in the Sky Sea Realm at a young age?"

Chen Feng smiled coldly: "The short-sighted people!"

The face of the skinny old man showed a hideous look: "However, I am a three-star power in the sky, and I am two levels higher than you!"

"Even if you are Tianhai One Star, what can you do?"

As he said, his palms blasted out, and the cyclone whizzed in the air, suddenly forming two angry dragons.

These two angry dragons were all dark in color, with an extremely strong stench lingering on them, and they rushed directly towards Chen Feng.

Before reaching the front, Chen Feng was already a little dizzy, obviously containing extremely powerful and strong toxins!

The old man laughed wildly, and said with great pride: "These two poisonous dragons are enough to poison a million people to death. Even if you are a tyrannical little bunny, you will directly be poisoned and die."

"Now, do you already feel dizzy? Haha, this is a sign of poisoning!"

Chen Feng smiled icily, the nine-yin and nine-yang magical powers worked, directly dissolving the toxins in the body, and then the thunder and lightning surged, and they directly smashed the two poisonous dragons into pieces and disappeared into smoke.

Then, the angry dragon splits the mountains and river with an extremely tyrannical posture, and stabs the old man.

The old man was extremely frightened, and cried out: "How is it possible? Only the strength of three stars and above can break my move!"
